Kappa Gamma To Hold Style Show Sept. 20

The Kappa Gamma Chapter of Epsilon Sigma Alpha International will present "Hail to Natural Fibers" Style Show and Tea Sunday, September 20, at 3:00 p.m. in the Junior High Snack Bar.

The show will be presented in order for persons to view the "natural fiber" clothing available to

patrons in the Sonora and Eldorado area.

Participating merchants are Spain's, The Image, Ashley's Western Wear, The Old Shop, The Bright Spot, Merle Norman and B&B Shoe Barn of Sonora and the Cottage of Eldorado.

Mrs. Stanley (Nelda) Mayfield,

the Texas Sheep and Goat Raiser's Auxiliary President, will present the commentary for the showing.

Mrs. Cleve (Lola Beth) Jones will be catering the tea.

Tickets are available through participating merchants and the members of Kappa Gamma at \$5.00 per person.

Sutton County Library Opening Scheduled Sept. 21

The Sonora Women's Club cordially invites everyone to the Sutton County Library Opening on Monday, Sept. 21. Refreshments will be served from 4-6 p.m. at the new

location: 212 Concho. The Grand Opening will include a tour of the facilities, a slide show for children of all ages, and the winner of the Book Mark Contest will be announced.

The Library will begin regular hours on Tuesday the 22nd in its new location. The hours will be: Mon.,

Wed., Fri. 12-5; Tuesday 12-8; closed Thursday; and Saturday 10-12.

In addition to these hours, the Sutton County Library will be open for Storyhour every Tuesday from 10-11. This new service is for pre-school age children. Other new activities will be a Puppet Group, forming for school age children. Art classes will Mr. George Maxwell on Monday nights and numerous other programs throughout the year.

The Library (above City Hall) will close on Wed. at 4:30 for the move.

The women's Club proudly looks forward to seeing everyone at the opening to enjoy the new addition to the community.

City councilman Hershel Davenport, City Manager Jiv Dover, CofC Board Member Hal Spain, Red Carpet committee member Shelley Chaney, District Clerk Mehta Trainer & Chamber Manager Lou Thomas, Mary Hanna, 1981 Queen of Sutton County Days

Rodney Knight Wins DRN Football Contest

Rodney Knight missed three games to win the \$20 first place prize in last week's Devil's River News Football Contest.

Frances West won 2nd with 3 misses also. First and second places were decided by the Sonora-Junction game tiebreaker.

Jack Sharp took 3rd place with 4

misses.

Also missing four games were: Pat Brown, Louis Halford, Willene

Garlitz, Carmen Martinez, Timmy Doan and Bruce Kerbow.

The most often missed games were Angelo State at Northwestern Louisiana, Rotan at Coleman, and Cameron State at East Texas.

Maintenance of Roads Main Topic of Commissioners Meeting

Maintenance of county roads was the major topic discussed at the regular monthly meeting of the County Commissioners Monday.

The Commissioners met with Jim Mathews of HNG to discuss the improvement of private roads that are frequented by several oil com-

panies. They also met with Robbie Robinson who asked for county

support for a road used by more than one rancher. No action was taken on request until further investigation could be taken.

The tax appraisal board contract was also approved at the meeting. A request for a public pay phone

for the courthouse was accepted. A resolution was passed for funding improvement for the Sutton County Senior Citizen Center.

The enlargement of the county yard and regulations to be enforced at Camp Allison were also discussed, but no action was taken on either issue.

Pat Walker's To Hold Grand Opening September 23

Luan King, Red Carpet Committee president, Sonora Chamber of Commerce announced that Pat Walker's Studio, located on Hwy 277 North will hold a ribbon cutting ceremony on September 23rd at 10 a.m.

Red Carpet Committee members

will be serving refreshments from 10 to 11 a.m. and RCC members, Board of Directors and Honorary Board

members of the Sonora Chamber of Commerce, the C of C membership and Sonorans are invited to attend the ceremony.

Manager of the new facility is Martha Sims of 1308 Crockett Street and Asst. Manager is Jana Johnson of 411 W. 4th Street.

King joins the above listed in welcoming the new business into the community.

Mary Hanna Appointed Honorary Member of Red Carpet Committee

Miss Mary Hanna, the 1981 Queen of Sutton County Days, has been appointed as an Honorary Member of the Sonora Chamber of Commerce Red Carpet Committee, according to Luan King, RCC president.

Miss Hanna was announced as Queen of Sutton County Days during the 7th Annual Sutton County Days of Saturday, August 22nd.

Miss Hanna resides at 119 Oakwood with her parents, Mr. and Mrs. John Hanna. She has one older

sister, Janet and two brothers: Edward and Chris.

She is a senior in the Sonora Independent School District and was presented a letter from the Red Carpet committee, informing her of the appointment.

Hanna joins these citizens as Honorary Members of the RCC: C of C president Sandra Cooper, C of C vice president Ed Carrasco, C of C treasurer Jim Cusenbary, Robert Brown, Don Holdridge, Doris Mer-

riman, Reverend Jim Miles, Hal Spain, Nancy Johnson, Albert Ward, Ex-officio Board member Glen Fisher, City Manager Jim Dover, County Judge Charles Sherrill, Mayor Bill Gosney, Reverend David Griffin, president, Ministerial Alliance, SISD Trustee Sam Stewart and KVRN Radio Station General Manager Mike Street.

She was presented with a Gift Certificate from Nancy Johnson of the Photo Ranch and a plant from the Chamber of Commerce.

Reception In Observance of National Grandparents' Day Held At Nursing Home

National Grandparents' Day was observed Sunday afternoon at the Sonora Nursing Home.

The reception was held honoring: Nannie Mae Wilson, Ethel Cardwell, Laura Odom, Juanita Mijia, Dora Luna, Antonia Hinojosa, Candelario Jimenez, Helen Decker, Ruby Bishop, George and Thelma Phillips, Viola Wall, Dolores Chico, Edna Crittenden, Zadie Reedu, Vertna Lee, Esther Richardson, Muriel Hamilton, Katie Stewart, Mary Probst, Maysie Brown, Gertrude Murr, Refugia Vasquez, Mary O' Bryan, Ruth Koeller, Flora Ivy, and

Pedro Saucedo.

A Mariachi Band, Los Amigos from San Angelo, provided music for the reception. They played traditional Mexican and English songs.

Cake, punch, peanuts and cookies were served at the reception. The cookies were made by the Saucedo family, Josephina Hernandez and Eva Perez. The refreshments were served by Melba Perez and Rosemary Perez, Benita Martinez, and Petra Trevino.

An autumn theme was carried throughout the reception. Floral arrangements were provided by

JoAnn Tyner of Sonora Floral and Gifts.

Making the party possible were donations made by: Hospital Auxiliary, Los Amigos, West Side Lions Club, Petroettes, Manuel Paredes family, and the Hudspeth Nursing Home.

Individual volunteers and clubs or organizations giving of their time or donations were honored by Mrs. Lilia Gonzales, the Activity Director of the Nursing Home. A "Gift Certificate of Appreciation" from the Texas Department of Health were presented to the volunteers. Those honored were: the Petroettes, Ladies' Hospital Auxiliary, Los Amigos Club, Sonora Jaycees, Downtown Lions Club, Oscar Galindo Band, Amoco Goodwill, Fannie Wade, Guy Wyatt Askew, Mr. and Mrs. John Tedford, Maxine Browne, Ilene Stewart, Lydia Galindo, Pauline Thompson, Barbara Arendt, Ed Martinez, Weyland Rapp, Bronco Band, Sonora Floral and Gifts, Cyndy Curtis, Honey Davis, Rev. Jim Miles and the Ministerial alliance.

