Biscuits invited to join

Symposium and Celebration

The National Cowboy Symposium and Celebration: The Culture of the American Cowboy will be held in the University Center at Texas Tech University on June 2, 3, and 4. It will feature the poetry, songs, tales, art, trapping and sport of the American cowboy and promises to be the most comprehensive event that has ever been held on the cowboy.

The Symposium and Celebration will feature well over a hundred performers and artists. Among them are famed JA ranch cowboy, Tom Blassingame, 90 years old and still making a hand every day; musician and actor Red Steagall; cowboy poet, Baxter Black; cartoonist, Ace Reid; former World Champion Rodeo Cowboys, Toots Mansfield, Troy Fort, Jim Shoulders, Hary Hopkins and Larry Mahan; cowboy artists Tom Ryan, Gary Morton and Keith Avery; western writers, Elmer Kelton, John Erickson and Stella Hughes; National Cutting Horse Association Director, Zack Wood; Western Horseman publisher, Dick Spencer; spur makers, Ed Sims and Joe Barela;

Lonesome Dove stars, Barry Corbin and Barry Tubbs; Director of the National Cowboy Hall of Fame, Bryon Price; and none other than Sonora's own, Biscuits O'Bryan. Biscuits will be performing at 9 a.m. Saturday, June 3 in the Senate Room and will also appear Saturday night at the Allen Auditorium.

Three concurrent sessions of poetry, music, story telling, reading of academic papers or panel discussions will be going on in the Allen Auditorium, Hemmle Recital Hall and Senate Room on all three days. Cost is \$5 per person to attend all three days.

A professional type production will be held each evening of June 2 and 3 in the Allen Auditorium. These performances will feature the best poets, musicians, story tellers and others participating in the event. Admission for each performance will be \$6 for adults and \$3 for children.

Many of the performers will mount horses on Sunday, June 4, to compete against each other in a celebrity cutting and team roping. This event will also feature

musicians and singers, the 4th Calvary Memorial Units and a sheep dog demonstration.

Another feature of the event will be a barbecue at noon on Friday and/or Saturday at the Ranching Heritage Center. The public is invited to purchase tickets to eat and visit with the poets and other participants at this time.

For additional information or tickets contact the National Cowboy Symposium and Celebration, P.O. Box 4040, Lubbock 79409 or call 806-742-2498.

Interest high for Hoot 'n Holler

Excitement is mounting for the annual Hoot 'n Holler Goat Cook-Off to be held Saturday, May 20.

The Sonora Chamber of Commerce has received lots of calls regarding the cook-off and the competition should be plentiful. Winners will receive prize money and trophies and can advance to the World Championship Cook-off in Brady over the Labor Day Weekend.

Entry is \$25 per team. To obtain entry forms call the Chamber at 387-2880.

According to Butch Campbell, organizer for Trade Days, things are progressing nicely with a great deal of interest in booths for the event. For information call 387-2793 or 387-2952.

Plans are also moving ahead well for the County Play Day presented by the Sutton County Days Association. Information may be obtained by calling 387-6577.

A free dance with music by a KHOS DJ will be held on Friday, May 19. Saturday night dance to the music of West Wind CW Showband from Odessa. Saturday's admission is \$5 per person.

How Sonora and Sutton County voted

Turnout was light in the May 6 elections where voters chose who would represent them on the City Council, Hospital Board and School Board.

Six candidates vied for three places on City Council with the following results: Lemuel Lopez, 186; Jaye Harlene "Butch" Campbell, 174; Bob Mooney, incumbent, 171; Hershel Davenport, incumbent, 169; Joan Cusenbary, 164; Louis Halford, 8.

The Hospital District Board had one opening each in Precincts 1 and 3 and two at-large. All candidates, incumbents, ran unopposed. Vote counts were: Bruce Kerbow, Precinct 1, 29; Harold McEwen, Precinct 3, 100; At-large, Bob Brockman, 195; Alvis Johnson, 186.

The School Board election saw a total of ninety-three votes cast for representatives in Precincts 2 and 4. Jim Garrett, incumbent ran unopposed in Precinct 2 and garnered 38 votes, Sam Caldwell, 2

and three others had one vote each. Precinct 4 had no declared candidate and of the fifty write-in votes cast Mike Smith received 27; Ed Carrasco, 12; Abelino Sanchez, 3; Vincente Lopez, 2 and six others each received one vote.

The School Board met at noon Monday to canvass votes, swear in members and elect officers for the coming year. Serving as President will be Jim Garrett, Pro-Tem Gary Hardgrave, and Becky Johnson as Secretary.

ICA discusses insurance at monthly meeting

The Sonora Chapter of the Independent Cattlemen's Association met at the Sutton County Steakhouse for their regular monthly meeting on May 3.

Those in attendance were Bill Whitehead, Adele Wilson, Ruth Espy, Johnston Holekamp, George and Martha Wallace, Jodie Finklea and Dr. Mike Keller.

Several members of the group reported they had written to the Governor and to their representative in regard to having an appointed agricultural commission opposed to an elected commissioner.

Discussion was conducted on Agricultural Workers Mutual Auto Insurance Company carrying a policy for people in the field of agriculture. If any is interested, please call Ruth Espy at 387-3246 for the 800 number. With this insurance, a 30 to 35% premium rebate is given at the end of each year, more or less depending on the quality of performance of the insured persons.

The next meeting of the Sonora ICA will be held June 5, 6:30 p.m., at the Sutton County Steakhouse.

Two arrested for sexual assault

On Monday, May 1, Sonora Chief of Police Brent Gesch received a report from the Texas Child Abuse Hotline that a nine year old Sonora youth had been sexually assaulted by one of her relatives.

Because the incident involved witnesses and family members from outside Sonora, Chief Gesch

contacted Texas Ranger Danny Rhea who is stationed in Ozona. Chief Gesch set up a meeting between Texas Department of Child Protective Service case workers, Texas Ranger Rhea, and the chief.

An investigation was begun and has resulted in the arrest of a twenty year old male suspect and a thirty-five year old male suspect. Three male juvenile suspects have also been implicated and additional female victims have been discovered.

The nine year old victim and her seventeen year old sister have been relocated from Sonora to a more suitable and less threatening environment which will be monitored by members of the Texas Child Protective Services. Because this case is under investigation and because of the ages of the persons involved, further information is unavailable at this time.

Chief Gesch does wish to express his sincere gratitude to the members of the Texas Ranger Service, Texas Department of Child Protective Services, and the Sonora Independent School District for their assistance in the investigation. A very special thanks goes out to Texas State Trooper L.D. Whitton and Kimble County Sheriff Pat Davis for their shuttle of the anatomical dolls used in the investigation.

Day to be celebrated at Center

Mother's Day will be celebrated at the Senior Center on Friday, May 12 with a mini-Fashion Show from Carol's Merle Norman.

