A star shines

Clay Graves receives his Gold Star Award during Saturday evenings 4-H Banquet. His proud father, Charlie Graves and Heather Bunkley watch as Carla Fields presents the Award.

Local 4-H youths honored at Banquet and Ball

The Annual Sutton County 4-H Achievement Banquet and Ball was held Saturday, October 12, 1985, at the Clint Langford Memorial 4-H Center. Senior 4-H Club President, Cindy Doran, was Mistress of Ceremonies for the Awards Program. The invocation was given by Clay Graves, followed by the Pledge of Allegiance and 4-H Motto and Pledge, led by Wheelless Baker. Keith Wallace introduced the honored guests. All those present enjoyed a delicious meal prepared by local 4-H leaders and 4-H'ers.

The members of the 4-H Club selected outstanding man and woman leaders for the past year. Those named for their support and educational contribution to the young people were Dub Wallace and Linda Wallace.

The 4-H Sweetheart and Beau for 1985 were selected by the club's membership. These honors went to Jeff Kimbrel, son of Mr. and Mrs. Jim Kimbrel and Wheelless Baker, daughter of Mr. and Mrs. Jack Baker.

Each year the 4-H Club recognizes one or more persons who have given of their time and resources to make the club better. This year the Tarantella Dance Club was recognized for their avid support of 4-H Club activities.

The Home Economics Award presented annually by Spain's Department Store to the outstanding 4-H member in home economics was won by Laura Lee Barlemann, 12 year old daughter of Mr. and Mrs. Ray Barlemann. She has been in 4-H for five years and has

competed on the county and district level in both foods and nutrition and clothing.

The Edgar Glasscock Award for the outstanding Junior 4-H member was awarded to Brandy Wallace, daughter of Mr. and Mrs. Libb Wallace.

The coveted Gold Star award in 4-H is the highest organizational award which can be bestowed upon a 4-H'er at the county level. The award honors 4-H members who have shown outstanding development in well rounded 4-H and good records are just some of the selection criteria. This year's winners of the Gold Star award are Heather Bunkley, daughter of Mr. and Mrs. Nick Garza, and Clay Graves, son of Mr. and Mrs. Charles Graves.

Other Award recipients were: **Food & Nutrition**-Cleve T. Jones, IV, **Bread**-Elaine Martinez, **Clothing**-Heather Bunkley, Janet Barlemann, **Sheep & Goat**-Todd Keller, Jake Kimbrel, Keith Wallace, **Texas Sheep & Goat Raisers Cert.**-Mary Ross, **Rabbits**-Austin Sipes, **Horse**-Shane Keller, Kelly Kiowski, Leah Brown, Allison Schwiening, **Shooting Sports**-Tracy Fincher, **Decky Spiller**, **Beef**-Clay Graves, **Range Management**-Tracy Love, **Citizenship**-Shanna Patton, Leah Brown, **Leadership**-Christi Spain.

Following the Awards presentation, the group enjoyed a dance with Bob Blandford and the Rodeo Men providing the music.

Drag out the masks, sheets or what have you, get all dressed up and come join the fun.

Operation Child Find

Board approves Sheriff's project

Compared to recent School Board meetings, the meeting held this past Tuesday evening was quite calm and routine.

James Bible, school superintendent, reported that in conjunction with Operation Child Find, Sheriff Bill Webster has offered the services of his department to come into the school and take pictures and fingerprints of all students, kindergarten through grade 12. The information would then be given to the parents of each student after it is compiled. This offer by Sheriff Webster met with overwhelming approval in view of the attempted abduction of two Menard children recently. Parents will be notified, by letter, before these pictures and prints are taken.

In other action, the Board approved Thursday, October 31, as the date for the Halloween Carnival. School will dismiss at 2:30 with the Spook parade to begin at 4:00.

The Board also opted for 2:30 dismissal on Friday, November 1, for the game with Colorado City. According to House Bill 72, school can only dismiss early six times throughout the year.

The 4-H winners pose with the awards they receive during the annual banquet that was held Saturday, Oct. 12.

