Mustangs Eying Playoff Position

The Bovina Mustangs have come a long way in their last four games.

The Mustangs stand 3-1 in district play, and will host Nazareth Friday with a bona-fide chance at landing a playoff spot. A win over the Swifts would accomplish just that.

Nazareth has scored a lot of points (197 to Bovina's 56). But Coach Rock Stanley says the key to beating the Swifts will be ball control.

"Farwell held them to 13 points, and I think our defense is about as good as Farwell's. We plan to keep the ball away from them. That's one way to keep them from scoring," Stanley said.

Stanley said he felt that the Mustangs' defense was playing well, but that the offense was still just a bit from being smooth.

Nazareth likes to pass a lot. They have a tailback and fullback who are quick. The Swifts use a lot of "motion," and different formations.

Bovina scored a 14-6 win over Kress in the team's Homecoming game last Friday. Again the offense sputtered at times, as the team was inside the 20-yard-line five times and scored only 14 points.

Once the Mustangs drove to the Kangaroo 11-yard-line, and Hector Guevara's 28-yard field

goal was just barely wide.

Bovina held Kress to just five first downs and 61 total yards. But the 'Roos took advantage when the Mustangs fumbled on their second play from scrimmage, giving the visitors good field position. That led to an early 6-0 Kress lead.

"We probably were still thinking about Homecoming. But we overcame that early mistake, and that's the mark of a good team," Stanley commented.

Isabell Marrufo, who rushed for 101 yards in the game, tied the score on a 25-yard run. Angel Porras' kick gave the Mustangs a 7-6 lead.

In the second quarter, Porras had another determined run down to the Kress one-yard line. Quarterback Corey Kirkpatrick carried in for the score, and Porras' kick made it 14-6.

Porras also was the leader on defense with 13 tackles, nine unassisted.

Kory Mitchell had a pair of interceptions, one that stopped a Kress drive, plus having a touchdown-saving tackle early in the game.

KING AND QUEEN....Robert Guevara and Virginia Noriega were crowned Football King and Queen at the Homecoming events last Friday evening. Robert is the son of Refugio and Maria Guevara and Virginia is the daughter of Mrs. Maria Noriega.

Local Voters Favor Richards, 140-135

Parmer County voters, turning out in near record numbers for a governor's race, generally favored the Republican candidates in Tuesday's general election.

Like most of their neighboring Panhandle counties on Tuesday, Parmer County gave its margin to "good old boy" Clayton Williams, 1288, to Ann Richards' 685.

Ms. Richards upset the free-spending Williams campaign, in spite of last-minute personal appearances on his behalf by President George Bush and Senator Phil Gramm.

Richards received a majority only in the Bovina precinct, a traditionally Democratic box that gave the governor-elect 140 votes to 135 for Williams.

Richards' biggest vote total was in Friona's 2-1 precinct, with 149 votes, but that was just 35 per cent of the vote. Her campaign had said if she beat 40 per cent in the predominantly-conservative Panhandle, it would help her win, and she managed to do that in several counties.

County voters gave incumbent Sen. Gramm a big margin, 1417-678 over Hugh Parmer. Gramm had visited the county several times during the past year.

One of a few Democrats given the majority here was to John Sharp, in the Comptroller's race vacated by Bob Bullock. Sharp received 1213 votes to Warren G. Harding's 703. The "famous name" failed statewide as well.

Parmer County gave a 70.1 edge to Rick Perry in his successful bid to unseat controversial Agriculture Commissioner Jim Hightower. The vote was 1469 to 627. Perry scored a narrow win overall.

Area voters also favored Amarillo's Morris Overstreet, 1208 votes to 850 for Louis Sturns, as Overstreet became the first Afro-American to win a statewide office, on the Judge of the Court of Criminal Appeals, Place 5.

County voters favored Rob Mosbacher over Bob Bullock in the lieutenant governor's race, 1120-971, although Bullock prevailed in statewide voting.

