WHITTLIN'

BY DOLPH MOTEN

When yarn-spinning time comes, J. D. Stevens is one of those talented individuals who moves toward head of the class. As a matter of fact, he might move all way to head of class instead of just toward it. He's only man of our acquaintance who ever received a trophy for his ability to tell stories.

Stevens was awarded a prize for being champion bull thrower. Presentation of the trophy was made at an assembly at school last spring. And he'll admit that it was a well-earned trophy.

"Some people tell story after story," Stevens says, "and never have anything to show for it. Me? I have a trophy to prove I'm a good story teller." And who can argue with a man who has a trophy to prove his point?

Stevens drives a school bus and therefore comes in contact with several students each day. That's probably, though we don't know, reason for his big awarding made at an assembly program.

So with that introduction we'll relate latest yarn he's told us. And that same introduction makes us free from being obligated to buy coffee for repeating this one.

Before we start, though, we should add that Stevens says the greatest thing about his stories is that they're true. No fiction, ever. That's best and most interesting part, he points out.

Here's the story:
Way back when, Stevens was playing high school football for Lorenzo. Preparations were being made for the big game with Spur, or Dickens as the school was called then.

During week prior to the game, the Lorenzo coach did something that was highly unpopular with his players. We won't relate here in print the stunt he pulled because Stevens didn't tell us if he (Stevens) had proof of the charge or not.

Nonetheless, this horrible thing the coach did made the boys try to find some strange way to retaliate.

They found a strange way. They lost the game with Spur 136-0. Stevens says, and he has a newspaper clipping to prove it. "They would have won the game, anyway," Stevens admits, "but certainly they wouldn't have beaten us that badly."

The score set a record for a shellacking taken, or given, by any one team. The record, however, has since been beaten, Stevens believes.

Bovina's champion story teller says some boys had to be pulled from Lorenzo's team during the game because they were too slow. That probably happens to a lot of footballers and isn't too unusual. But these boys were pulled because they weren't fast enough to get out of ballcarriers' way and were forced to make an occasional tackle. If you did that you just had to get out of the game, Stevens says.

Story of the game appeared in Ripley's Believe It Or Not. Stevens told us though he didn't offer proof of that fact.

As a sidelight of the main story--and all good storytellers have sidelights--he told about one of Lorenzos smaller defenders who jumped on the back of the opposing team's big fullback and rode, piggy-back, the entire distance of a long touchdown run. After crossing the goal line, the fullback, Stevens says, shook off his rider and commented, "All right, you rode down here but you're going to have to walk back!"

There were few fans present at the game at its start and they left in disgust before the half.

While the honor of playing on a record-setting team was, in this case, a dubious one, Stevens asked us how many players we knew who had played on a team that set a state and possibly a national record.

We had to admit he was the only one we knew.

A tip of this department's sombrero to Bovina Roping and Rodeo Association for its sponsorship of first annual Quarter-horse show here Saturday. We think such a promotion will be

(Continued on page 8.)

First Annual Horse Show Saturday

Homecoming October 13

A new set of plans is being drafted for annual homecoming of ex-students of Bovina High School.

The event has been scheduled this year for Friday, October 13.

Highlights of the day will be a parade downtown at 2:30, a dinner for ex-students at Bovina - Hart football game at 8 and crowning of football queen at halftime of the game.

Plans for the celebration are being made jointly by Bovina High Student Council and members of ex-students association.

Organizations, businesses and individuals are invited to enter floats in the parade, James McLeroy, high school principal, announces. Theme of floats will be "Countries." They will be judged by out-of-towners. Cash prizes of \$15, \$10, and \$5 will be awarded. Prizes of \$5, \$2.50 and \$1 will be given to winners of best decorated go-cart and bicycle.