All mothers who attend the Center on this day will be eligible to enter for a drawing which will declare the winner Senior Center Mother of the Year. The winner will receive a corsage from Jane's Floral and Gifts in addition to a Gift Certificate from Food Center.

There will also be a drawing for several beautiful pillows made and donated for this purpose.

Join us please for lunch, the fashion show, and paying tribute to our Senior Moms.

Pre-Kinder and Kinder registration May 17

Sonora Primary will have Pre-Kindergarten and Kindergarten registration for the 1989-90 school year on May 17, 1989, beginning at 9 a.m. at the primary office.

To attend Pre-Kindergarten a child must be four (4) years old on or before September 1, 1989, and:

1. Be unable to speak and understand English; or

"How can this be?" employer asks

DEAR COMMISSIONER NABERS: Back in December of last year I had to lay one of my employees off because business was so bad. He filed a claim for unemployment benefits which I did not protest. He found another job right away so he did not draw any benefits that I know of, but yesterday I got a notice from the TEC advising me of my chargeback potential. The form number is FL-62. Why is the TEC just now notifying me of my financial liability and what about the fact that my ex-employee went to work for someone else?

J.R. Garland, Tx.

DEAR J.R.: The form FL-62 that you received is generated by computer at the time the first check for unemployment benefits is cut. The claimant involved here filed no continued claims and was paid no benefits back in December because he found another job right away. The potential liability on the claim was, however, established at the time of filing of that initial claim and remains locked in for an entire year for your company and any other base period employers.

Now, the claimant is again

Commissioner
Mary Scott Nabers

Texas Business Today

unemployed and has filed an Additional claim for benefits based on his most recent work separation. Because benefits have actually been paid this time, you and all the other base period employers on the initial claim have been notified of your potential chargeback liability. The other base period employers will now be given an opportunity to protest chargebacks to their accounts. Your company, however, had its opportunity to protest the payment of the claim at the time it was filed back in December. If there was no reason to protest at that time, then your company's account became subject to chargeback liability for any benefits the claimant might draw during the entire benefit year.

This situation does not occur with such frequency that an

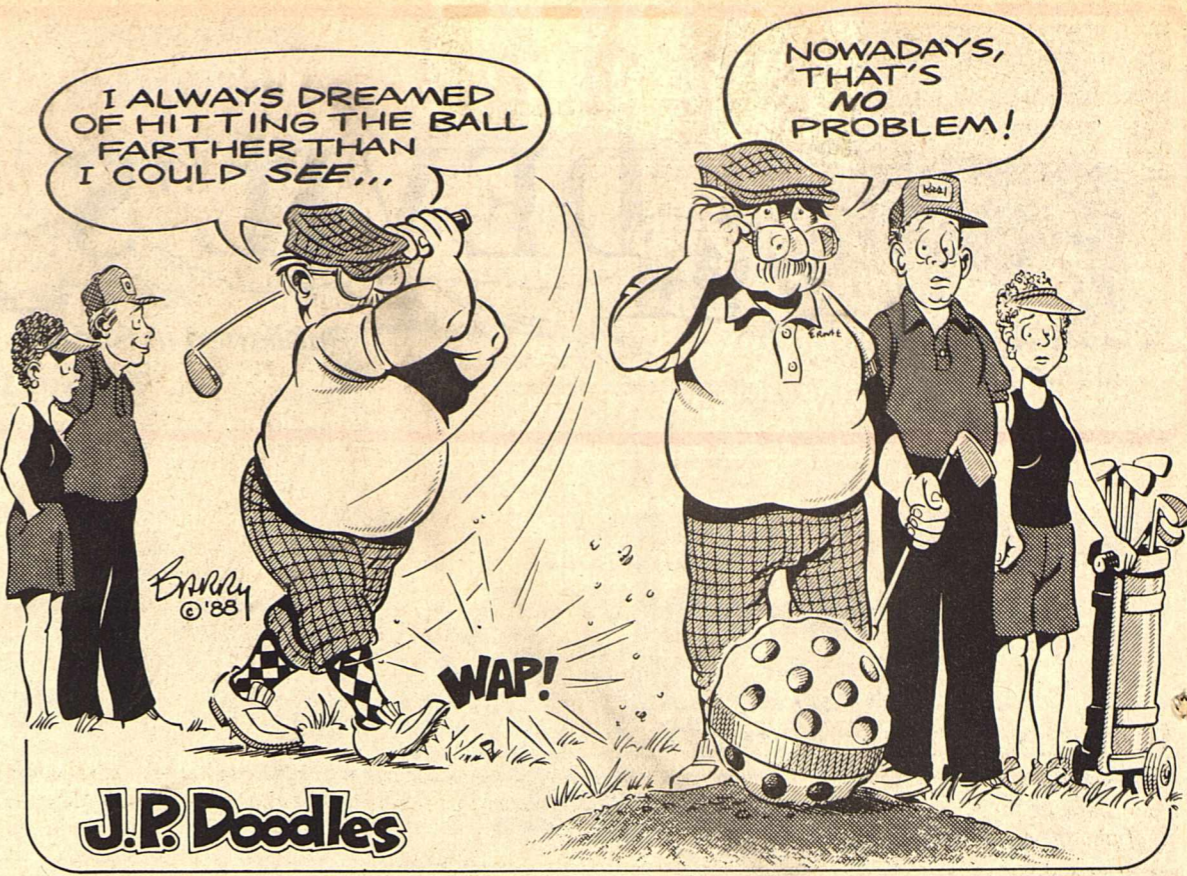

employer will automatically recognize it when it happens. Anytime you receive a notice that you do not understand, call your local TEC office for clarification.

DEAR COMMISSIONER NABERS: What is the maximum amount of benefits available to an unemployed person?

P.W. Lubbock, Tx.

DEAR P.W.: The amount of benefits available to a given individual will depend upon that person's wage earning history. Currently, a claimant who qualifies for the maximum available by law could receive \$210 a week for 26 weeks. Many workers will not qualify for this maximum payment. The average benefit amount since January of this year has been running around \$154 a week.

Mary Scott Nabers represents all Texas employers. If you have any questions you want answered, please write Commissioner Nabers at: TEXAS BUSINESS TODAY, 614 TEC Building, 15th and Congress, Austin, Tx. 78778.

ONE MAN'S OPINION

by T. Driskell

It is with some regret that I notice that Oliver North was found guilty on three counts. The three counts: Destruction and falsification of government documents; Contributing to the obstruction of Congressional investigation the Iran-Contra Affair and; Receiving an illegal gratuity (a security fence). All three are punishable by imprisonment and heavy fines.

