University president to speak at 1st Baptist

The First Baptist Church of Sonora will entertain Dr. Jesse Fletcher, President of Hardin-Simmons University Wednesday night, May 8. Dr. Fletcher is well known in Baptist work. He was with the Foreign Mission Board of the Southern Baptist Convention for several years and is the author of "Bill Wallace of China" and "Baker James Cauthen, A Man for All Nations".

Bill Wallace was a Southern Baptist Medical doctor to China who was martyred by the communists in the early fifties. Baker James Cauthen was Executive Director of the Foreign Mission Board of the Southern Baptist Convention from 1954-79.

First Baptist Church is very happy to have Dr. Fletcher come to bring a message on missions and greetings from Hardin-Simmons University, a Baptist University in Abilene.

The Meeting will be held at 6:15 p.m. for supper and follow with Dr. Fletcher's address at 7 p.m. in the auditorium. There will be no charge and the whole community is invited to come join us.

G&T program to stay

It has been erroneously rumored that the Gifted and Talented program in the Sonora School System is being dropped.

According to Mario Sotelo, assistant superintendent of S.I.S.D., the program is not being dropped. Sotelo said the school board will consider restructuring the program for financial purposes but Sonora I.S.D. will still offer the program.

This subject, along with several others, will be discussed during the Tuesday, May 14 meeting of the S.I.S.D. Board of Trustees. The public is invited to attend this and all school board meetings.

The meeting will begin at 7 p.m. Tuesday, May 14 at 807 Concho in the Administration Building.

Winners announced

Winners of last week's "Where's The Bull" contest were Jackie Oliver and William Tucker. Each will receive one free ticket to the bull riding May 18.

The contest will continue for one more week. Find the bull hidden in one of the ads and call The Devil's River News. If you are correct your name will be eligible for a drawing at 5 p.m. Friday.

Two tickets will be given away this week.

Students need jobs

Again this year the students at Sonora High School need the help of local businessmen and citizens in finding summer jobs.

Jeryl Fields, counselor at the high school, commented that even though the local economy is a little sluggish now thanks to the oil patch recession, there is still need for summer employment by many students, graduates and underclassmen alike.

Anyone who has or knows of a summer job for students, even a part-time one, will do the community a favor by notifying Mrs. Fields at the high school—please call 387-2124, or feel free to come by and talk with her about your employment needs.

"First Nighter" slated

A "first nighter" party will be held at the Uvalde Country Club immediately after the opening performance of "Music Man" Saturday evening, June 1. The cast and crew of the play will be honor guests and the theme will be "red, white, and blue". A brass section will provide entertainment.

Tickets are \$5 each and may be purchased at the Opera House Box Office, during business hours on weekdays, or by calling 1-278-4082. Tickets to "Music Man" are also on sale at the Box Office.

"Music Man" productions are scheduled for June 1, 2, 6, 7, and 8. The play is co-sponsored by the Uvalde Area Community Theater and Southwest Texas Junior College.

Debbie Bible on to All-State Team

Debbie Bible, a senior at Sonora High School, has been notified that she was selected by the Texas Girls Coaches Association to the third team of the All-State Basketball teams in Class 3-A.

Debbie, the daughter of Mr. and Mrs. James Bible, was coached during her high school basketball career by Clyde Dukes. She is a member of the National Honor Society and will graduate on May 24 with honors. According to Coach Dukes, Debbie well deserves this honor. He continued by saying that he was proud of the job she has done for the basketball team this year. Dukes added "Despite her short stature, she battled and defeated much taller girls all year long. Her leadership was an invaluable commodity that helped to make the team into the winners they were."

Coach Dukes concluded his remarks by warmly congratulating Debbie for receiving this state-wide recognition.

Bull Riding coming up soon

The Eighth Annual Sutton County Days Association Goat Burning will be held Saturday, May 18 at the Sutton County Park along with the Second Annual Bull Riding Classic to be held in the Sutton County Rodeo Arena.

The goat cooking will begin at 12 noon with the meat judging to take place at 5 p.m.

Registration for cooks and games will begin at 10 a.m. Saturday, and local teams will be steer roping Saturday morning.

There will be a washer pitch with single and doubles and a horseshoe pitch for doubles only. Registration fee for the washer pitch is \$5 for single entries and \$10 for doubles. The horseshoe pitch entry fee is \$10.

Registration for the goat cook-off is \$30 and entry forms along with the fee may be mailed to Sutton County Days Association, P.O. Box 171, Sonora, Texas 76950.

Starting at 9 p.m. that Saturday, there will be a slab dance featuring Bob Blandford and the Rodeo Men, lasting until 1 a.m.

The Bull Riding Classic is a production by Bad Company Rodeo and will begin at 7:30 p.m.

This year Tom Feller will again be at the Bull Riding Classic as a professional rodeo bullfighter or "Prorodeo Clown".

Fellers was the 1984 Coors Man in the Can and the World Champion Barrelman.

"Try" is one of the most important ingredients in creating the right mixture for success. Try, combined with a lot of "want-to" are what it takes to get you where you are going. Try is something this cowboy has an abundance of. His name is Tom Feller and he hails from Everman, Texas.

Tom is a member of Prorodeo's unique characters of the baggy britches bunch known as barrelmen. He got into the clowning business upon returning from a stint in Vietnam as a Marine. Tom served his clowning apprenticeship working high school and amateur rodeos across Texas for several years before joining the Professional Rodeo Cowboys Association in 1974.

Since that time, Tom has been acutely aware of just what it takes to succeed as a Professional. He has developed his own character and style in the arena and is continually incorporating new ideas into his comedy. You might see Tom in the arena performing a variety of comedy routines which include dogs, ducks, a goose or other "props" to provide zany antics during and inbetween the standard rodeo events. Of course, he'll be there in his barrel during the bullriding, not only to

exchange witticisms with the announcer and audience, but more importantly to serve as a safety valve for a fallen bullrider or as a gauntlet between the bullfighter and his enraged, horned opponent.

Putting forth that extra bit of try has made Tom's role in Prorodeo increasingly recognizable. Little things like taking a mud bath in the arena to bring smiles to the faces of an audience that would have otherwise remained solemn due to the weather conditions have endeared Tom to rodeo audiences. The extra effort to always be at the point of action with his barrel has earned respect for Tom from his bullfighting comrades as well as the bullriders. This try, exhibited by one of Prorodeo's best barrelmen was rewarded in 1981, as Tom received the two highest honors afforded a barrelman in professional rodeo at that time. He was selected by the Wrangler Bullfighting finalists as the barrelman for Wrangler's World Championship Bullfighting Finals at the Beauty and the Beast Contest in Oklahoma City. In addition, the top 20 bullriders in Prorodeo selected Tom as barrelman for the prestigious National Finals Rodeo the same week.

At the 1982 PRCA Convention held every January, in Denver, Tom's successful 1981 season was capped off by being named the Professional Rodeo Cowboy Association Clown of the Year for '81.

The 1982 season was equally as rewarding for Tom. He was again selected to serve in the barrel for Wrangler's World Championship Bullfighting Finals and was the alternate N.F.R. barrelman. Tom was also named as Prorodeo's Lone Star Circuit Act of the Year

in 1982.

In 1983, Tom's busy schedule of rodeos was once again accented with end of the year honors. For the third consecutive year, Tom was selected as barrelman for Wrangler's World Championship Bullfighting finals. The bullriders of the Texas Circuit (formerly the Lone Star Circuit) also elected Tom as the barrelman for their 1983 finals.

1984 was Tom's most successful year as a professional barrelman. He worked 150 PRCA approved rodeo performances as well as serving as an instructor at three rodeo clown schools and continuing to serve on PRCA planning and organization committees.

1984 was also the year that the PRCA's highest honor was bestowed on Tom Feller, when he was named at year's end as the COORS MAN IN THE CAN (World Champion Barrelman). Accompanying the title were a bonus check from Coors for \$5,000 and a beautiful gold championship buckle.

Tom cherishes this award above all his others because of the way the recipient is chosen. The Coors Man in the Can program allowed the industry's top 20 announcers, 12 highest ranked bullriders and 12 Wrangler bullfighters to rank the 20-plus PRCA barrelmen who participated in the program's first year in all the areas considered critical to professionalism as a barrelman. Tom's name surfaced on top of the prestigious list of barrelmen, proving that his dedication and "try" did indeed pay off.

Court to appoint judge

The Sutton County Commissioners Court will convene for the regular monthly meeting at 9 a.m. Monday, May 13 in the County Courthouse.

One of the major topics on the agenda will be consideration of the appointment of an interim county judge. County Judge Charles Sherrill has announced his intention of resigning to enter private practice.

Whoever is appointed to fill the position will serve until the next general election in November, 1986.

According to County Attorney David Wallace there are some grey areas in the state law, but it appears that the resignation of a judge is not acceptable until a successor is named.

The office of county judge involves two distinct areas of responsibility, administration of county government and judicial affairs of the county court. Since the latter involves criminal and civil law, a judge must be available.

According to Vernon's Annotated Texas Statutes, Art. 2355, the commissioners court has the power to fill the office of county judge. The election is by majority vote of the members of the court present and voting and

the person elected shall hold office until the next general election. At that time he or she may choose to run for election.

