Lady Broncos win District 6-AAA title

BY CHARLIE ADAMS

The Sonora girls track team put on a sterling performance Friday at Bronco stadium and captured the District 6AAA track championship. It was the end result of a goal set two years ago when most were freshmen and sophomores.

It was Senior Casey Crites that got the Broncos off to a good start as she leaped 17'4" in the long jump to capture first place in that event. Miss Crites' jump was a personal best and a new district record.

Bonnie Jackson then threw 30'4" in the shot put to capture third place for the second straight year. The other senior on the team, Lorri French, tied for sixth in the high jump at 4'8".

This accounted for all 16½ points the Broncos were to get out of the five field events. Crane had 56 points out of the same five events to make up the difference as they scored an impressive 130 points in the ten remaining events.

In the first of the running events, sophomores Gina Heffernan and Lori Webster combined for 14 points as they took first and fourth respectively.

In the next event, the 400 M relay team of Leah Evans, Becca Powers, Kate Mathews, and Casey Crites ran a fine 52.65 and took second place behind the team from Colorado City.

In the third race it was a one-two Bronco finish. Lorri French took the gold medal in the 800 M with a fine 2:27.9. Freshman Gaye Ann Dobbs hung on at the tape to take the silver medal.

In the 100 M low hurdles, defending regional and district champion Lorri French successfully defended her title and took the gold. Junior Anita Balch running very well was nipped at the finish line by two other runners and had to settle for fourth even though she ran a personal best with a time of 17.01.

The next race saw the Broncos come up with seven important points. Junior Leah Evans led the Bronco charges as she captured the bronze medal and Freshman Michelle McCleery took seventh place in the 100 M dash.

It was then time for the 800 M relay team of Debbie Shannon, Becca Powers, Casey Crites, and Gaye Ann Dobbs to perform. And perform they did as they took the silver medals behind the team from Ballinger.

The 400 M was the next race and it was a fine fourth place performance by Freshman Kate Mathews.

In the 200 M Michelle McCleery came in fifth with a personal best performance.

In the next to last event, that being the 1600 M run it was the one-two finish by Gina and Della Heffernan and Mary Ann Rogers 6th place that slammed the door on any chance of Colorado City beating the Broncos for the district title. Then to put the icing on the cake, the 1600 M relay team of Casey Crites, Becca Powers, Anita Balch and Lorri French outdistanced the field as they

It was a super performance by the Broncos and a just reward for three years of hard and dedicated work to capture the district title.

Congratulations to all the Broncos and their coaches and best of luck as preparations are made for Regional competition in Odessa set for April 16-17.

The Broncos will take a large delegation and compete in the following events: long jump, 3200 M, 400 M relay, 800 M, 100 M low hurdles, 800 M relay, 1600 M run, and 1600 M relay.

SISD election

Record turnout sees incumbents return

Election day has come and gone. What started out as a grey rainy day, turned into a pleasant day for the voters of our community to go to the polls and cast their votes for the candidates of their choice. And cast votes they did!

A total of 1241 persons made it to the polls to cast their vote in the SISD Board of Trustees election. 315 of those were absentee ballots. A total of 3625 votes were cast in the election.

According to Administration Secretary Joan Latta, the voting was much heavier than last year, and is probably a record for voting in Board elections.

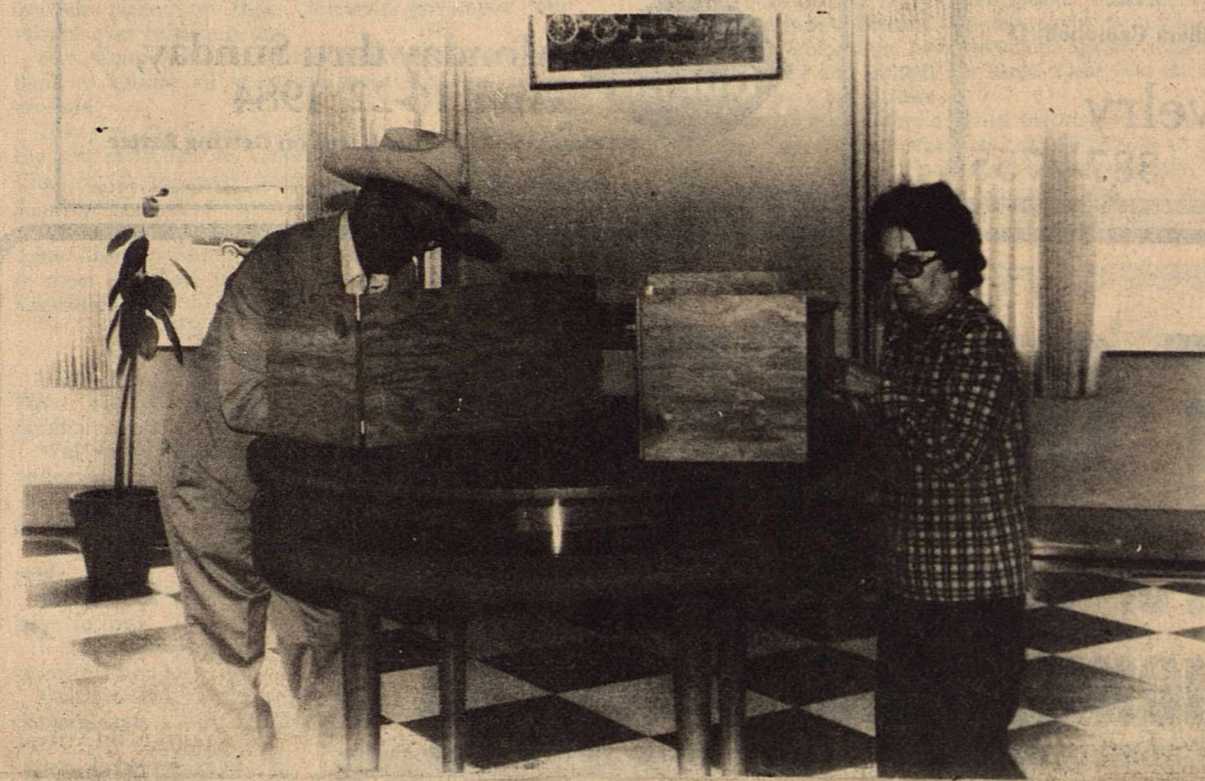

The race for the Place 1 seat on the Board was very close between the three candidates vying for that position. Incumbent Dr. Johnny Fields held off a strong showing by candidate Glen Fisher to retain his seat on the Board. Fields received a total of 462 votes

The top two finalists in each event at Regional will qualify for the State Meet in Austin the first weekend in May.

The Broncos may run at a Regional qualifiers meet in Wall this Friday, April 13th.

took the gold medals with a fine 4:14 time.

This accounted for Sonora's 146½ points to runner-up Colorado City's 104. Crane was 3rd, followed by Ballinger, Coahoma, and then Ozona.

OUT VOTING EARLY-- Mr. and Mrs. Bill Wade were among the early voters in Sonora's City elections held on Saturday. Heavy voter turnout was recorded in

the elections which saw the return of incumbent Mayor Bill Gosney, incumbent Alderman James D. Trainer, and earned Margaret Cascadden a seat on the Council. (DRN Photo--BAC)

In City election

Gosney re-elected

Incumbent Mayor Bill Gosney was re-elected to serve another term as Mayor by the voting public of Sonora in Saturday's City elections. Gosney was opposed in his re-election bid by a strong campaign for write-in candidate Hershel Davenport. Gosney received 399 votes while Davenport's name was written in on 302 ballots.

Four candidates were vying for two Alderman seats on the Sonora City Council. Incumbent James D. Trainer was re-elected to another term with a total of 363 votes, while Margaret Cascadden earned a seat on the Council with a total of 325 votes. Les Robertson received a total of 263 votes, while Ann Cates received a total of 186 votes.

"Clean Up Sonora" campaign underway

BY CAROL JONES

Members of the Sonora Industrial Commission Committee (SICC) agreed last Tuesday to set a designated time for the "Clean Up Sonora" campaign and to allow individuals and businesses the chance to work voluntarily to comply with various local ordinances.

City Administrator Jim Dover stated during the meeting that citizens may call the city offices at any time during the week for special Friday pickup of trash. This service has been available for several years, but members of the SICC agreed that most individuals were unaware of it.

It was the general consensus of the group that the city and county should be divided into four sections for the clean-up project. Each of the four areas would be

given special attention until it is clean, then the committee would concentrate on another area.

City and county property may be cleaned by individuals, civic clubs and organizations, school groups and Church groups. However, in order for private property to be cleaned voluntarily, the owner must give his or her permission.

In order to get your lot or lots on the list for cleanup, you may contact Edith James at the Sonora Chamber of Commerce office.

Volunteers are also needed for the clean-up campaign. Those desiring to be a part of improving the appearance of Sonora may also contact Mrs. James.

Various trash dumpsters are located throughout Sonora for depositing trash, but the "city" requests that persons bag trash and use some method to tie the bags shut.

"Christ Lifted Up" theme for Spring Revival

The First Baptist Church invites everyone to attend the Spring Revival Services to be led by Dr. Thomas Harris of Dallas. The theme for the revival is "Christ Lifted Up".

Dr. Harris is the pastor of Casa View Baptist Church of Dallas and is a graduate of Texas A and M University. He has a unique background for the gospel ministry.

After completing three years as an officer in the United States Air Force, he became, at the age of 26, the youngest executive with Mobil Oil Corporation. As Southwestern Baptist Theological Seminary.)

Mobil's Government Division in Turkey which included management of the 26 million dollar annual budget.

In 1966 he moved into Mobil's New York office where he served the company as director of sales to foreign and domestic governments until entering the Seminary in 1968 at the age of 33. "This outstanding man possesses the unique combination of a technical degree in engineering, an unusual experience in management,

a deep love for the local Church, a powerful pulpit personality, a shepherd's heart, a passion for lost souls, and a rare insight into the mission fields, both at home and abroad." Dr. Robert Naylor, President Emeritus, Southwestern Baptist Theological Seminary.)

Mrs. Harris will be accompanying Dr. Harris to Sonora and will lead the "For Ladies Only" session Monday through Wednesday mornings at 9:30 a.m.

