Price 15c

Bill Savell, Jamie Parker and John Ward hold the burning note that retired a \$30,000 indebtedness against the First Baptist Church educational building. Ceremonies were held at the Sunday morning worship service with a dedication and open house held Sunday afternoon.

Experiment Station Sets Ram Performance Test

The annual ram performance test at the Texas Agricultural Experiment Station in Sonora is scheduled to begin September 29. Initial shearing is scheduled for September 27 or 28. Cooperating breeders should deliver their rams by or before September 24 in order that they can have a short

adjustment period prior to starting on test. It would be desirable that they be accustomed to eating dry feed at the time of delivery.

This year's test is scheduled for a 140-day feeding period, with a final weigh day scheduled February 16 and a field day scheduled March 17.

The ration to be fed will be the same as that fed in previous years. It is a commercially prepared pellet which in the past has given good performance.

Ideally, the rams should be entered in sire groups of four. However, there is no restriction on the number to be tested,

unless facilities become taxed. Any number from one upward may be entered. Also, the test is open to all breeds, and registration is not a requirement. In so far as possible, the animals will be fed in small pens with the pens to be assigned by a drawing when the rams are delivered. If more animals are entered than can be fed in small pens, a preference will be shown for those entered in sire groups of four, and additional rams will be fed in larger lots.

All possible precautions will be taken in care and treatment of rams, but if death losses should occur,

the Station will not be responsible. The owner will be responsible for any veterinary bills incurred during the test. The animals should not receive any drugs except those used for treatment of diseased conditions.

Only ram lambs are eligible for entry, and they will be checked by Station personnel at the time of delivery. In order to participate in the Rambouillet Registry of Merit Program, the lambs must have been dropped on or after October 1, 1975.

The test primarily serves a purpose in assisting breeders to locate superior rams in wool producing breeds or sire breeds. Current plans call for holding an auction sale at the end of field day on March 17.

Additional information or entry forms may be obtained from the Sonora Research Station or Fred Campbell, manager, Sonora Wool & Mohair Company.

AHA To Meet September 27

The Sutton County Chapter of the American Heart Association holds its next meeting September 27 at 6:30 p.m. at the Waterhole Restaurant.

The "dutch treat" meal will be followed by the meeting, conducted by Dr. David Owensby. The meal and meeting are open to the public.

Girl Scouts

Need Uniforms

Do you have a Brownie or Girl Scout uniform not in use? Many of the girls are in need of a uniform and your donation would be appreciated.

If you have an old uniform you would be willing to donate please contact Judy Webster at 387-2052 or Jeanne Jackson at 387-2375.

Faye and Herb Wood take a break under the shade of an oak tree after participating in the Couple's Tournament held last weekend at the local golf course. The Woods were third place winners in the third flight of play.

Trustees Renew Contract For Oil, Gas Evaluation

The board of trustees of the Sonora Independent School District met in regular session on September 14 and approved a new two year contract with Thomas Y. Pickett & Company of Dallas for their services in evaluating the district's oil and gas production.

The board approved payment of the basic

hospitalization costs of \$13.73 per employee. The district has a hospitalization insurance contract with Blue Cross of Texas.

The board accepted the bid of Caldwell Music Company for three sousaphones and approved payment of \$75.00 per pupil per year for those students being served by private transportation.

This payment will be in addition to the \$75.00 paid by the state.

Resignations were accepted from Jo Ellen Neal, Pat Ferguson, Jeanette Sipes and Arcelia Carrasco.

Lana Smith and Clara Brooks were approved as bus drivers and Nellie Adkins was employed to work in the tax office.

MUSEUM TO OPEN OCTOBER 2

The Miers Home Museum will be open Saturday, October 2 in the afternoon hours so that persons attending and participating in the Hill Country Firemen's Convention will have the opportunity to tour the museum.

Pam Powers, John D. Cook 4-H Beau, Sweetheart

Pam Powers was elected 4-H Sweetheart and John David Cook was elected 4-H Beau for the 1976-77 year at a meeting of the Sutton County 4-H Club last week. The two 4-H members will be honored at the Annual 4-H Achievement Party and 4-H Ball which will be held October 4 at the 4-H Center.

In other business, 4-H members elected the outstanding woman and man 4-H leader and the outstanding 4-H contributor for the 1975-76 year. A 4-H Center Clean-Up meeting was scheduled for Saturday, September 25 and other fall activities of the 4-H club discussed. Rodney Knight, local game warden and 4-H leader, presented certificates and shoulder patches to boys and girls who completed the Parks and Wildlife Department Hunter Safety Program sponsored by the 4-H Club last spring.

Flaire Lane Commended

Flaire Lane has received a letter of commendation from the National Merit Scholarship Corporation for outstanding performance on the 1977 preliminary scholastic achievement test which was given last October to high school juniors.

Flaire's score places her among the top two percent

of the U.S. secondary school seniors.

She is the daughter of Mr. and Mrs. Joe Lane and is a senior student at Sonora High. She has maintained a 92 average through high school. Head twirler for the band, she plans to attend college at Texas Tech next fall, majoring in English.

Broncos Take 34-14 Win Over Hosting Punchers

by Don Holdridge
That old intangible momentum sided with Sonora Friday night as the Broncos held their old rivals the Mason Punchers almost punchless, 34-14.

Bronco head coach Bill Bundy cited Bronco touchdowns immediately before and after the halftime break as the key to victory.

With only 22 seconds left in the first half, Mason quarterback Mitch Rasberry dropped deep for a desperation pass. Tight coverage in secondary and a strong Bronco rush gave Rasberry little chance to throw.

