DARE Director Speaks At Drug Seminar— Series Of Programs Planned For Schools

"Drugs are the number one problem facing our children today and we must join forces and help them resist," General Robinson Risner, Executive Director of Drug Abuse Research and Education, said in a drug seminar on Sept. 29.

Drug Abuse Research and Education (DARE) is the "action arm of the Texans' War on Drugs Committee, a fight against drugs started by Ross Perot.

commitments of DARE and how parents can join forces against drug usage in children of this age. One of

the speakers will be Marilyn Gollightly, Regional Coordinator for DARE.

During the seminar, Risner showed the audience stash cans, used for storing marijuana, that looked like soft drink cans. He showed the audience "power hitters", which are used for getting an increased high from marijuana smoking and different kinds of roach clips that are used to pass marijuana cigarettes.

Risner spoke of comic books advocating drug use that are geared toward young people. He also told the parents of encyclopedias that tell young people how to plant and grow

marijuana and what to wear to a pot party.

Robinson Risner began an army career in 1943 that lasted 33 years. During the Vietnam War, Risner was captured and held prisoner of war for 7 1/2 years. It was during his captivity in a Hanoi prison that he decided to find a way to work with young people when he returned to the U.S.

Upon his release from prison, Risner wrote *The Passing of the Night*, which relates his experiences as a POW. He dedicated his book to the youth of America.

"While I was a prisoner of war in Hanoi, I spent a lot of time thinking about my kids. I never dreamed what they were up against. While people were dying and being tortured in Vietnam instead of

compromising, children in America were willingly giving themselves up to drugs," Risner said.

"Drugs are found everywhere. They don't respect class, or social status. They can affect anyone," Risner added.

"But we, as parents, can do our part to fight drug use. Parent power is the greatest power," Risner stated.

Risner is involved in an intensive campaign to educate young people about drug use, in particular, the research substantiating marijuana adverse effects to the mind and body. He also plans to organize parent awareness groups, one aim of DARE, in every county throughout Texas.

DARE is committed to the formation of a parent support group that they feel must be established to

reverse harmful peer pressure among children.

DARE feels that peer pressure is the prime motivating factor affecting children. The foundation feels that parents must help reverse the peer pressure on children to the "do drug" message.

The DARE office is committed to help citizens build communities of caring parents. They advocate prevention of drug use by reversing and redirecting the unhealthy, negative pressures to healthy, positive pressures.

Risner said that the three predictors that a child will probably be a marijuana user are (1) he doesn't go to church or Sunday School (2) he smokes cigarettes before the age of 15, and (3) he has no disciplining at home.

Risner added that these were only

predictors and that drug usage can be seen in every age and class of young people. One way for parents to fight against drug abuse is to form Parent-Peer groups.

A Parent-Peer group is formed when the parents of a child peer group come together with the common purpose of cooperating to protect their children from marijuana they form the Parent-Peer group.

DARE feels that Parent-Peer groups can change even serious marijuana involvement. DARE also feels that a Parent-Peer Group, the parent may be trying to force his child to stand alone against overwhelming peer pressures for marijuana. With a Parent-Peer group, his friends and he will face the same parental control.

Sam Stewart and Scott Shurley are the Sonora coordinators of DARE and are committed to help establish Parent-Peer groups in Sonora.

Sutton County Library Reports Busiest Week In History

The first week after the opening of the New Sutton County Library has been its busiest in its history.

G.E.D. Classes To Begin

Starting Monday, October 12 there will be night classes in G.E.D. and Adult Basic Education.

These classes will be held in Rooms 104 and 106 of the new Jr. High School.

For more information, call the Elementary School during the day at 387-2414 or Mrs. Nilda Hernandez at night at 387-2874.

Approximately 150 people attended the opening and over 40 volumes were checked out at that time. In the last week, 33 adults and 45 children have visited the new facility.

Several school groups have toured the Library with more to come. The Children's Story hour is in full swing from 10:00 to 11:00 on Tuesdays. It is open to all preschoolers. George Maxwell is teaching 2 oil painting classes on Mondays.

