Drawing Raises \$1,700 For New Ambulance

The drawing to raise money for the Ambulance Fund raised approximately \$1,700 this weekend although the Jaycees lost around \$100 on the Reba McIntire Dance, due partly to numerous conflicting activities during the day.

Jack Neill was the winner of the side of beef donated by Food Center, while Rene Ramirez won the Magnavox television given by O'Bryan's Fashions.

The dance featuring recording star Reba McIntire failed to draw the expected crowd as the highlight of the "Night Out in Sutton County" had to compete with a softball tournament, golf tournament, and club dance during the day.

The afternoon events were crammed with activities with television personality Guiche Kooke of Fredericksburg on hand to serve as "Sheriff of the Day".

Sam Stewart and Eddie Smith teamed for a rare dual victory as they edged George Wipff and Lance Love in horseshoes then downed the Elliott brothers, Al and Bill, in washer tossing.

Jody Luttrell and Marshall Tyler took first place in the chicken flying contest with their entry, The Red Baron, while Greg Stewart and Mike McBride finished second with their

fowl, The Bionic Pecker.

The winners, by virtue of their victory, qualified for the National Chicken Flying Contest to be held in Luchenbach later this year.

With a sudden shortage of armadillos (in West Texas?) two-legged humans had to be substituted to complete the armadillo races. Mike Friess finished first on all fours, followed closely by Lane Jones.

Census Workers Needed

Around 10 more enumerators are still needed by the Census Bureau for followup work in Sutton County, according to a spokesperson for the agency.

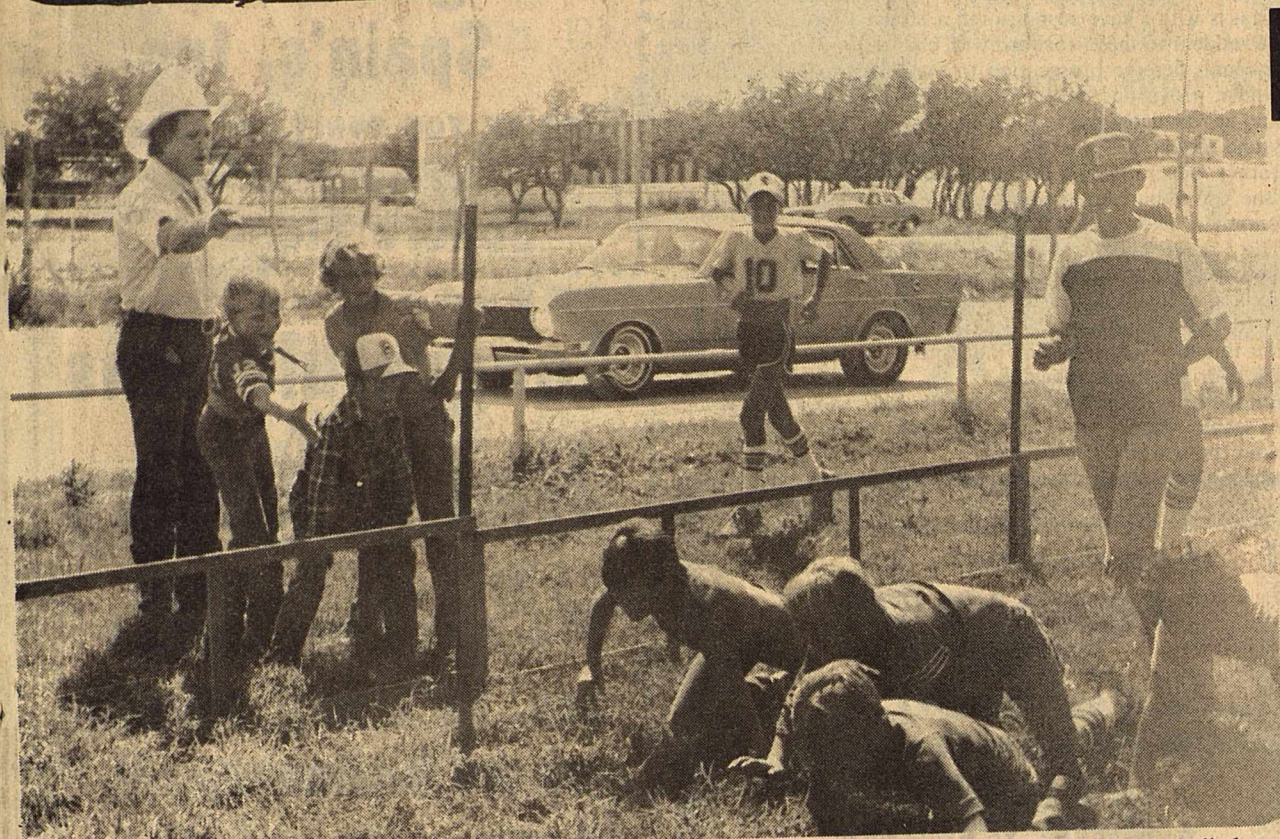

Tests for the additional enumerators will be given Friday at 1 p.m. in the Sonora High School cafeteria. The job pays \$4 an hour and would last approximately one month, making it ideal for recent high school graduates, teachers or college students home for the summer.