Jack Lawson crashed into the Puncher signal caller on his blind side, separating him from the ball. A host of red and white shirts pounced on the ball on the Mason 32-yard line.

The next play quarterback John Elliott hit Craig Parker coming across the middle and the big wingback outran the Puncher defenders to the goal line. John David Cook's extra point kick missed, but the Broncos still took a 20-0 lead into the locker room.

Any Mason ideas of a comeback in the second half were quickly squelched as Parker bobbled the opening kickoff on the five-yard line, picked the ball up behind him and raced 98 yards down the sideline to the end zone behind a brick wall of blockers. Cook's kick was true and the Red Hosses had an insur-

mountable 27-0 lead.

Things were not always so easy as Mason took the opening kickoff and drove quickly to the Bronco eight-yard line before the defenders stiffened and took over on downs. The drive was the last time Mason was able to make any serious threat against the Sonora defense until the verdict of the game was clear.

The Broncos took only 13 plays to consume the 92 yards needed with the TD coming on a four yard pass from Elliott to Garry Jones. Cook's PAT gave the Broncos a 7-0 margin.

Elliott's scoring toss was to be the first of three for the Bronco signal caller that night. Elliott's pinpoint passing was near perfect as he hit on eight of ten attempts.

Mason's next possession profited little and the Punchers were forced to punt from their own 45. The snap to Pat Ziriak hit the ground and bounced down the field crazily. The Puncher punter did manage to field the ball and get the kick off, but only for minus yardage as the Broncos had the ball only 38 yards from paydirt.

Johnny Creek bulled his way 18 yards, and two plays later, Elliott hit Creek coming out of the backfield for the Broncos' second touchdown. Cook's PAT gave Sonora a 14-0 first quarter lead.

The last Bronco tally was set up when Billy Bob Galbreath intercepted an errant Rasberry aerial intended for Elvis Martin.

It took the Broncos only 11 plays to move the ball 62 yards. Garry Jones' two yard sweep gave the red-and-white a 34-0 margin with little more than a quarter left to play.

Mason's two scores were a case of too little, too late. Both came on drives against units comprised mainly of Bronco reserves. The first came on a three yard plunge by wingback Ziriak late in the third stanza. The other came in the fourth period as fullback Ken Jordan

slashed off left tackle for sixteen yards.

The victory maintained Sonora's perfect record at 3-0 and rates them as at least a strong darkhorse possibility when the expected tough district race gets under way.

Robbie Hard, At Academy

Robert D. Hard, whose parents are Mr. and Mrs. Carl J. Hard of Eagle Pass, has entered his freshman year at the U.S. Air Force Academy.

Cadet Hard is one of more than 1400 freshmen who were officially accepted into the cadet wing after completing six weeks of intensive field training, physical conditioning and survival instruction.

Located eight miles north of Colorado Springs, Colorado, and occupying 18,000 acres of mesas and valleys at the foot of the Rocky Mountains, the academy specializes in both military affairs and scientific technology.

The cadet begins four years of academic study and military training that will lead to a B.S. degree and a commission as a

second lieutenant. Cadet Hard is a 1976 graduate of Sonora High School.

Robbie Hard

Herbert Fields, owner of Food Center, prepares to draw the winning tickets in the store's first anniversary celebration held Saturday. Three lucky persons took home prizes. [See winners on page 12]

Mrs. Dennis Hughes of the Sonora Petro-ettes pins a name tag on Mrs. Della McBride at a coffee held last week honoring new-comers to Sonora.

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective October 7, 1976.

It is expected that the requested rate schedule will furnish an 18 percent increase in the company's intrastate gross revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

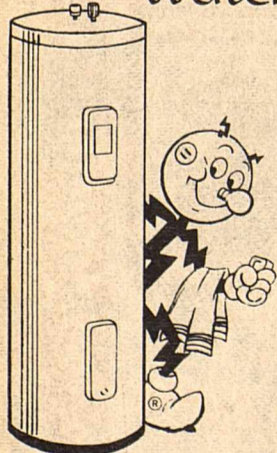

Remember
Reddy Supplies
 the energy—but only YOU
 can use it wisely!

Helpful Tips
 For your Dishwasher

- ★ A dishwasher will usually hold a whole day's dishes. It takes as much hot water and energy to wash one dish as it does a full load. Stack your dishes out of sight in your dishwasher and wait until you have a full load to turn it on.
- ★ Use only detergents manufactured specifically for dishwashers. A wetting agent helps prevent water spots on glasses and silverware.
- ★ Clean the filter screen often. A clogged filter can reduce the efficiency of your dishwasher.

Water Heater Tips

- ★ To assure long life and efficiency, the water heater tank should have a small amount of water drained periodically. Once a month should be adequate. The purpose of draining water from the tank is to prevent sediment build-up in the tank bottom.
- ★ A water heater that's old, or too small for your family needs, can be wasteful, because it's working too hard and using too much energy to keep up with your hot water demands.

Fred Campbell's Wool and Mohair Report

In overseas markets this past week, prices were slightly higher overall than they were the previous week. Coarser wools are in greatest demand and in shortest supply.

There are new rumors of devaluation of the Australian dollar, but the Australian government announced they have no intentions to devalue soon, but plan to borrow money overseas. There has been no apparent effect of this news in the wool market.

In the U.S., the primary activity this week was the showing of close to two million pounds of wool by the National Wool Marketing Corporation at Salt Lake City and another 750,000 pounds at Rawlins, Wyoming. At Belle Fourche, South Dakota on Monday, another showing is planned of one to two million pounds.