Tickets for the dinner, which will feature barbecued beef,

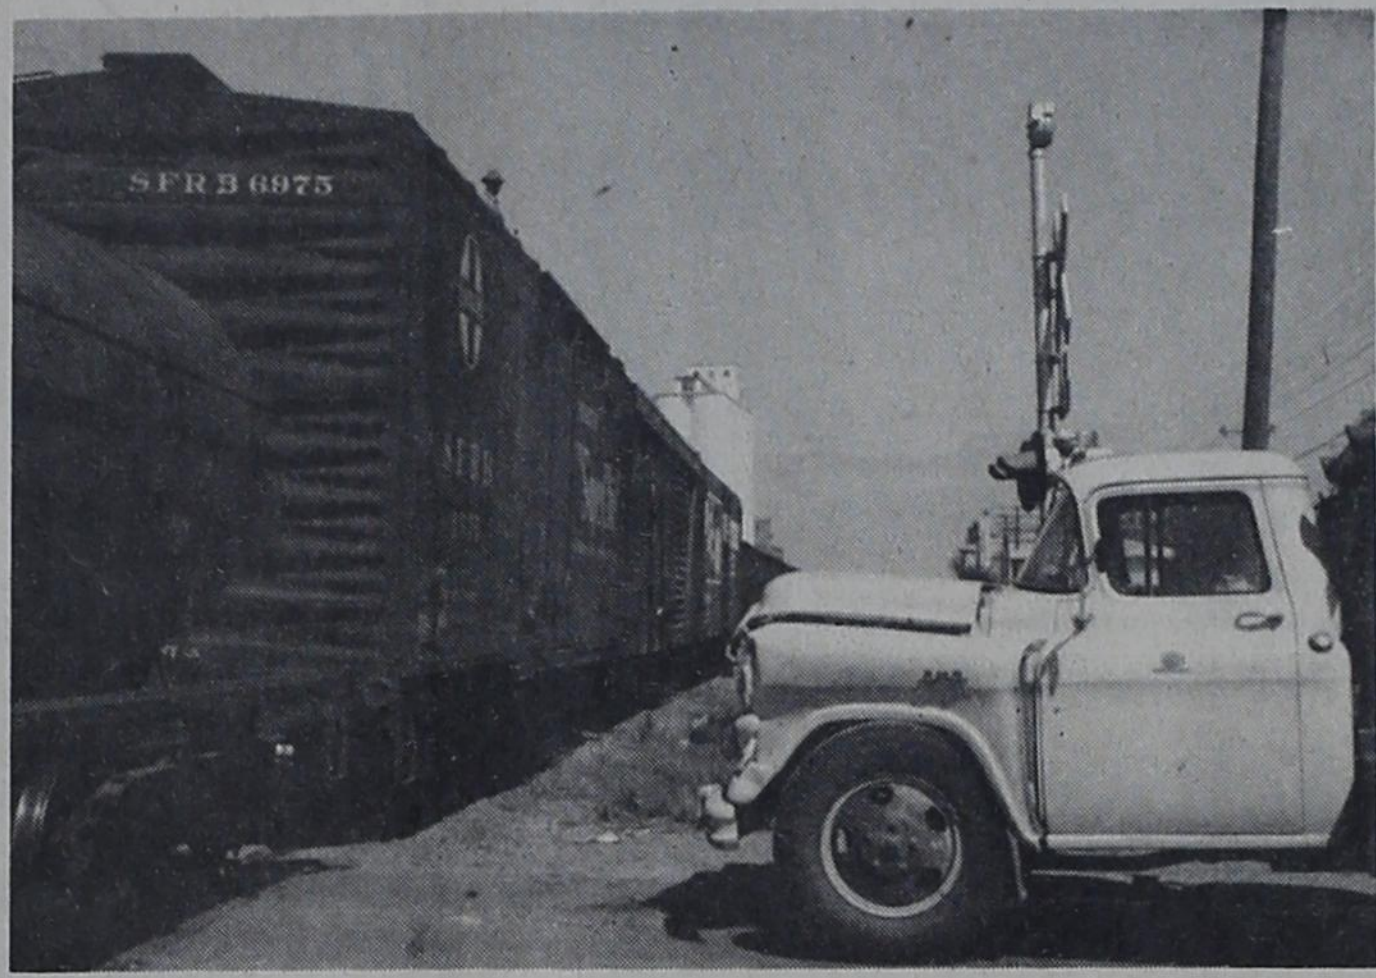

are \$1.50. They are on sale now at following businesses: Bonds Oil Co., Bovina Restaurant, Barbee Cleaners, City Drug, Jerry Rogers Barber Shop, and Charles Oil Co. They are also being sold by various members of ex-students association.

There will be no tickets sold for the dinner at the door. Invitations to attend the dinner will be mailed only to non-local exes.

This banquet will replace annual meetings of ex-students which has been conducted between Christmas and New Year's each year.

Football queen will be named from one of four candidates who will be nominated by members of the squad. Queen candidates will be named next week. Identity of the queen will remain secret until she is crowned at halftime.

"There was a lot of participation and interest in last year's homecoming," McLeroy says, "and we hope to have as much or more this year."

DANGEROUS CROSSING--Bill Burnam escaped serious injury Wednesday of last week when a train struck this truck, which was driving, on west crossing in Bovina. Burnam had started to cross the tracks from the south when the truck was struck by an east-bound freight. Burnam has been receiving treatment for a back injury in Parmer County Community Hospital in Friona since the accident. It is not known when he will be released. Damage to the truck was slight, considering nature of the accident, as shown above.

AID CARLA RELIEF--

Lions Recognize Top Conservation Farmer

Gilbert Schueler, Rhea farmer, was honored as outstanding soil conservation farmer of Bovina District at a regular Bovina Lions Club meeting Thursday night.

Schueler was presented a plaque on behalf of the club by Roy Crawford, member of Lions committee that made the selection.

Schueler farms 1200 acres of irrigated land plus 80 acres in grass and a large lake which he uses in his conservation program, Crawford pointed out.

One of highlights of Schueler's farming operation is an elaborate pig parlor, one of

most outstanding in county, which will handle 600 head of hogs.

Schueler also has a cattle feeding operation. He has on-the-farm facilities for grinding and mixing feeds.

Problem areas of his farm land are bench leveled for conservation and production purposes. His irrigation wells are tied together with underground tile. He also irrigates from the lake which catches tail water from his land as well as from other farms nearby.

In other business Thursday night, the club voted to donate

\$50 to Hurricane Carla relief and agreed to serve as a collection agency for individuals who wish to donate money or non-perishable food for the cause.

The Bovina club is acting in cooperation with other Lions Club in this district. Lions President Tom Bonds requests that non-perishable food donations be submitted to any club member prior to October 8.

Foods will be transported from Amarillo to the Houston area for last time Monday, October 9. Deadline for making cash donations is October 15, Bonds says.

Halter, Performance Classes Scheduled

First horse show in Bovina's history will be staged Saturday.

Site of show, where scores of Quarterhorses are expected to be exhibited, will be at Bovina Roping and Rodeo Association's new arena two miles west and a half south of town.

Judging will begin at 10 a. m. Judge will be Doyle Saul of Plainview. Judging is expected to continue until late afternoon.

The show has approval of American Quarter Horse Association. It is scheduled to be an annual event.

Horses will be exhibited in 18 halter classes including get of sire and produce of dam. There will be three performance classes, reining, barrel racing and junior and senior open cutting.

Entry deadline will be show-time--10 a.m. Saturday. However, entries may be turned into members of the association anytime between now and deadline.

Ring director for the show will be Rouel Barron. He will be assisted by Robert Read and Cecil Sisk.

A recently-constructed concession stand will be in use. In charge of concessions are Burl Spears, Vernon Estes, and Cash Richards.

Other than construction of the arena, this will be the organization's first major project. Plans are to stage a rodeo, and another horse show, there next year.

A total of 25 trophies will be awarded to exhibitors. Trophies were purchased by Bovina businesses and individuals. There will be three

(Continued on page 8.)

City Taxes Up \$3000 This Year

City of Bovina tax billings are up about \$3000 for 1961 over 1960, City Secretary Virgil Tritsch announces.

Taxes for the year became due and payable Monday, October 2.

Notices were mailed early this week, Tritsch says.

Increase for total taxes was a result of natural growth coupled with raising of some valuations by equalization board, Tritsch says.

Total taxes for this year is \$17,031. Last year total was \$14,360.

City's tax rate is \$1.15 for each \$100 valuation.

Taxpayers will receive a three percent discount for paying taxes this month. Discount drops to two per cent in November and one per cent in December. January 31 is deadline for paying 1961 taxes without a penalty, Tritsch points out.

THERE FRIDAY AT 8:30 (TEXAS TIME)--

Ponies Play Foxes Next

Hoping to break even in their non-district football games for 1961, Bovina Mustangs cross the state line Friday night to take on Fort Sumner Foxes.

Mustangs are now 2-3 for season against non-district

clubs and a win this week will give them an even record. They follow District 2-B play the following week as they take on Hart Longhorns in a homecoming game here.

The Foxes are winless this season, but Mustang Coach Halie Gee points out they have played teams from schools much larger than Fort Sumner. Their losses have come from Portales, 35-13; Jal, 64-0; Santa Rosa, 27-13; and Eunice, 53-0.

Fort Sumner will have a tremendous weight advantage over the Mustangs, Gee says. Their line averages 180 pounds per man while the backs average 176 pounds. Two smaller men on starting line up are halfbacks. They weigh 155 each. Both fullback and quarterback weigh 195 pounds, Gee says.

Bovina won last year's game in an upset here, 26-20.

All Mustang squadmen are expected to be able to see at least limited action in spite of bruises, sprains and other injuries.

The Bovina team will be hoping to bounce back after having an off night against Boys Ranch a week ago.

Gametime will be 7:30 p.m., New Mexico time which will make it 8:30 o'clock, Texas time.

Hawkins Setting Fast Pace In FB Contest

Erith Hawkins continued to set a blistering pace for grand prize in Bovina Businesses Cotton Bowl Football Contest.

Though he didn't win any weekly prize money, he correctly picked nine of 10 winners in last week's contest--missing only the T. C. U.-Ohio State tie.

