SISD Completes 1981-82 Faculty

The Sonora Independent School District completed its 1981-82 faculty with the hiring of five teachers and the reassigning of another within the district at its regular Board of Trustees meeting last Tuesday.

New teachers hired included Kevin James for junior high coach and science, Marshall Morrow for high school math, Basil Freeman for high school government and junior high varsity coach, Warren Kirkpatrick for high school librarian and Carol Faircloth for special education. Delia Samaniego was reassigned to teach bilingual education in the fourth and fifth grade, a section of

junior high English and English as a Second Language in both high school and junior high.

Also hired as assistant bookkeeper was Sherry Taliaferro.

The board also accepted the resignation of Loma Surber as an aide.

At the beginning of the meeting, Walter Pope expressed his concern as a taxpayer as to how much the reassignment of the superintendent would cost the taxpayers.

Board President Sam Stewart said he did not know for sure, but possibly nothing.

Pope read a list of figures that estimated the cost at between \$100-

000 and \$150,000 over the next two years and called for the resignation of the Board members who voted for the agreement.

Stewart replied he felt the Board had acted in the best interest of the personnel and students in the district.

Stewart said after the meeting it was impossible at the present time to determine the cost of the action until it decides the route to take in hiring a new superintendent. He also said the action on hiring a new superintendent should be taken in the very near future.

Board members also opened bids on the conversion of the junior high

snack bar with West Texas Coffee and Equipment of Abilene submitting the low bid for equipment of \$61,711.

Harold Susen met with the Board to discuss the problems of renovating the snack bar and estimated the moving of the walls and additional replumbing and rewiring could cost as much as \$30,000 or more.

He presented the Board with a plan for enclosing the vestibule area of the current cafeteria as a cost of \$5,900 that would give more storage space as well as more room for work tables and warmers.

After some discussion, the Board voted to table the snack bar conver-

sion in light of the high cost and accept Susen's plan and bid. It was also agreed for the long range planner, when hired, to make the cafeteria problem the top priority.

Dr. Johnny Fields and Scott Shurley discussed their visit to the Del Rio schools where they observed how an architectural firm had surveyed and implemented a long range planning program.

Shurley moved the board meet within 30 days to interview at least three firms, and the motion carried unanimously.

The Board also approved the co-curricular budgets of \$118,867 which includes athletics, band,

air, UIL student activities and speech and drama.

The Board also set Aug. 4 as the date for the public budget hearing and Aug. 5 as the date to set the tax rate. However, the meeting was to be changed at an emergency meeting last night since the Board cannot hold the hearing until the County Tax Appraisal Board has announced the maximum tax rate for the district.

Other items on last night's agenda were ratification of the list of selected supplementary textbooks for next year and the interviewing of an applicant for the superintendent in executive session.

Lea Roy Aldwell

Lea Roy Aldwell Named Bank President

George H. "Jack" Neill, Chairman of the Board of First National Bank of Sonora, announced Tuesday morning that Rev. Lea Roy Aldwell had been named president of the 81-year old financial institution.

Aldwell succeeds Clayton Hamilton who died suddenly July 6. Hamilton had served since 1977.

Aldwell has been a member of the Board of Directors since Jan. 10, 1946 and had served as vice president for many years.

Aldwell's naming to the post marks the third member of the Aldwell family to be named FNB's president.

Aldwell's grandfather, W.L. Aldwell, and father, Roy E. Aldwell, had both held the post earlier.

W.L. Aldwell was one of the original founders of the bank in 1900. He became its second president in 1912 following the death of Ed R. Jackson.

Librarian Sandra Cooper (left) and Library Board member Doris Rousselot uncrate a few of the books being moved to the new Sutton County Library. The opening of the library has been postponed from the

original July 1 plans while waiting on shelving. The shelving has now arrived, but will still have to be installed and it was decided to wait until school starts for the opening, tentatively around Sept. 1.

Firemen Join Rehab Center Fund Raising

On Saturday, August 1, at the San Angelo Fire Training Center, the Sonora Volunteer Fire Department and Auxiliary will be participating in the "Fire Fighters Tribute to Rehab," sponsored by the Hill Country Firemen's Association.

They will have teams entered in

each of the following races: 6 person pumper race, 6 person bunker gear race, 6 person bucket pass, 6 person ladder climb, 6 person hose roll, and 2 person water polo.

There is a \$10 entry fee for each team in each race entered.

There will also be a one person

hose race for children which has an entry fee of \$1 per child.

If you would like to help sponsor the Sonora Volunteer Fire Department and Auxiliary or Auxiliary members at the races, please contact one of the Sonora Volunteer Fire Department or Auxiliary members.

All donations will be given to the West Texas Rehabilitation Center.

Park Board Needs Members

Jim Garrett, President of the Sonora Park Board, has requested that each non-profit organization or any other organized group elect a representative to join the Park Board.

Swimming Pool Temporarily Closed for Repairs

The City Swimming Pool has been closed temporarily for repairs according to Oliver Wuest, pool manager.

The pool will be reopened as soon as possible.

The Sonora Sutton County Community Park is supported by the board and Sutton County.

The main purpose of the park is to provide facilities for activities and special events. The board schedules activities, provides maintenance and oversees new construction.

The board presently has only seven members who have served six years. Garrett requested representatives from the other organizations to increase the number of board members so that more work can be undertaken and more ideas presented.

He urges all Sutton County organizations to contact him at 387-2524 for more information.

Planning Begun For Oldtimers' Reunion August 22

Harva Cooper, Chairman, Oldtimers Reunion, Sutton County Days (August 22) is asking that all Sutton County residents living in Sonora and elsewhere age 70 and older call her at 915-387-2582 or write Box 413, Sonora, Texas 76950.

Cooper informed that planning for the new attraction 'Oldtimers Reunion' has been underway several weeks, but that, as time is drawing near, efforts are being made to contact every Sonoran age 70 or over for an invitation to join other senior citizens in a special section on the northeast section of the courthouse

square on August 22nd!

Cooper stated that research has shown there is no available list of senior citizens in any office, hence, the all-out effort to make sure everyone is invited. She is appealing to relatives and friends: If you know of a senior citizen presently residing in Sutton County, or if you know of former citizens of Sonora, please call me.

Assisting Cooper in this project are: Smith Neal, Reverend David Griffin, Albert Ward, F.W. Ferrill, Preston Faris, Jeanne Davenport, Shirley Hill, Lou Thomas, Lois

Fields, Mary Owensby, Olivia Hernandez, Martha Wallace, Effie Harle, Jan Grider, Gloria Lopez, Dorothy Pope, Dr. David Owensby, Ruby Kirby, Marilyn Adkins, Marlene Evans, Mike Street, Bill Stewart and Lilia Gonzales and Peggy Dover.

Chairs will be provided for the Oldtimers Reunion and coffee and doughnuts will be served. The OR begins at 9:30 a.m., with a registration deadline set for 10:30 a.m.

Jo Ann Tyner, Sonora Floral & Gifts will present a corsage and boutonniere to the oldest registered female and male. The Chamber of

Commerce will present a small gift to the person traveling the greatest distance to attend the OR.

Senior citizens who have agreed to be taped and interviewed by Mike Street and Albert Ward, respectively are: Mrs. Cliff Epps, Mrs. Belle Seem, Pedro Galindo, Sr., Mrs. Dorothy Cusenberry, Mrs. B. Ross, Thomas Morris, John Eaton and Mrs. Dolly Glascock.

Printed elsewhere in this issue is a letter from Cooper with a place for name and address that may be mailed to Cooper or the Chamber of Commerce, Box 1172.

Kappa Gamma Blood Drive Begins Today 1 p.m. To 7 p.m.

Do you carry life insurance, car insurance, hospitalization, etc? Do you plan on having a car wreck next week that could result in hospitalization and perhaps requiring emergency surgery? Of course not! But, you insure yourself from the probabilities and many others "just in case you need it."

Unfortunately, statistics prove that one out of every ten people "will" be hospitalized and "will" require blood to sustain their lives. When this occurs, all your preliminary insurance foresight will minimize your expenses but it will not "insure" the availability of blood.

