Contract Comes Under Review

Emergency School Board Meeting Called

The contract of Sonora Independent School District Superintendent Dr. Joe Andrews came under review in a lengthy executive session last week although trustees took no action other than to employee Don Hensley of Austin as board attorney for "future references".

A called meeting was set for tonight at 7 p.m. with discussion with Hensley on the agenda for executive session.

However, Hensley was unable to attend at that time and an emergency meeting was called for 1:30 p.m. yesterday (Tuesday) after press time.

Board members said they would try to issue a statement after the meetings to clear much of the speculation and rumors concerning the situation.

In other action of the Board during its regular meeting, it was voted to set the professional improvement policy with teachers required to gain six college hours every three years. The subject of requiring teachers to obtain a masters degree within

five years had been discussed at previous meetings, but the idea was discarded.

The Board also accepted resignations from Janice Balmos, June Ferguson, Becky Cassell, Claudia Dempsey and Susan Mendenhall.

Rita Hale was hired as a junior high math teacher, and Suzanne Alley was hired as a teacher's aid for the severely handicapped.

Former Sonoran Primo Gonzales, currently on the coaching staff at Ballinger, was hired as a varsity assistant coach and physical educa-

tion teacher.

In reassignments, Virgil Burge was named varsity boys basketball coach and high school biology teacher, and Gay Adams was relieved of coaching duties but will still teach in high school.

Retired were 17 teacher's aids, seven secretaries and 53 auxiliary personnel.

Permission was also granted to Gail Cade to teach an adult typing class in school facilities. The classes will run four weeks, four nights a week from 7:30-9 p.m.

Tuition for the class will be \$20 and it will be limited to the first 20 students.

Virgil Polocek was hired to work on the plowing and reseeding of the playground and football practice field. It was also voted to purchase a fertilizer spreader and irrigation pipe trailer.

On the agenda for tonight's meeting are considering transfers, approving vocational application and discussing safety precautions for students on out of town trips.

Elementary Principal Clay Cade will meet with the Board on air conditioning plans for the elementary, and dietician Ebie Sutton will discuss the lunchroom operation.

An executive session is also planned for the meeting.

City Discusses RR Property

Chamber of Commerce President Glenn Fisher appeared before the Sonora City Council at its regular meeting Tuesday to discuss plans for the use of Santa Fe Railroad property expected to be deeded to the City in the near future.

Fisher had been in communication with Santa Fe officials and said the company hoped to make the transfer in the very near future.

Fisher also said the company wished to present the company with a quitclaim deed since the property is mortgaged and that a local appraiser make an appraisal of the lots to be donated.

Fisher requested the Council members make a commitment to the

Chamber that the depot building could be used by the organization for an office and possibly as a youth center.

The Council made a tentative agreement to work with Chamber on use of the building, and Fisher said the Chamber would be happy to work out details on any type of agreement.

City Manager Jim Dover said he had talked to officials about a traffic rerouting plan around the school and received approval, but it was decided

to call a meeting with school officials to make sure each group was sure of the other's plans.

In other action, Doyle Morgan was appointed to the Airport Board replacing Ken Braden. Morgan currently serves as an at-large member.

Councilmen also discussed the possibility of revising some of the airport regulations since Sutton County is no longer involved with the facility.

Sonora golfer Drew Wallace carefully studies a put before lining up. The Broncos hosted the Sonora Invitational Tuesday with a strong field on hand for the meet. Results were not final by press time, but a full account will be run in next week's DRN. See Page 8-9 for sports news.

Blood Drive Set Wednesday

Kappa Gamma of Epsilon Sigma Alpha will be sponsoring a blood drive for the United Blood Service, Wednesday, March 25, from 1 p.m. till 7 p.m. at the First National Bank. Any healthy person from age 17 thru 65 can give blood, yet only 5 percent of the eligible people donate.

However, everybody can receive blood-in fact, its estimated that 6 out of every 10 people will need blood or

blood derivatives during their lives.

Giving blood actually hurts no more than a pin prick in your finger, and you are only asked to give one pint which is not much when you consider you have 10 to 12 pints in your body.

The entire process takes about 30 to 45 minutes, and the actual blood drawing usually takes less than 10 minutes.

As an added incentive to the community of Sonora, a drawing for a \$50 cash prize will be held at the conclusion of the blood draw. All donor's will be eligible.

Mark your calendar and make plans to attend for "Grow In Love By Sharing Life-GIVE BLOOD." For more information call Nelda Mayfield or Jo Ann Wilkerson at 387-3096.

Emergency Care Course Scheduled

An Emergency Care Attendant (ECA) course will be offered to the public beginning April 21. This course gives basic instruction in CPR and emergency life-saving techniques.

Classes will be taught by physicians and Emergency Medical Technicians instructors.

Final testing on May 21

will be administered by the Texas Department of Health.

Those who successfully complete this course will be certified with a class B registration by the Texas Department of Health.

This course will also serve to renew certification for those who registration will soon expire.

Classes will meet Tuesday and Thursday nights from 7 P.M. until 10 P.M. at the Girl Scout Hut. Tuition is \$40 plus book cost. The Texas Department of Health requires one to be at least 18 years of age to enroll in the course and must not have missed more than three classes to be eligible to take the final test.

Those interested should contact one of the following to obtain an enrollment form:

Pat Campbell at 387-3493, Georgia Luckie at 387-2292, Thomas Adkins at 387-2294, Lenora Bullock at 387-5318, or Dennis Robertson at 387-2521.

Deadline for registration is April 15.

ESA Meeting Set Here Sunday

On Sunday, March 23, Kappa Gamma of Epsilon Sigma Alpha will host a district VII meeting to be held at the Sonora Jr. High snack bar.

Approximately 50 members from San Angelo, Brownwood, Bangs, Santa Anna, Comanche, and Sonora are expected to attend the meeting.

