County Commissioners Hold Meeting

The County Commissioners held its regular monthly meeting Monday, Oct. 12.

Commissioner Preston Love was not present at the meeting due to illness.

The Court heard from a group of ranchers concerning the placement of a gate or bumper gate on a county road. Action was postponed until all Commissioners could be present and the situation could be investigated further. Other cases concerning county roads were postponed until the next meeting.

Rodney Knight presented the hunting regulations of 12 quail per day and 36 in possession and the regulation was adopted.

The Court considered matters to be included in the "Subdivision Ordinance" which would set forth requirements for subdivisions outside the city limits. The Ordinance includes requirements for minimum standards of roads, streets, septic lines and water wells.

A proposal of regulations for Camp Allison was presented and

discussed. The Court will further discuss the proposal when all members can be present.

The Commissioners decided to leave the hours of the sale of alcoholic beverages as it currently is for the time being because the business in question is closed.

A bid from Farmer's Tree Care of San Angelo was accepted to spray and fertilize all trees on County property was accepted.

The possible adoption of cemetery rules and the possible location of the County Yard were both postponed until a later date.

Absentee Voting To Begin

On October 14, absentee voting for the November 3 Constitutional Amendment Election will begin by

personal appearance in the County Clerk's Office. Applications for out-of-town voters can be picked up at this time also,

and will be accepted until Oct. 30. The last day for absentee voting by personal appearance will be Oct. 30.

4-H Club Announces Award Winners At Achievement Party

The annual Sutton County 4-H Achievement Party and 4-H Ball was held at the Sutton County 4-H Center on Saturday, October 10, 1981. "The Rounders" provided the entertainment for the Ball.

4-H members were honored for their achievements in 4-H activities for the past year while 4-H leaders and friends of 4-H were honored for their outstanding contributions to the 4-H program.

The highest honor which can be bestowed upon a 4-H member at the county level is the coveted Gold Star Award. The recipients of this award for 1981 were Julie Stewart, seventeen year old daughter of Mr. and Mrs. Bill Stewart, and Lora Lea Kordzik, fourteen year old daughter of Mr. and Mrs. Kenneth Kordzik. This award is presented by the Texas Agricultural Extension Service as a part of the Texas A&M University System.

Julie has been a member of 4-H for 8 years. Her projects have included Angora goats, Horse, Range & Grass Judging, Wool & Mohair Judging and Foods & Nutri-

tion. She has been a participant of the District 4-H Council and presently serves as vice president of the Sutton County 4-H Club. Julie is an excellent junior leader and has received many awards for her accomplishments in 4-H. She is a member of St. John's Episcopal Church, the Student Council, the National Honor Society and presently serves as the school mascot. A senior in high school, she plans to attend Texas Tech University next fall majoring in Communications.

Lora Lea is a six year 4-H member with projects in Foods & Nutrition and Clothing. She has received the Home Economics Award, the Leadership Award, and the Achievement Award. She has attended the Southern Living Cooking School. She presently serves as Reporter of the Sutton County 4-H Club and is consistently active in National 4-H Club Week activities. Active in church and school activities she is a shining example of a good 4-H member.

The Fred T. Earwood award is

given annually by an anonymous donor to a senior 4-H member with an outstanding 4-H record and one who has encouraged others to participate in the 4-H program. The selection committee looks for a member with high scholastic achievement and good moral character. This year's recipient not only is an excellent representative of 4-H but a young man the school and community would be glad to have represent them in other areas of the state or nation.

He is a past winner of many local awards with his agricultural projects. He was a member of the 1981 District Champion Livestock Judging Team and presently serves as President of the Sutton County 4-H Club. Espy Whitehead is the son of Mr. and Mrs. W.L. (Bud) Whitehead and a very deserving winner.

Winner of the "Edgar Glasscock Memorial Award" which is presented each year to the outstanding junior 4-H member is Anita Balch, daughter of Mr. and Mrs. Jerry Don

Balch. Anita has been a Junior Club officer with projects in Beef, Horse and Sheep. She is the recipient of many awards locally and over the State for her accomplishments. She shows excellent leadership ability and is certainly a worthy recipient. The Outstanding 4-H member in Home Economics is a local award presented by Spain's Department Store. In its fifth year the award is given to the 4-H member (any age) with most outstanding achievement in Home Economics project work. This year's winner has an excellent record in 4-H.

His most active 4-H project has been Foods & Nutrition. In this he has received four blue ribbons and High Point Preteen and High Point Junior at the County Food Show. He has represented Sutton Co. for three years at the District Food Show. He has served as a junior leader in this project for 2 years.

He was an emcee for the 4-H Fashion review for 2 years. He has served on numerous committees. Other projects in which he ha-

participated include Arts and Crafts, Rabbit, Range and Grass Judging, and shooting sports.

Jody Luttrell is the son of Mr. and Mrs. Joe Luttrell and is very involved in 4-H as a participant and leader. He is also very active in school and several community activities.

The Outstanding Man & Woman 4-H Leader Awards selected by the 4-H members themselves go to Mrs. Mary Adele Balch and Mr. Tommy Love.

Mary Adele is the wife of Jerry Don Balch and the mother of two outstanding 4-H girls, Anita and Anna. She is a tremendous asset in committee work and is always ready to help when called upon. Her support and assistance is greatly appreciated by all parts of the organization.

Tommy Love is a "behind the scenes" wizard that has given many hours of his time to 4-H Club work. A former outstanding 4-H member, Tommy has served as Chairman of the livestock show committee and is

a very active sheep project leader. He is always willing to help and is a lot of fun to be around. He and his wife, Carol have three sons - David, Stevie and Tracy.

The Club annually recognized a group of individuals for their outstanding contributions to 4-H. This year's winner has not only given financially but has dedicated a big part of his life to Sonora, Sutton County and the 4-H organization. He started many years ago and

never slowed down when his own youngsters graduated from the program. He is presently serving as Chairman of the 4-H Building Committee and possesses a rare quality of dedication to a cause. We truly love and appreciate Gene Wallace for his untiring support.

Special Awards were presented to Anita Balch and Espy Whitehead for being the 1981-82 "4-H Sweetheart and 4-H Beau."

Other Awards Page. 7

Sonora Floral and Gifts as Judge Charles Sherrill, Charles Graves, Nancy Johnson, Lillian Galbreath and Rev. David Griffin look on.

Sandra Cooper presents Ruby Mayhew with a certificate naming her October Citizen of the Month. She was also presented with a floral arrangement from

Ruby Mayhew Named Oct. Citizen Of The Month

President, Sandra Cooper, Sonora Chamber of Commerce announced that Mrs. Ruby Mayhew has been named October Citizen of the Month. Mrs. Mayhew presently resides 407 Mulberry Street. She has lived in Sonora for the past 36 years. Mrs. Mayhew has reared six children. They are Lennie Martin, Jennell Russell, Barbara Ubanski, Frances Jones, Mack Mayhew, and Betty Graves. Mrs. Graves is deceased.

Ruby Mayhew has unselfishly given her love and time in the rearing of two grandchildren. Beverly Osborn, who has graduated from Sonora High School and continued her education at Angelo State University. She graduated from ASU in December of 1980. Also, David McDonald who is currently in the sixth grade of the Sonora Elementary Schools. In conjunction with the rearing of her children and family Mrs. Mayhew has babysat for

friends and townspeople. Mrs. Mayhew has been employed by the San Angelo Standard Times for the past 11 years. The citizens of Sonora appreciate the conscientious and dependable manner in which the paper has been delivered by Mrs. Mayhew. Mrs. Mayhew stated, in all the years she has resided in Sonora she has appreciated the love and support given from her friends and many of the townspeople.

4-H Club Begins Ground Work For Indoor Rifle Range

The 4-H Club has begun ground-work on a 60'x100' building designed for indoor .22-caliber rifle range to

be located directly north of the 4-H Center.

"We hope that the building can be

used for several public functions," Preston Faris, Sutton County Extension Agent, said. "We designed it to

Hazel McClelland Wins DRN Football Contest

Hazel McClelland took first place in the Devil's River News Football contest by missing only three games. Mrs. McClelland and Bill Lamb were the only two picking San Francisco over Dallas.

Second place went to Timmy Doan and third place to Judy Feist, also missing three games. All three

places were decided on by the tie breaker Crane at Sonora.

Also missing three games were Robert Garza and Willene Garlitz of Eldorado.

The most often missed game was the San Francisco upset over Dallas. Other games frequently missed were A&M over Houston, Rice over TCU, and Florida State over Notre Dame.

be used during the livestock show, to be used for cooking for the game dinner, and for the 4-H rifle project, along with other public functions."

The building committee hopes for construction to begin November 1 and plans for construction to take about 30 days. The committee has been planning the building for about 3 years.

"We think the building will add a lot to the 4-H facility and will benefit the community in several ways," Faris added.

Concession Stand Workers Announced

Eddie and Vanetta Smith will be the chairmen for the Bronco Band Booster concession stand Thursday night.