At Shiprock, New Mexico there was a sale of graded Indian wools on Friday, but no prices are available at this time.

In Texas, our warehouse sold 37,000 pounds of skirted ungraded 12 months wool at various prices ranging from 96c to \$1. On Wednesday this past week we received bids on 29,000 pounds of 12 months Blackface wool and 12,800 pounds of Blackface cross wool. These were sold at 77 3/4 c and 83 5/8 c respectively.

In the Texas mohair market, clean up sales of mohair are in progress. Only limited supplies of mohair are still available and prices remain strong. Current prices for fall adult are from 3.05 to 3.10 for fall yearling generally 3.50 to 3.75 and for fall kids about 4.25. These prices vary, of course, depending on the size and quality of the offering.

The second sale in Port Elizabeth, South Africa was held Tuesday, September 21. The mohair trade will watch this sale with interest for any signs of change in the trend. Currently, everything indicates a continued strong demand for mohair.

Sonora Elementary News

by Harold Miller
 Elementary Principal

The first few weeks of school are always exciting and full of anticipation of the coming school year. This year we are striving hard to keep this excitement throughout the school year.

One of the ways that we can keep the excitement and enthusiasm high is to provide a program that meets the needs of all youngsters.

To do this takes a lot of hard work on the part of

the teachers and staff. It means being able to look at each child as a special individual and make a program that is appropriate for him. This does not mean necessarily that it will be a one to one situation, that is one teacher working with one student. Now at times this certainly will take place.

Normally we find that there is a group of children that have similar needs so we can group them together to meet their needs. When we can

AMERICA The Bountiful

In the U.S. today, according to the Department of Agriculture, the average American can rely on getting about 114 milligrams of vitamin C a day from food—13 more than in 1965.

from HISTORY'S SCRAPBOOK

DATES AND EVENTS FROM YESTERYEARS

September 29, 1966

A strong Bronco defense and well coordinated aerial game defeated the Mason Punchers 12-6 in the second game of the season Friday.

Tryouts for junior high twirlers were held last week with Molly Morriss chosen drum major and Becky Tittle, Missy Brown, Kathy Hardegree and Cindy Hopkins chosen twirlers.

Lou Tower, wife of U.S. Senator John Tower, arrived in Sonora this morning, during her tour of West Texas.

Plans were announced Wednesday to add another San Antonio television channel to the cable system of Sonora T.V. within the next six weeks.

September 28, 1956

Pat Lyles has recently been awarded the Sonora dealership for International trucks and pickups.

David Archer was elected president of the student council of Central Elementary during elections September 21. Cleve T. Jones, III was chosen vice president; Irene Davis, secretary, and Sarah Sawyer, treasurer.

The Sonora Broncos won last Friday night in their

battle against a determined Iran eleven, by a score of 31-6. McCamey's Big Badger team will invade Bronco territory tonight for what promises to be the most highly contested game of the season.

A Coke party was held at the W.H. Dameron home Saturday honoring Miss Vicki Savell, bride-elect of Charles Shannon.

October 4, 1946

Riding rough-shod over a rough-playing team of Reagan County Owls, the Sonora Broncos piled up four touchdowns and one extra point to win their third game of the season by a margin of 25-0.

John L. Barrows, fireman, second class, has returned to the United States after serving for the last few months aboard the 35,000 ton aircraft carrier USS Antietam. This is the first trip the Antietam has made to the U.S. since the end of the war.

Miss Fannie Sellman and Bill Wade of Eldorado were married September 18 in the First Methodist Church at Kerrville.

Effective October 2 Artie Joy leased the Gulf Service Station operated for the past fifteen years by O.L. Richardson.

63 Years Ago

Jack Nabers arrived Tuesday with another Ford car that he has for sale. He has been to Houston division headquarters and is more of a Ford enthusiast than ever.

G.P. Hill, Jr., the sheepman, and his neighbors, Genard and Wirt Stephenson, threw their hounds together, struck the trail of a wild cat and after the cat had worn out the hounds, Giles had an opening and with his horse at a trot pulled down. The bullet struck the cat in the leg, severing an artery, and the dogs finished the job. Report is to the effect that Mr. Hill believes that they have captured the outlaw cat that has for the past two years been preying on his and his neighbors' flocks. There were thirteen dogs in the chase. Some of the boys may report later a history of the chase and the cat.

H. Thiers has been appointed deputy sheriff and jailer since John W. Martin resigned.

Dee's Notes

by Dee Nevill

Time was when a 2-inch rain in this country was Big News—now it's just a small shower! Monday's over 2-inch 'dribble' fell in a period of about four hours. Seriously, though, we should pause and be thankful for His blessings—water is one of our more precious gifts from our Lord. Many of us recall the dust bowl era—mud is much better than the alternative.

Sonora Woman's Club members are sponsoring a Fall bake sale October 12 at the Woman's Club building to benefit the Woman's Club Library. Mark your calendar and plan to attend.

Located on Water Street (the old San Angelo highway), is a new sand, gravel and dump truck service initiated by Ray Holmes. Open as of Monday was the Vargas Paint Mart, operated by Mr. and Mrs. Felipe (Tito) Vargas, III. It is located across from Thorp's Laundry. A Merkel couple visited last week and stated a Western Auto Store will open after the first of the year in a building which is to be remodeled, or perhaps dismantled and rebuilt.

The location is the old Elliott Chevrolet place on Concho.