The music will be led by Lynn Blair who has been in the music ministry for over 20 years. He lives in Mesquite.

The revival will begin Sunday morning, April 15 at 11 a.m. services and conclude Wednesday, April 18 at the 7 p.m. service. A devotional service will be held at 7 a.m. Monday through Wednesday with coffee, Doughnuts, and fellowship.

The evening services will be at 7 p.m. each evening. Sunday the youth will be honored, Monday the children grades 1-6 will be honored, Tuesday the retired and senior citizens will be honored.

Wednesday night will be family night which will complete the week emphasis "Christ Lifted Up".

Rancher Information needed for tribute

Sonora and Sutton County houses a very unique community. This community founded in country that wasn't the best for ranching or farming has thrived against all odds since 1887.

Each year the Devil's River News takes time out to pay tribute to the efforts of the ranchers of our community with a special edition aptly entitled, "The Rancher."

This year, we will be publishing our seventh annual Rancher. We would like to make this the best edition ever and truly represent the ranching community of this county.

The history of our ranching community as well as the strides now being taken to improve ranching efforts locally will be included in this edition.

We have planned to visit many of the local ranches during the next few weeks for pictures of the livestock and to gain as much information about current ranching concepts as possible.

If any of you have an article that you would like to submit to this effort, we would appreciate your input. Please call the Devil's River News office and ask for Becky or Carol, or come by 220 N.E. Main.

DEFENDING DISTRICT AND REGIONAL champ, Lorri French ran for the gold at the District meet held here in Sonora on Friday. The Bronco girls won first place in the meet with several best personal times set and new district records now in the record books. (DRN Photo--EAA)

PUC to conduct public hearings

The Public Utility Commission will conduct two public comment hearings on the \$84.8 million rate request by General Telephone Company of the Southwest.

The first hearing will be in San Angelo on April 11 at the Convention Center, 500 Rio Concho Drive, from 2 - 5 p.m. and 6:30 - 8 p.m.

A second hearing is set in Garland on April 13 at the City Council Chambers, 200 North 5th Street, from 2 - 5 p.m. and 6:30 - 9 p.m.

The local hearings give General Telephone customers a personal opportunity to express their opinions directly to the Commission without traveling to Austin. Judge Jacqueline Holmes and Hearings Examiner Henry Card will conduct the meetings. Other Commission staffmembers from the General Counsel and Consumer Affairs office, Engineering Division and Public Information will be in attendance.

Judge Holmes has set the hearing on the merits for 10 a.m., May 29 at the Commission offices in Austin. Intervenor are Texas Municipal League, AT&T Communications, Texas Association of Radio Systems, Texas Association of Telephone Answering Services, Office of Public Utility Counsel and the Cities of Sherman, Garlan, Bryan, Plano, Paducah, Irving and Wiley.

Consumers who wish to comment at the two local hearings do not need to register prior to the proceeding. Written comments may be addressed at any time to the PUC's Consumer Affairs Office, 7800 Shoal Creek Blvd., Suite 450N, Austin, Texas 78757.

10 women to be inaugurated

Governor Mark White will inaugurate 10 outstanding women into the state's first Texas Women's Hall of Fame on September 13, 1984, during a "Women in Texas Today Week" celebration in Austin.

Governor White, members of the Governor's Commission for Women, and soon-to-be-appointed private citizens will select one winning nominee from each of the following 10 areas of achievement: arts and humanities, business and finance, communications, community leadership, civic and volunteer involvement, education, health professions, law, public service, and science

and technology. Individuals or groups may nominate notable Texas women for the Hall of Fame by completing a form available from the Governor's Commission for Women, P.O. Box 12428, Austin, 78711.

The deadline for accepting nominations is July 1, 1984. Gay Erwin, executive director of the Governor's Commission for Women, said the panel of judges will evaluate individual candidates on their achievements and not on the quantity of written nominations received.

For further information, contact Ms. Erwin at (512) 475-0360.

Ozona running slated

The Second Annual 5-mile run sponsored by the Ozona Chamber of Commerce has been planned for Saturday May 19, 1984. Last year's run had 76 runners and the Chamber hopes to have at least that many this year.

A 1-mile run has been added to this year's events. The mile will be for boys and girls 10 years old and younger.

The age divisions for the 5-mile run are Women: 11-15, 16-19, 20-29, 30-39, 40-49, 50 and over. The men's division has the same age groups.

Medals will be awarded to 1st, 2nd, and 3rd place finishes in each division. There will be a special award to the youngest and oldest entry that finishes. Ribbons will be awarded to all runners in the mile run. There is no time limit to

Eighty-six million barrels of oil. That's how much energy was saved in one year by one company's systems that convert waste material into energy.

That 86 million works out to a savings of about \$3 billion, estimates Combustion Engineering, Inc., a leader in energy technology worldwide.

finish the race so all walker-joggers are welcome.

The entry fee is \$6 before the 19th of May. On race day, the entry fee will be \$7. There will be a T-shirt for all entries and cold

drinks after the race. Entry blanks may be picked up at the Ozona Chamber of Commerce. For more information, call Beth Boyd 392-3066 or Carol Sessom 392-2211.

The Rules Committee: "Traffic Cop" for the House

Many responded to my recent legislative questionnaire with a question of their own: how can complex legislative questions be reduced to simple "yes" or "no" responses? The answer lies in the procedures, the precedents, and the organization of the House of Representatives.

In focusing on the legislative process, many overlook a small but very important committee currently composed of thirteen individuals who actually determine what legislation comes before the House, whether or not the legislation may be amended, when the legislation is to be considered, how much time will be allowed for debate, and what parliamentary procedures are to be used.

I refer, of course, to the House Rules Committee, a small but powerful committee which serves not only as the "traffic cop" of the House but also as an arm of the majority leadership — specifically the Speaker of the House.

Before proceeding further, a bit of history is in order. In the House, Rules began as a simple ad hoc committee, meeting briefly at the beginning of each Congress if at all. The Rules Committee began to take on greater importance in 1858 when the Speaker became a member. A series of strong Speakers brought the Committee on Rules to a pinnacle of power leading to almost dictatorial rule. In 1911, however, the House revolted, the Speaker was removed as a member, and an independent Rules Committee was established. By the early Seventies, however, the Rules Committee had again changed from a body that merely cooperated

with the majority party leadership to one that was again an active part of the leadership.

In 1975, the Speaker was given power not only to name new members but to reappoint current members. Since that time the Speaker has used his authority to recruit and name members from the majority leadership councils, with loyalty to the Speaker a prime requisite. Although the Speaker has not denied reappointment to any Rules Committee incumbent, in one instance a few years ago, a Rules Committee member was reminded by the Speaker that he could find himself demoted to the rather obscure District of Columbia Committee. The Rules Committee member mended his ways.

As the Rules Committee's own history states when referring to the most recent Congress, the 97th, "At no time since 1910 has the linkage between the Rules Committee and (majority) party organization in the House been so strong. Once again the Rules Committee is operating as a firm arm of the (majority) party leadership."

As the Speaker's arm, the Rules Committee meets one or more times a week on legislation that has been reported out of committee and needs a rule granted so that the legislation can come before the House for a vote.

The rules range from closed, which allow no amendments, to open, which allow all germane — or relevant — amendments. In recent years, it has become more common for the Rules Committee to write more complex rules. One rule, for example, would simply allocate general debate time between more than one committee with jurisdiction over a bill. Another might limit the amendments to those offered by the committee of jurisdiction, or provide that only specified amendments might be considered, or provide that amendments may be offered to certain titles or sections of the measure only.

Although there are occasions when the Rules Committee goes against the Speaker, generally his wishes are granted. I came to understand the Speaker's influence on the Rules Committee very clearly during my efforts to amend legislation so that the Department of Agriculture might be directed to aid drought-stricken West Texas. Each time, the Rules Committee struck my amendment and refused to allow floor consideration because the Speaker wanted no amendments.

An upcoming vote on the immigration bill, which is expected to come to the House floor before Easter, could be limited if the Rules Committee abides by the wishes of the Judiciary Committee leaders who have been strongly lobbying the Speaker. Judiciary Committee members continue to demand that two provisions in this legislation remain inseparable, those being sanctions against employers who hire illegal aliens and amnesty for illegal aliens who are already in this country by a certain date.

Given the complex nature of issues before the House, the Rules Committee plays a crucial role, that being to provide an agenda by which debate and deliberation can proceed. Frequently, the Rules Committee performs its function admirably well. It is unfortunate that politics have come to play an increasingly larger role in the process.

The Sonora High School Golf team is currently in third place in the District 6AAA Golf standings.

The two district teams ahead of the Broncos are Crane with 1349 points, and Ozona with 1365 points. Sonora's third place standing is due to a point total of 1406.

Two of the members of the SHS Golf team are currently in the top ten in our District. Jessie Paredes leads the Broncos with a 334, and Mario Sotelo is also having a very good year with his 349 for the season.

The SHS Golf team is coached by Oliver Wuest. Team members include: Jessie Paredes, Mario Sotelo, Lee Castro, Louis Olenick, Sonny Samaniego, Jeff Brittain, Tony Smith, Scott Badgett, Primo Gonzales, Wesley Skains, Steve Harrison, Lance Wallace, Mike Friess, and Wayne Hill.

The last district Golf Meet will be held in Big Spring on Tuesday, April 17th.

Cancer Crusade kickoff held

The kick off of the Sutton County Cancer Crusade was held Thursday, April 5th in the Founders Room of the First National Bank. Volunteers for this year's crusade picked up their collection envelopes, and visited over refreshments.

Mrs. Cindy Ruiz, our District Representative was on hand to answer all questions concerning the annual crusade.

This year, the Sutton County Cancer Crusade has set the goal of \$9,010. As Chairman of the Sutton County Chapter for the past twenty-nine years, Mrs. Alvis Johnson has asked that the public help support the Cancer Crusade in their ongoing battle against this dread disease. She noted that Sonora has never failed to meet its quota in all of the years she has been associated with the Crusade.

THE CANCER CRUSADER
by Margaret Cantrell

I am a cancer crusader. Today I'll walk your block. What will be your reception when you hear my familiar knock.

Will you react with appreciation or the lives we endeavor to save?