The Texas State president of

E.S.A., Bernice Ball, and the State corresponding secretary, Colleen McDowell, both of Fort Worth, are also expected to attend.

Officers for 1981-1982 will be elected and installed at the meeting.

The following Sonora businesses donated pen's, pad's, calender's, ect. for the convenience and use of

the attending E.S.A. members: Amoco Production, Windson Gas, Chamber of Commerce, Foodway, Food Center, First National Bank, Braden Motors, Aloe Vera Cosmetics Sutton County Steak House and PM office Supply.

The member's of Kappa Gamma would like to thank these businesses and the community of Sonora for their generous donation's and support.

Prizes to be drawn for at the District VII meeting were donated by Jan Robertson, Kim Cole, Jo Ann Wilkerson. Door prizes donated by the member's of Kappa Gamma, will also be given away.

All women affiliated with E.S.A. are encouraged to attend this District VII meeting.

Lions Slate Broom Sale For Next Tuesday

The Sonora Downtown Lions and Westside Lions will be holding their annual broom sale next Tuesday.

Stations will be set up at Perez Barber Shop, the Post Office and City Hall.

Much of the proceeds will be used to help the Sonora High School band

pay their way to Phoenix for the Lions International Convention.

Pre-sales are going on now. Anyone who has not been contacted and wants some of the products that are traditionally sold may place their orders with Smith Neal at 387-3023 or Virgil Polocek at 387-2730.

Mayor Bill Gosney kept busy last week cutting rubbans at grand opening ceremonies. Above, the grand opening at Circle S Auto Parts, woned by Mike and Sherry Sipes was held Thursday. The recently opened business is located

downtown on Concho Street in the old C.G. Morrison building. Below, Jo Ann Tyner looks on as Gosney cuts the ribbon at the grand opening of Sonora Floral and Gifts. She recently purchased the business, located on E. 2nd Street, from Effie Harle.

Lilia Hernandez

Engagement Told For Hernandez And Gallegos

Mr. and Mrs. Mario Hernandez announce the engagement and approaching marriage of their daughter, Lilia, to Frank Gallegos Jr., son of Mr. and Mrs. Frank Gallegos. The couple plans a June 27 wedding.

Miss Hernandez is a 1978 graduate of Sonora High School and is presently employed by Dr. Lonnie Pollard.

Gallegos is a 1976 Sonora High School graduate and is presently employed by Windsor Gas Co.

Cathy Minatra Hosts Petroettes

The Petroettes held their monthly meeting on Feb. 20 in the home of Cathy Minatra.

New officers elected were Margaret Cascadden, president; Bobbie Thompson, vice president; Gloria Gordon, secretary; Dolores Hodges, treasurer; and Bobbie Alexander, publicity chairman.

After the meeting, a surprise baby shower was held for Randi Thompson. The Petroettes are planning their spring dance

April 25 and encourage everyone to plan to attend and help support the community projects they undertake each year.

Anyone interested in joining the Petroettes should call 387-2480 or come to the next meeting Thursday, March 19 at 12 noon in the home of Margaret Cascadden, 604 Allen Drive.

The organization thanks everyone for their past support.

Meeting Set By Happy Homemakers On Refunding Coupons

The Happy Homemakers of the Sutton County Extension Homemaker Club say there's money in your pantry.

On Friday, March 20, all members will gather to learn more about the super-shopping system of cutting grocery costs by couponing and refunding.

Refunding has taken the country by storm as a very popular, profitable hobby. From your own home you can indulge in a hobby that will have cash and "freebies" come to you through the mail.

The meeting will be held at the home of Barbara Arent and anyone interested is invited to attend.

For more information, please call Carolyn Doran at 387-5011.

Pictured above are Junior High National Honor Society inductees. They are from left to right, top row, Asha Cooper; bottom row, Stacey Miller, Stacy Snider, Craig Hooper, Sidonna Ridgeway, Cynthia Hinton and Mario Sotelo.

Fran Friess Wins Award at U. T.

Outstanding work by Texas junior high and high school writers, photographers, advertising designers, artists and editors in 17 yearbook and 16 newspaper categories was honored Friday at The University of Texas.

More than 3,000 students and publication advisers are attending what has grown to be the largest scholastic press convention in the nation. Administered by the University Interscholastic League in the Division of Continuing Education at UT Austin, the ILPC convention features approximately 100 instructional sessions on subjects ranging from specific journalistic skills to broad looks at the mass media and careers in communication.

The 54th annual convention ended Saturday afternoon.

Each school competed against others according to size classification: junior highs and conferences A, 2A, 3A, 4A and 5A. Medals not distributed at the convention will be mailed to the winners' schools.

Recipients of first-place ILPC Individual Achievement Awards include: Fran Friess of Sonora High School in the duplication newspaper illustrations.

Chamber Chatter

The Texas Commission on the Arts in Austin is seeking names of groups and individuals to be included in the first Texas Directory of Folk Artists.

Folk artists are those craftspeople and performers who have skills which closely relate to the life of their ethnic communities or geographical regions, and have learned these skills from older recognized craftspeople and performers in their families or communities.

Folk arts are a central aspect of the folklife of Texas communities, which includes such diverse activities as: quilting, crocheting, tamale-making, brewing, sausage-stuffing, mariachi, Conjunto, Sangerrunden, gospel singing, blues music, polkas, blacksmithing, woodworking, santos carving and painting, traditional events and ceremonies (Blessing the Fleet, retrieving the gold cross, cowboy reunions, church homecomings, Easter fires, jamaicas or kermezes), storytelling and joking and riddling sessions.

The purpose of the Directory of Folk Artists is to provide an inventory of folk arts throughout Texas and develop an initial list of individuals and groups who create and present them.

The TCA serves Texans by providing information about the arts in our state and supporting arts activities. The Directory of Folk

Artist is a means of expanding the scope of arts information to include those skills and events which are central to the lifestyle of many Texans and enrich our common heritage.

