Davis, Murrell and soldiers round out weekend

Get ready for another great weekend at the Covered Wagon Dinner Theater on the grounds at the Caverns of Sonora!

Starting on Friday night will be cowboy poet Alvin Davis. Davis is the Executive Vice President and General Manager of the Ranching Heritage Association at Texas Tech in Lubbock. Davis' background is varied and runs the gamut from banking to raising horses, rodeo announcer to author.

Davis recently published a book of poems, *Collection of Cowboy Poems of Tex West*, with an introduction by Elmer Kelton. This book will be on sale in conjunction with Davis' performance at the Dinner Theater with all proceeds going to the Ranching Heritage Association.

Davis will be performing his own poetry as well as that of other cowboy poets.

Musical entertainment for the evening will be Olin Murrell, an Austin-based radio talk show host, who has been writing songs off and on for the past twenty years.

His material is currently being performed by Allen Damron, who performed at the Covered Wagon Dinner Theater several weeks ago, and the Geezinslaws among many others.

Murrell has the ability to spin poignant tales in verse and doesn't just sing to the audience, he relates, sharing stories of commonality. He has been an active member of the Kerrville Folk Festival while also

performing at the Tulsa May Fest, Walnut Valley Festival, SunFest, and the ChiggerFest.

Saturday night will feature cavalry soldiers from Fort Concho complete with a mounted unit who will show and tell of life on the frontier for the soldiers. This show will be enjoyed by the young and

not so young as the soldiers perform their drills.

Dinner, catered by the Sutton County Steakhouse, is served from 6:30 to 7:30 with the show following. Cost of the meal is \$4.95 per person and show tickets are \$4 for adults with children twelve and under free.

Rate changes began yesterday

Residential and business telephone rate changes resulting from the Public Utility Commission of Texas (PUC) ruling on GTE Southwest Incorporated's Docket 5610 rate filing will appear on customers' bills beginning July 19, GTE Southwest President E.L. "Buddy" Langley announced.

The rate changes will be effective February 23, 1989, the date of the commission's order. Most customers' basic local service rates and extended area service rates will be reduced approximately 17 percent.

The rate changes also apply to local directory assistance calls and other services, including customer requests for operators to verify a line

as busy or to interrupt a call, mileage charges for customers outside of the base rate area and rate-case surcharges.

Langley said there is "little doubt that reductions of this magnitude will have a dramatic impact on the company. Undoubtedly, it will affect the timeliness of our response and the pace at which further service enhancements can be brought on line." Despite the commission's ruling, Langley said GTE's primary objective continues to be "to provide the very best service possible to all our customers. We are committed to quality service at fair and reasonable rates."

Following is a list of the rate

changes for each service and each will become effective on the customers July 19 billing:

* Local directory assistance-The PUC reduced from ten to three the number of calls that can be made without charge per billing period to local directory assistance. It increased the charge for calls exceeding the three-call allowance from 25 cents to 30 cents.

* Line-busy verifications or call interruptions-Customers requesting an operator to verify a line as busy will be charged \$1.35 per request, according to the PUC's order, and \$2.20 per request to interrupt a call.

* Mileage charges-Mileage charges will be eliminated for all customers outside the base rate area. However, customers located more than three-fourths of a mile from the base rate area will be charged a fixed monthly rate of \$2 for one-party lines and 95 cents for multi-party lines.

* Rate case surcharge-The PUC ordered that fees and expenses associated with the rate case be surcharged to all Texas residential and business telephone customers served by GTE Southwest. The commission's order allows both the municipalities that intervened in GTE Southwest's rate filing and the company to recover their fees and expenses associated with the rate filing. Intervening municipalities' expenses will appear on all Texas customers' bills as a monthly charge of 2 cents per line over an 11-month period and an adjusted surcharge of approximately 7 cents in the 12th month. GTE Southwest's expenses will be recovered by a single surcharge of 16-cents per line on the July 19 statements of all Texas customers.

The PUC ordered the surcharges as part of its final ruling on the company's rate filing. Included in that order was an annual going-forward rate reduction of \$59 million. Additionally, the commission ordered the company to pay \$128 million in "retroactive refunds" and \$10 million in interest on that amount.

GTE Southwest is appealing the commission's ruling on the "retroactive refunds" and portions of the \$59 million rate reduction. On June 13, the Travis County District Court issued a temporary injunction on the "retroactive refunds" and associated interest. The court's action allows GTE Southwest to defer making "retroactive refunds" until the company's appeal can be heard and a decision issued on the legality of the refunds.

All Stars place third at tournament

The Sonora All-Stars placed third at the Brady Tournament which was held July 6, 7 and 8.

The Sonora team lost to Goldthwaite in their first game of the tournament on July 6 with a score of 5 to 10. The team made a tremendous comeback with their game on July 7 with a 26 to 5 win over Eden.

Beginning at noon on July 8, the All-Stars played three games back-to-back. The first game of the day was against Goldthwaite with Sonora's team victorious 14 to 8.

The second game was against Menard with a final score of Sonora 5 and Menard 2. The last game was a loss to Mason with a score of 6 to 8.

Jason Morley was selected All Tournament Player with Chris Gutierrez chosen Best Hitter.

Parents of all the team members were on hand to cheer the team on to their victories and though the boys were tired they were pleased with the outcome of the tournament.

The All-Star team members are (front row l. to r.) Davis Hale, Andy Mirike, Jarrod Johnson, Colely Thompson, Hadley Smith, and Jason Morley (middle row l. to r.) Adrian Mata, John Sosa, Cody Renfro, Chris Gutierrez, Peter Noriega, and John Paul Hudman (back row) Assistant Coach Tryon Fields and Coach Frank Gamboa. Contributed photo.

