State Farm wins school insurance

The Sept. 12 meeting of the Sonora Independent School District Board of Trustees went smoothly until the eighth item on the agenda was reached.

It was the awarding of a bid for property, liability and fleet insurance that brought the meeting to a temporary halt. Board members appeared unwilling to choose between awarding the insurance to the Doyle Morgan Insurance Company and State Farm Insurance Company.

Following a lengthy discussion on payment of boiler inspection fees, the board concluded the difference between Morgan and State Farm was about \$40.

The sounds of silence were broken when board member Gary Hardgrave made a motion to accept the lower bid from State Farm.

But no one seconded Hardgrave's motion.

And no one offered a solution to the impasse.

The deadlock was apparently compounded when district business manager Warren McCarron, instead of recommending the board accept one of the bids, asked Morgan and State Farm representative Craig Bagley if they could split the insurance between them.

The men explained that individual category bids were part of the "whole package," and if bid alone, they would be priced differently.

When board president Jim Garrett suggested the insurance bids be considered at a later date, Morgan closed his eyes and shook his head.

"Nothing will be any different 72 hours from now," he said. "Gentlemen, this is not the first time we have been before you. You have to make a decision."

After further discussion Hardgrave offered another motion to accept State Farm's bid of \$26,629, with the stipulation that Morgan be awarded the school board liability portion of the insurance.

Hardgrave's motion was seconded by Donald Patton, and was unanimously approved.

If the board thought the evenings problems has been resolved, however, they were wrong.

The next item on the agenda, an award of bid for copiers and copier maintenance service for the district, triggered a barrage of complaints. Representatives from Xerox and Allen Young Office Machines told the board the bid specifications were

inadequate and inaccurate.

They said the term "high volume" was meaningless, since some copiers considered high volume have the capacity to produce 250,000 copies monthly. Also, it was pointed out, the bid specifications indicated 80,000 copies are made by one machine when the copier in question actually produces about half that amount.

After listening to the representatives, the board decided to reject all bids and correct the specifications before re-advertising for copier service.

In other school district business, the board accepted a report from chief appraiser Rex Ann Friess, indicating the school tax collection rate stood at 98 percent. Friess told the board the school district's three members on the Tax Appraisal District Board of Directors must be reappointed Oct. 10.

The board also discussed the housing provided for some local teachers and administrators, and suggested a written policy for admission to school housing be developed.

School superintendent Charles Russell said the board might decide on the percentage of fair market rental value of the housing to charge as rental. The board agreed, and indicated the policy and percentage will be established during the development of the 1990-91 budget.

Following the meeting, Garrett was asked about action on the resignation of board member Scott Shurley.

"It (Shurley's resignation) was not on the agenda," Garrett said. "Since no action has been taken, I cannot allow his letter of resignation to be made available."

Garrett had said earlier Shurley's resignation would be discussed at the Sept. 12 meeting.

"He has resigned. He is no longer a member of the board," Garrett said, insisting he could not make Shurley's letter of resignation public.

"I cannot release it," Garrett maintained. "I can promise you his resignation will be on the Oct. 10 agenda."