With all the talent we have in Sonora, it would be an added tourist and event attraction, just to have these listed in the Directory. If you will call the C of C office at 7-2880, a form will be mailed to you or your group. The form is then mailed to: Texas Commission on the Arts, P.O. Box 13406, Capitol Station, Austin, 78711. The form is short and easy to fill out.

The following met March 10 to discuss ways to move the crowd through the chow line faster at the annual hunting party and game dinner held in November: Overall Chairman Bill Stewart, Ken and Susy Rosford, Scott Shurley, Patsy and Corky Schwieng, Joe Turnbull, Bob Brockman, D.M. Tyler, Tony Renfro and L.P. Bloodworth.

Other program areas were discussed and plans were being made to organize this year's dinner to run more smoothly.

Red Carpet members -Martha Wallace, Shelley Chaney, Dolores Hodges, Diane Watkins joined Mayor Bill Gosney at the ribbon cutting ceremony on the 12th at Mike and Sherry's Sipes Circle S Automotive store on Con-

cho Street. Friendly face around town last week was Reverend Clifton Hancock.

What kind of consultant do they all have in common?

There's one type of consultant any business can use... General Telephone's Communications Consultants.

They're everybody's expert on getting the most out of your telephone at the lowest possible cost.

They can help you to use your telephones more efficiently. They might be able to help you save money or even make money. And best of all, their service never costs extra.

Call your General Telephone business office today to make an appointment with a GTE Communications Consultant. Whether you're a butcher, baker, candlestick maker, or captain of industry, you're sure to profit from it.

We keep you talking.

Hershel Davenport

Hershel Davenport City Council

To the Voters and Residents of Sonora, Texas.

I was first elected to City Council when the change to an Aldermanic Council was initiated in 1974. At this time I was appointed by the Mayor and County Judge to represent Sonora and Sutton County on the Executive Committee of the Concho Valley Council of Governments. I have served the body and was Vice-Chairman and Chairman four of the seven years I have been on the Committee.

I have seen our community undergo rapid growth and numerous changes. These changes are challenges for each of us. During these seven years the Electric System and Water Facilities have had to enlarge to accommodate ever increasing needs. The Sewer System is scheduled this year for new construction. We are still working to provide these necessary services. I am very interested in their completion, so therefore I am a candidate for re-election.

I thank you for your support and interest in the past. Your information, questions and concerns have helped me. I am sure the other Council members feel the same.

I ask you once again for your vote and if it is not a vote for me, please do vote as a caring citizen of Sonora.

Sincerely,
Hershel L. Davenport

Dr. John W. Fields

Cancer Society To Host Benefit Golf Tournament

The Sonora Chapter of the American Cancer Society will sponsor a benefit golf tournament next Sunday at the Sonora Golf Course with tee off set for 1:30p.m.

Contestants will pay a \$6 entry fee donation, and barbecue and beans will be served after play is completed.

Prizes for first through third and men's and wo-

men's closest to the pin will be provided by the Golf Auxiliary.

Rabies Clinic Set

A rabies clinic for cats and dogs will be held Saturday, March 21 at 417 W. 1st St. from 8:30 a.m. until 2p.m.

There will be a charge for vaccinations.

Dr. John Fields - Place 3, SISD

Dr. John W. Fields has announced his candidacy for Place 3 in the upcoming Sonora Independent School District Trustee election.

He is a 1961 graduate of Sonora High School and graduated from Texas Tech in 1966 and Texas A&M in 1970.

Fields, currently the president of the TAVP, is a member of TVMA and AVMA and is a past vice president and current Ethics Committee chairman of the Texas Academy of Veterinary Medicine.

He is a past director of the Downtown Lions Club and a member of the Sonora Airport Authority.

He has been elected to Who's Who in the South and Southwest and has

been a speaker at numerous state and international veterinary meetings.

In 1979, he was a diplomat to the World Bovine Congress in Guadalajara, Mexico.

"I feel that the education of our children is the most important thing that takes place in this community."

Fields said. "We have the best facilities and group of principals as anywhere; we have the tax base to make this the best school system in West Texas."

"If elected, I will strive to make just decisions based on fact and input from both the community and faculty," he said.

AN OPEN LETTER TO THE EDITOR FOR THE CITIZENS OF SONORA:

I'd like to lay to rest a rumor in town that a vote for Carol Parker is a vote for the superintendent. Nothing could be further from the truth. The school board has had Dr. Andrews' resignation in hand since October, 1980. Therefore, as a new school trustee, I would have no opportunity to vote either for or against Dr. Andrews, present contract nor would I vote for any proposal to issue him a new contract. I would like to have the privilege of helping to choose a new superintendent when the time to do so comes, because I feel that a strong administrator is necessary to have a strong school. Sonora schools and our town are growing, and wise planning and study need to go into every facet of our education program.

It is my intention if elected, to work for continued top quality education in Sonora.

Thank you
Carol Parker

Ram Test Sale Slated

The 1980-81 Ram Performance Test field lay and sale is scheduled for Thursday at the Texas A&M Agricultural Research Station in Sonora.

This year's test was one of the largest ever with 295 Rambouillets, 11 Suffolks and 10 DeBouilletts on test. Dr. Maurice Shelton said a number of good rams from the top 30 percent of each breed will be available at the sale.

Rams consigned to the sale will be penned for viewing after 10 a.m. A short program will be given followed by a lunch. The sale will start at 1 p.m.

An exchange program with Wyoming producers has been started this year with 30 rams being sent

from Wyoming for the test and Texas producers sending 60 head there for a similar program.

The Wyoming Ram Test field day is scheduled for Friday, March 27.

"The quality of rams on test continues to improve year by year," Dr. George Ahlschwede said recently in "The Ranch" magazine. "I think that the rams which are currently on test are some of the best individuals which have ever been tested at the Sonora Experiment Station."

