## Cafeteria Problems Aired At Meeting

Eble Sutton, dietician for the Sonora Independent School District, met with Trustees last Wednesday night in a called meeting to discuss problems at the school cafeteria.

Overcrowding of both people and equipment in the facility was one of the major problems. The Board agreed to take a look at converting the junior high snack bar into a facility equipped to serve Class A lunches for junior high and high school, taking some of the pressure off the other cafeteria.

Superintendent Dr. Joe Andrews suggested the possibility of constructing a central kitchen away from the school. Mrs. Sutton and Board member Mary Adele Balch agreed to inspect the central kitchen used by the Ozona schools and report back at the next meeting.

Elementary Principal Clay Cade met with the Board to further discuss air conditioning the elementary classes.

The Board approved the purchase of 17 36,000 BTU air conditioners

and one 24,000 BTU unit from Sutton Electric.

After an executive session, the board adopted new pay scales for lunchroom personnel and accepted the resignation of Melba Perez.

A group headed by Irene Gomez also met briefly to discuss safety measures for students on out-of-town trips. The action arose from a junior high girl being assaulted while at a track meet in Junction.

Mrs. Gomez said several of the mothers had agreed to chaperone such trips if they were necessary.

## HEW Investigates Charges Lodged Against School

A two-member team from the Dallas office of the Health, Education and Welfare Department have visited the Sonora Schools this week. Their visit was prompted by a

complaint signed by Rebecca Martinez, Rebecca Chavez and Cecilia Sanchez.

Their complaint alleged that the district discriminated on the basis of

race and national origin. They also claimed that the district continued to deny Mexican-American children an equal education opportunity.

They further charged that there were several classes with at least twenty Mexican-American children that needed bilingual education and the high rate of retention of Mexican-American children was due to a lack of English proficiency.

The H.E.W. team spent four days in the district interviewing administrators, teachers, teachers aides, and Special Education Co-op personnel and inspected records pertaining to special education, assignment to E.S.L. (English as a Second Language) classes, E.S.L. programs, drop-outs, retention and counseling for students.

The team was complimentary of the district's administrative procedures, teaching staff, and gave a good report on their findings; however, their final report will not be available for approximately 30 days.

## Schedule Change Announced For Van

Several changes have been made in the senior citizen van schedule. The new schedules will be as follows:

Monday 9a.m. grocery and 1:30 p.m. shopping;  
Tuesday--9a.m. pay bills and shop and 1:30 p.m. shopping;  
Wednesday--9a.m. grocery and 1:30 p.m. shopping;  
Thursday--Transportation to center;  
Friday--9 a.m. grocery and 1:30 p.m.

Shopping.

All trips will be made on a priority basis as follows: 1. Medical, 2. Nutrition, 3. Shopping and 4. Recreation.

Due to changes in scheduling, trips for shopping will have to be limited to once a week a person.

The van will make trips to San Angelo for medical purposes once a month.

For van transportation, call the senior center at 387-5657.

Sonora students ran through a scene from their one act play, "The Doctor in Spite of Himself" by Mollere, at a public presentation last week. The group will compete at the District 8-AAA UIL literary meet March 31.

## NHS Initiation Slated

The National Honor Society, Sonora High School's most prestigious organization, will put its new members on Tuesday, March 31.

The new members will be installed in a formal ceremony held at 9:45 a.m. on the morning of Wednesday, April 1, in the Sonora High School auditorium.

All parents of new members and present members are urged to attend this ceremony. Following the ceremony, the Honor Society will host a

reception in the High School home-making livingroom for members and parents.

In order to be eligible for membership, a student must have achieved an academic average of 85 throughout his school years. However, being elected to membership in the Sonora chapter of the National Honor Society involves much more than academic superiority. The student must be elected by a faculty committee which is composed of every faculty member in the high school.

The rating system is as follows: In scholarship, the student must have maintained a cumulative academic average of 85 percent.

In service, the student must have been active in the service projects in the school and in the community.

In the area of leadership, the student must have exhibited leadership in the classroom, the school, and the community. In the area of character, the student must have exhibited integrity which includes no recorded incidents of cheating or intentional dishonesty. The student must have exhibited positive behavior which includes no record of skipping classes or of knowingly violated school rules or civil offenses.

The student must have exhibited cooperation which includes the willingness to assist classmates and faculty members. The student is ranked in every area by every teacher who has taught him.

Membership in the NHS means much more than just a compliment to a student's intelligence and attitude. Membership in the NHS is actually recorded on the student's transcript. Membership in the NHS enables many students to gain admission to the college of their choice and be eligible for many college scholarships.

The public is cordially invited to attend these ceremonies.

## Youth Committee Slates Meeting

Bill Webster, Chairman, Youth Activities Committee announced that the next meeting for the YAC it to be held on March 31st at 7:30 p.m. in the Founders Room at the First National Bank.

The following met on March 17th: Webster, Robert Brown, Elva Martinez, Lou Thomas, Celeste Prugel, Glen Fisher, Sam Perez, Tommy and Bud Whitehead, Diana and Jimmy Condra, Maggie Mesa, Gina Gamez, Judy Webster, Gerry and Bob Harckf.w. Ferrell, Lou McMillion, Reverend David Griffin and Pete Gomez. Student Council representatives from Junior High at the meeting were Jim Cooper, Jessie Guerra and Abel Sanchez.

Gerry Harrell reported that the first dance sponsored by the group will be held on April 10th.

A Finance Committee was appointed: F.W. Ferrell, Bud Whitehead and Jimmy Condra and reports were given were given on various buildings, etc. that could be used for a youth center.

Glen Fisher made a report on the status of the donation of the depot building by AT&SF Railway Company.

Ferrell and Griffin were to meet with Junior High Student Council and Fisher and Webster with the Senior High Student Council to get student input re: the proposed youth center.

## Cancer Society Begins Annual Fund Crusade

The kickoff of the Sutton County Cancer Crusade will be held Thursday at the Founders Room of the First National Bank from 2:30-5:30 p.m.

Mrs. Alvis Johnson, crusade chairman for Sonora and Sutton County, said the purpose of the get-together was for the volunteers to pick up their cancer crusade envelopes.

The public is invited and anyone is welcomed to attend any of the meetings.

A crusade film will be shown by District 4 Field Representative Steve Thompson of San Angelo. Refreshments will also be served.

"Please come and help make this Sonora's most successful year in our Cancer Crusade." Mrs. Johnson said. "We have not failed it for 26 years."

## Blood Drive Scheduled Today At Bank

Do you carry life insurance, car insurance, hospitalization, etc? Do you plan on having a car wreck next week that could result in hospitalization and perhaps requiring emergency surgery? Of course not! But, you insure yourself from these probabilities and many other "just in case you need it."

Unfortunately, statistics prove that one out of every ten people "will" be hospitalized and "will" require blood to sustain their lives. When this occurs, all your preliminary insurance foresight will minimize your expenses but it will not "INSURE" the availability of blood.

Most all surgeries require that blood be on hand, cross-matched and patient ready. Whether the blood is infused or not, it must be available!

Blood cannot be manufactured. There are no "secret recipes". Blood must be given by people. It takes a concentrated effort of volunteer blood donors within every

community to meet patient's blood needs.

How can "we", as individuals and members of communities insure blood availability? Not by reaching in our pockets; for you cannot transfuse a dollar bill. The answer: by taking a little time to donate a pint of "life."

Being aware of blood needs does not solve the problem of blood availability. Being a blood donor, when your community is asked to participate, will help.

Blood drives are set up at many businesses, schools, hospitals and communities every month. These are manned by the staff of United Blood Services and scheduled to make it convenient for everyone to donate.

Your community blood center, United Blood Services, operates seven days a week throughout the year. A non-profit, self-supporting system, it functions on the concept

that blood is a community resource that should be shared-not bought and sold. This voluntary system is constantly striving to meet the ever-increasing blood demands of a service area comprised of thirty-six hospitals within twenty-five counties.

There are some highly recognized diseases that seem to keep some people from donating such as: needlephobia, chickenitis and an unusual and serious medical condition of the back called vertebral yellow streakitis!

If you have not fallen victim of these diseases, are between the ages of 17 and 70, in good health, weigh at least 110, and have not donated within the last eight weeks, you are a potential blood donor.

For the first time donors, the anticipation of donating is normally derived from "the lack of knowledge" concerning the entire pro-

cedure.

In reality, donating blood is a relatively simple process that takes approximately thirty minutes. You will be asked a series of questions concerning your medical history and current health status. Your temperature, pulse, blood pressure and iron level will be checked. The actual blood donation takes about ten minutes-followed by a resting period of another ten minutes and a snack.

Your body restores your blood volume to normal in twenty four hours. The lost red blood cells are replaced within six weeks. To protect the donors, eight weeks must elapse before the next donation to be sure that the iron in your body is not overly depleted.

After your blood is drawn, it is carefully typed and tested for diseases which could be transmitted to the recipient. Should any of these tests indicate the need for medical attention, another service is rendered

by U.B.S. The donor is notified and referred to a physician. You will also receive a blood donor card notifying you of your blood type.

Blood is a tissue and each person has a particular genetically determined blood type. In transfusing blood, the major blood types to consider are A, B, O, AB. Each blood type is either Rh-negative or Rh-positive.

People who are "O-negative" are considered universal donors because they can donate to anyone. Those who are "AB-positive" are universal recipients since they are able to accept blood from anyone.

Blood is the one thing in this world that is a common bond between fellow human beings. When needed to meet an emergency, it can unite businesses, churches, communities and people very quickly. (The sudden realization that to sustain life, voluntary blood must be available, finally hits home.)

Realistically, this emergency motivates donors, but it is after the fact. Once more blood must have already been donated by others to have been available to meet the patient's needs. The donations made by the caring, concerned donors of the patients, will help replenish and insure blood availability for the next recipient.

You will have the opportunity to help insure your community of having blood available by sharing the "gift of life" for those less fortunate than yourself today (Wednesday). Your community blood center staff will be drawing donors at the First National Bank between 1p.m. and 7 p.m.

This Blood Draw is being sponsored by Kappa Gamma-ESA; and as an added incentive, all donors will be eligible for the \$50 cash prize to be drawn at the conclusion of the Blood Draw.

All nine candidates for School Board attended a question and answer session for the public sponsored by the Sonora Chapter of the Association of Texas Professional Educators. Pictured (left to right) are Carl

Parker, Dr. Johnny Fields, Rebecca Martinez, Sam Perez, Frank Gamboa, Scott Shurley, Juquin Rojas, Dede Doran and Dr. Lonnie Pollard.

## First Baptist Church Slates Revival

The First Baptist Church of Sonora has scheduled its annual Spring Revival to begin Sunday at the 7 p.m. evening service and to run through Thursday, April 2.

Dr. Dannel Vestal, pastor of the First Baptist Church of Midland, will be the preacher, and Charles Mathews, also of Midland's First Baptist Church, will be the singer.

Prior to taking his current position in 1976, Vestal served as pastor of Southcliff Baptist Church in Fort Worth for four years and Meadow Lane Baptist Church in Arlington for two years.

He attended Baylor Uni-

versity and received his bachelor of arts degree in 1966, his master of arts degree in 1968 and his master of divinity in 1970 from Southwestern Baptist Theological Seminary.

That year he received the W.T. Conner Memorial Award as the outstanding student in the School of Theology. He received his doctor of theology degree from SWBTS in 1974.

For 1½ years, he taught at the seminary as a teaching fellow and instructor and has conducted over 300 revivals in the United States.

His denominational service includes serving as a board member of the Mexican Baptist Bible Institute

in San Antonio from 1976-78, a board member of the Texas Baptist Standard and a member of the executive board of the Baptist General Convention of Texas in 1979.

He and his wife, Earlene, have two sons, Philip Thomas and Joel Keith, and a daughter, Anne Elizabeth.

Mathews is currently Minister of Music of Music at First Baptist Church in Midland.