The judge carefully briefed the jury on what had to be proven to convict North on each count and they found him not guilty on nine counts, but found him guilty on three. Did the jury (not necessarily of North's peers) get a briefing on their rights and their prerogatives? They were at a disadvantage because they were not particularly cognizant of North's background, nor were they familiar with the contingency operation in which North had been indoctrinated in VietNam.

North had an excellent academic record and would have to be considered an extremely smart man.

He was a Lt. Col. and he certainly knew what the limit of his activity sphere was. This had to be contrasted against order, or verbal instructions given by a recognized superior to exceed those limits. Were such order given and if so by whom?

If the jury had an understanding of the position of military officer in a presidential "shadow" staff there should have been an unbearable stench in the jury room while they were considering the charges. None noticed the odor, so they never recognized that they were trying the cat's paw without ever seeing the cat. The front man in the docket was a totally dedicated patriot being tried for action being taken on the behalf of someone with criminal intent remaining in the background. The evidence; There are statements on the record by Reagan: "Ollie North is a true hero." and "Oliver North has done nothing wrong." It is just too bad that he did not put his action where his mouth was and

pardon North and his other support men as his last act in office.

North's case is not a new one, Republican chief executives have a flat sleazy record in history for supporting their cat's paw helpers in activities for which they professed no knowledge or admitted complete knowledge. Their helpers on the snipe hunt were left holding the bag. North's history was a little deficient; he forgot Fremont, the Teapot Dome, and Nixon's helpers. As they say, ignorance of history dooms you to repeat its mistakes.

I still feel rather certain that had North's jury been made up of his peers who fully understand his background and philosophy, that verdict would have been not guilty. Given the guilty verdict, it would seem that the honor, or the veracity of the administration (of which Bush was integral part) demands that North be pardoned and returned to retired status. He has served well, but our selection of commanders has left a lot to be desired.

LETTERS TO THE EDITOR

To the Citizens of Sonora and Sutton County:

I would like to thank all the citizens of Sonora for the privilege of serving on the City Council for the past fifteen years. Thanks also to them and all the residents of the County for the opportunity of representing you on the Concho Valley Council of Government as a member of the Executive Committee of CVOG, ten of these years as Vice-Chairman and Chairman of the Committee. My appointment by the Governor to the State Economic Review Board afforded me the knowledge of grants and reviewing these grants resulting in four consecutive years of funding for street, sewer and water improvements.

Congratulations and my best wishes to the Council. Thanks again for supporting me.

Hershel Davenport

know it won't be long. Sure was a good story you wrote about us. Thanks for letting Van Horn and other folks know I was coming.

Dear Editor:
Sonora, we had planned to drive right past Sonora on IH-10, but we had a vehicle problem. We were hauled into Buster's RV camp. Homer and Margaret Jolly were wonderful host and hostess.

The Sonora Chamber of Commerce ladies, Debbie and Lou, just could not do enough to accommodate and acquaint us with the city and country round-about.

Thank you for all your kindness; we shall never drive by Sonora, Texas without stopping to say, "Hello."

Sincerely,
Bob and Betty Quanstrom

Dear Editor:
Texas needs leadership in the Texas Department of Agriculture that understands that the economic health of rural Texas is based on the ability of agriculture to change and adapt to new technology. We derive approximately \$9.09 billion from

agricultural enterprises collectively within Texas, but only 1.5 percent of our population are working farmers and ranchers. We are losing our young people in agriculture. Our rural population continues to decline and along with it the economic infrastructure based, in large part, on agricultural production.

Recently, thirty-seven farm and ranch organizations took the unusual step of forming a grassroots movement to deliver a simple message. We need "a change in state government that will help rebuild rural Texas through strong agricultural leadership."

Texas is not now, nor will it ever be again, the same as it was 10, 20 or 30 years ago. Texas will never again have the rural population we once had, but we cannot afford as a society to write off the interests of rural Texas.

As Texas becomes more urban, people in the cities will become further removed from the problems occurring on farms and ranches. The legitimate attempts to regain some self-direction by those whose lives are invested in food and fiber production often are deliberately distorted and therein lies the real tragedy.

As a cattle producer and president of a group of cattle people whose organization has worked for better government and stronger agriculture for more than a century, I believe a change in the way our state determines agricultural policy will benefit farmers and ranchers, small town businesses and rural communities. Overall, the state and its citizens will be better off. It's the right thing to do.

The Legislature and the Governor have to make some serious decisions in the next few weeks. They must decide on the real facts provided by us, the people, not on politically motivated preceptions. They need direction from all of us on this serious matter.

Please write or call Governor Bill Clements and your state Senator and Representative today and let them know you want them to do the right thing right now. For now and the future, we must have an appointed agricultural commission motivated by what is truly best for all of agriculture and its ultimate beneficiaries.

James L. Powell
President,

ASK ANN RICHARDS

How can I obtain a refund on my mortgage insurance premium?

Editors Note: State Treasurer Ann W. Richards each week answers questions about personal finance and state government. These questions are compiled from various letters to the State Treasury. Answers are not intended to take the sound advice of reputable financial

advisers or other professional counselors.

If you have a question, write: Ask Ann Richards, P.O. Box 12608, Capitol Station, Austin, Texas 78711.

you are guaranteed a refund. If you bought your home before September 1, 1983 and paid your mortgage in monthly installments, you must have held your mortgage for seven years to be eligible.

The amount due is figured on a graduated scale based primarily on how long the mortgage was held.

The refund goes to whomever holds the mortgage when it is paid off.

If the home is sold before the mortgage is paid off and the mortgage is assumed, the new owners will be entitled to the full refund when they pay off the mortgage. However, part of the MIP paid while the owner held the mortgage can be recovered by determining how much has been paid so far, and figuring that amount when negotiating the price of the home.

The FHA Service Center in Washington, D.C. can tell you how much you are due, and send a fact sheet with more information. Call the center at (202) 755-5616.

We're getting ready to sell our home that we've owned for 12 years. We have a 15 year FHA mortgage. My neighbor says we can get a refund of the money we paid to the FHA for our mortgage insurance when we first bought our home. How do we get our money back?

