Sutton County news briefs

Chamber needs logo

Are you an artist? If so, the Sonora Chamber of Commerce would like for you to enter a contest for a logo to be used countywide on decals, bumper stickers, flags, letterheads, etc.

In order for Sutton County to participate in the state-sanctioned "Sesquicentennial year" celebrations, a program of events and a logo must be sent by the county to Austin.

The program is being worked on by Edith James, Bill Stewart, and Sutton County Judge Charlie Sherrill. The 1986 theme will be used for many celebrations, dedications, and memorials.

Entries in the logo contest must be representative of the entire county, not just the city. It may be on the economic facets of the area, or may show landmarks, etc.

Entries must be turned in at the Chamber of Commerce office, 706 S.W. Crockett on or before October 15. Drawings may be in color or black and white and may be on any size paper 8 1/2 inches by 11 inches or larger.

Drawings will become the property of the Sonora Chamber of Commerce and will be judged by an anonymous panel of judges. The winner will be announced at the end of October.

A prize will be awarded to the winner of the contest.

Welcome tea slated

The Lillian M. Hudspeth Memorial Hospital and Nursing Home Auxiliary will host a tea Sunday, September 30, 3-5 p.m. for the new hospital administrator, Terry McNutt and family in the nurses lounge.

The public is invited to attend the tea and meet the McNutts.

County appoints Ross

Approximately 25 Sutton County residents turned out for a special meeting of the Sutton County Commissioners Monday at 10 a.m. in the courthouse.

The main item on the agenda was the possibility of creating an Underground Water Conservation District for the area. Drew Durham was the chief speaker for the meeting and advised the commissioners to appoint a committee to investigate all of the possibilities open to the county.

One of the alternatives to setting up the county's own district was to possibly join the one in Schleicher County.

Joe David Ross was appointed as the temporary chairman for the committee and the list of committee members will be available by the next meeting to be held Monday, October 8.

Some of those attending included Tony Renfro, Preston Love, Harold McEwen, Edith James, Charles Graves, Glen Fisher, Hershel Davenport, Albert Ward, John Ward, Joe David Ross, Mike Street, Erma Lee Turner, Bill Keel, Preston Faris, Tom Payton, Virgil Polocsek, A.W. Bishop, Al Elliott, Billy Green, Donald Patton, and Mark Shurley.

"Flood Gate" to show

James Buchman's one-man play "Flood Gate" will be shown Sunday, September 30 at Angelo State University.

The play, about the life of Edwin Booth, will star Ken Reich and will begin at 8 p.m. Sunday night.

The performance is only open to Angelo State University students and season pass holders.

Ramirez wins contest

An almost perfect entry was turned in this week in the Devil's River News Football Contest by Eddie Ramirez who missed none, but missed the total points by 29 in the tie-breaker, the total points of both teams in the Dallas Cowboy game of the week. The actual total was 26 points.

Ramirez will receive \$15 for his first place entry. His form was picked up at Hershel's Foodway.

Taking second place prize money of \$10 was Sammy Mata with one miss. His entry form also came from Hershel's Foodway. Mata was 11 points away from the tie-breaker.

Rodney A. Knight will receive \$5 for his third place entry. He also only missed one but was 17 points away from the tie-breaker. Knight obtained his form from Food Center.

Remember that all entries have to be in the Devil's River News office by 5 p.m. Friday afternoons. Get your entry form early and you could be a winner next week.

Sponsors who have forms include P.M. Office Supplies, Perry's, Spain's Inc., The Ritz, Sutton County Steakhouse, Kerbow Furniture, Food Center, Hershel's Foodway, and Sutton County National Bank.

Ice Cream Social set

The Sonora High School and Junior High School bands will be having an ice cream social Tuesday, October 2 at 6:30 on the high school tennis courts.

The bands will be performing during the evening. Tickets to the event are available from any band member for \$1 each.

Game times changed

Although district football games have traditionally been held at 7:30 p.m., Sonora High School has announced that all varsity football games will be held at 8 p.m. this year.

Lions Club nets \$11,930

BY CAROL JONES

There was a "grand old time" at the 46th Annual Auction Sale benefiting the Sonora Downtown Lions Club Tuesday night in the Sutton County 4-H Center on Highway 290 West.

The barbecue before the auction was simply delicious and there was ample for a large crowd that turned out for the auction. The goats for the barbecue were donated by Jim Cusenbary, Harrison Ranch, Eddie Smith, Billy Galbreath, A.E. Prugel, Bill Savell, Corky and Elsie Schweining, Bill Stewart, Haynie Davis, and the Rousselot Ranch.

Immediately following the huge "feed", the Edwards Plateau Soil and Water Conservation District presented the "Rancher of the Year" award to Joe and John Paul Friess. Accepting the award was Joe Friess who is the principal operator of the ranch.

At that time, Lem Jones, auctioneer from Harper, began the auction for his 35th consecutive year, and let me tell you, with the spotters that he brought along with him, one did not dare raise a hand—that is, unless you wanted to bid on one of the items.

Over 120 items were donated by locally owned and operated businesses and individuals.

The prime selling item, as always, was the famous 39 year old "Mystery Package" donated by last year's buyer, Lea Roy Aldwell. The package sold to Herbert and Loise Fields Tuesday night for \$850, bringing the total of proceeds made by the famous package for the past 39 years to \$11,942.50 for the Lions Club.

Proceeds from the annual auction and other money-raising projects undertaken by the Lions Club go to help support the Boy Scout Charter, the Care Program, eye exams and glasses, West Texas Boys Ranch, the Sutton County 4-H Center and the 4-H Livestock Show.

Also the hunting party, Lions International Foundation, Sonora Wool and Mohair Show, Sonora Speech Meet, Sonora/Sutton County Community Park, Texas Lions's All State Band, chamber of commerce, Concho Valley Home for Girls, Crippled Children's Camp, Firemen's Training School, and the 4-H Food Show and Dress Revue.

Some of the other projects that the Lions contribute to are the little league baseball organization, West Texas Re-Hab Center, Women's Club Library, Sutton County Senior Center, and the welfare council.

This year the auction netted \$11,830 plus a personal donation of \$100 for a grand total of \$11,930.

Items donated, the donor, the price paid, and the purchaser are as follows: 1/2 case of oil, Eddins-Walcher for \$35 by Les Robertson; 40 pounds of laundry detergent, Sears-Roebuck Co. for \$25 by Tryon Fields; a utility pouch, Foxworth Galbreath for \$30 by Carolyn Owings; one case of beer, Chavarría Grocery for \$25 by 4-Mile Ranch; meal for five people, Dairy Queen for \$35 by George Wallace; porcelain doll, Tedford Jewelry for \$200 by Chaparral Motors; goat, Jim Cusenbary for \$180 by Sutton County Days Association; 1/2 gal. Seagram V.O., Tim's Liquors for \$35 by Bobbie Fawcett; and a \$25 savings account, Sutton County National Bank for \$55 by Food Center.

Also one case of anti-freeze, Western Auto for \$105

by Ruth Espy; goat, Joseph Vanderstucken for \$290 by Joseph Vanderstucken with the goat to be donated to the Sonora Volunteer Fire Department; \$50 gift certificate, Spain's Department Store for \$120 by Dub Wallace; first aid kit, Sonora Fire Department for \$120 by Nathan's Jewelers of San Angelo; two free passes, Ritz Theatre for \$25 by Tryon Fields; one ton 20 percent cubes, David Walsh Feed Co. for \$280 by Vestal Askew; goat, Bill Wade for \$160 by Thelma Johnson with goat donated to the Lions Club; casting reel from Gibson's for \$75 by Reliable Equipment; Zebco graphite rod from Gibson's for \$70 by First National

Bank; two floats from Reliable Equipment for \$65 by Alice Jones; a French coconut pie made and donated by Jeanne Davenport sold for \$50 to Nathan's Jewelers; goat, Ruth Shurley for \$150 by Food Center, goat to be donated to the fire department; knife set, Sonora Wool and Mohair for \$75 by Teaff Oil Co.; smoked turkey, Branding Iron Smokehouse for \$130 by George Brockman; a make over kit, Merle Norman Cosmetics for \$115 by Sutton County Days Association; one case of oil, Sonora Ozona Oil Co. for \$100 by Frank Bond; and a 30 cup coffee maker, Perry's for \$140 by Chaparral Motors.

DRN to print Caballo Diablo

BY CAROL JONES

The Sonora High School newspaper, "Caballo Diablo", will be condensed this year and will become a part of The Devil's River News effective with the first issue Wednesday, October 3.

Due to a shortage of funds and various other circumstances, the decision was made by school officials to go this route at no expense to the school district.

The journalism class will still be writing stories, taking pictures, and covering all of the school club meetings as in the past, but the articles will be published on a special page in The Devil's River News every two weeks.

Jack Asbill, high school principal, stated Friday that he likes this new method because the students will be able to spend more time in the classroom writing. Writing and photography are the essential elements for the journalism class as set up by the state.

Students will also be contributing articles and photographs to the DRN on "off" weeks when the information is pertinent to the community.

Watch next week's Devil's River News for the school page, and let all of the sponsors on that page know that you appreciate their help in bringing the "Caballo Diablo" to you.

FADD officers elected Wednesday

It was incorrectly reported in the September 19 issue of The Devil's River News that a Students Against Drunk Driving was formed in Sonora when in fact the organization formed will be called FADD, Families Against Drunk Driving.

Officers of the organization were elected at a special meeting last Wednesday night and include Jody Luttrell, president; Shannon Rushing, vice-president; Trudy Dell Taylor, secretary; and Elizabeth Allen, reporter.

Board members of the organization originally set out last winter to form a MADD Mothers Against Drunk Driving, organization, but later voted to keep the organization on a local level so as not to have to pay the 50 percent to the parent organization in order to use the MADD name and literature.

The board also wanted to use any funds here in Sonora and members wanted more local youth involved

recreation and felt that they could better do this at a local level. The youth officers will run the organization under the supervision of board of directors John Ferguson, Betsy Johnson who was instrumental in getting the local organization's name chartered, Linda Burkes, and Sandra Cooper.

Representatives from different classes at the high school, in addition to the officers include Robert Harris, freshman; Mickey Sharp, Misty Kramer, Doug Chandler, and Jari Burkes, sophomores; and juniors Todd Phillips, Rachel Stephen, Jim Cooper, and Shannon Turner.

A spokesperson for the board stated Friday that the organization will be separate from any Church and that an adult will always be present at the meetings.

To volunteer to help or to obtain more information about the FADD organization in Sonora, call 387-2020.

[Cont. on page 2]

State sales taxes to go up Tuesday

You go to the store and buy an oil filter for your car. It seems like it cost a nickle more this time.

Then you pick up the dry cleaning. That seems higher, too.