Scheduled to bring one

dozen sandwiches are Rodney Knight, Julio Samaniego, Sr., Francisco Perez, Joe Luttrell, Jack Johnson, Pete Gomez, Kenneth Cayce and Dan Cauthorn.

Scheduled to bring one dozen cupcakes are: Philip Cooper, Tino Dominguez, Oscar Gutierrez, Jesus Herrera, Cale Mesa and Richard Samaniego.

Years Ago

40 YEARS AGO

John Eaton has the distinction of having the first house to be hooked up to the new light plant. Wires from the plant were run to his house Wednesday afternoon. Although it will be several weeks until the plant is in operation, wires are being run to customers' houses preparatory to the installation of meters.

The Sutton County 4-H Club met Tuesday morning in the Science room of the high school to elect officers and discuss the year's work. Glen Richardson was elected president; Gene Alley, vice-president; Eugene Shurley, secretary-treasurer, and Wilford Berger, reporter.

Mrs. Dee Ward was chosen president of the Sonora Ex-Students' Assoc. Monday night at a meeting held at the County Courthouse to elect 1941-42 officers. Other officers elected were Mrs. John Lee Nisbet, vice-president; Mrs. Ralph Trainer, secretary; Dee Ward, treasurer; and Mr. and Mrs. Edwin Sawyer, corresponding secretaries.

The Eldorado Eagles edged out the Sonora Broncos by a score of 14-0.

The Sonora Motor Company received its first 1942 Ford. The car was a four-door deluxe model and was on display.

25 YEARS AGO

Ray Merriman, owner of

the new Texaco Station on U.S. Highway 290, has begun operation of the station. A formal opening is planned for the near future.

Preston Love, senior end, weighs in at 165 pounds wearing No. 21 jersey. A bang-up defensive man, Love is hitting his stride now that he is recovered from a leg injury suffered early in the season. He is expected to continue as a member of the Bonco line.

Arrangements of fall flowers were used to decorate the party rooms when Ms. W.R. Cusenbary entertained the Idle Hour Bridge Club in her home Tuesday.

O.E. Merriman was first to pay his county and school taxes this year, according to Sheriff and Tax Assessor-Collector Wess Hill.

Mrs. Nolan Johnson, Mrs. George D. Wallace, and Mrs. Tommy Smith honored Mrs. D.C. Langford with a pink and blue layette shower Wednesday night in the Methodist Church.

10 YEARS AGO

Bill Finklea and Cora Pope were named the 4-H Gold Star winners.

School Board trustees extended congratulatory greetings Monday to James Buchanan who was named outstanding speech teacher in Texas last week in Houston.

Janet Pope and Marsha Finklea were named the 4-H Memorial Trophy winners.

Mr. and Mrs. Philip Jacoby, Mr. and Mrs. Clay Cade and Larry Cade visited in Lubbock over the weekend with their sons, Scott and Mark Jacoby and Jimmy Cade. All three boys attend Texas Tech. They attended the Tech-Aggie football game while in Lubbock.

Sonora V.F.W. Post 4395 completed an election of officers Monday. Those elected were Willard Roper, Senior Vice Commander; Pete Gomez, Junior Vice Commander; Earl Johnson, Adjutant; Leopoldo Cervantes, three year trustee; Robert Mooney, two year trustee; and Carl Hard, one year trustee.

5 YEARS AGO

The first flag corp were added to the Bronco Band. They were: Susan King, Pattie Merrill, Carol Brandon, Hillary Hunt, Lorraine Creek, Denise Neal, Abby Sanchez, and Jane Wallace.

Mr. and Mrs. Howard Webster, Jr. were proud parents of a daughter, Jennifer Michelle, born at the local hospital, Sept. 30.

Sixty 4-H members, parents, leaders, and other helpers gathered at the Sonora Park Arena for a clean-up day.

Grand Paraders To Hold Square Dance

The Grand Paraders are square dance Oct. 17th, at having a regular monthly 8:00 p.m., Jr. High Snack Bar with Lee Roy Marsden calling.

Hix Hale Honored On Birthday

Hix Hale was honored on his 90 birthday Oct. 4 with a dinner at the Alpine Lodge in Kerrville, Texas. Hostesses were his daughters and son in laws, Mrs. and Mrs. Jim Bevan of Spring, Texas and Mr. and Mrs. Albert Ward of Sonora, Texas; Kelly Ward of College Station; Mr. and Mrs. Gus Ward of Sonora; Mrs. Mable Ranslaven and Mr. and Mrs. Lawrence Posly of Center Point, Texas.

Chamber of Commerce To Present Program

The Downtown Lions Club has invited the Chamber of Commerce directors to present a program on Chamber activities in the Sonora area Oct. 20 in the basement of the Methodist Church. Sandra Cooper, president of the Chamber, will be the narrator for the program and the Photo Ranch will supply a slide show.

TOM LOEFFLER
Congressman
21st District - Texas

Reports from Washington

Sandra Day O'Connor: Madame Justice

The Senate confirmation of Sandra Day O'Connor as a justice on the United States Supreme Court is a milestone in a process begun many decades ago in our nation's accepting the fact that all persons are created equal.

At 51, the former Arizona appeals court judge will be the youngest member of a court now dominated by men in their late 60s and early 70s, a court assembled by six different presidents.

In the end, the Senate vote came without real debate and the 99-0 approval made clear the prevailing sentiment. Thus, what began in July as one of the President's most controversial decisions ended on a note of harmony with the Congress and the American people.

Some suspense had remained about whether a few senators might cast negative votes but even that doubt was swept away by her sterling performance during Senate confirmation hearings.

The appointment of Mrs. O'Connor — Madame Justice, as she will be called in the nation's highest court — is an historic event. On the part of the President, it shows a flexibility and bigness that dashes the stereotype of the single-issue politics espoused by some. It also tells us he is a man of his word. Many presidents have had the opportunity to place a woman on the Supreme Court yet none did.

Her appointment should bother no one because we must make a distinction between the electoral process and the judicial process.

It is the ability to understand and apply the law that counts. Her competence in this respect is not questioned.

There are those who have demanded and will demand that Justice O'Connor decide cases to their liking, and that is *not* what our system is all about. A Supreme Court justice does not have to stand for this, or for that, or the other thing. These individuals dispense justice and provide for us those most cherished guarantees of our Constitution. Those who sit on the Supreme Court interpret the laws of our land and do leave their footprints on the sands of time long after the policies of presidents, senators and congressmen of a given era have passed from public memory.

In my judgment members of the federal bench should be strict constructionists of our laws and the Constitution. Their roles should be interpreting the law, being ever mindful that legislatures make laws.

Justice O'Connor is, according to her colleagues in the Arizona State Senate where she learned to make laws, a perfectionist rooted in the law. Her legislative background should instill in her the importance of interpreting not making law.

What of the woman herself?

Mrs. O'Connor has a reputation for treating the law in a businesslike way, not an ideologue operating from a set point of view. Her former colleagues on the bench say she has good judicial temperament. She can be tough. Those who practiced in her court describe her as practical, conscientious, fair and open-minded.

President Reagan described her as possessing those unique qualities of temperament, fairness, intellectual capacity and devotion to the public good which have characterized the 101 "brethren" who have preceded her on the high court.

In the case of Sandra Day O'Connor, she really is a pillar of the community: a consistent, decent, hard-working lawmaker, politician, mother, wife, lawyer, public servant and judge.

I, for one, say *welcome aboard and Godspeed!*

Snider Named Dowell Dist. Sales Supervisor

Dowell Division of Dow Chemical U.S.A. has named Frank D. Snider as district sales supervisor at the El Paso, Texas, district. Snider, former regional sales engineer in Midland, Texas, joined Dowell in 1975 as an equipment operator at the Enid, Oklahoma, district. The next year he was named district trainer and is moving in 1977 to

Midland, Texas, as regional safety and training supervisor. He has been service manager at both Monahan, Texas, and Artesia, New Mexico, assuming his most recent position in 1980.

Dowell provides energy-related services including acidizing, fracturing, cementing, drilling fluids, industrial and mining services.

Vanderpoorten To Model In "Fashions for the 80's"

Nelda Mayfield of will be among 35 in the Second Annual "Fashions for the 80's" show scheduled for October 14 at the San Angelo Convention Center.

The show is sponsored by the West Texas Rehabilitation Center the evening with a cocktail reception at 7:00 p.m., followed by a viewing of fashions for women in casual, daytime and formal wear.

A special feature of the program will be a showing

of the 1981 collection of furs by Pam Mahoney, the only woman furrier designer in Texas, and one of only a handful of women heading a wholesale fur operation.

Tickets for the fashion show will be \$25 per person and may be purchased at West Texas Rehabilitation Center in San Angelo, 128 S. Magdalen (915-655-9576) or at Maurice's in the Village Shopping Center.

Proceeds from the event benefit the West Texas Rehabilitation Center-San Angelo building fund.

of many choices of surfaces textures in the fashion scene, Vanderpoorten, a clothed designer, noting varieties range from silk-like smoothness to finishes to fuzzy, blanket looks.

