

May Is Older Texans Month

Traditionally, the month of May is a time when our nation honors its senior citizens.

In Sonora, Texas, during May, we pay special tribute to our matured Texans for the rich heritage they have provided us.

So that we may continue to benefit from the wisdom and experience of our matured Texas citizens, it is important that we provide

opportunities for them to remain active. By acknowledging their contributions of the past, we can encourage their continued service.

Therefore, I as Mayor of Sonora do hereby designate the month of May, 1980 as

OLDER TEXANS MONTH

and urge all citizens to honor older residents during this month, in recognition and appreciation of

their invaluable contributions and to encourage their continued involvement in the mainstream of our society.

In official recognition whereof, I hereby affix my signature and seal of said city this 1st day of May, 1980.

Band Wins Sandy Lake U.I. L. Contest

The Sonora "Mighty" Bronco Band competed in the Tenth Annual Band Fun-Fest at Sandy Lake, Friday, May 2nd.

The first selection was one of the U.I.L. Contest numbers; "El Camin real" which first started attracting people into the playing area. The second selection "Highlights from Jesus Christ Superstar" really brought the rest of the crowd in. Half-way through the song the band went into a complete stop that threw the crowd into silence themselves; but when they started back up again even the judges stopped writing, sat back and just enjoyed final part of this selection. The band got a standing ovation from the crowd and even the judges applauded. One of the judges called Mr. Martinez over while the kids were filing out and asked him, "Do these kids live in

the band hall?"

The awards were presented at 6:00 p.m. and Sonora got a I Division Rating. Saturday, after 5 days of competition and around 25 IIA Bands they awarded an Outstanding IIA Band for the five days. The Sonora "Mighty" Bronco Band was awarded that honor. That was another goal reached by the Band and Mr. Martinez.

Judges and critics for the day were:

Dr. Irving Dreibradt - S.M.U. Dallas, Texas. Real fine sounding band. Excellent teacher. He knows what he is doing and there are few left in our profession. Band, parents, and Community should reward ability like this - it is evident he enjoys his work as they respond to his teaching. Outstanding look-

ing young folks and outstanding musical projection. Really enjoyed your Band!

Claude T. Smith - Kansas City, Missouri. Both selections well played. Excellent style. Excellent Band - every section strong. Well prepared and musical! Bravo!!!

Dr. Jim Jacobson - T.C.U. Fort Worth, Texas. Sounds from this band are always good. Good interpretation and careful musicality. I'm impressed with the fine job this director and band are doing. Congratulations!!

We as sponsors were very proud of our folks in their performance and in the manner that they represented Sonora everywhere they went. Congratulations Band, Mr. Martinez and Mr. Rapp for a job well done!

Heart O' Texas Grand Opening ceremonies drew a number of Sonora and Heart O' Texas dignitaries including Gu Allen, Mayor Bill Gosney, Wade White, Keith Shahan, Dean Bagley, Jessie Kerbow, John Sellman, Reuben Senterfitt, Thomas Mouiss, Charles Graves, Pres Adams and Commissioner Alvis Vandygriff.

Heart O' Texas Celebrates Sonora Grand Opening

Heart O' Texas had its Grand Opening and Ribbon Cutting ceremonies Saturday morning with a list of local dignitaries and members of the Heart O' Texas organization on hand.

The entire event was carried live on KVRN.

Although the weather was capricious, there was a good turnout of local citizenry. The Chamber of Commerce Red Carpet Committee served refreshments to the public in attendance.

Rueben Senterfitt, the chairman of the Board of Heart O' Texas commented on the promising outlook for the new branch office.

"Sonora and Heart O' Texas have both enjoyed phenomenal growth in the last few years, Senterfitt said. "For this reason we feel that the success of the Sonora branch office is very promising."

Alvis Vandygriff, the Commissioner of Texas Savings and Loans, was the guest speaker at the ceremonies. Mr. Vandygriff also was impressed with the growth in

Sonora. "I like to hunt, and have passed through Sonora a great many times, he commented. I find the growth of Sonora very encouraging to the progressive growth and success of this new branch office."

The drawing for prizes was held immediately following the Grand Opening ceremony and comments.

Holly Allison, and Deana Smith, the daughters of Mr. and Mrs. Bud Smith of Sonora drew the winning cards.