CVAE involved in learn-by-doing project

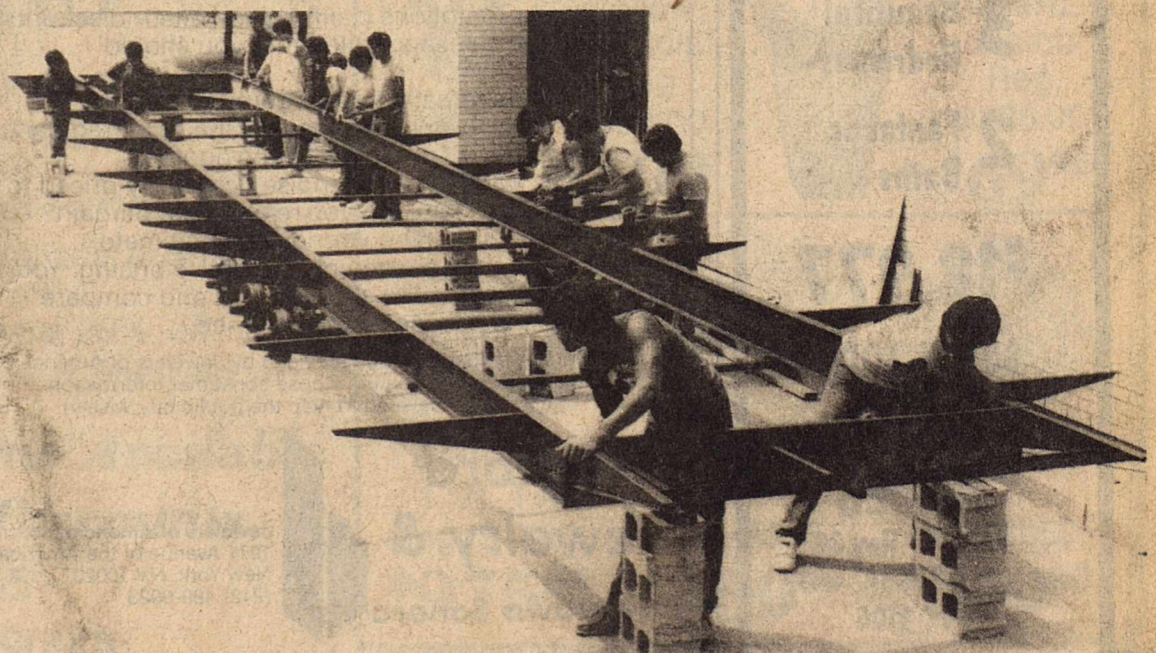

A reconstruction project is getting underway in the school vocational building parking lot at the corner of 2nd and Prospect. Under the direction of Reggie Williams, 23 boys enrolled the district's building trades program will build mobile home to your specifications, starting with the bare frame, which has already been acidized and given several coats of zinc chromate and paint to make it 'just like new'.

Williams, director of the building trades program and a staff member at Sonora High School, said that his boys were very enthusiastic about the innovative project which is so different from anything they have done in the past. He added that this is a great learn-by-doing project, and also a good opportunity for someone to purchase the finished product at cost plus 10 percent by buying the building materials and

agreeing to purchase the finished product, set for completion by the end of this school year next May.

Anyone interested in purchasing the mobile at this point may contact Williams at Sonora High School (387-3055) or at his home (387-2108). If you wish, you may submit your own building specifications for his approval, or you may inspect the existing specs which Williams has prepared.

Present plans call for a 10 by 14 foot screened-in porch at one end, one 12 by 14 foot bedroom, a large bath, and one large area which will be a combination kitchen/den with built in bunks on one end. The completed reconstruction project will be an ideally-arranged custom built one bedroom home or could be used as a portable hunting lodge.

What you should know about... jewelry "discounts?"

40% "OFF" ... 60% "OFF" ...
"OFF" OF WHAT?

The public is being bombarded by various outlets — even famous department stores — with ads and promotions claiming so-called "discounts" which are so exaggerated that you should question them.

Are they really true discounts? Was the merchandise ever really sold at the high "regular" or "former" or "reference" price quoted?

Or, was the merchandise fictitiously priced to lure you into thinking you're getting a bargain?

