Buyers may bid as much as they like on sale lots in the auction sale, but the 4-H members will receive only the amount shown as they ceiling price for their lot shown. All that is bid over the listed ceiling price will go into the 4-H Fund for financing all 4-H activities and upkeep of 4-H Center.

Lambs and lamb carcasses may be resold by the buyer at \$100 a head. There will be no resale on pens of three rabbits.

A lamb will also be sold in a Chinese auction to raise money for 4-H activities and to pay for improvements to the 4-H Center.

Super Bowl Contest Begins

The Devil's River News Super Bowl Contest starts this week with regular season prizes doubled to \$40 for first place, \$20 for second and \$10 for third.

The contest will run for two weeks, and winners will be determined by picking closest to the exact score.

Because of the score predicting nature of the contest, entrants will be limited to one entry per week.

All entries must be turned in at the DRN office by 4 p.m. on Friday, Jan. 23.

34th Annual version of the show gets into full swing Friday, ending Saturday with the auction and presentation of awards.

Chamber Directors Discuss Light Agenda

The Sonora Chamber of Commerce held their monthly meeting Wednesday, January 7th at the first National Bank building with the following in attendance: President

Glen Fisher, Vice President Effie Harle, Don Holdridge, Steve Swift, Ed Carrasco, Honorary Board member Pat Githens and manager Lou Thomas.

The board selected KVRN Radio Station staff as the December Citizens of the Month. In other action, the board elected Don Holdridge to serve on the Executive Committee,

along with Fisher, Harle and Swift. The board approved the formation of a Retail Merchants Committee.

A nominating Committee was appointed to nominate new directors for 1981-82. Members included Fisher, Harle and Carrasco. Fisher made a brief report on the Industrial Committee and Holdridge reported on the 3-in-1 brochure project. Holdridge stated that 10,000 brochures would cost approximately \$4,000 and the board agreed to ask C of C members to help sell the ads. Members will be contacted at a later date.

Radio Staff Named Citizens Of Month

Glen Fisher, president, Sonora Chamber of Commerce announced this week that the staff at KVRN Radio Station had been named as December Citizens of the Month.

KVRN Radio Station staff include General Manager Pat Githens, Art Foster, Mike Street, Lilia Hernandez, Dennis Jolly, Kathy White, Bill Watkins, Efrain Torres and Manuel "Crazy Walls" Paredes and until recently, Christie St. Clair.

A letter addressed to the KVRN staff read, in part 'It has been discussed and has been noted that

the staff at KVRN has gone beyond 'the call of duty' to help the Chamber of commerce with every project completed and this is our way of saying thank you for a job well done. In addition, other organizations have received the same professional promotion of Sutton County events'.

Fisher joins the C of C Board of Directors, the Honorary Board of Directors, C of C members and Sonorans in congratulations to the KVRN staff.

Chamber of Commerce President Glenn Fisher presents KVRN station manager Pat Githens with a letter commending the radio station staff on being named Citizens of the month. Also pictured are Lilia Hernandez, Chamber Manager Lou Thomas and Art Foster.

4-H Food Show Plans Underway

All 4-Hers and Adult Leaders that are working in Food and Nutrition Projects are reminded that several forms are due in the County Extension Office by Monday, January 19, by 5 p.m.

The forms that are due include food show entry forms, day's menu forms, food records and/or project information sheets.

All 4-H Food Project Leaders have these forms available for the 4-

Hers. Also, additional forms may be obtained at the County Extension Office. This office is located on the third floor of the City Hall Building in downtown Sonora.

Five points will be counted off for late entries.

DD Course Planned Soon

The Sonora Downtown Lions Club will sponsor a Defensive Driving Course Monday, Jan. 26 through Wednesday, Jan. 28 from 7 to 10 p.m. at the Sonora Junior High Snack Bar.

Those completing the course will be furnished a certificate that will entitle them to a discount on insurance.

Completion of the course can also result in dismissal of a traffic ticket if prior arrangements have been made with the judge of the county where the traffic ticket is pending.

The fee for the course is \$17, and anyone needing further information should contact F.W. Ferrell at 387-3835.

Dee Ora Lodge Schedules Meeting

The regular meeting of Dee Ora Lodge 715 will be held Thursday at 7:30 p.m.

A master Mason's Degree will be conferred during this meeting, and all area Masons are urged to attend.

Mary Hanna (center, seated) was named Downtown Lions Club Queen in festivities held Monday night at the Sonora Junior High Snack Bar. Her escort was Johnny Doan. Also seated are first runnerup Fran Fries and her escort, Espy Whitehead, and second runnerup, Jessica Robledo, and her escort Joe David Favila. Boys Win Two From Eldorado

The Sonora Broncos boys took both halves of a twin-bill here Friday night as the varsity won 42-33, while the junior varsity managed a 47-44 victory.

The varsity could never get untracked in the open-

ing period as the Eagles went ahead, 10-4. But the Broncos battled back, and by halftime held a 20-16 edge.

Both teams swapped baskets in the third stanza, then Sonora went on a 14-9 scoring binge to ice the

triumph.

David Creek and John Blankenship headed the Sonora scoring effort with 12 points each, while Allen Stewart with eight, Johnny Doan with six and Armando Martinez and Scott Savell with two each rounded out

the scoring.

The JV game was exactly opposite of the varsity contest as the Broncos had little trouble early, then had to hold on against an Eldorado rally.

The Broncos led by a seemingly insurmountable

score, 39-24, at the third quarter break, but the Eagles outscored the Broncos, 20-8, over the final eight minutes.

Ronnie Anderson poured in 29 points in a season high effort, followed by

Joey Samaniego with eight, Victor Garcia with four and Espy Whitehead, Phillip Kemp and Matt Favilla, all with two.

The victory kept the JV boys undefeated on the year.

