## Twister Nicks Sonora

Trees were uprooted and debris was scattered as a twister touched down in the southwest section of Sonora last Thursday night.

According to Rudy Ramos, neighbors reported seeing a funnel storm as hail and high winds struck the town.

Reports were that the damage was caused by straight winds, but the twisted branches and uprooted trees indicated that there may have been a small tornado.

Said Ramos, "If this was a straight wind, it was one heck of a wind."

The Ramos house was damaged by the storm, but no injuries were reported.

# Freelance Philosophy

It is one a.m. and I am watching my 5 year old son sleep as I write this article. I am thinking about how precious he is and about young innocence.

I am also wondering what happens to people that makes them lose that innocence.

Why do people say nasty things about other people?

Why do people do things to hurt other people?

Why can't people learn to stop abusing other people?

What makes people spread lies and gossip?

*I think I know.*

In each of us there is good. In each of us there is evil. The good and the evil within us all are constantly at war. The good wants to win. The evil wants to win. Ultimately, each of us must decide which will be the victor.

It is very sad that some people are letting evil win in their lives. Then, again, I guess for some people it has always been that way and always will be.

As for my sleeping boy, all I can do is protect him for as long as I can and try to prepare him for the battle ahead.

Until the next time,  
May God Bless

# Ask The Historical Society

This is a Noah Rose photograph, circa 1897, of wool wagons parked in front of the Devil's River News office on Concho Avenue.

by Jo-Ann E. Palmer,  
Secretary  
Sutton County Historical Society

Q. Where did you ever get that ridiculous yarn about a woman crying and getting the town named the way she wanted? I was told that Charlie Adams named the town.

A. San Angelo Standard, July 19, 1890

"The credit of being the original locator of the town is given to Charles F. Adams, who is considered the leading spirit in all enterprises in that section. At his wife's suggestion the town was named Sonora."

Naylor's Epic Century The Illustrated All-Texas Magazine, Vol. 5 No. 5, June 1938

How a Woman's Tears Changed Name of Randell to Sonora by W. E. James

"Few people know the real facts of the 'how and, why' of the town of Sonora - who started it and when. Old-timers interviewed here and there have given versions of the matter as they remembered it. All concede that it was the work of Charley Adams, and in fact, it was he who laid the foundation for the thriving little city."

"But it was his wife, Mrs. Alice E. Adams, who was the real founder of the town and gave to it its name. It was Mrs. Adams' idea, and she convinced Mr. Adams that it would be a good thing to do. However, she reserved the right to name the town, when and if it was started. These facts were obtained from Mrs. Adams through her son, Ica, (Ica was born in 1893) who now resides in Brawley, California. The following quotation is taken from a recent letter from Mr. Adams:

"My mother conceived the idea first, to start a town and finally convinced my father. It was her only wish that, if a town was started, she

be given the privilege of naming it. This was agreed to and my father proceeded toward this end.

A water well was started in the latter part of the year 1888, and the location of the well was in what is now your courthouse yard. This well came in the early part of the year 1889.

My mother was then living at Fort McKavett. When my father informed her that he was getting ready to send in the papers for starting the town, evidently he had forgotten his promise to let my mother name it. He had selected a name: 'Randell.'

My mother states that she 'broke into tears' and that my father acceded to her wishes. She then selected the name of 'Sonora' and sent it to my father a day or so later. Sonora was chosen by my mother, not because of any particular meaning, but because she liked the word and the way it sounded."

The story of Mrs. Adams

naming the town was also printed in the Devil's River News at that time.

Word of mouth history is great to listen to but sometimes the facts become distorted through the years. This particular story is backed up by an article in 1890, when the event occurred, by several people who were there at the time and is fairly well documented in several periodicals. I am sorry you don't like this "yarn" but it looks like it is not going to come unraveled.

Don't forget readers, we are still looking for pictures, or copies of pictures, of everyone who has ever lived in Sutton County. Please we need your help to complete this project.

If you have any questions concerning Sutton County history send them to "Ask the Historical Society" P.O. Box 885, Sonora, TX 76950-0885 or give one of our researchers a call at 915-387-5144.

# Clifton Recieves National Award

Sonora's Tom Clifton, manager of the Sonic Drive-In, received a national award at the company's recent national convention in New Orleans, LA. Sales increased by \$50,000.

The Sonora Sonic Drive-In experienced a \$50,000 increase in sales in fiscal 1993.

"I attribute my success to the improved economic climate in Sonora, and a few changes such as the playground and remodeling," commented Mr. Clifton. "Adding the assistant manager, Joe San Miguel has helped to improve the service. The young people in Sonora have been very special in their job, service and their patronage."

Mr. Clifton is also manager of the Sonic in Hondo, Texas. They have experienced an increase in sales also.

Originally known as the Top Hat drive-in, Sonic was founded in 1953 in Shawnee, OK. Forty years later, Sonic has grown to more than 1320 drive-ins in 25 southern states. The company's national headquarters is located in Oklahoma City, OK. Sonic is the nation's largest chain of drive-in restaurants and America's fifth largest hamburger chain. In the Southwest, Sonic is the second largest hamburger chain. More than half a million people eat at Sonic Drive-Ins everyday.

