The Devil's River News

Published in Sonora, Texas -
"The Capital of the Stockman's Paradise"

Wednesday, September 28, 1977 The Devil's River News Sonora, Texas 76950

Kindergarten is a time of joy and learning and these Sonora youngsters are no exception. Donna Pierson (left to right), Toshia Ryan, Mary Ann Sanchez, Dawn McMinn and Esmerelda Castilleja were caught by Devil's River News photographer Debbie Hard Monday at recess time.

What Am I Bid? Auction Proceeds Total \$10,810

"What Am I Bid?", asked Lem Jones of Scottsdale, Arizona, auctioneer for the 40th Annual Lions Club Auction Sale held last Tuesday night at the 4-H Center.

Jones' question, asked over and over again throughout the night, was answered in donations amounting to a total of \$10,810, the most of any sale ever held in Sonora.

A Pole tree trimmer, pool cue, cheese cake, steak dinners, dog food, deer block, cosmetics, homemade foods, and lodging at local motels, were just a

very few of the items donated for the sale by merchants and individuals. A total of 153 items were auctioned off.

The mystery package, which every year, is redonated and auctioned off again, was donated this year by Haynie Davis, and resold to Mack and Addah Cauthorn for an all time high of \$1,650.

Monies collected from these annual auctions are used for many worthy projects throughout the year including 4-H work, crippled children's camp, Girl Scouts, band boosters,

Chamber of Commerce, firemen's training school, Concho Valley Home for Girls, the annual 4-H wool show, community sign, Boy Scouts, hunting party, welfare council, Little League baseball and the Sonora Speech Meet.

Sonorans are always generous at the auction knowing that the proceeds go to support and assist in these projects.

Where else would you find people generous enough to pay \$25 for one pie, \$340 for a cake, \$90 for a loaf of bread, \$50 for a worn out coach's whistle, or \$105 for a teddy bear?

Davenport Purchases Foodway

Herschel Davenport has purchased the Foodway Store of which he has been manager for the past eight years. The sale becomes effective Thursday.

Davenport came to Sonora in 1969 when the local Foodway Store belonged to Kimbell Grocery Compa-

ny. In August of last year the store was sold to Winn Dixie of Jacksonville, Florida.

Davenport says the store name will remain Foodway and store personnel will remain the same with Willie Gutierrez serving as assistant manager.

Tax Study To Be Conducted

A county-wide tax equalization study will be conducted by Southwestern Appraisals of Austin beginning in October.

Sonora City Aldermen,

Sutton County commissioners and Sonora School Board trustees have agreed to conduct the joint study, which is expected to be completed by June 1978.

Calvin Van Hoozer, Texas Parks and Wildlife Dept. biologist, killed a five foot rattle snake last week on Martin St. near Savell St. Area residents should take special precautions and warn children to beware of these dangerous snakes.

4-H FOOD LEADERS NEEDED

Sarah Mahon, County Extension Agent reminds all ladies interested in working with a 4-H foods group, of the leader meeting next week. It will be

held Tuesday night, October 4 at 6:30 p.m. at the 4-H Center.

More leaders are still needed and anyone interested in helping is welcome to attend the meeting. For

further information call 387-3604.

Texas Agricultural Extension Service programs are open to all regardless of race, creed, sex, or national origin.

Sonora Conducting Survey

Sonora Independent School District is conducting a survey to determine what Sonora citizens think of the job their schools are doing. This survey is a part of a Texas Education Agency requirement. Every state accredited school in Texas is being required to adopt and implement a five-year plan as a part of the accreditation process.

Last year, our school adopted goals. Now we are asking students, faculty members, parents, and other citizens to tell us whether these are the goals we should be

working toward and whether we are meeting these goals.

This survey, in the form of a nine-page questionnaire, is being mailed to about 500 citizens. You are asked to rate the goals and also rate how well we are meeting the goals.

We want to call attention to the fact that this questionnaire is printed on front and back of the page. We did this to save paper and postage.

It is extremely important that we get these questionnaires filled out and then get them back.

If you can't bring it or

send it to the Junior High Building or to the Devil's River News office, we will arrange to pick it up if you will call 387-3023 and tell us where to pick it up.

This is one way you can have a part in improving your school. And there is always room for improvement in any school.

Your helping in this way will be greatly appreciated.

Knight Wins \$25 Prize

Rodney A. Knight picked 13 correct winning football games and predicted the tie-breaker at Houston 17, Green Bay 10, to take the Devil's River News Football Contest prize this week.

Four other entries also picked 13 winners, but Knight had the closest tie-breaker score.

Other near-winners were Reba Hudson, Lee Burch, Warty Alley and Louie Trainer.

Industrial Arts Names Officers

Eric Olson was named president of the Industrial Arts Club with R.B. Alexander named vice president.

Other officers named were Tony Butler, Steve King, Eddie Favila and Howard Brittain.

W. Stubblefield Dies In Midland

Mr. Wilton Stubblefield, 58, of Midland, died September 19 in a Midland Hospital.

Funeral services were held September 21 in the Newnie W. Ellis Funeral Home with the Rev. Jim Miles, pastor of the Presbyterian Church of Sonora, officiating. Burial Masonic graveside servic-

T. Mounce Enlists In Air Force

Tommy Mounce, son of Mrs. Margie Mounce recently enlisted in the United States Air Force in

San Antonio. He departed San Angelo enroute to Lackland AFB, San Antonio, where he will attend six weeks Basic Military Training Course.

Airman Mounce selected the general job training according to Sergeant Mike Allums, the Air Force Recruiter in San Angelo.

was in Sherwood Cemetery near Mertzton, where es were conducted.

Mr. Stubblefield was born July 12, 1919 in San Angelo. He married Kate Gourley in San Diego, Calif. June 30, 1945. He entered the U.S. Navy in 1944 and was discharged in 1946.

At age 21 he joined the U.S. Border Patrol and was employed by them for eleven years before joining the San Angelo police department where he was employed for two years.

In 1953 he and his wife moved to Midland and he was a police officer for two years before joining the Midland County Sheriff's Department and served as deputy sheriff for 21 years.

Survivors include his widow; his father, Stephen Aubrey Stubblefield of Sonora; two brothers, Nelson Stubblefield of Sonora and Wayland Stubblefield of Goodlettsville, Tenn.; and one niece, Mrs. Selma Nelle Glasscock of Brady.