He has served formerly on the staffs of First Baptist Church in Spring Branch, Park Cities Baptist of Dallas and First Baptist Church of Marble Falls.

He graduated with a

bachelor and master of music degree from North Texas State in Denton and has also had further study in France and the University of Southern California.

He and his wife, Kay, sing and play together at seminars, conventions and revivals. She is a private piano and voice teacher and specializes in teaching church accompanists the art of improvising.

They have one album available, "Rejoice with Charles and Kay".

Services Monday through Thursday will be held at 7 a.m., 10 a.m. and 7:30 p.m. A nursery will be provided and the public is cordially invited to attend.

## Deaths

**Rube E. West**  
Rube E. West, 74, a former Sonoran, died Thursday, March 19 at St. John's Hospital in San Angelo. Burial was Sunday at 5 p.m. in Ballinger.

His survivors include his brother, Charlie West of Sonora.

## Sonora Minister Speaks

by Rev. Jim Miles

Nelda Mayfield placed the following paper, developed by the blood services folks, in the hands of the Alliance. As a body, we voted to make it available to churches for use as a bulletin insert.

Responsible Christian stewardship must be seen as a wholistic thing-time, money, things, etc. I commend the following document to all and can think of no better way to use this space than to pray that it will lead responsible Christian stewards to give blood on Wednesday afternoon, March 24, at the Founder's Room of the Bank.

Yours in His service,  
Rev. Jim Miles

As Christians, we all are assured the opportunity to achieve life everlasting. However, during our lives here on earth we have few assurances-least of all, the assurance of continued good health.

Our good health is to often take for granted. When we are young, the prospect of experiencing a tragedy, needing an operation or undergoing prolonged hospitalization is barely conceivable. But as we grow up and older these possibilities become more real. In our later years, "good health" becomes a

goal we all strive for.

Expert medical care is a must for a speedy and complete recovery from a tragedy, operation or hospitalization. One important aspect of that health care is an ongoing blood program like the one administered by United Blood Services (UBS) of San Angelo.

United Blood Services furnishes our area hospitals with the fluid of life itself... blood. In addition, this non-profit organization provides specific blood components such as plasma, platelets, and clotting agents which are needed by some patients to save or prolong their lives.

Lifesaving blood and blood products would not be available in our area if it weren't for the unselfish giving of all-volunteer blood donors in our community. It takes a special kind of person who happily interrupts his or her work or family time and gracefully accepts a small amount of physical discomfort. It takes a person with a sharing nature; one who gives without asking for great recognition. It takes a "quiet hero." It takes a Christian. It takes YOU! Christ's teachings are exemplified in the simple act of giving blood. It is one thing we all can do for those less fortunate than our-

sselves, without dipping into our wallets or checking accounts. It is an actualization of our beliefs and a most positive way to dedicate ourselves to an ongoing and worthwhile cause.

The lasting effect of your generous donation is that someone (perhaps a family member, friend, or yourself) will directly benefit. Because you take less than a half hour of your time and

share your good health, a member of your community or a member of your church will be assured that blood and blood products will be ready if they're needed to save or prolong lives.

When you are asked to share life by giving blood; do it. Better yet, volunteer to donate. Life, itself, depends upon your dedication.

## Finklea - Cardwell Engagement Told

Mr. and Mrs. Lawrence Finklea have announced the engagement of their daughter, Marsha Nell, to James McCurdy Cardwell of Austin, son of Walter Cardwell of Center Point and Mrs. Margaret Williams Cardwell of Austin.

The couple has set a June 20 wedding date at St. John's Episcopal Church in Sonora.

The bride-elect, a 1976 graduate of Sonora High School, graduated from the

University of Texas in 1980 where she was a member of Pi Beta Phi and Spooks.

In 1977 she was an ambassador of the Fiesta del Concho in San Angelo and in 1979 she was duchess of the Battle of Flowers in San Antonio.

The prospective bridegroom is a 1973 graduate of Lockhart High School and a 1977 graduate of the University of Texas where he was a member of Phi Delta Theta fraternity.

## Desk and Derrick Club Holds Golf Tournament

The Tri-Cities Desk and Derrick Club's First Annual Golf Tournament was held Saturday, March 21, 1981, at the Sonora Golf Club.

A cocktail party for the participants was held the previous evening at the Sutton County Steak House.

The club would like to acknowledge the outcome of the tournament and those responsible for the success of both the party and tournament.

1st Place Team: Buddy Brown, Tite Bishop, Otis Holt and Bob (Bear) Threadgill; 2nd Place Team: Bill Clegg, Tom Clifton, Ray Hobbs and Ken Nelson; 3rd Place Team: Gary Garlitz, Bill Davis, Charley Andrews and Robert Taylor.

Pete Kinney won closest to pin and Kenneth Minitra won the set of clubs.

Also entered were: David Nadrchal, Ralph Crownover, Don Grider, Ralph Haney, Jack Lee, Sammy Hodges, John Dodd, Albert Fowler, Erasmo Lumbreras and Jerry Williams.

Special thanks to David Nadrchal for his time, advice and assistance for the party and the tournament.

Donations were given by: L.P. Bloodworth, Sutton County Steak House, Tim's Liquor, The Devil's River News, James Duke, The Jug, PM Office Supply, Nelson Stubblefield, Well Head Safety Control, Tedford Jewelry, Modern Way

Grocery, Oil Patch Anchor Service, Food Center, Pearl's Pizzeria, The Sonic Drive-In, Herchel's Foodway, CRC Wireline, Kerbow Furniture, Bill Harle, Robert Brown and the Thompson Bros., whose services were donated to cook the meat for the Bar-B-Que after the tournament.

# Political Announcements

## Frank Gamboa School Board Place 2

Citizens of Sutton County:

I am a candidate for the school board in the upcoming election April 4.

Having lived here six years, I came from Edinburg where I attended schools. I am presently employed with Dresser Atlas as a completion engineer.

I have been active in several organizations. I am a member of the West Side Lions Club. I am past president of the Sonora Little League and have managed and coached Little League for the past six years.

I am married to a former Sonora High School graduate, Sylvia Duran Gamboa, and we have a two-

year old son, named Gaston.

After much thought I decided to run for a place on the Sonora School Board.

Sonora has an excellent school system due to our teachers, students and the people of our community all working together.

I feel that no one family can expect the school to conform wholly to its ideas. Our public schools were established for all the children of all the people.

I welcome the opportunity to visit with each and every one of you and welcome your comments and suggestions.

Your vote will be greatly appreciated.

Frank Gamboa

Frank Gamboa

## Salome (Sam) Perez- School Board Place 2

For the past three years I have been a member of the Board of Trustees of the Sonora Independent School District. It has been a learning and rewarding experience.

With this experience, I have decided to seek reelection for another term in Place 2. As a lifelong resident of Sonora, I am active in the American Heart Association, treasurer of the Westside Lions' Club, member, treasurer and song leader of the Primeria Iglesia Bautista Church, vice-chairman of youth-activities committee of the Chamber of Commerce. I have helped the Cub Scouts, Little League and the Senior Citizens' Center. Presently, I serve as president of the school board.

In the three years I have served on the school board, I proudly point to the following accomplishments by the board: completion of the Vocational Building, new Junior High school, renovation of the old gymnasium, construction of new field house, and improvements at the new football field. During my term in office, salary increases have been given to the faculty, administration and auxiliary personnel. All these factors have helped to attract the best possible personnel and to keep those already employed.

The academic achievements and honors won by the Sonora schools have been outstanding. Our school system faces many problems and challenges in the future, but with moderation, understanding and restraint in making quick and decisive decisions, we will help insure our children have the best possible education.

I believe that I have the

experience to be a more effective board member in the future if re-elected. I will continue to be open, honest and available to all. I represent all the people-not just a selected few.

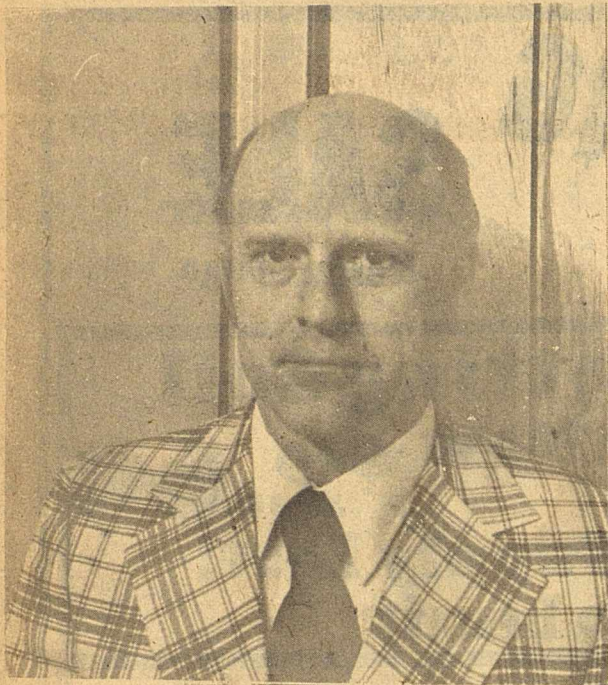

I own and operate Perez Barber Shop. My wife, Fela, and I have two sons, Sammy and Peter, and two daughters, Yvonne and Ruth.

Your support and vote will be appreciated. Thank you,

Salome S.(Sam) Perez Jr.

Salome (Sam) Perez

Dr. Lonnie Pollard

## Dr. Lonnie Pollard School Board Place 3

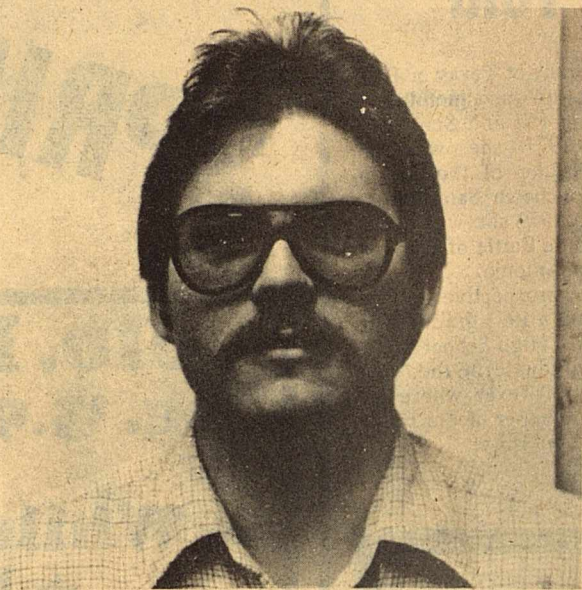

To the voters of Sutton Co. and Sonora:

Dr. Lonnie M. Pollard has announced his candidacy for Place 3 in the Sonora Independent School District Trustee election on April 4th.

He is the son of a rancher

with family ties going back several generations in this area. His mother graduated from Sonora High School and his great grandfather helped establish Ft. McKavett.

Cont. P. 5 A

Matt Davenport

## Matt Davenport City Council

To the citizens of Sonora: I am a candidate for City Council of Sonora.

I am a 1972 graduate of Sonora High School, a member of the Board of Directors of the Downtown Lions Club and a member of Dee Ora Lodge 715 A.F.

and A.M. of Sonora.

I am married and have two children, three-year old David and 11-month old Stefany.

My wife, Pam, and I decided to make Sonora our permanent residence in 1978. Since that time, I have seen many changes take place in Sonora. In the future many more changes will take shape to meet the demands of our continuous growth in population and our persistent updating of the City facilities.

In our present "day and age" a change in lifestyles and a change in government is popular, but "change" is only necessary when our present system is not effective.

I believe we have an effective city government and will continue to have one as long as the people of Sonora express their viewpoints and individual needs to the members of the Council and also understand the decisions and limitations of the Council.

A candidate that stands for a change in city government?.....

No, I'm not a candidate for change, but instead, a candidate that believes, along with others, in continued, active participation in the decision making process for the City of Sonora.

