County Commissioners Discuss Airport Problems

The Sutton County Commissioners' Court met Monday for their regular monthly meeting. The Court discussed the several proposals on their agenda. Ken Braden and Gay Copeland, spokesmen for the Airport Board, presented a package of proposals to the Court concerning the updating and maintaining of current facilities. A taxi strip was proposed, as was a request by the Board for \$500 in addition to the current \$2,500 the Airport receives quarterly. Both these proposals were approved by the Court. A third proposal, concerning the purchase of a tank for gasoline storage and a truck for refueling airplanes was tabled due to the \$10,000 price tag. The Court requested that the Airport Board come up with a more conservative figure, and pledged their support to

the updating of airport facilities. Janie Parker, with Child Welfare asked the Court to adopt an amendment to the current Foster Care program. The amendment would eliminate the cost to the County of its Foster Care program. Prior to Jan. 1, the County paid for Foster Care for children not qualifying for Aid to Families with Dependent Children (AFDF), and was later reimbursed by the State for these funds. The State will now pay for Foster Care, thus saving the County money and paperwork. At this time, only three Sutton County children partake of the Foster Care program. Preston Faris, County Extension Agent, asked for the Court's approval in the use of the many 4-H activities scheduled for this year. He would like Sutton County 4-Hers to be able to observe and participate in

2 or 3 major livestock shows out of Sutton County. The Court unanimously approved his proposals. The Court accepted the bid of Holt Machinery Company of San Antonio on a Caterpillar D7 for the use of the Sutton County Road Department. The tractor will cost the County \$100,000 with the trade-in of their 25 year old D8. The tractor is due to arrive in thirty days or less. In other action, the Court approved the payment of \$18,000 to the Sonora Agency for the premium on its general comprehensive liability policy. The Commissioners then took a tour of the new jail soon to be completed. A problem with the drainage of rainwater on the north side of the jail was discussed, and a diversion for the water is in the planning stages.

It's that time of year again!

Sonora City Council Holds Meeting

The Sonora City Council met Tuesday for their regular monthly meeting and to discuss the several items on their agenda. The Council heard the annual report from the Sonora Fire Department, presented by Gene West. The Fire Department is in good shape according to West, all the equipment owned by the Department is in good, running condition. The Council then decided to recommend Bobbie Smith to the Tax Appraisal Board of Sutton County. The Council discussed the possibility of using Housing Finance Corporation Act to provide ready home mortgage money for single-family housing purposes. They decided to look further into the

matter before reaching a decision. The Council approved the bid accepted by the Sonora Fire Department on a Motorola paging system to be used by the Volunteer Fire Department. The system will cost \$12,440, and when installed will enable a fireman to radio back for help or ambulance assistance. It will also enable the firemen to respond to an alarm without awakening the entire community. The system is tentatively to be set up for the use of the thirty firemen now involved in the Volunteer Program, but can expand to 100 units if the need arises. Ordinance 188 concerning the control of and use of explosives within the city limits, was adopted

in its abridged form by the Council. The Sonora Golf Club made its annual report to the Council. The report included a statement by the Club of its income and expenditures. Also included in the report was a list of new directors for the 1980 year. Petitioning the Council, but not on the regular agenda, were Joe Kiowski and Gay Copeland from the Airport Authority. The Board asked the Council to increase the amount of money contributed by the City from \$2,500 to \$3,000. The City of Sonora pays all labor costs at the airport. The Council agreed to aid in the maintenance of current facilities by digging drain holes next to the runway.