At end of five weeks and 50 games, Hawkins has correctly named 44 winners for a torrid .888 percentage. He's three points ahead of his closest contenders, Glenn Hromas and John Wilson, who have 41 for a batting average of .820.

Burl Spears was last week's first place winner of \$5. He,

as did all the money winners, had a perfect entry except for the tie. Spears missed the breaker score of Bovina-Boys Ranch game eight points. He predicted it would be a 14-14 tie. Actual score was 14-6 in favor of Boys Ranch.

Dividing \$3 second place money were Johnie Horn and Jack McCracken. They were each 14 points off, scorewise, figuring the game would have more TD's than it did.

Hromas took third place money of \$1. He was 16 points off on score. Hawkins missed score 24 points.

Hromas became first con-

testant over five week period to repeat as a money winner. He was second the week before.

Hawkins has now held the lead for grand prize, an expense-paid trip for two to Cotton Bowl for three consecutive weeks.

Tied for third place in overall standings with 40 each are H. J. Charles, J. W. Harris, Ed Hutto, Horn and James Lawlis. A step farther back with 39 are Don Cumpton, Ray Carter, McCracken, Allen Cumpton, H. N. Turner and Mary Jane Wilson.

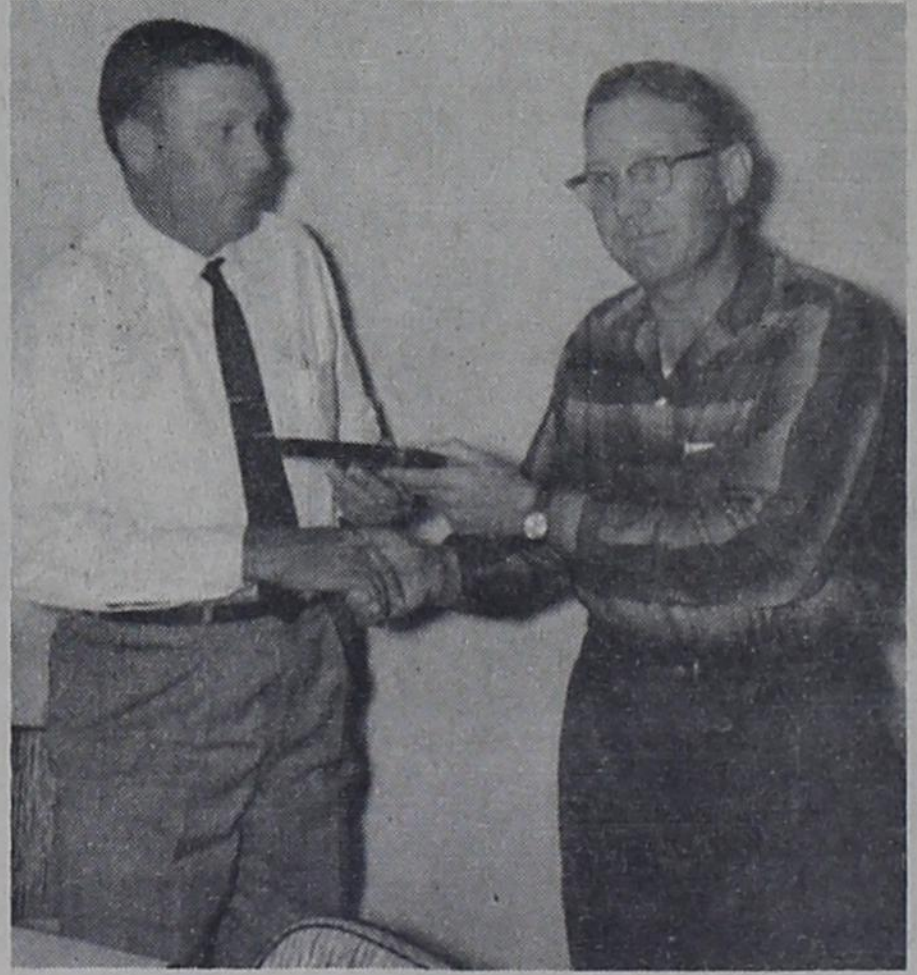

Following last week's leaders with eight correct selections were 30 entrants,

33 had seven right, 31 correctly guessed winners of six games, 14 had five, six had four right and six had three for a total of 125 entries.

Bovina businesses sponsoring the contest are Bovina Dairy Freeze, Cicero Smith Home Center, Bovina Auto Parts, Inc., Sherley Grain Co., Bonds Oil Co., Bovina Wheat Growers, Inc., Charles Oil Co., Macon Elevator, Three-Way Chemical Co. and Bovina Gin Co.

Average number of entries each week has been 127.

This week's contest appears on an inside page.

TOP CONSERVATION FARMER--Gilbert Schueler, left, was awarded a plaque for being Bovina area's outstanding soil conservation farmer on behalf of Bovina Lions Club by Roy Crawford at a Lions meeting Thursday night. Schueler farms in Rhea community.

Rough Riders Spur Mustangs, 14-6

Bovina Mustangs dropped their third game of season at Boys Ranch Friday night as the Rough Riders spurred them 14-6 in a lack-luster non-district fray.

The ponies played one good quarter--the third--but the game lasted four quarters and they were unable to shove their winning percentage above the .500 mark. They have won two.

The host team scored early in second quarter on a one-yard skirt around right end. Try for extra points was stopped.

Their second TD came later in same period. The Rough Riders put a punt in play on their own 41 and on first play from that point shook Doug Rutherford loose through the line for a 59-yard scoring jaunt. Extra points were scored around end to make score 14-0.

Mustangs marched almost length of field to get their score. In third quarter, they stopped a Boys Ranch threat on downs and took over on their own nine and set sail for the TD.

Fullback Jerry Frazier, one of the few Mustangs to en-

joy a good night, made 15 yards and a first down in two carries.

Halfback Buddy Turner shook loose to the 40 for a 16-yard gain, but a penalty against Bovina moved the ball back to the 19. Turner then made three and Frazier was stopped for no gain to bring up third down and seven needed from 22.

Quarterback Don Cumpton then threw long downfield to Halfback Rocky Hance for a 45-yard gain and a first down on Boys Ranch 33. Frazier made one, Turner picked up a first down with 14 to the 18. Frazier

then romped for 15 more. Turner then carried the pigskin over from three yards away. Frazier was stopped in an attempt to carry the extra points over and scoring was over at 14-6.

Bovina missed a golden scoring opportunity and a chance to tie the game early in final period.

As third period ended, Mustangs recovered a BR fumble on their own 20. Frazier made 23 to the 43 and then was stopped for no gain. Turner went for six to 49 but on next play Boys

Ranch dres a 15-yard penalty to give Bovina a first down on the 33.

Frazier sliced that distance almost in half with a 15-yard gallop to the 18. Hance made nine to put the ball on the nine. Turner made four to give the Ponies a first down on the five. Frazier went four yards to the one. On next play, however, Bovina was penalized five yards for a fumble in backfield and Boys Ranch was in possession.

