## Young People Recount Perception Of Europe

by JANET POPE  
(This is the second in a series of articles submitted by the young men and young women who left here in June for a 43-day People-to-People visit to Europe. Janet, a 1972 graduate of Sonora High School and former 4-H member, is a daughter of Mr. and Mrs. Walter Pope, III.)

Our first visit to Holland was quite unexpected. Our flight had been canceled to Copenhagen so we took the long way around and went by ferry to Holland. We spent the night in Amsterdam.

From the hotel window I got my first glimpse of Amsterdam. It was twilight and all the lights were on, creating a picture too pretty to be put into words. The next morning we toured Amsterdam.

We drove through the city on our way to the countryside where we visited a wooden shoe factory and a dairy farm that made its own cheese. These were both very interesting and each of our visits were ended by the kids in the tour buying the different products.

Our second stay in Holland was completely different than the first. We stayed with Dutch families in the little town of Lochem.

When we first reached Lochem we went directly to the City Hall. Here we were officially greeted and given refreshments. After a couple of toasts we were introduced to our host families. Our group split up until the next afternoon when we were to go bicycling with the Dutch people.

My family lived outside of Lochem about 5 kilometers and they really made me feel welcome. There were two girls my age who spoke English, so there was no communication gap.

My first evening was spent in talking with my family. They asked questions about my home and Texas. It was a very interesting evening, and I know I will always have at least five friends in Lochem.

The next morning we went to the market which was held on the city square. There booths were set up displaying clothes, farm produce, china, and many other things. It was really a fun time because most of our group and their families were there and we all met one another.

The afternoon was spent bicycling. We joined the mayor who cycles twenty miles and conducts a tour of eight Dutch castles. It was quite an afternoon filled with many collisions and some hard feelings, but we did see some beautiful countryside.

The second day of our home stay was spent in driving up to the polders. The polders are the regions of land that have been reclaimed from the sea, and are now used for farming.

Outside our bus it was cold and rainy, but inside we were all gay and cheerful. We told jokes and sang songs, both Dutch and English, and once more made many new friends.

That night we were given a farewell party which was also combined with celebrating the 4th of July. The party was a lot of fun because we told jokes, sang and danced many a polka and other Dutch folk dances.

This ended our home stay and to many of us it was sad because we were leaving behind many new friends and pleasant experiences.

We boarded our bus after having a group picture made for the local newspaper, and for the next 30 minutes never sat down because we were continually waving at our caravan of friends who led and followed our bus out of town.

After touring the rest of Europe, I don't think any other people can compare with the warmth and friendship that the Dutch people gave us. To me it was the highlight of my trip.

Some discussion was held in regards to data processing for city tax notification. A meeting was held with a Waxahachie firm Tuesday in regards to this service.

The third reading and the final one, of Lone Star Gas Company ordinance to raise rates was held.

A motion was made and adopted to purchase Fire Marshal books for Lester Byer at the approximate cost of \$80. The books will remain the property of the city.

### GRASSROOTS OPINION

**PORT GIBSON, MISS., REVELLE:** "If welfare regulations are as some people say, there is something wrong with the system. Several employers of labor say some of their workmen will not be able to work certain days, as their food stamps may be cut off. In other words, as we understand it, they are allowed to work so many hours, but after those hours are up and they continue to work, their stamps will be reduced, so they won't work. If this is true, it seems to us some changes certainly should be made."

**McMINNVILLE, TENN., SOUTHERN STANDARD:** "Show us someone who yearns for the good old days and we'll bet you've discovered the person who yells loudest when the electric power is interrupted for two minutes."

**BOONE, N.C., WATAUGA DEMOCRAT:** "Sixteen months ago, a Sacramento, California businessman named William Bailey started a new newspaper called 'The Good News Paper', which dealt only with happy tidings. His circulation increased to 11,000 listing only stocks

that went up, by banning ads for cigarettes and sex movies and by using story leads such as—"In the U.S. last year, 196,459,483 citizens did not commit a crime." But the paper fell into debt and had to discontinue publication. Even to the end, Bailey stood by his policy of good news. He never printed the bad news of his failure in 'The Good News Paper.'"

**ALTOONA, PA., MIRROR:** "We put price-raising taxes on everything and keep increasing these price-raising taxes and then wonder why prices are rising. We put controls on most everything except these price-raising taxes."