Annual Ram Performance test at the Texas Agricultural Experiment Station is scheduled to begin September 29. Producers interested in entering rams for the test should contact Fred Campbell at Sonora Wool and Mohair, or Don Spiller, at the Experiment Station. The rams will be sheared September 27 and 28, and the first weigh day is the 29th.

Special orders for peanut brittle candy are being taken by Mrs. Kenneth Doyle of United Pentecostal Church. It would be helpful if holiday orders for Thanksgiving and Christmas giving would be called in early, Mrs. Doyle said. This is a project used for raising funds for the church.

Petro-etts hosted a coffee last Wednesday in the Larry Maddux home for Sonora newcomers whose husbands are associated with the Petroleum Industry. About 40 guests attended the 'get acquainted' gathering. Regular meeting for the Petro-etts is the first Tuesday and third Thursday monthly. Mrs. Elton (Maxine) Holt is club president.

As if we don't have sufficient inquiries from 'hopeful hunters' in Texas. Now comes request from Tennessee, Louisiana, and Florida, not to mention Oklahoma, New Mexico, and Crooked Creek Orchards in Sutton Bay, Michigan! Sure would like to meet the Texan (s) who has spread our fame so widely—perhaps he could also find places for all these folks.

Remember Ripley's Believe It or Not—well, believe it or not— we continue to receive requests for housing. Several folks have been by this week already. Now, a Border Patrolman, Sterling Smith, is being transferred from Van Horn. If you have a two or three-bedroom unfurnished house for a couple, call our office or the Smiths at 915-283-2917. Mrs. Smith says she is usually at home. They need something before October 10, and might even arrange to trade you a house in Van Horn, if this would help.

Coming soon -- The Hill Country Firemen's Association will convene here October 2 with Sonora's Volunteer firemen and their wives hosting. A business session is planned at the 4-H Center during the morning hours. Ladies luncheon at noon at the Methodist Church fellowship hall. 5 man and 3 man competitive racing at 3 p.m., at the fire hall. Trophies are to be presented at the evening barbecue, followed by a dance on the slab at the Community Park. Some 22 towns will be represented, and all past presidents of both the HCFA and the Auxiliary, who are living, will attend memorial services for the late Mr. Palmer West of Eldorado, who was noted for his faithfulness to the association. A very large crowd is expected for the events, and the public is invited and urged to attend the races and dance.

Do you remember...?..fil-

ling the kerosene lamps from the 55-gallon barrel out in the back yard and cleaning the globes with a piece of wadded up newspaper, or Sears catalog...better be teaching your grandchildren...if electricity, gas, etc., costs continue to advance, the information could come in handy for them.
 ...This morning's early norther heralded in approach of Fall weather.

Vocational Program Committee Holds Breakfast Meeting

The Advisory Committee for the Vocational Programs in Sonora High School met for breakfast in the Homemaking Department September 14. Mrs. Lola Beth Jones was chosen by the group as chairman and Mrs.

Jeryl Fields is secretary for the coming year. Each teacher presented his or her objectives for the year and received ideas from council members of ways to carry them out.

Other members present were Mmes. Irene Gomez, Olga Noriega, Faye Dunnam; Misses Toyah Jones and Irma San Miguel, and John Honea, W.R. Fort, and Dr. Elroy Otte. Mrs. Susie Maddux, Jim Miles, Charles Graves, Ben Solis, and W.L. Whitehead were unable to attend. Vocational teachers are Mmes. Diann Keller, Celeste Prugel and Lewis Ferguson.

St. John's

Extend Sale

The women of St. John's Episcopal Church held a rummage sale last weekend and because many choice items did not arrive at the parish hall early, they have decided to continue the sale into this week.

The sale will be open from 9 to 11 a.m., and from 3 to 6 p.m., Thursday and Friday, and from 9 a.m.-6 p.m. on Saturday.

Additional items have been included and prices have been lowered drastically. There is a good selection of ladies clothes, many pairs of good shoes, lots of men's clothes, especially work clothes. There is a fair selection of children's clothes, some toys, and of course a table of notions.

FHA Officers Entertain Members

The officers of Sonora Chapter, Future Homemakers, hosted a breakfast initiation for new and present members at the home of Mrs. Celeste Prugel, sponsor, September 11.

After seeing slides and snapshots of last year's activities, Irma San Miguel, president, discussed programs and other activities for the coming year.

The first event will be an Encounter Workshop to be held at 7:30 p.m., September 29 in the Homemaking Department. Members of Big Lake and Eldorado Chapters will be guests.

Officers Host Art Club

Newly elected officers of the Sonora Art Club were hostesses Monday night when the club met. A lengthy business meeting was held to discuss club projects for the year. Officers are Mmes. Willie Raphael, Joe Fincher and Johnny Martin.

Club members attending were Mmes. Estes Adams, James D. Cook, Phillip Cooper, Hershah Davenport, Morton Whatley, Clyde Hill, Travis Williamson, Buck Skains, Bob Snodgrass, Ira Gilbert, Terry Shinkle and Bobby Kinard. Mrs. Doris Weatherford of Odessa was a guest of the club.

NOTICE

Those persons receiving invitations to the shower honoring Gene Thompson and his bride-elect, Jeannette Quick, are notified that the invitation read October 24 and this in fact should be September 24.

VISITING

Sgt. and Mrs. Jerry Reed and two-month-old Marcus Reed, have been visiting in Sonora with her Mother, Mrs. Bonnie Garmon. The Reeds are stationed at Minot Air Force Base in North Dakota.

Mr. and Mrs. Charles Howard

Howards Honored

Mr. and Mrs. Charlie Howard of Gainsville were honored September 5 on the occasion of their 50th wedding anniversary.

