

## WHITTLIN'

By DOLPH MOTEN

One of life's continuing pleasures is being proud of your hometown community.

If you're not already enjoying this bit of happiness, join in this satisfying outlook. The joys of your attitude will be tarnished only by the slight bit of bother involved in explaining your proud position to an occasional belly-acher.

Bovina and Farmer County can be justly proud of its citizens who proclaim, "If I didn't live here, I'd move here."

Community pride is a kind of self pride and we advocate it as a good thing to have.

Bovina, as well as his entire "Golden Spread" area, lost a great friend recently with the death of "Cotton John" Smith, the Amarillo television and radio farm reporter.

Cotton John was highly inspirational to the original planners and promoters of the community celebration, Bull Town Days. He displayed as much enthusiasm for the three-day, area-wide event as could be asked of anyone --- and then some.

In spite of his busy schedule, Cotton John made it a point to put in a personal appearance every year during the celebration. Cotton John always came equipped with a tape recorder, note pad and pencil and a warm smile and a friendly handshake. His appearance on the stage added even more to the successful celebration.

Equally as important was his Bull Town Days program on his Farm and Home Show on KGNC. This was usually televised a week or two before the beginning of the celebration and was a program often devoted almost entirely to the upcoming celebration in Bovina. This was of tremendous value to the celebration and to the community and area. And "Cotton" seemed to have more fun than anyone in planning and producing the shows.

He did the same thing for other communities, celebrations and promotions throughout his beloved Golden Spread and we know Cotton John was thought of just as highly in all those other places.

There's no question but that he did more than any other non-Bovinan toward the success of the celebration here.

Jack McCracken, who was one of the original local leaders of the celebration and still works with Bull Town Days on a limited basis, was a personal friend of the well-known promoter of the Golden Spread. He points out that Cotton John's encouragement and promotional ability was invaluable back in the beginning of BTG.

Some people will always remember Cotton John for his early morning farm radio program on KGNC in which he regularly reminded that the sun-rising hour was "the best part of a Golden Spread day."

Even those who heartedly disagreed with him and believed that a day had other parts which were "better," admired him for proclaiming and promoting his belief.

Yes, the Golden Spread has suffered a tremendous loss in the death of Cotton John. But it's a better place because he lived and worked here.

Cotton harvest and ginning season wasn't "officially" over this year until February.

This is highly unusual, of course, as the crop is ordinarily wrapped up shortly after the first of the year. Snow and rain this year, however, held up the completion until a week or so ago.

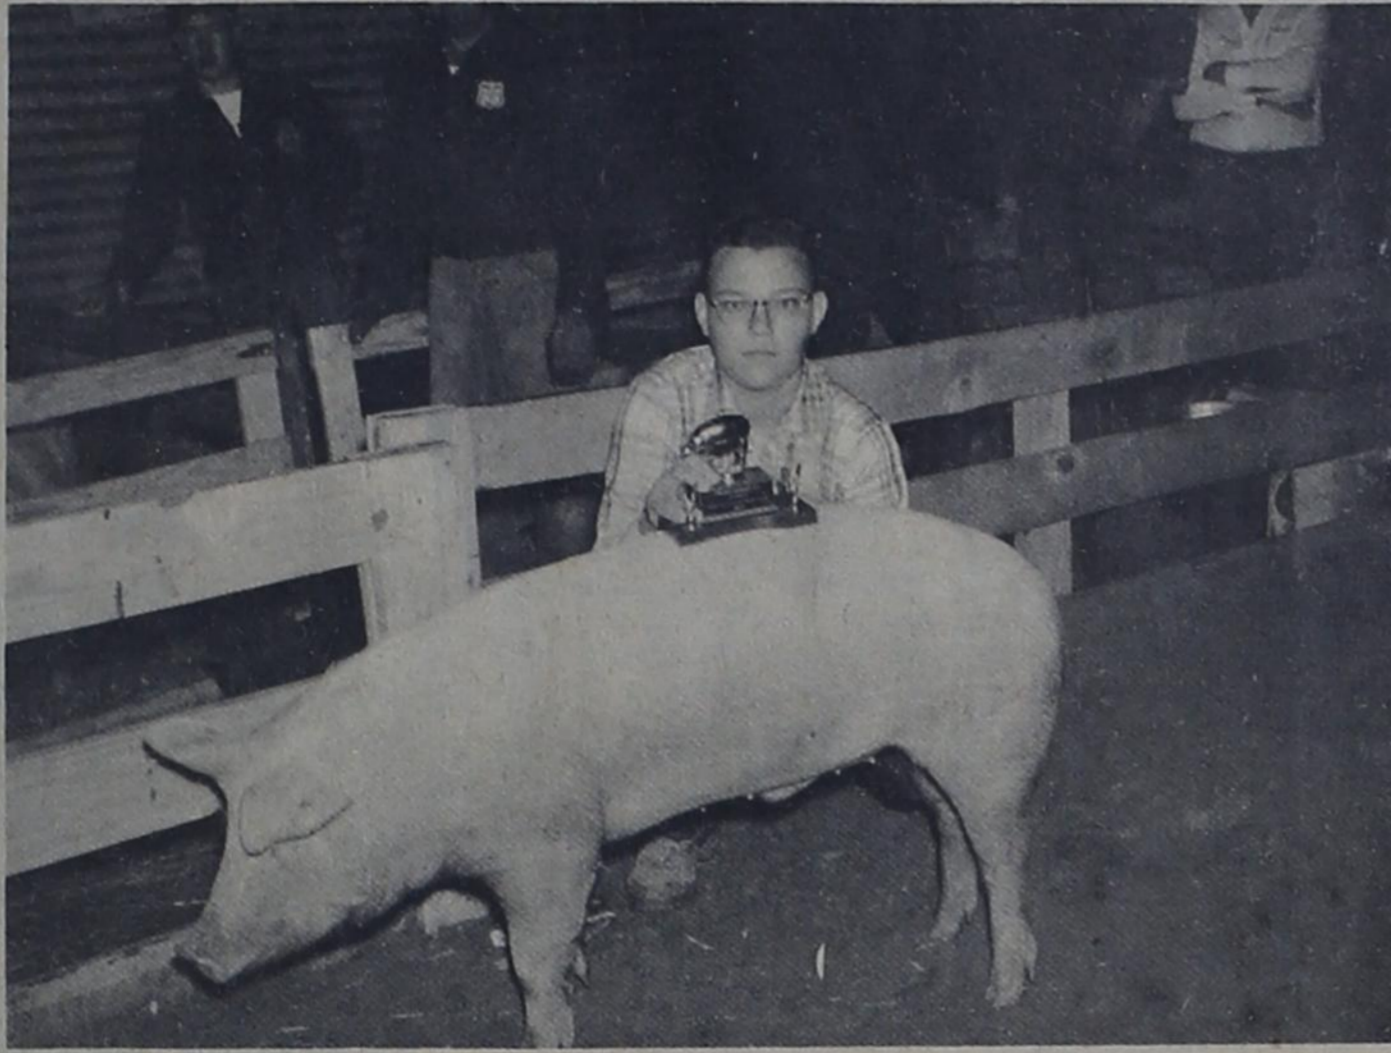

The amount of cotton harvested and ginned in February was of little consequence, we'll admit, unless a few of those last bales happened to be yours.

Veteran ginner tell us this is the latest they've seen the harvest delayed and are registering no complaints; just pointing out the unusualness of the situation, that's all.

In spite of its limited opposition, the one per cent city sales tax is a coming thing.

Farwell, for instance, will vote on the comparatively new tax idea next month.

Because of the good things the money could be used for, we'd like to see tax put into effect here.

GRAND CHAMPION BARROW -- A Chester White owned and exhibited by Joe Don Stevens won the top award in the barrow division of the Bovina FFA and 4-H Livestock Show here Wednesday night. The son of Mr. and Mrs. J.D. Stevens, Joe Don is a sophomore in Bovina High School.

## Bovina Show --

# Stevens, Mitchell Show Champions

Joe Don Stevens exhibited the grand champion barrow Wednesday night in the Bovina Livestock Show held in the FFA show barn.

The top winner was a Chester White, which had previously won first in its class.

Reserve grand champion was a Duroc shown by Larry Mitchell, which had also won first in its class.

The champion gilt was exhibited by Manuel Quintana, while the reserve champion was shown by Carrol Foster.

