NEW CHAMBER OFFICE?

A fund-raising drive for monies to refurbish and remodel the old Sonora depot for a chamber office or meeting facility will be-

gin in October, directed by the chamber of commerce in Sonora. (DRN Photo--TBN)

FROM CITY OF SONORA

Chamber accepts old depot

At its regular monthly meeting, September 2, the Sonora Chamber of Commerce board of directors passed a unanimous resolution to accept the old railroad depot on Water Street

from the City of Sonora.

Jim Dover, Sonora City Manager, was on hand at the meeting to explain the terms of the agreement to chamber officials.

Dover indicated that the City of Sonora had acquired the title to the depot and city lots that go with the property.

The city council voted to donate the old depot and two city lots to the Sonora Chamber of Commerce with the stipulation that the building be moved from its present location within a six-month period beginning September 1.

The depot presently rests in the street right-of-way, and must be moved before paving can begin in this area.

According to the city manager, another thru street will help alleviate some of the traffic congestion in the area around the schools.

Chamber officials are excited about the possibility of renovating or restoring the old depot to a useful facility for the community.

Some suggestions for the use of the building include a new location

for the chamber office, and the possibility of a community meeting room.

According to the chamber directors, the relocation and any improvements made on the depot will be funded by private donations from

interested individuals throughout Sutton County. (The success of the project will depend almost entirely on the support from the community, as public funds will not be used in the restoration of the depot.)

[See Chamber, Pg. 2]

Auction planned

On September 21st the Sonora Downtown Lions Club will hold its 9th annual auction. Items to be auctioned are contributions of merchandise and services donated by the Sonora merchants and of goats for barbecuing donated by members of the Sutton County ranch community.

This year the Lions have expressed a special need for contributions of goats. Any ranchman or woman who desires to make a contribution of goats may contact Glenn Fisher at the Sonora Wool and Mohair or Dee Tyler at the Branding Iron Smokehouse.

Merchandise contributed by Sonora retailers will be collected at the Doyle Morgan Insurance Agency on Main Street.

Chairman of the merchandise is Carl Teaff. Committee men are Mike Kropp, Jack Kerbow, Dale Chaney, Jim Dover, Louis Olenik, Gene West, Clifton Hancock, J.T. Hill, Hal Spain and Mike Sipes.

The Lions Club sponsors or is a major factor in the financial support of a number of activities in Sonora and Sutton County. This list includes the Boy Scouts, the Girl Scouts, Eye Examinations, 4-H Center operation,

BOTH TEAMS LOOKING FOR WIN

Broncs fall to Wall, prep for Junction

BY TERRY NEILL

Somebody from Wall did not read the pre-season football predictions. Spurred on by eight turnovers and two errors in the kicking game, Wall's Hawks upset Sonora, 10-0, last Friday night in the season opener.

Sonora fans and a good crowd from Wall had to don raincoats and get out the umbrellas, as a fall thunderstorm pelted them with moisture and made game conditions less than perfect.

The Broncos were rated as eight-point favorites by the Harris Rating System before game time, but the locals had not scrimmaged all summer and made several first game mistakes.

Sonora overpowered Wall in the statistics, out-gaining the visitors, 223 yards to 69, but had three of five scoring threats end in turnovers.

Two other drives were halted by an aggressive Wall defense, which "bent but didn't break". Defensive back Brent Niehues had a "fair" night, picking Sonora's pocket for three interceptions, including one at the Hawk's goal-line in the final moments of the game.

Lance Powell also got in the act, intercepting a "Red Hoss" pass at the Wall two-yard line, and scoring Wall's only touchdown on a 61-yard punt return on the final play of the first period.

The Sonora offense was led by DeVoe Smith, who garnered 115 yards on 21 carries from his halfback slot. Sonora was humbled by the turnovers, however, losing five interceptions and three fumbles.

"We broke down some, but we anticipated that," Sonora head mentor Jerry Hopkins said. "We played good defense, but we just gave the ball away too many times."

Outstanding defensive efforts were turned in by linebackers Jeff Brittain and Tino Martinez, along with lineman Rodney Jones.

District 6-AAA observes will be eagerly awaiting the outcome of the Broncos game with Junction, slated Friday at 8 p.m. on the Eagles' home field.

Junction, picked to win District 10-AA, stumbled against surprisingly tough Ozona last week, losing by a bunch, 33-14. Ozona is the "new kid" in Class AAA and District 6-AAA, and was not given much chance for a loop title in 1982. Last week's outcome may have started some people reconsidering, however.

The Eagles also needed "stick'em" in their opener, losing three passes and two fumbles. The Junction lads actually out-gained Ozona, 284-278 yards.

Junction is gunning for its fourth district title in five years, after going through a terrible drought until 1978. In fact the Eagles went 26 years without a championship until Coach Lynn Spivey arrived on the scene.

Since then the Junction team has won the championship every year, except 1980, and last year, despite a fourth-place pre-season prediction, did it again.

Junction is playing in District 10-AA, with Mason, Menard, San Angelo, Bangs, San Saba, and Early.

The Eagles will be replacing 14 lettermen, lost through graduation, but Spivey still says his squad is one of the most experienced he has ever coached.

Among those returning however,

are quarterback Ronnie Carpenter and a big tight end, Nicky Haines, 6-5 and 215-pounds. Two outstanding linemen--Jay Cashman and Mike Hodge, 6-1 and 205 and 6-1 and 190-pounds respectively.

Tailback David Simmons, who gained 165 yards in his only start last

year, will head up the offense, along with veterans in the sline and at split end.

"We'll be a better balanced team than last year," Spivey noted. "By the time district rolls around, I think we'll have a good team. Our defense will be a little better because of our

quickness," Spivey commented.

