County Health Fair slated November 14

The Sutton County Family Living Committee-Texas Agricultural Extension Service and the Texas Department of Health are sponsoring a health fair. The health fair will be held Wednesday, November 14 at the 4-H Center from 11 a.m. until 7 p.m.

The public is invited to attend and the admission and tests are free. Only those ages 18 and over will be screened without parental consent. Screenings for Diabetes, blood pressure, and anemia will be done. Height and weight will be measured.

There will also be tables throughout the 4-H Center with pertinent health information. They will include: Belton hearing tests, blood typing, seat belt safety, planned parenthood, nutritious snacks, computer health appraisal, dental display, emergency medical services, American Cancer Society, and foods and nutrition-Health related Extension publications.

Come out and view all the displays and get yourself checked before the winter begins. Remember all testing and information is FREE so bring a friend and come join us at the Second Annual Sutton County Health Fair.

Computer meeting set

The Devil's River Apple Computer Users of Sonora will have an organizational meeting Thursday, November 15 at 7 p.m. in the Vocational Building in the computer room.

Anyone is welcome who owns an Apple, is thinking of buying one, has access to one, or is just curious.

Petroettes to meet

The Petro-ettes will meet at noon, Thursday, November 8 at the home of Margaret Cascadden, 604 Alien in Sonora.

Tickets for sale

The Juniors will be selling tickets for a homemade two story, gingerbread house for a centerpiece. The house is on display at a Food Center. If you would like to purchase tickets contact one of the Juniors or call 387-3943 after 5:30 p.m.

Guild scheduled

The Crockett County Arts & Crafts Guild of Ozona will be having its First Annual Winter Fair, Saturday, November 10th from 10 a.m. to 5 p.m. at the Crockett County 4-H barn in Ozona. All crafts will be handmade and door prizes will be given.

Contest winners told

Belia Reyna, with an entry from Food Center, was the first place winner of last week's Devil's River News Football contest and will receive \$15 in prize money.

Eleven entries received at the DRN had no wrong guesses so the tie-breaker (26 points) was the determining factor for winners.

Reyna was the closest with 30 points as the guess. Bill Lamb guessed 38 points which entitles him to second place and \$10. His entry came from Hershel's Foodway.

Marilyn Roberts won third place and \$5 with her entry from Perry's. Her tie-breaker guess was 40 points.

Others not missing and their tie-breaker guesses included Willene Garlitz, 42; Louis Halford, 44; Darline Roberts and Rodney Knight, 45; Matt Davenport, 46; Peggy Sharp and Don Garlitz, 50; and Hershel Davenport, 52.

This will be the last week of the contest, so be sure to get your entry in by 5 p.m. Friday to the Devil's River News office, 220 N.E. Main.

Participating sponsors include Sutton County National Bank, Hershel's Foodway, Food Center, Kerbow Furniture, Sutton County Steakhouse, The Ritz, Spain's Inc., Perry's, and P.M. Office Supplies.

Public meeting set

A public meeting of the Underground Water Conservation District Planning Committee will be held November 14, at 7:30 p.m. in the Sutton County Courthouse.

Drew Durham, an experienced water district lawyer from Sterling City, who has been retained by the county, will be present at the meeting.

Band Boosters to meet

The Sonora High School Band Booster Club will meet Monday night, November 12 at 7 p.m. in the band hall at the high school.

All band parents and the public are invited to attend.

Tags to be issued

Texas Parks and Wildlife Department will issue special antlerless deer tags for Sutton County Monday, November 12, from 8 a.m. - 12 noon and 1 p.m. - 5 p.m. in the county courthouse.

Special tags are required for any antlerless deer harvested in this county during the upcoming hunting season.

To qualify for tags, a landowner must own or control acreage in Sutton County.

After the opening of the hunting season, tags will only be available through Regional Offices located in Rockport, San Angelo, Tyler, Waco and the state Office in Austin. Tags will not be issued by local department personnel.

Landowners or their agents are urged to pick up tags on the scheduled issuance dates.

PAVE-PAWS becomes reality

BY CAROL JONES

Texas United States Senator John Tower, chairman of the U.S. Senate Armed Services Committee; United States Congressman Tom Loeffler, Chief Deputy Republican Whip; retired U.S. Representative O.C. Fisher; and Colonel Chalmers P. Carr, commander of the 3480th Technical Training Wing at Goodfellow Air Force Base in San Angelo, were among the many dignitaries on hand for the ground-breaking of PAVE-PAWS Southwest.

The fourth of a four phase-array warning system to be operated by the United States Air Force, PAVE-PAWS Southwest's site is located eight miles north of Eldorado. The far-reaching, sky-watching radar will be on a 120 acre site lying across the Jess Blaylock and Curtis Stockton ranches east of Hwy 277. It is expected to become operational some time in 1987.

Raytheon, Corp. will construct the \$120 million project to be operated by the Air Forces's Space Command with the home-base support supplied by Goodfellow A.F.B., 38 miles away.

Over 500 people attended the ground-breaking ceremonies Tuesday morning at 10 a.m. and over 1200 were later served barbecue, beans, potatoe salad and dessert on the lawn of the Schleicher County Courthouse.

The entire meal was furnished by the citizens of Schleicher County through donations and baked items.

Eldorado Mayor Bob Lester welcomed the crowd following the barbecue and introduced Colonel Carr, Senator Tower, and Congressman Loeffler.

Colonel Carr thanked the citizens of Schleicher County for the hospitality and stated that, "Seeing the people of Eldorado mixed with all this Air Force 'blue' just makes my old heart start pumping".

Senator Tower spoke on the quality of the military and stated the "folks in Schleicher County would be seeing a whole lot more of the military from now on".

In closing, he asked each civilian present to shake hands with the closest military person and to thank them for the wonderful job they are doing.

Following Senator Tower's talk, Congressman Loeffler emotionally gave credit to Senator Tower for all of the help and training he gave Tom. He also thanked him for the great job he's done as our senator for the past 24 years. Loeffler stated that this would be the last time that the two of them (Loeffler and Tower) would appear together as his mento - his "boss". Tower did not seek re-election as senator this fall.

Loeffler went to work in Senator Tower's Washington office in 1972 when he (Loeffler) graduated from the

University of Texas School of Law.

Loeffler added that, "when Senator Tower leaves office in January that he will hopefully become the next Secretary of Defense of the United States of America" which was met with loud cheers from the crowd.

The program concluded at approximately 1 p.m. Southwest PAVE-PAWS (SWPP) is a stationary phased-array surveillance and tracking radar system.

Its primary mission will be to provide warning and attack characterization of sea-launched ballistic missiles (SLBM) directed against the continental United States,

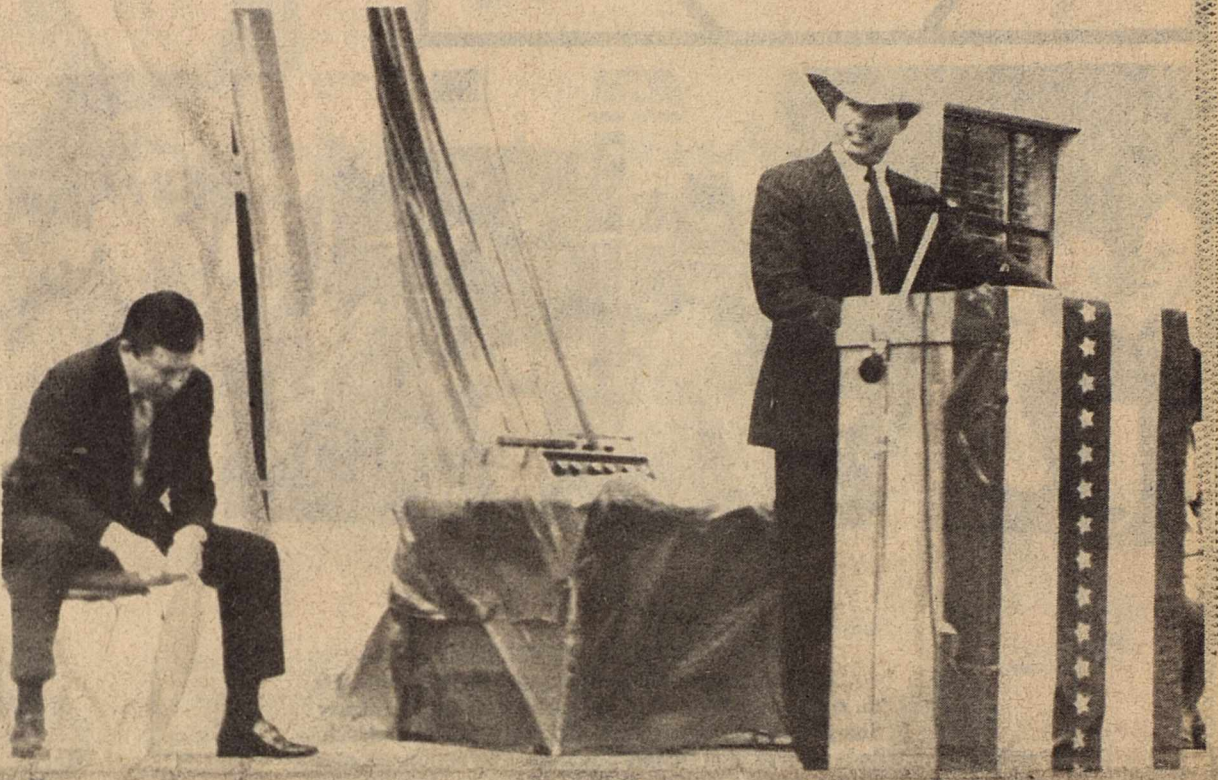

Alaska and Southern Canada.

Its secondary mission will be to provide warning and attack characterization of an inter-continental ballistic missile (ICBM) attack against these geographical areas.

The tertiary mission will be to identify, track, and report on satellites and other objects orbiting the earth.

The radar system will consist of a 5-story building to house radar equipment, maintenance areas, office space and a cafeteria. Other facilities at the site will include an access road, parking area, fuel storage,

Broncos fall to Colorado City

by CHARLIE ADAMS

The Sonora Broncos fought long and hard before falling to the Colorado City Wolves by the narrow margin of 21-17. The wolves are now 3-1 in district play and 8-1 for the season. The Broncos are 2-2 in district play and 6-3 overall.

Colorado City scored first and took a 7-0 first quarter lead. The Broncos forced a turnover and behind the running of Joe Mike Noriega and Miller's PAT, tied the score at 7-7. The score came on a six yard run by Noriega.

Most of the second quarter was a tough defensive struggle as both teams were unable to generate much offense. The Wolves however finally got on the score board with about 2:00 left in the first half as the Bronco secondary was fooled on the "ole" out-and-up route as Wolves quarterback Doug Chitsey hit big tight-end Don Randle for an 86 yard scoring strike.