Rhonda Gulley

Maria Santos

Elsa & Rebecca Martinez

Gail Gade

Maura Weingart

Roberta Garrett

Diana Trainer

Janice Holt

Norma Love

Dr. Pollard attended Menard High School, Texas Tech and graduated with a DDS degree from Baylor Dental College in Dallas in 1964. He is a member of the San Angelo Dist. Dental Society, the Texas Dental Association, American Dental Association and Texas Academy of General Dentistry.

Dr. Pollard and his family have lived in the city of Sonora for 10 years and his children have been active in band and sports. He is past president of the Sonora Band Boosters, past president Sonora Lions Club and current president of Bronco Football Boosters.

He relates "Our community should be proud of our school kids. I have traveled many miles on trips with them and have not seen a finer, more clean cut, well-mannered bunch of young people anywhere. We also have a great bunch of teachers with a lot of talent. I would like to see them have the opportunity of feeling represented and supported at all levels. We have seen some of this the past year at the high school level and it has really made a difference.

Our school system is going to pull through this time of muddy water we are in now and emerge on the other side as one of the finest class 3A schools anywhere. We have the raw material in the students, the talent of the teachers and the resources of the community--that's a great combination.

If elected, I would welcome your ideas and input to help make this possible. I will work with the ranchers, the oil industry and with local businessmen and residents of Sutton Co. to help insure that The Stockman's Paradise continues to be a great place in which to live and educate children. Thanks for your support."

## Matt Davenport City Council

Cont. from P. 4A

I urge you to go to the polls on April 4 and exercise your right in the decision making process of electing effective candidates.

Thank you, Matt Davenport

### Andrew Dickason Participates In "Team Spirit 81"

Navy Radioman Seaman Andrew J. Dickason, son of James R. Dickason of 318 E. College, Sonora, is participating in exercise "Team Spirit 81" in Korea.

He is a crewmember aboard the tank landing ship USS Barbour County homeported in San Diego. "Team Spirit 81" is a joint training exercise involving military forces of the U.S. and Republic of Korea. More than 160,000 personnel are involved in the month-long exercise which includes various naval training maneuvers and a major amphibious landing.

The Barbour County is 522 feet long, carries a crew of 223, and can accommodate more than 350 Marines for amphibious operations. The ship is specially designed to transport tanks, other heavy vehicles, engineer equipment and supplies that cannot be landed by helicopters or landing craft.

Dickason joined the Navy in December 1977.

### Jane Smith Hosts Fireman's Auxiliary

Jane Smith was the hostess for the Fireman's Auxiliary March 10. A business meeting was held and the Coleman convention, scheduled April 11, was discussed.

The group played 42. Winners were Frances West, 84; Nova Olenick, high; and Trevlin Luttrell, low.

Others present were Melissa Teaf, Donna Keese, Linda Odom, Betty Smart, Vicki Preston, Connie Malik, Barbara Lowrance, Jean Humphreys and Jinx Taylor.

Peggy Wallace

### Happy Homemakers Met Last Friday

Refunding has taken the country by storm as a very popular, profitable hobby.

The Happy Homemakers Extension Club met in the home of Barbara Arendt, March 20 to learn more about couponing and refunding.

Cheri Donaho presented a most informative program entitled "There's money in your pantry".

After raiding the hostess' pantry, which delighted the eleven members and surprised Barbara, she displayed products with current coupon and refund specials.

Cheri enthusiastically showed the group how to look for, save and use coupons. She also related how much money can be made by refunding.

Cheri shared her system with the club and encouraged everyone to take advantage of the money in their pantry.

Anyone interested in organizing an informal couponing and refunding club to exchange coupons and refund forms is encouraged to call Cheri Donaho at 387-2082.

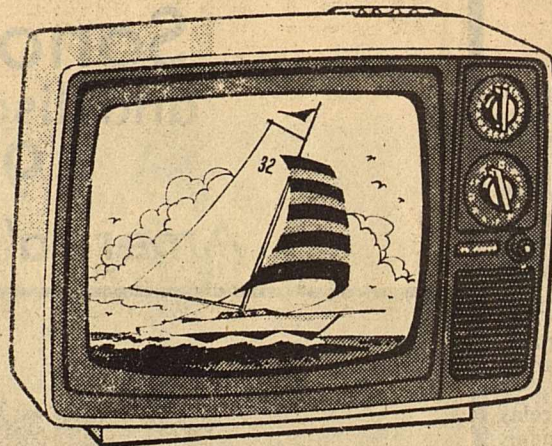

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

Welcome to our

# Colts Win Four Track Trophies

Sonora Junior High track teams played rude hosts as both boys' team won the championship and both girls' teams took second place in the Colt Relays last Saturday.

The eighth grade boys got their first victory of the year after two close seconds, amassing 157 points.

The Colts got victories from Scott Miller in the long jump and 300, Jessie Guerra in the high jump and Jose Escalante.

The eighth grade girls had their strongest performance of the year as they got 101½ points to finish second behind Wall with 141.

Their only wins came from Leah Evans in the 100 and high jump and Reyes in the 300.

The seventh grade boys got their second win in a row as they piled up 163½ points to easily outdistance the rest of the field.

Their wins came from Rodney Speers in the long jump and 100, Esau Ramirez in the pole vault, John David Martinez in the low hurdles and both relay teams.

The seventh grade girls also had their best performance as they garnered 122 points behind Ozona's 140.

Their two triumphs both came from Bonnie Jackson in the discus and 300.

All the Colt teams will be competing at Ozona Friday.

## Other Results

Continued.

Next Week

Tonya Evans, third from left, finishes her preliminary heat of the hurdles to qualify for the finals where she claimed first place. The Sonora girls had their best effort of the year, finishing third with 100 points.

## Netters Get Wins At Ozona

Mike Penalver took second place in boys singles while Mary Hanna and Cody Gold took third place in girls doubles to highlight the Sonora effort at the Ozona Tennis Tournament.

Junction easily captured the team title, winning the championship in three of the four divisions.

Penalver opened with a 6-2, 6-4 defeat of Lance Wright of Junction then eased by Warren Marray of Crane, 6-4, 6-3, and Gary Smith of Ozona, 6-3, 6-4 to gain a berth in the finals where he fell to Ward

Broyles of Junction, 6-3, 6-1.

Gold and Hanna got an easy 6-2, 6-1 win over Lee and Wilton of Ozona in the opener, but were upset by O'Harrow and Logan of Eldorado in the second round. In the third place game, they blasted Clayton and Marley of Ozona, 6-2, 6-4.

She dropped her next match to Vicki Shaheen of Junction, 7-5, 6-2, then fell to Gloria Gonzales of Crane 6-3, 6-0.

Angela Green fell in her singles opener to Glenda

Page of Junction, 5-7, 9-7, but won her second round over Robinson of Eldorado, 6-0, 6-3, before being ousted by Mada Newby of Garden City, 6-4, 7-5.

Jane Penalver and Marilyn Fielt fell in their opener to Hillhouse and Winans of Lakeview, 6-4, 6-1, then were downed by Hatfield and Huges of Crane, 6-4, 6-4.

David Martin opened his bid with a 6-1, 6-1 victory of Jerry Salazar of Lakeview, but fell to Ed Willoughby of Eldorado in the second round, 6-1, 6-2.

Lee Burch and Armando Martinez handily won their opener over Winkley and Sinclair of Ozona, 6-1, 6-1, then were edged in the second round by eventual champions Dobbins and Johnston of Junction, 7-6, 4-6, 6-3.

Eric Neal and Steve Jennings also won their opener, a 6-1, 6-4 pasting of Leal and Wilton of Ozona, but were downed in their second round game by the eventual runner up team, Turner and Kingston of Junction.

The Broncos will be hosting the Sonora Invitational Friday beginning at 8 a.m.

# Broncos Take Fifth In Local Tournament

The Bronco golf team place a respectable fifth with a team score of 339 while Iraan took the title in the Sonora Invitational last Tuesday.

Daryl Burtshell of runnerup Comanche took medalist honors with a 74, followed by Kevill Bailey and Joe Sconiers. The Iraan duo finished at 76 and

77 respectively to pace their Braves to the team championship.

Wade Hopkins' 82 paced the Broncos followed by DeVoe Smith at 83, Johnny

Doan at 86, Rick Powers at 88 and Myron Halford at 90.

The Sonora junior varsity placed ninth in the 12 team field with Kevin West at 89, Drew Wallace at 96, Timmy Doan at 97, John Pollard at 114 and Jeff Brittain at 116.

Team scores and their order of finish included Iraan, 323; Comanche, 330; Crane, 335; Kermit, 337; Sonora, 339; Brady, 356; McCamey, 369; Ozona,

392; Sonora JV, 396; Robert Lee, 408; Junction, 413; and Ballinger, 440.

In a comparison of District 8-AAA teams, Comanche was first with Sonora in second, nine strokes back. Brady was 26 strokes off the pace while Ballinger fell 110 behind.

The Broncos played in the Brady Tournament Monday and returned to Brady next Monday for the first round of district play.

## Netters Blank Ozona

The Sonora High School tennis team emerged totally unscratched as they completely swept Ozona in a dual match last Tuesday, winning all 13 contests.

In girls singles, Angela Green downed Marley, 6-2, 6-3, Fan Friesse beat Falkner, 6-3, 6-3, Marilyn Fielt blasted Couch, 6-0, 6-1, and Noemi Samaniego handled Reavis, 6-2, 6-2.

The boys singles were equally expressive as Mike Penalver eased by Dale Perry, 6-2, 6-2, David Martin squelched Adams, 6-2, 6-1, Larry Jennings clobbered Winkley, 6-0,

6-2, and Steve Jennings almost blanked Bendley, 6-0, 6-1.

In girls doubles Cody Gold and Mary Hanna nipped Marley and Clayton, 7-5, 6-4, and Jane Penalver and Rosemary Dominguez swept Lee and Wilton, 6-2, 6-4.

In boys doubles, Armando Martinez and Lee Burch trounced Warren and Smith, 6-1, 6-4, Steve Jennings and Eric Neal pasted Wilton and Sinclair 6-1, 6-0, and Edmond Martinez and Miles Miller overcame Gonzales and Leal in split sets, 4-6, 6-3, 6-0,

## Dropped Baton Costs Colts Junction Win

Problems on the sprint relay for the third week in a row cost the Sonora eighth grade boys a chance at the championship, this time at the Plateau Relays in Eldorado.

Last week a false start in Junction disqualified the team and knocked them from title contention. This time a dropped baton did the same as the Colts finished in second place with 80 points behind Menard's 88.

Jose Escalante set another meet record in the 1,200-meter run with a 3:41.8 performance, breaking the old standard by 10 seconds.

Phillip Vargas finished second in the event at 3:46, also bettering the old mark.

Jessie Guerra nabbed the only other victory with a 30.6 effort in the 210-meter low hurdles.

Ricky Mesa added a second place finish in the 200, while Scott Miller did the same in the 300. Victor Lira was fourth in the 300.

Mesa also took second in 600 at 1:34.7, followed by Guerra in fifth and Vargas in sixth.

The 1,600-meter relay squad of George Gander, Guerra, Lira and Miller added another red ribbon in 2:48.

The other Colt points came from Mesa, fourth, and Chad Stewart, sixth, in the 100-meter dash.

The Colts will be hosting the Colt Relays Saturday at Bronco Stadium.

## Bronco Boys Take Second, Girls Third

# Ozona, Eldorado Capture Bronco Relay's Titles

Although a lack of depth kept the Sonora teams from making the Sonora teams from making a real run at the title, they all showed considerable improvement over past performances in the Bronco Relays last Friday.

Chandler's 2:07.4 in the 800, but still accumulated 95 1/2 points to take second place behind champion Ozona with 192 points. Allen tied for first in the long jump with Ozona's Larry Payne, but had to settle for second place on the basis of the best second

jump. Mark Doan added a fifth place in the pole vault at 11-6 while Hector Samaniego took sixth in the discus to round out the field event points.