You didn't forget that bag of fertilizer. But you paid 50 cents more than the last price you remember paying for it.

Oh, you almost forgot picking up the camera you left

at the repair shop last week to get the shutter fixed. That much to get it fixed, huh?

As you drive, you're wondering what it was the newspaper boy said about the new weekly price for home delivery.

And so it goes. The October 2 tax hike is upon us.

The \$4.8 billion tax package passed by the

[Cont. on page 11]

Broncos earn third victory

game.

The next Bronco score came just seconds before halftime when Jessie Guerra stepped in front of a Tim McAngus pass and returned it 35 yards for a score. Miller missed the PAT and the halftime score was 13-7 Broncos favor.

The Broncos got the only score of the third stanza as Victor Lira intercepted a pass at the Eagle 25 yard line and the Bronco offense took it in for the score with Lira getting the honors on a one yard carry. Miller passed to Esau Ramirez for two extra points to up the score to 21-7.

The Eagles scored in the fourth quarter on a halfback pass play with 7:00 remaining to tighten up the game to 21-14.

Then you have heard the ole saying, "Lightning never strikes twice in the same place! Well, for the Eagles it did! The Eagles, forced to throw the ball in the last minute of the game, had back to back passes

intercepted and both returned for touchdowns.

The first was by Esau Ramirez who returned 25 yards and the second was on the last play of the game by Jessie Guerra for 40 yards. This made the final score 33-14 in favor of the Broncos.

Joe Mike Noriega led the Broncos in the rushing department with 53 yards on 15 carries, John David Martinez had 11 yards on 10 tries, Victor Lira 10 yards on 4 attempts, Ramirez 3 yards on 2 carries and Scott Miller minus 11 yards on 5 carries.

The Broncos netted a meager 66 yards on 36 attempts.

In the passing department, Doug Martin was 1 for 1 for 16 yards and Miller was 5 of 19 with 1 intercepted for 55 yards.

In the receiving department Joe Will Ross caught two passes for 33 yards, Esau Ramirez caught two passes

WTU base rates up, fuel cost down

A settlement agreement providing an increase in base rates and a decrease in fuel cost charges has been reached in the West Texas Utilities Co. rate case now pending

FLYING LIFE-SAVERS

Oil Industry Lifesaving Flights (OIL Flights), a charitable air transportation program that helps patients in critical need of organ transplants, averaged four emergency flights a month in its first six months of operation.

OIL Flights transports human organs, surgical teams, organ recipients and donors without cost to the patient. It is underwritten by 47 petroleum industry companies, and is chaired by J.B. Cofman, president and chief executive officer of Aminoil Inc. About half the flights were made on corporate aircraft, and half by chartered planes paid for by the sponsor companies. ▲

before the Public Utility Commission of Texas.

A formal hearing scheduled for this week in Austin was cancelled after WTU, the PUC staff and intervenors on behalf of several cities entered into a negotiated settlement on all issues involved in the rate case. A hearing will take place today at 3 p.m. for submission of the written agreement, which must be approved and signed by the cities. The hearing examiner then will make a recommendation to the three-member Commission.

Under the agreement, WTU would receive an increase in basic rates of approximately \$12.5 million. It will receive about \$7.1 million less for fuel costs because fuel prices apparently have softened. WTU also will refund to consumers about \$6.1 million in fuel costs over-collections during

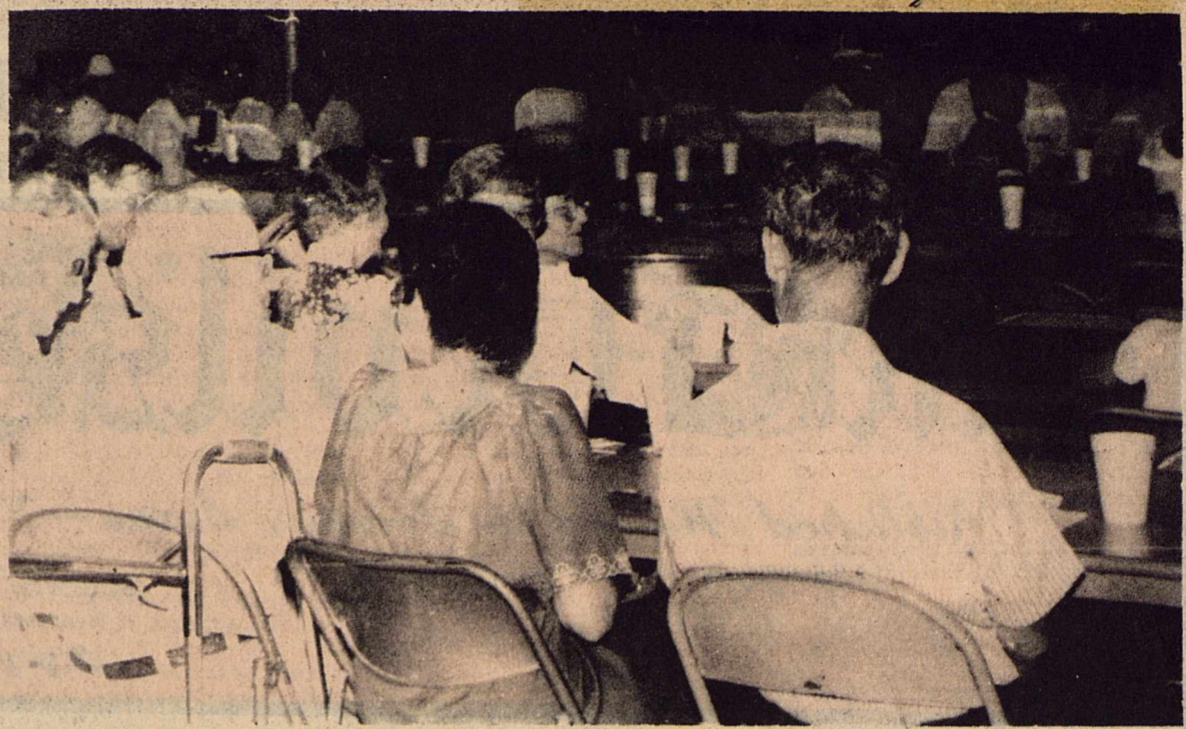

FADD

(cont. from page 1) Families Against Drunk Driving had its second meeting of the year, Sunday evening in the Methodist Church Parlor. Approximately 28 adults and teenagers gathered to hear a program presented by John Ferguson, Texas Highway Patrolman, on the hazards of drinking and driving, a national and local problem of growing dimension. After the program, the meeting was turned over to the president, Jody Luttrell and an animated discussion took place about the goals and thoughts that the group has in mind for this organization.

While not denying that drunk driving is a problem with the adult driver as well as the teenager; the group felt it would appropriate to try and tackle this enigma by rallying the Sonora teenagers against driving while drinking. Activities where alcohol is not allowed seems to be the obvious answer. FADD will undertake the planning of special activities open to all high schoolers in this area. Programs about drunk driving will also play a role in the education of local drivers and will be sponsored by this group.

Local response to the newly formed organization is encouraging. Surrounding counties are also interested in how FADD does in Sutton County as they have expressed a desire to establish similar programs.

FADD asks everyone to watch for and become a part of their social activities, don't drink and drive, and become involved by contacting any member...help is always needed. One alcohol-related fatality in Sutton County is too many.

Crowd enjoys 1984 Lions Club Auction at the 4-H Center, September 18.

Arredondo rites held

Funeral services for Rafael Duran Arredondo, 26, were held at 10 a.m. Thursday in St. Ann's Catholic Church.

Interment followed in the Sonora Cemetery under the direction of Kerbow Funeral Home.

Arredondo died Tuesday morning as a result of an automobile accident in Kimble County.

He was born September 20, 1957 in Sonora and was employed by Jimco-Dicon Enterprises.

Survivors include his wife Betty, a son Jason, his parents Mr. and Mrs. Onesimo Arredondo of Sonora, four sisters, Rosa Longoria of Ozona, Carmen Martinez, Tina Acosta, and Mary Lou Arredondo all of Sonora, and three brothers, Carlos of Hereford, and Lee and Manuel of Sonora.

Pallbearers were Gary Galindo, Sylvester Galvan, Jimmy Condra, Jimmy Trainer, Justin Condra, Ismael Sanchez, Candido Duran and Mario Duran.

ZAPATA CELEBRATES BIRTHDAY

Tomas Zapata celebrated his 77th birthday a day early at the Sutton County Senior Center Friday with all of his friends and his relatives. Zapata is shown here [center] with his granddaughter, Alma Zapata on the left and his daughter-in-law, Francis Zapata on his right. Cake and ice cream were served following the noon meal along with punch. Guests at the center sang "Happy Birthday" to Zapata in Spanish as well as in English. (Contributed Photo)

Services held for Maurine Valliant

Funeral services were held Tuesday afternoon at 3 p.m. in the First United Methodist Church for Maurine J. Valliant, 80, of Sonora.

Reverends David Griffin and Paul Terry of Eden officiated with burial following in the Sonora Cemetery under the direction of Kerbow Funeral Home.

Mrs. Valliant was born at Pauls Valley, then Indian Territory. She was married to Clarence Valliant at Weslaco September 29, 1929. She became a resident of Sonora in 1929.

Mrs. Valliant was the salutatorian of the first graduating class at Weslaco High School and received

her bachelor of science degree in College of Industrial Arts which is now Texas Women's University at Denton.

She died at Hudspeth Hospital Saturday, September 22 at 5:30 p.m.

Survivors include a daughter, Marilyn Griffith of Monahans; two sons, Edward of Brady and Don of Bakersfield, California; eight grandchildren including Jimmie Sue Griffith of Sonora; and five great-grandchildren.

Pallbearers were Dick Street, Turney Friess, Joe David Ross, Nolen Gibbs, Albert Elliott, and Ronnie Cox.

SUTTON COUNTY REACHES GOAL AGAIN

Mrs. Alvis Johnson (left) accepted an award recently from the American Cancer Society, Texas Division for achieving the goal set for Sutton County's crusade. Mary Barrow (left), president of the division, presented the award. This is the 30th year that the Sutton County chapter has reached the goal. [DRN Photo--KKN]

Cleo LaBedelle rites held in Winters

Cleo LaBedelle, 47, of Sonora died Thursday, September 20 at 5 a.m.

Funeral services were held Sunday at 2:30 p.m. in the Winters Funeral Chapel and burial was at Wilmeth Cemetery.

Mrs. LaBedelle was born February 13, 1937 to Loy and Vera Perkins in Wilmeth, Texas. She married Marilyn (Curley) LaBedelle June 19, 1954 in Ballinger.

