Voters Go To Polls Heavy Turnout Expected

Sutton County voters will go to the polls Tuesday, and if absentee totals are any indication, voter turnout will be heavy.

Sutton County Clerk Erma Lee Turner said through Tuesday morning approximately 70 absentee votes had been cast and she expected to have over 100 by the time absentee balloting ends at 5 p.m. Friday.

Republican Party Schedules Rally Tonight

The Sutton County Republican Party will host a rally tonight at the Sonora Golf Course at 6:30 p.m.

Col. Jim Lamar, a former POW, will be the featured speaker. Lamar has been traveling throughout the state campaigning for the Reagan-Bush presidential ticket and will speak on the need for a strong defense.

H.J. "Doc" Blanchard and Jim Brady, Republican candidates for the Railroad Commission and Supreme Court respectively are also expected to make an appearance.

"This is a locally sponsored event—something to try to stir up some voter interest," local Republican Chairman Mary Owensby said.

She said the event is not limited to only Republicans and the entire public is welcome to attend.

the heavy turnout is somewhat surprising in the light of not having a single local race contested.

Local candidates running unopposed includes Billy Galbreath Precinct 3 Commissioner; Preston Love, Precinct 1 Commissioner; Ann Hill, county Tax Assessor-Collector; Bill Webster, County Sheriff; Al Elliott, County Attorney; Charles Sherrill, County Judge; and Bill Mason, 112th District Attorney.

Susan Gurley McBee, 70th District State Representative, is also running unopposed.

The closest contested race for Sutton County voters is one between incumbent Republican Congressman Tom Loeffler and his opponents, Democrat Joe Sullivan and Libertarian William Rice.

The only area level race that is contested is between Republican James G. "Jim" Murry and R.S. "Rudy" Esquivel, both vying for the 4th District Court of Civil Appeals Associate Justice.

The race drawing most of the attention is that for U.S. president in which former California Gov. Ronald Reagan is issuing a Republican challenge to President Jimmy Carter the Democratic nominee.

Independent John Anderson and Libertarian Party candidate Ed Clark are also on the ballot.

The state races drawing the most attention are those for spots on Texas Railroad Commission.

Republican Henry C. "Hank" Grover, a former gubernatorial candidate, is facing Buddy Temple, an

Several other court races are uncontested.

Nine constitutional amendments will appear on the ballot, and an outline of them is given on Page 2B.

Polls will be open for 7 a.m. til 7 p.m. Tuesday.

Polling places for Sutton County residents are: Precinct 1, Sutton County 4-H Center; Precinct 2, Sonora Wool and Mohair; Precinct 3-1, Sutton County Courthouse; Precinct 3-2, Clarence Simon residence; Precinct 3-3, Church of Christ on the Llano River; and Precinct 4, Sonora Fire Station.

across Main Street from the bank's drive-in facility at 3:30 Saturday afternoon. At 4 p.m. they will proceed to the Courthouse Lawn where the judging will take place. The queen of the carnival will be crowned on the lawn and will proclaim the Carnival officially open.

The student council has particularly requested that the public not use the parking area around the First Methodist Church, or the parking lot across Water Street from the church, or the street parking area along northeast Oak between Bronco Pharmacy and the Post Office, as a large wedding will be taking place at the Methodist Church.

According to the organizational group that met recently, this year's Annual Game Dinner promises to be more successful than last year's. So much hard work goes into its planning that it is not possible to document.

This year's workers can be identified by an orange and white cap noting 'Sutton County Game Dinner'

making ticket sales more efficient, etc. This idea was contributed by Bill Stewart and should prove to be very effective!

Requests are still being received for hunting leases for this year. If you have day or seasonal leases, please call the office at 7-2880.

Friendly face around town last week was Mike Street of KVRN Radio Station.

A special thanks goes to Jack Kerbow of Kerbow Furniture at 214 NE Main for storing the ticket hopper for the 1980 Merchant Christmas promotion!

Officer De La Rosa Visits Fun Factory

For those of you who thought the ABC Fun Factory was being raided last Tuesday--it was.

Officer Charlie De La Rosa of the Texas Department of Public Safety raided the ABC Fun Factory single handed. Armed with a uniform and a patrol car, he confiscated the attention of every boy and girl present.

Their fears were arrested as he allowed the children to examine handcuffs and explore a Texas DPS patrol car.

Evidence was found that the students at ABC were fascinated by the sound of

the siren and talking on the PA system. Some were really caught up in the handcuffs and taken away with the patrol car.

All were convicted of learning more about the duties of our law enforcement officers. They were all released to the custody of the ABC staff until their parents set bail.

The staff and students of ABC stand a special thank you to Officer DE La Rosa for participating in the unit on Community Workers.

Sonora Minister Speaks

Rev. John W. Fritts, Rector

Christianity teaches us responsibility for ourselves and other people. Jesus Christ identified himself with a particular people in order to be identified with the whole mankind. He has been called a "corporate personality", the Second Adam. Christians believe that he died for our sins and our sins are forgiven through him and identify with him. They believe in the resurrection of Christ and because of this they believe in the resurrection of the life of the world to come for themselves. They point to the fact that the saga of Christ's redemption of mankind took place in time and in recorded history. They also point to their own experiences with the living Lord.

Christ's coming into the world shows God's concern for the world and for the here and now, his concern for daily living as individuals and as part of a nation. Because of the implications of the importance of the here and now it follows that in a real sense everlasting life is already being lived by Christian folk.