One new development is a knitted fabric that looks like poplin and other woven fabrics, she adds. Vanderpoorten is on the home economics staff of the Texas Agricultural Extension service, The Texas A&M University System.

Kappa Gamma Holds Model Meeting

Firemen Attend Convention

Local firemen attended the fall convention held in Mason Saturday, October 3. The men's morning business meeting was called to order by President Gene West. Louis Olenick was elected 3rd Vice-President. The meeting was adjourned for lunch.

The ladies luncheon was held at the Mason High School with a Mexican Dinner being served. A business meeting was held and new officers were elected.

Trevlin Luttrell was elected President and Melissa Teaff was elected Secretary.

After lunch, the men's business meeting was called to order by Gene West. A fire prevention program was given by Mr. Paul Hannemann from Fredricksburg. The meeting was then adjourned for

the races.

The ladies 3-Man from Sonora won 2nd and the men's water polo won 2nd. These teams consisted of Elaine Donaldson, Donna Keese, and Melissa Teaff. Gene West and Joe Luttrell were the winners in the polo.

Supper was served and a dance was held at the Mason Park. A good time was had by all.

Trina Powers Named Sul Ross Rodeo Queen

Trina Powers, a freshman psychology major from Sonora, was the 1981 Rodeo Queen for the 36th Annual Sul Ross State University NIRA Rodeo at Sul Ross held Oct. 8-10.

Miss Powers, daughter of Jayne Powers of 108 West College Street in Sonora, came to Sul Ross State University for the rodeo program. She feels it is the best in the region. She has been interested in horses and has been rodeoing most of her life.

She is taking Horsemanship and Horse Management courses in the Range and Animal Science Division to further her knowledge of the various breeds of horses and of horse breaking and horse training procedures.

Broncos Wallop Golden Cranes 13-0

Sonora	Crane
16	12
42-298	33-152
08	51
4-13-0	5-19-3
3-1	2-1
5-36.4	4-38.3
9-95	5-38

The Sonora Broncos struck for two early touchdowns Friday night and hung on for an uninspired win over the winless Crane Golden Cranes, 13-0.

The Broncos drew first blood on their initial series

of the contest with John Blankenship's one-yard quarterback sneak capping a five-play, 75-yard drive.

The touchdown march was aided by a 13-yard pass interference penalty against Crane, a 57-yard scamper by Allen Stewart down to the 10 and nine-yard burst by David Buitron down to the one.

Scott Savell's PAT boot gave Sonora a 7-0 edge with less than 2 1/2 minutes ticked off the game clock.

The second Bronco score came three minutes deep into the second quarter with Blankenship hitting a wide open Savell over the middle for a 32-yard TD.

Most of the yardage in the 10-yard play, 85-yard drive came from Blankenship's passing including strikes of 17 yards to Mark Doan and 10 yards to Savell.

Savell's conversion kick was blocked, but the Broncos already held their final margin of victory, 13-0.

The Cranes managed one serious threat in the first half, penetrating to the Sonora 18-yard line before the Bronco defense, always at its best in the shadow of its own goalpost, stiffened.

The Broncos threatened once more seconds before the half when three straight passes from the Crane nine missed the mark. A 30-yard jaunt by Wade Hopkins and a 13-yard fourth down scramble by Blankenship provided most of the impetus for the drive.

The Sonora defense had to take charge in the second half as penalties, a fumble and the Crane defense and kicking game kept the Broncos from every crossing the midfield stripe.

The momentum appeared to have swung entirely to the Golden Cranes when Clint Barrett recovered Blankenship's fumble at the Sonora 32.

The Cranes moved all the way to the 14 before Joe David Favila stepped in front of a Crane aerial at the four to stall the drive. Blankenship hauled in an interception to stop another crane drive, but the Cranes got rolling again midway through the fourth stanza. Larry Peek's 22-yard scoot, Jeff Pinkston's 14-yard toss to Randy Hicks and Peek's 19 yard ramble off a draw play nearly put Crane back in the game at the Sonora seven.

But DeVoe Smith snared Pinkston's pass at the four-yard line to sew up the

win.

The win, the Broncos' fourth shutout of the year, gave them their fifth straight win after a season opening loss to Ozona, while Crane fell to 0-5.

SCORE BY QUARTERS

Sonora--7 6 0 0--13

Crane--0 0 0 0--0

INDIVIDUAL STATISTICS

Sonora

Rushing--Stewart, 9 carries, 90 yards; Buitron, 17 carries, 64 yards; Hopkins, 7 carries, 48 yards; Blankenship, 7 carries, 42 yards, 1 TD; Smith, 3 carries, 38 yards; Martinez, 2 carries, 9 yards; Longoria, 3 carries, 7 yards.

Passing--Blankenship, 4-12-0, 68 yards, 1 TD; Sorenson, 0-1-0.

Receiving--Savell, 2 catches, 42 yards, 1 TD; Doan, 1 catch, 17 yards; Buitron, 1 catch, 9 yards.

Crane

Rushing--Ramirez, 16 carries, 93 yards; Peek, 4 carries, 43 yards; Bishop, 5 carries, 16 yards; Pinkston, 3 carries, 10 yards.

Passing--Pinkston, 3-9-0, 34 yards; Cadena, 2-10-1, 17 yards.

Receiving--Hicks, 2 catches, 14 yards; Fann, 1 catch, 18 yards; Soto, 1 catch, 14 yards; Bishop, 1 catch, 5 yards.

Sonora Broncos To Begin District Play Against Coleman Friday

The Sonora Broncos and Coleman Bluecats open the first week of District 8-AAA play Friday at 7:30 p.m. in Coleman as two vastly different teams.

While Sonora's future was something of a question mark as the season opened, especially after an opening loss to Ozona, the Broncos have come on to win five straight including a lackluster 13-0 shutout of Crane last week.

Meanwhile, the Bluecats started the season with

dreams of making a run at the district crown.

After last season's extremely young team had finished strong, Coleman County folks were thinking title, especially after a 35-7 thrashing of Early in the season opener.

But just as the Broncos made a reversal after the first contest, so did the Bluecats as they try to break a five-game losing streak this week.

Bronco Coach Jerry Hopkins compares Coleman to Crane as another team that

has had a hard time getting untracked.

But their 1-5 record does not make Hopkins less wary of the Bluecats as he points to their size and speed and the problems they have given Sonora in the past.

Although Sonora has always been favored when the two squad have met in each of the years since Hopkins' return to Sonora in 1978, the Broncos have managed only a 1-1-1 record against Coleman. That lone win, a 41-0 shutout, did not come until

last year.

Guard L.D. Franklin (6-3, 245) and tackle Charles Hood (6-2, 210) provide the size for the Bluecats while tailback Clinton Palmer, quarterback Tony Seballos and end Charlie Villegas provide the speed.

Although Hopkins figured Coleman to have a shot at district at the beginning of the year, he now sees the title chase as basically a three-team race among the Broncos, Brady and Comanche with any of the teams capable winning

it all.

Brady has posted a 4-2 record with their only losses coming at the hands of tough Clyde and Marble Falls squads.

Comanche is still something of a mystery with a 2-4 record, but the Indians have played an extremely tough schedule.

"This wasn't one of our better games," Hopkins said of the 13-0 win of Crane Friday. "Crane played really well, but we just made too many mental mistakes."

"We did a good job of

rising to the occasion," he commented on three goal line stands the Broncos defense used to keep the Cranes out of the endzone, "but we weren't real solid."

Barring any injuries in practice this week, the Broncos will open district play healthy. Only fullback David Buitron who still manages to play a majority of Friday's game with a pulled leg muscle is less than full speed.

Safety Should Be Stressed By Parents During Halloween

Tiny spooks and goblins are busy getting their scary costumes and masks ready for the big night. Halloween is coming!

The ancient observance of All Hallows' Eve is almost strictly for the younger set these days. They take full advantage of the occasion to munch candies and other goodies from willing neighbors, chanting the call, "Trick or Treat!"

Although Halloween has been tamed somewhat in recent years, and many parents and schools organize parties to replace the

traditional neighborhood rounds, a lot of kids will still opt for that old standby, trick or treating. You can help make this Halloween a safe and memorable one for the little ones by giving some thought to safety, suggest the Texas Medical Association (TMA).

It's a good idea to accompany youngsters on their neighborhood treks, since in their excitement they may be less than cautious about traffic hazards. Also, encourage them to go trick or treating

early in the evening while it's still light outside.

When making your small spook's costume, use bright colors for visibility. You might even sew on some reflective tape that can be easily seen in the dark. Don't make loose-fitting costumes that may catch on fences or other obstacles. And make sure that costumes aren't so long that little ones trip

over themselves.

Masks that cover the entire face can be dangerous. They often block vision and, if they slip, they can even block breathing. A "skin mask" made of grease paint or make-up is safer, and a lot more creative, too.

If the giddy goblin wants a light, give him or her a flashlight, not a candle. Never allow small children

to carry around sharp objects that can hurt them if they happen to fall.

Difficult though this may be, convince your children not to eat any goodies until you have inspected them first. There have been a few incidents of twisted individuals giving children fruit or candy with needles, razor blades, glass or drugs hidden within.