Sonora Broncos meet at the goal line after every game and spend a few quiet minutes together, Coach Bill Bundy leads the team in their traditional Lord's Prayer after last week's Big Lake contest.

City-County Split Airport Support

Sutton County Commissioners and Sonora City Aldermen voted in a special meeting Monday to establish a five-member Airport Authority, dissolving the Airport Advisory Board.

The new Airport Authority will have total responsibility for the complete management of the airport, with the county and city splitting financial support half and half.

Under the new plan, the authority will report jointly to the city and county through regular operating

reports.

Two authority members will be selected by the city and two by the county and one will be named by the four appointees.

Two year, non-pay terms have been set for the members.

City appointees are Joe Kiowski to serve until Jan. 1, 1979, and Rosemary Mathews to Jan. 1, 1980. Both Kiowski and Mrs. Mathews served on the airport advisory board.

County appointees are Ken Braden to serve to Jan.

1, 1979 and Gay Copeland to Jan. 1, 1980.

The city and county will each deposit \$2500 on a quarterly basis in a bank account to be established by the authority. All revenues from airport operations will be deposited to the authority.

Adult Education, Spanish Classes To Begin Oct. 3

The Adult Basic Education classes will begin in Sonora Junior High School on Monday, October 3, at 6:30 p.m. Classes in the basic academic subjects such as reading and math will meet each Monday and Wednesday from 6:30 p.m. to 9:30 p.m. These classes are made available to the students at no charge.

High School each Monday and Thursday night from 7 p.m. until 9 p.m.

The first class and registration for the class will be held in Room 4 of the junior high school on October 3, at 7 p.m. The class will end on Thursday, November 17. There will be a tuition charge for this class. The amount of tuition will be determined by the number of participants in the class.

Anyone having questions about the adult education classes should contact Bill Fort at 387-2220

In addition to the basic academic courses there will be a class in Conversational Spanish. This calls will meet in the Sonora Junior

Murder Suspect

Enroute To Sonora

County Sheriff Bill Webster and Kimbell County Sheriff John Lockett, are expected back from Indiana tonight where they have gone to serve a murder investigation warrant.

The body, tentatively identified as that of Thomas J. Brown of San Francisco, California, was buried in Sonora Cemetery in an unknown grave on May 11.

Authorities in Indiana state that the badly decomposed body was that of Brown according to a confession by Russell, who stated that he killed the man, who picked up he and a hitchhiking companion, by strangulation.

John Sherman Russell of Lebanon, Indiana will be brought back to Sonora for investigation in the death of an unidentified white male found 12 miles east of Sonora on Highway 290 in April of this year.

Local Youth To Celebrate 4-H Week

The 200 4-H members in Sutton County will be among 5.8 million youth from across the U.S. celebrating National 4-H week, October 2-8.

"4-H Freedom to Be" is the 1977 theme and incorporates the American free enterprise system and the responsibilities held by 4-H members into special

activities planned during the National celebration.

Some special programs have been planned for Sonora Elementary and Jr. High Schools. Monday, October 3 beginning at 10:30 a.m., members of grades 3-5 will participate in a school assembly. A slide set explaining 4-H will be shown. Then students

will have a chance to view exhibits and talk to 4-H'ers concerning 4-H projects and activities in Sutton County.

A similar program will be conducted Monday afternoon beginning at 2:30 p.m. for students in grades 6-8.

This year's National 4-H Week is dedicated to the

inner growth of each member through his own personal freedom to search for knowledge and acquire new skills, says Sarah Mahon, Sutton County Extension Agent.

The 4-H way of "learning by doing" emphasizes the freedom of a youngster to choose his own path of learning to help him

achieve his goals.

Whether a 4-H youth's activities lead him through programs in foods, nutrition, clothing, leadership, livestock, range, grass, horse or other newer projects in aerospace, shooting sports, child care, etc., he learns to express himself individually, adds Sarah.

Police Reports

THEN NOW!

Sept. 19

A family disturbance at 10:50 p.m. was settled on arrival of officers.

Sept. 20

6:37 p.m., A complaint regarding a speeding driver was answered.

Sept. 21

8:15 a.m., An attempted break-in at a Del Rio Street residence was investigated.

3:50 p.m., One female was arrested and charged with public intoxication after police were summoned to a local bar.

Sept. 22

6 p.m.-4 a.m. - A local station manager requested officer assistance regarding harrasment. One juvenile was counseled.

9:40 p.m., A local service station attendant reported an accident and the vehicle leaving the scene. A possible hit and run is under investigation.

1:20 a.m., A truck driver called police reporting that his vehicle had been sideswiped.

Sept. 23

8:38 a.m., A woman resident of a Sonora mobile home park reported that two rattlesnakes were inside her bedroom. Police reported the snakes were of a non-poisonous variety.

3:15 p.m., A mobile home park resident reported a sick dog.

4:48 p.m., Police answered a report regarding two boys fitting the description of those who escaped Kerrville jail. Unit 5 advised both boys had been apprehended.

8:54 p.m., A possible forgery case was reported and is under investigation.

1:47 a.m., Speeding motorists were reported by a 3rd St. resident.

Sept. 24

9:10 a.m., A camera was reported stolen from a vehicle parked at a residence at Del Rio and Tayloe Streets.

Sept. 25

10:40 p.m., A possible prowler and suspicious vehicle was reported by a Tayloe Street resident.

10:48 p.m., Juveniles were reported as causing disturbance on Wilson Street.

10:55 p.m., An accident on Rock Ave. resulted in the arrest of one person charged with driving while intoxicated.

Representative Sets Oct. Visit

Peter Gonzales, social security representative for the San Angelo Social Security Office, has scheduled his October visit to Sonora. He will be at the County Courthouse on Thursday, October 20 from 9 a.m. to 10:30 a.m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Sonora may call toll free by dialing "Operator" and asking for "Enterprise 2058".

THEN: The year was 1932 and what a year it was. The nation was in the midst of the Big Depression and 13 million were unemployed. One of the most popular songs was "Brother, Can You Spare a Dime?" One of the few bright spots was the introduction of premium gift coupons on certain cigarette packs that were redeemable for gifts.