Chitsey booted the PAT to give the Wolves a 14-7 lead.

On the kick-off the Broncos got the momentum going as Esau Ramirez returned the ball to near mid-field, giving the Broncos excellent field position to try to score before halftime.

It didn't take the Broncos long as Miller hit Ramirez for a 45 yard score and after Miller's PAT both teams left for the locker room knotted at 14-14.

The fatal blow, as far as the Bronco season, came in the middle of the third quarter as Chitsey hit wide receiver Rivera for a 23 yard score and after Chitsey's

BRONCO BLASTS A WOLF
Bronco center, Wayne Hill #57, hits a Colorado City Wolf hard. Hill's teammates shout encouragement but nevertheless, the Broncos still lost the game. The

final score was 21-17. The Broncos will try and redeem themselves Friday night against Ozona in Ozona. [staff photo by C.J.]

Underground water committee formed

The Sutton County Commissioners' Court has appointed an Advisory Committee, with Joe David Ross as temporary chairman, to consider the need for a local underground water district. The first public meeting of the committee was held October 23 at The HNG Building.

Sutton County is fortunate in not being faced with a major water problem at this time. However, concern

over the future of the local water supply has sparked interest in a number of people along with the county judge and commissioners.

The committee members presently include: Jim Mathews, Hershel Davenport, Margaret Cascadden, Norm Rousselot, Mario Duran, Bill Green, Edith James, Al Elliot, Mark Shurley, John Ward, Carmen

[See UNDERGROUND page 7]

Tutorial sessions are still being offered

Parents should be aware, if they are not already, that both the junior high school and the senior high school of the Sonora ISD offer tutorial sessions for students who are failing a course or for students who just feel that they need extra help in a subject.

According to Smith Neal, principal of the junior high school, the sessions for junior high are held from 3:30 p.m. until 4:20 p.m. on Tuesdays and Thursdays.

Areas of tutorials are math, language arts, social studies, and science, and any student who wants help in any course may see his teacher any afternoon from 3:30-4:20 p.m.

Those students whose regular teacher is coaching or driving a bus at 3:30 may get help from another teacher who teaches that same subject.

Parents have been notified that students are failing and that tutoring is available, so parents should see to it that their children take advantage of this extra help.

Jack Asbill, high school principal, stated that the high school offers its tutorial sessions in English, math,

social studies, and science Tuesdays and Thursdays 7:30-8:20 a.m.

At this time there is only one teacher available per subject, due to a lack of student participation, but Asbill stressed that every teacher can be present if the students will begin to show an interest in attending.

Again, as in junior high, the parents are notified if their child is failing and needs to attend the tutorial sessions. Other students who feel that they need extra help may also attend the sessions.

Asbill commented that a list of failures is turned into his office each week and that the teachers keep sign-in sheets on students attending the sessions. If a parent would like to find out if their child is on the weekly failing report or if the child is attending the sessions, please call Jack Asbill at the high school, 387-3055.

Also, Asbill stated that he would like for parents to get in touch with him if they have any suggestions to improve the attendance of sessions.

The elementary and middle schools also offer these sessions.

Cross-Country teams do well at Regional

by CHARLIE ADAMS

This past weekend the Sonora Bronco boys and girls cross-country teams traveled to Lubbock and competed in the Region I meet.

Senior distance specialist Jose Escalante took second individual honors and qualified to compete this next weekend in the State Meet which will be at Georgetown.

The team placed 7th out of 15. The other members of the team are Manuel Ramirez, 35th; Manuel Duran, 44th; Alex Duenes, 47th; and Santiago Faz, 54th.

The girls were forced to run for individual places as one member was unable to compete due to injury. Those competing were Gina Heffernan, 12th; Gay Ann Dobbs, Mary Ann Rogers, and Robbie Dickinson.

All represented their school well and gave their best effort.

Good luck next week Jose!

Our People Make the Difference

"shines" by Adam

Senior Citizens may want to delay taxes

Taxpayers aged 65 or over can delay payment of property taxes on their homesteads.

Elderly homeowners can qualify for the "over-65 tax deferral" by filing an affidavit at the Sutton County Appraisal District office.

If an elderly taxpayer has already been sued to collect delinquent taxes on his homestead, he can still take advantage of the tax deferral by filing an affidavit asserting age and ownership with the court in which the suit is pending.

According to Don Wootan, chief appraiser of the district, after an "over-65 tax deferral" affidavit has been properly filed, taxing units may not pursue or initiate delinquent tax suits on the homestead as long as the applicant owns and lives at that property.

Wootan said that forms for the deferral affidavit are available from the Sutton County Appraisal District office. The form should be filled out and signed by the

applicant and his signature witnessed by a notary public or other official authorized to take oaths, he added.

Wootan stressed that elderly homeowners should realize that the deferral only allows payments to be postponed, not dismissed. "During the period of deferral, amounts of delinquent taxes, penalties and interest continue to add up," explained Wootan. "Once the applicant no longer qualifies for deferral—that is, if he no longer owns or resides at that homestead—all those accrued amounts become due and payable. Taxing units at that time may sue and foreclose on the accrued delinquent taxes, penalties and interest."

More information is available by contacting the Sutton County Appraisal District at (915) 387-2809 - 222 N.E. Main St. Sonora Texas 76950.

The herring is the most widely eaten fish in the world.

New Arrival

ELIAZAR DAVID YORBA

I arrived in time for Trick or Treat! Well on October 29, 1984 at 9:14 p.m. in Angelo Community Hospital. I weighed 7 lbs. 11 oz.

My parents, Mr. & Mrs. Ruben Yorba said I could not go trick or treating this year with my brothers, Ricky Sanchez, Joe and Chuckie nor with my sisters Belinda

Badillo, Patty and Delia Lizzette.

My grandmother is Maria Leija from Sonora. My grandparents are Mr. & Mrs. Jose Yorba from Chula Vista, California and Mr. Pedro Gomez from Tecate Baja, California. They all said I was their best treat.

I was named Eliazar David Yorba and will make my home here in beautiful Sonora!

Rev. Charles Huffman attends convocation

Charles Huffman of Ozona was among the 8000 participants in the Lutheran Church-Missouri Synod's Great Commission Convocation in St. Louis, Missouri which concluded October 28. Huffman is the minister of Faith Lutheran Church in Ozona and Hope Lutheran Church in Sonora.

This Great Commission Convocation, the second held within the Synod in the past four years, was aimed at helping participants hone their skills and inspiration for 'discipleship', which includes in large part evangelism outreach into their communities as well as spiritual nurture of Church members.

The program included worship, Bible study, a first-time evangelism outreach into various St. Louis communities, and 131 workshops which participants attended in order to learn discipleship skills, as well as exhibits.

The workshops, among the most popular offerings of the Convocation, ranged over many topics, spanning evangelism for all age groups and cultures, and teaching such diverse methods as puppets, drama, music, television and other media in spreading the Gospel of Jesus Christ.

In his keynote address opening the Convocation here October 25, Dr. Ralph A. Bohlmann, president of the 2.7 million-member Church body, told the audience that it was 'America's largest committee on evangelism'. Bohlmann said that

he has sensed a ...new spirit of evangelism, mission and caring for one another... since the Synod's 1980 convocation.

Huffman, on returning to Ozona, said that the Convocation was 'the experience of a lifetime. To be with 8000 Christians who are dedicated to reaching out with the love of God in His Son to a world that is quickly passing away is indescribable', he added.

Saturday night, thousands of additional St. Louis area residents joined the Convocation for a 'Victory Celebration' rally, which was a highlight for many participants. Among them were persons called upon during the community outreach. Dr. Oswald Hoffmann, speaker for the 'Lutheran Hour' radio broadcast, was principle speaker.

The night before, a new film about ethnic ministries within Missouri Synod congregations premiered for the Convocation. Afterwards, a number of people seen in the film gave testimonies about what it means to be Christian and Lutheran within the contexts of their cultural backgrounds.

At the end of that program, Missouri Synod mission executive Dr. Edward A. Westcott Jr. challenged Church members to 'Open your hearts to those from other countries. If you do nothing else to begin with, just smile. Who knows, perhaps in that smile they will see in you a flicker of the great love Jesus Christ has for them'.

Women's conference set

The Southwest Christian Women's Association is sponsoring the first Annual Southwest Christian Women's Conference. The Conference will be held at Big Spring Church of the Nazarene November 14-17.

Well-known author and speaker, Florence Littauer will be one of the keynote speakers. She has authored such well-known books as **Pursuit of Happiness, Blow Away the Black Clouds, After Every Wedding Comes a Marriage, Personality Plus, and Shades of Beauty.** Florence has spoken all over the world and has become well-known for her special ability of getting to the heart of human problems.

Ester Lewis, author, lecturer, and educator, who has delighted audiences world wide, will also be a featured speaker. She authored **We also Build**, and has conducted numerous seminars across the country.

America's first family of gospel music-The Speer Family, will entertain those attending the conference. The Speer Family, having celebrated more than 60 years as professional gospel singers, consistently delight audiences with a unique blend of sounds, ranging from traditional gospel, to upbeat.

In addition to lectures and entertainment, the Conference offers mini-seminars. These seminars will be conducted by well-known authorities covering a

variety of topics including Jan Burch, The Joy of Womanhood; Bruce Cox M.D., Wellness and preventive Medicine; Janna King, Stress Management; and John Payne Jr., M.S., M.Div., Dealing with Male Emotions.

If you arrive by plane, you'll be greeted at the Midland-Odessa Airport by the Hospitality Committee and driven to the Conference. Daily Shuttles will be provided from the hotels to the Conference site. The Conference will kick off with a lovely reception held from 2-4 p.m. November 14.

The Conference schedule begins with a concert given by The Speer Family on Wednesday evening, November 14. Thursday's and Friday's schedules will consist of key note speakers, mini-seminars, entertainment, a Mexican Fiesta, and a Western Barbecue. Saturday, a continental breakfast will be served and meetings will conclude at noon.

After the Conference, you may want to take advantage of the afternoon and visit some of the attractions in Big Spring. The tour of Big Spring offers the Heritage Museum, Patton House, Scenic Mountain State Park, and several shopping malls.

During the Conference, child care will be provided. For further information and/or reservations, contact Big Spring Church of the Nazarene, 1400 Lancaster, Big Spring, Texas 79720, Phone 915 267-7015.

Chili has been named the state dish of Texas.

Evangelist to speak

Editor's Note: The following article was brought to the Devil's River News by a local citizen who thought it would be of interest to our readership.

An evangelist who has carried a 90-pound cross 21,000 miles in 72 countries including Poland, Israel and in West Beirut, Lebanon, is coming to Eldorado.

The Rev. Arthur Blessitt will be in Eldorado the weekend of Nov. 10, according to Jim Belk, a deacon of the First Baptist Church in Eldorado. That morning the street evangelist will visit throughout the town. He will be on the courthouse square from noon until 4 p.m. unless the weather is inclement. In that case the gathering will be in the ag barn. He will preach at 7 p.m. in the football stadium, or in the school auditorium if the weather is bad, Belk said.