Janice Holt won a 455 Litton Microwave oven. W.E. McClelland was the winner of a Cuisinart Food Processor. There were ten winners of \$25 Savings Starters. These people included Charlotte Cavanes of Eldorado and J.T. Simpler, Cherry Herrington, Catherine Terry, Edna Granger, Ellen Ray, Sherron Wilson, Suzette Sherrill, Kim Hooper and Effie Harle, all Sonora residents.

Although there had been a balloon ride in the schedule, because of the weather, the "Moon Balloon" never left the ground.

Alvis Vandygriff attributed the rainfall to his appearance in Sonora. "We'll try to send you some more rain more often in the future, he promised."

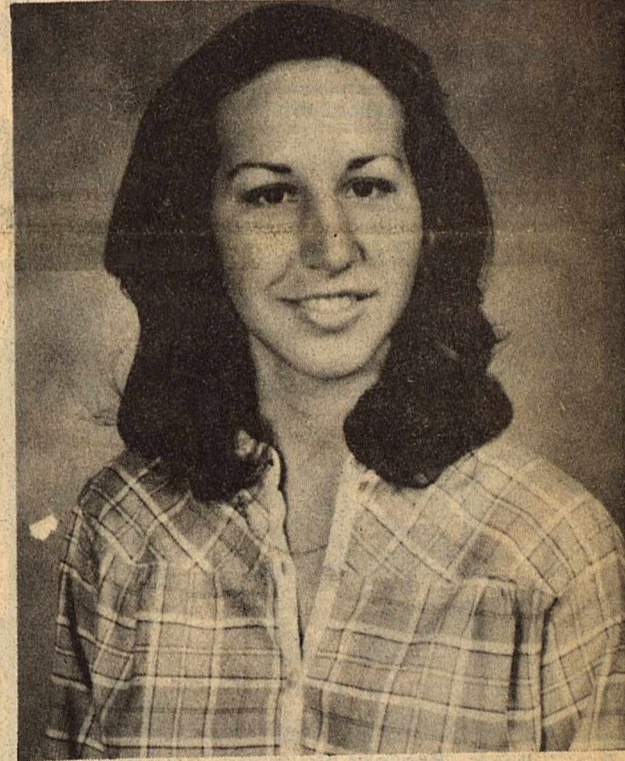

Local dignitaries present for the Grand Opening ceremonies included City Manager, Jim Dover, County Judge Charles Sherrill, Commissioner Juan Carlos Gonzales, Mayor Bill Gosney and Gus Allen, publisher of the Devil's River News.

Heart O' Texas had several members of the Board of Directors present for the ceremonies including Dean Bagley, Pres Adams, and Wade White. Also present were many office managers including Sonora's office manager, Jessie Kerbow, Pam Shurley, Jeri Ann Johnson, Ruth Kizer, Kathy Powers and Sue Spill.

Keith Shahan, the Vice President of Heart O' Texas and Chief Operating Officer, Luene Williams, the Secretary of Heart O' Texas organization, and other representatives of the San Saba office were present to help Sonora celebrate the grand opening of this new branch office.

Allen-Lane Compete In Austin

Susan Allen and Marche Lane, both Juniors at Sonora High School, traveled to Austin last Thursday with their coach, Sara McAndrews, to compete in the State U.I.L. Literary competition.

Thursday night, Mrs. McAndrews attended a coaches and sponsors meeting, while the state competitors attended a reception in the LBJ Library for all the Academic and

Literary Contestants at the state level.

With fierce competition at the state level, Susan Allen marched off with third place. Miss Allen received a beautiful bronze medal.

Her teammate, Marche Lane was awarded sixth place in the state competition.

Mrs. McAndrews commented on the state results Monday, "This

signifies that both girls are among the top six high school writers in the State of Texas."

In the April 23 edition of the "Devil" we reported that Nora Galindo had qualified for state competition in spelling. Miss Galindo is the 7AA District Champ in Spelling, but did not qualify for competition on the state level.

Democratic and Republican

Sutton County Primary Results

The May 3 Democratic and Republican Primaries saw a number of Sutton County residents braving the rain to go to the polls and vote for their favorite candidates.