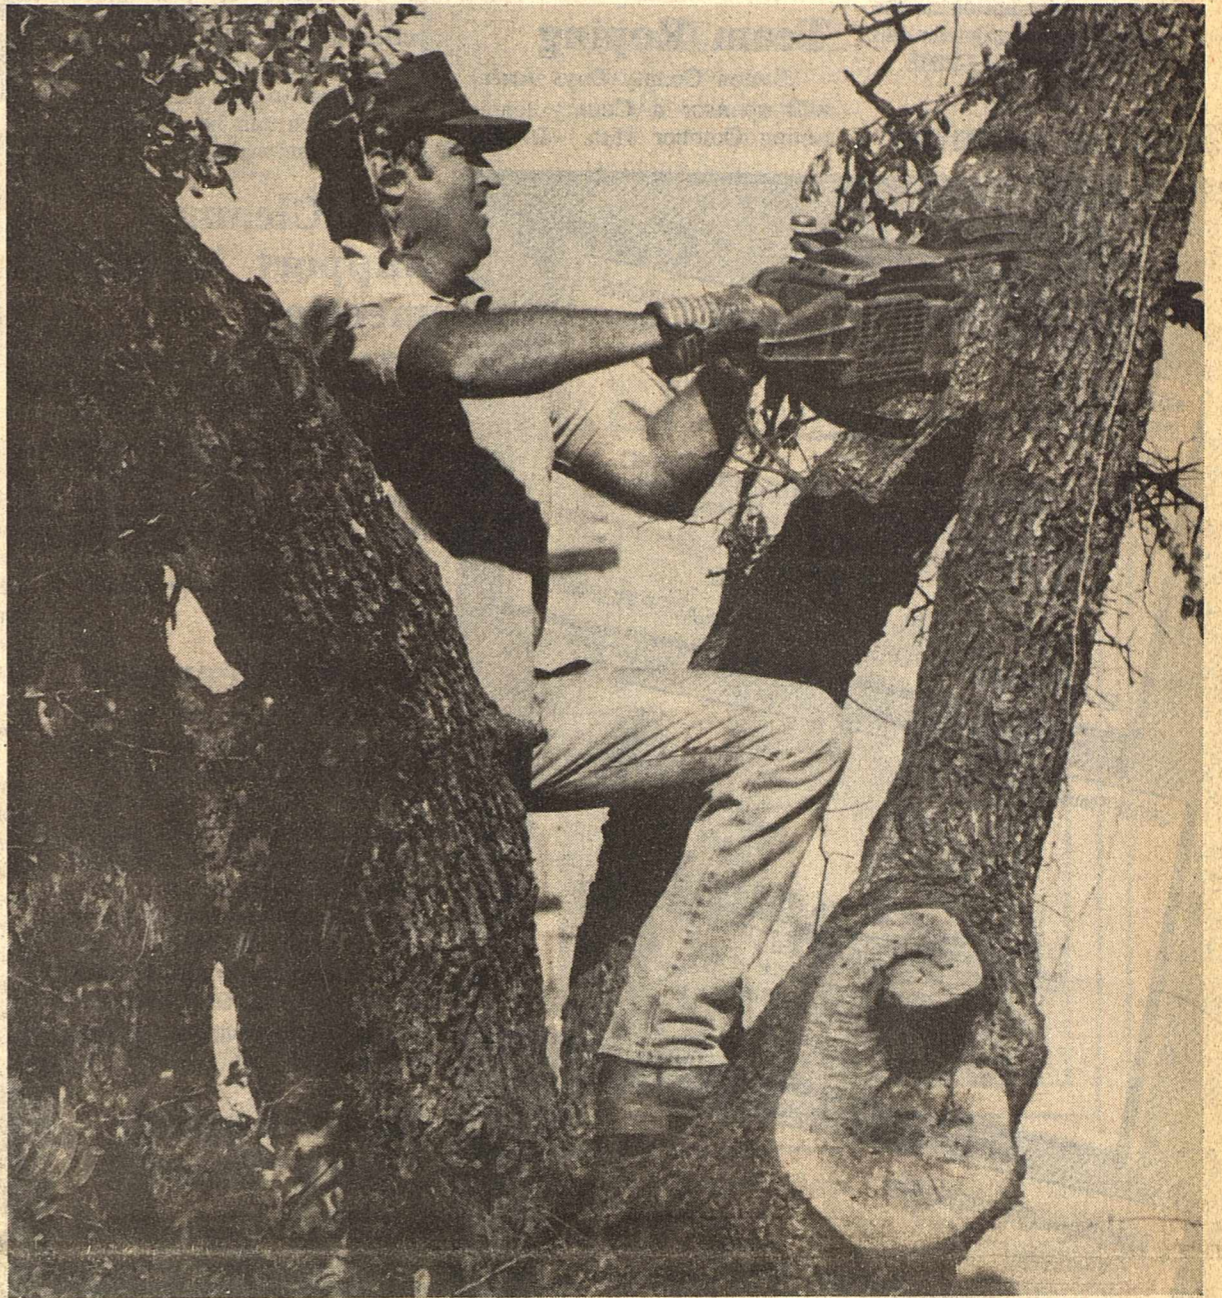

Shurley, who resigned from the board two weeks ago, said disagreements within the board led to his resignation.

He had been a board member for eight years.

Sonora buries Junction Eagles

The Sonora Broncos, in their second game of the season, beat the Junction Eagles so badly even local fans were hoping the visiting team would score at least once.