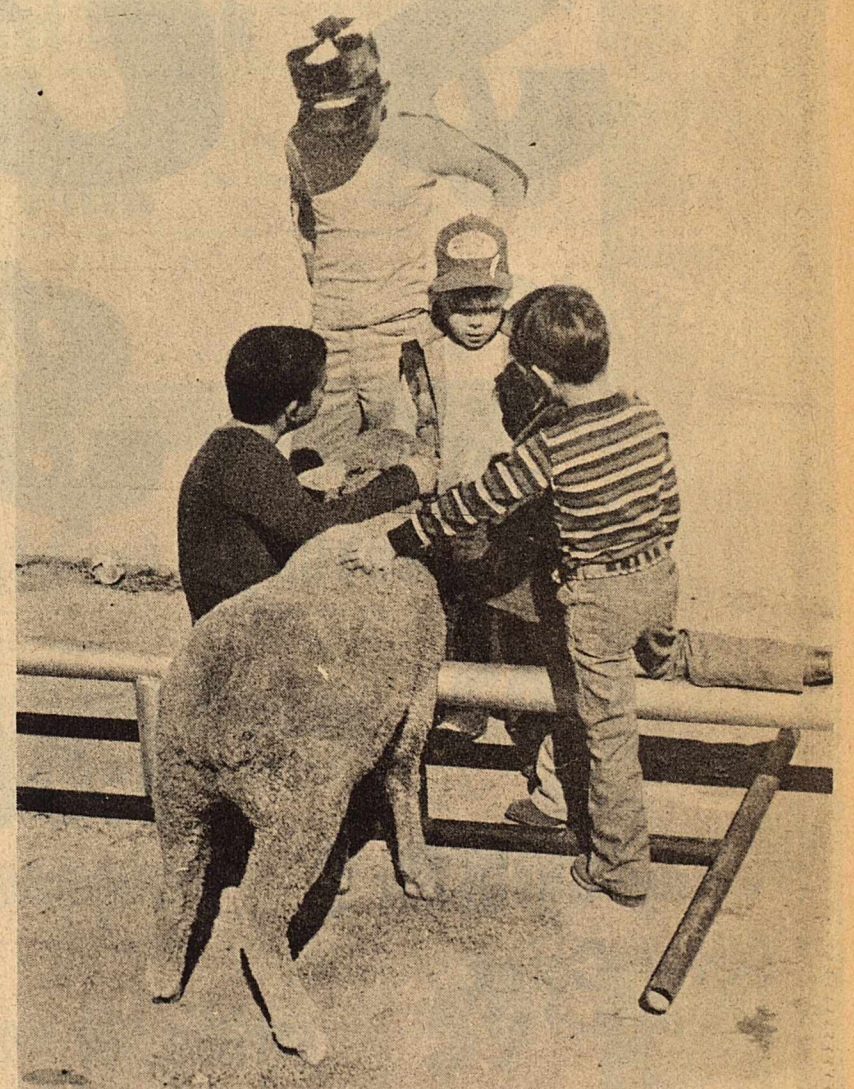

Preston Love Announces Candidacy

Preston Love, Sutton County Commissioner of Precinct 1 has announced his candidacy for reelection. Preston has served on the Commissions Court for four consecutive terms, and has a great knowledge of Sutton County government. He and his wife, Alma, have lived in Sonora for fifty years. They have three children, Tommy, Preston, and Martha. "I appreciate the support and cooperation of the citizens of Sutton County, and I'm asking for their support to re-elect me to another four year term," he stated. Love will be running on the Democratic ticket in the May elections.

Tax Appraisal Board Sworn In

Four members of the Sutton County Tax Appraisal District Board of Directors were sworn into office last week by County Clerk Erma Lee Turner. Those members sworn in included Robert Zapata, Diana Condra, Walter Pope and Richard Street. The board will serve two-year terms, and will set values for all Sutton County property. The City, County and School District will use the Board's appraisals for taxation. One vacancy is yet to be filled on the board to represent the City of Sonora. According to City Manager Jim Dover, the city will submit names of people considered in their monthly meeting next Tuesday, and the Council members will select someone and recommend them to the Tax Appraisal Board.

Mrs. Hector Perez

Gomez - Perez Vows Exchanged

Gloria Gomez and Hector Perez exchanged vows December 29, 1979 at Saint Ann's Catholic Church. The bride wore her mother's wedding dress. It is made of chamilly lace and three layers of pleated ruffles. It has a Spanish style, high neck. The dress was the borrowed article, the old was her great-grandmother's wedding band, and the new was a pearl necklace given to the bride by her brother. The wedding theme was "Love Me Tender", which was sung by Mr. Robert Flores of Ozona, Texas.

The bride and groom were accompanied by forty bridesmaids and groomsmen. Mr. and Mrs. Hector Perez will reside in San Angelo where they will both continue attending Angelo State University.