Most all surgeries require that blood be on hand, cross-matched and patient-ready. Whether the blood is infused or not, it must be available!

Blood cannot be manufactured. There are no "secret recipes". Blood must be given --by people. It takes a concentrated effort of volunteer blood donors within every community to meet patient's blood

needs. How can we, as individuals and members of communities insure blood availability? Not by reaching in our pockets; for you cannot transfuse a dollar bill. The answer: by taking a little time to donate a pint of "life."

Being aware of blood needs does not solve the problem of blood availability. Being a blood donor, when your community is asked to participate, will help.

Blood drives are set up at many businesses, schools, hospitals and communities every month. These are manned by the staff of the United Blood Services and scheduled to make it convenient for everyone to donate.

Your community blood center, United Blood Services, operates seven days a week throughout the year. A non-profit, self-supporting system, it functions on the concept that blood is a community resource

that should be shared - not bought or sold. This voluntary system is constantly striving to meet the ever-increasing blood demands of a service area comprised of thirty-six hospitals within twenty-five counties.

There are some highly recognized diseases that seem to keep some people from donating such as: Needlephobia, Chickenitis, and an unusual condition of the back called Vertebral Yellow Streakitis!

If you have not fallen victim to these diseases, are between the ages of 17 and 70, in good health, weigh at least 110, and have not donated within the last eight weeks, YOU are a potential blood donor.

For the first time donors, the anticipation of donating is normally derived from "the lack of knowledge" concerning the entire procedure.

In reality, donating blood is a relatively simple process that takes approximately thirty minutes. You

will be asked a series of questions concerning your medical history and current health status. Your temperature, pulse, blood pressure and iron level will be checked. The actual blood donation takes about ten minutes - followed by a resting period of another ten minutes and a snack.

Your body restores your blood volume to normal in twenty-four hours. The lost red blood cells are replaced within six weeks. To protect the donors, eight weeks must elapse before the next donation to be sure the iron in your body is not overly depleted.

After your blood is drawn, it is carefully typed and tested for diseases which could be transmitted to the recipient. Should any of these tests indicate the need for medical attention, another service is rendered by the U.B.S. The donor is notified and referred to a physician. You will also receive a blood donor

card notifying you of your blood type.

Blood is a tissue and each person has a genetically determined blood type. In transfusing blood, the major blood types to consider are A, B, O, and AB. Each blood type is either Rh-negative or Rh-positive.

People who are "O-negative" are considered universal donors because they can donate to anyone. Those who are "AB-positive" are universal recipients because they are able to accept blood from anyone.

Blood is the one thing in this world that is a common bond between fellow human beings. When needed to meet an emergency, it can unite businesses, churches, communities, and people very quickly. (The sudden realization that to sustain life, voluntary blood must be available, finally hits home.)

Realistically, this emergency motivates donors, but it is after the fact. Once more, blood must have already been donated by others to have

been available to meet patient's needs. The donations made by the caring, concerned donors of the patient, will help replenish and insure blood availability for the next patient.

You will have the opportunity to help insure your community of having blood availability by sharing the "gift of life" for those less fortunate than you today. Your community blood center staff will be drawing donors at the First National Bank between 1 p.m. and 7 p.m.

For your convenience and to avoid waiting, call Bloodmobile Chairperson Nelda Mayfield at 387-3096 and schedule your most convenient time.

Seventeen year olds must have a minor donor permit card. These may be obtained at Foodway or Food Center.

Kappa Gamma ESA will be sponsoring the Blood Draw, and as an added incentive, two \$50 cash prize drawings will be held at the conclusion of the blood draw.

Tom LOEFFLER
Congressman
21st District, Texas

Reports from Washington

QUESTIONS ON ECONOMIC RECOVERY

Having recently returned from 10 days in the District, I can confirm firsthand what the mailman has been telling my office for weeks. The President's program for economic recovery is making news — and history. The House of Representatives Post Office in the first six months of this year already has received more mail than it did in the last two years. People everywhere are writing about the bold bipartisan response to the Reagan initiatives.

Beginning with this report to you I plan to use this space from time to time to comment on the many letters that pour into my congressional office and to let you know the questions I am asked when I travel throughout our Congressional District.

In an earlier column I addressed the issue of why we need a tax cut now. Tax rates are higher than ever, taxes will get worse automatically without marginal cuts, and without immediate tax cuts there will be no incentives for savings or increasing productivity.

Why is a three-year, 25 percent tax cut necessary?
Because it will restore predictability to the marketplace and continuity in personal planning. A 25 percent cut is needed to offset the 22 percent increase in taxes from bracket creep and Social Security increases over the next three years. And the full three-year cut puts pressure on Congress to continue to hold the line on spending.

Wouldn't it be less inflationary to eliminate the deficit before cutting taxes?

We will never balance the budget without a sizable tax cut to reinvigorate the economy by restoring the incentive to work, save and invest. Confiscatory taxes curb productivity. Economic growth is the key to a balanced Federal budget. For every 1 percent increase in unemployment, the Federal deficit grows by \$20 billion due to lost tax revenues and increased unemployment and welfare benefits. Therefore, we must have increased growth as well as reductions in Federal spending to restore economic health.

How does the Reagan tax cut differ from traditional tax cuts?
Traditional tax cuts use such methods as increasing the standard deduction or personal exemption amounts. They leave marginal rates on "next dollar" earnings at the same high levels, thus offering no incentive to work harder or save more.

Only by restoring economic incentives to work, save and invest will overall productivity increase and the nation's economy reverse its decline. The Reagan plan is designed to increase these incentives for individuals by cutting marginal tax rates across the board.

If increased saving is the key to economic recovery, what assurance do you have that people will save more after the tax cut?

Simply put, cutting marginal tax rates — those rates which would be applied to income from additional savings — will make it relatively more rewarding and attractive to save than to spend. Tax cuts coupled with budget and regulatory revisions will slow inflation. With prices stabilized, people will have less reason to consume and more incentives to save. Under the less substantial Kennedy tax cuts in the mid 1960s, the savings rate increased by one-third.

Isn't this a rich man's tax bill and don't most of the benefits go to the rich?

First, benefits go to all taxpayers in proportion to the taxes they pay.

People earning \$5,000 to \$50,000 now pay 67 percent of the taxes and will get 70 percent of the benefits. Other benefits in the bill will provide advantages to working people such as easing the marriage tax penalty and expanding eligibility for saving in IRA accounts.

Doesn't the President's tax program give too much tax reduction to individuals and not enough to business?

Individual tax cuts will increase savings and investment providing increased and less expensive money for business use. The majority of businesses in this country are unincorporated — some 90 percent of small firms file individual tax returns. They will benefit from individual tax cuts. Reductions in the maximum tax on investment income and in the capital gains tax will benefit business by increasing capital availability.

Will the tax cuts offset scheduled Social Security increases?

Proposed tax cuts far exceed scheduled Social Security increases for most Americans — except those who pay no income taxes under the present tax structure.

Those are some of the questions I've been getting. I trust these answers tell you what we are about. It is an entirely new way of looking at the world of government because it sets a new direction, a new course for our country based on private enterprise and personal initiative.

Incentives excite motivation. Motivation brings about upward mobility. Upward mobility allows us to once again realize our dreams and expectations.

Chamber Chatter
by Lou Thomas

Texas Monthly magazine will be publishing a TEXAS monthly guide to Texas in the spring of 1982. Sonora events, places and activities to be submitted are: Miers Museum, Sonora Jaycees Barbecue Burning Hooten 'N Hollerin' Cook Off; the old Mercantile Building; the 21st Annual Sutton County Game Dinner; the Sutton County Courthouse; Devil's River Inn; Caverns of Sonora; and the Old Sutton County Jail Museum.

Any organization wishing to have their event listed may call the C of C office at 7-2880 and list dates, cost, etc. and the event will be submitted for inclusion to the TMGTT in Austin. Deadline to be submitted: September 1st.

Dorothy Cusenbary was by the office discussing the museum and the old jail, being open for Sutton County Days. Dorothy will be interviewed at the Oldtimers Reunion, along with

Mrs. Clift Epps, Mrs. Bell Steen, Mrs. J.B. Ross, Mrs. Dolly Glasscock, Pedro Galindo, Sr., John Eaton, and Thomas Morris.