"Sheepmen everywhere need to avail themselves the opportunity to go and inspect this great set of rams," he continued. "This ram test and the information it has generat-

ed has certainly been one of the most positive factors in the development and improvement of all the sheep in the Southwest."

"The ram test program

not only provides purebred breeders with the opportunity to improve their selection and breeding programs, but provides com-

mercial breeders throughout the area the opportunity to buy improved rams for their commercial breeding programs."

Registration Of Livestock Brands, Markings Required

Glen Fisher, manager of Sonora Wool and Mohair, has received a request from Rep. Susan Gurley McBee regarding the laws for registration of livestock brands.

According to a letter on Article 6890 VTCS sent to Rep. McBee by Attorney General Mark White, all livestock brands must be

registered within six months of August 30, 1981.

The act became effective Aug. 30, 1971 and calls for the registration of new brands and reregistration of old brands every 10 years.

Under provisions of the law, all marks and brands must be registered with the

County Clerk's office in the county in which the livestock is produced within the six month period every 10 years.

The law also states that upon the expiration of that six month period, other records of marks and brands "shall no longer have any force or effect."

ICA Makes Report On Legislative Seminar

March winds were cold and wet but failed to keep members of the Independent Cattlemen's Association members at home as ICA's First Annual Legislative Conference convened in Austin March 11 and 12.

President Roy Wheeler expressed his appreciation of members who traveled from across the state to hear state legislators and other top-ranking officials review pending agricultural legislation and explain the mechanics of tax statutes which have a particular effect on property owners.

The first day of the conference began with a tax information symposium

lead by Sen. Peyton McKnight of Tyler, Sen. Ray Farabee of Wichita Falls, Rep. John Sharp of Victoria, Executive Director of the State Property Tax Board Ken Graeber, Farmer's Union President Mike Moeler and Rep. Gerald Geistweidt of Mason.

Also included as speakers were Rep. Leroy Wieting of Portland, chairman of the House Agriculture and Livestock Committee, Rep. Bill Keese of Somerville and Rep. Susan McBee of Del Rio.

Legislators and ICA members seemed to enjoy the relaxed atmosphere and were able to communicate with each other on a variety of issues. About 400 people attended.

The second day of the legislative conference began with a tour of the Lt. Governor's suite in the Capitol and a brief meeting with Lt. Gov. Bill Hobby.

Members then walked next door to the Sam Houston Building to hear Rep. Don Rains of San Marcos, Rep. Tim Von Dohlen of Goliad, Sen. Grant Jones of Abilene, Rep. Robert Saunders of La Grange and Rep. Stan Schlueter of Salado.

The two day meeting produced an abundance of information ICA members took home with them concerning bills the association supports.

The bills are: Rep. Susan McBee's H.B. 911 and HJR 49 exempting livestock and poultry from taxation. She called ad valorem tax on livestock "the most inequitable tax" of all. At the time this newsletter was produced, 105 out of 150 members in the House of Representatives had said they favored passage of the bills.

ICA testified against two bills, Rep. Samuel Hudson's H.B. 45 and Rep. Juan Hinojosa's H.B. 698. H.B. 45, if passed, would create an Agricultural Labor Relations Board which could allow mandatory membership in a labor organization to become a condition of employment.

H.B. 698 calls for all farm and ranch laborers to be covered by workman's compensation. From the information we have received, the bills will not get

out of the subcommittee they were assigned to.

Besides information given on legislation, other "quotable quotes" were:

Sen. Farabee: "We do want good schools, roads and services and if we have to raise taxes to do that, I would vote for that even though you would throw me out." He said even though inequities in taxation do exist, Texans pay less to the state than residents in all other states but two. He said the good news is that Texas does not have an income tax and probably won't. "But we are \$500 million over in the budget and something has to be cut."

Rep. Geistweidt: "State inheritance taxes are confiscatory taxes which tax a person for the privilege of dying."

Rep. Rains: "Gov. Bill Clements, Texas' downtown Dallas governor, has recommended less money for every agricultural program in the state than amounts recommended by the Legislative Budget Board. The Texas Department of Agriculture was the only major state agency that Clements recommended no increase in funding for." He said 2,000 farms and ranches are put out of business each year in Texas, 12 square miles of farm land is covered with asphalt each day, the average age of ranchers and farmers nationally is 58-years-old and the Production Credit Association has foreclosed on more people in the last eight months than in the entire history of PCA."

Rep. Schlueter: "Don't say bad things about lobbyists because each of you is a lobbyist. If organizations like ICA don't take an active role in the legislative process, rural legislation will become 'almost nil.'"

Rep. Von Dohlen, chairman of the Redistricting Committee in the House of Representatives, encourage ICA members and other rural residents to testify during non-metropolitan district hearings beginning the week of March 23. His office can be contracted for locations of the hearings at (512) 475-3772.

Many of those in rural areas have been concerned that rural representation in Congress and the State Legislature will be damaged by redistricting.

Von Dohlen said current House Districts now consisting of 74,645 in population will be increased to 94,856; current Senate Districts will increase from 361,000 to 458,980. The number of U.S. Congressmen from Texas will increase from 24 to 27 and population in their districts will increase from 466,530 to 520,977.

In the Senate, a thirteen member subcommittee on redistricting is chaired by Sen. Jack Ogg of Houston. The subcommittee divided into two panels, one of which will address senatorial redistricting under the leadership of Sen. Pete Snelson of Midland and the other of which will address congressional redistricting under the leadership of Sen. McKnight.

Jerry Lackey's Country Folk

It rained off and on all week, last week, in San Angelo, and participants and fans alike attending the annual stock show and rodeo just marched onward, "making the best of it."

Stock Show association president Robert Kensing says "You learn early in residency of West Texas that you never complain about rain...or the natives will see that you don't remain a resident!" However, Kensing said the weather failed to hamper much of the fairground crowds. "It is better than blowing dust which we usually have in March."