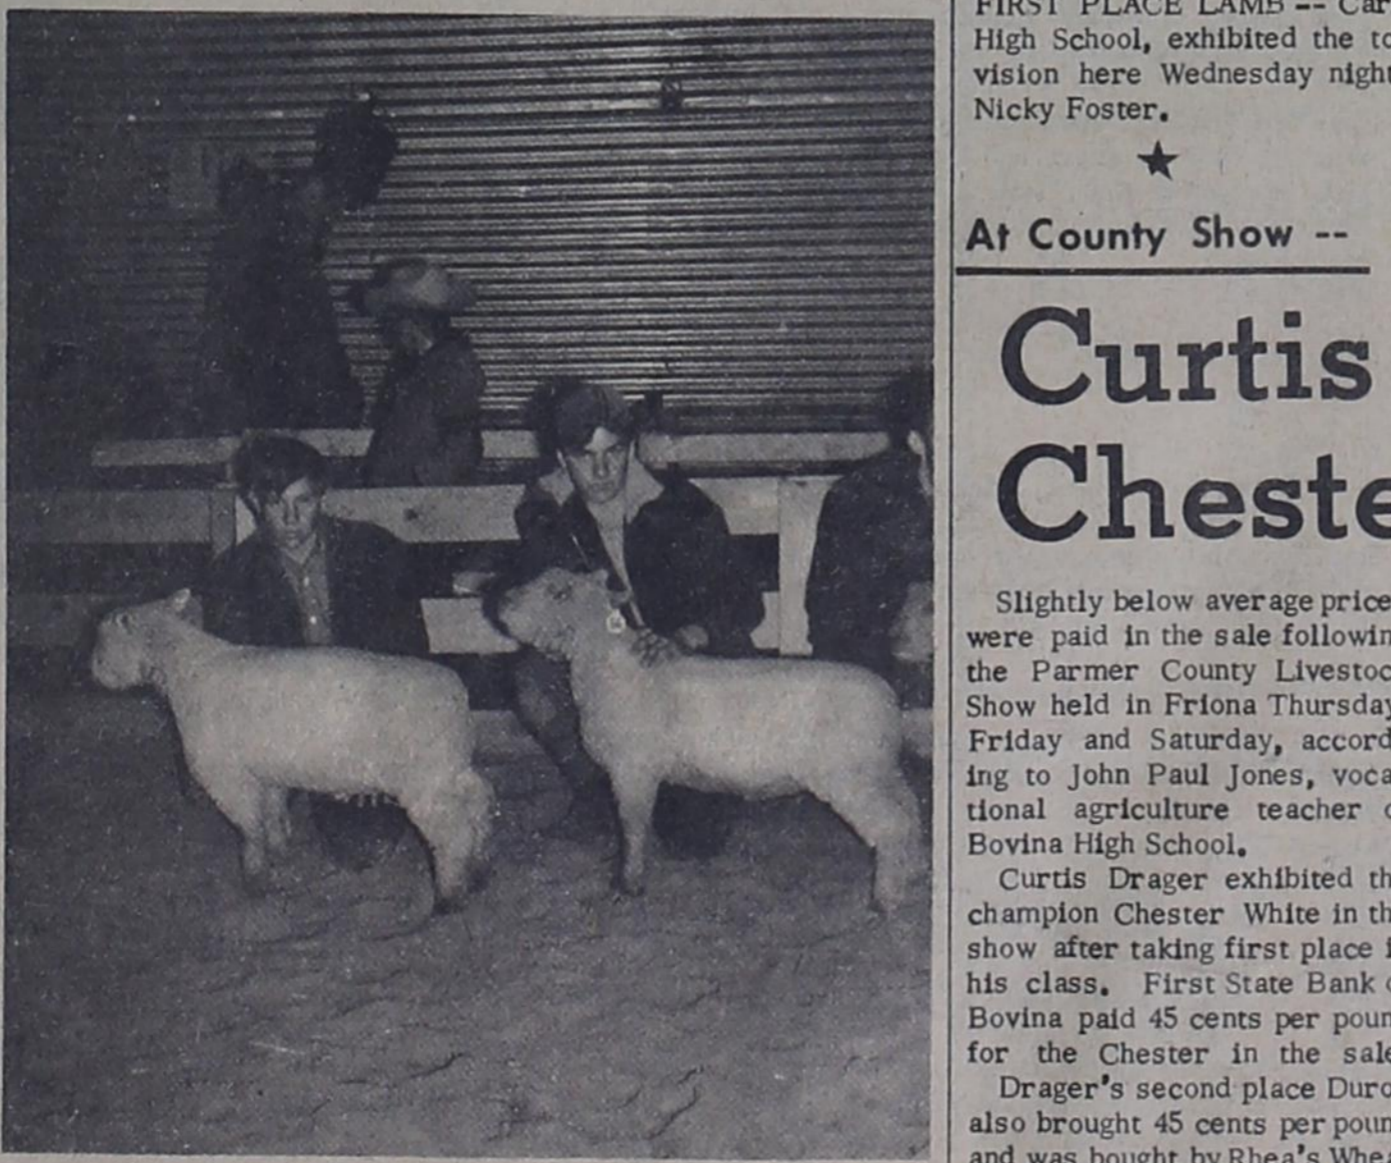

Foster also showed the first place entry lamb in "other breeds" and Royce Grissom took top honors with his Southdown lamb.

A total of 76 animals were shown in the event, sponsored jointly by the Bovina Lions Club and Bovina Chamber of Commerce and Agriculture.

Prize money was awarded the winners in each division, \$15 for first place; \$10 for second; \$7.50, third; \$5, fourth; and \$2.50, fifth. Ribbons were provided for first through ninth places, while trophies were presented to the first place entry of each class and to the grand and reserve champions.

Bill Hawkins, vocational agriculture teacher at Tulia, was the judge.

PLACINGS:  
BARROWS  
Grand Champion; Joe Don Stevens, Chester White;

BEST SOUTHDOWNS -- Royce Grissom, left, is shown with the champion Southdown lamb in the Bovina Livestock Show, while Wilton Cox, exhibits the second place Southdown. Parents of the two sophomores are Mr. and Mrs. Herman Grissom and Mr. and Mrs. Dale Cox.

Reserve Champion; Larry Mitchell, Duroc;

Berkshires: first, Stephen Sherrill; second, Rodney Murphy; third, Billy Kesler;

Chester Whites: first, Joe Don Stevens; second, Curtis Drager; third, Robert Fowler; fourth, Phil Sorley; sixth, Raymond Drager; seventh, Stevens; eighth, Stephen Sherrill; ninth, Sorley;

Durocs: first, Larry Mitchell; second, Raymond Quintana; third, Curtis Drager; fourth, Al Kerby; fifth, Steven Wiseman; sixth, Bennie McKay; seventh, Stephen Sherrill; eighth, Wiseman; ninth, Wiseman.

Hampshires: first, Larry Grissom; second, Larry Mitchell; third, Mitchell; fourth, Joe Don Stevens; fifth, Stevens; sixth, Rocky Bartlett; seventh, Bobby Redden; eighth, Roger Shook; ninth, Mike McMeans.

Poland Chinas: first, Raymond Drager; second, Royce Grissom; third, Larry Grissom; fourth, Larry Mitchell; fifth, Mitchell; sixth, Raymond Quintana; seventh, Curtis Drager; eighth, Billy Kesler; ninth, Bennie McKay; tenth, Randy Barrett.

Crossbreeds: first, Larry Mitchell; second, Mitchell; third, Mitchell; fourth, Robert Fowler; fifth, Mike McCallum; sixth, Al Kerby; seventh, Rocky Bartlett; eighth, Stephen Sherrill; ninth, Rocky Bartlett.

## GILTS

First, Manuel Quintana; second, Carrol Foster; third, Foster; fourth, Joe Don Stevens; fifth, Stevens; sixth, Greg Bell; seventh, Roger Shook; eighth, Larry Mitchell; ninth, Doyle Merritt.

## LAMBS

Southdown: first, Royce Grissom; second, Wilton Cox; third, Larry Hammonds; fourth, Curtis Drager; fifth, Stuart McMeans.

Other Breeds: first, Carrol Foster; second, Mike Beauchamp; third, Danny Stanberry; fourth, Steve Pierson; fifth, Foster; sixth, Royce Sisk; seventh, Foster; eighth, Greg Bell.

FIRST PLACE LAMB -- Carrol Foster, a sophomore in Bovina High School, exhibited the top lamb in the "other breeds" division here Wednesday night. He is the son of Mr. and Mrs. Nicky Foster.

## At County Show --

# Curtis Drager Shows Chester White Champ

Slightly below average prices were paid in the sale following the Farmer County Livestock Show held in Friona Thursday, Friday and Saturday, according to John Paul Jones, vocational agriculture teacher of Bovina High School.

Curtis Drager exhibited the champion Chester White in the show after taking first place in his class. First State Bank of Bovina paid 45 cents per pound for the Chester in the sale. Drager's second place Duroc also brought 45 cents per pound and was bought by Rhea's Wheat Growers.

Raymond Quintana showed the first place Duroc, which sold for 45 cents per pound to The Bovina Blade.

## Early Sunday --

# Three Wrecks Leave One Dead, Four Hurt

One man was killed and four others persons injured in three accidents west of Bovina on Highway 60 during the early hours Sunday morning. Fog, drizzle and cold weather had spread a quarter-inch layer of ice on Highway 60.

Dead on arrival at Parmer County Community Hospital in Friona was Burdis Lee Davis, 31, of Oklahoma City. His wife, Stella, and 10-year-old son, Dexter, were injured. David Lee Adams of Dimmitt and John Leroy Allen of Friona were injured in two other separate accidents, all within a few miles of one another.

The first in the series of wrecks occurred at 2 a.m. Sunday when Adams, traveling east, skidded on ice near the gate

to Parmer County Cattle Company feedlot in Running Water Draw and turned over once. Driving a Ford automobile, Adams

received treatment for bruises at Parmer County Community Hospital.

At 2:15 a.m., the pickup driven by Davis skidded on ice west of the bridge over Running Water Draw. As the vehicle left the pavement, Davis was thrown from the vehicle and the pickup rolled over him, according to City Marshal Ronald Mitchell. It turned over possibly two more times.

Mrs. Davis received bruises, while Dexter received head lacerations requiring 13 stitches. Both were released from Parmer County Community Hospital Monday.

Sometime after 3 a.m., the automobile driven by Allen of Friona, also skidded on ice, this time about three miles west of the scene of the other accidents, and hit a tree. He received a bump on his head and lip lacerations.