Thanks to Estela Acosta for providing the Oldtimers Reunion Committee with a list of the senior citizens 70 and over 70 years of age.

Enjoyed meeting and visiting with Don Cooper's aunt from San Antonio, Edith Phillips.

Lois Fields was by the office, giving us a wealth of information about oldtimers who have moved from Sonora and some over 70, who still live here.

WANTED: ATTENDANCE AT OLDTIMERS REUNION ON SAT., AUG. 22ND AT SUTTON COUNTY DAYS. IF YOU ARE AGE 70 OR OVER AGE 70, AND PLAN TO ATTEND PLEASE CALL HARVA COOPER AT 7-2582 OR THE C OF C OFFICE AT 387-2880.

Deaths

Gordon William Smith

Gordon William Smith, 83, of Ozona died Wednesday, July 15 in Crockett County Hospital. Funeral services were held Friday, July 17 at 10 a.m. at Kerbow Funeral Chapel with Rev. J.C. Hancock officiating. Burial followed in Sonora Cemetery under the direction of Kerbow Funeral Home.

Smith was born Feb. 2, 1898 in Poughkeepsie, Ark. He married Erma Johnson Feb. 10, 1928 in Poteau, Ok. and moved to Ozona from San Marcos in 1968. His wife preceded him in death in 1973. He worked for Texas-New Mexico Pipeline for 25 years.

Survivors included one son, Joe Neil Smith of Sonora; one daughter, Mrs. Van Miller of Ozona; three brothers, Don Smith of Seminole, Ok., Clifton Smith of Oklahoma City, Ok. and Campbell Smith of Odessa; two sisters, Floy Johnson of Memphis, Tenn. and Dorothy Fore of Evening Shade, Ark., and four grandchildren.

Pallbearers were J.B. Miller, Mike Miller and H.O. Hoover, all of Ozona, and Bill Savell, Earl Johnson and Joe Lane of Sonora.

Roy Albert Pope

Roy Albert Pope, 78, of Sonora died July 17 in Hudspeth Hospital. Services were held Sunday, July 19 at 4 p.m. at Barksdale Baptist Church with Rev. J.C. Hancock officiating. Burial followed in Barksdale Cemetery under the direction of Kerbow Funeral Home.

Pope was born Dec. 10, 1902 in Barksdale. He was married to Lodessa Wilhoit Jan. 6, 1924 in Barksdale and moved to Sonora from Rocksprings in 1953. He was retired, having worked for Carl J. Cahill Inc. and was a member of the Church of Christ. He was preceded in death by one son, Earl, in 1949.

He is survived by his wife of Sonora; four daughters, Roy Jean Johnson of Sonora, Mary Ellen Tanner of McAllen, Helen Bishop of Albuquerque and Shirley Ray Thompson of Austin; three brothers, Ray Pope of Junction, Lynn Pope of Bakersfield, Ca., and Johnny Joe Pope of Leakey; three sisters, Annie Whitworth of San Antonio, Mildred Davis of Odessa and Leona Hobbs of Barksdale. He is also survived by nine grandchildren and seven great-grandchildren.

Serving as pallbearers were three grandsons and three sons-in-law.

Treasurer Searching For Individuals

James Curry of Dallas, Texas, could you use \$250,000? If so, State Treasurer Warren G. Harding needs to talk with you. And Paul Fairchild of Houston, you have \$11.51 coming your way.

Harding, who recently sent \$1,974.27 to Dominga A. Ortega of Brownsville, also has \$10.12 for John Badum of Corpus Christi, and \$11.99 for Grace Sweigart of El Paso.

The State Treasurer's Office through its Escheat Division tries to match Texans with their unclaimed bank accounts, inheritances, or insurance benefits. Amounts due to hundreds of individuals across the State range from a few cents to thousands of dollars.

After a seven year dormancy with the entity holding the funds, the money is sent to Harding's office, where the State makes a last effort to locate the proper owner by letter and advertising. Bank advertising is done by the individual institution during the month of May, and corporate and insurance advertising is done by the Treasury in the latter part of August of each year.

"Often the owners we do find are very surprised to learn we are holding money in their name. More than likely, we're not going to find the owner, but we do make a good effort," stated Harding.

If the lost owner appears, the money is returned to the owner. The State has

not you may have missing funds. The more facts you have about the missing amounts, the more quickly your inquiry can be traced. The Escheat Division may be reached at (512) 475-3337 or by writing Box 12608, Capitol Station, Austin, TX 78711.

Oh, yes, Harding has \$5.02 for Daniel Munoz of San Antonio, and \$1,010.44 for Ronald Chüds of Fort Worth.

Paisano Encampment Scheduled July 27-Aug. 1

Home-grown personalities will be featured at the 61st consecutive session of the Paisano Baptist Encampment July 27-August 2 as hundreds of West Texans gather at the historic camp grounds in the mile high Davis Mountains between Marfa and Alpine. Camp missionaries Hoyt and Marie Eudaly will be celebrating the 40th anniversary since Hoyt, then a grocer and engaged to Marie, heard a sermon by Dr. George Truett at Paisano that started them on the road to being life-long missionaries. Fresh from the mission field in El Salvador, the Eudaly's will be speaking Tuesday-Friday at 8:45 a.m., with other sessions for children throughout the day.

"We usually have about 40 or 45 from Sonora coming during the week," Rev. Clifton Hancock said. "Many come and stay the whole week, but some come and go. We will be leaving on Monday, July 27, at 8 a.m.

ner is a home-grown personality also. His parents, the late Rev. R.L. Wittner, and Mrs. Wittner, were District 7 Baptist missionaries in the area for many years, and lived on the Paisano Encampment grounds before moving to Alpine. Presently serving as Minister of Music for the Columbus Avenue Baptist Church, Waco, Wittner will lead both the adult and youth choirs. Accompanist for the music will be Mrs. Dianne McDaniel, daughter of Paisano president Glen Edwards, and an attendant at Paisano most of her life. Also accompanying will be Dr. James Humphreys, Midland, who grew up in Marfa and participated in Paisano activities all of his life.

Camp preachers will be Dr. H. Bailey Stone, pastor of the First Baptist Church, Odessa, and Dr. James Flammig, pastor of the First Baptist Church, Abilene. Stone will be in his second year at Paisano, and Flammig will be serving

his seventh time as a Paisano preacher. Flammig said, "It is good to come apart and rest for a while at Paisano. Many have worked so hard in their local church that they have suffered 'burn-out', so they need a week of renewal.

Bible teachers will be Dr. Virtus Gideon, professor of New Testament at South-

western Baptist Theological Seminary, Fort Worth in the morning, and Dr. Alta Ada Schoner, Lookout Mountain, Tenn. in the afternoon. Dr. Schoner will teach the book of Habakkuk.

Youth activities will be under the direction of Charlie Elliott, Minister of Youth, First Baptist Church, Midland. With

youth leaders from all over the state helping. Bible study, discussion groups and recreational activities have been planned.

The children's day camp will be directed by Bob Dixon, executive director of the Texas Baptist Men. Dallas. First-six graders will have a full outdoor program using the wonderful setting of the mountains to learn of God.

A well-satisfied nursery for birth-three years of age will be provided, and classes will be planned with the age group workers for all other pre-school age children.

Men's Prayer Group will be directed by Paul Cates of Lubbock, with sessions led by Bob Dixon, Dallas; Jim Stephen, Fort Davis; George Stokes, Waco; and Bruce Lampert, Alpine.

A special "Early Bird Service" will be held Sunday night, July 26, at 8:00 p.m., with the First Baptist Church, Marfa, leading.

Paisano is a family oriented camp and is unique in the history of church camps. Organized by a group of cowboys who had prayer meetings in the area of the camp grounds, Dr. George Truett of the

First Baptist Church, Dallas, served as the camp preacher until his death. The relaxed, informal and warm cowboy atmosphere has been maintained throughout the years. About 2000 are expected at this encampment.

First Baptist Church, Sonora, will have a large group attend - contact Clifton Hancock for details.