If the last three number on your FHA case number ends with 203 or 703, and you paid your mortgage insurance premium (MIP) in full when you first bought your home,

HOME EC BRIEFS

Caveat emptor for television shoppers

Shopping by television can be seductive. It can also be hazardous to your economic health. The trick to being a smart armchair shopper is to come to the television set prepared, listen carefully and think before you flash your credit card. Home shopping television show are proliferating. The living room is no longer a safe haven for impulse or compulsive shoppers. It is now a dangerous place for those with a yearning for cubic zirconia jewelry, gadgets and interior decorating items, and clothing. Cable networks and target marketing have worked together to develop the television shopping frenzy. Credit cards have further promoted television shopping. Products offered on television shopping networks and programs generally are discretionary items for most households. They are probably not big bargains nor are they major ripoffs. A purchase should still be based on need and affordability. People may be persuaded to purchase more items than if they were shopping in the local community. Know your merchandise. With television shopping, you cannot feel or hold or examine a product before you buy. Know your prices. If you know the type of item you want and know when this type of item will be offered on the shopping show, you can shop more

intelligently. Listen for key words in the promotion of various products. A 14 K gold-filled item is not the same as one of 14 Karat gold. "Faux pearls" are just another way of saying "fake pearls." "Almost like" is used to get you to think an item is the same as the product mentioned as a comparative item, probably a more expensive brand. Most television shopping programs list a retail price for comparison purposes. It is highly unlikely that you would ever pay that price in a retail store. In one survey, Better Business Bureau staff from seventeen bureaus compared savings claims. They found that of 1,818 examinations in retail stores, the home shopping service products were available in only fourteen percent of the cases. The BBB survey also found that for 2,255 comparisons of shopping service prices with store prices, actual store selling prices were lower than the shopping service's "claimed retail prices" in 96 percent of the cases and lower than this shopping service's actual selling prices in 37 percent of the cases. Television shopping is a convenient way to purchase items, but it may be a more convenient way to overextend your budget. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

Kristen Hicks presents an Evening of Dance

On Sunday, May 14 at 5:00 p.m. Krsiten Hicks Ballet School will present an Evening of Dance at the Sonora High School Auditorium.

Mrs. Hicks students will present a ballet entitled "A Day in the Park." The ballet choreographed by Kristen Hicks will feature a Victorian park scene complete with "Waddling Ducks" a balloon man, newspaper boys, a flower market, picnickers, Victorian ladies sporting butterflies, and graceful "Evening Swans." The beginning pointe class will present a demonstration of their progress since commencing to work in January. "Excerpts from West Side Story" will be performed by the advanced class and their partners. The public is invited to attend and enjoy these dancers and their achievements for this year.

Pupils presented in recital

Piano recital was held May 6, 1989 at 7:00 p.m., at First Baptist Church for the students of Patsy Dobbs. Those participating were Caleb Taylor, Graham Bloodworth, Russell Dempsey, Rachel Lira, Katie Graham, Michelle Frye, Quirina Perez, Curt Dempsey, Andrew Dempsey, David Davenport, Mayer Anderson, Shawna Faris, Brian Faris and Callie Moore. Thank you to all who came to support these pupils.

Wedding planned

Jenny Rebecca Robles and Johnny Glenn Johnson will be married May 20 in the Sonora Tabernacle United Pentacostal Church.

Parents of the bride are Joyce Lambeth of Sonora and Eddie Robles of Lubbock. The bridegroom is the son of Buster and Vivian Harris of Sonora.

Jenny is a student of Sonora High School and Johnny is employed by Westex Drilling. The couple will reside in Sonora.

by Scott Gilmore, Hospital Administrator

In search of treatment

Results of a study tracking the progress of bulimic women who undergo treatment are not encouraging.

Science News reports that after 18 months of treatment that included both psychotherapy and the use of anti-depressant drugs, eight of 18 teenage bulimic women unimproved. The remaining 10 women improved significantly for two months, but by the end of the study had again developed symptoms, according to David B. Herzog of Massachusetts General Hospital in Boston.

BRONCO TAILS

by Cynthia Kepler

For the fifth and sixth year in a row, Sonora High School is the home of a State Champion. After the smoke had cleared in Austin last Saturday, Christi Spain was named the 3A Poetry Champion-Great Job, Christi!

And it wasn't just Christi that proved SHS is the best. Chuck Harris placed second in Feature Writing; Michael Todd and Mark Rogers placed third in CX Debate; Jesse Lynch placed third in Science, and Cynthia Kepler placed fourth in Calculator. Also competing were Liza Allen in LD Debate and David Rotter in Team Number Sense. The State competition brings together the twelve best of each conference, so competing there is an achievement alone. To place at the State meet is really something. WAY TO GO to everyone who went.

The Band and Choir are busy now, too! The Bands Spring Concert will be held in the High School Auditorium, Thursday, May 11, at 7:00. They invite the public to come and hear what they've done this year. The Choir will be performing on May 16 at 7:00. This performance called "A Night to Remember" will include the

music of the Pop Choir, "Sounds Unlimited." I'd like to see everybody out on the 16th and 11th to support the music program at SHS!

The date for the flags, twirlers, and drum major tryouts for the Band has been changed to Friday, May 12. Eight flags, two drum majors, and three twirlers will be chosen. Good luck to all those trying out.

Trips galore. The senior class would like to thank Coach Creek and his wife, Mrs. Cade, Coach Dukes, and Mrs. Keller for accompanying them on their trip to Sea World this past Saturday. Fifty-two seniors went and enjoyed themselves at Sea World and afterwards, the Bluebonnet Palace. "Tripping" this weekend will be the Mighty Bronco Band. The entire Band will be leaving early Saturday for Dallas and Six Flags-have fun!

SHS has a new slate of Student Council officers. The 89-90 officers are: President-Keith Wallace, Vice President-Chacho Cahill, Secretary-Christi Spain, and Treasurer-Shanna Patton. Good luck to these officers for a successful year.

The All-Sports Banquet will be held in the high school foyer on Monday, May 15. Sports awards will be given at this time, and

Seniors will receive their scrapbooks. If you're a GAA member, make sure you have the scrapbooks finished. If you wish to purchase a ticket for the banquet see any SHS athlete. The tickets will be \$8.00 per person. The meal will be catered by the Steakhouse.

The Junior-Senior softball game was held Tuesday. Results will appear in next week's column. The seniors, of course were expected to dominate.

The FCA would like to thank Coach Dukes for his hospitality and the churches hospitality this weekend. Several FCA members went out and heard Coach Dukes speak, and afterwards picnicked and swam in the river. We're very proud of the FCA group the year-they've had good attendance and a great bunch of kids!

Baccalaureate services are approaching quickly along with GRADUATION!! Seniors only have eleven more days of school. I'll repeat the warning-get the invitations out!

Summer is on its way, and everyone is getting ready. Just remember, exams still have to be taken and homework turned in. Don't slack off now. See you next week.

How wool becomes yarn

The following was submitted by Mrs. Lynch's third grade class after demonstration of how wool becomes yarn. The following are some of the stories her class wrote.

More of the stories will run in future issues.

Hi! I'm Kellie Downing. I live on the Joe Bacon Ranch. I've seen so many things done with wool, you wouldn't believe it. They first thing I've seen to make wool to yarn is they shear the sheep. The shearers use sharp razors to shave the wool. When the shearers are through, you get the wool that they have sheared and put the wool in a bucket of soapy water and wash it as good as you can. They wait over night for the wool to dry. In the morning you get the wool and feel it to make sure it is dry. After that, you get two big combs with very sharp teeth, you lay the wool in pieces on the big combs which are called carders. You take the carders and rub them together for about five minutes. They you pull off the wool and roll it up into a cylinder shape this is called a rollag.