1978 CHEVETTES ARE HERE

They're a lot more car for a lot less money.*

Astounding, but true! The '78 Chevettes offer you even more car for less money than last year. We added 17 new standard features and still kept the price below last year's Chevette with the same equipment.

Here are a few of the new standard features included on the '78 Chevette! For starters, you get a peppy 1.6 Litre engine. And an AM radio. For looks, there are items like white stripe tires, sport steering wheel, body side moldings, deluxe grille, wheel trim rings... more!

You get all this added to last year's standard equipment.

The '78 Chevy Chevette. More than ever, it's a big value small car.

*Comparison of manufacturer's suggested retail price for a 1977 Chevette Coupe with features now standard on a 1978 Chevette Coupe.

J. LARGO

AMERICA'S BEST KNOWN WESTERN SCULPTOR

J. Largo has always been a historian, a story teller in Bronze, conscious of his role in preserving his national heritage. He has an awareness of that which is essentially American and feels a need to preserve this unique time of the Old West.

Largo's sculpture tells of the hardships of the journey and the struggle for settlement. They record forever the days of peace and days of war. Through J. Largo's sculpture the Cowboys and Indians, The Soldier and the Trapper, the Hero and the Outlaw all live again.

Sutton County Ranch News

Edwards Plateau Soil and Water Conservation District (S&WCD) board of directors election will be held Oct. 5 during the special bitterweed management session at the Sutton County 4-H Center. The election is for Zone 4, as outlined on the map, boundaries are Bond Road, IH-10 (Hwy 290), Kimble County Line and Edwards County Line. Current Zone 4 director is George Brockman.

Range Tour Hosts Gov. Briscoe

A range tour will be held on the Jimmy Powell ranch near Eldorado Thursday, starting at 9 a.m.

Following the tour, Governor Dolph Briscoe will speak during an afternoon program at historic Fort McKavett. Lunch will also be served at the Fort, located about six miles from the Powell ranch. Chartered buses will be used to transport people over the ranch and to Fort McKavett.

Sponsors of the tour are The Texas Section, Society for Range Management; The Eldorado-Divide Soil and Water Conservation District; The USDA Soil Conservation Service; The University of Texas System, and the Texas A&M University System.

Powell is carrying out an extensive grassland improvement program as well as a carefully planned supplemental feeding program based on laboratory analyses of forage made by the Texas Agricultural Extension Service.

As a result, carrying capacity on the 11,800-acre ranch has more than doubled.

Powell accelerated his grassland restoration work in 1969 when he worked out a detailed conservation plan.

The plan, after being approved by the board of directors of the Eldorado-Divide Soil and Water Conservation District, was used as the basis for a Great Plains Conservation Program contract which Powell entered into with the U.S. Department of Agriculture. GPCP is administered by the Soil Conservation Service.

The plan called for about 10,200 acres of tree dozing and range seeding. It also called for cross-fencing six pastures and adding 26 new water developments, including 9 windmills and two and one half miles of pipelines. Powell now has 12 pastures on the ranch, ranging in size from 300 yards to 1,300 acres, with a total of 34 livestock watering developments.

To date, Powell has increased his stocking rate from 24 animal units per section to 55 animal units per section.

When deer on the ranch are included in the calculations, Powell's stocking rate hit an almost unbelievable 60 animal units per section, or one animal unit to about 10.6 acres.

And that's in an area that averages only about 22 inches of rainfall per year.

Powell runs sheep, cattle, Angora goats, a few Spanish goats, and a string of horses. He uses a modified short duration grazing

Wildlife Field Days Set

Two Wildlife Field Days devoted to deer census techniques are scheduled in October for interested Southwest Texas landowners.

Sponsored by the Southwest Texas Agricultural Resources (STAR) Wildlife and Recreation Task Force, the Field Days will be held on Oct. 1 and Oct. 15 at separate locations. Subjects discussed will be the same on both dates, but locations will be rotated.

The first Field Day will be held at the J.M. Auld Ranch in Real County, at 2 p.m., on Oct. 1, and the second is scheduled for the Rothe Martin Ranch in Medina County, at 2 p.m., on Oct. 15.

Dr. Milo Shult, an area Extension wildlife specialist, said the programs will be informal with ample opportunity for producers to ask questions about their situations.

In addition to Dr. Shult, Bill Armstrong, a biologist with the Texas Parks and Wildlife Department will help present the two programs.

Specific directions on how to reach either of the ranches can be obtained by contacting the County Extension Service Office.

Ram Performance Test Begins

Weighing of 242 Rambouillet rams marked the opening today of the 30th Annual Ram Performance Test, conducted at Sonora's Texas A&M Experiment Station. "It looks like another outstanding group of rams," Station Director Dr. Leo Merrill commented. Most of the sheep are from Texas with a few black face from Ohio. The test will continue for 140 days, with weighing at 28 day intervals. "Our goal is to produce a mutton sheep with high fine wool," Dr. Merrill added. "We're getting close to our goal," he concluded. (Photo by Herb Jones)

Fred Campbell's Wool and Mohair Report

World wool prices continue relatively unchanged. Continued stagnant economic conditions in Europe and the threat of devaluation in Australia have kept the pressure on the finer, better types of wools. Some of the carding and off-types have firmed up slightly, however.

Big news in the wool business this past week was the large offering of fall wool in Texas. Near 1 1/2 million pounds were offered and sold at sealed-bid sales in Brackettville, Del Rio and Sonora. Prices generally ran from 85-90 cents for the better types of short ewe wools with

some choice lots in Del Rio bringing over 90¢. Lamb wools sold from 65¢ on the heavy defective wools to 85¢ on the long light clean lamb wool.

Here in Sonora we wold 165,000 pounds of 205,000 pounds offered. The wool here was carrying somewhat more burr than those at Del Rio. Paint free lots generally brought from 85¢ up to 88¢ for the better lots and the paint wools from 80-86. Our lamb wools sold in line with those sold elsewhere with our top price of 85¢.

Following the mohair sale in Port

Elizabeth last Tuesday Sept. 20, inquiries began to perk up. The South African market was off a gain-on the order of 7 1/2-10 percent for adult, 5-10 percent for yearling and 5 percent for kid.