Christ acted on the significant things of life. Christians who follow him are concerned with ecology, energy, world affairs, the affairs of the Nation and the

community. They cannot shirk their responsibility, for example, to vote in an election that will determine so much of the future of the world, the nation, the state and the community. Their judgement in such matters can be guided by God as they place their hearts and minds in his hands and follow such guidance as he gives them in the exercise of this responsibility.

Mrs. Ronald Gene Morgan

Henley - Morgan Vows Solemnized

The wedding of Dixie LaRue Henley and Ronald Gene Morgan was performed Saturday, Oct. 18 at 8 p.m. in the First Baptist Church in Hubbard.

The groom is the son of Mr. and Mrs. Earl G. Morgan of Hillsboro and the grandson of Mrs. Roy Parks of Itasca and B.C. Morgan of Hillsboro.

Nuptial music was presented by Miss Becky Reeves of Hubbard. Vocalists were the groom's sister, Linda Morgan of Fort Worth, and Donna Anderson of Hubbard. Brian Anderson of Hubbard played the trumpet.

Given in marriage by her father, the bride wore a chapel length gown of candlelight ivory organza with a high standup neckline and long mitten sleeves trimmed in heavy cotton hand clipped lace and accented by pearls and crystals.

The hem and train was trimmed in the cotton lace. The waistline featured a sash with a bow at the back. The bride's English riding hat was covered by her mother in cotton lace and seed pearls were sewn on the groups of floral designs of lace.

Her veil was made of tulle with seed pearls scattered on it and was waist length.

She carried a candlelight ivory lace fan adorned with apricot and brown silk spider lillies and satin ribbon streamers.

For good luck, the bride carried a new penny in her shoe; for something borrowed she carried the groom's mother's handkerchief; something new was her hat; something old was her slip which belonged to her great aunt; and for something blue, she wore a garter which her mother wore on her wedding day.

F.W. Farrell has purchased the law practice of Sutton County Judge Charles Sherrill effective this week. Farrell, a native of Roundrock, graduated from the University of Texas Law School in 1966. After spending six years in the Air Force,

he began his practice in San Angelo, spending four years working in the County Attorney's office. Sherrill says he plans to dedicate his full time to his job as County Judge for the time being.

Thomas A. Morris, Sr. and Mrs. Bobbie Fawcett of Sonora have joined more than 1,200 fellow Texans on the Statewide Steering Committee of Democrats and Independents for Reagan-Bush, Governor Bill Clements announced today.

Governor Clements, chairman of the Reagan-Bush campaign in Texas, made the announcement along with Democratic State Senator Bill Meier of Fort Worth, chairman of the Statewide Steering Committee of Democrats and Independents for Reagan-Bush.

"Many Texas Democrats are dismayed with the liberal direction the party is headed. The Democratic Party—with its national and state platforms—has now endorsed homosexual rights, gun control, forced busing, and collective bargaining for public employees," Senator Meier said.

"At the same time, the Jimmy Carter liberal Democrats have turned their backs on the bread-and-butter issues of crippling inflation, double-digit interest rates, tragically high unemployment, a counter-productive energy program, and deplorable agricultural policies, that affect the working men and women of our country. This is totally unacceptable to mainstream Texas," he said.

Senator Meier pointed out that under the Carter administration, inflation has risen from 4.8 percent to a high of 18 percent. He quoted figures showing that it now costs \$1.45 to buy the same amount of goods and service that \$1.00 could buy before Jimmy Carter took office. "Texas Democrats have always championed the cause of the working men and women of our nation, and that's why many of us are supporting Governor

Reagan and our fellow Texan George Bush, because we feel that the working

men and women of America have suffered more under the Carter administration

than at any time since the 1930's," Senator Meier said.

Seventh Grade Colts Edged In Narrow Loss To Junction

Turkey Shoot Scheduled

On November 1, 1980, the Ozona Chamber of Commerce will be sponsoring its annual Turkey shoot.

The events will be held at the rifle range and will consist of the following events: Target Rifle, Hunting Rifle, 22 Rifle, Black Powder Rifle, Pot Luck, Shot Guns, and Pistols.

The shooting will start at 9 a.m. and each event is \$3. Noon meals will be sold by the Girl Scouts.

4-H Club Sets Meeting

The Sutton County 4-H Club will hold a meeting Monday at 7 p.m. at the Sutton County 4-H Center. All members are needed at the meeting.

The Sonora seventh grade Colts suffered a disappointing, last minute loss to Junction last Thursday, 16-14.

Junction scored with 20 second left in the game, then converted the two-point conversion to squeak out the victory.

Sonora's first score came with five seconds left in the first half with Esau Ramirez hitting wingback Rodney Speers on the fly pattern for a 70-yard touchdown. The PAT failed.

The Colts gained a 14-8 lead in the second half as Speers bolted 85 yards on a dive play. The two-point try was successful.

The Colts dominated the statistics, outgaining the Eagles in total offense by a 244-to-122-yard margin. Speers headed the Colt

rushing effort with 106 yards on six carries, while Ramirez connected on three of six passes for 120 yards.

The loss drops the Colts' season record to 3-2.

The seventh graders will travel to Ozona Thursday for a 5 p.m. contest.