All the regional folks watching the sheep show, the cattle classing and other activities talked about the good rains back home.

Jack Hoggett of Junction said over 4 inches in two weeks put the Llano River and creeks and draws in a position to flood with much more.

Army Rust, in the barbershop for a haircut, said the same about country in the northern part of Kimble County and parts of Menard County. And in Menard, Ms. Roy Jacoby states "good moisture."

Ray Moody of Rock-springs reported over 3 inches and "even the rocks are growing some green stuff on them."

Totts Hutto of Del Rio said the 2 inches last week "was about the first real rain we have received on our place since the storm last summer."

Bob Northcutt, foreman of the Render-brook-Spade Ranch near Colorado City, says: "Our country has tall weeds already as a result of earlier rains. For the first time in months, we are in good shape."

Chesley McDonald of Sterling City also reports good moisture "all winter to put our old country in tiptop shape for spring."

I stepped into one conversation with some "medway stock show oldtimers," my age group that has been at this event over 20 years

now. Fort Stockton FFA teacher Peaberry White, Jimmy Randle and Coleman County agent Roger Blackmon, were comparing notes of the history book.

The subject came when Peaberry invited us to eat lunch with his FFA crew in their bunkhouse on wheels. For years we have enjoyed their homecooking at the different fairgrounds over the state. Well, Peaberry said red beans and goat meat was in the warmer.

"You remember that year when I got so tired of your rubbing in how great your FFA team was in comparison to my little 4-Hers?" asked Roger Blackmon.

"Yea, how could I forget," said Peaberry. "You took your shears and carved 4-H in the side of one of our fleeced goats. We had to take that goat to the rest of the shows like that that year."

Another goat story coming out of the stock show was that of Herman Allen of Christoval. He traded a butchered and dressed spanish goat to Silas Triplett of San Angelo for some dressed fish. "Only, I

don't think I received the better end of that," explained Allen. "He got more goat than I did fish."

Long-term credit that's productive.

Loeffler, Hance Submit Bill For Independents

Royalty owners and independent producers will receive an exemption from the windfall profit tax for the first 1000 barrels of daily production under a bill introduced today by U.S. Congressman Tom Loeffler (R-Tx) and Kent

Hance (D-Tx). The Loeffler-Hance bill, similar to legislation introduced during the 96th Congress, has broad bipartisan support already in this Congress. More than 180 Members of the House of Representatives have signed

up to co-sponsor the bill. Loeffler, in introducing his bill, criticized the windfall profit tax, as a devastating impediment to U.S. energy self-sufficiency. "The windfall profit tax is, in reality," Loeffler said, "a severe exise levy unre-

lated to profits. I believe the American people want more energy, not more taxes. And certainly not more government. Particularly hard hit by the tax, Loeffler said, are royalty owners—who are the only individuals in this country

to have the value of their private property cut in half by the Federal government through the windfall levy—and independent producers. Concerning the small, independent producers, Loeffler remarked: "In-

stead of rewarding those who invest their capital, and that of others, with no assurance of success, the Federal government has placed a premium tax on their initiative. This is not good energy policy. It is not even good sense.

"By exempting the small, independent producer from liability on the first 1000 barrels of daily production, we will be ensuring the creation of additional supplies of domestic energy, enhancing the rate of wildcat discoveries and providing desperately needed additions to U.S. oil and gas reserves.

"If we are serious about returning energy self-sufficiency to its status as one of this country's highest national priorities, we can take a step in the right direction by cutting out disincentives for increased domestic production by individuals and private landowners in this country. My bill will do this."

Wallace Urges State Use of Solar Power

Railroad Commissioner Mack Wallace today told members of the Texas Legislature that the use of solar energy in new state buildings could significantly reduce the utility load for state-owned buildings, resulting in a considerable cost savings over the long term.

In a written statement presented to the House Energy Resources Committee, the senior member of Texas' energy regulatory agency maintained that energy savings of up to 40 percent are possible when passive and active solar concepts are applied to office structures.

The solar energy advocate also submitted testimony in support of another measure that would provide for the adoption of standards for testing solar equipment.

Wallace expressed his support for HB 1335 and HB 1315 as chairman of the Solar Advisory Committee of the Texas Energy and Natural Resources Advisory Council, which recommended both measures after nearly a year of public hearings and assessment of testimony.

In support of the building measure, Wallace said that the solar committee "believes that the state government, as a major builder, should take the lead in using solar technology by mandating its use on new state buildings, unless it can be demonstrated that such use is clearly not in the public interest."

He added that a recent survey found that 27 states have equipped one or more state buildings with solar energy systems.

Enhanced Recovery Program Means Additional Oil Recovery

A Conoco, Inc. engineer testified at a Railroad Commission hearing on March 11, that more than eight million barrels of additional oil is expected to be produced from a West Texas unit through a tertiary enhanced recovery program.

Conoco Production Engineer Lydia A. Phillips of Midland made the projection during testimony on her company's request that the RRC certify the carbon dioxide injection program as a qualified tertiary oil recovery project under the federal crude oil windfall profits tax act. The Commission has been designating as the certifying a-

uthority in Texas. Phillips said that the tertiary project is expected to yield an additional 8.45 million barrels of oil or 9.1 percent of the original oil in place at the Ford Geraldine Unit about 130 miles west of Midland in Reeves and Culberson Counties. She added that this amount is 11.6 percent of the remaining oil in place. Cumulative recovery efficiency at project abandonment is expected to be 31.7 percent of the original oil place.

Phillips testified that injection in the Ford Geraldine Unit began Feb. 19 of this year, and that \$10.6 million had been spent on the project to date. The entire project is expected to cost \$111,400,000.

Conoco is the major owner and operator of the unit. Accepting testimony from Conoco were Legal Examiner Susan Cory Kovar and Senior Staff Engineer Willis C. Steed of the RRC's Oil and Gas Division. John E. Bunch, a Midland attorney, directed Conoco's presentation.