Girls Win Fifth In Eldorado Meet

The Sonora Bronco girls breezed by Iraan, 44-21, in the fourth place game of the 14-team Eldorado Girls Tournament last weekend.

The girls jumped to an 18-10 lead in the low scoring first half, then completely dominated the second half.

Jessica Robledo led the scoring with 19 points, followed by Rosa Noriega with eight, Paula Friess with seven, Annabelle Gonzales with four and Tonya Evans, Debbie Kemp and Julie Stewart, all with two.

The girls dropped their opening round contest to eventual third place winner McCamey, 58-48.

The Broncos trailed at

intermission, 28-27, and the Badgerettes up the margin to 42-37 at the end of the third stanza.

Robledo again paced the scoring with 19 points,

followed by Evans with nine, Noriega with eight, Gonzales with six, Friess with four and Kemp with two.

The girls rebounded to

take a 41-35 win over an away strong Wall squad.

They pulled to a 14-9 first quarter lead and never relinquished it throughout the contest.

Robledo with 15 points, Friess with 13 and Gonzales with 11 all hit in double figures while Kemp chipped in two.

they then dropped a nar-

row decision to fourth place Mason, 36-32.

A low-scoring fourth quarter made the difference as the Broncos has cut the Punchers lead down to one point at the close of the third period, 31-30.

Robledo with 10 points, Friess and Noriega with eight and Evans with six accounted for all the Sonora scoring.

Boys Win Against Punchers; Mason Downs Bronco Girls

Both boys teams won handily while the girls failed rally enough in the fourth quarter in falling at Mason last Tuesday.

The junior varsity boys started the night off with a 47-42 kicking of the Punch-

ers.

They held a commanding 33-15 lead at halftime and were never in jeopardy throughout the contest.

Ronnie Anderson, Joey Samaniego and Matt Favilla all hit in double figures with 14, 12 and 12 points respectively. DeVoe Smith canned eight, and Tino Martinez added two.

girls their chance at victory. After trailing 14-2, they came back to cut the margin to five points at halftime, 28-23.

Again Mason took the offensive, going out on top, 43-29, after three stanzas and holding on for the 54-48 win over their visitors.

Jessica Robledo headed the Sonora scoring with 26 points including 11 in the second quarter and 13 in the fourth.

Other point producers were Rosa Noriega with 12 and Annabelle Gonzales and Paula Friess, both with four.

After breaking out of a 12-12 first quarter deadlock, the varsity boys ran to a 33-15 halftime lead.

Only a 23 point outburst by the Punchers in the final stanza kept the score close in a 47-42 contest.

Johnny Doan continued his scoring streak he started the previous week by pouring in 19 points.

Rounding out the scoring were David Creek and John Blankenship with eight, Armando Martinez with six, Allen Stewart with four and Jeff Brittan with two.

Low scoring in the first and third periods cost the

Bronco JV Girls Blast Ozona

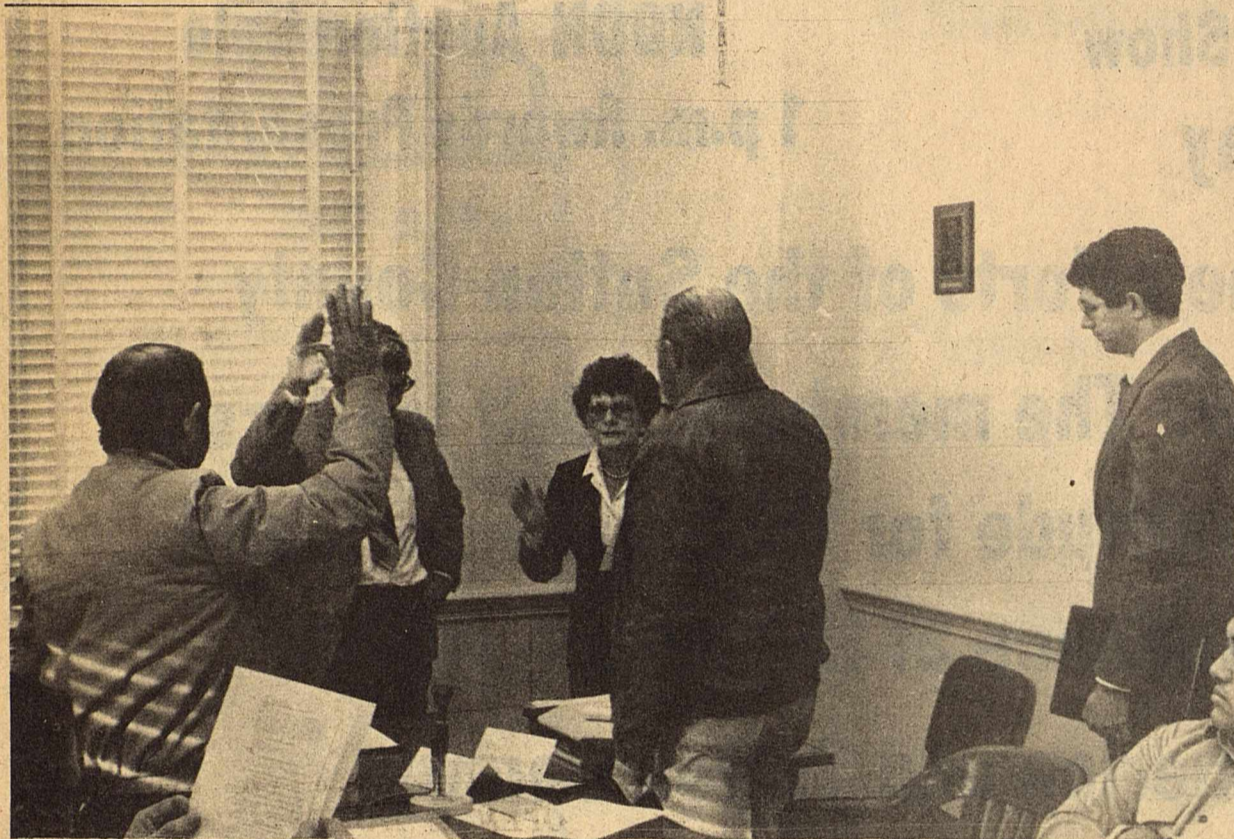

The Sonora junior varsity girls took a 37-28 win over Ozona in their first game after the holidays.