A puppet group is forming for all school age children. Anyone interested must sign up at the Library. This group will design and make their own puppets and write original plays for them.

Due to the large number of books that are overdue, fines will be collected starting Oct. 15, 1981 of 5 cents a day. If you have overdue books, please bring them by between

now and the 15th in order to prevent having to pay a fine. There are so many new readers that these books can be put to good use.

The Sonora Women's Club has contributed the following magazines to the Library: "Texas Sports", "Texas Business", "Time", "U.S. News and World Report", "The Dallas Morning News", and "Devil's River News".

New Books:
Eye of the Hawk; Lee McElroy
The Defector; Evelyn Anthony
Mornings on Horseback; David McCulloch

Field Day and Deer Census Workshop Scheduled October 8

The Edwards Plateau Soil & Water conservation District and the Extension Range/Wildlife Sub-committee will co-sponsor a field day and spotlight deer census workshop. The event will take place on the Brockman Ranch on Bond Road on Thursday, October 8, 1981 beginning with a meal at 5:30 p.m. The S&WCD will then hold an election for the Zone 3 Director.

The program will open with a discussion of the relationships of domestic livestock and wildlife and their competition for range forages given by Dr. Larry White, Extension Range Specialist. Then Dr. Dwight Guynn, Extension Wildlife Specialist, will discuss the spotlight deer census and its use. Beginning about 7:30 p.m. the actual census will take place.

All interested persons are invited to attend.

Sonora Middle School Holds Book-A-Thon

The Texas Easter Seal Society is now conducting its annual Book-A-Thon program in Sonora Middle school.

Book-A-Thon is an educational program in which children become actively involved in reading and enlisting sponsors to pledge a specific amount of money for each book completed during October.

Students are currently contacting neighbors and friends, relatives and local businesses to sponsor them in their reading efforts. When participating students complete their reading they will return to each sponsor to collect the total amount of money pledged.

Money raised through the Book-A-Thon will be used by the Texas Easter

Seal Society to provide equipment and services to handicapped children and adults in this area.

At the conclusion of the Book-A-Thon, students who have read the most books and those who have collected the most money will be recognized and prizes will be awarded.

The Texas Easter Seal Society, now in its 52nd year, has developed this

educational program not only to encourage students to read but also to heighten their awareness of the needs of the handicapped.

Last year, Texas Easter Seals helped over 12,000 Texans receive necessary rehabilitative services and therapies. For more information on services call toll free 1-800-492-5555.

McBee Pushes For Proposition 5

State Rep. Susan McBee today announced the formation of an unprecedented, united statewide movement comprised of nine separate agricultural groups to push for passage of Proposition Five in the November 3 election. The "vote for 5 Committee" will be urging support for a measure which seeks to include livestock and poultry with other farm products already exempt from property (ad valorem) taxation. McBee, author of

the proposed Constitutional Amendment, was elected chairman of the committee. "This will be an organized effort to inform the public and build grass-roots support for passage of this important amendment," McBee said. "We want to make sure the general public understands that this amendment may well affect the price which people will pay for groceries in the future, and that it is to every consumer's benefit for Texas voters to pass this

amendment."

McBee pointed out that while the tax represents a minute portion of revenues to local taxing authorities (about one-fourth of one percent of revenues, statewide), its inconsistent administration represents an inequity for Texas meat producers. She says the clarifying amendment is necessary because of a 1976 Attorney General's opinion which held that livestock and poultry are not "farm products."

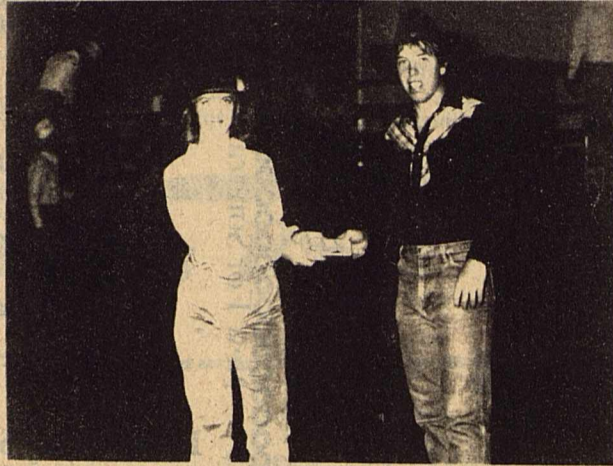

Comptroller Rep. Slates Visit October 16

State Comptroller Bob Bullock will have a representative from his San Angelo office in Sonora on October 16, 1981 to assist local taxpayers and answer questions about state taxes. Bullock said Enforcement Officer Esther Esparza will meet with local taxpayers in the County