Jaycees Plan Large Crowd For Washer Pitch Tournament

The Sonora Jaycees are now making plans for their newest bash, the All American Washer Pitch, scheduled for Aug. 1 at the Sonora Sutton County Community Park Rodeo Grounds.

"We're expecting over 100 entries in the singles competition and hopefully that many in the doubles competition," Jaycees President Herb Jones said.

He said the Jaycees hope to make the tournament an annual event such as they have done with Sutton County Days and the Hooten Holler Barbecue and Goat Burning.

Entries have already been received from Austin, Kerrville, Hunt, San Angelo, Menard, and Junction he added.

Entry fees for the contest are \$25 for singles and \$50 for a double team. Guaranteed prizes are 50 percent of the entry fees and trophy buckles for first place, 25 percent of the entry fees for second place and 15 percent of the entry fees for third place.

The tournament will be double-elimination and entries must be received by Friday, July 31. An individual may enter once in singles and once in doubles.

Entry fees should be sent to Jones at Box 584, Sonora. For more information, call 387-2600, 387-2520 or 387-3635.

Rules and regulations for the contest will be:

1. Washers are 2 inches, cups are 2 1/2 inches set 21

feet apart center to center. 2. First player will pitch 5 washers followed by his opponent. The player or team who scores will then pitch first the second round.

3. Scoring will be in 3, 3, and 1 point increments. A ringer is 5 points. A leaner is 3 points. If there is no ringer or leaner, the 1 point each is awarded for the player whose washer(s) are nearest the cup.

4. Should the first player pitch a ringer and have it covered by the second player, then that will cancel each ringer point. If the first player pitches two ringers and the second player pitches only one, then only one ringer is cancelled and the other ringer of the first player counts.

Same holds true with leaners.

5. Singles and doubles games are played to 21 points.

6. All points are awarded on the final resting place of the washers.

7. Pitcher's foot may not extend beyond the cup.

8. The interpretation of the rules and regulations will be left up to the course judge and/or the tournament judge.

Sonora Sales Tax Climbs 49 Percent Over 1980

State Comptroller Bob Bullock Tuesday said payments of the optional one-percent city sales tax for 1981 to Texas cities are 17 percent higher on a statewide average compared to last year.

Bullock's office Tuesday paid 713 Texas cities \$32,698,770 in sales tax rebates for July.

Although many Texas cities saw an actual drop in the July payment from last year due to the state's faster collection system that skyrocketed payments earlier in the year, Sonora still saw a large increase.

The City of Sonora's payment for July was \$19,660 as compared to \$14,625 in 1980. The payment brings the total for the year to \$184,642, a 49.76 percent jump from the 1980 total of \$123,290.

July payment for other

area cities and their yearly increase include Big Lake, \$10,980, up 53.69 percent; Brady, \$12,920, up 2.22 percent; Del Rio, \$43,850, up 7.74 percent; Eldorado, \$5,870, up 44.92 percent; Junction, \$4,560, up 5.9 percent; Mason, \$3,880, up 8.45 percent; Menard, \$1,420, up 10.99 percent; Merizon, \$1,620, up 53.66 percent; Rocksprings, \$1,610, up 12.97 percent; and San Angelo, \$225,710, up 22.99 percent.

Payments to major metropolitan areas for July include:

Houston, \$6.6 million; Dallas, \$3.7 million; Fort Worth, \$1.2 million; San Antonio, \$1.7 million; El Paso, \$808,190 and Corpus Christi, \$639,130.

City sales taxes are collected by merchants and businesses along with the state's four percent sales

tax and are rebated monthly by the Comptroller's office.

Statewide, Texas cities have received \$343.4 million during 1981 compared to 1980 payments through July of \$291.9 million.

C&B Properties Joins Sonora Chamber of Commerce

Membership Chairman Jim Cusenbary, Sonora Chamber of Commerce, announced last week that C & B Properties on Hwy. 277 South has joined the C of C as a business member, bringing total membership to 157.

C & B Properties is located where the Old Elliott School used to be and is a mini-storage business with office space available.

C & B is owned by Ben Montgomery and his sister, Cheryl Montgomery of Odessa.

Nancy Johnson, Board member, signed the new business in and Johnson is joined by Cusenbary, the Board of Directors, the Honorary Board members and the entire C of C membership in welcoming the new business into the roster.

Community Outlook

by Don Holdridge

The excitement over Sutton County Days is beginning to build. It looks like this will easily be the biggest in the seven year history of the event.

As at least most people know, the Chamber of Commerce has joined forces with the Jaycees in helping put on the event. The Jaycees started the celebration with some hard work by a few dedicated people. What was fun for all the participants was three or four long days of solid labor for a few dedicated workers, to say nothing of the months of planning involved.

However, the sheer size of the event has grown so rapidly that the Jaycees simply did not have the manpower to handle everything themselves. They enlisted the help of the Chamber and the response from C of C member volunteering to help has been overwhelming.

To try to list all the Jaycees and Jaycee-ettes who have worked so hard through the years in addition to the volunteers this year would be impossible, but they all deserve a pat on the back and a big thank you for making Sutton County Days such a huge success.

####

I happened to see Sandra Cooper's car parked in front of the new library the other day and dropped in to find her and Sara McAndrew unpacking books.

For those who don't know, Rev. and Mrs. Lea Roy Aldwell donated the building on Concho for the use of a library and remodeling has now been completed. The only thing holding up the move into the new facility is waiting on new shelving to arrive.

And although the library is still being housed in the cramped facilities at City Hall, new programs have already begun. Mrs. Cooper said the children's summer reading program had been a huge success. In April before the program began, only nine students came to the library to check out books, but during June the number increased to 150. Several activities have been planned for the students later in the summer.

The new library is a perfect example of what private citizens can attain when they want to get something done. I know it must seem like it has been long, slow process, especially for those directly involved, but Sonora will now have a facility that will garner benefits for years to come.

All those who have donated so freely of their time and money, especially the Aldwells, are deserving of our gratitude.

P.S. I have a feeling that anyone else who wanted to make a contribution would not be snubbed.

Texas Washer Pitch Championship Slated

The 1981 T.W.P.A. Texas State Championship Washer Pitch will be held August 8 and 9 in Ingram.

The Men's Singles, Women's Singles, and Junior (under 16) Singles will be held Saturday, Aug. 8. The Men's Doubles Competition will be held Sunday, Aug. 9.

Entry fees are \$25 for Men's Singles and Doubles, and \$20 for Women's and Juniors.

Prizes for the men's singles and doubles competition will be \$250 for first place, \$150 for second place and \$100 for third.

Prizes for the Women's and Juniors will be \$150 for first place, \$75 for second and \$50 for third.

For more information call or write Smitty, Box 947, Ingram, Texas 78025, (512) 535-4476.

Pets Endangered By Summer Heat

People who own pets should remember that their pets can suffer the effects of summer heat and humidity just as humans do, warns a spokesman for the Texas Veterinary Medical Assoc. "Don't leave your pet in a closed automobile," reminds Dr. Ben Johnston, Texas Veterinary Medical Association (TVMA) President.

When Texas temperatures soar into the 80's, 90's and even 100's, pet owners should know that five or six degrees rise in a dog's temperature can result in brain damage or death, said Dr. Johnston. And a parked car can be a death trap for the family pet, the TVMA President stressed.

"For example, if it is 85 degrees outside, it would take only 32 minutes for the temperature to rise to 120 degrees in a parked car with the windows rolled up," explains Dr. Johnston. Any dog is susceptible to the effects of heat stress,

but older dogs, puppies or animals that are overweight or have chronic health problems are more easily affected than others.

Joggers who like to take their dog along for the run should recognize that animals require conditioning to get in shape just as humans do. And the summer heat, combined with excessive exercise can cause overexertion and heat stress in the family pet.

If a dog exhibits signs of heat stress - panting, a staring or anxious expression, failure to respond to commands, warm dry skin, extremely high fever, rapid heart beat and collapse - the recommended first aid is to immerse the animal in cold water immediately. If that is not possible, spray the dog with cold water from a garden hose. Ice packs may also be applied to the animal's head and neck.