They trailed, 6-5, after the opening period, but came alive in the second quarter to take a 16-10 halftime lead and never trailed again.

Sonya Ridgeway led the Broncos with 14 points, followed by Anna Mata with seven, Kristi Hill with six, Debra Maldonado with four and Lora Lea Kordzik.

Casey Crites and Florie Mesa, all with two.

Annabelle Gonzales puts up a shot as the Sonora Broncos downed Iraan for fifth place in the Eldorado Tournament last Saturday. Both boys and girls teams hosted Ballinger last night to start District 8-AAA play and will travel to Comanche Friday for a 6:30 tipoff.

County Clerk Erma Lee Turner administers the oath of office to (left to right) Commissioner Billy Galbreath, County Judge Charles Sherrill, Commissioner Preston Love and County Attorney Al Elliott at the County

Commissioners meeting last Monday. Galbreath is beginning his first term, and Sherrill and Elliott are beginning their first elected terms after originally being appointed to their offices to fill vacancies.

Bull Sale Successful

The first annual Bull Buyers Bonanza proved to be an overwhelming success with 141 bulls bringing an average of \$975 each.

Approximately 250 people attended with some buyers and sellers coming from as far away as Oklahoma and New Mexico.

Sonora buyers at the sale were Eddie Smith, Joe David Ross, Alice Jones, L.P. Bloodworth, Robert Zapata, Curt Schwiening, Charlie Hull, Adele Wilson, Mason D. Shurley and Mary Wyatt.

Out of town buyers included

Donald Huffman of Nixon, R.W. Reynolds, Arch Edmiston and Gene Bradshaw of Eldorado, John Berry of Fort Stockton, Harlan Cox of Eden, Charlie Hinds of Comstock, Roy Spinks of Menard, Cecil Mitchell of Sanderson, Herman Virden of Ballinger, Kirk Looney of Crane, J.H. Wagginton of Brady, Joe Shaw of Mertz, Joe Gully of Uvalde and Wayne Hudson of San Angelo.

The next sale sponsored by the group has been set for Oct. 10 at 1 p.m.

Oil Edition Planned

The Devil's River News is set to publish its Fourth Annual Petroleum Edition with its Jan. 28 paper.

DRN editor Don Holdridge said every possible effort was being made to make this the best edition ever done by the paper, and a story on the effect of the Railroad Commission declaring the Canyon Sand as a tight sand is also planned.

All companies wishing to place ads and stories should do so before Jan. 21 by coming by the office or calling 387-2507.

Excise Tax Remains On Telephone Service

The nation's telephone customers will not get a one percent federal excise tax reduction on telephone service during 1981 as expected.

President Jimmy Carter signed the Fiscal Year 1981 Budget Reconciliation Bill Dec. 5 which contained a provision maintaining the excise tax on telephone and

teletypewriter service at the two percent level in effect during 1980.

General Telephone Company of the Southwest estimates continuation of the two percent level means its customers will pay \$4.5 million more in excise taxes during 1981 than if the one percent reduction had occurred.

All right, go ahead and hate me. I take full responsibility for the Cowboys losing to Philadelphia Sunday. The way my picking has been going this year, I should have known choosing them as the winner would have been the kiss of death.

After coming off three strong performances, I thought Dallas might be hot after finally hitting their stride. But apparently the flame died. Every NFL fan knows how hard it is to put four back-to-back good games together, especially when all the opponents are strong, too.

Although he didn't win coach of the year honors, this may have been Tom Landry's best-ever job of coaching. Many people wrote them off this year, but the came within one game of all the marbles.

Naturally, my AFC title game prognosticating wasn't any better than its NFC counterpart. Oakland won, and if course, I had picked San Diego.

That drops my seas on total to 205 of 312 for a .657 percentage. My one consolation is that there is only one more game I can miss, but I think I'll hold off a week on that one.

+++++

If you think you are really a pro football fan, try the following quiz. Sonora Coach Walter Holik passed it around the school. Somehow or another I wound up with a copy and thought sports fans might enjoy testing their knowledge of NFL teams next Sunday when there are no games on the tube. It would be about my luck I would get sued for plagiarism for running this, but I couldn't find anyone to attribute it to.

There are 28 football teams in the NFL. The following are clues to the names of 27 of them. Can you name them all? If you get stumped the answers are listed below.

Eighth Grade Girls Win Third In Tourney

Jessie Guerra (22) leaps high to control the tip in the eighth grade Colts' game against Eldorado last week. The game, the

first of the Colt Classic, was also the first loss of the year for the boys. They also lost to Ozona in their second round game.

The Sonora eighth grade girls were handed their first loss of the year, but still took third place in the Colt Classic here last weekend, while the eighth grade boys also saw their unblemished record spoiled as they lost both their contest.

After taking a 16-11 first half lead over Eldorado in their opener, the girls could never get their offense going.

they could muster only two points the entire second half in a 20-18 loss to the eventual champions.

Lea Whitehead with 14 points and Debbie Bible with four accounted for all the Sonora scoring.

The second contest, like

the first, was never decided until the final minute as the Colts edged Reagan County, 19-18.

The score was tied 4-4 after the opening period and 10-10 at halftime. But Sonora went ahead after three stanzas, 16-12, then held out just long enough to capture the third place trophy.