Rough Riders quick-kicked

out of trouble and kept Bovina on its own end of the field remainder of the final period.

That was fifth consecutive win for Boys Ranch, an independent team. It was second time they had been held to two touchdowns and was their closest contest of the season.

Bovina led in statistics department by a slight margin. Frazier was Bovina's leading ballcarrier with 103 yards in 19 attempts for an average of 5.4 yards. Turner gained 40 yards in 14 tries. Hance carried one time for a nine-yard gain.

STATISTICS:

If your tires could yell "OUCH!"

Banging a tire up against a curb would certainly bring forth howls of anguish, if your tire could make its feelings heard.

Actually a bruise of this kind can permanently weaken a tire so it may be unsafe to use.

It's a wise precaution to let your Phillips 66 Dealer inspect your tires from time to time. He'll check the inflation, and call your attention to possible weaknesses.

If you need a new tire, he can provide a new long-wearing Phillips 66 Super Action Tread Tire. See your Phillips 66 Dealer regularly!

P.D. Barrons Celebrate Golden Anniversary

Mr. and Mrs. P.D. Barron celebrated their Golden Wedding Anniversary Sunday afternoon at their home southeast of Bovina with a reception.

The couple was married October 1, 1911 in the home of the bride's parents at Bradshaw. They lived at Pelican, La. for 15 months after which they resided at Turkey and Flomont communities for 15 years. They moved to Parmer County in January, 1928 and have made their home here for 33 years.

Presiding at the serving table was Mrs. Donald Ray Barron, granddaughter of the honorees. A white linen cloth covered the table which was decorated with a band of gold in the center and featured an arrangement of yellow spider mums and emerald greenery. The three tiered cake was frosted with white icing and had touches of gold with a gold wedding bell in the center. Silver and crystal serving pieces completed the table.

A low arrangement of yellow rosebuds were placed on the registering table at which Bob Mitchell and Grady Truitt, sons-in-law from Amarillo,

presided. Approximately 160 guests called throughout the afternoon.

All seven of their grandchildren were present and also their great granddaughter.

Hosting the reception were the couples children, Rouel of Bovina and Mrs. Grady Truitt and Mrs. Bob Mitchell of Amarillo.

Mr. and Mrs. A. M. Wilson entertained several couples Thursday evening with a buffet dinner party.

Following the dinner the group played bridge. Winning high was G. D. Anderson and low was Mrs. Jack McCracken.

Those present were Mr. and Mrs. G. D. Anderson, Mr. and Mrs. Tom Caldwell, Mr. and Mrs. Jack McCracken, Mr. and Mrs. Leon Grissom, Mr. and Mrs. R. E. Wilson and Mr. and Mrs. A. M. Wilson.

Club To Meet With Mrs. Lane

Mrs. Bill Lane will host the regular meeting of Good Neighbor Sewing Club Thursday afternoon in her home. Meeting time is 2 o'clock.

Post-Nuptial Shower Fetes Mrs. Bill Smith

Mrs. Bill Smith was feted with a post-nuptial shower Monday afternoon at the home of Mrs. Harold Hawkins.

Approximately 50 guests called during the afternoon. Pink and white, the brides chosen colors were carried out in table decorations and corsages. Corsages were presented the honoree, her mother, Mrs. Herman Estes and her mother-in-law, Mrs. Odum Smith of Farwell.

An arrangement of pink rosebuds in a crystal bowl graced the serving table which was laid with a white cloth. Refreshments of wedding cake and spiced tea were served to guests. Silver and crystal appointments completed the setting.

Autumn bouquets were placed throughout the house and on the registering table.

Hosting the come and go affair were Mmes. J. D. Kirkpatrick, Alvin Glasscock, Bob Johnston, Dean Hastings, Billy Ray Horton, Henry Minter, Roy Dodson, Wallace Rogers, S.E. Redden, Harold Hawkins, Charles Jefferson, Dick Sparks, J. J. Charles and F. D. Carter.

Jimmy Wares Host Couples

Mr. and Mrs. Jimmy Ware hosted Couples Bridge Club Thursday evening at their home.

Vernon Willard and Mrs. Durward Bell won high and Mrs. Leon Ware won traveling prize.

Refreshments of chips, dips, relishes, cookies, sherbet and soft drinks were served to guests.

Among those present were Mr. and Mrs. Leon Ware, Mr. and Mrs. Oakley Stevenson, Mr. and Mrs. Vernon Willard, Mr. and Mrs. Glendon Sudderth, Mr. and Mrs. Jimmy Clements and Mr. and Mrs. Durward Bell.

Wilson's Host Dinner Party

Mr. and Mrs. A. M. Wilson entertained several couples Thursday evening with a buffet dinner party.

Following the dinner the group played bridge. Winning high was G. D. Anderson and low was Mrs. Jack McCracken.

Those present were Mr. and Mrs. G. D. Anderson, Mr. and Mrs. Tom Caldwell, Mr. and Mrs. Jack McCracken, Mr. and Mrs. Leon Grissom, Mr. and Mrs. R. E. Wilson and Mr. and Mrs. A. M. Wilson.

Visit Daughter

Mr. and Mrs. Wilbur Charles and Mrs. Vernon Estes returned recently following a trip to San Jose, Calif., where they visited their daughter and her sister, Mrs. Mary Kamanski and family.

WHAT IS A BANK DRAFT?

When a check is drawn by one bank on another bank, usually in some other part of the country, it is called a bank draft. Anyone may use a bank draft for making payments, but they are generally issued for large amounts. They may be made payable to you to endorse to another party, or they can be made payable direct to someone else. Whenever you need to make payments by mail, see us for the best method.

Woman's Club Has Program On Parliamentary Procedure

Mrs. Henry Ivy, Mrs. Billie Sudderth and Mrs. Earl Stevenson presented the program to Bovina Woman's Study Club Thursday afternoon at club house.

Title of the program was "Together We seek Knowledge Through Parliamentary Law." Mrs. Sudderth presented "Fundamentals of Parliamentary Procedure" and Mrs. Stevenson presented "New Club Amendments."

Following the program, Mrs. Ovid Lawlis, president, presided over a short business session in which the group decided to enter a float in homecoming parade. They also made

plans for next meeting which will be an open house for teachers and ministers. Cotton John Smith will be the featured guest speaker and a film, "Tenderfoot in Europe," will be shown. Mrs. Warren Morton and Mrs. I.W. Quickel hosted the meeting. Refreshments of cherry pudding, tea and coffee were served from a table laid with a white cloth and centered with an arrangement of pyranthas.

Those present other than those mentioned were Mrs. Reagan Looney, Mrs. A. E. Steelman, Mrs. H.D. Bradshaw, Mrs. Rouel Barron, Mrs. Buck Ellison, Mrs. A. E. Crump, Mrs. Jesse Walling, Mrs. Arlin Hartzog, and Mrs. Clarence Jones.

G.A. Has Initiation Ceremonies, Wed.

First Baptist Church, Wednesday evening, was scene of G.A. Initiation for girls being promoted from Sunbeams to junior G. A.