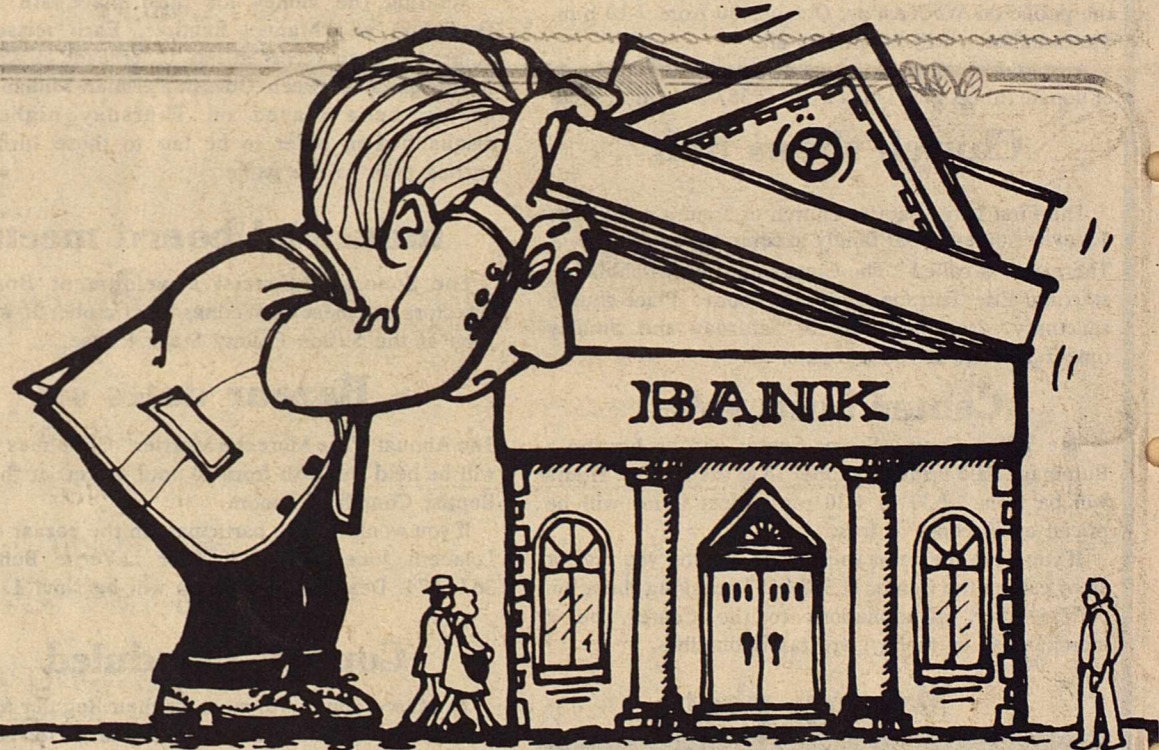

There's nothing wrong with legitimate discounts... we are against deceptive pricing. You owe it to yourself to shop around and compare quality and service as well as price.

C of C honors ADCO Water Wells

The Chamber of Commerce recognized the Adco Water Wells Inc., as Business of the Month.

1985 is the year in which ADCO Water Wells Inc. celebrates its 10th anniversary. Bobby and Dede Doran and family moved to Sonora in 1974 for Bobby to manage the Water Well Service for Sonora Wool and Mohair Co. In 1975 they bought this service and formed ADCO Water Wells Inc.

Oscar Perez, service manager, has been with ADCO since its inception in 1975. Currently, Nicky Robledo works as a service man on the truck.

ADCO specializes in sales and service of all water systems, pumps and windmills being their

main interests. Two way radios keep the office in touch with the service truck, so emergency water problems can be solved.

ADCO Water Wells attributes its success to its customers.

Bobby and Dede have two daughters, Cathy, a freshman at Tarleton State University, Cindy a sophomore in the Sonora High School.

On hand for the occasion were: Bobby and Dede Doran, Oscar Perez, Nickey Robledo, Earnest Lykins, President of the Chamber of Commerce, Dr. Alvis Johnson, Roberta James, Todd Cirrincione, Jeanne Jackson and Edith James.

Our congratulations to Bobby and Dede and ADCO Water Well Inc.

A ROUND OF SLUGS (By S. U. M. Bull)

Si Plushbottom of Pumphkinville, Arkansas, has arrived in Sonora and will engage in the tombstone business in this city. It is rumored here that Si is an old friend of Dr. A.G. Blanton and R.A. Steen.

The SW Club's membership list is getting larger every week, some of the officers of that secret organization reported. Geo. S. Allison, the oldest ranchman in West Texas who does his own riding, is ineligible for membership. Chas. Evans, secretary of the organization declared.

Rumors are afloat to the effect that W.R. Barnes' wife has forced her husband to hunt another "roost." This is not authentic information and has not been confirmed by Mr. Barnes but his friends saw him hauling some mattresses and quilts to the mesquite flats.

Did you ever see anyone smile like a possum eating yellow jackets? If you have never had the pleasure

just take a squint at "Scotty" Allen, who operates the picture show machine at the La Vista Theatre. That boy can mimic a possum to a fare-you-well.

Ben Mittel, one of our most progressive young ranchers, has informed this paper that he is in need of a housekeeper. When asked what kind he wanted, he made the following statement: "Get her for me regardless of color, nationality or religion." Girls, here's your chance to jump into double harness with a young ranchman who will support you.

Sonora now has a city manager and this is none other than Frank Holliday, who has been employed to serve the City of Sonora as fire and town marshal, tax assessor and collector, building and plumbing inspector and a few other responsibilities are upon his shoulders.

By the way, John Cauthorn, a very prominent and esteemed young bachelor ranchman, was in the city Tuesday and stated that his ranch had good rains. John is never seen but that he is in the best of humor—always smiling. He, too, can smile like a possum eating yellow jackets and crickets.

We knew that John Eaton could eat as much as a hyena, but never knew until last Lions luncheon that he could devour as much food as a whole regiment of soldiers. He lives to eat and not that he might eat to live.

Rev. F. M. Jackson To Close Third Year

Sunday morning at the eleven o'clock service at the Methodist Church Rev. R. M. Jackson will close his third year of service as pastor of that church in Sonora. Special song service and music will be provided.

During the three-year pastorate of Mr. Jackson the church has enjoyed a gradual growth and his service has been very satisfactory. So much so that the church has asked for his return for the coming year. Rev. and Mrs. Jackson has numerous friends in and out of the church who will be delighted to know they will again be in Sonora for another season.

Thompson Brothers win first in world cook-off

The Thompson Brothers recently placed first in the 12th annual world Championship Bar-B-Que Beef Cook-off held in Pecos. They competed against 40 teams from all over Texas and New Mexico, in the professional division.

Beating out 87 other entrants, the Thompsons also placed first, at the same meet in showmanship.

The Thompsons have entered a total of five competitions to date and have won first in showmanship in Menard, Sonora and San Angelo and second place for cooking at the Brisket Cook-off in Eola.

The Cooking Team consists of Bill, Jeannette, Sam, LuAnne, Pete and Bobby Thompson and Edith McPhail.