Hosting the event were their children Mr. and Mrs. Charles Howard of Sonora and Mr. and Mrs. Dale Howard of San Antonio.

The reception was held at the Gainsville Grand Avenue Baptist Church fellowship hall.

Mrs. Taylor Host To Fire Auxiliary

Mrs. Robert Taylor hosted the firemen's auxiliary September 14 at the fire hall.

Following a business meeting members played 42. Dips, chips, chocolate cake, ice cream and punch were served.

Attending were Mmes. Louis Olenick, Sammy Odom, Robert Stokes, Gene West, Ronnie Crawford, Ronnie Hawkins, Carl Teaff, James Blackman, Mollie Hite and Vernon Humphries. Mrs. Joe Lowe was a guest. Winning high at 42 play was Mrs. Odom; 84, Mrs. West, and low, Mrs. Crawford.

Band Booster's News

Parents to bring sandwiches to the concession stand for the September 23 junior varsity game against Crane are Brandon, Galindo, Joe Smith, H. Hill, Draper, Noriega, Cooper and Gomez.

Two dozen cupcakes are to be supplied by Barton, J. Friess, S. Hernandez and Galindo.

On Friday, September 24 the varsity team will host Big Lake here. Parents working in the stand are Eddie Smiths, Calvin Van Hoozers, John Tedfords, Taylor Kings, Mary Sanchez, Linda Johnson, Robert Wilsons, Santos Hernandez, Abelino Sanchez and Joe Friess.

Cupcakes are to be brought by Surber, Wuest, Jennings, A. Sanchez and Earwood.

VISITING

Mr. and Mrs. Harold Briscoe of Midland visited his mother, Mrs. George Phillips and Mr. Phillips over the Labor Day weekend.

4-H Center Sets Clean-Up Campaign

Sutton County 4-H Club and 4-H Leaders Association members will meet at the Sutton County 4-H Center at 8 a.m., Saturday, September 25 to clean up the 4-H Center and grounds.

Members of the two organizations are encouraged to bring hoes, swings, rakes, axes, shovels, cleaning rags, etc., to help with the clean-up.

The 4-H Center Clean-Up should be completed by 12 noon.

All 4-H members, parents, and leaders are invited to assist with the clean-up program.

Pool Employees Complete ASU Management Course

When grown men go back to school after a number of years, that's news.

But when they like it, the school likes it, and the company that they work for likes it, that's really news.

In late August, Ron S. Bachman, a newcomer to Sonora, completed the Petroleum Industry Management course at Angelo State University in San Angelo. In recognition of the achievement, he received a certificate from the Director of Continuing Education and three hours of college credit from the business college.

Earlier in the summer, four other local men completed the same course. James C. Berry, Todd Churchill, J.W. Joiner, and Gerald Tinny. The five men work for Pool Company in the Sonora District office.

Tinny is district manager, Berry is field supervisor, Bachman is operations coordinator, and Churchill and Joiner are crew chiefs.

It isn't easy to go back to school, even if you're used to management level responsibilities. The courses haven't gotten any easier. They're tough.

"But one of the hardest things is sitting still so long," says Bachman. "Most of us aren't used to it."

The days were long. Classes in the concentrated short course began at 7:30 every morning and ran until 8 p.m., with two or three hours of homework left to do. Two 25 minute coffee breaks and 45 minutes for lunch left little time for other things.

Some nights it was past midnight before assignments were completed. Instructor Dr. Phil Lynch claims he didn't ever get to bed before 1 a.m., because of student requests for individual counseling.

The course, officially known as No. 4381 at Angelo State, was prepared by Dr. Lynch, who outlined management functions, administration, standards of performance, leadership, organizational development, and the art of negotiating, there were

nine guest lecturers--experts in their fields--who reviewed budget and cost controls, compliance with various government regulatory agencies, employment and employee rela-

tions, wage and salary administration, and benefit programs, and among other things.

"We have been amazed at the progress of the Pool men," says Don Hale,

who heads the continuing education program at Angelo State. "About 50 of them have completed the course."

"When they came to us to talk about setting up the Petroleum Industry Management program, there were a number of hurdles to be crossed--college admission for the men, university approval of the curriculum, instruction staff, and issuing of college credit for the course."

"However, initiating the program with Dr. Lynch and his material was easy. In fact, our instructors in the business college have asked to incorporate some of the material in their courses."

It was Frank M. Pool, president of Pool Company who first wrote to Angelo State President Dr. Lloyd D. Vincent, requesting the program. According to Pool, the program was conceived as a natural addition to the company's ongoing efforts to provide the best oil and gas well production services available.

"It takes creative engineering...and manufacturing...and maintenance to put first class equipment at wellsite, but the equipment is only as good as the trained men and professional management behind it. It's a full time, continuing program, and we're proud of our men. And we're proud of the school."

George Loch, vice president of Pool's North American Land Division was a main driving force behind the program. He describes it as "...a major step forward in our plan to develop the best professional management in the well servicing industry."

What do students from Sonora think?

"I've gained knowledge

TRAVEL TIPS AND TRICKS

When you're traveling with your family, there is no need to stick together in museums or shopping markets. You'll all get more out of the trip if you go your separate ways and compare notes afterward.

Many tours include a large part, but not all, of your tipping in overall cost. Be sure to check with your travel agent as to which tips are covered.

Tipping in a foreign country is simpler if you know the local equivalent of 10 cents, 25 cents, 50 cents, and a dollar. If you don't have a pocket currency converter, write these figures on a slip of paper and tuck it into your wallet.