Or will you shake your head and say, "Sorry, I already gave."

So sorry, I already gave. It seems like such a weak reply.

When we're asking so little so that millions will not have to die.

I also have given to cancer, my Father and my favorite Aunt too.

I wish to God it were money, not people; I've gotten the message.....Have you?

As the Rules Committee goes against the Speaker, generally his wishes are granted. I came to understand the Speaker's influence on the Rules Committee very clearly during my efforts to amend legislation so that the Department of Agriculture might be directed to aid drought-stricken West Texas. Each time, the Rules Committee struck my amendment and refused to allow floor consideration because the Speaker wanted no amendments.

An upcoming vote on the immigration bill, which is expected to come to the House floor before Easter, could be limited if the Rules Committee abides by the wishes of the Judiciary Committee leaders who have been strongly lobbying the Speaker. AMERICA THE BEAUTIFUL

The Statue Of Liberty "A mighty woman," as she is called in the poem on her pedestal, the Statue of Liberty was a gift from France to the U.S. on our 100th "birthday" in 1876. However, it took a ten year fund-raising campaign for America to be able to afford to build her pedestal, and she wasn't set up in the New York harbor until 1886.

Now that her 100th "birthday" is nearing, another fund-raising campaign is underway. Its goal is to raise \$230 million during the next three years to preserve the immigrant reception center at Ellis Island and restore the Statue of Liberty by October 28, 1986.

The Statue of Liberty. People from all over the world are contributing to preserving her in time for her 100th birthday.

K.C. and wife, Susie are travelling missionaries. Armed with only a Pentax camera, this extraordinary man captures Nature's beauty in the animals and fowl of North America, which he presents to the public in a computerized slide show. A man who at one time reached the depths of depression, K.C. now spreads the Gospel to teenagers and adults alike in his travelling mission, a 40-foot trailer.

Wildlife Show - special testimony to youth

That strange looking trailer you've been seeing around town for the last few days belongs to a non-denominational minister of God and his wife, Susie.

K.C., as he likes to be known to his friends, presents his Wildlife Show and special ministry of God's word to church groups, schools, and to citizen groups. The Wildlife Show involves the use of a computerized sound-synchronized slide show using photographs taken by K.C. throughout the United States and Canada of wild animals and fowl in their natural habitat. The Wildlife Show has been presented to over one million persons in forty states and in five Canadian provinces.

K.C. also relates to his audience his special ministry and testimony of his life. Once an alcoholic and drug addict, K.C.'s life was turned around when he and

God found each other. K.C. noted that at that time he was a broken man, spiritually and financially, and on the verge of suicide. He relates to his audience

the periods of his life wherein he was a business owner, and a married man, who eventually lost everything, including his family due to his drug habit. K.C.'s special ministry encourages youth knowledge of the debilitating effects of drug addiction. The Wildlife Show and

Ministry is funded through free-will offerings and ex-pense fees, and by the sale of photographs taken by K.C. throughout the U.S. When they leave Sonora, K.C. and Susie will be travelling to Kerrville, Boerne, and San Antonio to pass their special message on.

In 1910 President William H. Taft became the first president to open the baseball season by throwing out the first pitch.

The avocado has more protein than any other fruit.

Mr. and Mrs. Bradford L. Henley of Malone and Mr. and Mrs. Kelly C. Fowler of Hubbard are proud to announce the engagement and approaching marriage of their children, Leddy Ann and Robert Wade. Leddy is a 1982 graduate of Hubbard High School and will graduate from Grayson County College in Sherman May 12. She will be a junior at TCU this fall. Robert is a 1982 graduate of Hubbard High School and is attending TCU. The couple plan an evening wedding July 28, at the home of the bride in Malone. Leddy is the great granddaughter of Mrs. Bert Rode of Sonora and the granddaughter of the late Mr. & Mrs. G.T. Rode of Sonora. (Contributed Photo)

Keep A Winner In The Office Of 112th District Attorney! RE-ELECT YOUR D.A. — Bill Mason!

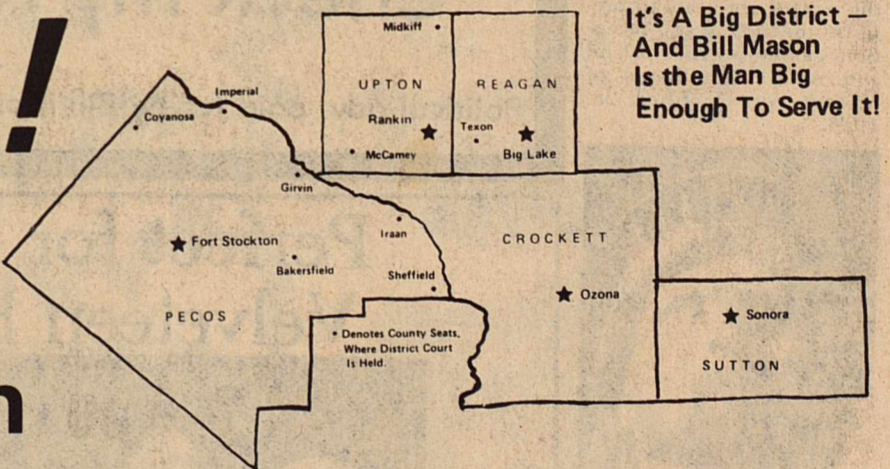

Mason Runs On His Record; HE'S PROUD OF IT!

Just Look At The Record — Mason Offers You Facts — Not Fantasy!

Do Not Be Confused About Your District Attorney's Performance — He Has A Record of Achievement

CHECK IT OUT!

- SINCE MASON TOOK OFFICE:**
- ★ 87 Criminal Defendants have been sent to the state penitentiary, for a total of 518½ years! Three of Mason's trial convictions have resulted in LIFE SENTENCES (over and above the 518½ years listed above.)
 - ★ 121 Criminal Defendants are on probation for a total of 574 years and three months! (Probation violators are subject to imprisonment.)
 - ★ \$39,000 In Fines has gone into treasuries of the 112th District Counties from Mason's convictions and six vehicles have been seized in drug offense cases!
 - ★ There are 134 cases pending in the entire 5-County District — And Mason will see them to completion.

It's A Big District — And Bill Mason Is the Man Big Enough To Serve It!

Mason's Opponent Is County Attorney Of Sutton County.
When he took office in mid-1982, there were 318 cases on the county court docket. At the end of February, 1984, there were still 213 pending cases—IN JUST ONE COUNTY!
In the 14 months ended Feb. 29, there were only 45 guilty pleas in Sutton County Court, and only 29 defendants were jailed.
NO JURY TRIAL HAS BEEN HELD AND NO CONTESTED CASE HAS BEEN TRIED BEFORE THE SUTTON COUNTY JUDGE.

Around Town

BY HAZEL McCLELLAND

Visiting Mr. and Mrs. James Morris were her sister, Mrs. Maysie Barker and Mrs. Gloria Burns of Carrizo Springs.

Dennis Dunnam has returned home from the hospital in San Angelo. Glad you are better, Dennis.

Mrs. Bernice Savell was in the Hudspeth Hospital several days last week.

Mrs. Gwen Wardlaw and Hazel McClelland were in San Angelo Tuesday.

Mrs. Anne Mae of Midland was here this past weekend visiting family and friends.

Mr. Tommy Thorp is in San Antonio in the hospital. Mrs. Thorp, Mr. and Mrs. Tim Thorp and Steve Thorp of Austin are with him.

Jeff Lambert is in San Antonio in the hospital.

The Sonora Sewing Club met April 3 in the home of Mrs. Elizabeth Hemphill.

Juice, coffee and cake were served to the guests as they arrived.

Sewing Club members present at the meeting included Mrs. Barbara Savell, Mrs. Leona Bishop, Mrs. Midge Shurley, Mrs. Bernice Savell, Mrs. Lucille Coleman, Mrs. Joan Cusenbary, Mrs. Peggy Dover,

Mrs. Marty McLain, Mrs. Jerry Wallace, Mrs. Lucy Ward, all of Sonora. Mrs. Sammie Pierce of Ozona also attended the meeting. The Club visited HIS Handiwork (and hers) with Mrs. Julie Pollard, who has a store with all kinds of sewing material and other things. They had lunch at Pearl's Pizzeria.

Mrs. Mary Barrow entertained the Tuesday Night Bridge Club in her home April 3rd. The members present were Mrs. Metha Trainer, Mrs. Guila Vicars, Mrs. Ruth Shurley, Mrs. Lena Belle Ross, Mrs. Leo Merrill, Mrs. W.O. Crites, Mrs. Jo Nell Johnson, Mrs. R.A. Halbert, and Mrs. Emil Prugel.

Mrs. Johnson won the high score prize. Mrs. Vicars won second high and Mrs. Trainer won the bingo prize. A delicious dinner was served.

Mrs. Metha Trainer spent several days in San Angelo with her daughter, Mrs. Terry Smith and son, Lee, and with her sister-in-law, Mrs. Dymple Trainer.

Our sympathy to the family of Mrs. Mildred Cauthorn, who died April 5th.

Mr. and Mrs. Bill Savell spent a few days in Big Spring with their son, Scott Savell.

Mrs. Nina Langford of Kerrville was here over the weekend visiting friends.

In San Antonio this past weekend were Mr. Bill Tittle, Mr. Charles Graves, Mr. and Mrs. W.B. McMullan, Mr. and Mrs. Web Elliott, Mrs. Beckey Johnson, Miss Nann Karnes,

and Mrs. Justine Fields to be with Mr. and Mrs. Tommy Thorp. Tommy had surgery Friday. We hope you are doing real good, Tommy.

Mrs. Elvie Turney is in San Antonio in the hospital. Get well soon, Elvie.

Mrs. Ora Riggs of Sanderson was here over the weekend to attend the funeral of Mildred Cauthorn. She visited Mrs. Fred Earwood and Mr. and Mrs. Rip Ward.

EMS Report

March 28 - Unit 100 transferred patient to San Angelo.

March 30 - Unit 100 transferred patient to San Angelo.

March 31 - Unit 100 responded to a sick call at the county jail.

April 7 - Unit 100 transferred patient to San Angelo.