**GREEN FOREST, ARK., TRIBUNE:** "It is often difficult to maintain faith. Yet, in today's fast-moving world, faith in our moral principles, in the future of our country, in the goodness within our fellowmen, and in ourselves, is a most vital character asset. For peace of mind, happiness and an understanding of life and what is to be accomplished with it, faith seems to be a key. If you have none, or very little, do something about it."

### A Bishop Looks at Life

GOD'S UNFINISHED BUSINESS  
By Everett H. Jones,  
Retired Bishop of the  
Episcopal Church

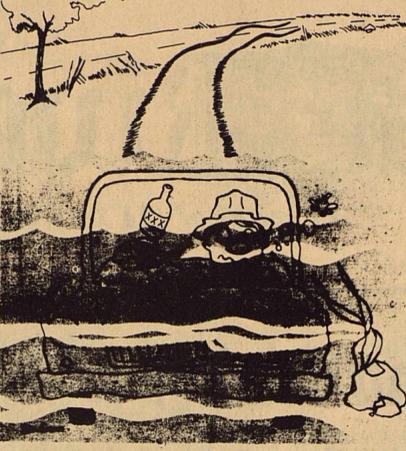

Most of us have periods when we are completely dissatisfied with ourselves. We are disappointed because of our own weakness and inadequacy. We may even hate ourselves. We who are parents often feel this kind of disappointment with our own children. They come so far short of their potential; they lack the discipline and direction they need; they do things that are so obviously harmful to themselves, both physically and spiritually. We even get discouraged about the whole human race. We see so much needless violence, both in our own country and in other parts of the world. We see leaders who do not lead; we see those in positions of trust who betray that trust. We agree with the character in a famous cartoon: "People are no damned good."

There is a verse in the Bible that helps when we get in these moods of despair. As translated in the New English Bible, it reads: "Here and now, dear friends, we are God's children, what we shall be has not yet been disclosed." (1 John 3:2) Here's what I think it means: God has called us all, even the worst of us, to be His children. He is at work in all of us, even in those least aware of it. He has not given up on us, even when we give up on ourselves. He is not through with us, even when we are through with Him. Some of us call ourselves Christians but at best we are only Christians-in-the-making. We have a long way to go. God loves us not so much for what we are but for what He hopes to see us become.

In short, we are all examples of God's unfinished business. This is the exciting thing about us; the last chapter has not been written. It is too soon to pass final judgment. We are not limited to just what we are today.

At every age and in every situation God has provided the possibility of something new around the corner. It may be in terms of new work to be done, or new love to be expressed, or new relationships to be enjoyed, or new insights that will sustain us.

Manfredi's commanding officer, Major L. Van Mullen, Captain J. C. Herrington, Lt. Davis and Tech. Sgt. Don Kirkpatrick arrived Wednesday. Everything was ready for a takeoff Wednesday morning, but Manfredi's plane developed motor trouble, and Lt. Davis and Sgt. Kirkpatrick flew up to make repairs. Everything was now in order and Major Van Mullen took off from the infield of the race track. His ship failed to clear the fences at the east end of the track and the wheel supports knocked down two rails. The ship had enough flying speed to remain in the air. Lt. Davis took off without incident and Captain Herrington took off safely. All three planes refueled at Goodfellow in San Angelo.

Everybody in town was out to see the sight and a lot of re-

### THE DEVIL'S RIVER PHILOSOPHER SEZ... He Comes Up With A Far-Out Plan To Put An End To Long Drawn-Out Trials

The Dry Devil's Philosopher on his bitterweed ranch on Dry Devil's River tackles a legal problem this week, more or less.

Dear editor:

Over the years and several times lately I've read about lawyers arguing that their clients couldn't get a fair trial in their home towns because too much publicity had been given their crimes. Too many people know about the matter and a change of venue is required to get a fair and impartial jury, the lawyers say.

What they mean is that justice requires that their client be tried before 12 people who've never heard of the murder or the stealing or the defrauding or whatever it was he did. With or without a change of venue, sometimes it takes two or three months and thousands and thousands of dollars just to pick 12 people considered uninformed enough to serve.

I have figured out a way to avoid all this. What we need is a stable of people specially selected and sheltered to serve as jurors. It'd be their lifetime's work.

To make sure they meet the court's requirements, that is, that they are totally ignorant of what's going on, the professional jurors would be prohibited from reading any newspaper that isn't at least five years old. No television of course would be permitted, because

even on soap operas or football games the networks have a prejudicial, jury-destroying habit of interrupting a program to report news bulletins. They'd have to get their entertainment from phonograph records, checkers and dominoes. No chess. What sort of juror do you think Bobby Fischer would make? What an affront it'd be to the dignity of the court to have each juror hauling in his own chair and adjusting all the lights in the court room.