The sprint relay team took third at 45.7 and the 1,600 relay got second in

3:37.4. Tony Garza and Zeke Ramos gave the Broncos a 3-6 finish in the 3,200 and Tom Schabel added to Chandler points in the 800 with a fourth place effort. Cades Pope took second in the 100 while Joe Longoria was fourth.

Doan, Frankie Gonzales and George Sanchez gave the Broncos 15 more points with a 2-3-6 effort in the 400.

Charlie Carroll's 42.8 in the 300-meter intermediate hurdles was good enough for fifth place Tony Garza was clocked in 5:03.1 for fourth place in the 1,600.

Mike Phillips and Longoria added fifth and sixth place finishes respectively in the 200 to round out the Sonora scoring.

**Varsity Girls**  
The Sonora girls, having apparently shaken some of the injury jinx that has plagued them all year, finished in third place with 100 points, their strongest effort of the season.

Paula Friess and Jessica Robledo finished 1-2 in both the long jump and triple jump while Tonya Evans added the only other victory with a win in the 100-meter hurdles.

The 400 meter relay took second at 52.9 as did the 800-meter unit at 1:48.4. The 1,600 meter squad finished third at 4:15.4, their best of the season.

Other points came from Kristi Hill, sixth in the long jump; Casey Crites, fourth in the 100-meter dash; and Patsy Duran, fourth in the discus.

**JV Boys**  
The junior varsity boys finished third with 92 points behind champion Eldorado.

Arthur Adama got the only Bronco victory with an 11.9 clocking in the 100-meter dash. Eugene Gonzales took fifth in the event. The pair finished fifth and sixth in the 200.

Another strong finish came in the 110-meter hurdles where Marney Sorenson finished second ahead of Espy Whitehead in third.

Sorenson added a fourth place in the high jump while Whitehead added a sixth in the long jump.

Billy Holland captured second in the shot put and Rodney Jones was fourth in the discus.

Mike Polocsek took second in the 400 and Jummy Gonzales was fifth in the

800. Rene Porras rounded out the Bronco points with a fourth in the 1,600.

The trackster will be competing at Ozona Saturday.

## Public Notice

### Public Notice of Tax Exemptions Available To Homeowners

The Sutton County Appraisal District tax office is currently accepting applications for residence homestead exemptions. The deadline for filing is April 1, 1981. Applications should be filed as early as possible to avoid inconvenience to the homeowner.

Two types of homestead exemptions from school taxes are available to taxpayers who owned their residence homesteads in this school district on January 1 of this year. First, the general homestead exemption is available to all homeowners and exempts \$5,000 from the market value of the homestead.

Second, any person who is 65 years of age or older or who is disabled can be exempted an additional \$10,000 from the market value of the homestead. Proof of age or disability may be necessary.

"Disabled," in this case, refers to the definition found in the Federal Old-Age, Survivors, and Disability Insurance Act under the Social Security Administration. Disability is defined as inability to engage in any substantial gainful employment which exists in the national economy, or, in the case of someone who is 55 and blind, inability by reason of such blindness to engage in the employment in which he was previously engaged. The person claiming disability does not necessarily have to be drawing benefits from Social Security.

Homeowners age 65 or older who apply for their exemption will be granted a tax freeze. If application is not made, the tax freeze will be lost for this year.

Application forms were mailed earlier to all homeowners who qualified for a homestead exemption in 1980. If you did not receive an application, or if you have questions about qualifying for exemptions or filing application forms, contact the Sutton County Appraisal District tax office at 387-2809.

Application forms may also be picked up at the tax office at 222 N.E. Main St. 2220

soners' Court, Williamson County, P.O. Box 506, Georgetown, Texas 78626, will be received until 10:00 a.m. Monday, April 13, 1981 for the leasing for oil, gas and mineral rights of the Williamson County Permanent School land located in Sutton County, Texas.

The Williamson County Permanent School land available for lease is described as follows:

Sutton County Abstract Nos. 780-786. Survey Numbers 1-7. Original Grantee Williamson County.

Sutton County Abstract Nos. 791-795. Survey Numbers 14-18. Original Grantee Williamson County.

Sutton County Abstract Nos. 773. Original Grantee Williamson County.

Sutton County Abstract Nos. 776-778. Survey Numbers 31-33. Original Grantee Williamson County.

One-half (1/2) interest in the following described lands situated in Sutton County, Texas:

1140.575, 16-17; 571.1141, 27-28; 731.1114, 55-56; 734.1112, 61-62.

The lands is to be leased for a period not to exceed five years. Bidders may bid on any or all of the land and are requested to state the number of acres on which they are bidding and state a description of the acres on which they are bidding.

The Commissioners Court reserves the right to accept or reject any or all bids received.

Please mark your bid "OIL, GAS AND MINERAL BID: Maps and patents of the land may be seen in the County Auditor's office in Georgetown, Texas. Additional information may be obtained from the undersigned.

## To The Voters of Sutton County!

On Saturday, April 4, many of you will go to the polls to elect three members of the Board of Trustees of our school district, and as one of the candidates, I am using this letter to ask for your vote and to tell you why I want to serve.

First, as a life-long resident of Sutton County, I have both past and future pride in our school system. Past because I went through the public schools of Sonora myself; future because of my own children, one already in school, the other soon to start. I want my children to get the best possible basic education, and am convinced that Sonora is the best place to do that. With community support of our highly qualified school staff and Building Principals, there is no reason why Sonora can't be the best school system in West Texas within a very short time. I want the opportunity of helping to bring this about.

Those of you who know me know that I am outspoken person, not afraid to stand up for issues and rights that I believe in. Among these are a first class education for all our children, and fair treatment for school district personnel. As a member of the board for the past year, I have never hesitated to question an issue when it needed questioning, nor to defend the rights of taxpayers and of employees when they needed defending.

The lack of communication between the board and the public has been an area of concern to me. I strongly feel that a line of communication should be opened and utilized, and that community input be considered when controversial issues should arise from time to time. I would welcome your getting in touch with me at any time when you have questions or need information. By all means, plan to attend a board meeting to get a better idea of how your school district is run.

Thank you for taking the time to read this letter. I would appreciate your vote for Place 1 on the Board of Trustees on April 4.

Sincerely yours,

John W. Fields D.V.M.

Pack 19 will have a pack meeting Thursday at the park by the 4-H Center beginning at 6 p.m. All Cub Scouts and their families are urged to attend.

# Kappa Gamma Names Outstanding Members

Marlene Evans

Kappa Gamma Chapter of ESA has named its two outstanding members for the year.

Marlene Evans was voted Kappa Gamma's 1981 Most Outstanding member.

"She is constantly getting involved in everything that crosses her path," another member said. "We have come to find that her vocabulary does not contain the word 'no'."

She not only volunteers her time to ESA, but is also active in the promotion of Sonora, the health and welfare of our senior citizens and well-being of our youth.

She is married to Coach Roy Evans and has three daughters, Tonya, Leah and Dana. She is employed by J&L Contractors.

Kim Cole was voted Kappa Gamma's 1981 Most Outstanding First Year Member.

Her devotion to ESA and its ideals are evident to daily as she is always around to lend a helping hand to anyone in need.

"She has proved to be quite an asset to us," the member said. "Leadership is only one of her many abilities." She is married to Tim Cole and is presently employed by Jimco.

Kim Cole

## Letter To The Editor

I am tired of hearing people complain about the new dog catcher. Maybe after they read this letter, they may be glad that the man is doing his job.

Several weeks ago our 4 1/2 year old daughter was bitten by our neighbor's dog. The dog came into our yard and got into a fight with our little puppy. When our daughter reached down to rescue her puppy from the fight, not knowing that she was in danger, the neighbor's dog ripped her lower lip. We thank God that she was not hurt any worse, but she may have to have plastic surgery.

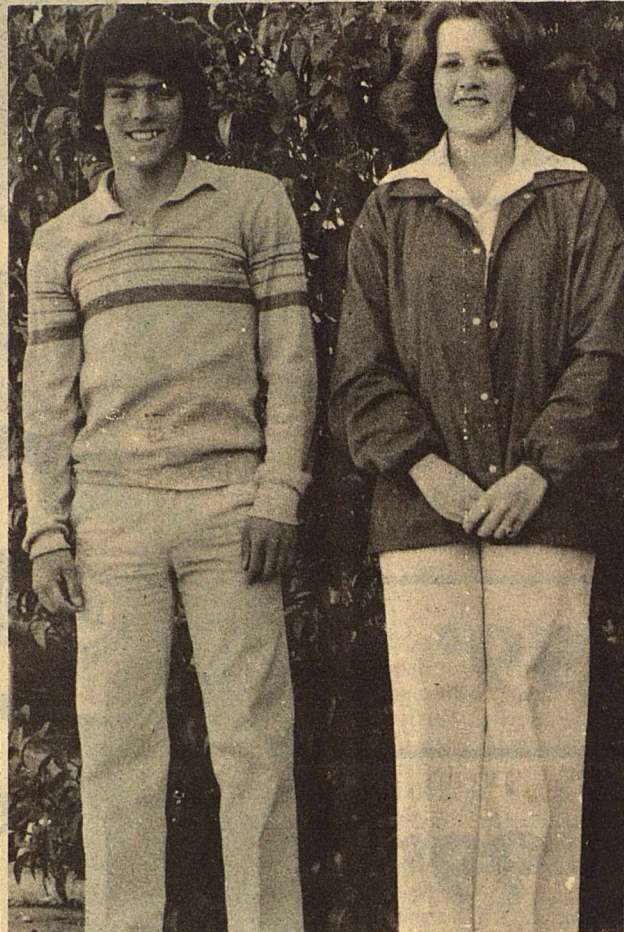

We tried to get this dog put to sleep, but we have to go through a court battle to get that done. Needless to say, this same dog has been on the streets twice since biting my little girl. Legally we can do nothing but call the dog catcher, while illegally people let their animals roam the streets, many of them being highly dangerous. We have an average of five dogs a week that venture into our yard, most of them wearing tags.

The tags just prove that they are owned, but their fine owners don't seem to give a care where they are. Maybe we are locking the wrong "animals" up.

I am sick and tired of animals roaming through my yard. I intend to call the dog catcher everytime a stray comes in my yard, tags or no tags; but no animal is going to get a second chance at my children. If the dog that bit my girl comes in my yard again, he is dead on the spot. Many people may think that this is cruel, but "cruel" to me is what happened to my little girl. Besides, if that stupid dog had been home where it belonged, my child would still be whole.

If anyone out there still has complaints about keeping their dogs put up, I cordially invite you by my house to see my little girl's mouth. I would not want it on my conscience, that my dog had scarred a child because of my neglect, stupidity, and irresponsibility.

# Sutton County Ranch News

At right, ranchers inspect animals during the annual Ram Test Field Day and Sale at the Sonora Experiment Station. At left, bidding keeps the crowd attentive during the auction. A Toots Hutton ram was the highest seller of the day bringing \$6,400 from Clinton Hodges of Sterling City. A James Hunt ram was purchased by TAES for \$5,200 and another Hunt animal was bought by Carl Esser of Brackettville. The 37 rambouillets sold brought a total of \$56,900, an average of \$1,537.84. Three suffolks bought at the sale totaled \$1,600, an average of \$533.33.

## Calf Roping & Barrel Race To Benefit West Texas Boys Ranch

Reba McEntire, a McAlistler, Oklahoma Cowgirl and country and western recording artist on Mercury Records, will be the feature attraction at the Saturday night dance, March 28, in Fort Stockton as part of the 2nd Annual Sul Ross Calf Roping and Barrel Race to benefit West Texas Boys Ranch.

Reba comes from a ranching, roping, and singing family. Her daddy, Clark McEntire, and brother Pake, both being outstanding steer and calf ropers, and Pake besides being a top-notch roper also sings along with Reba at rodeo appearances.