The only constitutional requirement for a county judge is that, "he/she shall be well informed in the laws of the state," Wallace said. The appointee must also meet the residency requirements as stated in Constitutional Article XVI; Section 14 of the Election Code, paragraph 1.05.

An Attorney General's opinion published in 1940 (0-2146, amendment 2145-A) states, "A county judge or any member of the court may vote or refrain from voting whether or not there is a tie".

In the event the court cannot decide on the appointment of a county judge they can appoint a special judge. This special judge, who must be an attorney, would preside over criminal procedures. He would not be involved in county administration, said Wallace.

The meeting is open to the public and all interested persons are invited to attend.

6th grades treated to Annual Field Tour Tuesday

The Sixth Annual Field Tour for the Sonora Sixth Grade was held on the Edwin Sawyer Ranch Tuesday April 30. The annual event is a cooperative effort of the Edwards Plateau Soil Conservation District, Texas Agriculture Extension Service and the Sonora Agriculture Experiment Station.

According to Virgil Polocsek of the Sonora SCS Office, the Sixth Grade Field Tour originated in Sonora and has since spread to a number of other area towns. "It has proven to be a very valuable and popular program," he said.

The tour which is held each year on the Edwin Sawyer Ranch is designed to acquaint the children with the production of food and fiber and its importance to them, Polocsek said.

Among the topics discussed during the day-long tour are wildlife biology, and formation and infiltration of soils, the importance of range management and conservation cropping, and general animal husbandry.

Emphasis is placed on wool and mohair from producer to the finished product.

The children finished the tour with a much clearer understanding of where food and fiber comes from and the importance of conservation and management of renewable natural resources, Polocsek said.

Instructors for the tour were Virgil Polocsek and Tom Payton of the local SCS office and Charles Mickelson, Area Soil Conservationist, Clarence Weidenfeld, Area Soil Scientist, and Mark Mosely, Area Range Conservationist all of the San Angelo Area SCS Office.

The Texas Agriculture Extension Service was represented by Preston Faris and Gail Rucker of the Sutton County office and by Dr. Dwight Gunn, District Wildlife Specialist, Dr. Larry White, District Range Specialist, and Tom Troxel from the Uvalde District Office. Nick Garza from the Sonora Experiment Station also contributed.

No Trespassing means just that

The Sutton County Commissioners Court has posted no trespassing notices on the property recently acquired for the County Road and Bridge Department yard.

The property, which includes about 39 acres, is situated east of Poplar Street between Water Street and Interstate Highway 10.

Extensive dirt work is now being done on the property, according to Joe Ed-Harrell, County Road and Bridge Superintendent.

The property formerly housed two small mobile home parks and a considerable amount of unused and undeveloped land. It has been a favorite spot for dirt bike riders and four-wheel vehicles.

The work going on to develop the area for county use could present a hazard to dirt bike riders, particularly children.

The no trespassing notice posted by the County is printed in full below.

"Persons of the public are hereby given notice, pursuant to V.A.T.S. Ann. Penal Code Sec. 30.05 (a) (1), that any person entering the following property without the effective consent of authorized county officials are trespassing and will be prosecuted for criminal trespass. The property is described as the property purchased by the County of Sutton for the purposes of a county yard, more particularly described

as follows:"

"All that property deeded from Wanda Cahill Neville, et. al. to the County of Sutton in deeds of July 1984 being recorded in Volume 162, Pages 45 and 50 of the Deed Records of Sutton County, Texas; and"

"All that property deeded from Billy Green, et. ux. to the County of Sutton in a deed dated the 27th day of December, 1984, recorded in Volume 162, Page 124 of the Deed Records of Sutton County, Texas; and"

"All that property deeded from William Donald Jones, et. ux. to the County of Sutton in a deed dated the 27th day of December, 1984 and recorded in Volume 162, Page 138 of the Deed Records of Sutton County, Texas."

"Such lands Aggregate 39.38 acres, more or less, and are east of Poplar Street and South of Interstate Highway 10 and located in Sutton County, Texas."

Ozona tourney set

The Ozona Chamber of Commerce will hold its 6th Annual Tennis Tournament Saturday, June 8 in Ozona, with singles, doubles and mixed events.

For complete information write Beth Boyd, The Ozona Chamber of Commerce, Box 1135, Ozona, Texas 76943, or call 915/392-3066.

TOM FELLERS

Mayor Gosney designates this week to clean up

Sonora Mayor Billy Gosney has designated the week of May 6-12 as "Beautify Sonora Week."

The proclamation is intended to focus the attention and pride of Sonora citizens on the attractiveness of their residence, public buildings and grounds and places of business or industry.

Mayor Gosney and all other city officials urge all citizens, businesses and industries to join in and support "Beautify Sonora Week."

Now is the perfect time to get rid of the trash that has accumulated during the winter and early spring.

During the week the City of Sonora will pick up trash free of charge. Call City Hall, 387-2558, to schedule the pick-up service.

The trash should be placed in appropriate bags or other containers and tree limbs should be cut and bundled so that the city crews can handle them. Loose trash will not be picked up.

A little bit of effort will go a long way to making Sonora a more pleasant and beautiful place to live. Removal of trash will also cut down on problems of mosquitoes and other insects. Piles of trash are favored refuges for rodents and snakes.

Take a little time and really "Beautify Sonora."

Sonora Police Report

The five officers of the Sonora Police Department logged a total of 527 hours between March 19th through May 2, 1985. During this period of time there were no accidents reported or investigated. Officers issued 20 traffic citations and 6 warning tickets were issued. There was one failure to appear complaint issued. The breakdown on the traffic citations was as follows: Speeding - 10 (2 of which were in the school zone); Ran red light - 2; Disobeyed stop sign - 4; No liability insurance - 4. During this time officers investigated shoplifting by two teenagers

in a local store, one attempted burglary of a habitation, one attempted burglary of a local business; theft of a local business by removing letters from a business sign and theft of service from a local convenient store. Five adult arrests were made. One driving while intoxicated, one for disorderly conduct, two public intoxication, one unlawful carrying weapon and possession of marijuana. During this time period the officers answered the following calls: Civil disturbance - 3; Domestic disturbance - 5; Alarms - 6; Animals calls - 2; Assist motorist -

19; Attempt to locate - 1; Escorts - 2; House checks - 102; Miscellaneous calls - 108; fire - 1; open door - 7; welfare cases - 4. Animal control officer logged 65 hours, impounding 7 dogs, impoundment notices have been posted at the Court House Annex, City Hall and Big Tree Restaurant. The Texas Department of Public Safety Drivers License Office is no longer in the Police Department, but has been moved to the Sutton County Court House. Judge Martin's office is located in the Police Department at 304 N.E. Oak Street, telephone number 387-5237.

WOOL AND MOHAIR JUDGING WINNERS

4-H judging team members who attended the Kerrville Invitational Contest are, [L-R] Brandy Wallace, Brian Faris, Shanna Patton, Christi Spain, Shawn Wallace, Keith Wallace and Todd Keller.

Some people thought keeping fern in the house kept away insects and unwanted guests.

4-H Judging Team does well

Sutton County 4-H Wool and Mohair Judging teams have been doing well in recent contests. The Kerrville Invitational Contest for Wool and Mohair Judging was held April 27. Sutton County Team #1 composed of Christi Spain, Keith Wallace, Shanna Patton and Brandy Wallace placed fifth. Team #2, Todd Keller, Brian Faris and Shawn Wallace placed tenth. There was a total of 17 teams entered in the contest.

The Angelo State University Junior Wool and Mohair Judging Contest was held Saturday, May 4 in San Angelo. Sutton County's junior team included Keith Wallace, Tracy Love, Todd Keller and Amy Patton. The team placed third out of a total of 16 teams. Keith Wallace was the third overall high individual in the contest.

Coaches for the team are Terry Blair and Preston Faris.

Ricky Sanchez is appointed missionary

Ricky Sanchez, of Sonora, has completed his first year in the Hispanic Baptist Theological Seminary in San Antonio. Sanchez is a member of Primera Baptist Church, Sonora. He has been appointed a summer missionary with the Baptist

General Convention. His assignment will be with the Baptist Association in Houston under the direction of Rev. Tom Green. The assignment will be for a 10-week period.

Upon completion of the summer program Sanchez will return to the Seminary. He is preparing to be a Youth Minister.

Sanchez is the son of Mr. and Mrs. Ruben Yorba and the late Richard P. Sanchez.

The first scientist to distinguish vertebrates from invertebrates was Jean Baptiste de Lamarck, around the turn of the 19th century.

The Koutoubiya minaret in Marrakesh, Morocco, was built with musk added to the mortar. After almost one thousand years, it still gives off a pleasant aroma.