Meet Your Chamber Of Commerce Directors

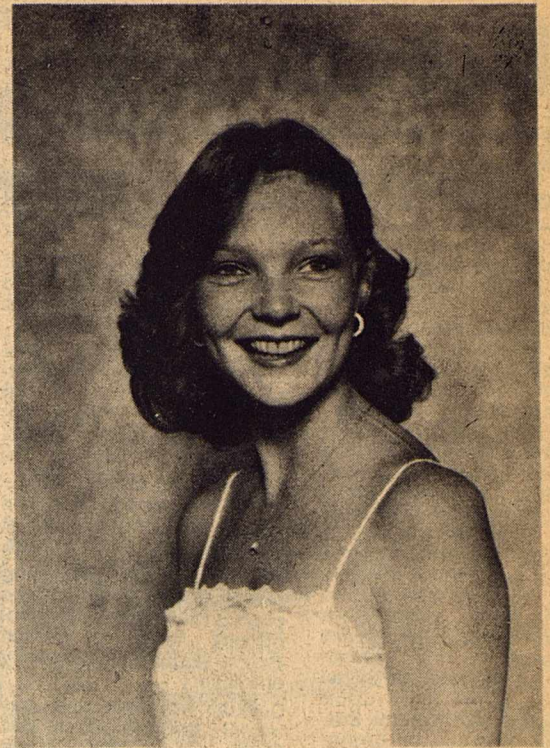

Tom Metzger, Board member, Sonora Chamber of Commerce, has lived in Sonora with his wife Debbie and children: Randy, age 13, Kimberly, age 8 and Kristi, age 4 for one year. The Metzgers moved from Jacksonville. Tom is the manager at KVRN Radio Station. Tom was born in Gilmer, Texas. His background includes being Operations Manager of KEBE/KOOI for five years and Admissions Coordinator at Morris College.

Metzger serves as secretary, American Heart Association, Board member, Community Park Association and chairman, Ad-Hoc Library Committee. He is a member of the Sonora Jaycees. Metzger and his family attend the Church of the Good Shepherd.

Metzger likes hunting, fishing and reading. His favorite novel is Catch 22 and his favorite singer is Neil Diamond.

Metzger stated that he thought Sonora needs to begin now, adding such things as a library, community center, recreational facilities and the like which will meet future growth and serve the current population.

"This city is in desperate need of housing, affordable housing, both single family and multi-family. Another sudden growth could cause real problems unless steps are taken soon to alleviate the problem", Metzger commented.

Sonora Minister Speaks

by Jim Miles

We are creatures of habit, and it sometimes seems that good habits are cultivated with great difficulty and broken with ease while the inverse would appear to be true about bad habits. If there is any credence here, however, it must be in the fact that good habits usually involve an active role, while bad habits may involve only a passive one. This is not necessarily true, for to stop drinking excessively would involve adopting a passive stance, i.e. not doing it, but the active passive rule of thumb seems to hold true

for everything from washing out the tub to grace at meals. We cultivate good habits by doing those things, at first awkwardly, perhaps even mechanically, but soon they become second nature to us. Many of us detest New Year's resolutions, and I count myself among this number, but New Years and New Seasons are ideal occasions for reevaluating ourselves and for reassessing our priorities. We each have 24 hours a day - 168 per week. How

much time do we spend in prayer, in service? Let us during the first month of the decade reassess our priorities, and may worship, both with the gathered community and separately be among those things we deem most important. Then, let our growing edge be not only worship, but study and service, as we mature as children of the light, in gratitude for what God, our Creator, Redeemer, and Sustainer has done for us.

One Act Play Announced

The cast for Sonora High School's One Act play has been announced. The play to be performed is "J.B.",

written by Archibald Mc Leish. It is a Pulitzer Prize winning play.

be held February 8 and 9 here in Sonora.

The play is the story of Job. It is set in modern times however, and is relevant of the times. It is the story of one man's search, suffering, success and failure. Much of the script comes directly from the Bible. The hero, called J.B., is at the beginning of the play, a prosperous businessman, with everything that makes life worth living, a fine house, a lovely wife, and many children. He loses everything. He is given a second chance, which he accepts, in spite of his recent failure. The cast includes fifteen characters. Mr. Zeus is played by Lance Reynolds. Zeus is the God-like character. Mr. Nickles, played by Calvin Johnson is the antagonist, and has many characteristics of Satan. J.B., the hero will be performed by Kent Cagle, and his wife Sarah, is played by Beth Bartz. J.B.'s children are Rebecca, played by Debbie Kemp, Ruth, Jennifer Spencer, Mary, Tanna Taylor, David, Tommy Shepherd, and Johnathan, Dennis Mauldon. Mrs. Adams is Trina Powers, and the two messengers are played by Ricky Wright and David Wills. The play will go to contest in the spring of this year, and is directed by Speech and Drama Director Chris Cassel. The Speech and Drama Department at Sonora High School is preparing for the 34th annual Speech Meet to

Card of Thanks

We are truly thankful to our good friends who did so much for us during our recent sorrow. May we take this means of saying thank you for the many comforting expressions of your friendship and affection. We would especially like to thank Bobby Kelley, Beverly Valliant, Dr. C.F. Browne and his staff at the Hospital for their support during the passing of our husband and father.

