## "Old Sonora Town" paves way for tourism

If one were to read the papers and listen to the news, you would think our local state and national economy were headed toward disaster. If that's true, we should try to turn our steering wheel one direction or the other and avoid the impending wreck. The tourist dollar is a major outside source of revenue that we have available via Interstate 10.

A comparative analysis of what a merchant of Sonora faces:

We have 2600 people in Sonora and 1/2 of these people are children. This leaves 1300 adults - 1/2 of which are married to the other 1/2. This makes 650 households. Slightly over 2/3 of our population purchase the major portion of their goods in San Angelo. Therefore Sonora merchants are looking at less than 200 potential customers a year.

The Interstate has 5,000 vehicles a day passing through Sonora - each and everyday the full potential would be 5,000 vehicles x 2.3 people x 365 days a year = 4,197,500 potential customers a year. If we could get 1% to spend the night in Sonora, this would be 41,975 new customers a year at approximately \$50 each or a couple of million dollars in retail sales going to existing Sonora businesses.

It appears there are nearly 1/2 again as many vehicles on highway 277. At this time, consideration for the route of Interstate 27 is under consideration. If Sonora should be the intersection of two major interstate systems, this would even be better.

With the Free Trade Treaty coming into effect, it seems that the logical route for Interstate 27, after it leaves San Angelo, would be to link up with the nearest active Maquilladora Program which would be Acuna. The main consideration is currently through Eden and Junction. It looks like someone better present some logic to the interstate powers.

San Angelo just spent tens of thousands of dollars, untold intellectual man hours, plus outside experts. What did they come up with as their main assets?

1. Western and Agricultural Heritage. 2. Historical presentation. 3. Theater. 4. And the main thing was the genuine, friendly attitude of the citizens.

Hey, guess what - Sonora has that potential. We also have Interstate 10. We are also going to have a full-time horseshoer, the resurrected Sam Merck, and the revived Mr. Vander Stucken (Joseph's father) located in the historical Old Sonora Town.

We can utilize our heritage to make a difference in our community by using our assets such as: a little history, a little fiction, the interaction provided by the Wild Bunch, and the presence of the Caverns of Sonora - our most dominant attraction.

This cave that has been called; 1. "the most beautiful known cavern in the world" 2. the cave with more helectites than all of the other caves in the world put together 3. the only cavern with the butterfly formation 4. the cave with the giant soda straws.