Hard work, dedication and long hours are still essential to success in farming or ranching. But they no longer assure it. Today, it takes capital. And good money management with careful attention to cash flow. That's why there are Federal Land Bank loans on so many of America's best-managed farms and ranches. Long-term Land Bank financing is a dependable way to maintain a sound operation.

Sixty years of lending gives us more faith than ever in American agriculture.

Bundy Says Broncos' Passing Was More Than Adequate

by Kay Holdridge
"We did what we had to do to beat them," said Coach Bill Bundy in reference to the Broncos' 34-14 victory over the Mason Punters. "We had to move the ball and our passing game had to be there," said Bundy. Offensively, Bundy said that we moved well and the passing game was more than adequate. Bundy named Jimmy Black as having his best game blocking and was one of the key reasons for John Elliott's passing success.

Gregg Parker was given the nod as the best defensive player of the game. Bo Carroll had his usual fine game and is "one of the best linemen we have," Bundy said. Bundy stated that our weaknesses were mainly careless mental errors. "We blocked well sometimes and then at others we made mental errors," Bundy added. He also said, "We didn't block well on the tight end side of the line and that hurt us."

Bundy cited Elliott and Johnny Creek as offensive standouts. Elliott was 8-10 in the passing department, including three touchdowns. "Elliott gives us a throwing and running dimension to our game. He is a fine quarterback," Bundy said.

The Broncos are small physically and must have a balanced running and passing attack according to Bundy. Elliott gives us that dimension, Bundy added. "We can't play muscle beach with Big Lake,"

Bundy said, in reference to tomorrow's contest with Big Lake at Bronco Stadium at 8 p.m.

The Big Lake team outweighs the Sonora unit 20-30 pounds per man in most places.

"We need to move and sustain blocks, in order to beat the Owls," Bundy analyzed.

Big Lake has a 2-1 record, losing to Ozona in the second half and having easy times with their other two foes.

"They have four or five quality men and several others above average," Bundy said. They are basically a running team, but have a wingback named Thompson who is a

deep threat on pass plays.

The Big Lake quarterback, Teel, is a 6 foot, 3 inch, 180 pounder who can cover 100 yards at a 9.9 clip. He will provide a quarterback option threat.

The Owls run a power series along with the option and have a fullback who can run the line.

"We will have to have a balanced attack, because we lack physical size," Bundy said.

The Broncos are all healthy and will be able to play at full strength, the Bronco head coach said. The only regular who is questionable is Steve Chandler, a guard, who has been out with a neck injury.

Kickoff Time

7th Grade Colts Shut Out Big Lake In Home Contest

The seventh grade Colts, coached by Dale Etheridge, won their second game of the season when they defeated the Big Lake team 18-0. The young Colts beat Rankin in their first game by a 12-0 margin.

Ponciano Castillo is the team's leading scorer. Castillo scored both touchdowns against Rankin and two of the three against Big Lake. Allen Stewart made the third score against the Big Lake Club. Defensively, the Colts

have held both teams scoreless. Leaders on defense include Pete Lira, Hector Samaniego, and Stewart.

Led by quarterback John Blankenship, the Little Hosses both pass and run effectively. Scott Savell, Stewart, and Castillo do most of the ball carrying chores.

Both the eighth and seventh grade Colts will travel to Crane today for a 4 p.m. 7th grade game to be followed immediately by the eighth grade contest.

8th Grade Continues Winning Streak

The eighth grade Colts continued their winning streak that began with their first seventh grade game by trouncing Big Lake by a 28-0 margin. This was the second victory in as many games for the talented unit.

Steven Chandler began the scoring with a 50 yard touchdown reverse around left end. The two point PAT failed, but the Colts were never to be challenged again.

Quarterback David Creek ran over from 10 yards out in the second quarter and Chandler ran the two point conversion to allow the Colts to take a 14-0 lead into the fieldhouse at halftime.

After halftime, the Colts continued their point output as quarterback Creek hit tight end Tommy Burch with a 25 yard touchdown pass in the right side of the Big Lake secondary. Creek's two point conversion pass to Johnny Doan was on target and the Colts led 22-0.

Ronald Berkley scampared over from five yards out to end the scoring for the night. The PAT failed, but the Colts had a 28-0 shutout.

Defensively the Colts had a "good team effort,"

Gary Wuest, drum major

said Coach David Patton. The Colts have only given up one touchdown in their two games this year.

Patton cited Robert Ponsetti and Cades Pope as having excellent defensive performances, but was quick to point out that team effort was the key to the Colts' continued defensive success.

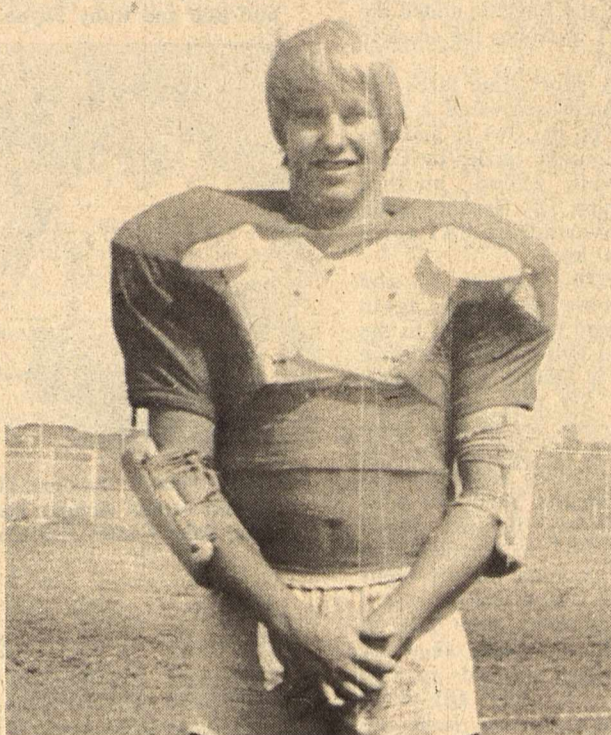

Over 40 Anyone?
If you're over 40 you can keep it to yourself. But don't forget to ask your doctor for a "procto" examination during your regular health checkup. The American Cancer Society says it's just plain common sense to protect yourself against colon and rectum cancer.