Vote for Greater Banking Convenience

Passage of Proposition 1 on the November 4th ballot will open the door to even greater banking convenience. This simple change in the law will allow Texas banks to place unmanned teller machines at convenient locations for faster service, night or day. These teller machines are becoming a convenient option for handling routine banking business.

"Round-the-clock banking at unmanned tellers is convenient, safe and a positive step toward avoiding unnecessary credit card use. . . moreover, it is an energy saver — instead of traveling across town to a bank, an unmanned teller can be built in your neighborhood."

— San Angelo Standard-Times

Proposition 1 "will make life easier for bank customers. . . (it) will eliminate many, if not all, of the tortuous lines seen clogging drive-in bank lanes."

— Houston Chronicle

Proposition 1 "has gained widespread support as the amendment faces voters Nov. 4."

— Orange Leader

"Off-premises unmanned teller machines should be approved by Texas voters."

— San Antonio Light

People in forty other states already have this convenient banking choice. It's time Texans did, too.

Vote for Proposition 1 November 4th.

When the clock ticked off the final seconds Friday night, only two plays really counted—David Creek's extra point kick after Sonora's second touchdown and Brady quarterback Scott Ellison's two-point

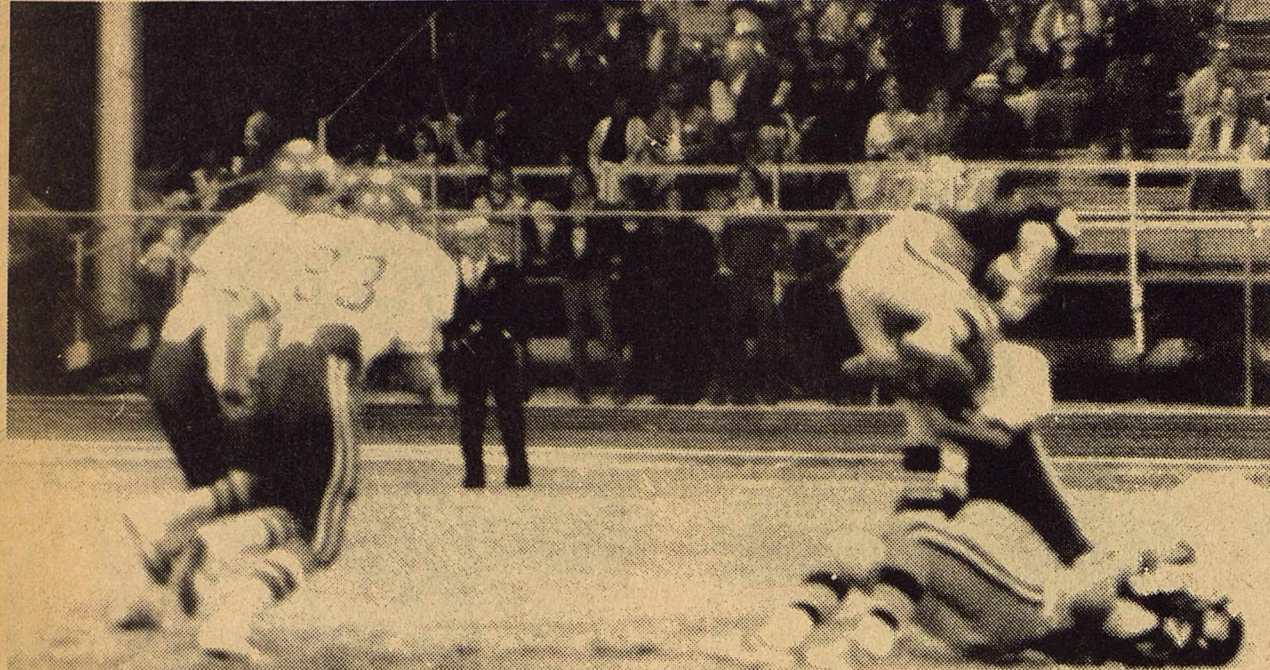

pass play. One worked and one didn't. Creek's extra point was true, while the pass by Ellison that would have given the Bulldogs a 14-13 lead was broken up by Joe David Favila to preserve a

13-12 District 8-AAA win for the Broncos, pushing them one giant step toward the league championship. Sonora's quest for the victory appeared to be ill-fated at the start. After the Bronco defense held Brady

without a first down on the game's first series, Favila fumbled the punt and the Bulldog's Mike Peterson recovered at the Sonora 31. But Brady returned the favor as Calvin Evans dropped Ellison's fourth down pass in the endzone, allowing Sonora to take over on downs at the 25.

The Broncos began to work their ball control offense to perfection, moving all the way to Brady's 31-yard line. But Creek, struggling for an extra yard after a 10-yard pickup, was separated from the ball at the 21 on the next play.

The Sonora defense again stymied Brady, forcing them to punt. The Broncos took over on their own 33-yard line, and full-back Rex Surber banged his way for 10 yards and a first down.

Ervey Vallejo sheds a blocker and sends a Brady runner into the air on this tackl, indicative of the intensity of defensive play by the Broncos last Friday. Sonora

downed the Bulldogs, 13-12 and host Comanche this week with their eyes cast on a district championship.