Spivey lists his main concerns as overall lack of size and speed and little depth in the offensive line. Friday night his major concern and that of the Sonora Broncos will be win number on for 1982. One team will probably accomplish that.

First grid contest winners announced

Drew Wallace, Allan Prather and Gloria Gordon were initial winners in the first edition of the Devil's River News Football Contest.

Wallace took first place with four misses and a better tie-breaker selection, and won \$15 for his efforts. He picked up his winning entry at Teaff Oil Company.

Allan Prather took second place prize money of \$10, also missing four games, and Gloria Gordon was third, with four misses. She won \$5 and got her entry at Perrys, while Prather got his at Food Center.

Honorable mention honors went to Melissa Teaff, Eugene Reyna and George Wallace, who missed five games, and to Robert Garza, W.A. McAndrew, Johnny Solis, Belia Pen-alver, Frances West, Don Garlitz and Louis Halford.

Winners can pick up their checks at the same location where they obtained their entry blanks, after noon Wednesday.

To play the contest all locals must do is pick up an entry blank from one

of the sponsoring merchants, fill it out completely and return it to the Devil's River News office by 5 p.m. each Friday. Winners will be announced in the paper each week.

The jackpot was not won last week and will stand at \$50 this week. The jackpot will gain \$25 each week until someone submits an entry with only one miss.

Sponsors include Sonora Ford, Hurry Up stores, First National Bank, Ken Braden Motors, Perrys, Hershel's Foodway, Spains, Food Center, Thorp's Laundry, Tim's Liquors, Big Tree Restaurant and Sonora Shell.

Others include R.S. Teaff Oil, Doyle Morgan Insurance, Vick Plumbing, Devil's River Ranch Supply, Hill Jewelry, Commercial Restaurant, P.M. Office Supply, Carl J. Cahill, Inc., Kerbow's Furniture and Sutton County Steak House.

Shooting kills one

Murder charges have been filed against 20-year old Armando Avila, Jr. of Sonora following a shooting incident early Friday morning.

Louis Velez, 20, of Sonora, was shot to death in a vehicle west of Sonora on Ranch Road 1989, about 1:30 a.m. last Friday.

Avila reported the shooting to Sutton County Sheriffs Department officers, and was subsequently jailed on the charges, set by Sutton County Peace Justice Herman Moore. Moore set Avila's bond at \$25,000.

Law enforcement officers were reluctant to release details on the shooting, but did say that the murder weapon was a .30-.30 caliber rifle, and that the shooting followed an argument at Sutton County Park.

Velez, an employee of Grider Trucking Company of Sonora, moved to Sutton County from San Antonio one and one-half years ago. His body was taken to Bexar County Medical Center for an autopsy.

"Reports of the autopsy are still pending," sheriffs deputies reported Monday.

The sheriffs department indicated that the shooting report would be turned over to the District Attorney's office and could be reviewed by a Sutton County Grand Jury, scheduled to convene on September 15.

Members of the Sutton County Sheriffs Department and Sonora Police Department both investigated the incident.

FOOTBALL CONTEST ON PAGE 9.

Jeff Greenberg new editor at Sonora

Gus Allen, publisher of the Devil's River News and President of West Com Communications, Inc., announced this week that Jeff Greenberg will be joining the Devil's River News staff as editor.

Greenberg will follow Terry B. Neill, who has been named publisher of the Ballinger Ledger, a Rannels County semi-weekly newspaper, also owned by West Com.

Greenberg is a graduate of the University of Maryland with a B.S. Degree in Zoology, and has over five years experience with the Union

News Leader, Baldwin Times and Lafayette Democrat.

Greenberg's experience has been in photography, writing and composition.

Neill, a veteran newspaperman at 30, is a native of Fort Stockton and former owner-publisher of the Stanton Reporter and Van Horn Advocate. He also owned the Schleicher County Leader.

He has been associated with West Com since August 1, 1982, and served as editor-general manager of the Sonora newspaper.

HARD AT WORK! Sonora Girl Scouts manned the telephones at San Angelo Savings during the Labor Day Muscular Dys-

trophy Telethon Monday. The locals raised approximately \$1,400 for the telethon, held nationwide. (DRN Photo--TBN)

CHAMBER [Continued from Pg. 1]

The date for a community meeting has tentatively been set for mid-October to discuss the project. The exact date and time for the meeting will be determined at a later time. Those interested in supporting this project are asked to contact the chamber office at 387-2880.

AUCTION [Continued from Pg. 1]

the 4-H Livestock Show, the Sonora Wool and Mohair Show, the Sonora Speech Meet, Little League Baseball, Sutton County Library, Concho Valley Home for Girls, the Crippled Childrens Camp and other activities. A high attendance at this event is urged. There will be real value offered in the items sold, and broad community support is needed to sustain the activities supported by this effort.

Deputies complete new course

Sheriff Bill Webster announced last week that three of his deputies have completed a mandatory 40 hour jail certification school in San Angelo. Webster stated that all persons who work in the jail have to be certified by the State Jail Commission and that with the certification of Deputies John Journey, Ladd Turner and Tommy Earp all of the Sheriff's deputies were now in compliance with the State law. The deputies attended the jail certification school August 23 through August 27.

Busses slated for grid trip

The Bronco Booster Club has chartered buses for the Crane football game October 8 and for the Coahoma football game October 22. All reservations are on a first come basis and are made when the tickets are purchased. For reservations contact Dr. Pollard's office. Seats for the Crane game are \$18.75 and must be purchased by October 1. Seats for the Coahoma game are \$20 and must be purchased by October 15.