Blessitt is well known throughout the world for carrying a 12-foot long, 6-foot wide cross 21,000 miles across six continents. He started his walk on Christmas Day 1969. After having suffered four strokes in three years and with doctors saying he needed surgery for an aneurysm in the brain, he left the hospital and began his walk, Belk said. Blessitt has not been sick one day while on the road.

During 1981 he carried the cross through Poland, Hungary, Yugoslavia and Bulgaria and in 1982 carried the cross through Poland, Lebanon and Israel.

Blessitt's evangelism has been reported on by all major television and radio networks, and he has appeared as a guest on many major

television shows including Tom Snyder's "Tomorrow Show," the "Today" and "Praise the Lord".

The native Mississippian now lives in Los Angeles, Calif. Belk said Blessitt is currently in seclusion writing a new book. He has penned 10 books including "A Walk with the Cross" and "Street University".

Although he is considered a street evangelist, Blessitt also speaks to large formal gatherings. It was at such a gathering that Belk first heard the evangelist. "I talked to him in Midland and I invited him to San Angelo and through the conversation he asked where I was from. I told him Eldorado and he said, 'Why not Eldorado?' He said he thought he'd just come to Eldorado," Belk said. He added that since word has traveled that Blessitt is coming to the small Schleicher County town, he has heard people plan to attend from as far away as Port Arthur, San Antonio, and Midland.

Belk said one reason the street evangelist is popular is that he does not ask for money. "He's just preaching the love of Jesus. He doesn't want love offerings, just prayers." He explained that Blessitt has benefactors who support the evangelist's travels and his family, consisting of his wife and six children.

The Rev. Roger Blocker, associate pastor of Park Heights Baptist Church, who is assisting Belk with plans, said, "That's one of his great pulling strengths. He never asks for money."

Iabez cried out to the God of Israel

Pastor Louis Halford, First Assembly of God

First Chronicles 4:9-10 says, "and Iabez was more honorable than his brethren and his mother called his name Iabez, saying, because I bare him with sorrow and Iabez called on the God of Israel, saying, oh that thou wouldst bless me indeed, and enlarge my coast, and that thine hand might be with me, and that thou wouldst keep me from evil, that it may not grieve me! And God granted him that which he requested."

There are those that would call this selfish prayer, and perhaps it was, but doesn't God want his children to bring all of their desires to him!

Instead of criticizing Iabez we should give him credit for recognizing that it is within God's power to bless a person and enlarge his territory, or to withhold blessing and enlargement. Iabez recognized that God could keep him free from pain and harm.

Iabez was not dependent upon himself to expand his holdings! He could have used witchcraft, luck, or sorcery, but instead he put his complete trust in God!

The scriptures tell us that Iabez

was more honorable than his brother! Why would the Bible say this? Because Iabez honored God first and realized that everything he had and everything he desired that God would give him and bless him with.

What made Iabez more honorable than his brother? Are you sure you want the answer? Here it is; He prayed! Even though his name means "man of sorrows", we are told that God granted the blessings for which he prayed and God kept him from pain and harm.

Iabez is a good example for all of us! We can pray to God badly and tell him all of our needs. The Lord wants to help us all, regardless of sex, race, wealth, age, or religion. He loves us and he takes delight in blessing us.

Psalms 84:11 says, "No good thing will be withheld from them that walk uprightly."

If our ways do not please him, he may deny our requests in order to discipline us. God loves us to much to let us continue our wayward with convicting us.

The scriptures promise us that if

we will walk uprightly, doing his will, He will not withhold any good things from us.

Remember now God doesn't think like man and he does not measure success as we do! Sometimes what God considers a good thing may not be what we expect. His ways are better and higher than our way.

Also remember that God's timing is different than ours. When we pray we want the answer right then, but God many times delays the answer. Once again we have to trust in the wisdom of an almighty God!

I pray that you will be encouraged by the life of Iabez. He prayed that God would bless him and enlarge his territory--and God granted his request. He prayed to be kept from harm and his prayer was answered. He prayed for divine health and it was so!

The reason we don't receive more good things from the Lord is because we don't ask him! When you get ready to speak to him, speak to him in faith believing. Lets glorify God for who He is!

Hospice services help elderly

The Department of Health and Human Services (HHS) has been forcing a lot of older Americans to spend their final days in the hospital, when they could have been at home with their families, receiving hospice care.

Hospice services provide medical care for terminally ill patients, usually in their homes. The goal of such services is to keep the patients as alert and comfortable as possible.

These services are a compassionate, low-cost alternative to long-term hospital care for people who would prefer to spend their last days with their families.

In 1982, Congress ordered that terminally ill Medicare patients be allowed to choose between hospitals and hospice services. Hospices were made eligible for Medicare reimbursement until 1986, when

the success of the program will be evaluated on the basis of information HHS has been instructed to collect.

This law had broad bipartisan support, not only as a humane measure, but as a cost-saver for Medicare. Average daily hospital care for the elderly costs \$356, whereas hospice providers say their costs run from \$65 to \$70 a day for care at home.

But a wrench was thrown in the works.

First, HHS based the Medicare reimbursement rate for hospices on a controversial and incomplete demonstration project. The rate was unrealistically low and the Office of Management and Budget (OMB) lowered it even further.

The rate has been so low, \$46.25 a day, that few hospices have been able to afford to make Medicare

patients. In fact, out of the 1,500 hospice organizations in this country, only 119 have been certified and 20 states still have no Medicare-certified hospice at all. Hospices that are participating in Medicare are mainly in cities. They have survived by shifting some of their costs to private patients.

Second, HHS has not collected the information that might have cleared up this problem. In fact, HHS and OMB have not even approved a form to send out asking for the facts they need.

I thought a two-year delay in doing this was inexcusable, so I wrote a letter, along with Senator William Roth of Delaware, to the Secretary of Health and Human Services asking when that agency intended to have some facts and figures ready for Congress to study.

I have yet to receive a satisfactory response. Representatives to HHS insisted in fact, that even if the forms were sent out immediately, no useful result could be prepared before the program ends in 1986.

No one is served by this penny-wise, pound-foolish attitude. Not the taxpayer, who is picking up the higher hospital costs. And certainly not those terminally ill older Americans who are being denied the care of their families in their homes.

At the end of this session, Congress overruled HHS by enacting a law requiring the Department to increase the Medicare reimbursement rate for hospices.

We failed in our efforts to make the Department of Health and Human Services see the light, so we let them feel the heat.

Complaint filed with PUC against S. Bell

Attorney General Jim Mattox and consumer advocate Carol Barger have filed a complaint with the Public Utility Commission seeking to require Southwestern Bell to make available all information regarding the company's expenditures for financing and capitalization of its unregulated subsidiaries.

"Frankly, we suspect that Southwestern Bell is using revenues from its regulated services to finance its unregulated businesses, such as telephones, mobile phones, and the Yellow Pages publications," Mattox said. "What we're seeking in this complaint is the information that would show us if our suspicion is correct."

"If we are correct, we are asking the PUC to reduce local telephone rates to consumers," he said. "Southwestern Bell should not be able to recover such expenditures from the public."

"Why should consumers have to pay for Southwestern Bell to create

and support the company's competitive ventures?" Mattox asked. "That's simply not the way the competitive marketplace works."

The complaint against Southwestern Bell, filed October 17 with the PUC, also seeks an accounting from Southwestern Bell of the costs incurred related to divestiture.

"Southwestern Bell keeps coming to the PUC and belly-aching about how much money they're losing because of divestiture," Mattox said. "Well, if that's true, they ought to back it up with facts and figures. If it's not true, then their huge rate hike request ought to be denied."

"Just yesterday, there were news reports that Southwestern Bell's profits have increased by more than 14 percent," Mattox said. "We believe all of this should be considered by the PUC and that this state's consumers deserve protection from the apparent games that Bell is playing with all our pocketbooks."

Mattox, the Consumers Union, Public Citizen/Texas, Texas ACORN and the Gray Panthers of Austin are listed as plaintiffs on the complaint.

Assistant Attorney General W. Scott McCollough is working on the case for Mattox.

HNG elects Watson vice-president of board

The Board of Directors of Houston Pipe Line Company, a subsidiary of Houston Natural Gas Corporation (HNG), has elected Elbert Watson vice chairman of the board in charge of business development. In this new position, he will be responsible for new business activities and investment opportunities for Houston Pipe Line Company.

Watson who joined HNG in 1963, will continue as president of HT Gathering Company and Oasis Pipe Line Company, both HNG subsidiary companies, as well as senior vice president of Houston Natural Gas Corporation.

A native of Little Rock, Arkansas, Watson received a degree in industrial management from the University of Arkansas. He was a vice president with Valley Gas Transmission, Inc. when HNG acquired that company in 1963. At HNG, Watson served as vice

president of sales for Houston Pipe Line Company and vice president and assistant general manager, transmission before being appointed vice president and general manager of transmission. He was elected a senior vice president of HNG's pipeline operations in 1973.

In announcing the appointment, Kenneth L. Lay, chairman of the board and chief executive officer of Houston Natural Gas Corporation stated, "Bert Watson is an extremely knowledgeable pipeline and will be able to develop significant new business opportunities for the company in his new position."

Wildcat drilled

HNG Oil Company, a subsidiary of Houston Natural Gas Corporation (HNG), has successfully completed a new field wildcat discovery and a new development well completion.

The Hanson Minerals-HNG Crow #1 well flowed 3.157 million cubic feet of gas per day on a 9/64 inch choke at 6480 PSI from perforations at 10,552 to 10,567 feet in the Big Hill Area in Jefferson County, Texas. The well is operated by Hanson Minerals and is jointly owned 50 percent by Hanson Minerals and 50 percent by HNG Oil Company.

HNG Oil Company is the operator of the S/T 773-L #2 well in the Mustang Island Area offshore Nueces County, Texas, which has been flow tested at the rate of 4.669 million cubic feet of gas per day plus 104 bbls of condensate on a 12/64 inch choke at 5694 PSI from perforations to 9000 to 9020 feet in the Frio Formation. The open flow potential was calculated at 21 million cubic feet of gas per day. The owners plan to immediately commence the next development well. The 773-L #3" is the fourth well in this newly discovered field. The leases and wells are owned 24.3 percent by HNG, 37.5 percent by Texaco, 27.7 percent by Prudential Drilling and 10.4 percent by Reynolds Metals Company.

Operation Orphans sets hunt dates

The Board of Directors of Operation Orphans has selected four dates for doe hunts during the forthcoming whitetail deer season. They are the following Saturdays: November 24th, December 1st, 8th and 15th. The first hunt on November 24th will be an all girls' hunt while the December dates will be all boys' hunts. An "Exotic Hunt" will be held on January 26, 1985.

