## TURNER RETIRES

Jeanette Turner

The Sutton County Consolidated Farm Service Agency hosted a retirement party and open house for Program Assistant, Jeanette Turner. The party was held at the downtown office in Sonora Thursday, June 22, 1995. Mrs. Turner began working for the CFS Agency, then known as ASCS, twelve years ago.

Jeanette is married to Mallie. They have three children, two daughters and one son. Betty and John Overall, and children Amity and Amber are from San Marcus. Debbie and Perry Pogue, and children Samuel and Katie live in The Woodlands. Their son, Shannon, is in the Army stationed at Ft. Benning, Georgia.

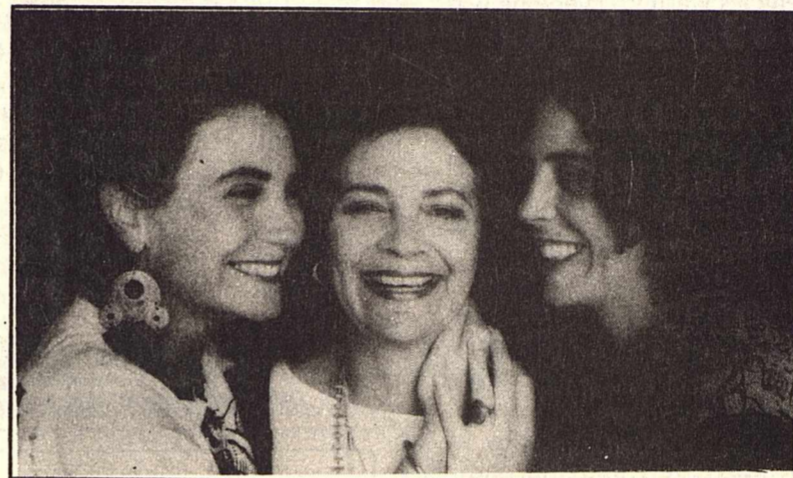

Mrs. Turner stated it was a real pleasant experience and enjoyable working with producers in Sutton and surrounding counties. She will miss helping them.

Jeanette is enjoying her children and grandchildren and traveling. After the party they took a trip to Van Horn for an all community reunion. The Turners moved to Sonora from Van Horn. She is also very busy with church work. Jeanette cooks lunches for parishioners and cares for the lawn at the Church of the Good Shepherd Presbyterian.

Ruthie Bounds will be manning the office as a temporary clerk. She is awaiting an appointment to program assistant status. Ruthie will assist producers in the meantime and looks forward to continuing service to Sutton County.

## WILD WEST DAYS COME TO THE CWDT

submitted by Louise Ingham

The Texana Dames

Saturday, July 1st has been set as Wild West Days for the Covered Wagon Dinner Theater, located on the grounds of the Caverns of Sonora.

Events have been scheduled for the whole day, beginning at 7:00 a.m. with a pancake breakfast and ending with a performance by the Texana Dames and the Jazzmanian Devil.

George Thomas, a Sonora resident since 1993, will begin the entertainment at 3:00 p.m. She has played rhythm guitar and shared lead and back-up

vocals with Rosewood, an all female band out of Las Cruces, New Mexico. She brings energy and enthusiasm to the audience with her crisp and lively song list.

Moe Salinas will perform from 4:30-5:15 p.m. Moe was born and raised in Miles, Texas. Through the years of raising a family, being a law man, and ranching, Moe still manages to fit time in for singing. The cowboy culture seems to just be a way of life for him.

The host for the evening is Biscuits O'Bryan. Biscuits is the creation of The Rev. Monte Jones, Rector of St. John's Episcopal Church, Sonora, Texas and Vicar of St. James' Church, Fort McKavett. Biscuits is a story-teller, cowboy poet and humorist who has performed at cowboy poetry gatherings, conventions, Chamber of Commerce banquets, schools, fairs, dog fights, mud wrestling, tooth pullings and presidential inaugurations (well, maybe that's teeny exaggeration, but Biscuits would never do that in his stories!). The Covered Wagon Dinner Theater is designated as "The Birthplace of Biscuits O'Bryan". Monte is a member of the Texas Cowboy Poets Association, The International Platform Association, The Texas Folklore Society and has been nominated to Who's Who in the Southwest. He will perform from 5:15 to 5:45 p.m.