The spokesperson stated only

around 50 percent of the Sonora population was identified through the original census effort.

The identification program through the Sonora Chamber of Commerce has now identified 45 families not enumerated in the first census count.

Anyone who has not been counted is urged to contact the C of C office. Chamber manager Lou Thomas urges people not to mail in their forms since this could be interpreted as an invasion of privacy.

Television personality Guiche Kooke helps judge the armadillo races at Saturday's 'Night Out in Sutton County', sponsored by the Jaycees to raise money for

the Ambulance Fund. As is evidenced, the hard-shelled critters were scarce and human substitutes had to be used for the race.

In Two-Car Crash

Cleva Clark of Eldorado was detained overnight in Hudspeith Memorial Hospital following a two car traffic accident on Highway 277 North Friday night. Miss Clark was a passenger in a 1972 gold Oldsmobile driven by Kendra Dunham also of Eldorado. Miss Clark's sister Dee Dee was also a passenger but neither Miss Dunham or the younger Clark girl were injured.

The other vehicle involved was a

1976 Chevrolet pickup driven by Eric Olsen of Sonora. Neither he nor his passenger Matt Shannon of Alpine were injured.

Both vehicles were traveling North on 277 6.7 miles from Sonora. One vehicle bumped the other as they drove parallel down the highway, sending one vehicle into the right ditch. The vehicle slid sideways facing east before it overturned. The

other vehicle slid across the south bound traffic lane and came to rest facing the west next to a fence.

City Awards Electrical Bids

The awarding of bids for electrical conversion topped a light agenda as the Sonora City Council held its regular monthly meeting last week.

North Supply was awarded the bid for supplies totaling \$7,608.56, while Techline received the contract for poles with a low bid of \$2,900. Revenue sharing funds will be used for the improvements.

Under the plans, the line on Plum Street up to the city well will be

No property damage resulted other than the damage to the vehicles.

converted from a 2,400 volt system to a 7,200 volt system.

Don Wooten, chief appraiser for the new county-wide tax district, also met with the Council to discuss his proposed budget for the next year and explain various other arrangements.

In virtually the only other business, the Council Members appointed Marlene Evans, Kenneth Land and Jim Cusenbary to the Board of Equalization.

Were You Counted?

Were you counted in the 1980 Census of Housing and Population?

If you think you or your family might have been missed, fill out the "Were You Counted?" form printed in today's newspaper as a public service. Cut it out and return it by mail to U.S. Census Office, 116 4th Street, Pecos, Texas 79772. The form will be checked against the master address list for your area so there is no chance of an individual or household being counted twice.

This appeal to the public is made by Janet Faulkner, manager of the Pecos area District Census Office. Faulkner says that the "Were You Counted?" campaign is an additional effort to insure that no one is overlooked during the 1980 Census. The Census Bureau hopes that any households missed in previous census operations will respond during the "Were You Counted?" campaign.

Faulkner noted that very shortly the Census Bureau will turn over to local officials the population counts for their communities. These preliminary population counts will be subject to a review by local elected officials. The purpose of this Local Review Program is to give city and county officials an opportunity to spot errors while census workers are still in the field. This allows the Census Bureau to recheck any questioned population counts and

should contribute significantly to the accuracy and success of the 1980 Census.

VBS Scheduled

July 7-11 are the dates for the Methodist-Presbyterian Episcopalian Vacation Church School. The combined effort will be held at the First Methodist Church of Sonora. See next week's DRN for more details.

WERE YOU COUNTED?

The 1980 Census of Population and Housing is now almost finished. It is very important that the census be complete and correct. If you believe that you (or anyone else in your household, including visitors) were NOT counted, please fill out the form below and mail it IMMEDIATELY to: U.S. Census Office

116 4TH ST. PECOS, TEXAS 79772

PLEASE PRINT OR WRITE CLEARLY

I have checked with the members of my household, and I believe that one (or more) of us was NOT counted in the 1980 Census.

On April 1, 1980, I lived at (House number) (Street, road, etc.) (Apartment number or location) (City) (County) (State) (ZIP code)

This address is located between (Street, road, etc.) and (Street, road, etc.)

I am listing below the name and required information for myself and each member of my household.

INSTRUCTIONS FOR WHOM TO INCLUDE IN YOUR HOUSEHOLD: APRIL 1, 1980
PLEASE INCLUDE: All family members and other relatives living here, including babies. All lodgers, boarders, and other persons living here. All persons who usually live here but are temporarily away. All persons with a home elsewhere but who stay here most of the week while working or attending college. Anyone staying or visiting here who had no other home.
DO NOT INCLUDE: Any college student who stays somewhere else while attending college. Any person away from home in the Armed Forces or in an institution such as a home for the aged or mental hospital. Any person who usually stays somewhere else most of the week while working there. Any person visiting here who has a usual home elsewhere.

