By
Bill Ellis

EVENTS OF THE past week have been a major factor in "bringing together" the people of America in a display of nationalism seen all too rarely in these modern times.

Perhaps not since the end of World War II has the country been united for a common cause as they were in the days leading up to, and immediately following the release of the 52 American hostages from Iran.

Americans were virtually unanimous in their feeling that their countrymen were being held illegally. And, although opinion had varied greatly about the ways and means of securing the release of the hostages, the unanimity showed once again in the joy exhibited by their freedom after 444 days of captivity.

Perhaps Americans were able to identify with the families of the hostages, putting themselves in their places and being able to "feel" what their reaction would be if they had been, in fact, directly involved in the hostage crisis.

But for whatever reason, Americans all across this great land came up with various ways of showing their joy at the release of the hostages.

The "yellow ribbon" fad caught on and quickly spread across the nation. Church bells tolled. In Texas, Governor Bill Clements proclaimed this past Sunday as "Hostage Sunday," in order that Texans might give thanks for the safe release of the Americans.

Unlike the Vietnam conflict, and even the Korean War, the hostage crisis gave Americans something they could rally behind—an opportunity to unite and display their Yankee independence.

It appears that the 1½ month long crisis may have served as a unifying instrument for our country, just as often-times the family unit is drawn closer during times of adversity.

From that angle, perhaps the crisis served a useful purpose.

BILLY WHITECOTTON was showing us a copy of the Old Farmer's Almanac the other day. He has copies of the almanac—the continuation of the old-time almanac used so religiously by our farmer ancestors—in the magazine section at Bovina Supermarket.

Billy was remembering about how his own grandfather used the almanac as though it were the Bible, at least as far as farming operations were concerned. The old-timers used the almanac for advice on everything from planting their crops and gardens to when to expect the new calf to be born.

For instance, the current edition of the almanac contains a 1981 planting and gardening calendar, giving tips about when to plant, when to set eggs, etc.; various information on the moon's phases, recipes, hints for the homemaker, feature articles, (even an article on how to eliminate pimples) and horoscope information.

There are even a number of one-liners, in case you need some jokes for an after-dinner speech.

And, as many of you know, following the almanac's advice more often than not produced good results, when other factors did not interfere.

Billy said he became interested in what the current issue of the almanac said about the weather.

December and January were predicted to be very dry months, a prediction which has proven all too true. But, according to the almanac, we can expect some snow about the middle of February.

And, although these predictions are made months in advance, due to the almanac's uncanny record, maybe we'd better not scoff at the snow prediction. Since the book hit the nail on the head in regard to the past two months, hopefully it knows what will happen in February.

Chamber To Give Award To Teacher

The Bovina Chamber of Commerce and Agriculture voted to again give a Teacher of the Year Award at the 1981 Annual Banquet.

Bovina is blessed with many good teachers. There are so many things these teachers are involved in and so many ways they help the students after school hours as well as during the regular school day.

It is the desire of the Chamber Board of Directors that members of the community have a part in the selection of this teacher to be honored.

They are asking that you nominate a teacher you feel should be "Teacher of the Year" and give your reasons as to why you believe this teacher should be chosen. Please send your nominations to: Bovina Chamber of Commerce and Agriculture, Box 100, Bovina.

The annual chamber banquet will be held March 19. More details on the event will be published in the near future.

Local Duo's Horse 2nd At Amarillo

Amarillo Tri-State Fair Grounds appeared to be Terry and Vickie Stull's home ground this last week. The Stulls, newcomers to Bovina, showed a close second place finish behind current National Paint Cutting Champion Rusty Lasan on their good young cutter Dial Max Travel ("Mackie"). "Mackie" was looking for back-to-back wins after a first place finish in the same arena during the Tri-State Fair last September.

The Stulls began training, fitting, and hauling this young horse in early 1980 going on to win the New Mexico State as well as the West Texas-New Mexico Jr. Cutting Paint Horse Championships.

Also winning for the Stulls in Amarillo was Cindy and Lloyd Thompson's Colorado Robin, placing third in sr. cutting, second in heading, and fourth in heeling.

The Stulls, Terry employed at Parmer County Cattle Feeders and Vickie at Paco Feed Yard, bought the old Charlie Grey place south of town and are turning the place into their horse training center where they spend their time training horses for themselves and for the public.

Cotton Crop Is Second Largest

Parmer County's 1980 cotton crop will be the second-largest crop ever produced here, in terms of bales, according to the final survey of the ginning season conducted this week by the Bovina Blade.