The Louis Powers Family
I want to thank all those friends who helped me in so many ways to make Autrey more comfortable during trying days. An especial thanks to Rev. Paul Terry for his faithful visits and prayers and to Dr. Browne, Dr. Owensby, the nurses and aides at the hospital for working so to try to make him comfortable. All of you will be remembered in my prayers.

Industry's Operations Essential to Economy

By Edwin L. Cox, Pres. Tex. Mid-Continent Oil & Gas Assc.

There are people in this country making careers out of criticizing America's petroleum industry. The large integrated companies have been the principal targets of their criticism. Recently, a coalition of labor unions and consumer groups staged demonstrations in various cities throughout the country to protest

high energy prices and the "big oil companies." This so-called "Big Oil Day" was a big flop. Most Americans saw through the proposals for industry nationalization and distortions of fact. Most Americans are aware of what the U.S. petroleum industry operating within our free enterprise system-

has meant to this nation. Those of us living in Texas know of the contribution the industry has made to this state's economy and general welfare. Several of this nation's largest oil companies had their origins in Texas and have been operating here since the turn of the century. So, the oil and gas industry long has been a prime contributor to Texas' social and economic well-being.

These companies and others provide many jobs, support education, and underwrite many community

services in our state. They also pay a significant portion of the industry's billion-dollar annual state tax bill. All employees of these companies—from the newest employee to the top management-work for the stockholders of these publicly held companies. More than 14-million persons, for example, own the nation's six largest oil companies. This ownership is either through personal stock purchases, through participation in retirement and pension plans, or through mutual fund participation. Many of these stockholders

use these investments in order to make their retirements more comfortable and secure. A recent study of oil industry ownership of companies such as these six showed the following: The average age of employed persons who owned stock was more than 52 years. Their average household income was less than \$20,000 per year. Indirect owners numbered almost 12-million persons. More than seven-million of these were participants or annuitants in various pension and retire-

ment plans. Direct owners numbered 2.3-million persons. Of these, nearly half (46 percent) were retired. The average age of these persons was more than 70 years. And, they had owned this stock for an average of 33 years. These findings and figures illustrate the scope and diversification of the ownership of the nation's six largest oil companies. Who owns America's big oil companies? To that question, there is a simple answer. Millions of Americans.

PBPA Editorial The Rise and Fall of Windfall Profits

Where do major oil companies stand on the Windfall Profits Excise Tax Bill? On December 8th, Gulf Oil Corporation sent a mailgram to its royalty owners urging the defeat of the excise tax. Mobil was opposed to the tax, but said if there has to be one, do not tax oil that has not been discovered. A spokesman for Exxon said the company calls the tax "objection-

able." The Sun Production Company, in a letter to its shareholders, employees and retirees, said since April, company management has been working hard to make sure the tax would be a reasonable one. In that same letter, and a separate one to royalty owners, Sun said the tax should be no larger than 60 percent, should be phased out and the independent

exemption should not be a part of the final law. Another major company, Atlantic Richfield, or ARCO, is in favor of the tax...saying it is a political necessity. An ARCO spokesman said the tax should not be any larger than 177 billion dollars. It's hard to believe anyone connected with the petroleum industry could do

anything but oppose the tax which is an excise tax on increased gross income and has nothing to do with profits of any kind. The tax goes a long way in defeating the main purpose of decontrolling oil prices—that is to increase the supply of oil and gas in America over the near future. Last week's rig count was 303 and twenty years ago the rig count was 388.

Poerner Discusses Energy Solutions

The chairman of the Texas Railroad Commission today said a "most satisfactory solution" to America's fuel and economic woes would emerge if the federal government got out of the energy business. Commissioner John Poerner, speaking before the Houston chapter of the American Petroleum Institute's production division, offered that prediction in discussing the U.S. energy dilemma and Washington policies that, he contended, have made it more onerous. "The (federal) policy of keeping domestic prices artificially low has been an abysmal, and has led to many of our current problems," Poerner declared. Washington-created allocation systems and price controls should be scrapped and market forces allowed to price and allocate energy, he urged.

An energy regulator himself, Poerner maintained: "Individual states are most capable of regulation of conservation purposes and that is all we need." Disputing claims that the U.S. is over the hill as regards domestic fuel resources, Poerner said "the great news" of the new decade is that America has vast energy resources waiting to be tapped. He reported: The U.S. has enough coal to meet domestic needs for centuries at current rates of consumption. "There is uranium in the ground equal to about 48 billion barrels of oil—nearly twice our proven oil reserves." Substantial quantities of oil and gas are still to be found, as much as a half-century of supply at present rates of production by estimates of the U.S. Geological Survey.

