

## Bronco Booster Club Elects Officers

The Bronco Booster Club met last Tuesday night and elected officers for this year. Bill Savell is President, Dr. Pollard is Vice-President and will be president next year. Corky Schwiening is the new Secretary-Treasurer.

Directors elected are Sam Soren-

son, Darrell Rasberry, Johnny Rameriz, and Bill Stewart. The Booster Club is in need of more members. Memberships are \$5.00 and everyone is invited to join, however, everyone is welcome to come to the Tuesday night meetings to view the game films and hear the Coaches speak.

## Broncos Play Mason Friday Here

**Bronco JV Plays Big Lake 6:30 Here Thursday**

Mike Hale, retiring member of the Board of Directors, Sonora Chamber of Commerce opened the annual meeting held at 7 a.m. at the Sutton County Steak House. Hale installed incoming directors Don Dooley, Tom Metzger, Darrell Rasberry, Mike Sipes and Steve Swift and announced that outgoing president George Kellogg will remain on the board as an ex-officio member.

Hale installed President Glen Fisher, Vice President Effie Harle and Treasurer Kenneth Land, and recognized retiring board members

## Chamber Of Commerce Holds Annual Meeting

George Wallace, Vicenta Cervantes, Gil Trainer and Hale.

Hale gave a brief report on last year's projects, including the Merchant's Drawing and the Task Force, commending those who spent many manhours on both projects. Hale turned the meeting over to the new president, Glen Fisher.

Fisher gave a brief report on the Chamber's proposed participation in the Sutton County Annual Game Dinner to be held November 20 at the 4-H Barn. He stated that the Chamber of Commerce Red Carpet

Committee members would be asked to make about 30 posters to be distributed in Sonora and that RRC members, about 6, were needed to circulate during the dinner, selling tickets for prizes.

Mike Sipes, Chairman, Program of Work gave a brief report on how the Program of Work will be conducted and urged community participation.

Tom Metzger lead a discussion on proposed by-law amendments. Motion was made and seconded that the annual membership meeting be changed to sometime in the spring.

## City Council Meets,

# Corner Of Water St. & Main Stirs Controversy

The Sonora City Council met Tuesday morning to discuss a number of proposals presented to them by the citizens of Sonora. The first item on the agenda was

a proposal presented by Rev. Jim Miles concerning the adoption of the 911 Emergency Call System. 911 is the nationally recognized number to call for a police, fire or

medical emergency. Rev. Miles stressed the point that this emergency call system could save time, and perhaps lives in a real emergency.

The plan would take 24 months from its approval to get into operation, \$1,400 a year. The Council agreed to study the plan carefully before making a decision.

Nelson Stubblefield, Sonora businessman, was present to represent a group of petitioners opposed to the variance on the corner of Water and Main Streets. A petition was signed by 54 persons and was concerned with the possible hazard presented by the variance.

The petition outlined three main grievances of the petitioners, (1 the variance would set a precedent which would possibly have to be overcome by the council at a later date, (2 the variance would obstruct the normal flow of traffic in an already congested Main Street area, and (3 the owners of other businesses in the downtown area were not notified of the meeting in which the variance was approved.

The Council assured Mr. Stubblefield that the proposal concerning the variance was presented through the proper channels at the time. The variance would, in the terms of Mayor Doyle Morgan provide three essential needs to the downtown area. (1 it would set up more desperately needed parking areas for the downtown areas. (2 it would provide to the handicapped person easy access to the downtown area, and (3 the building just remodeled would provide much needed office space to the downtown area, and clean up in his words, "a dirty corner." The Council decided to table the petition until the results of a Traffic Authority Survey done last month were examined. If the variance

was a confirmed hazard they would correct the problem.

Bill Keel presented a proposal to the Council concerning the need of the city to adopt and enforce an ordinance to regulate the use of dynamite and explosives within the city limits.

Council member Mary Owensby called for a moratorium prohibiting the use of dynamite and other explosives within the city limits until an ordinance is adopted. The Council stated that if an emergency situation arises before the ordinance is passed, they will hold a special meeting to review the request.