This year's Sul Ross Roping and the Annual West Texas Boys Ranch match

roping have been combined to make one of the biggest calf ropings, barrel races, and match ropings in West Texas.

The 12 calf match roping will feature head to head competition between top college roper Mack Altizer of Del Rio and top professional roper James Owens of Sheffield. 70 calf ropers will also be roping four calves each with the winner to receive a trophy buckle and saddle plus his winnings.

A two-go WPRA approved barrel race will attract the nation's top barrel racers with the winner receiving a trophy buckle and a saddle plus her winnings.

The barrel race begins at 9 a.m. Saturday and Sun-

day. The roping starts at 1p.m. each day in the Pecos County Coliseum in Ft. Stockton. There will also be a dance Friday night with the Texas Time Machine of San Angelo and an auction during both dances in the exhibit hall beside the coliseum.

All proceeds raised at the Sul Ross Roping and Barrel RACING will go to benefit West Texas Boys Ranch in San Angelo, Texas, a non-profit organization supported entirely by freewill, tax deductible contributions and donations from a concerned public. West Texas Boys Ranch has cared for more than 900 homeless, dependent, and neglected boys since 1947.

## Tax Provisions Explained

Taxing farms and ranches according to their agricultural use rather than their fair market value can mean substantial savings to farm families on the death of the landowner.

Savings in estate taxes can be as much as 50 percent for those that qualify, said Dr. Lorence L. Bravenec at an Estate Planning Seminar held recently at Texas A&M University. The seminar was sponsored by the Texas Agricultural Extension Service of the Texas A&M University System.

The opportunity for farm and ranch families to reduce their estate taxes came about with Internal Revenue Code Section 2032 A enacted in 1976. The law set forth provisions for special use valuation for farms and ranchers. Purpose of the provision was to help family farms survive financially and not be taxed out of existence, noted Bravenec, a Texas A&M professor of accounting.

For an estate to qualify, numerous requirements must be met:

1. The property must be used actively for farming or ranching.
2. The owner or a close relative must be actively involved in working the property.
3. The owner must have some "risk" involved or have an "economic inter-

est" in the operation.

4. The property must pass from the decedent to a close relative.
5. It must be owned and used for agricultural purposes at least five years before the decedent's death.
6. The owner or a close relative must be paying self-employment tax and must work the land full-time or do all necessary work if less than full-time. In addition to these requirements, there are numerous other factors involved in establishing a farm or ranch estate for special use valuation, noted Bravenec. A landowner that is interested in this special IRS treatment of agricultural land should contact his tax lawyer or accountant for further details.

### Windmill Course Offered At ASU

April 6-10 are the dates for a water-pumping windmill course which will be offered at ASU's Management, Instruction and Research Center.

The week-long session is open to ranchers and farmers who use the windmill as a source of energy. Program sponsor is the division of Adult and Continuing Education.

Registration fee is 125 per person and includes daily lunches, materials and supplies. Enrollment

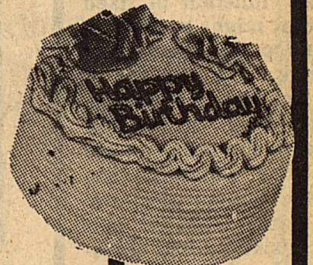

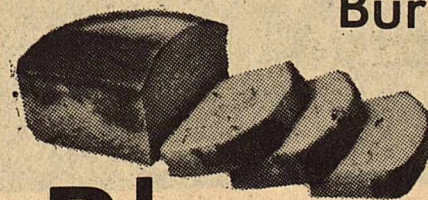

will be limited and interested persons are urged to sign up as soon as possible. The ACE office is located in the Houston Harte University Center and the mailing address is P.O. Box 11022, ASU Station, San Angelo, Texas 76909. The phone number is 915/942-2339.

Stan Anderson, windmill specialist for the Wind Baron Corp., in Scottsdale, Ariz., will serve as course instructor. He has previously taught two courses for the ACE program.

# Masons Explain Organization

Members of the oldest, largest and most widely distributed fraternal society are called Masons or Freemasons. It has a secret ritual. The title of the order is Ancient Free and Accepted Masons (A.F.&A.M.). The Masonic order is founded on and professes the practice of social and moral virtue, charity, brotherly love and mutual as-

sistance, and truths are impressed on the members. The fraternity is non-sectarian and non-political. One of the requisites for membership is belief in God as the Great Architect of the universe. The order maintains no benefit or insurance features; all charity by members is voluntary.

The fraternity has a series of rituals or degrees, several grades of officers and secret signs and passwords by which a member may make his Masonry known to other members.

In 1960 there were more than 5.5 million Masons worldwide with 4.1 million of the number members of 15,839 lodges in the United States.

The Blue Lodge, also referred to as Ancient Craft Masonry, Ancient York Masonry or Symbolic Masonry, consists of three primary degrees through which every Mason must have passed.

The degrees are Entered Apprentice, Fellowcraft and Master Mason. It is only after becoming a Master Mason that a member enjoys the full benefits and privileges of the Order. Recipients of higher degrees must maintain their

membership in a Blue Lodge. Dece Ora Lodge 715 A.F. & A.M. in Sonora is a Blue Lodge and operates under the jurisdiction of the Grand Lodge of Texas located in Waco.

The Grand Lodge maintains and is the sole supporter of the Masonic Home and School in Fort Worth. The Masonic Home and School is a school for orphans of Masons. In order to be admitted in the Masonic Home and School, a child must be the son or daughter, grandson or granddaughter of a Master Mason.

## 4-H Clothing Leaders To Meet For Training

All 4-H clothing leaders are reminded of a clothing leader training meeting on Friday, March 27 beginning at 4 p.m. at the County Extension office.

During this meeting, training will be given on the use of the 4-H clothing project leaflets. Interested persons are welcome to come.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex or national origin.

# Chamber Chatter By Lou Thomas

One of the new Red Carpet Committee members is Mary Anne Shurley who lives on the Owensville Route with husband Scott and Kristen, one year old.

Mary Anne moved to Sonora from Midland and graduated from Midland High School. She is a South West Texas State University graduate and has B.S. in Elementary Education.

Volunteer work includes 4-H, Vacation Bible Schools (Methodist, Episcopalian & Presbyterian), and she is a

member of the Sonora Womens Club, Eastern Star and Extension Homemakers. Her religion is Catholic/Methodist and she enjoys sewing, cooking, traveling, and working with children.

Mary Anne's favorite novel is 'Gone With The Wind' and favorite singer is Barbra Streisand.

On Sonora (social and cultural achievement): 'Continual support of the new community theater and more stimulated interest for our local museums'.

Mary Anne is welcomed to the committee by the Red Carpet Committee and the Chamber of Commerce membership.

Friendly face around town last week was Les Robertson of the Food Center grocery.

About two weeks left to buy tickets to the annual Chamber of Commerce banquet, set for April 9th at 7 p.m. in the junior High Cafeteria.

Nancy Johnson of the Photo Ranch is the first merchant to place certifi-

cate with the Newcomers Packet from the Chamber of Commerce. Merchants are reminded that a certificate/discount coupon, no larger than legal size envelope may be left at the C of C office for inclusion in the Newcomers Packet.

Mary Jean Hamilton, Mary Anne Shurley, Lilia Gonzales and Nancy Johnson will be selling tickets to the annual banquet on April 9th at Jr. High Cafeteria at 7 p.m.

## Sutton County 4-H And Youth Committee To Meet

The Sutton County Extension 4-H and Youth Committee will meet Monday, March 30 at 7 p.m. at the 4-H Center.

All committee members and interested persons are reminded to attend.

The group will review activities from last year and

make some plans for the 1981 year.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex or national origin.

## FAA Site Purchases New Radar

The Federal Aviation Administration's Southwest Region commissioned the first of a new generation of long range air traffic control radars March 4 at Sonora to improve service to pilots flying over a wide area of the southwest part of the state.

The new air route surveillance radar (ARSR-3) incorporates many advanced design features that improve detection of both large and small aircraft as well as reduce false radar return. Additionally, solid state construction and built-in test and monitoring equipment make the new radar more reliable than other existing models and reduce maintenance time and costs.

The ARSR-3 which has a range of 200 nautical miles and can detect aircraft up to 61,000 feet, will feed data to both the Houston and Fort Worth air route traffic control centers. These centers control aircraft operating under instrument flight rules between airport terminal areas.

FAA has purchased 27 ARSR-3s for \$44 million from the Westinghouse Electric Company of Baltimore. Delivery is being made over a 24-month period.

Four of the new radars are mobil units that can be moved into place to take over the function of fixed units that might be put out of service by storms or accidents. The antenna of these units is designed to operate from a flat-bed truck with the radar equipment in a separate van.

At the Sonora site, the fixed station ARSR-3 actually consists of two cross-connected radars using the same antenna. The two beams operate on different frequencies which serve to improve aircraft detection.

Computer processing techniques are also utilized to enhance the reflected radar signals. This has the effect of minimizing false radar signals caused by storms, terrain and electronic interference.

In addition, the equipment has the capability to display the outlines of storms and other weather phenomena on radar scopes without obscuring aircraft targets.

# To My Friends And Neighbors In Sonora And Sutton County

As an outgoing board member, I would like to take this opportunity to thank the the Voting Citizens of Sutton County for their support in the past ten years. This is also a good time to reflect on the accomplishments of the district in the past seven years under the guidance of the Superintendent, Dr. Joe Andrews.

In 1974-75, when Dr. Andrews came here, one of the first things he did was to sit down and evaluate where the school was and what needed to be done. He concluded that the following six services were needed:

- Improved Jr. High School program
- Public school music teacher
- Expanded vocational program
- Counseling and guidance services
- Expanded special education services
- Remedial reading program at the elementary level

1. There were no electives in Junior High except athletics and band.
2. There was no librarian in the Junior High School; an English teacher was given one hour of released time to manage what few library books there were.
3. There was 1 public school music teacher in the entire school system.
4. There was no Vocational Homeec. program; no D.E.; no C.V.A.E.
5. There was no school counselor in the school.
6. There were two special education teachers—one for elementary and one for junior high and senior high; there were no aides and no speech therapy teacher in the special education program. There was no one to work with the hard of hearing students and no one to work with the severely handicapped.
7. There was a Title 1 reading teacher and one aide at the junior high level. There are now programs for remedial reading in junior high, grades 4-5, grades 2-3; each teacher has an aide. There is now an aide who, under the supervision of the junior high teacher, works with high school students who have a need for remedial reading.
8. We now have two public school music teachers—one for elementary and middle school students, and one for junior high and high school. There is now a high school counselor. There was one part-time one at high school level.
9. There is now a High School, counselor.
10. There is now a junior high librarian.
11. The following facilities have been renovated or added:
  - a. Remodeled auditorium
  - b. Remodeled gymnasium
  - c. Remodeled two basement rooms in the middle school building
  - d. New building where special education, speech therapy, and Title 1 Reading classes now meet
  - e. New Junior High Building
  - f. New Field House added and old building enlarged
  - g. New Track
  - h. New Bus Barn
  - i. Two new houses where Middle School Principal and Director of Instruction live
  - j. Purchased house where Cassells live on Allen Drive
  - k. Purchased Hamilton house
  - l. Purchased Dr. Browne's office building where Administration Building is now located
  - m. Airconditioning in all offices and classrooms
  - n. Middle School created and Principal and secretary employed
  - o. Director of Instruction employed
  - p. Additional clerk employed at Administration Building
  - q. Business Manager -Tax Assessor-Collector employed
  - r. New press box and expanded bleachers at football field
  - s. New tennis courts by football field
  - u. Expanded concession stand
  - v. Assistant band director employed
  - w. New band uniforms and choir robes purchased
  - x. Teacher employed for self-contained sixth grade
  - y. Additional sections added at all grades where needed
  - z. Self-contained classes in grades Kindergarten through 3 grade.