But the Eagles never made it closer than the seven-yard line. "It's just unfortunate," said coach Jerry Hopkins after the Broncos buried the Eagles in a 61-0 avalanche.

"It's too bad," said Hopkins. "It doesn't help either team a whole lot."

The pace was set six minutes into the first quarter Friday night when Tracy Love loped downfield for a 56-yard touchdown.

It was a performance other Broncos repeated during a game that at times resembled a track meet.

Realizing the Eagles were sadly overpowered, Hopkins quickly replaced first string players, and used the Broncos second team with impunity.

But the Eagles were still overpowered, and the second and third string Broncos continued the carnage.

The score at halftime was 48-0.

Sam Taylor, one of the most promising sophomores on the Sonora squad, epitomized the intensity the second stringers. Taylor, who ran an 87-yard

touchdown, carried the ball for a total of 201 yards in Friday's game. "We got to play everybody, and they got to play a lot and that will really help us because our second team really needed some playing time," said Hopkins.

"We didn't play very many people last week," he continued. "The best thing about the game for us is that our second team played the last three quarters, practically."

Sonora, now 2-0, faces Eldorado this week in what should prove to be a more evenly matched game.

For more sports coverage see page five.

ALL THE WAY - Sam Taylor encountered little resistance Friday night when he ran an 87-yard touchdown against the Junction Eagles. With performances like Taylors, the game at times looked like a track meet. For more sports, see page five.

The Shrine Circus is coming to town, but it will take more than clowns, tigers and high-wire acts to muster an audience for the evening performance.

The circus will hold two two-hour performances Friday at the Sutton County Rodeo Grounds.

The first performance, at 4:30 p.m., will undoubtedly attract some eager children and their parents.

The second performance, however, is scheduled for 7:30 p.m. It will compete with the Sonora - Eldorado home game.

ONE MAN'S OPINION

by T. Driskell

It appears the drug war is upon us and it may be one of the most critical confrontations of our short national history, and certainly it must be viewed as a critical tile in the mosaic of self destruction we seem determined to build for our economy. The emergence of crystalline amphetamine on the scene may make it the milestone of no return.

Looking at the drug war, in which we are funding both sides, our officials propose spending eight and one-half billion dollars while we supply the Drug Cartel with a one-hundred and fifty billion annual funding. Third grade arithmetic should give an answer concerning the winner. Which side would you bet on? Perhaps a better question would be; Who is kidding whom?

The war we must wage logically falls into four distinct segments: First: The supply sources spread throughout the earth. Second: The interdiction of the transportation and smuggling of narcotics into this country. Third: The internal market structure and sellers of drugs. Fourth: The ultimate American consumer. Simple? It is; much like a pyramid turned upside down, with the whole structure

resting on its apex (point), and that point is the American drug consumer (addict).

Search for our logical battle plan becomes smile. Without demand, the Drug Cartel collapses. Most of our effort therefore should be concentrated on reduction of the addicts. The process should consist of maximum educational efforts beginning in kindergarten and continuing through high school. Programs should be established to detect drugs in the schools, and all areas outside individual's homes.

Probably, the most remunerative path would be activity programs such as athletics, or training (for example as forest fire-fighters, or oil spill eradicators) and employment on a learner basis out of their home environment. A program similar to the Civilian Conservation Corps of the thirties might give advantage both the potential user and to the taxpayer who is usually left "bag-holding".

The approach to addicts must be the "carrot" backed by the "big stick". Detoxification should be available to any addict, but if he returns to the narcotic (as most do) he must be identified as a repeater

and isolated for intense training in a remote area. Perhaps the public stocks of colonial times might be rejuvenated. Whatever it takes to develop an incentive to stay clean after detoxification must be done.

Addict control is paramount, but interdiction should fall into two separate areas; internal and external and both areas should employ the interdiction capabilities of our military forces. These areas are not so straightforward as addict control and the interagency bickering, jealousy, jockeying for political position and funds can only create doubt. The agencies in both internal and external interdiction have long histories of conflict within their functional area. Such conflict can only create waste and inefficiency while increasing the importance of the addict control program.

We must hope that the addict control system can be put under one policy making agency. That agency should be free of political influence and interference, somewhat like the Federal Reserve system is, and enforcement people should be assured that outside of addict control they only have to deal with an offender once.