Inquiries coming for adult are on the level of 2.10-2.12. Except for door-buying in central Texas at the \$2.00 level there is no reported sales of any adult below the \$2.25 figure. The bulk of the kid mohair has sold in Texas with most at \$4.00. The Sonora kids sold last week at \$4.05. The next sale in South Africa is scheduled for October 11.

Bitterweed Management Session Scheduled

The management of sheep on bitterweed will be discussed for nearly a full day here October 5.

The discussions, sponsored by the Edwards Plateau Soil and Water Conservation District, will be in the Sutton County 4-H Center.

Dr. Robert E. Steger of San Angelo puts bitterweed among the very worst problems of Sutton County sheep producers.

As a range specialist with the Texas Agricultural Extension Service, Dr. Steger has helped conduct demonstrations of bitterweed man-

Special Course in Uvalde

A four-day course providing instruction in artificial insemination of cattle is scheduled Oct. 10-13 from 5 p.m. until 10 p.m. at Southwest Texas Junior College in Uvalde.

Students may register during the first class meeting Oct. 10 in the office complex of the Kincaid Building. Registration fee for the short course will be \$100 for area residents and \$25 for SWTJC students.

agement the past five years on the Philip Jacoby Ranch.

Jacoby and Steger will report October 5 on the results of the demonstrations. In the afternoon, a panel moderated by Dr. George Ahlswede, of six ranchers will tell how they have tried to cope with bitterweed in sheep production.

Registration will begin at 9:30 a.m., at the Center, where guests will be welcomed by George Brockman, Chairman of the Edwards Plateau S&WCD directors.

Brockman will also preside shortly after noon at the annual election of new directors.

Ranchers on the panel will be Armer Earwood, Bill Morris, Joe David Ross, Bill Stewart, and James Hunt, all of the Sonora area, and Buck Owens, Barnhart.

Stewart will tell, for example, of how he has fed molasses, with a certain amount of success, to help keep his sheep off bitterweed.

Dr. Leo B. Merrill will discuss the use of grazing systems to help control bitterweed. He is in charge of the Texas A&M University Agricultural Research Station at Sonora.

Dr. Darrell N. Ueckert of San Angelo will talk on the use of herbicides in bitterweed control. He is an associate professor in range science with the Texas Agricultural Experiment Station.

Dr. George A. Ahlswede of San Angelo, Extension sheep and goat specialists, will moderate the panel discussions.

The Edwards Plateau S&WCD will host the noon meal.

AOGS Announces Election of Officers

The American Oil and Gas Story Committee announced the election of officers for their non-profit corporation which is developing a national network TV miniseries on the story of the independent oil industry.

The Group elected Clark Straughan as President. Straughan is with Compton Corporation, a Texas crude oil purchasing and trucking firm, and has been active with AOGS Committee since its beginning last year.

J.C. Barnes, Jr. was selected as Executive Vice President with Jim Cahill, Bill Hall, A.W. Dillard and Ed Thompson also serving as Vice Presidents. Mrs. Ernest Angelo was elected Treasurer for the Group and Mrs. Tom Craddock was elected Secretary.

The AOGS Committee originated in Midland, Texas but now includes members from other cities and states. The Committee

is also developing a National Advisory Board made up of energy experts from across the U.S. to assist in the film project.

Newly elected AOGS President, Straughan stated, "The primary goal of AOGS is to better inform the public of all aspects of the oil and gas story (past, present and future), especially those areas relating to the independent operators and their impact on the consumer, the overall economy, and the future of America. We believe that 8 to 12 hours of national prime time television is one of the best ways to do it."

The series is being developed as a miniseries similar to "Roots" and "Washington: Behind Closed Doors." Producers for the film are Bob Guenette, Paul Asselin and Pearce Beneke.

Guenette and Asselin were in charge of such productions as "Victory at Entebbe," "Roots (Part

II)", "Monsters, Mysteries or Myths" and "The Making of Star Wars" which was aired September 16th on ABC.

"I have announced my candidacy for Governor of Texas. I'm confident I can and will win."

"According to a statewide poll, 6 out of 10 people are ready for a new governor. The poll only confirmed what I've been hearing all over Texas this year. People are against the idea of anyone holding the state's highest office for 10 years. No governor has asked for 10. No governor has been given 10. It goes against a tradition that's as old as Texas itself."

"There are other reasons folks are ready for a new governor. State spending has jumped from \$3 billion to \$8 billion the last 6 years. The Dallas Morning News reported, 'during Briscoe's years in office, nearly all state government will have gone on a spending spree.' And the Governor has done nothing to discourage it. He's vetoed less than two-tenths of one percent of the two previous budgets and not one penny's worth of the current appropriations; it's the first time that's happened in twenty years. In a related story, the News pointed to the fact that during the Briscoe years the number of employees paid by the state has risen by 50,000."

"And, while we've heard the boast of 'no new taxes,' we've seen our property taxes increase by \$1 billion along with substantial hikes in state licensing fees."

"I've traveled the state this year, visiting with folks. Whatever their overall assessment, most Texans lacked confidence in the present governor's persuasiveness and vision. They felt he had failed to measure up to their expectations and to live up to his promises."

"Texans are hungry for an effective gubernatorial spokesman on energy policy. They are frustrated that our governor hasn't been able to get the Texas viewpoint across in Washington. They are wondering, too, why our governor hasn't been speaking out forcefully for a farm policy that would help our beleaguered farms and ranches."

"I fully agree with the people's assessment; that's why I'm seeking the office of Governor."

"I'm proud of my record as Attorney General and Secretary of State. It shows that I'm not afraid to roll up my sleeves and work hard. It indicates that I have the ability to assemble a capable staff, that I prefer to work closely with people, and that I'm not reluctant to make changes when they can benefit the state. I'll be this kind of governor, given the job."

Broncos Tie Owls

By Kay Holdridge

Missed blocks and missed tackles were the keys to the 14-14 tie between the Broncos and Reagan County. Fourth quarter penalties totaling thirty yards killed the drive that could have won the game for the Broncos. Manuel Lopez's usual yardage gaining runs were stopped early forcing the Broncos to pass and Joey Kirby's usual booming punts were held to under 20 yards by a stiff wind.