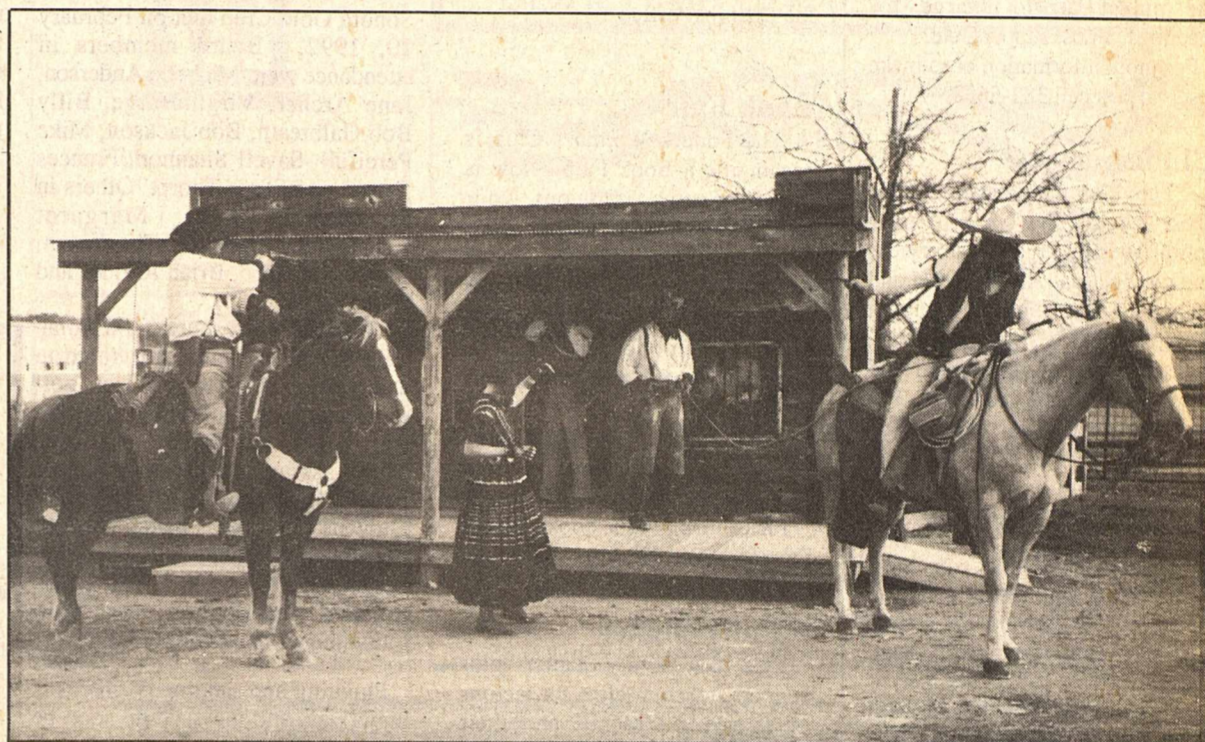

We also need to bring in the fact that 92% of America's mohair comes within 300 miles of Sonora and that the Sonora label is the only one that mentions Texas Mohair. Folks, we should be able to create some interest which translates into dollars for merchants. We can't afford to lose anymore retail establishments in Sonora.

Old Sonora Town now has six Sutton County ranches represented and we're seeking more. Jim Stephens and Preston Love will host a "Toast to Texas" on March 2 at 5 p. m. at Old Sonora Town. There will be representatives of the Texas Border Scouts decked out in 1836 period costumes to commemorate the signing of Texas Independence on March 2, 1836.

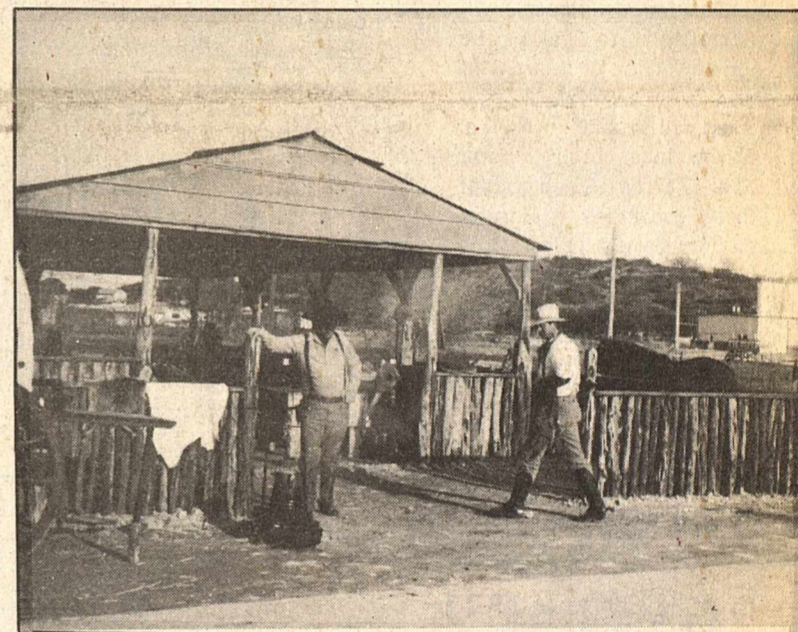

Clay Hall will host the American Boys Choir at Old Sonora Town and on May 2, Biscuits O'Bryan will be sponsoring the Betsy Schwiening Memorial dutch oven camp bread and biscuits.

This theme park idea might just catch on and help divert a few much-needed extra dollars into our economy.

## City Council plans spring clean up

Citizens of Sonora continually enjoy excellent clean-up services. However, March 16th thru the 20th the employees of the city sanitation department are extending extra services. Citizens are invited to set out large and excessive trash items at their designated trash

dumps. Any items weighing 100 pounds or less are permissible. Other items discussed at the February 18, 1992 City Council meeting were facts given concerning the sales tax revenue being down 28% from last year and interest rates on surplus city money

being down causing the city less money to appropriate.

Bruce Kerbow introduced the speculative trail that needed to be routed for this summer's tourist attraction wagon rides. Private people were willing to meet any expenses if the city would give access to designated tourist routes.