Those being initiated were Debra Hawkins, Debra Kirkpatrick, Donna Garner, Carissa England, Glenda Kay Kelly, Sheryl Moore, Jenifer Crisp, Toni Phillips, Dala Boyd and Debra Spicer.

The symbol of the initiation was a star and the program was carried out by representation of the officers of G.A. in the star points. President was Suzanne Ferguson, prayer chairman, Carol Kirkpatrick; forward step chairman, Pam Webb; mission study, Terressa Page; community missions, Martha Adams; stewardship, Roxie Hutto; secretary, Gail Boyd; program chairman, Kathy Sikes; and allegiance, Janie Hawkins. Representing the members were Linda Williams, Gail Willhorn, Beth Hutto, and Creta Morris.

Following the initiation ceremonies the group sang the G.A. song "We've A Story To Tell The Nations" after which Mrs. Earl Dean Boyd, director of the Jewel Lunsford G.A. group, dismissed in prayer.

Ads show the modern gal, dressed in style, Gracefully cutting and laying tile, Or with a smile that dispels all gloom, Hanging wall paper in a sizeable room; Or wielding a brush with artistic flair; Or making some kind of contour chair, I'm clever too, and I've done each one By pounding at him 'til he gets it done.

When it comes to the cold war, truce is stranger than fiction.

Co-ed: "Daddy, the girl next to me in class has a dress just like mine." Dad: "So you want a new dress?" Co-ed: "Well, it would be cheaper than changing colleges."

PARMER COUNTY'S FINEST

SUPER MARKET BOVINA

Straining for altitude, the spray-plane roars up and over the power lines at the end of a cotton field near Bovina. Several area farmers are applying defoliant and desiccants in an effort to get the most out of the remaining days of fair weather.

Searching for the opened bolls is William Silveria on the N. E. Wood farm near Friona. First picking has begun in several fields of early maturing cotton in the county but most stalks are still loaded with green, immature bolls.

Harvest Depends On Fair Weather

Every additional day of fair weather is worth thousands of dollars to Parmer County farmers during the next three weeks.

Many fields of grain require additional days or weeks to reach full maturity. Cotton plants are still heavily laden with green, immature bolls. In these areas, an early killing freeze would most certainly wreak destruction and cost county farmers over two million of the projected thirty-three million dollars income expected from the three major crops of cotton, grain sorghums and wheat.

If freezing temperatures hit within the week, cotton production would be reduced in the county by between 10 and 18 per cent and grain would be reduced by about 8 per cent, according to averaged estimates of gin managers, grain elevator operators, farmers, bank representatives and Deryl Coker, county agent.

The average freeze date for this area is Oct. 17. In an effort to beat the cold weather, several farmers are applying desiccants and defoliant to their grain and cotton fields as soon as it reaches suitable maturity for applica-

tion of the chemicals. Although the storms which forced replanting of cotton and grain in a large portion of the county in 1960 were not repeated this year, a cool and wet summer has tended to delay the maturing of area crops. Gin managers report a slight increase in the harvest of

cotton over that for the same period last year but success with early plantings is cited as the reason for the advance. Only 43 bales were accounted for in Friona by Tuesday evening.

Grain deliveries are slowly gathering momentum but the moisture content is still high. Of the 79,234,79 bushels re-

ported by three Parmer County elevators, the moisture content averaged over 14 per cent.

Warm days and soft breezes for the next few weeks are the most hoped for items of area farmers at this crucial time.

Light frost was reported in several areas in the county early this week.

Does Brucellosis Control Affect Moving?

Editor's note: The following are requirements concerning transporting cattle in Brucellosis control areas, including Parmer County.

After cattle are purchased and before removal from livestock markets, it shall be the joint responsibility of the purchaser and the livestock market operator to have all cattle, subject to brucellosis tests or vaccinations, tested or vaccinated. 1. All cattle - except steers, spayed heifers, calves under 8 months of age and official brucellosis vaccinates under 30 months of age - leaving this market to premises in any county in which Type II Brucellosis Work is being conducted or has been completed, will have to comply with the following:

Cattle originating in a Modified Certified Brucellosis County or Certified Brucellosis Free Herds and accompanied by a health certificate, when

kept separate and apart from other cattle in clean pens used for that purpose ONLY, can move without further tests.

Cattle from other than Modified Certified Counties accompanied by official health certificate showing negative to brucellosis test within 30 days, kept separate and apart from other cattle in clean pens used for that purpose ONLY, can be moved directly to owners premises, under quarantine, retested in not less than 30 nor more than 60 days, and, if negative, released.

Cattle that don't comply must be negative to a brucellosis test before leaving the livestock market. They can then be moved to owners premises, under quarantine, retested at his expense in not less than 30 nor more than 60 days, and, if negative, released.

2. In the event laboratory facilities are not available in the town where the livestock market

is located, the livestock market will be required to furnish space and install necessary brucellosis testing equipment required under regulations of the Texas Animal Health Commission.

3. The veterinarian, before conducting and certifying to results of brucellosis tests at the livestock market, shall be specifically approved to conduct such tests.

Final Payments Start In Parmer County

Final payments to farmers participating in the 1961 grain and feed program will begin Oct. 16, Prentice Mills, ASC office manager, reports. Farmers will be notified when

their payments are ready for delivery. Payments will be made as fast as they can be prepared.

Mills asks that all farmers plan their crop program for the

coming year in accordance with their wishes to participate in the stabilization programs.

"It is important that the farmer plan the number of acres which he intends to lay out for each crop and where they will be," Mills said.

Fields that are used for diverted acres under the 1962 program must be of regular shape, having no more than four sides and containing at least five acres, Mills reported. The only exception to the five acre minimum will be in those cases where the total diverted acreage is less than five under one of the programs.

Mills suggests that all farmers plant barley or oats on idle land and plow them under next spring for a green manure.

ASC Committee Elects Officers

New county officers for the Agriculture Stabilization and Conservation service were elected in a Sept. 25 convention in the Farwell ASC office, office manager and sec-

retary for the committee reports.

County officers are: Archie L. Tarter, chairman, Rt. 1, Friona; Tom Beauchamp, vice chairman, Star Rt., Bovina; Louis Welch, Rt. 2, Friona; Robert Schueler, first alternate, Rt. 2, Friona; and Darell Norton, second alternate, Rt. 2, Texico.

Officers for three community areas in the county were also elected. They are: Community A (Friona), Roy V. Miller, Richard Rockey, J. L. Ray, Melvin Sachs, and Jack Patterson.

Community B (Lazbuddie-Hub), John Littlefield, John Agee, Raymond McGehee, Wayne Clark, and A. L. Black.

Community C (Farwell-Bovina-Oklahoma Lane), John McFarland, Leslie McCain, Joe W. Magnes, Norvell Strawn, and Robert Wilson.

"Tired? Don't lean on your gun; pick a tree, post or fence; this is good gun sense." The national rifle association teaches shooting safety

New Home OR Grain Storage Remodel or build New home or Grain storage--Improve your irrigation system on your farm or ranch with a long-term FEDERAL LAND BANK loan. See Ernest Kerr, 316 Main St., Muleshoe, Tex. Ph. 30100.