The Council also had to decide about what measure of action would be taken concerning eight to nine thousand dollars in back taxes not collected by the city from its non-residential utility consumers. A 1978 provision reduced the 4 percent sales tax on the city's utilities to residential consumers to 1 percent. The city also changed the non-residential sales tax rate to 1 percent. According to Mayor Doyle Morgan, "the drop in the sales tax rate for non-residential consumers was an oversight by the city, they wanted to pass along a savings to the consumers to buffer a recent rate hike.

The Council was informed that they could ignore the report from the State Comptroller's office, but in order to avoid any more confusion, they agreed to pay the back taxes as soon as possible. The money for the back taxes is to come from the City.

Michelle Anderson and Ruthie Bounds watched closely as Mayor Doyle Morgan cut the ribbon in front of the new location of their boutique, Image, now located in the Mercantile Building. A number of local dignitaries attended the Ribbon Cutting Ceremony Saturday as did members of the Chamber of commerce's Red Carpet Committee.

## Lion's Club Annual Auction Set For Sept. 25

The Lion's Annual Auction is set for next Tuesday, September 25th, at the Sutton County 4-H Center. Everyone is invited to eat BBQ and buy items to be auctioned off. The BBQ supper will be free starting at 6:00 p.m.

Those wishing to donate items can contact Virgil Polocek or Doyle Morgan. The Doyle Morgan Insurance office will be the collection point for the auction items. Items to be auctioned will be such things as cakes, homemade food, merchandise, handmade items, and many other things. There'll be something for everyone.

The goats to be used for the BBQ should be in for butcher by Friday. Those goats to be auctioned can be brought in next week.

## "Kiss A Baby"

## Cystic Fibrosis Campaign Starts Monday

More than twelve volunteers for the 1979 Kiss A Baby Campaign will call on their neighbors, starting Monday, September 24, to encourage them to kiss their babies and ask their help in the fight for the millions of children across the nation who suffer from lung-damaging diseases.

The campaign's Door-to-Door drive will be conducted in Sonora for the Cystic Fibrosis Foundation as part of the annual effort to raise funds for programs benefiting children with cystic fibrosis and other lung-damaging diseases.

"Our cause is a very important one. Lung diseases kill more children in this nation than any other disease except cancer," said James Trainer, chairman of the campaign. "Cystic Fibrosis is the number one genetic killer of children, and approximately 40% of persons suffering from C/F are not yet diagnosis."

According to Mr. Trainer, contributions to the Kiss A Baby Campaign will help support a national network of over 100 Cystic Fibrosis Centers, research projects around the world and various educational programs.

Cystic Fibrosis Centers, most located at teaching hospitals affiliated with leading medical schools and universities, provide diagnosis, treatment, and referral to children suffering from cystic fibrosis, asthma, chronic bronchitis, bronchiectasis, "childhood emphysema" and recurrent pneumonia.

Hospitals dealing with gastrointestinal disorders related to C/F are located in Dallas, Houston and San Antonio.

"Through research we hope to find a cure and control for cystic fibrosis," said Mr. Trainer.

"Another goal of the research program is developing better methods of treating children with

all lung-damaging diseases."

"Most of the funds that are raised in the Kiss A Baby Campaign go to these very important national programs," he said. "But, almost 50 percent of the monies stay in this Chapter area to support services for local children with cystic fibrosis and other lung-damaging diseases."

Cystic Fibrosis affects one out of every 1,500 infants born each year. Although incurable, cystic fibrosis can be effectively treated.

"Since the C/F Foundation was established in 1955, remarkable progress has occurred in treating children with cystic fibrosis," the campaign chairman commented.

"At that time, most children with this disease died early in life. Today more than 50 percent of the children with cystic fibrosis live past their 19th birthday, and that is beautiful 20th anniversary gift of life.