Fresh air, fabulous fun . . .

The Covered Wagon Dinner Theater played to a full house both nights this past weekend as patrons enjoyed wonderful food catered by the Sutton County Steakhouse, excellent shows, and the wonders of nature on the grounds at the Caverns of Sonora.

1989-90 preliminary budget introduced at board meeting

During the regular meeting of the Board of Trustees of the Sonora Independent School District, Superintendent James Bible told the members that the asbestos abatement work underway on the campuses was going well and should be completed around the first of August. Bible also told the board that the routine summer maintenance and painting was ahead of schedule and would soon be

completed. Three bids were received for paving of the shaded area at the high school student entrance. Bids were from Albert Luna for \$1,442 for labor with the district to furnish the cement; Carl J. Cahill, \$4,950 (turnkey); and Square Sanchez, \$4,550 (turnkey). Max Hardegrece was instructed to check with Luna to make sure of the accuracy of his bid, and to proceed with the work.

Two bids for resurfacing the roof of the old rock building were received, one from C&D Roofing Co., Uvalde, \$14,940; and Sunbelt Specialized Services, \$11,125. Following discussion, the bid was awarded to Sunbelt.

Bids were also received on replacing fifteen exterior doors in the junior high and intermediate school gyms and bidders included S&N Construction, San Angelo, \$11,987; U. Co., San Angelo, \$12,645; Angelo Building Specialties, \$12,000; and Powell Glass and Mirror Co., Inc, \$10,265.

All bids were for eighteen gauge metal with the exception of Powell's bid which was for sixteen gauge. Despite the fact that Max Hardegrece recommended the heavier doors, the Board unanimously elected to award the bid to Powell.

High School Principal Charles Russell distributed curriculum guide forms recently developed and approved by the Region XV consultant. Russell pointed out the flexibility of the forms noting that teachers would be able to develop a complete curriculum guide during the course of the coming year by completing the forms as they teach. This would phase out the Mastery Management System currently in use throughout the district.

The 1989-90 district budget was introduced in its preliminary stage. Warren McCarron reviewed the

con't. on page 5

Reports top agenda

Monthly reports topped the City Council agenda as they met in regular session on July 18.

Chief Appraiser Rex Ann Friess told the Council that collections of the 1988 levy stood at ninety-one percent, up one-half percent from collections last year.

Kyle Donaldson, Fire Chief, reported less fires this year as compared to same period last year, noting that without some rain soon the situation could change.

Chamber Manager Debbie Farrar informed the Council that she would have the 1990 budget for expenditures of the Hotel/Motel tax fund to present at the next meeting. A new law makes it necessary for the Council to approve the budget.

By unanimous decision, the Council denied a permanent zone change for Lots 3 and 4 of Block L on Main Street from Commercial to Light Manufacturing stating several reasons for refusing the spot zoning. Zoning of this type is

handled by special permit which reverts back to the original zoning should that particular applicant vacate the premises.

The Council received a rough draft of an amendment to the Water Utility Ordinance which would allow for more up-to-date procedures. Discussion followed on billing problems where there is split billing and it was decided to more closely enforce the current ordinance prohibiting the method.

The Council unanimously supported plans to build an addition to the Senior Center building. The structure will be built from funds donated to the project.

In closing, August 1 was set for a workshop to begin preparation for the 1989-90 fiscal year budget. City Manager Pete Gildon told the Council that he felt the tax rate would be approximately the same, based on the effective tax rate for that period. This would provide for the same basic levels of service.

Is there new legislation that affects business?

DEAR COMMISSIONER NABERS: Did the legislature make or change any laws that I as a small business owner should know about? I sure don't want to be surprised after the fact-I usually end up paying more when that happens. Thanks!

G.C.L.
Dallas, Texas

Commissioner

Mary Scott Nabers

Texas Business Today

Dear G.C.L.: Yes, there are definitely some new laws that will affect employers and also employees. This is a short list because of space constraints. If you want to receive my monthly newsletter on such issues give us a call at 1-800-TEC-MARY. There is no charge.

New legislative changes include the following:

•As part of the comprehensive AIDS/HIV package passed as SB 959, the Texas Unemployment Compensation Act was amended. The amendment allows a disqualification from benefits if a worker leaves a job voluntarily rather than provide services included within the course and scope of his employment to anyone infected with a communicable disease.

Also to be disqualified from benefits will be a claimant who was discharged from his last work because of his refusal to provide services within the scope of his employment to an individual infected with a communicable disease.

These disqualifications will be imposed only if the employer made available to the employee the facilities, equipment, training, and supplies necessary to avoid infection. As with other disqualifications under the Act, the employer's account will be protected from chargeback if the disqualification is imposed.

•S.B. 436, already effective as of April 20, 1989, exempts from unemployment insurance tax the wages earned by real estate brokers

or salesmen, and instructors of persons licensed or seeking licensure as real estate brokers or salesmen.

Because the provisions of this law exempt services by an individual engaged in performing transactions covered by the definition of "real estate broker" in The Real Estate License Act, real estate appraisers will also fall under the exemption.

•HB 2487, already effective as of June 16, 1989, lowers the cap on the tax rate of a "shared work" employer to the same cap which applies to all other employers. A "shared work" employer is one which has a Commission approved unemployment compensation plan to allow current employees whose hours have been reduced to draw partial unemployment benefits while continuing to work for the employer. Formerly, there was little incentive for employers to sign up for the shared work program because their tax rates were not subject to the same cap as those of regular employers and therefore they ended up with rates higher than the maximum. This legislation will make the shared work program more attractive to companies which have recurring slowdowns, but who wish to keep their workforce intact during these periods.