This will be the 24th year of this program. To date, we have hunted 7,868 orphans with a total game harvest of 6,767. It all began when the late Gene Ashby, a State Game Warden, realized that the Hill Country, primarily Mason and Llano Counties, had an excessive deer population and the necessity for removing a large number of antlerless deer. He approached some local ranchers with the idea of allowing orphans to harvest antlerless deer. They liked the idea and Operation Orphans came into being. Housing the young hunters was a problem, so another idea was born.

With backing from sportmen's clubs throughout Texas, and other concerned individuals, a 320 acre tract of land on the North bank of the Llano River in Mason County was purchased from a generous land owner at a fraction of its market value. Through donations, a 42 foot by 86 foot bunkhouse capable of housing 100 boys was built. A 50 foot by 100 foot kitchen

and dining room as well as another bunkhouse and recreation hall and counselors quarters were soon added. The camp is managed by a supervisor who resides at the camp. Camp Gene Ashby, named in honor of the founder of Operation Orphans, is today a beautiful facility capable of housing and feeding 200 youngsters.

Though the annual deer hunts are the most popular activity, the camp isn't idle the rest of the year. It is used periodically by other non-profit, social and religious organizations for summer camps, etc. at nominal cost.

The Directors hope to make participation in the forthcoming hunts the largest ever. However, this is dependent upon the number of ranchers who participate. The orphans will be brought to Camp Gene Ashby from homes throughout the State on Friday preceding the hunt. They will be housed, fed, and transported to the host ranchers before daylight the following morning by guides from various Texas sporting clubs and other interested individuals. For the second successive year the Texas Parks and Wildlife has agreed to provide extra permits for the participating ranches.

Mike Dail, President of the Federal Land Bank Association of Mason is 1984 Hunt Chairman. All interested land owners are encouraged to contact him at (915) - 347-6653.

The average American eats eight and a half pounds of pickles a year.

Vaccinate against flu

Vaccinations against the flu are still the best way to survive the season. Once a person becomes ill with influenza, the flu medications available for treatment may speed recovery, but only from influenza A infections.

Flu researchers now recommend that vaccinations be gotten every year. "Viruses change each year," Glezen said. "And immunity tends to wane."

Flu caused many illnesses last year across the country and especially Texas, Glezen said, especially among persons 6-20 years old.

"Officials at Texas A&M University and Baylor University said last year was the worst epidemic they'd seen in many years," Glezen said.

The Texas Department of Health reported that last year's flu season was more severe than those in 1981-82 or 1982-83. More than 100,000 Texans were recorded as having flu last year—80,000 more cases than those reported in the previous two years.

This year could also mean discomfort for people of almost all ages.

A/Philippines is related to A/Hong Kong, which first appeared in 1986, and persons of all ages will be susceptible. Influenza B viruses change less frequently, so school-age children will be most susceptible to B/USSR. A/Chile is related to a group of viruses that were active up until 1953, so those people under 32 years of age will be more susceptible.

For centuries, the amazing healing properties of the Aloe Vera plant have been utilized by mankind.

Lady Love now combines Aloe Vera enriched with vitamin E for a total line of individualized body care products.

Annual Devil's River News FOOTBALL CONTEST

Contest Rules Below:

- Pick up an entry blank from one of the sponsors listed below.
- Fill it out completely, writing the teams you think will win each week beside the sponsors' names on the entry blank.
- Each space on the entry blank must have a team entered there. FOR EXAMPLE: If Smith Hardware's ad has Sonora vs. Wall in it, and you think Sonora will win, write Sonora beside Smith Hardware's name on the entry blank. Do this for each game and remember to sign your name and choose a tie breaker.
- Be sure and put your name and list the location where you obtained your entry blank. Entries not filled out completely will be disqualified.
- The tie breaker picked each week will be the total points you think will be scored in the Dallas Cowboy game of the week.
- Only one entry may be entered per person.

Employees of the Devil's River News and their families will not be eligible to enter.

★★PAVE-PAWS [Cont. from p.1]

fencing, utilities, water storage, and electrical power generators. Calculations indicate that the general public in the community and working areas (both on and off of the primary site) would be exposed to Radio Frequency Radiation (RFR) at power densities well below the existing and proposed standard level acceptable for exposure.

★★BRONCOS [Cont. from p. 1]

PAT the score was 21-14 in favor of the Wolves. The Broncos came storming back and drove the ball downfield but had to settle for a 25 yard Miller field goal to make the score 21-17 early in the fourth period. The Wolves threatened again later but were held at the goal line by a very stubborn and action packed goal line stand by the Bronco defense. The Broncos were to have one last chance but the Wolves' defense prevented it in late game heroics.

Elsewhere around district 7-AAA Ballinger clinched the district championship with a 41-6 win over the Crane Cranes. Coahoma moved into a tie for 3rd in district 7-AAA as they beat the Ozona Lions 15-13. Colorado City will be the other playoff representative for district 7-AAA due to their narrow win over the Broncos.

This next week the Broncos will travel to play the Ozona Lions (1-7-1). Crane will play at Colorado City while Coahoma and Ballinger will clash.

★★UNDERGROUND [Cont. from p. 1]

Adams and James Hunt. Technical advisors are Nick Garza and Virgil Poloczek of the Experiment Station. The primary concern of the committee is to receive community input, pro or con, with regard to this question and to keep the community informed. The entire county must be involved in any decisions that may be made.

As water problems continue to develop in Texas, in quality and quantity, legislation may be necessary to protect local control over underground water. The aquifer from which Sutton County draws its water is part of the extensive Edwards Aquifer. San Antonio and other cities along the Balcones Escarpment draw their water from this source. San Antonio city leaders are becoming more and more protective and concerned about pollution and depletion of this aquifer.

It is possible that San Antonio could extend its legislative control to encompass the entire Edwards Aquifer. If this were to occur, the city of San Antonio might be regulating the use of underground water by Sutton County citizens.

Creation of a local underground water district would leave control in the hands of Sutton County residents. The possibility of annexation into the 20 year old Schleicher County District is also being considered.

Information will be gathered from local water wells as to changes in water levels. This type of information will be necessary in the event legislation is necessary. All kinds of local data and opinion are needed.

Additional public meetings will be held in the future. The public will be notified and urged to attend.

Propane proves economical

Continually rising electricity rates have encouraged homeowners to explore other means of heating their homes. Many have discovered the LP-gas (propane) is an economical heating source when natural gas is unavailable. In some regions, LP-gas can deliver more than twice as much usable energy per dollar as electricity, cutting heating costs by up to 60 percent. LP-gas also conserves natural resources by retaining 85 percent of its original fossil fuel energy from the wellhead to the appliance; electricity, on the otherhand, loses 72 percent.

The move to economical gas throughout Texas has accelerated to such a degree that currently 70 percent of Texas single family, multi-family, and manufactured homes are heated with natural or LP-gas. Many homeowners with all-electric homes have investigated the cost savings of zone heating. By supplementing their electric heating system with LP-gas

room heaters, they are able to benefit from the economy of gas without completely converting to central gas heat all at once.

By far, the greatest portion of household energy bills can be attributed to heating and cooling. The bulk of the remaining cost comes from water heating, cooking and clothes--all of which can also be accomplished more economically with LP-gas. The savings comparison chart shown dramatically compares the energy cost of an all-electric home to one equipped with propane appliances. Simply find the local electric rate in the column on the left, then find the propane price per gallon in the row at the top of the chart. The point where these two figures intersect represents the overall percentage that can be saved with propane. To determine you cost per kwh, divide your total electric charges by the

kilowatt consumption of your billing period.

The current tide of interest in LP-gas promoted the Texas LP-Gas Association to establish a toll-free hot line to provide consumers with information on this versatile fuel. To obtain information, call 1-800-252-8232 between 8:30 a.m. and 5:00 p.m. Monday through Friday. Hot line operators will answer questions and provide recommendations, and will conduct research as needed.

The Texas LP-Gas Association is a statewide trade organization comprised of retail LP-gas dealers and suppliers. Its objectives are twofold. The Association works to promote safety and education throughout the industry. And, by making the public more aware of LP-gas as an energy source, it is helping America's decreasing natural resources.

Capitol Update

BY JOHN TOWER

For many years, I have had the privilege of discussing various issues through this column. Since Congress has recessed for the year and I am retiring soon, this will be my last "Capitol update." I hope the readers of this column have gotten as much from reading it as I have from writing it.

Representing Texas in the Senate has been the highest honor and the most rewarding experience of my life. I owe an enormous debt of gratitude to the people of Texas who four times have elected me their Senator. To those who have given me their encouragement, support, dedication and friendship, I will never be able to adequately express my profound appreciation.

I also am indebted to my colleagues in the Senate who have entrusted me with positions of leadership. I have attempted to meet those responsibilities to the best of my ability. The confidence and trust they have placed in me have been a source of strength and satisfaction that few who enter public service come to know.

Representing the interest of Texas always has been a challenging task because of its diverse populace and industrial base. I always tried to keep in touch with my constituency through correspondence and trips to Texas. I have endeavored to serve the interests and to reflect the basic values of my fellow Texans.

As chairman of the Senate Armed Services Committee, I have been able to participate and aid in the rebuilding and modernizing of America's national defense capability. I believe we are stronger than we ever have been, and are able to respond to a variety of situations around the world. We are now in a better position to negotiate a more secure peace to last generations to come.

I also am proud of my legislative initiatives which have made housing more affordable to more

people, particularly young couples and those in lower income levels. Adequate housing is a right for every citizen, and I have worked diligently toward helping people reach that goal. I also have taken consistently strong stands when dealing with energy, manufacturing and agricultural interests which are so important to the people of Texas.

My future plans include teaching political science at Southern Methodist University in Dallas. I was a college professor before entering the Senate in 1961, and look forward to returning to the classroom. Although I do not plan to seek elective office again, I will continue to remain in tune to what is happening in state and national politics.

In closing, I would like to thank my fellow Texans once again for their continued support in the past 23 years. I look forward to returning home to the best place in the world--Texas.

Flea Market scheduled

The annual Flea Market sponsored by the 20th Century Club, GFWC, of Big Lake will be held this year Tuesday, November 13 at the Reagan County Community Center. Hours will be from 9 a.m. to 5 p.m.

Last year's Flea Market was a huge success, with over 50 exhibitors. Many were from neighboring towns such as Eola, Rankin, Ozona, Kerrville, and San Angelo. We are looking forward to an exciting time again this year with door prizes, good foods, baked goods and hand made items for sale.

Any individual, or organization desiring a booth may call Mrs. Warren Whitehead at 884-2927.

Funds from booth rentals go to a \$1000 scholarship for a deserving high school senior.

Take time out for your children

Most of us are so busy being parents that we rarely have the time to reflect on this important task, says a Texas A&M University Agricultural Extension Service home economist.