NAMES OF ALL PERSONS LIVING IN THIS HOUSEHOLD ON APRIL 1, 1980 AND THOSE STAYING OR VISITING HERE WHO HAD NO OTHER HOME			How is this person related to the person on line 1?	Is this person -	When was this person born?	Is this person -	Is this person of Spanish/Hispanic origin or descent?
			For example: Husband/wife, Son/daughter, Father/mother, Grandson, Mother-in-law, Roomer, boarder, Partner, roommate	White (Negro), Black, Chinese, Filipino, Korean, Vietnamese, Indian (Amer.), Other - Specify	Male or Female	Now married, Widowed, Divorced, Separated, Single (never married)	No - Not Spanish/Hispanic, Yes - Mexican, Mexican-American, Chicano, Puerto Rican, Cuban, Other Spanish/Hispanic
1	Last name	First name	Middle initial				
2							
3							
4							
5							
6							

(If there are more than 6 persons, use an additional sheet)
Name of person who filled this form
U.S. DEPARTMENT OF COMMERCE BUREAU OF THE CENSUS FORM D-25
Form Approved O.M.B. No. 41-578006
NOTICE - This census is authorized by title 13, United States Code, and you are required by law to answer the questions to the best of your knowledge. The same law protects the confidentiality of your answers. Census employees are subject to fine and/or imprisonment for any disclosure of your answers. Only after 72 years does your information become available to other government agencies or the public.

Grand Opening For Spains Inc. Scheduled Thursday

The grand opening of Spain's Inc. set for Thursday with new owners al and Kathy Spain planning a ge sale along with other festivities ider the direction of the Chamber Commerce Red Carpet Committee.

Kathy, a 1970 graduate of Sonora High School, is the daughter of Mr. d Mrs. Doyle Morgan while her band is the son of Mrs. Harold ain of Haskell. He is a 1969 aduate of Haskell High School. The couple attended Texas Tech iversity and have two children, ht-year old Christi Lynn and ir-year old Wade.

Prior to purchasing the department store from J.W. and Jo Neville, y lived in Beaumont where he was istant county agent for Jefferson

County and she was a substitute teacher.

The Spains later moved to Dickens County where he served as the county agricultural extension agent and she taught homemaking at Patton Springs High School in Afton.

"We hope to carry on the tradition that the Neville's store has had in carrying a complete line of clothing and accessories for the entire family," he continued. "We are really looking forward to seeing all our old friends and are eager to make new ones who we hope will feel welcome for many years."

Red Carpet activities call for the ribbon cutting at 10 am Thursday with the group serving coffee and cookies from 10 am through 12 noon.

Police Force Announces Resignation

Sonora Chief of Police Brent Gesch announced this week he had accepted the resignation of Patrolman Richard Tucker for personal reasons.

Tucker had been employed with the department since April, and Gesch stated several applicants for the vacancy had been interviewed.

The resignation became effective last Friday.

RAMSEY CLARK: VIOLATION OF LAWS WRITTEN AND UNWRITTEN

Ramsey Clark's self-appointed mission to Tehran to participate in the so-called "Crimes of America" conference is a violation of something fundamentally more important than a Presidential ban on travel.

It violates an unwritten law: that allegiance to one's country is the first and foremost responsibility of American citizenship.

Some things simply do not have to be written into the statute books. Patriotism is one of them. Ramsey Clark, and the nine others who attended the conference, broke a trust with their fellow countrymen. Moreover, they aided and abetted an aberrational government by lending their support to a trumped-up trial alleging American crimes of interventionism.

Their actions clearly violate a principle of loyalty Americans take for granted. Presently, it is undetermined via our judicial process whether they violated Federal statutes as well. I, for one, believe this must be determined.

That is why I have cosponsored a House Resolution directing the President to move forward with charges to that effect. These individuals deserve prosecution to the fullest extent of the law.

Under provisions of the Resolution, the Attorney General would be instructed by the President to seek an indictment against any and all persons who are in violation of the Logan Act. The Attorney General would also be directed to prosecute violations of the travel ban imposed under the International Emergency Economic Powers Act.

The Logan Act has been on the statute books since 1799. This Act makes it unlawful for any unauthorized individual to negotiate, or in any way seek to influence the conduct of relations with foreign governments. To date, no one has been prosecuted under this law, and only one indictment has been handed down since its original enactment.

But the law is on the books for an obvious reason. Our country must speak with one voice in its relations with other governments around the world.

Bob Vicars

Services were held Tuesday for Bob Vicars, long time Sonora resident.

Vicars passed away Sunday morning in Hudspeth Hospital.

Services were held at 3 p.m. at the First United Methodist Church with David Griffin and Paul Terry officiating. Burial followed in Sonora Cemetery under the direction of Kerbow Funeral Home.

Vicars was born June 13, 1904 in Wise, Virginia. He was a graduate of Southern College of Pharmacy in Atlanta, Georgia. He moved to Sonora in 1928. He was married to Guila Lowrey June 15, 1930 in Sonora.