Mary Scott Nabers represents all Texas employers. If you have any questions you want answered, please write Commissioner Nabers at: TEXAS BUSINESS TODAY, 614 TEC Building, 15th and Congress, Austin, Tx. 78778.

Host families sought

Host families are being sought for high school exchange students from the following countries: Sweden, Norway, Denmark, Finland, Holland, Belgium, Austria, Switzerland, West Germany, Spain, France, Italy, Ecuador, Australia and Japan. The American Intercultural Student Exchange, a nonprofit educational organization, is sponsoring this program for the 1989/90 school year.

The students, ages 15 to 18, will arrive in the United States in August 1989, attend the high school in your area and return to their home countries in June, 1990. All students are fluent in English, having spending money and medical insurance.

Prospective host families should enjoy teenagers, have a genuine interest in learning about the customs and culture of another country and the desire to share American traditions with a foreign student.

ONE MAN'S OPINION

by T. Driskell

Watching President Bush's activities to this point in his term of office leaves you with a tinge of pity for this great nation, and for him as an individual as the stressed tight-rope that he is forced to walk becomes clearer daily and the gigantic octopus of imbedded corruption becomes more and more evident. Reagan involved himself as a script writer, remote and totally oblivious of what really went on at the operational levels. Bush, on the other hand has tried to do his job by direct involvement and he is learning the validity of George Bernard Shaw's quip, "The major difference between democracy and dictatorship is that in the dictatorship, you can be certain where the graft is."

Bush, it seems, has a tendency to set up programs to accomplish things without having a clue where the money is coming from. An example is his Savings and Loan "salvation" at a probable cost to every American man, woman and child of as much as fifteen-hundred to two-thousand dollars and yet he does not want the cost to date (40 billion plus) put on the national deficit because it will invoke the Gramm-Ruddman Act. His drug

program, in order to become fully functional will require considerable more money. The game will be speeded up by the unearthing of the dinosaur of inequities in Housing and Urban Development. What will the cost of that monster be? Bush inherited a legacy that it would have outstressed the entire alumni of San Quentin to create.

Bush's recent journey to Poland, Hungary, and France shed a new light on the problems and highlighted some of our fallacious thinking; both personal and national. Bush's speeches and actions in Hungary and Poland induced a sharp pang of pity for both him and a great nation. Necessity has forced facing a situation that we, as a nation, had ignored for years, and many of us, as individuals are continuing to ignore. The situation is deficit spending to maintain an image, or to make a particular thesis seem feasible by continual increase of indebtedness.

Poland wanted 10 billion dollars in aid. Bush, head of what was once the richest nation on the earth promised them that he would go to Congress and get them a loan of one-hundred million while Japan

has forty-billion to loan, but one suspects the strings are more numerous. Hungary wanted aid, but all that Bush offered was a preferred national trading status.

It is a far cry from what could have been expected only fifteen years ago. Our labor unions are certainly responsible for their share of our economic anemia, and the Polish solidarity problem is going to be hard to solve; the case of unionized labor that is expecting immediate increases in the standard of living. Hungary has strong agriculture and many craft products which may find a ready market in the U.S.

Could necessity force on us a realistic viewpoint concerning free trade? We must certainly hope so because our half-hearted free trade-subsidize program has certainly proven a freeway to economic disaster for us. Free trade is a lot like pregnancy; there is no such thing as a little bit pregnant. In free trade, everybody plays or nobody but idiots become involved. We, both as a nation, and as individuals must arrive at real functional answers, the roads we have been following lead to economic collapse.

Fisher named to CVHG Board

Linda Fisher has been named Sutton County representative to the Regional Advisory Council of Concho Valley Home for Girls. Mrs. Fisher is the wife of Glen Fisher of Sonora.

According to Patricia S. Rice, Board president, Concho Valley Home for Girls established the Regional Advisory Council this spring. Members will assist in disseminating information about the Home, giving feedback to CVHG from their home counties, and otherwise facilitating communication between the Home and the Concho Valley community.

Concho Valley Home for Girls operates two foster group homes in San Angelo for girls who can no longer live with their own families. The agency was incorporated in 1969, and the first home began accepting residents in 1973. As the name implies, the Home serves the whole Concho Valley, offering a constructive alternative for girls aged 10 to 17 who are faced with a destructive home situation—abuse, neglect, or other serious family troubles. A number of children from the Sonora area have been served by the Home in the past.

The goal of the Home is to provide a safe and caring environment to help its residents surmount their earlier troubles and grow into happy, responsible, self-sufficient adults. Residents attend public schools and participate in social, cultural, and religious activities in the community. The Home's programs also incorporate tutoring, individual and group counseling, and training in independent living skills. Further information on the Home can be obtained by contacting Council member Fisher.

Sykes reunion to become annual event

The Sykes reunion was held in Roosevelt on July 8 at the home of Ilee and Martha Simon on the banks of the Llano River.

Alfred Sykes was born May 29, 1874 in Uvalde and Carrie Jones Sykes was born July 22, 1876 in Willow City. They were married August 15, 1897 in Uvalde and came to Sutton County shortly afterward where they built a home and raised their family. They lived out their lives on the original home place which is now ranched by C.O. Simon.

The couple were blessed with eight children: Carrie Sykes, Kate Luckie, Jack Sykes, Fannie Joy, Wesley (Doc) Sykes, Dilla Rhode, Beatrice Simon, and Ida Belle Barnes. Fannie Joy and Ida Belle Barnes are the only remaining

children and they still maintain their homes on the original Sykes Ranch.

There were nine of the sixteen grandchildren born to the Sykes in attendance at the reunion along with nine great grandchildren and seven great-great grandchildren. Families came from Texas, Nevada and New Mexico.