The Broncos received the Reagan County kick to open the game. The Owls won the toss but chose the wind advantage, which kept the Broncos deep in their own end of the field most of the night. Sonora began on their own 20 after Larry Heintzelman's kick sailed out of the endzone. The Broncos ran three plays and punted. Reagan County did the same. The first quarter continued in the same fashion until Kirby's punt traveled from his own 34 to his own 49. The Owls took advantage of the field position and wasted no time scoring. On the first play from scrimmage quarterback Mickey Owens hit Adrian Mendez on the 20.

Mendez sped into the endzone after breaking several Bronco tackles. Jody Garber added the extra punt and Reagan County took an early lead 7-0 with 2:35 left in the opening quarter.

Sonora apparently woke up following the Big Lake score and began to move the ball. The Broncos made four first downs on runs by Lopez, Eddie Favila, and Bunk Galbreath. The ball was taken to the 29 of the Owls, but Lopez lost the handle and the Owls pounced on the loose pigskin to end the threat.

Sonora had the wind advantage in the second quarter and the Broncos scored both touchdowns during this time. After forcing Big Lake to punt, the Broncos moved to the 20 before Lopez lost a yard on a fourth down and one play. The Owls took over on downs, but the Sonora defense stiffened.

The scoring drive for the Broncos began when the Owls' Mario Hernandez fumbled and Bruce Phillips alertly fell on the ball at the Owl 36 yard line. Benny Granger, the Bronco signal caller, hit Phillips with a pass to the 26. Granger loosened his arm and again completed a pass, this time to Galbreath at the 9. Lopez punched through the middle of the line to the 8 and Granger sneaked to the 5. Lopez advanced the ball to the one and Johnny Creek bulled over for the touchdown. Mike Jones proved to be consistent as he added the PAT tying the score 7-7 with 2:40 left in the second period.

Sonora found the momentum and the defense

again arose to the occasion. Jones' outside kick rolled dead at the Owl 46 where it was downed and rolled out of bounds. The Owls again took advantage of field position and began to move. Runs by Gary Eggleston and Rudy Barrera moved the ball to the Bronco 33. However Ross Roberts blocked Owens' pass into the arms of Phillips who raced 67 yards into the end zone with 24 second left in the half. Jones' PAT was good and the Broncos took a slim 14-7 lead to the dressing room.

The Broncos couldn't produce their usual second half scoring spree. In fact, they never scored in the second half. The Owls kicked to the Broncos to begin the half, but Granger's third down pass to Savell fell incomplete and the Bronco's Kirby was forced to punt into the wind from his own 28. The wind carried the ball out of bounds at the Sonora 38.

Eleven plays and 38 yards later Reagan County tied the game. Eggleston carried in from the one on a first down and goal from the one yard line. Heintzelman's kick was good and the game stood 14-14 with 5:30 left in the third period.

Sonora had the ball three times in the fourth quarter but penalties in two of those drives prevented scores. The first drive stalled at the Owl 49 after an offside penalty nullified a Granger-Creek pass completion. The wind aided a Kirby punt that dropped out of the endzone. The Owls couldn't find the openings in the Sonora defense and were also forced

to punt. The wind held the punt to only 7 yards. It appeared Sonora would have good field position on their own 35 but Lopez fumbled the return away.

The Bronco defense stiffened and Sonora got the

ball back at their own 31. They only managed 7 yards to the 38 due to two offside penalties and incomplete passes.

The Bronco defense again held the Owls as they began from the Sonora 38.

A quick kick of 4th and 11 from the 45 carried to the Sonora 16. The Broncos went to the air and Granger hit Phillips and Galbreath to move the ball to the Owl 41. On fourth and 10, Jones attempted a 51 yard field

goal with wind at his back. The snap from center was off target and the ball carried only 10 yards. The Owls drive to their own 43 but the clock ran out and the game ended in a 14-14 no decision.

Sonora Minister Speaks

A schizophrenic person is one who has a personality problem, often characterized by a dual or a split personality. He may act a certain way in one situation and act completely different in another situation. One in such a condition is often unpredictable.

We know there are people in the world that have this split personality problem, but there should be no such thing as a Christian with a split personality problem. Let it be understood that these problems are not solved automatically by becoming a Christian, but by the grace of God, through prayer and Bible study one

is able to see himself in the right relationship with God, others, & himself. Then God gives him the grace and power to do something about it.

2 Corinthians 5:17 "Therefore if any man be in Christ, he is a new creature: old things are become new." There is a need today for Christians to really BE Christians.

It is the nature of the unregenerated life to bear the fruits of sin and unrighteousness, but when the nature of that life has been changed by regeneration, it is expected to bear the fruits of righteousness. In fact it is

impossible to bear any fruit except that of the nature from which it is borne.

Matthew 7:17,18 "Even so every good tree bringeth good fruit: but a corrupt tree bringeth forth evil fruit, neither can a corrupt tree bring forth good fruit." No one should be confused when he sees a person who claims the title of Christian, doing ungodly things. The confusion results when the name Christian is defined so loosely that it includes things that are clearly and definitely sinful. If one is really a Christian, he will not do those things that are wrong, not because he can't, but because he

won't. It is just as natural for an apple tree to bear lemons as it is for a born-again Christian to bear fruits of unrighteousness. The tongue cannot speak evil if there is no source from which to speak it.

James 1:26 "If any man among you seem to be religious, and brideth not his tongue, but deceiveth his own heart, this man's religion is vain." Good works do not save a person, but they are the natural outgrowth and manifestation of the Christlife within.

Broncos Prepare For Bulldogs

By Don Holdridge

With a new awareness of their Achilles heel, the Sonora Broncos will face their sternest challenge of the year, an 8 p.m. showdown at Brady.

The Bulldogs could well be the most explosive squad the Red Hosses will see all year and sport an unblemished 4-0 record. Big offensive guns are quarterback Ira Rount and halfback Chris Jones.

Rount was the most elusive signal caller the Broncos faced last season and shows no signs of slowing down.

The Bulldogs are no slouches on defense. The Fredericksburg coach, whose AAA Billies had the misfortune of butting heads with Brady, said the Dogs had the two best linebackers he had ever coached against.

Bronco coach Bill Bundy expressed his fear of the Bulldog speed. "If we don't play well, it will be a

track meet," he said. Bundy said to win the game, the Broncos would have to keep the ball away from the potent Brady offense and maintain good field position.