He was a member of the First United Methodist Church, Dee Ora Masonic Lodge, San Antonio Consistory and the Suez Temple. He was a veteran of WW II and was a retired pharmacist having owned and operated Sonora Drug store from 1937-1956.

He is survived by this wife of Sonora, two sisters-in-law, and several neices and nephews.

Serving as pallbearers were: Wesley Sawyer, Doyle Morgan, Dr. Charles Brown, Shelby Kerbow, Aubrey Delong, W.T. Hardy, John Fields, and Vestle Askew.

Honorary pallbearers were: W.B. McMillan, Bill Whitehead, Dick Morrison, Edwin Sawyer, John McClelland, R.A. Halbert, George Barrow, H.C. Kirby, Ray Glasscock, W.S. Evans, Clayton Hamilton, Jack Neill, Glen Hay, Joe Kiowski, Don Edwards, Haynie Davis, W.R. Bissett, George Allison and Hix Hall.

The family requests memorials be made to the donors' favorite charity.

Congratulations Spain's, Inc.

Wishing you every success in your new business.

Pruett-Prather Vows Exchanged

Before a background of magnolia branches and blossoms, yellow satin bows and wedding bells in their new home, Miss Patti Pruett and Allan Prather exchanged wedding vows at 5 pm Saturday, June 7th. Rev. Jim Miles, pastor of the Church of the Good Shepherd, officiated.

The bride is the daughter of Mr. and Mrs. W.B. Pruett of Sonora. The groom is the son of Mr. and Mrs. R.L. Prather of McCamey.

Given in marriage by her father, the bride wore a floor length gown of eggshell chiffon over satin. The off the shoulder bodice was accented with a circular ruffle and natural waistline. The full A line skirt was trimmed with a circular ruffle which lifted

into a cascading bustle in the back. In her hair she wore a comb of eggshell silk roses and flocked baby's breath. She carried a cascade of eggshell roses made of Japanese silk fabric and accented with flocked baby's breath fashioned by the grooms mother.

Traditionally, she wore something old, new, borrowed and blue, which included the blue garter worn by her mother-in-law with a stem of yellow silk roses.

Mrs. Jeanne Prather of Sonora, sister-in-law of the groom, served as matron of honor. Kristi Farmer of Sonora was Flower Girl. They each wore gowns of yellow chiffon over satin fashioned after the brides and carried yellow silk

roses and flocked baby's breath in their hair.

Paul Prather of Sonora, served his brother as best man. Ring bearer was Michael Prather, nephew of the groom.

The reception table was laid with the bride's paternal grandmother's antique lace cloth over yellow. The three tiered wedding cake of white with yellow, featured the same bride and groom which had topped the wedding cake of the groom's parents. The couple toasted each other with champagne served from champagne glasses hand painted with their names and wedding date by the bride's mother. The groom's cake displayed a spray of chocolate roses.

Houseparty members were Mrs. Marla Percifull and Mrs. Teresa Stephens of Sonora and Miss Sherry Prather of Eunice, NM.

The bride and groom and their parents were host for a festive barbecue supper in the yard of the bride's parents following the reception.

The bride is a graduate of Rankin High School and is employed by IS&S of Sonora. The groom is a graduate of McCamey High School and is employed by Halliburton Services.

After a short wedding trip the couple is at home in Sonora.

Special guests at the wedding were the bride's grandparents Mr. and Mrs. J.T. Walters of Gatesville, her brothers, Lawrence Pruett of Jonesboro and Michael Pruett of Sonora and David Prather, brother of the groom, from Sonora.

Sonorans Take Honors at Schleicher

County Horse Show

Several Sonorans were among the top finishers at the Schleicher County 4-H Horse Show held June 7 in Eldorado.

Trey Wardlaw tied for runnerup in the Sub-Junior All-Around competition, and Wheelie Baker won Champion Gelding.

First place winners were Wardlaw in Sub-Junior Barrels and Poles, Baker in Nonregistered Geldings, Leah Brown in Sub-Junior Western Pleasure and Nancy Benson in Junior Western Horsemanship.

Girl Scouts (from the U.S.A.) will be arriving in Sonora on July 11th. One of the things asked for was a chance to see a real-live oil rig (hopefully, while drilling.) If you're a land-owner with a drilling rig in operation between Sonora and the Caverns, please call the C of C office at 7-2880, if you are willing to have the Girl Scouts touring near the rig.

An industrial brochure goes into the mail next week to one our industrial allies, Gary Vest with West Texas Utilities in Abilene. Vest is tentatively scheduled for a two-and-one-half hour presentation, relating to training for Sonora's Industrial Team on July 16th beginning at 9:30 a.m. until noon.

An extensive mailing will be made sometime during the summer months to Sutton County businesses and industries, on a Fringe Benefit Survey (employees), for information needed in the master industrial brochure.

Members of the Red Carpet Committee will meet for their monthly meeting at the Church of the Good Shepherd on Thursday at 7 p.m.

Friendly face around town is Nelson Stubblefield.

Sutton County Heart Association Reaches New Record

The Sutton County Chapter of the American Heart Association had its best year in history, according to a report issued last week by Ben D. Crenshaw, state campaign chairman.