Around Town

BY HAZEL McCLELLAND

The Sonora Sewing Club met at the ranch home of Mr. and Mrs. Dean McLain recently, with Marty McLain as hostess. Those present included Mrs. Bernice Savell, Mrs. Barbara Savell, Mrs. Liz Hemphill, Lucille Coleman, Sadie Archer, Vicki Shannon, Midge Shurley, Peggy Dover, Joan Cusenbary, Martha Wallace, Linda Hunt, Julie Pollard, Benny Gail Hunt and Mary Lee Lilly of Ozona. A salad plate was served.

Mr. and Mrs. Vestal Askew have returned home from Ruidosa, New Mexico.

Mrs. Gwen Wardlaw has returned home from Houston. Her daughter and family returned with her for a visit--Mr. and Mrs. Bill Stallworth and Susana.

Mrs. R.A. Halbert, Mrs. Vestal Askew and Mrs. Guila Vicars were in San Angelo last Thursday.

Mr. and Mrs. John McClelland were in San Angelo on Friday.

Mr. and Mrs. John Tedford and Mrs. Mack Cauthorn were in Austin this week.

Mrs. Sadie Archer was visiting in San Angelo last Thursday.

Mrs. Davie Taylor, Guila

Germany's oldest college, the University of Heidelberg, was founded in 1386.

Vicars and Hazel McClelland were in Bronte Friday to attend the funeral of Billy Sid Evans, the son of Bernice and Sid Evans, who lived in Sonora at one time. Our sympathy to Bernice and Sid, Jo Alice and Bobby Evans, sister and brother of Billy Sid and his wife and son.

Mrs. Doris Howell and daughter, Elizabeth, of Del Rio, visited her aunt Mrs. Guila Vicars this past weekend.

Mr. and Mrs. Bill Savell were in San Antonio this week. They went by Waco to see their son, Cody, who is in college there.

Our sympathy to the family of Dock Simmons, who died September 5.

That's all until next week.

New school tax values coming in

AUSTIN—Market values of property in Texas school districts totaled \$621.5 billion in 1981, according to preliminary findings of a study released today by the State Property Tax Board.

Kenneth E. Graeber, executive director of SPTB, said that the total represents an increase in property value over 1979 of about 53 percent.

Total figures for Sonora and other area districts include: Sonora, \$804,023,283; Sterling City, \$438,656,156; Ballinger, \$245,053,050; Bronte, \$127,819,681; Junction, \$371,274,712; Kerrville, \$710,282,530; Llano, \$935,980,102; Mason, \$351,153,816; McCamey, \$432,953,476; Rankin, \$358,743,318; Reagan (Big Lake) \$552,860,004; San Angelo, \$1,580,235,881; San Saba, \$215,461,611; Winters, \$200,594,772; and Fort Stockton, \$2,052,989,092.

School district market values are compiled biennially by the state tax administration agency for the legislature's consideration in funding public education. The market value study is mandated by Sec. 11.86 of the Texas Education Code to provide a basis for equitable allocation of state funds to school districts.

"Our results are preliminary at this time," Graeber said, "and school districts have a right to appeal the findings." Petitions of appeal, which Graeber said must be filed with SPTB by October 1, will be reviewed by impartial panels appointed by the agency and by the six-member State Property Tax Board.

The appeals process is scheduled to conclude in December in order that results of the market value study may be certified as final by January 1, 1983.

Graeber noted that an estimate of the study's impact on individual districts is not possible at present because the legislature will consider the final results in conjunction with a new appropriation for 1983-85 school funding.

"The ultimate amount of state money allocated to a given district will depend on the costs of the Foundation School Program, the total amount the legislature appropriates for public schools and on the formula selected for distributing the funds," he said. "The remainder of a district's budget is paid for through the local tax levy," Graeber added.

STPOB's preliminary value report shows a total market value for each district, a breakdown of the total into various property categories, a total of state-mandated exemptions, and index values that account for land eligible for productivity valuation.

Statewide, the total market value of the 1,072 school districts increased by some \$214.4 billion, or 53 percent, over the value determined by SPTB's study for 1979. Actual values reported to the agency from 1981 school tax rolls were \$379.1 billion.

State-mandated exemptions reduced the 1981 market total by \$14.3 billion, compared to \$12.9 billion in 1979.

In both the 1979 and 1981 studies, single-family housing constituted about 27 percent of the market total; these properties increased in value over the two-year period by 52.6 percent.

Values of commercial and industrial real properties, amounted to \$149.8 billion in 1981, increasing from 1979 by about two-thirds. Oil, gas and minerals made up a little less than one-seventh, or \$85.3 billion, of the state market value for 1981. Their value increased more than 81 percent from the previous study.

Acresage increased in-market value between the two study years by 38 percent to \$104.5 billion. STPB's study, however, reports land value in two other ways. "Index I" figures reflect the value of lands which actually received productivity valuation; "Index II" shows the value of lands which could have qualified for special appraisal had application been made. For 1981, productivity valuation under Index I would reduce the taxable value statewide by 7.4 percent and, under Index II, by 13.4 percent.

Other property categories in the study are multi-family residences, vacant lots, farm and ranch improvements, banks, utilities, farm and ranch personal, other personal, intangibles and vehicles. An estimate

of the value of vehicles is made in each school district for the legislature's information, whether or not that district taxes them.

A school district may appeal the preliminary value assigned to it in one or more of these categories. Appeals of SPTB's findings serve to equalize district values to ensure that each pays only its fair share of the cost of public education. Appeal hearings thus correspond to the functions of the local appraisal review board which ensure that an individual taxpayer contributes only his fair share of the costs of local government.

Clearinghouse can answer questions

If you have a health question, the National Health Information Clearinghouse (NHIC) can answer it.

The service is free, says Dr. Mary Ann Shirer, health education specialist for the Texas Agricultural Extension Service, Texas A&M University System.