"If they run their 60 or 70 plays a game, they will beat you," he continued.

Comparative scores would indicate little difference between the teams, although point margins would give the Broncos a slight edge.

The Bulldogs edged Ballinger 20-18 in the season opener, while Sonora clipped The Bearcats 23-7 the following week.

The Broncos shut out Mason two weeks ago 35-0.

Brady had a slow start last week, trailing the Punchers 7-0 at halftime, but roared back to win, 38-14.

The game could well boil down to who can take the lead in the first half, as both squads have had almost equal success in

finding the end zone after the halftime.

The injury situation on the Bronco roster has Bundy worried.

Dan Lawson will be out probably three weeks with a leg injury, and seven or eight others have nagging injuries that could slow them down.

Obviously Bundy was not pleased with the Reagan County effort.

He stated the defense played well enough to win, but felt the offense failed to pull its weight.

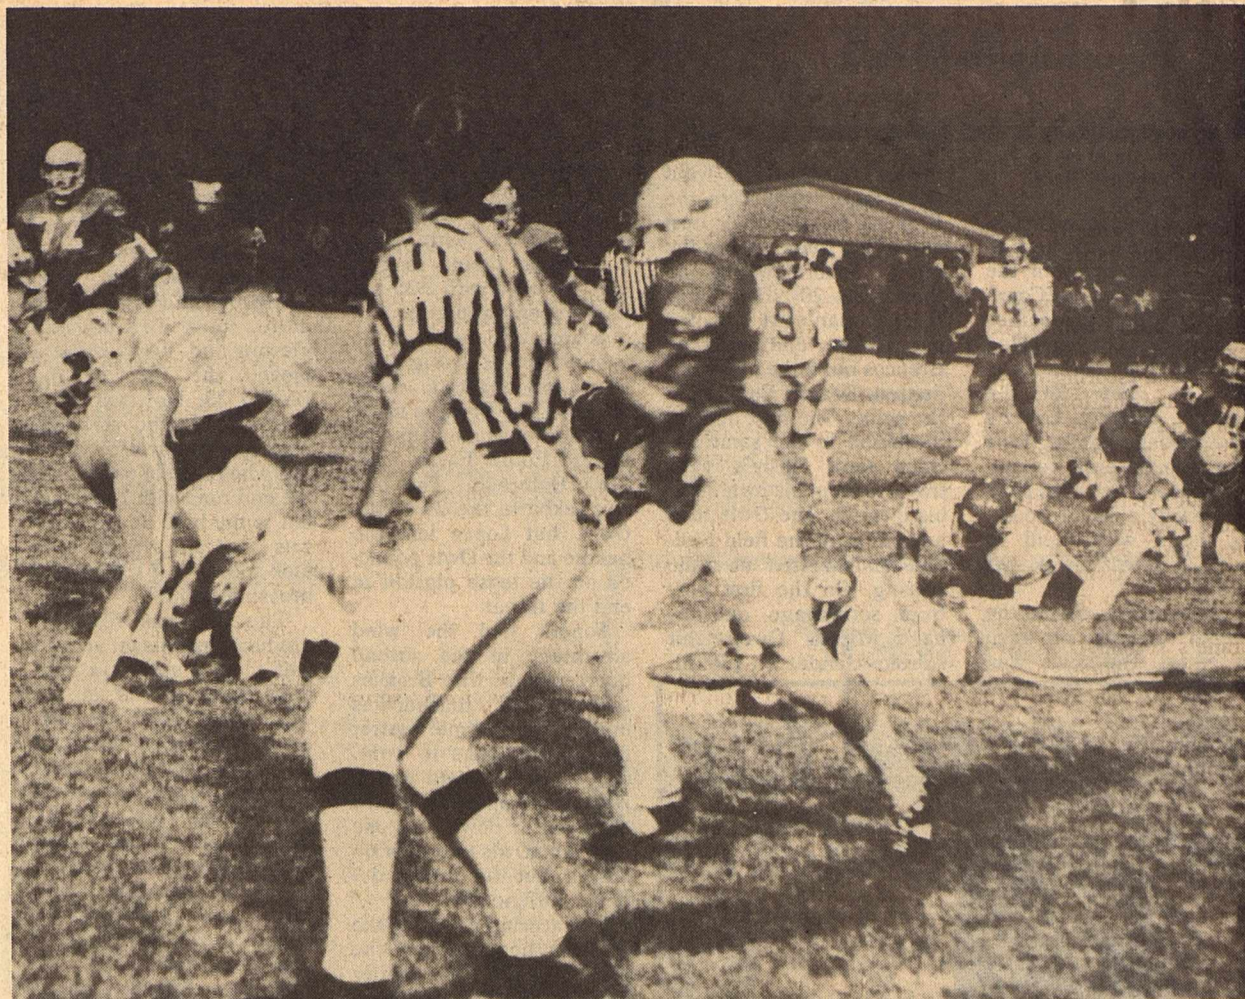

"We have to move the ball on the ground better," he said. "The third down conversions (or lack thereof) were definitely the key to the game."

The Bronco mentor named Bruce Phillips as having a good game and said several others played well in spots.

The score Big Lake threw into the Red and White could well initiate a new wave of enthusiasm, and after Saturday's practice session, Bundy felt this was definitely the case.

Punt, Pass and Kick Date Set

The 1977 Punt, Pass and Kick competition will be held Sat., Oct. 8 at 10 a.m. at Bronco Stadium. Boys and girls, ages eight to 13, may register at Sonora Motor Co., downtown, to enter the contest. Registration will continue until this Friday, Sept. 30.

Bronco defensive work at Big Lake puts the stop to the option play as Joey Kirby (40) lends a hand to an unidentified Bronco and R.B. Alexander (9), Johnny Creek (44) Dan Lawson (70) and Bruce Phillips (88) join in the action.

7th Grade Colts Retain Winning Record

By K. Holdridge

The seventh grade Colts kept their slate clean and brought their record to 4-0. The Colts won their first home game 6-0 in a hard fought battle against Crane.