Now it is time to spin the wool into yarn. First of all you get the spinning wheel. You start out with a pieces of yarn already tied on the spinning wheel. You spread the end of the yarn and hook it to a rollag. Then you put your foot on the pedal and push the wheel in the right direction with your hand. The wheel should go faster if you push the pedal with your foot. You spin until you have enough yarn to make something. Now you can make anything you want. Good luck!

Kellie Downing

I am going to tell you how to make wool into yarn. First, you shear sheep. You shear sheep with a comb. It is not a comb that you comb your hair with. It goes over a blade shaped like the comb. The blade is very sharp. There is a handle so the suff will work. That is how you shear sheep. Next, a person buys the wool. Then, the person cleans the wool with water. When the wool is clean and dry, they card it. The carders make the wool fluffy. Then, they get a spinning wheel ready. After that, the person starts spinning the wheel. The wheel twists the wool hard and makes into yarn. Finally, the person takes the yarn off of the

spool and weaves it into something.

Jason Jacoby

In this paragraph I will tell you how to make wool into yarn. First you shave the sheep and put the wool into a basket. Then you comb the wool till its nice and smooth. Then you attach the wool to a wooden machine. Then you put your foot on the pedal type thing. Next you spin a big wheel. The wool is being pulled in through a tiny hole. Then its being wrapped around a spool type thing. When it is all done you wash it and it becomes yarn.

Raven Rainer

Hi! My name is Cara Jackson and I am going to tell you how wool gets made into yarn. Today is very cold and I'm going to make some yarn to make something warm to wear so why don't you just come along and I'll tell you how it's done. Okay, here we are now let me get out some of this wool. Oh no! I forgot, I don't have any left. Oh but the Renfro's are shearing today and they asked us to come out, I guess I'll ask mom if I can. Just a minute she said yes. I'll take my spinning wheel out to the ranch. Oh, I forgot to tell you what you'll need. You'll need carders, a spinning wheel, wool or mohair of course, and if you want get a basket to put the wool or mohair. If I forgot anything I'll tell you about it later. Oh we're here. Now I'll tell you all of the steps. Let me, get a little wool first. Okay I'm back. Now, first the shearers shear the sheep.

Cara Jackson

Gifted/Talented NASA program participants

by Janet Patton/GT Instructor
The Sonora ISD Gifted/Talented students participated in the NASA ORBITER-NAMING PROGRAM this past fall. Although their entries were not selected as the winner, I am very proud of each team's accomplishments in participating in the program.

Participation in the Orbiter-Naming Program demanded careful research and judgement. The competition was designed to challenge students to undertake thorough and comprehensive

research as a basis for creative and innovative learning activities.

The national winners of Divisions I and II and the name selected for OV105 will be announced this month.

Participants from Sonora ISD in Division I included: **Fourth Grade-**Michele Cramer, David Fisher, Sarah Marrs, Charles Moss, and Walker Wallace.

Fifth Grade-Tonni Balas, Amber Barnes, Lila Castilleja, David Davenport, Curt Dempsey, Casey Fitzgerald, David Hale, and Bonner

Walsh. **Sixth Grade-**Becca Fields, Mary Gail Galvan, Farah Gee, Jason Morley, Casey Thorp and Jeremy Yager.

Participants from Sonora ISD in Division II include: **Seventh Grade-**Dawn Beebe, Cindy Chavez, Beverly Cooper, Cole Crenwelge, Kelly Kiowski, Tina Kohutek, Bobby Joe Mogford, and Tabby Sanchez.

Eighth Grade-Leslie Carrasco, Roy Ivy, Ray Pierce, and Stefany Roberts.

Scouting News

Let's catch up on what's been happening in Troop 19. In February there was an election in which two Scouts were elected into the Order of the Arrow. They were Joel Cox and Robert Zook. The OA is a secret brotherhood in Boy Scouting

Wigwagging is a method of signaling with one flag. The three motions used represent a dot, a dash and the end of a word or paragraph.

that is a privilege to belong to. The only way to join us is to be voted in by ones troop.

Also in February a Court of Honor was held. David Varner, Keith Varner and James Varner earned and received their Boy Scout patch. Joel Cox earned and received his Star rank. He has one more rank to earn before he can attain his Eagle rank. The Eagle rank is the honored rank that most Scouts try to earn.

Moving on the March we had

two Scouts, Jericho Thorp and Robert Zook go through the ordeal for O.A. at Camp Fawcett.

Then the Scouts went camping at the District Jamboree at Camp Sol Mayer. The Scouts did very well in their competitions. The competitions consisted of knot tying skills, shooting skills (water pistols) and compass skills. The Dekotas our senior patrol had a score of 95 out of a possible 100 and Rattlesnake patrol, our newer scouts did well also, with a score of sixty.

The boys attending the Jamboree were Rodney Conger, James Jones, Daniel Lind, David, Keith and James Varner, Gilbert Vara, Bruce Morgan, Casey and Jericho Thorp, and Robert and Jon Jon Zook. Leaders attending were James Jones, Sr., John and Evelyn Zook.

Now April is upon us. The Scouts are really getting busy. It's time to prepare for summer.

The Dekotas are preparing for a high adventure backpacking trek to Philmont Scout Camp in Cimarron, N.M. They will be testing the skills they have learned on a twelve day trek that will be filled with adventure. They will be hiking high into the mountains and into the valleys below. They will experience things like rock climbing and learn how the pioneers survived in the early days. They will be able to see wildlife in its natural habitat. It should be an experience they shouldn't soon forget. The boys going on this adventure are Blake Adkins, Joel Cox, Bruce Morgan, Jericho Thorp, Robert and Jon Jon Zook. Leaders will be John and Evelyn Zook.

Rattlesnake Patrol will be attending summer camp at Camp Sol Mayer. They will have the chance to have lots of fun, meet new friends and learn new skills that will help them in their Scouting career.

Also in April one of our scouts, Daniel Lind moved. We will all miss him and hope to see him soon in other Scouting events.

That's about it for now so until the next time follow the Boy Scout Motto "Be Prepared".

First class . . .

The Karate Institute Sonora class consists of: (back row-l. to r.) Joe King, Tim Roberts, Cynthia Maritz, Christy King, instructor Walter Bryant, Lawson Farrar and instructor Clarence "Daddy-O" Smith, (middle row-l. to r.) Roberi Teaff and Jake Prentiss, (front row-l. to r.) Gerado Barrera, Kasey Farrar, Charlie Wallace, Jeremy DeWitt, Kelly Morrow, and David DeWitt. Class members not pictured are Zack Prentiss, Anthony Renfro, and Jody Luttrell.