NATIONAL PET WEEK

MAY 5-11, 1985

PEOPLE AND PETS CARING AND SHARING

WHEREAS, the citizens of Sonora have long recognized the special bond between people and pets, and the many benefits animals provide in terms of companionship, loyalty, affection, devotion, and health; and

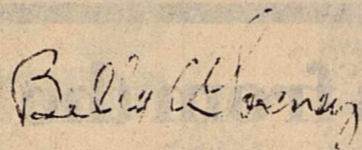

WHEREAS, the National Pet Week observance on May 5-11, 1985, draws special attention to each individual's responsibility to protect and show kindness to animals, to provide food, shelter, and health care for animals, and to comply with laws and ordinances regarding animals; and

WHEREAS, the citizens of Sonora are deeply indebted to Doctors of Veterinary Medicine who, by virtue of their training and skill, devote their practice to the care and treatment of animals, and who join with many individuals, humane societies, and other organizations every day to educate people of all ages about responsible pet ownership; and

WHEREAS, the quality of life for people and pets is preserved and improved when a true spirit of kindness towards animals prevails;

NOW, THEREFORE, I, Billy Gosney, Mayor, of Sonora, do hereby proclaim MAY 5-11, 1985

NATIONAL PET WEEK

K-Mart implementing Lost Child program across nation

If K mart is successful in implementing its Lost Child Program, its services could help prevent the abduction of innocent Children across the country. But while child safety is the ultimate objective of the company's nationwide public service program, even the most modest of figures indicate the battle will be uphill—and long.

Flyers that feature the photographs of four missing children, as well as safety tips for parents and children, will be available free of charge to all K mart customers in displays at K mart stores, and also inserted into each photo processing order handled by K mart's more than 2000 stores nationwide. The company processes more than 43 million bags of photographs annually.

Persons who may have information about a child pictured on a flyer will be instructed to phone the

National Center for Missing and Exploited Children at its toll-free phone number (1-800-843-5678).

The program was proposed by Guardian Industries Photo Division, a supplier of photo processing to K mart. Guardian will provide all graphic services for the flyers. K mart will also help with the financing of the program and prepare and distribute the first seven million flyers to U.S. K mart stores. The flyers will be inserted into photo orders by each photo processor—Guardian, American Photo, Colorcraft, Bidkell and Phototron. Photos will be changed every month. After the first 7 million flyers are used, the individual photo processors will print and distribute flyers in their orders to K mart.

"The individual stores will be able to implement the program as it best suits their geographic area

and business." K mart Vice Chairman Samuel G. Leftwich said. "We will then monitor the stores to get a feel for the local impact of the program."

"The program will begin at our store level. K mart managers will also be provided with speeches to address community groups as to the need of child safety education. In addition, we are looking to other avenues to help better educate children and parents about the seriousness of abductions.

"By using the flyers and other information, K mart will have the means to convey to the public information that could lead to the recovery of missing children," he added. "But the greatest service we can provide our communities is that of education."

Some people believed they could make it rain by shooting arrows into the air.

The Analytical Engine, conceived by Charles Babbage about 1822, was the first computer designed to receive instructions from punched cards, make calculations with the aid of a memory bank and print out solutions to problems. It was never completed.

AROUND TOWN

Our sympathy to Mrs. Guila Vicars on the death of her sister, Mrs. Manse (Marie) Hoggett. In Mertzon Tuesday for the funeral of Mrs. Hoggett were Mrs. Bobby Fawcett, Mrs. R.A. Halbert, Mrs. Vestal Askew, Mrs. Mary Barrow, Mrs. Belle Steen, Mrs. Lucy Ramos, Mrs. John Eaton, Mrs. Harvey DuRussell, Mrs. Vivian Crites and Mrs. Hazel McClelland.

Visited with Mrs. J.D. (Wanda) Cook in Mertzon Tuesday, Wanda said to tell all her old Sonora friends hello.

Mr. and Mrs. Charles Shannon and Mrs. Bernice Savell spent the week end in Oklahoma visiting their son and daughter in law Mr. and Mrs. Savell Shannon.

Mr. and Mrs. Johnny Morris of Marfa were here over the week end visiting his parents, Mr. and Mrs. James Morris.

Visiting Mr. and Mrs. David Wallace were her parents and

grandparents, Mr. and Mrs. Richard Wilson, Lafayette, Louisiana, Mr. and Mrs. Emerson Chaisson from Rayne, La.

Drew Wallace has returned home from school in Lubbock.

Jewels & Gems

by John Tedford

It was because of Rene Lalique that the opulent jewels of the nineteenth century gave way to a real craft—that of work in precious metals. Before Lalique's time, the emphasis was on jewelry rich in diamonds and pearls. What was important was the lavish displays and the intrinsic value of precious stones rather than the workmanship. Lalique headed a movement which revived the art of goldsmithing and took its themes from nature. Design became better and as important as the costliness of the material. Today, the work of

the goldsmith may be as or more valuable than the intrinsic worth of the gold.

The design of a piece of jewelry should fit the personality of the wearer, much as clothes do. Most people own one or more pieces of jewelry to wear all the time, as a basic extension of their everyday self. These frequently include the wedding ring. They may also have jewelry reserved for special occasions—jewelry that says, "This is a special moment—an occasion I want to remember."

HINT The karat weight denotes what part of the alloy is pure gold. Solid gold would be 24 karat. The most common karat weights in jewelry are 10K, 14K, and 18K.

Letter to the Editor

Dear Editor,

I did not know that there could be anything pleasant about breaking a hip. If one lives in Texas, especially Sonora, this is not true.

Starting with the three young women who took us to San Antonio in the ambulance, everyone has been "Super wonderful!"

My misadventure brought so many pleasant hours my way because of you thoughtful people.

Thanks,
Mae Ward

Ft. Worth men arrested May 2

Sonora city police arrested two men at 12:15 p.m., May 2, in the parking log of the Town and Country Store, 805 S.W. Crockett after receiving a report that the men were in possession of marijuana and handguns.

Billy Ray Jennings, 27, and Virgil Duane Lisby, 26, both of Fort Worth, had reportedly been involved in a traffic accident south of town earlier in the day.

Jennings has been charged with possession of marijuana and possession of methamphetamine. Lisby was charged with possession of marijuana and unlawfully carrying a handgun.

Bonds were set by Justice of the Peace Herman Moore at \$7,000 on Jennings and \$1,000 on Lisby. Both men have been released on bond.

Pollard attends T.D.A. Seminar

Lonnie M. Pollard, D.D.S., joined more than 6400 professionals and guests attending the Texas Dental Association's (TDA) Annual Session to hear the latest issues and preview the newest products in dentistry. TDA's Annual Session was held in San Antonio May 2-5.

Alternate forms of payment for dental services was a major issue addressed during the Session. Employers and individuals are exploring options such as "alphabet organizations" (providing dental care for a fixed, monthly fee) and direct reimbursement (an employer's reimbursement of dental

care costs directly to an employee).

Among the new products exhibited were social security-numbered plastic discs which are bonded to the teeth. The discs are recorded in a nationwide computerized system to help in locating and identifying missing persons.

The Texas Dental Association is a statewide voluntary professional association with 25 local societies and more than 6200 members.

The phrase "minutes of a meeting" does not refer to the time. It stems from the Latin "minutus" meaning "small", since records of proceedings were generally taken down in miniature, to be transcribed later.

Seminar set for women Landowners

Women landowners are invited to attend a three-day seminar especially for them on farm and ranch business management, May 28-30 at the Holiday Inn North in San Antonio.

The seminar, which is one of three being held this spring in Texas, will cover income taxes, leases, business organization and estate planning. This is the second year for the seminar to be held in San Antonio due to the overwhelming response to a prior program, according to Wayne Hayenga, Extension economist-Manager.

Hayenga will discuss mineral estates, outlook for agricultural investments, buying, selling or trading land, selling part of the business, income tax planning, and basic estate planning.

The registration fee of \$80 per person includes all seminar materials and lunches for the three days. Registration is limited to allow discussion about problems

and opportunities. Further information may be received by contacting Hayenga, Agricultural Economics Department, Texas A and M University, College Station, Texas 77843, or Shirley Johnson, Bexar County Extension Agent, telephone 512-220-2781.

Poets being sought

The Redding Poetry Club is sponsoring its First Annual Poetry Contest, open to all poets. There are three prizes in all. First Prize is \$100, Second Prize is \$50 and Third Prize is \$25.

"We are a small poetry club, but we're big on poetry," says Contest Chairperson David Letterby.

"We are especially looking for new talent, poets who are beginners, and we hope this contest will produce some exciting discoveries for us."

For free information write, Redding Poetry Club, 3305 Sunset Dr., Redding, California 96001.

"Faithfulness from the passion of Christ"

Charles Huffman, Minister Hope Lutheran Church

Read Matthew 26:47-56

The term 'faith' is dear to the hearts of all Christians. We know that we are saved by faith alone. But do we realize that the word 'faith', as it is used in Scriptures, is of many aspects? To define faith as merely an agreement with the teachings of the Bible is inadequate. There is much more to faith than that. One aspect of faith would be to translate the meaning to 'faithful' or 'faithfulness'. This is not speaking of faith IN God; but faithfulness TO God; and that includes dealing with other people. Faithfulness means being reliable and dependable. For example, if you fail to go to work 2 or 3 times a month does your boss call you faithful? If you miss a couple of mortgage payments per year, does the bank say 'Oh, well, 10 out of 12 isn't bad'? If you fail to worship God in church 1 or 2 Sundays a month, are you faithful?

When we speak of another person as 'faithful' we mean they have carried out their responsibilities. We all have responsibilities-as husbands or wives, as parents or children, as employers or employees, and as members of a church and citizens of a community and a nation. Faithfulness means that others can count on us to DO and BE what we say.