After taking these first aid measures, take the animal to your veterinarian at once.

Sonorans Listed Among Tech Grads

More than 2,000 students at Texas Tech University received degrees in commencement exercises at the conclusion of the 1981 spring semester.

They are: Robert Hard, Flaire Lane, and Charlotte Northcott.

Northcott graduated cum laude.

Texas Tech University has an enrollment of more than 23,000 students.

Kappa Gamma Holds July 8 Meeting

A called meeting of Kappa Gamma Chapter of Epsilon Sigma Alpha was held Wednesday, July 8 at 7 p.m. at the San Angelo Savings and Loan Building.

Members present at the meeting were Kim Cole,

Pam Davenport, Jane Doyle, Dolores Hodges, Sharon Hogue, Susie Ramirez, Diane Snider and Jo Ann Wilkinson.

Jo Ann Wilkinson presided as the members went over next year's activities.

Social Security Rep. Schedules Sonora Visit

Garland Gregg, Social Security representative for the San Angelo Social Security office, has scheduled his August visit to Sonora.

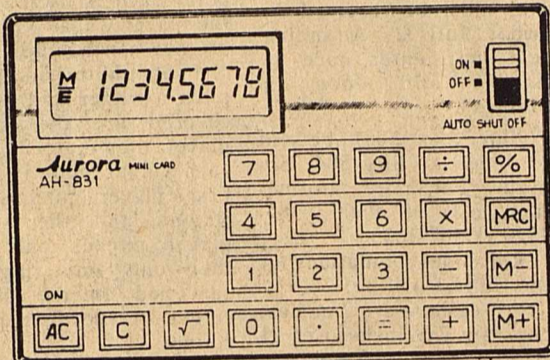

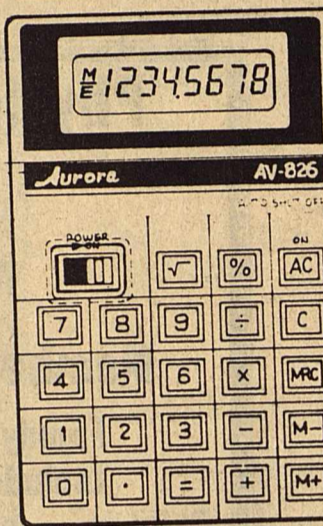

He will be at the county courthouse on Thursday,

August 20, from 9:00 - 10:30.

Anyone who wants to file a claim for benefits, get information, or transact other business with the social security administration may contact him at this time.

Sheppard, Martin To Wed Aug. 29

Mr. and Mrs. Floyd Sheppard Jr. of Sonora and Mr. and Mrs. Edwin Dean Martin of Ermiston, Oregon are happy to announce the engagement and approaching marriage of their two children, Vicki Carrol and Stephen Ray. The ceremonies are scheduled to take place on August 29 at 7 p.m. at the First Baptist Church of

Sonora. The bride-elect is a graduate of Sonora High School where she was active in basketball, DECA, and drama. Vicki is currently employed by Gulley and Son, Inc. Steve is employed with Halliburton Services in Sonora. The couple plans to make their home in Sonora.

Vicki Sheppard, Steve Martin

Mrs. George Hernandez, nee JoAnn Guerra

Mrs. Gregg Parker, nee Cody Gold

Guerra, Hernandez Wed July 18

St. Ann's Catholic Church was the setting candlelight ceremony Saturday, July 18, for the

uniting JoAnn Guerra and George Hernandez in marriage. Father Gilbert officiated.

The bride is the daughter of Mr. and Mrs. Juan Guerra of Sonora and the bridegroom is the son of Mr. and Mrs. Marciano Hernandez, also of Sonora.

The bride carried a bouquet of small, white daisies and carnations. She chose a dress with a lace cape over pleated chiffon.

Organ music was provided by Mrs. Charlotte Wilson.

Lori Guerra, sister of the bride, served as maid of honor, and Thomas Hernandez, cousin of the groom, was best man.

Family and friends participated in the wedding party.

A reception and dance at the Sutton County 4-H Center followed the ceremony. Both are graduates of Sonora High School.

After a trip to San Antonio and Corpus Christi, the couple will reside in Sonora.

Gold, Parker United June 20 In Sonora

Cody Jean Gold became the bride of Gregg Ray Parker in double ring rites at the First Baptist Church of Sonora Saturday, June 20. Dr. John Rasco of Odessa officiated.

The bride is the daughter of Mr. and Mrs. Ottis Gold, and the bridegroom is the son of Mr. and Mrs. Jamie Parker, all of Sonora.

Given in marriage by her father, she carried a cas-

cade of pastel spring flowers.

Janie Gold of Sonora and Mrs. Frank Linney of Woodboro served their sister as maid and matron of honor, respectively.

Bridesmaids were Katherine Parker, sister of the groom, Trina Powers, Linda Burge and Janice Holt, all of Sonora.

Sherry Gregorezyk of Sinton and Sara Linney of Woodboro were flower girls.

Craig Parker of Andrews and Mark Parker of Vernal, Ut. served their brother as best men.

Groomsmen were Chip Savell, Ronnie Surber, Clay Hicks and Mark Hemphill. Rocky Gold, brother of the bride, Will Wallace and John Elliott were ushers.

Joshua Smith was ring bearer, and Keith Dieringer of Mathis was candle-

lighter. Joe and Marche Lane provided vocal selections and Mrs. J.C. Hancock was organist.

A reception in the Fellowship Hall of the Church followed the ceremony.

The bride is a graduate of Sonora High School as is the bridegroom. He also attended Baylor University.

After a wedding trip to Cancun, Mexico, the couple will live in Andrews where he will ranch.

Hearing Loss Concerns Easter Seals

Texas Easter Seals is very concerned over the rising statistics which demonstrate that 24 per cent of all children in the U.S. have some type of hearing loss.

Texas Easter Seals conducted vision and hearing screening free of charge to the public, during the month of May in over six locations. A mobile unit fully equipped and staffed by an audiologist and nurse, made it possible to test to see if an indi-

vidual's sight and hearing was within normal limits.

For more information about conductive hearing loss, quality screening services, or for a copy of the free brochure "Conductive Hearing Loss in Children," contact the Texas Easter Seals Society at 1-800-492-5555.

Terry Duren, Robert Flerro and Joe Will Ross of Troop 19 have been accepted to go to the National Jamboree held in Virginia. The boys first attended Shakedown Camp held at Camp Sol Meyer on June 5-7. This was to get them prepared and to see if they have the things needed for the Jamboree.

Oil Discoveries Filed

In the year-earlier month, 110 gas and 51 oil discoveries were filed with the state's energy regulatory agency.

Texas operators reported 110 gas and 53 oil discoveries in June 1981, the Railroad Commission's Oil and Gas Division announced today.

The president of Texas Mid-Continent Oil & Gas Association said Tuesday that it would be a mistake for Texas to increase severance taxes on crude oil and natural gas as proposed by Texas Attorney General Mark White.

Dallas independent producer Edwin L. Cox disagreed sharply with White's contention that raising oil and gas production taxes was "the only response" to the U.S. Supreme Court's recent decision upholding Montana's 30-percent severance tax on coal.

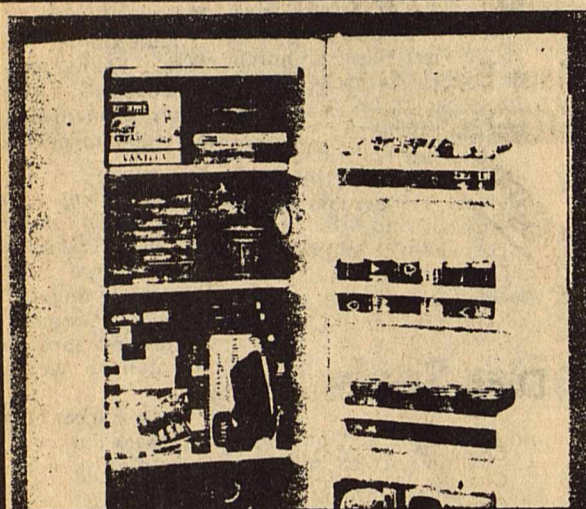

"Because of the deregulation of crude oil prices and the gradual decontrol of natural gas prices, we have seen a spirited upsurge in drilling in Texas."