Shirer says NHIC refers health questions to the group of organization can best provide an answer. An NHIC staff member contacts the organization and requests a response be sent directly to each person making an inquiry.

NHIC is a service of the Office of Health Information, Health Promotion and Physical Fitness and Sports Medicine, U.S. Department of Health and Human Services.

To obtain health information from NHIC, call 800/336-4797 (toll-free), or write, P.O. Box 1133, Washington, D.C. 20013.

Will buying the "large economy size" save money on your grocery bill?

"As a rule, food in large containers costs less than the same amount in smaller containers," says Mary K. Sweeten, food and nutrition specialist for the Texas Agricultural Extension Service, Texas A&M University System.

Left-overs that can't be stored properly, conveniently and safely may end up costing more, she says. If meals become monotonous, the large economy sizes may not be worth the money saved.

"However, if the food can be stored and used, buying large amounts can be easier. It will reduce shopping trips and save money on the food bill," Sweeten says.

Compare the cost per unit—ounce, pound or pint—of the food from different sized containers.

Look for "price per unit" on the display shelf or above the compartment. If unit pricing is not used, figure it by dividing the price of the item by the number of ounces it contains, she suggests.

"Be an informed shopper! Start relying on unit pricing to help you make an educated decision about the most economical food container size to buy."

TOP EGG, POULTRY DISHES

A chicken-based entree and an egg-based sidedish were recently judged winners in two of the six categories in the Sixth Annual Retail New Products Contest sponsored by "Prepared Foods," a monthly publication serving processed food companies.

"Lean Cuisine" (glazed chicken with vegetable rice) was the winning entry in the frozen entree category. It has fewer than 300 calories per serving and is offered by Stouffer Foods Corporation. The prize-winning sidedish was "Quiche Florentine," a newly developed frozen quiche from the Canadian-based Orchard Hill Farms.

of the value of vehicles is made in each school district for the legislature's information, whether or not that district taxes them.

A school district may appeal the preliminary value assigned to it in one or more of these categories. Appeals of SPTB's findings serve to equalize district values to ensure that each pays only its fair share of the cost of public education. Extension Homemakers plan El Paso meeting

More than 900 members of the Texas Homemakers Association from throughout Texas are expected to assemble in El Paso for the state convention of the association, Sept. 14-16.

"This will be the 56th annual meeting of the homemakers organization, and a blue ribbon program has been prepared," announces Mrs. Billie H. McGraw, president of the 22,680-member group. McGraw is from Raymondville.

Conference sessions will be at the El Paso Civic Center.

Registration will begin at 1 p.m. Sept. 14. Special activities for that afternoon and again the afternoon of Sept. 16 will be bus tours to Mexico, with emphasis on several historic sites and cathedrals, and a visit to a federally-sponsored shopping center in Juarez.

Among key speakers will be the Rev. Donald Anderson of San Antonio, who will discuss "A Total View of a Healthy American Family," and Kathryn Blissard, a Houston television personality, whose subject will be "How Important Are You?"

The Texas Extension Homemakers Association has members in 1,326 clubs in 250 Texas counties. During the past year, members have reached and taught more than 100,000 Texas homemakers through a wide array of educational activities, McGraw adds.

The Xerox Personal Computer.

Miraculously easy to use.

So easy, in fact, anyone can use it to make almost any office task simpler and easier. Because anyone can learn how to operate it in just a few hours. And because there's the added convenience of a familiar typewriter-style keyboard with a handy numerical pad.

So before you know it, you'll be using it as a personal computer for everything from keeping inventories up to date to financial planning. Or as a word processor, to type, edit, store and recall the printed word in just seconds. Even as an intelligent terminal, providing access to remote data bases or communication of information from one location to another.

The Xerox personal computer. A simply amazing machine that's so easy to use, it's almost miraculous.

GTE opens Sonora office

The advantages of a local telephone company business office is now available in Sonora, including some services customers can use to avoid charges that would apply if the company sends an employee to a customer's premise.

Marilyn, McEwen, local manager for the company in Sonora, said the company's local service office at 210 N.E. Main will be open from 9 a.m. to 12 noon and 1 p.m. to 4 p.m., Monday through Friday.

"The local service office will have all the advantages of a business office, allowing customers to call billing or service personnel direct," McEwen said. "In addition, customers will be able to save money by taking advantages of services offered through the service office such as picking up phones which can be taken home and plugged into GTE Phone Mart jacks or returning phones when

discontinuing service." McEwen said customers can use the service office to:

Pay their telephone bill. View a display and/or catalog to order telephone instruments.

Call the billing center direct concerning billing questions.

Call the business office direct to install, add or discontinue service, or for other service needs.

In addition, customers can use the service office to:

Have a telephone instrument tested to determine if they require repair.

Bring phones for minor repairs. Phones can be

replaced if major repairs are necessary.

Return phones when discontinuing service to avoid the charge to have the company send an employee to pick up the phone, or cost of purchasing the phones.

Pick up phones, take the phones home and plug them into GTE Phone jacks to avoid the premise visit charge.

Purchase miscellaneous equipment, including GTE Phone Mart jacks to avoid the jack charge and pre-

mise visit charge that applies if the company makes the installation.

Purchase house wiring to do the wiring or repair of bad wiring to save the wiring charge and premise visit charge if the company does the work.

McEwen said the local service office gives customers a convenient location to allow them to take advantage of the cost-saving service available which allows customers to participate in the maintenance of their service.

Keep unpopped corn in the freezer. It stays fresh and makes the best popcorn ever.

ICA has meeting

The Independent Cattle-men's Association held its monthly business meeting with breakfast Thursday, September 2 at 7 a.m. at the Sutton County Steak House.

Chairman Ben Epps expressed his thanks and appreciation to all members for their participation in the Sutton County Days Auction.