Clerk's Office at the County Courthouse from 1:00 to 2:30 p.m. "If Sonora area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing state forms, Ms. Esparza will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office, and we believe these face to face sessions with taxpayers help do just that," Bullock added.

The San Angelo office, headed by Bill Teaver, serves San Angelo and surrounding counties.

Louise Ingham presents Cody Caruthers of Sanderson the Reserve All-Around Steer Wrestling buckle during the American Junior Rodeo Finals in Snyder. The buckle was donated by Mrs. Elizabeth Mayfield.

Telephone Should Be Used To Apply For SS Benefits

"Social Security is as close as your telephone," according to Franklin H. Upp, District Manager in San Angelo, Texas.

"Although everyone uses the telephone to make appointments and reservations, not enough people realize what a fast, economical way it is to apply for Social Security benefits, too," Upp said.

"Our office has a special unit set up to take all types of applications," he noted.

"By using the telephone, you will not only save time and energy, you'll save the travel nerves caused by a wait in the office," he explained. "Besides that, you'll be where the docu-

ments and information are and not have to run home to get them," he added.

"The procedure is simple," Upp explains. "You call San Angelo to apply for benefits and a special teleclaims expert asks you the necessary questions, records your answers on the forms, and mails it to you for your signature and return with any necessary documents in the self-addressed envelope provided. Your documents are returned after being photocopied."

Mr. Upp also explained that since applications by the telephone are accomplished so quickly, many employers are allowing their retiring workers to call

from work to apply. He suggested the best time to call the office is in the afternoon during the latter half of the week and month.

Broncos Demolish Llano Yellowjackets 22-0

The speech Sonora Coach Jerry Hopkins used in the lockers at halftime could probably make him a fortune if he put it in a book and sold it to other coaches as the Broncos exploded for 22 second half points, 19 in the final quarter for a 22-0 stinging of the Llano Yellowjackets Friday night.

Although the Broncos dominated the first half, penetrating the 10-yard line

twice and having a 29-yard touchdown pass nullified by a penalty, they still failed to light the scoreboard a single time.

Sonora appeared certain of scoring on its second possession of the night as they started on their own 10-yard line and used 20 plays to march to the Llano seven where a 24-yard field goal attempt by Scott Savell sailed wide left.

The Broncos lost on another miss on their next series, a drive set up when John Blankenship recovered a fumbled Llano pass at the Yellowjacket 42.

Marney Sorenson threw a picture perfect strike to Savell six plays later for an apparent touchdown, only

to see the play called back for having an ineligible receiver downfield.

Llano Coach John Baskin may have been using the same spiel at halftime as the Yellowjackets coming out strong to begin the third quarter.

Karl Tatch ripped off 32 yards on Llano's first play, but any momentum was stopped for the night when Joe David Favila stepped in front of a Terry Hutto pass three snaps later and returned the interception 41 yards to the Llano 40.

The Broncos needed only eight plays to move to the 10 where Savell found his range, this time for a 24-yard field goal and a 3-0 Sonora edge with 7:14 re-

maining in the third stanza.

Llano's goal line defense managed to hold the Broncos out one more time in the third quarter before the dam broke.

The strong Bronco rushing game marched 61 yards to the Llano one, but was stopped on a fourth down play at the one on a busted play.

The flood started quickly

in the fourth quarter with the Broncos getting their first touchdown drive.

Two Blankenship passes, on for 17 yards to Mark Doan and the other 12 yards to Jeff Brittain on a third and 15 at the 16 kept the drive alive.

Allen Stewart got the final four yards after Brittain's reception, and Sa-

vell's PAT boosted the lead to 10-0.