She is survived by her husband; two sons, Ronnie of Wall and Ricky

of Winters; five daughters, Linda Diffe, Sandra Hamrick and Peggy LaBedelle, all of San Angelo and Vera and Marilyn LaBedelle, both of Sonora; three sisters, Mrs. H.O. Hubach, Mrs. Johnny Wright of Winters and Mrs. Edna Travis of Temple; one brother, Buster Perkins of Graham; and eight grandchildren.

Pallbearers were Robert Delich, Woody Mai, Tillman Staggs, Jesse Fenwick, Carl Young, Olen Potts, and Eddie Neill.

Carlos Lozano dies, funeral held Tuesday

Carlos Lozano, 61, of Sonora died Sunday morning, September 16 in Hudspeth Hospital.

Funeral services were held Tuesday at 10 a.m. in St. Ann's Catholic Church with Father Bernard Gully officiating. Interment followed in Sonora Cemetery under the direction of Kerbow Funeral Home.

Lozano was born January 23, 1923 in Kerrville. He was a retired mechanic and a member of the Catholic Church.

He is survived by his wife, Consuelo of Sonora; four daughters Alma Brazee and Sandi Espinosa of Sonora, Elsa Gasca of Dallas, and Linda Lozano of Lubbock; five sons, Reynaldo, Homer, and Israel of Sonora, Joe of San Angelo, and

Carlos of Lamesa; five brothers, Raymond, Juan, Manuel, Ralph, and Tanislado; two sisters, Lily Trevino and Manuela Lozano; and 28 grandchildren.

Only one President so far has held a Ph.D. degree—Woodrow Wilson.

Around Town

BY HAZEL MCCLELLAND

Mrs. Guila Vicars entertained the Tuesday Night Bridge Club at her home September 17. A salad plate was served to Mrs. Edwin Sawyer, Mrs. Jo Nell Johnson, Mrs. Metha Trainer, Mrs. Mary Barrow, Mrs. Ruth Shurley, Mrs. Robert Halbert, Mrs. Vestal Askew, Mrs. Leo Merrill, Mrs. W.O. crites, Mrs. Lena Belle Ross, members. Guests were Mrs. Belle Steen, Mrs. Rip Ward and Mrs. Hazel McClelland. Mrs. Sawyer won the high score prize for members and Mrs. McClelland won the high guest prize. Mrs. Halbert won the traveling prize and Mrs. Trainer won the bingo prize.

The Sonora Art Club held the first meeting of the winter September 17 at the Art Club Building. Mrs. Gloria Gordon, president, presided. New officers for the coming year are Mrs. Gordon, president; Mrs. Pauline Runge, vice-president; Mrs. Verna Raphael, secretary and treasurer, and Hazel McClelland, reporter. Hostesses were the new officers. Cake, cookies, sandwiches, chips, and drinks were served to Mrs. Gloria Gordon, Mrs. Verna Raphael, Mrs. Bernice Williamson, Mrs. Mary Lou Gilly, Mrs. Mary Guest, Mrs. Lorene Taliaferro, Mrs. Fern Whipff, Mrs. Cheryl Skains, Mrs. Wilma Schweining, Mrs. Janette Cooper and Mrs. Louise Snyers. Mrs. Ayako Manges, a new member, was voted into the club. Mrs. Wilma Schweining gave a lesson in oil painting.

The Sonora Sewing Club met September 18 at the Charlie Shannon home. Vicki Shannon was the hostess. Homemade cinnamon rolls, juices and coffee were served to the members when they arrived. Those present were Mrs. Jackie Hopkins, Mrs. Sadie Archer, Mrs. Lucille Coleman, Mrs. Elizabeth Hemphill, Mrs. Cynthia Ward, Mrs. Mary McLain, Mrs. Leona Bishop, Mrs. Lucy Ward, Mrs. Joan Cusenbary, Mrs. Bernice Savell, Mrs. Marsha Rioux and her mother-in-law, Mrs. Pauline Rioux, and her sister-in-law Diane Rioux of Milton, Mass. Mrs. Marie

Petroettes hold meeting

The regular meeting of the Petroettes was held recently in the home of Margaret Cascadden, president of the club.

Mrs. Cascadden had a salad lunch for those attending.

Proceeds from the Sutton County Days were discussed and it was decided that Thanksgiving food baskets would again be distributed throughout the area with Suzie Rameriz in charge of details.

The next regular meeting will be held on the third Thursday of October. Anyone who might wish to join or attend may contact Margaret Cascadden.

Pierson and Mrs. Benny Gail Hunnicutt of Ozona. They had lunch at Beto's Mexican Cafe.

Mrs. Ruby Dameron of Brownwood spent the weekend with friends.

Mrs. Mary Barrow and Mrs. Guila Vicars were in San Angelo Thursday.

Mr. and Mrs. Vestal Askew were business visitors in San Angelo Wednesday.

Mr. John McClelland has returned home from Hudspeth Hospital.

Mr. and Mrs. Gary Schweining spent a week in Albuquerque, New Mexico.

Mr. Granville Barker was in the Hudspeth Hospital several days this past week.

Mrs. Elizabeth Sanchez is in the Hudspeth Hospital.

Mr. and Mrs. Johnny McClelland of Houston were here this past week visiting his parents, Mr. and Mrs. John McClelland.

Mr. and Mrs. James Morris were in Dallas last weekend visit-

ing their son, Jimmy.

Mrs. Vestal Askew, Mrs. R.A. Halbert and Mrs. Guila Vicars were visiting in San Angelo Monday.

Have you eaten at the Senior Citizen Center lately? The food is delicious and the people working over there are so nice and helpful. They deliver meals to the sick people who cannot get out. Give them a try...you will be surprised and delighted with the food and the service.

"RIGHTEOUSNESS"

Jesus Christ Our Lord, admonishes us - "Be YOU perfect even as Your Father in Heaven is Perfect."

I have read that particular direction given by Jesus, and at first said to myself, why that it impossible. We are frail human beings we all make mistakes, we cannot be perfect as God. We cannot be perfect as Jesus Christ was and is. Jesus is just kidding. Rather then just read those few words of scripture by themselves, a person needs to read them in the full context in which they are contained. That puts us and the meaning into what we call - "Righteousness." Our "Rightness with Jesus Christ our God. That second time is not mis-spelled I mean our "Rightness" with Jesus Christ. Our faith, our trust, our belief needs to be on the same plain and level as Jesus Christ as His is with God the Father, just like they are One in Spirit and in Truth, so we need to be one with our Lord and Saviour Jesus Christ. Then His will and His way will be Our will and our way.

It is the lack of our own "Righteousness" that puts many aspects of our faith, and real salvation with and through Christ

beyond our reach. We regard being perfect in faith as directed by Jesus because we want to, not because we have tried it. We chalk it off as not being possible, and therefore not even important. Jesus also tells us that we are known many ways. The way we react to His teachings is many times seen and known in our own aims and actions in life. We have heard it said that those who sit in the church pew every Sunday are maybe not the most righteous ones in life. But by the same token, those who are never sitting in church on Sunday are not the most saintly either. It is right and proper to publically praise the Lord our God, just as it is also proper and necessary that every other day and hour is also a day and time when we should be "Perfect even as Our Father in Heaven is Perfect. Perfect in belief, Perfect in Act and Deed of practicing our faith, perfect of our trust in Jesus Christ our Lord, thus being able to extend His Love, Peace and Truth through our relationship with Him being His instruments of Righteousness.

Mayers Ranch for \$95 by Sutton County Days Association, goat to be donated to the senior center; 100 pounds of beans, Hershel's Foodway, \$130 by George Wallace; one case of oil, Rio Grande Dist. Co. for \$65 by Jim Cusenbary; pineapple upside down cake, Ann Cates for \$50 by Jack Asbill; one free car wash, Roger's Exxon for \$55 by Jim Cusenbary; and a Barbado lamb, Well Head Safety for \$50 by Sonora Wool and Mohair.

Letter to the Editor

Dear Editor:

The Concho Valley Chapter of the March of Dimes Birth Defects Foundation is rebuilding and we are planning, primarily, to do it through our annual Mothers' March during January 1985. That seems a long time in the future but there is a tremendous amount of planning involved.

I have agreed to be the overall Mothers' March Chairperson so I have a strong personal commitment to make the 1985 March the best yet. Our goal this year for our 13 County Chapter is \$25,000.00

The March of Dimes, founded by President Roosevelt, was founded to combat polio. We are the only such organization that has been successful in accomplishing its original goal! We sincerely believe we can do it again against birth defects. Just think of the day that every newborn child can look forward to a life that started with good health.

The largest amount of the money

raised will be used locally. We are working on grant requests for tuition assistance for local students entering the medical profession. Our Health Professionals Advisory Committee, under Dr. Patyrak, is proposing a birth defects register to determine our local needs. We plan to work with all the schools with our lending library of films and printed material. We are establishing an organization of parents who have children with birth defects.

Please ask your readers to contact our Chapter at 915/655-7983 or drop me a note: Berta Perez Linton; 103 S. Irving, Suite 806, San Angelo, Texas 76903 and tell me if they want to be a leader and/or marcher and/or office worker.

We all have a common cause here, your child, my child, our children. Please help.

Sincerely
Berta Perez Linton
Mother's March Chairperson

PUC gives pointers

The Public Utility Commission has developed the TEXAS TUNE-UP Campaign--a statewide program to help residents control their utility bills this summer. The campaign includes television and radio spots and written material in the form of brochures and fact sheets. Consumers may call a toll-free energy hotline (1-800-643-

SAVE) to receive advice and publications on residential energy management.

Along with air conditioning, water heating is one of the biggest energy expenses in a home. Laundry, dishwashing, bathing, cooking and other hot water uses account for approximately 20 percent of an average family's total energy consumption. Cutting water heating costs will save on energy expenses immediately and continue saving you money all year.

If you don't have one of the new well-insulated models, add an extra layer of insulation around the outside of the water tank to cut heat loss. Cost of materials is approximately \$20, which, in the typical home, will be regained in savings in two to four months. Foil-backed insulation and tape do this job can be purchased at your local hardware store, or look for a precut kit which will include "how-to" instructions and safety tips. While you are at the store, pick up enough pipe insulation to cover both the hot and cold water pipes leading from the tank.

The insulation goes around the tank like gift wrapping on a package--the shiny foil on the outside. The main point is to cover all exposed surfaces of the tank, except for critical areas that must be free to "breathe". On electric water heaters, it is best not to cover the drain faucet, the thermostat access panel, or the relief valve on the top of the tank.

On gas water heaters, do not cover air inlets, pipes, controls, relief valves, or the draft diverter at the top of the heater. If you are unsure about the various crucial openings on gas water heaters, the manufactured insulation jacket has holes precut for the critical areas. It is also important that the insulation be affixed to the tank so that it can't slip down and cover the openings later.