Jim Wilson, the Crockett County Singing Sheriff, will strum a guitar and play good ol' campfire cowboy music while chasing down the bad guys from 5:45 p.m. to 6:30 p.m.

A dinner of chicken, beans, potato salad, bread, tea and cobbler will be served at 6:30 p.m. by the Sonora Lions Club.

Don Cadden, a native Texan performing the old traditional cowboy songs with simple guitar accompaniment, will play from 6:30-7:30 p.m. He also performs his own songs and poems, written with the flavor of the south Texas brush country.

Charlene Hancock, Traci Lamar, and Connie Hancock, otherwise known as the Texana Dames, form the nucleus of a band whose musical mastery ranges from classical country to Cajun, R&B, polkas, conjunto, salsa and rock "n" roll, with a strong core of original material. Joining the Texana Dames for the evenings final entertainment will be Tomas' Ramirez, the Jazzmanian Devil. They will perform from 7:30-9:30 p.m.

The evening's entertainment is sponsored by American R.V. & Supply of San Angelo, Texas.

## RIDE FROM THE BORDER TOUR '95 NEARING

The Ride From the Border Tour '95, co-sponsored by the San Angelo Safe Kids Coalition, the San Angelo Bicycling Association and the Sonora Chamber of Commerce, is finally here!

The event will begin in San Angelo on Friday, June 30, 1995. Riders will be bussed to Del Rio and will begin the event on Saturday morning, July 1st. Day 1 of this "Demanding Double Century" will cover 125 miles from Del Rio to Sonora, Texas. On Day 2, the Ride will take you 100 miles from Sonora to San Angelo.

The riders will leave Del Rio at 7:30 a.m. on Saturday, and will ride to Sonora on Hwy. 90, FM 163, eat lunch at Mayfield's Country Store, continue on RR 189, SCR 410, FM 1989 and then take the I-10 Frontage Road to the Devil's River Inn. Riders will arrive in the village of Christoval, which was one of the main stops on the old stagerline. From Christoval, they will travel to the old community of Knickerbocker along the Seven Sisters Road, which has some "fun" rolling hills. From Knickerbocker, they will be just a short distance from the finish line in San Angelo at the Goodfellow AFB Recreation Camp.

The Sonora Chamber of Commerce will have refreshments at a rest stop area at Will Carver Park.

The Sonora Chamber of Commerce has planned a full day of events for the friends and families of the riders. From 11:00 a.m.-12:00 p.m. a tour of "Historic Downtown" and the Sutton County

## BEAUTIFICATION PLANS IN PROGRESS

Sonora's Committee on Protecting the Environment and the Beautification Committee are beginning to see major results of a project which started in October 1993. The plan calls for the planting of flowers and greenery at the intersection of Highway 277 and Crockett Avenue.

STUDENTS VISIT D.C.

Tracey Ferguson, Sonora Junior High Art Teacher, recently took a group of junior high students to Washington D.C. The trip is made every other year. This year they visited Williamsburg in addition to the Capital. Their first day they toured ghost homes in Williamsburg.

Then on to Jamestown where they saw an Indian reservation. They visited the sight of the Battle of Bull Run as the Union referred to it, or if you were a Confederate sympathizer it was known as the Battle of Manassas.

While in D.C., the students made an excursion to Mt. Vernon and the Arlington National Cemetery. They also visited the Smithsonian, Bureau of Engraving, National Archives, Ford Theater, the Vietnam Veterans' Memorial, and the Peterson House. They also enjoyed a night tour that included seeing the Lincoln Memorial, Jefferson Memorial, Iwo Jima Memorial and the Kennedy Center.

One of the highlights of their trip was snapping a quick picture in front of the White House of the King and Queen of Spain and Bill Clinton. The kids were thrilled. Another highlight was sitting in the House and Senate Galleries. All senators were present for the passing of the budget amendment. The students received a treat by seeing Congressman Henry Bonilla fill in for the Speaker of the House.

Mrs. Ferguson said, "The group was great. We had a wonderful time."

