dents will be enrolled and so arrangements can be made accordingly. "There are many unofficial reports in circulation about how many students we will and won't have," Morton says, "and this is a sure way to find out."

Students who aren't able to attend the registration Friday are urged to notify school officials that they will be in school.

Busses will run on the same schedule Friday morning as they did during the past school year. However, students will be dismissed at 10:00. Lunch will not, of course, be served and students will not go to classes Friday.

Classes will begin on regular schedule Monday. Lunches will be served in the cafeteria and the 1956-57 school year will be underway.

### NEWS FROM THE FARM BUREAU By RAYMOND EULER

Miama, Florida, will be the destination of at least a half dozen Parmer County farmers and their wives in December, the way it looks today. They will attend the American Farm Bureau Convention the second week of the month. A special train will go from Texas, and most Texas delegates and members will probably get together on that train. We hope the number increases to a dozen or more couples.