The Broncos upped the score to 16-0 on a five-yard pass from Sorenson to Brittain four minutes later.

The tally was set up when Doan intercepted a pass of Hutto's that was tipped in the air at the 43.

The final Sonora scoring drive of the night was put in motion when Espy Whitehead recovered David Jones fumble on the ensuing kickoff at the Llano 23.

The drive appeared to have stalled six plays later with the Broncos facing a fourth down and goal at the two, but Sonora surprised everyone as Blankenship hit Doan on a two-yard pop pass for the final 22-0 margin.

The win was the fourth straight win for the Broncos after a season opening loss to Ozona, while Llano fell to 3-2.

Broncos To Face Young Crane Team

The Sonora Broncos get their last chance to iron out the wrinkles before the real season starts next week as they entertain the winless Crane Golden Cranes Friday at 8 p.m.

Coach Jerry Hopkins will plan to continue working on the passing game and hopes to get some people in for game experience before the Broncos begin District 8-AAA play against Brady next week.

Hopkins describes Crane as young club getting better each week.

"They played well last week," he said of the Cranes' 9-7 loss to Kermit. Only a fourth quarter Yellowjacket touchdown kept them from picking up their first win.

"They're not as bad as their record would indicate; they've played a tough schedule," Hopkins added. "If we don't play well, we could be in for a tough ball game."

Young is the word for the Cranes who return only seven lettermen and two starters off last season's 2-8 team.

Top players include guard-linebacker Tooter Draper, center-defensive Clint Barrett, tackle Doug Head, quarterback Pedro Rosales, guard Danny Williams, quarterback Jeff Pinkston and backs Timmy Bishop, Johnny Fox and Ed Jones.

Hopkins was basically pleased with his squad's performance in a 22-0 shutout of Llano last week.

"We played very tough

and finished strong," he said. "I guess we kind of wore them down at the end."

Hopkins was also complimentary of the defensive effort which gave the Broncos their second shutout of their 4-1 season.

"We played sound, but were not satisfied yet," he said. "We're still not as alert as we need to be."

Just as the defense is beginning to take shape, so is the passing game.

Quarterbacks John Blankenship and Marney Sorenson combined to complete six of 14 pass attempts including two touchdowns.

"We'll continue to get better each week," Hopkins said. "By the end of the year, we'll be good."

Perhaps Hopkins greatest area of criticism was the failure of the team to score when it got in close. The Broncos have experienced the same problem at other times earlier in the season.

"The problem is a matter of execution," he said.

"We may have to take a look at some different things on our goal line offense."

The Broncos should be in good shape physically for the Crane game with only fullback David Buitron, the victim of a pulled leg muscle in the Llano game, the only one doubtful for the contest.

Sonora was the only District 8-AAA team to post a victory over the weekend. In games involving other league squads, Comanche fell to Breckenridge, 35-20;

Brady was skunked by Marble Falls, 20-0; Bal-

linger was trampled by Tahoka, 55-7; and Coleman

lost to Abilene-Wylie, 28-14.

Texas Bankers Report Texas Farm Loans

As of the first of the year, 1,212 of the 1,500 banks in Texas held farm loans of more than \$2.9 Billion a spokesman for the Texas Bankers Association reports.

"Of the total amount Texas banks provided for agriculture, \$2.35 Billion for non-real estate purposes, while over \$550 million was devoted to agricultural real-estate lending," said Bob Greer, TBA president, citing results of the American Bankers Association's annual agricultural credit activities report.

"By comparison, Production Credit Associations provided \$963 million; the Federal Intermediate Credit Banks, \$146 million; the Farmers Home Administration, \$865 million; and the Commodity Credit Corporation, \$90 million in non-real estate farm loans in 1980," Greer said.

In real estate loans, Federal Land Banks provided \$1.8 Billion; Life Insurance Companies, \$994 million; Farmers Home Administration, \$324 million; and individuals and others, \$1.9 Billion.

Since these won't go against me, I might as well stick my neck out to predict Kansas City will down Houston in the World Series. That's not particularly the way I would like to see it, but Howard and I have to tell it like it is. Other playoff winners will include Milwaukee in the American League East and Montreal in the National League East.