Conoco's Phillips, in further support of her company's request for RRC certification, said that a tertiary operation in the Twofreds field was considered a pilot project for the Ford Geraldine project. Both produce from the Delaware sand formation.

Coastal Corporation Reports Earnings

The Coastal Corporation reported 1980 earnings from continuing operations of \$109.5 million, equal to \$4.63 per primary common share or \$4.52 on a fully diluted basis. Comparable 1979 earnings from continuing operations were \$100.5 million, equal to \$4.92 per primary share or \$4.59 fully diluted.

For the fourth quarter of 1980, the company reported earnings from continuing operations of \$28.9 million compared with \$27.1 million for 1979. On a per share basis, 1980 earnings were \$1.23 on primary shares for the quarter versus \$1.31 last year, and \$1.20 compared with \$1.23 on fully diluted shares.

PBPA Report

The Panamanian Government and a group of American companies are expected to announce the construction of a 75 mile pipeline in Western Panama. The 250 million dollar project would take the place of oil tankers moving through the Panama Canal. The pipeline would go from south to north and would pump up to 700,000 barrels a day across the isthmus from the Pacific to the Atlantic.

stretch from Washington State to Minnesota. The Panamanian Pipeline would pay for itself in three years, according to the builder, and would not be subject to the rigid U.S. environmental standards. Both projects may ultimately come on stream because of increased production in Alaska and California and the decline in West Coast gasoline markets.

Either way, it looks as though the Panama Canal will not be important to the oil industry by the mid-1980's.

The Permian Basin rig count last week was 398. One year ago it was 310.

Four of the five states involved in the Northern Tier Project have given their approval and the fifth is expected this summer. The 1.6 billion dollar project has not yet been fully financed.

If the Northern Tier is constructed, it would be operational in the mid-1980's and would be capable of carrying almost a million barrels of crude a day. The pipeline would

Area Deaths

Perdo Reyna del Luna

Funeral services were held Monday, March 9 for Perdo Reyna del Luna, 65, with burial in Zaragoza, Coahila, Mexico.

Reyna was born Nov. 2, 1915, in Zaragoza and had Work Enterprises station for 10 years. He was married to Leonor Coronado Reyna in Zaragoza in 1944.

Survivors include his wife; one son, Juan Perdo; a daughter, Mrs. Olga Dominguez; one granddaughter, Sylvia Dominguez; and a number of nieces and nephews.

Students Qualify For State

Bernardo Solis and Marina Fernandez, both Sonora High School students, attended the Area FHA meeting in Midland last week and qualified for the state choir.

SHS senior Sulema Esquivel also completed her year of service as area treasurer.

Masonic Lodge Meets Tomorrow

Dee Ora Masonic Lodge will hold its regular monthly meeting Thursday at 7:30 p.m. at the lodge hall.

A special program will be the rededication of all Master Masons present at the meeting. All area Master Masons are urged to attend.

Tennis Team Tops Iraan Tournament Championship

The Sonora tennis team continued a string of impressive showing last weekend in capturing the championship at the Iraan Tournament.

Only the top seed from each of the eight schools competed, and the Broncos so thoroughly dominated the competition that every Sonora entry reached the finals.

Only Angela Green drop championship match, and that came against 1980 state tournament qualifier, Tracy Tatum of Big Lake, 6-1, 6-0.

Green had easily breezed by her first two opponents from Wink and Rankin, respectively, 6-1, 6-2, and 6-1, 6-0.

Sophomore Mike Penalver had little trouble in dis-

posing of any of his opponents. He skunked a McCamey player, 6-0, 6-0, in the opener, thrashed a Big Lake player in the semifinals, 6-1, 6-1, then felled the Rankin entry in the finals, 6-1, 6-0.

Lee Burch and Armando Martinez had some trouble winning the first set of their championship match over the Iraan team, 7-6, but came back to win the second set and the title easily, 6-0.

They downed the Wink squad in the opening round, 6-3, 6-2, then eased by Stanton, 6-3, 6-3, to reach the finals.

Cody Gold and Mary Hanna also handled the girls doubles competition easily, winning in the finals

over Wink, 6-3, 6-1. They defeated Big Lake

in the opener, 6-1, 6-2, then clobbered McCamey in the

second round, 6-1, 6-1. The netters will compete

in the Ozona Tournament Friday and Saturday.

Kappa Gamma News

The youth dance held Feb 28 by Kappa Gamma was thoroughly enjoyed by all who attended.

Winners of the Disco Dance Contests were Hector Samaniego and Rosie Moreno and Gina Black and Rodney Spears.

Judges for the evening were David and Betty Hernandez, Brenda Whitworth and Mark Wilkerson.

Winners of Door Prizes were Milton Castilleja, Rosie Moreno, Scott Miller, Edmund Martinez, Tiffany Wallace, Arturo Gandar, Abel Sanchez, Brian Casadden and Midrian Mendez.

Kappa Gamma extends a special thank-you to Greg Stewart for the Speakers and to Jody Luttrell for the Strobe Sight.

The following Business donated the Door Prizes: Sonic Drive In, Fide's Gulf, Roger's Drive In, Commercial Restaurant, Spains and O'Byran's Fashions.

Triangle Tire Co. Ralph Gonzales and Don and Wanda Bible donated prizes for the Dance Contest.

Kappa Gamma deeply appreciates and thanks everyone who gave of their time and donated goods.

Kappa Gamma Chapter of ESA held its monthly business meeting Monday, March 2.

An Awards Ceremony was held with the following members receiving their Pallas Athene degrees:

Jo Ann Wilkerson, 2nd degree; and Marlene Evans, 2nd & 3rd degree. Delores Hodges and Jan Robertson were presented with 5 year certificates.

An Educational Program Minor Household Repairs was given by Marlene

Evans, Pam Davenport and Jan Robertson.