Free flowering trees for fall

Ten free flowering trees will be given to people who join the National Arbor Day Foundation during October, 1985.

The Foundation will give two White Dogwood, Two American Redbud, two European Mountainash, two Washington Hawthorn and two Flowering Crab trees to members joining during October. The free trees are part of the Foundation's efforts to improve the quality of life in America by encouraging tree planting.

"The Foundation is encouraging more people to plant trees in the fall, which is an excellent time for tree planting," John Rosenow, the Foundation's executive director, said. So we're giving these free flowering trees to people who make a \$10 membership

contribution during October.

"These trees were selected because they will give a colorful flowering of pink, white, and red blossom throughout the spring," Rosenow added.

"The six to twelve inch trees will be sent postpaid at the right time for planting between October 15 and December 10, with enclosed planting instructions. The trees are guaranteed to grow, or we will replace them free of charge."

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to Flowering Trees, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by October 31, 1985.

Suicide without warning is a myth

The idea that normal teenagers commit suicide without warning is a myth, according to an article in Texas Medicine.

"Teenagers who take their lives are troubled, and they show signs and symptoms," five Dallas psychiatrists wrote in the Texas Medical Association journal's August issue.

"Perhaps the most important warning sign is a history of a suicide threat or attempt," noted Drs. John Looney, David Oldham, Lawrence Claman, Frank Crumley, and David Waller. Adolescents who do this "just to get attention" are signaling a mental disorder that requires thorough treatment, they explained.

Suicide is the third leading cause of death among U.S. adolescents. Trailing only accidents and homicides, teen suicide rates

are higher for males than females and greater for whites than non-whites.

"The frequency of suicide for all adolescents is increasing substantially," the psychiatrists said. "The suicide rate for adolescent white males doubled between 1964 and 1977." They noted that each generation has a higher suicide rate than the preceding one and a higher rate at every age.

They cited these signals that may indicate an increased suicide risk among teens:

Changes in behavior--accident proneness; drug and alcohol abuse; physical violence toward self, others, and animals; sudden alienation from family and friends; worsening school performance; refusal to attend school; disposal of possessions; and letters, notes, or poems with suicidal content.

Change in thinking--preoccupation with death; difficulty in concentration; irrational speech; and hearing voices, seeing visions, or expressing obviously false and bizarre beliefs.

Change in life events--death in family member or friend, especially by suicide; parental separa-

tion or divorce; loss of a friendship; public humiliation or failure; and serious physical illness.

Mood changes--expressions of hopelessness or impending doom; explosive rage; dramatic highs and lows; poor appetite and weight loss; and lack of sleep or excessive sleep.

Teach safety habits

Teach safety at home--"Once parents have decided their child is mature enough to stay alone, it's their responsibility to teach safety habits," says Dorothy Taylor, a family life specialist with the Texas A&M University Agricultural Extension Service. She advises parents to have a home fire drill and review phone procedures, including use of emergency numbers. Children should be instructed to keep doors locked and not admit anyone. Parents should also establish and communicate basic home safety rules about using the stove, microwave or other appliances, climbing on furniture or ladders

and not using knives, matches or other sharp objects when home alone.

Prepayment plans for Health Care

Among the health care resources becoming increasingly attractive to cost-conscious older people are the various types of prepayment plans. The plans provide health care for a fixed payment and permit a person to better budget health care expenses.

A number of such prepayment plans have contracts with Medicare to provide services to people with health insurance. Medicare pays the plan. Medicare pays the plan a monthly amount for the Government's share of costs of covered Medicare services. The person pays the Government the Medicare medical insurance premium is \$15.50 a month.

In addition, the plan may charge the person a monthly premium to

cover the cost of Medicare's deductibles and coinsurance and for additional services the plan provides which are not covered by Medicare. At the time of the enrollment, the plan will tell a person what part of its charges cover the Medicare deductibles and coinsurance and what part, if any, is for services not covered by Medicare.

The most common prepayment plans that have contracts with Medicare are health maintenance organizations (HMO's) and competitive medical plans (CMP's). They function like a combination insurance company and doctor/hospital in that they provide both the insurance coverage and the actual health care.

In addition to budgetary convenience, other reasons people join a prepayment plan include:

--Various kinds of care needed are available in one place.

--There's no need to pay each time you receive a service.

--Benefits beyond those covered by Medicare are available for no additional charge from some plans.

--Emergency care is available 24 hours a day, 7 days a week.

--There's no paper work or claim forms to fill out.

On the other hand, many people do not like the less intimate care that may result from a larger staff and facilities designed to handle a volume of cases, particularly if they have a longstanding relationship with their present doctors. People in the plan are required to use a doctor that is participating in the plan, although they generally have a choice among such doctors.

People who need more information on prepayment plans should call the nearest Social Security office.

HOMEMAKER UPDATE

Prepare outdoor furniture for winter storage

Many of us have a considerable investment in the outdoor furniture we use on the deck, patio or by the pool. Whether you have expensive wrought iron or redwood outdoor furniture or less-costly aluminum and plastic webbing chairs, you can avoid the expense of replacing it with good maintenance.

Now that the time for summer barbecues has passed, it's a wise idea to clean and renovate your outdoor furniture and then store it for the winter.