Also favored were Buster Brown (R) over Dan Morales (D) in the Attorney General's race, 1199-812; Kay Bailey Hutchison (R) over Nikki Van Hightower (D) for State Treasurer, 1245-770; Gary Mauro (D) over Wes Gilbreath (R) for Land Commissioner, 1035-869.

Beau Boulter (R) was favored over Bob Krueger (D) in the race for Kent Hance's Railroad Commission seat, 1118-906. Krueger was elected, however.

Tom Phillips (R) got the nod over Oscar Mauzy (D) for the Supreme Court, 1404-624; Bob Gammage (D) won over Charles Ben Howell (R) for the Supreme Court, 994-872.

County voters approved the constitutional amendment by a margin of 848-740.

Total vote by precinct was as follows: Black (1) 36; Friona (2) 115; Friona (2-1) 479; Friona (2-2) 177; Bovina (3) 311; Farwell (4) 416; Lazbuddie (5) 156; Oklahoma Lane (6) 142; Rhea (7) 49; Lakeview (8) 66; and absentee, 217. Total vote: 2164.

Villarreal Writes From Saudi Arabia

David Villarreal, a graduate of Bovina High School, has been in Saudi Arabia since August 28. He is the son of Mr. and Mrs. Zeferino Villarreal of Bovina, and has been in the Army three years.

Following is a letter he wrote to Scooter Russell, a neighbor, and readers of the Bovina Blade:

Dear Scooter,
I hope everyone at home is doing well. I'm doing fine.

I want to take this opportunity to thank you for sending me the Bovina Blade. It was really nice to learn about news from home.

Well, Saudi Arabia is just what I had expected, with the exception of a few things. For example, the Arabian nights, which stories fail to mention, are extremely cold.

When we first arrived, the temperatures for the day would range from 110°-130°, now they stay pretty much around 110°. However, at night, it gets down to about 70°. The temperature being hot throughout the day makes 70° feel as though it were freezing. Soon it should get down to 50°-60° at night. Also, the flies are horrible. I have never seen so many flies.

Being that my job is an Arabic linguist, I studied the Arabic language, culture and customs. Therefore, the culture was not a big shock as it might have been for others. We do not have the opportunity to interact with the natives very often. However, the times that I have encountered them, they have been very friendly, for the most part.

The people, in general, have had misconceptions of us, as we have had about them. This may be the cause of some problems in our world today. We should continue

NOTICE: Shara's Hair Affair has moved from the Main Street location to 104 W. 9th, across the street from Bi-Wise Drug in the former Wesley Barnett office. Come see us!

to expand our knowledge of other cultures in the hopes of one day, obtaining better international relations.

Most everyone here is getting homesick, especially since the holidays are coming up. Letters from families and friends help to ease the boredom. Receiving letters from home is like Christmas around here.

Scooter, thank again for the newspapers. They were greatly appreciated. I would also like to thank everyone who supports us here and keeps us in their prayers. Knowing we have the support of the American people makes things a little easier here.

I would especially like to thank Joy Melton and the Prayer group from the First Baptist Church who wrote wishing their best.

Sincerely,
David Villarreal

P.S.--

This is for anyone who does not understand why the U.S. Armed Forces are in Saudi Arabia:

I'm sure news has gotten home about several barbaric, illegal crimes Saddam Hussein has committed against humanity. For example, he ordered incubators taken out of a Kuwaiti hospital with many infants left to die. Also, an elderly woman was left to die. A young girl was shot to death in the middle of the street. Those are only a few horrifying incidents which have occurred in Kuwait since the Iraq invasion. Homes have been looted and women have been raped.

The Kuwaiti people have been raped of their dignity. They have called upon the American people for help. Just think if the U.S. was a small country without the military force that it has. We would want the same help. The U.S. and the rest of the world has the responsibility to put a stop to such acts and crush the government which continues to act this way.