Sutton County was one of 42 local affiliates who received the prestigious Heart and Torch Award for setting a new record and raising 45 cents per capita or more.

Local volunteers raised a total of \$6,480 of which \$1,655 came from the Heart-Home Campaign, \$3,134 was raised through special events and \$633 was given in memorials.

Newcomers: Call Shelley Chaney at 7-3886 or 7-5630 and she will get you in touch with one of the Red Carpet members for an interview and welcome to Sonora!

Remember to call the C of C office at 7-2880 if you have not had your census picked up. Census enumer-

ators advise that everyone be patient, that, in time, all censuses will be picked up. Please do not leave your census forms at the Chamber of Commerce office. Either call 7-2880 or come by the office and leave your name, address and good directions for the enumerators.

Views On Dental Health

IF TOOTH KNOCKED OUT BY INJURY

By Lonnie M. Pollard, D.D.S.

Tommy was riding his skateboard down the driveway. He lost his balance and fell to the pavement. He wiped the blood from his mouth and found his upper front tooth in his hand. What do you do? Luckily, your dentist can deal effectively with this kind of dental emergency. But he'll need your help.

Collect the tooth and wrap it in a wet cloth, or place it in a glass of salted water. Bring the child immediately to your dentist's office. Don't waste time because the chances for a successful replantation are best if done within 30 minutes to an hour after the mishap.

Some parents rush their child to the dentist, but in their haste forget to bring the tooth. DON'T FORGET THE TOOTH! And don't try to clean it yourself- even if it looks messy. What you think is dirt may actually be soft tissues that will help in the healing process when the tooth is reinserted in its socket.

The younger the patient, the better the chances of success. Long-lasting results have been disappointing in replanting teeth in adults.

For the gift that gives a lifetime of pleasure.

Photo Ranch Joins C of C

"Photo Ranch, owned by Mr. and Mrs. Jerry Johnson, is the latest business

to join Sonora's Chamber of Commerce" informed membership chairman

Kenneth Land last week.

The Johnsons are members of the Wedding Photographers International, Texas Professional Photography Association, Permian, Basin Professional Photographers. Nancy serves on the Chamber of Commerce Red Carpet Committee.

The Johnsons will be attending the TPPA summer seminar in Kerrville July 6, 7, and 8th. Watch for their grand opening, to be announced in the near future.

Photo Ranch has been in operation since May, 1979, and is located on Hwy 277 South at the old Elliott School building.

The Johnsons are welcomed by the Board of Directors and the membership, the Sonora Chamber of Commerce.

President's Oil Import Fee Dies

President Carter's import fee is officially dead. The fee, proposed by President Carter to conserve oil and raise 10.3 billion dollars in federal tax money, was rescinded by the House on a vote of 376 to 30 and in the Senate by 73 to 16 vote. The President vetoed the

resolution and the House and Senate voted overwhelmingly to override the President's veto. So, if the price of gasoline will not be going up by ten cents a gallon.

In California, voters in that state voted against

imposing a ten percent state surtax on oil companies. The proposal was defeated by about a 56 percent to 44 percent margin.

The energy industry told the people if they voted for the tax it would have a bad

effect on independent oil operators and non-oil energy producers.

The tax could also force energy companies to leave the state and increase the cost of energy according to those who oppose the tax. A majority of the voters

agreed and the California tax was defeated.

In other energy news, the city of Philadelphia is considering a tax of between 45 cents to \$1.00 on each barrel of oil refined in the city.

Pennsylvania law forbids gasoline from being taxed

by both state and local governments, and Gulf and Arco, the two companies that would be affected, say a municipal tax on imported oil is unconstitutional.

The price for a thousand cubic feet of natural gas has been made permanent by

the government. We are now paying Mexico and Canada \$4.47 per mcf.

Another item today concerns President Carter's proposed gasoline rationing plan. New Mexico Senator Pete Domenici questions the need for the plan at all.

The Department of Energy says the coupon plan, which would cost 100 million dollars to administer, would deprive 10-15 million motorists of coupons at first

because of "Administrative Difficulties."

The active rig count in the United States remains strong. The count is now more than 2,800 which is the highest since December of 1956. The all-time record was 3,137 set in December of 1955. The latest figure is 42.5 percent higher than a year ago. Last week's Permian Basin rig count was 333; one year ago it was 218.

TIPRO President Backs Bensen Idea

"Senator Bensen's idea to exempt royalty owners from the so-called Windfall Profits Tax is right on target," said the president of the Texas Independent Producers and Royalty

Owners Association (TIPRO), L. Frank Pitts. Pitts commended the Senator for scheduling a Senate Finance Committee field hearing to examine the impact of the new

excise tax on small royalty owners.

Bensen announced earlier the hearing will be held on July 17, at the 18,000-seat University of Texas Special Events Cen-

ter in Austin.