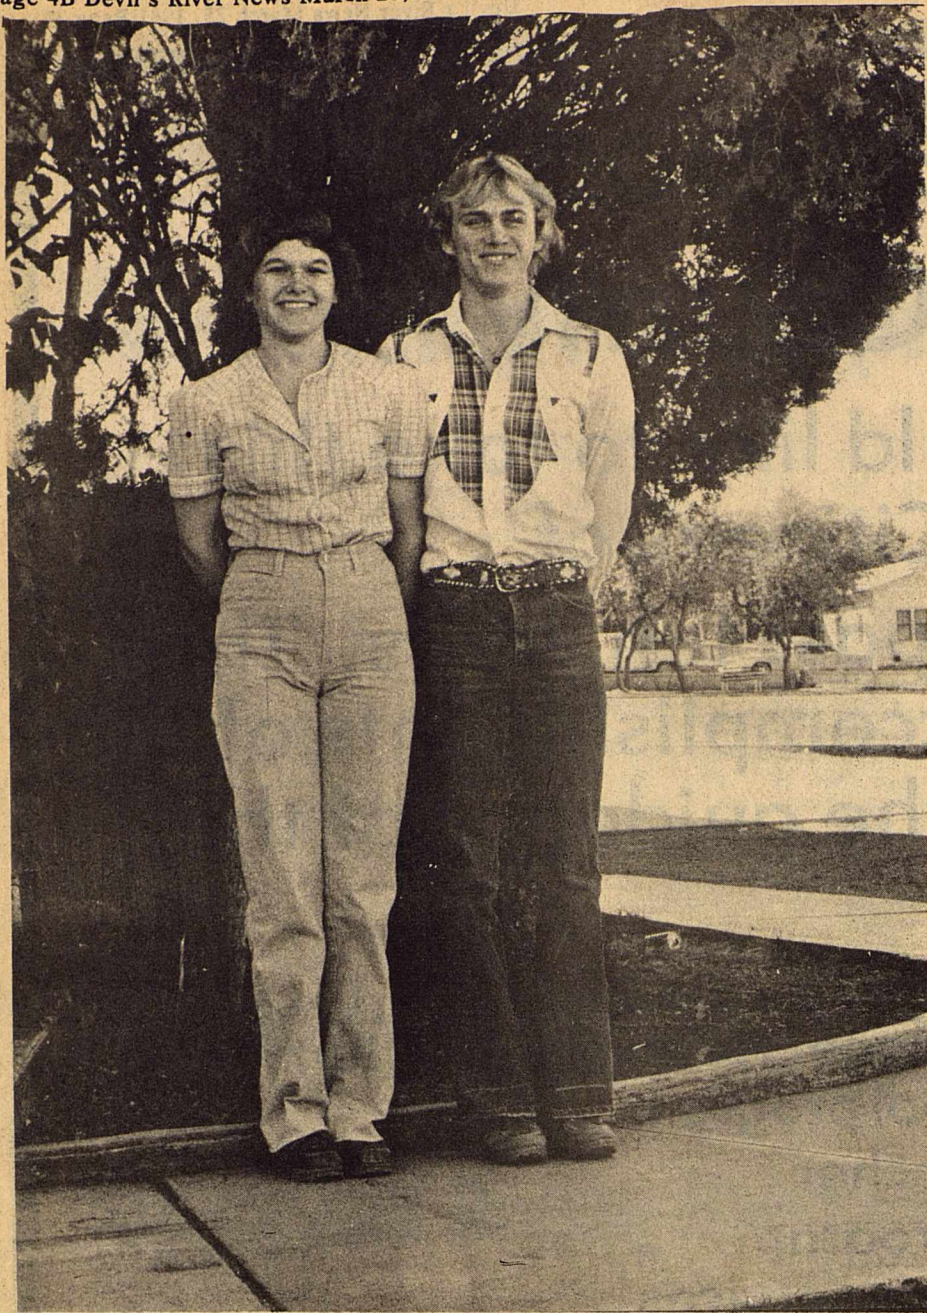

On the 1980 TABS Test, Sonora fifth and ninth graders scored higher than any other school in Region XV except Wall  
All of the above have been added since the 1974-75 school year with a tax cut each year for the past 5 or 6 years.

1. Salaries improved from \$300 above state in 1974 to \$3500 above for 1981-82
2. Hospitalization benefits have been added.
3. Pupil - Teacher ratio reduced
4. Water well drilled and irrigation system purchased for Athletic fields
5. Reimbursement for professional improvement \$25.00 per semester hour.
6. Mechanic hired To service school vehicles
7. Home making dept. remodeled
8. Lunchroom, Kitchen, Airconditioning and New equipment purchased.
9. Teachers Lounges added in each bldg.
10. Parking lots at High School, Middle School and Football Field have been paved

My very best wishes to the I.S.D. in the future  
for continued growth and excellence.

**Dorothy Pope**

Julie Stewart and John Blankenship were recently voted junior class favorites at Sonora High School.

## Vocational Advisory Group Meets

The Vocational Advisory Council of Sonora ISD met March 9 at Pearl's Pizzeria for dinner and a business meeting.

The meeting was opened by James Bible, Principal of Sonora Senior High School.

Guest speaker Wendall McAndrew, ISD Curriculum Director, spoke on the Federal Funding program in regard to the three programs available in the Sonora School System.

The three programs are D.E., Distributive Education; H.E.C.E., Home Economics Cooperative Education; and C.V.A.E., Co-ordinated Vocational Academic Education-construction trades.

A breakdown of Federal money was explained as well as how money had to be accounted for on the Federal level.

These work-study programs upgrade the skills of

students and prepare them for entering the labor market upon graduation from high school in full time vocations, as well as enabling those that wish further education to have skills to help finance that education.

McAndrew gave a very informative program enlightening council members

on structure, Federal funds effectiveness, community involvement in program, and future effectiveness to the students participating.

Council members questions and input of information was an excellent example of active interest that is a necessity in the success of these programs.

This year 33 Sonora businesses are participating in these programs showing a strong community support.

Members in attendance were James Bible, Diane Condra, Marlene Evans, Jeryl Fields, Lewis Ferguson, Charles Graves, Diane Keller, Colleen Miller, Sam Perez, Celeste Prugel, Ben Solis, and Cathy Spain.

## Mrs. Wilson Serves On WTRC Committee

Mrs. Duke Wilson of Sonora is among 22 people serving on the West Texas Rehabilitation Center Building Committee, which is spearheading efforts to raise \$1.5 million to construct a new Rehab Center in San Angelo.

San Angelo businessman-rancher Lee Pfluger is chairman of the fund-raising group.

"Our sole objective," says Pfluger, "is to ensure continuation of WTRC's tradition of providing top quality out-patient rehabilitation services to handicapped children and adults of the Southwest. The new building will allow WTRC to expand existing educational, physical, occupational and speech therapy programs and to add complete audiology (hearing), psychology and orthotics (brace shop) departments."

Pfluger continues, "Though the facility is located in San Angelo, WTRC doesn't serve only the handicapped residents of one community; the Rehab Center belongs to the people of West Texas because it exists to serve every handicapped child and adult in this region."

Currently housed in a remodeled funeral home, WTRC-San Angelo has increased its new admissions from 326 patients in 1977 to 1,100 in 1980. "Very simply, WTRC has outgrown its present facility," says Pfluger.

The proposed 29,000 square-foot building will be located on a 3.5 acre tract of land donated by San Angelo Independent School District. The property is adjacent to John Glenn Junior High School at the intersection of Jackson Street and University Avenue.

West Texas Rehabilitation Center is a private, non-profit organization which has treatment centers in Abilene and Snyder, as well as San Angelo. Its services are provided without regard for race, creed, color or financial circumstances.

"I'm grateful to Mrs. Wilson for committing her time to this fund-raising project to benefit the handicapped and look forward to working with her in telling the WTRC story to people in this area," Pfluger concluded.

## Chamber Directors Plan Banquet

The Board of Directors, Sonora Chamber of Commerce held their monthly meeting on February 4th with the following in attendance: President Glen Fisher, Vice President Effie Harle, Robert Brown, Don Holdridge, Steve Swift, Jerry Kemp, Reverend Jim Miles, Honorary Board members City Manager Jim Dover and KVRN General Manager Pat Githens

and manager Lou Thomas. Fisher informed the directors that the annual banquet slated for April 9th was to be held in the Cafeteria, junior high school. Holdridge reported that tickets for the banquet would go sale soon. Swift reported that the Awards Committee had met, and selections made to receive the 1980 Citizen of the Year and Senior Citizen of the

Year and that plaques had been ordered, to be presented to the recipients the night of the banquet.

Harle presented several proposals for the Shine Sonora beautification program and the proposals will be released for publication in the near future. In conjunction with the beautification, Harle commended the City of Sonora and Jim Dover for the excellent

cooperation/corrdination in past endeavors of the committee.

A report on the newly formed Youth Activities Committee and the Retail Merchants Committee was given, emphasizing that community support had been excellent.

In other action, the board discussed the new location for the C of C office.

## Tax Exemption Explained

**By Sen. Lloyd Bentsen**  
The word "misnomer" is defined by the dictionary as a "misapplied name or designation." If you're ever looking for a classic example of this term, take a look at the so-called "windfall profit" tax.

Consider, for example, the case of the 68-year-old Wichita Falls resident who uses his oil royalty earnings to supplement a small pension. Last May, this man received a jolt when he opened a letter containing his oil royalty check. He found that his monthly earnings had been cut \$70.96 by the "windfall" tax to \$136.33.

He later wrote that he had "never drawn any unemployment compensation, relief or food stamps." But after his royalty check was slashed, he warned he "may get close."

Another man, described himself as a "one-cougar worker," wrote that he received a royalty check of \$6.12 for one month, after \$2.41 had been withheld for the "windfall profit" tax.

When Congress debated and lapsed the "windfall profit" tax last year, I fought hard against strapping this unfair burden on the backs of hard-pressed small royalty owners. After the tax was signed into law, I co-authored a bill to amend it.

This amendment, which was enacted into law last fall, permits royalty owners, when they file their 1980 income tax returns to apply for a "windfall" tax refund (or credit) of up to \$1,000.

Some 650,000 small royalty owners across Texas will be filing their income

tax returns in time for the April 15 deadline. For 80 percent of them, my amendment means they won't be paying any "windfall" tax at all.

If you qualify for this tax refund, you need to do two things before you fill out your income tax form. You first must pick up a copy of Form 6249 or Form 6249-A --the "Royalty Owner's Credit For Overpaid Windfall Profit Tax"--at any office of the Internal Revenue Service.

Next, you must obtain an accounting of the amount of "windfall" tax you paid in 1980, which your purchaser or withholding agent will send to you by March 31.

If you have any questions about how to take advantage of this tax exemption, don't hesitate to contact your local IRS officials.

This new tax credit is welcome news for thousands of elderly Texans who rely on their oil royalty payments as a source of income.

Some 3,500 small royalty owners braved last summer's heat wave to come to Austin and testify at a Senate hearing I held on the "windfall" tax. A 78-year-old woman, for example, described how the tax meant she would be unable to cope with rising medical and daily living costs.

This amendment to the "windfall" tax is a victory we worked long and hard for. But it's only the beginning. During the 97th Congress, I'll be working for approval of a more effective exemption for the small royalty owners from this sadly misnamed tax.

## PBPA Report

On Wednesday, March 11th, Congressmen Kent Hance, a Democrat from Lubbock, and Tom Loeffler, a Republican from Hunt, proposed that oil producers and royalty owners be exempt from paying the Windfall Profits Oil Excise Tax on the first 1,000 barrels of production each day. The bill had 180 co-sponsors including House Democrat Leader Jim Wright and House

Hance said Budget Director Dave Stockman testified that the Reagan Administration does want to repeal the tax because it needs the money to balance the budget. The Administration does want to repeal the tax because it needs the money to balance the budget. The Administration is not in favor of supporting the 1,000 barrel exemption until a second tax cut bill is debated.