Fire Report

On Sunday, April 8 at the Presbyterian Church. The time of the fire was 9:30 a.m. Units 20, 40, and 80 responded to the alarm.

Also on Sunday, there was a pickup fire at the corner of Plum and Crockett Ave. The call came at 2:00 p.m. and was answered by units 50 and 80. 10 men answered the call.

The Sonora Volunteer Fire Department brought home several trophies from the Hill Country Firemen's Association spring convention held over the weekend in Winters.

Photographs and more details will appear in the Wednesday, April 18 issue of the Devil's River News.

Mrs. Cauthorn dies, services held here

Mildred Cauthorn, 79, of Sonora died Thursday, April 5, in Hudspeth Hospital. Funeral services were held Sunday at 4 p.m. at the Church of the Good Shepherd Presbyterian with Rev. Rick Runge and Rev. Jim Miles officiating. Burial followed in Sonora Cemetery under the direction of Kerbow Funeral Home.

Mrs. Cauthorn was born August 27, 1904 in Hays County, Texas. She moved to Sonora from Winters in 1930. She was married to John Cauthorn January 12, 1942 in Sonora. He passed away in 1969. Mildred ran the Labenske Style Shop in Sonora since 1930. She and her husband ranched in Sutton County. She was a very active member of the Presbyterian Church of Sonora.

She is survived by a sister-in-law, Addah Cauthorn of Sonora, two brothers-in-law, Mack Cauthorn and Dan Cauthorn both of Sonora. Several nieces, nephews, and cousins.

Serving as Pallbearers were: Dayton Armke, Tracy Crites, Bob Teaff, Nelson Stubblefield, Roy Coker, Milton Cavaness, Lea Allison, and Web Elliott.

I want to thank all of the citizens who voted for me Saturday.

Popcorn is an American Indian invention.

Letter to the Editor

I want to thank each of you that voted in the recent school board election. We had a record turnout which shows a healthy interest in our school system. We also had a good slate of candidates to choose from.

I feel that we have an excellent school system and

we all need to work to maintain it. The current school board has received a lot of criticism and a lot has been unfounded. I know they have made some mistakes, but there is nobody that has not. All of the citizens of Sutton County need to work together for the benefit of the school system. Whether you voted for the winners or not, there is no point in dwelling on the past. Now is the time for all of us to get behind the board and work with them. They are all good men and women who have the best interests of our school at heart. I think the board wants

reasonable input and interest from anyone, but they do not need criticism that is founded on rumors. If you really want to know what the board is doing, then go to the meetings and listen

and if you have a complaint, voice it in the meeting in a reasonable manner.

Sincerely,
Glen Fisher

TO THE VOTERS OF SUTTON COUNTY---

I take this means of thanking you for your support and vote last Saturday in the Sonora ISD Trustee election. I consider it a privilege to have the opportunity to serve on the School Board for another three years, and give you, the voters, my solemn promise to do the best I can to ensure that our school system does the best possible job of educating our young people, its basic function.

As was said repeatedly during the campaign, we are entering what is probably the most critical period in Sonora's history insofar as the effect of the Governor's Select Committee's recommendations will have on our children's future.

And our children's future—all our children—is "the name of the game".

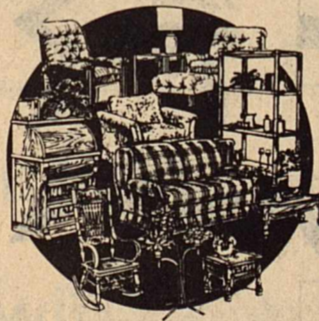

On behalf of the entire Board of Trustees, I thank you, the electorate, for your support and approval as evidenced by returning all three incumbents to office. We will do our utmost to live up to the trust you have placed in us.

Texans high on tomatoes

If Texans could choose but one vegetable to grow in their gardens, the tomato would win hands down.

Tomatoes are grown in about 95 percent of all home gardens in Texas, estimates Dr. Sam Cotner, a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

Once people taste the great flavor of vine ripened, homegrown tomatoes, they just don't want any other kind, says Cotner.

To grow a bountiful supply of tomatoes in Texas, Cotner first of all emphasizes planting the right varieties. Varieties such as Big Set, Spring, Jack Pot and Better Boy consistently perform well in all areas of the state.

The horticulturist advises buying transplants of these varieties at nurseries or garden centers or buying seed and planting it in hot bed or containers but not directly in the garden, since plants need to be started well before cold weather is over.

Before setting out transplants, get the soil in good shape by adding plenty of organic matter and a complete fertilizer such as 10-10-10 or 12-24-12.

Set plants at least three feet apart, with three to four feet between rows. Use boards, shingles, milk cartons or something similar to protect them from early spring winds. Wire cages around plants can provide a structure for plastic trash bags that will protect young plants. Later the cages will support the plants, eliminating the need for staking and tying each plant.

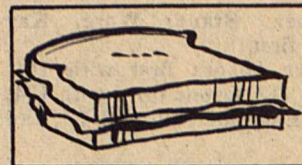

Tomatoes also need nurturing throughout the season. This means applying a fertilizer solution—one to two tablespoonfuls of a garden fertilizer dissolved in a gallon of water—every week to 10 days once small tomatoes appear. This solution can be scattered around the base of the plant or in pots or containers (with holes in the bottom for drainage) set in the ground mid-way between

each plant.

Cotner also emphasizes the need for proper watering during the growing season and for controlling insect and disease problems should they occur. Paying attention to these key practices can lead to a bountiful harvest of tomatoes—the Number One Texas vegetable.

In a beehive, only 1½ ounces of wax are used to build a comb that will hold 4 pounds of honey.

"A pig between two sheets" is lunch-counter talk for a ham sandwich.

RRC levies pollution fines

The Railroad Commission recently levied its first administrative fines for violations of pollution control regulations. Fines totalling \$100,000.00 were assessed against Clinton Manges for pollution violations involving 61 oil and gas wells in Duval and Zapata Counties.

The Commission said Manges failed to properly

plug wells that were no longer producing. Field inspectors report all the wells involved in the penalty action are now in compliance with Commission regulations and Manges has posted bonds totalling \$158,000.00 to cover proper plugging of the remaining wells should production not resume.

In another case, State District Judge Charles Mathews of Austin fined Houston oil operator Earl Mackey five million dollars and directed him to plug more than a score of abandoned wells.

The Texas Railroad Commission is now beginning to implement a program to assess administrative pen-

alties. The enforcement program will be fully implemented by June first.

And, Texas oil production totaled almost 71 million barrels in January, down 1.5 million from the same month a year ago.

Our Permian Basing rig count for this week is 301. Last week 307 and one year ago 228.

The first notable animated cartoon shown in America was "Gertie the Dinosaur" in 1909, consisting of 10,000 drawings by Winsor McCay.

America's first national holiday on April 30, 1889, marked the centennial of the inauguration of George Washington.

Bullriders signed

The contracts have been signed to handle the bullfighting chores at the Sutton County Bull Riding Classic and Goat Cook-Off Saturday, May 19 and three of the finest clowns in Texas have signed.

Rick Chatman is known as "one of the best in the business". In his short professional career, Chatman has become a legend with his ability to take an angry bull away from a fallen cowboy. This ability, his seemingly fearless attitude, and his friendly personality have made him one of the most popular people in rodeo.

At the close of 1979, his rookie year in PRCA, he was voted Clown of the Year by the bullriders in the Lone Star Circuit and in 1980 was selected to fight bulls at the national finals. The fact that Chatman was only a second year member did not stop the bullriders from selecting him. This was the first time a bullfighter so early in his career was chosen.

In 1981 he was one of the top 10 bullfighters selected to compete in the Wrangler Bullfighting Championships. Also he was chosen to fight bulls at the 1981 NFR, making him the first bullfighter to ever be elected by the bullriders to go back to the finals.

Chatman has worked such prestigious rodeos as San Antonio; Phoenix, Arizona; and Little Rock, Arkansas. He hails from Ft. Worth where he has a jacket business. His special interests include scuba diving, skiing, and hang gliding.

Tom Feller, a native of Everman, is another one of rodeo's unique characters of the "Baggy Britches Brigade" known as barrelmen. During the bullriding he'll be in his barrel to exchange jokes with the announcer and audience, to be a safety valve for a fallen rider, and serve as a gauntlet between the bullfighter and bull.

In 1981 Feller received two of the highest honors in Pro Rodeo-Clown of the Year and he was also chosen to serve as barrelman at the NFR. This marks the first time a barrelman has received both honors in the same year. Also in 1981 and 1982, he was chosen as the barrelman for the Wrangler Bullfighting Championships.

Feller is also an accomplished artist who has a bachelor of arts in fine arts from the University of Texas at Arlington. He also does features for the ProRodeo Sports News one of which was named "Best Feature" in 1982.

Stan Ham, a rookie in the PRCA, is one of the most up and coming bullfighters. He was selected to fight bulls at the 1983 American Junior Rodeo Association National Finals and has worked numerous college rodeos. Ham lives in Andrews.

Brucellosis progress continuing

The flying snake of Java is able to flatten itself out like a ribbon and sail like a glider from tree to tree.

Texas livestock producers continue to make progress in their efforts to control brucellosis. Robert Bartlett, Canton, chairman, Texas Animal Health Commission, reports.

Bartlett noted that infection rates throughout the state are continuing to decline, and calffood vaccinations are continuing to increase. Under the Texas brucellosis program, this state is divided into a Class B Area and a Class C Area. The Class B Area is in the western half of the state containing 141 counties, and the Class C Area is the eastern half of the state containing 113 counties.

"In the Class B Area, where brucellosis is less of a problem than in Class C, there are only 144 infected herds out of a total of 59,272 herds. That represents only .24 percent herd infection rate. This is the lowest herd infection rate since the inception of the Class B and Class C areas back in 1980," Bartlett said.

In the Class C Area, the herd infection rate is 1.68 percent. Of the 102,625 herds in Class C, 1,729 are under quarantine, Bartlett noted, as of February records.

Calffood vaccinations continue to increase statewide. Compared to the first six months of fiscal year 1983, this fiscal year shows a 30 percent increase in calffood vaccinations, Bartlett said. A total of 769,514 calves had been vaccinated in the first six months of fiscal year 1984 compared to 591,497 in the first six months of fiscal year 1983.