Miss Kathryn Parker, crowned queen of Sutton County Days, and ICA's queen candidate, also thanked all ICA members for their help.

All members were urged to attend the October session.

Guest for the breakfast will be Bill Sims, candidate for the Texas Senate.

Attendance for the September meeting was termed "good".

Historical Society meets

The Sutton County Historical Society met September 3 at the Miers Home Museum.

Mrs. Gretta Smith was named secretary-treasurer and members decided to open the museum on the second and fourth Tuesdays of the month from 2 until 4 p.m.

Any person wanting to have the museum open for special events should contact Mrs. C.W. West.

Dues were raised to \$5 for individuals and \$10 for couples. "We would like to invite anyone interested in helping the society to become a member. Just mail your name and dues to Mrs. Gretta Smith, Box 1506, Sonora.

"We urge any and all of you, young and old, to join and help us preserve the history and heritage of Sonora and Sutton County," a spokesman said.

STATE 4-H DOG SHOW WINNERS

Candace Pavlas of Lavaca County and her mixed breed entry won the Top Dog Award at the recent State 4-H Dog Show in Lufkin. Best in Show in conformation went to Jessica McCue, Victoria County, and her Cocker Spaniel. Best in Show in showmanship went to LaRonn McBride of Angelina County and her Samoyed. Best in Show in obedience went to Timothy Holmes of Nueces County and his Golden Retriever.

Letter To The Editor

The Devil seems to have taken a turn for the better. Good work and thanks!
 Kari Eustace

DEBATING

Debating whether to purchase fresh, canned or frozen produce? According to Dr. Dymple C. Cooksey, food and nutrition specialist with the Texas Agricultural Extension Service, Texas A&M University System, fresh produce--when in season--is almost always the most economical.

About half the meadowlark's diet is insects harmful to man, and the other half, weed seed.

Contest!

\$15 First Prize,
\$10 Second Prize,
\$5 Third Prize!

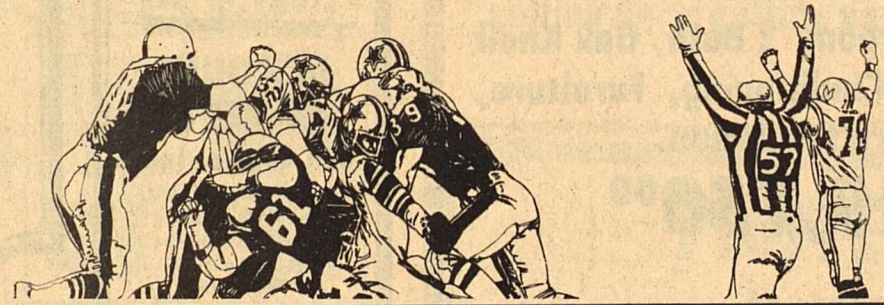

(Plus Weekly Jackpot.)

DEADLINE FOR ENTRIES:
5 P.M. Each Friday At DRN.

Contest Rules Below:

1. Pick up an entry blank from one of the sponsors listed below.
2. Fill it out completely, writing the teams you think will win each week beside the sponsors' names on the entry blank.
3. Each space on the entry blank must have a team entered there. FOR EXAMPLE: If Smith Hardware's ad has Sonora vs. Wall in it, and you think Sonora will win, write Sonora beside Smith Hardware's name on the entry blank. Do this for each game and remember to sign your name and choose a tie breaker.
4. Be sure and put your name, and list the location where you obtained your entry blank. Entries not filled out at completely will be disqualified.
5. Tie breaker pick each week is the total points you think will be scored in the Sonora Broncos' game.

New Texas magazine unveiled

For the first time in its history, Texas has a travel magazine on the newsstands.

Texas Highways Magazine, the state's official travel publication, went on the newsstands last month in all major cities throughout Texas, a few cities in surrounding states, and in Chicago and New York.

The latest issue to hit newsstands and supermarkets features Jack Grimm, the Abilene oilman who claims to have discovered Noah's Ark on Mount Ararat in Turkey; who sent an expedition to photograph not one but two Loch Ness monsters; who almost raised the Titanic; and, who has a new scheme brewing in West Texas.

Now he is sponsoring the Jack Grimm World Class Hang Gliding Meet. Competitors from around the world will come in

September to jump off the 340-foot cliff on Grimm's mesa near Buffalo Gap (near Abilene), to glide and swoop through the clear blue sky, all for the love of the sport and the world's largest purse for hang gliding, courtesy of Jack Grimm.

A feature about the meet, which includes specific directions on how to get to the mesa and how to judge the fliers, is one of several articles in the September issue of Texas Highways Magazine that will attract readers who are interested in Texana and what is going on in the Lone Star State.

The cover story, "The Devil's Rope," tells about the barbed wire that "snagged, bloodied, and tamed the West," while another feature describes the new and improved LBJ Library and Museum in

Austin. The library reopened in June with more in-depth displays describing the Johnson Presidential years.

The September Texas Highways Magazine also includes an article on the Rio Grande Valley's "Miracle plant," aloe vera, and describes its medicinal use since the days of King Solomon. A special feature on one of the state's most valuable crops, rice includes a section of tempting new recipes using rice.

The photo feature of the month shows off Palo Duro Canyon, where fall color barely begins to tinge the foliage in September. The spectacular photographs of the canyon are typical of photo features in every issue of Texas Highways Magazine, since 1975 the state's official travel magazine.

Since receiving that designation from the state legislature, the magazine's circulation has jumped dramatically from 20,000 to some 280,000 copies per month. It has developed into a 48-page, full-color monthly, with spectacular photographs on every page. The newsstand price is \$1.50.

A reader who wants to make sure he doesn't miss a single issue can order a one-year subscription by sending his mailing address and a check for \$10

(\$15 to foreign addresses) to Texas Highways Magazine, Box 5016, Austin 78763.