Sporting Chance By Don Holdridge

Sad to say, last week was not one of my better efforts. To be perfectly honest, it was one of my worst. For the record, I hit on only 12 of 20, bring my season total down to 112 of 160 for an even .700 average. There is some consolation, though. I did hit my Atlanta over Los Angeles upset of the week, making me five of seven in that category. And I wasn't alone in having to eat crow, as most of the football contest entrants did just as bad or worse. You know how it is with a loser—we like to see everybody else sink with us. Hopefully, I will find a measure of atonement this week.

Comanche at Sonora

The Broncos face a danger here in having an emotional letdown after a big win over Brady last week, and the injury situation doesn't help matters either. However, Comanche has been an up and down team all year, and last week was their up week as they cruised by Ballinger handily. Add in the fact that they are not used to 180-mile trips, and Sonora will have to be a slight favorite. Sonora 22-21.

Brady at Coleman

The Bulldogs may also be due for an emotional letdown after the close loss to the Broncos, but they should still have enough left to pull this one out. Brady 27-8.

Eldorado at Reagan County

I must have been a week early in thinking the Eagles were due last week. Both teams are down, so here's their chance. Eldorado 13-7.

Texas A&M at SMU

The Ponies figure they still have an outside chance now. The only thing the Aggies have is a chance at losing another coach. SMU 17-0.

San Jose State at Baylor

The Bears can smell Cotton, but they need to be careful about looking ahead to some more important games. Baylor 22-10

Texas at Texas Tech

The Longhorns always seem to have problems at Jones Stadium, and their injuries will probably keep it closer than it should be. Texas 20-9.

Rice at Arkansas

Ever seen a mad Razorback. The Owls get their chance Saturday. Arkansas 38-14.

TCU at Houston

The Cougars are back on track and still have a shot at their fourth SWC crown in five years. Houston 34-13.

Southwest Texas at East Texas

This will be the end of the road for the Bobcats. They always have problems in the Lions den. East Texas 28-21.

Howard Payne at Sam Houston

The Yellowjackets are really better than their 1-4-1 record shows. They got to prove it this week. Howard Payne 24-10.

Abilene Christian at Stephen F. Austin

If the Lumberjacks can find a way to handle A&I, then they can do the same for this below par Wildcat squad. Stephen F. Austin 14-13.

Texas A&I at Angelo State

The Javelinas will try to make this a game, but this isn't their year. Angelo State 29-20.

Dallas at St. Louis

The Cardinals nest is always troublesome for the Cowboys. Considering they won last week, the momentum could carry over for the upset of the week. St. Louis 17-14.

Houston at Denver

The Tyler Rose is back. Even the Bronco's great defense can't slow him down. Houston 24-10.

Atlanta at Buffalo

Both teams have played surprisingly well this year, but give the Bills the nod on the home field advantage. Buffalo 16-10.

Minnesota at Washington

The Redskins aren't out of it yet, and the Vikings won't hurt their cause. Washington 17-13.

Baltimore at Kansas City

The Chiefs have a hot hand, so why go against them when they have the home field. Kansas City 37-28.

Green Bay at Pittsburgh

The Steelers find a good place to snap out their slump. Even all their casualties won't make a difference here. Pittsburgh 34-13.

Philadelphia at Seattle

The Eagles have been flying too high. They're bound to get shot down sooner or later, and the Seahawks have the kind of team to do it. Seattle 31-28.

San Francisco at Detroit

Enough battering for the Lions. They need this one. Detroit 37-16.

Broncos Go For District Title Friday With Indians

"We're in for a head butting," Sonora Coach Jerry Hopkins said of the Broncos' Friday night game with Comanche.

The Broncos, fresh off a 13-12 win over a strong Brady squad, can assure themselves no less than a share of the District 8-AAA title if they can down the Indians in the 7:30 p.m. clash at Bronco Stadium.

Hopkins said the Indians are big and strong with a good running attack out of a power-I set and play pretty

solid defense.

"They run the ball a little better than Brady, but don't throw quite as well," the Bronco mentor said.

"What they do best, we usually do a good job against," Hopkins added. "We'll just have to line up and win the individual battles."

Comanche sports a 4-3 record, with five starters on both sides of the line returning from last season's injury plagued 5-5 campaign.

But the mediocre record should not be taken lightly. They blasted Ballinger last week, 34-6, and their losses were to Breckenridge by a 36-20 count, Class AAAA Stephenville and a surprisingly strong Clyde team in a game that was lost on fumbles in the last few minutes.

Running back Eddie Strube, a speedster with 4.7 speed in the 40, heads the offense while lineback-

er Marty Roberts leads the defensive unit.

Other top players include running back Denny Feist (5-10, 180) and offensive tackles William Works and Russell Johnson.

Kyle Steward at quarterback is another top strength for the team.

Hopkins does have some qualms about entering the game with the large number of injuries the team has suffered.

Cades Pope was lost at the start of the season with a shoulder injury, and reserve linebacker Frisby Bible had to have knee surgery to repair damage

received in the Coleman game.

Linebacker Robert Ponsetti, out the last two games with a broken hand, is listed as possible for Friday night's game as is split end Robert Noriega who missed the Brady contest with a strained knee.

Another blow hit the Broncos last Friday night when halfback Johnny Doan, the team's leading ground gainer, went down with a lower back injury. He is doubtful for the Friday game.

Even with all the injuries, Hopkins was pleased with the performance in the

victory over Brady, especially the play of tackles Wesley Barton and David Sanchez on both offense and defense.

"Wesley and David have been our two most solid performers all year long," Hopkins commented.