The Nursing Home administrator, residents, nurses, nurses' aides and Mrs. Gonzales would like to thank everyone who made the reception special for the residents of the nursing home.

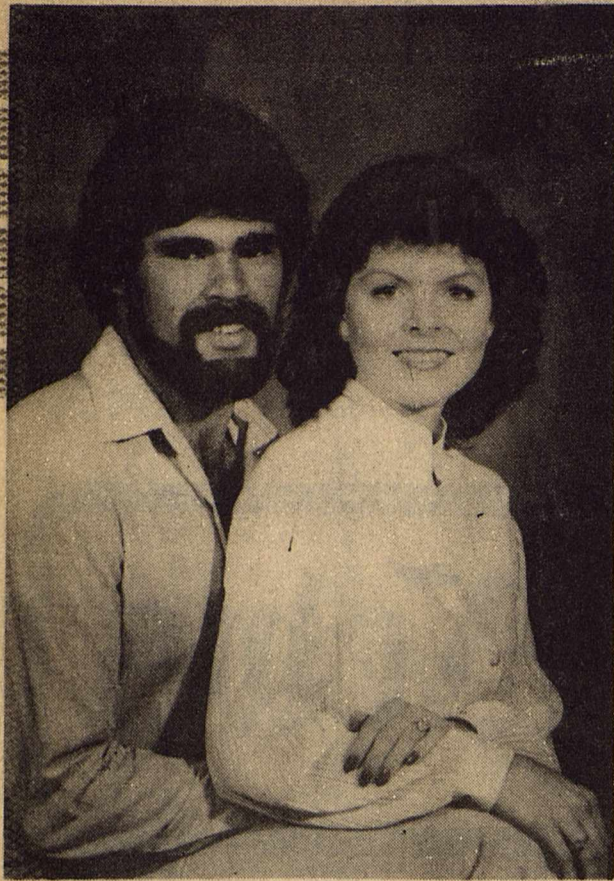

Youth Activities Cttee. To Meet Sept. 21

President Bill Webster, Youth Activities Committee announced that a general meeting of the YAC group will meet Monday evening, September 21st in the basement of the Methodist Church, at 7:30.

Webster encourages all committee members and other interested persons to attend the meeting, as discussion will be held on activities for the youth during the winter months.

Nursing Home Residents Celebrate National Grandparents' Day

Mike Jones, Melinda Warren

Jones, Warren To Wed Oct. 10

Wedding vows are to be read October 10 for Melinda Diane Warren of Mullin and Mike Jones of Sonora. The wedding is to be held at the First Baptist Church of Mullin.

The bride-elect is the daughter of Mrs. Neva Sprinks Warren of Mullin, and her fiancé is the son of Mr. and Mrs. Ray Jones of Sonora.

Melinda is a graduate of Mullin High School and Howard Payne University. She is presently employed

by the Jack Carlson Co. and the Texas Youth Council in Brownwood.

Michael, a graduate of Sonora High School, attended Howard Payne University and plans to resume his studies in petroleum engineering at the University of Texas at the Permian Basin in Odessa. He is presently employed by Cotton Equipment and Service, Inc. in Sonora.

Friends and relatives are invited to attend.

McWilliams Announce Birth

Mr. and Mrs. Bobby D. McWilliams, 4607 West Cuthbert, Midland, are proud parent of a baby girl

born Sept. 1 at Midland Memorial Hospital. She weighed 9 lbs. 1 oz. and was named Ashley Dawn.

Cecil Westerman Would Like To Be Your Pharmacist

She is welcomed by a brother, Bobby Don McWilliams, Jr.

The maternal grandparents are Mr. and Mrs. L.D. Hollmig of Sonora. The paternal grandparents are Mr. and Mrs. C.W. McWilliams of Roosevelt.

The maternal great grandmother is Mrs. Tom Wall of Sonora, and the paternal great grandmother is Mrs. Harvey McWilliams of Hext.

SHS News

By Tracy Day

This past week at S.H.S., class officers were elected. The senior class elected John Blankenship, president; Allen Stewart, vice-president; Julie Stewart, Secretary; and Joe Longoria, treasurer.

Elected by the Junior class were Albert Chavez, president; Espy Whitehead, vice-president; and Jennifer Spencer, secretary-treasurer.

The sophomore class elected Drew Wallace as president; Judy Merrill vice-president; and Kathryn Parker, secretary-treasurer.

The freshmen class elected Abel Sanchez, president; Doug Martin, vice-president; Ismael Sanchez, secretary; and Greg Stewart, treasurer.

With the Halloween Car-

nival growing near, the classes also elected their Halloween Queen candidates: Tracy Thompson, seniors; Delma Noriega, Juniors; Judy Merrill, sophomores; and Debbie Shannon, freshmen.

The school calendar for this week is filled with club meetings and activities: Tuesday, Sept. 15, the speech club met at 7 p.m. in the auditorium. On Wednesday, the Student Council has a brown bag luncheon and on Thursday, the Junior class will have a brown bag luncheon. Senior rings will be the main topic.

Thursday night the Sonora JV hosts the Menard JV beginning at 8:00 p.m. Friday the Broncos will travel to Eldorado to take on the Eagles. The game will begin at 8:00 p.m.

Lowe, Wright Named "Super Superintendents"

Rex Lowe of San Angelo and George Wright of Burnet, and a 1955 graduate of Sonora High School, are among 81 Texas school superintendents to be honored as "Superintendents."

The Texas PTA came up with the idea of recognizing "outstanding encouragement of PTA" by Texas school superintendents and approved the 81 nominees at its July meeting in Austin.

Nomination as Super Superintendent requires "exceptionally strong support of PTA and parental involvement in the public schools," the board of Texas PTA stated.

Those who can attend the

state convention November 16-18 in San Antonio will be recognized for their encouragement of PTA Objects and projects.

Bronco JV Defeats Ozona

The Bronco J.V. began their '81 season with a hard fought close win over the Ozona J.V. 15-12.

With just one minute ticked off the opening period Arthur Adame started the Bronco scoring with a 13 yard run. The PAT failed.

Neither team could cross the goal line the remainder of the first half. Sonora managed a field goal and TD in the second half. Mike Polocsek's five yard scamper around right end lit the scoreboard with 5:36 remaining in the third quarter. The run capped a 3D yard drive. The PAT failed.

Ozona caught the Broncos pass defense unaware as they completed a 67 yard pass for a TD with 1:44 left in the third period. Ozona pulled within 6, 12-6. The PAT also missed its target.

Sonora scored what resulted in the winning margin as Scott Miller tacked a field goal on to the score from 5 yards out with 5:52 remaining in the game, the Broncos seemingly had the victory, 15-6. The TD was set up by a Ronnie Pollard interception on the 031.

Ozona wasn't through yet as they sustained a 70 yard march capped by a TD with 1:09 remaining. Time ran out on the Lion threat and Sonora won the season opener.

4-H Leader Training Scheduled

The 4-H Food & Nutrition leader training for the new 1981-82 school year will be next week. The training will be Tuesday, Sept. 22, 4:15 p.m. at the

County Extension Agent, Sarah Wade, will present the training. Any adult or older youngster is welcome to attend and participate.