An old fashioned barbecue lunch was served under the shade of beautiful pecan trees.

This was the first gathering of the family in many years and plans are to make it an annual event.

Daughters of Jack Sykes, Betty Sykes, Evan and Nettie Sykes, Watson and their families were the hosts of this years reunion where laughter, reminiscing, and lots of love was shared.

MRS. MARK VAN HOOZER

McKinney, Van Hoozer exchange vows

Holy Angels Catholic Church of San Angelo was the setting for the July 14 nuptials of Gwendolyn Gisele (Gigi) McKinney and Mark Alan Van Hoozer. The couple was united in marriage by the Reverend Andrew Koslow.

Parents of the bride are Mr. and Mrs. Wilmet Coates McKinney of San Angelo. The bridegroom is the son of Mrs. Wanda Van Hoozer of Sonora and the late Floyd Calvin Van Hoozer.

The bride wore an ivory brocade and slipper satin ballerina-length wedding gown with a beaded Juliet cap and shoulder length veil. A bouquet of long-stemmed ivory calla lilies completed the ensemble.

Miss Lori Barnes of Midland acted as maid of honor. Dacey and Dawn McKinney of San Angelo, nieces of the bride, served as bridesmaid and junior bridesmaid. The flower girl was Sarah Mitchell of Vance, Alabama, niece of the bridegroom.

Serving as best man was George Arroyos of Georgetown. Wade Fitzgerald of Sonora was groomsman and serving as junior groomsman was Dustin McKinney of San Angelo, nephew of the bride.

The candlelighter was Chandra McKinney of Ozona, niece of the bride.

Ushers were Drake McKinney of Ozona, brother of the bride, Scott Cain of Sonora and Rick Hooker of San Angelo, cousin of the groom. Lectors were Julie Hillrichs of Midland and Anne Bayruns of San Angelo.

Amy Randall of Junction was the soloist accompanied by Debbie Osborne of San Angelo.

The bride is a 1978 graduate of Ozona High School and a 1982 graduate of Texas Tech University with a Bachelor of Arts in advertising and public relations. She has an elementary teaching certification from Angelo State University and is a fourth grade teacher at Belaire Elementary in San Angelo.

The bridegroom is a 1979 graduate of Sonora High School. He attended Southwest Texas State University and is an Accountant Clerk III at the Texas State Department of Highways District 7 Office in San Angelo.

After a wedding trip to Seattle, Washington and Vancouver, Canada, the couple will reside in San Angelo.

DEATH NOTICES

Pedro Galindo, Sr.

Pedro Robledo Galindo, Sr., 82, died Tuesday, July 11, 1989 in Hudspeh Memorial Hospital.

Funeral services were Thursday, July 13, at St. Ann's Catholic Church with burial in Sonora Cemetery, directed by Kerbow Funeral Home.

Pedro Galindo, Sr. was born February 24, 1907 in Monclova, Coahuila Mexico. He started working when he was 14 years old. He was a ranch hand who worked 54 years for the late Bryan Hunt.

He married Rosa Morales in 1929. They had three sons and one daughter: Braulio, Pedro, Jr. (deceased), Nilda and Samuel. He retired from work in 1975.

In September of 1965 the American G.I. Forum presented him with a plaque for services and contributions to the people of our community. He helped organize the West Side Lions Club and was presently serving as a board member of the Sutton County Senior Citizen Center.

He was the Anchor of our family, he never questioned our motives, or criticized our actions. Our Father, "Grandpa", was always there when any of us needed him and never set conditions for his love. He accepted each and everyone of us for what we were and loved us equally. He was honest, friendly, unselfish, patient, compassionate, had a sense of humor and was a very devoted Father. He was the "Rock" of our family, the one dependable person

in our lives. To him everybody was a friend.

Survivors include his wife Rosa, two sons, Braulio M. Galindo and Samuel M. Galindo both of San Antonio; one daughter, Nilda G. Hernandez of Sonora; two half-brothers, Henry Galindo of Boerne and Mario Galindo of Sonora; three half-sisters, Rosa Lozano, Tina Galindo both of Sonora and Daisy Pena of Arlington; fourteen grandchildren and four great-grandchildren.

Pallbearers were: Robert Galindo, Jimmy Galindo, Sam David Hernandez, George Hernandez, Javier Galindo, Samuel Galindo, Jr., Jaime Galindo, and Raymond Galindo all grandsons.

Maria Jimenez

Maria Luisa Jimenez, 82, died Saturday, July 15, 1989 in Baptist Memorial Geriatric Center in San Angelo.

Services were held at 10 a.m. Monday in St. Ann's Catholic Church with burial in Sonora Cemetery, directed by Kerbow Funeral Home.

She was born May 18, 1906, in Comstock. She was a six-year

resident of Sonora, previously living in Sanderson and a member of St. Ann's Catholic Church.

Survivors include one son, Fidencio Ybarra of Casa Grande, Ariz.; two daughters, Beatrice Barron of Sonora and Blaza Lopez of Andrews; one brother, Pablo Hinojosa of Comstock; twenty-one grandchildren; thirty-two great grandchildren; and six great-great grandchildren.

SOCIAL SECURITY

Lifetime earnings count for Social Security

Many people inquiring for the first time about their Social Security retirement benefits have misconceptions about how their benefits will be computed, Franklin H. Upp, Social Security manager in San Angelo, stated recently.

A question which comes up often, "Is my benefit amount based on my high 5 years of work or my last five years of work?" The answer is "Neither one!"

Retirement benefits are calculated on the total earnings during a lifetime of work under the Social Security system. Years of high earnings will increase the amount of the benefit, but no group of years counts more than another group.