Hopkins said the offense did its best job of blocking overall for the entire year last week, and the defense did a good job of containing the explosive Bulldog offense.

With one more winning effort like that, the Broncos will be guaranteed a tie for the district championship.

Eighth Grade Rolls Over Junction, 32-0

If the Sonora eighth grade Colts were superstitious before, they shouldn't be now as they ran their victory string to 13 games with a 32-0 shutout of Junction last week.

Sonora completely dominated the Eagles, piling up 375 yards total offense to Junction's 38.

Gilbert Martinez tallied first for the Colts on a three-yard blast following a 15-yard run of his to set up the score.

Jessie Guerra scored shortly after on a 65-yard punt return.

Victor Lira sped 46 yards for the first of his two

touchdowns, then later added a 44-yard TD on a sweep.

Abel Sanchez garnered the fourth Colt score on a three yard plunge after setting up the score with a 42-yard burst.

Lira led all rushers with 150 yards on nine carries, followed by Guerra with 88 yards on three carries, Sanchez with 60 yards on three carries, Tim Schabel with 29 yards on four carries, Martinez with 20 yards on six carries, New York with 16 yards on four carries and Joe Noriega with three yards on four carries.

The win runs the Colts record for the season to 5-0.

The eighth graders next game is Thursday at Ozona at 6:30 p.m.

JV Downs Eagles By 20-8 Count

The Sonora Bronco junior varsity and freshman teams combined for a convincing 20-8 win over Junction Thursday night.

Even with three missed scoring opportunities in the first half, they went to the lockers holding a 6-0 lead on the strength of a three-yard run by Tino Martinez.

Eddie Vallejo upped the lead to 14-0 in the third

quarter with an eight-yard plunge a score on the two-point conversion.

Ronnie Anderson added the clincher with a one-yard dive in the fourth quarter.

Junction finally scored with a minute left in the game.

Martinez was the leading rusher with 125 yards on 20 carries.

The JV hosts Ozona Thursday in a 6:30 p.m. contest.

Brady...Cont. from P. 6A

Two plays later, Ellison connected with McMillan again, this time for an 18-yard pickup and a first down at the Sonora three. Rene Torrez eluded three Bronco tacklers on the next play, going in for the score on his only carry of the night.

With 5:48 left in the game, Brady Coach Paul Jette apparently opted for the win or lose situation, and Favila, diving through the air, broke up Ellison's two-point pass attempt.

The Broncos began to work their ball control ground game to perfection, with each play ticking precious seconds off the clock.

Surber squirmed a foot on fourth down to pick up the first of four first downs in the drive—their most important non-scoring march of the year.

After moving down to the Brady 10 with only half a minute left, Sonora took all their allotted time before being flagged for a delay of game.

But only 12 seconds remained on the clock, and with Brady out of time outs, Creek had to but fall on the ball to insure the victory.

Surber headed the Sonora rushing effort with 108 yards on 28 carries, while

the Bronco defense shut down big play man McDonald who gained only 55 yards on 15 carries.

The win lifts Sonora's season record to 7-1 and 2-0 in district action, while Brady fell to 5-3 and 1-1 with only hopes of a tie for the title.

"I shall make electric light so cheap that only the rich will be able to burn candles"

That's what Thomas Edison promised over 100 years ago.

And he did it!

For the same amount of light produced by ten 100-watt bulbs during their average lifetime, you'd have to buy \$59,937.50 worth of 35¢ candles. (That's a conservative estimate supplied by a reputable bulb manufacturer.)

Yes, electric lighting has come a long way, since Edison invented the incandescent bulb. And through most of those years the price of electricity has gone down steadily. Even now, when inflation is forcing power companies to increase their rates, electricity is still America's best bargain.

Performance beyond promises!

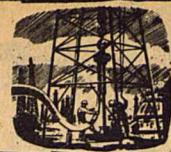

When he first asked for our vote two years ago, Tom Loeffler promised he'd put his Washington background and Texas heritage to work for us to do the best job possible to represent the 21st District.

In those two short years, Tom Loeffler has given us much more than he promised! He is a growing and respected voice in Congress with important committee assignments. During his first two years, he has been more effective in protecting the freedoms and rights of Texans than many people who have served 20 years in Congress. He's been and done everything he promised—and more!

In fact, Tom Loeffler has proven he's the best of a new breed of responsive and responsible congressmen forging a new brand of leadership in Washington. He deserves our overwhelming vote of confidence on November 4th!

Let's re elect
TOM LOEFFLER
Congressman
21st District-Texas
The best of a new breed!

Energy Seminar Slated For November 13

Peat, Marwick, Mitchell & Company have scheduled their Annual Energy Seminar for Thursday, November 13, 1980, 3-5 p.m. at the Hilton in Midland.

The Seminar is presented jointly with the Permian Basin Petroleum Association and there is no charge for members.

Frank Burke and Ron Frank will be the featured speakers and the topics will cover current tax accounting, DOE regulatory matters and an update on the Windfall Profit Tax.

Bring any questions you may have written out on 3x5 index cards.

Gov. Clements Blasts Carter Energy Policy

"Jimmy Carter's last minute endorsement of an exemption from the Windfall Profit Tax for small volume royalty owners is nothing but a desperate, last ditch effort to salvage his campaign in Texas," Governor Bill Clements said today.