Hance said that could be this Spring or next Fall. Hance said the independent producer deserves the exemption because he has a track record of reinvesting 95-1282 of their gross revenues in the search for more oil. He also said most royalty owners depend upon royalty for day to day living.

The Permian Basin rig count for last week was 417. One year ago it was 314.

## Tight Sand Ruling Recommended

The Railroad Commission has recommended the designation of the Edwards Limestone Formation underlying DeWitt, Karnes and Lavaca Counties in the Commission's District 2.

According to the recommendation approved the Commission, the Edwards Limestone is hundreds of feet thick in some areas of the three counties. The top of the formation is encountered at 13,460 feet west and at 10,100 feet in the east. In the west the formation is still apparent at 14,000 feet, indicating a minimum thickness of 540 feet. In the east, the base appears at an approximate depth of 14,500 feet, indicating a 1,330 foot thickness.

Division matters, involves the Edwards Limestone Formation underlying DeWitt, Karnes and Lavaca Counties in the Commission's District 2.

According to the recommendation approved the Commission, the Edwards Limestone is hundreds of feet thick in some areas of the three counties. The top of the formation is encountered at 13,460 feet west and at 10,100 feet in the east. In the west the formation is still apparent at 14,000 feet, indicating a minimum thickness of 540 feet. In the east, the base appears at an approximate depth of 14,500 feet, indicating a 1,330 foot thickness.

The Commission's recommendation for tight sand designation of the formation includes these fields: the Yoakum (Edwards) Field in DeWitt County; the Kenedy, East (Edwards) Field in Karnes County; and the Sweet-home (Edwards) Field, the Word (Edwards) Field, the Word, North (Edwards) Field, and the Yoakum (Edwards) Field in Lavaca County.

Under the federal gas act, gas from FERC-designated tight gas sands can be sold at a price that is 200 percent of the going rate for production from new onshore wells as incentive to explore for and develop gas from formations that are difficult to produce.

With the Edwards Limestone, the Commission now has recommended designation of 10 formations, or series of formations, as tight gas sands. The 10 are the Cotton Valley series in northeast Texas, Canyon in southwest Texas, Cisco in Reagan County, Vicksburg U-V and Y formations in Hidalgo County, the Lower Wilcox in Austin, Colorado, and Wharton Counties, Midway in Montgomery County, the Wilcox (Lobo) in Webb and Zapata Counties, and the Travis Peak in Cherokee County.

Seven of the formations--Cotton Valley, Canyon, Cisco, Vicksburg U-V, Vicksburg Y, Midway, and Lower Wilcox--have been designated as tight formations by the FERC.

## February Oil, Gas Discoveries Listed

Texas operators reported 118 gas and 62 oil discoveries in February 1981, the Railroad Commission's Oil and Gas Division announced.

In the year-earlier month 93 gas and 80 oil discoveries were filed with the state's energy regulatory agency.

Gas discoveries in the second month of the year included 36 in deep South Texas, 18 in Southeast Texas, 17 in the Refugio area, 14 in West Central Texas, eight each in East Texas and the Midland area, seven in the San Antonio area, four in the San Angelo area, three in East Central Texas, two in North Texas and one in the Panhandle area.

Oil discoveries included 11 in deep South Texas, nine each in Southeast Texas and West Central Texas, eight in the San Antonio area, seven in the Refugio area, five each in the Lubbock and Panhandle areas, three in East Texas, two in the San Angelo area and one each in North Texas and the Midland area.

In February, operators reported 419 exploratory and field tests wound up as dry holes.

New applications for permits to drill oil and gas tests totaled 3,034 in February, compared with 2,235 in the same period of 1980.

Applications to drill, deepen, plug back and for service wells in February amounted to 3,260 against 2,380 a year earlier. 2,30 a year earlier.

Operators filed 670 amended applications to drill. A year earlier they submitted 609 amended requests.

## Coastal Offerings Announced

The Coastal Corporation reported today the offering of 80,000 units of limited partnership in its Coastal 1981 Development Program, Ltd. has become effective.

The \$40 million offering was made to Coastal stockholders and employees who subscribed for approximately \$22 million of the total. The general partner, Coastal Limited Ventures, Inc., purchased the remaining units and expects to resell them to institutional investors.

## Foster Announces Radio Station Purchase

The sale of Ozona Radio Station KRCT-FM was announced early this week. The station is being sold, pending federal communications commission approval, to Walton A. Foster and Don Griffis, both of San

Angelo. Foster is a broadcast executive who is the owner of KIXY of KIXY-FM in San Angelo. Griffis is a San Angelo attorney. Both are the present owners of KVRN and KVRN-FM in

Sonora. KRCT-FM in Ozona has been operated since 1976 by Crockett County Broadcasters, whose principals are Tom Earnest of San Angelo and Richard Whitworth of Ozona.

The purchase price of the station was not announced. He transaction must be approved by the Federal Communications Commission. Such applications usually require several months for FCC action.

Both Foster and Griffis emphasized the importance of the Ozona and Sonora areas. KRCT-FM is re-broadcast on translator stations in both Big Lake and Eldorado.

The Sonora stations which Foster and Griffis operate will soon be on-the-air in the Junction VIA Translator.

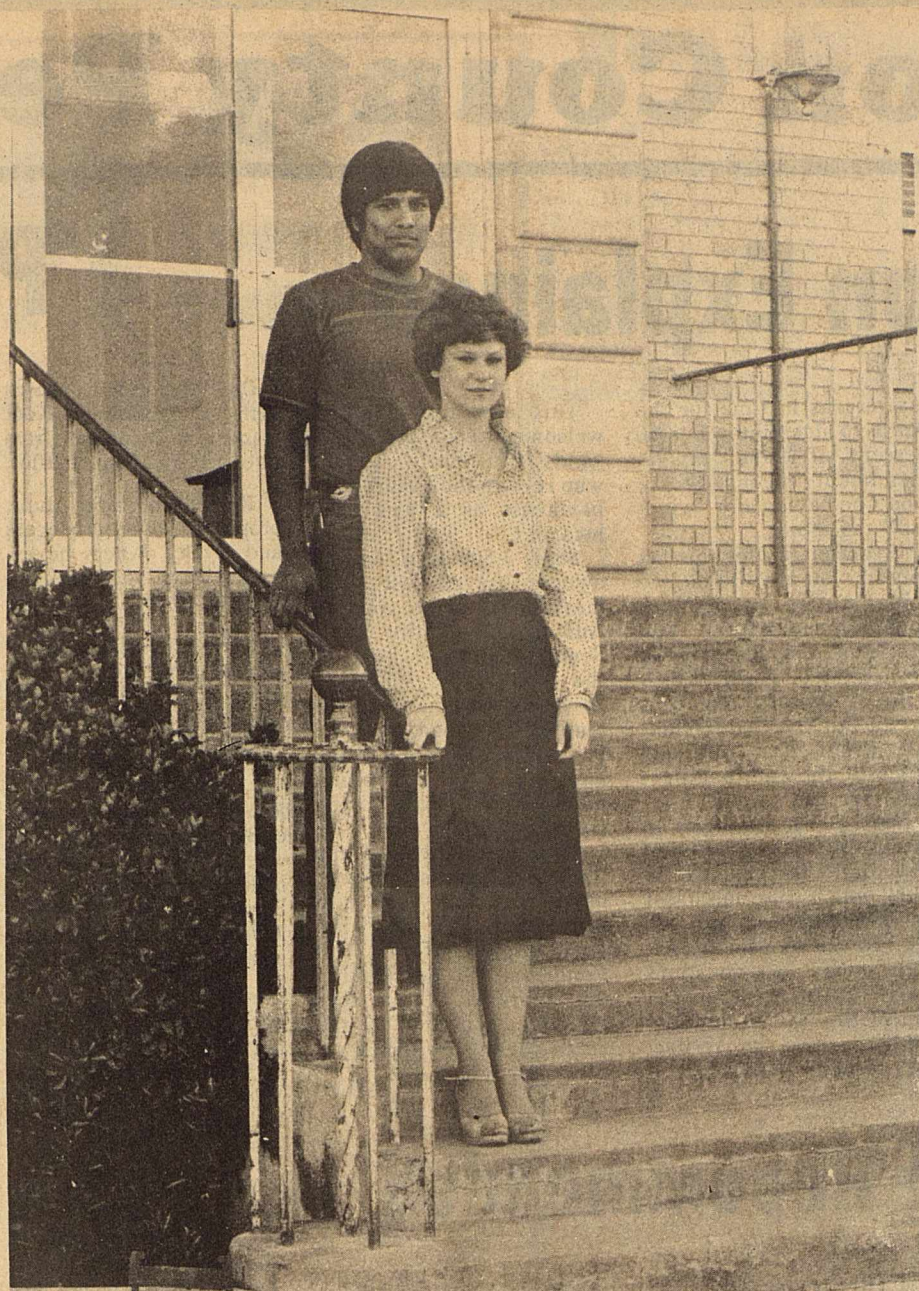

FCC approval has been received for the construction of the Junction station which should be on-the-air, according to Foster, by April 15th.

Upon FCC approval of the Ozona purchase, the Ozona and Sonora stations will be heard in Ozona, Sonora, Big Lake, Eldorado and Junction.

In a related announcement, a spokesman for Crockett County Broadcasters said approval has been received from the FCC to move the transmitter and antenna for KRCT-FM. The antenna will be moved to a taller tower, a step which will significantly increase the station's coverage area.

According to Foster, acquisition of KRCT-FM will allow broadcast coverage along Interstate Highway 10 from West of Ozona to Sonora.

The Sonora stations will permit the broadcast coverage of the interstate to continue to near Junction, where the new translator will carry KVRN-FM to a point between Junction and Kerrville.

David Sanchez and Kari Hill, both seniors, were recently named Mr. and Mrs. SHS at Sonora High School.

## Fritts Heads CF Drive

Rev. John Fritts has accepted the Chairmanship of the 1981 Cystic Fibrosis Spring Special Event to be held in Sonora.

incurable disease affecting the lungs and digestive system of its young victims. CF claims three lives every day.

Proceeds from the fund-raising event will support the research, education and care programs of the Cystic Fibrosis Foundation.

Approximately one in every 20 Americans is a symptomless carrier of the recessive CF gene. At present there is no test to identify these 10 million people who might pass on the gene or the disease to their children.

Cystic Fibrosis (CF), the number one genetic killer of children, is an inherited,

## Banquet Honors DECA Group

The annual DECA Employer-Employee Banquet was held Thursday at the Sonora Junior High Snack Bar. Approximately 80 persons attended.

The delicious dinner was catered by McGowan's of San Angelo.

Steven Chandler, DECA president, conducted the program. Tina Arredondo and Linda Duran were re-

cognized for selling the most fruit this year.

The officers for 1980-81, Chandler, president; Luke Sanchez, vice president; Yolanda Avila, secretary; Duran, treasurer; and Marina Fernandez, reporter, were also recognized.

Chosen as DECA sweetheart and Beau were Yolanda Avila and Howard Brittain.

Lewis Ferguson, DECA coordinator, was presented with a gold watch by his students.