Cox said. "This activity has created jobs in all sectors of the state's economy, located new reserves of secure oil and gas, and

increased tax collections for all levels of government. We should concentrate on continuing the favorable climate for finding and

producing energy in the state, not becoming involved in a favorable climate for finding and producing energy in the state.

Local Scouts Involved In Many Activities

Troop 19 had an awards program at the Scout House May 12. Joe Will Ross opened the program with a flag ceremony with all boys there participating. Scout Master David Griffin presented awards to the following boys: Tom Jones, hiking home repairs, woodworking, sports, electronics, plumbing, masonry and star; Duane Freeman, star and safety; Terry Duren, insect studies, fishing, safety, first aid, food systems, and first class; Jimmy Keese, first aid, model design and building and second class; Thomas DeHoyos, cooking and tenderfoot; Jimmy Miles, first class; Justin Condra, safety and second class; Glenn Jones, camping, pottery and second class; Jody Luttrell, communications, safety, hiking, sports, personal fitness and music; Robert Fierro, pets, reading, safety, cooking, first aid, personal management, home repair, environmental science, interpreter strip and first class; and Davey Ross, second class.

Troop 276 enjoyed a trip to Hat-A-Ranch on May 15. Girls that participated were Leah Evans, Sherry Ellison, and Tammy Duren. The girls enjoyed hiking, exploring, cooking out and the highlight of the week was the street dance at Iraan.

On May 1-3, Troop 276 and Troop 8 participated in the Silver and Gold Event at Jo Jan Van. This event is where the sixth grade girls bridge into Cadettes. Tammy Jones and Tammy Holguin from Troop 8 made three steps into Cadettes.

Troop 19 attended the Spring Camporee held at O.C. Fisher Lake. The Webelos from Pack 19 also attended. Boys participating were Jimmy Keese, Robert Fierro, Glenn Jones, Justin Condra, Terry Duren, Scout Master David Griffin and Mr. Robert Fierro. Not pictured are scouts Dewayne Freeman, David Ross, Thomas DeHoyos, Webelos Terry Freeman, Carl Spears, Chris Chavarria, and Albert Fierro.

Troop 19 enjoyed summer camp at Camp Fawcett June 14 through 20. Boys attending were Kirk Kauffman, Robert Fierro, Joe Will Ross, Jody Luttrell, Scout Master David Griffin, Terry Duren, David Ross, and Dewayne Freeman. Not pictured are Jimmy Miles and Jimmy Keese. At camp Terry Duren and Robert Fierro were tapped out for OA's.

Awards Presented At Meeting April 30

Pack 19 held a pack meeting at 6:00 on Thursday, April 30. A flag ceremony opened the meeting with Terry Duren, Second Class Scout, leading. Parents and Scouts enjoyed homemade ice cream and cakes. Awards were presented by Cub Master Jim Miles.

Boys earning awards from Den 1 were Ben Cayez, Osbualdo Castaneda, Carl Vargas, Matt Miles, Mark Esche, Damon Skains, John Gonzales and Keith Wallace all earning the Bear badge.

Boys from Den 2 earning awards were Toney Duren, 2 Wolf Silver Arrows, Mark Shanabarger, 3 Wolf Silver Arrows; Francisco Gomez and William Burch, Bobcat badges.

From Den 3 earning awards were Todd Keller, Tooter Jones, Scott Garrett, Jake Kimbrell, Carl Owings, Mark Rogers, Dann Hulsey, Chacho Cahill, Chas Thompson, Chris Penney, all earning Wolf badges. Wolf Gold Arrows and Wolf Silver Arrows.

Boys from Den 4 earning awards were Albert Fierro, Naturalist, Outdoorsman and Webelos Badge; Jeremy Gibson Forester, Geologist, Scholar, Scientist, Showman, Traveler, Webelos Badge; Terry Chavarria, Naturalist, Outdoorsman, Scholar, Scientist, Traveler, and Webelos Badge; Chris Freeman, Naturalist, Outdoorsman, Scholar, Scientist, Traveler, and Webelos.

Webelos: Carl Spears, Wolf Gold Arrow, Bear Badge, Bear Gold Arrow, 8 Bear Gold Arrows, Aquanaut, Artist, Athlete, Citizen, Craftsman, Engineer, Forester, Naturalist, Outdoorsman, Sportsman, and Webelos.

Albert Fierro earned the highest award a Webelos Scout can earning the Arrow of Light.

The boys then enjoyed playing Star Wars and closed with a friendship Circle and sang Taps.

U.S. Undergoing Corrections Resulting From De-Control of Oil Prices

Railroad Commissioner Buddy Temple told the Natural Resources section of the State Bar of Texas that the United States is currently undergoing corrections in the petroleum market resulting from the de-control of oil prices.

accelerated pace that would have occurred slowly over the last decade had prices not been under federal controls. Temple cites refinery closings as evidence of these market corrections and went on to predict that "within the next six months you will see the corner gas stations doing a fruitbasket turn-

over as oil companies withdraw from some markets and enter others." Temple made the comments at the group's annual meeting during the state bar convention in Houston in a speech outlining the history of energy policy since the industrial revolution.

as a year when a major shift in world power occurred as a result of energy supplies. In that year, the United States reached the limit of its reserve capacity, thus losing the energy "cushion" on which the free world could rely in case of emergencies.

Temple, helped carry the Allies to victory in two world wars. The loss of that cushion and the rapid growth in the U.S. demand for petroleum set the stage for the energy wars of the '70's, he said. According to Temple, the U.S. response to energy extortion by foreign governments was domestic price controls. He termed

those controls "counter-productive in terms of our stated national goals." He went on to characterize the effect of the Windfall Profit Tax on oil as paralleling those controls. Temple mentioned several positive signs on the energy scene, including a rapidly rising drilling rig count since President Carter announced his decontrol decision in April 1979, a drop in energy demand, expenditures in the oil and increasing capital gas industry.

Deregulation Causes Increase in Production and Exploration

Deregulation of domestic oil has caused an increase in the production and exploration of crude oil in the United States, according to a senior member of the House Energy and Commerce Committee.

President of Energy Publications, on higher American drilling activities, less foreign oil imports and increased spending for energy exploration since decontrol took effect in mid-1979.

completions in 1979. The 1980 figures break a 24-year record for well completions. Estimates for 1981 indicate that there may be over 75,000 well completions.

ment spending for the United States alone, increased from \$24.5 billion in 1979 to \$32.4 billion in 1980," Collins said. He also noted that increased domestic energy development has resulted in decreased foreign oil imports. Imports were 8,389,000 barrels per day in

1979, but dropped to 6,759,000 barrels per day in 1980. The latest figures for 1981 indicate imports are down to 5,368,000 barrels per day.

"The deregulation of domestic oil has put America back on the road to energy self-sufficiency. What we need to do now is accelerate the decontrol of natural gas. It is estimated that there are 200 trillion cubic feet of proven gas reserves and 913 trillion cubic feet of potential reserves in the United States.

Moore Appointed General Counsel

Charles A. Moore, a Houston attorney who specializes in energy law, has been appointed General Counsel to the Federal Energy Regulatory Commission.

Moore, 30, is a native of Midland, Texas, the same home town of Commission Chairman C.M. Butler III. He majored in political science at the University of Houston, where he also received his Doctor of Law degree magna cum laude.

A partner in the Houston law firm of Reynolds, Allen, Cook, Pennhill and Hooper, Moore began his career as a trial associate in civil litigation in a variety of areas, including real estate, securities, medical and legal malpractice. For the past two years, Moore has represented interstate, intrastate, and local distribution pipeline companies.

Moore, who expects to assume his duties by July 15, has won a number of academic and athletic awards at the University of Houston. A former football player for the University of Houston, Moore is a two-time recipient of the Outstanding Athlete of America Award, in 1970 and 1971.

"I am pleased to bring to the Commission a skilled attorney who has enthusiasm, energy and solid legal experience," said Butler in announcing Moore's appointment. "I expect Charlie to make a solid contribution to the Commission's performance of its regulatory functions." Moore's wife, Laura, currently works as an accountant in Houston.