Whitehead again topped the scoring with points, followed by Bible with six, and Becca Powers, Karla Jungk and Debbie Shannon, all with two.

Eldorado edged Ozona, 18-16, for the girls championship.

The eighth grade boys could never find their stride

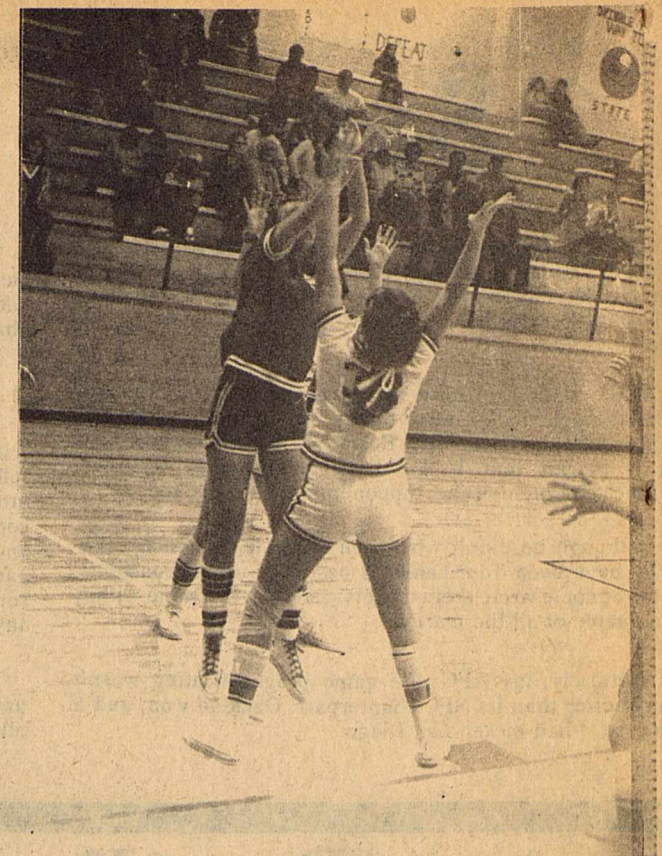

in the two-day affair.

They fell behind quickly to Eldorado in the tourney opener, but began a comeback until Scott Miller was ejected for a flagrant foul. Eldorado went on for the win, 52-40.

Ozona avenged an earlier loss with a fourth quarter rally that gave them a 13-28 victory over the Colts. The score was tied, 20-all, after three periods.

Jessie Guerra was the big gun in the foul-marred first game with 16 points, followed by Miller with 13, Lonnie Blankenship with four, Gilbert Martinez with three and David Noriega and Mark York with two each.

Miller's 12 points and eight each by Guerra and Noriega accounted for all the scoring by the eighth graders in the Ozona matchup.

Debbie Bible puts up a shot and draws a foul in first half action against Eldorado in last weekend's Colt Classic. Sonora appeared on the way to victory in the first half, but lost as they only scored two points the second half. The loss was their first of the season.

By A Total Of Five Points

Junior High Wins Four At Brady

The Sonora Junior high teams won all four games at Brady last week, but only by a total of five points.

The seventh grade girls broke an 8-8 halftime deadlock in the third quarter as they outscored their hosts, 9-6, enroute to a 13-12 decision.

Bonnie Jackson had four points to lead the Colts, followed by Odella Garza with three and Rachel Chavez, Deveda Bible, and Carrie Sorenson with two each.

Matt Miller sunk a free throw as time ran out to

pull the seventh grade boys past the Bulldogs, 16-15.

John David Martinez led the Sonora scoring with 11 points, followed by Miller with three and Mike McBride with two.

The eighth grade girls found the only "breathing room" of the night as posted their fifth straight victory, 22-20. They trailed, 9-8, at halftime.

Lea Whitehead and Debbie Bible shared the scoring honors as both pumped in six points.

Other scorers were Karla Jungk with four, Becca

Powers and Anita Balch with two and Coral Cayce and Rebecca Hulsey, Both with one.

The eighth grade boys held Brady at bay most of

the game, but the Bulldogs rallied in the fourth quarter to give the Colts a start, 26-25.

The win was also the fifth in five outings for the eighth graders.

Scott Miller with 12 points and Jessie Guerra with 11 took up most of the scoring for the Colts, but David Noriega added two and Tim Schabel nailed a free throw attempt.

By JERRY LACKEY

(EDITOR'S NOTE)--This is an analysis from veteran West Texas Journalist Jerry Lackey. Views expressed here are not necessarily those of the publisher of

this newspaper. Lackey is a regular contributor to the newspaper with an agriculture column. We introduce Smoke Rings as an editorial column to run monthly.)

Conservative Denver, Colorado attorney James G. Watt has been roasted by extreme conservation groups since the day President Ronald Reagan made it known he wanted him for Secretary of Interior.

For more than a month, many of the country's largest conservation groups -- including the Audubon Society, the Sierra Club, Friends of the Earth and the Wilderness Society, the have tried to rally enough support in the Senate to block the nomination. Not since Richard Nixon nominated Walter Hickel in 1969 has the selection for interior drawn such fire.

Why? The environmental groups want to paint Watt as a man whose entire career makes him unsuited

to act as chief custodian for the 700 million acres of parks, wilderness areas and other public lands managed by the Department of Interior.

These groups focus their criticism on Watt's role for three years as head and chief legal officer of Mountain States Legal Foundation. That 10-attorney foundation has specialized in fighting a variety of environmental regulations proposed by the Interior Department and other government agencies.

These environmental extremists groups charge the foundation's board of directors and chief contributors read like a Who's Who of Western mining, oil, timber and real estate interests. They contend that under Watt's leadership, the foundation became one of the foremost advocacy groups for private exploitation of public lands.

One writer suggests Democrats as well as Republican moderates should ask, set a goat to guard the cabbage patch?