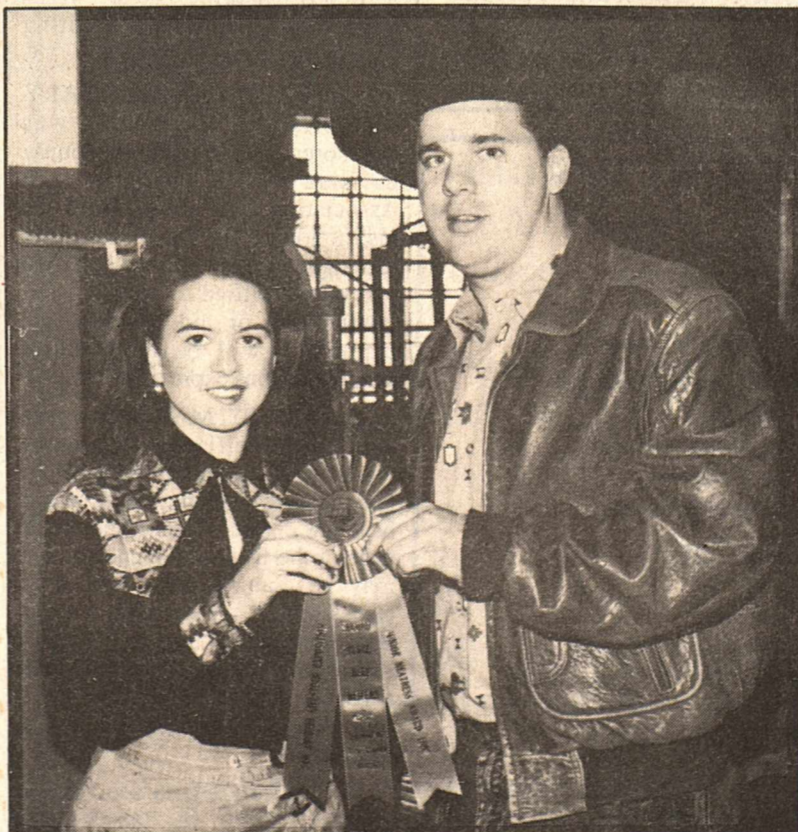

The Council opened the floor for discussion regarding Gary Galindo's request for a special permit to allow the bookkeeping part of his business on the Lot 6, Block 448 residential area. Neighbors expressed their opinions. Many residence stated their appreciation towards Galindo for cleaning up and beautifying the vacant lots. Others declared that the large business trucks were not welcome in their neighborhood.

The council voted to allow Galindo a special permit for office work only. No trucks would be allowed to park in the designated area. Any truck violations to this permit will cause the permit to be revoked.

Carl Teaff, the Sonora Fire Chief and Fire Marshal, gave a summary of Sutton County's fires. He reported 40 fires, which were 60% less than last year and 13 of these were small grass fires. Teaff recommended to the council to elect the following appointments: Assistant Fire Chief - Alan Prather and Rick Cearly; and Assistant City Fire Marshal - Brent Gesch. A

## Childers attends convention

John R. Childers, President of First National Bank recently attended the Independent Bankers Association of America's (IBAA) National Convention and Trade Exposition in San Antonio, Texas, which brings together the nation's community bankers and top financial regulators, key lawmakers and banking industry experts.

IBAA is the national trade association that exclusively represents the nation's community banks. During the annual convention, community bankers adopted hard-hitting resolutions addressing a number of legislative and regulatory concerns. They also heard from top-notch speakers, including Federal Reserve Board Chairman Alan Greenspan, Secretary of Agriculture Ed Madigan, FDIC chairman William Taylor, Comptroller of the Currency Robert Clark, Economist Donald Ratajczak and Consultant Bill Weber.

Rep. Carroll Hubbard (D-Ky.), a senior member of the House Banking Committee, also spoke to the community bankers. Last year, Hubbard introduced the "Hubbard amendment" maintaining present levels of deposit insurance coverage in the House-passed banking legislation. Maintaining current levels of deposit insurance coverage for consumers continues to be a top priority for community bankers.

"The funding base of community banks like First National Bank and the financial needs of our customers in Sonora depend on the maintenance of the existing deposit insurance system for community banks," said John R. Childers. "Limitations on multiple accounts would create uncertainty among depositors and would be a severe disincentive for savings."