Call the County Extension office at 387-3604 for more details.

Educational programs conducted by the Texas Agricultural Extension office serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

Sporting Chance

by Don Holdridge

Things are finally looking up in the picking business. (I'm not talking about the California fruit pickers and the medfly, either.)

Although it wasn't exactly a stupendous week, I did manage to hit 16 of 21 games which is at least a slight improvement over the 14 of 20 in last week's first try. For those incapable of freshman (college, of course) math, that brings my season total to 30 of 41 for a .732 percentage. Let's just hope the good things continue.

Sonora at Eldorado

On paper, this would appear to be a runaway, and it still could be. But consider that Eldorado is basically a young team this year—a team consisting mainly of players that were on an undefeated junior varsity last season. Their youth was apparent last week when they seemed to have Iraan under control, only to blow a 21-point halftime lead against a good squad. The Broncos should still win, but the Eagles could pose some pesky problems before the game is over. Sonora 28-7.

Wall at Ballinger

The Hawks have been falling to some smaller schools, so the Bearcats should get their second win of the season. Remember! I said should. Ballinger 13-7.

Brady at Clyde

This could possibly be the toughest pre-district game for the Bulldogs, but they won't be surprised like they were last year. Brady 20-19.

Coleman at Eastland

The Bluecats will have more than they can handle as they run up against the number one Class AA team in the State. Eastland 35-14.

Comanche at Hamilton

It's all simple mathematics. The Indians beat DeLeon 13-0 and the Bearcats beat the Bulldogs 13-7, so... Comanche 26-7.

Coleman at Eastland

The Bluecats will have more than they can handle as they run up against the number one Class AA team in the state. Eastland 35-14.

Comanche at Hamilton

It's all simple mathematics. The Indians beat DeLeon 13-0 and the Bearcats beat the Bulldogs 13-7, so... Comanche 26-7.

Northwestern at Arkansas

The Razorbacks seem to always shop around to find all the patsies to pad their schedule. This one is one of the most notorious weak sisters of all time. Arkansas 42-10.

Baylor at Louisiana Tech

The Baptists apparently remembered to say their prayers

last week after forgetting the week before. Hopefully, they learned their lesson. Baylor 31-17.

Houston at Miami (Fla.)

The Cougars may have about all they can handle here. It should be about even, but give the nod to the home team. Miami 24-13.

Rice at Missouri

Owls may be placed on the endangered species lists after getting obliterated by Longhorns and Tigers two weeks in a row. Missouri 38-9.

North Texas State at Texas

With the caliber of competition, it's hard to tell if the Longhorns have really worked out their offensive problems. We probably still won't know any more after this week. Texas 34-10.

Texas A&M at Boston College

B.C. has been known for its upsets of SWC schools, and the Aggies are known for being surprised. Upset of the week. Boston College 14-13.

UT Arlington at TCU

Fred Dry has the horns sharpened on his Frogs. They get to break into the win column. TCU 27-20.

New Mexico at Texas Tech

Were the Red Raiders really that bad last week or had Chuck Fairbanks rebuilding job finally begun to show? We'll find out for sure this week. Texas Tech 10-6.

Grambling at SMU

The Ponies seem to be rolling, and Grambling doesn't pack the punch it used to. SMU 31-3.

Eastern New Mexico at Angelo State

The Rams got a real come-uppance last week, but the competition drops off a little this time around. Angelo State 27-16.

Notre Dame at Michigan

Who knows. I really think the Irish should win, but I can't see a team that one week ago was number one in the nation losing two in a row. Michigan 7-6.

Georgia Tech at Florida

The Ramblin' Recks stunned Alabama and just about everybody else last week. Two upsets in a row is taking things a little too far. Florida 24-14.

Miami at Houston

This may be the hardest pick of the week. The Dolphins are playing over their young heads. With three extra days to prepare and Earl Campbell at less than full speed if at all, they grab what would seem to be an insurmountable edge. The Oilers are still having problems on offense, but the Astrodome crowd is worth a touchdown any day, especially if the Blue won two games away they weren't supposed to. Houston 23-20.

Dallas at New England

Upset special. The Patriots have always run hot and cold, so it's time to turn the heat and cool off the Cowboys. New England 35-31.

Texas Consumers To Face Higher Gas Prices Unless Changes Are Made

Texans face the "looming spectre of living in the midst of rich gas fields, unable to get adequate supplies, and paying artificially bloated prices for the privilege of doing without," said Railroad Commission Chairman Jim Nugent at press conferences in Austin and Dallas this week.

Nugent said Texas consumers

face higher natural gas prices and probable shortages in supply unless changes are made in the federal Natural Gas Policy Act.

As the act now stands, an estimated 40 percent of all U.S. natural gas will remain under federal price controls after 1985.

Most of the low-cost, price-controlled gas will continue to flow to other

states under the federal law. The Department of Energy estimates that this so-called "old interstate" gas will cost \$1.01 per Mcf (thousand cubic feet) in 1985, compared to 93 cents per Mcf in 1978.

By contrast, old interstate gas prices will cost Texas consumers \$3.29 per Mcf in 1985 under the NGPA.

"This is the gas you and I

burn every day, and we'll be paying over three times what it costs our northern neighbors," said Nugent.

Problems multiply for Texans when interstate customers use the dollars they save to bid up the price of new gas supplies. Nugent seriously questions whether the interstate pipelines can compete for these new supplies without a base of controlled low-price

gas. He cited a recent Department of Energy study which estimates that half-a-trillion cubic feet of gas will be transferred from intra- to interstate markets in 1985 under the NGPA.

Even if state pipelines do compete successfully, Nugent said they will have to pay higher-than-market price for the gas. "If Texans are to burn Texas gas, they will have to pay

more than the free market price, because they will be subsidizing the costs to consumers in other states, particularly the Northeast," he said.

Other factors add to the problem, noted Nugent. Not only will interstate customers have privileged prices, they will have priv-

ileged access to new supplies as well.

With few exceptions, he said, once gas is placed in the interstate market it is forever committed to that market. In many cases, the sale of gas from a single well binds the gas from an entire field until the field is depleted and abandoned. In other words, gas can move freely from Texas markets to the interstate market, but not back again.

Finally, Nugent said, federal rules effectively preclude interstate pipelines from bidding on any gas produced from the Outer Continental Shelf, one of

the most promising new areas for gas discoveries.

Nugent called on Congress and the Administration to:

1. Change the federal law which guarantees privileged prices to interstate buyers, and
2. Change the federal laws which guarantee privileged access to interstate buyers.

Nugent recently returned from a round of talks with congressional and administration officials in Washington where he discussed natural gas policy problems. He has also written to Texas senators and congressmen urging their assistance.

High Prices One reason for Less OPEC Production

The countries that make up OPEC are producing less oil now than anytime in the past 8 years. Production is now about 20 million barrels a day compared to

almost 30 million a day in 1973. This drastic reduction is traced to high prices and the sluggish free-world

economy. And, one source says daily production will drop another million barrels by December.

The three African countries, Libya, Algeria and Nigeria, have been hit the hardest. These three usually charge the most of any OPEC country for their oil.

Nigeria's production has been reduced seventy-five percent to 500,000 barrels a day. That country recently reduced its price to \$36 a barrel. Further bad news for OPEC is the increased production of non-OPEC members in the free world. That figure is 23 million

barrels a day or about half of the 46 million barrels consumed daily by non-Communist countries.