In a letter to the Senator, Pitts stated, "On behalf of the 4,300 members of TIPRO I commend you for your efforts to bring the ear of Washington to Texas to

examine the impact of the ludicrous tax that is tragically affecting so many Texans. These hearings will provide hundreds of affected royalty owners who could not travel to Wash-

ington, such as retired couples and small farmers and ranchers, the opportunity to express to the committee the hardships placed on them by the tax," stated Pitts.

The hearings will be convened as the Senate Finance Subcommittee on Taxation and Debt Management, with Bensen presiding. They will focus on the Bensen legislative proposal to exempt royalty owners from the Crude Oil Windfall Profits Tax Act of 1980.

Other senators who may join Bensen in the hearing include Senator David Boren (D-Okla.), Senator Robert Dole (D-Kans.) and Senator Russel Long (D-La). "We appreciate your concern for the hundreds of thousands of Texas royalty owners whose income has been drastically reduced by what in reality is an excise tax on Texas mineral rights," Pitts stated, "and we hope that royalty owners from every part of Texas will travel to Austin to listen and participate firsthand in these hearings."

Discoveries Increase from 1979

Texas operators reported 58 gas and 26 oil discoveries during the June 1-15, 1980, period, the Railroad Commission's Oil and Gas Division announced today.

In the year-earlier period, 71 gas and 15 oil discoveries were filed with the state's energy regulatory agency.

Through the first five and a half months of 1980, operators have reported

657 gas and 346 oil discoveries, against 621 gas and 202 oil discoveries in the year-earlier period. Successful exploratory and field completions in the five and a half months of 1980 total 5,418 oil and 2,555 gas, against 3,589 oil and 2,654 gas completions in the same period last year.

Gas discoveries in the first half of June included 26 in deep South Texas, 13

in Southeast Texas, nine in West Central Texas, seven in the Refugio area, and one each in North Texas and the Midland and San Angelo areas.

Oil discoveries included eight in Southeast Texas, four each in deep South Texas and North Texas, three in West Central Texas, two each in the Panhandle and the Refugio area, and one each in the San Angelo, Midland, and Lubbock areas.

In the June 1-15 period, operators reported 101 exploratory and field tests wound up as dry holes.

New applications for permits to drill oil and gas tests totaled 1,200 in the first half of June compared with 913 in the same period of 1979.

Applications to drill, deepen, plugback and for service wells in the June 1-15 period amounted to 1,336 against 1,035 a year

earlier. Operators filed 282 amended applications to drill. A year earlier they submitted 241 amended requests.

There have been 13,543 applications to drill new oil and gas tests this year, against 8,780 in the same period of 1979. Applications to drill, deepen, plugback and for service wells so far this year total 15,006 against 10,277 in the five and a half months of 1979.

Yates Field Production Increase Supported

The application of Marathon Oil Co. to increase the more efficient rate of production for the Yates Field by 25,000 barrels daily drew the support of three substantial working interest owners as three and a half days of hearings ended.

The backing came from Gulf Oil Corp. and Amoco Production Co. late Thursday afternoon and from Chevron U.S.A. Friday morning in oral statements to the panel of hearing examiners from the Railroad Commission's Oil and Gas Division Senior Staff Engineer Willis C. Steed, Senior Staff Engineer Eugene W. Day Jr., and Legal Examiner Brian Sullivan.

Gulf was represented by J.W. Clark Jr. of the company's Austin office and Amoco by James C. Allen of Houston. Glenn Emerick of Chevron's Denver office conveyed his company's support for the Marathon proposal. Chevron is the second largest working interest owner in the Yates Unit.

Marathon, operator of the 26,000 acre Yates Field Unit in Crockett and Pecos Counties, has asked the Commission to raise the legal rate of production for West Texas petroleum province to 150,000 barrels. Expert witnesses testified during this week's proceedings that the requested MER could result in the ultimate recovery of an additional 5.7 million barrels of oil and that the field probably has 90 more years of productive life.

No evidence was submitted in opposition to the Marathon application.

Presiding Examiner Steed gave the parties until July 2 to submit written closing statements and until July 9 to file replies to closing statements.

The Yates Field is rated Number 1 in reserves among Texas oil provinces.

RRC Approves Rule to Speed Well Determination

The Railroad Commission has approved for publication proposed changes in two Oil and Gas Division rules that are aimed at accelerating the determination of discovery wells. Authorization to publish the proposals in the Texas Register was granted by Chairman John Poerner and Commissioners James E. (Jim) Nugent and Mack Wallace during Monday's conference on division matters. The proposals are scheduled to appear in the May 16 issue of the publication.

In submitting the proposals to the Commission, Sandra K. Joseph, an attorney in the Oil and Gas Division, said the amendments to Statewide Rules 41 and 42 will:

--update, clarify, simplify and consolidate the requirements for receiving a new field designation and/or allowable.

--eliminate duplication of effort in making determinations within the Oil and Gas Division.

--provide for administrative approval of new discovery applications under certain conditions. The director of the Oil and Gas Division could approve discovery applications if no protests were lodged.

