Shurley Bros. Plan Big For Boer Goats

M.D. and Marvin Shurley, two brothers from Sonora, have big plans for a Purebred Boer Goat herd here in Sutton County.

The Shurleys have recently imported Boer goats from New Zealand. These Boer goats are the worlds largest meat goats.

Originally, the goats were purchased by the Shurleys to improve their herd, but Boer goats are now being considered exotics. The prices of these goats has risen tremendously. Prices for Purebred Boer Goats has doubled in the last year. Presently, each Boer Goat sale seems to bring higher and higher prices. Recently, one Boer Goat sold for over \$89,000. At the first U.S. public auction, held in August, the Boers sold for an average of \$10,000 each.

According to M.D., it is still profitable for ranchers to use this breed to diversify their existing goat businesses.

There are about seven different types of Boer Goats. The type of goat that is generating the most interest now is the "improved" breed. The Shurleys took the top 5% of their Spanish goat does and bred them to purebred Boer bucks.

M.D. and Marvin stated

M.D. & Marvin Shurley are pictured here with Krugerand, the North American Grand Champion Boer Buck.

that anyone buying Boer goats should be very careful as some of the embryos coming out of New Zealand are not of the "premier herd". They encourage buyers to deal with reputable agents when buying from overseas.

The Shurleys now own "Krugerand", the North American Grand Champion Buck. M.D. and Marvin say that presently it is easier to sell Boer goats than Spanish goats.

During my visit to their

ranch, I noticed that these goats were much bigger than Spanish goats and the seemed to be more docile. The coloring of these goats is white with a red head. Top bucks can weigh as much as 250 pounds.

Texas' First Lady To Visit Sonora

Kelly's Column

As part of EAT RIGHT AMERICA™ "Nutrition Fuels Fitness" campaign sponsored by the American Dietetic Association, Americans should eat a diet with enough fiber.

Although most health authorities agree that fiber is important in the diet, it is not yet known exactly how much and what types of fiber are needed each day. Some health organizations have suggested healthy adult Americans increase dietary fiber 20-30 grams per day, roughly twice what most Americans eat now. They also suggest an upper limit of 35 grams per day to avoid any adverse effect such as bloating, gas, or cramping.

Fiber should come from a variety of food sources including vegetables, fruits, and whole-grain products.

If you're not used to eating foods that are high in fiber, increase fiber gradually. Since fiber draws water into the large intestine, be sure to drink plenty of liquids - 8 or more cups a day - including water, juice, milk, and other beverages, soups and so forth, to avoid cramping.

The suggested levels of fiber are not meant for children, the elderly, or people on special diets, due to limited research with these groups. Because high-fiber foods are usually bulky and low in calories, small children, for example, may find it difficult to eat enough to get the calories they need to grow. However, everyone, including small children, should include fruits, vegetables, and grain products in their daily diet.

Some ways to obtain at least 20 grams of dietary fiber are by eating the following amounts of foods:

- Three servings a day of vegetables such as broccoli spears, corn, baked potato, and kidney beans;
- plus
- Two servings a day of fruit such as pear, apple, banana, figs, and orange;
- plus
- Three servings a day of whole-grain products such as whole-wheat bread, hot oatmeal, or other whole-grain cereal.

Card of Thanks

A special Thank You and acknowledgement to all Sonoran's and friends who contributed to the quality of life of a long time resident Torivio R. Chavez. The special attention given to my husband and children's father by the Senior Citizen's staff, Dr. Pajestka & wife, Hospice, Dr. Sobredo of Eldorado, Sutton County Ambulance Service, EMS and many others is sincerely appreciated. A beautiful experience was shared by relatives from as far away as California and friends from

Abilene, San Antonio, Del Rio, San Angelo, Houston, Fort Worth and Dallas. The unity of the town was also shared with our family with the many friends who contributed food and beverages and the beautiful flowers. My husband's friends of all ages brought our family a special feeling of caring, friendship and most of all a sign of the town peoples unity during a time of need. Thank you all,

Muchas Gracias from the Chavez Family.

"Trail Ride For Rehab" To Be Held At Chadbourne Ranch

The historic Chadbourne Ranch in Coke County invites you to escape the world of planes, trains, and automobiles for a weekend in April. April 16-17 the Chadbourne Ranch hosts the first annual "Trail Ride for Rehab" to benefit West Texas Rehabilitation Center in Abilene and San Angelo. Participants travel by wagon or horseback over private ranch roads and enjoy the rugged beauty of this scenic ranch which is normally not open to the public.