Choir Camp Students Say Thanks

On behalf of the choir students planning to attend choir camp, I would like to thank all of the community members that helped us with our car wash on Saturday, June 17, 1995. The Pizza Hut was very generous to let us use their parking lot and water for the car wash. We also would like to thank Pizza Hut for supplying us with drinks throughout the hot day.

In addition, we extend our gracious thanks to all of the community members that had their vehicles washed. Everyone was very generous with their donations. We sincerely hope that our service to you (although a bit slow) was satisfactory. We are grateful for the opportunity to serve the community that supports our activities.

In case we did not make it clear when you brought your car to us, our fund raising efforts are intended to pay for the cost of sending some of our High School Choir students to a choir camp later this summer. I am thrilled to mention that we have eleven students attending camp this summer compared to only three last year. These students choose to go to this camp to improve their individual singing abilities and to work on the region choir audition music. Although this camp is one of the most reasonable of its kind, we try to eliminate as much of the individual family cost as possible. We have a considerable amount of money to raise and we appreciate all of the individuals and the choir boosters group for giving us a significant start on meeting our goal.

# Ask The Historical Society

In this picture of a picnic at Felgon's Cave are two good old balloon tire bicycles. Note the dapper attire the young man on the left is wearing for bike riding. There were no helmets, biker shorts, etc. in the 1890's. We have dated this Noah Rose picture at about 1889.

by Jo-Ann E. Palmer, Secretary Sutton County Historical Society

There has sure been a lot of talk around Sonora about the "Ride From the Border" that is coming up on July 1st and 2nd. This will be a bicycle ride from Del Rio to Sonora to Eldorado and finally to San Angelo. You know how long that takes by car, picture yourself perched on a bicycle pedaling your way through hill and dale.

I overheard a conversation between two old timers that "bike riding across those distances in this heat just ain't done." Another said "no one ever does any long distance riding in Sutton County." Some others said "it just can't be done, it's too far."

Lately a lot of people have been talking about the "good old days." They say their ancestors were from "hardy stock" and "could accomplish just about anything they set out to do." Well they sure could. About 100 years ago they proved they could ride bicycles from Rocksprings, Del Rio, Ozona, Eldorado, Mertzon, Menard, College Station and Kerrville to Sonora. Here are two articles to prove it:

*Devil's River News*, April 16, 1898

The *Devil's River News* of April 9th says that Mark Baugh claims to have ridden from San Angelo to Sonora last Monday a wheel in 5 hours and 15 minutes and stopped on the road 20 minutes to mend a broken chain. The distance is 69 1/2 miles. The *Enterprise* man finds that the item provokes a broad smile from some of the San Angelo flyers who have been over the road a time or two.

They say the pace must have stopped Mark's watch about two hours while on the road. The time is not fast for the distance on some roads but it is fast for that road, and one would not have to look far to find money to say that no bicycle rider at present either in Sonora or San Angelo can ride from point to point in five hours, thirty minutes even - and possibly six hours - honest time, the moment of starting to be sent ahead from either point by telephone. *San Angelo Enterprise*

There is no question about the time made by Mark Baugh, on his return from San Angelo. Epps, the bicycle man of San Angelo and others know that

Baugh left San Angelo at 7:00 a.m., and numbers of people in Sonora know that he arrived here about 12 o'clock. The *Enterprise* does not say anything about George Allen's, Rhodes Baker's or Choctaw's watches.

*Devil's River News*, February 4, 1899

Johnnie Adams came from the Swift and Adams ranch in Edwards County, Wednesday on his wheel, making the distance of 30 miles in less than two hours. Johnnie thinks that even though Mark Baugh, former devil's apprentice of the *News*, is no longer here, Sonora can keep up its rep for bicycle riders. The chances are, however, if reports are true, that John will make the trip to the ranch in less time than it takes to come home.

As you can see from these articles, long distance bike riding in Sutton County is about a hundred years old. There are a few differences between the 1890's and the 1990's we would like to mention. First the roads are much better now than they were then. There were no hard top roads across those distances in the 1890's. Mark and Johnny

and the other bikers had to pedal across dirt roads, across streams and at times ride in wagon ruts. They had to contend with heat, snakes, wild animals, drunken cowboys, or just plain rambunctious cowboys, sharp rocks cactus and mesquite thorns. Second, the equipment. In the 1890's the boys didn't have the fancy racing bikes the riders have today. They had only the speeds their legs could achieve. There were no 5, 10, and 21 speed bikes back in those days. You provided all the speed you could with just good old pedal power. There were no camel-back water packs, just an old canteen. Of course they carried the usual patch kit for flats and they definitely got to use it a lot more than their modern counterparts do.