"Jimmy Carter made a similar promise to Governor Briscoe just before the 1976 election saying that he (Carter) would support the immediate deregulation of oil and gas prices. The record shows that Jimmy Carter blatantly lied to Governor Briscoe. In fact, Carter did not support immediate deregulation, and Jimmy Carter cannot be trusted again in his latest campaign ploy to win Texas' votes," the Governor said.

Governor Clements was joined in the statement by U.S. Senator John Tower and Michel T. Halbouty of Houston, an independent oil man and geologist and former president of the American Association of

Petroleum Geologists.

They referred to the Carter administration's claim on Monday in Houston that now intends to support the \$1,000 exemption from the Windfall Profits Tax for small royalty owners, a measure which Carter strongly fought in Congress just last July.

"While we know that royalty owners support this exemption, as we do, they are also smart enough to know that Jimmy Carter lied to Governor Briscoe, and Carter cannot be trusted again. Carter has no more intention of supporting this exemption after the 1980 election than he did of supporting immediate deregulation after the 1976 election," the men said.

"Jimmy Carter is trying to fool the people of Texas with another one of his election year flip-flops. Just last July, he used the full force of the Presidency to fight this very exemption in Congress and he won that fight against the royalty owners. Then in August, his administration successfully kept this exemption from getting in the Democratic platform," they said.

"On the other hand, the Republican Platform calls for an outright repeal of the Windfall Profits Tax as it applies to small royalty owners, and we believe that the Reagan Administration immediately after the election will begin efforts to repeal the Windfall Profits Tax as it applies to small royalty owners," the men stated.

"This is a flagrant attempt by Jimmy Carter to wrongly influence the 650,000 small royalty owners in Texas and the two million other across the nation just three weeks before the election. Texans must beware of this campaign trick which Carter is pulling in a desperate, last ditch effort to salvage his campaign in Texas," they said.

"Texans will not support Jimmy Carter on the basis of another hollow promise. Actions speak louder than words, and Jimmy Carter's actions during his term of office have been directed at punishing the energy industry, stripping it of the funds it needs to produce more energy, creating a new \$13 billion a year bureaucratic monster called the Department of Energy, and strapping a \$130 billion tax bill on the people of Texas while fighting any exemptions for small royalty owners," they said.

Loeffler Endorsed By ACA

U.S. Congressman Loeffler from the 21st District of Texas was endorsed for reelection today by ACA (Americans for Constitutional Action.) The non-partisan National organization, headquartered here, said it was endorsing Congressman Loeffler because of his consistent voting record for constitutional principles.

Mrs. Charlene Baker Craycraft, Chairman of ACA stated, "Congressman Loeffler is best judged

by his legislative record. It gives factual evidence of his valuable and unselfish service to our Nation."

Americans for Constitutional Action (ACA) periodically rates all Member of Congress on issues which are of major National importance and adherence to constitutional principles. ACA's Chairman stated, "If every Member of Congress voted as Congressman Loeffler, there would be little or no Federal debt, inflation would not be a

problem, our National military strength would not be in question, and Americans would be paying lower taxes. His most recent rating, for 1980, is 92percent.

Mrs. Craycraft commented that Congressman Loeffler's voting record is outstanding. "He puts the interest of the United States first and works continually for the preservation

of constitutional government."

The endorsement of ACA brings to the Congressman the support of highly distinguished citizens, Democrats, Republicans and Independents, who are Members of ACA's Board of Trustees, including former 21st District Congressman O.C. Fisher and Judge Ed Gossett."

Vote to Keep Judge Will Garwood on the Texas Supreme Court

Judge Will Garwood has widespread support from Democrats, Republicans, Independents, three former governors, four former attorneys general, 11 former Supreme Court justices, 15 Texas Bar presidents.

Texas lawyers endorsed Judge Garwood by 82%. He won local judicial preference polls by 86% in Dallas, 86% in Houston and 80% in Fort Worth.

Judge Garwood is the choice of so many because he's fair-minded, non-partisan and better suited to the job through personal qualifications and superior training.

He has over twenty years experience in private civil law practice. He served with the Judge Advocate General's Corps, U.S. Army, and was first in his class every year at The University of Texas School of Law, receiving his LLB with honors.

"The appointment of Will Garwood to the Texas Supreme Court sounds like a chapter of Texas history repeating itself. The Garwoods have a long record in the judiciary. Will Garwood's grandfather, Hiram Garwood, was county judge of Bastrop County in 1888 and at one time president of the Texas Bar Association. W. St. John Garwood, son of the county judge and father of the new associate justice, was the first Houstonian to be named to the Texas Supreme Court in 80 years. . . . This three-generation record of public service is in the finest Texas tradition"

- HOUSTON POST

"Garwood's legal credentials are, to put it modestly, magnificent."

Letter To The Editor

The Editor:

You know and I know that there is something drastically wrong in these United States of America. Perhaps Congress and each of us have contributed to our nation's problems, but the man we elected as president four years ago must shoulder the great burden of the disaster we now face.

His vacillation, lack of good judgement and inept staff have destroyed the morale of our friends and bolstered the hopes of our enemies.

America has been belittled and ridiculed before the nations of the world.

I have compiled from official government statistics the following table documenting the economic debacle during the first 3 1/2 years of Jimmy Carter's term.