**Sept. 24, Oct, Oct 8**

## Defensive Driving Class

The Sutton County Extension Homemakers Council will sponsor three 3-hour classes on Defensive Driving. The dates for these classes will be Sept. 24, Oct. 1, and Oct. 8th, 1979.

Mr. Doug Clark with the Texas Safety Association will teach these classes at the Sutton County 4-H Center 6-9 p.m. nightly on the above mentioned dates. Nine hour class

attendance is mandatory for each registered person.

Cost for this 3 part course will be \$10 per person. The fee covers cost of supplies and instructions needed during the course.

Maximum class size will be the first 40-45 people to pre-register. If you would like to participate in this, please register before Sept. 24. Send a check payable to the

Sutton County Extension Homemakers Council. Mail check to Mrs. Ebbie Sutton at 210 Pecan Street, Sonora, Texas, 76950. Her phone number is 387-2053.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

**Bronco Mania**

do we appreciate? broncos! BRONCOS! BRONCOS!  
Innumerable hours were spent by the production crew of the DRN in getting the football programs completed. As we walked through the gate Friday evening before the game, we noticed many people with their programs rolled up and ready to use as megaphones. At first, we were a little perturbed, but as the football action

got fast and furious, we decided that that was their best purpose.  
Those Red Hosses looked great! Friday evening brought back a lot of memories, of past football stars, cheerleaders and twirlers. I remember nights so cold that we huddled under blankets and our seats froze to the bleachers, but we cheered our home town boys on.  
The Broncos have, over the years, given us a lot to

be proud of. They have given us many Friday nights of excitement and glamour and instilled in the parents and fans a feeling of undisguised love for the game.  
The Sonora winning tradition has been passed down through the years. Some great players have led their teams on to championships, and some of the teams have never gotten off the ground, but the fans have always been there. We always will be. I believe that Friday night proved to the Broncos that they could and should win any game. These boys, these "Friday night heroes", brought every fan in the bleachers to their feet more than once during the two hours they played.  
You do us proud, guys. You are, in our eyes, the greatest ballplayers ever. We, the fans salute you.

"a little bit  
of every-  
thing nice"

**School News**

Sonora Chapter, Future Homemakers of America have chosen their projects for the year. In observance of the International Year of the Child, one project is young children. Some members have chosen to take Kindergarten classes to pep rallies; others plan to help an individual young child to enjoy the Halloween Carnival who might not otherwise get to go. A member will make the costume, accompany the child in the Spook parade and visit some of the Carnival Booths with him/her. The Club's booth will be especially suitable for young children. Other members plan to take Kindergarten classes on a weiner roast and help with their school parties during the year. They plan to send support to an orphanage in Mexico where abandoned children are cared for.

Sonora

Another project will be Sonora Senior Citizens. This will be in cooperation with the Outreach Worker and the Visiting Nurse. To help finance these projects members are selling chances on a hand-sewn comforter to be given away on October 1. The comforter will be displayed in various local businesses during the week of September 17-22. Anyone who wishes to help FHA with this project may purchase a \$1 chance from any FHA member or call the Homemaking Department (387-2312) and a ticket will be delivered to you.

The Future Homemakers Chapter has both girls and boys as members because everyone is a homemaker whether that person chooses to live alone or with other people. There are currently about 60 local members.

David Creek (11) and Mike Villanueva (31) provide the opening for Rex Surber (40) during the Bronco-Bearcat battle.

# Broncos Win Home Opener

Johnny Doan [12] clears the way for Eddie Favila (21) in the Bronco-Bearcat game last Friday evening.

## Broncos vs Mason Friday

The Broncos did a good job in their win over Ballinger last week. The Bronco offense took charge and controlled the ball. The Defense showed good strength inside their own 20 yard line.

The 27-16 victory brought the Bronco season record to 1-1. The Broncos will face a tough test this week when they take on Mason. Mason has two victories over Llano and San Saba. Both these teams are good football teams.

Game time will be 8:00 p.m. here in Sonora.