Under this system, when a trial begins, the judge pushes a button and 12 people come sliding out of a chute, their eyes blinded by the glare but their minds absolutely uncluttered. It would then be up to the lawyers on both sides to unroll the facts and implant whatever prejudices they can manage, ten minutes after the trial starts. No use taking weeks and hunting all over the county to find 12 people who never heard of you when you've got 12 already stored away in the courthouse.

Of course another way to handle the problem would be to abolish all newspapers and radio and television stations, but I won't go into that. I'm probably already in contempt of court as it is.

Yours faithfully,  
J. A.

The added burden placed on pecan trees by the heavy crop of nuts this year, requires early feeding to prevent the trees going into winter in a weakened condition. Also, many trees have lost a lot of food producing leaves because of worms.

Leaf feeding of the trees has proved to be the most effective method of providing quick and adequate food for trees.

### CHANGE IS NOT ALWAYS PROGRESS

You are old enough to remember the good old days if you can remember:  
When you left your front door open.  
When you went to church and the preacher preached from the Bible.  
When a girl was a girl, when a boy was a boy, and you could tell them apart.  
When even the word "social-

ism" was a dirty word.  
When the poor were too proud to take charity.  
When a nickel was worth five cents.

When you bragged about your hometown, your state, and your nation.  
When the flag was a sacred symbol.

When this Government stood up for Americans.  
When everyone knew right from wrong.

When things were not perfect and you didn't expect them to be.

When people still had the capacity for indignation.  
When sick meant that you were not feeling well.

When people expected less and valued what they had more.

When everyone was not entitled to an annual wage whether he worked or not.

When a man's word was his bond.  
When America was the land of the free and the home of the brave. —Anon. (DPS—Cd Newsletter, Minn.)

### Is Now The Time To Buy Land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.

Maybe you know her as Miss Lizzie or Granny Hill or Aunt Mary Jones. Through the years she's been a tower of strength in her community . . . helping with the sick, sharing with the poor . . . a friend to all.

She doesn't seem to worry about the future, just looks to the brighter side and is happy. You envy her, thinking she gets much out of life that you miss. Does she have a secret, a magic formula?

No, you can't say that her fellowship with God is a secret, for God is for everyone!

Would you like to possess some of her strength to look ahead, to face danger and conquer fear? The Church can help you reach this goal. All through the years it has strengthened mankind and helped him find the best in himself and in others.

### WORMS ARE HIDDEN PROFIT ROBBERS

Worms are virtually everywhere livestock are raised. No animals are believed to be completely worm-free.  
Worms in the stomach, intestines and lungs of cattle, sheep & goats cost America's cattlemen an estimated \$250 million annually. The majority of these losses result from the slow, steady drain on weight gain and feed efficiency and lowered resistance to secondary infections.  
In most cases losses resulting from worm damage are so gradual that they can easily go unnoticed—even though they cost from \$3 to \$10 a head.  
A sound worming program is a necessary part of any cattle management system.  
Texas Animal Health Commissioner's latest reports confirmed 3,000 screwworm cases a week; only one out of ten were reported. Spray now—prevent further outbreak.

### LEGAL NOTICE

AN ORDINANCE FIXING AND determining the general service rate to be charged for sales of natural gas to residential and commercial consumers within the city limits of Sonora, Sutton County, Texas, and providing for the manner in which such rate may be changed, adjusted and amended.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF SONORA, TEXAS: SECTION 1. Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Sonora by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

First, 1,000 cu. ft. or fraction thereof \$2.444 Gross; \$2.20 Net  
Next, 3,000 cu. ft. @ \$1.078 per Mcf Gross; \$.97 per Mcf Net  
Next, 6,000 cu. ft. @ .967 per Mcf Gross; .87 per Mcf Net  
Next, 15,000 cu. ft. @ .900 per Mcf Gross; .81 per Mcf Net  
Next, 75,000 cu. ft. @ .844 per Mcf Gross; .76 per Mcf Net  
All over 100,000 cu. ft. @ .811 per Mcf Gross; .73 per Mcf Net

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period.

### ADJUSTMENTS

The amount of each net monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the 42.5 cents per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to April 1, 1972, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. It is hereby found and determined that the meeting at which this ordinance is passed is open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given, and that this rate ordinance is in compliance with the applicable general criteria issued by the Price Commission under the Economic Stabilization Act of 1970, as amended.

PASSED AND APPROVED on this 7 day of August, A. D. 1972.