The President of the Texas AFL-CIO, Harry Hubbard, has called for an increase in the state severance tax to 15 percent so that school property taxes

could be cut in half. Hubbard estimated that 3 billion dollars would be raised by increasing the 4.6 percent oil tax and 7.5 percent natural gas tax to 15 percent. Texans consume two-thirds to three-fourth of the oil and gas produced in the state. That means Texans would pay

most of any increase in severance taxes. And, Mexico says it's proven oil reserves have risen from 68 billion barrels in March to 72 billion barrels today.

In the Permian Basin our rig count for last week was 499. One year ago it was 333.

Railroad Commission Releases April Reports

Sixty-eight refineries in Texas processed 123,707,232 barrels of crude oil and hydrocarbon blends during April 1981, according to their reports to the Railroad Commission.

This volume compares with 135,049,006 barrels in the previous April, the Commission's Oil and Gas

Division reported in its monthly recapitulation of Texas refinery operations. Inputs of crude oil and blends totaled 130,769,869 barrels in March 1981.

Texas refineries ran 100,647,048 barrels of crude oil in April compared to 110,668,127 barrels in April

1980 and 105,153,796 barrels in March 1981.

Products manufactured in April 1981 totaled 124,924,365 barrels, down from 137,233,809 barrels in the same month the previous year, and down from the 130,291,157 barrels in March 1981.

April 1981 manufacture of motor gasoline totaled 47,696,522 barrels, compared to 51,883,234 barrels in the year-earlier month and 50,688,933 barrels in March of 1981.

Texas refineries manufactured 7,348,902 barrels of home heating oil in April 1981—a decrease of 279,715

barrels from the year-earlier volume. March 1981 output was 9,214,658 barrels.

World Oil and Gas Show To Feature Specialized Exhibits

The World Oil & Gas Show and Conference, set for December 14-17, 1981 at Dallas, Texas will have specialized exhibits of such mud among its some 300 exhibitors, according to Martin Dwyer, General Manager.

Mud that won't dry out at 500 degrees and hotter temperatures (Fahrenheit) much less bake as children's mud cakes do, or appear as dusty cracks in the ground at 100 degrees is now needed in drilling oil wells.

"Mud pumped down the annulus of drill pipe is used to lubricate and keep cool the roller bearings of bits at the end of the drill pipe string; and also, being under pressure, to bring rock cuttings up as it returns to the top between the drill pipe and the well hole."

"Drilling, which started out striking oil at 60 feet at Titusville, Pennsylvania in 1859, is now going to 30,000 feet. Rigs for boring to 50,000 feet or nearly 5 miles into the earth have now been made," Dwyer said.

Coastal Limited Authorized To Release Statements

The Coastal Corporation reported today its subsidiary, Coastal Limited Ventures, Inc., has been authorized by the Coastal board of directors to file a registration statement with the Securities and Exchange Commission covering an offering of \$37 million in units of limited partnership in Coastal 1982 Drilling Program, Ltd.

The limited partnership units are expected to be offered initially to holders of 100 or more shares of common and convertible preferred stock of The Coastal Corporation and to Coastal employee stockholders. The partnership will participate in development and exploratory drill-

ing on acreage holdings of other Coastal subsidiaries.

Coastal said the offering can be made only by prospects which will be

mailed to eligible offerees following clearance by the SEC and various state regulatory agencies.

In other action at its meeting today in Houston, the board discussed progress on the management study authorized last May concerning possible restructuring of The Coastal Corporation. Following the discussion, Oscar S. Wyatt, Jr., board chairman and chief executive officer of Coastal, said he expects the detailed study to be completed in time for presentation to the board of its meeting scheduled for October 15, 1981.

Texas A&M To Hold Workshop On Computers In Agriculture

Computers are no longer strangers to the agricultural industry. They offer a new dimension in farming and ranching that can help producers obtain more accurate information on which to base management decisions.

To give producers, agricultural leaders and others a better understanding of the role of computers and their actual application, the Texas Agricultural Extension Service, Texas A&M University System, will be conducting a special computer workshop Sept. 23-24 at the Civic Center in Lubbock.

The workshop on "Computers in Farm and Ranch Management" is designed to provide an introduction to several different computer systems available today, points out Dr. Wayne Hayenga, economist in management with the Extension Service.

"Participants will have an opportunity to get some 'actual' experience by operating several different computer programs," says Hayenga. "Everyone attending should have time to run a computer, using his own farm or ranch data. This will be a true 'hand-on' workshop."

Four "work" sessions will round out the workshop will deal with micro farm accounting systems, live-stock management decision aids, crop management decision aids, and financial projections and pricing aids. Speakers and resource personnel during the two-day workshop include Extension economists and several farmers and ranchers who will talk about how they use computers in their operations. Commercial exhibits will also be on hand.

As an indication of the interest in computers in agriculture, Hayenga notes that an earlier similar workshop in Corpus Christi attracted some 140 individuals from six states.

Registration information is available from any county Extension agent or from Marvin Sartin, Texas A&M University Agricultural Research and Extension Center, Rt. 3, Box 213AA, Lubbock, Tex. 79401.

Cattlemen Continue To Expand Herds Despite Market Uncertainties

Despite poor prices and market uncertainty, cattlemen continue to expand their herds.

That observation comes from Dr. Ed Uvacek, Jr., economist in livestock marketing with the Texas Agricultural Extension Service, Texas A&M University System.

Uvacek notes that the latest figures show the total number of cattle and calves on farms and ranches in the United States up 2 percent or almost 2 million head from a year ago. That puts the nation's herd at 125 million head, as of July 1.

Beef cow numbers rose 1 percent and heifers being held for beef cow replacement

rose 7 percent from a year ago.

Dairy cows also were up 1 percent, with 6 percent more dry replacement heifers, reports Uvacek.

While most figures show increased cattle numbers on July 1, steers 500 pounds and over were down 2 percent from a year ago, reflecting reduced cattle feeding and increases in calf and non-fed cattle slaughter.

The big surprise was this year's short calf crop, says Uvacek, which was up only 257,000 head over the 1980 figure. This evidently was due to the severe drought last year which

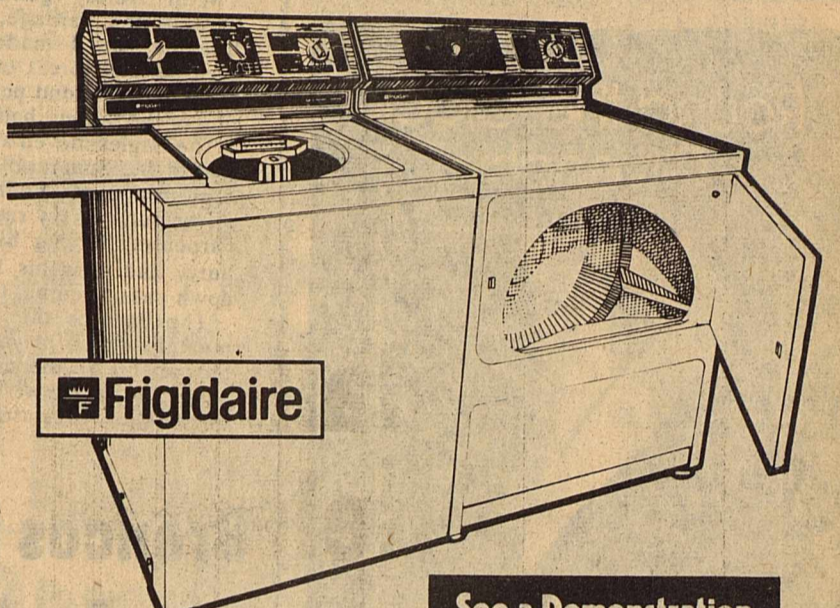

substantially lowered calving rates.