Future issues will include a variety of Texas Subjects, from cowboys to restored Victorian mansions at Christmas time. Photo features might be outstanding scenes of Big Bend National Park, dazzling vistas of spring bluebonnets, or dramatic fall foliage.

Other issues of Texas Highways Magazine will take readers on cattle roundups, will reveal the secret recipes from various ethnic groups that enrich the Texas cuisine, explore little known weekend getaway places around the state, and review dramatic stories of Texas pioneers.

Hawks return to the same nest year after year, and many mate for life.

New developments in medicine seen

It is made from blood plasma of people who cannot donate to blood banks because they have had hepatitis. The vaccine, approved by the U.S. Food and Drug Administration, also may help prevent liver cancers linked to hepatitis.

Eli Lilly and Co. has voluntarily stopped selling its anti-arthritis drug Oraflex, which had been linked to more than 70 deaths in the U.S. and Great Britain. Company officials nonetheless contended the drug is safe.

Several health groups had filed suit to have Oraflex removed from the

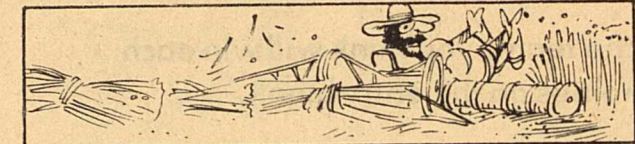

marketplace. The FDA acknowledged it had approved the drug without knowing its possible side effects—liver poisoning, jaundice, rashes and gastrointestinal problems.

Researchers may be making headway toward a cure for genital herpes, a sexually transmitted disease that has reached epidemic proportions in the U.S. An FDA-approved drug, acyclovir, speeds the healing of herpes sores the first time the infection strikes but is ineffective against recurrent outbreaks, according to a study.

But a researcher at The University of Texas Health Science Center in San Antonio is working on a new drug, BIOLF-62, which he says is more effective against the herpes virus.

Dr. Denton Cooley's Texas Heart Institute in Houston is testing an

experimental drug that reduces the body's tendency to reject transplanted organs. In previous tests, cyclosporin A, extracted from soil fungus, has shown considerable promise in lessening rejection during liver, kidney and heart transplants.

In 1836 a machine was invented that mowed, threshed, tied straw into sheaves and poured grain into sacks—but it wasn't until the 1930s that such a combine was actually marketed.

BEEF DEMAND COMPLEX

A simple explanation doesn't exist about beef demand and why prices are remaining low, says an economist with the Texas Agricultural Extension Service, Texas A&M University System. Saying the demand for beef is keeping prices down is a simple explanation to a highly complex problem, but it also may not be completely right. Demand is the relationship between the prices paid for a produce and the quantity of beef available for consumption is down. Since this smaller supply of beef is accompanied by a higher relative price, the demand for beef still exists.

SEPTEMBER

September has been designated as "National Sewing Month" and special activities are being planned in many locations to benefit those who sew, says Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System. To encourage and reward their customers, many fabric store operators are sponsoring beginning and specialty sewing classes, and also stocking a wider variety of fabrics.

This dependable energy saving Frigidaire Laundry Pair can handle big family-size loads—up to a full 18 pounds.

See a Demonstration TODAY!

Washer offers dependable cleaning power—even lets you conserve hot water and detergent

- No need to waste hot water. This Frigidaire Washer features a Water Level selector that lets you match the amount of water to the size of your washload.
- Depend on Frigidaire to keep lint from settling back on your clothes with the Lint Filter which snaps in and out for easy cleaning.
- New horizontal cleaning action passes clothes under the recirculating filter 8 to 14 times each cycle. The new system is equally effective for small, average or large loads.

Dryer puts big drying capacity within easy reach

- For easy loading and unloading, the big oversize door opening—one of the largest in the industry—is positioned a comfortable 18 inches off the floor.
- For efficient drying, without hot spots that can damage fabrics, Frigidaire gently pulls air through your clothes.
- For big-family wash loads this Frigidaire dryer provides gentle fabric care for up to 18 pounds of laundry.

Jerry Lackey's Country Folk

Labor Day, 1982, is behind us now. There is something mental about this holiday which serves to officially put summer behind, and get on with another year of business. It is the last hurdle to normalcy with the children back in school, the wife and everyone in their proper places and vacations over.

Speaking of Labor Day. Around our office it has been a labor of love for three months as we put to bed the first issue of West Texas Business. With this new regional magazine, we will attempt to paint a portrait of West Texas labor and the economy derived from it.

Some 5,000 copies of the publication were mailed throughout the state. Response has been overwhelming. A note to Box 1367, San Angelo, Texas, 76902, and a check for \$8.50 will guarantee you a place on the circulation list!

Some 300 cattle and sheepmen gathered on the banks of the Concho River last week to officially kick-off the 23rd annual drive for Cattlemen's Round-Up for Crippled Children.

For nearly a quarter of a century now, ranchers and stockmen of the Southwest have joined hands with the West Texas Rehabilitation Center to help the handicapped. Here's how it works.

A calf, pen of calves,

horses or other livestock are donated to be sold at special auctions. All proceeds, along with Round Up gifts of cash, are used for treatment of patients at the West Texas Rehab Centers. Gifts are tax deductible.

The colorful history of the CRCC was started in the fall of 1960, when Conda H. Wylie, Fort Chabourne rancher, came to the West Texas Rehab Center officials and asked, "If I cut out some cattle for you when I round up this fall, do you think you can get some other fellows to go along with me in using part of our fall round-up to help toward the operational expenses of the Center?" Needless to say, Mr. Wylie's 20 head of top steers were quickly accepted.