Tom Loeffler's weekly report

OUR ENDURING CONSTITUTION

On September 17, 1787, delegates to the Constitutional Convention in Philadelphia proudly signed their names to a remarkable new document, the Constitution of the United States, which has been described by scholars as "the finest expression of the determination of a free people to govern themselves and protect their liberty."

Each year the President proclaims September 17 as Citizenship Day and the week during which it falls as Constitution Week in recognition of the paramount importance of the Constitution to our Nation and of the vigilant role to be played by all Americans in maintaining the rights and privileges of our cherished citizenship.

It is appropriate to recall the events which culminated in the signing of this enduring document 197 years ago-for in their wisdom, the delegates succeeded in crafting a framework which met not only the needs of a budding nation but which continues to serve us as society becomes increasingly complex and diverse.

Originally, 55 delegates traveled to Philadelphia in May, 1787, to revise the Articles of Confederation. As debate and compromise continued during what was to be remembered as the hottest, most humid summer in almost four decades-our Constitution slowly evolved.

The document was produced by a relatively young group: the average age was 42, with the youngest member, 30, and the oldest, 82. Although some of our Nation's most impressive leaders were present-George Washington, James Madison, Alexander Hamilton, and Benjamin Franklin-two of the most able were not. Thomas Jefferson was in Paris and John Adams in London, both on diplomatic business.

These early leaders labored together for 116 days in the summer heat, taking off only Sundays and twelve other days, and their daily sessions lasted anywhere from five to seven hours. Other codes of laws were carefully studied, including those of Great Britain-among them the Magna Charta-our Articles of Confederation, and the constitutions of the individual states.

When the Constitutional Convention had completed its work, the members added their signatures to a document which begins with the famous preamble, "We the people of the United States..." and seven Articles. Later were added 26 amendments, with the first ten known as the Bill of Rights.

The Constitution provides the structure of our federal system and a system of checks and balances that applies equally to each branch of government, to relations between the States and the Federal Government, and to each of us. It protect the rights of all Americans to "life, liberty, and the pursuit of happiness" and limits governmental authority, to ensure that these liberties are faithfully protected.

The Constitution provides a framework for our continuous striving to make a better America. And, significantly, it is by choice, not by imposition, that the Constitution is the supreme law of the Land.

As we approach the bicentennial of this charter, each of us has a personal obligation to acquaint ourselves with it and with its central role in guiding our Nation. For, while a constitution may set forth rights and liberties, only the citizens can maintain and guarantee those freedoms.

In reaffirming our commitment to this "compact," which gives "stability to the present and certainty to the future," we must also recognize that an active and informed citizenry is not just a right; it is a sacred obligation.

UPS case turned down by RRC

Acting on a motion by Chairman Mack Wallace, the Railroad Commission voted 2-1 to overrule the recommendation of its hearings examiner in the United Parcel Service case and directed the examiner to prepare a new proposal for Commission consideration based on the question of need for the proposed service in Texas.

Chairman Wallace and Commissioner Buddy Temple voted for the motion. Commissioner James E. Nugent voted against the motion and reserved the right to file a dissenting opinion when the case comes back before the Commission for decision.

The Transportation Division examiner conducted a lengthy hearing in 1982 and 1983 on UPS' application for authority to transport packages from point to point within Texas. She recommended in June of this year that the commissioners deny the application, saying the Commission doesn't have the power to issue such authority to operate under state law. The Commission overruled that recommendation with its action today.

Noting a December, 1981, opinion by the Texas Supreme Court on the jurisdiction question of the UPS case, Wallace' motion directs the examiner to prepare a recommendation for Commission action based on the case's "merits." The term refers to statutory requirements UPS must meet, including whether the proposed service is needed in the state.

After the examiner writes a new proposal for decision, it will be circulated to the parties involved in the case for comment and then the examiner will bring her recommendation to the commissioners for action.

Letter to the Editor

Dear Editor,

Peace groups look back and see the mistakes made by past presidents. Franklin D. Roosevelt let Russia walk into Germany and did not listen to General Patton. Harry Truman did not listen to General Douglas MacArthur in Korea. John F. Kennedy did not help the Cubans in the Bay of Pigs. Lyndon B. Johnson did not let the military do its job. Was Jimmy Carter showing America and the rest of the world that he was a strong President? Did his mistakes open the door for Iran to take American

hostages?

Today, one sees problems all around this world, Cuba, Korea, Europe and the Persian Gulf. President Reagan made the right move in Grenada and the Gulf by taking a strong stand.

The American people and the world know he is a strong leader and we need him more now than anytime in history. In these trying times, we pray that he will be our next President. He will lead us in the right directions.

A friend,
Carl M. Farrar

Auxiliary elects new officers

The ladies auxiliary met in their regular monthly meeting on Tuesday Sept. 11, 1984. The hostess for this meeting was Trevlin Luttrell. She served a meal of chicken bits, green beans, green salad, fresh peaches, dinner rolls, olives, and, for desert, pound cake with cool whip.

There were 13 members in attendance. They were: Jean Humphreys, Trevlin Luttrell, Frances West, Benita Martinez, Kim McEwen, Dora Noriega, Olinda Jimenez, Jenny Wipff, Nova Olenick, Patti Prather, Donna

Keese, Nelva Alonzo and Cindy Gonzales.

The ladies elected their new officers for this next year. They are: President, Cindy Gonzales; Vice President, Jenny Wipff; Secretary/Treasurer, Trevlin Luttrell; Historian, Melissa Teaff; and Parliamentarian, Patti Prather.

The auxiliary discussed their Tot Finder Sticker Program that they hope to be offering soon through the school. This is a sticker that a parent can put in the window of his/her child's room to help a fireman locate their child in case of a fire. More information on this will be coming soon.

Fire Prevention week is coming up on Oct. 7th through Oct. 13th. The auxiliary will be holding their annual fire prevention poster contest.

The Hill Country Association will be holding their annual fall convention in Junction on Saturday, Oct. 6th. Come and support Sonora's

Fire Department as we try and win again at the races. We hope to bring some more first place trophies back to Sonora.

And, speaking of back to Sonora, we would like to welcome back our Wally World Travelers, George and Dora.

Association makes local donations

By Edith James

The Sutton County Days celebration was a big success in many ways. Everyone enjoyed the entertainment, good food, and took time to get together with old friends. There were many money making projects for various clubs and organizations, with good music and dancing and a great rodeo.

The Queen contestants did a great job selling tickets and representing Sonora in a very beautiful manner. All in all, a good time was had by everyone. As yet, the final figure for money taken in during Sutton County Days is incomplete, due to outstanding expenses.

However, a list of the donations made in 1983 by the Sutton County Days Association are available. They show how much money has gone back into the local economy as a result of the proceeds of Sutton County Days past.

Sutton County Park Association was the recipient of \$1,000 to help pay on arena lights during December, 1982. Sonora Chamber of Commerce received \$1000 in December, 1982 to add to the Building Fund. The Girl Scout Jamboree received \$6.07 in March 1983 from the SCD Association for supplies. The Sonora Volunteer Fire Department received \$100 to cover expenses in March 1983. The Boy Scout Chapter was able to take a camping trip due to the \$258.72 donation the Association made in March, 1982.

In April, 1983 the SCD Association donated \$520.17 for material for the enclosing of the dance stand to the Sutton County Park Association.

The Girl Scouts were also able to take a scouting trip in May, 1983

due to a \$257.51 donation from the SCD Association. In June, the Association donated \$987.01 toward the installation of lighting in the dance slab area of the Community Park.

The Sutton County Senior Citizen's Center was the recipient of a \$50 donation from the Association in August, 1983. In August, the Association provided \$77.45 toward the material for fence repair at the Community Park.

The Association donated \$938.47 in August, 1983 sponsors for the Queen candidates in the Miss Sutton County contest received a total of \$938.47. Lee Ann Sims, Miss Sutton County 1983 received a scholarship in the amount of \$104.80 from the SCD Association.

In September, 1983, the Downtown Lions Club received \$1,000 from the SCD Association to go toward their General Operations expenses. The Sonora Chamber of Commerce received \$2,000 from the SCD Assoc. in October, 1983 for their building fund. \$2,000 was also donated that month to the Sutton County Park Assoc. for General Operations expenses. The Sonora Girl Scouts received free equipment due to the proceeds from Sutton County Days 1983, as they got new pup tents for camping with money donated by the SCD Association. Lee Ann Sims, Miss Sutton County 1983 received \$50 for beauty pageant expenses in February, 1984, and the 4-H Club was the recipient of \$850 from the SCD Assoc. in January, 1984 to cover general budget and operating expenses as well as the building fund.

The total amount donated by the Sutton County Days Association to

worthy causes in Sutton County during 1983 and the first part of 1984 amounted to \$11,462.20. The money was made from proceeds of the Sutton County Days Rodeo and dances.

Editorial recapped

Editor's Note - From all over the State of Texas, *The Devil's River News* has been receiving comments from our readers on the disastrous effects of House Bill 72. The following editorial was submitted by George F. Wright, a 1955 graduate of Sonora High School and now the Superintendent of Schools of the Burnet County Independent School District. The editorial recently appeared in the Burnet Highland News.

It was April, 1983 when "A Nation at Risk" was printed and released to the public. The stampede to improve public schools is well underway and, without a doubt, some of the efforts resulting from this report will improve education in America.

However, there is a real concern - a danger if you will - of over reaction and moving too far too fast. There is substantial cause for alarm. Some people have not learned from the past. For example, most of us can recall the rush to spend millions on the new "open space school" concept, and another costly charge into the "new math" fiasco.

Two of the great concerns I have is that we are going to force more youngsters out of the school (drop outs) due to the "no failure in any subject area" of HB 72, plus create a negative backlash on people considering the teaching profession due to the now obvious ability of our legislature to change the criteria, rules, certification standards, etc. within a one month period. Loss of a Life Professional Certificate based on a **factual exam** only worries many teachers. No one will seriously argue against facts and factual knowledge being important. However, my contention is there are other considerations when trying to judge achievement and competency in people - be they students, teachers, or in any other profession.

Fortunately, we are starting to see cooler heads get into the action. "Achievement" and "Competency" are important words receiving a lot of attention today. Recently two studies were done which I feel begins to place academics, grades, and competency in perspective.

One report entitled "The Quality of American High School Graduates: What Personnel Officers Say and Do About It" comes from the Center for Social Organization of Schools at the Johns Hopkins University. Funded by the National Institute of Education, the study tried to determine whether our country's ability to compete with foreign business is jeopardized due to perceived low quality high school graduates as the "A Nation at Risk" report indicated and as Ross Perot charges. (High US prices never seems to have caused these folks minds!)