The Social Security

Administration encourages people of all ages to become better informed about what to expect in future benefits, Upp said. The Personal Earnings and Benefit Estimate Statement (PEBES) provides an individual's year-by-year record of earnings and estimates of retirement, disability, and survivors benefits.

To request a PEBES, people can call 1-800-937-2000 or write to Consumer Information Center, Department 55, Pueblo Colorado 81009.

Other questions about Social Security can be answered by calling 949-4608, Upp said. The San Angelo Social Security Office is located at 2214 Sherwood Way. The office is open from 9:00 a.m. to 4:30 p.m.

Encampment begins 69th session July 23

The 69th consecutive session of the Paisano Baptist Encampment, July 23-28, will continue a tradition that has touched hundreds of West Texas families through the years, and for the first time it will have a special Youth Praise Celebration for all 7th through 12th grade students.

The 1000 acre historic camp, located near Paisano Pass about half-way between Alpine and Marfa, is unique in that it doesn't belong to the Baptist Convention or Association as most Baptist camps do.

The camp began when a group of ranchers wanted to get together with their families for a few days of preaching and fellowship in a "camp meeting" format. In 1915 the group met with the Rev. L.R. Millican, pioneer Baptist missionary, and Dr. George Truett, pastor of the First Baptist Church, Dallas, to see about starting the camp. Plans were made for the first camp in the late summer of 1916 but the second meeting was not held until 1921 due to World War I. The meetings have continued each year since.

The special Youth Praise

Celebration will be from 9:45 until noon each morning. The program has been designed to address the needs of the youth of today.

Camp preachers, who will alternate in bringing the message in worship services, will be Dr. Milton Cunningham, Houston, and Dr. Levi Price, El Paso.

Dr. Foy Valentine of Dallas will be the morning Bible teacher with Dr. Alta Ada Williams of Signal Mountain, Tennessee teaching afternoon classes.

Classes will be provided each morning for 4 and 5 year old preschoolers, and 1st-6th graders will participate in the traditional "Day-Camp."

The 1989 Board of Directors, includes, from Sonora, Sam Caldwell, Jamie Parker, and the Rev. Jim Stephen. Parker will lead the Men's Prayer Meeting on Thursday, July 27 with Stephen leading on Friday, July 28.

Visitors are invited to attend the camp and information may be obtained by calling either Rev. Lloyd Conner at (915)762-2019 or 762-2293 or resident camp manager, Monroe Elms at (915)837-3074.

Dedication of carillon set for July 30

On Sunday, July 30 at the 11 a.m. worship service, St. John's Episcopal Church will dedicate its new Coronation II twenty-four bell carillon. The carillon is given in memory of Bessie Wyatt

VanderStucken, mother of Joseph and Emil VanderStucken, by Joseph and Mabel VanderStucken and the family of the late E.F. (Emil) VanderStucken.

This instrument was developed, manufactured, and installed by Schulerich Carillons, Inc. of Sellersville, Pennsylvania. The instrument consists of twenty-five miniature units of bronze bell metal which are struck by metal hammers, producing exact true bell tones almost inaudible to the human ear. The bell vibrations are then amplified electronically, producing true bell tones. This carillon provides the tonal equivalent of 72,000 pounds of cast bells tuned to the finest English standards.

The carillon can be heard striking the hour from 8 a.m. until 8 p.m., using Westminster chimes. The bells will call the people of St. John's Church to worship on Sundays at 8 and 10:55 a.m. and at 7 p.m. on Wednesdays. Seasonal hymn selections will be played daily at noon and 5 p.m. The carillon can also be played from a keyboard located at the organ console.

It is the hope of the people of St. John's Episcopal Church that this lovely musical instrument will add a special touch to downtown Sonora to be enjoyed by all who hear the bells, and we are grateful to the VanderStuckens for their ongoing generosity.

The people of Sonora are invited to attend our service of Morning Prayer on Sunday, July 30, at 11 a.m., as we give thanks to God for this addition to our church and remember Bessie Wyatt VanderStucken.

Deadline for entries August 1

August 1 is the deadline for entries in the 1989 Austin Songwriters Competition sponsored by Austin Music Umbrella. This year, for the first time, the competition is open to all Texas residents.

Any original song in any language and any musical style is eligible. Cash prizes in the amount of \$2700 will be awarded including special categories for Best Foreign-Language, Best Children's, Most Humorous, and Most Inspirational songs.

Write to the Music Umbrella, P.O. Box 1438, Austin, Texas 78767 for entry forms and details.

"THOSE CRAZY EPISCOPALIANS"

such an unfriendly bunch!

It's true that Episcopalians don't make chit-chat during services. Or before. Or immediately after. Visitors occasionally go away saying, "What an unfriendly bunch."

Next time, don't rush away so fast.

Episcopalians don't mean to seem rude. They do mean to pay respect to God... until they're well outside the church proper.

Next time, give them a few minutes to "warm up." Stick around and get acquainted. Join them for coffee in the nearby parish hall... and perhaps some of their funny ideas will even make sense.

If you'd like to learn more about the Episcopal Church and its views, your nearest Episcopal neighbor or minister would be flattered to discuss them... without "twisting your arm." Who knows? He might even make sense.

Exercise for Fitness

Many Americans think that the retirement years are a time to slow down and that physical decline is inevitable. But according to the President's Council on Physical Fitness and Sports, much of the frailty associated with aging is actually the result of not using our muscles.

Studies show that regular exercise can delay the aging process, help control weight, strengthen heart and lungs, and firm up the body.

In the U.S. less than half of all

people over 60 participate in regular forms of vigorous exercise. Most believe they get all the exercise they need from gardening or playing golf, but these activities do not attain adequate levels of exertion to keep you fit.

To become physically fit, you need to engage in physical activities that raise your heart rate and work your lungs, such as walking or bicycling.