Community bankers also adopted protecting the the diversified financial system as a priority for 1992. "We will oppose any so-called 'reform' measures that would weaken our community-based financial system, proposals that

would concentrate and consolidate our nation's financial resources into the hands of a few corporate giants," said John R. Childers.

First National Bank is a local community bank. Its deposits come from Sonora, and those funds are put back to work in Sonora in the form of loans to small businesses and consumers.

**OLD TYME COUNTRY BAND** - Local musicians entertain dancers at Senior Citizen's Valentines Dance.

## Sonorans enjoy dinner/dance

On February 14, 1992 the Sutton County Senior Center held its second annual dinner-dance. 233 Sonorans bought tickets to the wildly successful event and over 150 folks enjoyed the delicious meal. Still others stayed through the evening to enjoy the musical strains of the Old Tyme Country Band. The Senior Center was lit up until well past 10 p. m.

The success of the event stemmed from the hard work and efforts of the committee members and volunteers as well as the senior center staff who cooked the meal, sold tickets, decorated and provided entertainment. There was also an outpouring of assistance from local businesses, many of whom called to volunteer to help.

During the dance, Mandy Turk and Johnny Ringgold were announced as the 1992 Senior Sweethearts. Each received a corsage or boutonniere from Jane's

Floral, a gift from the Committee, a chicken-fried steak dinner from the Sutton County Steakhouse, a Russell Stover Valentine from Westerman Drug, and a Mohair throw from the Ol' Sonora Trading Company.

Beto's Restaurant donated a gallon of hot sauce, Tedford Jewelry donated Hallmark decorations, Smith Neal donated pecans which became delicious pralines thanks to the efforts of Lura Sawyer, Jeanne Davenport and Center Staff. Beto Duran also donated hot sauce.

Winners of the evening's waltz contest were Byerl and Betty Dillard with Pauline and Johnny Ringgold coming in a close second. They each received a Valentine stautette from the Committee on Aging. Also recognized for outstanding efforts by Committee President, Mandy Turk were: Carole Thorp, Juanita Mesa, Amelia Ramos, Dolores Salinas, Victoria Romero and Nora Dominguez.

Cub Scout Pack 19 enhanced the lives of some of our Senior Citizens by preparing homemade Valentines for folks who received home-delivered meals and could not attend the festive Dinner-Dance. Each was trimmed in lace and bore a stick of gum with the message, "I Chews You" to be my Valentine! The folks really enjoyed those thoughtful missives.

Playing with the Old Tyme Country Band were Johnny Ringgold, J. C. Surber, Joe Reyes, Harley Brooks, John Henry Strauch, Patty Strauch, Bob Costlow, Milton Cavaness, Oscar Galindo and special guest violinist, Becky Crawford from Menard. They played for a very receptive and enthusiastic crowd.

Food, fun, fellowship and funds were the order of the evening. Thanks to the combined efforts of all who are involved, over \$1,000 was raised to benefit the Senior Center. Heartfelt thanks to all of you who made the possible!

## Strauch attends TVMA conference

Patti Strauch, DVM practitioner at Animal Care Clinic attended the 1992 Conference of the Texas Veterinary Medical Association (TVMA), held January 31 through February 6 in San Antonio, Texas.

Some 1,600 people attended the annual meeting, including more than 550 veterinarians from Texas and other states, along with spouses, children, veterinary students, technicians and exhibitors from the veterinary industry.

Continuing education was the major purpose of the meeting, which was held at the Hilton Palacio del Rio and the San Antonio Convention Center with more than 100 nationally and internationally renowned veterinarians, animal experts, and producers speaking at seminars covering a wide range of topics, from veterinary specialties involving pets and livestock to exotic hoofstock and raites (ostriches and emus).

The conference also included a trade show featuring the newest innovations in veterinary products and equipment, and business meetings for the 2,800-member association.

## 4-H club plans meetings

Persons interested in the Sutton County Junior Livestock Show are invited to a planning meeting to be conducted at the 4-H Center on Thursday, February 20 at 7 p. m. Rules, dates and procedures for conducting the 1993 show will be discussed and adopted.