Be considerate of other

people's children. Try to

make your yummies nutritious. Also, keep pets indoors--bands of noisy children may excite them. Keep outdoor lights on so small ghosts won't stumble.

If you take reasonable safety precautions this Halloween, maybe the Great Pumpkin will grace your pumpkin patch this year!

Happy Homemakers To Present Program

Do you find yourself being busier and busier now that you are on the go so much? If so, two things may suffer from it--your family and the meals you are preparing for them.

One dish meals may be just the thing you are looking for. They usually consist of a combination of foods cooked in one dish.

The Happy Homemakers Extension Homemaker Club will find out more about casseroles Friday, Oct. 16, at the home of Barbara Arendt, 1201 Glasscock. Everyone interested is welcomed. For more information on the meeting, call Carolyn Doran at 387-5011.

Sen. Mengden Pledges Support For Right-To-Life

Senator Walter Mengden, Republican from Harris County, who is considering running for the U.S. Senate in 1982, has pledged his continued support for those groups fighting "the killing of unborn babies."

Senator Mengden was in Dallas for the nationwide Rally-for-Life, a gathering of right-to-life supporters. "I have fought abortion ever since the Supreme Court legalized it in 1973, and I'll continue to fight it until the unborn are protected by law," Senator Mengden said. "I'm proud of the pro-life

legislation I passed in the state legislature, but there is more to be done. It's clear that the ultimate solution will require some form of federal legislation."

As a leading pro-life spokesman in the Texas Senate, Senator Mengden has consistently spoken out against abortion.

The legislature has enacted into law his proposals to allow doctors and nurses to refuse to perform abortions and to require that babies who survive an abortion be given medical care necessary to keep them alive.

Sporting Chance

by Don Holdridge

Let's face it. Last week was just not my week. Not only did I miss six of 15 games, I sawed off my limb behind me in predicting three wrong winners in the baseball playoffs.

Since I've already messed up everything in the baseball picking, then I might as well finish it off by taking it one more round. I'll pick the Dodgers' pitching and experience over Montreal's youth and speed, while the Yankees just have too much for Billy Martin's Oakland nine, the sentimental favorite. But what's more sentimental than the Yankees and the Dodgers in the World Series. It's as American as tacos.

Last week's picking dragged my season total down to 64 of 90 for a .711 percentage. Things have got to get better. The only time my wife talks to me now is when she wants the trash taken out.

Sonora at Coleman

The Broncos finally broke their jinx with the Bluecats

last year, but they'll need to play better than last Friday. Sonora 23-7.

Ballinger at Brady

It's a miracle the Bearcats are still showing up for games after the pastings they've been getting. Nothing changes this week. Brady 35-0.

Ozona at Eldorado

The Lions haven't exactly set the world on fire, but the Eagles haven't even found a match. Ozona 20-13.

Texas at Arkansas

Sitting on top of the polls seems to be dangerous this year, but the Longhorns seem to have it all. Texas 34-17.

Texas A&M at Baylor

I guess I better quit picking on the Aggies, although this still looks like an ideal place for an upset. Texas A&M 21-17.

SMU at Houston

Here's another upset possibility, but the Ponies have

too much firepower. SMU 38-24.

Utah State at TCU

The Frogs celebrated their win over Arkansas a week too long, but now they get down to business to pull another upset. TCU 45-31.

Rice at Texas Tech

The Owls have won for two weeks in a row now. The third time's the charm. Texas Tech 17-6.

Mississippi State at Miami

Emory Bellard gets to atone for the embarrassment against Missouri with a mild upset. Mississippi State 21-20.

Florida State at Pittsburgh

After picking FSU to lose against tough competition the past two weeks, I finally get a cinch. Pittsburgh 14-13.

Angelo State at Abilene Christian

Upset of the week. It's been a few years since the

Wildcats came out on the winning end of this rivalry. They're due. Abilene Christian 28-24.

Los Angeles at Dallas

The Cowboys are in their usual midseason slump, so they might as well lose one more and then be ready to beat the Rams in the playoffs. Los Angeles 30-23.

Houston at New England

Ed Biles waited six weeks to unveil his new Oiler offense, but the Patriots haven't shown anybody anything yet. Houston 27-10.

Philadelphia at Minnesota

The Vikings are on a roll, and the Eagles are due to lose. Minnesota 31-17.

Denver at Kansas City

Danny Reeves has found the fountain of youth for Craig Morton, and the Broncos finally have an offense (and a winning record to match). Denver 21-16.

Rules:

1. Entry forms must be mailed or delivered to the Devil's River News before 4 p.m. each Friday. Only official entry forms clipped from the Devil's River News each week are eligible for judging.
2. Each person will be limited to entering no more than two entries.
3. Entry forms will be judged on a basis of persons picking the most correct games. All games that result in a tie will be counted as a winning game for both teams.
4. The tie breaker will not be used in determining a winner except in the case of a tie. In case of a tie, the tie breaker will first be judged on the basis of the winning team. If more than one of the tied entries has picked the winner, the person whose entry is closest to the actual score will be declared the winner.

SHS News

The National Honor Society had a brown bag luncheon Tuesday during lunch to discuss the Halloween Carnival booth.

The J.V. and freshman teams play the Brady Bulldogs beginning at 5:30 p.m. on Thursday. Friday the Bronco varsity travels to Coleman to take on the Bluecats. The kick-off is at 7:30 p.m. It's also the Broncos first 8-AAA District game.

The annual D.E.C.A. fruit sale is now underway. It will be featuring 20 lbs of apples for \$10.00, 20 lbs of oranges for \$7.25, 40 lbs of oranges for \$11.00, 20 lbs grapefruits for \$6.50 and 40 lbs grapefruits for \$10.00.

The proceeds will be used for the employer appreciation banquet. D.E.C.A. traveled to area and state competition, and the student scholarship. To order fruit, contact a D.E.C.A. student or call 387-5212 before noon. The D.E.C.A. students appreciate your support.

Members of the junior class at Sonora High School selling a raffle ticket, with the winning ticket to be the Halloween Carnival on Oct. 31. Each ticket is \$1, with four different prizes being offered. For the gun lovers, there is a Winchester 30/30 rifle. For the women, there is a silk floral arrangement in earthtones to go with almost any decor. For the children, whose chances are doubled because there are two of the same prize, there are quilt pallets made of red and white gingham with a bronco applique in the middle. For the entire family, the juniors are raffling an acrylic painting of sunflowers.

The juniors need the support of the public in their effort to raise money for the junior-senior prom and banquet in the Spring. Anything they raise is used this and for their senior trip the following year.

Sample Ballot Of Nov. 3 Election

The following is a sample ballot of the Nov. 3 Constitutional Amendment Election.

NUMBER ONE
"The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes. "La enmienda constitucional que autoriza a ciudades, pueblos, y otras entidades fiscales estimular el mejoramiento, desarrollo, o redevelopment de ciertas areas por medio de auxilio en los impuestos sobre la propiedad y la emision de bonos y vales."

NUMBER TWO
"The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years as of November 15, 1981." "La enmienda constitucional que autoriza al comisionado de la oficina General de Terrenos a dar titulos para ciertos terrenos del fondo para las escuelas publicas libres tenidos en buena fe bajo titulo aparente durante por lo meno cincuenta (50) anos antes del 15 de Noviembre de 1981."

NUMBER THREE

"the constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds." "La enmienda constitucional que permite a la legislatura conceder a un comite estatal de administracion financiera la autoridad de administrar el gasto de ciertos fondos apropiados."

NUMBER FOUR
"The constitutional amendment authorizing the use of a portion of the excess revenues of the state for water development, water conservation, water quality enhancement, and flood control purposes; authorizing the use of the state's credit, not to exceed five hundred million dollars to guarantee the bonds of cities, counties, towns, and other units of local governments in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved, but unissued, state bonds; and authorizing a program to retire state bonds." "La enmienda constitucional que autoriza el uso de una porcion de los ingresos sobrantes del estado para el desarrollo, la conservacion y la majoria de la calidad del agua y para el control de inundaciones; que autoriza el uso del credito del estado, no en exceso de quinientos millones de dolares, para garantizar los bonos de ciudades, condados, pueblos y otras entidades de gobierno local en la financiacion de proyectos dedicados a tales fines; que aumenta la tasa de interes que se puede pagar por bonos estatales previamente aprobados pero no emitidos; y que autoriza un programa para pagar bonos."

del estado, no en exceso de quinientos millones de dolares, para garantizar los bonos de ciudades, condados, pueblos y otras entidades de gobierno local en la financiacion de proyectos dedicados a tales fines; que aumenta la tasa de interes que se puede pagar por bonos estatales previamente aprobados pero no emitidos; y que autoriza un programa para pagar bonos."

NUMBER FIVE
"The constitutional amendment to provide for the inclusion of livestock and poultry with farm products as exempt from taxation." "La enmienda constitucional que permite incluir el ganado y las aves con los productos agricolas libres de impuestos."