The accidents were investigated by the Texas Highway Patrol.

## Meeting Saturday --

# History Marker Sought Here

Parmer County Historical Survey Committee will meet at 7:30 p.m. Saturday in the First State Bank of Bovina, according to H. W. Hardage of Farwell, chairman.

All interested persons, whether members of the committee or not, are urged to attend.

Hardage said the committee is currently attempting to get a historical marker for Bovina, formerly the largest cattle shipping point in the world. However, few Bovina residents have been involved in the work, and Hardage urged them to aid in the project.

The location of the plaque is not yet known, but will possibly be on Highway 60, with others on the highway serving as notices of its existence.

Hardage said he hopes to receive the plaque for Bovina in time for Bull Town Days this year.

## To Raise Capital --

# Co-Op Selling More Stock

Bovina Wheat Growers, Inc. is presently attempting to raise \$50,000 to put the cooperative in a stronger financial position for future operation.

The grain elevator and farm supply business has locations at Bovina and in the Rhea Community.

The money is being raised from stockholders through the sale of stock, Jim Russell, manager, says.

Meetings to explain the financial situation the business is in were held in Bovina Tuesday night and at Rhea Thursday night.

Frank Phariss, general manager of Producers Grain Corporation of Amarillo, explained future plans for the business at the sessions, which were both well attended.

Some 45 farmer-stockholders were present at the Bovina meeting and some 35 were in attendance at Rhea.

Producers Grain Corporation is the parent organization for local grain cooperatives throughout the area. Financial assistance and advice comes through PGC and from the Houston Bank of Cooperatives, which also had a representative at the meeting.

## Auto Parts

# Now Open In Bovina

Dudley's Auto Parts, located at the corner of Third Street and Highway 86, is open for business.

Owner of the new business is Dudley Hughes, formerly of Farwell.

The store is located in the east side of the building occupied by Live Longer Laundry, which has been undergoing remodeling the past few weeks.

Dudley's Auto Parts offers a complete line of auto parts.

It is the third new business in Bovina to be opened within recent weeks.

## Lavern Stewart --

# Minister Plans Move In June

Lavern Stewart, minister of Bovina Church of Christ, for almost two years, has announced that he and his family will move to Coffeenville, Kansas about the first of June.

Although Stewart expressed his regrets in leaving Bovina, he said he felt there was a greater need for his ministry in Coffeenville.

He will become the minister of Coffeenville Church of Christ there.

Before coming to Bovina, Stewart was minister for four years in Joplin, Mo. and for two years in Neosho, Mo.

He and Mrs. Stewart have two children, Pat, who is 14 and a student in the eighth grade, and Tedra, 16, a junior in Bovina High School.

Although a new minister has not been engaged for the Bovina Church of Christ as yet, the congregation hopes to have a minister here by the time the Stewart family moves.

Stewart announced his intention to move to Coffeenville, located in southeastern Kansas, to the Bovina Church of Christ, Sunday, Feb. 11.

## Blade Moves This Week

The Bovina Blade and Dolph Moten Publishing will move their offices this weekend to the Spears building at the corner of Third and Main Streets.

All business of the two companies will be conducted from that location beginning Monday morning.

The telephone number, 238-4531, listed in the new directory will remain the same, Moten said.

Moving will get underway the latter part of this week. Moten recently purchased the new location, originally the home of the Bovina bank, from Otis Spears, who operated a department store there for about two years.

The facilities will provide more room for both the Blade and the Publishing Company, which sets and makes up four newspapers in addition to The Bovina Blade.

Its new location is also expected to be more convenient to patrons and subscribers of The Blade.

**Weather**  
by Willie

Cooler this weekend with slight chance for snow.  
---Willie  
P.S.---Next 30 days cooler. Precipitation normal.

Part Four --

# McMillans Tour Great Britain, Ireland

Sunday, 23 July 1967

We awoke on board the ship about 4:30 this morning and soon learned that we were very near Liverpool and would be docked by 5:30. Joe asked a member of the crew about our getting in early, and he told Joe that we would have to remain on board the ship until 7 anyway because that is when the custom inspectors come to work. So we read a newspaper and drank a cup of tea waiting for 7 a.m.

The passengers disembarked at 7 and soon after that we were on a bus which carries steamer passengers to and from the train station. We arrived at the train station at 7:16 only to learn that our train for Warrington had departed at 7:15 and the next one was at 8:20. So, again we waited.

At 9 we finally pulled into Warrington, took a taxi to pick up our car and said goodbye to the Zegelbones. Then we

headed for North Wales via Chester, Corwen and Bangor. Many Welsh towns have very long names that are almost impossible for an "outsider" to pronounce. We saw many of these towns, but the "Granddaddy" of them all is the one named Llanfairpwllgwyngyll-llanogoch. These 58 letters give it the longest name of any town in the world. We understand one has to live there for several years in order to be able to pronounce the name of the town. Joe found a young lady who was willing to pronounce the name of the town for him while he tape-recorded it.

From there we drove to Caerharvon, which has a very well-preserved castle, and on the Portmadoc, the birthplace of Lawrence of Arabia. Then we visited a tourist narrow gauge railway at Ffestiniog which has very unusual steam engines. There are actually two locomotives

joined together and pointed in either direction so that the engine never has to turn around.

Next we drove south through Trawsfynydd to Machynlleth where we fixed dinner. Then we drove on to Aberystwyth and spent the night at a campsite.

Monday, 24 July 1967

We left the campsite this morning at about 7:30 and drove to the train station to try to get our Irish pounds changed to English pounds. (In Ireland English currency is accepted as well as Irish, but in England no Irish currency is accepted; and it is even difficult to exchange it). By 8:30 we had finally gotten \$10.00 in English pounds and we were on our way again.

Our first stop was Devil's Bridge "in the rain". This bridge actually consists of three bridges built at different periods of history one on top of the other. Legend has it that the devil himself built the bridges which are clamped between two rocky cliffs. Even though it was raining, Joe got a few pictures.

of them have since disappeared. Although it is uncertain, it is thought that the builders of Stonehenge were sun-worshippers, and that the monument as a whole was a temple to the sun.

From Stonehenge we drove through Salisbury to Winchester where we saw "Winchester Cathedral" made famous by the song with the same name. We ate dinner in a restaurant there; Joe had rump steak and I had lamb chops.

We had to drive a while after dinner because we have such a long distance to drive tomorrow to get home. We drove through South Hampton, near Portsmouth, Chichester and Worthing to Brighton where we spent the night.

1:15 p.m. and started our long drive across to Germany through France and Belgium. We drove through Cassel and Lille in France; Tournai, Mons, Namur and Liege in Belgium; in Germany, through Aachen, Koln, Wiesbaden, Heidelberg, and at last to Heilbronn.

We were glad to get home tonight to rest up a bit, get our mail and change wardrobes. As soon as these things are done, we will no doubt be ready to travel again.

This trip was a very interesting, enjoyable and rewarding one for us. We saw many things we've always heard of and learned a lot about the people and places we visited. We shall

long remember the beautiful countryside, especially in the Highlands of Scotland; the picturesque little villages; the oddily-worded English signs; and the wonderful, friendly people.

One of the things which made the trip so splendid was the language -- at least that language barrier we have been experiencing was broken. It was absolutely grand to be able to visit with the people, understand the signs, and read captions and explanations in museums, etc.

On the trip we covered a total of 4,685 miles: 4320 by car, 330 by boat and 35 by train. Quite a few miles, but well worth the effort.

### Letters To The Editor

Dear Dolph:

Thanks, buddy, for the gentle way you handled your ol' classmate in your column, and for the subscription, I respect intellectual honesty first, then ideology, so we can get along.

Your friend,  
J. Frank Ford

From his perch in a fire tower, a crew leader with the Texas Forest Service can, on a clear day, scan an area of about 150,000 acres. There are 98 towers used by the Service to spot forest fires as they occur in the pine-hardwood area of East Texas. By triangulation from two towers a fire is located and a two man crew rushed to suppress it in a radio equipped truck-tractor unit. Airplanes are also used by the Service, as a supplement to towers, to locate fires.

### Reflections From The Blade

Miss Nita Beth Estes and Danny Morton were crowned Queen and King of Hearts at the annual Sweetheart Banquet of the Methodist: Youth Fellowship Saturday evening.

Fire about 6:30 p.m. Monday left a farm tractor owned by Don Garrett with ignition wires burned and the larger portions of the machine with scorched paint.

Bovina FFA Chapter will observe Feb. 22 through March 1 as FFA week in Bovina in conjunction with the national observance, and a project show and banquet will round out the main items that will call public attention to the local chapter's special week.

The town-hall type meeting which the Bovina Lions Club sponsored last Thursday in the Bovina school is described as a success by persons commenting on the discussion-type meeting.

About 40 persons attended the meeting and all were in high hopes of getting the paving project underway soon, it is reported.

The annual Bovina School District census, completed on Jan. 31 shows that 486 persons of school age are residents of the Bovina district.

Incumbent Mayor J.E. Sherrill Jr. is still unopposed in the coming city election of Bovina mayor for another two-year term.

Plans for the first annual Winter Concert were reported underway by Bovina High School Band Instructor W. Wayne Stevens.

Mr. and Mrs. Boyd Gilreath this week started preparing the Bovina Dairy Freeze for opening in the near future. They are the new owners of the business, which they purchased from E.M. Sewell February 1.