"Taking 'time out' for some observation and self-examination can shed new light on the job of parenting and give parents another perspective on their relationships with their children," says Diane T. Welch, a specialist in family life education.

One type of parenting self-exam takes about a week. The first three days are spent observing your friends who have children near the ages of your children, she explains. As you observe, check the following points:

How do these parents act toward their children? Is their attitude friendly, courteous and pleasant? Do they appear to enjoy the children and approve what they are doing, or do they appear critical, impatient and nagging?

How many parents request their children to do something or stop doing something and how many habitually order the children around?

How many embarrass their children in front of others?

How many expect conduct beyond their child's years, such as making a two-year old share his toys in order to teach him to be generous?

How often do you see parents who show approval more often than they correct, and who seem to like and enjoy their children?

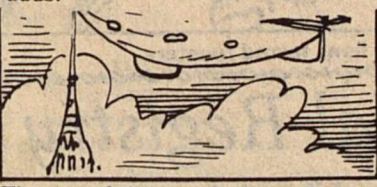

How many give orders so endlessly that a child has to develop deafness in self-defense? How many punish children for disobedience when the child fails to know which order was important enough to follow?

For the next three days of the week, observe how you and/or

your spouse parent your own children, says Welch. Without changing anything about the way you normally manage your children, ask the same questions about your parenting behavior.

The final day is for thinking earnestly about what you observed in others, in each other and in yourself. Discuss whether you are satisfied with the way you are bringing up your children or whether you feel changes are needed in this important business, she says.

Not all parents will want to devote an entire week to this self-examination, observes Welch. But most can afford some time to reflect on their parenting skills, she adds.

The top of the tower on the Empire State Building was originally intended as a mooring place for dirigibles.

Public Notice

Pursuant to an order of the Public Utility Commission of Texas in Docket No. 5926, notice is hereby given that Southwestern Bell Telephone has filed a Feature Group "E" (FGE) Access Service as a new tariff offering to meet the needs of Cellular Mobile Radiotelephone Common Carriers.

The new tariff offering will also be available, on an optional basis, to Radio Common Carriers authorized to provide domestic public land mobile radiotelephone and paging services.

FGE Access Service will be provided as trunk side switching with line treatment at suitably equipped Telephone Company electronic end offices and other end offices where equipment is available. The proposed rates for FGE Access Service are on a minutes of use basis.

A number of common switching optional features will be available with FGE Access Service, including Class of Call Screening, up to 7-digit outpulsing of called party telephone number of customer, delay dial start-pulsing signaling and dial pulse address signaling. Certain additional optional features will be offered in connection with FGE Access Service under other tariffs of the Telephone Company, including blocks of telephone numbers and Billed Number Screening.

Southwestern Bell Telephone Company customers interested in participating in this hearing or needing additional information, should write to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Commission's Consumer Affairs Division at 512/458-0223, 512/458-0227 or teletypewriter for the deaf at 512/458-0221.

Aviso Público

En conformidad con una orden de la Comisión de Servicios Públicos de Texas bajo el Docket No. 5926, se anuncia mediante el presente aviso que Southwestern Bell Telephone ha registrado un Servicio de Acceso para el Grupo de Clasificación "E" (o sea Feature Group "E", o FGE) en una nueva opción tarifaria destinada a responder a las necesidades de las Empresas de Telecomunicaciones Radiotelefonías Celulares Móviles.

La nueva tarifa estará disponible también, en forma opcional, para las Empresas de Radiocomunicaciones autorizadas para proporcionar servicios nacionales públicos de radiotelefonía móvil terrestre y de altavoces.

El Servicio de Acceso FGE se proporcionará mediante conmutación de cable troncal con tratamiento especial de la línea telefónica en centrales terminales electrónicas de la compañía de teléfonos que estén debidamente equipadas, y en otras centrales terminales que tengan disponible el equipo. Las tarifas propuestas para el Servicio de Acceso FGE se computan por minutos de uso.

Junto con el Servicio de Acceso FGE se ofrecerán varias opciones de conmutación central, incluyendo Investigación de la Clase de Llamada (Class of Call Screening), representación visual de hasta 7 dígitos del número telefónico llamado por el usuario, retardo de la señal para transmitir y señalización de la dirección para marcar. También se ofrecerán algunas opciones adicionales en relación con el Servicio de Acceso FGE bajo otros sistemas tarifarios de la Empresa Telefónica, incluyendo restricciones a bloques de números telefónicos e Investigación del número al que se carga la cuenta (Billed Number Screening).

Los usuarios de Southwestern Bell Telephone Company que estén interesados en participar en esta audiencia, o que requieran mayor información, deben dirigirse por escrito a: Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. También puede obtenerse información adicional llamando a Public Utility Commission Consumer Affairs Division al 512/458-0223, al 512/458-0227, o al 512/458-0221 si requiere teletipo para personas con impedimentos de audición.

Amanda Blake chairman of '84 Smoke-out

The American Cancer Society announced last week that television actress Amanda Blake, renowned for her role as Miss Kitty in "Gunsmoke" will serve as honorary chairman of the 1984 Great American Smokeout in Texas.

Claiming she'd rather see a gun smoke any day before seeing a friend or loved one do the same thing, the celebrated Austin resident will be asking Texas smokers to give up their cigarettes for just one day--November 15.

A former smoker, Miss Blake quit smoking eight years ago. "I smoked two packs a day for 20 years and quit cold turkey," she said. "But of course, mouth cancer is a strong incentive to give up cigarettes."

Amanda Blake was diagnosed as having cancer of the mouth in 1976. After undergoing surgery, she is completely free of the disease today.

The annual Smokeout, now in its eighth year, is sponsored by the ACS nationwide to good-naturedly encourage smokers to give up their cigarettes for just one day--if only to prove to themselves they can.

A survey conducted by the Gallup organization last year indicated that almost 36 percent of the 52 million American smokers tried to quit for the day. Eight percent made it the full 24 hours and about four percent were still not smoking one to 11 days later.

According to Texas ACS volunteers planning the Smokeout, Miss Blake's involvement is particularly timely.

"The ACS recently announced that lung cancer has exceeded breast cancer as the leading cause of cancer deaths among Texas women," said Russell Autry of El Paso, who is the volunteer spearheading the campaign in Texas. "We feel that with Miss Blake as our honorary chairman, we'll increase our chances of reaching this target group."

Last March, Miss Blake received the American Cancer Society's Courage Award from President Ronald Reagan in ceremonies at the White House. The award salutes her personal courage in her battle against cancer and cites the hope and inspiration she gives all Americans in the fight for life and health.

A Texas' honorary Smokeout chairman, she will be making appearances at rallies, parades and other Smokeout celebrations in several Texas cities.

Texas crime rate drops 3.7 percent

A 3.7 percent drop in the Texas crime rate was recorded for the first half of this year compared to the same period in 1983, according to statistics compiled by the Department of Public Safety.

"Combined reports from 776 agencies indicated a rate of 2,879.8 major crimes per hundred thousand population for the first six months of 1984," said Colonel Jim Adams, DPS director. "The rate for the same period in 1983 was 2,989.7."

Adams said the actual number of major crimes reported during the period also declined.

"A total of 452,825 crimes were reported, amounting to a decrease of almost one percent compared to the first half of 1983. This is a continuation of the trend we saw in 1983, when the number of crimes declined for the first time since 1961."

The DPS director said four of the seven major crime categories registered decreases.

"Murders were down 8.2 percent, robbery cases dropped almost 10 percent, and aggravated assaults declined by almost four percent," Adams said. "Burglaries were down 5.1 percent."

The number of rapes rose 11.6 percent, theft cases were up 1.4 percent, and motor vehicle thefts increased by 2.7 percent.

Arrests for the period totaled 439,061, a decrease of 4.3 percent compared to 1983. Drug arrests were up 16.6 percent, totaling 27,888. There were 66,959 DWI arrests in the first half of this year, a decline of seven percent.

"Hopefully, the increased level of public awareness about the drunken driving problem and tougher laws have reduced the number of DWI offenders on our roads," Adams pointed out. "But the number arrested indicates that we still have a serious problem and DWI enforcement continues as a major priority of police agencies."

Two Texas law enforcement officers were killed in the line of duty by criminal action, while one died as a result of a job-related accident. A total of 1,751 officers were assaulted while on duty.

DWI arrests for the first half of 1984 totaled 66,959 compared to 71,972 in the first half of 1983.

VA changes method of verifying G.I. attendance

The Veterans Administration announced last week that it has changed the way it verifies attendance of veterans and beneficiaries in GI Bill non-college degree programs.

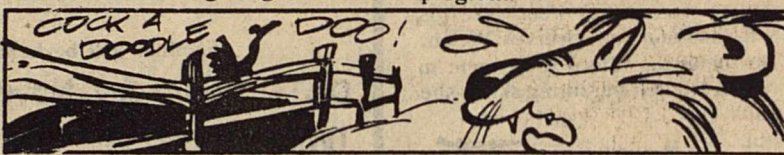

Ted W. Myatt, director of the VA Regional Office in Houston said that, effective September 1, the federal agency now verifies school attendance on a monthly basis instead of quarterly.

He said this change affects veterans and beneficiaries in farm cooperative management programs, vocational technical schools and other non-college degree certi-

ificate programs.

Payments for each month that the veteran or beneficiary is in school will be made only after verification of attendance has been received. Myatt said this procedure "will significantly reduce the overpayments that the Veterans Administration has experienced in the past."

The VA Director said that advance payments will continue to be processed as in the past, when such payments are requested by the veteran and the school participates in the advance payment program.

Some have believed lions feared roosters.

4 locals honored by DHT

Four men, working and living in Sutton County, were honored by the State Department of Highways and Public Transportation (DHT) when they were presented Certificates of Service and Lapel Emblems representing a total of 115 years of varied experience.

James E. Alexander, Ray E. Barlemann, and Winston A. Koerth, were each presented awards for 30 years of service; Milton R. Cavaness was given an award for 25 years with the Department.

These men, who work with Supervising Resident Engineer Joe W. Lane with offices in Sonora, have advanced through several levels of responsibility to their present job classifications of Engineering Technician V.

They are native Texans who take pride in their families, work, and community.

District Engineer D. R. Watson of San Angelo complimented the men on their long tenure and productive work with the Department, as he made the presentations.

Some Visitors Never Knock

... and they love the dark!

Discourage That Unexpected Visitor With A Guard-Lite From West Texas Utilities.

It's a proven fact that light helps prevent crime. You can lease a Guard-Lite from West Texas Utilities that will turn on at dusk and off at dawn automatically everyday and help protect your home against vandalism.

WTU will provide normal installation, maintenance and bulb replacement — free of charge! All you pay is a low monthly rental fee. Call your local WTU office for more information on how you can lease a Guard-Lite today.

Sonora P.D. Report

OCT. 27-NOV. 1

During the week of October 27 through November 1, three officers of the Sonora Police Department logged 162 hours of patrol duties and one man was off on vacation.