NUMBER SIX
"The constitutional amendment authorizing a political subdivision to provide property tax relief for owners of residence home-

steads and changing certain property tax administrative procedures." "La enmienda constitucional que autoriza a una subdivision politica proveer auxilio en los impuestos sobre la propiedad para los duenos de hogares de residencia y que cambia ciertos procedimientos administrativos en los impuestos sobre la propiedad."

NUMBER SEVEN
"The constitutional amendment authorizing the issuance of additional bonds to finance the veteran's land program and to increase the maximum interest rate allowable in veteran's land fund bonds." "La enmienda constitucional que autoriza la emision de bonos adicionales para financiar el programa de terrenos para los veteranos y que aumenta la tarifa maxima de interes que se permite en los bonos del fondo de terrenos para veteranos."

A.S.U. Plans Field Day

ASU's Management, Instruction and Research Center will be the setting for a Field Day Friday, Oct. 16th. The center is located 8 miles north of San Angelo on Highway 87. Events begin at 1:30 p.m. with registration. At 2 p.m. a panel discussion focusing on the latest in grazing systems, livestock studies, performance data and electric fencing will be featured. Panelist will include members of ASU's Agriculture Department and MIR research scientists. Alterations and improvements in the Savory Grazing Method will be included in our panel pre-

sentation," explains Dr. Bob Steger, associate professor of animal science. "We'll be updating ranchmen on this innovative method which we began at the Center in 1979." Originating in Rhodesia, the Savory Method or Cell Program offers an arrangement of pastures, shorter than usual grazing periods and convenient livestock working areas. This allows for maximum vegetative growth while promoting maximum livestock performance. A tour of facilities, pastures and a look at livestock will conclude the Field Day activities.

Autumn In Austin Filled With Variety

Autumn in Austin is filled with football, October-fests, special flower shows, dramas, and a flurry of arts & crafts shows. All of these events, and more, are listed in the quarterly calendar of events for the fall months. This brochure is available from the Austin Chamber of Commerce.

The University of Texas is at home in Memorial Stadium October 31 meeting Texas Tech; on November 14 against TCU; and on November 21 against Baylor. The San Antonio Spurs meet the Philadelphia 76'ers for basketball in the

Erwin Special Events Center of October 13. The Austin Area Garden center blooms with the beauty of a Rose Show on October 18 and an African Violet Show the following weekend. Both shows are free.

The largest local-only artists' and craftsmen's show is the Austin Artist Harvest, Municipal Auditorium, November 7-8. This show is free to the spectator, and guarantees that all the artists are from Austin. The Highland Lakes Arts & Crafts Trail is November 14-15. The Highland Lakes

Tourist Association coordinates the Trail so that all five of the communities to the northwest of Austin offer a local arts and crafts show on the same weekend. For handiwork produced in the Hill Country, take the trail through Llano, Marble Falls, Burnet, Buchanan Dam, and Kingsland.

The Arts & Crafts Trail Bus Tour leaves the Austin Chamber of Commerce on the morning of November 14. This special tour will stop at several of the fairs and scenic places along the way. A seafood luncheon

will be served in Buchanan fairs and scenic places along the way. A seafood luncheon will be served in Buchanan Dam.

Call (512) 282-1122 for reservations. For a free copy of the brochure listing Autumn events in Austin, or for

more information on the Arts & Crafts Trail Bus Tour, write: Autumn in Austin, P.O. Box 1967, Austin, Texas 78767.

Crime Rate Up In Texas

The number of major crimes reported in Texas during the first six months of 1981 rose 3.3 percent compared to the same period last year, according to DPS Director Colonel Jim Adams.

"Although this is a significant increase, it does indicate that the volume of major crimes in our state is rising at a lower rate than we saw last year," Adams said.

In 1980, major index crimes recorded by the DPS Uniform Crime Reporting Bureau during the first half of this year totaled 431,409.

"Based on reports from Texas police agencies for the first six months of 1981, burglary showed the largest increase by category, rising 8.2 percent to 133,621 cases," Adams pointed out.

The DPS director said one of the major crime categories actually registered a decline.

"Murder cases reported during the first half of this year totaled 1,143 -- a decrease of 2.1 percent from the same period in 1980."

The remaining violent crime categories showed increases, with aggravated assaults up 3.8 percent and rape and robbery each posting increases of 3.5 percent.

The property crime categories of motor vehicle theft and larceny-theft rose 2.5 percent and point-five percent respectively.

Total property loss attributed to major index crime in the first half of 1981 was estimated at \$400 million.

In addition, state police agencies investigated 3,941 arson cases during the period which resulted in estimated property losses of \$50 million.

Three police officers were killed in the line of duty by criminal action during the six-month reporting period. Three officers perished in duty-related accidents.

Ban Lifted On Gas Yard Lights

"Homeowners can continue to enjoy the security of their gas yard lights following a presidential action which lifts the ban on outdoor gas lighting," Lone Star Gas Company President Carol Neaves said today.

A provision of the budget appropriation bill, signed by President Reagan on August 13, voids part of the Fuel Use Act, which required that all gas be counterproductive. "The government was making an effort to conserve less than one-quarter of one percent

of the natural gas used in the United States while asking homeowners to give the security provided by their yard lights. This measure should help relieve the anxiety of customers who have told us of their need to have the nighttime security of an operating yard light."

The amendment also relieves Lone Star of the time-consuming and costly effort to locate and disconnect each gas yard light within its 170,000 square mile system.

"Many different groups have sold gas yard lights over the years," Neaves reported. "As a result, we

do not have complete records indicating where the individual lights were installed."

The new amendment applies to all homeowners who had a gas yard light in operation on or before November 8, 1978. Homeowners who installed a gas yard light after that date may be allowed to operate it if they receive an exemption as outlined in the Fuel Use Act. Exemptions are granted by local city managers and city secretaries for reasons of safety and security of people and property.

WE ARE ENJOYING A WHOLE LOT OF A GOOD THING

For many years now, most of us have taken a plentiful supply of electricity for granted. We've found more and more uses for electricity, because, as Reddy Kilowatt kept telling us:

Electricity is Reliable
Electricity is Clean
Electricity is Efficient
Electricity is Quiet
Electricity is Flexible
and
Electricity is Low in Price

Electricity is still all of these things -- even low in price compared to other goods and services. But there's no escaping the fact that costs of supplying it are constantly going up... and so is usage.

People in WTU territory are using more electricity than ever before (9,020 kilowatt-hours per residential customer in 1980, compared to 5,856 in 1970).

With the demand for its product steadily increasing, WTU can't stand still. It must grow, too.

The growth is carefully planned, with the customer's welfare foremost in mind. WTU is considering only the necessities. But to keep giving the kind of service you're used to, we're going to be involved in some costly updating of production, transmission and distribution facilities. And, of course, we must maintain a staff of people qualified to keep the system operating. You can depend on WTU to continue providing a reliable supply of electricity. But let's all realize what it takes to produce it, and use it wisely. It's too good to take for granted.

Reddy Supplies the Energy... But Only You Can Use It Wisely.

New State Inheritance Tax To Take Effect

State Comptroller Bob Bullock's office Monday reminded Texans that a new state inheritance tax law took effect this month and will apply to estates of those who died on or after September 1, 1981.

The Comptroller's office reported the new law will save Texas taxpayers at least \$20 million in death taxes the first year.

The new law did away with the state's basic inheritance tax schedule and statutes, replacing them with a law that ties Texas inheritance tax collections to a part of the federal estate taxes owed.

For example, under the old state law if the federal tax due was \$5,000, the "federal credit" would be \$500 and the state inheritance tax \$700, resulting in the Internal Revenue Service collecting \$4,500 and Texas \$700.

Under the new law, Texas would now collect the "federal credit" of \$500 and the IRS would collect \$4,500, using the \$5,000 example.

In effect, the new law allows persons who owe federal estate taxes to deduct from the amount due the federal government any inheritance tax paid to the state. The amount is determined by an IRS formula.

The Comptroller's office said this also means that if federal estate tax rates are cut, Texas inheritance taxes are automatically dropped back.

More than 45 other states have similar laws that piggy-back on the federal law. Estates of those who died before September 1, 1981 are subject to Texas' old inheritance tax law and tax schedule, Bullock's office noted.

Jo Ann L. Shroyer

Former Sonoran Awarded Graduate Study Grant

Jo Ann L. Shroyer, daughter of Mr. and Mrs. Jeff Lambert, Del Rio, has been awarded a graduate study grant by the Jewell L. Taylor Family Trust of Fort Worth, Texas. The Lamberts are former Sonora residents and Jo Ann is a graduate of Sonora High School. She was selected above all other applicants for the state-wide award. Taylor, a dedicated home economist for over 50 years, funded the family trust to provide study grants for home economics students demonstrating dedication of purpose, financial need, good character and high scholastic achievement. Shroyer is pursuing a doctorate in housing at Oklahoma State University in Stillwater.