Well, I object to these many challenges. It seems the cabbage patch has been so grown up in goat heads for so long the American people can't get to the cabbage.

For over 10 years, I was editor for the Texas Sheep & Goat Raisers' Association and was employed by the National Wool Growers and American Sheep Producers Council handling special assignments in Texas and Colorado. Many times I have toured public lands where sheepman and cattlemen herded their livestock like they did for centuries. And let me tell

you, those lands were more balanced by the grazing of animals.

Since the many public lands have been "turned back to wilderness and nature walks" we have seen uncontrolled fires break out and destroy more acres than the environmental groups could count.

Protecting the predators in these areas have put more ranchmen out of business. I see in James Watt an opportunity for sheep and goat and cattle raisers to at least have an audience before the government. It will give us a chance to let it be known that the largest industry in the world--agriculture--is in serious trouble because environmental extremists have had their way too long.

I remember a bumper sticker we put out some years back to promote lamb. "Eat more lamb--100,000 coyotes can't be wrong." Too long it has been sheep and goat numbers on the extinct list instead of the national bird.

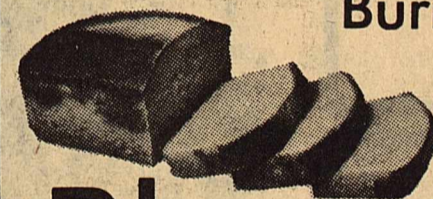

Also under fire is Watt's thoughts concerning the private exploitation of public lands. Think about that a minute. Why shouldn't we? After the coal or whatever is extracted from the earth, the land is re-soiled, reseeded and in a few years appears natural again. Why not acquire our own energy and develop our lands and be less dependent of the expensive foreign products.

If President Reagan follows the dictates of the people when they gave him the landslide election last November, he is going to need a number of James Watt's on his team.

Community Outlook

By Don Holdridge

Our mail each day contains a giant sampling of new releases from all sorts of organizations and individuals, including politicians. Most of it goes in File 13, but occasionally something comes in that we feel is worth the attention of some of our readers.

One of these came last week from State Sen. Walter Mengden (R-Harris County), an outspoken conservative.

It seems Mengden has pre-filed Senate Concurrent Resolution 4 memorializing the U.S. Congress to propose an amendment to the U.S. Constitution to provide for the election of all federal judges.

Sen Mengden stated that because federal judges are now appointed for life terms and answer to no one, they have frequently been unresponsive to the people in their decisions.

Mengden is trying to address a problem that has assumed major proportions in this country. Our judicial system has become too powerful, to the point we now have a large portion of our law created by the judiciary, not by the legislature as was, and still is, the intent of our constitution.

Mengden compares the federal judiciary to the Texas system where judges must stand for re-election and are thus more accountable to the citizens.

"If federal judges had to periodically stand for re-election, they would be a lot less autocratic and a great deal more responsive in their decisions," he said.

"I have no problems with the possibility of exceptionally long elected terms for federal judges such as eight, 10 or 12 years," he said "but these judges should know that they're not gods and will eventually have to answer to the people.

Mengden pointed out several examples of judicial abuses including the recent ruling of U.S. District Judge William Wayne Justice that the Texas prison system violated the constitutional rights of the inmates and the recent ruling of the Supreme Court that Congress is constitutionally required to raise the pay of all federal judges from \$54,500 to \$61,600 for district judges, \$57,500 to \$6,500 for appellate judges and \$72,000 to \$81,300 for Supreme Court justices.

Among other rulings he criticized were the outlawing of prayer in schools and advancing the rights of criminals over law-abiding citizens.

"Texas has the best prison system in the nation with the lowest recidivism of all the 50 states," Mengden said. "And to suggest that the U.S. Constitution requires the pay of federal judges to be tied to the rate of inflation is insane."

No system is perfect and the election of judges would be no exception. Few judges are ever well known, and since little is often known about their records or political philosophies, it is often hard for the average voter to cast an informed ballot.

Witness the election of one, Don Yarborough, to the Texas Supreme Court several years ago. People voted for the name, thinking it to be the Don yarborough active in Texas politics in the past, only to find out the candidate was a different individual who was facing felony convictions and disbarment. Yarborough was elected despite a last minute warning issued by the members of the media throughout the state.

But despite the identity problems elections create, it would still be a better system than what we have now.

"The problem is that these federal judges are actually making laws, utilizing their own personal liberal political opinions rather than genuinely interpreting the intent of the U.S. Constitution," Mengden went on. "It's time that the vast, unlimited powers of federal judges have some checks and balances applied to them."

Amen!

The Kountry Kousins, a square dancing group from Eldorado, provided the program for the Lions Club Queen's Contest and Ladies Night Monday. The group

performed three numbers for those attending and received a rousing ovation.

El Paso Mayor Announces Candidacy For Governor

Mayor Tom Westfall of El Paso announced Jan 12 he will not seek reelection in the April, 1981 municipal

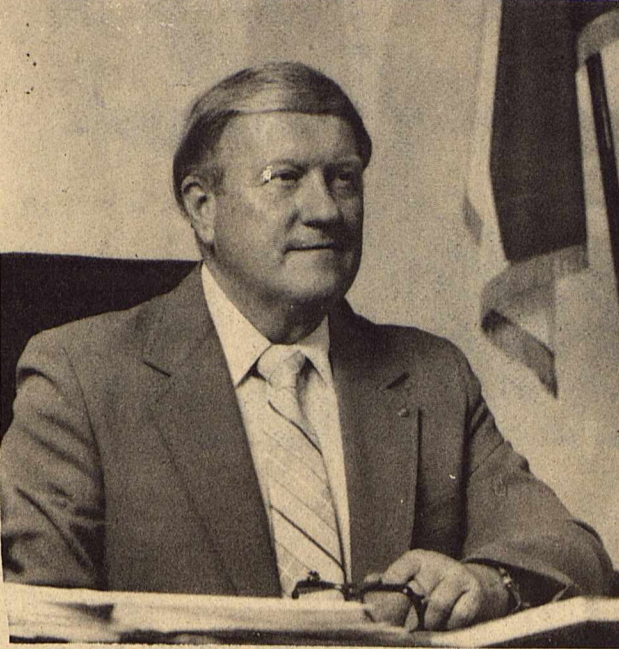

elections; instead, Westfall will run for Governor of Texas in the 1982 elections. The 53-year old Democrat

is a retired FBI executive and a college assistant professor.