The first half was a seesaw battle with both teams unable to put together a scoring drive. Sonora lost the toss of the coin and kicked to the visitors. Crane managed to run the ball to the Sonora 49 but were forced to punt. Sonora took over at their own 34, ran three plays and Pascual Castillo was forced to punt. The first turnover occurred on Crane's second possession and Eddie Vallejo covered the ball at Crane's 40 yard line.

Sonora was again forced to punt and Crane was able to put together a threatening drive to the Colt 12 yard line before a clipping penalty set the visitors back 15 yards. Marney Sorenson intercepted a Crane aerial to end the half.

The third quarter was more of the same as neither team could muster a score due to penalties and fumbles. Sonora took the opening kickoff and moved the ball to the

Crane 29 yard line behind the running of Castillo and Vallejo. However, Marney Sorenson fumbled the ball to the Cranes and the drive was ended.

Crane returned the favor as they drove to the Crane 24 and coughed the pigskin into Sonora's Jeff Barton's hands. Castillo, Chris Reynolds, and Mike Pruitt ran the ball to the Crane 8 yard line before Castillo fumbled on the 2. Crane's Cranes pounced on the ball and again the

drive stalled.

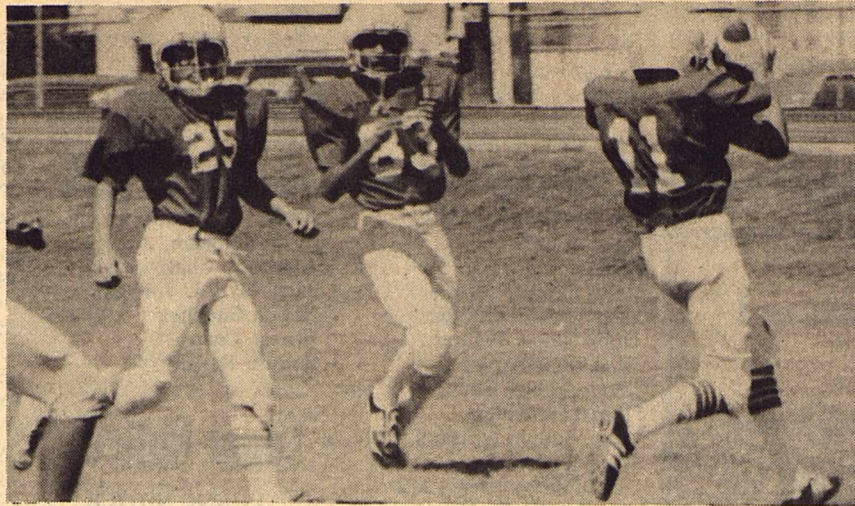

The fourth quarter began in the same mode as the other 3. However, Crane fumbled on their own 15 yard line. Again Barton recovered. A thwarted Colt offense was not to be denied. Vallejo moved the ball to the nine and Castillo swept left end for the only score of the ball game. The PAT attempt was stopped short but Sonora led 6-0.

Crane fumbled the second play following the kickoff and Sonora recovered.

They appeared to have a chance to extend their lead, but were stopped at the Crane 45. Castillo was forced to punt and Crane couldn't move the ball. Sonora took over on downs. Sorenson ran a series of quarterback sneaks and ran the clock out.

Defensive standouts for the Colts were Castillo, Bill Ryan, and David Buitron.

The Colts will host Ozona, Thursday at 4:30.

Going in for a two-point conversion, 8th Grade quarterback Allen Stewart (11) gets praise from teammates Mark Doan (25) and Joe David Favila (83) in last week's 30-12 win over Crane. The 7th and 8th Grade teams play host to Ozona tomorrow starting at 4:30 p.m. (Devil's River News photo by Herb Jones)

8th Graders Win Over Cranes

By K. Holdridge

The Colts 8th grade home debut was a successful one as they routed Crane 30-12. The Colts put together a dazzling display of running and passing attacks. Allen Stewart, quarterback, carried the ball over twice and threw a 56 pass to end Joe David Favila for another score. Scott Savell threw a tailback pass to Favila for the other Colt tally.

Sonora moved the ball after the opening kickoff to the 33 yard line before Pete Lira was brought in to punt. The drive had gotten to the 40 before a 15 yard holding penalty

forced the Sonora unit back to the 25.

Crane fumbled on their fourth play from scrimmage, and a host of Colts alertly fell on the ball. Joe Longoria, Stewart, and Ponciano Castillo moved the ball to the Crane 1 in 6 plays before Hector Samaniego bulled over for the touchdown. Stewart rolled around left end and ran the 2 point PAT. The Colts led 8-0.

The Crane Cranes were only able to drive to their 30 yard line before punting. Longoria ran the punt to his own 44 before being tackled from behind. Stewart loosened his

throwing arm and hit Favila for a 56 yard TD on the first play from scrimmage. Samaniego again punched thru the middle of the line and added a 2 point PAT. Sonora led 16-0.

Crane again was forced to punt four plays after receiving Lira's kickoff. Longoria ran the ball 45 yards to the Crane 5. Stewart added another TD as he again scrambled around left end. The half drew to a close with the Colts sitting on a 22-0 lead.

Lira opened the half as he puts the ball on the Crane 39. On the second

play from scrimmage, Crane again lost the handle and Fernando Ramos fell on the ball. The Colts were unable to capitalize and were forced to punt. Crane didn't seem to want the pigskin as 2 plays later Ramos again fell on a Crane miscue. Sonora's drive again stalled and Crane took over on downs. A halfback pass carried 56 yards for the lone Crane tally as the end was all alone on the Sonora 10.

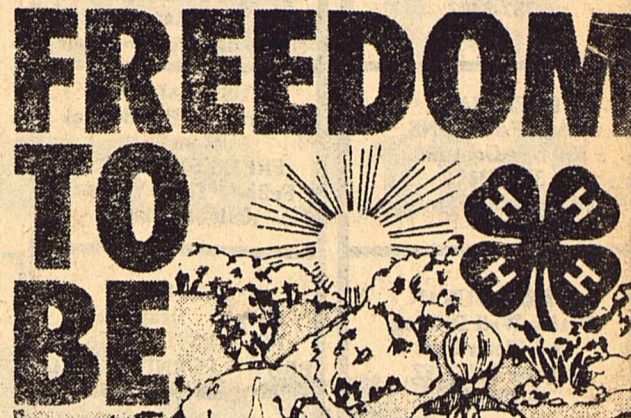

Sonora wasted no time as runs by Savell, Castillo, Stewart ran the ball to the 34 before Favila hauled in a Stewart pass at the 19.

