#### Request Made For Access Roads in Roosevelt Area

County Judge Charles Sherrill has started in motion efforts to get access roads on I-10 in the Roosevelt area of Sutton County. According to Congressman Tom Loeffler, the request must be initiated at the State level. In a letter from Karl S. Bowers, Federal Highway Administrator, it was pointed out that the action by Judge Sherrill in submitting a request to Mr. B.L. DeBerry of the State Highway Department was the correct action.

As soon as the State Highway Department determines the need for additional access in the area, the Federal Highway Department can proceed in this matter.

Congressman Loeffler has written to Mr. DeBerry about this matter and is willing to help in any way that he can.

There is no indication of when the access roads could be built at this

# Sonora in New District

There has been a re-alinement of the schools in the district that Sonora High School will compete in next year. The new district will be District 8-3A and include Ballinger, Brady,

Coleman, Comanche, and Sonora. The three A classification does not indicate a sudden growth in Sonora High School enrollment but rather a change in the system used by the State. Class B was changed to 1A and all other classes were moved up by an "A".

Enrollment figures used to classify schools now is 135-264 students for class 2A, 265-614 class 3A, and 615-1309 for class 4A.

According to Dr. Andrews, School Superintendent, the next year's football schedule is not complete but

Sonora will play Ozona, Junction, Eldorado, Coahoma, Llano, and probably Crane in non-district games. The dates are not set at this time but it looks like Sonora's open date will be the last date of the

School officials had hoped to reduce travel times, but the schedule does not look that way at this time.

The Broncos took on Kermit last Friday night in the first district game of the season and came up short on the 13-7. The Broncos played a good game, but field position for Kermit finally caught the Broncos.

Kermit scored after getting the ball at the Sonora 27 yard line and the 19 yard line. In the third quarter, Kermit drove a first down at the Sonora 8 yard line but could not score. The Broncos put up an excellent goal line stand that left the ball at the 2 yard line. Kermit had fourth down at the Sonora one yard line but David Reyna recovered a fumble that was forced by good

defensive play. The Broncos failed to make a first down and had to punt from their 9 yard line. Kermit took possession at the Sonora 27 yard line and took two plays to get into the end zone. A 25 yard pass covered the distance and the extra point made the score 7-0

with 11:55 left in the fourth quarter.

The Broncos failed to make a first down on their possession after the kick off and had to punt. The Bronco defense held Kermit and forced them to punt. But, some strange things happened on the punt. A Kermit player batted the ball and one of the officials marked the spot with his bean bag. But, while the ball was bouncing around it hit a Sonora player on the ankle and a Kermit player recovered and was given possession at the 19 yard line of where a member of the kicking team

Anyway, Kermit scored in six plays and lead 13-0 with 7:09 left in the game.

Sonora took the insuing kick off and went 71 yards for their touchdown. The big play was a 66 yard pass from Johnny Doan to Allen Stewart. Eddie Favila got the touchdown from the four yard line and David Creek kicked the extra point to make the score 13-7.

The Broncos never gave up and with about 2 minutes left, George Wipff blocked a Kermit punt. The Broncos took over the ball at the Kermit 28 yard line but three incomplete pass and quarterback trap left the ball in the hands of Kermit, and the game too.

Broncos recovering fumbles were George Wipff, David Creek, Eddie Favila, and David Reyna. Favila also playing very well on defense were Charlie Carroll, David Sanchez, and Wesley Barton. The defense did a good job stopping the district's leading rusher. Kermit quarterback, David Fulbright, only got 30 yards on 11 rushes and four fumbles.

The Broncos continue district action this week when they take on Crane there Friday night.

## **Heart Association Turkey Walk Set for Saturday**

Get your walking shoes on, and get ready for the second annual Heart Association Turkey Walk. You can have fun, raise money for the Heart Association, and at the same time get a Thanksgiving turkey for

Everyone who completes the ten mile walk and gets as much as \$50 in pledges for the Heart Association gets a turkey. An individual turkey

will be given to the person who gets the largest amount in pledges, and a rotating trophy will be given to the company or organization which gets the highest pledge. Those who

compete as members of a company team, however, will not be eligible for the individual trophy. AMOCO has boasted that they have a man who will walk the ten miles before

any other adult completes more than nine miles, or give an extra \$50 to the Heart Association.

Saturday, November 10, the Turkey Walk will start from the Methodist Church parking lot at 8:30 a.m. Get your entry blank anywhere in town where you see the poster advertising the Walk, or call Harold

## Gayle Gladden Wins Football Contest

The Devil's River News Football Contest was a close race again this week with several entrants close at the top. Gayle Gladden of Sonora was the winner with one miss. Gayle won however on the tie-breaker by picking the Sonora-Kermit score

Elmer Garliltz of Eldorado won second place with one miss also. Both Gladden and Garlitz missed the Texas A&I upset.