For those who take charge of their physical well-being, seniority can be a wonderful time of life.

Determination follows step-by-step process

Disability determinations for Social Security and Supplemental Security Income (SSI) follow a step-by-step process, Franklin H. Upp, Social Security manager in San Angelo explained.

When someone who is not working applies for disability benefits, the case is referred to the State Disability Determination Service (DDS) to determine the severity of the person's disability. The individual's medical records are reviewed, and a consultative examination may be scheduled if the DDS needs more information.

A person will be found not disabled if evidence establishes only a slight abnormality with no more than a minimal effect on ability to work. If evidence shows that the disabling condition is significant, the DDS must decide whether or not the impairment meets or equals its "Listing of Impairments." The Listing of Impairments identifies conditions which are so severe that they automatically result in an approval of the disability claim.

If an impairment is severe but it does not match the Listing of Impairments, the person's present ability to work is compared to his or her experience. If the applicant is unable to do the kind of work previously done, the claim will still be turned down if the DDS determines that the person could do some other kind of work, Upp said.

Consideration is given to factors of age, education, and transferable skills. For example, a young person with a high school education

could be expected to change from a strenuous job to a job with fewer physical demands.

On an average, disability decisions take seventy-seven days, Upp said. Questions about Social Security and SSI disability can be answered by calling the San Angelo Social Security Office at 949-4608. The office is located at 2214 Sherwood Way and is open from 9 a.m. to 4:30 p.m. Monday through Friday.

Mother/Daughter Pageant to be held

Applicants are now being accepted for the 1989 Texas Mother/Daughter Pageant state finals to be held August 18 & 19 at the La Mansion del Norte Hotel in San Antonio. This will be the third year that a statewide competition has been held in Texas for the Mother/Daughter Pageant. Last year's winners, Lynda and Staci Boss of Houston were 2nd runners-up in the National Pageant.

A new concept in competitions, the Mother/Daughter Pageant emphasizes traditional family values in modern mother/daughter relationships. Each mother and daughter compete as a team in all phases of competition, providing them the opportunities to share some very unique experiences. Personal Interview, Swimsuit and Formal Gown competitions are included.

The state winners will represent Texas at the national finals to be held in California this November. Daughters must be at least 16 years of age by November 1, 1989. They may be single, married, separated, divorced or widowed. Daughters must also be the natural or legally adopted child of the mother, although stepdaughters are eligible with written permission of the

natural mother. Mothers may be of any age and any marital status. Both contestants must be U.S. citizens and must have been residents of Texas for at least 6 months prior to the state competition.

The contest is produced in Texas by Thomas Daniel Productions, Ltd. For applications and further information contact the Texas Mother/Daughter Pageant, 8480 Fredericksburg Road, Suite 288, San Antonio, Texas 78229. Or telephone Gary Young, State Director, at 512-697-8055.

budget and during the course of his presentation, several questions and comments were received from Gavin Russo, representing Enron, and from Jim Harrison, representing El Paso Natural Gas.

Of the \$25,000 budgeted for computers for the lower grades, Bible suggested that the Apple II e computers now in use in the high school be moved down to elementary grades and that IBM PC's be purchased for the high school. Relax and be good to yourself

Finding time for oneself is self-gratification and not selfishness, according to a family life specialist with the Texas Agricultural Extension Service.

"To many people feel they are not entitled to self-gratification, even though recent studies tell us about the close association between physical illness and mental stress and fatigue," said Dorothy Taylor.

"When a person takes time out for himself, to do for himself and to take care of himself, he reflects a good self-image," Taylor added.

She said that all too often, women is particular, feel they cannot leave their family or job responsibilities even for a short period of time. They eventually end up taking away from the family and job, anyway, by being ill more often, less responsive to others or by turning against oneself because of exhaustion.

"All adults and children need enough time for themselves to

relax, unwind and to escape responsibility," Taylor said. "Private time is absolutely essential to good mental well-being no matter how many responsibilities one may have."

"Sharing household tasks among all family members and equally distributing the menial and difficult tasks of home is a good beginning," she said.

Many people need to be stimulated into finding a new rewarding outlet or take on a new skill in order to 'make' time rather than to 'take' time from responsibilities. Overcoming the guilt of doing nothing may be the first and most difficult barrier to overcome," she said.

"Remember, it's been said 'You'll pay at the doctor's office what you don't pay for a vacation,'" Taylor concluded. "When the newness, resentment and guilt have all gone, you find that taking a moment to relax is being good to yourself."

Firemen Warn-"Don't get burned"

The State Firemen's and Fire Marshal's Association of Texas, the State Fire Marshals Office and the Texas State Association of Fire Fighters are joining forces to warn Texas' communities of telephone solicitors claiming to represent firefighters.

In an apparent state-wide telemarketing campaign, individuals claiming to represent the Firefighters of Texas have been calling on area businesses trying to sell ads in a fire service publication. It has been reported that when businesses decline the callers have become aggressive and unpleasant.

According to David Cox, executive director of the State Firemen's and Fire Marshals' Association, the two largest-circulation fire service publications in Texas are not involved. "Our magazine, Texas Firemen, is not involved and I know the firefighters' union publication, The Texas Fire Fighter, is not involved either. Fire departments are easy targets for this kind of fraud because so many of them depend heavily on fund-raising and donations."

Union Representative Mike Higgins said this problem is not new for the Texas fire service. "We've had this problem in the past. The current operation is not part of any of our 70 affiliated local unions, or any of the other state organizations we're aware of. Such practices destroy the public's confidence in the fire service."