The 1992 4-H horse project will be discussed at a meeting of persons interested on Thursday, February 20 at 6 p. m. Some discussion is planned on the potential of sponsoring a WTRA sanctioned youth rodeo. The meeting for those interested will be held at the 4-H Center.

To provide your community with a clean, efficient source of fuel, natural gas pipelines are buried underground in many areas. Although these pipelines are built to meet the highest safety standards, an unknowing person who is excavating can cause accidental rupture.

In many areas, especially road

crossings, our company has posted warning signs to indicate the presence of an underground natural gas pipeline.

But you can always confirm the safety of your excavation site by calling us at one of the numbers below at least 48 hours before breaking ground. This way we can determine for sure whether you are in any danger of rupturing one of our lines.

Everyone—not just those involved

with excavation—should be alert to signs of a ruptured natural gas pipeline. These telltale signs include dying vegetation, blowing dust, persistent bubbles through water, a distinctive smell, high-pitched noises, and, in severe cases, fire or explosion.

So before you drive anything underground, get on the horn! In fact, call us collect to report any conditions that concern you in the vicinity of our pipelines.

## Ask the historical society

Submitted by Sutton Co. Historical Society

Was reporting in old issues of the Devil's River News of people from Sutton County involved in World War I as extensive as the coverage that was given to the Desert Storm troops?

American active participation in WWI began after President Wilson's "War Message" on April 2, 1917. Congress immediately declared war. The Senate approved this declaration on April 4th and the House on April 6th. On May 18, 1917 the Selective Service Act was adopted.

An Armistice was signed, in a railroad car, at Compiègne, France on November 11, 1918. The final peace treaty, called the Treaty of Versailles was signed in June of 1919.

We have on file, only 2 papers for 1917 and 1918. We have almost all of 1919's papers. In the 1919 papers we find many letters from servicemen telling their war experiences. Some go into great detail regarding rank, place stationed, activities in area, etc. We are reprinting the following letter as an example:

St. Mazairi, France, December 15, 1918  
Steve Murphy, Sonora, Texas.

How is everybody in dear old Sonora? The best town in the world. Best wishes for a happy and prosperous New Year.

Over here it rains nearly every day now. Did the same when we were in Bordeaux. Quite different from home.

We are all well and happy. This is our third trip to France and a different port each time. Came by England the first trip. Spent the 4th of July in Harve and was in New York November 11. Wish you could have been there. I never saw such a happy and large crowd in my life and won't forget that day on my 100th birthday.

Johnnie Martin and I were together a couple of times while in New York last trip. I saw J. D. Hill, U. S. N., and Lieut. Payne Robinson U. S. A., of Eldorado also. Hope to see some of the Sonora boys over here before leaving.

## Over \$1 million spent on welfare in Sutton County last year

The state spent a total of \$1,429,097 last year for major welfare programs in Sutton County, according to Ray L. Dunavant, Regional Administrator for the Texas Department of Human Services.

"Medical assistance had the biggest impact, with \$456,268 spent for families and children and \$233,317 for the aged and disabled for hospitals, physicians, laboratory, X-ray and other services. Also, \$10,803 was spent for families and children and \$55,933 for the aged and disabled in Sutton County for prescribed medicines. Nursing home costs of approximately \$322,364 were paid for aged and disabled residents. Community Care for Aged and Disabled spent \$103,406," Dunavant said.

Food stamps worth \$233,582 were issued for the fiscal year which ended August 31, while Aide to Families with Dependent Children (AFDC) totaled \$23,424. Food stamps are funded entirely by the federal government, while the department determines eligibility of

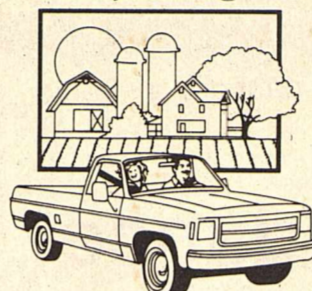

applicants and issues the food coupons.

The state and federal governments share in the cost of AFDC to families where needy children are deprived of support because of the absence or disability of one or both parents.

In addition to services and assistance to low-income residents of the county, the department extended protective services to 8 abused and neglected children and their parents or caretakers. These services, furnished without regard to family income, were designed to reduce or eliminate danger to children.

There were 6 investigations in adult protective services. These investigations concerned reports of abuse, neglect, or exploitation of elderly or disabled adults.