Trail riders will move along the ruins of Ft. Chadbourne. The fort was established in 1852 and was in use until 1864, providing protection to early settlers of West Texas. There were several skirmishes with the Apaches, Comanches, Lipan, and Kickapoo which inhabited this area.

G.G. Odom moved to the area shortly after the Civil War and established the Chadbourne ranch. At one time the ranch encompassed an area which ranged south to San Angelo, including the present Ballinger area, and back to the present location. The ranch now is a 27,000 acre ranch and is currently owned by the descendants of Mr. Odom.

The Chadbourne ranch has done a remarkable job in preserving the atmosphere that existed more than a century ago. The ruins of old fort

Chadbourne still stand silently above the rolling hills and lush pasture lands. The ranch still teems with deer, wild turkey and other game, as it has for so many years. Camped out

under the stars, it's not difficult to let your mind drift back a hundred or so years.

The "Trail Ride for Rehab" will provide a central campsite, a day-long trail ride on Saturday and a shorter version

Sunday morning, lunch and supper on Saturday and breakfast on Sunday, entertainment Saturday evening by the campfire, water, restroom facilities, and emergency telephone service. Early arrivals can be accommodated after 3:00 p.m., Friday, April 15.

Participation cost is a free-will donation to West Texas Rehabilitation Center at registration. West Texas Rehabilitation Center provides out-patient treatment services to more than 13,000 children and adults with disabilities each year without regard to their financial circumstances. The Center has facilities in Abilene and San Angelo.

For more information call Pat Clayton (915) 691-7290. After 7:00 p.m., you may call Mac Sayles at (915) 554-7884 or Thomas Hicks at (915) 537-2539.

Freelance Philosophy

I found a little book in Dallas called 101 Thoughts to make you T.H.I.N.K. I read through the book and although all 101 thoughts didn't make me think - a few did. Here are a few thoughts that made me think.

1. Unconditional love is when someone loves you in spite of you.
2. Fear of failure makes you fail. Be brave enough to win.
3. Here's my only guarantee: Life is going to keep changing.
4. Flexibility gives you possibility you never thought you had.
5. If you really want the apple, you have to go out on a limb.
6. People forgive a lot of things, but they never forget unfair treatment.
7. Look for the sunny side of every rainy day.
8. Lots of people are lonely. Say hello and smile.
9. Act happy, act confident, act like a winner. Practice makes perfect.
10. All that matters in life is how you react to what happens to you.

Until the next time,
May God Bless

Apply for College Tuition Money Early

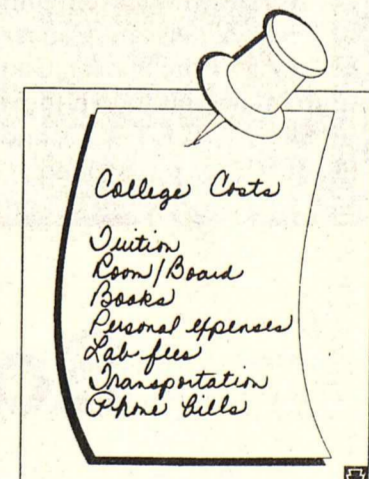

(DM)-Spring filing deadlines for student financial aid mean that it's time to get applications completed for help with college tuition bills. The Federal Family Education Loan Program makes it easier for students and parents to get loans for higher education.

Federal PLUS loans provide help for parents regardless of family income. Creditworthy parents may now borrow as much as they need, but not more than the cost of education minus other financial aid such as scholarships and grants. The current interest rate for Federal PLUS loans is 6.64 percent APR through June 30, 1994.

Access to education loans is easier for students too. Students who demonstrate need will find subsidized Federal Stafford loans available for borrowing up to \$8,500 per year, depending on the grade level. For subsidized Federal Stafford loans, the government pays interest while the student is in school or during authorized periods of deferment. Unsubsidized Federal Stafford loans are readily available with no requirements to demonstrate need; however, interest is not paid by the government. The current interest rate for Federal Stafford loans is 6.22 percent through June 30, 1994.

Before applying for loans, students must fill out a Free Application for Federal Student Aid (FAFSA), available from any high school guidance office or college financial aid office. Although this application is free, some colleges may request that students fill out a supplemental form, for which there is a fee.