This small increase in calf numbers plus big result in tight feeder cattle supplies this fall, speculates the economist.

This dependable energy saving Frigidaire Laundry Pair can handle big family-size loads — up to a full 18 pounds.

See a Demonstration TODAY!

Washer offers dependable cleaning power — even lets you conserve hot water and detergent

- No need to waste hot water. This Frigidaire Washer features a Water Level selector that lets you match the amount of water to the size of your washload.
- Depend on Frigidaire to keep lint from settling back on your clothes with the Lint Filter which snaps in and out for easy cleaning.
- New horizontal cleaning action passes clothes under the recirculating filter 8 to 14 times each cycle. The new system is equally effective for small, average or large loads.

Dryer puts big drying capacity within easy reach

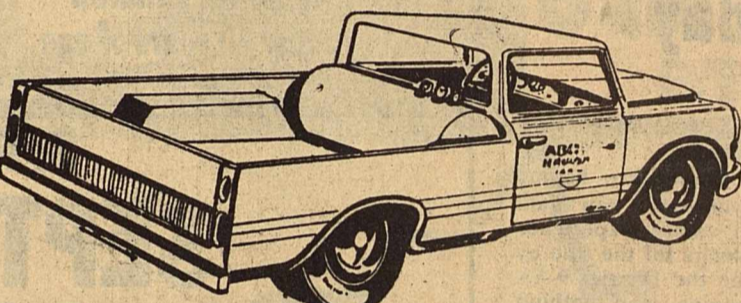

- For easy loading and unloading, the big oversize door opening — one of the largest in the industry — is positioned a comfortable 18 inches off the floor.
- For efficient drying, without hot spots that can damage fabrics, Frigidaire gently pulls air through your clothes.
- For big-family washloads this Frigidaire dryer provides gentle fabric care for up to 18 pounds of laundry.

Cattlemen Asked To Register Brands With Cattleman's Round-Up

Cattlemen know that they have until March to re-register their brands with county officials. They also have an opportunity to re-register their brands with the Cattlemen's Round-Up for Crippled Children.

Donors to the Cattlemen's Round-Up have had their brands immortalized in tile on the walls of the West Texas Rehabilitation Center's Abilene facility.

As the new facility is being constructed in San Angelo, brands will be applied to its walls also—the brands of those giving livestock valued at \$250 or more, or a \$250 cash contribution to the 1981 Cattlemen's Round-Up.

Since the first CRCC in 1960, more than 1200 brands have been placed on the WTRC walls, including some of the most famous brands in the Southwest: the King Ranch, the LBJ Ranch, the Pitchfork Ranch, the 6666 Ranch and others.

To donate to the Cattlemen's Round-Up for Crippled Children, contact your local area chairman or the Central Office of the West Texas Rehabilitation Center, 4601 Hartford, Abilene, TX 76950, or (915) 692-1633.

ported free to the appropriate sale. First cattle sale will be Sept. 28 at Abilene Livestock Auction. Other sales are horse sale, Oct. 3, Abilene Auction; sheep and goat sale, Oct. 5, Junction Stockyards; special auction, Oct. 7, Coleman Livestock Auction; farm equipment sale, Nov. 7, Sweetwater, and special auction, Nov. 4, Brownwood Cattle Auction.

Long-term credit that's productive.

Broncos Triumph Over Junction Eagles 14-0

Sonora	Junction
1st Downs 12	12
Rushes-Yds. 48-223	48-223
Passing Yds. 46	46
3-18-2	3-18-2
Fumbles-Lost 1-0	1-0
Punts-Avg. 4-26.3	4-26.3
Penalties-Yds. 3-35	3-35

When Paul Brown was coach of the Cleveland Browns, he coined a new phrase of "rubberband" defense to characterize his team—they bent, but didn't break.

The Sonora defenders epitomized the theory perfectly Friday night as they turned away threat by the Junction Eagles to nab their first win of the year 14-0.

With the Bronco offense bottled up deep in its own territory most of the night—stand often kept there by fumbles or penalties—the defense had to carry the burden.

Four times during the

Junction crossed the Sonora 30-yard line, but every time saw its larger line and strong ground game stopped cold by a young and in many places, patched Bronco defense.

The Eagles made their first charge on their initial series after taking over on their own 42 following a 10-yard punt by Ronnie Anderson.

With the aid of a 15-yard facemask penalty, Junction quickly moved to the 24, but Joe David Favila broke up a third down pass. Another pass attempt on fourth down also missed the mark.

The Broncos finally lit the scoreboard on their final possession of the first quarter. After starting at their own 18, key runs by Allen Stewart of 15 yards, Joe Longoria off 11 yards, and David Buitron of 37 yards gave Sonora a first down at the 13.

Stewart added an eight-yard burst down to the five, and three plays later, Buitron bulled over from the three to cap the 10-play drive.

Scott Savell booted the PAT, giving the Broncos all the lead they would need 7-0, with 50 seconds left in the stanza.

Junction appeared to be rolling again on their next possession with tailback Bobby Hurley pulling in a 16-yard aerial from Ronnie Carpenter and fullback Stephen Ford scampering 13 yards.

But an interception and return to the 28 by Favila once again thwarted the Eagle offensive.

Junction posted one more threat shortly before half. Facing a third and seven situation at the 32, Carpenter's pass was broken up by John Blankenship, and Ford was stopped for a three-yard gain on fourth down.

With Hurley gaining most of the yardage, the Junction squad made its most serious threat of the game on its second possession of the second half.

The Eagles moved all the way to the Sonora 13, but mini-noseguard Rodney Oliver put a heavy rush on Carpenter, forcing him to hurry and miss his fourth down pass attempt.

The Broncos then began moving, and six plays later, Stewart hit up the middle, shook two tackles, cut to the sideline and outran the

final two defenders 70 yards to the goal line.

Savell added the PAT for the final margin of victory with 24 seconds left in the third quarter.

The Eagles refused to play dead though as they march right back to the Sonora 24. Facing fourth down and inches, Junction fooled everyone by calling a pass play. Tight end Nicky Haines found himself completely unguarded in the endzone, but Carpenter's pass fell far short.

Sophomore linebacker Jeff Brittain, seeing only his second game ever at the position, intercepted another Junction pass minutes later at the 35 and returned it all the way back to the 14. The hopes of another Bronco score died two plays later when David Buitron fumbled.

In games involving other District 8-AAA teams, Brady outdueled Llano by an identical score, 14-0; Comanche blanked DeLeon, 13-0; Ballinger fell to Abilene Wylie 26-7; and Coleman was shut out by Rotan, 13-0.

Broncos Meet Eldorado Eagles Friday

With the Eldorado Eagles dropping their first two games of the season, both to Class A teams, the Sonora Broncos assume the favorites role, as usual in the old rivalry, as they travel the 22 miles down U.S. 277 for an 8 p.m. Friday contest.

The game may not be as lopsided as the records would indicate, however. The Eagles, with the bulk of their positions being filled by members of last season's undefeated junior varsity team, apparently gained enough experience in their 33-0 opening loss to a tough ranking squad to give Iraan a run for the money last week.