State Fire Marshal Ernest Emerson said that he hopes anyone receiving these calls will check them out. "The sad truth is that the firefighters of this state have spent years building a relationship with their communities based on confidence and trust. I only hope anyone receiving calls like this will check them out with their local fire department."

computers which are in use in both colleges and business.

At the end of the budget session, Russo commended the superintendent and board for holding the line on the tax rate for the last few years in spite of falling valuations and hard economic times in general. Mr. Harrison echoed this opinion.

Every year, foreign visitors spend about \$14 billion in the U.S.

Short courses offered in Junction for educators and administrators

Three shortcourses for teachers, counselors and administrators will be offered in August at the Texas Tech University Center at Junction. The shortcourses allow educators to update their professional skills and fulfill in-service requirements.

Participants can discover the differences and similarities between right-brain and left-brain learners in the course "Toward Whole Brain Learning." Topics to be explored include learning styles, thinking skills and specific strategies and methods that generate "whole brain" learning. The course will meet from 9 a.m. to noon and from 1-3 p.m. August 7, 8 and 11 (Monday, Tuesday and Friday.) The \$75 cost includes lunch each day.

"Attitude Enrichment and Stress Management for Teaching and Living" presents experiential activities to help educators,

counselors and administrators recognize their personal and professional causes of stress, determine and evaluate their current coping skills and plan for future improvement. The course will meet from 9 a.m.-2 p.m. August 7, 9 and 11 (Monday, Wednesday and Friday) and costs \$75 which includes lunch.

Persons who complete either of these two courses will receive one hour of graduate credit.

The "Electronic/Experimental Music Workshop" offers hands-on creative experiences with: frequency modulation synthesis (Yamaha DX synthesizers); sampling technology (Kurzweil K250); analog synthesis and historical perspectives; compositional techniques using Midi-systems; Apple, Macintosh and IBM computers; and world-music resources. Current trends in

electronic/experimental music, creative musicianship, new technology in composition and creative projects are among the topics to be studied.

The music workshop will meet 5-8 p.m. August 6 (Sunday), 8 a.m.-10 p.m. August 7-10 (Monday-Thursday) and 8 a.m.- 5 p.m. August 11 (Saturday.) The fee of \$225 includes lunch and dinner meals from Sunday evening through Friday noon. Room and breakfast are an additional \$80. Participants may receive Continuing Education Units, Advanced Academic Training credit or two hours of graduate or undergraduate credit.

For more information, contact Tricia McCoy or Deborah Palmer at the Texas Tech University Division of Continuing Education, (806) 742-2352.

Ozona's Rodeo Roundup fills two weekends

Ozona will celebrate their Rodeo Roundup beginning July 29 and concluding August 6.

Saturday, July 29 will feature the Dan Bean Memorial Team Roping beginning at 11 a.m. with 3 for \$3. Roping will begin at 11 a.m. on July 30. There will be a Working Sheepdog Contest and Exhibition beginning at 6 p.m. on Monday, July 31.

A parade will held on Friday, August 4 at 5 p.m. downtown with a barbecue at 6 p.m. at the

Fairgrounds. The grand entry of the Crockett County All Youth Rodeo will be at 6:30 p.m.

Saturday will be a full day with an arts and crafts fair, the rodeo beginning at 6:30 p.m., crowning of Miss Ozona Jr. Rodeo and a dance from 9 until 1.

A church service will begin the final day, Sunday, August 6 at 10 a.m. Warm-up Roping starts at 1 p.m. with 1 for \$10 with Saddle Roping following.

For additional information call Rod Miller at (915)392-2551.

Make one of the local folks famous

Country magazine has launched a search for "America's No. 1 Country Character", and has asked that we help. This is your chance to nominate someone from this area.

The national winner will receive a 30-day unlimited ticket on Greyhound or Amtrak, allowing him or her to travel anywhere in the U.S. for a full month to see rural America up close!

And the person who nominated that winner will receive the same, allowing unlimited free travel by train or bus throughout the U.S. for thirty days or the winner or nominator can accept \$1,000 in cash instead.

A quick read-through of Country's description of the kind of "character" it's looking for in this search leads us to believe that we may have a few viable candidates right here in our community.

"Every rural community has at least one 'real character' who can be counted on to brighten a dull day," says Roy Reiman, publisher of Country.

"He or she is the one who always comes up with a colorful remark, finds humor in what could be a depressing situation, is perhaps a practical joker, or is someone who simply marches to a little different drummer to the delight of others in

the area."

Sound like someone you know? Then nominate that colorful person - it may give him or her national exposure by being featured in Country magazine, which has attracted over one million readers in just two years. Both you and the winner could be traveling around the country by train or bus for a full month later this year.

To nominate one of the locals, Country simply requests some details on why you feel this person is "America's No. 1 Country Character," and asks you to enclose a photo of your candidate if at all possible.

You're to enclose a self-addressed, postage-paid return envelope so the editors can get back to you quickly to get more details or to return your material later.

All entries and photos become the property of Country magazine, which will feature many of the runners-up in future issues before announcing the national winner at the end of the year.

Send your nomination to: "America's No. 1 Country Character Contest," Country magazine, Box 643, Milwaukee, Wisconsin 53201. A sample copy of the magazine is available for \$1.

ASK ANN RICHARDS

How can I be put on the Treasury's bid list?

State Treasurer Ann W. Richards answers questions about personal finance and state government. These questions are compiled from various letters to the State Treasury.

Answers are not intended to take the place of advice of reputable financial advisers or other professional counselors. If you have a question, write: Ask Ann Richards, P.O. Box 12608, Capitol Station, Austin, Texas 78711.

I own a small office products business in East Texas and would like to do business with the Treasury. Does the Treasury have its own bid list? How do I get on it?