Former director of financial aid at Butler University and currently a

special projects director at USA GROUP, Inc., Dan K. Stockwell says, "Don't assume that you are not eligible for financial aid. Some families mistakenly eliminate themselves from student financial aid by not applying. The rules that determine who receives student financial aid are complex so it's best to apply to make sure you know where you stand. You just might qualify."

A special loan information hotline, 1-800-562-6872, is available Monday through Friday, 7:30 a.m. - 5:00 p.m. E.S.T., for students and parents who may have questions about federal education loans. An automated voice response system takes messages at all other times.

USA GROUP, Inc., a nonprofit holding company based in suburban Indianapolis, is among the nation's largest financial and information-services companies specializing in higher education.

Friendship - Genuine & False

"On that day Herod & Pilate became friends. Before that they had been enemies". Luke 23:12

The old expression that POLITICS MAKES STRANGE BEDFELLOWS is true. How else can you explain the fact that during World War 2 the United States (Known then as a Christian Nation) and Russia (whose official stance was Atheism) became Allies? Of course, that's no stranger than what happened during the days of King Louis XIV of France. A court Physician & Astrologer (the two professions were then related) foretold the death of one of the king's favorite people. The king thought that the lady's death was the fault of the Astrologer, & called him in with the intention of having him executed. During the questioning, the king asked: WHAT CAN YOU TELL ME ABOUT YOUR OWN DEATH? After a moment of thought, the Astrologer replied: YOUR MAJESTY, I PERCEIVE THAT I WILL DIE THREE DAYS BEFORE YOU DO. The king believed his prediction, & from then on was very careful about the Astrologer's health.

King Herod & the Roman Governor Pontius Pilate, having stood together in their desire to be done with Jesus- & in their wish to be free from having anything to do with the death of an innocent Man, became friends. It wasn't that they trusted each other, or counted on each other. Their friendship was simply & solely based on the fact that they understood each other's difficulties & problems. And for the people of the world, that's about as good as friendship ever gets.

How much better it would have been if those two leaders

had found a different Friend that day. In Jesus, they - like countless Millions of people - could have made a Friend who would not only understand, but who would also care for them and love them. In Jesus - the silent, suffering Servant of God - they passed by a friendship that would not last only for a short time, but that would continue throughout Eternity. It is sad for them that they settled for each other, because they settled for second best.

One of the great Joys of life is to have a friend you can count on. If you're fortunate, you meet a handful of such individuals during the course of your life. It is my prayer and hope that everyone who reads these words numbers Jesus in that group-that He be Foremost in that group. For the words of the Hymn are also true: WHAT A FRIEND WE HAVE IN JESUS, ALL OUR SINS AND GRIEFS TO BEAR.....CAN WE FIND A FRIEND SO FAITHFUL, WHO WILL ALL OUR SORROWS SHARE? JESUS KNOWS OUR EVERY WEAKNESS-TAKE IT TO THE LORD IN PRAYER.

If you're a Christian & know someone who doesn't list Jesus as Savior & Friend, then pray that they're helped to know Him. Anyone or anything else is second best, a poor substitute. And if God has given you a special friend other than Jesus Christ, call or stop by today & tell them exactly what your relationship with them means. Speaking of His death on the Cross for our sins, Jesus says: **No one has a greater love than He who gives His life for His FRIENDS!** (John 15:13) Charles Huffman Faith Lutheran Church, Ozona Hope Lutheran Church, Sonora

First Annual Hoopsters Tournament Held

by Kaye Hufstedler
The '1st Annual Hoopsters Invitational Basketball Tournament' for the third through the sixth grade boys and girls was exciting and successful. The Little Dribblers tournament was held at the S.H.S. gymnasium on March 18 & 19, and showcased excellent young players from Sonora, Ozona, Eldorado and Big Lake. Community members from Sonora volunteered their time to put on a great tournament, and their help is greatly appreciated.

Trophies for 1st, 2nd, 3rd and Consolation winners were provided by Reggie Williams and Tryon Fields of Food Center donated the money to cover the costs of these awards. Marla Perciful provided "Hoopster Invitational Tournament" T-shirts for sale to patrons, coaches and players. Marla was also a great help in all facets of the organization of a well run tournament. Al Elliott provided refreshing drinks for the many officials. Many people volunteered their services in the areas of officiating, keeping books, running game scoreboards, coaching, concession stand work and cleanup, etc. I sincerely thank all of you who helped make our basketball tournament an enjoyable experience for the players, coaches and fans. VISTA Volunteers Sworn In

On Wednesday, February 23rd, 1994, Governor Ann Richards swore in VISTA volunteers. VISTA volunteers are people who volunteer their time to make sure children get immunized and educating mothers about prenatal care and the availability of food assistance.