30 Pipeline Permits Granted

A total of 30 permits to operate new pipelines in Texas were granted by the Railroad Commission in June 1981, according to the RRC's Oil and Gas Division.

Eighteen of the permits were for gathering pipelines, four were for gas plants, four were for trunk transmission lines, two were for feed stock lines, and one was for a distribution line. Another was for other purposes.

Gathering lines bring oil and gas from production leases, while a trunk transmission line is a larger diameter line into which smaller lines connect. At gas plants, natural gas is stripped of the liquid hydrocarbons usually present in well-head gas. Feed stock is crude oil or other hydrocarbons that are basic materials for refining or manufacturing processes.

Twenty-six of the newly permitted pipelines will transport gas, two will move petroleum products, and two will transport crude oil and condensates. Private pipelines accounted for 28 permits last month, while two were for common carriers. A common carrier performs public work for hire, such as the movement of petroleum products.

Consumers to Bear Brunt of Increase

Texas consumers -- both industrial and residential -- would bear the brunt of an increase in the gas severance tax, Texas consumers two-thirds of the state's natural gas production.

Cox said that any increase in the oil severance tax would have to be borne by Texas producers and royalty owners. It could not be passed along to consumers in other states. White apparently envies, Cox added.

Department of Agriculture Recommends All Horses Be Vaccinated

Sleeping Sickness—only one horse in four is protected against this ever-present threat.

The U.S. Department of Agriculture recommends that all horses be vaccinated annually against Equine Encephalomyelitis (Sleeping Sickness).

This recommendation is emphasized by Dr. Ralph Knowles at USDA's Animal and Plant Health Inspection Service (APHIS). He points out that the recommendation includes vaccination against both Eastern and Western strains of the disease.

Although there is a trend toward routine annual vaccination, authorities say a reasonable estimate is that only 20 to 25 percent of the total U.S. horse population now receives this protection.

Dr. Knowles' advice to horse owners is wholeheartedly endorsed by Dr. Thomas E. Walton at USDA's Arthropod-Borne Animal Diseases Research Laboratory in Denver. Both call Equine Encephalomyelitis "an ever-present threat".

The probability of incidence of this disease in horses increases significantly where a large proportion of an area's horse population is not vaccinated against it. And, biting insects can carry the disease to humans.

Under the proper conditions, every horse, regardless of breed, age or sex, is susceptible. The ideal time for vaccinating is before the local mosquito season begins.

A key vector or carrier in the transmission cycle is the mosquito. Birds are the reservoir hosts. They introduce Equine Encephalomyelitis into an area via mosquitoes parasitic to birds. Then other mosquitoes transmit Sleeping Sickness from birds to horses or humans. The build up and concentration of infected birds, combined with large numbers of mosquitoes, intensifies into explosive Encephalomyelitis incidence. Horses and humans are dead-end hosts.

Mosquitoes can thrive even in a dry climate if they can find standing water to breed in. In the Western U.S., for example, irrigation canals and reservoirs provide a perfect base for

mosquito propagation.

Once infected with Equine Encephalomyelitis, the horse exhibits various symptoms including fever, extreme nervousness, loss of appetite, depression and paralysis. Of the three principal strains of Sleeping Sickness -- Eastern, Western and Venezuelan -- the Eastern is the most severe because it usually results in death in 90 percent of the cases. The Western form may leave horses brain-damaged after a prolonged course of illness, treatment and apparent recovery. The Venezuelan strain causes explosive outbreaks with high equine mortality. It does not exist in the U.S. at present.

Sleeping Sickness is a disease that affects the horse's brain and spinal cord. No antiviral treatment is available, and permanent damage may result if the horse survives. The only means of preventing Equine Encephalomyelitis is by vaccination. After the initial immunization, only a booster is needed once a year.

Combination vaccines now available also allow the horse to receive protection against other major dangers at the same time it is vaccinated against Equine Encephalomyelitis.

Tetanus Toxoid and Equine Influenza are also available in combination with the Encephalomyelitis vaccine.

Tetanus is one of the most common and most serious horse health problems, with a death rate estimated at 85 percent. The spores of this organism are found everywhere in the soil, only waiting for an opportunity to enter the horse's system through a scratch or other break in foot or hide.

A third disease that is not normally fatal, but harmful, and preventable, is Equine Influenza. It is a highly contagious disease of the respiratory tract that causes coughing and nasal discharge. Usually three to six weeks are needed for full recovery. Occasionally a horse weakened by influenza is attacked, by other diseases that can result in permanent lung damage or even death.

For more information on the prevention of Equine Encephalomyelitis and tetanus, horse owners should consult their veterinarians.

Beef Investment Program To Be Implemented

Negative reports about beef's healthfulness and nutritional content are on the increase and show signs of the increase and show no signs of subsiding in the near future.

Which is one of the reasons why Texas cattlemen are implementing a voluntary 25-cent-per-head beef promotion investment program—to bring the correct nutritional facts about beef before the public.

Under the new system, all funds collected are to be remitted to the Beef Industry Council of the National Live Stock and Meat Board for use in national programs of research, education and promotion.

"It's not enough just to say beef is good for you, we (the beef industry) have to prove it. We've got to be prepared to deal with any kind of criticism that may arise," said John S. Cargile, president of the Texas and Southwestern Cattle Raisers Association.

To ensure that beef's image is protected, 16 percent of the Beef Industry Council's \$2.8 million beef program budget will be spent on meat science and nutrition research.

Since 1922, the Meat Board has funded research that has proved to be beneficial to both the beef industry and the scientific community.

Research such as that being conducted by Dr. Margaret A. Flynn, University of Missouri, who is helping to disprove the notion that beef consumption increases cholesterol in the blood.

Last year, the Meat Board funded 18 such

research projects across the country to help discover new facts about beef or to counteract claims that beef causes disease, sickness or that eating too much of it can be unhealthy.

Other meat science projects ultimately benefit the consumer. During the past year the Meat Board sponsored the International Symposium on Meat in Nutrition and Health, a veritable "Who's Who" panel on nutrition in Colorado Springs, Colo.; a project looking into the feasibility of developing a

canned beef product that is shelf-stable, nutritious, has high consumer appeal, is easy to store, handle and transport; a beef nutrient composition study; and a project that, in cooperation with the U.S. Department of Agriculture, produced a series of color photographs depicting the various degrees of marbling in beef.

According to Cargile, Meat Board programs of meat science and nutrition research can be greatly expanded with funds generated by the 25-cent Texas investment program.

Joining the Texas and Southwestern Cattle Raisers Association in the program are the Texas Farm Bureau, the Texas Cattle Feeders Association, the Independent Cattlemen's Association of Texas and the Livestock Marketing Association of Texas.

Computers A Focus Area At Roundup

Using computers for progressive ranch management, managing ranch finances, and mineral lease management for Southwestern ranchers and landowners will be key areas of focus for concurrent sessions in ranching business during the International Rancher's Roundup.

The conference, largest of its type ever organized for the Southwestern ranching industry, will be held Aug. 10-14 in Del Rio.

Successful ranchers, finance specialists with the

project leader, Texas Agricultural Extension Service, will serve as individual session chairmen.

Key concurrent session topics for discussion include: micro-computer and programmable calculators—capabilities, features and available programs; buying a computer for the ranch; advantages of computer terminals; obtaining ranch operating capital in the future; land capitalization for future ranching; oil and gas lease arrangements; and managing the mineral estate. A total of 17

presentations are scheduled in these areas.

Thus far, over 110 speakers have been confirmed for the entire Roundup, including such headliners as South African Foreign Minister P. Botha, Agricultural Commissioner Reagan Brown and State Representative Susan McBee.

The Roundup features two day-long tours on opening and closing days of the meeting, plus nightly meal functions and entertainment after educational activities have concluded.

Uvalde Bank, Texas Real Estate Research Center, Texas Agricultural Extension Service and numerous computer industry representatives, plus attorneys representing five different firms and energy-related concerns will appear on the three-day business management portion of the program.