Broncos Stand 3-0 For Season Hosting Owls Friday Night

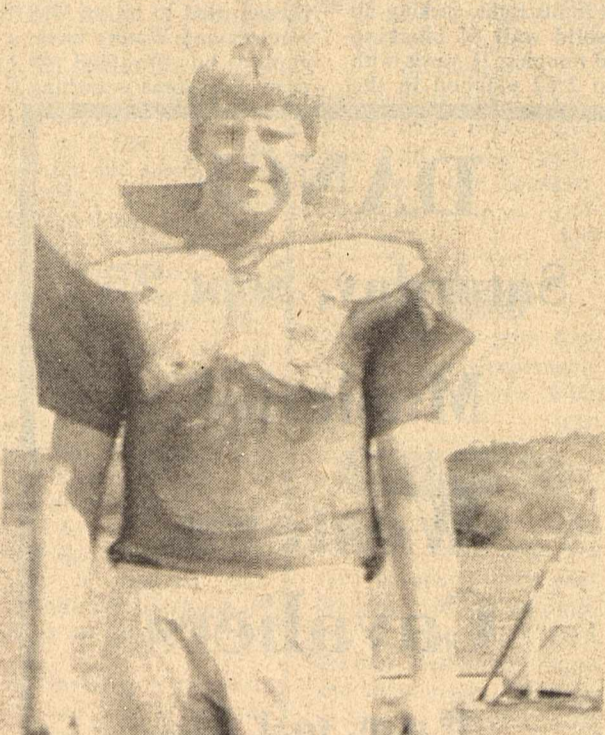

Larry Jones

Number 88 for the Broncos this year is senior Larry Jones. Larry plays offensive end and is a linebacker on defense. He is returning letterman and weighs 175 pounds. Larry is the son of Mr. and Mrs. J.H. Jones.

Jimmy Black

Jimmy Black, number 66 on the Bronco team this year, was one of the standouts of the team last Friday night. Jimmy, a returning letterman, weighs 175 pounds and is a senior. He plays guard on offense and tackle on defense. Jimmy is the son of Mr. and Mrs. Dick Black.

Chase Snodgrass

Chase wears number 65 for the Broncos and weighs in at 200 pounds. He is a sophomore and plays guard offensively and tackle defensively. He is the son of Mr. and Mrs. Bob Snodgrass.

Jack Lawson

Jack Lawson is another senior on the Bronco squad. Jack plays guard on offense and is a defensive end. He wears number 62 and weighs 145 pounds. Jack is a returning letterman and is the son of Mr. and Mrs. Don Lawson.

Junior Varsity Overpowers Big Lake Owls

by Bob Granger
Spearheaded by tailback Jimmy Waters, the Sonora J.V. Broncos unleashed a powerful ground game that amassed 316 yards and galloped past a stunned Reagan County Owl J.V. team, Thursday night in Big Lake by a

score of 40-16. Waters crunched out 130 yards rushing with Cody Savell, Eddie Favila and Benny Granger surpassing the 50 yard rushing mark each. Outstanding blocking by the Broncos continually opened holes for the

Bronco backs to gain good yardage. Freshman quarterback Kent Cagle opened the game for ailing quarterback R.B. Alexander and did a fine job of directing the Bronco offensive attack.

The Broncos struck early as they kicked off to the Owls, forcing them to punt on their first possession. Waters fielded the punt on his own 29 yard line and out to his right, picking up a solid wall of blocking and romping 71 yards with just 2:52 elapsed in the

game. The PAT by John Bautista was not good. After holding the Owls again, the Broncos began an eight play drive from their own 30 yard line. Waters climaxed the drive as he scampered the final 38 yards with 7:32 left in the second quarter. Bautista added the PAT to send the Broncos on top 13-0. With time running out the first half, Owl QB Owens tried to hit an Owl receiver and Waters intercepted on the Owl 45 picking up some crunching

blocking by the Broncos and blazed 45 yards for another Bronco TD. The PAT try was not good so the Broncos went to the dressing room with a 19-0 lead at halftime. After taking the second half kickoff on their own 40, the Broncos marched 60 yards in seven plays to score and put the game out of reach for the Owls. Fullback Benny Granger plunged in from two yards out and Bautista added the PAT to mount the score to 26-0.

A short time later the Broncos recovered a fumble on the Owl 15 and two successive carries by Cody Savell added another Sonora TD. Bautista again converted the PAT for a 33-0 lead.

Still plagued by the fumble, the Owls again turned the ball over to the Red-Hot Bronco defense on a fumble on the Owl 37. Six plays later, the Broncos scored their third TD of the third quarter as Joey Kirby banged across from one yard out with 2:20 left. Bautista added the PAT to complete the J.V. scoring for the night with a 40-0 lead.