Instructor Clarence Smith is rated First in Fighting, Region 6, while Walter Bryant is rated Second, Region 6, according to Sport Karate Magazine.

The classes meet each Thursday night in the old Western Auto building. For additional information call Lawson Farrar at 387-2214.

'SELF' CONTROL

by J. Michael Fish

Remodeling the attic

Envisioning the storehouse of man's mind, our memory, the image of an attic begins to form. Oversized wooden beams, draped with cob webs, covered the dust of neglect and time, framed stacked boxes and piles of "who knows what." Cracks and holes in the walls provide a means for 'laser-like' beams of sun's rays to probe the dark and unfamiliar places of the room. The place we use to collect life's intangible mementos of our three-dimensional existence can

seem dark and forbidding with few or infrequent visits.

Through arduous efforts in categorizing and finding just the right place for every little mental 'thing', I became familiar with my area of recollection. It was ventilated, cleaned and dusted during a time I felt it necessary to formulate a 'self' that would bring order to a chaotic life.

Now, the attic of my mind is place filled with a luminous brightness during my moments of

solitude. When I need a setting to gain perspective in my relationship to the universe, its broad window looks out over the mountains, plains and oceans of the world while my memories cozily surround me, growing in strength and significance with each recall.

Like trophies for times we win, lessons for times we lost, and certificates for all our accomplishments, each unit of recall contributes to the understanding we have of ourselves, the world that lays before us and the seemingly insignificant roles we play. In advancing years they provide companionship, warmth and comfort; a way to measure the quality of our years.

For such special keepsakes, an appropriate space should house them; A space to shield them from harm, to keep them fresh for recall and nurture the strength of their wisdom.

The sad truth is that many falter when entering the realm of memory, owing to the monstrous proportions they have given their "ghosts" and "skeletons". They fear the unrealistic images that alter, or color the truth and facts of their existence. I would certainly hesitate before entering such an area myself.

When memories fail to evoke pleasantness with remembrance; revel in the gains derived from having endured any experience, such as wisdom, knowledge and other spiritual or philosophical insights. The quality of the things you choose to remember determines the measure given when assessing the quality of your life.

Take control of this faculty and you are on your way to realization of your full potential and you learn to relate with others and the environment, rather than merely react to them. Basically, it is a decision whether to allow yourself to be controlled by those and things around you, or exercise control from within.

Having gained the 'upper-hand,' use this mental space as a workshop to recondition item of thought, remove negative qualities and replace them with positive factors. Formulate a place to relax with feelings and images to make you happy, comfortable and secure. Fill it with 'trophies,' lessons learned and adorn its walls with your 'certificates of accomplishment: Allow it to reflect the pride and confidence you have in you and be as natural to you as the house in which you live.

Like making a home from a house; the basic structure is provided, it becomes you and different from all others by the adornments you display on its walls, the colors you decide it will reflect, the strengths you add to its framework, and the outward appearance you select.

The more precious memories become, the more we regret having let them slip without regard into the murky, inter-most depths of our memory, forgotten with the passage of time. Start remodeling the attic of your mind now. Fashion a mental pace in which to protect, repair, house and enjoy the only vestiges of man's existence that can die in the blink of an eye or stand the test of ten thousand years.

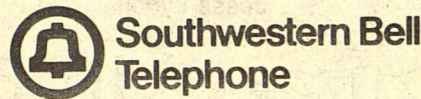

To all customers of Southwestern Bell Telephone Company:

Public Notice

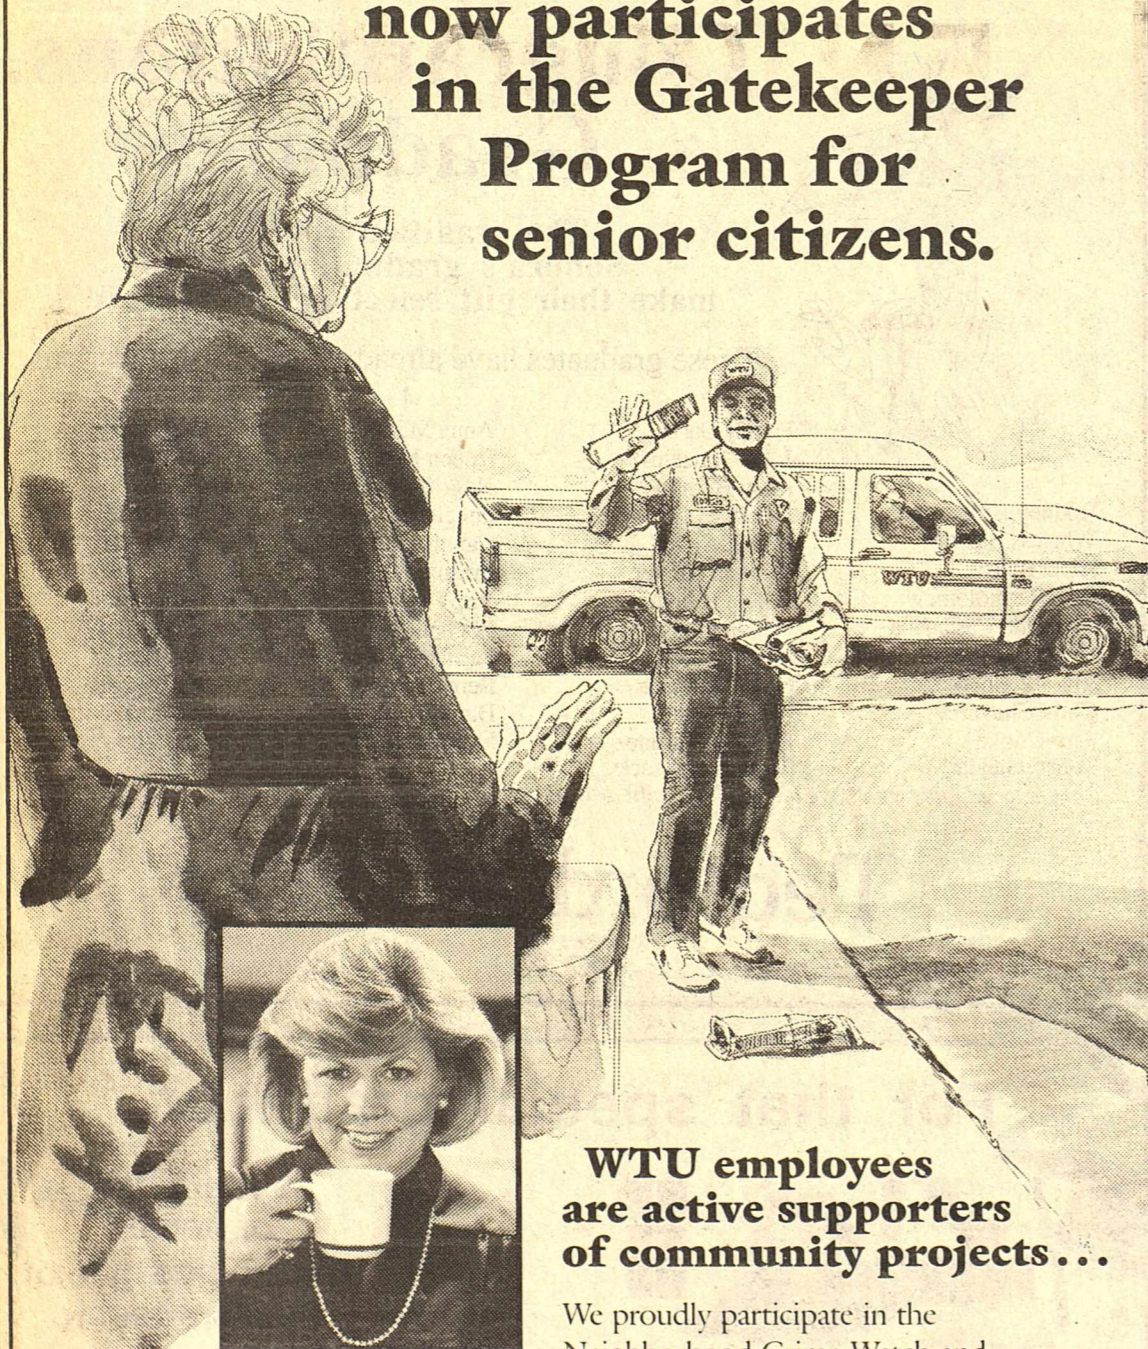

On March 14, 1989, Southwestern Bell Telephone Company filed with the Public Utility Commission of Texas an application which proposes to revise its Toll Restriction Tariff in Section 21 of the General Exchange Tariff. The Commission received the application as Docket No. 8700.

The application proposes to reduce the monthly rate for Toll Restriction residence service from the current \$15 a month to \$5 a month per residence access line. This proposed application will affect approximately 2,487 residence customers who presently subscribe to toll restriction. It is estimated that the proposed rate schedule will reduce the Company's annual revenues from this service by approximately \$298,000, which is less than one percent of the Company's total intrastate revenues. If the application is approved, the effective date of the rate reduction will be set according to the Commission's Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A deadline to file motions to intervene has been set for May 30, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Information Office at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

Brisket cook-off in Junction set for Memorial Day weekend

Junction will be the site of the First Annual Brisket Cook-off sponsored by the Kimble County Chamber of Commerce and Tipton-Carson Distributors of Kerrville. The cook-off will be held Memorial Day weekend in Schreiner Park.

Activities will get underway Friday night, May 26, with a cook's party starting at 8 p.m. with dancing under the stars. Music will be provided by local disc jockey, Gary Gold, who plays everything from rock-n-roll to western, and all by the original artists.

Saturday morning, a cooks

meeting will officially get the cook-off underway. Chicken and brisket, furnished by the cook, will be on the pit for judging, based on the point system and trophies awarded to the top three places in both chicken and brisket. Taste, aroma and appearance will also be judged on the point system.

Fun and entertainment will also be provided.

For more information, contact the Junction Chamber of Commerce at 446-3190 during office hours or call 446-2452 at night.

AT&T MultiQuest™ Service

AT&T Communications of the Southwest, Inc., (AT&T) announces its intent to introduce within Texas on July 14, 1989, AT&T Multi-Quest Service, a new interactive 900-type telephone service. Since February 19, 1989, this innovative service has been available to Texas businesses only on an interstate basis. With AT&T MultiQuest Service, Texas business customers (otherwise known as sponsors) may offer value-added information services to callers originating long distance calls from Texas or elsewhere in the United States over AT&T's public switched network. A Texas caller, accessing the service by dialing the sponsor's 1-900 plus seven-digit number, can obtain recorded and/or live information by communicating with attendants, voice messaging equipment and computer data bases. Flat-rate, time sensitive usage charges will be billed to the caller for the sponsor's service.

AT&T is offering AT&T MultiQuest Service within Texas in response to requests by its business customers for a service that offers intrastate as well as nationwide interactive voice & data transport capability. Potential sponsors include entrepreneurial companies entering into new ventures that are information intensive, local mass announcement sponsors who want statewide as well as national coverage coupled with interactive capability and other information service providers.

The Texas intrastate AT&T MultiQuest Service will be tariffed as an "add-on" offering to a sponsor's existing interstate AT&T MultiQuest Service. The intrastate AT&T MultiQuest Service costs will be recovered from sponsor usage charges set forth in AT&T's intrastate tariffs. The usage charges billed to the caller are determined by the sponsor as appropriate to the service being offered and are not tariffed charges.

For more information about AT&T MultiQuest Service please call your AT&T Account Executive or AT&T's business consultants toll free on 1 (800) 552-0212. They can answer your questions regarding this service and how it can be of benefit to you.

AT&T intends to file a tariff to offer this service with the Public Utility Commission of Texas on June 13, 1989, effective July 14, 1989. Persons who have questions regarding this tariff filing may contact the Public Utility Commission's Public Information Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf, or write to them at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Intrastate AT&T MultiQuest Service is projected to generate \$1.1 million in the first year of its offering or .1% of AT&T's total gross service revenues in Texas.

COWBOY ASTROLOGY

By Mary Ellen Doty

ARIES (March 21-April 19) All those lofty ideas you got ain't worth toothpicks to a starvin' man if you don't plant 'em in Mother Earth. Put 'em to use every day, Aries. Then just ask The Boss to bless your harvest.

TAURUS (April 20-May 20) It's spring! The Bull is slick 'n' able 'n' pawin' the dirt. Now he can either stay in the corral blowin' snot or bust down the gate and go do something well...meaningful. Seriously - whip your own hide into shape and put this rare energy to good use.

GEMINI (May 21-June 20) For an old cowboy, you're ridin' a might high financial cycle, ain't ya? Anything you get started this week yields a roll as big as a wagon hub. But if you wait 'til after May 17, you're dead in the water. Remember to smile when you rake in your share!

CANCER (June 21-July 22) Amigo, you've got a brother or sister that you don't know sic 'em about. They need ya desperately. Shake off your issues with Ma Bell and give a call.

LEO (July 23-August 22) Old ghosts and old cowboys sorta go together like a hand and a riata, no? Well, old boy, you're gonna meet one of them livin' kind of ghosts from your past this week. Look him (or her) in the eye and apologize.

VIRGO (Aug 23-Sept 22) Somebody rings your charms so loud this week that you could end up in double harness. This

fling may turn into a full-fledged affair. Who says Valentine's Day ain't in May!