Here are some suggestions for cleaning different types of outdoor furniture:

ALUMINUM AND PLASTIC

Most outdoor furniture is constructed of tubular aluminum which tends to gray with age and accumulate dirt and grime. Wash with detergent and warm water to remove most of the soil, and rub with fine 4/0 steel wool to remove discoloration. Aluminum jelly can also be used, but not on new or anodized aluminum.

Wash the plastic seat webbing and straps on tubular furniture with a long bristled brush and then wax with auto paste wax.

Hose down or wash plastic furniture with water and a mild detergent. Don't use abrasive cleaners. Protect the surface with an application of auto paste wax. If the plastic is chipped or broken, it often can be fixed with epoxy glue.

WOOD

Wipe down hardwood furniture with warm water and detergent, then protect it with auto paste wax. If the finish is cracked or flaked, remove it with paint or varnish remover, sand and apply a new coat of marine or exterior-type finish. Also check any painted metal supporting framework for rust and touch up if necessary.

Wash redwood furniture with warm water and detergent. Remove soft drink stains with a solution of chlorine bleach and then rinse. Smooth all the wood surfaces with 3/0 steel wool and apply a protective coat of penetrating sealer. Redwood furniture should not be varnished and coated with shellac.

CAST METAL

Use a mild detergent to wash cast aluminum, cast iron and wrought iron. If the enamel surface is scratched or chipped, or if rust has appeared, smooth the area with steel wool, apply a metal primer and then touch up with matching enamel paint.

RATTAN

Rattan, cane, reed and willow furniture should be vacuumed and

then damp washed with warm water and mild soap. After it dries, protect it with a liquid furniture wax.

FABRICS

Cushions and other items made of vinyl laminate, cotton duck or canvas may be damp cleaned and dried with a cloth. Dry clean heavily soiled cotton if possible.

Wash and dry umbrellas made of vinyl laminate fabric in the open position. Check the pole for corrosion and rust and protect it with a liberal waxing of auto paste wax.

Brush hammocks to remove soil, scrub with warm water and detergent or machine wash and hang back in place to dry wrinkle-free. Wax the hammock suspension cords with paraffin to prolong their life.

STORING OUTDOOR FURNITURE

Indoor storage, in a garage, storage shed or the house, is ideal. You may want to use outdoor furniture to provide extra indoor seating and table surfaced during the winter. But if you do keep items in the house, keep them away from direct heat.

If you have no indoor storage space, cover the furniture with plastic, securely tie it down, and store on the porch, balcony or deck.

A reception was held Sun. Oct. 6 at Our Lady of Guadalupe Church in Eldorado to welcome Fr. Louis Moeller. Several of Fr. Moeller's relatives including his mother, brother, sister-in-law and numerous nieces and nephews were in attendance.

The Rev. Bernard Gully, Minister in Training George Chengazhacheril, and the Saint Ann's Choir led by Brenda Sanchez and Lydia Galindo and choir members Lou McMillian, Irma Favila, Elida Guerra, Sylvia Martinez, and Arturo Sanchez sang several hymns. Furnishing guitar music were choir musicians, Pedro Galindo Jr., and Refugio Martinez. Mr. and Mrs. Gilbert Velez, Edna Ramirez, Monica Garza, Tabby Sanchez and Benny Garza from Sonora were present for the celebration.

Mr. and Mrs. Juan Soriano, Gabriel and Daniel, visited with friends and relatives in Del Rio last week-end.

Hector Perez has returned to his hometown of Sonora. Visiting Hector and his family for the weekend was Mary Jane Zapata of Austin.

Eddie Noriega is here for a 21-day visit. Eddie works for Dowell in Alaska, his next assignment will be in Africa. Eddie enjoys his visits with his wife Della and son Lorenzo Jr. and numerous family and friends.

Happy Birthday to John Paul, Ella Marris and Loretta Herrera who's parents are Mr. and Mrs. Roberto Herrera. They all have the same birthday Oct. 10.

James (Red) Floyd was here visiting his family Kathy, Jaime and Michael for 2 weeks. Red is working in Alaska.(brrr)

Jenny Jimenez 11, of Sheffield was here visiting her dad Joe Jimenez for the weekend. She enjoyed her stay.

My 4-H group consists of Monica Gonzales, Melissa Fuentes, Christina Ramirez, Lisa Noriega and Elaine my daughter. We meet on Thursday and learn a lot. 4-H always needs leaders, so volunteer. See You, Sharon

VA Questions & Answers...

Q--Are children of deceased veterans eligible for GI home loans from the VA?

A--Children of deceased veterans are not eligible for a GI home loan. Q--When I recently applied for a VA guaranteed home loan I was advised it could not be processed until I repaid an outstanding debt for VA educational assistance. Is this correct?

A-- Yes. It is the VA policy to reconcile all outstanding debts to the U.S. Government prior to approving a home loan application.

Q--I have been participating in the work-study program but circumstances have forced me to withdraw from school. How can I satisfy my obligation on the remaining hours of the work-study contract?

A--You can work the remaining hours for which you received advance payment.

Q--What is the difference between disability compensation and pension?