The question is: How do we treat others? What is our attitude toward one another? Or simply, are we faithful? Loyalty and accepting obligations are the marks of a person who responds to God's call: "Love the Lord your God with all your heart, and love your neighbor like yourself" (Matt. 22:37-39). The scene for today's reading is in

the garden of Gethsemane when Jesus is arrested. Judas had been with Jesus in His earthly ministry and had heard more than once the necessity for God's people, and God's Son, to carry out the will of God.

But Judas took matters into his own hands, determined to make things happen a certain way. He was not being faithful to his Master, not being true to his promise to follow Him. Judas' kiss was not to show affection or loyalty, but it was a token of betrayal! Then another disciple, whom John in his Gospel identifies as Peter, did no better. He took a sword and wounded a servant. Peter would get things under control-his way, the only way to get things done in this World! But Jesus rebukes him; violence is not the answer, a sword is no solution to danger but only increases it. God said: "love your neighbor", but man refuses to live by the Word of the faithful God, and instead sets his own course.

The rest of the disciples failed in another way. They proved unfaithful, not by their actions, but by their inaction. Did they stand by their Lord and Teacher? Would they suffer with Him? Did they put themselves boldly by His side for all to see? NO, they all left Jesus and ran away! We also find it easier to flee from those in need than to stand with them. Se we see that nobody stands firm and relies on God's promises to come true. No one was faithful-except Jesus. He remained in the garden, alone and faithful.

He stayed, not because He couldn't overcome the enemy, or because He wasn't tempted to

strike out, or run away. Jesus remained within their grasp because He was faithful. He was determined to prove what God has said was true. Our Scripture reading tells us that Jesus lived and died so that what His Father has spoken thru prophets would come true, and Himself says in verse 54: "this MUST happen". He was determined to show-and to go-God's way, even to death on the Cross. He could depend on His Father with confidence, even when the mockers drowned out His prayers, even when they choked out the breath from His body. His perfect love was fixed on that hope, which was yet to be realized by people of faith.

Paul writes in 1 Cor 13: 'faith, hope, and love go on; but the most important of these three is love'. Jesus lived out these words. He was true to the end. NOW we can take God seriously, we can see He really means what He says. His Word is true, in spite of all the lies which object to it. Jesus' death on the Cross guarantees the Father's welcome to all. His suffering and death, for us, is the foundation on which our hope is built.

Also, as the faithful God had promised in His Word, Jesus Christ is risen from the dead! It is written, it must be so! God's salvation history is carried out in the death and resurrection of His Son. As we take up our cross daily and follow Him, God is faithful with His word of forgiveness to us. He is faithful because He gives us Jesus Christ, who in every temptation is the way of escape from the power of evil. Our faithful God inspires us to be faithful unto death, and to receive the crown of

life. Paul writes in Timothy that even in his youth he could be an example of faithfulness-by his speech and in conduct, by what he said and what he did. In Galatians 5:22 we find faithfulness is a fruit of the Spirit, the thru Jesus Christ we are made trustworthy people. When we promise to do good for others, our neighbors can rely on us to come thru with help; and they can see in us the faithfulness of God. Then, when we tell them of God's love for them in His Son, they can learn of our faithful God.

By the help of God's Holy Spirit we can be true to our word and true to God's Word. The Christian life begins with a faith that receives and lives by the Word of promise in Jesus Christ.

In simple terms, faith works in a double sense. Faith in Christ makes of children of God; daily renewed in the image of His Son. But true faith is not so internal that it is hidden from sight, and not an influence on others. 'Doing your own thing' makes no commitment, accepts no responsibility, and is unfaithful to God and others. Faithfulness is personal belief-connected to daily reality, and expressed in visible acts of love. Faith and love go together, as Paul reminds us in Galatians 5:6, that in Christ Jesus no mere outward works can do anything, but only faith that is active in love. Faith IS and love DOES. In seeing the faithfulness of our heavenly Father in giving up His only begotten Son for us, may His Spirit increase the fruit of faithfulness in us to God and to our neighbor-thru our faithful Savior, Jesus Christ.

June proclaimed Dairy Month in Texas

Mothers of vain little girls used to remind them that "pretty is as pretty does." But food that looks good often seems to taste especially good. The real challenge is to make sure that food that's "good for you" looks tempting.

It's simple enough to remember to choose the plate that fits the food you are serving. And it's hard to remember that hot food needs to be served hot and cold food cold. It's even easy to plan your menu with color in mind.

During the summer, vegetable and fruit garnishes and fresh herbs are readily available to add color and appeal to each meal. For a touch of red, think of tomatoes, red peppers, radishes, beets, cherries, apples, strawberries and raspberries. In the yellow-orange family are carrots, banana peppers, oranges, lemons, and melon plus squash and yams in the fall. Other fruits and vegetables fall into the green, white and violet/black sections of the color wheel. You can use their colors to tempt picky eaters. Balanced eating for adults includes four servings from the Bread Group each day, two from the Meat Group, two from the Milk Group and four from the Fruit and Vegetable Group.

An assortment of red, white, orange/yellow and green vegetables served with a dip of yogurt and cottage cheese is a colorful salad of snack. Season dip with a powdered salad dressing mix. Yogurt is an excellent calcium source, and the vegetables can be counted on for other minerals, vitamins and fiber.

Milk, cornerstone of a well-balanced diet, can be served in a bright mug or striped glass. More colorful members of the dairy group are the cheeses, which range from blue through yellows and oranges. Use the red wax coating of Gouda and the red paprika

Fish and Wildlife Service purchases ranch

Secretary of the Interior Donald Hodel has announced that the U.S. Fish and Wildlife Service will buy the Buenos Aires Ranch near Tucson, Arizona as a national wildlife refuge for the endangered masked bobwhite quail. The purchase price is expected to be \$9 million.

The refuge acquisition includes purchase 21,258 acres of private land that forms the heart of the ranch, as well as the ranch's grazing rights to 90,191 acres of state land. The Service will also conclude management agreements for another 7,245 acres of grazing lands now managed by other federal agencies. The entire 118,694 acres will be managed as a unit of the National Wildlife Refuge System. The Fish and Wildlife Service will develop a long-term master plan to determine the best possible uses and management for the refuge. The plan, which is projected to take about two years to complete, will consider such activities as hunting, fishing, grazing, wildlife observation, hiking and beekeeping to determine their compatibility with the management of the refuge for masked bobwhite quail.

"Under the Endangered Species Act, the Department of the Interior has a responsibility to seek to bring about the recovery of species that have been listed as endangered or threatened," Hodel said in his announcement. "The U.S. Fish and Wildlife Service believes the Buenos Aires Ranch is the only place in the United States providing suitable habitat for the masked bobwhite quail. Based upon this view, Congress directed the acquisition of the ranch as a national wildlife refuge."

coating on Muenster to add color contrast on a cheese tray. Cheese and fruit make a delicious and nutritious dessert and one that is easy on the eyes. So making a meal look attractive is an important step on the road to good eating and an easy one with much variety available.

Bird's behavior signal changes Happy Mothers Day to all Moms!

The very noticeable breeding behavior of birds is one of nature's many signs of the changing seasons.

Song, display, territoriality and nest building are all evidence of the passage from winter into summer. Spring is the busiest season for birds.

In Texas, summer is the quietest time. There are fewer different kinds of birds and less activity than in any other season.

Summer may be the doldrums for bird watching in Texas, but it is certainly not in the northern part of the continent.

The Arctic, which is almost devoid of birds during the long, dark winters, teems with avian activity during the summer. Millions of waterfowl, shore birds and others congregate to breed and raise their young during the few weeks of 24-hour daylight.

Spring is not the only season that is marked by distinctive behavior of birds. Biologists, avid bird watchers and observant outdoorsmen are aware that the patterns of behavior and distribution of birds is constantly changing from season to season.

Migration is one of the most fascinating and least understood natural phenomena involving animals and, believe it or not, some plants.

Migration is most noticeable in, but not restricted to, birds. Flying animals are the most mobile, therefore the most noticeable migrators. However, some organisms which appear relatively immobile exhibit seasonal movements over

Ramblin' Raun Outdoors

by Jerry Raun

shorter distances.

Birds are the best known migrators for one can stay in one place and, by watching birds, recognize seasonal changes in the populations. Everyone knows that the haunting cry of geese at night in the fall signifies that winter is also moving south. In spring the ragged V-formations etched against the sky will all be pointed northward. Summer is on the way.

The why of migration is easy to explain, the how is not.

An adequate food supply is essential to the survival of any species and the number of individuals that a population can sustain is directly related to the energy available for utilization.

Since the source of all nutrient energy is sunlight, the equatorial regions have the highest annual energy budget. The polar regions have the least. There is a gradual decrease in energy as one moves either north or south from the equator.

When it is summer in the Northern Hemisphere the Arctic regions receive 24 hours of sunlight for about three months. During this period there is tremendous growth

of vegetation. Food for plant eaters is abundant and their populations explode. This, in turn, provides plenty of food for predators.

For this brief interval the far north can support large populations of animals. However, most of them cannot survive the long, dark, frozen winter.

Migration is a way of taking advantage of this seasonal abundance and avoiding the subsequent famine. It is also a method of dispersing populations of migra-

tors, such as birds, during the breeding season when energy requirements are high.

During winter, individual birds require less food and populations can be concentrated over a much smaller geographic area.

Because of their ability to migrate the number of birds is much higher than would be possible if they were restricted to tropical, subtropical or temperate zones. More about migration later.