SIX YEARS AGO  
FEB. 21, 1962

City politics received a new shot in arm this week when three men, all newcomers to the political scene, were petitioned for candidacies as Bovina mayor.

One petition requested that names of Joe Moore and S.A. Barbee, Jr. be placed on the ballot. Another listed Boyd Gilreath. It was two strikes and out for Bovina Mustangs in their battle with Happy Cowboys for District 4-B Championship.

Annual general membership meeting of Bovina Chamber of Commerce and Agriculture--not to be confused with annual banquet-- will be tomorrow night in school cafeteria.

Preliminary plans for establishing a civil defense organization for Bovina area were made at a meeting Monday night of some 25 interested men.

It is said that a criminal always returned to the scene of his crime. In Parmer County, the old adage seems to be the rule rather than the exception.

Burglars broke into Helton Oil Company in Farwell last week for the second time in less than a month.

Good Neighbors Sewing Club hosts a membership tea Thursday afternoon at the home of Mrs. Bob McMeans.

Lillian Rogers, owner of The Fantasy Beauty Salon, announced this week that her new business is now open.

Nancy Mitchell, daughter of Mr. and Mrs. Dean McCallum, celebrated her tenth birthday last Friday with a slumber party at her home.

Mrs. John Ferguson hosted monthly meeting of Mary-Martha Sunday School Class of First Baptist Church Tuesday evening in her home.

### FISH-FINDING WITH "MERCURY"

A thermometer is one of the best "lures" a man can own. You may not rate it in the same class as pork rind or a "river runt," but it'll account for just as many fish. Next to an outboard motor, this fragile tube is one of the most effective fish-finding devices known to anglers.

Water temperature, as much as any other factor, governs the habits of your favorite game fish, say the fishing experts at Mercury outdoors. It determines when and where they feed, and often sends you home empty-handed.

Fish have definite needs. Principally, they require oxygen. This vital element escapes into the atmosphere as the water warms. That's why summer fishing is best at considerable depths while fall fishing need not be so deep.

To check water temperatures, Mercury suggests a minimum-reading thermometer attached to a line with knots tied at three-foot intervals. Probe the depths until you reach the preferred temperature belt. When you've determined the proper fishing depth, you'll save your casting arm, and you'll catch more fish.

Ask your local conservation official for specific information on the temperature preferences of the fish you seek, as different species favor different water temperatures. The next time you inventory the tackle box, jot down a thermometer along with new plugs needed.

### Know The Truth

By Lavern Stewart

God has two sides: mercy and wrath. He is the author of nature, and from nature one can learn that the author of nature is sometimes merciful by sending the storm. Whether God sends these opposite things "directly" or "allows" them to happen through the laws of nature is beside the point--the point is that even nature shows that its author has two different sides. However, from the Scriptures we learn much more about the "goodness" and "severity" of God. Romans 11:22, "Behold therefore the goodness and severity of God: on them which fell, severity; but toward thee; goodness, if thou continue in His goodness; otherwise thou also shalt be cut off." We must not overemphasize either one to the exclusion of the other. God's casting off of Israel is an instance of His severity; and His willingness to receive them back into His favor when they believe on Christ Jesus is an indication of His goodness. We see the goodness of God in sending his son to die for us, Romans 5:8. Further, His goodness appears in His giving us the Gospel, the power to save, Romans 1:16, and promising to save all who obey the Son, Hebrews 5:9, "And being made perfect he became the author of eternal salvation unto all them that obey Him." However, His severity must not be overlooked because He not only promised to save the one who should believe and be baptized, but He also threatened the unbeliever with eternal damnation: Mark 16:15-16, "And He said unto them, Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned."

School Board --

# Petition Files Three Names

Three names have been filed by petition for places on the board of trustees of Bovina Independent School District.

They include Oral (Pat) Kunselman, Leon Ware and Lawrence Jamerson.

Members of the board whose terms expire this year are Leslie McCain, Leon Grissom and B. L. Marshall.

The petition submitted was signed by O. W. Rhinehart, John Wilson, A. E. Steelman, V. C. Ward, Floyd Damron, R. F. Wilson, I. W. Quickel, Earl Richards, Mrs. Odie White, Roy B. Dodson, Mrs.

Jack Morris, Wilbur Charles, Edward Isaac, E. B. Caldwell, Buck Ellison, Joe M. Pinner and Ronald Mitchell.

Deadline for filing for election to the school board is March 4.

No names have been filed for positions on the city council.

Two year terms expiring are those of Mayor Bedford Caldwell, and Councilmen Billie Sudderth, Charles Corn and Owen Patton.

## Success With Soups And Sauces

"Soup's on!" and all appetites are tempted to the table. There's just nothing like the spicy aroma of a freshly-made soup, whether it's a clear broth to start the meal or a hearty vegetable, tomato, bean or pea soup that makes a meal in itself.

One of the really classic soups is onion soup. While perfectly acceptable onion soups are available in packaged mixes, no chef ever made his reputation by opening boxes. The recipe below for onion soup is a perfect example of how controlled cooking slowly blends each ingredient until a perfect new flavor is created.

The secret, therefore, is not only what the kettle cooks, but how the kettle cooks as well. Since long hours of simmering are required for a full blend of flavors, the utensils you use can make a difference.

Home economists usually advise the use of aluminum cookware for making soups and sauces. Aluminum, the best heat conductor of the various materials used for utensils, heats faster and more evenly, eliminating the hot spots that cause burning and scorching. Thus, lower heat is required, constant stirring is unnecessary, and there's little fear of boiling over.

Any of a number of aluminum utensils can be used when you make the delicate mixtures. While a small double boiler will be perfect for a Hollandaise sauce, a thick supper soup for a family of five would be prepared in a sauce pot or Dutch oven. With exciting new exterior colors, aluminum utensils are pretty enough to be brought straight to the table.

Don't forget that it's the first course of a meal that hungry people appreciate. A tasty, delicious soup promises that the rest of the meal will be equally superb. So, don't spare those appetizing garnishes to float atop a soup or sauce, like parsley, some golden-browned croutons, or some shredded toasted almonds.

So, if you pay attention to your ingredients and special attention to the utensils you use, don't be surprised if people start asking for your soup recipes.

### HOMEMADE FRENCH ONION SOUP

- 1/4 cup butter or margarine
- 5 cups thinly sliced onions
- 6 cups beef or chicken broth
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1/4 teaspoon Worcestershire sauce
- French bread, thinly sliced and toasted
- 1/2 cup grated Parmesan or shredded Gruyere cheese

Melt butter in a 3-quart non-stick coated aluminum saucepan. Add onions. Sauté until lightly brown. Add broth and seasonings. Cover, bring to a boil and simmer 35 minutes. Place toast on top of soup. Sprinkle cheese over toast. Put in a 300° F. oven until cheese melts. Makes 4 to 6 servings.

PARMER COUNTY'S FINEST

SUPER MARKET Bovina

## Roping Club Has Dinner

Wives were entertained by members of Bovina Roping Club Monday night in Bovina Restaurant. A total of 84 people were served T-bone steaks.

The occasion is an annual event.

String music was provided by Al Kerby on the fiddle, Larry Webb playing the electric guitar, and Dudley Hughes on the bass fiddle.

Movies of Bull Town Days were shown the group by Arlin Hartzog and Darrell Read. Hartzog also showed film of a fishing trip to Mexico.

**WIDOWS CLUB** -- Members of the Widows Club met in the home of Mrs. Inez Gober Monday. Left to right, seated, are Mrs. J.R. Glover, Miss Ellen Remmsnyder, Mrs. Ola Free of Childress, Mrs. Pearl Hastings, and Mrs. J. Sam Gaines. Standing are Mrs. Lillian Wheeler, Mrs. Oma Gunn, Mrs. Bessie Caldwell, Mrs. Inez Gober, Mrs. J.H. Steelman, Mrs. Margaret Caldwell and Miss Rita Caldwell. The club is 15 years old.

## Watts Have New Son

Mr. and Mrs. Willis Watts of Houston are the parents of a son, Dusty Lynn, born at 8:59 p.m. Monday, Feb. 12, in Methodist Hospital, Houston.

He weighed five pounds, eight and one-half ounces and measured 19 inches in length.

His grandparents, Mr. and Mrs. B.L. Marshall, left Monday afternoon for Houston.

Paternal grandparents are Mr. and Mrs. Floyd Watts of Abilene.

The mother is the former Miss Joyce Marshall.

## Covered Dish Luncheon, Program Held By Club

George Washington theme was carried out in the decorations and program when the

Widows Club met in the home of Mrs. Inez Gober Monday.

The monthly covered dish luncheon preceded the program, conducted by Mrs. Margaret Caldwell. An "Uncle Sam" hat in red, white and blue centered the table.

A guest for the meeting was a former member, Mrs. Ola Free of Childress.

Members attending included Mrs. Lillian Wheeler, Oma Gunn, Bessie Caldwell, Inez Gober, J.H. Steelman, Margaret Caldwell, J.R. Glover, Ola Free, Pearl Hastings, J. Sam Gaines, and Misses Rita Caldwell and Ellen Remmsnyder.

"Things they missed in George Washington's day," was the topic of conversation during the program.

A door prize provided by the hostess was awarded to Mrs. Steelman.

## Marriage Licenses Issued

Four marriage licenses have been issued from the office of Farmer County clerk Bonnie Warren during the past week.