Third place went to Kara Sue Garlitz of Eldorado with two misses and missing the tie-breaker score by only one point. Ten others missed only two games. They were Willene Garlitz, Greg Garlitz, Carmen Martinez, Jesse Martinez, Jimmy Doan,

Jack Sharp, Mark Doan, Ernest McClelland, Hazel McClelland and Juan Mendoza. Eighteen other people missed only

three games to group the most of the entrants close. Be sure you enter this week's contest, you may be the

#### **Anterless Deer Permits** To Be Issued Nov. 9

Texas Parks and Wildlife Department will issue Antlerless Deer Permits for Sutton County on November 9, 1979 from 8:00 a.m. to 12:00 noon and 1:00 p.m. to 5:00 p.m. in the Sutton County Courthouse. A map with the anterless deer permit issuance compartments and issuance rates will be posted in the Sutton County Courthouse prior to the issuance date. To qualify for at least one permit, a landowner must own or control acreage at least equal to one half of the permit issuance rate of the compartment where the tract is located.

ties. The Colts played tough defense though and

held Junction to zero first down and thus the score at halftime was 0-0. The Colts took the second-half kickoff and in four plays drove to the Junction 20 yd. line where one of the halfback had the ball taken from him and the Junction player ran 80 yds. for the first score of the game. The try for extra points failed. The Colts

Most parents who abuse their children do not abuse them deliberately and they usually are parents who love their children. The abuse is caused by pent-up tensions due to parental conflicts, shortage or lack of money and /or loss of a job and no training in parenting skills.

#### Introducing The Lenox Saxony Vase

First in a Series of Significant Fine China Reproductions from the

Collections of the Smithsonian Institution.

Lenox is proud to introduce the first in an important new series of reproductions of antique ceramic art objects . . . the magnificent Saxony Vase. It is a faithful reproduction of a porcelain vase that was handmade and handpainted at the Meissen Manufactory in Saxony, circa 1725.

Trimmed by hand in 24-k. gold, the stylized Oriental flower motif on the vase is enhanced by the brilliant palette of colors that was the hallmark of the Meissen por-celain of that period.

The 24-k. gold back stamp carries both the Lenox crest and the mark of the Smithsonian Institution. This magnificent

reproduction is gift-boxed. 100 Dollars.

predator control policies are now under the Department of Interior, stockmen can only hope and pray that bureaucrats closer to the Carter White House don't take a stronger role in decision-making. A May 25

memo that only recently found its way out of Carter's Council on Environmental Quality outlines an executive predator policy that would not only stab livestock producers in the back but would twist the

Pared to the bone, the CEQ memo, supposedly an "Interpretation" of Carter's own policy, places predators ahead of livestock in terms of value. Where predators cause losses it is the livestock that must go, according to CEQ.

cation it should be noted that the Carter statements from which CEQ drew its "interpretation" comprise roughly 16 lines of vague generalities. The "interpretation" itself covers more than four pages of relatively specific recommendations.

It should also be noted that CEQ serves as the administration's official clearinghouse for all matters relating to environmental issues and controls what the public and other federal agencies hear about Carter's environmental policies. CEQ is also dominated by environmental activist viewpoints; the current chairman is reportedly a member of the notoriously flaky Environmental Defense Fund and a founder of the Natural Resources Defense Council, the same outfit now deeply involved in efforts to force livestock off the millions of acres of public grazing land in the Western states.

The seriousness of the problem falls into clearer perspective when you realize that the Interior Department, which runs the predator control program, is also an executive branch agency. Interior Secretary Cecil Andrus, who has been

issue a royal ruling on the future of predator control, is by law a presidential appointee and subject to administrative whims. Andrus controls the administration, and some of the most irresponsible environmental groups in America control CEQ.

Texas Sheep and Goat Raisers Association executive secretary Bill Sims recently obtained a copy of the policy-setting CEQ memo, as have apparently many other interested parties who found it equally alarming. Sims' answer to the memo's recommendation pulls no punches.

He describes President

Carter's actual statements

about predators as "unrealistic", and CEQ's interpretation of them as "assinine". Sims goes on to point out that each of the policy "elements" detailed in the memo is based on fallacy, and that in almost every individual element, "CEQ is reading something into the President's message that is not there." In one instance the memo attempts to tie Carter statements about public lands in with predator concerns, but Sims points out that Carter's actual words said nothing about protecting pre-

the expense of rendering those same public lands useless for grazing sheep and cattle.' Another CEQ position

holds that no predator control should be allowed until livestock losses reach "a threshold -- say, 6-10 per-cent." Asks Sims, "should you as a homeowner be forced to wait until you lost 10 percent of your worldly goods to robbers before the police are called?"

In closing, Sims reminds

CEQ policy-makers that 'when you are discussing ecosystems you are talking about not only the 'ecologi-