There were a total of 61 voters on the absentee ballot for the Democratic Primary Saturday. 80 Precinct 1 voters turned out, Precinct 2 polled 94 voters. Precinct 3 saw the largest number of voters turn out with 238 in that precinct, and 85 persons voted in Precinct 4 for a total of 558 Sutton County voters in the Democratic Primary.

The Sutton County Republican primary had a total of 62 voters, there was only one polling place for these voters.

On the local level, County Judge Charles Sherrill was re-elected to office with a total of 494 votes, Al Elliott was re-elected County Attorney with 495 votes. Sheriff Bill Webster was re-elected with 523

votes, Ann Hill was elected Tax-Assessor/Collector with 506 votes, and Preston O. Love County Commissioner Precinct 1 was re-elected with a total of 80 votes. These persons were all running unopposed.

The Precinct 3 Commissioners race was a cliff-hanger with three individuals running for that place on the County Commission. Nolen Gibbs took 70 votes, Billy Galbreath took 120, and John David Fields, Jr., took 87 votes in this election to constitute a run-off election in early June.

The District Attorneys race was another exciting one with Bill Mason taking 266 votes, Jack Schulze 196 and Urias 53. There will be a run-off election in this race to decide the new District Attorney.

State Representative Susan Mc-Bee did very well in Sutton County.

In a surprise upset, Buddy Temple edged John Poerner statewide for Railroad Commissioner. Sutton County voters gave Poerner 376 votes over Temple's 120.

Jim Nugent defeated his opponent, newspaperman Jim Hightower statewide and in Sutton County. Nugent took 383 votes to Hightower's 136.

Joe Sullivan took the bulk of Democratic votes in Sutton County with 252 votes. His opponent Marilyn Jones received 144 votes for the Democratic Party Nomination of 21st District Congressman.

Sullivan will face incumbent Tom Loeffler in the November general election. Loeffler got all 62 votes cast in the Sutton County Republican Primary.

Law Enforcement Institutes Crackdown

Four subjects are in Sutton County jail following their arrest Sunday afternoon.

These men were apprehended by Texas Highway Patrolman Jim Walker and Sutton County Deputy Joe Fincher for speeding three miles east of Sonora on IH 10.

Further investigation by the officers produced a stolen .44 magnum pistol and less than two ounces of marijuana.

The subjects were charged at that time for possession of a stolen firearm.

The men were then taken to the Sutton County jail where a thorough inspection of the contents of their automobile was made.

Commenting on the speed and efficiency of the arrest of these subjects, Assistant District Attorney Bill Mason stated, "This is another fine example of the efficient law enforcement of Sutton County."

Louis Humphreys received his Eagle Scout pin from his mother during the Boy Scout Banquet held last week. Related story P. 4.

Celeste Prugel Heads Sonora Mental Health Drive

"There is a large, metal bell, at our national office, which was cast from the shackles and handcuffs that once bound mentally and emotionally disturbed people," said John Stevens, President of the Mental Health Association in Texas.

"This bell is now a symbol for the Mental Health Association, ringing out hope for the mentally ill and victory over mental illness," he said.

During May, Mental Health Month, Bellringers will be collecting to help the association continue their work.

Mrs. A.E. Prugel will chair the fund raising drive in Sonora this year.

The Association's logo, used in conjunction with the slogan, "Citizens Who Do Make A Difference" stresses strength through unity, while making full allowance for individual differences.

The logo depicts a group of people standing with hands joined, forming an

unbroken circle. In the center is the Mental Health Bell.

The changing shades of people, overlaid on the changing shades of the world in which they live, suggests the power of different individuals united to change conditions. The unbroken circle of people suggests togetherness and unity of organization.

The circle of people with hands towards the bell

suggests the many heads concentrating together through an organization trying to find solutions to problems.

That mental health is a full-time, year-round activity is suggested by the fact that there are 12 people forming the circle.

During May citizens here can "make a difference" by contributing to the Mental Health Association.

The group reports the scenery being absolutely beautiful and having a wonderful time, also the many friends they made will never be forgotten. They all commented that they are looking forward to next year's trip.

Jerry Johnson Is Enrolled In Photography Class

Jerry Johnson of Photo Ranch, is enrolled in a professional photography class at Sam Houston State University in Huntsville,

Texas. This class is being conducted as a part of the 1980 Texas School of Professional Photography under the leadership of the Texas Professional Photographers Association. Classes began on April 27 and continued through May 2.