LETTERS TO THE EDITOR

Dear Editor,

We would like to announce the winner of the quilt that was raffled off for Elida Martinez on Sept. 18. The quilt was won by Elsa Lumbreras. Thanks to everyone who cooperated. The Family of Mrs. Elida Martinez

To the Editor,

The article on the Hospital Auxiliary meeting in the DRN September 14, 1989 states that Mr. and Mrs. Joseph VanderStucken

gave the Old Santa Fe Depot to the city. The statement should have been Mr. and Mrs. VanderStucken purchased and gave the Depot to The Sutton County Historical Society.

Congratulations on the new look of the Devil's River News, and welcome to Sonora!

Sincerely,
Patricia Craig Johnson

Dear Editor,

In the event that someone missed our "thank you" ad in the Sutton County Days rodeo supplement of the Devil's River News, we would again like to express our appreciation to the people of Sonora and Sutton County who supported our PRCA Rodeo and dance.

Our association extends a very special thanks to Julie Martin, coordinator for Miss Sutton County contestants, and to the girls themselves for doing a super job selling tickets. Without the girls and their sponsors our rodeo and dance would not have been the great event it was.

The many volunteers who contributed long hours building pens and box seats, painting, picking up rocks, selling ads, and doing all of the "jobs" necessary to put on a successful rodeo are greatly appreciated. The companies and individuals who donated equipment, the water truck drivers, city and county employees, Devil's River News, KHOS, all played a part in making this year's rodeo the best yet.

We hope to make the 1990 PRCA Centennial Rodeo even bigger and better and with community support this can be accomplished.

Our Sutton County Days Association will sponsor the "Sonora Sensation," Sept. 30 and Oct. 1. We'll have a barrel race, calf roping, senior steer roping and steer roping in conjunction with homecoming activities. We look forward to seeing you there.

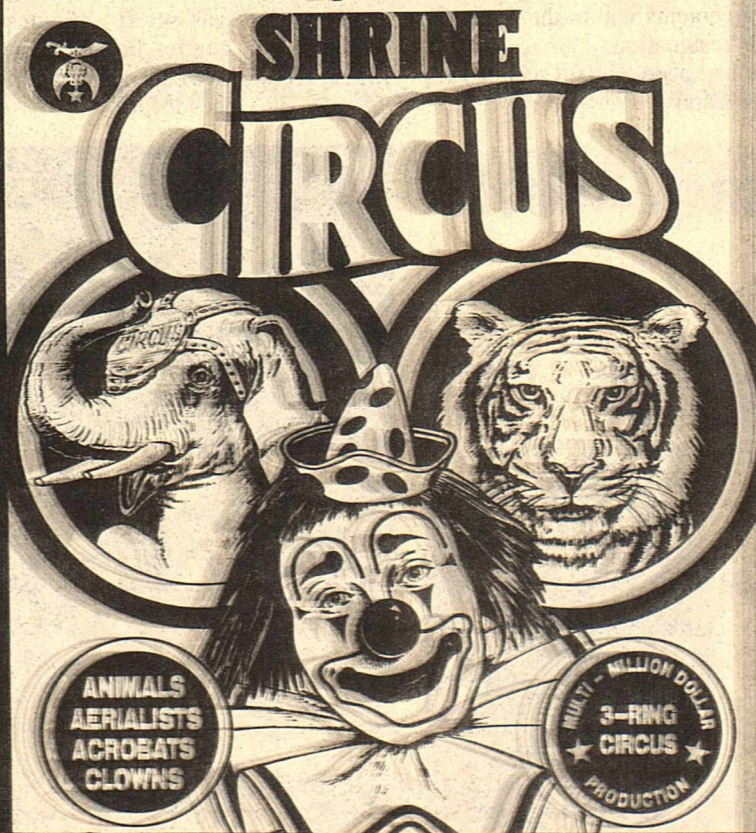

Congratulations to new Miss Sutton County Brittany Kemp, and thanks again to everyone! Sutton County Days Association
Mickey Powers, President

Irene Friess

Irene Friess was born in Zacatecas, Mexico.

She and her family came to Sonora with the help of Mr. and Mrs. Henry Wyatt in 1955.

Friess has lived here for the past 34 years, and has 3 children, Clara, Gladys, and George.

She is married to Turney Friess of Sonora.

Friess started working at Saunders Flower Shop which was owned by the late Winnie Saunders.