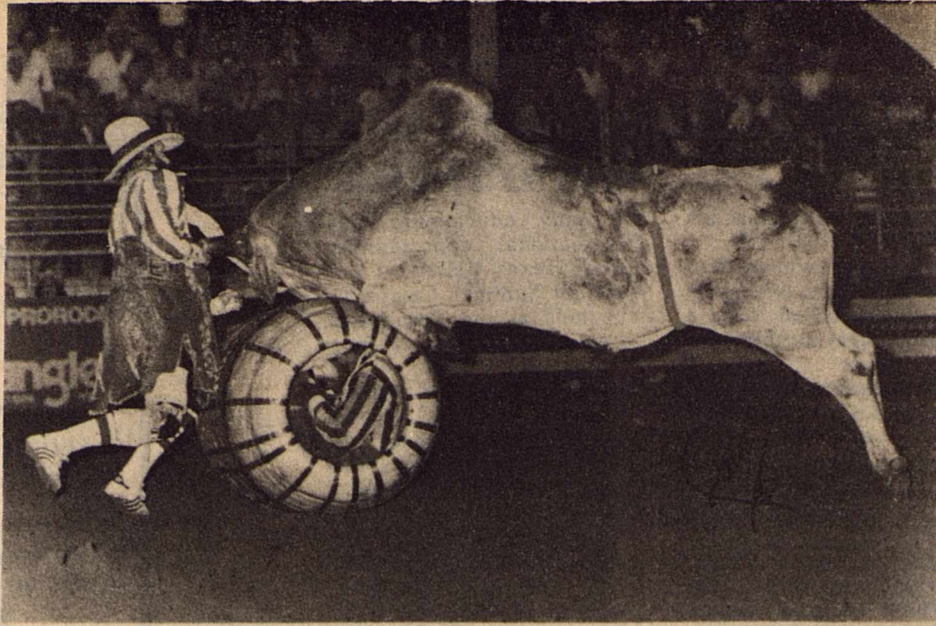

For all of 1983, slightly more than 1 million calves were vaccinated. "In the first six months of fiscal year 1984, producers have vaccinated three-fourths as many calves as they did in all of 1983," Bartlett said.

Special attention is being paid to a 33-county area of the state in which about half of the state's known infection of brucellosis is located. It includes 32 counties in East Texas and one county in South Texas.

"In that area, there have been almost as many calves vaccinated in the first six months of fiscal year 1984 than there were in all of fiscal year 1983," Bartlett said. Figures show that in the first six months of fiscal year 1984 a total of 238,127 calves have been vaccinated in the 33-county area compared to 267,135 in all of fiscal year 1983.

The United States contributes about two and a quarter times as much to the United Nations' budget as does the U.S.S.R.

TOM FELLER

Letter to the Editor

We the members of The Church of The Good Shepherd wish to thank: Rick Runge, our minister of three weeks, for discovering smoke in our church and the Sonora Voluntary Fire Department for swiftly getting the situation under control.

For their unselfish dedication, we will be gratefully appreciative. It is our hope that the squirrel, who built her nest in the heating vent of our church, find a safer home. Preferably some distance from her old home.

The Church of The Good Shepherd

SHS's Escalante honored

Editor's note The following article appeared in the Wednesday, April 4 San Angelo Standard Times.

BY JOE DON MCGAUGHEY
Sports Writer

It takes a special person to be a distance runner, as Sonora track coach Roy Evans says it does, then Jose Escalante is doubly special.

Escalante runs not just one of the competitive distance races, but both the 1600- and 3200-meter. And the junior excels in both races, having clocked season bests of 9:45.8 in the 3200 and 4:28.25 in the 1600 to lead all West Texas runners (excluding Class 5-A tracksters) in both events.

Despite these impressive times, Evans has reason to believe that Escalante will only get better.

"He's a good competitor, and since he's just a junior we brought him along slowly," Evans explained Tuesday in a telephone interview. "I don't believe in pushing young kids too hard, and he's just now starting to come into his own."

Escalante has bettered his times almost every week, and this past week was no exception. Escalante set division records in both races in the San Angelo Relays, bursting the 1600 mark by almost nine seconds (4:34.07). He edged the 3200 record with a personal best 9:45.8, finishing with a furious sprint on the last 300 meters.

"He's a special, strong kid. We've been concentrating on the 1600 more lately, so I was real surprised he ran the 3200 that well," Evans said. "But I could tell by the look in his eyes when he stepped on the track (for the 3200) that he was going all out."

Going all out is something that Escalante, and probably all distance runners, is used to doing.

"Jose is very dedicated. We give him his workouts, and he follows them, but he always runs a lot on his own -- in the morning or just whenever he can," said Evans. "He's a very disciplined kid."

Escalante is a one-sport athlete for the Broncos.

ASU Alumni to be honored, all exes invited

This year the Angelo State University Ex-Students Association is honoring the close-knit heritage of A.S.U. at its annual meeting and barbecue. All exes are invited, but a special invitation is extended to families having more than one generation of ex-students. This includes anyone who may have attended San Angelo Junior College, San Angelo College, or Angelo State University.

The barbecue will also honor the Classes of 1947 and 1948. A continuing effort is being made by Ex Student board member, C.A. McDonald Jr., to locate anyone who was a member of these classes.

These groups of people will be recognized at the barbecue to be held at the A.S.U. Lakehouse at Lake Nasworthy on Saturday, May 5. Activities will begin with a get-acquainted hour at 6:00 p.m. The meal will be served at 7:00 p.m. followed by a brief meeting and program. Reservations are being taken until May 2.

We would appreciate hearing from you regarding your family's enrollment at our progressive institution. Let us know how many generations of your family have attended our alma mater. Alumni records do not indicate family relationships, so we need your help in identifying your family.

For further information about the barbecue, contact Jean Ann Hohensee, Chairman, R.R. K-4, Box 233, San Angelo, Texas 76904, (915) 658-8841, or your Alumni office at A.S.U. San Angelo, Texas 76909. C.A. McDonald Jr. is in charge of getting the classes of 1947 and 1948 together. For more information contact C.A. at 3651 Lake Dr. San Angelo, Texas 76903, (915) 653-3733.

All exes are invited, and we look forward to seeing you there. We want and need your participation.

perhaps due to his small physical stature as much as his love for running.

"It seems the better all-around athlete will play all sports, -- football, basketball -- but Jose is strictly track," Evans said. "It takes a special breed to be a distance runner, and Jose has been a very hard worker since junior high."

Evans says Escalante's personal goals include a shot at a state title, and getting his time down to 4:20 or under in the 1600.

"He would like to reach the state meet, but of course that's the goal for nearly everybody that runs track," Evans said, "but he really wants to win one or the other race. We haven't decided which one to pursue yet."

Whichever race Escalante decides to concentrate on, it will involve more of the same hard work that he has already put in this season. Which leads us to the question that a lot of people always ask of the lonely distance runner -- is all the running worth it?

"It depends on if I make it to state," Escalante panted after winning the 1600-meter race on Saturday. "If I do, then it will be worth it."

Irma offers her advice on spring

BY IRMA DILLER

AH, SPRING--
GLORIOUS SPRING

Spring is my favorite time of year. It's like a statement from God that we've all got another chance--all clean and new. The earth is awakened by the warming sun and in some places, I've heard, by the gentle rain. Tiny flowers push through last years unranked leaves to brighten their spot with colorful blooms. Buds appear on trees to overnight become tiny leaves which will grow to shade our summer. Mother squirrels can be heard "barking" at their parade of wee, furry offspring as they scurry up a tree trunk and out on to a limb. Our feathered, gourmet friends flutter their wings to let us know that it's once again time to fill the hummingbird feeder with that pretty sweet water. AND THE CAT/OR DOG SHED!

We've all trained our animals to stay off the furniture and they do unless they decide they want to lie on the sofa or your back is turned - which ever comes first. Have you ever noticed when you walk into a room that your cat and/or dog is always moving? Check for the warm spot they just vacated. You sure ain't gonna find it on the floor!

Most of the year we can ignore their indiscretions but then comes spring and the "fur is a flyin'". Mother Nature, in her infinite wisdom and to Hoover's delight, is preparing our little darlings for warmer weather and you suddenly

have a mohair sofa. That is, no hair on the sofa than on the cat and/or dog. Through the remainder of the year the cat and/or dog has a "favorite spot", when spring approaches and the fur starts to thin, they "nap" EVERYWHERE!

The family somehow, learns to live with the problem. They may not like it but they cope. Not coping is scolding and scolding carries with it the risk of scorn from your cat and/or dog. I thought I'd found a solution, I gave our dog a "Mr. T" haircut. The kids loved it and Phillip grunted his approval - the dog now sleeps on his back.

Then company arrives! It never fails, if you have a black cat and/or dog, your guests always wear white and vice-versa. At the Diller household we've solved this problem, as we do all problems, with a little imagination. It goes something like this -KNOCK-KNOCK... "Hi, we're so glad you dropped by.

Won't you come in. Every year on _____ (insert day and date here), we honor an old Indian custom. No one sits down to visit, we all stand in the middle of the room to talk. We do hope you'll join us in paying this respect to our forefathers." You know, come to think of it, we haven't had company in the spring since.....

4-H camp offerings announced

Many educational and recreational opportunities await Texas 4-H'ers at the annual Summer Camps to be held at the Texas 4-H Center near Brownwood.

The Statewide Camping Program features several three-day programs for 4-H members from across the state, divided by ages. These camps will be held June 24-27, June 27-30 and July 15-18 for nine-to-11 year olds; and July 8-11, July 11-14 and July 18-21 for 12-to-14 year olds.

The Special Interest Camp for 4-H'ers ages 14 and up, is planned for the week of June 18-23. It will feature in-depth instruction in waterfront activities, such as canoeing and sailing; computers, natural resources, shooting sports, swimming and diving; and foods and nutrition as well as all the recreational and fun activities of a week-long camp.

In addition, three sessions of the County Camping Program provide counties which choose to bring a large delegation of 4-H'ers of all ages a two-day, pre-planned camp led by the Texas 4-H Center's summer staff. The dates for these county camps are July 23-25, July 30-Aug. 1 and Aug. 1-3.