--resolve a potential notice problem by providing

that actual notice of a discovery application be given to offset operators and unleased minerals owners. The amendment also provides for notice by publication or some other acceptable means to other possibly affected operators and unleased minerals owners. The amendment also provides for notice by publication or some other acceptable means to other possibly affected operators and unleased minerals owners.

An amendment to Rule 41 would allow submission of various types of recently developed logs. Also, Joseph said, the rule would be clarified and simplified by various changes such as requiring a "legible" map rather than a map drawn to scale of one inch equal to one thousand feet.

Noting "a vast increase in workload resulting from the Natural Gas Policy Act" of 1978, Joseph said the proposed amendments were drafted after an Oil and Gas Division review of procedures for handling oil and gas discoveries under state and federal regulations.

Sutton County Ranch News

TS&GRA INDUSTRY NEWS

The Make It Yourself Wool competition is gearing up for the annual show and sewing contest. State Director, Mrs. E. S. Herring of Junction, is announcing plans for the district contests in November at various locations.

The State Contest will be held at Kerrville's Inn of the Hills Dec. 6, and the national finals will be in an Antonio Jan. 25-28, 1981.

Make it Yourself With Wool is primarily a Wool/Mohair promotion and is sponsored by the American Sheep Producers Council, Texas Sheep & Goat

Raisers' and donations from interested friends of the sheep and goat industry.

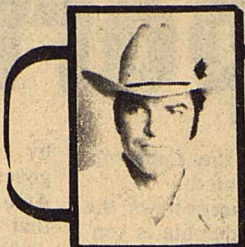

The purpose is to focus attention on the beauty and versatility of wool; to encourage use of this incomparable fabric or yarn in sewing, knitting or crocheting fashionable garments; to offer young experts the opportunity to compete for valuable prizes and win recognition for their sewing skills.

More than a sewing, knitting or crocheting contest, it is a fashion competition. Judges look for coordination of fabric to the pattern, poise and presentation,

suitability of the garment to the contestant's age and way of life, as well as skill in construction.

Open to all American citizens regardless of race, creed or sex, the contest is broken into the following age categories: Pre-Teen (10-13), Junior (14-16), Senior (17-24), Adult (over 24). Pre-Teens compete only at district level; Junior, Senior and Adult district winners advance to state competition, and national finals include Juniors and Seniors.

Information and entry blanks can be obtained at fabric stores, county extension offices or by writing State Director Jean Herring, Rt. 5, Box 16, Menard, Texas 76859, phone Junction, Texas (915) 446-2066.

Jerry Lackey's Country Folk

The month of June has been a busy one as agricultural events more or less got kicked off for the summer. This ag writer tried to attend as many of the functions as I could schedule.

It was enjoyable to see and visit with old friends along the way and again witness their excitement while they talked of good rains recently.

James Hunt of Sonora laughed with neighbors attending the annual Sonora Wool & Mohair Show following receipt of good moisture and added: "Just one more, now!"

Jack Groff, Texas Extension Service Sheep & Goat Specialist, stationed at Kerrville, reported over 2 inches one Sunday night and the Hill Country and Central Texas green.

Joe David Ross walked up and joined in with tales of green pastures and a good stock water supply pretty much across Sutton County.

I was Lon Slaughter that told me of a dry strip near Sanderson which has missed every rain for over one year. "Yes, just about everyone in that particular area is supplemental feeding just the way they did last winter," explained the ranchmen.

Visited with Cow Poke cartoonist Ace Reid in Kerrville earlier in June. Matter of fact, we attended some of the Brangus Association activities together.

There was the P & F Cattle Company Calf Fry party in Hays Park following the annual meeting of the Texas Brangus Breeders Association at the Kerrville Sunday House.

Saw Aubrey DeLong of Mertzon and Jack Canning of Eden at the Brangus days. Besides the meeting and activities for juniors, the Brink's Brangus Production Sale with Auctioneers Bert and Ruben Reyes was a success at Sisterdale.

The new River Hill Country Club was the setting for

the Miss America Sale and Western Art Sale along with the Texas Brangus Breeders association Summer Party...and what a delightful place.

Ray Moody of Rocksprings stated a good rain finally arrived in Edwards county about mid-June. "It was the first good moisture we received," he said. "While other folks in neighboring counties received rain, it sort of skipped us."

Independent Cattlemen have placed June 26-28 on my calendar for their annual convention in San Antonio. I also want to make note here of the 50th anniversary of the Texas Cowboy Reunion at Stamford July 2-5. Besides the largest amateur rodeo in the world, this year's show will feature a Western Art Show, a quarter horse show, chuckwagon cooking and a parade. Top entertainment will include: Larry Mahan, Cal Smith, and Jeannie C. Riley.

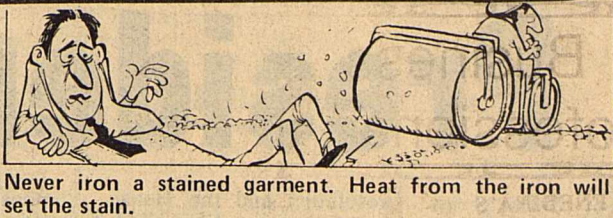

Well, just looking at the July Calendar, it would be as busy as June. Those of us involved with West Texas Rehabilitation Centers

Public Relations have July 18th circled. That's the date for the annual kick-off Joint Venture for Crippled Children. And for the second year, the greatest of Great entertainers, Bob Hope, will give a dinner show to benefit WTRC.