"Unfortunately," observed Poerner, there is one small obstacle standing in our way: no additional oil and gas will ever be found unless the effort is made. "And right now, many operators are finding that it is just not worth their while to make that effort for one simple reason—confusing and conflicting rules and regulations that come pouring out of Washington each year." Many of the new federal rules present conflicts with pre-existing state laws, he noted. Also Poerner observed, federal public land use policies and programs are increasingly denying Americans the chance to find and use future energy supplies. "We still have plenty of unexplored land, but much of it has been withdrawn from exploration and development," he reported.

Poerner pointed to the Overthrust Belt in the northern Rocky Mountains that has been described as the "single most promising area for oil and gas potential in the lower 48 states." Some 600 million barrels of oil and more than two trillion cubic feet of natural gas have already been found in the area where estimates of reserves range between one and three billion barrels of oil and seven to 12 trillion cubic feet. "Forty-seven percent of the 10.6 million acres of public land in the Overthrust Belt has already been withdrawn for wilderness or restricted energy development. "But, sadly enough, most of these resources may never be developed or even discovered under present policy," said Poerner.

Time was when your electric bill probably was "just another item" in the family budget. You knew from the year before about what to expect. Regrettably, this is no longer true. As the costs of producing and supplying electricity have gone up, WTU has had no choice but to pass on fuel cost increases through fuel clause adjustments on your bill. The electric bill has become a large item in your family budget. You and each member of your family are important parts of your electric bill. How you use appliances and

equipment makes a big difference in the amounts of your bills. Make a family project of keeping the heating thermostat set at 68° in the winter. Operate the clothes washer, dryer and dishwasher only with full loads. Turn the television off when you leave it. And check around the house for other energy-saving, dollar-saving measures. WTU is working to assure an adequate supply of electric power for all of its customers and to help them get the most value for their electric dollars.

Remember REDDY Supplies the energy—but only YOU can use it wisely!

RRC Approves Gulf Oil Exception

The Railroad Commission today approved the application of Gulf Oil Corp. for an exception to an RRC rule that would permit the operator to sell natural gas produced on a state-owned tract in the Gulf of Mexico for ultimate out-of-state consumption. Texas law requires such approval. During its weekly conference on Oil and Gas Division matters, the Commission unanimously granted an exception to its Rule 69, permitting Gulf Oil to sell gas from its shut-in well on Tract 942-S about five

miles offshore Kleberg County. Legal examiner Roger Schultz recommended approval of the application. Schultz said the gas well has an estimated deliverability of 11 million cubic feet per day through perforations between 8,912-20 and 8,930-38 feet. Gulf has no intrastate market for the gas, he advised. The El Paso Gas Co., an intrastate transmission organization, will pay the maximum lawful price for the gas and will build a half-million dollar pipeline

extension to link the well to its system, Schultz advised. Gas reserves in the vicinity of the well have been estimated to total about 10 billion cubic feet. The General Land Office supported Gulf Oil's application.

El Paso Co. Asks For Hike

The El Paso Company announced that El Paso Natural Gas Company, a subsidiary, today asked the Federal Energy Regulatory Commission for conditional authority to increase its rates to customers served from its interstate natural gas transmission system. The proposed increase of \$74 million annually, or 3.8 percent, is due to cost increases in those items incident to the operation of its interstate pipeline system serving West Texas, New Mexico, Arizona, Southern Nevada and California.

Delegates Adopt Emergency Policy For 1980

Farm Bureau Delegates adopted an emergency policy for 1980 to deal with the problems caused by President Carter's partial embargo of grain to Russia.

Allan Grant of Visalia, California, who retired at this convention after serving four years as president of the three-million-member farm organization.

Delegates to the 61st annual meeting of the American Farm Bureau Federation also elected Robert B. Delano of Warsaw, Virginia, to succeed

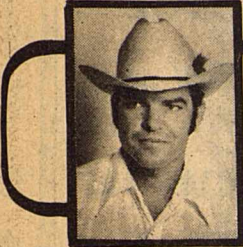

DeLano, who has served three years as vice president of the AFBF, operates a 400-acre diversified farm in Richmond County, Virginia.

Texas' 18-member delegation voted for the emergency measure which states, in part: "That because of the immediacy of the President's actions, some segments of our nation's economy will suffer severe economic hardship through no fault of their own, and therefore, steps must be taken by the government to provide compensation for those losses."