Heartworms are a serious threat to dogs

Though the "Dog days" of summer are weeks away, it's the perfect time to prevent canine heartworm disease. Heartworm disease exists wherever there are mosquitoes and that means most areas of the United States. During National Pet Week, May 5-11, dog owners are urged to familiarize themselves with the causes, signs, and preventive measures for this

The first drinking chocolate was reputedly sold in England in the 17th century, having been imported from the West Indies.

canine killer.

Waiting for the signs of the disease to appear may be too late to prevent costly treatment procedures. The best way to know if a dog is free of heartworms and to begin preventive measures is with an annual blood test.

The disease starts when a dog is bitten by a larvae-carrying mosquito. As the larvae mature, they migrate through the blood to the dog's heart. Large accumulations of adult heartworms can impair blood circulation, causing serious damage to the heart, liver, and kidneys. Infected dogs are the source of larvae that infect mosquitoes, and these mosquitoes in turn bite more dogs to spread the disease.

How can alert owners spot a heartworm problem? Some of the symptoms are difficulty in breathing, coughing, fatigue, listlessness, weight loss, and fainting. These signs often appear after severe damage to the internal organs has occurred.

Various forms of preventive medicine are given daily through the year with a blood test being done annually. This is one disease that is easier to prevent than it is to treat.

SAVE YOUR DOG'S LIFE. HIM CHECKED FOR HEARTWORMS.

"Our Tenth Year of Publication"

From the Junior-Senior Banquet

Wills and prophecies

The following Senior Wills were read by Arturo Gandar and Kevin Taylor at the Junior-Senior Banquet last Saturday night.

I, Janice Lira will Lori Guerra the blinders that were willed to me last year, so Ruben can be sure she isn't looking at any other guys when he's not around.

I, Janice Lira, will Carrie Craddock the watch that was willed to me last year, so she can be on time to cheerleading.

I, Robert Fierro, will to Nilesch Patel all the stress, petty gripes, and old wrinkled uniforms that go with a great career in scouting.

We, Anita, Lea, Becca, and Cathy will Abe Caruthers our untarnished spot on the high school Rodeo Team and hope that you can do as good a job as we did.

I, Elsa Galindo, leave Bonnie Jackson my vocabulary in case she needs to use it next year in the shot put and discus.

I, Kevin Taylor, leave to Tessa Joy my perfect attendance record for next year.

I, Kevin Taylor, leave to James Lee my official "Girl Watchin', Class Skippin', Teacher Teasin' Tee Shirt."

I, Kevin Taylor, leave to Tony McGon my natural knack for attracting trouble.

We, the Senior Girls, will to DeeAnn Patterson a place to go since she is always in the wrong place.

We, the seniors, will Jim Cooper some insect repellent to get rid of all his pests.

We the seniors will to Trudy Dell Taylor nothing since she has everything.

We, Mary Ann Rogers and Gina Black, will Lisa Ducioame the ability to talk back to Coach Snodgrass.

I, Jody Luttrell, will Glen Love the ability to realize that he is not "Just a Gigolo"

I, Jody Luttrell, will Mike McBride the parachute that was willed to me last year so that he can wear real parachute pants.

We the Senior Boys will to the Junior Boys OUR parking lot for next year.

We the Senior Class will to the Junior Class another Lonnie Blankenship.

I, Jody Luttrell, will Gina Heffernan a step ladder so she can get into Brian's pickup.

I, Jody Luttrell, will Courtney Cauthorn the ability to catch on to a joke...the first time.

We, Joe Will and Doug, will Shannon Turner and Wayford Tyler our winning attitude and calm tempers on the tennis court.

I, Doug Martin, will Glen Love my unused 100 pounds of "Weight On" given to me last year.

I, Joe Will Ross, will to John Merrill my "Build It Yourself Car Kit" to replace his Green Flash the same way I had to replace the "Ross Mobile."

I, Darryl Moore, will to my sister Debbie my ability to stay in trouble throughout my senior year and carry on the family tradition.

I, Daniel Garza, will to Esau Ramirez my super cool sunshades willed to me last year.

We the Senior football line will to next year's linemen the ability to make Coach Snodgrass think they are really giving it their all.

I, Mario Sotelo, will to Sonny Samaniego my Chevrolet truck so he can have a real truck instead of that old Ford.

We the Senior line will Abe Caruthers the ability to learn his plays and not ask so many questions to Coach Snodgrass.

I, Daniel Garza, will to Jim Cooper the ability to hit someone so hard that they can't remember what hit them.

I, Carol Cayce, will Stacy Snider the ability to date an older guy and still make it to school everyday.

I, Debbie Bible, will to Keri Kropp the swingset that was willed to me last year.

I, Lea Whitehead, will Carrie Sorenson a cottonfield so she won't have to go to Eldorado to run through one.

We, the senior class, will Bonnie Jackson a snow blower to cover up her footprints when she sneaks out.

We, the senior girls, will Miss Murr a new wardrobe so she won't have to wear the same thing twice.

We, Carol Cayce and Debbie Bible, will Trudy Dell Taylor the ability to take chemistry as a senior, and party, and still pass.

I, Scott Miller, will my ability to kick field goals, and extra points in the last seconds of ball games to clinch victories to anyone who thinks he can take over the job.

I, Ricky Mesa, will to Janice Lowe a boat, since she already has her Skipper.

I, Leah Evans, will Rachel Stephen the ability to be mean so the seniors wouldn't have such a hard time trying to will her something.

We, the Seniors, will Matt Miller a year's supply of NoDoz so he can stay awake during classes.

We, the Senior Class, will Danny Farmer a gift certificate to anywhere but Famer Dan's so he can take Becca somewhere else to eat.

We, the Senior Band Members, will Louis Olenick, Jessie Paredes, and Tony Smith another Sandy Lake trip since they couldn't go because of Regional Golf.

I, Cara Adams, will to Tracy Hulsey all the good luck I had my senior year and the ability to go out and get what you want-let no other human being stand in your way!

I, Cara Adams, will to Lesli Webster the ability to split the truck in half when you both need it and the ability to make the most of your senior year.

I, Ismael Sanchez, will Javier Garcia the ability to work without taking 15 minute water breaks every other 15 minutes.

I, Julie Lozano, will my great wit in English IV to Mary Lou Arredondo.

We, the Seniors, will to DeDe Modesto a year's supply of hair spray to keep her Tina Turner hairdo up.

I, Patty Duenes, will to next year's senior the ability to call the teachers by their first names and get away with it.

We, the Seniors, will to Mrs. Wilson special memories of us, the best senior class of '85, forever.

I, Arturo Gandar, will to Jorgelina Buitron the ability to turn up her volume and let herself be heard.

We, the Seniors, will to the Junior Class the Jack Asbill hairdo.

I, Arturo Gandar, will to Mrs. Badgett the entire chain of El Chico's Restaurants and a special seat with her good friend Margarita, who's on the rocks.

I, Patty Duenes, will Nadine Sanchez my brother, Alex, to get him out of my hair.

I, Jody Luttrell, will to Stacey Miller my ability to put up with Greg Anderson next year in band.

I, Jody Luttrell, will Scott Badgett a year's supply of gasoline, so he can take Carla Crites and Tracy Donaldson to school next year.

We, Jody, Houston, and Marty, will Stacy Kohutek his own place under the tree in the parking lot.

We, the Seniors, will Rosco Armstrong a pair of Mr. Asbill's "cockroach stompers."

I, Victor Lira, will my aisle at Food Center to Guillermo Mendoza, because it doesn't have anything that breaks.

I, Margarita Valdez, will to Yvonne Gamez a baby bottle and diaper pen for all her younger boyfriends.

I, Gilbert Martinez, will to my cousin John David Martinez, my book of excused tardies and believable excuses.

I, Victor Fuentes, will Elias Torres some buttons for his shirts, since he can't seem to keep the top ones buttoned.

I, Alma Zapata, will to Rebecca Coronado a megaphone and a fluorescent blouse so she can be seen and heard in a crowd.

I, Connie Herrera, will to Emily Palos a new boyfriend and some glue to hold him with.

I, Mark Gamez, will to Chris Artiaga a Knight Rider car because it is indestructible.

I, Victor Fuentes, will to Nadine Sanchez a birth certificate so she'll know she's 17 and not 14 and a license for cradle robbing.

I, Preeti Patel, will to Dorothy Jimenez a life-sized Mario doll, so she won't be so lonesome without him.

I, Jose Escalante, will to Ricardo Sanchez my fame on the Sonora Track Team. Maybe you can go to Korea instead of me.

I, Patsy Perez, will to Chayse Dannheim a scholarship to the school of legible handwriting.

I, Alfredo Luna, will to Bubba Bell a 36-hour day so he will have time to go to school and work on his truck.

We, the girls of the Senior Class, will Brian Cascadden either a shorter truck or taller girlfriends.

We, Della and Debbie, will to Courtney Cauthorn a full-time secretary to keep up with all her personal notes.

I, Chad Stewart, will to Craig Hopper my driver's license, since I never use mine.

I, Karla and Mary Ann, will Mary Huckaby another good looking track team to take pictures of.

I, David Noriega, will to Wayne Collins a hit man to continue to silence the stories about the trouble he gets into so the coaches won't find out.