Jerry Lackey's Country Folk

Grass will grow after September 1. Victor I. Pierce, 86 year-old Crockett County ranchman, says he has heard oldtimers all his life forecasting no grass would grow in West Texas pastures after September 1. Well, that's not so.

"The year I married--back in 1915--it was a year kinda like this one," remembers Pierce. "It was dry and hot all summer and finally about the middle of September, it started raining. Well, we grew grass that year after October 1. Matter of fact, we had feed in the pastures for two years after that."

Pierce said the rangeland is going into winter in good shape around Ozona again this year. "We will still grow some grass."

Fred Case says the same about his Eldorado country. "We have lots of tall green grass, weeds and the bluebonnets are coming up as thick as I can ever remember," commented Case.

"We are going to have a very beautiful spring, that is if we get another rain, or two between now and that time."

I was visiting with Cameron Wright of Menard at the Coleman Auction the other day. He adds his optimism about the forthcoming winter in the Hill Country. Other than parts of Menard almost washing away earlier this fall, he states most of the fences are back up and nearly all livestock accounted for.

Deeper into the Hill Country, the Gillespie County area looks more like spring than fall. Often referred to as the land of milk and honey, anyway, Fredericksburg is perhaps the most representative part of Texas in any season.

And a week or so back, we had some water gaps washout again on Copperas Creek in Kimble county after 3.50 inches of rain. Of course, the phones were all out in the country after that

so, I just found out about it in San Angelo a week later. It's a good thing my brother lives on the Caparosa Ranch and keeps the fences up.

Dale Bates, who farms and ranches west of San Angelo, wants an early frost. "It is about the only way I know to kill the insects and defoliate my cotton," he commented. "I just need to harvest."

However, even at election time, ranchmen for the most part are like Mr. Pierce. They want more time to grow winter grass. W.F. Houston of Paint Rock, who operates the feedstore there, says the more grass we grow the less feed we have to buy. W.F. remembers last winter too well where delivery of feed from the mills was slow...even on back orders.

Chester Kenley, Crockett County mohair grower, saw ducks flying south two weeks ago. If that is an indication of early winter, Bates may have his wish about an early frost. My first thought of frost is when I see Frank Cox of London, Texas set up his pumpkin stand in San Angelo. Frank arrived October 20, with a big load of Hill Country grown pumpkins. Now Halloween and frost is on its way!

Bob Bullock Releases Sales Tax Figures For September

State Comptroller Bob Bullock Monday said the automobile industry's woes brought about by sagging sales in the past year are reflected in the state's income from the motor vehicle sales tax.

Bullock said for the 12-month period that ended September 1, 1980, the four percent motor vehicle tax levied on the sales of cars, trucks, motorcycles and mobile homes amounted to \$439.4 million. He said this was \$3.7 million less than was col-

lected in the previous one-year period. Sutton County's total for the one-year period totaled \$286,657.16.

Figures for other neighboring counties show Crockett with \$148,154.35, Edwards with \$30,799.74, Kimbel with \$107,680.35, Mason with \$74,081.88, Menard with \$283,743.10, Reagan with \$157,429.61, Schleicher with \$50,715.09, Tom Green with \$2,851,125.45 and Val Verde with \$729,389.21.

Con't. From P. 4

Reagan-Bush team will work to remove foreign restraints on American products and promote new markets in the developing countries of the world. As President, Reagan will not stand idly by while foreign governments heavily subsidize their farmers for the purpose of undercutting American farm products in the market place.

*Removing excessive estate and gift taxes on family farms that are now in

effect. In conjunction with Congress, Governor Reagan will work to eliminate the federal inheritance and gift taxes that now discourage family farming and ranching.

*Encouraging voluntary participation in soil and water conservation efforts. The natural resources that farmers need for their livelihood must be conserved and Ronald Reagan, as President, will act to do just that.

Harris County was the number one contributor of motor vehicle sales tax during fiscal year 1980,

collecting more than \$93.6 million, a slight increase from the \$93.1 million collected in fiscal 1979.

Dallas County collected \$59.3 million in 1980, down from \$61.5 million in 1979.

Tarrant County's collections in 1980 were \$30.5 million, compared to \$31.9 million in 1979.

Bexar County reported \$25.5 million for 1980, down from \$25.8 million collected in 1979.

Collection for 1980 in Travis County amounted to \$12.1 million, compared to \$12.3 million in 1979.

Motor vehicle sales taxes are collected by county tax assessor-collectors and the counties retain five percent of the amount and send the rest to the state.

Amendment No. 7 County Work On Private Roads In Counties Of Less Than 5,000 Population.

FOR: 1. There are many small rural counties in the state which do not have access to any private contractors to do road work. 2. Small counties must main-

tain expensive road construction and maintenance equipment even though not required on a full-time basis. Part of their investment could be regained with the revenue received from private road work.

AGAINST: 1. This is an encroachment on private enterprise. 2. It could be politically abused by county commissioners.

Amendment No. 8 Jurisdiction and Authority of the Court of Civil Appeals.

FOR: 1. The heavy workload of appeals in criminal cases that is presently handled by one court of criminal appeals would be shared by the 14 regional courts of appeal. 2. Appellate courts with jurisdiction in civil and criminal matters may attract and develop better and more experienced judges.

AGAINST: 1. Our present system is the most efficient system to achieve criminal justice with the least delay and expense. 2. The addition of a large number of criminal cases to the civil caseload of the civil appeals courts will create another caseload problem.