Activities for the week included investigation of three minor traffic accidents, three traffic citations were issued for speeding, three citations for no proof of liability insurance, three for expired drivers license, four warning citations, two civil disturbances, two alarms answered, six motorists were assisted, three attempts to locate for emergency messages were delivered, four escorts were given, 95 house checks were made, 59 miscellaneous calls requesting an officer were answered, one door to business was found opened or unlocked after closing, and three travelers' aid cases were handled.

Officers arrested one adult male for driving while intoxicated and one adult male, transit, was arrested for burglary of a building, the Lillian M. Hudspeth Hospital,

where a white male, 38 years of age, traveling through Sonora, entered the hospital to the second floor, entered the nurses' lounge, and removed several items from the purses. The subject was apprehended by the Crockett County Sheriff's Office the following morning. He was brought back to the Sutton County Jail by the Sonora Police Department.

Halloween night was fairly quiet with no outstanding incidents.

During the week the animal control officer worked a total of 40 hours, picked up 19 cats, 8 dogs and issued 2 warning tickets.

The Texas Department of Public Safety Drivers License Office will be open Monday and Tuesday, November 12 and 13 from 9 a.m. until 4 p.m. The office will be closed during the noon hour.

Anyone having business with the Municipal Judge will be able to contact Ms. Martin at her new office at 304 N.E. Oak Street or by telephone at 387-5237.

American Cancer Society is separate entity

Editor's Note: The following article was given to the Devil's River News by a local citizen who thought that the readers would enjoy reading it and would get something from it.

As American Cancer Society volunteers, you are aware of the awesome magnitude of the cancer problem. As volunteers, you have dedicated yourself to the control and eventual elimination of that problem.

But you may be confused by appeals from a growing number of organizations established to raise money for cancer research and/or provide services to cancer patients and their families.

Perhaps in the cancer field, more than in any other, it is important to take a critical look at the various agencies competing for your

dollars. The National Charities Information Bureau, 19 Union Square West, New York, N.Y., 10003, and the Council of Better Business Bureaus, 1515 Wilson Blvd., Arlington, Va., 22209, can provide you with free information about charities you may be considering supporting.

These watchdog agencies set standards for ethical promotion and fundraising, financial accountability and disclosure, responsible and active governing bodies, reasonable expenses and worthwhile purposes and programs.

The American Cancer Society meets all the standards of both organizations. The ACS is not now, and never has been, affiliated with any other organization.

Letters to the Editor

Dearest Editor,

I just got my Devil's River News that was printed the 10th of this month and saw where Becky Collins has been transferred to another place.

I want to thank her so much for all the nice things she has done for me. Every letter I wrote she put them in the paper and when we visited out there in the last part of May we visited the Devil's River News and she took our picture.

We wish her the best of luck on her new assignment. Your paper did not say what town she was sent to.

I want to say here that Sonora was and always will be a warm spot in my heart. It was my old stomping grounds in my early cowboy days. I will never forget the fine people who make up that part of the country and this country is really wet. We have had over 10 inches of rain the past two weeks and still raining.

I am as always, your dear old Sonora friend,

Love,
Carl M. Farrar
P.S. and do hope you all get plenty rain.

EDITOR'S NOTE: The following letter was received by Sutton County Attorney J.W. Johnson in reply to a letter that the county commissioners authorized him to write to the attorney general of Texas, Jim Mattox. The Devil's River News has chosen to print parts of the letter to help clarify any misunderstandings regarding the issue of the county paying the firemen's utilities, and to hopefully clear the air of any "hard" feelings regarding this matter. A complete copy of the letter is on file at the courthouse.

Honorable J.W. Johnson Jr.
Sutton County Attorney
P.O. Box 1687
Sonora, Texas 76950

Gregg Tedford graduates U.T.

Gregg Laurence Tedford of Sonora was one of the 298 students at the University of Texas at Austin who were awarded Bachelor of Arts degrees at the close of the 1984 summer session.

The University of Texas at Austin also awarded four Bachelor of Science in Architectural Studies degrees in the College of Liberal Arts at that time.

STEPHEN RAY LOPEZ

Arturo and Tamara Lopez are the proud parents of a five pound, seven ounce baby boy. Stephen Ray came into this world Wednesday, October 17 at 8:30 p.m. in Crane.

Paternal grandparents are John and Rita Lopez of Sonora.

Maternal grandparents are L.J. and Reba Cook of Roswell, N.M. and Richard McCurdy of Sonora.

The proud aunt is Kristi McCurdy of Sonora and the uncle is Ray McCurdy of Odessa.

RRC issues August oil information

Texas crude oil production averaged 2,279,772 barrels daily in August, according to Railroad Commission Chariman Mack Wallace.

This figure compares with July production of 2,300,631 barrels daily and August 1983 production of 2,308,677 barrels daily.

Texas oil production in August totaled 70,671,393 barrels, down from 71,319,547 barrels in July and down from 71,568,988 barrels in August 1983.

To this year, the state has produced 564,350,399 barrels of oil. Through the same period last year, production totaled 569,869,164 barrels.

The state's top producing counties, rank ordered by August production and followed by cumulative 1984 production, were: Pecos, 4,251,172 barrels, 34,087,982 barrels; Ector, 3,821,616 barrels, 29,586,981 barrels; Gaines, 3,552,109 barrels, 28,278,866 barrels; Andrews, 3,333,264 barrels, 25,806,557 barrels; Yoakum, 3,303,785 barrels, 27,003,577 barrels; Hockley, 3,150,598 barrels, 25,314,421 barrels; Gregg, 3,046,981 barrels, 24,576,376 barrels; Scurry, 2,298,834 barrels, 18,768,985 barrels; Crane, 2,091,111 barrels, 17,077,979 barrels; and Refugio, 1,827,316 barrels, 14,711,143 barrels.

Federal Land Bank

raises interest

The Federal Land Bank of Texas' variable interest rate will increase from 11.00 percent to 11.50 percent on Farm loans and from 11.50 to 12.00 percent on Rural Residence and Farm Related Business loans, effective November 1, said Michael W. Smith, president of the Federal Land Bank Association of Sonora.

The increase comes as an effort to narrow the widening gap between what the Land Bank pays for money on the financial market and what it charges borrowers under the variable interest rate plan. Over the last three years, the bank's average cost of funds outstanding has been in the 12 percent range, exceeding the loan rate to borrowers.

At the bank's annual stockholders meeting in March, directors from the Federal Land Bank

Association of Sonora joined other association directors and voted to forego compensation for their local association in 1984, enabling the bank to postpone an interest rate increase at that time.

"It is imperative that the bank continue to post adequate earnings to ensure that our bonds can be sold in the financial markets at the lowest possible costs, which results in lower interest rate loans for our borrowers," said James A. Rogers, president of the Federal Land Bank of Texas.

The Federal Land Bank Association of Sonora makes long-term real estate loans on farm and rural residence property in the counties of Crockett, Edwards, Schleicher, and Sutton.

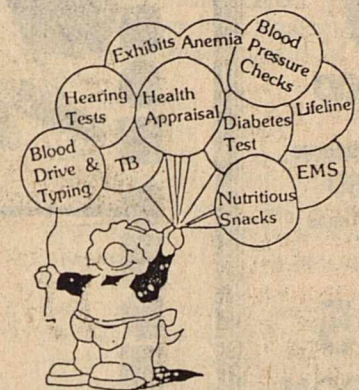

For more information, contact Michael W. Smith.

23 Permits Granted By RRC

Railroad Commission Chairman Mack Wallace has announced that 23 permits to operate new pipelines in Texas were granted by the RRC in September. In August, the Commission approved 21 permits, while 17 were issued in September 1983.

Eighteen of the new permits were for gathering pipelines, two were for trunk transmission lines, one was for a gas plant, and another two were for multi-purpose and other lines. Gathering lines bring oil and gas from production leases, while a trunk transmission line is a larger diameter line into smaller lines connect. At gas plants, natural gas is stripped of the liquid hydrocarbons usually present in wellhead gas.

In September, eight permits were granted to operate pipelines in East Texas (District 6), five in the Refugio area (District 2), three in West Central Texas (District 7B), two each in Southeast Texas (District 3), deep South Texas (District 4) and the San Antonio area (District 1), and one in North Texas (District 9).

Gathering lines approved: Production Operations, Inc., Houston, gas, Jefferson County; C.K. Resources, Inc., Corpus Christi, gas, Victoria County; Cameron gathering System, Lufkin, gas Angelina County; ANR Production Co., Houston, gas, Victoria County; Clemco, Tyler, gas, Nacogdoches County; J-W Operating Co., Longview, gas, panola County; Newton oil & gas Corp., Houston, gas, la Salle County; Hilliard Oil & Gas Inc., Midland, gas, Goliad County; Emco Gas Pipeline Co., Bridgeport,

gas, Jack County; Dawson Exploration, Inc., Houston, gas, Karnes County; Feagan Energy Inc., Midland, gas Taylor County; MAP Production Co., Inc., Tyler, gas Cherokee County; Seagull Energy Corp., Houston, gas, Nueces County; American Petrofina Co. of Texas, Tyler, gas, Shelby County; Orlander Baxter, Midland, gas, Val

Verde County; Houston Fluids & Leasing Co., Grand Prairie, gas, Eastland County; Gulf Coast Energy, Inc., Corpus Christi, gas Victoria County; Strigine Gas Co., Houston, gas, Rusk County.

Trunk transmission lines approved: Gulf States Equities, Inc., Corpus Christi, gas, Duval County; Esperanza Transmission Co., Cor-

pus Christi, gas, Jefferson County. Gas plant lines approved: Globe Operating Co., Inc., Tyler, gas, Cherokee County.

Multi-purpose and other lines approved: Venture Distribution Co., Houston, gas, Cass County; Del-Tex Hydrocarbons, Inc., Breckenridge, gas, Stephens County.

The Devil's River News

General Gorgeous makes debut in Sonora

by MARY HUCKABY

The saying "break a leg" in drama means good luck and have a good performance. Everyone in the cast of **General Gorgeous**, the production that the drama department performed for Halloween "broke a leg".

General Gorgeous was performed twice Wednesday night and due to popular demand, again Saturday night.

The play was performed in a very professional manner, right down to the ushers and attendants.

The set was unique. It was intended to be Gorgeous's penthouse carved out of a rock cave, overlooking a city. Hard work by the drama department was evident in the stylish creation of the props.

The costumes conveyed a real science-fiction atmosphere. Some of the actors wore unitards (one-piece leotards). The costume designer was Sharri Marrs.

The play revolved around would-be super-hero, Gorgeous (Craig Hopper) who desperately wanted to get into the League of Super Heroes. To assure his admittance, he needed to capture a super-villain.

The Blue Mutant (Steve Harrison) and his accompli-

ces the Pink Mutations (Keri Kropp and Cara Adams).