Eldorado held a 21-0 lead over the favored Braves at halftime, only to see Iraan rally in the second half for a 24-21 victory.

"They're a better team than they were last year,"

Bronco Coach Jerry Hopkins said.

The Eagles are hoping their youngsters can gain enough varsity experience to challenge for the title by the time the District 9-AA race begins, and nothing would suit them better than to score their first win over Sonora since 1973.

Two-way starters Eddie Montalvo and Whitt Paxton along with Raul Gonzales represent the only first string holdovers from the 1980 team that posted a 2-8 record.

Other key performers for the Eagles include quarterback Greg Davidson, fullback Floyd Fay, linebacker Randy Lentz and linemen Mike Wilks and Shane Wells.

The Broncos, fresh off their first win of the season, a 14-0 cliffhanger over Junction, counter with their own young squad that has shown brilliance at times, but still lacks consistency.

"We're still a long way from being solid defensively," Hopkins said. "The defense played good when it had to, but then again, they were out there a lot more than they should have been."

The secondary will get a test Friday as the Eagles have relied heavily on the airways the past few seasons, but Hopkins plans to counter with a passing attack also.

"We need to throw the ball successfully which we haven't been able to do," he said. "We'll definitely throw more this game."

While the passing game has been struggling, the running game has looked healthy for the Broncos. Senior halfback Allen Stewart had his second 100-yard effort of the year as he totaled 139 yards on 17 carries, including a 70-yard touchdown scamper.

Hopkins also had praise for safety John Blankenship and end Charlie Carroll on defense, and said checking game, one his worries before the season, has shaped up well.

Ronnie Anderson handles the punting, Scott Savell, the place kicking; and George Sanchez, the kickoffs.

With injuries and illness slowing some and causing others to miss the Junction contest, Hopkins expects to have his crew back at full strength for the Eldorado game.

"The Junction game was a good learning situation for us," Hopkins said. "The kids got to take a look at a lot of things on the film that should help."

And with Eldorado's passing attack, Friday's game should be no exception to the learning experience.

Chamber Chatter

by Lou Thomas

James E. Heath, Director of Industrial Development, San Angelo Chamber of Commerce Board will sponsor a Workshop on September 24th in rooms 112 of the Convention Center in San Angelo from 8 a.m. until 12 noon. Heath added that there will be no charge for the workshop, designed to assist those people who require statistical data from the Census to better understand the application and formats which the Census Bureau has adopted.

Heath informed that virtually all business and service institutions require use of census data and the workshop will give such persons benefit of being informed as to what the content of the census data is, geography of information, publications furnished

for your use by the Bureau of Census, and services available.

Registration forms are available in the Chamber of Commerce office and registration deadline is September 18th.

Those serving on the panel include Harry Clark, Sr. Vice President, West Side National Bank, Co-chairman Industrial Committee, Robert T. Weaver, Executive Director, Concho Valley COG, Steve Wilkinson, Planning Director, City of San Angelo, Dr. Bernard T. Yound, Dean of Graduate School, Angelo State University, Rex Lowe, Asst. Superintendent, San Angelo ISD, Dr. Bruce P. Ball, Associate Professor of Government, ASU.

If you have someone you would like to nominate as the September Citizen of the Month, please call the C of C office at 7-2880 or 7-2816. Nomination blanks must be turned in before October 7th, the next regular board meeting of the Board of Directors.

A Sonora couple recently won a seven-day vacation in Honolulu. Sue and Billy Long were among nearly 400 Tupperware sales teams who toured the Hawaiian Islands, all expenses paid by Orlando-based Tupperware Home Parties. Mrs. Long, manager at Deluxe Party Sales, the local Tupperware distributorship, was awarded the holiday for reaching an important sales goal set by the company.

Mayfield To Commentate

Kappa Gamma Style Show

Attention Area Residents!

Do you realize that Texas is one of the world's main producers of the most important fiber obtained from mammals -- WOOL! That's right - and we also produce some of the finest Mohair grown right here in Sutton County.

As producers, it is our responsibility to promote our product to its fullest, and what better promotion could we give than wearing our natural fibers.

Bright Spot, Merle Norman and B&B Shoe Barn of Sonora and The Cottage of Eldorado. Mrs. Cleve (Lola Beth) Jones will be catering the Tea.

Mrs. Stanley (Nelda) Mayfield, the Texas Sheep and Goat Raiser's Auxiliary President, will be commentating for the showing.

Nelda has participated in "Natural Fiber" style shows all over the State since being elected T.S. & G.R.A. President, commentating the State "Make It Yourself With Wool" contest last year -- She has modeling in numerous private showings and for various wear shops.

Nelda's experience at modeling has ranged from furs in Kerrville to cruise wear aboard the TSS Fairsea. She states, "that the most unique experience

Nelda Mayfield

she has had in modeling was the invitation to model cruise wear this past spring." While admitting this was different and a lot of fun, she feels much more comfortable talking about and showing the styles made of the natural fibers.

Half of the proceeds will be donated to the bi-annual Kappa Gamma scholarship for a graduating Sonora Senior.

For more information contact Pam Davenport at 387-5254 or Jan Robertson at 387-3475.

Finklea Attends TCU Ranch Program

Larry Lee Finklea of Sonora is among 34 ranch men and women taking part in Texas Christian University's unique nine-month Ranch Management Program.

They have come to Fort Worth from throughout Texas, as well as Kansas, Nebraska, New Mexico, Arkansas, Ohio, Idaho and California and Venezuela and West Germany.

For 25 years TCU has been training today's rancher, a combination accountant, veterinarian,

farmer, broker, salesman, executive, laborer who stands out as the general practitioner of the outdoors in an age of specialists.

Directed by John Merrill, the program combines 60 percent classroom time with 10,000 miles of field work to 60 ranches, farms, feedlots, marketing and packing facilities and research centers in Kansas, Oklahoma and Texas.

From now until next May these 34 students will concentrate all their energies on ranch management.

Square Dance Club To Hold Dance

The Grand Paraders Square Dance Club is having a square dance Saturday, Sept. 19, at 8:00 p.m. The dance will be held at the Community Park Slab.

In case of bad weather, it will be held at the Junior High Snack Bar.

The caller for the evening will be Roger Boroff of Del Rio.

Victoria Romero is the new nutrition aide at the Senior Citizens Center. She is employed by the Green Thumb, Inc., which is the oldest federal senior citizens employment program in the nation. It is sponsored by the National Farmers Union and has been active in Texas since 1970. It now has workers in 107 countries.

Bronco Frosh Romp Over Ozona

The Bronco freshmen continued their winning high ways as they have yet to be beaten in their three year careers. The latest victim was the Ozona Frosh by the score of 20-0. Jessie Guerra set up the first TD with an interception at the Ozona 36 yard line. Seven plays later half-back Victor Lira skirted left end from the 7. The PAT failed but Sonora had the lead 6-0 with 2:02 left in the initial quarter. Defense again set up the

next TD. This time it was Joe Paul Noriega falling on the loose Lion pigskin at the Ozona 17. Lira needed only one play to strike paydirt. With only 2 minutes gone in the second quarter Sonora held a 12-0 margin. The PAT again failed. Two more pass interceptions, one by Guerra and one by Ricky Mesa failed to result in scores. The Bronco took their 12-0 margin. The PAT again failed.

Two more pass interceptions, one by Guerra and one by Ricky Mesa failed to result in scores. The Bronco took their 12-0 margin. The PAT again failed.

and one by Ricky Mesa failed to result in scores. The Broncos took their 12-0 margin to the fieldhouse at the half.