Shroyer received a bachelor's and master's degree in Home Economics, with a major in Housing and Interiors from Texas Tech University in Lubbock. She is currently an instructor at Texas Tech University in the College of Home Economics, Department of Family Management, Housing and Consumer Science. Shroyer is a member of the American Association of Housing Educators, American Home Economics Association and Texas Home Economics Association. While at Texas Tech, she has served on the Undergraduate Curriculum, Student Recruitment and Foundation for Interior Design Education and Re-

search Accreditation Committees as well as faculty sponsor for the student chapter of Housing and Interior Design. Mrs. Shroyer was awarded a summer research assistantship by the Texas Tech Graduate School in 1980.

Around Town

by Hazel McClelland

Mr. and Mrs. Charles Shannon of Alpine visited her mother, Mrs. Bernice Savell several days this last week.

Mr. Mack Cauthorn is in the St. John's Hospital in San Angelo. Hurry and get well, Mack!

Addah Cauthorn is in the Hudspeth Hospital. She has returned from San Angelo where she was with her husband, Mack.

Mr. and Mrs. Tommy Love have brought the A.W. Awalt house. Glad to have you as neighbors, Tommy, Carol, and boys.

In San Angelo, Wednesday were Mrs. Guila Vicars, Davie Taylor, Barbara and Bernice Savell.

Mrs. Lottie Mae Kelly has moved to San Angelo. She is living at the Concho Manor.

Mr. Johnny Morris of San Angelo was visiting his parents, Mr. and Mrs. James Morris this week.

Mrs. Belle Steen had a birthday Oct. 4. Happy Birthday Steen!

Mr. and Mrs. W.B. McMillon have returned from a trip to Virginia and Washington.

Mrs. Jessie Green Barton, Mrs. Ruth Espy, Mrs. John McClelland and Hazel McClelland were visiting in San Angelo Monday.

Sid Awalt of San Angelo was in Sonora Wednesday on Business and visiting friends.

George E. Allison of San Angelo was in Sonora Tuesday visiting friends.

Mrs. Jackie Sharp has returned from the Shannon Hospital where she has had surgery. Glad you are doing well, Peggy!

Mrs. Jack Neill entertained the Thursday Luncheon Club at her home Oct. 8. A delicious luncheon was served to members Mrs. Vestal Askew, Mrs. W.B. McMillon, Mrs. Charles Browne, Mrs. Jamie Parker.

Guests attending were Mrs. Vicars, Mrs. Lawrence Finklea and Hazel McClelland.

Mrs. Vicars won high. Jodie Finklea won second high and Jamie Parker won Bingo.

Oct. 11-17 Designated 1981 Awareness Week

This Year's Awareness Week, (October 11-17) takes on added significance because 1981 has been officially designated by the United Nations as "The International Year of Disabled Persons".

In his proclamation for this special year in the United States President

Reagan said, "all of us stand to gain when those who are disabled share in America's opportunities."

The Texas Easter Seal Society, which has sponsored Awareness Week since 1975, reminds us that while considerable progress has been made in legislating equal accessibility for disabled people,

the attitudes of other people can be their biggest handicap.

Given our backgrounds and our society, it's almost predictable that most of us would not feel totally open and free in our attitudes towards the disabled. But that's not to say we can't change.

Shannon Hospital Initiates New Program

Shannon West Texas Memorial Hospital in San Angelo has initiated a new service for outpatients, with the addition of a centralized outpatient registration department.

According to Business Manager Lawrence Leonard, the registration desk, located in the Magdalen Street Lobby of the hospital, will make registration for outpatient services more convenient for those who utilize them. "This service is going to be particularly useful in our new hospital," Leonard said, adding that the service was initiated in the current facility to "allow both the patients and the hospital staff to become accustomed to the procedure before the move."

All outpatients, including those receiving physical therapy, cardio-pulmonary tests, lab work, and x-ray tests or treatments now should report first to the centralized area, where all paperwork will be taken care of. Those scheduled for outpatient surgery will also register there first.

"At the present time, our outpatient admitting clerk is seeing about thirty outpatients daily," Leonard said. Diane Adams is the new admitting clerk, staffing the desk from 7:00 a.m. until 4:00 p.m. on weekdays.

Leonard said the only outpatients not required to register in this department are emergency room patients--they will continue to register at the entry to the emergency room.

Why gas is plentiful:

19,000 Wells

About 19,000 wells, in addition to pipeline agreements, now supply the natural gas we sell to you. Because of Lone Star's aggressive purchasing program, our supply position is strong. And we will contract for more gas

whenever we can negotiate for terms favorable to you. Our ability to deliver all the gas you need for your home is another reason to be glad you're served by the Lone Star system.

Gas. It's plentiful, efficient and right for the times.

Lone Star Gas Company

Mrs. Michael Jones

Jones, Warren United In Oct. 10 Ceremony

In a candlelight ceremony at 7 p.m. on Saturday, October 10, Melinda Diane Warren became the bride of Michael Wayne Jones.

The double-ring ceremony was held at the First Baptist Church in Mullin and was performed by Rev. Bobby Smith, pastor of that church. Seven strokes of chimes announced the hour of the wedding.

The bride is the daughter of Mrs. Neva Spinks Warren of Mullin and the bridegroom's parents are Mr. and Mrs. E. Ray Jones of Sonora.

The altar featured a large arrangement of burgandy and pink gladiolas, roses, and carnations. Flanking the altar on either side were spiral brass candelabra entwined with pink and burgandy rosebuds and matching ribbons. A matching brass stand with flowers and greenery held a unity candle and centered the altar arrangement. Arrangements of pink and burgandy roses graced the piano and organ. In completion, large palm plants bordered the entire setting.

Family pews were marked with a large pink rose surrounded by tufts of pink tulle and scalloped with rows of pink and burgandy ribbon. White bud vases containing soli-

tary burgandy roses complemented the nine frosted windows.

Mr. Mark Andrist and Miss Teri Davis served as pianist/organist and vocalist. The prelude music consisted of a traditional medley arranged by Mr. Andrist. Miss Davis sang "The Wedding Song", "Endless Love", and the "The Lords Prayer", the latter song being sung in accompaniment with the lighting of the unity candle.

Candles were lighted by Kelly Spinks of Mullin, cousin of the bride, and Mark Huff of Odessa, cousin of the groom.

Ring bearers were Jered Lethco of Mullin, cousin of the bride, and Matthew Gilly of Sonora, Nephew of the groom. They carried twin heart-shaped satin pillows edged with chantilly lace.

The flower girl was Joni Lethco of Mullin, cousin of the bride. She wore a pink coupe de ville gown fashioned after the bride's gown. She also wore a garland of pink and burgandy rosebuds and carnations with burgandy streamers in her hair and

carried a wicker basket laced with matching silk ribbon.

The bride was given in marriage by her uncle, Mr. C.E. Ferguson of Mullin. For their wedding she chose a floor length gown of white chantilly lace. The basque bodice featured a drop shoulder yoke of English illusion complimented by a high neckline of pearl-encrusted Venice lace. The

encrusted Venice lace. Chantilly lace softly gathered formed a ruffled flounce encircling the yoke.

Long sleeves of matching lace accented the basque bodice. An A-line chantilly lace skirt featured a four-tier triangular insert of ruffled lace that fell softly into a cathedral train of twenty-one tiers of chantilly lace.

To complete her bridal attire the bride wore a tiered veil trimmed in chantilly lace attached to a bandouh headpiece of matching lace encrusted with pearls.

Her cascade bouquet of silk flowers featured pink and burgandy roses and pink-tipped camellias enhanced by lily-of-the-valley, angel lace, and stephanotis with polished greenery. Streamers of white satin tied with burgandy flannel flowers and love knots completed the bouquet.

The bride's only jewelry was a pair of pearl earrings.

Matron of honor was Gwenda Lethco of Mullin, cousin of the bride. Bridesmaids were Theresia Williams of Brownwood, LaFreta Pyburn of Abilene, Toyah Gilly of Sonora, and Janice Routh of Ballinger.

The attendants wore identical floor length gowns of soft pink coupe de ville with chiffon sleeves and lace yoke insets fashioned after the bride's gown. They carried colonial bouquets consisting of pink and burgandy roses and camellias, enhanced by angel lace, flanned flowers, and streamers of burgandy ribbon.

For her daughter's wedding, Mrs. Warren chose a floor length dress of dusty rose vixen. The groom's mother wore a smokey mauve dress of qiana, with each wearing harmonizing corsages.

The groom wore a formal length white tuxedo with a white ruffled shirt and a pink and burgandy rosebud boutonniere. Billy Bob Galbreath of San Angelo served as best man. Groomsman were Bruce Lethco of Mullin, Rodney Jones and Bennie Granger of Sonora, and R.B. Alexander of San Angelo. They wore burgandy tuxedos with pink ruffled shirts and pink rosebud boutonnieres.

Ushers were Daniel Burch and Bill McPherson, both of Brownwood.

After the wedding a reception was held in the fellowship hall of the church. The bride's table featured a three-tier cake decorated with pink rosebuds and topped with a pink silk bell and white lace heart arrangement. A silk arrangement of pale pink roses, painted pink-tipped daisies and burgandy lythrum interspersed with baby's breath in a footed milk glass vase served as the centerpiece. Punch was served from a crystal punch bowl.