I, Victor Lira, will to Terry Duren his own personal doctor to certify his illnesses when he is absent.

I, David Noriega, will Mike McBride my ability to shoot a long outside shot in basketball without jumping back.

I, John Castro, will Guillermo Mendoza my ability to stay out of Mr. Asbill's office.

I, David Noriega, will John Merrill my ability to donate blood without getting into trouble.

I, Anita Balch, will Curt Kneese toothpicks to prop his eyes open in classes.

I, Mark Gamez, will a chauffeur's license to Alberto Luna because both of us need one.

I, Kevin Taylor, will to Edward Mata some new substitute teachers to insult because he has run out of the old ones.

I, Lea Whitehead, leave Todd Phillips a tennis court of his very own.

I, Carol Cayce, will Sidonna Ridgeway my coolness under pressure on Coach Snodgrass' chemistry tests.

I, Leah Evans, will my hyperactive personality to Becky Yarborough because I have more than I need.

I, Karla Jungk, will all my hats to Rosa Galvan so she can wear a new one every day.

Scott Miller and Carol Cayce will to Peter Chavez a recording contract in a Broadway show because he's so dramatic.

We, the Senior Class, will to Peter and Rachel Chavez another Elsa because their house will be so boring without her.

I, Jose Escalante, will my magic track shoes to Tiger Duran so he can catch Mouse Madness.

I, Danny Samaniego, will to Sonny Samaniego a

hammer so he can "nail it."

We the Seniors leave nothing but best wishes and good luck to Mrs. Wilson and Mr. Baughman, our senior sponsors who will not be here next year...we hope you will not forget us, the best, the Class of '85.

The following prophecies were read by Craig Hopper and Jim Cooper at the banquet.

Lee Castro will still be trying to shoot under a hundred in the district golf tournament.

Arturo Gandar will be the executive owner of the National Enquirer. He will be involved in a lawsuit with Tina Turner because Arturo has published that the two of them are in love, which Miss Turner flatly denies.

And, of course, Arturo is very hurt.

Ruben Garza will be starring in a new series of "The Incredible Hulk".

Joe Mike Noriega will be the model of Chippendale's male strip joint. It is a job he is very good at. When he comes back to Sonora he is greeted by 1,000 girls, all of whom were infatuated with him in high school.

Daniel Garza will finally realize that he is not the toughest guy in the world and will still be trying to attract girls with his tight cool walk.

Oscar Gutierrez will have changed his tune to "Oh Man" and will probably have his own line of airways called Oscar Guit Airlines.

Cathy Doran will be training "dope dogs" to tell the difference between alfalfa hay and marijuana. Her rodeo horses are very "high" on the breeder want list for their ability to "float" around the barrels and poles.

Elsa Galindo will still smell like fish despite her profession as a mud wrestler. Anita Balch and Becca Powers were her managers, but resigned because Elsa refused to keep training rules.

Gladys Arredondo will still be throwing cans in front of Mr. Asbill's yard.

Patty Duenes will still think she is royalty and be arrested for portraying Prince Rainier of Monaco.

Robert Fierro will have run out of boy scout awards to receive. In order to do the Boys Scouts of America a favor, he makes his own award which he so modestly calls the Fierro Falcon. And of course he is the first recipient.

Jose Escalante will be living in Dallas but working in Houston. He will be commuting by foot everyday. He beats most of the other people to work, which incidently is the making of his own brand (The Mouse) running shoes.

Ricky Mesa's chin will be declared a National Monument. People will travel for thousands of miles around to see what Ricky has called "The Next Best Thing to Saturday Night Fever's John Travolta."

Mark Gamez will still be pumping gas at Gulf and contributing to minors.

Jody Luttrell will still be living with his parents and be happily married; the thought of cheating never had crossed his mind.

Scott Miller will be the new Sergeant Carter--or is that Gomer Pyle?

Johnny Snyder will still be wondering how Hwy 290 was imprinted on the top of his dad's truck.

Kevin Taylor will be an English Professor at a major college specializing in The Scarlet Letter.

Carol Cayce will still have to stand up twice to cast a shadow.

Doug Martin will own his own private airline corporation with only female stewardesses whose motto is--"We really move our tails for you."

Connie Herrera will have abandoned the "Country Fried Chicken and Fish" and will own her own restaurant entitled, "Herrera's Fast Fish."

Valerie Badillo will still be reporting the events that the senior class of '85 are doing.

Lonnie Blankenship will have been married 5 times and never had a divorce.

Margarita Valdez will be the manager at Food Center.

Debbie Bible will still be researching and studying maslectomy, alias nose surgery, so that the next time she has it done, she will get it done right.

Patsy Perez has entered a convent to study to be a nun. Her first crusade will be to change the basic black robes to bright orange, chartreuse green and fluorescent banana yellow.

Becca Hulsey will still be driving sportscars in order to pick up guys.

Anita Balch has finally taught Elsa Trevino something other than, "You're funny" and "Why you so pretty?" She also has a degree in Special Ed. and Counseling.

Becca Powers runs her own toilet paper factory named "One Roll Per Blow."

Gina Black will be the first woman to drag race at Wall--if Mike will let her use the car.

Cara Adams will become Sonora's most vindictive dog catcher.

Sherry Ellison is still recovering from poor circulation in her legs. She is scheduled for surgery to remove the blue jean seam marks and the imprint which enables everyone to know what state she grew up in.

Jessie Guerra is still flashing his smile as the star of

Ultra-bright toothpaste commercials. The girls are still swooning over his dimples but Regina serves as his body guard.

Leah Evans will be the trainer for the Dallas Cowboys. She specializes in cast application and crutches training.

Della Heffernan will still be pushing her car to get it started.

Wayne Hill will still need a map to get around the Caverns.

Karla Jungk will still have a boyfriend in every town. Houston Taylor won't know what state he's from since his Old Flame, Sherry Ellison, had her Texas Patch removed.

Alma Zapata will still want to run in track meets without going to work outs.

Lea Whitehead has just sold Espy's old chemistry notes and lab manuals for megabucks. She finally doesn't need them anymore.

Danny Samaniego is now inspector "12" for Fruit of the Loom Underwear.

Joe Will Ross is waxing Joe Willmobile so his son can drive it just like he did and his grandfather, and his great grandfather, and his great-great grandfather...

Paul Ritz is now working for Paul Masson wines--stomping grapes!

David Noriega is having tests run at a local hospital. Doctors have discovered the cause for his unusual body shape. He had swallowed a keg--WHOLE.

Marty Lipham is now starring in the Department of Public Safety's driving films. He plays the leading role and can be seen weaving down the road practicing his part.

Mary Ann Rogers is now married to Arnold Schwarzenegger. They have one son named Steroid Schwarzenegger.

Zeke Ramos is the projected Nobel Peace Prize Winner, succeeding Roger Velez. Until then he is employed by the Coors distributor as a security guard.

Shelley Modesto and Ida Coronado have joined forces with Mother Teresa to help the people of the world, because they are so nice.

John David Castro will finally be known for his role as the invisible man.

Martin McGee is now an engineer for the highway department and is crusading to change America's driving laws where he can drive in the left lane--legally.

Belinda Torres is the spokesperson for Coppertone and is finally one shade darker than typing paper.

Ray Lozano will still be arguing with his wife Julie. However, Julie argues back now.

Victor and Janice Lira now have a prosperous string or Arroyo Vista Putt Putt courses--and a child to run each of them.

Ty Fincher is still trying to convince his mother that he doesn't drink and he certainly doesn't get sick after a night on the drag.

Roger Velez has just won the Nobel Prize for his passive personality and remarkable ability to avoid violence and fighting.

Luis Contreras will still be sacking Diana Gonzales' groceries at Food Center in order to fix his car and pay for the damage he caused when he ran into a house.

Alfredo Luna will have been promoted to the rank of Army captain at the diesel mechanic platoon. However, his wife is still the commanding officer.

Manuel Arredondo has taken over as the foreman at JIMCO, Inc., replacing Jimmy Condra.

Preeti Patel is the head model for a new line of Vogue fashions--the intellectual look for college women.

Chad Stewart will still be mumbling to himself.

Mario Sotelo will be endorsing a new style of golf clubs--only 2 feet long. He can finally address the golf ball without a ladder. The brand name is Sotelo Squatty Body Golf Clubs.

Ismael Sanchez will be hosting the "All New Gong Show" because of his talkative nature and outgoing personality.

Abel Sanchez is still washing cars and changing oil and telling 30 minute jokes while he does it.

Betty Perez has finally done it! She is in the Guinness Book of World Records for the longest hair. It is now 6 feet long and doubles as a fashion belt.

Marsha Pohl is listed in Who's Who in America. She graduated with a 4.0 from Harvard and now has her Ph.D.

Victor Fuentes is the new Mr. Gibson of Sonora High School.

Steve Harrison owns the 1st All-night club in Sonora. He calls it the Toga Party.

Gilbert Martinez is now coaching a softball team in Ozona. They have lost 1,000 games by ONLY one point.

Regina Samaniego will still be saying, "Gladys, watch where you throw the cans."

Darryl Moore has taken over as the "the bad boy" of tennis at Wimbeldon, replacing John McEnroe. He also has the Bic Shaver endorsement that McEnroe began.

The new heavy duty BIC now he has to shave just once (instead of twice) a day.