Dear Mr. Farm Owner: Here are a few good reasons for borrowing money. Do you want to build a new home? Perhaps you need underground irrigation tile to conserve water and increase your yield. Or maybe you would like to buy more property. These are major projects and few of us have the capital to finance them without borrowing money.

We would like the opportunity to discuss a long term low interest rate farm loan with you. We will loan the maximum on your farm, you pay no brokerage or appraisal fees.

If I may be of help to you on arranging a loan or assisting you on your real estate to buy or to sell, please do not hesitate to call me.

Very truly yours,

County HD Clubs Plan Yearbook

Plans for the 1962 Parmer County Home Demonstration Clubs yearbook were made by the yearbook committee in an all day meeting September 20 in the Community Room of the Friona State Bank.

A dummy book was organized with member meetings scheduled. Agent and leader meetings will be scheduled later after the Foods, Clothing, and Home Management Committees of the County Program Building Committee makes annual plans.

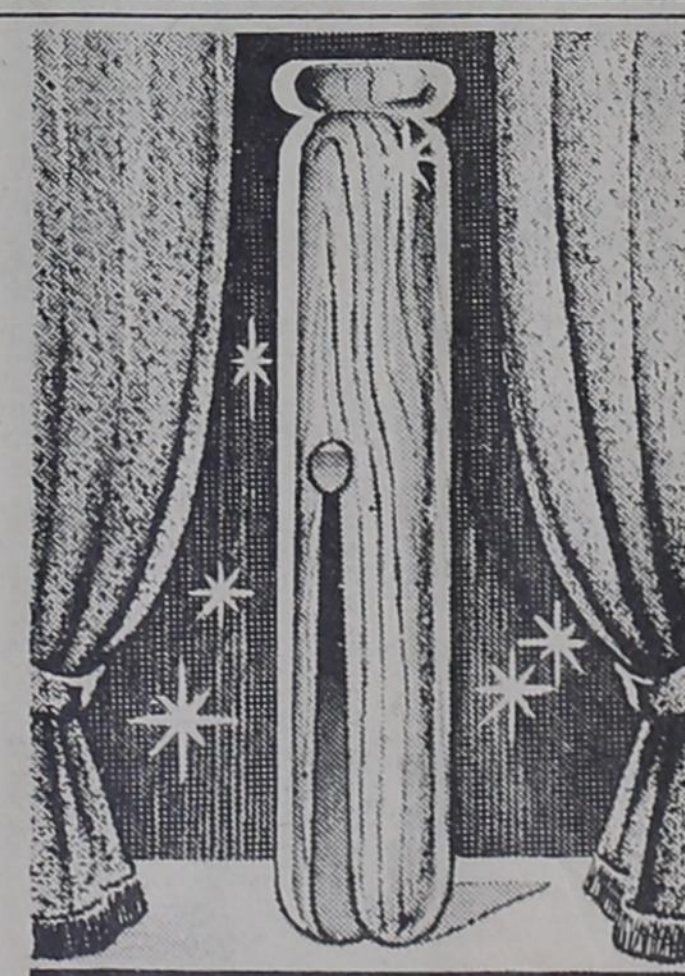

Attending the yearbook planning meeting were Mrs. Ray Martensen, Mrs. W. T. Magness, and Mrs. Clyde Hayes, on the Council Committee, Mrs. Ralph Price, Mrs. Lewis Gore, and Mrs. Vernon Symcox, State Delegates to the THDA meeting in San Angelo also, attended. Completing the committee were yearbook chairman of each of the clubs. Those attending were Mrs. Ellis Tatum, Mrs. J. D. Sanders, Mrs. A. L. Black, and Mrs. Dean Powell.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

This Thursday night will mark the 13th annual convention of Parmer County Farm Bureau. The announced place of meeting is the PCA Office in Friona. However, if the crowd exceeds the capacity of the building, a quick move will be made to the school cafeteria. There should be enough to fill the cafeteria, and your directors hope so.

discussion and decision. Perhaps there will be resolutions brought up on the floor. Opportunity will be given for these, and we hope there will be some. Other important business to be taken care of is the election of five directors and a president.

Herman Gerles, who has done a good job the last year and a half feels that he is too confined with the operation of his farm to give as much time to the presidency as he should, and has asked that his name not be placed on the ballot for that reason.

One of the most important resolutions to be considered has to do with the question, "Do we need more or less government intervention in agriculture?" Several relative questions will be considered in coming to a decision for the

answer to the over all question. Other subjects are farm labor, child labor, farm to market road funds, building permits for rural improvements, taxes, Bloc Voting, and several others.

Bill Wedemeyer, Research and Promotion Director for Texas Farm Bureau gives this information. The American Federation of Labor and CIO have released to participants in national High School Debate Program material explaining the policies and work of American Trade Unions in support of education.

Wedemeyer says if you parents are opposed to federal control of schools, you might need to look into this if some of the mentioned material comes into the hands of your children in school. Consider This: "Whoso stop-

County 4-H Workers Attend Workshop

One hundred and fifty-one 4-H adult leaders, county extension agents, and Extension Service Specialists took active part in the three-day District 1 4-H Adult Leader Development Workshop. This special workshop was conducted in Ceta Canyon Camp, September 27, 28 and 29. All lodging and meals were paid by the Texas 4-H Recognition Committee.

Registration began at 11:00 a.m. followed by lunch. During the general assembly the first day Floyd Lynch, State 4-H Club Leader explained "Four-H Club Work in Texas."

Subject - matter workshops were taught by Extension Service Specialists. These workshops included 4-H organization, clothing, recreation, entomology, wildlife, citizenship, field crops, beef cattle, automotive, and money management. Upon completion of these subject matter group sessions each adult leader received certifications of completion.

Each night all leaders took part in planned recreation that could be used in home counties during 4-H club parties and following 4-H club meetings. A planned theme of "Roundup" offered games and ideas for adult leaders.

Each county had a quota of ten adult leaders who will assist the extension agents in their county in organizing new 4-H clubs and reorganizing present clubs. Early harvests handicapped the quota for Parmer County. Attending from the county was Mrs. U. L. Lesly of Farwell, and both extension agents, Miss Erte Musil and Deryl L. Coker.

Parmer Boy Wins State 4-H Award

Richard Dee Chitwood, Lazbuddie, recently received one of the highest honors in state 4-H Club competition.

He was one of 12 winners of the Santa Fe Educational awards which are offered in connection with the 1961 National 4-H Club Congress, the state 4-H office reported. In addition to winning the educational awards, Chitwood was one of four of the group singled out for general all-around excellency in 4-H Club work and will be presented \$400 college scholarships.

The 16-year-old Lazbuddie senior joined the Lazbuddie Jr. 4-H Club under the supervision of County Agent Joe Jones when he was 9 years old.