The defense continued their domination as they trapped the Lions in their own end zone for a 2 point safety. The score stood 14-0 with 2:35 left in the third period.

The final Bronco TD was tallied by a Gilbert Martinez one yard plunge. The score capped a 57 yard drive. Again the PAT failed but Sonora romped 20-0.

4-H Food And Nutrition Project To Begin Soon

The 1981-82 Sutton Co. 4-H Food and Nutrition Project is to begin shortly. The Food and Nutrition consists of 4-H'ers meeting in small groups, with senior age 4-H members or adults that serve as group leaders. These groups meet for at least six group lessons. Included in the lessons, is information on meal plan-

ning; nutrition; meal preparation; comparison shopping. Finally, as an extra activity in conjunction with the group meetings, the youngsters may participate in County 4-H Food show. So, if you're a youngster 8-19 or an adult that would like to be a Food & Nutrition Project Group Leader, 4-H needs you!

Call the County Extension office at 387-3604 or come by the office. It's located on the third floor of the City Hall Building. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

Troop 276 members Troop 276 Enjoys Trip To Camp Mitre Peak

Girl Scout Troop 276 enjoyed a fun-filled trip to Camp Mitre Peak in the Davis Mountains August 7-9. They enjoyed mountain climbing, swimming and hiking. A visit to McDonald's Observatory and a swim in Balmorhea highlighted the trip home. Girl Scouts making the trip were Gina Blank, Leah Evans, Karla Jungk, Sherry Ellison, and Tammy Duren. Troop 276 would also like to sincerely thank the following people for donations to the troop for Sutton

County Days: Dowell, Dresser Atlas, Amoco, and CRC Wireline for ice; Modern Way for freezer paper; and Cotton Equipment for the use of their truck.

Library Sponsoring Book Mark Contest

The Sutton County Library is sponsoring a Book Mark Contest open to all area children. The Library is looking for an "official bookmark" to advertise the Library at 212 Concho by Friday at 5:00. You may

drop it through the mail chute. Rules are:
1. The design must have your name and age on it.
2. It must be in only two colors.
3. It must be around 2" X 5".

The winning Bookmark will be printed and given away at the Library to patrons. Announcement of the winner will be made at the Sutton County Library Grand Opening on Monday the 21st.

Bentsen Summarizes "Angel Dust" Use

They call it "Angel Dust." I call it the most dangerous illicit drug in use today. It is the devil's own brew.

When "angel dust," also known as PCP (phencyclidine hydrochloride), was developed in the mid-Fifties, it was viewed as a promising new anesthetic for use in operating rooms. Research, though, showed that it was causing psychotic reactions in large numbers of cases. In other words, it was literally driving people mad, so it was barred completely for use on humans.

Police files contain horrifying cases which show graphically how "angel dust" and experiencing "auditory hallucinations" telling him that his hands had offended him; or the young person who drank rat poison to kill the rodents he believed had infested his body.

In San Antonio Two Years Ago, "angel dust" was involved in the "Fiesta Sniper" incident in which a man killed two women and wounded numerous other before turning his gun on himself.

The Psychotropic Substances Act, which I authored and pushed through Congress, was signed into law in 1978 to try to crack down on "angel dust" abuse. It makes it harder for illegal manufacturers to obtain piperidine, a key ingredient in this deadly drug. It also increases from five to 10 years the penalty for first offense trafficking in "angel dust."

Recently the Drug Enforcement Administration advised me that my bill has helped in their efforts to drive this menacing drug from the streets of American cities.

They report that U.S. hospital emergency room incidents involving "angel dust" levelled off when the new law went into effect in 1979, after increasing dramatically each year since 1976. In 1980 emergency rooms reported a 24 percent decline in such cases.

The DEA also notes progress in combating "angel dust" manufacture. Following a rapid increase in PCP laboratory activity and seizures from 1975-1978, the number of recorded PCP laboratory seizures dropped by 34 percent in 1979. "Angel dust" manufacture in Texas dropped from 200,000 units in 1979 to 150,000 units last year.

In addition, black market prices for piperidine have skyrocketed to as much as \$3,000 a gallon compared with \$300 a gallon at legitimate chemical stores.

"Angel dust" traffickers are getting stiffer prison terms, too. The DEA advises that average federal prison sentences for trafficking years in 1979, the first year after my bill was signed.

We're on the offensive against "angel dust" and these new statistics indicate that we are meeting with some success. Abuse of this most dangerous drug, though, remains a serious problem on the streets of American cities and we cannot afford to let up in our efforts.

AVISO PUBLICO

Breves Declaraciones Explicativas De Las

ENMIENDAS CONSTITUCIONALES

PROPUESTAS

ELECCION ESPECIAL

3 DE NOVIEMBRE DE 1981

PROPOSICION NO. 1 EN LA BOLETA

Resolución Conjunta No. 8 del Senado propone una enmienda constitucional que permita a la legislatura autorizar a ciudades, pueblos y otras entidades fiscales conceder exenciones de impuestos por avalúo en una área no productiva, subdesarrollada o deteriorada para estimular su desarrollo. La enmienda también permitiría a la legislatura autorizar a una ciudad o a un pueblo emitir bonos o valores para financiar este desarrollo y compensar futuros aumentos en los ingresos de impuestos por avalúo sobre la propiedad en dichas áreas para pagar estos bonos o valores.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza a ciudades, pueblos, y otras entidades fiscales estimar el mejoramiento, desarrollo, o redesarrollo de ciertas áreas por medio de auxilio en los impuestos sobre la propiedad y la emisión de bonos o valores."

PROPOSICION NO. 2 EN LA BOLETA

Resolución Conjunta No. 117 de la Cámara de Representantes propone una enmienda constitucional que autorice a una persona a recibir título de terreno del Comisionado de la Oficina General de Terrenos bajo ciertas condiciones. La solicitud para el título se tiene que hacer dentro de cinco años a partir de la aprobación de la enmienda. El terreno tiene que ser terreno de las escuelas públicas libres, medido, y no previamente titulado. La persona tiene que tener una escritura del terreno propiamente registrada, que adquirió sin saber del defecto de título y que él y sus antepasados interesados han tenido por lo menos durante 50 años. La persona y sus antepasados interesados tienen que haber reclamado el terreno continuamente y pagado los impuestos por lo menos durante 50 años.

Esta enmienda no se aplica a terreno de playa, a terreno sustruido ni a islas. Un solicitante no puede usar esta provisión

PROPOSICION NO. 3 EN LA BOLETA

Resolución Conjunta No. 38 de la Cámara de Representantes propone una enmienda constitucional que autorice a la legislatura conceder a un comité estatal de administración financiera la autoridad de administrar fondos estatales. Los fondos destinados por la constitución a fines específicos no estarían sujetos a la administración del comité. El comité estaría compuesto del Gobernador, el Gobernador Teniente, el Presidente de la Cámara de Representantes, el Presidente del Comité de Finanzas del Senado, el Presidente del Comité de Asignaciones de la Cámara de Representantes, el Presidente del Comité de Asuntos de Estado y el Presidente del Comité de Medios y Arbitrios de la Cámara de Representantes.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que permite a la legislatura conceder a un comité estatal de administración financiera la autoridad de administrar el gasto de ciertos fondos apropiados."