She learned about flowers and arrangements from Saunders and her grandson, Winn.

When Saunders retired, she called Irene to see if she would be interested in buying their flower shop. Since Irene couldn't afford to buy the shop, she bought all the inventory, but continued to work in the shop for a while.

She started her own business in 1976 under the name of "Flowers by Irene."

Irene has always wanted to expand her designs or experiment with exotic flowers, but the cost of the flowers and materials are so expensive for this area that it would be impossible because of the slow economy.

Friess says that it requires hard work, devotion and consistency to

keep a business going. At times with funerals, weddings, and school dances, she has to work up to 24 hours straight. She has worked as designer, receptionist, cleaning lady, delivery person, bookkeeper and of course a mother, but it has been a challenge that she has never regretted.

still active in nursing but is looking forward to retirement.

She is married to Ricardo C. Perez and has four children: Irene P. Duran, Lelia P. Gonzales, Richard Perez, Jr., and Ramiro Perez.

Eva Perez

Over the years, Eva Perez was an active Girl Scout and 4-H leader. "It gives me great satisfaction to have contributed in the well being of local hispanic youth of which several hold masters degree in their chosen field of education especially those in nursing which has been a great part of my life"

She was also active in PTA in her alma mate, the now defunct L.W. Elliott Elementary and High School.

She is a member of St. Ann's Catholic Church, certified teacher of catechism by then Bishop Morousky of the Diocese of Amarillo.

For three years she was president of the Society Guadalupana and director of Los Compadres Club which was organized in the '70s.

"Nursing has been a part of my life since I was 19. It has given me great satisfaction to have contributed to the well-being of many people through the years, made suffering a little easier for the terminally ill and provided comfort for their families. Nursing is not easy, it is challenging and there are obstacles to overcome almost every day," she said.

Perez was a staff nurse at Lillian Hudspeth Memorial Hospital for 10 years and director of nurses for 15 years at the nursing home. She is

Ramiro Perez

In commemoration of Hispanic Heritage month Los Amigos Club has selected to honor Ramiro Perez. Perez has lived in Sonora all his life except those years he attended college. He graduated from Angelo State University in 1975, majoring in nursing. He has also attended Texas Women's University in Houston and El Cento College in Dallas. Although he has worked in all areas of nursing, Perez's specialty was Intensive New Born Care. He has worked in Texas Children's Hospital in Houston, Pailland Hospital in Dallas, Palo Duro Hospital in Canyon, Tx. and St. Anthony's Hospital in Amarillo, Tx. In 1979, Perez married Rosemary Hernandez from Sonora. They moved back to Sonora in 1980. Perez has worked at Hudspeth Hospital a total of 18 years. They have two daughters, Quirina, age 9 and Le Andra, age 4. Also Perez is active in St. Ann's Catholic Church, having served as a parish counsel member, Finance committee member, and Liturgical minister. He has been an active member of Los Amigos Club since the club originated in 1979. He has served and worked for numerous community projects and organizations. Being a member of the health care profession, Perez is dedicated to not only his profession but also to the community. Perez believes an education is the best thing a person can obtain. He encourages all young people to stay in school and better themselves by furthering their education in their chosen field.

Firemen's auxiliary meets

The Sonora Firemen's Ladies Auxiliary met on Sept. 12 for their regular business meeting. Donna Keese served as hostess.
 The main topic of discussion was election of officers. New officers for the next two years are as follows: Maray Cearley, President; Darla Lipham, Vice President; Patti Prather, Secretary/Treasurer; Terry Shannon, Historian; and Jennie Wipff, Parliamentarian.
 Maray Cearley will also serve the Hill County as President while Patti Prather will serve as Secretary/Treasurer.
 Also discussed was the upcoming Fall Convention which will be held in Junction on October 7. Rick and Maray Cearley were elected as racing captains.
 The auxiliary was advised that in two weeks Tim Thorp will teach some basics in the use of the pumper as well as the grass rigs.
 The meeting was then adjourned and 31 was played. Winning 31 was Velma Tyler, out last was Patti Prather and out first was Maray Cearley.

Bronco Booster Bob

The Sonora Broncos had great game against Junction last Friday night. The first offensive play yielded a long touchdown run by Tracy Racey Love. The second drive saw Tracy race for another touchdown but the yellow flag brought it back. Then David Mirike found Eric Espinosa gliding thru' the secondary. Eric outspurred the Junction defenders into the end zone-Great pass David and Eric.