Agricultural trade should not be sacrificed unless the national security demands a total suspension of all non-diplomatic relations with USSR, the delegates said.

They recommended that the Administration and Congress immediately implement the following:

1) Immediately increase Commodity Credit Corporation export credit budget from \$800 million to \$2 billion for the next two fiscal years.

The countdown is on for Rehab '80!

Many times over the years before my days in public relations for West Texas Rehabilitation Centers, I can remember the excitement of the annual Rehab telethon on a cold January night and what a good show it was to watch at the ranch. This year's show will be even greater on January 26th.

Bob Hope will introduce the shows—a five hour show from San Angelo's Convention Center and a seven hour show from Abilene's Civic Center—and a parade of stars will keep you entertained all evening.

Singer Pat Boone, one of the top three recording stars of the rock and roll

era, will join Rex Allen, who has hosted the show every year for the last ten years. The production, the nation's largest regional telethon, will be seen on 14 television stations.

Also participating in this year's telethon are: Shari Lewis, Johnny Desmond, Dave and Sugar, Slim Pickens, Anacani, Arthur Duncan, The Otwell Twins, Helen Forest, Bill and Susan Seaforth Hayes, Eileen Barnett, Sammi Smith, Margo Smith, Tex Williams, Chris Christian, Pedro Gonzalez Gonzalez, Grant Teaff, Jimmy Weldon, Jonny Gimble and the Bosque Bandits, Larry Mahan and the Ramblin' Rodeo Revue, Mac Wiseman, Montie Montana, The Angle Sisters, The Texas

Travelers Cloggers, and the Rehab '80 orchestras.

Rex Allen, Jr. is the official host for the Colonial Rehab Ranger Program—the program co-sponsored by Colonial Food Stores, Inc. -- directed toward involving children in the campaign to raise money for WTRC. The young recording star will also appear on the telethon with his band and the Country Travelers.

Boone, according to Billboard Magazine, has been on the charts during the rock and roll era for more than 200 consecutive weeks, an all-time record. He has 15 songs on the Top Ten including "Love Letters", which was number one for five weeks in 1967.

He starred in 15 motion pictures, hosted his own television programs both for network broadcast and in syndication, been guest star on both dramatic programs and variety specials, and written five books.

This will be Boone's first appearance on the Rehab benefit.

The telethon will be seen on the following television stations: KRBC-TV, Abilene; KACB-TV, San Angelo; KCTV-TV, San Angelo; KXTX-TV, Dallas; KTVV-TV, Austin; KSWO-TV, Lawton, Okla.; KAMR-TV, Amarillo; KLBK-TV, Lubbock; KMOM-TV, Monahan; KWAB-TV, Big Spring; KDBC-TV, El Paso; KZTV-TV, Corpus Christi; KVTU-TV, Laredo; and KCEN-TV, Temple.

The broadcast will inform viewers about the services offered by the West Texas Rehabilitation Center and of course, ask for regular support for the program.

The telecast launches the Center's year-long funding program. Last year's telecast grossed \$680,000 toward the 1979 operational budget of \$2,243,000.

The West Texas Rehabilitation Center is a private, non-profit treatment facility for the handicapped of the southwest. In 1979, more than 7,000 children and adults were treated at the Center's three campuses in Abilene, San Angelo and Snyder.

Since before Christmas, those of us on Shelley V. Smith's public relations staff have been working at putting the details in place for this year's show. This is my second Rehab telethon to work on and I will grant you there is much more work than pleasure on it. I don't know how many more my nerves will stand but at least I am going to make it through this year's.

Be sure and tune in Saturday night, Jan. 26, at 7 p.m. It will be an evening you won't forget!

Texas Farm Bureau Conference Jan. 21-23 In Austin

Texas Farm Bureau's 1980 activities on several fronts will be launched Jan.

21-23 at the Marriott Motor Hotel according to Carol Chaloupka of Dalhart, president of the 250,000 member organization.

Invited to participate in the 1980 Leadership Conference are county presidents of the 213 organized county Farm Bureaus and county chairmen for State Affairs, Young Farmers and Ranchers, and Commodities. About 450 persons are expected to attend.

General session speakers include Governor Bill Clements; Attorney-General Mark White; Chaloupka; Warren Newberry, Waco, TFB executive director; Dr. John McKetta, Austin, Department of Chemical Engineering, University of Texas; and T.B. Pickens Jr., of Amarillo, president of Mesa Petroleum Co.

Registration begins at 10 a.m., Monday, Jan. 21 and the conference will adjourn at noon on Wednesday, Jan. 23.