He has been active in most all phases of 4-H work in Parmer County. His projects include beef, cattle, hogs, sheep, cotton, maize crops, grain marketing, tractor maintenance and recreation and leadership.

The 170-pound agriculturist is now a member of the county-wide Jr. Leader Club and has been elected secretary-treasurer of the District Council for 1962. He has held several offices since beginning his work with the 4-H Club.

He won the State Fair Honor Award in 1959 and is a past gold star winner.

The Santa Fe competition is judged on the basis of a general and varied 4-H record book and is one of the most difficult in state competition.

Judging to determine the winners was first done on a county basis; then the district and finally statewide. The member's leadership and achievement records, length of membership, participation in local, county, district and state activities; production records and overall achievement as shown by the records submitted were all factors in the final

HD Agent's Notes

BY MISS ETTIE MUSIL

We were all inspired during the District 1, 4-H Adult Leaders Workshop in Ceta Canyon Camp last week. It was so good to see 151 leaders, agents, and specialists taking time out from their busy farm and home schedules to attend the 3-day training.

It was unfortunate that we had but one adult leader to attend. Mrs. U. L. Lesly of Farwell was our only leader who could attend. Several leaders had planned to go but could not at the last minute due to illness and harvest.

We had a good time exchanging 4-H club ideas with leaders, agents and specialists. The way everyone talked, you'd think the 4-H clubs were the club they lived and breathed. Many new friends were made from other counties. Everyone seemed to have learned so much to take back home to strengthen their 4-H clubs.

An ideal set up would be to organize boys and girls as joint clubs. Each club would have an organization leader and several subject matter leaders in subjects of interest to the boys and or girls projects or result demonstrations. All organization and subject matter leaders would be trained by the county extension agents.

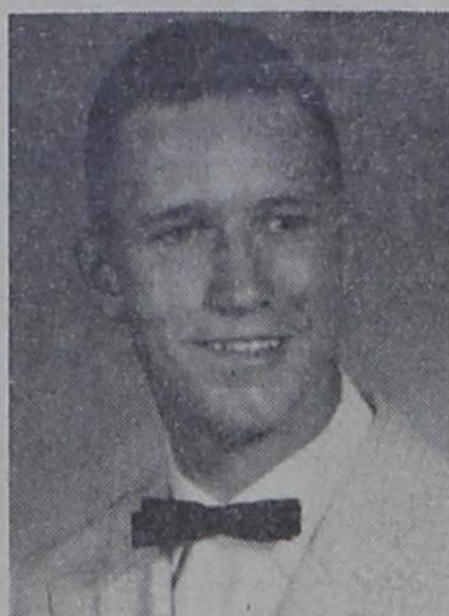

One joint club meeting would be held each month which would include an inspiration, business, program and recreation planned by the 4-H club members. It would be the duty of the organization leader to plan the meeting with the officers of the club so that the meeting would be well organized and run smoothly. Inspiration would take about 10 minutes, business about 15 minutes, program about 15 to 20 minutes, and recreation about 30 to 45.

The second meeting would be for special subject matter groups for boys, girls, or boys and girls depending upon the project interest of the youth.

Trained subject matter leaders would present or be responsible for the program. This could include tours, field trips, speeches, method demonstrations, or workshops. Rhea, Lazbuddie, and Farwell 4-H Club girls are already conducting subject matter groups using the leader and member guides in Favorite Foods program. Friona 4-H Club boys have beef cattle and field crops subject matter groups already functioning.

Organization and subject matter leaders would be trained according to leader guides developed by Extension Service Specialists in each field of study. These subjects could include automotive, citizenship, clothing, favorite foods, field crops, beef cattle, swine, money management, time and energy management, recreation, entomology, health, parliamentary procedure, home improvement, wildlife, and others. Each club member would be furnished a member's guide to follow in completing his or her project.

We have so much more information on strengthening our 4-H program in Parmer County. If you wish us to help you in your present club, to organize new clubs in your community, or to reorganize community clubs both Deryl Coker, County Agricultural Agent, and I would be happy to meet with you.

Richard Chitwood
4-H Club winner

The U. S. Department of Agriculture estimates that production of farm commodities in the U. S. S. R. during 1958 was about two-thirds of the U. S. level.

During 1958, the latest year for which comparisons are available, Soviet farm production made up 11% of the total world agricultural production and U. S. farm production comprised 16%.

ASC Designates Wheat Allotments

Farmers who wish to file an appeal for a higher yield index on their wheat acreage should do so by Oct. 6, Prentice Mills, ASC office manager, said this week.

If the yield rating assigned by the county and community ASC committees is not satisfactory, yield records for the preceding year must be presented at the ASC office in Farwell to document an appeal for a higher rating. Over 150 farmers have al-

ready made appeals and plan to participate in the 1962 wheat acreage ASC program, Mills said.

"We expect to start signing farmers for participation in the 1962 wheat stabilization program by Oct. 16," Mills said Monday. All who wish to participate must register with the ASC before Dec. 1.

Participants in the barley program must also register during this period, according to Mills.

Weights And Measures Fees Announced

A New York statistician recently estimated that inaccurate grocery scales are costing citizens of that city more than \$4,000 per day.

Grocery scales alone! Not to mention gasoline pumps, drug-measure scales, large commercial scales and the many other weighing and measuring devices on which our daily trade depends.

Who loses when scales are inaccurate? It may be the seller or the buyer, depending upon the maldadjusted scale. But somebody loses. And it amounts into the millions each year throughout the United States.

The Texas Department of Agriculture is charged with the responsibility of keeping many of our weights and measures devices accurate. The round tag on gasoline pumps across the state means a department inspector has been there to make sure you get a full gallon of gas on each purchase--no more, no less. The grocery scale at the supermarket checking counter, the meat scale in the rear where prepackaged meats are made

up, the truck scales where agricultural and other transit products are weighed--all these are regularly checked by the department field men.

The expense of such a program can be enormous, considering the scope of activity in a state the size of Texas. Money to maintain the inspection program is always at a premium.

This year, the Texas Legislature has levied a fee system in order to make the program more nearly self-supporting. To reduce the need for additional tax money, the scale owners, themselves, will be assessed a small fee to keep the inspection program going. But in the long run, the accuracy of the adjusted scale itself will prevent the owner from losing far more money on under-weighted sales items than the fee he paid.

The fee system went into effect September 1st of this year as follows: For each gasoline, kerosene and diesel pump, 50¢; each scale with capacity up to 999 pounds, \$1.;

scale capacity from 1,000 to 1,499 pounds, \$2.50; scale capacity 1,500 to 4,999 pounds, \$5.00; scales 4,999 pounds and over, \$10.00. In addition, each butane and propane measuring device is \$5.

Full measure for every dollar spent by the consuming public is the goal of the Texas Department of Agriculture.

Cotton markets threatened

WITH THE COUNTY AGENT

DERYL COKER

The supply situation facing cotton today contains all the elements that led to vast market losses, and a threat to American security, during the Korean War, the president of the National Cotton Council warned today.