Also, the Lakeside Pavilion at the Center is available for weekend or one-day camps, providing counties the opportunity to plan and prepare their own meals and activities while enjoying the Center's facilities and taking advantage of its resource personnel.

For more information, contact your local county Extension agent or 4-H specialists Marshall E. Crouch or Barbara Albert at the Texas 4-H Center, Route 1, Box 527, Brownwood, Texas 76801.

April set Buckle-Up month

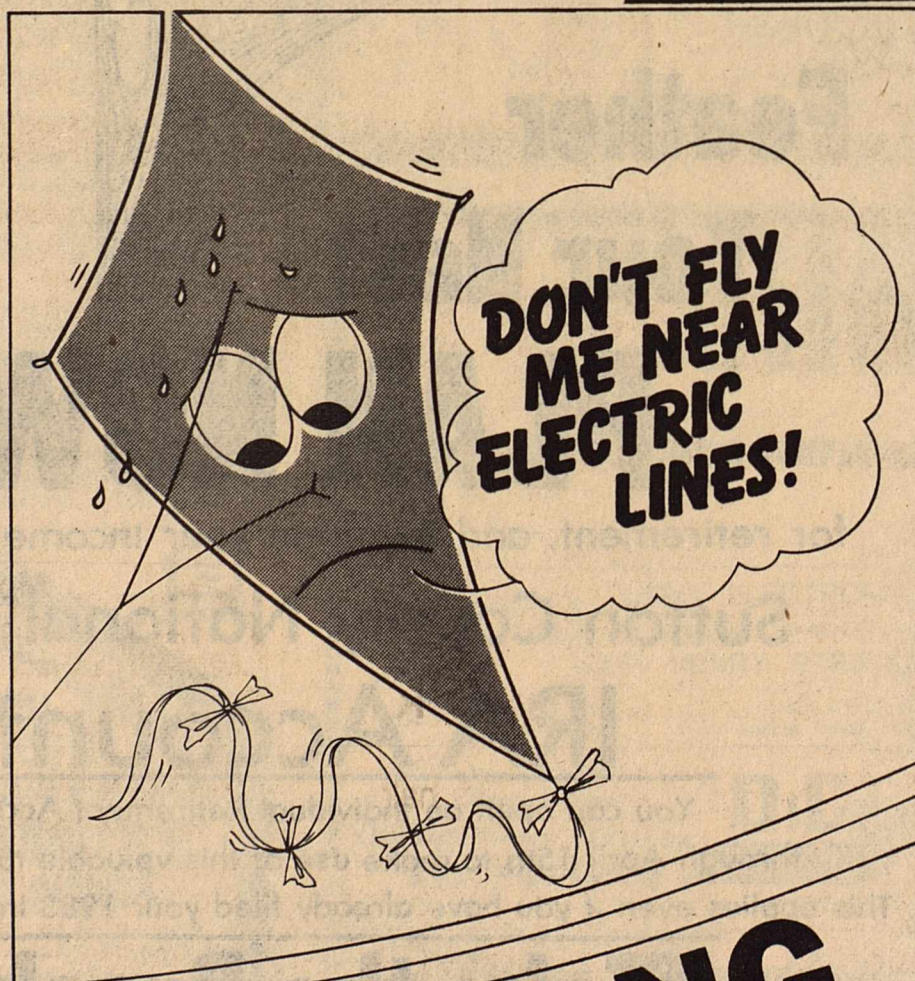

Governor Mark White has declared April "Buckle-Up" Month and urged all Texans to buckle-up themselves and their children in cars. Citing an estimated 3,850 traffic deaths in Texas last year, White noted that traffic collisions are the leading cause of accidental death, especially for young people.

Texas leads the nation in traffic deaths of children between the ages of 0 and 4. At least 162 children in Texas in that age group died while riding as passengers in motor vehicles within the last two years, according to Department of Public Safety accident records.

According to national estimates of use, only about 15 percent of drivers wear safety belts. About 27 percent of children are properly protected in vehicles.

Everyone should "take a few extra seconds to protect themselves and their passengers by the use of safety belts and car seats," said White, who is an habitual safety belt user.

The National Highway Traffic Safety Administration estimates that safety belt use could reduce traffic deaths by as much as 50 percent. Among infants and young children "that estimate of lives saved is as high as 90 percent. Safety belts have also been cited as a major line of defense against the drunk driver, as the best protection now available in a collision.

WARNING

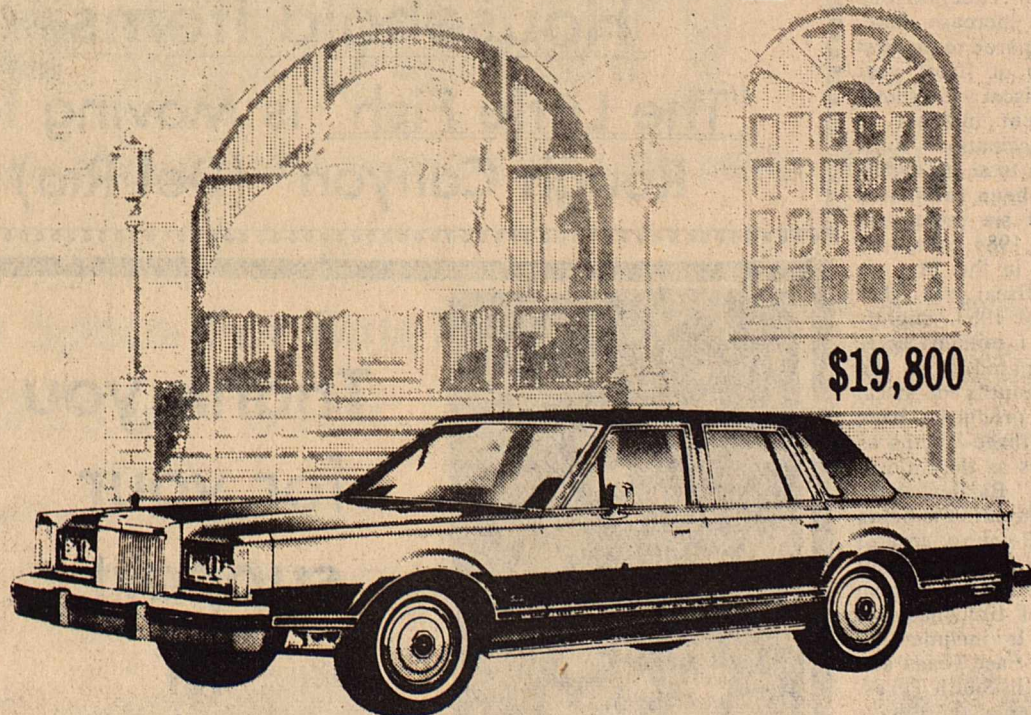

What you know and teach your children about electric power lines could save a life -- yours or your child's.

Alert your children to the dangers of flying kites, model airplanes or toy rockets near electric lines. Instruct them to use wood-and-plastic or all-plastic kites with dry string. Always fly kites or other flying toys in open areas. If something does become entangled with overhead wires, do not try to get it down, leave it there. And never touch any dangling strings or wires. Call West Texas Utilities for assistance or for more information about safe electric living.

Remember WTU supplies you with electric energy, but only YOU can use it Safely.

Headlines for Homemakers

by Pam Young, Sutton County Extension Agent - Home Economics

There are now an estimated five million Americans who have diabetes but don't know it. It's possible to have diabetes and not know it, because warning signs can be very slight, or over-looked as passing ailments, that's according to Dr. John Jefferis, Medical Director of Pfizer Pharmaceutical's Healthcare Education Program.

Signs of diabetes include great thirst, frequent urination, fatigue, extreme hunger, or cuts and bruises that heal slowly. You are at risk for diabetes if anyone in your family, even a distant relative, has diabetes. IF you are over forty and overweight, your chances are also high.

If you think you are at risk for diabetes, or if any of the warning signs show up, see your doctor. Diabetes can be controlled. In fact, ninety percent of all diabetics control their disease with diet, exercise, and sometimes with medications. You can get a free booklet on diabetes by sending your name and address to Pfizer Diabetes Booklet, 120 Broadway, New York, New York 10271.

RECOMMENDED DIABETIC RESOURCES

A physician prescribes a specific diabetic diet according to individual needs. Planning meals using the various food lists can add variety and interest to a diabetic's meal.

Some recommended resources to aid in planning menus using the food lists are listed below.

A free booklet **Learning to Live with Diabetes** can be obtained from the following address: Special Project Director, Office of Program Planning, State Department of Health Resources, 1100 W. 49th Street, Austin, Texas 78756.

Another booklet **Exchange Lists for Meal Planning**, containing the six food lists, can be purchased for a minimal charge from any of the following addresses:

American Dietetic Association, 430 N. Michigan Avenue, Chicago, Illinois 60611

The American Diabetes Association, South Texas Affiliate, Inc., Box 19246, Austin, Texas 78711

The American Diabetes Assn., Inc., 1 West 48th Street (600 Fifth), New York, New York 10020

A positive attitude toward a diabetic diet helps. Learn to select the allowed foods on food lists whether eating at home, in a restaurant, in a friend's home or when traveling.

When traveling by commercial airlines, request a standard diabetic diet when making reservations. Most airlines require from 4 hours to 3 days notice.

Careful planning can mean that a diabetic can look forward to mealtime and at the same time protect his health with well-balanced meals.

Here are two recipes taken from **The American Diabetes Association/The American Dietetic Association Family Cookbook**. This book is available for your use through the extension office. Please call or come by if you are interested.

PARMESAN CHICKEN BAKE

Yield: 6 servings
Exchanges per 1-piece serving:
4 Lean Meat

Estimated nutrients per serving
CAL 219 FAT 11
CHO 3 Na 553
PRO 27 K 352

- 1/4 cup dry bread crumbs
- 2 T. grated parmesan cheese
- 1 T. parsley flakes
- 1 tsp. salt
- 1/8 tsp. lemon pepper
- 1/8 tsp. thyme
- 3 chicken breasts, split & skinned (6 halves)
- 3 T. melted margarine

Preheat oven to 350 degrees F. Combine bread crumbs, cheese, and seasonings in shallow dish. Dip chicken in crumb mixture. Coat both sides. Melt margarine in baking dish in oven. Add chicken, turning to coat both sides with margarine. Bake, uncovered, for 1 hour.