Other business discussed was the upcoming Bake Sale and Blood Drive.

Members attending were Delores Hodges, Marlene Evans, Kim Cole, Susie Ramirez, Sharon Hogere, Pam Davenport, Jan Robertson and Diane Snider.

Boys Place Fifth In Eldorado-Girls Place Fourth

The Sonora boys battled the always strong Eldorado wind and several injuries enroute to a 12th place finish at the Plateau Relays Saturday.

Tony Garza's fourth place effort was the highest finish for the young Broncos in any event.

Mark Doan turned in a 53.6 clocking to take fifth in the 400-meter dash and David Chandler finished the 800-meter dash in 2:12, good enough for sixth place.

The 1,600-meter relay squad of Doan, Frankie Gonzales, Mike Phillips and George Sanchez took fifth place with a 3:36 clocking.

The Bronco junior varsity picked up 35 points to tie Ozona for fifth place in the JV division.

The 1,600-meter relay unit of Marney Sorenson, Mike Poloczek, Espy Whitehead and Jimmy Gonzales garnered a second place finish with a 3:49 time. Espy Whitehead took

fourth place in the 110-meter high hurdles with a 16.75 clocking and fifth in the long jump with an 18-7 leap.

Sorenson's 56 effort in the high jump was good enough for third place, and Poloczek added sixth place points in the long jump at 18-3.

Jimmy Gonzales ran fourth in the 800-meter dash at 2:19, and Billy Holland took fifth in the shot put with a 38-9 heave. Both squads will be host-

ing the Bronco Relays this Saturday as the varsity tries to defend its team title.

Eighth Grade Girls

The Sonora eighth grade girls finished fifth at Eldorado's Plateau Relays Saturday, accumulating 31 points.

Leah Evans' second place finish in the 100-meter dash was the highest of any Colt. Edna Reyes took sixth in the event.

Gina Black and Debbie Shannon finished third and fourth in the 600, and Anita Balch added sixth place showing in the hurdles and 300.

The sprint relay squad of Evans, Reyes, Bacca Powers and Alma Zapata took fourth at 57.16, and the 1,200-meter team of Shannon, Black, Balch and Zapata finished sixth at 3:21.9.

At Junction the previous week, Evans finished second in the high jump and third in the 100, while the 800-meter relay unit of Reyes, Evans, Zapata and Karla Jungk took fifth.

The girls will host the Colt Relays scheduled for Saturday at Bronco Stadium.

The Sonora girls track team made a strong improvement in their performance over the previous week as they took fourth in the 12-team field at Eldorado's Plateau Relays Saturday.

Paula Friess took second in the triple jump and third in the long jump, and Jessica Robledo added a

third in the triple jump to give the Broncos 20 points coming out of the field events.

The 400-meter relay team of Casey Crites, Rosa Noriega, Robledo and Friess took second and the 800-meter unit of Noriega, Robledo, Friess and Tonya Evans got third.

Evans took third in the

100-meter hurdles, and Crites tracked on fifth place points in the 100-meter dash to round out the Bronco scoring.

The girls skipped the 1,600-meter relay--probably their strongest event--due to several nagging injuries and little depth. Sonora will be defending its title Friday in the Bronco

Relays as a strong field comes to town.

Field events will begin at 2:30 p.m. with running event prelims scheduled for 4 p.m.

Field event awards will be presented at 6:30 p.m. and running finals will start at 6:45 p.m. Presentation of trophies begins at 9:35 p.m.

Seventh Grade Boys Top Plateau Relays

The Sonora seventh grade boys picked up only two blue ribbons, but both came in the relays that pushed them to the title at the Plateau Relays last Friday.

The 400-meter relay of Esau Ramirez, John David Martinez, Max Reyes and Rodney Speers sped to a 51.9 clocking for their victory, and the 1,600-meter unit of Mike McBride, Elias

Torrez, Speers and Ramirez posted a 2:58.3 in their win.

The Colts made their strongest showing of the individual events in the 300 where Ramirez was second in 43.6 and Torrez was third.

McBride also got a second in the 600 at 1:38.7 followed by Reyes in fourth at 1:45.2.

Martinez added another red ribbon in the 1,200 with Richardo Sanchez adding

fourth place points in the event.

Glen Love and Milton Castilleja finished third and fifth in the 100-meter intermediate hurdles.

Other points came from Speers, fourth in the 100; Martinez, fourth in the 210 low hurdles; and Reyes, fifth in the 200.

The boys will be hosting the Colt Relays Saturday at Bronco Stadium.

The Sonora seventh grade girls rolled up 63 points to take second place at the Plateau Relays in Eldorado Saturday.

Traci Cascadden's 100-meter hurdles victory and Bonnie Jackson's win in the 300 topped the Colt efforts.

Deveda Bible took third in the hurdles, and Odilia Garza and Courtney Cauthorn finished fourth and sixth in the 300.

Leslie Webster took second in the 1,200-meter run and fourth in the 600, and Lori Webster took fifth in the 1,200.

The 1,200-meter relay team of Jackson, Garza, Cascadden and Cauthorn

took fifth, and the 800-meter squad of Bible, Cascadden, Lynell Jones and Cynthia Hinton finished sixth as did the sprint unit of Bible, Hinton, Garza and Jackson.

The previous week, girls took third at Junction with 91 points.

Jackson got double wins in the discus and 300 while Garza got a victory in the triple jump.

The Colts got second place efforts from the 1,200-meter relay, Leslie Webster in the 1,200 and Cascadden in the hurdles.

Third place ribbons were won by Bible in the hurdles, Lori Webster in the

1,200 and Leslie Webster in the 600.

Garza added a fourth in the long jump, and Nora Gonzales took sixth in the 700.

The 800-meter relay squad finished fifth at the meet as did Yvonne Gamez in the 600.

The girls will be hosting the Colts Relays Saturday.