Licenses were issued to Robert Eugene Mercer and Frances Joy Beames, Feb. 14; Beauford Otis Elder and Annie Cargile, Feb. 14; Ronnie Wayne Spence and Cynthia Ann Suttle, Feb. 16; and Jimmy Dee Peoples and Martha Ann Coffey, Feb. 16.

## Do Appear In Friona

Noted Canyon authoress and lecturer, Loula Grace Erdman, will make a guest appearance in Friona next Tuesday evening, Feb. 27, when she will address local and area clubwomen.

Progressive Study Club is sponsoring her appearance which will be open to the public. All who are interested in literary works and in the historical progress of Texas are invited to attend the meeting in the Friona Methodist Church at 8 p.m.

There will be an autograph party in the basement of the church following Miss Erdman's address during which time the Friona Public Library will present many of her books on sale. A percentage of the book sale proceeds will go to assist the library.

Members of the Progressive Study Club Social Committee will serve refreshments during the autograph party.

Miss Erdman is presently associate professor of English and novelist in residence at West Texas State College in Canyon, where she directs a writers' workshop and conducts an advanced course in creative writing.

Though Miss Erdman is best known for her books on pioneer life in Texas, she comes originally from Missouri and her early novels were set in her native state. She writes both juvenile and adult fiction and bases all of her writing on true life happenings. Movies have taken an option on one of Miss Erdman's latest novels, "Another Spring." She has had short stories and articles printed in Reader's Digest, Woman's Home Companion and Ladies Home Journal. All her books have been reprinted in many foreign languages such as Arabic, Persian, Indonesian, Italian, German, Danish, Norwegian and Bengali.

## Of Interest To THE WOMEN

### Friends, Relatives Attend Quickel's 50th Anniversary

Over 160 friends and relatives were in Bovina Sunday for the 50th wedding anniversary of Mr. and Mrs. I.W. Quickel, who were honored with a reception in their home by their children.

Hosting the event were Mr. and Mrs. Wilfred Quickel and daughter, Teresa, of Farwell and Mr. and Mrs. Elman Stark, Mike, Kevin and Sabra of Irving.

The two granddaughters presided at the serving table and registered guests. Laid with a white lace cloth over gold satin, the serving table was adorned with gold chrysanthemums bearing the years 50 in gold numerals. Punch and tiered cake were served the guests.

The registration table was covered with a linen cutwork cloth centered with an arrangement of gold chrysanthemums.

Those attending from out of town included a number of relatives, Mr. and Mrs. D.L. Tucker of LaCrescenta, Calif., Mrs. Leona Turner of Ingleswood, Calif., Mr. and Mrs. Ernest Quickel and daughter, Leona Dell, of Woodward, Okla., Mr. and Mrs. George Smales, Doug and Pamela of Lubbock, Mr. and Mrs. A.E. Leatherman of Albuquerque, N.M.

Friends from out-of-town included a former employee, L. T.C. Nolan C. Rhodes of Tulsa, Okla., Gene and Mareille Miller, Paige and Broke Miller of Amarillo, Mr. and Mrs. J.K.

West of Floydada, Mr. and Mrs. Rondal Price and Evelyn of Amarillo, Mr. and Mrs. W.E. Thornton of Dimmitt.

Also on hand was Mrs. Quickel's bridesmaid at her wedding, Miss Dottie Wyckoff, of Garber, Okla., and his best man, Wilbur Charles of Bovina.

Mrs. Quickel said her former first grade student in Oklahoma, Bud Elmore of Friona,

arrived for the event with an apple for his teacher.

Mr. and Mrs. I.W. Quickel were married Feb. 20, 1918 in Tangier, Okla., at the home of her parents. They came to Bovina in February, 1930.

Preceding the reception Sunday, the couple with their children and relatives attended worship services together at Bovina Methodist Church.

## Dorcas Circle Has Meeting

The Dorcas Circle of the Woman's Society of Christian Service met Wednesday, Feb. 7, in the home of Mrs. J.B. Fowler.

Mrs. T.J. Hopingardner, chairman, presided.

Mrs. Earl Richards presented the lesson from the study, "The Response of the Church in Changing Japan." Mrs. Mable Newberry gave the devotional.

A covered dish luncheon was served.

The next meeting will be held in the home of Mrs. Earl Richards.

Attending the meeting were Mrs. Mmes. Richards, Hopingardner, I.W. Quickel, Newberry, Pearl Moore, Miss Ellen Remmsnyder and the hostess. Joining the group for lunch was Rev. J.B. Fowler.

## OL Women Guests Here For WSES Luncheon

The Woman's Society of Christian Service met for its luncheon meeting Tuesday of last week as women from the Oklahoma Lane Methodist Church were guests.

The program was presented by Mrs. Joe Fowler, assisted by Mrs. Margaret Caldwell. The business session was opened by Mrs. Rouel Barron.

Hostesses for the luncheon were Mrs. Jerry Ware, Mrs. Caldwell and Miss Rita Caldwell. Tables were decorated in the Valentine theme by Mrs. Oakley Stevenson and Mrs. J. B. Fowler.

Guests from Oklahoma Lane

were Mrs. Truman Kent, Donald Christian, Troy Christian, Ross Blankenship, Lee Jones, Sam Billingsley and Wayne Foster. Mrs. Louis McDaniel was a visitor from Bovina.

Members attending were Mrs. Mmes. Joe Fowler, Wilbur Charles, Jerry Ware, L.M. Grissom, P.O. Dixon, Billie Sudderth, J.B. Fowler, Oakley Stevenson, Margaret Caldwell, G.A. Bandy, Myrtle Perry, Mable Newberry, Rouel Barron, John Dixon, Miss Rita Caldwell and Miss Lola Grissom.

## Valentine Banquet Held For Youth

A comic Valentine banquet was held at First Baptist Church Feb. 13 for Baptist high school students and their guests.

Master of ceremonies was "Marrying Sam" Moore. "Bozo" Hawkins was program chairman, Chairman of the banquet was "Blondie" Moore.

All attended the event dressed in comic character costumes. Prizes were given to Eva Jo Clawson and Bobby Redden for their portrayal of "The Munsters."

"The Bovina Little Theatre" presented "The Audition." Characters were Les McCain, Ovid Lawlis, Henry Minter, Bil-

ly Smith, Ken Moore and Gina Clawson. Games were also played.

Fried chicken, fried potatoes, relishes, thick toast and honey and chocolate ice cream were served to about 60.

Life size figures of comic characters and newspaper hearts covered the walls.

**NEW SIGN** -- Bovina Woman's Study Club was provided with a new sign on its club house Friday. Buck Ellison nailed it in place. The sign was painted by Don Stone, former Church of Christ minister here. The letters are in black, and the circle and wreath, the emblem of Federated Clubs, is painted in brown and green to match the shutters and roof of the building.

## Scoopin' -- By Pat Jacobs

Thought we had a scoop the other day until the source of information decided he'd rather remain anonymous -- at least until he has a picture to prove his story.

At any rate, while checking on cattle early Thursday morning in a nearby draw (which shall also remain unnamed) he spotted something on a fence.

Thinking it was an old tire, the cowpoke drew closer and discovered something he's almost afraid to tell. Sitting on a fence post was a black eagle with white markings.

He drew nearer, wishing he had a camera and not really believing his eyes. The eagle finally rose slowly into the air, spreading his wings to a six-foot span.

Now, our source of information says he knows a crow when he sees one.

He has driven around the pasture several times since, and has been unable to spot the big bird again. But if he does, he's promised to call us, post haste.

Actually, the man had given us a quotable story in the drug store the other day, until the Tom Caldwells at a nearby table brought up the subject of the Wellington man's story of riding in a flying saucer.

It was then the Bovina man decided he didn't want to be taken away in a straight jacket -- or even looked at with raised eyebrows.

And he sure doesn't intend to try to prove anything to anyone at least, without a picture.

But he says, it was an eagle, anyway.

There has been much comment of prairie animals of late. Take for instance, the night TV's Johnny Carson had a coyote on his program, which incidentally, created much ado.

The host proclaimed the shame that people are killing the coyotes, "which really should be preserved and protected."

Which made us wonder how long he lived on the prairies trying to raise livestock and poultry to make a living and feed a hungry family.

Of course, with the host's big-heartedness, we're sure he'd do nothing if something were eating all his television cameras.

Makes about as much sense as a lot of other things the big boys in the East are trying to tell us how to do.

Charles Lamb once said: Nothing gives me greater pleasure than doing a good deed in secret and having it found out by accident.

## Study Club Panel To Discuss War

"Progress in Vietnam" will be the topic of a panel discussion at the Thursday afternoon meeting of Bovina Woman's Study Club.

Moderator will be Mrs. Henry Ivy.

Members of the panel include Mrs. Mmes. Rouel Barron, Arnold Hiromas and Lloyd Battey.

The meeting is the second during the month of February.

The Study Club meets the second and fourth Thursday of each month in its recently-remodeled club house.

## Girl Born To Nitcholas

Coach and Mrs. Bill Nitcholas are the parents of a daughter born at 5:45 p.m., Tuesday, Feb. 13, in Farmer County Community Hospital.

She has been named Stacie Lynn and weighed six pounds, 14 ounces. The new arrival is the couple's first child.

The father is girls' basketball coach at Bovina High School.

# Bovina Area Churches Welcome You!

## Church Chuckles by CARTWRIGHT

© CHAS. CARTWRIGHT 849

"Boy, is SHE going to have trouble! All he gave ME was a book of trading stamps!"