As mayor of Texas' fourth largest city, Westfall cracked down on corruption in city government. Under his "Cookie Jar" policy, anyone caught with a hand in the cookie jar was vigorously prosecuted. A number of city employees were convicted, and departments reported substantial decreases in theft. Westfall also divorced city operations from the political sphere and is known statewide for not bending to special interest groups.

Beginning in May, 1981, Mayor Westfall will stump the entire state, a grassroots campaign style never before seen in Texas. To better serve the people, Westfall will spend a year talking with Texans from all walks of life. He will visit every county, city and town in Texas, traversing the state in the "Gov-Mobile," a large motor home.

Mayor Westfall favors one term only for elected chief administrative officers-including the governor. This guarantees that all decisions are made on the basis of what is right,

Rabies Shots Required By Law

An annual rabies vaccination for dogs and cats is now required by Texas' law, according to Dr. Frank Mann, president of the Texas Veterinary Medical Association.

Dr. Mann stressed that the law was enacted as a protection of pets and human life. "During a time when rabies has reached an epidemic stage in the state, vaccination is the best-basically the only method of protection we have for the public," said Mann. Recent studies of the Texas Health Department have determined that a domestic animal such as a pet cat or dog, can be expected to expose 2.5 times the number of people that would be exposed by wildlife rabies.

"The law requires that the owner of each dog and cat shall have the animal vaccinated against rabies by the time it is four months of age and then revaccinated at intervals of one year," said Dr. Mann.

Funds Now Available

Some 600,000 Texas households will divide \$33.8 million this winter under the Home Energy Assistance Program (HEAP), Marlin W. Johnston, acting commissioner of the Department of Human Resources said today. The program, established by Congress, is designed to assist low income households meet the increased cost of energy for heating their homes.

Johnston said the case assistance will be one-time payments, and will range from \$20 to \$140, based on family size, income, primary heating energy used, and county of residence. Payments will begin in January and continue through March, 1981, Johnston said.

Household gross monthly income cannot be more than the following figures for eligibility. Numbers of people in household, in parentheses, precede income figures: (1) person-\$296; (2)-\$446; (3)-\$613; (4)-\$756; (5)-\$893; (6)-\$1044; (7)-\$1195; (8)-\$1346; (9)-\$1498; (10)-\$1649; (11)-\$1800; (12)-\$1959.

Tom Loeffler Named Deputy Rep. Whip

House Republican Whip Trent Lott today announced the appointment of Congressman Tom Loeffler, R Texas, as Deputy House Republican Whip for the 97th Congress.

Lott said he chose Loeffler to become the number three-ranking member in the Whip organization because of his experience

with White House congressional liaison and the executive branch as well as his work with the US Senate. "Tom Loeffler is one of the most experienced young Members of Congress," Lott said. "His friendship with Members on the Democratic side of the aisle will be invaluable as we go about trying to

pass the Reagan legislative package.

"He is one of my closest advisers," Lott said. "He will be particularly helpful in budgetary matters because of his membership on the Appropriations Committee and in energy and defense legislation because of his knowledge in those fields."

PBPA Report

Executives Meet With Sen. Dole

Executives from several petroleum associations met with Senator Robert Dole of Kansas in Wichita in December. Dole is the new Chairman of the Senate Finance Committee. This committee handles all taxes matters involving the petroleum industry. The Windfall Profits Oil Excise Tax was the topic of discussion. Short of repealing the entire tax, there were calls for a realistic plowback provision, total stripper well exemption and an across the board 1,000 bar-

rel per day exemption.

Another idea was to transfer the excise tax from domestic oil to all imported crude oil. After meeting with Senator Dole, the association agreed to wait on President-elect Reagan's proposals and then take a united course of action for all independents.

President-elect Reagan is keeping his commitment to step up energy production in America. He has nominated James Watt as Secretary of Interior and James Edwards as Secretary of Energy. Watt is the head of the organization that filed the lawsuit against the oil excise tax. He also believes strongly in opening more federal land to exploration and supports reasonable environmental regulations.

James Edwards, the former governor of South Carolina, has said his main task may be working himself out of a job. Some people think he may run for

governor of his state in 1982. Environmental groups oppose both men, especially Watt. The senate is expected to confirm both nominations.

The Permian Basin rig count last week was 374. One year ago it was 303.

Republic Supply Plans Expansion

Republic Supply Company, a wholly-owned subsidiary of Republic Steel

Corporation, today announced plans to open three new oil country supply and ser-

vice stores in Texas and Pennsylvania within the next 90 days. The announcement was made by Mr. J.C. Bergin, president and chief operating officer of the Oklahoma City based firm.

Each of the new stores will stock more than 5,000 items needed by gas and oil producers and contractors in the area, along with a complete line of casing and tubular products.

According to Bergin, the new stores will be located in Ranger and Corsicans, Texas and in Titusville, Pennsylvania, and will service the growing demand for oil country goods required by producers and contractors drilling in mature oil fields near these areas.

With the opening of the three stores, Republic Supply will have 52 stores and 9 sales offices in 18 states.