Back to the football picking, last week wasn't exactly great as I hit 10 out of 15, but I did manage to peg the big upset of the week, TCU over Arkansas and was nearly right on my TexasTech over Texas A&M upset prediction. That brings my season average down to a still respectable 55 of 75 for a .733 percentage.

Crane at Sonora
This should be an automatic for the Broncos... if they don't start looking ahead to Brady. Sonora 31-7.

Clyde at Comanche
The Indians have played tough against a tough schedule, and although this week is not much lighter, they deserve to win. Comanche 20-14.

Brady at Abilene Wylie
The Bulldogs need to get some momentum rolling for District 8-AAA play. They do. Brady 16-6.

Stamford at Ballinger
The Bearcats keep jumping in over their head. Way over. Stamford 42-0.

Colorado City at Coleman
The Blucats have fizzled some after what looked like a promising season. Colorado City 21-14.

Eldorado at Mason
The Eagles have just about run out of frying pans to jump out of, and the Punchers have a mighty hot fire. Mason 35-14.

Florida State at Notre Dame
The Seminoles were all there against Ohio State last week, but two extra tough games in a row on the road play havoc with won-loss record. Notre Dame 17-16.

Dallas at San Francisco
The Cowboys have been flat the last two weeks. The third time out is the charm. Dallas 27-20.

Seattle at Houston
The Earl Campbell show is back in town which should be enough for this foe. Houston 14-6.

Arkansas at Texas Tech
The Porkers got to be fried ham last week. The roast is for the Red Raiders this week. Arkansas 34-17.

Angelo State at Stephen F. Austin
The Lumberjacks proved they were dangerous last week by downing the only teams to beat the Rams. But flukes happen all the time. Angelo State 27-13.

Baylor at SMU
Even Grant Teaff should quit believing after last week. SMU 31-17.

Texas vs. Oklahoma
The Cougars have things rolling their way now, while Tom Wilson managed to hang on another week, but

Under normal Circumstances, Texas should win this one. But not after the Sooners have failed to win two weeks in a row. Oklahoma 21-20.

Houston at Texas
The Cougars have things rolling their way now, while Tom Wilson managed to hang on another week, but only one more week. Houston 24-10.

TCU at Rice
If the Frogs can stop their celebration long enough, they should be able to win handily. TCU 28-9.

International Petroleum Exhibition Set In Abilene Nov. 7-9

The International Petroleum Exhibition for Public Education, sponsored by the Joint Venture for Crippled Children, will be Nov. 7-9 in the Round Building of the West Texas Fairgrounds in Abilene.

The high point of the three-day event will be the Joint Venture For Crippled Children Oilfield Equipment and Services sale at 1 p.m. Nov. 9.

Benefitting from these events will be the West Texas Rehabilitation Cen-

ter which has treatment facilities for handicapped children and adults in Abilene, San Angelo and Snyder. More than 10,000 patients were treated last year without charge.

JVCC chairman Dick Bowen announced that 72 booths as well as outdoor exhibit space are available to businesses who would like to inform the public about their petroleum operations.

"There is a great deal of interest in the oil business

right now. This should be a real interesting and very educational show," Bowen said.

"This is also a time of great need for the Rehab Center and this will be an opportunity for the people in the petroleum industry to really help," he said.

Booth space will be 10 feet by 10 feet and rent for \$350. Outdoor spaces, approximately 30 feet by 30 feet, will rent for \$350 also.

This is the third JVCC sale. Donated to previous

sales have been wildcat prospects, a variety of equipment and services, and oilfield art.

The Joint Venture for Crippled Children was started in 1978 as a partnership between the petroleum industry and the West Texas Rehabilitation Center.