Sonic holds fast to its menu of hamburgers, coney's, French fries, onion rings, tater tots, and specialty fountain drinks such as cherry limeades and vanilla cokes. Sonic's carhop service and menu attract loyal customers who eat at Sonic Drive-Ins almost twice as often as the average customer of other hamburger chain restaurants.

Sonic's continued success has earned the chain national recognition from the financial press and attention from investors. Recently, Sonic was

# 25 Inducted Into NHS

**Chris Scott, 93-94 President of the Sonora Chapter of the National Honor Society.**

On Sunday, May, 15th, a ceremony was held at the Sonora High School Auditorium to induct twenty-six new members into the National Honor Society. During the ceremony, four current members of the NHS lit candles and explained what each represented to the National Honor Society. Gloria Escalera, NHS Vice-President, represented Scholarship by lighting the yellow candle. She stated, "Scholarship means a commitment to learning. A

student is willing to spend hours in reading and study, knowing the lasting benefits of a cultivated mind. We should continue to learn even when formal education has ended, for education ends only with life. Knowledge is one great element in life which leads to the highest success, and it can be acquired in only one way - through diligence and effort. Learning furnishes the lamp by which we read the past, and the light which illuminates the future. Candidates have the charge to continually expand

their world through the opportunities inherent in scholarship.

Representing Service by lighting the red candle, was Becky Lumbreras. She explained, "My office is service. Service can be expressed in various ways. In the routine of the day's work, many opportunities arise to help others. Willingness to work without monetary compensation or without recognition for the benefit of those in need is the quality we seek in our membership. We are committed to the idea of volunteering our time and abilities to the creation of a better tomorrow."

Jenny Purvis, Secretary for the NHS, represented Leadership by lighting the blue candle. "Leadership should exert a wholesome influence on the school. In taking the initiative in class and school activities, the real leader strives to train and aid others to attain the same objective. The price of leadership is sacrifice - the willingness to yield one's personal interests for the interest of others. A leader has self-confidence and will go forward when others hesitate. No matter what power and resources may exist in a country, they are ineffectual without the guidance of a wise leader. Leadership is always needed, and is thus a substantive charge to each of our members and to the candidates.

Wade Spain, lit the green candle, which represents Character. Wade explained, "Character is the force within each individual which distinguishes that person

from others. It gives each one individuality and personality. It is that without which no one can respect oneself, nor hope to attain the respect of others. It is this force of character which guides one through life and, when once developed, grows steadily. Character is achieved and not received. It is the product of constant action, daily striving to make the right choice. The problem of character is the problem of self-control. We must be in reality what we wish to appear to others. By demonstrating such qualities as responsibility, honesty, and sincerity, we may hope to prove by example that we value character."

Those inducted were: Seniors - Dawn Beebe, Cindy Chavez, Laura Hearn, Narciso Lira, Alma Sanchez and Tabby Sanchez; Juniors - Becca Fields, Chris Neal and David Velez; Sophomores - Tonni Balas, Josh Burnham, Jesse Crain, Curt Dempsey, Christina Escamilla, Ricki Fields, Gayla Frederickson, Daniel Grubbs, Davis Hale, John Jones, Shauna Nitsch, Sam Odom, Gloria Ortiz, Levi Pool, Laura Purvis, Rachel Ramirez and Bonner Walsh.

The inductees were welcomed by members Martha Alvarez, Anthony Brown, David Davenport, Gloria Escalera, Casey Fitzgerald, Sandra Gonzalez, Kelly Kiowski, Tina Kohutek, Amy Love, Becky Lumbreras, Bobby Mogford, Callie Moore, Jason Morley, Kim Owings, Jenny Purvis, Vicky Richardson, Chris Scott and Wade Spain.

## New Minister Named To FUMC

Ron, Linda Jean and Rachel Ann Myers

**Editor's Note:** Rev. Ron Myers has been appointed by Bishop Ray Owen to serve as pastor of First United Methodist Church of Sonora beginning June 9, 1994. His wife, Linda Jean, will serve as pastor of the Rocksprings Methodist Church.

The following is a letter that was written by Rev. Myers to the members of the church.

Greetings to you in the name of our Lord and Savior, Christ Jesus.

We are busy making preparation for the long journey to Texas from Alaska. We have held the moving sale, sold two cars, packed and mailed over 60 boxes of books, and are preparing to say our goodbyes. I will fly out of Alaska on May 22nd and will pick up my car in Seattle to drive to southwest Texas.

Linda Jean and I are excited about the opportunity that awaits us for ministry in Sonora. The Rev. Janice Ribble-Huie and the Rev. Clay Hall have been extremely supportive to us during this transaction period, and speak about your community of faith with much affection. The many changes that are taking place in our lives are made easier because we trust that Sonora is where God is now leading us in ministry.