LIBRA (Sept 23-Oct 22) There's fence t' fix before those cows hit green grass, the late-calvers just lay around like they was waitin' for Christmas, and, oh my God - we've gotta brand! What you need, Libra, is a partner. Don't be too possessive to ask.

SCORPIO (Oct 23-Nov 21) "I spent 7 months goin' down this trail - cookin' alone, eatin' alone, collectin' my pay alone. Now you want me to give my time 'n' grits to somebody else?" Yes. You'd be wise as a tree full o' owls to consider "her" first every minute this week.

SAGITTARIUS (Nov 22-Dec 21) Now you're wantin' to gain favor with that "sweet petunia" more than a duck in Arizona wants water. Well then, sneak over 'n' replace those blown-off shingles and paint her fence. Then watch those cool spring evenin's turn not hot nights!

CAPRICORN (Dec 22-Jan 19) How's your life Capricorn? Are you enjoyin' that fancy job or is the price too high? You half-crazed cayuses lose sight of them hawks 'n' northern lights 'n' things. It's springtime in the Rockies, pardner. Hit the trail.

AQUARIUS (Jan 20-Feb 18) Aquarians are born ramrods - even though their roundups resemble a good ole boy dictatorship more than a democracy! Right now there's an urgent cause that needs attention pronto. Take the reins this week.

PISCES (Feb 19-March 20) The worms crawl in, the worms crawl out. Kinda like ideas in a Pisces' head. Unless you find an amigo to share them with, your ideas are good as so much sawdust. Look for a Taurus or a Capricorn.

Legal hotline offered for elders

Often the people who need a lawyer the most can least afford one. A new service, the Legal Hotline for Older Texans, is now being offered to any Texan 60 years of age or older.

"We want this to be a first resort for older Texans when they have problems or questions about legal matters," said Randall Chapman, director of Texas Legal Services Center. "Our primary aim is to provide older Texans, especially those on a low, fixed-income, with free or low-cost legal services."

Hotline attorneys determine if callers have a legal problem, give free legal information and advice over the phone, and provide brief services such as calling a third party or writing a letter to resolve a legal problem. Problems that cannot be resolved by the Hotline will be referred to legal aid organizations for low-income clients, or local attorneys in private practice who agree to charge reduced fees.

Hotline services are free. People requiring follow-up services may be referred to a local attorney.

"Licensed attorney's will help resolve such caller's problems with Social Security, health care, consumer problems and elder abuse, Chapman said. "Our service will place a lot of emphasis on public benefits and health care. I believe our primary clients, elderly on low, fixed-incomes, are in dire need of these particular services."

O.P. (Bob) Bobbitt, executive director of the Texas Department on Aging, believes the Hotline will enhance the efforts of his department in providing legal services to the elderly. "This Hotline will be a very useful resource to the elderly, especially homebound and those who may be institutionalized."

The Legal Hotline for Older Texans is primarily supported by a grant from the American Association of Retired Persons, with additional in-kind support from the State Bar of Texas and the Texas Department on Aging.

The Legal Hotline for Older Texans toll-free statewide number is 1-800-444-9114. The hours of operation are 9 a.m. to 5 p.m., Monday through Friday.

ACS says "Don't get burned"

Skin cancer prevention will be the focus of an education/awareness project sponsored this May by the American Cancer Society and the Texas Dermatological Society. Their advice-Don't Get Burned.

"The goal of this project is to increase public awareness about skin cancer prevention and, as a result, motivate individuals to change their behavior in the interest of skin cancer prevention," said William Ramsdell, M.D., chairman of the American Cancer Society task force planning the project in Texas.

According to Ramsdell, some 500,000 new cases of skin cancer will be diagnosed this year in the U.S. and cases of malignant melanoma have increased 1000 percent since the 1930's.

The increasing incidence of cancer could be altered if individuals

follow a few simple guidelines. Texans should:

*Use a sunscreen with a Sun Protection Factor (SPF) of at least 15 during all outdoor activities, and avoid sunburn altogether.

*Avoid direct exposure to the sun between the hour of 10 a.m. and 2 p.m. by staying indoors or by wearing a hat and protective clothing.

*Avoid tanning salons altogether because they provide intense exposure to harmful ultraviolet rays.

"Individuals can do a lot to decrease their own risk of ever developing skin cancer," Ramsdell said. "And, like many forms of cancer, should a skin cancer develop, it is more easily treated and highly curable if it is found and examined by a doctor at an early stage of its development."

Natural bug repellants

An old wives tale claims that bay leaves in kitchen cupboards keep roaches away.

National Wildlife magazine reports researchers have found there's truth to the tale. Not only do bay leaves do the trick, so do cucumbers. It seems the pesky insects stay away from both the spice and the vegetable.

Death Notice

Neal Coleman

Neal Coleman, 92, died Saturday May 6, 1989 at Hudspeth Memorial Hospital.

Graveside services were held at 10 a.m. Monday at Sonora Cemetery, directed by Kerbow Funeral Home.

NOTICE TO BIDDERS

The Williamson County Commissioner's Court invites the submission of sealed bids for the lease of the surface estate (including grazing and hunting rights) to the following described tracts of land in Sutton County, Texas, which form a part of the Williamson County School Lands. Bids must be received by the undersigned prior to 10:00 a.m., May 30, 1989, at which time the bids will be opened in open court at the Commissioner's Courtroom on the 1st floor of the County Courthouse in Georgetown, Texas. Bids received after that time will be returned unopened. As to each tract listed in this notice, the Court may either reject all bids or award a lease to the highest and best bidder.

All bids submitted must comply with the following restrictions, conditioning and limitations which the Commissioner's Court has determined to be necessary and proper:

The proposed lease shall be for a term of five years, with an option to renew for an additional five years at an agreed price.

The lessee shall be obligated to manage the land in a prudent rancher-like manner, and shall employ the highest degree of care in conserving the land and its produce.

It is the intent of the Commissioner's Court to award leases separately for each tract. However, any bidder who wishes to bid on more than one tract may do so. Unless the bid received expressly states that the bidder will accept only the award of all items bid, each item in the bids will be considered separately and will be rejected or awarded on a high item basis.

No more than one bid will be awarded for any tract. All bids may be rejected for some tracts, even though awards are made for others. The convenience of having a single lessee for several adjacent or close tracts will be taken into consideration together with the experience of the bidder and price in determining the highest and best bids.

There's no reason to advertise, if . . .

• Your customers aren't interested in reading about new products, services and prices. • The economy is so good that it's a cinch to make a barrel of money by continuing to do the same old thing. • Your present inventory is so good that you don't want it disturbed. • You already net a million dollars a year (after taxes). • Your growth factor is at zero.

. . . but you should advertise

if and when any of the above aren't true