Oftentimes a person will set out on an individual approach to the Christian faith only to find that the way is often too rough to continue. We need the inspiration and fellowship of others who are going along the same way. Others help us and we help them. The interplay of Christian love and service in the family of Christ trains us for love and service toward those who are outside the family.

DECORATED -- Major Charles W. Bradley (right), recipient of the Silver Star and the Air Medal, receives congratulations from Major General George M. Johnson Jr., deputy commander in chief for materiel of the U.S. Air Forces in Europe, in Essex, England. (U.S. AIR FORCE PHOTO)

**For Heroism --**  
**Major Bradley Awarded Medals**

Essex, England - Major Charles W. Bradley, son of Mrs. Edith A. Bradley, Goff, Kan., has been decorated with the Silver Star and Air Medal for heroism in Vietnam.

Major Bradley, who is currently stationed at Wethersfield RAF Station, England, was cited for Gallantry in air action against the enemy.

Major Bradley's repeated attacks on the enemy in the face of intense hostile ground fire and severely restricted visibility saved a friendly ground force from possible defeat. He was cited for "courage and an aggressiveness in the face of great danger."

He is now a member of the 20th Tactical Fighter Wing. A graduate of Goff (Kan.) High School, the major is married to the former Patsy Steelman, daughter of Carroll Steelman, Bovina.

**MY LITTLE CHICKADEE CASSEROLE**

1 can (14-1/2 ounce) boned chicken, chopped  
1 can (10-1/2 ounce) cream of chicken soup  
1 cup evaporated milk  
Combine chicken, soup, milk, carrots and peas. Mix well. Turn into a 1-1/2 quart non-stick coated aluminum casserole. Border with potato chips. Put in a 325° F. oven for 45 minutes or until completely heated. Makes 4 to 6 servings.

1 can (1 pound) diced carrots, drained  
1 can (1 pound) green peas, drained  
1/2 cup crushed potato chips

**We sell pesticides too!**

Naturally, Cyanamid Farm Supply is known for its fertilizer products and service. But don't forget us when it comes to pesticides!

We have a product to control every major pest you have to worry about. Many are Cyanamid's own products, while others carry other noted brand names.

Pesticide time is coming. So make Cyanamid Farm Supply your headquarters for both quality fertilizers and pesticides this season. Prices are right, too. So save yourself a lot of running around and buy both under the sign of the red oval.

Phone or come in soon!

**True Systemic Insecticide For WHEAT!**

**Safe To Use For Ground Application**

14 To 21 Day Control  
Protect Your Wheat From Insecticide Damage

Cyanamid serves the man who makes a business of agriculture.

**GOLDEN TOUCH OF HOSPITALITY**  
BY JANE ASHLEY

A Sweet-Sour Sauce  
Give an Oriental flavor to fish, pork, duck or chicken with a sweet and sour Imperial Sauce. The classic, clear look of the sauce comes from the corn starch used to thicken it.

Imperial Sauce  
1 tablespoon corn starch  
1/2 cup water  
1 (8 1/2-ounce) can crushed pineapple  
2 tablespoons soy sauce  
1 tablespoon wine vinegar  
3 scallions, diagonally sliced  
1 medium tomato, peeled and cut into thin wedges

Blend corn starch and water in 1-quart saucepan. Add pineapple, soy sauce and vinegar. Cook over medium heat, stirring constantly, until mixture comes to boil and boils 1 minute. Add scallions and tomato. Cook 3 to 4 minutes. Serve over fish, pork or poultry. Makes about 2 cups.

For 178 Farmers --

# New Buying Source For Irrigation Gas

Irrigation gas may be purchased from a new source by 178 farmers in Farmer, Castro and Lamb Counties following a recent ruling of the Federal Power Commission.

Announcement of the ruling was made here this week by Beryl Fish, secretary of the Farmer County Irrigation Gas Users Association.

Expansion of the Federal Power Commission authority for Plains Gas Farmer's Cooperative Society and Tri County Gas, Inc., to purchase gas from Transwestern Pipeline Company for 26.5¢ per mcf, and from El Paso Pipeline Company for 22.4¢ per mcf, was made final February 16, 1968, when Pioneer Natural Gas Company chose not to file an appeal to the Circuit Court of Appeals from the order issued December 14, 1967.

D. L. Carmichael, president of Plains Irrigation Gas Users Association states, "This is a major breakthrough for farmers in securing cheaper agricultural gas."

Castro and Farmer County farmers are in the process of ordering metering equipment to get approximately 174 wells tied on to nine additional taps gained from Transwestern Pipeline Company. Approximately 150 wells in Lamb County are being prepared for connection to two taps onto El Paso Pipeline Company.

Four major pipelines cross the Panhandle and South Plains offering a new source of gas.

## Co-Op --

(Continued from Page 1)

"It's hard to operate a business without money," Pharris pointed out as being the primary reason for needing the additional capital. Also, payments on loans and improvements of the grain handling facilities need to be made.

"In order to compete in the grain business today, we need to have enough capital to buy and keep grain here in Bovina. There are no cinches in this business any more," Pharris explained.

The success or failure of the capital-raising project here is expected to be known in the next few weeks, Russell says.

In addition to Transwestern and El Paso, Natural Gas Pipeline Company of America crosses Castro, Farmer and Deaf Smith Counties with a 24 inch pipeline, and Northern Natural Gas Pipeline Company crosses Lubbock, Hale, Swisher and Armstrong Counties. "This assures eventual competition in securing natural gas for irrigation," pointed out Carmichael.

## Sugar Beet Meet Set

A sugar beet producers meeting will be held at 7:30 p.m., Thursday in the Community Center at Hereford, according to Justin T. McBride, county agent of Deaf Smith County.

Topics to be discussed at the event are "Diseases and Their Control in Sugar Beets" by Dr. Robert Berry, Extension plant pathologist, Lubbock; "Sugar Beet Insects and Their Control and Beet Leafhopper Survey" by Lyndon Almand, Extension entomologist, Lubbock; and "Fertilizer Research on Sugar Beets," Dr. Arthur Onken, agronomist, Lubbock South Plains Research and Extension Center.

The program should be concluded by 9:30 p.m., McBride said, and Farmer County beet producers are asked to attend.

## One Killed --

# Eight Wrecks During January

The Texas Highway Patrol investigated eight accidents on rural highways in Farmer County during the month of January according to Sergeant W. E. Wells, highway patrol supervisor of this area.

These crashes resulted in one person killed; 10 persons injured and an estimated property damage of \$5,815.

April 15 is the deadline to have motor vehicles inspected. During the past five and one-half months, approximately 2,000,000 or 35 per cent of the approximately 5,750,000 registered vehicles in Texas have been inspected. This leaves 3,750,000 vehicles to be inspected in approximately two months.

The Sergeant reminded car owners that under new provisions of the law there will be additional inspection this year

including: steering, wheels and rims, and front seat belts where the anchorages are part of the manufacturer's original equipment.

Motorists who wait until the last week of the inspection period may find that they will need to install seat belts. With the last minute rush, there may not be enough seat belts kits to take care of the demand, he pointed out.

According to the new Texas traffic safety laws, all persons under 21 years of age will be issued provisional permit to drive. Provisional licenses will help authorities keep track of accident-prone drivers and TEXANS FOR TRAFFIC SAFETY point out that this is highly desirable as youthful drivers are involved in a disproportionately high percentage of traffic accidents.

"Ran off the road" was the leading cause of fatal traffic accidents in Texas last year. Noting that 27.1 per cent of all rural fatal traffic accidents occurred when a vehicle left the roadway, TEXANS FOR TRAFFIC SAFETY said that accidents of this type are frequently caused by inattention and high speed.

**On The Farm  
In Palmer  
County**

By RONNY McNUTT  
County Agent

Results were recently received from a nitrogen fertilizer time of application study on milo conducted in 1967 by Bushland Experiment Station. The study is being conducted on the John Christian farm located three miles east of Farwell on an Amarillo Fine Sandy Loam soil. This study is a three-year trial which was started in 1966.

Purpose of this trial is to demonstrate the effect on milo yields of different rates and time of application of nitrogen. The 1967 results are similar to the 1966 results. The later the nitrogen was applied, the higher the yield. The split application (1/2 nitrogen after bedding and 1/2 side-dressed) was not as good as the treatment receiving all the nitrogen side-dress. There is some advantage to side-dressing over applying the nitrogen just prior to planting. The split application treatment was about the same as the preplant application.

Results indicate that it would be more economical to fertilize as a side-dress only; thus, eliminating a trip over to split the application. In 1967 it is doubtful that it paid to apply more than 80 to 100 pounds of nitrogen for this particular year and soil.

The check plot in 1967 on this trial yielded 3780 pounds while the highest yields were received on the side-dress application. Side-dress yields ranged from 7197, 7272 and 7543 lbs. from the following amount of nitrogen, 80, 120, and 160 lbs. per acre.

**FERTILIZER LONG TIME STUDY TRIAL**

Keith Brock, who farms 3 north and 3 west of Friona, has cooperated with the Bushland Experiment Stations the past two years to determine rates of N,P, and K that will give best yields on milo. Also broadcast versus band application and micronutrient responses are also being studied.

Results from the 1967 trials have just recently been completed. Results show that nitrogen alone gave an increase of approximately 1,000 pounds of grain. 160 pounds of nitrogen in combination with 80 pounds of phosphate gave an increase of approximately 4,200 pounds of grain over the check. Increasing rates of nitrogen alone didn't do much toward increasing yields. In 1967, 40 pounds of phosphate was sufficient when applied with 40 to 80 pounds of nitrogen, but with 120 and 160 pounds of nitrogen, 80 pounds of phosphate was necessary for maximum yields. It appears that the most profitable level was the 160-80-0 rate treatment.