"Heart Treasure Chest" teaches kids

At a time when most children are learning the alphabet and nursery rhymes, the American Heart Association in Texas has found that they can also be learning about their heart and ways to keep it healthy. Thus, the volunteer health organization has introduced an educational program entitled "Heart Treasure Chest." It is the first pre-school program of its kind, and it is available free to day care centers, preschools and Kindergarten classes throughout Texas.

The Heart Treasure Chest is packaged in a box resembling a pirate's treasure chest. The colorful Chest contains components of the program, including audiovisuals, fingerplays, musical activities, "experiments" and games. The activities focus on the heart, how it works, and how to care for it through proper diet, physical activity and rest, presented at a level 3-to-5-year-olds can understand.

Each day a new "treasure" appears from the Chest. One time it may be a stethoscope, which children use to listen to their own

"Healthy Heart Home" game, used to help children identify activities and foods which are good for their hearts. A comprehensive curriculum guide provides teachers with specific suggestions for learning activities using the Heart Treasure Chest.

Research indicates that the roots of heart disease are found in early childhood when lifestyle habits are established. It is easier to form good habits as a child than to change poor habits as an adult. Based on this premise, the American Heart Association in Texas has developed education programs for many age-levels beginning with preschool children.

The Heart Treasure Chest is the brain-child of the American Heart Association volunteers in Texas, and was recently adopted by the Association for national distribution. Its popularity has also led to its use by the children's television show, Romper Room.

Mabel Pitts, an expert in early childhood education and chairman of the AHA task force, which

"our objective was to design a program focusing on prevention of heart disease, keeping the material both accurate and interesting." She added, "The resulting Heart Treasure Chest successfully teaches children how to guard against the major risk factors of heart disease—smoking, high blood pressure and high cholesterol."

A recent evaluation of the Heart Treasure Chest program concluded that the materials, curriculum and learning activities were well-received and highly praised by both the children and their teachers. The program was tested for effectiveness at 28 sites in 4 states before being released nationally.

Children enjoy the idea of a "treasure" and respond enthusiastically to the hands-on activities.

Children also carry parent newsletters home with them. The newsletters offer suggestions for further activities and learning experiences involving the entire family. The Heart Association believes that these cooperative efforts between home and school will reinforce positive behavior patterns for both parent and child.

For more information on the Heart Treasure Chest program and other youth-oriented educational programs, contact your local office of the American Heart Association, listed in the White Pages of your telephone directory.

Sonora's SEE Center has a Treasure Chest.

It was considered good luck to have leeks growing on the roof.

Pet Week set

A celebration of the love, companionship, and affection that America's 125 million dogs, cats, caged birds, and horses bring to the lives of their owners is the focus of National Pet Week on May 5-11. Veterinarians everywhere are conducting activities this week to acknowledge the fact that pet mean so much to so many people. For one week each year, the veterinary profession salutes those millions of Americans who care about animals and who share their concern about the well being of animals with their fellow citizens.

Animals have been our companions and helpmates for centuries. Senior citizens value the companionship of animals and know that animals may make them feel safe and secure in their homes. Children learn responsibility from caring for their pets. Many people even exercise more regularly because their pets need plenty of exercise, too. Recent research confirms how physically and mentally impaired children and adults benefit from the therapeutic effect of contact with animals.

Because pets enrich the lives of their owners and others so much, each owner must recognize his or her responsibility to provide food, shelter, and health care and to obey local animal control ordinances. For more information about National Pet Week, contact any local veterinarian.

Jose Escalante: On to State!

BY CHARLIE ADAMS

Sonora's Senior distance specialist Jose Escalante captured the 3200m. Region I-AAA crown for the second straight year in 9:45.0. This earns him a trip to Austin to run in the State Meet at Memorial Stadium. Jose will also run in the 1600m. run as he had to settle for the silver medal as he was nipped at the tape by Gatesville's Benny Moore. The times were 5:26.0 for Moore and 5:26.02 for Escalante. The judges had to study the accu-track photo to determine the winner.

Junior Ricardo Sanchez was the only other Bronco to place in the meet as he took fourth in the 800m. run at 1:59.59. The event was captured by Gatesville's Kenny Moore, (Benny's twin) who is the defending AAAA state champion from last year. Due to enrollment guidelines Gatesville has dropped in classification and now is in class AAA.

Bronco fem Bonnie Jackson made the finals in the girls shot

put and finished seventh in the competition with a throw of 32'10". Gina Heffernan finished a disappointing seventh in the 1600m. due to severe leg problems. But, she will be back for one more try next year as a senior. Good job ladies.

Other state qualifiers from district 7-AAA include Ballinger's Brent Brevard in the pole vault. Irene Cravasco also from Ballinger in the 3200m. and Colorado City's girls 400m. relay team will also compete at the state meet.

Jose will compete at 8:35 p.m. Friday night in the 3200m. run and then again on Saturday at 3:30 p.m. in the 1600m.

For those of you that are track fans you should know that the State Meet is under a new format this year in that both boys and girls in all five divisions will all compete this weekend in Austin. It should be a super weekend of track and field so if possible attend and support Jose on to a State Championship. GOOD LUCK JOE!

Friday, May 10 Track Events (Session 1 running)

- 6:30 p.m. Girls' AAAA 3200-meter run
- 6:45 p.m. Girls' AA 3200-meter run

your eyes are concerned, there is no substitute for quality. They feature expert repair and meticulous care will be used in repairing your eyewear. They are first in style and workmanship. Take your prescription in for attractive sunglasses...they'll protect your eyes summer and winter.

In Sumatra, tin may not be carried into a gold mine for fear it may make the gold flee.

Tom Loeffler reports

Each year, Americans channel tremendous amounts of time, energy, and resources towards improving the quality of life in our Nation. Today, 92 million Americans over half our population are involved in the volunteer force. It is estimated that these individuals gave almost \$70 billion in services and over \$65 billion in charitable contributions-an amount greater than the Gross National Product of over half the nations in the world.

In my travels throughout the 21st District, I am constantly impressed by the spirit of the "good neighbor" which is indigenous to our Texas way of life. Hospitals, Churches, museums, schools, and countless service organizations are literally kept alive by you-the volunteer.

Recent government policies have focused on growth and opportunity-qualities which lend themselves to volunteerism-and I am encouraged by the surge of volunteer activities, particularly on the part of the business community. In his first term, President Reagan established an Advisory Council on Private Sector Initiatives to focus on specific areas of need and to make recommendations. This is an effort that has my wholehearted support.

In spite of the strides that have been made, however, we must work diligently to sustain this

momentum. As a member of the House Budget and Appropriations Committees, I am faced daily with difficult budgetary decisions and am painfully aware of the increasingly scarce federal resources. Certainly, the government does have a responsibility to assist those citizens most in need. We must also look beyond Washington, for there are infinite resources that exist in the form of energy, creativity, and a genuine desire to help. There is no federal substitute for an individual's gift of time and talent, and we must never let these resources go untapped.

One potential threat that has appeared on the horizon demands our attention. There is a growing recognition that the provisions affecting charitable contributions contained in the Treasury Department's modified tax proposal would adversely affect charitable contributions and charitable organizations. Contrary to what the Treasury rationale implies, charitable giving, in my judgment, must be supported by public policy. I will direct my best efforts towards ensuring that legitimate and necessary tax incentives remain intact.

Volunteerism has been called "the rent that is paid for occupying the privileged position of free citizens in a democratic society." By volunteering, each of us in our own way exhibit that special characteristic which is so uniquely American-the willingness to care and give.

Band Boosters hold meeting

Band boosters met Monday night, April 15 in the band hall at the High School.

Officers were elected for the 1985-86 school year and they are as follows:

Co-Presidents Melissa and Carl Teaff and Louis and Nova Olenick; Vice President Allen and Susie Snyder; Secretary Jan Ducioame; Treasurer Pat Tyler and Parliamentarian Belia Castaneda.

The Mighty Bronco Band traveled to Sandy Lake April 26. The band made a one and brought home a trophy.

Congratulations to the Mighty Bronco Band and their directors Forrester Halamiccek and John Gibson for a very good year.

Wrestler Ed (Strangler) Lewis lost only 33 out of 6,200 matches in his 44-year career.

RICK CHATMAN
Pro Rodeo Clown & Bullfighter

Rodeo bulls--out for blood!

Rodeo bulls vary in temperament. One, after throwing his rider, may allow himself to be led from the arena by a small child. Another will continue to "hunt" a fallen rider. For this reason, the rodeo clown-bullfighter has to have the courage of a commando, as well as an instinct for "reading" bulls. Regardless of a bull's usual pattern of behavior, he can be unpredictable. An experienced clown will be able to sense how a bull is going to act from the very beginning.

Because most bucking bulls, especially those with Brahma an-

Engagement announced

Mr. and Mrs. Tim Ponsetti of San Angelo announce the engagement and approaching marriage of their daughter, Patricia, to Conrad Lopez III, also of San Angelo.

Parents of the prospective bridegroom are Mr. and Mrs. Conrad Lopez Jr. of San Angelo.

The wedding is scheduled to take place August 10, 1985 at St. Joseph's Cathedral in San Angelo.

Ms. Ponsetti is a 1979 graduate of Sonora High School. She attended Odessa College and Angelo State University. She is employed by Welex in San Angelo.