4-H Rifle Club shoots well in Ozona

The newly organized Sutton County 4-H smallbore rifle club traveled to Ozona Tuesday, April 3, to compete in a 30-shot prone match sponsored by the Ozona 4-H Rifle Club.

Club members participating were Barry Graves, Ty

Fincher, Billy Collins, Russell Chalk, Decky Spiller, Clay Graves, Blake Trainer, Tracy Fincher, and Todd Keller.

Barry Graves and Ty Fincher were 2nd and 3rd high individual shooters respectively, at the match.

- 1 1 lb. can unsweetened apricot halves
- 1/4 cup water
- 1 envelope unflavored gelatin
- Dash of salt
- 1 T. lemon juice
- 1/2 cup club soda

Drain and puree apricots in blender or through sieve. (Makes approximately 1 cup of puree). Combine water, gelatin, and salt in saucepan. Heat to boiling, stirring. Remove from heat. Add lemon juice and apricot puree. Stir to mix well. Add club soda; mix gently. Divide equally into 4 gelatin molds or serving dishes.

GREAT IDEAS WITH PURE BAKING SODA

What makes an idea great? If it helps you out, saves you money and makes you feel good about yourself, you know its a great idea.

Forms in which you can use baking soda: In its natural state, an open box of baking soda makes a great refrigerator and freezer deodorizer. For other uses, take it from the box and use it in the form of:

A Paste (mix together 3 parts baking soda and 1 part water)

In solution (dissolve 4 tablespoons baking soda in a quart of water)

Dry, sprinkled straight from the box
CAR CARE IS A CINCH

BATTERY: Use a baking soda paste to clean away corrosion build-up from battery terminals without having to use a wire brush. The slightly alkaline paste actually neutralizes corrosion. Then, after reconnecting the clamps to the terminals, wipe them with petroleum jelly to prevent further corrosion. Exercise caution when working around a battery as it contains a strong acid.

UPHOLSTERY: Perk up vinyl seats by wiping with a baking soda solution; rinse and dry. For stubborn spots, use baking soda right from the box on a damp sponge. For fabric upholstery, sprinklesprinkle dry baking soda right from the box on the spots and stains while the spill is fresh and brush it off after the moisture is picked up.

CARPETING: Passengers take their toll on car carpeting. Treat fresh stains by rubbing baking soda in

to the nap. Allow to dry, and brush or vacuum off. The baking soda will help rid the car of dog, baby, and smoke smells, too.

JUST FOR YOU...NATURALLY

BODY DEODORANT: Hold onto that clean fresh feeling after a bath or shower by dusting underarms with a little dry baking soda. It helps to reduce wetness and acts as a natural deodorant!

ACID INDIGESTION: One slice of pizza too amny? Dissolve 1/2 teaspoon of baking soda in a glass of water and drink to relieve mild, temporary stomach upset and heartburn.

MOUTHWASH/GARGLE: For fresh clean breath, dissolve one teaspoon of baking soda in a half glass of water and gargle, baking soda works wonders in actually neutralizing mouth odors without leaving a "cover up" scent.

AROUND THE HOUSE - KITCHEN HELPER

COFFEE AND TEAPOTS: Make a better tasting brew! Remove build-up of coffee oils and tea stains and sweeten the pot by washing with a baking soda solution. To remove stubborn stains, shake baking soda on a damp sponge and rub until clean. Rinse and dry.

EXTINGUISHING KITCHEN FIRES: Keep a box of baking soda handy in the kitchen in case a small grease fire or electrical fire breaks out. When baking soda is heated, it releases carbon dioxide which will smother the flames. To extinguish, toss handfuls of baking soda at the base of the flames. Then, don't despair, since baking soda is of food grade purity, it won't hurt the food being cooked. Just rinse the baking soda off and you can still enjoy your meal.

MICROWAVE OVENS: Clean and deodorize the inside of the oven and around the door seal with a baking soda solution. It won't scratch the delicate interior. For stubborn odors, leave an open box of baking soda inside, but be sure to remove it before each use.

BATHROOM BEAUTIFIER

FIBERGLASS SHOWER STALLS: Sprinkle baking soda on a damp sponge and gently scour to clean, deodorize and remove mildew without scratching. Sponge clean, and wipe dry.

A POWERHOUSE OF USEFULNESS

LAUNDRY: For clean, sweet-smelling clothes, add 1/2 cup of baking soda to the rinse cycle. It helps remove perspiration odors, too!

BAKING: Don't forget baking soda's traditional use as a leavening agent in your favorite baked goods! When combined with an acidic ingredient (such as molasses, lemon juice, buttermilk, cream of tartar), it gives off carbon dioxide gas which expands during baking and causes the dough to rise.

ICA holds monthly meeting

The Independent Cattlemen's Association held its monthly business meeting and breakfast Thursday morning at 7 a.m. at the Sutton County Steakhouse.

A variety of topics were discussed and entered into by the members present.

The attendance was good for the meeting. The next meeting of the local ICA will be held on May 3rd - same time, same place. All members, both old and new are urged to attend.

RECIPE OF THE WEEK

Here's an interesting recipe with baking soda. I hope you enjoy it.

SAUSAGE CAKE

- | | |
|---------------------------|---------------------------|
| 1/4 cup flour | 1/2 teaspoon nutmeg |
| 1/4 cup raisins | 3 teaspoons baking powder |
| 1 cup chopped pecans | 2 teaspoons baking soda |
| 3 cups brown sugar | 1/4 teaspoon salt |
| 1 pound sausage, uncooked | 1 cup strong black coffee |
| 1 egg, beaten | 1 teaspoon vanilla |
| 3 cups flour | |

Mix 1/4 cup flour with raisins and pecans. Combine sugar with sausage and egg. Sift 3 cups flour, nutmeg, baking powder, soda, and salt together and add to sausage mixture alternately with coffee. Add vanilla and beat well. Add floured raisins and nuts. Pour into well greased tube pan. Bake at 350 degrees Fahrenheit for 1 hour 15 minutes. Freezes well. Great served with eggs.

Letter to the Editor

To the Chamber of Commerce and to the people of Sonora:

I would like to take this time to thank each of you for the honor which you have given to my uncle Hershel Davenport. In my opinion (which is biased) it couldn't have gone to a more deserving person.

I have a great deal of admiration and respect for my uncle because not only in the community and in his

business, but also in our family, he is a very fair and caring person. He has always had time to be an uncle when I need an uncle, a father when I need a father and best of all, he's my friend. In short, I am very proud to be the niece of Hershel Davenport.

And to "Unkie Hershy", to us, you'll always be "Citizen of the Year".

Thank You, Clayann Cates Texas Tech, Lubbock

Card of Thanks

A SPECIAL THANKS

I thank Jesus Christ for Candy and all his friends who lifted a transmission off of me and saved my life.

Thank Ya'll Gary They may be examined without charge at the preceding locations or will be forwarded to prospective bidders or suppliers upon receipt of a refundable deposit of Fifty Dollars (\$50.00) to the Engineer at 8900 Shoal Creek Blvd., Suite 420, Austin, Texas, 78758.

Words cannot express our appreciation for the deeds of kindness shown to us during the death of our son and brother, Hollis Dale Reagar. We appreciate the floral offerings, the memorials, the cards, the food and sympathy we received. Thanks also to those who took part in the memorial service. May God

bles each and every one of you.

Mrs. Mary C. Reagar Mr. and Mrs. Verlon Reagar, Sr. and family

Mr. and Mrs. LeRoy Spott and family

Mr. and Mrs. Ray Davidson and family

Mr. and Mrs. Clay Carta and family

To the 185 of you who knew me well enough to vote for me last Saturday, I appreciate your vote and your support.

Thank You, Ann Cates

Christmas decoration fund donations received

On behalf of the Sutton County Days Association, Les Robertson and Debbie Reinhardt presented a check to the Chamber of Commerce Christmas Decoration Fund.

The Chamber has received several donations to the Christmas Decoration Fund including Food Center, Eddins-Walcher Com-

pany, Mr. G.H. Davis, M/M Joseph Vander Stucken, and the Sutton County Days Association.

A total of \$285.00 has been donated to this fund, and the Chamber certainly appreciated the interest and response to this community effort. This money will be placed in a special

Christmas Decorations Fund, and hopefully, new decorations can be purchased for the on-coming Christmas Season.

On hand for Monday morning's presentation were Les Robertson, Debbie Reinhardt, Mike Street, A.W. Bishop, and Edith James.

Agency seeks special students

Do you know of a child, 3 years of age or older, who seems to be delayed in their development? This delay might be in their growth, their speech, their walking or their education. If you do, are you aware that your public school has a program available to help these students? The Menard Special Education Cooperative serves seven school districts of which Sonora ISD is one. They have free of charge and available upon referral an assessment of possible handicapping conditions, speech therapy, physical therapy, remedial education programs and medical and psychological evaluations when needed.

Anyone who knows of a person between 3 and 22 who needs help beyond that being presently provided should contact the principal of the local school to make the referral or call Menard Special Education Cooperative. (915) 396-2132.

Local flower show open to public

You do not have to have a green thumb to enter the flower show Saturday, April 14. A rose, iris, or any other blooming flower and an empty coke bottle are all that are necessary to participate in the Third Annual Sutton County Garden Club Flower Show.

All you have to do is cut the flower, place it in a bottle (but don't cut off the green foliage) and bring it to the Sonora Junior High Snack Bar. We will classify

each entry and it might win the Blue Ribbon.

Also, floral arrangements of dried, fresh, or a combination of both can be entered in the design division of the show. You can also make a miniature designs and have coffee and cookies with those participating from 1 p.m. until 3 p.m.

Registration will be from 8 a.m. until 10 a.m. (try to arrangement (only 5 in. X 5 in.) or a fun arrangement of

fresh fruits or vegetables. For those not entering the show, come by and see all the plants, flowers and come early. Judging will be from 10:30 a.m. until 12 noon.