The report stated: "But despite such changes, only 12 percent of the 4,080 personnel managers and employers surveyed...said they considered high school grades to be 'very important' for the level of work required of their new employees."

In fact, they ranked grades sixth in a list of seven criteria considered in hiring. "Dependability" was ranked number one followed by "Basic Literacy" (being able to read at the difficulty of a newspaper).

When our students and teachers - or anyone - goes looking for a job, what do their prospective employers look for? The report says: 1) making a positive impression in the interview, 2) a strong recommendation from one who knows the candidate personally, 3) positive letters from previous employers and 4) character references. The survey says all of these things "are also significantly more influential than grades."

One study/report connected with the survey states: "reading writing and simple math skills are basic to practically any job -- but so also is a willingness to show up, to take directions, to work together, and to be responsible for your job." I submit that these are things Mr. Perot, the Select Committee on Public Education (SCOPE) and HB 72 fail to take into consideration -- or at least it's certainly not emphasized. Unless our legislature gives due consideration to these type criteria. I believe we are going to face a future of more high school dropouts and more teacher shortages.

There is a second survey study involving 500 human resource and public affairs executives which states "business is vitally concerned with the kind of education provided by our secondary schools, but nearly all of the companies questioned say that the newly hired high school graduates have had no noticeable impact on lowering product or service quality standards." The businesses surveyed also stated, "the level of learning of recent high school graduates is adequate in all areas except writing skills."

Back just after *A Nation at Risk* came out, a staff writer for *Reader's Digest* wrote a report countering some of the test results and claims made by the *At Risk* report. His report states that *A Nation at Risk* is not comparing apples to apples" and he is absolutely correct. U.S. test results used all U.S. students and they were comparing with foreign schools where "poor" students were already weeded out or channeled into "special tracks," "Special schools" or certain "al-

ternative" programs. When our comparative opponents in foreign countries do not demand or provide equal opportunity education to all - as the U.S. tries to do - how can we get a valid comparison?

In the final analysis, I truly believe that over a period of time the faults of HB 72 will be weeded out.

It may take some election defeats of certain politicians, a divorce of the Perot/Lewis "marriage", and a few other things, but I believe the taxpayers and the education profession will have a good memory when elections come around again.

In closing, let me give you an example of the shoddy politics involved in HB 72. A this writing, the Sunday, September 8 Austin *American Statesman* carried an article announcing our final 45 nominees from each of the 15 districts for the appointed state board. It stated "each finalist needed the support of three house members and three senators."

Folks, this was not one of the written criteria made public to us for nominating candidates. (Our candidate, Joe Scribner, was nominated by four school districts, in three counties, one legislator, Noel Grisham) and various superintendents).

The September 8 announcement further states: "One legislative board member (Kent Caperton of Bryan) predicted it would take a long time for the ten lawmakers to select from the (over 500) nominees...but they were chosen in less than an hour..." It goes on to say, "Lewis and others denied that the selections were made behind closed doors and then announced publicly."

Now friends, it took us three meetings and about 12 hours of screening 60 plus applications for our Athletic Director. You draw your own conclusions about what we face with HB 72.

Hospital and nursing home auxiliary meets

The Lillian M. Hudspeth Memorial Hospital and Nursing Home Auxiliary met for its first meeting at the Commercial Cafe with Vicenta Cervantes co-hostess.

Motion called to order by President Vicenta Cervantes.

Treasurer's report given by Metha Trainer, motion made and seconded we accept this report. The motion carried.

Vicenta introduced the new Hospital administrator, Terry McNutt, who is very supportive of the Nursing Home and any effort that we may have for making a better Nursing Home.

Motion made by Mary Barrow and seconded by Guila Vicars that we buy necessary material for bibs and lap robes for the Nursing Home. Motion carried.

List of new committees presented by Vicenta.

Ruth Shurley presented our past President, Mary Barrow, with a gift.

Motion made to adjourn. Punch and cookies were served to 15 members and one guest.

Bill Whitehead named chairman

Bill Whitehead of Sonora has been appointed as area chairman for the Cattleman's Round-Up for Crippled Children according to Jim Alexander of Abilene, general Round-Up chairman.

Whitehead is one of nearly 200 chairmen statewide helping in this 25th year for the Cattleman's Round-Up to benefit the West Texas Rehabilitation Center in Abilene and San Angelo, said Shelley V. Smith, president/executive director of WTRC.

Aubrey Stokes of San Angelo is CRCC co-chairman in the Southwest region.

"Cattlemen have always believed in the philosophy of neighbor helping neighbor, and the Cattleman's Round-Up for Crippled Children is a beautiful example of

that help," said Alexander.

"Livestock donated by ranchmen are collected at a designated point in each community and transported free to the auction site," he said. "The area chairman's role is to make a personal pledge, then ask friends and neighbors to join them in the annual Cattleman's Round-Up drive."

Sales of livestock are converted to dollars and the amount provides care for about 11,000 handicapped persons throughout the Southwest at Rehab campuses.

Scheduled sales include: Horse Sale-Oct. 6, Abilene auction; Junction Sheep and Goat Sale-Oct. 8; Coleman Sale-Oct. 10; Stephenville Sale-Oct. 10; and Brownwood Sale-Nov. 7.

"Kissing Bug" proves to be undesirable "pet"

Don't be misled by the kissing bug's flowery name. This insect can be a serious household pet, according to Dr. J.W. Stewart, Extension entomologist with the Texas Agricultural Extension Service, headquartered in Uvalde. The insects are found throughout the southern United States, all of Central America and as far south as Argentina. They are especially prevalent in South Texas this year, Stewart said.

The kissing bug got its name from newsmen around the turn of the century. The insect often bites near the lips of sleeping individuals and many journalists regarded these insects as a favored topic, popularizing the insect as early as 1890. Names such as cone nose bug, blood-sucker and Mexican bed bug all relate to the same type of blood sucking insect, he said.

In spite of their size-their full length will be about one inch-kissing bugs often escape detection. They hide behind furniture and drapes during the day, becoming active at night. Stewart said they are easily recognized by their long, slender head and tell-tale orange hash marks which encircle the abdomen.

Kissing bugs usually frequent houses only to take blood from sleeping or resting individuals. However, they can become numerous in hunting cabins that harbor rats and mice, feeding on unwary campers as opportunities arise, Stewart said. The insects naturally abound in wood piles, prickly pear clumps, overgrown fence rows and similar areas where common field rodents live. It is in these surroundings that they develop into mature, flying insects found in homes, he said.

"Kissing bugs enter houses through ill-fitting window screens, holes in screening, around doors that do not fit or are not weather-stripped, through open chimneys and through cracks in flooring of houses built on pier and beam foundations," the entomologist said.

"Once entrance is obtained, they wait until it's dark and then feed," he said.

Research has shown that the feeding time varies from two to eight minutes, Stewart said. The bite is usually benign at first, but an intense itching usually develops

at the site of the bite from 12-20 hours later, he said. Most people who have suffered a bite find it only slightly annoying, however visible bumps may persist for two or more weeks, Stewart said. "A few people are highly allergic to the bite and require medical attention," he explained.

Prevention is the best tactic to avoid kissing bug bites, Stewart said. Houses should be bug-proofed by the judicious use of caulking around windows, repairing screens on windows and doors, using weather stripping around doors and closing the chimney damper during the summer. The area around the house also should be inspected for breeding sites of the insect, he said.

"The primary objective is to eliminate any area that favors ground squirrels, rats and mice. Sanitation is the key, but does not insure 100 percent success," Stewart said.

"Disposing of trash or brush piles and keeping fence rows clean are necessary since these areas are prime rodent hideouts and excellent places for kissing bugs to live," the entomologist explained.

Kissing bugs may still gain entrance into homes after all precautions have been taken, he said. "Should this occur, use a fly swatter to immobilize the intruder," Stewart said. "Paper toweling should be used to pick up and dispose of the insect. Kissing bugs are blood feeders and should not be handled or trusted," he advised.

Several household insecticides may be used to control kissing bugs, he said, and these may be necessary if frequent bites occur. A pest control operator can spray for these pests, however the long-range solution is to find where they are entering the house and take measures to block them out, he said.

Go Broncos... on to your 4th Victory!

Since 1960 when the late Fort Chadbourne rancher Conda Wylie first approached Smith with the idea, the Round-Up has been a major fund-raiser for WTRC.

"It will take about \$4.5 million for us to treat the approximately 11,000 handicapped we'll serve in 1984," said Smith. "About 75 percent of that \$4.5 million must come from donations. The balance

comes from contract and insurance payments. No federal funds are used in treatment."

At the West Texas Rehabilitation Center campuses in Abilene and San Angelo, trained personnel provide top quality care in physical, occupational and speech therapy, audiology, orthotics, psychology, education and social services, all without charge to patients.

Justin Condra attends Tech computer camp

Gifted and talented teenagers from 33 Texas cities and two other states participated in the first annual SHAKE HANDS WITH YOUR FUTURE Computer Camp at Texas Tech University June 3 through 8.

The six-day residential enrichment camp provided participants with extensive hands-on programming experience.

Participating from Sonora was Justin Condra, son of Jimmy and Diana Condra.

University faculty conducted classes exploring computer uses in business, the health sciences, music, agriculture, creative writing and education. Students spent

approximately five hours a day working on mainframe and micro-computers. In addition to classroom instruction, students participated in field trips, recreation, and social activities.

The SHAKE HANDS WITH YOUR FUTURE Computer Camp is an integral part of the Institute for Gifted recently approved by the Texas Tech Board of Regents. To participate in the Computer Camp, students must be nominated by a parent, teacher or counselor and provide documentation of standardized test scores of 90 percentile or higher in math or an IQ of at least 120.

Public Notice

Southwestern Bell Telephone Company, in accordance with an order from the Public Utility Commission of Texas, hereby gives notice it has filed a tariff to reduce the monthly rates for the Switched Access portion of the company's intraLATA Foreign Exchange (FX) Service offering that was implemented starting June 1, 1984. Simultaneously, the LATA-wide toll-free calling scope, also started June 1, would be discontinued and the calling scope would return to that in effect prior to June 1. The Commission has assigned this matter Docket Number 5891.

The net effect of the tariff will be a monthly decrease in total billing of approximately \$700,000 until November 1, 1984. After that time the net effect on the company's revenue is estimated to be negligible.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Aviso Público

En conformidad con una orden de la Comisión de Servicios Públicos de Texas, se anuncia mediante el presente aviso público que Southwestern Bell Telephone ha presentado una tarifa con el objeto de reducir las cuotas mensuales que se han cobrado desde el 1 de junio de 1984, por la porción de la tarifa para acceso a la red central necesaria con el uso del Servicio de Zona Exterior (Foreign Exchange (FX) Service).