The school was created five years ago in an effort to give photographers in Texas and the Southwest an opportunity to improve the quality of the work they produce. This is the first time Sam Houston State

University has been selected to sponsor the professional school. Sam Houston was selected because of the facilities it has to offer for a program of this type.

More than 100 photographers are attending this school and are involved in six areas of instruction. Instructors in these sessions are widely known for their expertise in their particular area of photography. Many of them have lectured or have assisted in similar schools throughout the nation.

Agriculture Research & Extension Center To Hold Open House May 22

The Fifth Annual Open House and Field Day at the Texas A & M University Agricultural Research and Extension Center at Uvalde is scheduled for May 22, according to Field Day Chairman, James Mulkey. Registration will begin at 8:00am with field tours starting at 8:30. Tours will

depart the registration area at approximately 30 minute intervals. The last tour of the day will depart at 10:30 with all tours expected to be completed by noon. Parking for the event will be at the baseball complex just south of the Center. This year's Open House and Field Day will empha-

size field and vegetable crop research. Six stops are planned on the tour with research scientists on hand to present current and past results. Studies to be discussed this year include investigations on modified seedbeds to increase earli-

ness in cantaloup, production of mall pickling cucumbers, simulated grazing of corn by small animals, small grain breeding, corn and grain sorghum fertility and shipping and storage quality improvements in onions.

At the conclusion of each tour a slide presentation entitled, "The Extension Way, People Helping People", will be shown in the auditorium. Refreshments will be served. Everyone with an interest in agriculture or agribus-ness is cordially invited to attend.

Well, we had our say, and it appears that we said it well. What will come out of it is still to be seen but the livestock industry gave a good accounting of itself April 16 and 17 at the de la Garza predator control hearing in Washington. Better yet, we had a number of other people helping to tell our side of the story. Speakers including industry representatives as well as Congressman from Texas, Idaho and Montana, respected scientists from Texas, Idaho and Utah, and state officials from as far east as West Virginia. Environmental activists, for a change, didn't domi-

nate the proceedings. They were there, naturally, but their testimony this time may have helped us more than them. For instance: Defenders of Wildlife spokesman John Grandy continued to harp on the old theme of scuttling predator control altogether and replacing the program with federally trained shep-

herds. Rep. de la Garza pointedly informed him that herds are grown, not made, and that such folks just don't hatch out anymore the way they used to. Fran Lipscomb of the Society for Animal Protective Legislation also jumped on the "shepherd" bandwagon, demanding that stockmen recruit "borders of backpackers" for the purpose. These people who itch to "change their lifestyle" represent the ideal "future American shepherds", she announced with profound insight.

Ms. Lipscomb was also excited about guard dogs--but not as predator killers, of course. Nay, forbid. Instead, guard dogs should chase predators away with the power of the "evil eye." We could use more inspired testimony like that--as long as it comes from the "other side." For our part, Texas Sheep and Goat Raisers' Association president Martin Wardlaw took the government to task for listening to such foolishness instead of the facts. Wardlaw said there was "absolutely no excuse for the federal government allowing needless losses to coyotes when effective tools are available to control them. During these critical times, how can anyone justify the needless loss of one meat-producing animal, much less millions, just to satisfy a small group of protectionists?" National Wool Growers spokesman Laird Noh brought the Congressmen up to date on just how much of a waste is really occurring. Noh pointed to 1978 loss figures of 12 million pounds of lamb, "enough lamb meat to provide table food for 220 million Americans for an additional 32 days each year." Noh was among several whose testimony showed in no uncertain terms the federal government's failure to live up to its responsibilities under existing law. The 1980 ban, for instance. Not that it's actually law, just a bureaucratic decree, but it does have its specifications. One calls for emergency use permits for 1080 when losses reach or exceed 12 percent. Noh pointed out that at least 10 have confirmed losses above that level every year since the ban went into effect, and that the feds have refused to grant the exemptions they are required to grant. Such exemptions, meanwhile, have been swiftly given to protect the precious whooping crane and Aleutian goose.

Can this be the end of the affair?

Texans often have been accused of indulging in aloof affair with their cars, pickups and even big old 18 wheel cattle trucks.