At the opening session at 1 p.m. Monday, Chaloupka will outline Farm Bureau's goals for 1980. Newberry will explain the purpose of the conference. The various groups will meet in separate sessions Monday afternoon, Tuesday morning, and part of Tuesday afternoon.

Dr. McKetta will discuss the energy crisis and future availability of fuels at a dinner Monday evening. Energy will also be the topic of Pickens' luncheon talk on Tuesday. His emphasis will be on the role of the petroleum industry.

Attorney-General Mark White will speak of "Agriculture and the Law" at a Tuesday afternoon general session.

Governor Clements will be dinner speaker that evening. He is expected to outline the issues to be considered in the special session of the Legislature later this year.

In the county presidents' Tuesday morning session, Cleon Skousen, Salt Lake City, director of the Freeman's Institute, will discuss the Constitutional seminars conducted by his organization. Tom Catchings, director of special activities for TFB, will explain how the seminars are implemented by county Farm Bureaus. That afternoon, Newberry will review for the presidents the TFB's programs and activities.

Bronco Varsity Basketball Results

The Sonora Varsity girls lost their fifth game of the season Tuesday, January 8th, as they were outclassed by the 3-A Lakeview Maidens 38-49. The Broncos, who have had trouble getting their offense untracked during the first quarter this season, trailed

once again going into the second period 11-18. Then Jessica Robledo got four unanswered baskets in the opening minutes of the second stanza to bring the Broncos to within three, but the Maiden defense, coupled with some bad passes by the Bronco offense, kept

the Broncos off the boards and they were down by eight as the halftime buzzer sounded. Shooting only twenty percent in the third period, the Broncos fell to a 21-42 deficit, and even though they scored seventeen points in the final quarter,

they could only pull to within eleven of the Maidens. Jessica Robledo was top scorer with seventeen. Jamie Condra had eight, Stacy Chandler, six, Paige Pollard, three, and Annabell Gonzales and Paula Friess had two each. In action on Friday night

the Sonora girls met the Iraan Bravettes here in Sonora, and both the Varsity and Junior Varsity had victories before the home audience. Janie Gold put in the first two for Sonora as the Varsity game got underway. Then Paige Pollard

put in four points from her post position and Jamie Condra got a corner shot, and the Broncos led 8-7. However, Amy Loffoon, of Iraan was fouled as the first quarter buzzer sounded, and made her back-to-back free shots to give Iraan a 9-8 lead. The one point

ballgame continued until 3:50 left in the final quarter when Rosa Noriega stole the ball and went in for a layup giving the Broncos a three point edge, 34-41. Then Annabelle Gonzales got two from the charity line to give the Broncos a 36-31 edge. The Broncos

then slowed down their offense however a quick Iraan team made a steal, but could not convert for two. The Broncos quickly rebounded, but once again had the ball taken. Then, with 1:11 left in the game, two bad Bronco passes gave Iraan four quick po-

Carcass Lamb Judging Held Saturday

The live judging of the 4-H Carcass Lambs was held Saturday at the Sutton County 4-H Center.

Judging the events were Dr. George Ahlschwede and Jack Groff Sheep and Goat Specialists. They selected the top ten fine wool lambs and the top ten cross bred lambs to be entered in the carcass show Saturday January 19, at 10:30 a.m.

Winners in the category of Fine Wool Lambs were Clay Friess, 1st place, breeder-Corky Schwiening, Mike Poloczek, 2nd place, Corky Schwiening,

breeder, and 3rd place, Espy Whitehead, Bud Whitehead, breeder. Other 4-her's with lambs placing in the top ten in finewool competition included Lea Whitehead, 4th, Bud Whitehead, breeder, Marcie Mittel, 5th, John Mittel, breeder, Drew Wallace, 6th, Corky Schwiening, breeder, Steve Love, 7th, Mayer and Rousselot, breeders, Rick Powers, 8th, Alice Jones, breeder, Zane Dunham, 9th, Mayer and Rousselot, breeders, Lance Love, 10th, Mayer and Rousselot, breeders.