## 7th Grade Colts Win Opener

The Seventh-grade Colts opened their season on the right foot with a 26-0 win over Ballinger. It was the first game for both teams marked with many mis-

takes for both sides. On the colts 3rd possession, quarterback Scott Miller scored on an 18 yard scamper. The P.A.T. by Ruben Garza failed. On their next possession, the

colts scored again on an 8 yd. run over the right side of the line by halfback Victor Lira. Jessie Guerra scored the 2 point P.A.T. on a fake kick. Then as time expired Ballinger

tried a desperation pass and saw Jessie Guerra intercept and run 30 yards for another Colt touchdown. Once again the P.A.T. failed. This made it 20-0 at halftime. The

colts on side start the second half and recovered it to set up their last score. The second Colt offense drove 45 yards with the aid of two passes from quarterback Ed Mata to end Perry Brickley. Mata scored from the one only to have it called back on an illegal procedure penalty. On the next play,

halfback Tim Schaeel scored on a 5 yard run around left end. Once again the P.A.T. failed. The rest of the game saw the Colt's second and third teams keep the Ballinger Bearcats from even gaining a first down until the last minute of the game. The Colts racked up 218 yards rushing and 20

yards passing. Ballinger had a total of 7 yards total offense. The leading rusher for the colts was Victor Lira with 78 yards on 6 carries. This was in part due to fine line blocked by center Ricky Mesa, guards Daniel Garza, John Snyder, Tackles Ruben Garza, Ismael Sanchez and Ends Lonnie Blankenship and Mike Barton. Quarterback Scott Miller had 22 yards on 4 carries. Fullback Abel Sanchez also had 22 yards. Jessie Guerra had 48 yards rushing while Tim Schabe and Mark York both had 20 yards. It was a great start and a super overall team effort. The Colts will play again at 5:30 on Sept. 20 at Big Lake. Come see exciting Colt Football.

### "Crazi Raz" Picks The Winners

Crazi Raz foresaw the future better last week getting 13 of 16 right. That brings the percentage up to 74.2% for the first two weeks. The crystal ball did a better job last week.

But, the picks this week are not easy. To start off, Sonora will have their hands full with Mason. Mason has won their two previous games over tough opponents. The Broncos will take the win but it will be with the help of the home field. Sonora by 1. Eldorado vs. Ozona. The Eagles are flying high with a 2-0 record but are in for a toughie. Eldorado by 1 on a missed extra point.

Arkansas vs. Oklahoma St. The Razorbacks will not have an easy time but will win it by 14.

Baylor vs. Alabama. The Bears run head on with a "Bear". Alabama just has too much of everything. The Bears will make a good showing if they only lose by 13.

Rice vs. LSU. If charity prevails, the game will be called after the opening kick off. LSU by 30.

North Texas vs. SMU. SMU got beat up in Ft. Worth last Saturday, but the Ponies still have enough to handle the Mean Green. SMU by 10.

Iowa St. vs. Texas. It's finally time to find out if Texas is really that good. They are, Texas by a big bunch.

Texas A&M vs Penn St. The Aggies would do well to stay at home. No upset here. Penn St. by 18.

Tulane vs. TCU. Even a blind hog finds an acorn once in a while. TCU by 9.

Texas Tech vs. Arizona. The Raiders will be tested but should prevail. Texas Tech by 6.

Angelo St. vs. Cameron. Angelo St. in a battle will win by 3.

Abilene Christian vs. Northern Colorado. ACC by 13.

USC vs. Minnesota. No. 1 USC will not do anything to tarnish their reputation. USC by 24.

Michigan vs. Kansas. Michigan dropped the ball on the way out after half time against Notre Dame but will punish Kansas for their own sins. Michigan by 36.

Notre Dame vs. Purdue. Notre Dame upped their rating by kicking their way by Michigan but will find a mad Purdue, who was upset by UCLA last week. Purdue by 4.