The State of Texas and the State Treasury have separate bid lists. To ensure you receive an invitation to bid for Treasury contracts, simply send a letter on company letterhead requesting an application to: Mr. Howard Wallace, Purchasing Manager, Management Services, P.O. Box 12608, Capitol Station, Austin, Texas 78711.

You may also enclose a business card or catalog if you do not have a company letterhead. To find out how to get on the State's bid list, call the State Purchasing and General Services Commission at (512)463-3416.

Every agency has access to the State's list, but not all agencies use it. The best way to increase the number of invitations to bid is to

write both the Purchasing Commission and the agencies most likely to use your products.

I am a divorced mother of two young children and am about to get remarried. I have been able to invest some of my savings to provide a "comfortable" lifestyle for me and my kids. Is a pre-nuptial agreement necessary?

If you are bring assets to your marriage that you want to protect from being divided or going to your spouse in a divorce, you may choose to enter into a pre-nuptial agreement.

The agreement is a legal, binding contract that designates how the assets will be divided in the event of your death or a divorce.

Talk with a financial planner and an attorney about your situation. They will be able to counsel you on whether a pre-nuptial agreement is needed and advise you on how to best protect your assets.

'SELF' CONTROL

by J. Michael Fish

A private conclusion

While making my rounds the other day, I happened upon an injured whitetail buck lying on the road. As my pickup neared and halted, he struggled to get to his feet but was unable due to a badly injured hind leg. He tried again when I got out and walked toward him, but to no avail.

The deer relaxed somewhat as I began talking to him, "You ain't gonna hurt me are ya' big boy?" I reached out caressing his face and down his neck and noticed he was infested with ticks. Not surprisingly, his overall condition was poor.

"Let's git you over on your side 'n see what we can do about your leg." Evidently he sensed that I wouldn't harm him and cooperated very well, even when he shuddered with the pain of me moving the injured leg.

It became apparent that he was far too weak and drawn to withstand the necessary healing process. All I could do was make his last hours as comfortable as possible and let Nature have her way.

I obtained several wooden pallets and an old hubcap with which I erected an impromptu shelter and gave him water. The pallets would allow the southerly breeze to enter and cool yet block the effects of the afternoon sun.

During the course of the afternoon, I stopped to offer water twice but none was taken. On the first visit, he seemed devoid of pain and breathed easy yet shallow. The ticks scurried over his hair and skin in search of the dwindling cache of blood.

Before leaving the area I stopped a second time. Laboring heavily to breathe he again refused to take water. "If I had a gun, I'd shoot ya'," I told him in a caring voice.

Shortly, he took a long last breath and died as the air was expelled from his lungs, his head

hitting the ground. As has been my practice in similar situations for many years, I said a small prayer and thanked God for the goodness I felt from the thing I had done.

The next morning a few buzzards descended and engulfed the carcass, enjoying the spoils of nature, while others remained aloft waiting their turn.

Today all that remains of the buck is a tough leather shell partially encasing a collection of bones.

True to form, my poetic mind found purpose and order with these events. I appreciated the broad scope of nature's demands as well as the care and guidance instilled in us by an all-knowing and loving Creator.

Of course one could negatively conclude we live, we suffer, we die. But why?

We are emotional creatures with an imagination to add flourishes to our lives and to pursue our individual purposes. There is order in the universe and it is revealed to us daily. It is the often mundane and tedious manner in which life's 'cold, hard facts' progress that takes our attention from that truth.

Just like the whitetail buck, we play a vitally supportive role in our environment. Our mere physical presence in the family unit assures the natural order. Psychologically we can use those roles and our abilities to enhance our quality of life.

Granted the profundity and idealic thoughts make my private conclusion appealing, but consider each of the two based on experiences from your past. Which seems to be more realistic and which would deplete one's vitality and enthusiasm for life?

Are you one who fails to recognize the subtle way Nature reveals herself? Do you over-react and paint only pleasant images of life's event, disregarding the 'real facts' and subsequently the lessons and wisdom they offer?

For everything there is a reason and reason is the bond assuring order in the universe.

Did you ever notice how chaotic things seem when reason is absent?

Llano to have second show

Thank You

We would like to say a big Thank You to everyone who helped with our Golden Anniversary Celebration. The gifts are greatly appreciated. Also a Special Thank You to our children for all they have done.

God Bless You,
Teo and Ysidra Castro

Card of Thanks

We want to express our "Thanks" to everyone of you, who somehow or other showed their love, during our time of sorrow. For all the calls, cards, food, flowers and prayers for our beloved father. To the St. Ann's Choir and the ladies that served the after funeral meal.

God Bless You,
Mrs. Rosa Galindo, Mr. and Mrs. B.M. Galindo & fam., Mr. and Mrs. Sam Galindo & fam., Mrs. Nilda Hernandez & fam., and Mrs. Pedro Galindo Jr. & fam.

I now realize that love has no boundaries, not even death can take her away, for alive in my heart full of memories, Darla Jean will always be here to stay. For my family and I could not help but notice that during her short time here, Darla made quite an impact upon the community of Sonora, just as she has in our lives. Her zest for life and continuous sharing of happiness and love to all those who knew her, will live in our hearts for eternity. And so with a grateful heart, my family and I wish to express our thanks for the many flowers, food, and prayers during our time of bereavement.

God Bless All of You,
Jerry Downing and fam.

It is with sincere hearts that we thank all of the people who showed their love and appreciation for Darla Jean Downing by sending cards, flowers, and gifts of food during our time of bereavement. Although her time with us was short here in Sonora, it goes without saying that her many hours spent at the Fiddlers Restaurant, as well as within our personal lives, was priceless. She will be missed by many and memories of her cherished forever.

God Bless You All,
Joe & Elsie Downing & fam.