The groom's table featured a chocolate cake with layered chocolate roses, topped with a decorative ornament. A hurricane globe centerpiece graced the table, and coffee was served from a silver coffee service.

Members of the house party included Lowanna Satterfield of Brownwood, Dalpha Routh of Ballinger, Reta Gayle Spinks, Theda Spinks, Jean Ferguson, Mary Lou Locke, Nita Jean Fisher, Beatrice Ethridge, Helen Pyburn and all of Mullin.

Serving were Tammie Routh of Baytown, Marquite Ferguson of Hillsboro, Brenda and LaVeta Spinks of Mullin, and Deborah Priddy of Talpa.

Tammie Jones of Sonora, sister of the groom, presided at the guest register.

Rice bags and thank you scrolls were distributed by Lana Spinks of Mullin and Tammie Jones of Sonora.

Following the reception, the couple left for a wedding trip to the Bahama Islands, a gift from the groom's parents. For going away the bride chose a grey vixen dress accented with a

burgandy tie belt, burgandy rose corsage, and burgandy shoes.

After their return the couple plans to reside in Sonora, Tx.

A rehearsal dinner was held Friday night at Underwood's in Brownwood.

The bride was honored with a miscellaneous shower in Mullin, a miscellaneous shower in Sonora, a bridal luncheon in Brownwood, a lingerie shower in Mullin, and an instant food mix party given by the Mullin Baptist Pre-school Children's Sunday School Classes.

Dr. Charles Browne Commended For 25 Years of Service

Dr. Charles F. Browne of Sonora, Texas has maintained a quarter century of membership and service in the American Academy of Family Physicians (AAFP) - the nation's largest medical specialty organization. In a letter to the local family doctor, the then AAFP President Sam A. Nixon wrote, "Because of the activities of the academy and busy individual physicians like you, family practice has made incredible strides. In fact, this growth has been unparalleled in the history of medicine."

"Today, family physicians enjoy a status within the medical community which never would have been possible without the support you and other members have provided," Dr. Nixon continued, "And while our job is not

finished, your efforts as a long-term member have enabled us to become a well-established specialty and gain the respect of our colleagues in medicine."

More than 7,000 family physicians have maintained membership in the 50,000-member AAFP continuously since February 1954 or before. The Academy expressed its gratitude to these members September 21 in a special ceremony at its 1981 Annual Convention and Scientific Assembly held in Las Vegas. The Members received a silver pin and certificate noting their achievement.

Family practice is one of medicine's newest primary care specialties that focuses on comprehensive and continuing health care for each patient, regardless of age or sex, in the environment of his or her family and community.

General Tel To Begin Charging New Rates

General Telephone company of the Southwest will begin charging new rates for installing, changing or adding telephones Oct. 12.

The change is the result of a mandated Federal Communications Commission accounting change for all telephone companies, and has been approved by the Public Utility Commission of Texas.

The FCC order requires costs incurred for installing or changing telephone service to be collected from customers receiving the service as the services are rendered.

In addition to the changes in rates, residential customers now have the option of providing their own house wiring (wiring from the protector or fuse box on the house to the telephones) and save the associated fees charged by the telephone company. In addition, a \$5 wiring main-

tenance charge will be assessed whenever the company sends service personnel to do repair work on the wiring.

"Previously, costs for installing, changing, adding telephones or to do wiring work were partially paid by all customers, not just the customer receiving the service," said Oscar C. Gomez, rates and tariffs manager for General Telephone in San Angelo. This charge is the first of four annual steps which will result in full revenue recovery from the customers receiving the service."

The new fees are structured similar to previous charges with some existing charges increasing and others decreasing. Charges will vary from customer to customer, depending upon the functions required to make the installation, change or addition to service.

Jody Luttrell Named Outstanding 4-H Member In Home Economics

The outstanding 4-H Member in Home Economics is a local award that is presented by Spain's Department Store. In selecting the recipient for this award, the following items are considered: Years in 4-H; Home Economics Projects involved in; Awards won; Over-all citizenship; Other 4-H Participation and attendance. In addition, this award honors any 4-H member who has encouraged other boys and girls to participate in the Sutton County 4-H program. The 1981 award goes to Jody Luttrell, son of Mr. and Mrs. Joe Luttrell. Jody has been a very active 4-H Club Member for five years. His 4-H projects have included Foods and Nutrition, Arts and Crafts, Rabbit, Range and Grass Judging, and Shooting Sports.

His most active 4-H Project has been Foods and Nutrition. In this, Jody has received four blue ribbons and high point preteen and high point junior at the County Food Show. He has represented Sutton County three years at the District Food Show. In doing so, he received two red and one blue ribbons. He has served as a Junior Leader in this project for two years.

Other 4-H activities that Jody has been involved in include being an emcee for the 4-H Fashion Revue for two years; serving on the Recreation and Special Activities Committees; serving as a Junior 4-H Club Delegate to the County 4-H Council. Jody has helped with the Livestock, Horse, and Wool Shows and with 4-H Week at school. The county 4-H Medals he has received include Dairy Foods, Citizenship, Leadership, and Achievement.

In addition to his 4-H activities, Jody has been in Scouts for 6 years. He is now Sr. Patrol Leader and is one merit badge away from becoming an Eagle Scout. He has performed flag ceremonies for the Lion's Club Auction, Hunting Party, Sutton County Days, and the Hill County Fireman's Association Convention. His school activities include being manager for the 9th grade and J.V. football teams, serving on the Student Council. He has received the following school awards: Citizenship (2 years), Physical Fitness; and outstanding achievement Award in Speech. Finally, Jody is a member of the Sonora Community Arts Theatre (S.C.A.T.).

Trying to save money? Shop warehouse and outlet stores, along with discount department stores, to stretch your dollar, advises Linda McCormack, a family resource management specialist. McCormack is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

We'll teach your operator how to operate better.

Not all problems with telephones are the fault of the system. Sometimes it's the fault of the people who use them. General Telephone can help fix that fault, too. You can have one of our Communications Service Advisors visit your office or plant and instruct your staff on the most efficient way to use your General Telephone system. Call your local business office today to make an appointment with a Communications Service Advisor. It could make a big difference in your whole operation.

Gun Club To Hold Silhouette Shoot

The Sutton County Gun Club will be sponsoring a 22 rifle and pistol silhouette shoot, Sunday, Oct. 18 at 2:00 p.m. at the Streigler pit 4 miles West of Sonora

on Hwy. 290 W. Plaques will be awarded to the top shooters. Everyone is invited to attend and participate.

1982 Fort Worth Rodeo To Feature Skilled Professionals

Two groups of highly skilled professionals will be among the special entertainment at the 1982 Fort Worth Rodeo, scheduled in conjunction with the 86th annual Southwestern Exposition and Fat Stock Show, reports W.R. Watt Jr., president-manager. "Additional announcements will be made later for

featured entertainment," Watt said of the Jan. 27 through Feb. 7 Stock Show. "We have the best in professional entertainers scheduled. When our plans are complete, this year's program surely will be our most outstanding." A featured highlight of the rodeo will be an appearance at each of the 22

performances by the Loera Family from Monterrey, Mexico. The Loeras, a family of 10 brothers and one sister, are all expert, precision-oriented trick ropers. Seven of the members will be here.

The Loeras, a second generation of trick profes-

sional charros, were taught by their father. As a group, this unit of the family has performed for 15 years in Mexico, Puerto Rico and Spain, and since 1972 in the United States.

Their dedication to professionalism is evident in each performance as they execute a number of diffi-

cult trick roping routines, such as one charro twirling a lasso while jumping two ropes going in different directions. The group has been called unbelievable.

Also in the rodeo arena will be the most talented trick and fancy riders in the business. Their skill and beauty on horseback is

coupled with a marvel of athletic ability, agility and balance.

The group, including Tad and Connie Griffith of Lakewood, Colo., and Vicki Adams of Stuart, Okla., will perform a variety of difficult and dangerous routines with the grace of ballet dancers and the precision of acrobats as their horses

race at top speed. Rodeo performances are scheduled at 8 p.m. Jan. 27 through Feb. 7; at 2 p.m. Jan. 30 through Feb. 7; and at 10 a.m. Saturday, Jan. 30.

Mail orders are being taken at the Stock Show office, P.O. Box 150, Fort

Worth, Texas 76101. All night and weekend performances are \$7 each, and Monday through Friday 2 p.m. rodeos are \$5 each. Mail orders should include \$1 extra per order for return postage and handling. Watt urged patrons to order early for better seats

ICA Feels Inspection Standards Should Hold For Foreign Me

Identical inspection standards should be required of foreign meat as those required of Domestic meats says the president of the Independent Cattlemen's Association.

Roy Wheeler of Pleasanton says his group strongly

supports an amendment to the 1981 Farm Bill requiring all meat products imported into the United States to be "subject to the inspection, sanitary, quality, species verification and residue standards applied to products produced in the United States.

The amendment, sponsored by Senator John Melcher of Montana and co-sponsored by Senator Lloyd Bentsen of Texas, was passed unopposed in the Senate version of the farm bill.