So those of you who think this ride is going to be so difficult, cheer up. There are people with vehicles to travel with the riders and give them aide if they need it. They will have plenty of water, etc. The boys of the 1890's would have thought they were in heaven if they could have taken their rides under current conditions.

If you have any questions concerning Sutton County history, send them to "Ask the Historical Society," PO Box 885, Sonora, Texas 76950-0885 or give us a call at 915-387-5144 or 387-2855 after noon please.

## SUTTON COUNTY DAYS CELEBRATION PLANS UNDERWAY

Plans are well underway for the 1995 Sutton County Days Celebration which has been scheduled for Friday and Saturday, August 18 and 19, 1995.

Sutton County Days began many years ago as a tourism project, and has been held annually in conjunction with the local rodeo. The celebration includes arts and crafts, food vendors and live entertainment, and this year's organizers anticipate an even greater event than before.

Chamber directors Joyce Chalk, Fran Pennington and Keith Wallace head the committee and are working closely with the Sutton County Days Association and other volunteers to coordinate the Rodeo with other weekend activities.

Tentative activities planned for the weekend include a celebration of the Pioneer Families of Sutton County; the Friday afternoon parade, followed by an autograph party by the rodeo clowns and a barbecue meal served at the courthouse lawn; full rodeo performances on Friday and Saturday evenings; arts and crafts booths; food booths; puppet shows; the first Sutton County Fair; washer pitchin'; children's games; the Little Mr. and Miss Sutton County Pageant; the Fiddler's Contest; Miss Sutton County Contest; a dunking booth; various exhibitions; and a shoot-out by the Wild Bunch.

Slacks for the Rodeo will take place at 6:00 p.m. on Wednesday (Steer Roping) and Thursday (everything but Steer Roping) evenings.

Entry forms are available for the Friday afternoon parade and the Saturday Arts and Crafts booths. More information may be obtained by contacting the Sonora Chamber of Commerce at (915) 387-280 or by writing: Sutton County Days Celebration, P.O. Box 1172, Sonora, Texas 76950.

**BEAUTIFICATION PLANS**

continued from page 1

Lolabeth Jones headed the meeting and recognized work by the Beautification Committee thus far. Mrs. Jones noted that committee members plant every season at the Concho Street Bridge. Elvira Holguin maintains the beds. Smith Neal and his son, Chris, planted the bed at The Video Store on Crockett Avenue. Nancy Davis and Claire Powers, adopted the planters on Highway 277 in front of Pizza Hut, and will soon plant these beds.

Kelly Carta, City Manager, stated the committee has a resource in Paul Chevalier and John Shinn. He also said, "I applaud you. You're way ahead in the game."

SCOPE Board members present were co-chairs, Lolabeth Jones and Smith Neal. Other members present were Kelly Carta, Sharon Key, Claire Powers, Paul Chevalier, and Nancy Brockman. Beautification Committee members present were Patricia Johnson, Carla Crites, Anita Hudson, Elvira Holguin, Francine Hardeman, Melett Rowland, and Joyce Chalk.

The members brain stormed for specific goals to take action on immediately. A list of short term and long term goals will be published in next week's issue of the Devil's River News.

**DEPRESSION IN AMERICA**

submitted Kelly Lewis, CEA - F&CS

Every year, over 17 million Americans suffer from depression. More than 80 percent of all cases can be successfully treated if such treatment is sought.

Clinical depression is a medical condition thought to be caused by biochemical disruptions in the brain. Chemical messengers, known as neurotransmitters, which relay impulses from one nerve cell to another are believed to be off balance in persons suffering from depression. Particularly three neurotransmitters, serotonin, norepinephrine, and dopamine, have been shown to be altered in depressed persons. An insufficient amount of one or more of these chemicals is thought to lead to depression.