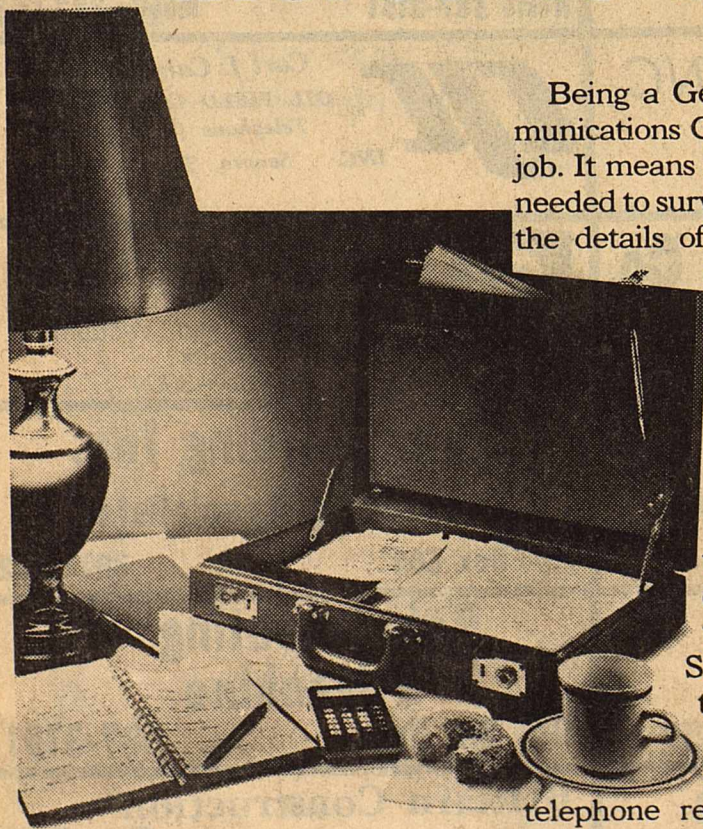

As a conclusion to the banquet, a slide presentation of the DECA students working in class and on the job was shown.

## Social Security Rep Slates April Visit

Garland Gregg, Social Security representative for the San Angelo Social Security Office, has scheduled his April visit(s) to Sonora. He will be at the County Courthouse on Thursday, April 16, 1981 from 9:00 to

10:30. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

**When you see how hard our consultants work for you, you'll be glad there's no charge.**

Being a General Telephone Communications Consultant is a full-time job. It means taking as much time as needed to survey, plan and discuss all the details of a business customer's phone installation.

But they don't stop there. They are also busy looking for ways to show customers how to use their phones more efficiently. Sometimes they can show them how to save money and maybe even how to make money.

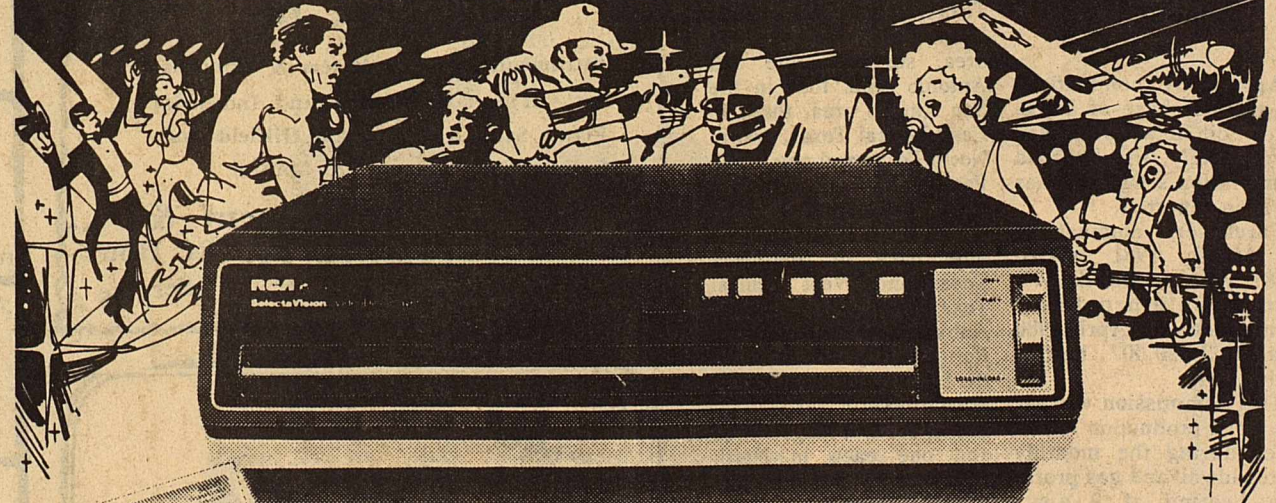

Sound like good people to know? They'll be happy to meet you anytime and make a survey of telephone requirements. Call your local General Telephone business office and make an appointment today. And remember there's never an extra charge for their services.

**We keep you talking.**

# Sutton County Shows 5,120 In Population

Texas traditionally take a lot of pride proclaiming its state "the biggest and the best." However, the geographical proportions are no longer the only thing to be considered immense. Texas' population continues to grow by leaps and bounds, making it the third most populous state. A preliminary count from the Bureau of Census shows the Lone Star State grew from a 1970 population of 11,196,730 to 15,575 last year, a gain of 2,953,845. This represents a 26 percent increase. Only California (23.5 million) and New York (17.5 million) have more residents. During the last decade California recorded a 17 percent population increase while New York experienced a four percent drop. Interestingly enough, southern and western states showed a collective population gain of 42.3 percent between 1970 and 1980 while the upper Midwest and northeastern states gained only 3.5 percent. Actually the north-east population declined. The 19-county region of southwest Texas contributed 1,261,685 to Texas totals, an increase of 224,251 over 1970 figures for a 21.6 percent jump. Bexar county accounted for 52,129 of the figure. Maverick County, however, led the way with the largest percentage increase, 73 percent. Edwards County is the only county in the region to record a population decrease since the 1970 count.

Sutton County showed an increase of 1,945 inhabitants, bringing its 1980 preliminary count to 5,120, a 61.2 percent increase over 1970 figures. Sutton County's 1970 census count stood at 3,175. Here are other population facts of interest. The county with the largest population is Harris County with 2,395,365. Dallas is the second largest with 1,551,032, followed by Bexar's 982,589 and Tarrant's 857,434. The county with the smallest population is Loving County with 91 persons. Counties with the greatest percentage of growth from 1970 to 1980 were: Hood, 165; Montgomery, 158; Fort Bent, 149; Collin, 115; and Rockwall, 105. Forty-eight counties lost population between 1970 and 1980. Forty-two of these counties lie west of a line from Wichita Falls to Laredo. There are 50 counties of the 254 counties in Texas with less than 5,000 population in 1980. Forty-two counties in the state have populations over 50,000. According to a Texas Agricultural Extension Service economist, population shifts and prosperity usually go hand-in-hand. "The growth of business and the moving pattern of people normally set the trend," explains Jose G. Pena. "Business climates in the South and West over the past 10 years and especially in the last five years have been very ripe. Hence, there's been a large

movement to those areas. As a result, Texas is one of the few states to show continuous economic prosperity." The Texas A&M University economist points out that counties immediately surrounding San Antonio have seen their populations increase substantially, a direct result of "urban sprawl." He stresses that Southwest Texas remains primarily agricultural. But when jobs for skilled persons in outlying areas are not available, many flock to metropolitan areas. Often these places in the smaller towns are taken by persons who formerly lived in a major city.

**Tom LOEFFLER**  
Congressman  
21st District-Texas

## Reports from Washington

### Economizing Is Everyone's Responsibility — Even The Congress

In a time of tight budgets, and cost cutting, there is no room for double standards. *Everyone* must share the burden, and make the sacrifices necessary to assure we reach our objective of balancing the Federal budget. This includes the Congress itself, for too long considering itself immune from the hardship of spending cutbacks that it often has asked the American people to accept. It is time to remove the double standard. The House of Representatives will have the opportunity to do so in coming weeks as it considers the staff size and the budgets for its standing committees. The sums of money involved are not small. And reviewing committee funding over recent years illustrates the point. From 1975 to 1980, Federal outlays increased by 78%. The House of Representatives committee expenditures increased by a whopping 120%. Despite this fact, Committees of the Congress have requested an average proposed increase — over and above 1980 expenditures — of 36% for the coming year. This simply defies reason. Overall, from 1960 to 1980, Legislative Branch Appropriations have ballooned a staggering 874%, from \$131 million to \$1.3 billion. The size of committee staffs absorbed a good portion of the funds involved. Committee staffs rose from 702 in 1970 to 1844 in 1979. The appropriations involved for committee staffing soared from some \$9 million in the 90th Congress back in 1966, to \$85 million in the 96th Congress, which began in 1978. The Congress has the same opportunity now to break with the policies of the past that the Reagan Administration already has said is critical if we are to get at the root of our economic problems in this country — and that is a reduction in the growth of tax dollars spent by the Federal government. In plain fact, Congress can no longer ask the American people to tighten their belts if the Congress is unwilling to do the same. The Senate has already taken a step in the right direction. It has adopted an across-the-board reduction in spending for its standing committees by 10% compared to what they were authorized to spend in 1980. The House now must follow the wise lead of the Senate. All of us must act in a manner consistent with this country's most important economic objective. Many of us who are concerned about the snowballing effect of committee budgets and staffs have sponsored a House Resolution, that if enacted, would express the intent of the Congress to hold the line on spending tax dollars — your tax dollars. This bill would limit the aggregate of all authorization levels for the standing and select committees of the House of Representatives to 90% of the aggregate amount spent by these committees last year. A 10% cut in spending is more than symbolic. It puts the Congress on record — for the first time in recent years — in favor of backing up tough talk about reducing the size of government with a legislative proposal requiring it. Clearly, much more needs to be done if Congress expects to comply with the wishes of the American people for leaner, more effective government. But long journeys begin with the first step. Congress can steer itself down the right road by learning to do more with less. After all, this is what economizing is all about.

### Cancer Awareness Program Set For April 1

Television Enterprises will present a special cancer awareness program entitled **Cancer Can Be Beat** on Wednesday, April 1, 1981 from 7 pm to 8:30 pm. The program will be informational in nature, discussing the warning signs of cancer, preventative measures, treatment and cures. A number of prominent physicians will be featured to explain just what cancer is and its effects. There will be interviews with cancer patients, both those who have been cured and those still undergoing treatment. They will discuss the emotional aspects of this disease and the treatment available. Farah Fawcett, Larry Hagman, Minnie Pearl, Dorothy Hamill, and Barbara Belgedes will also appear on the 90-minute special program.

Cancer Can Be Beat is co-sponsored by the national Cable Television Association and the American Cancer Society and will be aired live on Channel 11, WTBS, in Sonora and El-dorado.

## VOTE SCOTT SHURLEY School Board Trustee Place 3 Sonora Independent School District

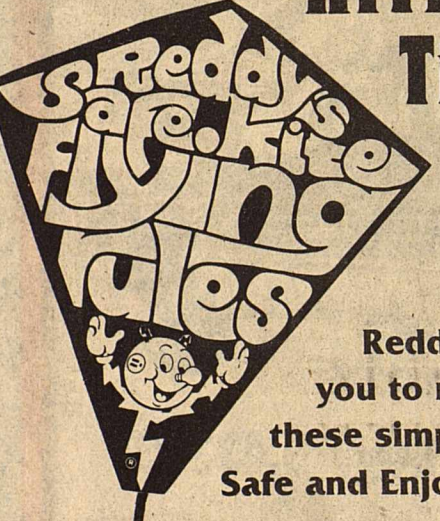

The Youth of Sonora belong to all of us and therefore it is each of our responsibility to give direction in their behalf. No one person, no one board, or no one faction should make all the decisions alone. There should be input from every person in the community to insure that Sonora schools are the best in the state. Vote Scott Shurley and your opinion counts.

## KITE Flying Time is Here!

Reddy wants you to remember these simple rules for Safe and Enjoyable Kite flying

1. Always use wood and paper in your kite . . . not wire or anything metal.
2. Always use dry string . . . not wire or anything metallic.
3. Always fly your kite on days when there is no rain.
4. Always fly your kite far from electric power lines and remember these rules when flying your model airplane, too.
5. Always avoid busy streets and highways while flying your kite.
6. Always keep away from fallen wires.
7. Always fly your kite far from TV and radio antennas.
8. If your kite gets tangled in a power line, don't pull on the string or try to retrieve it.

Remember **WTU** supplies you with electric energy, but only YOU can use it Safely....