It didn't take long for the Center Staff to have a program offering other ranchers and stockmen throughout the Southwest the opportunity to join with Mr. Wylie in the gathering of livestock to be sold for the benefit of WTRC. Almost spontaneously this gathering of livestock for the fall sale was called the "Cattlemen's Round-Up for Crippled Children."

The 1982 fall sales schedule is: cattle sale, 1 p.m., Sept. 27; Abilene; horse sale, 1 p.m., Oct. 2; Abilene; sheep and goat sale, 1 p.m., Oct. 4; Junction; special auction, 1 p.m., Oct. 6; Coleman; and special auction, 1 p.m., Nov. 3, Brownwood.

WTRC is a private, non-profit treatment and diagnostic facility with campuses in Abilene, San Angelo and Snyder. A patient needs only a doctor's referral to be admitted. There is no charge for Rehab services. Established in 1953, WTRC is fully accredited.

In meomory: Aubrey DeLong of Mertzon, longtime head of Texas Production Credit Association, died August 29. He was 75. The ranching country will miss him.

D.K. McMullan of Big Lake died August 31. One of the oldtime sheepmen of West Texas, D.K. was a longtime supporter of this writer. When I wrote a daily column and was hard up for a story, I could always count on D.K. He was nearly 72.

Interest rates used as ammo

During campaign appearances in Corpus Christi Tuesday, Jim Collins, candidate for U.S. Senate, discussed his opponent's role in the rise of interest rates under former President Jimmy Carter.

"After campaigning in Texas for Jimmy Carter's Presidential campaign in 1976, Lloyd Bentsen became Chairman of the Joint Economic Committee. This committee helped plan the economic program.

"As Chairman of this committee, Bentsen had the support of the, then, 59 Democrats in the U.S. Senate--a 59 percent majority of carry out the Carter-Bentsen programs," Collins said.

Collins noted that when Jimmy Carter entered the White House, the Prime Interest Rate was only 6 1/2 percent. "With Jimmy Carter in the White House and Lloyd Bentsen in charge of the Joint Economic Committee, interest rates during the next four years rose to 21 1/2 percent."

Collins said Bentsen's track record in the U.S. Senate has been one of a big spender. "Out of 145 spending appropriations bills, Bentsen only voted 'no' two times. He can't say 'no' to spending the taxpayer's dollars. He's the biggest spender Texas has ever sent to the U.S. Senate," Collins said.

A brand for the future

Cutting horse competition set

Champion cutting horses will compete for more than \$266,000 in prize money at the National Cutting Horse Association Derby in Fort Worth's Will Rogers Coliseum, Sept. 8-11.

The 1982 Derby is drawing 312 four-year-olds in open and nonprofessional competition to share in the largest purse ever in the show's 12-year history.

Top winner will trot off with \$63,000 in prize money, \$22,500 more than last year's Derby winner. The champion rider and horse will win the same amount that Jack Nicklaus took home from the 1982 Colonial National Invitational Golf Tournament.

"Cutting horse competitions are quickly becoming the richest of all the equine sports," said Zack Wood, NCHA secretary-treasurer.

"This year's Derby purse is more than the \$240,000 shared by 700 cowboys competing at this year's Fat Stock Show Rodeo in Fort Worth."

Five judges will score this contest of the working horses, the aristocrats of the open range. In a 2 & 1/2-minute period, each entry will display the skill and intelligence of a champion horse working to cull or "cut" a young cow from the herd and keep it from returning.

At the 1982 Derby, all 312 horses will compete in first go-rounds beginning at 8 a.m. on September 8 and 9. The high scoring 90 horses will advance to the second go-round at 8 a.m. on Friday, September 10. The top scoring 30 horses will work in the Derby's semi-finals on Friday night,

at 8 p.m. With the tension building, the Derby finals will get underway on Saturday, September 11, at 7 p.m., featuring the top 15 horses in both the non-professional and open divisions.

Among this year's competitors is Chick Tari, owned by L.M. Pearce, Jr. of Houston, Texas, who has won more than \$250,000 on prize money this year. Also competing are NCHA Futurity champ, Colonel Lil, owned by W.B. Wood of Brenham, Texas, and the 1982 Super Stakes second-place horse Colonel Leo Bar, owned by Sam Wilson of Pattison, Texas, and Pat Ernhart of Hernando, Miss.

Don Edwards, popular singer-guitarist, will entertain during the Friday and Saturday night competitions. Tickets at \$4 may be

purchased at the Coliseum doors beginning September 8. Children under 12 will be admitted free.

The National Cutting Horse Association, with members in 49 states, was founded in Fort Worth, Texas, in 1946 by a group of ranchers seeking to advance the prestige of the cutting horse.

MANY PEOPLE

Many people enjoy rummaging through garage sales and other used clothing sales. You can save dollars on family clothing if you are good at restyling and have an eye for quality construction and fabric, says Nancy Brown, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Sutton 'Round-Up' chairmen named

Thomas Morriss and Bill Whitehead have been appointed Sutton County Chairmen for the Cattlemen's Round-Up for Crippled Children, according to Jim Alexander, a general Round-Up chairman. The Cattlemen's Round-Up for Crippled Children benefits the West Texas Rehabilitation Center with campuses in Abilene, San Angelo, and Snyder, stated Shelley V. Smith, WTRC's Executive Director.

"Livestock donated by ranchmen are collected at a designated point in each community and transported free to the auction site," Alexander explained. "The county chairman's role is to make a personal pledge, then ask friends and neighbors to join them in the annual CRCC drive."

Sales of livestock are converted to dollars and the amount provides care for about 10,000 handicapped persons throughout the Southwest at Rehab campuses.