A--Compensation is paid to a veteran with a disability which is related to military service. While the disability need not be a result of performance of duty, it must have occurred or been aggravated during military service. Pension is a benefit available to veterans with wartime service who are "needy." Need is determined by the income of a veteran and any dependents. To qualify for pension a veteran must either be 65 years of age (or older) or must be permanently and totally disabled, as determined by the VA, based on disability which is not due to military service.

Q--My husband received an

honorable discharge after several months of service at the end of World War II. He is now disabled by an illness unrelated to his service. Is he eligible for a VA pension?

A--The VA must review your husband's eligibility before a decision is made. He should file a claim with the nearest VA Office. A toll free telephone number is listed in the government listings of your telephone directory. Eligibility depends on several factors including family size, income, extent of disability and amount of qualifying wartime service. A minimum of 90 days service is necessary in most cases.

Q--I am an 80-year-old widow with a limited income. My son was killed in service during World War II. Am I eligible for any benefits from the Veterans Administration?

A--Parents are eligible for death benefits if their income is insufficient to provide them with a reasonable standard of living. Proof of your relationship to the veterans must be submitted with the application for death benefits.

Q--I have a GI home loan and I am considering selling my home to purchase another. What can I do to have my entitlement restored to obtain another GI home loan?

A--A veteran may qualify for restoration if the VA has been relieved of liability on the GI loan. Normally this is accomplished by selling the property and paying off the loan in full. Another way is for a veteran-buyer to agree to substitute his or her entitlement for that of the original veteran borrower and meet all other requirements for entitlement.

PASS, do you qualify?

Are you disabled and wondering if you could qualify for Supplemental Security Income (SSI) but think that you might have too much income or savings to qualify? Or, are you on SSI already, but turning down opportunities to increase your income or savings because you might go over the SSI limits? If so, you should know about the Plan for Achieving Self-Support, better known as PASS.

PASS is a provision in SSA law to not count income or savings that are specifically designated for use in meeting your occupational objective if that income or savings would otherwise make you eligible for SSI. For instance, earnings from a vocational training program could be partially ignored if some of the earnings are used for tuition. If savings extend beyond the SSI limit, certain of the funds could be excluded if separately designated for use in establishing necessary equipment for your future employment.

If the PASS might apply to your situation, you need to be aware of a few important requirements. First, the PASS must be in written form, and must be officially approved by an SSI claims representative. Secondly, there must be a specific occupational objective set down in the written plan. The third point is that the income and/or savings excluded must be specifically used toward the occupational objective set. For example, although you need to eat in order to study

effectively, money used for food is not excludable; however, money used to purchase the textbook you study certainly is excludable! A final point to remember is that there is a time limit on how long a PASS serves its purpose, which is usually 18 months, although you may apply for formal extension.

To take advantage of a PASS, contact the San Angelo Social Security Office at 2214 Sherwood Way or telephone 949-7426. PASS may not apply if you already meet the other SSI eligibility requirements; but if your income or savings could make you ineligible, check it out! PASS is one way that

your SSI claims representative can help you become financially independent.

A Look At The Beatitudes

By Pastor Louis Halford; First Assembly of God Church

Matthew 5:3 says, "Blessed are the poor in spirit for theirs is the Kingdom of Heaven." It doesn't say blessed are the poor...but blessed are the poor in spirit.

I personally portrait a Christian on his knees before God acknowledging his spiritual poverty. He is bankrupt with nothing to offer, mourning and bewailing his sin. (verse 4). "Blessed are they that mourn for they shall be comforted."

"Blessed are the meek; for they shall inherit the earth." (Matthew 5:5) He is meek and willing for other people to think he is what he says to God he is.

As we continue, we see the Christian hungering and thirsting after righteousness; longing to

improve to grow in Grace and goodness. Matthew 5:6 says, "Blessed are they which do hunger and thirst after righteousness for they shall be filled."

In the next 4 Beatitudes we see the Christian with others, out in the human community. The Christian is not insulated from the world's sorrows; he is not harsh; he is merciful, compassionate toward others, pure in heart, and sincere. He plays a constructive role in the community as a peace maker, even when he is not thanked for his pains, and is opposed, slandered, insulted, and persecuted by those who reject Christ.

A blessed person, I'm talking about truly blessed, has God's approval on their life. The values and standards of Jesus are different from those of the world. The

world judges the rich as blessed, not the poor, both spiritually and materially.

The world judges as blessed the care-free, happy-so-lucky, not those who take evil seriously, and mourn over it. The world judges the strong and the brash to be blessed; not the meek; the full; not the hungry; those who mind their own business, not those who meddle in other people's matters and occupy their time in do-goodery.

The world counts as blessed those who attain their ends, even if by devious means, not the pure in heart who refuse ever to compromise their integrity. The world judges as blessed those who are secure and popular and live at ease, not those who have to endure persecution.

Jesus challenges the standards of the world, and requires different standards from the citizens of His Kingdom. Jesus calls the world's rejects, Blessed!