Potash did not increase yields

and apparently decreased yields in some treatments at the 80 pound level. Banding nitrogen compared to broadcast made no difference. Sulfur or iron did not increase yields this year.

Keep in mind that this trial was conducted on a Pullman Clay Loam soil.

## Rainfall Appropriate --

# Large Yield Produced With One Irrigation

A yield of over 8,000 pounds of grain sorghum on one summer irrigation in West Texas seems almost impossible.

However, this was the case at the High Plains Research Foundation in the limited irrigation variety performance test in 1967. Yields ranged from 5,587

Half-Million --

# Farmers Get Disaster Loans

Emergency loans totaling \$522,330, have been made by the Farmer County Office of the Farmers Home Administration since July 1, 1967, to help local farmers and ranchers recover from natural disasters, Billy R. Boling, county supervisor reported this week.

Boling said Farmer County was designated by Secretary of Agriculture Freeman as an area in which emergency loans could be made by the Farmers Home Administration to eligible farmers and ranchers because

of the freeze damage, hail, and drought.

One hundred and ninety-three counties have been designated by Secretary Freeman as areas needing an emergency credit source. As of December 31, 1967, over 2,300 emergency loans for nearly \$14.25 million have been made in Texas.

In fiscal year 1967 over 4,100 emergency loans for around \$27 million were made in Texas. The program provides a standby source of credit for

farmers and ranchers who cannot obtain emergency credit elsewhere. Repayment schedules vary according to purposes for which funds were advanced.

## Deep and Slow

If you're not getting fish these days, the odds are about twenty-to-one you're fishing too fast and too shallow.

The most exciting type of angling occurs on the surface, but over the long haul you'll find that most fish in most areas are taken in deeper water ... and by anglers who have the patience to fish their lures at a snail's crawl.

"Fish 'em deep and slow" is the advice offered to fishermen by the experts of Mercury Outboards, and it's a tip that deserves further consideration.

While no theory in fishing is infallible, this business of switching to deep-running plugs when on-top baits fail to produce is merely common sense. During a 24-hour period, the shallows are good mainly in the early morning and at dusk. The rest of the time, you'll do better in the depths.

The biggest handicap to fishing a bottom bait properly is the fisherman's impatience which invariably causes him to retrieve too fast. It takes plenty of self-restraint to let an artificial sink down into 15 to 30 feet of water, and then retrieve it so slowly it would play second fiddle to a slow turtle.

As a general rule, turn the reel handle one complete turn about every five seconds. Occasionally twitch the rod tip to make the lure dart forward. The strikes you'll get adequately compensate for this painstaking retrieve.

Another advantage of working the depths with a bottom bumper is the fact that this is the home of big lunkers, fish seldom taken in the shallows.

So don't give up too quickly when you're on the water and the action is slow. Gear your fishing accordingly and hug that bottom ... that's where the fish are.

## Top Five --

# Edison Award Honors SWPS

Southwestern Public Service Company is one of five of the nation's investor-owned electric companies to be nominated for the 1967 presentation of the Edison Award, the industry's highest honor, it has been announced by Charles Avila, president of the Edison Electric Institute.

The review committee for the

## New Kit Lets You Lube It Yourself

Times change. There's no longer any need to take your sports car, power mower or boat motor to the corner gas station for that periodic grease job. You can do your own lubricating for far less money, and do it wearing clean white gloves.

An old line American manufacturer has developed an ingenious new packaging for lubricant ... a foil cartridge so clean it could be stored in a dresser drawer with shirts or lingerie. Inserted in a specially designed Uni-Mite grease gun, the cartridge lubricant is delivered under a tremendous 10,000 pounds of pressure. The gun is a simple, trigger-controlled device which can be operated easily with one hand.

The unique gun-and-cartridge combination has become a favorite gift for car buffs and home tinkers ... because of its small size, its ease of operation, its cleanliness and adaptability to virtually any grease job, from lawn mower to farm tractor.

Both lubricant and gun are unconditionally guaranteed for quality and performance. Replacement cartridges are available, packed three in a plastic sleeve.

HOT PEPPERS might keep you from having a heart attack according to Robert M. Grodner of Louisiana State University. He says that there seems to be a correlation between the low rate of circulatory ailments among the Indians of the Southwest and their large diet of hot peppers.

Feb. 29 --

# Student Council Sets Election Of Officers

Officers for Student Council of Bovina High for the school year 1968-69 will be named in elections Thursday, Feb. 29, according to Gary Cox, high school principal.

Campaigns began this week for president, vice president, and secretary of the Student Council, to be elected by members of the high school student body.

Cox, who is sponsor of the Student Council, said the new officers will attend the Texas Association of Student Councils to be held in San Antonio April 4, 5, 6.

The student council heads attending the convention will be the first entertained groups to tour HemisFair, opening this spring in San Antonio.

Walter Cronkite, nation-wide television newscaster, will be a featured speaker at the convention. Another national figure head has also been secured as

a speaker, but announcement had not been officially made as yet.

Candidates for the offices in-

## Colored Pics To Be Taken Wednesday

Colored pictures will be taken in Bovina High School Wednesday, Feb. 28, according to Gary Cox, principal.

Having the pictures made is optional with the individual student, Cox said, since black and white pictures were made earlier in the year for the school yearbook.

Proceeds from the colored pictures will go to the Student Council to help finance the officers' attendance to the Texas Association of Student Councils convention in San Antonio in April.

clude Bobby Redden and Gary Carson for president; Stuart McMeans and Rodney Murphy, vice president; Kathy Estes and Brenda Dilger, secretary. Others may also be nominated by submission of a petition bearing the names of 25 students and three teachers. Petitions must be submitted to Galen Hromas, president of the Student Council, before the election.

Qualifications for serving as officers of the Student Council are (1) have a grade average of 80, (2) maintain this average while serving, and (3) be in good standing with the teachers.

The president must be a junior or senior and must not hold the presidency in another organization during the year he serves.

Candidates already named were nominated at a Student Council meeting Monday.

March 25 --

# County Spelling Bee Scheduled

Parmer County Spelling Bee has been scheduled to be held in Bovina at 1 p.m. Monday, March 25, according to Mrs. Rita Mast, county chairman. Winner of the county bee will represent Parmer in the regional bee to be held in Amarillo this spring. The regional winner will participate in the National Spelling Bee in Washington, D.C.

Bees in individual schools will be held the week before the county bee, Mrs. Mast said. Spelling books are expected to arrive here next week. Two divisions will be held in

the county, Mrs. Mast said. The sixth grade students, while the upper division will be composed of seventh and eighth grade students.

Parmer County winner last year was Greg Hargrove of Farwell. Bovina's winner, who represented the school in the bee, was Cathy Mast.

## School Menus

**Feb. 26-March 1**  
Monday: Soup, meat and mixed vegetables, tomatoes, carrots, potatoes, cheese slices, cornbread, butter, milk, cookies.

Tuesday: Orange juice, hamburgers, lettuce, tomatoes, onions, pickles, peaches, Brownies, milk.

Wednesday: Orange juice, roast beef, gravy, creamed potatoes, green beans, rolls, butter, milk, cake.