Now come Governor Bill Clements, asking them to leave their beloved conveyances home for one day, during National Transportation Week, May 11-17.

The idea is to dramatize the role transportation plays in everything Texans do—and to save precious energy.

"We must cease to take

for granted the vital role which transportation plays in our daily lives," the state's chief executive said in his official memorandum designating the week-long observance.

"The economic and cultural vitality of the State of Texas depends on an efficient and comprehensive transportation system," he said.

"The importance of that transportation system is increasingly apparent as we continue to struggle with energy production and utilization," the governor added.

He urged all citizens to participate in the observance of National Transportation Week by utilizing some means of alternate transportation during the week.

In many urban areas, that could mean giving the bus system a try. Many systems have been improved in the last few years, with new equipment and better schedules.

Sponsors of the week,

among them the State Department of Highways and Public Transportation, suggest that many Texans' impressions of transit are out of date. Try it; you might like it, is the idea.

Other alternative means of transportation in areas where there is no transit include carpooling or checking into the possibility of forming vanpools. If more people doubled up to ride to work and back, the

energy savings would obviously be realized, not to mention reduction of vehicles in the daily streams of peak-hour traffic.

The department is backing its commitment with special urgings to its employees statewide to try transportation alternatives for one day during the week.

There are some indications that a few employees may saddle Old Paint and

ride off into the sunrise to the office. Others are considering cycling, or skating. Some fanatical highway and transportation hands may even (gasp!) walk.

Also participating in National Transportation Week observances in Texas are local chapters of Traffic Clubs International, made up of transportation officials in the private enter-

prise sector.

PBPA Holds Annual Meeting

The 18th Annual Meeting of the Permian Basin Petroleum Association was the best ever according to PBPA Executive Vice President Ed Thompson.

About 200 people attended the luncheon session of the meeting and heard speakers James Watt of the Mountain States Legal Foundation, C. John Miller, President of the Independent Petroleum Association of America, Joe McShane, President of the Stripper Well Association, and Texas Railroad Commissioners John Poerner and Jim Nugent. Wanda Sides of Odessa was named Energy Secretary of the Year.

A business session, with committee reports, followed the speakers. The Association now has 1,480 members and is planning

several membership drives this year.

The meeting moved to the Midland Country Club for the Annual Banquet. Midland independent operator Arden Grover was elected President for 1980-81. Other activities included giving the new "Top Hand" award to Eddie Chiles of Fort Worth. The Golden Barrel' also made its debut this year and resulted in \$1,000 going to the PBPA Scholarship Fund. Texas Congressman Kent Hance of Lubbock introduced the guest speaker for the banquet, Congressman Steve Symms of Idaho. Symms said the Windfall Profits Oil Excise Tax is disguised as punishment for the oil companies and makes the federal government a partner of OPEC.

Baker Named Controller For Crutcher Resources

David L. Baker has been named controller for Crutcher Resources Corporation's Petroleum Services Group, headquartered in Lafayette, La.

Baker, assistant controller for the company since July 1979 when he joined the group, was an audit manager with Arthur Young & Company, an international accounting firm.

The Texas A&M graduate resides in Lafayette with his wife Sue and their children, Rebecca and Dor-

othy. CRC Petroleum Services Group, an operation of Crutcher resources Corporation, performs workover, completion, drilling and cased hole electric wireline services in Louisiana, Texas, Colorado, Wyoming, Idaho, Oklahoma, Utah, New Mexico, Mississippi and the Gulf of Mexico.

Mitchell Secures Swiss Commitment

Mitchell Energy & Development Corp. has received a six-year, unsecured \$25 million financing commitment from the Swiss Bank Corporation, New York, the company reported today.

Under terms of the agreement, the financing will be in the form of a revolving line of credit for the first three years and a term loan for the last three years. Annually, by mutual agreement, the revolving credit period may be extended one year, which would postpone the start of the term loan period for a year.

At Mitchell's option, borrowing under the revolving credit line will be at U. W. prime or will be based on LIBOR (London Interbank Offering Rate). Repayment will be in U. S. dollars.

Mitchell Energy & Development is a large independent gas and oil producer and also has real estate interests in the Houston area. The company

said the new financing will be used for general corporate purposes.

The first Congresswoman was elected in 1917, three years before women could vote throughout the United States.