J. Clyde Wilson, Phoenix, said this points to an acreage increase next year over that established for 1961 in order to avoid the threat of a shortage of American cotton. He said a committee of the council is meeting with the secretary of agriculture September 21 to review the problem.

The secretary is required by law to set the national acreage allotment by October 15.

The committee, appointed by the Council board at the close of its meeting last week in Fresno, is headed by Wilson. In a letter this week to the Council's delegate membership, he said the board's request for an acreage increase is based on the following facts:

1. The carry-over of old crop upland cotton was down to 6.8 million bales on August 1, and official estimates of the U. S. Department of Agriculture indicate a further reduction this season.

Foreign stocks, in relation to business volume, are around the low point for the entire post-war period and contain nothing to offset a war threat.

2. The USDA's estimates for the current season, indicating only a modest reduction in the carry-over by next August 1, are relying on an export figure of only 5,75 million bales. There are indications of a higher export volume. If the national acreage allotment should turn out to be inadequate, a rush of export orders to build up foreign stocks could be expected. This could exhaust stocks and bring on export limitations, with soaring world prices to foreign suppliers.

3. If present trends are maintained, the most likely off-take in 1962-63 will be about 15.5 million bales. Considering the relatively tight stock situation, the acreage allotment should be designed to produce at least this many bales.

4. Recent trends in yields per acre and in under-plantings demand that these factors be given full weight in calculating an acreage allotment capable of providing the production needed. This season, for the first time in many years, the estimated crop is substantially lower than the quota announced last October. Failure to take this into account could be enough in itself to result in a critical under-supply.

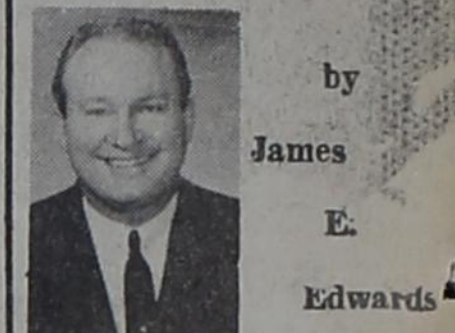

At this time of the cotton season farmers are always wondering if they should use a defoliant or a desiccant. Lets keep in mind that our normal freeze is just around the corner and that we need all the time we have to mature the cotton in the boll, that hasn't opened. However, if your cotton is 50 to 60% open it could be a paying proposition to put a defoliant on, or if your cotton is 75 to 80% open it could pay to put a desiccant on. If your cotton crop fits into either of the top two categories and you put a defoliant or desiccant on and it should come a freeze, you have not lost everything, for the cotton should open up a little faster, and you should be able to start stripping quicker after the freeze. A desiccant will make the leaves dry and stick on the stalk, while a defoliant will cause the leaves to drop. Bulletins are available in the County Agents office giving approved defoliants and desiccants.

Also, this is the time of year for 4-H members who plan to feed lambs or barrows for the spring shows to be looking around and finding some suitable animals to feed. A barrow farrowed in September will be approximately 6 to 7 months

old for the spring shows. A lamb must be under one year old at show time and must have his baby teeth in tuck.

The question has come up about using desiccants on grain sorghum. Lets keep in mind that the Food and Drug Commission has to approve any chemicals that we use on food grains or feed grains. If you plan to use a chemical of any kind you should check and see if it has been approved.

FOOTSAVING EDUCATION

When Does A Baby Need Hard-sole Shoes?

Most doctors recommend hard soles when the baby begins to pull himself up. There are good reasons for this.

The trouble is that too many mothers think of stiff soles when the doctor says hard soles. This writer has surveyed many doctors and found that they do not want stiff shoes on their baby's feet nor on themselves for that matter.

Hard sole shoes can and should be very flexible to allow normal foot functions.

Plus Grand Prize Of Expense-Paid Trip For Two To Cotton Bowl, January 1, 1962

Bovina Businesses 1961 Cotton Bowl FOOTBALL CONTEST

Weekly Prizes:
1st \$5
2nd \$3
3rd \$1

★ Expenses Include
2 Tickets To Cotton Bowl,
Paid Reservations For 2 At
Statler-Hilton Hotel
And \$55 For Food
And Traveling
Expenses

Contest Rules

1. There are 10 high school and college football games listed in ad. on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and traveling expenses to Dallas and the January 2, 1961 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Everyone, except employees of this newspaper and their families, is eligible to enter.

Burglars Strike Lanes

Thieves broke into the AA Bowling Alley in Farwell and escaped with between \$40 and \$50 in cash, and small quantities of cigarettes, candy and chewing gum early Friday morning, Charlie Lovelace, Parmer County sheriff, reports.

Bolts were removed from a section of steel siding on the building and the section was bent up to allow entrance, Lovelace said. The thieves used a large screwdriver to pry open the filling cabinet. Otherwise, little damage to the building

was reported.

The burglars were tracked about one quarter mile from the building to the spot where they had parked a vehicle, Lovelace said.

Walter Berringer, 38, was returned Sunday to Parmer County from Bryan, Texas he was arrested on forgery charges following indictment by grand jury Oct. 5, 1960. Berringer is charged with passing "hot checks" to two businesses in Friona.

Mrs. Wilma Whitley is being detained by the sheriff's dept. following grand jury indictment for burglary at the Sept. 6 jury session.

FHA Girls To Fair This Week

Some 40 Bovina High FHA members of Bovina High, with three sponsors, will leave Friday morning for a weekend trip to State Fair of Texas at Dallas.

The group will travel in two buses. They will leave here at 8:30 Friday and will return late Sunday afternoon.

Saturday will be the day the group visits the Fair with Friday and Sunday being used for travel.

Gilberto R. Valdez, 31, submitted a guilty plea to drunk charges before Justice of the Peace J. R. Thornton Monday and received a fine of \$20.50.

Seven criminal cases are scheduled for action before Judge E. A. Bills at the Oct. 11 session, Lovelace said.

The FHA Chapter makes one trip to State Fair each four years, Superintendent Warren Morton explains so each member will have an opportunity to attend during her high school career. This is year for the trip.

Second Grade Section Added

There are now three second grade sections in Bovina Schools.

An additional section, bringing total to three, was recently added. New teacher is Mrs. Dorothy Ware, a former home-making teacher here, Superintendent Warren Morton announces.

With a total of 72 second graders, 24 are in each section.

"Classes were too crowded when we had only two sections," Morton says, "And we feel it will be better for all concerned to have the additional classroom."

Middle Age: When your wife tells you to pull in your stomach -- and you already have!

Whittlin'--

good for community in more ways than one.

We want to encourage citizens, be they horse lovers or dudes, to go out to the new arena Saturday and take in the show. We think you'll enjoy it and the show, we think, is certainly worthy of community support.

May this show be surpassed only by those which follow it in years to come.

Only thing we see wrong with the show up to now is that its scheduled for a bad time. And what wouldn't be scheduled at a bad time, at least from our standpoint, if it conflicted with a World Series game, Texas A&M-Texas Tech football game and a newspapermen's meeting in Lubbock?