Simultáneamente, el servicio de llamadas de larga distancia sin cobro dentro del área de servicio que también se efectuó el 1 de junio de 1984, se discontinuará, y el campo de llamadas será al igual que antes del 1 de junio de 1984. Se ha registrado la nueva tarifa bajo el Docket 5891.

El efecto real de la nueva tarifa se verá en la reducción del costo total de facturas de aproximadamente \$700,000 hasta el 1 de noviembre de 1984. Se calcula que después de esta fecha el efecto real para nuestra empresa será despreciable.

Los usuarios de Southwestern Bell Telephone Company que estén interesados en participar en esta reunión, o que requieran mayor información, deben dirigirse por escrito a: Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. También se puede obtener información adicional llamando a Public Utility Commission Consumer Affairs Division al (512) 458-0223, al (512) 458-0227, o al (512) 458-0221 si requiere teletipo (aparato para personas con impedimentos de audición).

Annual Devil's River News FOOTBALL CONTEST

GO BRONCOS!

\$\$\$WIN\$\$\$

\$15 First Prize!

\$10 Second Prize!

\$5 Third Prize!

Contest Rules Below:

1. Pick up an entry blank from one of the sponsors listed below.
2. Fill it out completely, writing the teams you think will win each week beside the sponsors' names on the entry blank.
3. Each space on the entry blank must have a team entered there. FOR EXAMPLE: If Smith Hardware's ad has Sonora vs. Wall in it, and you think Sonora will win, write Sonora beside Smith Hardware's name on the entry blank. Do this for each game and remember to sign your name and choose a tie breaker.
4. Be sure and put your name and list the location where you obtained your entry blank. Entries not filled out completely will be disqualified.
5. The tie breaker picked each week will be the total points you think will be scored in the Dallas Cowboy game of the week.
6. Only one entry may be entered per person.
7. Employees of the Devil's River News and their families will not be eligible to enter.

Deadline for Entries

Each Friday 5 p.m.

at the DRN office

PUBLIC NOTICES

PUBLIC NOTICE
 Notice is hereby given that the 1985 Budget and the proposed uses of Federal Revenue Sharing Funds of Sutton County were adopted by the Sutton County Commissioners Court at a special meeting on August 27, 1984. Public inspection of the 1985 Budget may be found in the County Auditor's office between the hours of 8:30 a.m. - 12:00 and 1:00 p.m. - 5:00, Monday thru Friday. County Auditor, Box 16, Sonora, Texas 76950 (915)387-5380.

PUBLIC NOTICE
 Notice is hereby given for the request of bids to Sutton County for a (1984 or 1985 Truck Tractor) and one 4000 gallon Water Tank Transport for the Road & Bridge Department. Specifications may be found in the Sutton County Auditor's Office in the County Court-house, Sonora, Texas. Final receipts of bids will be at 9:00 a.m., Monday, October 8, 1984. At such time, bids will be opened and accepted or rejected by the Sutton County Commissioner's Court.

County Auditor, Box 16, Sonora, Texas 76950; (915)387-5380.

James L. Jones is not responsible for any debts other than his own.

THANK—YOUS

We would like to express our sincere gratitude to all the persons who took a moment out of their busy life to be with us in our moment of grief. Thank you for all the flowers, cards, food and prayers. A special thanks to all the ladies of the prayer group who donated their time to prepare the special meal. May God Bless each and everyone of you.

The Lozano Family

We would like to express our sincerest thanks to one and all who helped us in one way or another during our recent sorrow. Special thanks to all the employees of Jimco-Dicon and to Mr. Juan Carlos Gonzales. May God bless each and everyone of you.

The Family of Rafael (Nene) Arredondo

We would like to express our thanks to all our friends, relatives, members of the churches, school teachers and everyone for all your calls, cards, thoughts, and prayers, during my recent illness & surgery. We really appreciate everyone.

The family of Mike Duran

HUDSPETH GETS NEW ADMINISTRATOR

Terry McNutt assumed the duties of administrator of Lillian M. Hudspeth Memorial Hospital and Nursing Home Monday, September 10. McNutt moved to Sonora from Big Spring where he had been the administrator for a 200-bed Veteran's Nursing Home. For the two years that he was there, he worked with skilled laborers, medicare, VA contracts, and contracts with state hospitals. Terry and his wife Sharon have three children, Jason, nine years old and in the fourth grade, Bobby who is five years old and in Kindergarten, and Terri who is two years old. Sharon is a teacher with an elementary education and kindergarten certificate, but is not teaching at this time. McNutt stated Monday that this was his first time in Sonora and he was surprised at the difference between Sonora and Big Spring. He added that the people here are outstanding and that he has heard that the school system is also outstanding. [Staff Photo---KKN]

RANCHER OF THE YEAR
Glen Fisher (left), with the Edwards Plateau Soil and Water Conservation District, presented Joe Friess (right) with the "Rancher of the Year" plaque for his contribution to the organization. [Staff Photo--CJ]

Rancher of the year award presented to Joe Friess

Joe Friess accepted the award for Edwards Plateau Soil and Water Conservation District Rancher of the Year Tuesday night at the Downtown Lions Club's 46th Annual Auction Sale.

The award was presented to J and J Ranch Company, owned by Joe and John Paul Friess.

The six-section ranch is located southeast of Sonora on Bond Road and has been operated under partnership for five years. Joe is the Principal operator of the ranch and is a cooperater with the Edwards Plateau Soil and Water Conservation District.

Since the partnership was formed, the two men have tree-dozed about 720 acres of cedar infested rangeland under the mini long term agreement program. This program is a cost-share agreement with the local ASCS office.

Along with this program, Joe has developed and maintained a planned grazing system, deferred grazing, proper grazing use, and wildlife habitat management.

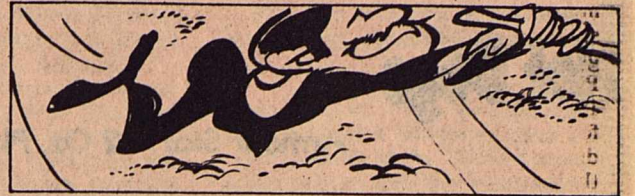

Prior to this mini LTA, the ranch had installed pipelines, troughs, and fences to get better livestock

distribution.

Livestock on the ranch consists of crossbred cattle and goats.

A deer census line has been established on the ranch in order to gather information on deer numbers and sex ratios. This information is helpful in determining how many deer are on the ranch and how many need to be harvested.

Currently Joe and his wife Edwina live on the ranch and John Paul and his wife Judy live in Tulsa, Oklahoma.

The leotard gets its name from the person who first wore one, Jules Leotard, a famous French aerialist of the 19th century, who starred in many Paris and London circuses.

TAXES

Cont. from page 1

Legislature and signed by Governor Mark White takes effect Tuesday.

How much of the new tax burden will fall on you depends on what you buy and where you live.

The state sales tax went up by 1/8 of a cent, but a whole slew of items will be taxed for the first time, increasing the price of some things by as much as 6 1/8 percent.

Services such as dry cleaning, repairs, catering, massages, tailoring, mending and entertaining all have additional costs tagged on as a result of the expansion of the state sales tax categories. Repairs such as for fixing the old television set, putting new heels on the old loafers, replacing the crystal of watches, now become tax-laden bills.

Taxes on other items, such as cigarettes and alcohol, are going up Tuesday. The cost of motor vehicle registration, gasoline, sales tax on cars and other car rental taxes were already raised August 1.

Movie tickets and admissions to almost any entertainment event in the state will now fall under the state sales tax. Rodeos, ballet performances, circuses, carnivals, antique shows, boat and auto shows and other entertaining performances will be taxed. Exempt from taxation are athletic events sponsored by public, nonprofit institutions, such as high schools and colleges. But professional sporting events will be taxed.

Questions regarding any of the new taxes can be answered by calling State Comptroller Bob Bullock's office toll free on 1-800-252-5555 or on the regular number, 512/475-1931.

To cut cheese with ease, warm the knife before slicing.

The first public zoo in the U.S. was the Philadelphia Zoological Gardens, Philadelphia, Pa., which opened in 1874.

VICTORY

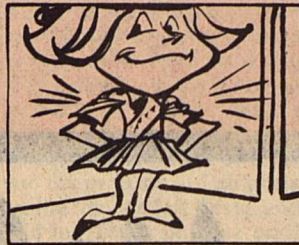

Cont. from page 1

for 12 yards, Jessie Guerra one reception for 16 yards and Joe Mike Noriega 1 catch for 10 yards.

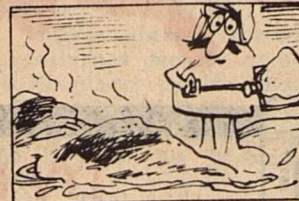

Elsewhere around District 7-AAA, Colorado City remained unbeaten as they kicked Denver City 50-9, Crane upped their record to 1-2 as they beat Stanton 7-0, Coahoma moved their record to 1-1-1 as they beat Tahoka, Ballinger remained undefeated at 3-0 as they beat Coleman and Ozona fell to 1-2 as they lost to Reagan Co.

This week the Broncos will be on the road again at Bulldog Stadium in Brady. Brady is 1-2. They beat Junction 26-0, lost to Mason 14-27, and lost to Comanche 20-21. The Bulldogs sport a veer offense and basically a 4-3 defense.

They are big and quick and are led by a very good quarterback. It should be a very good game so be there for the 8 p.m. kickoff.

America's Girl Scouts were first known as Girl Guides, named after the English group upon which they were modeled. Formed in 1912, they changed the name to Girl Scouts the following year.

Headlines for Homemakers

BY PAM YOUNG

FOOD IS "FUEL FOR FITNESS"

The human body has the amazing ability to stay fit according to the activity it does and the kinds of "fuel" or food it receives. Neither activity nor food alone can keep us fit.

You might start a personal food and fitness campaign by thinking about the kind of fuel your body is getting. Unfortunately, most of us know less about the food we eat than about the fuel we put in our cars.

The body takes many building materials from food, such as calcium for bones and protein for muscle. Many adults mistakenly believe that the body is "built" during childhood and adolescence. They do not realize that the trillions of cells which make up the body tend to die and must be replaced over a life-time. So good nutrition is important for people of all ages.

The body needs many factors from food to put both its fuel and building materials to work. For example, B vitamins enable the body not only to use its chemical building blocks but also to help convert food fuel to muscular energy.

If you have too few B vitamins in your diet, it's like having a tankful of gas in your car, but with only one sparkplug. You can't really use your fuel effectively.

The body can meet its fuel requirements with food. Dietary supplements are unnecessary for most people and they can be deceiving. Supplements may make you feel that you can be careless about food, which is not true.