Winners in the category

of Crossbred Lambs were Kelly Whitehead, 1st, Bud Whitehead, breeder, Mike Poloczek, 2nd, Mayer and Rousselot, breeders, Lea Whitehead, 3rd, Bud Whitehead, breeder. Other lambs placing in the top ten were those belonging to Zane Dunham, 4th, Mayer and Rousselot, breeders, Cathy Doran, 5th, Phillip Jacoby, breeder, Rick Powers, 6th, Mayer and Rousselot breeders, Paula Friess, 7th, Clay and Paul Friess, breeders, Rex Surber, 8th, Mayer and Rousselot breeders, Lance Love, 9th, Mayer and Rousselot

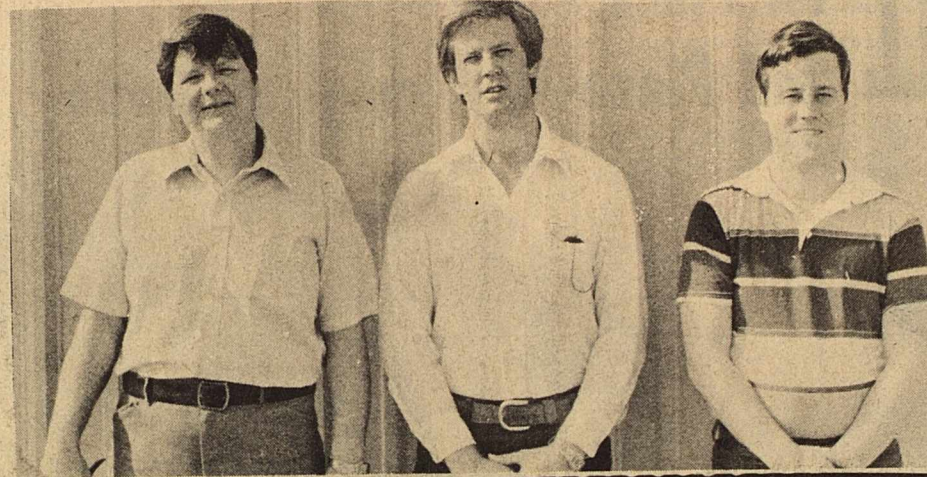

breeders and 10th, Steve Love, Mayer and Rousselot, breeder.

The lambs were taken to San Angelo to be slaughtered Monday. The carcasses will be judged and trophies for the two Champion Carcasses will be given. The purpose of the 4-H Lamb Carcass Show is to assist in training the 4-H members and ranchers to produce a more acceptable lamb for market. This lamb should have a high percentage of leg and loin, have highly palatable meat, reach correct finished desirable

weight and age, and utilize a minimum amount of feed.

This weekend, the 4-H Show and Sale will continue with the Market Lamb Show, the Angora Goat Show, the Rabbit Show. Saturday, the activities at the 4-H Center will commence with the display of the Lamb Carcasses, a Barbecue Lunch, an auction Sale, and the Presentation of Awards to the 4-H youngsters who made this Show and Sale possible.

ints, and it was again a one point game. With only five seconds left in the game a tie ball was called and Iraan came up with the ball, but a buzzer fell short and the Broncos upped their season record to 13-5 with the 36-35 victory. Gonzales and Robledo had nine each to lead the Broncos. Paul Friess, Condra, Gold, and Pollard added four apiece, and Rosa Noriega had two. The Varsity girls will open their district play in Crane Friday night the 18th of January.

The Varsity boys trounced Class 4-A Del Rio 31-24 in basketball action recently in Sonora. The Broncos offense got off to a slow start, leading only 6-4 into the second period, and then trailing 12-16 as the half-time buzzer sounded. As the third period opened, Jesse Vela put in one from the floor, however, Del Rio answered with one of their own. Kent Cagle and David Reyna also got two, but on each occasion, the Del Rio five answered. Then in the last stanza the Broncos got the tipoff and the last eight minutes belonged to Sonora. Vela put in two to bring the score to 20-22, then he got two from the charity line to tie the score at 22 in all. Then David Reyna got a corner shot, and the Broncos led 24-22, a lead which they never relinquished. Vela had the Bronco scoring honors with fourteen, David Creek put in six, Reyna, four, Johnny Doran, three, and Eddie Favila and Kent Cagle, two. The Broncos are now 8-7 for the season. Sophomore John Blankenship scored twenty points, while freshman Marney Sorenson added ten as

the Sonora Junior Varsity boys downed the Del Rio Rams, 53-34 on January 8th. Leading 14-10 going into the second period, the Broncos increased their lead to 24-18 at the half. In the third stanza, the Broncos put on a full-court press, and forced miscue after miscue, capitalizing on eighteen points from the Ram mistakes. Other scores for the Broncos included John Pollard with six, Espy Whitehead and Scott Savell with four, DeVoe Smith with three, and Dennis Jolly, Mando Martinez, Lance Love, and Allen Stewart had two each. The J.V. boys now have a season record of 8-2.