With virtually every gin either through ginning or in the finishing stages, the bale count stood at 62,862 bales, which will be second only to the record crop of 1962, when a total of 80,292 bales were ginned in the county.

"That figure will probably be pretty close to the actual number of bales ginned by county growers. We will not have the actual total until sometime in April," said Prentice Mills, office manager of the Parmer County ASCS.

The main difference between the figures for the current crop and that of 1962 is the yield per acre. The 1962 crop was ginned from just 49,000 acres of cotton, or about 1.64 bales per acre.

In 1980, Mills said that a total of 67,776 acres were planted to begin with, but only about 58,000 were harvested. The rest were lost to either hail or drought. This still gave a yield of over a bale per acre, not bad considering the less than ideal weather for the year.

The current cotton production thus is the best in the county in 18 years. Cotton acreage has been on the rise in recent years, due primarily to the relaxing of quotas, and also to the decline in the amount of irrigation water available. Mills said he expected to see the acreage continue to increase.

Other top cotton years in Parmer County have been 1956, which produced a record at that time of 58,825 bales; 1958, with 60,579 bales; and 1962, with 60,029 bales.

The 1980 crop marked only the fifth time in the agricultural history of the county, for as many as 55,000 bales of cotton to be produced.

Parmer County's cotton production for the past decade is as follows (the low figures for 1975-76 were due to devastating hailstorms): 1971: 22,741 bales; 1972: 34,371 bales; 1973: 25,404 bales; 1974: 24,676 bales; 1975: 6,380 bales; 1976: 10,850 bales; 1977: 42,179 bales; 1978: 39,880 bales; 1979: 40,418 bales; and 1980: 62,862 bales.

All interested persons are invited and urged to attend. Mrs. Judy Cotton, representative of Craftsman Printers of Lubbock, will be the guest speaker.

The Parmer County History Book Committee is now stressing general history for the county as a whole, individual communities, all organizations, clubs and businesses.

"We need lots of information. If any of you remember happenings, events, conditions, weather or anything you could share with us of yesteryears or present it would be greatly appreciated. Just jot it down and send it to Parmer County History Book, P.O. Box 577, Friona, Texas 79035," says Grace Whitefield, co-chairman.

Memorials, tributes and family histories are still being accepted, Mrs. Whitefield said.

It is also a good time to send in your order for a history book or books...as all books printed have to be paid for prior to publication.

If you let the opportunity slip by and not order, you may be sorry later. "Lots of folks in other counties who have not ordered their county history books have said they were sorry they did not," Mrs. Whitefield concluded.

Ceremony Unites Kelley, Bratcher

Deborah Regina Kelley and W.C. Bratcher, both of Lubbock, were united in marriage in a double-ring ceremony in Hodges Chapel of the First Christian Church of Lubbock on November 22.

The bride is the daughter of Glenn and Kay Kelley of Texico and the bridegroom's parents are Clarence and Modene Bratcher of McKinney, Texas.

Officiating at the ceremony was Jim Southerlin.

Forming the wedding setting at the chapel altar were arrangements of white mixed flowers flanked by candelabra. In front of these arrangements were more tiered candelabras. Votive candles and greenery marked the bridal aisle.

Julie Wyrick, organist, played traditional wedding selections and accompanied Mimi Larkin as she sang, "You Needed Me," "The Lord's Prayer," and "The Wedding Song."

The bride was given in marriage by her father and wore an original gown designed and made by her mother. The formal dress featured a beaded lace bodice with victorian neckline and long full sheer sleeves dotted with lace appliques and ending in lace cuffs. The silk organza skirt was bordered with a lace ruffle as was her veil which was attached to a beaded lace cap. Her bouquet was of white roses and stephanotis.

In following bridal tradition, for something old she carried pennies minted in the years of the couple's births; something new was her wedding gown; something borrowed were earrings belonging to her great-grandmother; and something blue was a garter belonging to Linda Wilson Redden.

The opponents were no contest for the seventh grade girls, as they held them to seven points, taking the win, 30-7. Terisa Shepherd led the scoring with 12 points and Marie Pesch followed with 11.

The eighth graders had a good night also, as they defeated the Kress eighth graders 31-13. Shana Gober led her team in scores with 16 points.

Monday evening's basketball activities saw the seventh and eighth grade boys battling Kress, the seventh winning 24-11 and the eighth losing, 61-20.