Blessed are the merciful; for they shall obtain mercy. Blessed are they pure in heart; for they shall see God. Blessed are the peace makers; for they shall be called the children of God. Blessed are they which are persecuted for righteousness sake; for theirs is the kingdom of Heaven. Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for My sake. Rejoice, and be exceedingly glad; for great is your reward in Heaven for so persecuted they the prophets which were before you." (Matthew 5:7-12). Blessed are you....

A Special Thank-you

Erich's home! After three months in the hospital, we praise God that Erich's home. We want to thank everyone for their prayers and support during this difficult time.

Although Erich's home, the trails have not ended. There will still be trips to the Texas Rehabilitation for therapy. And we still don't know the extent of the damage to Erich's brain. We've seen tremendous improvement in Erich. He's doing better than anyone ever thought, and we praise God for that also.

There are some things we do know. We know that the people of Sonora have been wonderful to us during this time. You've helped us physically, financially, and spiritually. For all of the people who have made meals and brought

them over, we thank you. For those of you who have given support by your gifts for Erich and your donations to the Helping Hands to help pay hospital expenses, we thank you. And to those of you who have lifted Erich up in your prayers, God has answered many of those prayers and we thank God and you.

Please continue praying for Erich in the days and weeks ahead. There have already been miracles and we believe there will be more. We know there's a lot of love in Sonora for Erich, and a lot of love here at home for Erich also. And since everyone's been so nice, we thought it would be nice to let you know, Erich's home!!

Changes are good for us. They cause us to be alert, to be creative, to make adjustments.

Changes cause us to re-evaluate our directions and purposes. Sometimes changes are painful, but none the less helpful. Some of us need to change our habits and attend worship with those people we call our brothers and sisters. Instead of waiting for exterior changes to bring you newness of life, why not let Christ change you inside out and give your life the direction you seek, you need, and you want.

Don Lardie to play concert in Kerrville

Diertert Auditorium, Schreiner College in Kerrville will be the focal point for all music lovers in the hill country on Saturday, October 19, 6:30 p.m. At that time the blind concert pianist-composer, Don Lardie, will return to play his second concert in Kerrville.

Mr. Lardie, who lost his sight five years ago in an accident, will present a program of original piano compositions which he has composed since that accident. Because his works span the musical spectrum from early Baroque to the modern classical style of Chopin, Grieg and Rachmaninoff, Mr. Lardie will give an introductory monologue and explanation of each composition.

In preforming this premier concert in Kerrville, "I will be repeating the pattern set last March when I played in Kerrville," Lardie said. "I was very pleased with the appreciative audience that greeted me then, and the concert tour went on to successfully reach eight cities, including San Antonio, where sufficient interest was generated to warrant eight radio and three TV appearances."

A much appreciated feature of the Lardie concerts is the fact that they are "open concerts" that is, there is no admission charge.

However, donations are accepted at the close of the program. "In this was," Lardie said, "these persons with large families or on fixed incomes have equal access to musical enjoyment."

Mr. Lardie, who completed his musical education in Michigan and Texas, has taught and performed in those states as well as in New York and Europe. "It is my hope," Lardie said, "that the Kerrville appearance will again draw on audiences from Junction, Bandera, Boerne, Comfort, Fredricksburg, Llano and San Antonio as it did last year."

Antlerless deer tags available

Texas Parks and Wildlife Department will issue special antlerless deer tags for Sutton County on October 24, 1985 (Thurs.) from 8:00 a.m.-Noon and 1:00-5:00 p.m. in the County Courthouse in Sonora.

The special tags are required for any antlerless deer harvested in this county during the upcoming hunting season. To qualify for tags, a landowner must own or

control acreage in Sutton County. After the opening of the hunting season, tags will only be available through the State Office in Austin and through Regional Offices located in Rockport, San Angelo, Tyler, and Waco. Tags will not be issued by local department personnel.

Landowners or their agents are urged to pick up tags on the scheduled issuance dates.

Help your child avoid a hazardous Halloween

Modern-day Halloween can be more hazardous for the "tricker" than the "treater."

Certain safety precautions taken by parents, motorists, and homeowners can help prevent accidents, says the Texas Medical Association.

Parents should check all costumes and wigs for flameproof labels. Apply a natural mask of cosmetics or grease paint rather than have a child wear a mask which might restrict breathing or obscure vision.

Since dark costumes are difficult for motorists to see, insist tricksters wear light-colored or reflectorized costumes. Children also should carry flashlights to see, and be seen, more easily.

Parents should accompany young tricksters on their rounds while it is still light, and older children should travel in groups. Make sure children have enough change with them to call home if necessary.

As an alternative, parents might encourage home parties and celebrations in place of trick-or-treating.

Motorists should slow down and drive with extra caution while in residential areas on Halloween.

Homeowners receiving trick-or-treaters should have outside lights on as a sign of welcome. Remove anything that could be an obstacle from steps, lawns, and porches.

Finally, parents should emphasize that tricksters return home with their treats untouched until all candy has been thoroughly inspected for foreign material. Only wrapped candy and packaged baked goods should be eaten. Fruit should be thoroughly washed and cut open before being consumed.

Following these guidelines will help children enjoy a fun-filled yet safe Halloween.

32-13 Cranes fly over Broncos

To fumble is defined as to handle awkwardly or to drop. Friday night the Broncos fumbled the ball more times than they care to remember.