Some fifty nutrients are needed for human health. You cannot get them all from pills; but you can get them from eating a variety of foods, including fruits and vegetables, bread and grains, dairy products, and meat, poultry or fish. Fortunately, the American agriculture system has provided us with a varied, abundant and nutritious food supply. It's all we need to "fuel" the activity that can help us become and stay fit.

NUTRITIOUS SNACK IDEAS

Meals on the run, mid-morning breaks, after-school snacks, TV munching and bedtime snacks. Frequent small meals are replacing the traditional three, and consumer surveys confirm Texans are eating more food between meals. Snacking has become part of our lifestyle.

Sound familiar? Don't fight it! Follow this trend, but eat nutritious snacks. Kick the bad snack habit and be a super snacker!

Snacks are an important source for your daily nutrient and calorie intake. Although habit influences

food selection more than health, eating healthy snacks can be a choice, not a chance.

Super snacks are delicious, a snap to fix and super for you whether you're on a restricted diet, or trying to lose weight; whether you're at home or on the go; whether you're single or feeding a family. Treat yourself to super snacks.

CHOOSING SUPER SNACKS

Super snacking doesn't require special foods. Just realize that you are going to eat between meals, and have nutritious super snack foods available.

Snacks that are high in nutrients but low in cost are the best values. Good snack foods include:

Meats & Other Protein Foods - For Body Building & Repair
peanut butter*
canned fish*; salmon,
Sardines, shrimp, tuna
nuts or sunflower seeds*
Hard cooked eggs; plain or deviled
sandwiches with meat, meat
spread or cheese
jerky*
pizza
tacos
hamburgers
kabobs
hot dogs

Fruits & vegetables - Packed with fiber & vitamins A and C
apples, pears, grapes, oranges, tangerines, bananas, melons, carrots, celery, tomatoes, green peppers, cauliflower, canned fruit and vegetables juices*
dehydrated soups*

Bread & Cereals - Eat whole-grain or enriched for B-vitamins, iron and some protein.
nutri-cookies; oatmeal, peanut butter and granola
cereal snack mix*: combine your favorite cereals, pretzels and nuts; season and toast in oven
crackers* and popcorn

Mild & Cheese - Chock full of calcium, protein and riboflavin.
yogurt; plain or fruit flavored milk, whole or skim
nonfat dry milk*: use as a base for blended fruit drinks
cottage cheese: add fruit or season for a lo-cal dip
cheddar cheese; wedges, slices or spreads
unopened pasteurized cheese spreads*

*These foods can be left at room temperature without insulation. They are easy to pack and carry and are great for storing in a desk or file drawer.

Christmas decoration funds mounting

The Christmas Decorations Fund is still growing. Some new decorations will be purchased this year and a rework program for the old decorations is being considered by the Chamber of Commerce.

The ticket sale from the Honda 3-Wheeler during Sutton County Days celebration netted \$1,090.00, the rest has been \$1,691.46 in donations by the following:

Joe Vanderstucken
G.H. Davis
Geo. H. Neill
Sutton County Association
Downtown Lions Club
Eddins Walcher Company

Town & Country
Cage Hens-Herbert Fields
Food Center
Endevco Inc.
Petroettes
Hershe's Foodway & Coca Cola
Sutton County National Bank
Spain's, Inc.
Chaparral Motor Co.
First National Bank
Los Amigos Club
Jessie Kring Jr.
San Angelo Savings & Loan

Our appreciation to each and every one for your support in this Christmas Decorations fund raising.

"Hughes" estate to aid State

Attorney General Jim Mattox recently announced the settlement of the lengthy and complicated Howard Hughes estate case, which will net the State of Texas \$50 million.

"Howard Hughes would have appreciated the whirlwind of activity that has occurred in today's signing of the settlement papers between Texas, California and the Howard Hughes estate," Mattox said. "California signed off on the agreement recently. The Hughes estate personally flew the papers to Texas. And here we are this afternoon in Austin, Texas, completing the process."

Under terms of the agreement, Texas will receive \$25 million within 60 to 90 days and another \$25 million in one year. The second \$25 million will be held in escrow at United Bank in Austin.

Mattox was joined in signing the settlement agreement on Wednesday, Aug. 29, by Jack Roberts, deputy comptroller and chief clerk of Comptroller Bob Bullock's office; Will Lummis, Hughes' cousin and administrator of the estate, John Goolsby, vice president of the Summa Corp.; and Ron Schultz, a United Bank vice president who will oversee the escrow account in Texas.

The settlement of the Hughes case involves two major points, Mattox said, the valuation of the Hughes estate and the right to levy taxes.

At the time of Hughes' death in 1976, the Texas Comptroller's office placed a valuation of \$500 million on the Hughes estate. The federal Internal Revenue Service valued the estate at \$257 million. The settlement agreement signed Wednesday values the estate at approximately \$450 million.

Because California's tax rate and penalty rates for late payment are much higher than Texas', California stood to gain twice as much money as Texas. In the settlement agreement, the two states agreed to a 2:1 split. Therefore, California will receive \$40 million in cash and approximately \$60 million worth of land located in California. Texas will receive \$50 million in cash.

Mattox noted that California has spent more than \$9 million on the case, which has lasted about eight years, while Texas has spent \$1.3 million.

"The State of Texas definitely is getting a good return on its investment," Mattox said, "about \$48.7 million."

"That's a lot of money that the State of Texas can put to good use in these trying financial times."

For every dollar spent on the case, Mattox said, Texas will receive \$38.46. For every dollar California spent, he added, that state will receive \$11.11.

"The Howard Hughes estate case probably has been the most publicized and complicated probate case in this country's history," Mattox said. "You realize why when you look at the amount of money involved."

Hughes was born in Texas on Dec. 25, 1905. He died April 5, 1976, in an airplane over Brownsville en route to Houston from Acapulco, leaving no will and touching off lengthy court battles over his estate. Lawsuits ran the gamut from cases involving alleged wills of Hughes to cases involving who Hughes' legitimate heirs were to the case settled Wednesday involving Texas' and California's rights to levy inheritance taxes on the estate.

Federal taxes on an estate the size of Hughes' amount to 77 percent. At the time of Hughes' death, California had an estate tax of 24 percent, plus an annual

penalty rate of 12 percent for late payment. Texas has an estate tax of 16 percent and a penalty rate of 10 percent annually.

When the court battle began in 1977, both Texas, under former Attorney General John Hill, and California claimed Hughes as a domiciled resident in order to collect estate taxes. The Hughes estate claimed that Hughes was domiciled in Nevada, which has no inheritance tax.

"The interesting thing about the question of domicile is that Hughes left Texas in 1926 and, until the time of his death, spent only 48 hours in Texas after 1926," Mattox said. "He did claim himself as a Texas resident in a number of court cases and tax protests in California way past the time he left Texas and even paid his Texas poll tax until well into the 1950's."

California claimed Hughes as a resident, arguing that his motion picture and aeronautical interests were located there for 40 years and that, when Hughes left California in 1966, he either intended to come back or lacked the mental capacity to choose another domicile.

The Hughes estate claimed Nevada as Hughes' domicile, arguing that Nevada was the last place in the United States that Hughes lived and that it was headquarters for the bulk of his business interests.

S.S. Rep. sets visit

John Willis, representative of the San Angelo Social Security Office, has scheduled his October visit to Sonora. He will be at the county courthouse Thursday, October 18 between 9 a.m. and 10:30 a.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Any type of application for Social Security or Supplemental Security Income benefits can be handled by telephone. Your application can be more quickly processed if you will return all applications and requested documents promptly. The phone number for the San Angelo office is 949-3718.

RR Commission assesses penalty

The Railroad Commission assessed a \$45,000 administrative penalty against Don H. Wilson Monday for injecting salt water into a well near Sinton without a permit.

Wilson, whose corporate address is listed as Hobbs, N.M., declined a public hearing on the violation and agreed to the penalty in the case. Wilson has already paid the \$45,000 to the Commission.

An agent for Wilson filed an application with the Commission Sept. 1, 1983, for a permit to dispose of salt water through the M. Gibson Well Number Two located about two miles west of the town of Sinton in San Patricio County. The Commission's Underground Injection and Control section denied the application later that month because surface casing in the well only extends down 240 feet. Texas Department of Water Resources records show fresh wa-

ter in the area can be found as deep as 900 feet.

The City of Sinton draws fresh water from formations near the well.

On April 10, 1984, the Commission received a complaint from a representative of the City of Sinton indicating the well was being used for salt water disposal despite the Commission ban. On-site inspection by Commission personnel witnessed the illegal water injection and the well was shut in and sealed by the Commission April 12.

The Commission also ordered Wilson to submit an application for a salt water disposal permit. That application has been filed and the Commission is in the process of setting a date for public hearing. Another requirement of the Commission order was that Wilson file a \$3500 plugging bond for the well.

It's fire poster time again in Sonora

The Sonora Firemen's Auxiliary is again sponsoring the annual Fire Prevention Poster Contest with the deadline for turning in posters set for 5 p.m. Friday, October 12.

Winners will be announced at 2 p.m. Saturday, October 13.

All entries must conform to the rules listed below in order to qualify in the poster contest.

A. This contest is open to all students in grades kindergarten through 12, enrolled in any school. (Public, private, parochial, etc.)
B. The following grades will fall into five divisions: 1. Primary division-grades K through 2; 2. Intermediate division, grades 3 through 5; 3. Junior high division, grades 6 through 8; 4. High school division, grades 9 through 12; and 5. Special education division.

C. Posters must be original and be on any phase of fire prevention. Only individual work by students and only one entry per student will be accepted.

D. Posters must conform to the following description:

1. size of poster-14 inches by 22 inches (only size acceptable).
2. no objects over 1/2 inch in

height to be placed on posters.
3. kind: painted, cut-outs, or pen and ink work mounted on poster board. DO NOT USE LIVE MATCHES OR GLASS ON POSTERS.