Terry Glasscock was leading scorer for the seventh grade with 10 and Tommy Hutto and Paul Toppliff shared high score honors with nine points each.

NEWS AROUND TOWN...

Arlin and Bernice Hartzog of the Bovina Gin hosted a steak supper held at the Bovina Restaurant last Saturday night for members of the fire department and their wives. About forty people attended. A good time was had by all and the steaks were perfect.

We want to express our heartfelt sympathies to Lottie Bandy, Laverne Thatcher and R.B. Riley in the loss of their mother, Stella Riley of Tucumcari. She passed away last Saturday and services were held Monday in Tucumcari, New Mexico.

Charlie Gray has been in the Friona hospital for a couple of weeks and was transferred Tuesday of this week to the High Plains Baptist Hospital in Amarillo.

Walter Potts of the Rhea Community will enter an Albuquerque hospital and is scheduled for surgery Friday of this week. Walter farms in the Rhea Community.

We want to express our sympathies to Cecil Bunch of Clovis in the loss of his mother, Mrs. E.E. Bunch. She passed away recently and lived near Oklahoma City. Cecil pastored at the Church of Christ in Bovina for several years.

Furne Harris's brother, Spurgeon Hutto of Dimmitt treated his wife Oneita and Furne to a vacation trip to Hawaii. The ladies left two weeks ago last Sunday. They stayed in Honolulu from Monday until Thursday then flew to Hawaii where they stayed until the next Monday. During the next week they visited Furne's aunt Ethel Hunt of Ventura, California. They also spent some time in Las Vegas and enjoyed seeing Liberace's show.

The ladies returned home Sunday of this week.

George Douglas is still a patient in the High Plains Hospital in Clovis and friends say he is getting along much better. As soon as his condition is better he will undergo surgery and will probably have to spend another week in the hospital before returning to Bovina.

Houston Bartlett's mother, Mrs. E.V. Bartlett, is a patient in the Methodist Hospital in Lubbock. She underwent surgery in the hospital in Lubbock then was in the Crosbyton Hospital for three weeks and has recently been transferred to Methodist. Laura said she is getting along a little bit better now.

Ann Cole has had her grandson Cole with her over the weekend. Cole lives in Amarillo with his parents, Don and Doris Grissom.

Kay and Tommy Williams visited their daughter and son-in-law, Lezli and Gary Tidwell of Munday. They went down Saturday and back Sunday. Kay said the weather was real warm while they were there.

Visiting over the weekend in the home of Bessie Webb were her grandson Eddie and his new wife Becky of Azle. Becky's parents Mr. and Mrs. Powers of Amarillo spent Sunday afternoon with the Webbs. Mr. Powers is minister of an Assembly of God Church in Amarillo.

I told you last week that I would talk with John Kelley and find out about his trip to Washington, D.C. I didn't get in touch with him but his mother Kay said they had a great time and some of the sights they saw were: the White House, Smithsonian Institute, Lincoln Memorial, Washington Monument, Jefferson

Memorial, Lincoln Memorial; visited the Arlington National Cemetery and saw the tomb of the unknown soldier; saw the changing of the guards at the White House and thought it was very impressive; saw the parade, watched the Presidential Inauguration and at one time were only about fifty feet from President Reagan.

John is the son of Glenn and Kay Kelley of Pleasant Hill and was one of the thirteen students from Texico High School who were invited by New Mexico Senator Pete V. Domenici to make the trip. They were accompanied by their Superintendent and his wife, Mr. and Mrs. James Pierce of Texico school.

During the time they were away they were dinner guests, along with all the other students from New Mexico, of Senator Domenici, his wife and other representatives of New Mexico who hosted the occasion.

The students returned home Wednesday of last week.

Willie Mae Ross is back in Bovina. She had been in Oklahoma City for several weeks with her daughter Mary Evans and her family. She spent Christmas there but came home last Friday and will be home for a while. It's always good to have her back.

We want to congratulate Tim Garner who placed second with his lamb at the Amarillo Stock Show last week and also several other Bovina youngsters who placed. They were Tracy Moore, who placed 4th in light heavy class and she showed Terry Moore's lamb and placed 6th in medium weight; Charles Falkenburg, 14 in the light heavy weight Hampshire class; Doyle Garner placed 14th in the heavy weight; Bret Whitten who placed 13th in the heavy weight; and Mark Teague placed 4th in the light weight Dorset class.