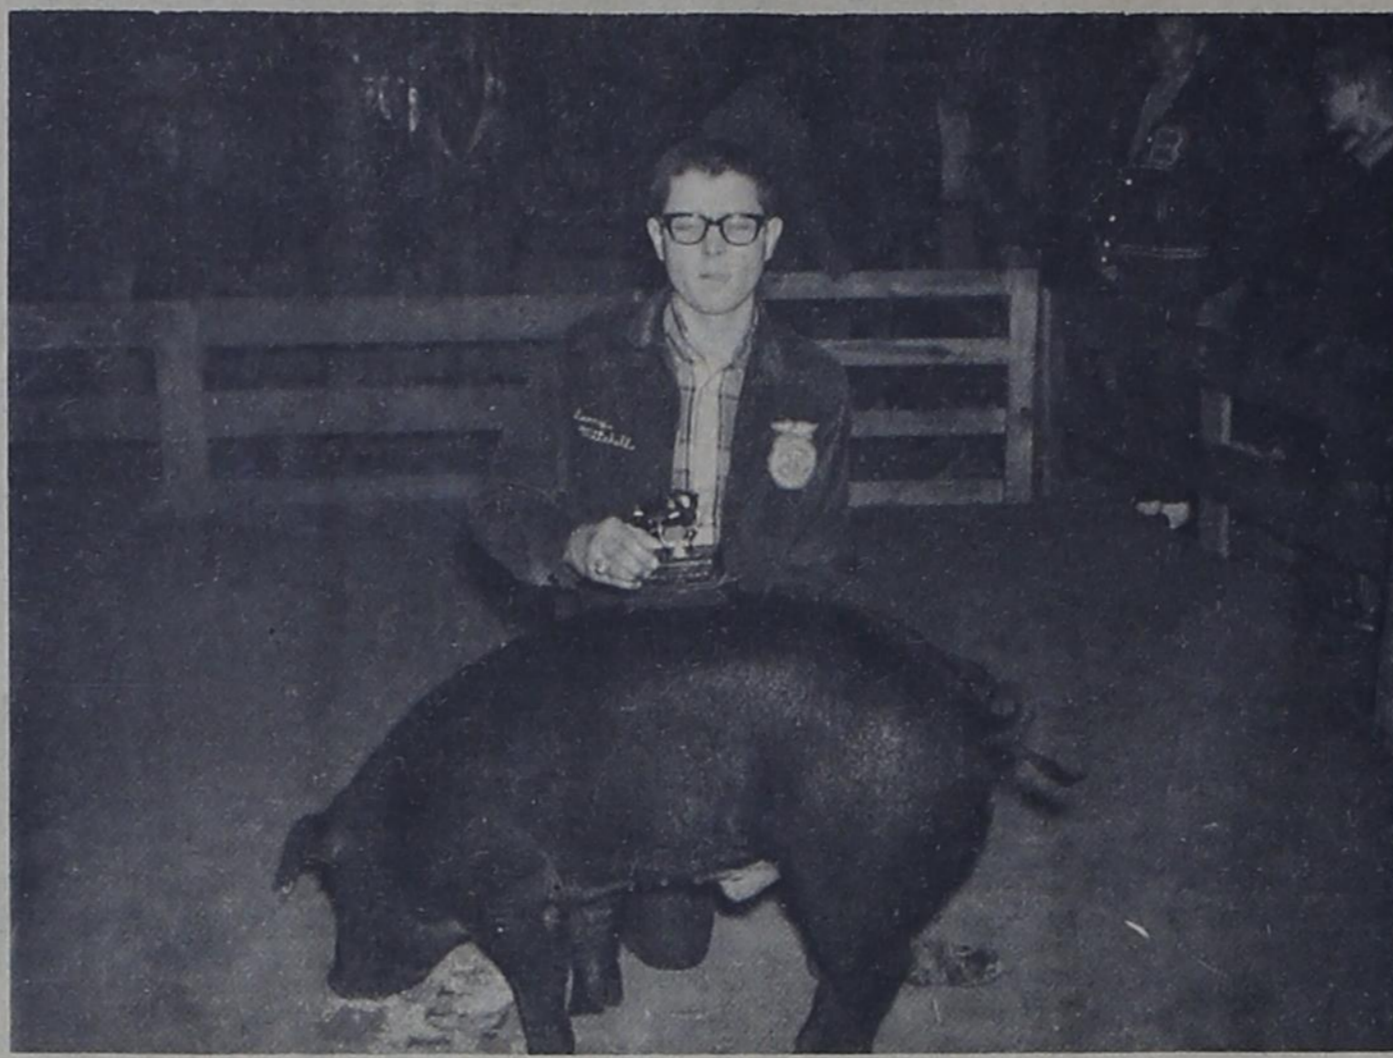

Thursday: Turkey and noodles, English peas, cabbage and carrot slaw, garlic bread, milk, fruit jello.

Friday: Orange juice, red beans, baked potatoes, lettuce, tomatoes, cornbread, butter, milk, lemon pie.

## FHA Game Set Feb. 26

Basketball game between senior FHA girls and faculty and women of the community will be held Monday, Feb. 26, instead of Feb. 22 as previously announced, according to Miss Pat Simons.

A conflicting event prevented members of the women's team from playing on Feb. 22.

RESERVE CHAMPION BARROW -- Larry Mitchell's Duroc was named the reserve champion in the Bovina Livestock Show and received a trophy awarded that place. A senior in Bovina High School, Larry is the son of Mr. and Mrs. Dean McCallum.

CHAMPION GILT -- A Berkshire, exhibited by Manuel Quintana, won the top award in the gilt division of Bovina Livestock Show Wednesday night. Manuel is the son of Mr. and Mrs. Pat Quintana and is a freshman in Bovina High School.

## Bovina Girls Second --

# Farwell, Springlake Win Junior Tourney

Bovina Junior High girls basketball team won the second place trophy in the district tournament Friday and Saturday at Farwell, coming in behind Springlake.

The boys, who had been district contenders, lost to Farwell in their first game. Farwell, which had not won a district game in the round robin schedule, took first place in the tourney.

Outcome of the boys' district has not yet been determined, since Springlake had led the round robin schedule, one game ahead of Bovina. However, the final Springlake-Bovina game was cancelled because of bad weather.

Bovina girls defeated Sudan, 21-20, in the first game of the tournament. Bovina led, 6-3, at the end of the first quarter, but Sudan took a 10-9 halftime lead. The score was tied at the end of the third, 15-15.

Darlene Murphy made eight points for Bovina, Twyla Hutto seven, Barbara Griffith four and Cindy Barrett, two. Bellar hit the basket for 15 for the losers. In the second outing, Springlake downed Bovina girls, 33-25, for the tournament championship. However, it was the fourth quarter that was the local team's downfall, when they were able to score only two points.

Springlake led, 8-6, 18-17, and 26-23, the first three periods.

Hutto paced Bovina with 13 points, Griffith added eight and Murphy four. Brittan led Springlake with 20.

In the boys first and only game of the tournament, Farwell took a 9-4 first quarter

lead. They held a 17-15 margin at halftime and a 27-21 third period lead before winning by a score of 33-27.

Roy Ramirez made seven Bovina points, Bobby McMeans and Jimmy Harris, six each, Tommy McCormick four, and Steve Douglas two.

Cricket

## At Home In Parmer County

By CRICKET B. TAYLOR  
County HD Agent

The first sewing class to complete the sewing course is Farwell. Bovina group will have its last class next week. Fitting problems seem to be high on the list as the most needed learning experience. A well-fitted dress is really the key to smartness. The fitting points that mark the difference between one that fits the individual and one that does not are emphasized and corrected for each on a basic pattern. Smooth fit, without wrinkles, and distortion of design yet comfortable is the objective.  
NEW BULLETINS  
Several new bulletins have

been received and are now available (free) to the public in the Extension office for those interested in gardening. Two are: "Indoor Gardens for Decorative Plants," and another "Spring Flowering Bulbs." Just looking at these can start "spring fever," with me; want to start digging in the yard. Another interesting bulletin is on "Flowering Crabapples."  
TIPS FOR HOME FREEZING  
Do not overcook foods that are to be frozen. Foods to be reheated before serving are best if only partially cooked. Use as little fat as possible in gravies and sauces. Fats have a tendency to separate. Fried foods may become rancid after 1-2 months of storage. Pepper gets stronger during storage, so use seasonings sparingly. Remember, the nutritive value of properly frozen food is nearly equal to that of fresh food. A storage table for high quality home-frozen meats and poultry at 0 degrees F:

|                          |             |
|--------------------------|-------------|
| Beef                     | 6-12 months |
| Lamb and veal            | 6-9 months  |
| Pork, fresh              | 3-8 months  |
| Sausage &<br>Ground Meat | 1-3 months  |
| Chickens                 | 12 months   |
| Turkeys                  | 6 months    |

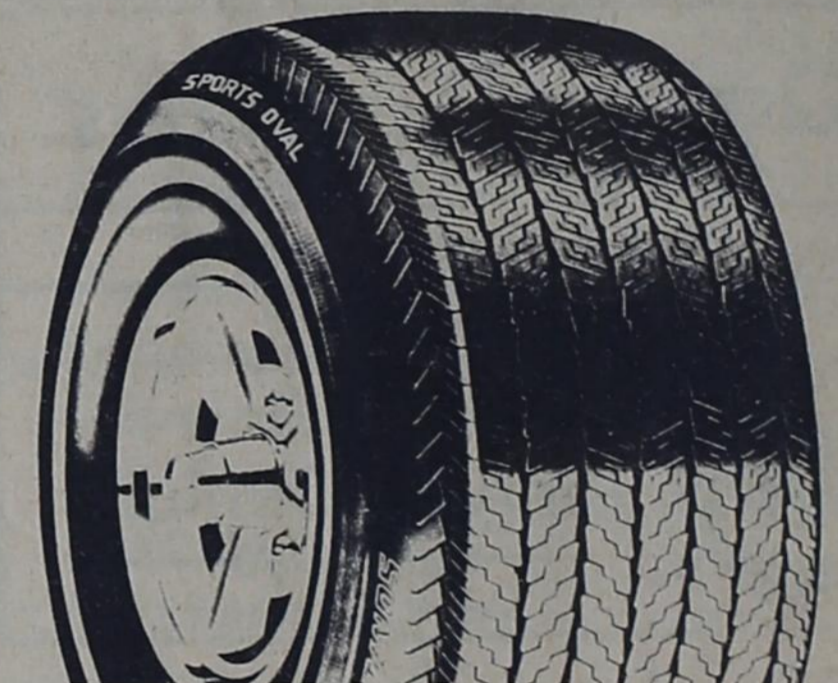

SEWING KNITS?  
Here is a tip. Perfect for hemming knits and other stretchy fabrics is a new flexible lace seam binding which allows a hem to "give" up to 20 per cent. This sheer nylon finish, available in seven colors, is practical because it can be hand or machine washed.

PRACTICE SESSION -- Bovina High School's band is preparing for Texas Interscholastic League concert contests later this spring. The band hall in Bovina Schools is the scene of the sessions each morning under the direction of James Andrews.

## There's nothing "hit-or-miss" about our Texaco Marfak Lubrication

1. We lubricate by *chart*, not by chance—never miss a spot!
  2. We use Marfak, Texaco's tough, stay-on-the-job lubricant. Won't jar out, leak out, dry out. Resists washout, too.
- Come in for the *sure* protection of Marfak Lubrication—and drive more smoothly, more safely. Our other services are tops, too!