The play opens as the Blue Mutant and the Pink Mutations search Gorgeous's penthouse looking for the secret that Gorgeous's father, Roar (Jody Luttrell) had hidden that would turn the whole world evil.

After not finding the secret, they flee and Gorgeous, his wife Angela (Jari Burke), and their maid Pam (Elizabeth Allen), who is a panda bear, enter.

Gorgeous discovers the Blue Mutant's gloves while he is arguing with Angela and Pam. Knowing this could be the chance he has been waiting for, Gorgeous is overjoyed.

Roar and his wife Mouse Woman (Trudy Taylor) enter after seeing a movie which Mouse Woman thinks was wonderful and Roar thinks was only "adequate". They are arguing.

Roar, Mouse Woman and Angela try to convince Gorgeous to consider having a child. He is repulsed with the idea of changing diapers and the smell of formula.

Angela leaves to watch T.V. and Roar and Mouse Woman go to take a nap while Pam goes to the grocery store.

John Paul (Trey Taylor), a believer in super-heros, enters and states that he wants to write a book on

super-heros so that people will believe in them too.

While Gorgeous is discussing his blinding allergic reaction to garlic and opal rings, a pink mutation enters with her invisibility scarf on, trying to locate the Blue Mutant's gloves. She overhears Gorgeous's confession and runs to tell the Blue Mutant.

John Paul confesses that he is in love with Pam. He is totally oblivious to the fact that she is a panda.

The Blue Mutant and the Pink Mutations confront Gorgeous and they fight. They all flee out the window and Gorgeous returns, upset that he did not capture them.

Gorgeous's mistress Lilah (Kristin Keel) enters through the secret passageway and is intrigued with the fact that Gorgeous has fought the Blue Mutant, her favorite villain.

The Blue Mutant returns with the "blinding secret" and they have a sword fight. Gorgeous is about to be blinded when Lilah encourages him to say the magic word "ran-tarp". He then, in a puff of smoke, turns into a chair.

The next day Pam and Angela enter and discover Gorgeous is a chair. Angela says the magic word again and returns Gorgeous to a person.

After almost catching Gorgeous and Lilah together,

Roar and Mouse Woman are taken captive by the Blue Mutant. The Blue Mutant wants Gorgeous to give them the secret.

Mouse Woman and Roar are being kept in another dimension where it is very hot but they can communicate with the others.

Gorgeous builds up his resistance to the "blinding secret" so he will be able to fight the Blue Mutant.

The Pink Mutation enters and wants Gorgeous to change her into a rose. She is no longer evil because she wants to be a rose. Pam finds the secret that the Blue Mutant wants.

Lilah and Blue Mutant enter and Lilah talks Gorgeous into not hurting the Blue Mutant because they love each other.

The Blue Mutant and Gorgeous shake hands and instantaneously Roar and Mouse Woman appear. Pam agrees to marry John Paul, and Angela is pregnant. Everyone is together and happy.

The evil secret crumbles because happiness prevailed.

The play was truly a masterpiece of production, directing and acting.

The director of the play was Terry Marrs.

MAYOR PROCLAIMS "MARINE CORPS WEEK" IN SONORA.

Mayor Billy Gosney is shown presenting his proclamation to Marine Sergeant Bob Funston. Others present are (l. to r.) high school principal, Jack Asbill,

Brian Cascadden, Robert Fierro, City Councilwoman Margaret Cascadden and City Manager Jim Dover.

PROCLAMATION

Whereas, it is of vital interest to all citizens of Sonora, that we possess a solid national defense and

Whereas, it is well known that the United States Marine Corps is making a great contribution to the security of our nation and free men everywhere, and

Whereas, thousands of loyal Texans, many of them from Sonora, are now serving with - or have served with - the United States Marine Corps in every corner of the globe, and

Whereas, these Sonorans have contributed their efforts, their blood, even their lives to the ideal of freedom, and

Whereas, it is fitting and proper that the citizens of Sonora give well and deserving honor and recognition to the achievements of the Marine Corps and particularly to its heroic men and women - living and

dead - for their patriotism, loyalty, devotion and sacrifices,

Now, therefore, I Billy Gosney, Mayor of Sonora, in recognition thereof, do hereby proclaim November 4 - 10, 1984 as

"MARINE CORPS WEEK"

In Sonora, and call upon all citizens to take part in appropriate observances of this week, particularly November 10th, the actual birthdate, through the many channels open to them,

in witness whereof, I hereunto set my hand and caused the seal of the city of Sonora today of November 1984.

Billy Gosney
Mayor

Use simple guidelines when budgeting the family spending

Family budgeting might be easier if there were some simple guidelines for spending money.

Actually, it's very difficult to tell any family how much they should spend on food, clothing, shelter, transportation and other items, because all families are different, says family finance expert Nancy L. Granovsky.

But financial counselors at some of the non-profit consumer credit counseling services have developed a simple, easy to understand system called the 25 percent budget, says Granovsky, a home economist with the Texas A&M University Agricultural Extension Service.

While using this set of budget guidelines may not be helpful to every family, it does provide a benchmark, especially for those who are not budgeting at all and may be experiencing some financial difficulty, she notes.

To make this budget work, you divide your monthly take home pay into four equal parts. Assign 25 percent for housing, 25 percent for food, 25 percent for monthly loan payments and 25 percent for everything else, explains Granovsky.

Allowing 25 percent for housing, including taxes and if possible, utilities, means you won't exceed one week's take home pay for housing costs.

Allow 25 percent for food, inclu-

ding groceries, children's lunches, and other meals away from home. Allow 25 percent for monthly payments on everything you are buying on time, such as a car, furniture, television, appliances, home improvements or credit card charges.

The final 25 percent should cover everything else like savings, insurance, education, recreation, contributions, child care, personal expenses and emergencies.

Sonora Boy Scouts hold fall round-up

Troop 19 held their Fall Round up on October 1 at the Methodist Church.

The program started with a flag ceremony. David Griffin made introductions and turned it over to Earl Wisdom, District Executive, from San Angelo. Mr. Wisdom talked about the scouting program.

Following his talk Mr. Griffin presented awards to those boys who had earned badges at summer camp or during the summer. Receiving awards were: Chris James, canoeing; Chacho Cahill, swimming, fishing; Chris Chavarria, horsemanship; Johnny Terry

The percentages in each budget category are flexible, she points out. For example, some families may spend 30-35 percent on housing. This means that each of the other parts on the budget will have to be reduced.

But no matter how you divide up your take-home income, says the home economist, your expenses will have to add up to 100 percent. If they don't you'll have a personal case of deficit spending on your hands.

canoeing, rowing, fishing; Joe Will Ross, rowing, Nilesch Patel, canoeing, motor boating; Toney Duren fishing, rowing, Sean Peak Indian Lore, canoeing, archery; Terry Duren, computers, motor boating; James Garrett, Indian Lore, swimming.

The boys closed the awards with Scout Benediction. Cookies and punch were served. The Fall District Camporee will be November 9-11 at Camp Sol Meyer. Any boys interested in joining scouts can call 387-3943 or come to the meeting at 7 p.m. on Tuesday at the Scout Hut.

Annual Pecan Show set

The annual Sutton County Pecan Show, sponsored by the Sutton County Executive Committee will be held Monday, November 19 in the First Methodist Church of Sonora.

The Food Bake Sale will be held at 12 noon and the pecans will be displayed at 2 p.m.

Pecan divisions include plaque and rosette for champion shelling, champion in shell and champion native. First through fifth place ribbons will be awarded for every variety.

Pecans must be from the current crop and grown in Sutton County. Pecans exhibited must have been grown by the person exhibiting them. All entries become the property of the Sutton County Pecan Show.

The top two entries in each variety will be sent to the Regional Pecan Show provided the judge deems them worthy.

An entry will require a minimum of 40 nuts of one variety. An exhibitor may enter as many different varieties as he likes.

Any alterations of pecan shells by marking, filing or excessive polishing will disqualify the entry so treated. However, exhibitors are encouraged to remove all traces of husks and foreign matter from the shells.

Pecans should be free of insect and disease damage. Entries should be turned in at the Methodist Church basement between 7-9 a.m.

In the pecan bake division the rules are as follows: Open to everyone. You need not own a pecan tree or be in 4-H to enter.

All entries must contain pecans. Contestants can enter as many food categories as desired; however, all entries become property of the Bake Show upon entry.

Two divisions:

SENIOR - Age 19 plus

JUNIOR - Ages 18 and under

Food categories which may be entered are: **Cake, Pie, Cookies, Candy, Bread Miscellaneous (sweet), Appetizers & Snacks (non sweet).** The entire recipe must be entered for judging, or in case of cookies, at least two dozen.

Each entry must be accompanied with the recipe plainly printed or typed on a 3 x 5 card. An entry form will be completed on each entry at the Church.

All Food entries and recipes must be submitted at the church between 7:30 a.m. and 9:30 a.m. Monday, November 19. Judging begins at 9:45 a.m.

Each entry must be displayed on a disposable dish and should be covered with clear plastic wrap. Items requiring refrigeration will not be accepted.

Pecan Bake Sale open to public and scheduled to begin at 12 noon.

Foods judged on pecan use, appearance, flavor and texture.

Lea Whitehead honored

Lea Whitehead was among 31 4-H members who were honored by their peers and Central Power and Light Company at the District 13 Gold Star Luncheon held Saturday, October 27 at the Holiday Inn in Uvalde.

The Gold Star is the highest county 4-H award provided by the Texas Agricultural Extension Service. Outstanding 4-H members who have achieved high standards of excellence in their work may be chosen annually from each county to receive this honor. Selection is made by a committee on the basis of personal development, leadership, outstanding achievement in 4-H projects and activities, and contributions to the overall 4-H program.

Presenting the awards was Bruce W. Miller of Corpus Christi, manager of economic development for

Central Power and Light Company. CP and L sponsored the luncheon. Pam Stieler of Boerne, parliamentarian of the District 13 4-H Council, and Diana Neal of Pearsall, vice-chairman of the District Council, assisted Miller in presenting the awards.

Allen Wallace of Uvalde, district manager for Central Power and Light Company, greeted the nearly 250 4-H members, parents and county Extension agents who attended the program.

Also assisting with the program were Dwayne Bourquin of Hondo, chairman of the District Council, who was the master of ceremonies; Kathy Kosub of Poteet, Council information chairman; and Toby Castellaw of Carrizo Springs, Council secretary.

Kavern Kash starts

The Kavern Kash Christmas shopping incentive program sponsored by KVRN radio and The Sonora Chamber of Commerce has begun its first week with 35 participating businesses.

During the period beginning November 1, 1984 and ending December 14, 1984 at 7:00 p.m., any purchases from participating businesses, will receive a cash receipt (payments on charge accounts included). These receipts are redeemable for Kavern Kash, dollar for dollar, at KVRN's Kounty Bank at The Sonora Chamber of Commerce.