Members of the Joint Venture steering committee planning these events are: Dick Bowen, chairman; Jerry Anderson, Tony Anderson, William B. Blake-

more of Midland, Ray Brazzel, Bill Brewington, John Chalmers, Frnak Cox, Jack Cox, Gus Edwards, Jack Fisher, Allan Frizzell, Lynn Gillespie, Myrle Greathouse, C.M. (Smokey) Griggs, Fred Henry, Ben Hood, Phil Kendrick, Guy McCarty, R.W. McDonnell, Wayne Moore, Jimmy Morris, Randy Nicholson, Edward N. Patton Jr., Robert Patton, Phillip M. Pitzer of Breckenridge, Jim M. Polk, Sam Reeves, Richard Salmon of San Angelo, Wade

Simpson of San Angelo, Frank Stringer Jr. of San Angelo, Larry Tucker of San Angelo, and Frank Wood.

In 1980, the Joint Ven-

ture made \$750,000 for the West Texas Rehabilitation Center. Goal for 1981 is \$1,025,000, toward the Rehab Center's \$3.5 million budget.

Other events that have been part of the Joint Venture are the Benefit Dinner and Performance starring Glen Campbell and the LaJet Classic.

Railroad Commission Reports Safety Has Improved

The Texas Rail Road Commission says gas pipeline safety and distribution have been improved in recent years. In at least 91 gas pipeline systems in the state, more than 20 percent of the gas purchased is lost for one reason or another. In city-owned systems, one

in every five shows a loss of 30 percent of the gas bought.

The Railroad Commission has almost doubled the field safety staff and has set up its eight safety district with headquarters in Abilene.

There has been substan-

tial improvement in 76 percent of the 91 problem systems, according to the Commission, with complete or substantial pipe line replacement accomplished in 46 percent of those systems. The Commission has asked its gas utilities division staff to

prepare new, stricter safety standards for problem systems. 2.9 million Texas homes are connected to gas pipelines.

And, the active rotary rig count in the Permian Basin has reached a modern milestone. According to the latest Reed Rock Bit rig

count, 509 rigs are working in the Basin. This is the first time since 1959 that the rig count has topped 500. The all-time record was 515 set in 1957, the same year that records started being kept for the Permian Basin. With three months left in 1981, a new all-time record should be set by December 31st.

Moore Appointed General Counsel To Federal Energy Regulatory Comm.

Charles A. Moore, a Houston attorney who specializes in energy law, has been appointed General Counsel to the Federal Energy Regulatory Commission.

Moore, 30, is a native of Midland, Texas, the same home town of Commission Chairman C.M. Butler III. He majored in political science at the University of

Houston. Moore is a two-time recipient of the Outstanding Athlete of America Award, in 1970 and 1971.

"I am pleased to bring to the Commission a skilled attorney who has' enthusiasm, energy and solid legal experience," said Butler in announcing

Moore's appointment. "I expect Charlie to make a solid contribution to the Commission's performance of its regulatory functions."

Moore's wife, Laura, currently works as an accountant in Houston.

Houston, where he also received his Doctor of Law degree magna cum laude.

A partner in the Houston law firm of Reynolds, Allen, Cook, Pennhill and Hooper, Moore began his career as a trial associate in civil litigation in a variety of areas, including real estate, securities, medical and legal malpractice. For the past two years, Moore has

represented interstate, intrastate, and local distribution pipeline companies.

Moore, who expects to assume his duties by July 15, has won a number of academic and athletic awards at the University of Houston. A former football player for the University of

Wildlife Field Day Scheduled For Landowners Oct. 15

A Wildlife Field Day has been scheduled for area landowners Thursday, October 15, according to Val Verde County Extension agent Rex Stultz. It will be held at Ranch Rio Grande, 20 miles south of Del Rio off highway 277 beginning at 9

a.m. Stultz says the purpose of the activity is to acquaint Southwest landowners with wildlife management practices which can improve the quality of deer herds and better balance food supplies with wildlife population growth. Bill Moody, owner of the

65,000-acre spread which follows the Rio Grande River for several miles, begins the program by outlining the ranch's colorful history. Ranch manager Russ White will then relate their deer management objectives and developments since initiating a

fullscale wildlife management program about two years ago. Dr. Dwight Guynn, Texas Agricultural Extension Service Wildlife specialist, Uvalde, will outline various wildlife management practices including deer census techniques and spotlight counts which help land-

owners better plan their harvests. Dr. Larry White, Extension range specialist, also of Uvalde, will discuss range management as related to wildlife nutrition and explain how fecal analysis can assist landowners in managing their ranges

for plants that animals prefer. Dolan Creek Ranch biologist John Finegan then describes techniques in managing hunters of trophy white-tail deer and hunting lease arrangements, after which a steak lunch will be served on the banks of scenic Pinto Creek.