Eli Segal, assistant to President Clinton and head of the Corporation for National and Community Service, stated that 4,400 Texas children have had measles in the last 5 years and that 14 died in fiscal 1994 from the preventable disease. Mr. Segal talked about the untapped potential of those who died, saying any of them

might have been an artist, Texas governor, or a researcher who would discover a cure for AIDS.

"We cannot allow our children to die from illnesses we have the knowledge and the skill to prevent," he said.

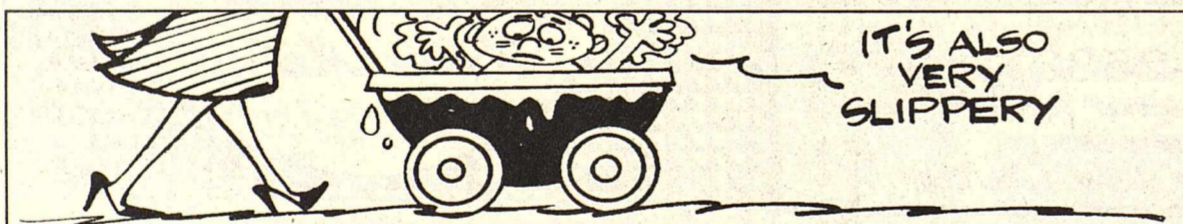

Ms. Richards told the volunteers, "We're asking you to walk a little way with someone who needs a friend, with someone who needs assistance. We're asking you particularly to pay attention to the children of Texas."

The governor also issued an executive order establishing the state component of President Clinton's national service program and accepted

\$480,000 in federal funds for it.

Texas' volunteers are the first VISTA workers eligible for the education money - which was proposed by Mr. Clinton during his 1992 campaign and approved last year by Congress - according to the Corporation for National and Community Service, created to bring together federal domestic volunteer organizations.

If you are interested in knowing more about the programs offered in Sonora, call Mary Trevino at the Texas Dept. of Health at 387-2234.

The Sonora Women's Golf Auxiliary met on Wednesday, March 16, at the Sutton County Steakhouse. Jane Archer and Jerri Martin served as hostesses for the luncheon.

President Shelley Shannon called the meeting to order and Secretary/Treasurer Michelle Krieg read the minutes and gave the financial report.

President Shelley Shannon announced that the Auxiliary had purchased two more windsuits for the Sonora High School Girls' Golf Team. She also had visited with Brian Rhodes, the greenskeeper at the golf course, and informed the Auxiliary that the Nos. 1, 3 and 5 tee boxes had been levelled and improved and that Jodie Finklea had donated the black dirt to do the same to the rest of the tee boxes. Shelley read a letter from Brian outlining some of the suggestions he had for the Auxiliary including a work day before tournaments as the men do. Brian expressed his willingness to help in any way he and Tony can to help make our tournaments the best they can be. He also expressed a need for new flags for the pins for daily use

and for practice green flags. A motion was made by Poochie Olson and seconded by Juanita McBride that these be purchased and the Auxiliary approved the motion.

Shelley reviewed committees for the upcoming 2-lady tournament on April 23. Shelley will be chairman of decorations, Tressa Henson chairman of the food committee, Janell Sparks chairman of the door prizes and Mary Lou Hudman chairman of the cart committee. Lists were also circulated for the food for the 2-lady tournament, as well as the high school district tournament on April 16. Becky Covington is in charge of the refreshments for the high school tournament.

It was announced that Sue Moore has a new daughter and the Auxiliary will purchase a gift for her.

A benefit golf tournament was discussed and Shelley was to get with John Adams about a date. The tournament will help offset some of the expense for materials to finish paving the cart paths. The City of Sonora is going to pave the paths with the golf club furnishing the materials.

Free Trees To Be Given Away

Free trees will be distributed by Sonora city employees to all interested persons this Friday (March 25) in the Food Center parking lot. The trees will be given out on a first-come, first-served basis from 1:00 p.m. until 5:00 p.m.