The very symptoms caused by depression, however, may make it difficult for a depressed individual to recognize or act on the problem. Watch yourself and your loved ones for any of the following symptoms. Consult your doctor if five or more of these symptoms (including at least one of the first two) persist every day for two weeks or more:

- Persistent feelings of sadness, hopelessness, or pessimism
- Loss of interest or pleasure in ordinary activities
- Inappropriate feelings of guilt, worthlessness, or helplessness
- Reduced interest in sex
- Sleep disturbances (sleeping too much or difficulty sleeping)
- Changes in appetite or weight
- Restlessness or irritability
- Thoughts of death or suicide
- Difficulty concentrating, remembering, or making decisions
- Frequent headaches, backaches, digestive trouble, or other chronic pains that do not respond to treatment or have obvious physical causes.

Keep in mind, depression is not a case of the "blues" or the grief of loss, which is accepted with time and causes periodic sadness. Rather, clinical depression does not improve over a short period of time or when circumstances change.

**ICA STOPS LIVESTOCK TAX**

submitted by the Independent Cattlemen's Association of Texas  
After two years of vigorous and often intense lobbying, the Independent Cattlemen's Association of Texas is declaring victory in its efforts to kill a proposed tax on livestock.

"The whole notion of a state livestock tax has been stopped dead in its tracks," said ICA Executive Director Charles Carter. He noted that during its recently completed session, the Legislature declined to impose the proposed user fee or any new taxes in developing a new, two-year state budget.

A livestock levy had been considered by some legislators as a way to help balance the budget. Looking for ways to produce the \$8 million spent annually by the Texas Animal Health Commission on services such as the federally mandated brucellosis testing, the 1993 Legislature turned to the notion of "user fees". It directed the commission to develop recommendations for a series of such fees on a broad range of animal species, including cattle, poultry and exotic livestock. The proposals were to be considered by legislative budget writers this year.

"From the get-go, ICA sprang into action," Carter said. The organization worked closely with lawmakers, commission leaders and ICA members across the state in a concerted effort to derail the tax. Last June, ICA members testified against the proposal during a hearing held by the commission in Austin.

This past April, the group packed a hearing room where the House Agriculture and Livestock Committee was meeting to discuss the issue. Throughout this year's legislative session, ICA was in constant communication with key legislators and their staff.

"ICA led the fight," Carter said. "Our members wrote, phoned and even faxed their concerns to legislators and the Animal Health Commission. We made sure legislators were fully aware of the consequences that a livestock tax would have, not only on cow-calf producers but on Texas agriculture as a whole."

ICA argued that because the commission's role is protecting the general public, not providing services to cattle producers, the public should pay for this benefit. Most of the commission's budget traditionally has come from the state general revenue fund, with all Texans' tax dollars sharing in the cost to help ensure wholesome food products for consumers. It is a practice that will be continued.

"Thanks to the hard work of ICA members, state leaders heard our arguments loud and clear. No stone was left unturned. And that work paid off," Carter said. "Our members made the difference, and I want to congratulate them for a job well done."

ICA represents nearly 7,000 cow-calf producers in Texas.

**ICA FIGHTS TO TAKE BACK TEXAS**

*submitted by the Independent Cattlemen's Association of Texas*

While celebrating a new law giving them the right to challenge government regulations affecting their property, livestock producers must not become complacent over any gains, warns a prominent Texas rancher and member of the Independent Cattlemen's Association of Texas (ICA).

"The Legislature took a giant step in taking Texas back from the bureaucrats that want to lock up our state. This is a good first step," said ICA member Tom Beard of Alpine, referring to the property rights legislation, which was signed into law by Governor George W. Bush this week. "But," Beard warned, "the fight for property rights and against intrusive government is far from won."

Under the Private Real Property Rights Preservation Act, sponsored by state Senator. Teel Bivins of Amarillo and state Rep. Susan Combs of Austin, property owners have gained certain legal remedies against government encroachment.

First, said Beard, property owners whose land is devalued 25 percent or more by a state regulatory action may sue to rescind the onerous rule or law. If the court agrees with the property owner, the government may either invalidate the regulation within 30 days, or pay damages to the landowner.

Certain governmental actions are exempt, including right-of-way acquisitions and federal mandates, and the law excludes legal actions that threaten public health. The measure requires losing plaintiffs to pay all parties' legal costs, and calls upon the government to provide an impact statement when it passes new regulations, laws or ordinances.