After the lunch break, Mike Morris, Texas Parks and Wildlife Department District game warden, will outline the game laws for Val Verde and surrounding counties. Jim Simmonds, County Court-at-Law Judge, then discussed a problem common to many landowners,

especially during hunting season—how to make cases involving trespassing hunters stand up in court. Stultz then closes out the program with a report on Extension activities in the county. Area ranchers are invited. Stultz says the field day should conclude by 3 p.m.

Southwestern Exposition And Fat Stock Show Set

A record \$400,000 in prizes and purse money was announced this week for the 1982 Southwestern Exposition and Fat Stock Show and Rodeo with the mailing of over 6,000 premium lists for the Jan. 27 through Feb. 7 exhibition. President-manager W.R. Watt Jr. said the 86th anniversary year of the

Stock Show will be one of the best ever presented. He urged potential exhibitors to read the premium list carefully before mailing entries. "Rules may have changed from last year," Watt said, "and a number of the exhibition times are different due to added classes in many departments."

He said exhibitors who do not receive the book may request one at the Stock Show office P.O. Box 450, Fort Worth, Texas 76101 or pick up one at the office, 3400 Crestline. Entry deadlines for cattle, sheep, swine, horses, donkeys and mules are Dec. 10 and for poultry, rabbits and pigeons are Jan. 15.

Junior division premiums jumped more than \$4,000 to \$55,926. Two prestigious breeding cattle shows, the Register of Merit Hereford Show and the Standard of Perfection Polled Hereford Show, are scheduled along with 14 other cattle breeds. Among the quality cattle auctions planned are commercial Hereford females, Angus, Shorthorn, Polled Hereford, Brahman, Maine Anjou, Simmental and Limousin. Sales are also scheduled for Paint and

Quarter Horses and donkeys and mules. A variety of breeds and typed of horses will show with an expected entry of over 2,000 head. The Quarter Horse division will be an approved point show for amateurs. Amateur numbers will be required on entry cards. Open and non-professional cutting horse contests are in the schedule. Mail orders for tickets to the 22 Rodeo performances are being accepted. Ro-

deos are set at 8 p.m. Jan. 27 through Feb. 7 at 2 p.m. Jan. 30 through Feb. 7 and at 10 a.m. Saturday Jan. 30. Tickets are \$7 each for all night and weekend rodeos, and \$5 for weekday 2 p.m. rodeos February 1-5. Each mail order should include \$1 extra for return postage and handling. Tickets will be mailed in early December.

Beef Symposium To Feature Heifer Management Program

A sound program of heifer management is the backbone to any cattle operation, and that's what discussions at the second annual South Central Texas Beef Cattle Symposium in Cuero Oct. 29 will be all about. This year's program will put emphasis on the heifer and the role of heifer management in a successful beef cattle business. Points out Orval Wright, Gonzales County Extension agent, who is publicity chairman for the event. According to Wright, the program will be at the

Cuero Livestock Commission Co., with registration from 8 to 9 a.m. A \$10 registration fee will include a barbecue lunch, a copy of the proceedings, and a social following the day's program. Discussions during the morning session will concern heifer selection and development, herd health, and a controlled breeding program, explains Wright. The afternoon program will deal with the economics of carrying a "freeloader" and price difference in various types of cattle (why some animals

are worth more). Livestock industry officials, cattlemen and cattle buyers will be on hand to discuss the various topics and to give the latest information to help cattlemen survive economically through more effective and efficient management. Program sponsors include the Texas Agricultural Extension Service of the Texas A & M University System and beef cattle committees in Gonzales, DeWitt and Lavaca counties.