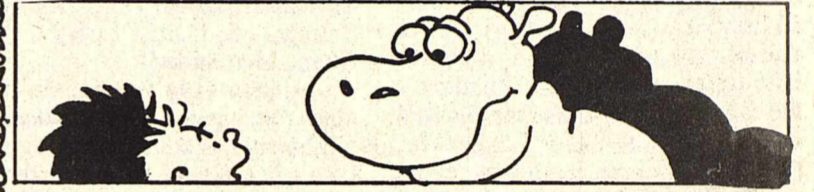

The tree giveaway is a cooperative program between the City of Sonora's "Tree City USA" project, and IGA's "Hometown Trees" program. Locally, IGA Food Center manager Thomas Adkins obtained 400 trees for free distribution as Food Center's contribution to ongoing beautification efforts in the city.

"We are very appreciative of Food Center's involvement," said Sonora

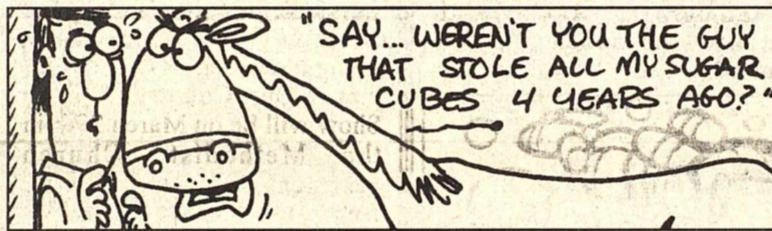

Mayor Lemuel Lopez. "This is the kind of community spirit that keeps Sonora strong, and makes our community the envy of others."

The number of trees any one individual can pick up is limited to two, in order to ensure that as many people who want a tree will be able to get one. Trees available will be Burr Oak, Chinese Pistache and Lacebark Elm.

Additional support and funding from the "Hometown Trees" program is provided by Louisiana-Pacific Corporation and Coca-Cola, USA. Last year, over 600,000 trees were planted nation-wide through the program.

Hospital Board Meeting Minutes

The regular meeting of the Sutton County Hospital District, Board of Directors, was held on Monday, March 14, 1994, at 7:00 p.m. in the conference room of the Hospital. The following Directors were present: Smith Neal, Vice President; Ray Smith; Lewis Allen; Carol Parker.

Also present were Al Elliott, Hudspeth Corporate Board, Gavin Russo, Representative of Enron Oil Company, Ben Solis, John Hempel, Administrator, Kathy Knight, Board Secretary, and residents of the District.

Mr. Neal called the meeting to order.

Upon motion by Ray Smith, seconded by Lewis Allen, the Board approved the regular meeting minutes of February 14, 1994, as written.

Al Elliott addressed the Board with the annual update from the Hudspeth Corporate Board. Mr. Elliott stated that the current balance of the loan is \$42,623.00. Mr. Elliott advised that there is \$11,700.00 in the bank at this time. Mr. Elliott advised that royalties had dropped to around \$600.00 a month, and no new wells had been drilled on the property.

Gavin Russo, Representative from Enron, addressed the Board with the additional wells that will be added to the tax roll. Discussion was held regarding the tax abatement. It was the consensus of the Board that the Hospital District is in a different situation than the other taxing entities. Ray Smith made the motion to deny the tax abatement. Carol Parker seconded the motion. Motion carried unanimously.

Mr. Hempel presented a list of the Hospital bad debts to be written off. Mr. Hempel advised that they will be turned over to the collection agent and will continue to be worked. Upon motion by Ray Smith,

seconded by Lewis Allen, the Board approved the list of Hospital bad debts to be written off.

Mr. Hempel advised the Board, that after studying the cost of meals for the facility, he recommended the cost per meal for the employee be raised to \$2.00 per meal and that the Dietary staff and the Administrator pay for their meals. Lewis Allen made the motion to raise the cost to \$2.00 per meal for all employees and to include the Dietary Staff and Administrator, this is to be added to the Personnel Policies. Ray Smith seconded the motion. Motion carried.

Mr. Hempel presented to the Board the cost of new beds, bedside tables, and mattresses for the Nursing Home at a cost of \$20,321.00. An additional \$100.00 per room for tinting the windows on the East side, painting each room, bumper pads along the base of the wall, for an approximate total of \$25,000.00 to improve the Nursing Home. Discussion was held regarding ways to fund the cost of the improvements. Ray Smith made the motion to seek donations from organizations and individuals. Carol Parker seconded the motion. Motion carried unanimously. The Board asked for this item to be on the April's agenda for an update.

Mr. Hempel advised that he had put out cost cutting directives to each department of the Hospital and Nursing Home. Mr. Hempel advised that these directives should save an approximate \$55,000. Mr. Hempel advised that the Board should see a difference in the April financials. The Board advised that a financial status report be reported back at the April Board meeting.