The third touchdown was pushed across by Chacho Cahill. The fourth touchdown came on an excellent run by Todd Keller. The fifth touchdown came on an eight yard plunge by Cahill carrying two defenders into the end zone.

The sixth touchdown came on a short run by Danny Mata. The seventh touchdown came on a great run back by Oscar Perez. He treaded through the entire Junction team-tired of reading about the scoring? It's only half time and the score is 48-0!

The eighth touchdown was brought into the end zone by Jake Kimbrell. This copped a 99 yard drive high-lighted by a long run by Sam Taylor, a play that had the Quarterback as lead blocker That "Trail Blazer" handle might stick.

The ninth and final touchdown came on the same play with Sam scoring this time. He ran so far the crowd was nearly out of breath by the time he crossed the goal line 87 yards down field.

Congratulations to the great blocking demonstrated by the

Bronco line. As you can tell just about any play will work with any ball carrier, if the blocking is executed correctly.

There were lots of Broncos down field getting secondary blocks. This hustle can turn each play into a touchdown success. Guys, I think your blocking picked up a lot with few or more missed assignments. Is winning fun or what?

News from Sonora High School by Christi Spain

With the first six weeks more than half-way over, many activities are in progress at Sonora High School and the students are very busy.

First of all, class officers elections were held last Thursday and the results are as follows: Seniors-President, Chacho Cahill; Vice President, Sammy Sentena; Secretary, Ladonna Snyder; Treasurer, Sheryl Wallace.

Juniors-President, Angie Stewart; Vice President, Eric Galindo; Secretary/Treasurer, Tana Churchill. Sophomores-President, Laura Chalk; Vice President, Hollye Grider; Secretary/Treasurer, Michelle Lozano.

Freshmen-President, Carmen Chavez; Vice President, Whitney Condra and Secretary/Treasurer, Kathy Cooke.

And the Sonora Varsity and Jr. Varsity football teams definitely deserve a pat on the back for the exceptional victories they achieved this past week! The Varsity beat the Junction Eagles 61-0. Those

making touchdowns; were Tracy Love, Todd Keller, Chacho Cahill, Jake Kimbrell, Sam Taylor, Oscar Perez, and Eric Espinosa.

The Jr. Varsity also played the Junction Eagles and won 36-0. Those making touchdowns in that game included Shane Keller, Tracy Crites, Justin Turney, Adam Youngblood, Edward Whitaker and Ricky Gandar. Congratulations, guys!

This Thursday night the Jr. Varsity will take on the Ozona Lions at 6:00 p.m. here in Sonora, and on Friday, the Varsity will play the Eldorado Eagles at 8:00 p.m. There is also a pep rally scheduled for 3:20 p.m. on Friday to be held in conjunction with this game, so join in on all of these activities and lead the Sonora Broncos to an undefeated season!

And I hate to mention this, but progress reports do go out this week. So if you know that you'll be getting one, try and prepare your parents beforehand for the worst!

PUBLIC NOTICE
 BRIEF EXPLANATORY STATEMENTS
 OF PROPOSED
CONSTITUTIONAL AMENDMENTS
 SPECIAL ELECTION
NOVEMBER 7, 1989

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$500 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wastewater facilities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, co-insurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 13 proposes a constitutional amendment that would authorize the legislature, by general law, to exempt from ad valorem taxes property owned by nonprofit veterans organizations that are chartered or incorporated by the United States Congress.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would provide an exemption from ad valorem taxation for goods, wares, merchandise, other tangible personal property (including aircraft), and ores (other than oil, gas, and petroleum products) if the property is acquired in or imported into the state and is destined to be forwarded out of the state, regardless of whether the intention to forward the property existed when the property was acquired or imported into the state, if it remains in Texas for 175 days or less for assembly, storage, manufacture, processing, or fabrication. The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. A county, municipality, school district, or junior college district could rescind a decision to tax the property, in which case the exemption would become effective in the year of the rescission and the property could not thereafter be taxed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing or fabricating."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that

would enable the legislature to provide, by general or special law, that members of a hospital district board may serve terms not to exceed four years. Currently, hospital district board members' terms are two years.