"The opening of these stores," Bergin said, "reflects our confidence in the further exploration of exist-

Gas, Oil Discoveries Reported For December

Texas operators reported 32 gas and 25 oil discoveries during the December 16-31, 1980 period, the Railroad Commission's Oil and Gas Division reported in preliminary tabulation.

In the year-earlier period 17 gas and 8 oil discoveries were filed with the state's energy regulatory agency. Through the twelve months of 1980, operators reported 1,324 gas and 717 oil discoveries, against 1,194 gas and 522 oil discoveries a year earlier.

Successful exploratory and field completions in the twelve months of 1980 totaled 12,322 oil and 5,331 gas, against 8,487 oil and 5,319 gas completions in the same period last year.

Gas discoveries in the last half of December included 23 in the Refugio area, five in the San Antonio area, two in deep South Texas and one each in West Central Texas and the San Angelo area.

Oil discoveries included seven each in deep South

Texas and Refugio area, five in the San Angelo area, three in the Midland area and one each in West Central Texas, North Texas and the San Antonio area.

In the Dec. 16-31 period, operators reported 104 exploratory and field tests wound up as dry holes.

New applications for permits to drill oil and gas tests totaled 1,727 in the last half of December compared with 1,259 in the same period of 1979.

Applications to drill, deepen, plugback and for service wells in the Dec. 16-31 period amounted to 1,831 against 1,476 a year earlier. Operators filed 303 amended applications to drill. A year earlier they submitted 279 amended requests.

There have been 32,521 applications to drill new oil and gas tests in 1980, against 23,317 in 1979. Applications to drill, deepen, plugback and for service wells in 1980 totaled 35,646, against 26,562 in the previous year.

Jim Nugent Named Chairman For Texas RRC

Commissioner James E. (Jim) Nugent of Kerrville was elected chairman of the Railroad Commission of Texas Jan. 2.

Nugent succeeds former Commissioner John Poerner as chairman of the energy and transportation regulatory agency. Poerner chaired the three-member board for the past two years.

Nugent was chosen to chair the Commission this afternoon during a conference of Commission members Mack Wallace of

Athens and Buddy Temple of Diboll, following the swearing-in of Temple at RRC headquarters.

Chairman Nugent has been a member of the Commission since January 1979, having been appointed as the successor of Commissioner Jon Newton, who resigned in December 1978.

The new RRC chairman was elected to a two-year, unexpired term on the Commission in the general election last Nov. 4.

CRC Wireline Opens Office In Snyder

CRC Wireline's new two-acre facility on Golf Course Road, Snyder, Texas has been opened with an open house and guest tour.

Don Dillard, Snyder District Manager for CRC Wireline, says the new facility will increase wireline services of the Company in the eastern part of

duction logging, is provided by three hoist units and other auxiliary equipment from the new Snyder District office, Dillard said.

Chamber Chatter By Lou Thomas

Jack Pilon, West Texas Chamber of Commerce president, reports that January 28th and 29th a reception will be held for all 56 legislators in Austin at the

Austin Hilton. WTCC members are urged to be in Austin to participate in several important activities which have been scheduled to activate business participation during the upcoming legislative session. The reception will be from 6:30 to 8:00 p.m. The Texas State C of C, a federation of the four regional chambers serving Texas, will host a Texas State Legislative Conference on the 29th with registration beginning at 9 a.m. at the Hilton. Business sessions get underway at 10 a.m. and will include discussions by key members of the legislature on taxation, redistricting and other business-related issues expected to be addressed by the 67th legislature. Conference will adjourn following a noon luncheon featuring an address by Texas Governor William P. Clements, Jr.

Pilon informs that this will be the 2nd Annual Reception for the West Texas Delegation sponsored by the WTCC. Reservations and forms are available at the Chamber office at City Hall.

1981 Membership cards have been received and will be distributed to C of C members during January. Merchants participating in the Shop Sonora and

Save Christmas promotion reported sales better or equal to sales in 1979. There has been discussion of discontinuing the promotion, and it is expected that when the Retail Merchants Committee is formed, other areas of promotion will be studied, for the most effective way to promote hometown shopping. Watch for the RMC formation date and plan to attend. An effective RMC will include a strong committee chairman, willing to attend meetings and spearhead the entire committee!

Friendly face around town this past week was Tumbleweed Smith, who was in town interviewing Sonorans for his radio program "Sounds of Texas". Tumbleweed was speaker for last year's annual banquet and needs no introduction to most Texan's!

Pat O'Brien, KVRN Radio Station, interviewed Tumbleweed Sunday, January 11th on KVRN's broadcast "West Texas Today" at 9:30 a.m.

At present, the C of C has only one listing for rental property: 3 bedroom, 2 bath, C/H & C/A, carpeted, unfurnished. Call AC 512-292-4444 or, after 4p.m. 292-4568. Calls are still being received for rental property.

Jerry Lackey's Country Folk

When visiting the homeplace of the famous race horse, Chick Called Sue, one is suddenly confronted with the fact that there's nothing but famous broodmare material in this Aubrey Stokes remuda.

The beautiful two story home on a hill overlooking the Concho River a few miles drive from Stokes law office in downtown San Angelo is not set apart too far in comfort from the barn that houses the houses horses. "They are all my babies," smiles Stokes.

For him "Girls" are among the finest in quarter horse racing a sport he deems with biblical fervor

As public relationsman and overseer of the West Texas Rehabilitation Center's Southwest Texas Region, I was called to the

Stokes El Rancho Contento to receive papers for a yearling colt. Stokes has donated this colt "bred in

the purple, from both the dam and the sire's side to WTRC." Registration application gives, Wes Texan, as the first choice for a

name.

The yearling foaled February 2, 1980 in a grandson of three Oh's that won the All American and sired many great horses that have been futurity finalists and winners including this

colt's sire, Sinn Fein, who has a speed index of 98. This stallion is the son of Watch Rebel Go who has a Registration of Merit in racing and a member of the Stokes broodmare band.