The measure applies to the state, local school districts and other special governmental entities. Cities are exempt unless they enact inconsistent regulations in various areas of their extra territorial jurisdictions.

The law will take effect September 1 and be extended to county government beginning in September 1997.

Beard said that ICA members owe a great deal of the credit for this victory to Bivins and Combs.

"Teel and Susan are a part of Texas agriculture, and we are lucky to have them on our side," said Beard. "Their leadership throughout the session is much appreciated, and their success is a win for agriculture and for Texas."

Echoing the concerns that led Texas agriculture to band together to fight for property rights legislation, Beard said, "Today, our very ability and our right to own and manage our ranches and farms are under attack by our own government and its bureaucrats. Their weapons are command-and-control laws and regulations.

"The farmers and ranchers of Texas have thought for a long time that it is time to 'Take Back Texas.'" This legislation recognizes that need," he said.

While the property rights law represents a good first step in reigning in government at its worst, Beard said it is only the beginning. Texas livestock producers must remain diligent in fighting for their rights and a way of life, he said.

The ongoing property rights fight will be a major topic of discussion during the upcoming ICA Annual Convention, to be held July 28-30 at the Corpus Christi Bayfront Marriott Hotel.

For more information about the convention, contact ICA at (512) 836-1321.

**LAND SAFETY**

*submitted*

Every year people are involved in traffic accidents while biking, in-line skating, running, and speed walking. Ninety percent of bicycle injuries for children ages 14 and under are the result of car collisions. Four out of five death result from head injuries. It is estimated that 83,000 in-line skating injuries will be treated in emergency departments this year. To ensure safety while participating in these types of sports, people must learn the "rules of the road" and wear proper protection and equipment.

- Do:
- Drink enough water and fluids to replenish minerals
  - Always wear a helmet and other necessary protective gear when biking or in-line skating
  - Remember the "rules of the road" and watch out for others
  - Make sure all equipment (bikes, pads, shoes) fits properly
  - Teach children how to behave in traffic and supervise them until they are confident
  - Wear sunscreen
  - Walk bikes across busy intersections, ride on the right and use proper hand signals

- Don't:
- Drink alcohol when engaging sports
  - Wander off into unfamiliar areas
  - Leave children unsupervised
  - Go out at night. If you do, wear reflective clothing
  - Wear anything that restricts hearing or obstructs vision
  - Exercise on streets with heavy traffic, rough terrain, or no shoulder area

If you are camping or hiking outdoors, take a first aid kit, wear insect repellent, check for ticks, chiggers, etc. and be cautious when exploring. Always make sure someone knows where you plan to hike or camp.

**GRAMM AIDE VISITED SONORA**

Louis Saenz, director of U.S. Sen. Phil Gramm's office in San Antonio, delivered an update on the Senate's legislative goals for 1995 during a briefing with city leaders on June 23, 1995.

The briefing began at 9:00 a.m. on Friday in the Chamber of Commerce office.

The Senate, under a new Republican majority, has begun work on a myriad of bills aimed at tightening the federal government's belt so Americans can keep more of what they earn.

Among the Gramm proposals are a tax cut that would double the dependent exemption for children. Also, the Senator is working to repeal the Clinton tax increase on Social Security benefits, and to pass a balanced budget amendment to the Constitution.

Mr. Saenz, who worked for Henry Bonilla for the last three years, rejoined the Gramm staff about three months ago. He will be delivering updates and will continue visiting Sonora and the surrounding area throughout the next year.

Local citizens present on Friday were: Rande Fawcett, Kelly Carta, Jimmy Cahill, Ben Pool, Sharon Key and Cathy Smith.

**COUNCIL HELD SPECIAL MEETING**

The City Council held a special meeting Tuesday, June 27, 1995. The first item on the agenda was the consideration of a request from Terry Wireman for a permit to allow a horse drawn coach to operate July 1-2, 1995. The council approved a temporary permit.

The council tabled the request for a new franchise agreement with General Telephone and Electric of the Southwest. Council members are awaiting more information to make a decision on this matter.