## Life In The Gas Patch

by Becky Ponsetti

**Halliburton News**  
Halliburton Services, Sonora District has recently received an award for One Million Miles without a vehicle accident. In the regular monthly safety meeting, several safe driving awards were presented. Receiving awards this month were J.C. Surber, for 21 years safe driving, Elton Holt, for 11 years safe driving, Steve Ponsetti, and J.B. Voss for 1 year safe driving. A celebration dinner for employees and their wives will be held in October.

Halliburton has also received several new pieces of equipment. They have two new nitrogen trucks and one new transport. According to Don Deel, there will be a man coming from another district to instruct

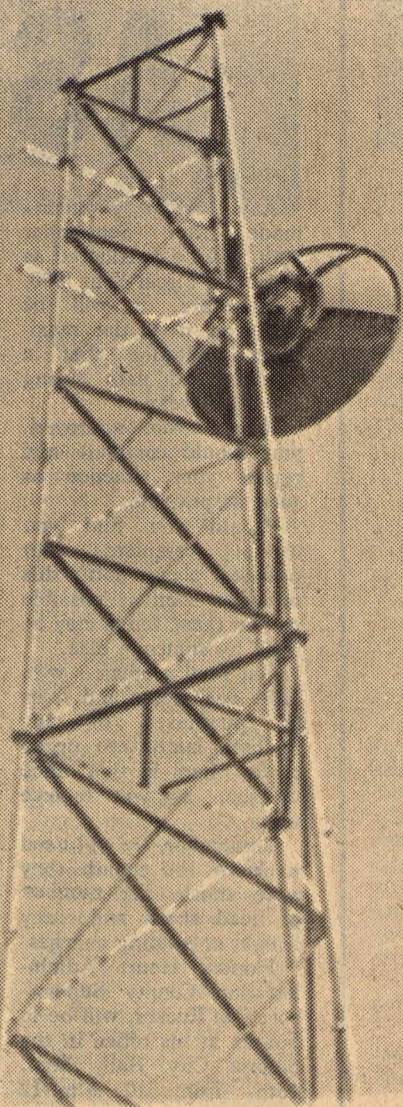

the employees in the operation of these new vehicles.

**Dowell News**  
Dowell is proud to introduce its new district engineer, Ms. Sammie Saylor. Sammie moved to Sonora from Tulsa Oklahoma, where she was employed by Dowell Treating Service Lab.

Ms. Saylor has attended schools in Houston and Tulsa where she earned her degree in Chemistry.

She will be explaining and presenting new products developed by Dow for use in the oil and gas industries to salesmen and prospective buyers.

Moving to Sonora with Ms. Saylor is her mother and her daughter, Leslie, an eight grade student at Sonora Junior High.

Where did this tower come from. This radio communications tower belonging to Intratex appeared one morning on top of HNG hill.

### RRC Reports

#### Applications Filed

The Railroad Commission's Well Classification Section reported that as of September 7 oil and gas operators have filed 13,323 applications for new determinations of gas well production and pricing categories under the federal Natural Gas Policy Act of 1978.

The Commission initiated the well classification program last December

#### RRC States Position On

pursuant to NGPA mandate and guidelines set forth by the Federal Energy Regulatory Commission.

Under the federal rules and corresponding RRC policies, the section is responsible for processing applications filed by operators requesting gas well determinations under one of five different producing and pricing categories of the NGPA.

Operator applications are reviewed through section statistical checklists followed by public hearing and ultimately are brought before the Commission for final action.

Through September 4, the Commission has approved 2,337 applications for the requested NGPA producing and pricing categories, according to the section report. Four

applications have been denied.

A total of 2,163 of the applications have been transmitted to the FERC. The federal agency has the power to reverse or remand applications acted on and transmitted by the RRC. Another 177 applications are in a microfilming status before being sent to the FERC.

The Well Classification Section report gives the following breakdown of categories applied for by operators and those finally approved by the Commission:

1) 7,249 applications for determinations under NGPA Section 108 for stripper well natural gas from wells producing an average of no more than 60,000 cubic feet per production day. The Commission has approved 491 of the applications.

2) 5,081 applications for determinations under Section 103 -- new onshore production wells drilled after February 19, 1977. The RRC has approved 1,672.