Parmer Co. SWCD Acquires Flowmeter

The Parmer County Soil and Water Conservation District has acquired a Polysonic flowmeter for checking the rate of flow of irrigation wells.

The Polysonic flowmeter may be clamped to the pipe wall on irrigation wells in a matter of minutes and flow measurements may be made without stopping the flow or physically contacting it in any way. Sound waves, that are transmitted and received by the Polysonic, measure the rate of flow. The flow rate appears as a digital read-out on the Polysonic monitor.

Anyone interested in having their irrigation wells metered should contact the Soil Conservation Service at 1306 West Ninth or phone 247-2220.

Scooter's Scoops

By Scooter Russell

Old Man Winter has a hold on us this week. We had about four inches of snow to fall on Saturday. It was so pretty but several times the blizzard conditions caused hazardous driving in the county.

Between Bovina and Friona there were three cars, a pickup and a semi in the ditches. Between Bovina and Farwell a semi stalled on the tracks and the trailer was cut in half by a train. Jimmy and I went to Amarillo Sunday morning and there were several vehicles that had run off the icy roads.

Thursday before the storm on Saturday, the temperature was 84 degrees for a high and Saturday the mercury dropped to the twenties. It was a pretty snow and it rained before the snow came, so some good moisture fell.

Suppose by now all of you know about the squabble over the outhouse, well, that all went up in smoke but injuries were reported from two vehicles coming down the highway. One stopped or slowed to watch the outhouse burn and she was rear-ended by a young lady with small children, also from Bovina.

Honestly, a few years ago, when one man shot another man's lawn mower was pretty good but this story beat them! Anyway, made a good addition to the bonfire before homecoming and we congratulate Bovina's football king and queen, Robert Guevara and Virginia Noriega. Also, to the

football team, who played a good game and won over Kress.

Congratulations to the Coleman Youngs and Stan Millers on the births of their babies this week. Stan and Darlene have a little girl, Hannah Marie, and Coleman and Melissa have a baby boy, Benjamin Ray.

Also, congratulations to Billy and Suezy Smith, as Hannah is their first grandchild, and that's always exciting!

Our hearts were saddened with the death of Raymond Schueler. Services were held Monday at Lariat and burial was in the Rhea community cemetery. He was a director when Jim worked at Bovina Wheat Growers and we loved him dearly. He had lots of friends and was a fine person! May God bless his lovely family.

Our deepest sympathies to Nellie Spicer, whose mother, Nell Gordon, passed away. She was a patient in a Dallas hospital at the time of her death on October 24. She was survived by three daughters, two sons and several grandchildren.

Marty Spicer and his wife, Amy, are parents of a big baby boy, Henry Clayton, born in recent weeks. The couple lives at Irving and have a baby girl, Tandra.

Jim Byrd, a former resident, died of cancer. He and his family lived in Dalhart and were residents

of Bovina several months and moved away some time ago.

Tiny and Maggie Moore attended funeral services for their good friend, Pat Schoemer of Lubbock, in recent days. He was survived by his wife.

I talked with Mrs. Villarreal this week and she said there would be a box set up at St. Ann's Catholic Church for anyone who wishes to send messages or items to her sons, Richard and David.

We printed David's address but only have recently had Richard's and it is: SPC Richard Villarreal, Operation Desert Shield, 585-90-2039, BCO-15th FSB, IC. D, APO, New York 093060270.

Tami Kunselman was released from High Plains Baptist Hospital in Amarillo and is getting along fine. She underwent surgery a week ago last Tuesday.

Herman and Edna Estes are in Bovina teaching everybody how to take care of their great-granddaughter, Hannah, new daughter of Stan and Darlene Miller. The Estes' daughter, Suezy, said they came to help out and will be here for awhile.

Coleman and Melissa Young, who have a new baby boy, also have lots of help with him. Coleman's mother, Bobbie Potts, came from