Buddy Bell, president, Production Credit Association, Cotulla; Johnny Watts, president, Del Rio National Bank and Trust; and Dr. Wayne Hayenga, management economist

J. Lynn Futch Named Director

Secretary of Agriculture John R. Block on June 23 announced the appointment of J. Lynn Futch Washington, D.C., as State Director of the Farmer Home Administration for Texas effective July 6, 1981.

Futch, 55, has previously served as FmHA State Director in Temple, Texas, from 1969 to 1977. Since then he has served as Program Assistant to the FmHA Administrator at the agency's national office in Washington, D.C.

Before joining FmHA, Futch served as Assistant Manager (1954-1960) and Vice President (1960-69) of the Canadian Production

Credit Association, Canadian, Texas.

A native of King County, Texas, Futch was reared on a cotton and livestock farm. He maintained an interest in a cattle feeding operation in the Texas Panhandle area until 1976.

Futch received a Bachelor of Science Degree in Agricultural Education Texas Technological College, Lubbock in 1949. He served as a pilot in the U.S. Air Force from 1943-45.

The Farmers Home Administration is a credit

agency of the U.S. Department of Agriculture.

As State Director, Futch will be responsible for the loan and grant activities of 486 employees in 147 counties and 20 district offices in Texas. The FmHA State Office is located in Temple.

Short, Mitchell To Wed Aug. 1

The marriage of Miss Deborah Lou Short and Terry Eugene Mitchell, both of Austin, will be held at the Tarrytown Methodist Church in Austin at 7 p.m. Saturday, Aug. 1.

The bride is the daughter of Austin residents, Mrs. A. Jeanne Short and Roy T. Short.

She graduated from Westlake High School in

1978 and is currently a senior business major at the University of Texas.

The groom is the son of Mr. and Mrs. Harold E. Mitchell of Aberdeen, Scotland.

He is a 1973 graduate of Sonora High School, and a BBA graduate of the University of Texas, an MBA graduate of St. Edward's University in Austin and is now entering his second

year as a law student at St. Mary's University in San Antonio.

Previously he has been employed as Manager of Credit Analysis and Operations at City National Bank in Austin, but has been employed as an intern with an Austin law firm this summer.

The couple plans to make San Antonio their home after the wedding.

Debra Lou Short, Terry Mitchell

Gun Club to Hold Shoot July 22

The Sutton County Gun Club in conjunction with the Ozona Practical Shooters Club will be sponsoring a practical shoot, Wednesday, July 22 at 5 p.m. at the Streigler pit 4 miles West of Sonora on the south access road.

Markers will give directions to the range. The instructor for the shoot will be Bill Price of Ozona with the I.P.S.C.

This shoot will be for pistols only. Revolvers, double action and automa-

tics with a minimum caliber of 9mm and/or 38 special. You should bring a holster of any type; if you do not have one there will be holsters at the pit that you may use. Also bring 100 rounds of ammunition.

Shooting will be done at various ranges under different conditions.

Everyone is invited to come and shoot or watch. This should be a very interesting and informative shoot.

No alcoholic beverages will be permitted on the range.

Jack Sykes with the Sutton County Gun Club will be giving a hunters safety course July 27 and 28 at the HNG building from 7 to 10 p.m. A registration fee of \$1 will be charged.

To register call Jack Sykes at 387-5568 or Robin McAnally 387-3117.

There will be a BBQ for gun club members only August 4, 1981 at 7:30 p.m. in the city park.

Please R.S.V.P. by calling 387-5568 or 387-3117.

Members are reminded that dues will become due at the August 11 meeting.

West Texas C of C Adopts Resolution

At an executive Committee Meeting of the West Texas Chamber of Commerce, the chamber adopted a resolution to establish a West Texas 2000 Commission. The resolution followed a presentation by Dr. Victor Arnold, executive director of the Texas 2000 Commission.

The West Texas 2000 Commission will address nine major issues presented by Dr. Arnold: 1. Population. 2. Economic Growth. 3. Water. 4.

Energy. 5. Transportation. 6. Agriculture. 7. State and Local Finance. 8. Research and Development. 9. Mexico-Texas Relations.

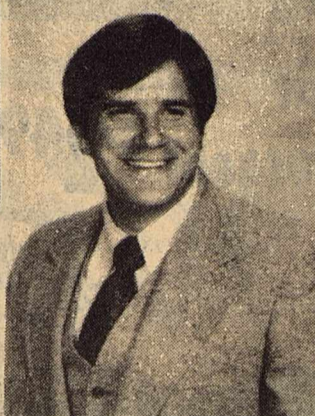

The establishment of the West Texas 2000 Commission follows in the wake of the chamber's support of Water Trust Fund legislation. Water is "a statewide issue quickly approaching statewide crisis," commented Dr. Arnold.

WTCC president, Burvin Hines, commented, "We are delighted at the opportunity to participate in this

most important program (the Regional 2000 Commission). It addresses the nine major areas of concern for the balance of this century. Certainly, the West Texas Chamber of Commerce (which serves over 58 percent of the state) sees the West Texas 2000 Commission's success as essential."

The West Texas 2000 Commission will be one of four regional commissions working with the state commission.

Andrews Named V. President of Bank

Joe Andrews

Joe R. Andrews III, son of Dr. and Mrs. Joe Andrews of Sonora, has joined First City National Bank of San Angelo as vice president and commercial loan officer.

Andrews was commercial and real estate loan officer

with Northwest Bank and Trust Company of Houston prior to joining First City Bank.

He is a graduate of Texas A&M University and is married to the former Janet Pope of Sonora, daughter of Mr. and Mrs. Walter Pope.

Sonora Police Reports

Monday, July 13

12 noon Caller in Yoakum reported a subject coming to Sonora took their motorcycle and requested that he or rather the motorcycle be held for them to pick up.

10:25 a.m. Caller reported she was locked out of her vehicle.

Texas Easter Seals Provides Brochure

Children who have frequent colds, allergies, or seem to lag in speech and reading development may suffer from conductive hearing loss, says a new brochure available from your Texas Easter Seal Society.

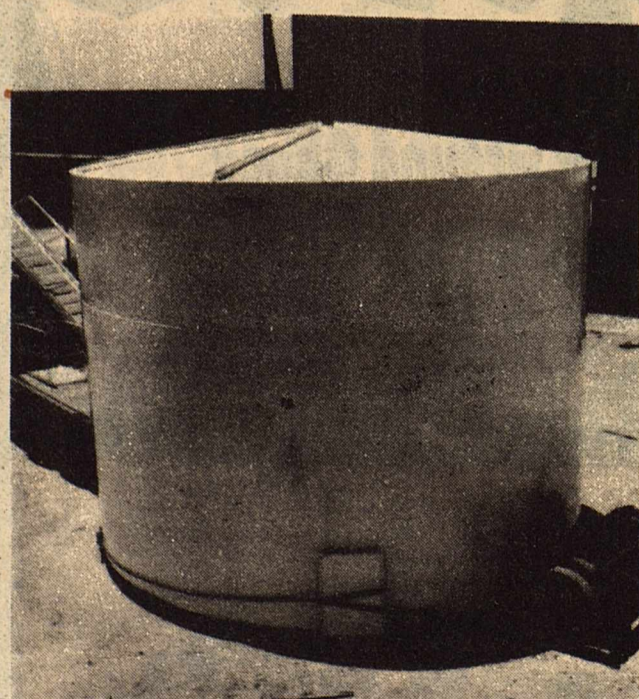

Conductive hearing loss occurs when sounds aren't conducted efficiently to the brain--usually because fluid has accumulated in the middle ear. Sounds are muffled or dampened and the child hears as if he or she is under water.

This kind of hearing loss is very common--most children develop a temporary hearing loss at least once by the age of three.

The Easter Seal brochure points out that children who can't hear well may not learn to speak correctly, and may have learning problems. But hearing loss can be prevented if it's

detected early. The Texas Easter Seal Society urges parents to have their child's hearing screened often. There's a simple, painless test for conductive hearing loss

using a tympanometer--a machine that indicates whether the space behind the eardrum is blocked by fluid--which can be conducted on children as young as seven months.