Amendment No. 9—Conversion of Marital Community Property Into Separate Property.

FOR: 1. This would allow people to make alternative property arrangements they feel would be in their best interest. 2. It would reduce the complexity of the process of converting community property to separate property.

AGAINST: 1. The present community property system has served the best interest of the citizens of Texas and promotes the welfare of the vast majority of spouses. 2. The community property system, as permitted by the amendment, could foster the creation of an entirely different way of settling property matters.

Two Sononrans Accredited By WTU

Two Sonora servicemen have qualified as accredited technicians for the West Texas Utilities Company, an authorized Frigidaire dealer.

The announcement has been made by Manuel Gomez, Southwest Regional Service Manager for the Frigidaire Parts & Service Company, division of White Consolidated Industries, Inc., based in Arlington, Texas.

Qualifying technicians include: Earl Johnson with 11 years as an accredited technician and David Flores with 2 years.

Frigidaire rates the technicians on strict standards, such as appearance and good work habits.

To qualify, a technician must have a minimum of two years experience with a Frigidaire dealer servicing major appliances. He also complete a Frigidaire designated service training program, including customer relations training.

"Service technicians must demonstrate the highest standards of service excellence," Gomez said, "if they are to hold an accredited rating from Frigidaire."

For Reagan

Armstrong Heads Campaign

Prominent Texas rancher John B. Armstrong of Kingsville has been named State Chairman of Farm and Ranch Families for Reagan-Bush, Governor Bill Clements said.

Armstrong, who is chairman of the Texas Animal Health Commission, is also managing partner of the John B. Armstrong Ranch in Kingsville and executive vice president of the King Ranch, Inc., Kingsville. He was named Progressive Farmer magazine's "Man of the Year in Texas Agriculture" in 1979.

He has devoted much time to state and national livestock industry organizations, including his service on the board of directors of the Texas and Southwestern Cattle Raisers from 1969 to 1974. He is the

organization's immediate past president.

In announcing the appointment of Armstrong, Governor Clements said, "John Armstrong is one of the outstanding leaders in agriculture today, and we are pleased to have him on this campaign. John was personally responsible for the great success of the Texas Roundup for Reagan-Bush in which Governor Connally and I covered 22 Texas cities reaching literally thousands of people with the Reagan-Bush message."

Armstrong, who served as chairman of the Roundup, will continue to coordinate Reagan-Bush campaign activities in the non-metropolitan areas of Texas as the Statewide Chairman of Farm and Ranch Families for Reagan-Bush.

Armstrong said, "No President in my memory

has done as much damage to the livelihood and future of Texas farmers and ranchers as Jimmy Carter has. It seems like every-time we turn around, he hits us with something new. 100,000 families have left farming during the Carter administration, and net farm income has dropped some 40 percent in the last year alone. The only things that have increased under Jimmy Carter's administration are the rate of inflation, which has jumped from 4.8 percent to as high as 18 percent; and the federal government, which has increased its spending by 60 percent and the number of new federal employees by 400,000."

Armstrong said that Governor Reagan has outlined an agriculture policy that shows an understanding of farmers' and ranchers' problems and works to solve

them. Reagan's agriculture policy includes:

*Selecting a secretary of agriculture who really understands agriculture and is able to strongly represent and fight for the views of farmers in the highest levels of government.

*Lifting the grain embargo. Governor Reagan believes that there are

more effective ways to let the Russians know how we feel about the invasion of Afghanistan, and he believes that if Americans have to sacrifice to make a point to Moscow, all Americans should be asked to do so, not just the farmers.

*Expanding markets at home and abroad. The

State Board Members Visit Local ASCS Office Oct. 22

Mr. and Mrs. Edward L. Lehman, Jr., a member of the Texas State Agricultural Stabilization and Conservation Service Committee, were special guests in the Sutton County ASCS Office Wednesday, October 22th.

E. J. Hierholzer, County Executive Director, and Norma Jo Love, Program Assistant, were on hand to greet Lehman and his wife, Janette.

During his visit they discussed programs that are important to the Sutton County Ranchers, such as Agricultural Conservation Program, Wool Incentive Program, and the Emergency Feed Program. Lehman, a native of Vernon, owns and manages a 1,500 acre dryland-irrigated farm operation, growing wheat, cotton, alfalfa and feed grains; and also a 250 head registered angus herd.

He has served as a member of a marketing team for Texas agricultural crops in Western Europe, bank director, secretary and trustee of Texas Tech Dad's Association, a member of the executive committee Nor-Tex Regional Planning Commission, director and past chairman of the agricultural committee of the Vernon Chamber of Commerce, a member of an elevator and cotton gin board, SWCD director, and is a co-inventor of the "Heston V-22 Cotton Harvester."

He is presently serving as a member of the Board of Regents of Vernon Regional Junior College, director of Red River Valley Association, Chairman of "Three County Pease River Reservoir Steering Committee" and a member of several farm and livestock associations.

Mr. and Mrs. Lehman, Hierholzer, and Mrs. Love, had attended a meeting in Del Rio and had taken a tour of the drought stricken area in the Val-Verde, Kinney areas along with other members of the State Committee, The State Executive Director and other ASCS employees from this district.

Lehman concluded that this had been an excellent opportunity for the State Committee to visit in this part of the state and to see first hand some of the problems the ranchers have in this area.