Savell moved the ball to the 14 and Savell lost to the 20. Savell redeemed himself as he hit Favila in the endzone. The Longoria PAT attempt failed and the Colts concluded their scoring with 30 points.

Crane moved down the field on their next possession against the Colt reserves and scored their second TD. The PAT failed. The game resulted in a 30-12 victory for the Colts. The Colts are now 4-1 for the season.

Defensive standouts were Frisby Bible, John Blankenship, Samaniego, Castillo, and Charley Carroll.

CLASSIFIED ADS

shall be available to be either truck or trailer mounted.
ENGINE:
The engine shall be air-cooled, at least 14 HP with self-starter, muffler and 12 volt. Minimum 55 ampere hour battery. The engine shall be mounted within the frame to allow direct mechanical reel drive from the engine.

REEL:
The rod storage reel shall be mechanically driven to permit coasting when not under power. For safety and to prevent twisting of rods and loosening of rod pack, the reel shall rotate in a clockwise direction only. Any machine with power counterclockwise rotation shall not be acceptable. Reel shall be equipped with a callper type disk brake activated by the single lever control.

BID REQUIREMENTS:
Upon request, bidder shall furnish a users' list of municipalities (including addresses and department heads) that have used bidder's sewer cleaning equipment for a period of 5 years minimum. Successful bidder shall furnish complete Operator's Manuals and Parts Books. Bidder or his representative shall train operating crew upon request at no cost to municipality.

City: Sonora, County: Sutton.

3. Mailing address 201 San Francisco Street, Sonora, Texas 76950.

4. That the business is owned by an INDIVIDUAL.

5. That reference is hereby made to the original application of applicant now in file for further information.

6. OWNER: Aureliano R. Luna

Wherefore applicant prays that lawful notice of this application be given and that on hearing hereof the Court authorizes the issuance of a license or permit as herein set out.

Said application will be heard by the County Judge on the 7th day of October 1977, at 10:00 o'clock A.M. at the courthouse of said county in Sonora, Texas.

Any citizen shall be permitted to contest the facts stated in the said petition and applicant's right to secure a license-permit upon giving security for all costs which will be incurred in such suit, should the same be decided in favor of the applicant.

Witness my hand and official seal at Sonora, Texas, this 21st day of September, 1977.

Erma Lee Turner
Clerk of County Court,
Sutton County, Texas.

Sonora High School's new vocational training building gets a concrete foundation this week as construction on the facility is in high gear. The new building is located at the corner of E. 2nd and Prospect Sts.

Construction is underway on the new Trinity Baptist Temple which is located at 4th and Menard. Construction is expected to be completed in a few months.

Dr. Joe Andrews Elected Education Center Head

Dr. Joe Andrews, superintendent of the Sonora ISD and educator for 33 years, was elected as chairperson to the Education Center Region XV Joint Committee during the last spring meeting. Andrews begins his duties as chairperson Sept. 1 through August 31, 1978. He succeeds Harroll Watkins, Paint Rock ISD superintendent.

The joint committee, composed of all superintendents within Region XV (a 48 school district area) acts as an advisory body to the Region XV board of directors. As chairperson, Andrews will act as "liaison in representing the school administrator's views to the board."

A Junction native, Andrews graduated from Junction High School in 1942. He attended Southwest Texas University in San Marcos and earned a B.S. in social studies and physical education and an M.A. in administrative education and social studies. He received a Ph.D. from the University of Houston in administrative education. During his 33 years of experience in education, he has been a classroom teacher, high school coach, and principal at Comanche, Brady, Bertram and Eldorado. Of the 33 years, 19 have been as superintendent in Mertzon, Danbury, Hitchcock, Boling and he begins his first year as Sonora ISD superintendent. Andrews and his wife, Jeanette, have two sons, Joe III and John.

4-H Extravaganza

To Be Held Oct. 11-13

Have you heard about the "4-H Home Economics Extravaganza" which will be held at the Texas 4-H Center near Brownwood on October 11-13?

County Extension Agent Sarah Mahon says "This 4-H leader training workshop will give 4-H adult volunteers a unique opportunity to gain new knowledge and skills in areas related to all 4-H home economics projects." Concurrent subject-matter sessions will be offered by Extension Specialists

including: Clothing's optical illusion, personality development, energy mysteries, metric's in the kitchen, and creative home decoration. General sessions will include a fashion show, cooking with a wok, a Rodeo Omelet Rodeo dinner, and special awards.

For further information and application forms, contact Sarah at the Sutton County Extension Office located in the First National Bank Bldg. or call 387-3604.

Letter To The Editor

Dear Ms. Editor, We are members of Trinity Baptist Temple and are proud to say so.

Our name Trinity Baptist Temple came from two other Baptist Churches who helped our church get started. We are Fundamental Baptist, a mission minded church and are as much Baptist as any other Baptist Church in the world. We are a Bible preaching, teaching church. We do not practice speaking in tongues or

other false doctrines. We invite anyone and everyone to come and visit our church and be their own judge about whether we are the odd ball church we have been called.

We believe in Jesus Christ our Lord and Savior and that is what we stand on. We also stand behind our pastor, Bro. Gaylon McClellan, 100% and in his convictions.

Sincerely,
Mr. & Mrs. Bobby Dickenson

El Camino Council Meets

The El Camino Girl Scout Council Board of Directors met Saturday September 17 at the Texas Tech Center near Junction, with I.W. Santry III, council President, presiding. The Board approved Council policies and guidelines pertaining to personnel, finance, program, camping, and public relations.

Marion Rivers, chairman of the camping committee, reported the construction progress of a shelter for

Girl Scout troop use at Camp Dixie Allison near Ft. McKavitt. Additionally, Rivers shared plans for the construction of a chapel at Camp Jo Jan Van near Barksdale. Dates for the 1978 established camp are set for June 11 to July 15 with core camping (troop camping with a program staff) July 18-23.

Mrs. J.B. Halford, District 4 Chairman, and Edna Duren, visitor, attended the board meeting. Both are Sonora residents.