The Kavern Kash may be used to bid on valuable items donated by Sonora businesses. The auction will be held December 15th in conjunction with a Bar-B-Que. Kavern Kash is the only money that may be used in the bidding. The more you participate the more Kash you will receive.

Participating merchants and the donated items are:

Chaparral - Child restraint seat, Circle S - 4 ea. white spoke shells, Commercial Printing - Personalized stationary, Country Fried Chicken - #5 special, fish for 2, 2 half orders of liver, regular chicken dinner for 2, 2 half orders of gizzards, 1 order of 2 hamburgers, 1 order of 3 hamburgers, 1 hamburger, french fries, med. drink, 1 hamburger, french fries, med. drink, child's plate-dark chicken, child's plate-dark chicken, 1 order steak fingers, 1 chicken fried steak, 1 fish sandwich, First National Bank - \$100 savings account, \$50 savings account, \$50 savings account,

ICA holds monthly meeting

The Independent Cattlemen's Association held its monthly business meeting and breakfast Thursday morning, 7 a.m. at the Fiddler's Restaurant, November 1st.

Varied topics were discussed at this meeting and future events will be announced.

All members urged everyone to get out and vote Tuesday, November 6th.

The next meeting will be held on December 6th.

Members are urged to attend and anyone interested in joining can call Clay Hicks, chairman at 387-3286.

The attendance was good and all members are enjoying the Fiddler's Restaurant.

adha YOUR HEALTH

What we eat and how much we eat affects the way we look and feel. Like the rest of the body, your teeth and gums need proper food to stay healthy.

In the 4th century B.C., Aristotle noticed that people who ate lots of ripe figs had more tooth decay than people who did not. It wasn't until the 1950s that scientists started to see the relationship between food and tooth decay. Decay occurs because of plaque, a sticky, colorless layer of harmful bacteria that forms on everyone's teeth. The bacteria in plaque feed on sugars and produce acids that attack your teeth and gums. The plaque holds these acids on to the teeth. After many such attacks, the tooth enamel breaks down, forming a cavity.

It would be difficult to eliminate all sugar-containing foods from your diet. The object is to cut down on the number of times plaque bacteria can go to work producing harmful acids.

The American Dental Hygienists' Association offers these tips on diet for better dental health:

- Eat balanced meals daily.

- Don't snack between meals. Each time you eat, acids attack tooth enamel for twenty minutes.

- Remove plaque by brushing and flossing thoroughly at least once a day.

If a 170 pound man expended energy at the rate of the tiny hummingbird, he would have to eat 285 pounds of hamburger or twice his weight in potatoes each day in order to maintain his weight.

Around Town

BY HAZEL McCLELLAND

After the cross country regional meet held in Lubbock, Jose Escalante and his teammates, Santiago Faz and Manuel Duran, relax. Jose finished second in the race and will represent Sonora in the state competition that will be held next weekend.

Visiting Mrs. Carrie Morrison last week end was her sister, Mrs. Howard Sargent from Grandbery, Texas.

Mrs. Robert Halbert is in San Angelo in the Shannon Hospital where she has had surgery-So glad you are better Battie.

Rev. David Griffin was in San Angelo this past week visiting with Sonora people who are in the hospital.

Mrs. Mickey Powers is in the hospital in San Angelo where she has had surgery. Hope you are better and home soon Clair.

Our sympathy to the family of Jack Pfeister who died Oct. 31 at the Hudspeth Nursing Home.

Our sympathy to the family of George Phillips who died Nov. 1 at the Hudspeth Hospital.

Mrs. Louise Glasscock and

daughter Bobby of Austin are here visiting her mother, Mrs. Thelma Phillips and to attend the funeral of Mr. Phillips.

Mrs. James Morris was in Carriso Springs over the week end, visiting her sister, Mrs. Maysie Barker.

Mr. and Mrs. V.J. Glasscock were in Ozona Saturday attending the funeral of Mrs. Bart Westfall.

Mrs. Gwen Wardlaw and Hazel McClelland were in San Angelo Friday.

Mr. and Mrs. Harold Brisco of Midland were here several days this past week to be with his mother, Mrs. Thelma Phillips.

The Hudspeth Hospital Auxiliary will meet Nov. 12th in the nurses lounge. All members try to be there and any visitors that would like to come will be welcome.

Some have believed rainbows foretold war.

Dairy Queen knows what makes a burger better.

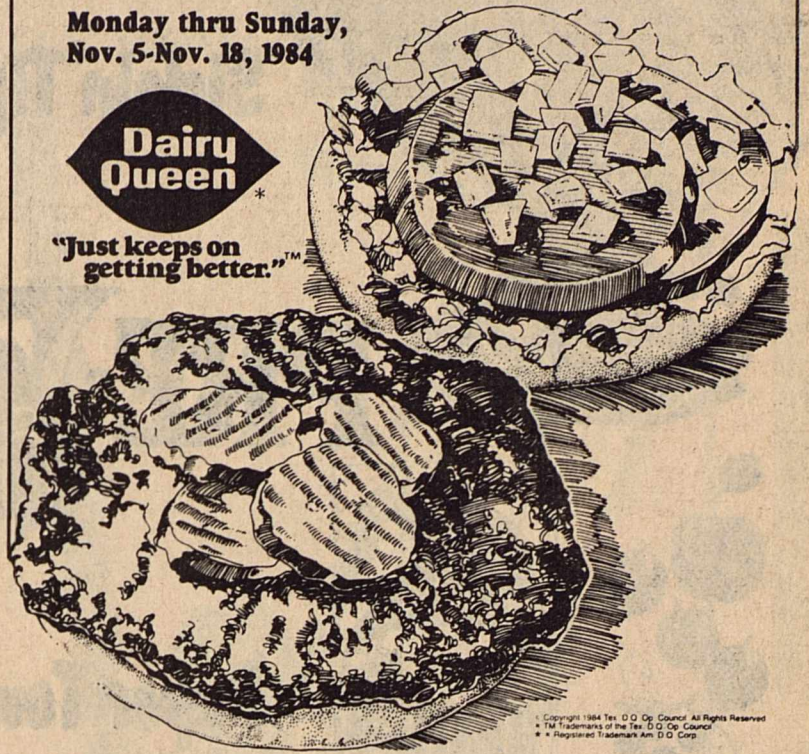

NEW HOMESTYLE Hungr-buster 99¢

Let's get right to the meat of the matter. What makes our new Homestyle Hungr-buster* so much better is the beef. A quarter-pound of 100% pure beef to be exact, in a real homestyle patty made especially to be juicier, more tender and more flavorful. Made to your order and topped just the way you want it. Come taste the new Homestyle Hungr-buster* at Dairy Queen. There's no better burger. Because there's no taste like home.

Monday thru Sunday, Nov. 5-Nov. 18, 1984

"Just keeps on getting better."

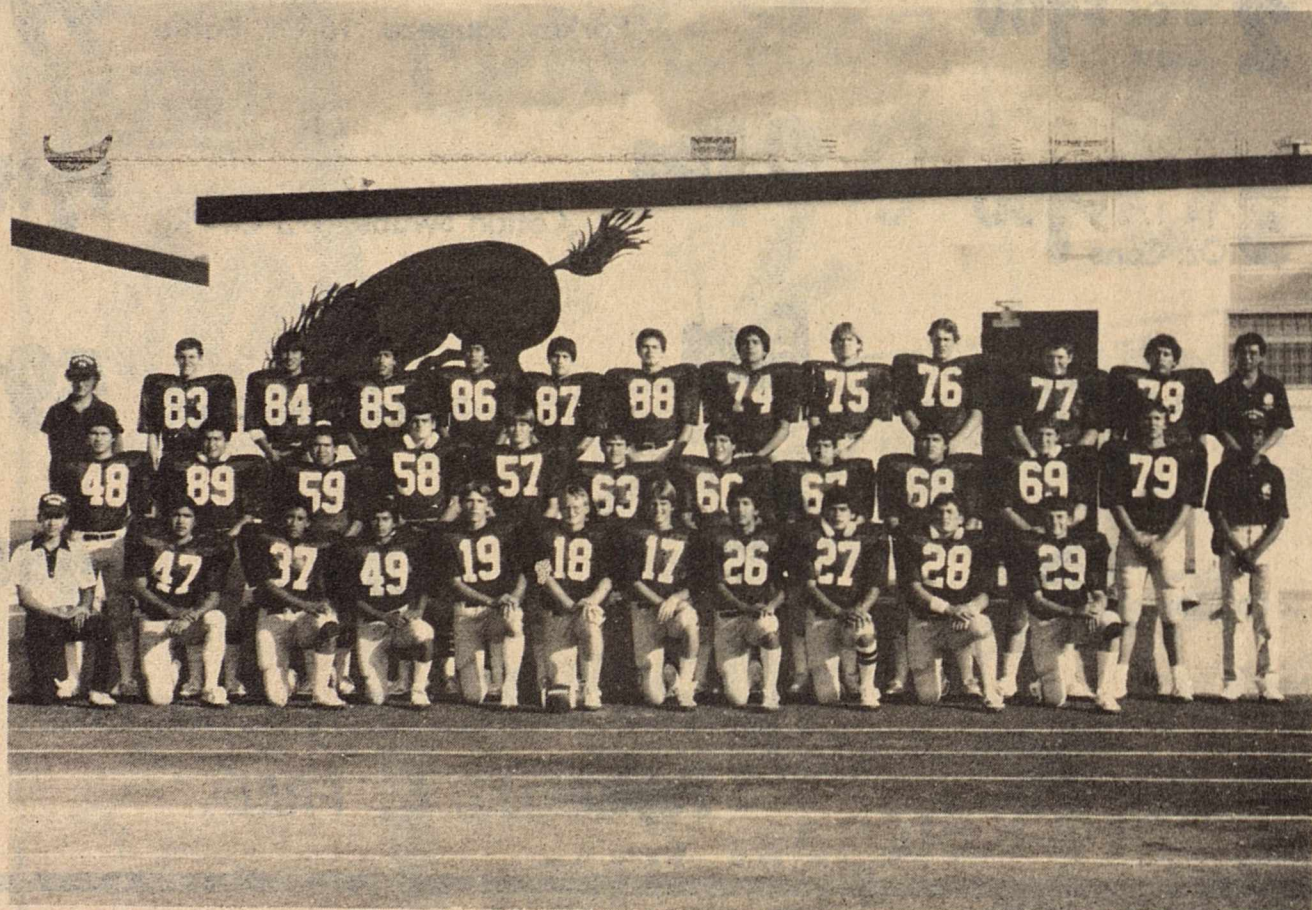

At the Regional Cross Country meet held last Saturday in Lubbock, Gina Heffernan, second from right, begins her race. Gina finished twelfth out of many competitors. [Photo by Charlie Adams]