The proposed amendment will appear on the ballot as follows:

"Authorizing the members of a hospital district governing board to serve four-year terms."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 40 proposes a constitutional amendment that would change the format of the oath of office for officeholders in this state. All elected and appointed officers would be required to take an oath or affirmation swearing to faithfully execute the duties of office and to preserve, protect, and defend the constitution and laws of the State and the United States. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 24 proposes a constitutional amendment that would allow the legislature to authorize the issuance of up to \$400 million in general obligation bonds. The proceeds of the bonds could be used to acquire, construct, or equip new corrections institutions, mental health and mental retardation institutions, youth corrections institutions, and statewide law enforcement facilities and to repair and renovate existing facilities of those institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, youth corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 101 proposes a constitutional amendment that would authorize the legislature to pass laws to organize and combine state agencies that perform criminal justice functions. The legislature could combine into one or more agencies all agencies that have authority over the confinement and supervision of convicted criminals, that set standards for or distribute state funds to political subdivisions with authority over the confinement and supervision of convicted criminals, and that gather information about criminal justice administration. Agencies that could be combined would include the Texas Department of Corrections, the Board of Pardons and Paroles, and the Texas Adult Probation Commission. The amendment would also authorize the legislature to pass laws authorizing the appointment of members of more than one department of government to serve on the governing body.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to organize and combine various state agencies that perform criminal justice functions."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would authorize the legislature to enact laws requiring or permitting judges to advise juries that a defendant convicted of a criminal offense can receive credit for good conduct that results in a shorter prison term and that eligibility for parole or mandatory supervision can also affect the length of time a convicted criminal serves in prison.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount allowed for federal income tax purposes as of January 1 of that same year as a deduction for living expenses incurred by a state legislator. The per diem of \$30 would increase to \$81, which is the current maximum living expense deduction.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to set the amount of per diem received by a member of the legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state legislator in connection with official business."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment that would authorize the legislature to provide for the use of the permanent school fund and the income from the permanent school fund to guarantee bonds issued by the state for the purpose of providing loans or purchasing the bonds of school districts to acquire, construct, renovate, or improve instructional facilities. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would provide a bill of rights for crime victims. This constitutional amendment would give crime victims the right to be treated with fairness and respect and to be reasonably protected from the defendant. On his request, the crime victim would have the right to notification of court proceedings, the right to be present at all public court proceedings unless a court determines that the victim's testimony would be affected by hearing other testimony, the right to confer with a representative of the prosecutor's office, the right to restitution, and the right to information about the conviction, sentence, imprisonment, and release of the defendant. The legislature would be authorized to enact laws to define the term "victim," to enforce the rights of crime victims, and to provide that certain public officers and agencies are not liable for a failure to protect a victim's rights.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment

providing a bill of rights for crime victims."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 71 proposes a constitutional amendment that would require the district attorney in Fort Bend County to be elected and serve terms at the same times as criminal district attorneys in the state. Currently, criminal district attorneys are elected in gubernatorial election years and district attorneys are elected in presidential election years.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring a district attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for criminal district attorneys."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 32 proposes a constitutional amendment that would authorize the legislature, by general law, to permit charitable raffles conducted by qualified nonprofit organizations. The amendment would require that the raffles be conducted, promoted, and administered only by members of the qualified nonprofit organizations and that the proceeds from the sale of raffle tickets must be spent for the charitable purposes of the organizations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment allowing the legislature to pass general laws authorizing the creation of hospital districts upon approval of a majority of the qualified voters of the district. The amendment would also permit the legislature to authorize the creation of hospital districts by general or special law in counties with populations of 75,000 or less and to authorize the commissioners courts of such counties to levy ad valorem taxes and issue general obligation bonds for the support and maintenance of such districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature."

PROPOSITION NO. 17 ON THE BALLOT

House Joint Resolution 33 proposes a constitutional amendment that would allow the legislature, by general law, to authorize the use of public money to provide local fire departments and other public fire-fighting organizations loans or other financial assistance to purchase fire-fighting equipment and to aid in complying with federal and state law. The legislature would also be allowed to authorize the use of public money for scholarships and grants to educate and train members of these organizations. Part of the money could be used for administrative costs of this program. The legislature would provide for the terms and conditions of all such scholarships, grants, loans, and other financial assistance.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members."