The Owls came back on their next possession and marched 63 yards in nine plays to score. QB Owen punched across from one yard out and also scampered across for a two point conversion to give the Owls 8 points with 8:48 left in the game.

The final score of the ball game came on a 20 yard scoring play from QB Owen to Mitchell with 43 seconds left in the game. QB Owen romped in for the two point conversion to final out the score at 40-16.

The Bronco J.V. will entertain the Crane J.V. here Thursday at 6:30 p.m.

Prelude to a Date

The wheels are turning... those mental wheels... and the emotional ones, too—that in this "computer age" solve the equations of romance.

And like any computer the teen-age mind operates the way it has been programmed. Already he has some firm ideas about girls, and she equally firm ideas about boys. Each knows the kind of person he likes, the kind of character he respects, the kind of relationship he considers worthwhile.

Of course, the immediate question is whether to date. But the deeper question, of serious concern to their parents and to their own future: what standards, what principles, what convictions will they bring with them on a date?

That part of the programming, Parent, is largely your responsibility. And only YOUR CHURCH can effectively share it with you!

Iraan Man Dies

A one-vehicle accident September 15 took the life of a 26-year-old Iraan man when the car he was driving ran off the road on a slight curve and slammed into a tree.

The accident occurred in the early morning hours on the IH 10 service road 5.8 miles west of Sonora.

Dead at the scene was Jimmy Lee McKamey, an oil field roustabout.

Funeral services were held September 16 in the First Christian Church in Iraan with burial in the Iraan Cemetery.

MILK FOR EVERYONE

Milk is one of the most valuable nutrients of infants and grown-ups; but some people find it difficult to digest...A new process may produce DIGESTIBLE MILK--for everyone!

Curiously, non-white races seem to have problems with milk, because they lack an enzyme that enables most whites to digest one of its elements-----Lactose. This is of concern to medical experts because some infants are affected with severe cases of diarrhea.

Now, experiments conducted at the Univ. of Rhode Island, in which some enzymes added to milk change Lactose into simple sugars, make milk easier to digest. And though it tastes slightly sweeter, it retains the same nutrients and it's not much costlier.

At BRONCO PHARMACY you get the same dependable medical supply service day in and day out, and our prices are always reasonable. So stop in and try us soon...BRONCO PHARMACY, 116 N.W. Concho, or PHONE: 387-3534.

Spanish Rice
Green Salad
Pineapple Cake
Hot Rolls
Milk

Friday, October 1
Cheeseburger
French Fried Potatoes
Lettuce, Tomatoes, Onions
Ice Cream
Milk

Police Reports

City police answered a call September 14 to a local restaurant regarding a male customer who had become ill. Authorities took the man to Hudspeth Hospital.

On September 16 at 3:30 p.m., Ray Haynes, supervisor of McVean and Barlow, reported the theft of a CB radio from a pickup belonging to one of their employees. Entry was gained by prying open a vent glass on the vehicle. The theft occurred at the business site.

On September 17 the police answered a call at 11:30 p.m., regarding reports of gunshots. No arrests were made.

An accident on a grocery store parking lot involved autos driven by Amanda Covey and Janis Weathers.

Another accident occurred on that date involving Orvel McKee of Coleman and Billy Don Sims of Sonora who was driving a truck belonging to Hooper Trucking Company at the time of the accident. According to police, McKee was northbound on Dollie Street and was struck when he pulled into Tayloe Street. The truck was westbound on Tayloe and struck the McKee auto in the right side, continuing for another 20 feet, striking a metal fence before coming to a stop. No serious injuries were reported.

Lyle George was taken into custody on the 17th by local city officers after taking a billfold from a resident at a local overnight trailer park. George was charged with theft of under \$5 and confined in the county jail.

CHILD FIND

Do you know of a handicapped child between the ages of 3-21—who is not in school?

Texas now provides a free public education for EVERY child.

CHILD FIND is looking for these handicapped children. They may be mentally retarded, learning disabled, emotionally disturbed, or health impaired.

And when we find them, they'll be given services fitting their own personal needs.

Make the call that makes the difference. Call

AVISO PUBLICO

RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION

ELECCION GENERAL DEL 2 DE NOVIEMBRE DE 1976

NUMERO UNO EN LA BOLETA (S.J.R. 49)

Revocando Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas, S.J.R. 49 enmienda Sección 49-c del Artículo III de la Constitución de Tejas para disponer y autorizar \$400 millones adicionales de bonos para el desarrollo de agua en Tejas que se puede emitir a la aprobación de dos terceras partes de los miembros de cada cámara de la Legislatura para tales fines de desarrollo del agua que la Legislatura pueda prescribir. La enmienda contiene prohibición específica contra el uso de fondos del estado para el desarrollo de recursos acuáticos del Río Mississippi y también requiere que antes de que pueda encargarse de cualquier proyecto particular para el desarrollo de agua que requiere un gasto de mas de \$35 millones de producto de los bonos, debe de ser aprobado por resolución de la Legislatura.

NUMERO DOS EN LA BOLETA (H.J.R. 99)

H.J.R. 99 propone una enmienda a la Constitución de Tejas para aumentar de \$100 millones hasta \$200 millones la cantidad principal agregada de bonos para el desarrollo de agua en Tejas que se puede emitir y que están en circulación por el Texas Water Development Board para proveer donaciones y préstamos para la mejoría de la calidad de agua como establecido por la Legislatura. La fraseología de la enmienda propuesta como aparecerá en la boleta es lo siguiente: "Una enmienda constitucional para incrementar desde \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán ser emitidos con el propósito de mejorar la calidad del agua."