July 26 at Buckhollow, the 19th annual Cream of the Crop Angora Goat Sale at the Stanley Lackey Ranch will feature Kimble County's top 1980 offerings of Angora bucks for goat raiser. Sale time is 1 pm.

Speaking of goats, the annual summer meeting of the Mohair Council of America will be in Kerrville August 21st and the 65th Texas Sheep & Goat Raisers' Association convention will be in Kerrville July 18-19.

Sometimes, I have to stop and go to the way of my heart and it is not easy to miss meetings of the sheep and goat raisers. I was their editor for 10 years and the first secretary of the Mohair Council. But I have been writer-photographer-editor for a lot of people over the past 27 years, and it's all been fun and continues to be. Visit with you next week!

Never iron a stained garment. Heat from the iron will set the stain.

Mayor Bill Gosney and members of the Red Carpet Committee welcome the West Texas Flyers to Sonora. 1980 is the third consecutive year the group has flown into Sonora to view the Caverns.

Vicente Bautista Receives 10-Year Certificate

A Sutton County man employed by the State Department of Highways and Public Transportation (DHT) was honored recently with the presentation of a 10 year certificate of service and lapel emblem.

Vincente G. Bautista started work for the DHT in 1970 at the Sonora Maintenance Section as a maintenance man and has advanced steadily to his present position of Maintenance Technician II. In 1979 he received an eight year No-Injury award

showing he is a safe and careful worker.

Mrs. Bautista (Amparo) and Vincente have four children and twelve grandchildren. They are members of the Catholic Church. The high cost of gasoline does not help Vincente's hobby as he likes to drive around the countryside with his family.

The presentation was made by District Maintenance Engineer James R. "Bobby" Evans of the San Angelo District Office and was accompanied by a

letter of congratulations on his long service and with hopes that "his continued service would be pleasant and productive."

Community Outlook

By Don Holdridge

I've had several comments on my "hilarious" first column. Really I'm not normally that funny, but I think I was simply out from the moving, ad you know what they say, "Truth is funnier than fiction", or something like that.

One of the most pleasant occurrences during my absence is the new vitality of the Chamber of Commerce. More people than I can ever remember are involved with various projects. The membership was increased dramatically, and it is not a membership simply for numbers sake, but a group of hard working people who have the best interests of Sonora in mind. A lot of the credit for this goes to Lou Thomas who has done a super job since taking over as manager.

One of the facets of the Chamber that has been most pleasing to me is the formation of the Sonora Industrial Development Foundation. It had always been my personal opinion that Sonora needed to develop some alternate industry to the petroleum business. This is certainly not to say anything against our oil field companies, but is merely a means of diversifying the town.

Economically, the exploration of the gas fields here has been the greatest thing to ever happen in Sonora. Through increased tax revenue, our local government agencies have been able to increase their services: the school has numerous new buildings and programs, all our streets are paved (that's something not many cities can say) and we have a modern new jail complex while many cities are still struggling to meet increasingly tough jail standards.

Unemployment is virtually nill. Anyone who wants to work and is able can find a job, usually at a salary far above other towns our size.

But in the light of our constantly wavering government policies, especially concerning oil companies, any industry is subject to boom or bust cycles. Although agriculture is still an underlying, stabilizing factor in our local economy, the majority of the people here depend directly or indirectly on the oil field for their income. When a community depends this directly on one source, its economy is subject to the same boom or bust cycles as its industry. Just take a look at the local retail sales during periods when a slowdown in the oil field occurs. "Everyone feels the pinch."

However, with a more diversified economy brought on by additional industries, the base of the economy would be more stable. A bust cycle in one particular industry would not have such an impact.

Another reason for wanting additional industry is a look to the future. It will be a long time before all the drilling activity in the area is over, in fact many of us will not live to see the end, but if Sonora does not have additional industry to take up the slack, the effect would easily be a local severe recession or even a depression. Those who work for the oil companies would either have to move or find other jobs here, which would be hard. Houses would be left standing empty, and retail businesses would eventually have to close. As businesses closed, more people would be out of work, and the cycle goes on and on.

But with a diversified economy, there would be places for workers to fall back to if they didn't want to leave. Sonora could remain a vital thriving community instead of going the route of many other West Texas oil towns who once boomed, now are dying a slow death.

Besides the reasons already outlines, new industry would have a much stronger impact on the local economy than most people would eve think. City Manger Jim Dover brought an interesting article over that shows what an additional 25 new business or industrial jobs mean to a community. The list is surprising. It includes \$177,5000 more personal income per year, \$3,350 added revenue from residential power sales, on new commercial power load, \$67,250 more local bank deposits, one more retail establishment, 17 more indirect jobs, 24 more automobile registrations and \$82,750 more retail sales per year.