SMILE:

A three-year-old had been elected president of a local group of somewhat older boys. A father asked one member why the boys had elected such a small youngster.

"Well, Dad," the boy explained, "Billy couldn't be secretary because he can't read. We couldn't make him treasurer because he can't count. He's too little to throw anyone out, so we couldn't elect him sergeant-at-arms. And we knew he'd feel badly unless we elected him to something, so we made him president."

Thank you for helping with the Scoops and have a good week... Scooter.

Reception To Honor Charles Lovelace

A reception to honor former Parmer County sheriff, Charles Lovelace, has been scheduled for February 1, from 2-5 p.m. CST, with the entire population of Parmer County invited to attend.

Set to take place at the Hamlin Memorial United Methodist Church in Farwell, the reception "is for Parmer County citizens to come and show their appreciation to Sheriff Lovelace," said Irene Woods, one of the reception organizers.

The reception is being organized by the Parmer County Sheriff's Department in recognition of their former boss, who stepped down from his office January 2 after 32 years as Parmer's top law official.

The organizing committee has invited area law enforcement officials, in addition to elected officials and employees of Parmer County, to attend the appreciation reception for Lovelace.

"But this is not reserved for law enforcement personnel alone. We want the entire Parmer population to attend and pay tribute to the former sheriff," said Mrs. Woods.

The committee will serve

refreshments, and a money tree will be provided for the former sheriff.

Lovelace chose not to run for reelection last year. He first took the sheriff's oath of office in January of 1948, and for the next 28 years he had no further opposition in his quest to retain the sheriff's badge.

Over his 32-year reign as Parmer's chief lawman, Lovelace watched crime prevention methods change drastically "from night to day" but said that crimes themselves have not changed at all, "there's just a big increase."

During a recent interview with the State Line Tribune, Lovelace expressed his feelings about his lawman role and Parmer's citizens by saying, "I have enjoyed this job very much, and appreciate the people of Parmer County who made it all possible."

The legendary law officer added, "I enjoy being a public servant. I enjoy doing something for somebody and helping them. There's a real feeling of accomplishment."

Parmer's citizens will have their chance to show their feelings of appreciation to Lovelace at the upcoming reception.

Varsity Teams Win Quartet Of Games

Bovina's varsity Fillies and Mustangs met Hart last Tuesday night and also traveled to Farwell to take on the Steerettes and Steers.

The Fillies won their first two District 3-A games 42-31 and 63-49 after losing their first two.

The Fillies stayed ahead throughout the games. Bovina was out in front by four points in the first quarter. Hart pulled to within three points midway in the game, but the Fillies then took command and won 42-31.

Bovina dominated the Farwell Steerettes from the beginning, Farwell having tied the game only one time in the first four minutes at 6-6. A steal and quick lay-up by Lisa

Shepherd put the Fillies ahead by 10 points at the end of the first period of play.

Kathy Williams stole the ball for a lay-up during the final quarter to put the Fillies ahead by as much as 15 points, with 3:25 on the clock. Karen Schilling was called to the charity line with 12 seconds left in the game for two shots, making both, putting the final scores of the game on the board.

Miss Williams had a good night for Bovina with 26 points.

The Fillies are 12-5 for the season and 2-2 in District.

The Varsity Mustangs gained a heart stopping 52-51 overtime win against the Hart Longhorns Tuesday night. The Mustangs were ahead by two in the first period of play and the game was tied 26-26 at intermission.

Bovina was ahead again by 8 points in the third period of play, but Hart came back to tie the game at 49 as time ran out. The Mustangs then managed the one point lead when the overtime action ended.

Bovina's Harvey Shepherd had a tough time hitting the basket for his 16 points for the night. Shepherd's average is 22.2 points per game.

In the game with the Farwell Steers Friday night the Mustangs had some trouble in the first half of the game but won their fourth district 3-A game, 66-43.

Farwell led through most of the first quarter. A field goal and five free shots by Richard Shepherd put the Mustangs two points ahead with 57 seconds remaining on the clock. Harvey Shepherd's shot from the charity line ended the first period, 16-13. The Steers came back to lead by one point at intermission.

The Ponies rallied back during the third quarter to a nine point lead. The Mustangs wrapped things up with a 23-point win. They are now 15-3 for the season and 4-0 in District 3-AA.

Both varsity teams played Vega's Longhorns Tuesday night and will host Kress in Bovina's Homecoming game Friday night.