Scheduled sales include Abilene Auction, September 27; Abilene horse sale, October 2; Junction sheep and goat sale, October 4; Coleman sale, October 6, and Brownwood sale, November 3.

Jim Franklin of San Angelo is CRCC co-chairman in the Southwest region. Midwest Feedyards in San Angelo serves as the regional collection point.

CRCC is now 22-years old. The idea began in Bronte on the late Condo Wylie's Fort Chabourne Ranch. He came to Smith with the suggestion that 20 top steers be cut from his herd and sold to help defray operational expenses of WTRC.

The results speak for themselves. Today WTRC reaches out to all handicapped in the Southwest. With a goal for treating the whole patient rather than just the handicap, services offered include physical therapy, social services, psychology, orthotics, diagnostic services, educational, adaptive equipment shops, audiology, medical clinics, genetic counseling and transportation.

Burn LP-gas in your pickup

It's been proven thousands of times that clean-burning LP-gas can double engine life. Since the most used engine on the ranch is your pickup, this is the one that can save you the most money. An LP-gas powered pickup will start faster, perform better and cost less to operate. Save 60¢ per gallon by burning propane.

Public Notice

Notice is hereby given that SOUTHWEST TEXAS ELECTRIC COOPERATIVE INC. (the "Utility") intends to change its power cost adjustment rate for electric utility service effective September 29, 1982, or as soon as may be permitted by law. The proposed power cost adjustment changes the manner in which wholesale power applicable to all areas which the Utility provides electric utility service. All classes of customers are affected by the proposed change. The proposed power cost adjustment is not expected to increase the annual revenues of the Utility. Implementation of the proposed change is subject to approval by the appropriate regulatory authority. A Statement of Intent including the proposed revision is on file with the Public Utility Commission of Texas.

The statement of Intent is available for public inspection at the general office of the Utility, located at 21 E. Gillis, Eldorado, Texas.

Campbell McGinnis
Attorney for the Utility

ORDINANCE NO. 228

An ordinance amending the Sewer Collection minimum fee is Section 4, of the Sonora City Code by modifying the provisions thereof with minimum charge increase of the sewer rates and declaring an emergency.

SECTION 4, of the Sonora City Code, which was originally enacted as Section 4, of Ordinance No. 144, adopted on August 2, 1976, is hereby repealed in minimum rate only and the following new part of Section 4, is hereby enacted, as follows:

SECTION 4: The following schedules of rates are hereby adopted and fixed as the minimum rate which may and/or shall be charged for sewer service following the August 17, 1982 date, and such rate increase shall appear on the

October 1, 1982 billing. These charges hereby to be furnished by the City of Sonora, Texas or any public utility, for sewer service furnished to the inhabitants of said City of Sonora, Texas:

INSIDE CITY LIMITS
Residence:
1 Bath.....\$5.30
Each additional bath or partial \$1.00

OUTSIDE CITY LIMITS
1 Bath \$6.30
Each additional bath or partial 1.00

The fact that the present charges for the use of the sewer system are greatly inadequate for the operation of the sewer system creates an emergency requiring this ordinance put upon its final reading and passed and this ordinance shall be effective upon its passage, approval and publication as required by law.

Passed, approved, and adopted, this 17th day of August, A.D., 1982.

Bill Gosney
Mayor

ORDINANCE NO. 229

An ordinance amending the Garbage Collection minimum fee in Section 4, fees for the collection of garbage.

SECTION 4: Fees for the collection of garbage, of the Sonora City Code, which was originally enacted as Section 4 of Ordinance No. 138, adopted on May 3, 1976 is hereby repealed in minimum rate only and the following new part of SECTION 4, is hereby enacted as follows:

SECTION No. 4: The following schedules of rates are hereby adopted and fixed as the minimum rate which may and/or shall be charged for garbage collection service following the August 17, 1982 date, and such rate increase shall appear on the October 1, 1982 billing. These charges hereby to be furnished by the City of Sonora, Texas or any public utility, for garbage collection service furnished to the inhabitants of said City of Sonora, Texas:

Residential Garbage Collection Fee:
Inside City Limits--\$3.75
Outside City Limits--\$5.00

The fact that the present charges for the garbage collection is inadequate for the operation of the collection creates an emergency requiring this ordinance put upon its final reading and passed and this ordinance shall be effective upon its passage, approval and publication as required by law.

Passed, Approved, and Adopted, this 17th day of August, A.D., 1982.

Bill Gosney
Mayor

ORDINANCE NO. 227

An ordinance amending Section I, of the Sonora City Code by modifying the provisions thereof with respect to minimum charge increase of the water rates and declaring an emergency.

SECTION I, of the Sonora City Code, which was originally enacted as Section I of Ordinance No. 192 adopted on September 1, 1980, is hereby repealed in minimum rate only and the following new SECTION I is hereby enacted, as follows:

SECTION I: The following schedules of rates are hereby adopted and fixed as the minimum rate which may and/or shall be charged for water service following the August 17, 1982

date, and such rate increase appearing on the October 1, 1982 billing. These charges, hereby to be furnished by the City of Sonora, Texas or any public utility, for water furnished to the inhabitants of said City of Sonora, Texas:

INSIDE CITY LIMITS

First 2,000 gallons \$5.50 (Minimum)
Next 3,000 gallons .60 per 1000 gallons
Over 5,000 gallons .50 per 1000 gallons

OUTSIDE CITY LIMITS
First 2,000 gallons \$7.80 (Minimum)

Next 3,000 gallons .70 per 1000 gallons
Over 5,000 gallons .60 per 1000 gallons

The fact that the City of Sonora expenses in the

Water Department has increased creates an emergency and this ordinance shall take effect immediately upon its passage, approval and publication as required by law.

Passed, approved, and adopted this 17th day of August, A.D., 1982.

Bill Gosney
Mayor