Junior High Tennis Teams Split Matches

The Sonora Junior High tennis team returned from Ozona last week with a split of their dual match.

In girls singles, Lea Whitehead won, 8-2, while Nadine Sanchez was blanked, 0-8.

Cathy Doran and Margo Hinton won their doubles match, 8-5, as Sidonna Ridgeway and Sherry Kirby

fell, 3-8.

In boys singles, Glenn Jones was victorious, 8-5, although Wayford Tyler

was downed, 2-8.

Dough Martin and Darrell More won their doubles contest 8-2 and

Lonnie Blankenship and Brian Cascadden were nipped, 8-9.

Public Notice

Public Notice of Tax Exemptions Available To Homeowners

The Sutton County Appraisal District tax office is currently accepting applications for residence home-

stead exemptions. The deadline for filing is April 1, 1981. Applications should be filed as early as possible to avoid inconvenience to the homeowner. Two types of homestead exemptions from school taxes are available to taxpayers who owned their residence homesteads in this school district on January 1 of this year. First, the general homestead exemption is available to all homeowners and exempts \$5,000 from the market value of the homestead. Second, any person who

is 65 years of age or older or who is disabled can be exempted an additional \$10,000 from the market value of the homestead. Proof of age or disability may be necessary. "Disabled," in this case, refers to the definition found in the Federal Old-Age, Survivors, and Disability Insurance Act under the Social Security Administration. Disability is defined as inability to engage in any substantial gainful employment which exists in the national economy, or, in the case of someone who is 55 and blind, inability by reason of such blindness to engage in the employment in which he was previously engaged. The person claiming disability does not necessarily have to be drawing benefits from Social Security.

Homeowners age 65 or older who apply for their exemption will be granted a tax freeze. If application is not made, the tax freeze will be lost for this year.

Application forms were mailed earlier to all homeowners who qualified for a homestead exemption in 1980. If you did not receive an application, or if you have questions about qualifying for exemptions or filing application forms, contact the Sutton County Appraisal District tax office at 387-2809.

Application forms may also be picked up at the tax office at 222 N.E. Main St. 2c20

Public Notice

"a genuine welcome in the heart of Sonora"

Sonora Minister Speaks

By Rev. Dennis McKain
Hope Lutheran Church

Lent is a season of reflection for the Christian. For six weeks, he hears about the increasing opposition that meets Jesus Christ. The Christian also sees Jesus turn his eyes and path toward Jerusalem and the cross.

The most important reflection is upon the why. Why did Jesus, despite mounting opposition, continue toward Jerusalem? Why did he continue a path certain to lead to death on a cross? The answer lies in God's love.

Ever since Adam and Eve disobeyed God's clear command not to eat of the tree of the knowledge of good and evil, man has been entrapped by the snare of sin. He has been unable to be obedient to God. He has constantly desired to do things the way he wants to do them. He truly believes that doing the things the way God would have him do them is to become a slave.

Man believes that not being bound by God's law is true freedom. He cannot see that his so called freedom is really enslavement; he is a slave to sin.

Even though man had chosen to rebel against his Creator, God did not abandon man to whatever fate might have in store for him. Man was God's special creation and he still loved him.

Yet, man was still a sinner and sin needed to be punished, but if sin was punished, there would be no man that would ever return to the presence of his God.

God had a plan and it was fulfilled in Jesus Christ. God sent His own Son into the world. God's son

took upon himself human flesh and blood. He experienced things the way men experience things. He was even tempted to be disobedient to God in the same ways man is, yet he did not sin. He was obedient, even to the point of dying on a cross.

It was through this innocent death that Jesus Christ gained forgiveness for man's rebellion against God, for desiring to do things his own way.

Those who believe in

Jesus Christ as their savior from sin are given forgiveness and thereby are seen as pure and holy as if they had never sinned. These are the things that a Christian reflects on at this time of year.

God still asks all men to reflect on their sins and upon the price paid to forgive them. He calls men to receive forgiveness by faith in Jesus Christ for "Now is the day of salvation." Tomorrow may be too late.

"SPECIAL ANNOUNCEMENT"

from the new
TRINITY BAPTIST CHURCH
4th & Menard Sonora, Tx.

"SOMETHING NEW"

Now at 10:30 a.m. each Sunday. A combined unified worship service. No more a separation of the husband & wife, mom or dad, young people or family.. No more having to decide on attending a Sunday School hour or attending the later worship service. No more taking kids to one service and then returning later for the worship service. We have organized all services into just ONE UNIFIED SERVICE on each Sunday at 10:30 a.m.

"SOMETHING DIFFERENT"

This new service allows for an extended music presentation of our choir; solos; special youth groups-plus good old fashioned singing by the congregation. The preaching is designed to "Exalt the Saviour", "Expound the Word", "Expose Sin" and to "Excite the Saints"-So if you are looking for a family church for you and your family, then, come give us a look.

"SOMETHING SPECIAL"

The something SPECIAL is your children... We are excited about our NEW Intermediate Bible Learning Center, for grades 1 thru 4, and also a Children's Bible Learning Center, ages 2 thru 5 year olds. These two programs are designed to teach and enlighten your children with God's Word. They should enjoy these specially prepared services that will include the use of puppets, audio-visuals, missionary and bible stories, music geared to each groups age, plus most of all, teachers that love children. This program is a part of the total family, one unified service, starting on Sunday, March the 1st, at 10:30 a.m.

"SOMETHING MORE"

Why don't you plan on visiting with us at the new Trinity Baptist Church? Our folks feel we have a church that will fit all your family's needs. Our services are as follows:

Family Combined Worship.....10:30 a.m.

Evening Preaching.....7:00 p.m.

Wed. Bible Study & Prayer.....8:00 p.m.

Pastor Donall R. Provines.....387-2377

Trinity Baptist Church...Where we are making "1981"

A YEAR OF NEW DREAMS.....