PROPOSICION NO. 4 EN LA BOLETA

Resolución Conjunta No. 6 de la Cámara de Representantes propone una enmienda constitucional que disponga que la mitad de

los ingresos sobrantes de impuestos, sobre el límite de gastos dispuesto por el Artículo VIII, Sección 22, de la Constitución de Texas, sean depositados en un Fondo de Asistencia del Agua a ser usados como provea la ley, incluso en proyectos para el desarrollo y la conservación del agua, la mejora de la calidad del agua, el control de inundaciones o para cualquier combinación de estos propósitos.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza al comisionado de la Oficina General de Terrenos a dar títulos para ciertos terrenos del fondo para escuelas públicas libres tenidos en buena fe bajo título aparente durante por la veinticinco (25) años antes del 15 de noviembre de 1981."

PROPOSICION NO. 5 EN LA BOLETA

Resolución Conjunta No. 49 de la Cámara de Representantes propone una enmienda constitucional que dejaría libres de impuestos el ganado y las aves. Actualmente los productos agrícolas en manos del productor y las provisiones familiares para el uso de la casa y de la granja están libres de impuestos.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que permite incluir el ganado y las aves con los productos agrícolas libres de impuestos."

PROPOSICION NO. 6 EN LA BOLETA

Resolución Conjunta No. 81 de la Cámara de Representantes autoriza al cuerpo gobernante de un condado, una ciudad, un distrito escolar u otras subdivisiones políticas declarar libre de impuestos una porción del valor de mercado de un hogar de residencia. La porción libre de impuestos puede ser hasta 40% para el período 1982-1984; 30% para 1985-1987; y 20% para 1988 y los años siguientes. La cantidad de la exención no puede ser menos de \$5,000 a menos que la legislatura por ley general prescriba otras restricciones monetarias de la cantidad de exención. A un adulto elegible se le permite recibir otras exenciones aplicables previstas por la ley. Se hace excepción en caso de que los impuestos por avalúo hayan sido comprometidos previamente para el pago de deudas.

La enmienda además dirige a la legislatura que requiera que se les dé a los propietarios una estimación razonable de impuesto sobre su propiedad en ciertas situaciones.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza a una subdivisión política proveer auxilio en los impuestos sobre la propiedad para los dueños de hogares de residencia y que cambia ciertos procedimientos administrativos en los impuestos sobre la propiedad."

PROPOSICION NO. 7 EN LA BOLETA

Resolución Conjunta No. 4 de la Cámara de Representantes propone una enmienda que autorice a la Junta de Terrenos para Veteranos poner en circulación y vender bonos adicionales en la cantidad de \$250,000,000 lo cual aumentaría de \$700,000,000 a \$950,000,000 la autorización total de circulación de bonos del Fondo de Terrenos para Veteranos. La enmienda aumentaría el interés máximo pagable por el estado por estos bonos de 6% a 10% y permitiría una tarifa aún más alta si fuera especificada por la legislatura.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

PROPOSICION NO. 6 ON THE BALLOT

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion exempted may be as much as 10% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exception is made where ad valorem tax has previously been pledged for the payment of debt.

The amendment further directs the legislature to require that notice be given to property owners of a reasonable estimate of tax on their property in certain situations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the use of a portion of the excess revenues of the state for water development, water conservation, water quality enhancement, and flood control purposes; authorizing the use of the state's credit, not to exceed five hundred million dollars, to guarantee the bonds of cities, counties, towns, and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved, but unissued, state bonds; and authorizing a program to retire state bonds."

PROPOSICION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that would authorize the Veterans' Land Board to issue and sell an additional \$250,000,000 in bonds increasing the Veterans' Land Fund's total bond issuance authorization from \$700,000,000 to \$950,000,000. The amendment would increase the maximum interest payable by the state on these bonds from 6% to 10%, and permit an even higher rate, if specified by the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of additional bonds to finance the veterans' land program and to increase the maximum interest rate allowable on veterans' land fund bonds."

PROPOSICION NO. 5 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would exempt livestock and poultry from taxation. Currently, farm products in the hands of the producer and family supplies for home and farm use are exempt.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the inclusion of livestock and poultry with farm products as exempt from taxation."

PROPOSICION NO. 4 ON THE BALLOT

House Joint Resolution 6 proposes a constitutional amendment that would provide that one-half of the surplus tax revenues

above the spending limit provided by Article VIII, Section 22, of the Texas Constitution would be placed in a Water Assistance Fund to be used as provided by law, including projects for water development and conservation, water quality enhancement, and flood control purposes or any combination of these purposes.

The amendment also provides \$500,000,000 of the general credit of the state to guarantee bonds issued in commercial markets by local political subdivisions, including cities, counties, and special districts. The amendment allows amounts to be established to decrease or retire state debt, which is defined as that debt secured by the full faith and credit of the state. The amendment would raise the interest that could be paid on authorized, but unissued, bonds guaranteed by the full faith and credit of the state from 6% to 12%.

PROPOSICION NO. 3 ON THE BALLOT

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman of the Senate Finance Committee, Chairman of the House Appropriations Committee, Chairman of the Senate State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds."

PROPOSICION NO. 2 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes."

PROPOSICION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to authorize cities, towns and other taxing units to grant exemptions from ad valorem taxes on unproductive, underdeveloped or blighted area in order to encourage its development. The amendment would also allow the legislature to authorize a city or town to issue bonds or notes to finance this development and to pledge future increases in ad valorem tax revenues from the property in such areas to repay these bonds or notes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes."

PROPOSICION NO. 2 ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which he and his predecessors in interest have held for at least 50 years. The person and his predecessors in interest must have continuously claimed the land and paid the taxes for at least 50 years.

This amendment does not apply to beach land, submerged land, or islands. An applicant may not use this provision to

Wildlife Law Changes Reported

The County Attorney's office would like to outline some changes in the Game and Wildlife regulation of Texas, particularly affecting Sutton County hunters and residents that were passed by the most recent legislature.

1. New State Waterfowl stamp required for anyone hunting waterfowl. This Stamp costs \$5.00; may be obtained from anybody selling hunting and fishing license; does not exempt persons from Federal Migratory Waterfowl Stamp. Anyone hunting without a stamp or refusing to show the Stamp to a Game Warden or peace officer upon demand may be found guilty of Class "C" misdemeanor carrying a maximum fine up to \$200.00.
2. Possession of an electricity producing device commonly used to shock fish in a boat or within 1/2 mile of any water in this State is now an offense. The device may be sized and destroyed. First time con-

viction of this law a Class "C" misdemeanor; subsequent conviction within five (5) years may be filed as Class "B" misdemeanor and a third time conviction within ten (10) years carries a Class "A" misdemeanor

obviously designed to exclude intruders or to contain livestock; or a sign or signs posted on the property or at the entrance to the building, reasonably designed to come to the attention of the intruders, indicating that entry is forbidden" constitutes "notice" under the statutes.

6. Statutes now prohibit the hunting of "any wild animal or bird" (expanding its prior game classifications) from motor vehicles, power boats or other floating devices except where the animals are not classified as migratory animals private water by a person who is legally on the property or water for the purpose of hunting and so long as attempt is made to hunt on any part of the road system of this State.

7. Several statutory changes provide for enhanced penalties for subsequent convictions for violations of numerous game laws and provide for jail time and/or greater fines for violations. The Public is advised to check with the Game Warden's office or County Attorney concerning any questions in connection with the game laws and is further advised to exercise caution and respect while hunting any wild animals.