Wheeler pointed out American consumers can't

protect themselves from foreign beef because it is co-mingled with domestic beef. Adequate meat inspections must be made of both domestic and foreign products before they reach the American public.

The proposed legislation could relieve an inequity

American cattlemen have been burdened with for years, Wheeler says.

"The present standards our own beef must meet are stringent and costly to American packing houses," Wheeler says. "Some small slaughter houses

have been forced to close their doors rather than make the expensive changes required to process meat. If this is the price we must pay for the high quality meat Americans demand, then these standards must be imposed equally."

Wheat Loans Examined By Lenders

Agricultural lenders in wheat-producing areas are taking a closer look at loan applications and particularly at the borrower's repayment ability, according to Ben A. Jordan, Jr., Regional Director of the Federal Crop Insurance Corporation. He notes that wheat grower who carry insurance at least equal to their debt obligations are in the

strongest position to obtain the credit they need.

"There are a number of reasons why applications for loans are receiving closer scrutiny this year," Jordan says. "One of these is the generally tight credit situation. Another is the combination of increased production costs and high interest rates. The more a farmer must borrow and

the higher interest rate he must pay, the higher the yield he must have in order to be able to repay his loans."

Having an insurance policy can make a big difference when it comes time to borrow money, according to the FCIC Regional Director. He notes that most lenders today carefully analyze prospective borrowers'

cash flow projections and insurance can eliminate up to three-fourths of the income uncertainty associated with such projections. In fact, if he wishes to do so, a farmer can actually assign his insurance indemnities to the lender as loan collateral.

For information on this year's wheat insurance program, its benefits and the

coast, contact the local who is handling FCIC representative or an insurance before September private insurance agent ber 30.

New Interest Rate Ceilings

Recent Texas legislation (House Bill 1228) provides alternative interest rate ceilings that apply to almost all types of loans. The law allows

creditors (lenders) to choose an interest rate allowed by a weekly, monthly, quarterly or annual ceiling, notes an economist with the Texas Agri-

cultural Extension Service, Texas A&M University System. This rate is calculated for each of the time periods on the basis of weekly auction rates of U.S. treasury bills. The state

interest rate ceiling law does not affect federal pre-emptions for agricultural loans. Interest rate ceilings are published in the "Texas Register".

A&M Issues Agricultural Advisories

Texas farmers have an ally in the Agricultural Weather Service Center of the National Weather Service located at Texas A&M University. The Center issues daily agricultural advisories

over radio stations and net works to help farmers and ranchers cope with weather related matters. The advisories combine both agricultural and weather data to inform producers about

various operations such as planting, fertilizing, spraying, irrigating and harvesting. With the development of crop models using computer programs, the effects of weather on various crops

will become more predictable in the future.

Jerry Lackey's Country Folk

Sometimes a weekly column can be a chapter in the history book before it appears in print. Especially if it concerns the conditions of the range and field. Such was the case last week when Country Folk addressed the drought-stricken terrain of West-Central Texas. I am happy to report that all has changed this week!

As was the case in the old days when I wrote a daily column, once the drought story is told--it rains. It has never failed in 20 years of word production.

Well, I have traveled about the same territory last week and this week as the two weeks prior. The complexion has changed. Before, when I printed "the broomweeds are the only green left in the pasture", they are now turning yellow from lack of sunshine and other weeds, grass and small grain are beginning to show.

Although the recent rains have been scattered from heavy showers to flooding in other areas, they have none-the-less been general over most of the state. Loma Alta and Del Rio

received upwards to seven inches.

Cotton farmers are unhappy with the moisture now that harvest time is here. But they are making a bumper crop! I noted some fields near Eola the other day with cotton stalks loaded with white bolls. And some of those stalks were no bigger than ankle high!

Talked to Mike Smith at Colorado City. He says production in that area all the way to Snyder looks extremely good. Cotton farmers are asking for more sunshine filled days.

On the ranching side, Charlie Johnston, a San Angelo hardware man, used to say: "Those sunny and beautiful days of the 1950's put me out of the ranching business at Water Valley."

Well, sunny or rainy, weather prevails, the Greater Hill Country Hereford Sale will start at 1:00 P.M. in Fredericksburg.

Known as one of the top breeder consignment sales in the United States, it will offer 72 bulls and 15 heifers. Joyce Jordan at Mason can be contacted for more information.

I was at a meeting in Abilene the other day, when plans were announced for the Joint Venture for Crippled Children Oil Show, November 7-9. All activities will be at the West Texas Fairgrounds in Abilene.

So, there is a great deal going on as West Texans slip into sweaters and jackets as Autumn finally arrives.

Long-term credit that's productive.

Texas Operators Report September Oil and Gas Discoveries

Texas operators reported 116 gas and 37 oil discoveries in September 1981, the Railroad Commission's

Oil and Gas Division announced today. In the year-earlier month, 131 gas and 62 oil

discoveries were filled with the state's energy regulatory agency. Gas discoveries in the

ninth month of the year included 31 in deep South Texas, 26 in Southeast Texas, 18 in the Refugio area, 11 in the Panhandle, 10 in the San Antonio area, nine in West Central Texas, three each in East Texas and the San Angelo area, two in East Central Texas, and one each in North Texas and the Lubbock and Midland areas.

each in Southeast Texas and the Lubbock area, three each in the San Antonio area and East Texas, two in deep South Texas, and one in East Central Texas.

and has tests totaled 3,207 in September compared with 2,997 in the same

period of 1980. Applications to drill, deepen, plug back and for

service wells in September amounted to 3,520 against 3,239 a year earlier.

Dept. of Transportation Okays Two Offshore Ports

The department of Transportation has given the O.K. for two offshore ports in South Texas. Texas Offshore Port Incorporated received a license to construct and operate a deep-water port for oil supertankers in the Gulf of Mexico 12 miles south of Freeport. T.O.P. is a private consortium. And, the Port of

Galveston also received authority to build a deep-draft channel and harbor. Transportation Secretary Drew Lewis said both can be built because they serve different markets.

The Texas Supreme Court has ruled Amoco must pay 1.8 million dollars to a royalty owner for premature watering out oil wells in Brazoria County. The Court said Amoco failed to get a special exception permit from the Railroad Commission to drill more wells that could have stopped the flooding out of the wells and stopped the loss of potential reserves. The 1.8 million represented the profit those royalty owners would have realized.

New figures from Texas Mid-Continent Oil and Gas Association show it cost \$60

per foot to drill in Texas in 1980. Texas produced 31 percent of the nation's oil and 35.6 percent of its natural gas last year. The average price for a barrel of oil was \$21.61 and \$1.50 per thousand cubic feet of gas. Royalty owners were paid 3.9 billion dollars in Texas during 1980 and the petroleum industry paid 24 percent of all state taxes.

In the Permian Basin our rig count for last week was 494. One year ago it was 325.

Railroad Commission Reports

Sixty-seven refineries in Texas processed 138,487,860 barrels of crude oil and hydrocarbon blends during May 1981, according to their reports to the Railroad Commission.

This volume compares with 142,348,031 barrels in the previous May, the Commission's Oil and Gas Division reported in its monthly recapitulation of Texas refinery operations. Inputs of crude oil and blends totaled 123,707,232 barrels in April 1981.

May 1981 manufacture of motor gasoline totaled 50,508,683 barrels, compared to 55,314,931 barrels in the year-earlier month and 47,696,522 barrels in April of 1981.

Texas refineries manufactured 8,683,216 barrels of home heating oil in May 1981 -- a decrease of 394,687 barrels from the year-earlier volume. April 1981 output was 7,348,902 barrels.

Experienced bookkeeper would like to do bookkeeping work at home, call 387-5659.

Would like to lease grass land in Schleicher and surrounding counties. Please call 915-869-5881.

Poems Wanted: The Society of American Poets in order to stimulate membership is publishing a book of poems.

If you have written a poem (24 lines or less) and would like to have it considered for publication send your poem with a self addressed stamped envelope to Society of American Poets, P.O. Box 82542, Tampa, Florida. 33682.

If your bills are bigger than ever, you have plenty of company. But the energy industry is in a league by itself. Their expenses are staggering. These figures were compiled by Mobil Oil Corporation, a company that is very active in exploring for new energy resources.

Bonus payments for the right to drill on 43 tracts offshore U.S.A. cost companies \$1.8 billion in 1979 (of which Mobil's share was \$580 million).

Border Crime Problem for INS

While the U.S. Border Patrol does handle some juvenile cases, it is not specially trained nor equipped to deal with the juvenile offender under the substantive due process guidelines mandated by the U.S. Supreme Court.

At one point El Paso County tried to cope with this unique problem of border crime by processing juvenile suspects then

delivering them for prosecution to a justice facility across the border in Mexico.

This procedure never worked too well and earlier this year, after questions arose about the legality of sending employees of a U.S. county into Mexico, the County Juvenile Board ordered juvenile probation

officers to stop entering Mexico.

In the early eighteenth century, France became the first country to forbid barbers to perform surgery