3) 877 applications for Section 102 (c)(1)(C) -- wells drilled in new onshore reservoirs. 134 have been approved.

4) 146 applications for determinations under Section 102 (c)(1)(B) -- gas from wells meeting distance requirement from other wells. Twenty-four of the applications have been approved.

5) 132 applications for determinations under Section 107 -- high cost gas wells drilled after Feb. 19, 1977 and completed at a depth below 15,000 feet. Sixteen of the Section 107 applications have been approved by the Commission.

## Federal Regulations

Railroad Commission Chairman John H. Poerner today said proposed federal regulations on underground water injection could cause a cutback of 66,000 barrels of oil per day--some 24 million barrels over a year's time--in three Texas producing areas alone.

Revenue and consumer-wise, such a loss at wellheads in North, North Central and East Texas converts into a \$24 million-a-year dent in the Texas treasury and a reduction of 2.7 million gallons daily in petroleum products, including 1.2 million gallons of gasoline, he estimated.

"Texas can ill afford such a revenue loss nor can the nation absorb an energy supply decrease of such magnitude without dire consequences," the RRC Chairman maintained.

Poerner made the assessments after reviewing an impact review of proposals being pushed by the Environmental Protection Agency that concern the injection of water into underground formations beneath oil producing operations. The study was carried out by the Commission's Oil and Gas Division.

Last April, EPA published the proposals under the title of "Minimum Requirements" and Grant Regulations" for state underground injection control programs. The RRC review found the proposals to be more "maximum" rather than "minimum" in their thrust.

Poerner agreed with the Oil and Gas Division report which states:

"The EPA's 'minimum

requirements' for underground injection control programs for the states are so written as to include all underground injection, and not merely those that affect public water systems."

The review adds that the proposed EPA requirements are "too broad and inclusive when compared to the requirements of the (federal) Safe Drinking Water Act."

Poerner noted that the Congress has stipulated that EPA regulations for state UIC programs are not to disrupt effective, existing state programs unnecessarily.

The proposed regulations interfere with, and impede, oil and gas production, as well as disrupting Texas' effective, fifty-year-old injection control program, Poerner asserted.

## ASCS Reports

Any ACP payments made after September 30th, will be considered as earned in Fiscal Year 1980. Therefore, it will be deducted from the maximum limitation that a producer can earn during one fiscal year.

If you were approved, you should complete and report your practice as soon as possible.

Should you find you cannot complete your practice, please notify this office as soon as possible so that these funds may be used by someone else.

Our wool producers with sales documents and sales or purchases of any unshorn lambs are urged to file them in this office as soon as you receive them.

Remember, we will need to know the month they were shorn, the number of head shorn and any freight or grading charges.

Farmers Home Administration County Supervisor, Ben Rucker, will be in Sonora at his office in the Sonora City Hall, Sept. 13th, from 10 a.m.-12 noon.