Watch Rebel Go is the sister to Madam Betterfly who is a multiple stakes race qualifier in many races in Sunland Park, Ruidosa and Tucson, Arizona. She obtained her speed index

of 101 winning at Tucson.

Watch Rebel Go's other half-sister is Fauna Dargo who is a stake winner with a speed index of 93. What this means is, that their

dam, Watch Rebel Go, who has a registration of merit in racing, is a winner Madam Betterfly with a speed index of 101 and Fauna Dargo who is a stakes winner with speed index of 93.

Stokes says that Rehab Colt has been nominated for the 1982 All American Futurity and the winner in that race will get \$1 million. "Prior to the sale, I plan to also nominate him for the Kindergarten which will be run in Los Alamitos, California," He Added.

I expected Stokes to give some of the earnings from the colt to Cattleman's Round-up for Crippled Children, a division of WTRC. Thusly, I was overjoyed when he prepared a transfer certificate so that the funds from the sale of the horse will go to WTRC. And when he added: "I want that to go to the new building fund of Rehab-San Angelo to help the little crippled children," we were all beside ourselves.

This may seem like another tale of a pro horseman and his horses. Yet, it's a story told over and over again since the beginning of WTRC in 1953. Without the compassion of men and women across the Southwest the calibre of Aubrey Stokes, there would not be a place of hope and beginning-again for 8,000 individuals every year.

CAPITOL UPDATE

John Tower
U.S. SENATOR for TEXAS
142 RUSSELL OFFICE BUILDING
WASHINGTON, D.C. 20510

Although the twin problems of inflation and unemployment loom large before us, the minimum wage rose from \$3.10 to \$3.35 an hour Jan. 1.

That increase, though nobly intended, will only make both problems worse.

The latest of the increases mandated by legislation passed in 1977 means that the minimum wage has increased by 46 percent since that year. A U.S. Chamber of Commerce study concluded that for every 20 percent increase in the minimum wage, 880,000 job opportunities are lost — either existing jobs abolished or the failure of new job opportunities to present themselves.

Common sense tells us that if business costs increase, only two things can happen: Ways can be sought to cut those costs, or prices must be increased to compensate. Either way, Americans on the lower end of the income spectrum lose. They lose job opportunities, and they feel more keenly the ravages of inflation than people who have more discretionary income.

Especially hard hit are teenagers. With the unemployment rate in the 16-to-19-year-old age bracket running between 15 and 20 percent — and over 50 percent among minority youths in some cities — we must find a way to put these willing workers into jobs.

Yet, it is unrealistic to expect businesses to hire untrained, even immature, workers if we require them to pay wages at a higher level than their productivity justifies. Young people find themselves in the treadmill of not being able to find work because they have no experience, and not being able to gain experience because they can't find jobs.

The best way out of this quagmire is to institute a "Youth Opportunity Wage." This youth differential in the minimum wage would allow businesses to pay teenage workers a slightly lower amount, making it economically possible to create new jobs or place these less productive workers into existing jobs.

When they have gained maturity and skills, they will be able to work at the higher adult minimum wage, or, more likely, move above that level.

Would the youth differential throw older workers out of jobs? No. Mature workers are more productive and well worth the difference in pay. Further, most of the jobs in our economy require some measure of skill or experience and thus could not be filled by the young workers who would be covered by the differential. In fact, the number of workers above the age of 20 employed in minimum wage jobs is a minimal percentage of the workforce.

If we are serious about helping our fellow citizens, we must look for workable solutions. Is it better to be unemployed, or to have the satisfaction, and income, that comes from working? The question before us is that simple. Congress must realize it does not work in a vacuum. Every action we take affects the lives of every American and the economic well-being of our nation. We have a sacred obligation to remember that and act accordingly, rather than to legislate through wishful thinking.

Sutton County Ranch News

TS&GRA News

What better way for Texas sheep and goat producers to start a new year than to host their out-of-state counterparts at the National Wool Growers association's annual convention.

That's just what we'll be doing Jan. 24-28 at the Marriott in San Antonio. It marks the first time in several years that those of us in Texas can attend a NWGA convention without traveling halfway across the country, and we at TS&GRA expect strong representation by the home folks. There's certainly plenty of incentive.

For one thing, our directors voted unanimously to consider the convention as our winter TS&GRA meeting. That means we don't have to spend all those bucks to conduct our own meeting and the drawing power of the NWGA provides a much more attractive agenda than we could work up on our own. Con-

sider:

The keynote speaker will be Rep. Kika de la Garza, a lifelong friend of the Texas ranching industry and our next House Ag Committee chairman in Washington. Then there's our own 21st District Rep. Tom Loeffler, still a relatively new face in Washington but unquestionably a leader. He'll give us the low-down on the makeup of the new Congress and its legislative priorities.

The convention will also feature Federal Intermediate Credit Bank of Texas president Jack H. Barton, with an overview of financial affairs for sheep producers, and Kansas State University Ag economics professor Dr. Barry L. Flinchbaugh, who'll discuss "minority politics and livestock interests."

These speakers are in addition to the normal round of business sessions and always-informative

committee meetings.

A rough schedule: Saturday, Jan. 24 -- The NWGA trustees meeting. Sunday -- ASPC executive committee meeting, NWGA board of directors and National Ram Committee meetings, followed by a get-acquainted party. Monday -- Committee meetings, luncheon featuring Rep. de la Garza; general session; convention site, resolutions review and nominating committee meetings; and Make It Yourself With Wool finals. Tuesday -- General session; business session; and reception, banquet and dance. Wednesday -- Board of Directors meeting. Thursday -- back home to the feed truck.

TS&GRA will have attendance cards available at the registration desk, and the Texas Woman's Auxiliary will have a short but necessary meeting on Monday, Jan. 26 at 5 p.m.