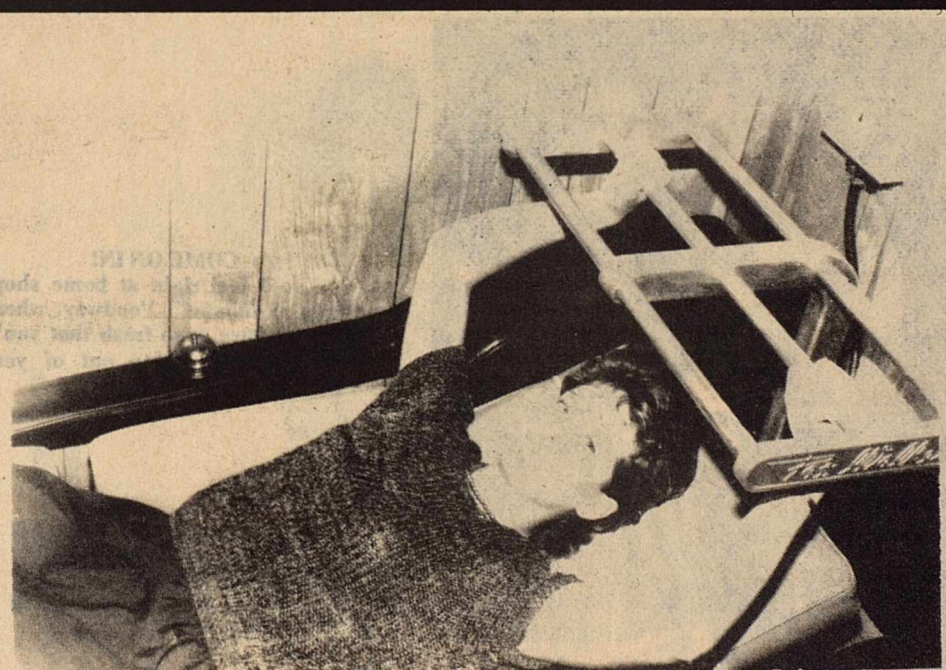

E. The following information must be placed in a sealed plain envelope attached to the lower right hand corner on the back of the poster.

1. name of student
2. address of student
3. name of school
4. grade of student
5. Sonora Volunteer Fire Department
6. Hill Country Firemen's Association

On the front of the envelope write the division that you are entering only. DO NOT PUT NAME ON POSTER (FRONT OR BACK) OR OUTSIDE OF ENVELOPE.

F. All posters should be turned into the Sonora Firemen's Auxiliary by 5 p.m. Friday, October 12 and the winners will be announced at 2 p.m. Saturday, October 13.

For further information, contact Trevlin Luttrell at 387-3695, Cindy Gonzales at 387-5565, or any auxiliary member.

GEE, THAT FEELS SO GOOD...

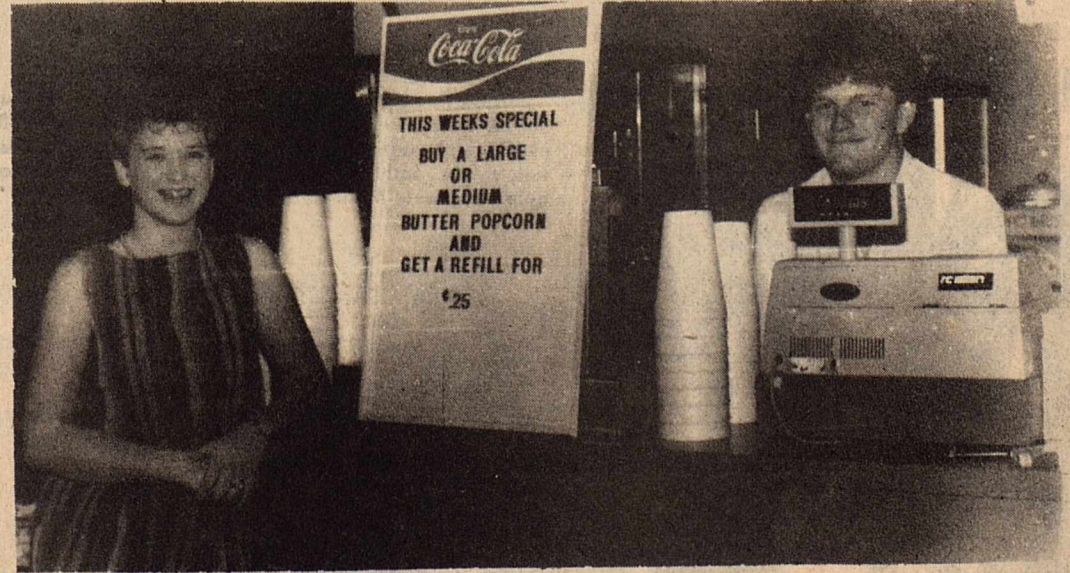

Kate surely did enjoy the Symmetricon unit at Pat Walker's Figure Perfection Salon. She thought her mom would enjoy it and that it would help Mrs. Mathews' back problem. Kate got the full treatment and said she would be back. She also enjoyed the Eurotan unit and said that she wanted a good tan so she would be back soon for that.

Pat Walker's

KATE DEPOSITS HER MILLIONS

Kate thinks that the drive-in at First National Bank of Sonora is great since she doesn't get out of school until after the bank closes. She just wishes that her allowance was twice as much so that she could write twice as many checks. First National wishes Kate all the luck in the coming year.

PUTTING ON THE RITZ

David Watts, manager of the Ritz Theatre, congratulates Kate for winning the Miss Sutton County contest and invites her to take in a show anytime. It was relaxation time for Kate after a busy day in front of the camera. Maybe after all that posing Kate will be ready to go into modeling or acting after graduation...

The Ritz Theatre

Congratulations Miss Sutton County

LET'S TALK TRACTORS
 Kate Mathews and Jimmy Trainer seem dwarfed by the forklift owned and operated by Jimco Enterprises. Jimco is an experienced heavy-hauling and roustabout company headquartered in Sutton County.

KATE IN THE AISLE?
 Kate enjoys shopping the wide aisles of Food Center, and really looks cute behind the wheel of this little buggy. Don't you agree?

Food Center

We're all very proud of you

COME ON MOM, GIVE ME SOME MORE MONEY
San Angelo Savings Association with locations in Sonora as well as in San Angelo, wish to congratulate Kate. We are proud of you, they stated. Kate has a savings account at SASA and looks like she is trying to get Mom to hand over all of the balance.

San Angelo Savings

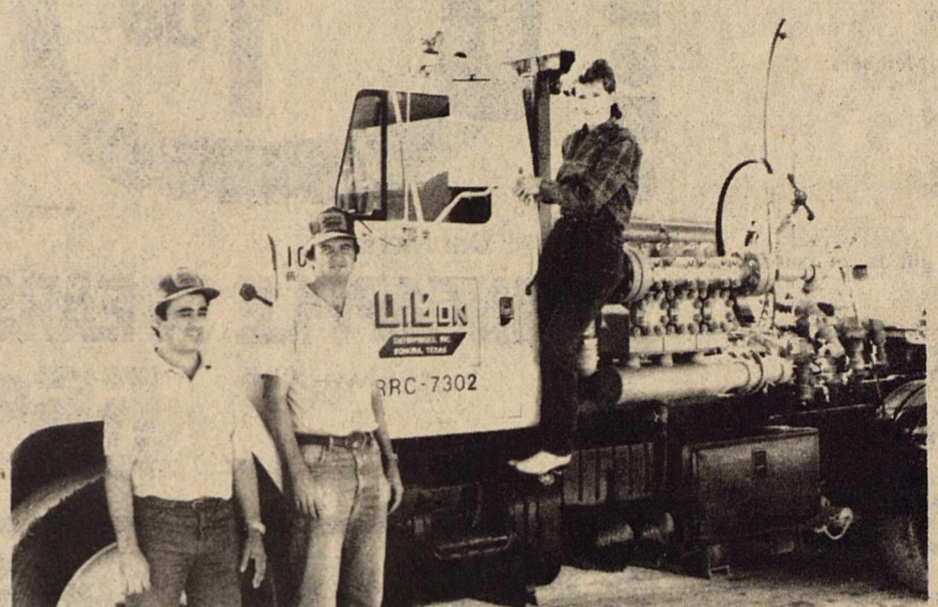

I WANT THIS FOR MY ROOM
Kate relaxed on this beautiful sofa at Kerbow Furniture. She liked it so well that she wanted to take it home with her, but she didn't think it would be a good idea to charge it to her parents. Oh well, Kate, there is always Santa Claus. Maybe he will bring it to you if you are good.

Kerbow Furniture

SPAIN'S, INC.

A PERFECT FIT
Kathy Spain, owner and operator of Spains, Inc., shows Kate the latest in coats for the coming season. This red jacket was a perfect fit and when Kate said she liked it, Kathy told her to be sure to tell her mom. Spains joins the other businesses in wishing Kate "lots of luck" in the coming year during her reign as Miss Sutton County.

How about a spin in my little eighteen wheeler? Kate seems ready to drive off in one of DiCon's fine fleet of water transports. Serving Sutton and surrounding counties, DiCon is setting the pace in oilfield hauling.

ENTERPRISES, INC.
SONORA, TEXAS

CAN I HAVE THIS ONE?
Kate seems to have found a crystal bowl for her "Hope?" chest at Hill's Jewelry in Downtown Sonora. There were so many nice pieces to pick from but Kate chose that one. Maybe she can "hope" for it. Hill's congratulates Kate and wishes her all the luck in the world.

Hill's Jewelry

THIS IS MY FAVORITE
All girls like frills at least part of the time. Betty O'Bryan of O'Bryan's Fashions helped Kate pick out the size she would need in this frilly white skirt and blouse. Mrs. O'Bryan wished Kate luck and offered her congratulations.

O'Bryan's Fashion's

THIS WOULD BE PRETTY ON A FORMAL
Kate and Perry's manager, Ray Hollingsworth look at the beautiful red lace material in Perry's sewing section. This particular bolt would make a lovely dress for the Peppermint Ball, don't you think, Mom? Perry's extended hearty congratulations and good luck wishes for Kate in the upcoming year of her reign.

PERRYS

KATE AND FAMILY ISSUE THANKS
Jim and Rosemary Mathews join Kate in thanking everyone who made the Sutton County Days celebration such a success. Without everyone working together, nothing would have gone as smoothly as it all did. An extra thank you goes to Kate's sponsor, the Sutton County Historical Society, and to all of the supporters whose ticket purchases helped to get Kate into the finals.

Letter to the Editor

Dear Friends:
Words cannot express the wonderful work that The Salvation Army does throughout the world. For over 100 years, motivated by deep spiritual concern, The Salvation Army has been helping others in times of distress. In Sonora this has been to give gasoline and/or lodging to a stranded traveler; to feed children who haven't eaten for two or three days; give aid to prison parolees and disaster victims; and many other acts of unselfish love.

Each summer over 4000 underprivileged boys are sent to summer camp at Camp Hoblitzelle. This is one of the many specialized services in which your local Service Unit participates. This year the Sonora Service Unit sent five Sonora boys to this camp.

This year we will not conduct our usual Campaign Drive, as we anticipate that this letter appeal will take care of our needs.

Our requests for help this past year have been at an all time high. We are now low on funds in Sonora and it is heartbreaking when even The Salvation Army must say "no". Please attach your check made payable to The Salvation Army, and mail to Mrs. Joy Kemp c/o The First National Bank, Box 798, Sonora, Texas 76950, in the enclosed envelope.

Thank you and God bless you, Bruce Kerbow, Chairman Sutton County Salvation Army Service Unit