Six years ago, we stepped out in faith, leaving two congregations in the Iowa Annual Conference to join the National Division of the General Board of Global Ministries in the Alaska Missionary Conference. We

educational opportunities and research that enhanced the ministry of the local church, and promoted interreligious dialogue. Throughout my years at A.P.U., I knew that I would return to the local church as pastor. I believed that it is in the context of the local church that the fullness of what God is calling me to is best realized.

Linda Jean has watched the Wasilla congregation grow from 45 average attendance to 185 on Easter Sunday, 1994 and an average of 95-100. We have completed a two year 4500 square foot educational building project utilizing volunteer labor from throughout the United Methodist Church connection. She is excited about the prospect of ministry in Rocksprings and Sonora, and having more time to spend with family.

We are deeply committed to the outreach ministries of the church. Six years of our ministry was involved in the mission work of our general church, and we plan to continue with this commitment as pastor of local churches in the Southwest Texas Conference.

Our desire to leave mission work is simply related to finding a more suitable place to raise our three-and-a-half year old daughter, Rachel Anne. She is the joy of our life, and Alaskan born. We love to travel and spend time with family. Leaving the Iowa Annual Conference of the United Methodist Church is the result of our desire to find a smaller and more intimate annual conference.

Golf and Basketball are enjoyable pastimes in my life, but playing the piano is my passion. Linda Jean finds time for outdoors and gardening, sewing, arts and crafts, and reading. Rachel Anne loves to dance.

We pray for you constantly as you prepare to say goodbye to the Hall family. It is our intent to be as faithful as they were to serving you in Sonora, Texas. May God's grace and peace be with us all during this time of change. I look forward to seeing you in early June. Rachel Anne and Linda Jean will join us in late June.

were appointed to serve as co-pastors of the Parks Highway Parish (F.U.M.C.; Wasilla; Willow U.M.C.; and The Trapper Creek Fellowship). After one year, I was asked to serve as the University Chaplain at Alaska Pacific University, a United Methodist church related university. Linda Jean continued as pastor of the Parks Highway Parish until the First United Methodist Church of Wasilla grew so quickly that the conference committed her energies fully to the church in Wasilla.

My responsibilities at Alaska Pacific University have focused on nurturing the spiritual and religious affections of the Staff, Faculty and Students. I have enjoyed this period in my ministry. I am grateful to have had an opportunity to teach at the undergraduate level, to play a role in developing a student counseling center, and to represent the university to the religious community of Alaska. During this time, I served as the Director of the Center for Religious Study and Service at A.P.U. The center's purpose was to provide on-going

### Cowboy Church Service

Crystal was raised in the Ozark Mountains of Southern Missouri. She was saved at the age of 8 and with adulthood came a hunger for the Word of God and the desire to be used of God and the ability to write songs.

In 1986 God used something totally unorthodox to thrust Crystal into rodeo ministry. She began riding bulls and bareback horses in the Professional Women's Rodeo Association. That year she was Rookie of the Year in both bulls and barebacks. In 1986 and 1987 she was invited to the National Finals Rodeo in Las Vegas, NV to ride a bull

and bareback during the crowning of Miss Rodeo America. In 1991 she stopped riding rough stock. She does still get on one occasionally for fun.

Ray (a PRCA bullrider) and Crystal with her two sons Tyger Tuff and Colt Wrangler travel full time ministering where ever God leads. They hold Cowboy Church Services at rodeos, barrel racing futurities, buckouts, ropings, etc. Crystal also does concerts from the back of her paint stallion, Max, at rodeos as pre-rodeo entertainment and midway through the rodeo where God has opened doors to minister to the entire rodeo audience.

## Girl's Golf Team Takes Second at State

## Street Number Project

To the residents of Sonora:  
The City of Sonora is currently standardizing all business and residential street numbers. This will permit the 911 emergency response system to operate more smoothly.

For my Eagle Scout service project I am assisting the City of Sonora with this project by organizing volunteer crews to paint the house numbers on the curbs in front of city residences.

Contributions have been given to fund this project, so there is no cost for this service.

My goal is to paint at least 350 house numbers. The project will be in cooperation with and under the supervision of the City of Sonora Department of Public Works.

If you would like your house number painted, please fill in your name and address in the form below and mail to:

Will Allen  
P.O. box 1015  
Sonora, TX 76950

Or you may fill out a form provided at various local businesses.

I hereby give my permission for the house number to be painted at my home.

### Public Notice

On March 23, 1994, GTE and Contel ("The Companies") filed applications with the Public Utility Commission of Texas ("PUC") to restructure the Companies' Switched Transport rate category and reduce the Carrier Common Line (CCL) charge of its Switched Access Service. The tariff sheets in GTE and Contel's applications, if approved, will bring the Companies' state access tariffs into structural parity with their interstate tariffs for the Local Transport rate category, which became effective on December 30, 1993.

GTE and Contel propose to implement the new tariffs on a revenue neutral basis. The Local Transport category of GTE and Contel's Switched Access Service is primarily for interexchange carriers.

Persons who wish to intervene should file a motion for intervention with the PUC by June 17, 1994 with reference to Docket No. 12866 (GTE) and/or 12865 (Contel). Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.