Mr. Hempel advised that Congressman Bonilla was trying to get Medicaid coverage for one of the

Nursing Home residents. He will report back to us next week with a status report of this situation.

Mr. Hempel reported that we have three physicians interested in coming to Sonora. One of the Physicians has worked on two different weekends here at the Hospital. Dr. Nichols will be here this weekend to work and look around. Mr. Hempel is working on getting the third physician here for a weekend. Discussion was held regarding the three physicians. The Board will meet at noon Saturday, the 19th of March, to visit with Dr. Nichols and his wife.

Mr. Hempel gave the financial report for January. The Hospital showed a loss of \$47,735 and the Nursing Home showed a \$10,335 loss.

Upon motion by Carol Parker, seconded by Ray Smith, the Board approved the February, 1994, expenditures.

VISITORS COMMENT: Mrs. Liz Hemphill addressed the Board concerning some problems in the Nursing Home. Discussion was held regarding the preparation of the meals and the menu's for the Nursing Home. Mr. Hempel will be addressing these problems with the Dietician. Mr. Hempel will check into an exhaust fan for the lobby of the Nursing Home for the residents that smoke.

Mr. Ben Solis addressed the Board stating he has lived in Sonora for the last 20 years and has been involved in several activities through the years. Mr. Solis added that he would like to contribute his time and effort in the health care of Sonora.

The Board thanked Mrs. Hemphill and Mr. Solis for attending the meeting with their concerns and input for the facility.

With no further business, Carol Parker made the motion to adjourn. Ray Smith seconded the motion. Motion carried.

TEXAS LAW ASK THE OFFICER

Ask the officer is sponsored by the Texas Highway Patrol Association and seeks to answer questions on law enforcement, public safety and other concerns involving the welfare of Texas citizens. "I'm going to relate an experience I had just a couple weeks ago. I almost didn't walk away from this one. It was night time and I was standing next to a car I'd pulled over to the side of the road. Well, a pick-up truck ripped past me and I felt its mirror just graze my arm. A mille-inch closer and it would've hit me.

The moral of this story is: please give an officer room when he's standing next to a car alongside the road. Leave an extra lane of space, it could save a life."

Trooper Kevin Wilkie is a Texas Highway Patrol Association board member, and works in west Texas

DEFERRED ADJUDICATION

Q. I know you can take defensive driving to dismiss a speeding ticket. But I got two tickets in two days. I really can't afford for my insurance to go up. What's "deferred adjudication" all about?

D.P., Spring

A. Deferred adjudication is almost like probation—it puts the ticket on hold, usually for a 30 to 60 day period. If you don't get another moving violation during that time period then you're okay. However, it's offered only at the judge's discretion.

PATROL CARS

Q. I've seen troopers in Crown Victorias, Caprices, Mustangs, Cameros, Broncos and most recently Jeep Cherokees. What's the deal? Is there no set standard for highway patrol vehicles?

G.B., San Antonio

A. Most troopers prefer the Caprices because they are safer and roomier. Now that the bigger cars are getting faster you might see them replacing some of the smaller pursuit vehicles (Mustangs, Cameros) in the future. You'll see dog handlers and License and Weight officers using the Jeep Cherokees.

DRIVE TIME

Q. I'm a busy man and I'm always in a hurry. To save time, I use my driving time for more productive things, like shaving, eating, or making telephone calls. Is there a legal problem with doing something else while you're driving? What would you do if you pulled beside me and saw my paper spread over the steering wheel?

P.P., Dallas

A. It's not "illegal" for you to carry on these activities although if doing so makes your driving unsafe you could get a reckless driving violation or worse, in an accident. You may want to know it is illegal for the driver to watch a TV screen. My best advice to you is even on perfect days you need to devote your entire attention to driving.

Compiled by Tamara Prior

YIELD TO THE RIGHT

Q. What do you do if you are pulled over on a divided highway? Coming home from Dallas recently we saw a car that had been pulled over on the left shoulder on the Interstate. I always thought you were supposed to pull over on the right, but what about a divided highway, which is essentially a one-way road?

R.G., Temple

A. I always direct people to pull over the right, but if for some reason you have a problem, maybe a car is blocking you or construction (in Dallas?) is occupying the shoulder, and you're unable to pull to the right, then you can pull over to the left. It's unusual though and probably harder to enter the traffic flow later.