Cattlemen's Round-Up Results Announced

Cattle sold at the first Cattlemen's Round-Up for Cripple Children sale this fall brought \$132,437.56, chairman Jim Alexander announced at the close of the sale. Alexander was particularly pleased with the price of heavy fed beef. The five heifers donated by Mr. and Mrs. J. Willard Vinson of Abilene sold for

\$5,000 to R.W. McDonnell Construction Co., averaging \$1.25 per pound. Five steers donated by Abilene Cattle Feeders brought \$90.50 per hundred for a total of \$4,597. They were purchased by Jim Franklin of M.L. Leddy Boots of San Angelo. The 17 Hereford steers donated by Mr. and Mrs. Keith Mitchell of Sanderson brought 66 cents per pound for a total of \$7,804.50.

Other prize livestock included a Santa Gertrudis bull given by Nine-Bar Ranches of Hempstead, 40 head of cattle from the Shackelford County community of Moran and 32 head of cattle from Stephenville.

Alexander pointed out that \$32,000 has been received in cash gifts for the Cattlemen's Round-Up.

The horse sale will be Saturday, Oct. 3, at Abilene Auction, followed by the sheep and goat sale in Junction on Oct. 5. A general sale will be on Oct. 7 at Coleman Livestock Auction.

"These sales will be a great start toward decreasing the West Texas Rehabilitation Center's indebtedness," Alexander said. Goal for the 22nd annual CRCC is \$180,000 to be given to the West Texas Rehabilitation Center.

Long-term credit that's productive.

Public Invited to a Tax Seminar

Conducted by **Padgett, Stratemann & Co.**
Certified Public Accountants

The subject matter of the seminar will be **THE ECONOMIC RECOVERY TAX ACT OF 1981**

The Economic Recovery Tax Act of 1981 has been called the most sweeping tax legislation in a generation. Taxes for individuals and businesses have been cut dramatically. Estate planning has taken on an entirely new meaning, and over one hundred other changes significantly affect a wide variety of taxpayers. As a service to our customers and the community, the First National Bank of Sonora is presenting a program on the new tax act. First National Bank has arranged for Padgett, Stratemann & Co., Certified Public Accountants, of San Antonio to speak on how the tax act affects you as an individual and businessman. At the program, they will discuss tax changes that are already in effect as well as changes taking place in 1982 and thereafter.

Date: Oct. 7, 1981 **Cocktails will be served**
Time: 7:00p.m.-9:00p.m. **Place: 4 - H Center**

The Sutton County Gun Club will be meeting Tuesday, Oct. 13 at 8 p.m. in the H.N.G. building.

All members and interested persons are urged to attend.

Peer groups and adolescent drug use have a distinct "connection". Researchers have consistently found that adolescent drug use is not a solitary activity but rather an activity mainly carried out within a peer group, says Diane Welch, a family life education specialist. Welch is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

Junior High Holds Election

Sonora Junior High School held its Student Council elections recently.

Heading the slate of officers for 1981-82 is eighth grader Rachel Chavez, who was elected President. Chosen as Vice-President was seventh grader Mickey Sharp. The Secretary's job went to Bonnie Jackson, and the Treasurer's position was won by Carrie Sorenson, both eighth graders.

Representatives for the eighth grade are Rodney Speers and Daveda Bible. Selected to represent the seventh grade were Javier Flores and Kate Mathews.

Sixth grade students elected Sammy Mata and Cindy Doran as their representatives.

The Junior High Student Council works actively on such projects as writing for Hoofbeats, the school paper; working at the Bingo booth during the Halloween carnival; decorating the building for Christmas; hosting the Valentine dance; sponsoring movies for their fellow students; and providing hospitality for both the Open House held during the Texas Public Schools Week and for the Junior High Invitational Literary Meet.

4-H Ball Planned

The Sutton County 4-H Achievement Party & Ball will be held Saturday, October 10, at the 4-H Center. Activities get underway promptly at 7:00 p.m. with the Awards Program; 8:30-11:30 p.m. music will be provided & refreshments served.

All 4-H members & their guests, 4-H Parents, 4-H leaders & Friends of 4-H are invited to attend.

The 4-H Achievement Party and Ball is in honor of all 4-H contributors, leaders, boys and girls who have made contributions to 4-H work.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.