A budget workshop and briefing was the third item on the agenda. After much discussion about major cutbacks, Mayor Margaret Cascadden offered the following explanation of the situation. In 1985 the City of Sonora sold the electric facility for \$1.3 million. Since that time the city used the interest on this money instead of raising taxes. The situation at the time was good because of high interest rates. However, that situation changed with the decline of interest rates, increase in operating cost, and numerous projects starting in 1991. During the course of discussion, the department heads agreed to submit preliminary cuts to City Manager, Kelly Carta.

The council members then entered into an orientation workshop.

# Valiant Effort

by Martha McLain

Several Junior High students from Sonora had a wonderful tour of Washington, D.C. One of the most interesting things that they did was to make rubbings of some of the grave markers. Cassi Cole selected a marker for a soldier named Hampton who died in the 1800's and was very surprised when she brought it home to find out that it was a member of her family. Her grandfather's middle name is Hampton, and the soldier was a relative. Last week I changed Cassi's name to Cathy in the paper. I am glad to know that the little girl I used to know, is all grown up and in junior high. Cassi had a wonderful time on the trip and loved all of the history, but she also really liked going to Planet Hollywood. Later this summer, Cassi will be going with her family to the Bartlett family reunion. She will really have some interesting stories to tell.

In July Cyndy Allen and Kim Cole will be attending their high school reunions in Klondike. I hope that they recognize all of the people from their classes.

The opening of the Covered Wagon Dinner Theater was Saturday night at the Caverns of Sonora. I read the program that said the first show would feature a program about Indians with Indian food. I was all set for curry powder and tinkling elephant bells. I read further and discovered that we were to hear from a Native American Indian from New Mexico. The Sutton County Steak House catered the meal of Navajo tacos, squash, rice, and corn pudding. The weather cooperated and no one got wet. Be sure and try to see the Wild West Day with Biscuits O'Bryan as host and Don Cadden, cowboy poet and singer, Jim Wilson, singer, and the Jazzmanian Devil and the Texana Dames. George Thomas, folk singer, will also perform. The meal, chuck wagon "vittles", will be prepared by the Lion's Club. Supper begins at 6:30 p.m. The Caverns have a nice facility for the dinner theater. Try it - you will enjoy it!

The ICA heard Charles Carter, legislative director, Monday night at the Sutton County Steak House. He was here to discuss the year's work, primarily the property rights bill. The organization feels that it was a successful year because they were able to defeat bills by the Texas Animal Health Commission to charge all livestock owners a fee for each animal owned. The International Cattlemen's Association is a grass roots organization that is very effective in presenting the viewpoint of livestock producers.

The Mills family reunion met after the Wallace wedding on Saturday. Jerry and Nell Wallace entertained their brothers and sisters and their children and grandchildren with a luncheon. Jerry and Nell were part of a family of 10 children plus two half-brothers. There are eight of the children still living. The two half-brothers are deceased, one brother was killed in World War II, and one other brother died in 1975. Seven of the family members were here for Keith Wallace's wedding. One sister from El Paso was unable to attend because of a recent fall. The family grew up on ranches in Sterling City and Alpine, the children of Herbert M. and Elva Henry Mills. They are a close family and continue to make an effort to remain close. Approximately 30 family members attended. They came from Alpine, Del Rio, Ft. Stockton, El Paso, San Angelo, San Antonio, and California for the reunion and wedding. Keith was the youngest and last nephew to marry, so this was a very special occasion.

The Reams family, Ronnie Cox mother's family, met in Ballinger last week-end for a family reunion. Approximately 30 family members attended. Among those attending were the Jaunice Isbell family and the Ronnie Cox family.

DeVoe Smith was playing golf with Dr. Marney Sorenson in Little Rock, Arkansas last weekend. He noticed some dogs on the course and more suits than you usually see on a golf course. He soon discovered that President Clinton and his party were playing directly behind them. After DeVoe and Marney finished their round, they waited to watch the President finish. President Clinton birdied the last hole. DeVoe called to him and asked, "How did you do?" The President walked over and shook hands, visited for a few minutes, and signed DeVoe's golf card. DeVoe said that he looks much slimmer in person than on TV.

If you really want a treat, plan to attend the San Angelo Symphony's patriotic concert on the River Stage July 3rd. We always find it one of the best events of the year.