County News  
As most of you know, our County Extension

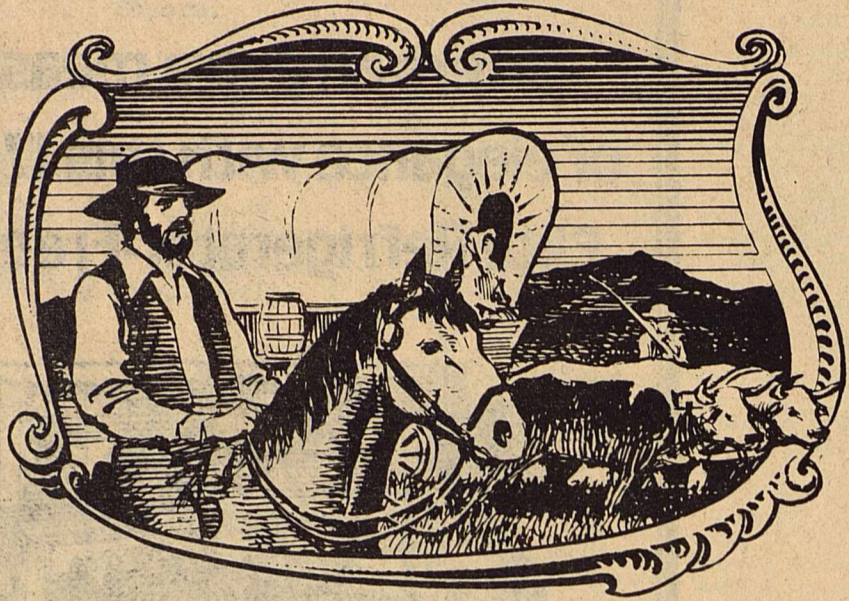

Agent, D.C. (Clint) Langford retired the last of August. Clint came to Sonora in November of 1948, still in training and never left. He has served the Sutton County Ranchers for 31 years with determined dedication and was regarded by all he came in contact with as one of the finest County Agents anywhere. All ranchers and 4-H members who worked with Clint will always have a

special place in their memories for all he has done for them. We wish Clint and his lovely wife Nina much happiness in their retirement in Kerrville and extend an invitation for them to come back often for a visit.

Welcome  
We would like to welcome our newly appointed County Agent, Preston Faris and his family to Sutton County. Preston has been in the

Extension Service for 7 years. He comes to Sutton County from Martin County. He is originally from Medina. We welcome Preston, his wife Kay and their 3 children to Sonora. All programs administered by the ASCS Office are offered to all without regard to race, color, religion, sex or national origin.

Laughter is the shortest distance between two people...

## Feeder Cattle, Down

Total U.S. feeder cattle numbers are down about 2.4 million head from a year ago.

"However, the decrease probably won't be large enough to strengthen prices," believes Dr. Edward Uvacek, Jr., livestock marketing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Feeders placed 1.6 million head fewer cattle on feed through the first half of this year, which partially accounts for the large numbers of feeder

cattle still left," explains Uvacek.

These reduced placements, along with only a one percent reduction in the 1979 calf crop and a sharp reduction in calf slaughter, mean there will be a lot of potential feeder cattle available during the rest of this year, reminds the specialist.

"Cattlemen indicate that this year's calf crop is later than usual. Therefore, calves born in the summer will be added to

the total feeder animal supplies available this fall and winter," Uvacek points out.

He adds that feedlot losses have become more common with the lower fed cattle prices. This could further reduce the demand for feeder animals, just when supplies are increasing.

"So, cattlemen hoping for stronger prices this fall may be sadly disappointed," says Uvacek.

session will begin at 1:30 p.m. in the school auditorium. Immediately following this session, the delegates of the Texas Sheep Council will meet briefly.

All sheep and goat producers and agribusiness people are urged to attend this meeting and bring themselves up to date on matters related to the industry.

## TSGRA To Meet September 29

The fall meeting of the directors of the Texas Sheep and Goat Raisers' Association will be September 29 in Eldorado, Texas. Meeting place is the Eldorado High School, and registration will begin at 8:30 a.m. Committees will get under way at 9:00 and meet on split schedule until noon. The noon meal will be served at the Eldorado Restaurant.

## Wool & Mohair Report

The mohair market is still very quiet and no sales have been reported in the last 2 weeks. The second South African sale was held yesterday, but no reports were available at this writing. Since the first sale was down somewhat most of the trade has been awaiting this second sale and some expect it to be lower again.

Very few new orders have been made and the mohair top buyers are trying to buy as cheap as possible and are really shopping. The new orders

should come in October and very simply the market price and the volume of hair that moves will depend upon the amount of new orders. At our lower price (\$6.00 vs \$4.00), we should have ample business to clean up the fall clip; but no one knows for sure at this time.

Fall wool sales have been scheduled in Ozona and Del Rio. We may not have a sealed bid sale this year, as we have moved some fall lamb and are talking to buyers on the fall ewe wool right now. If we can trade private treaty at levels near the sale prices, then we will probably not have a sale.