The Broncos could never make up the turnovers and lost their district opener 32-13 to the Crane Golden Cranes.

On Sonora's first 3 possessions of the game, they turned the ball over. That gave Crane a 20-0 lead with 9:39 seconds left in the first half.

Sonora's first score came on Martinez' one-yard run with 5 minutes to go in the half. The scoring drive was lead by junior Stevie Love who rushed for 102 yards during the game including a 20-yard run during the drive.

Esau Ramirez' kick was good and the Broncos faced a first half deficit of 20-7.

The momentum during this game was certainly with the Cranes 3 of their scoring drives were from the 30, 18 and 32 yard lines.

During one Bronco march, Sonora faced a fourth and on situation, and decided to punt. The

snap was high and the ball was recovered by Crane in the end zone for a touchdown.

That was the way the entire evening went. Everytime Sonora looked as if they were coming back a sack or fumble occurred to dispell their hopes.

The Broncos final score came on Loves' rush from 7 yards.

Three of the Broncos starters were quite severely injured during the game. They are senior Abe Caruthers, Ramirez and quarter-back Mickey Sharp.

All are questionable for this Friday's game against a very tough Ballinger Bearcat team.

Ballinger has a potent offense and a gritty defense. Sonora will have to play tough solid football against them.

The Bearcats bombed Ozona 56-0, Colorado City beat Coahoma 20-0, in other district action.

Next Friday's game will be in Ballinger. Kick-off time will be 8 p.m. It has been proven that teams do better if larger crowds are present so try and make it to Ballinger and root our own Broncos to their first district win.

Microwave ovens, not for baby's milk

Microwave ovens are one of today's biggest time-savers, but Baylor College of Medicine doctors warn that using one to heat a baby's bottle can result in serious injuries and less nutritious milk.

"Milk heated in a microwave oven can reach temperatures high enough to actually burn a baby's

mouth, throat or stomach," said Peter Andrus, M.D., assistant professor of pediatrics at Baylor. "Since microwaves heat liquids, but not containers, parents and baby sitters are often unaware of how hot the milk becomes."

Enough heat can be generated by a microwave to build up steam and cause the milk container to explode, which could result in mother and baby suffering cuts and serious burns from the milk.

The uneven heat distribution of microwaves creates small pockets of intense heat in different parts of the bottle, said Judy Hopkinson, Ph.D., a researcher at Baylor's Children's Nutrition Research Center. The high temperatures destroy the vitamins in formulas and break down the disease-fighting antibodies in human milk.

"If a mother is providing breast milk with the intention of giving her baby these substances that assist in preserving health and promoting wellness, then it is pointless to defeat that purpose by using a microwave," Hopkinson said.

The best way to heat formula or human milk is to place the bottle in a bowl of warm water or shake it gently under warm running water. Test the temperature of the milk by sprinkling a few drops on the back of the hand. If the milk feels too warm on the back of the hand, it will be too warm for the baby.

"Babies are not nearly as worried about the temperature of milk as parents are," Andrus said. "Once it reaches room temperature, the baby's main concern is eating."

Bundle UP Your Home Today

And Help Keep Energy Bills DOWN This Winter.

Upgrade Your Insulation.

Insulation comes in rolls, loose fill or batts. The "Resistance-value" or "R-value," indicates the ability of a material to keep heat from passing through it. The higher the "R-value" the more heat the insulation will keep inside in the winter and outside in the summer. WTU recommends R-30 insulation in the ceiling and R-16 in the walls.

Keep Weatherstripping & Caulking in Good Condition.

Seal cracks around doors, windows, pipes

and wiring to help you save on both heating and cooling costs. Polyurethane or similar caulking, plus felt or foam-rubber products, come in an easy-to-install form at most hardware stores and will help you draft-proof your home.

Call Your Heating Serviceman.

Have your heating unit checked NOW by a qualified specialist to put it into top operating condition. Not only will you minimize the possibility of a costly and uncomfortable breakdown in the middle of winter, you will also help keep down home operating costs.

Sheriff's Association presents scholarships

Two students at U.T. Permian Basin recently received \$500 scholarship from the Sheriff's Association of Texas.

James Rucker from Odessa and William Cunningham from Sweetwater received the scholarships from Gordon Johnson, executive director of the Sheriff's Association of Texas.

The students are in the full-time program of Criminal Justice at U.T. Permian Basin and were nominated for the awards because of their scholarship records.

Also attending the presentation ceremonies were Gary Painter, Midland County sheriff; Bob Brookshire, Ector County sheriff; Bill Webster, Sutton County sheriff; J.R. Sessions, Freestone County sheriff; Sherman Brodbeck, administrative assistant with the Sheriff's Association and Dr. Colbert Rhodes represented U.T. Permian Basin.

The scholarship has been presented to U.T. Permian Basin students since 1981.

Scouts say Thank-You

The Scouts of Sonora would like to say Thank You Rose Budde for the curtains, she donated to the huts.

Brownie troop 98 would like to thank Brent Gesch for being the speaker at our last meeting. The girls appreciate the time he spent and hopefully it will be a lasting impression on the girls, in that it might save their lives.