PROPOSITION NO. 18 ON THE BALLOT

Senate Joint Resolution 44 proposes a constitutional amendment that would repeal subsection (e) of Article III, Section 50-d of the constitution. Article III, Section 50-d currently allows the Texas Water Development Board to issue and sell Texas agricultural water conserva-

tion bonds in an amount not to exceed \$200 million, if two-thirds of the members of each house of the legislature approve. Under subsection (e), this authority will expire in November, 1989. Repeal of subsection (e) by passage of this amendment would continue in effect the authority to issue and sell the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds."

PROPOSITION NO. 19 ON THE BALLOT

Senate Joint Resolution 59 proposes a constitutional amendment that would allow local governments to invest their funds as authorized by the legislature. Currently, the constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company prevents local governments from making some kinds of investments. This proposed amendment would allow local governments to make any investments authorized by the legislature.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize local governments to invest their funds as provided by law."

PROPOSITION NO. 20 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment which, if passed, would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties. A majority of the voters in an affected county must vote in favor of this proposed amendment before the office is abolished in that county. If the office of county surveyor is abolished in any of these counties, the powers, duties, and functions of the office are transferred to a county officer or employee designated by the commissioners court of the county in which the office is abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb Counties."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 74 proposes a constitutional amendment that would authorize the legislature to enact laws authorizing the Texas Higher Education Coordinating Board or its successor to provide for, issue, and sell an additional \$75 million in general obligation bonds as college savings bonds. The form, terms, and denominations of the bonds would be prescribed by law. The interest rate and installments would be prescribed by the Texas Higher Education Coordinating Board or its successor. The maximum net effective interest rate would be set by law. Proceeds from the sale of the bonds would be credited to the Texas opportunity plan fund, which is used to make loans to students to attend institutions of higher education in Texas. The bonds and interest on the bonds would be payable from the first money coming into the treasury in each fiscal year that is not already appropriated by the constitution, less the amount remaining in the sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education."

THE STATE OF TEXAS COUNTY OF SUTTON

In the name and by the authority of the State of Texas, notice is hereby given as follows: TO

Efrain Rosas IND and DBA Rosas Drywall Company, Lienholder, Charles Whelan Jr. IND & DBA Whelan Plumbing, Lienholder, Edward J. Swerk, IND and DBA Central Distributing, Lienholder and Thomas O. Smith, Jr., IND & DBA Bandera Construction Company, Lienholder, if living, and if any or all of the above named defendants be dead, the unknown heirs of each of all of said above named persons who may be dead, and the unknown heirs of the unknown heirs of said above named persons, and the unknown owner or owners of the hereinafter described land, and the executors, administrators, guardians, legal representatives, legatees and devisees of the above named persons, and any and all other persons, including adverse claimants, owning or having, or claiming any legal or equitable interest in or lien upon the following described property, delinquent to Plaintiff herein, for taxes, all of said property being located in said County and State, to-wit: Lots 1 thru 12, Block 25A, South Heights Addition to the City of Sonora, Sutton County, Texas being that property more particularly described in Vol. 122, Page 191 of the Deed Records, Sutton County, Texas.

Which said property is delinquent to Plaintiff for taxes in the following amount: \$58,635.03, exclusive of interest, penalties and costs, and there is included in this suit in addition to the taxes, all said interest, penalties and costs therein allowed by law up to and including the day of judgment herein.

You are hereby notified that suit has been brought by the Sutton County Appraisal District, Plaintiff, against the above named persons, as Defendants, by petition filed on November 1, 1985, in a certain suit styled the Sutton County Appraisal District et al vs. David D. Shurley et al, for collection of the taxes on said property and that said suit is now pending in the District Court of Sutton County, Texas, 112th Judicial District, and the file number of said suit is 3171, that the names of all taxing units which assess and collect taxes on the property hereinabove described, not made parties to this suit are NONE.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent and valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including Plaintiff, Defendants, and Interveners, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in

said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the 15th day of September, 1989, same being the 30th day of October, A.D., 1989, (which is the return day of such citation), before the honorable District Court of Sutton County, Texas, to be held at the courthouse thereof, then to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the Plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said Court in the City of Sonora, Sutton County, Texas, this 15th day of September, A.D. 1989.

Erma Lee Turner, Clerk of the District Court, Sutton County, Texas 112th Judicial District