### Abilene

## Livestock Report

pled Children have begun to fill.

The cattle sale will be at 1 p.m. Monday, September 24, followed by other livestock sales in Abilene, Coleman, Junction, Brownwood, and Tuscola during the fall.

Trailers from throughout the state have begun to wind their way toward Abilene from as far west as Toyah and Marfa, as far north as Hereford and Silverton, and as far south as the famous King Ranch in Kingsville, and Catarina.

Pledges from such famous ranches as the Pitchfork, 6666, Spade and SMS have been received.

Brands of the cattlemen donating to help the handicapped are placed on the walls of the West Texas Rehabilitation Center, honoring more than 1200 of the most famous brands in the Southwest.

Jim Alexander, a second generation cattleman, is general chairman of the Cattlemen's Round-Up and urges all stockmen throughout the southwest to make an extra effort to donate livestock.

Those desiring to donate may call 915/692-1633. All livestock will be picked up and transported free.

The Cattlemen's Round-Up for Crippled Children was started 20 years ago and has been a basic means for financing the operation of the West Texas Rehabilitation Center. More than 7,000 handicapped children and adults will be treated, without charge, at one of the WTRC campuses in Abilene, San Angelo and Snyder.

How long in Sonora? \_\_\_\_\_

So that we can begin at a given date, newcomers for this particular survey will be three months or less, as a Sonora Resident. Members of the Red Carpet Committee will contact you for a visit, a warm welcome to Sonora and bring you data about Sonora that should prove helpful to you.

**A Sonora Pastor Speaks**

by Paul Terry

More and more, I am convinced that the value of life is determined not by what happens to a person, but by what that person does with what happens to him.

Two people have the same kind of illness; one becomes embittered, blaming God for his troubles. The other becomes sweeter of spirit,

as he searches for and finds the strength which God has promised those who trust him.

One person never has time for the Church, claiming family, social and business interests simply do not leave time for it. Another, with perhaps more responsibilities, so organizes his life that he is able to give some of his

time to God and still take care of all other necessary obligations.

The difference is always in the outlook on life. If we believe that God should have a voice in our affairs, we search for, and find, guidance for living. When will we learn that Christ meant it when he said that he came to give us more abundant living?

When will we learn that every time we leave him out of our plans we lay ourselves open to disappointment, heartache and poverty of spirit?

Man achieves nobility of life only when he accepts whatever comes to him in life and, with the help of God, makes of his life what God would have it to be.

**Chamber Of Commerce**

**Plans Work Session**

By Lou Thomas, manager Mike Sipes, Chairman, Program of Work committee, Sonora Chamber of Commerce reports that his committee is busy finalizing plans for the work session, date to be announced later.

Shelley Chaney, Chairman, for the Talent Show, Red Carpet Committee reports that she and her committee are contacting teachers and others regarding local talent and she will be announcing final plans sometime in the near future.

The Chamber of Commerce will be operating without a telephone until

around September 28th. Telephone service has not been transferred to new office location at City Hall and cut-off of phone number 387-2880 has not been completed, so that when you dial the number, the phone rings.

Red Carpet Committee members helping with the grand opening of The Image Shop were Debbie Metzger, Frances Ross, Gloria Lopez, Sarah Mahon, Olivia Hernandez, Becky Ponsetti, Camille Green, Shelley Chaney,

Chris Rasberry, Board member Tom Metzger, Honorary Board member

Mayor Doyle Morgan, manager Lou Thomas,

Leola Wiseman and Fae Morgan.

**Course In Reformed Tradition Offered**

The Church of the Good Shepherd Presbyterian is offering two courses for those interested in the reformed tradition. The first class will meet at 5:00 p.m. on Wednesday nights. This class is a

communicants class designed for late elementary youths. The second class will be held on Wednesday nights at 7:30. It is a communicants/inquirers class and is to be an inter-generational class de-

signed for Jr. high adult ages.

Both classes will meet at the church and will be instructed by Reverend Jim Miles. Interested persons are cordially invited to attend.