The prospective bridegroom is a 1980 graduate of Central High School and is self employed.

cestry, will charge a horse as quickly as they will a man, mounted pickup men can't rescue a bullrider as they do cowboys in the other rough stock events. When a rider leaves a bull, intentionally or not, only the clown is there to keep the bull from hooking, butting or running over him.

Unlike the bulls used in bullfighting in Spain or Mexico, bulls with a Brahma cross don't lower their head and charge: they'll keep their eyes glued to a fallen or scrambling cowboy, and they can move with lightning speed. They can hook and bott and they aren't a bit concerned about where they put their feet. A clown has to be fast and completely without thought about the risk he's taking. He'll often have to slap a bull around the head to attract his attention away from the fallen cowboy.

Another rodeo clown specialty is that of "barrelman", which, as barrel acts go, is somewhat more harrowing than going over Niagara Falls in one. The clown operates in a heavy, open-ended, reinforced barrel, which he lugs around in front of the chutes. Often, after the bull has thrown his rider or the rider has made it to the eight-second buzzer, the bull will bang into the barrel. Or one of the other clowns might even roll it in front of him.

The Barrel provides a haven for a fallen rider and it also puts another

man in the combat zone in case of an accident. If a bull rider gets hurt, it's a long sprint from the barrel area to the chute. But many's the time a fallen rider has made it to the relative safety of the barrel.

Some people believe it to be bad luck to take a new job or get married on a Friday, or to cut one's nails or visit the sick.

Public Notice

OF TARIFF CHANGE FOR PRIVATE LINE CUSTOMERS

Southwestern Bell Telephone Company filed a tariff with the Public Utility Commission of Texas on October 3, 1984, to allow our company to provide additional on-premises Private Line Service only at locations where spare on-premises channel facilities exist.

The tariff will become effective upon approval from the Commission.

If the tariff is approved, the Company would not place new on-premises channel facilities in order to provide on-premises Private Line Service. The company will continue to offer on-premises Private Line Services which are currently being offered. In addition, no change in rates for these services will result from the proposed tariff.

The company does not anticipate any net change in revenues as a result of this tariff.

The Commission has assigned this matter to Docket 6015. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, or (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

Aviso al Público

ACERCA DEL CAMBIO EN EL SISTEMA TARIFARIO PARA LOS USUARIOS DE LINEAS PRIVADAS

El 3 de octubre de 1984, Southwestern Bell Telephone Company registró ante la Comisión de Servicios Públicos de Texas una nueva tarifa que permitiría a nuestra compañía proporcionar Servicios de Línea Privada adicionales en el sitio del usuario únicamente en ubicaciones donde ya existan instalaciones de transmisión disponibles en el sitio del usuario.

La nueva tarifa tendrá vigencia a partir de la aceptación de la Comisión.

De aprobarse la nueva tarifa, la compañía no colocará instalaciones de transmisión nuevas en el sitio del usuario con el objeto de proporcionar Servicios de Línea Privada en el sitio del usuario. La compañía seguirá proporcionando los mismos Servicios de Línea Privada en el sitio del usuario que actualmente se proporcionan. Además, la tarifa propuesta no ocasionará ningún cambio en las tarifas que se cobran por dichos servicios.

La compañía no anticipa ningún cambio real en los ingresos como consecuencia de este cambio en el sistema tarifario.

La Comisión ha registrado este asunto bajo el Docket 6015. Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

 Fat Kids \$14 to \$23 per head
 Fat Yearlings \$20 to \$29.50 per head
 Small Kids \$8 to \$16 per head
 Baby Kids \$3 to \$8 per head

Soil Conservation reaches 50th year

Temple, Texas. April 27, 1985 marked the Golden Anniversary of the U.S. Soil Conservation Service—a milestone in a voluntary conservation movement that has involved more than two million farmers, ranchers, and other landowners and operators.

"SCS can be proud of what it has done," said Billy C. Griffin, State Conservationist for SCS in Temple. "It has helped to reduce soil erosion, conserve water, reduce flooding, improve rangeland, and protect other natural resources."

"In Texas, about 200,000 landowners and operators voluntarily apply conservation measures with SCS assistance," Griffin continued. "They have built more than 220,000 miles of terraces, applied conservation tillage on 2.9 million

acres of cropland, and are using planned grazing systems - with regular rest periods - on 13 million acres of grassland."

Griffin said SCS technical assistance is available through 201 locally run soil and water conservation districts.

SCS efforts in promoting conservation tillage and planned grazing systems today parallel the agency's early efforts in convincing farmers to use contour strip-cropping, terraces, crop rotations, and other practices that returned eroded fields to productive cropland and pasture. Along the way, SCS has achieved an international reputation in the field of soil and water conservation.

What has been accomplished in 50 years is the result of Federal and State agencies and local

groups working together to solve the Nation's soil and water problems along with leadership and investments of farmers and ranchers. These accomplishments also needed the support of conservation districts and professional organizations and the dedication of people from all walks of life who feel a sincere sense of stewardship for the land.

Everyone in the United States has benefited from the protection of soil productivity and a cleaner environment.

"It's time for celebration as we observe 50 years of soil conservation and it's time for renewed commitment as we look ahead," Griffin concluded. "After all, it's time the next 50 years that matter."

Drug being tested

Studies of an experimental anti-clotting drug emphasize the need for heart attack victims to receive medical care as quickly as possible after they feel the first chest pain, a Baylor College of Medicine heart specialist said.

The drug is tissue plasminogen activator (TPA) and recent tests indicated that TPA works better than streptokinase, a commercially available drug, when it is administered through a vein to dissolve clots in the coronary arteries, the most common cause of a heart attack.

But drugs like TPA will only work if given within the first few hours after chest pains occur, said Robert Roberts, M.D., chief of cardiology at Baylor, who is studying the drug's effectiveness.

Roberts said that if TPA does turn out to be a lifesaver, "I hope people would be so aware of it, that when they get chest pains, they would see the urgency to get to the hospital or get in contact with a paramedic."

Each year, 1.5 million people experience their first heart attack and 40 to 60 percent of those patients die before they reach the hospital. While 25 percent of heart attacks do not have any symptoms, this high death rate may also be caused by patients wasting time before they get medical care, said Roberts, who is also chief of cardiology at the Methodist Hospital.

It was previously thought that when chest pain occurred, the heart was damaged and nothing could be done to repair that damage.

"That's not true," Roberts said. "The amount of damage to heart tissue following an attack evolves over five to ten hours. This means that if we can see the patient within a few hours, we could give him the right amount of 'goodies,' whatever they are, and decrease the damage."

Tissue plasminogen activator is one of those "goodies" because it dissolves coronary artery clots.

"It's unlikely that people who come in after six to eight hours will benefit from TPA," Roberts said. "If we're going to use it, patients will have to get to a hospital earlier."

Most heart attack patients don't get to the hospital until several hours after the first chest pain. Time is wasted because some patients wait for pain to pass, then call a relative or spouse, then call a doctor, and then call an ambulance. Calling an ambulance should always come first, Roberts said.

He also said that many people don't know the common warning

signs of a heart attack, which are:

*chest pain that is not sharp, but feels like pressure on the chest.

*a sense of suffocation which causes the patient to hyperventilate.

*some nausea, usually with chest discomfort and when the attack occurs on the lower part of the heart.

*some numbness in the arms or pain in the jaw accompanying chest discomfort.

NOTICE: TO ALL LANDOWNERS LIVING ALONG WATERWAYS

It appears that many landowners living along natural waterways (or "draws") are placing rocks and other debris in these areas. This action has the potential of causing serious problems if water begins to fill these waterways.

Texas law states that any person who obstructs a waterway or diverts its flow in such a way so as to flood the lands of his neighbors is liable for any resulting damages. This means that any action by a landowner responsible to anyone who suffers flooding on his lands as a result. Therefore, a landowner living along the draw who fills it with rocks would be liable for all harm caused by his actions if water begins to flow and is obstructed by the rocks.

Clearly anyone who has placed rocks in the draw has potential liability for his action if flooding or damages of any type result.

Elizabeth W. Wallace
ELIZABETH W. WALLACE
City Attorney

PUBLIC NOTICE

AT&T Communications of the Southwest, Inc. ("AT&T Communications"), in accordance with the Public Utility Regulatory Act and the rules of the Public Utility Commission of Texas ("PUC") hereby gives notice of its intent to implement a new schedule of rates for its services. The new rates will be effective May 14, 1985, unless otherwise determined by the PUC. All customers and classes of customers would be affected by the proposed rates.

AT&T Communications has filed a reprice of its tariffs designed to more closely recover access and other costs for WATS and 800 Service and all private line services including Channel Services, Foreign Exchange (FX), DATAPHONE Digital Service, and OCC Facilities.

Also proposed is the institution of a charge for Directory Assistance to begin to recover access costs incurred for such service and increases in rates for operator assisted AT&T Long Distance calls. The initial minute charge for all AT&T Long Distance calls and additional minute rates for AT&T Long Distance calls 51 miles or less are proposed for increases to reflect the access charges approved by the PUC for such calls.

The proposed new rates for all services would result in an increase in adjusted test period revenues of \$139 million or 12.7 percent.

A complete copy of the proposed tariffs are on file with the Texas Public Utility Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.