Everyone is encouraged to go and share and learn with the Garden Club. If you have any questions, please contact Frances Ross 7-3044, Ruthie Cahill 7-2947, Celeste Prugel 7-2745, or Diana Trainer 7-3422.

"Sideshow" presents politics Texas-Style

A song and laugh filled musical comedy called **Sideshow**, a South West Texas style celebration called "Cactus Jack Days" and for those who take their politics and history more seriously, a Symposium titled "The Politics and Personality of John Nance Garner" will all happen in Uvalde the first weekend in June.

"Washington politics is a freak show!" Garner, vice president under Franklin D. Roosevelt, was quoted as saying. In 1977, Rick Smith, then a columnist for the **San Angelo Standard Times** took that freak show quote and wrote a rollicking musical comedy about Cactus Jack Garner's life in Washington. The old politico's story, woven in song and narrative through the hubbub of a circus sideshow, is peopled with a sideshow barker (Garner), a mechanical man (FDR), Siamese twins (House & Senate), a strongman (John L. Lewis) and other New

Deal players.

Sideshow won top honors at the American College Theatre Festival at Kennedy Center in Washington D.C., receiving standing ovations and critical acclaim.

Uvalde Area Community Theatre has hired New York Director Joel Casey to direct their musical. Casey grew up in the Nueces Canyon Hill Country just 30 miles north of Uvalde.

Uvalde County Historical Commission and Uvalde Arts Council will give Texans a look at presidential politics of the past when they host a Symposium Friday, June 1st, titled "The Personality and Politics of John Nance Garner". This series of discussions about the wit and wisdom of Cactus Jack will feature former U.S. Senator, Ralph Yarborough, former U.S. Congressman, O.C. Fisher, former Governor of Texas, Dolph Briscoe, Jr., former Texas Supreme Court

Justice, Ross Doughty, T.R. Fehrenbach, author and historian and Dr. Lionel Patenaude, Professor of History.

Both **Sideshow** and the Symposium will be presented in Uvalde's recently restored 1891 Grand Opera House. The Opera House was a gift to Uvalde from the Garner family.

Sideshow is scheduled to run concurrently with Uvalde's "Cactus Jack Days", which features horseraces, arts and crafts booths, C & W dancing, jalapeno eating contests and barbecue and fiddlin'.

Ticket information, performance times and prices for **Sideshow** playing June 1, 2, 3, 7 & 8 may be obtained by writing:

Public Notice

Southwestern Bell Telephone Company, in accordance with rules and orders promulgated by the Public Utility Commission of Texas, hereby gives notice of a public hearing to begin at 10 a.m. on Monday, May 14, 1984, in the offices of the Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas, concerning proposals made by the company to add three optional services and delete two services from the list of local exchange services available to its Texas customers.

Proposed additions to the local exchange tariffs include an optional Local Measured Service under which all residence customers and single-line business customers could pay monthly rates less than flat rate for one-party service, with an additional charge for each completed outgoing call to be determined by the time of day, distance and duration of each call; and a subsidized LIFELINE local service to be made available to qualified individuals, as determined by the Public Utility Commission. The monthly rate for LIFELINE service would include an allowance of 25 outgoing calls per month, plus a charge for each additional call.

Proposed for deletion from the local exchange tariffs are one-element measured service offerings for residence customers and single-line business customers, but current customers would not be affected.

The company does not anticipate that these additional services will result in an increase in revenue to Southwestern Bell Telephone.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Aviso al Publico

Por medio del presente aviso y en conformidad con las reglas y dictámenes de la Comisión de Servicios Públicos de Texas, la compañía Southwestern Bell Telephone anuncia la audiencia pública que se llevará a cabo a partir de las 10 de la mañana del día lunes 14 de mayo de 1984 en las oficinas de la Comisión de Servicios Públicos, 7800 Shoal Creek Blvd., Austin, Texas, con respecto a la propuesta de la compañía, que consiste en agregar tres servicios opcionales y suprimir dos servicios de la lista de servicios telefónicos locales a disposición del usuario en Texas.

Las adiciones propuestas al arancel del servicio telefónico local incluyen un Servicio Medido Local opcional según el cual todos los clientes residenciales y los clientes comerciales con línea única pagarían tarifas mensuales menores que la tarifa fija para servicios de línea única, con un cargo adicional por cada llamada completa efectuada desde ese teléfono, establecido según la hora, la distancia y la duración de cada llamada; así como un servicio local subvencionado de LIFELINE que estaría disponible para determinadas personas, según lo establece la Comisión de Servicios Públicos. La tarifa mensual para el servicio de LIFELINE incluiría 25 llamadas mensuales con un cargo adicional por cada llamada en exceso de 25.

Se propone suprimir del arancel del servicio telefónico local las opciones de servicio medido de un elemento para clientes residenciales y clientes comerciales con línea única, pero esto no afectaría a los clientes actuales.

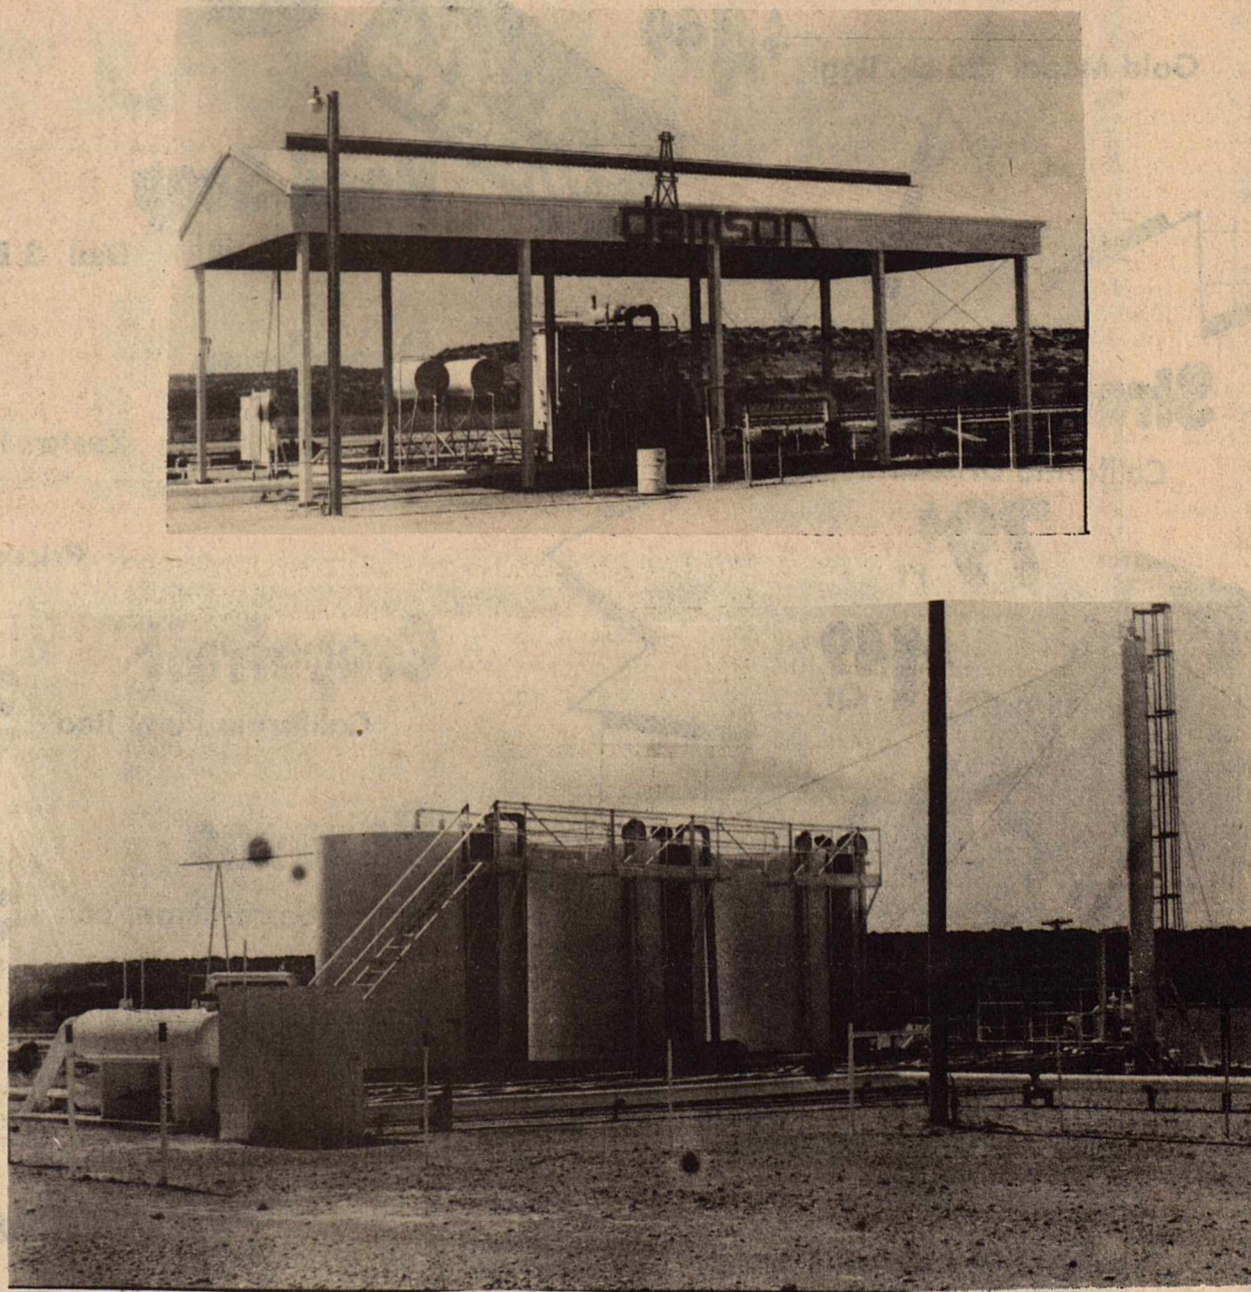

La compañía no espera que estos servicios adicionales produzcan un aumento de ingresos para Southwestern Bell Telephone.

Toda persona que desee intervenir o participar en el proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223 o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para sordos.
