"In The Agricultural Center Of Parmer County"

THE NEWSPAPER THAT WORKS FOR A BIGGER, BETTER BOVINA

WEDNESDAY, MAY 10, 1961

BOVINA, TEXAS

VOL. VI, NO. 46

## WHITTLIN'

BY DOLPH MOTEN

For the people's protection. That's why those pretty, new, red background-white letters, stop signs were erected at dangerous, formerly unmarked, intersections in City of Bovina last week, Deputy Henry Minter tells us.

"We didn't put them up," Minter says, "so we could give people tickets. They were put up so drivers would have a better understanding of where to stop."

Signs were erected at intersections which had proven to be dangerous and accident-prone in past.

We got the impression that more signs are available for erection, but that 10 were put up at intersections where they were needed most.

Already, we think, the signs are doing what they were intended for--making people be more careful, and stop, at intersections where they are located.

Moral: If you run one of the stop signs, don't worry about getting a ticket; worry about getting run over.

Mayor Emmett Tabor says if we ever say anything good about city commission here, he wants to be first to congratulate us.

Just to show that we don't complain all time, we want to point out that we think city's action in regard to furnishing a portion of cost of water and sewer to proposed housing development area was wise.

Time will, of course, tell whether or not it was. But with our hazy crystal ball, it appears that it will be much more worthwhile from the expense angle.

We're of the opinion that the housing project will, once it gets rolling, be more than reasonably successful. Too, we think it'll give local economy an indirect shot in the arm and will add to the community's population and will be worth even more from standpoint of prestige.

How could something be wrong with all those advantages?

Backers of Democrat Bill Blakley in upcoming senatorial run-off election are fearing, more than anything else, that Democrats will become complacent and not go to the polls on Saturday, May 27.

If enough potentially Democratic voters did stay away from polls, that would, of course, send Republican Candidate John Tower to Washington for next six years.

While complacency among the "troops" is the biggest worry, another is that Democrats who opposed Blakley in the first election in favor of some other Democrat candidate will possibly stay away from polls because of sour grapes--because Blakley beat the man they were supporting.

We doubt that either of these possibilities, or a combination of them, will evolve into a reality. Still, it'll surely be a good idea to mark your ballot in favor of the Democrat on May 27. There's no use taking a chance when you can play a cinch.

Certainly we don't expect Tower to get elected. But we do think he will receive a larger percentage of the vote in the run-off than he did in first election.

Reason: A percentage of Democrats will stay away from polls for reasons we've mentioned. All (that's a figure of speech) Republicans will turn out. That'll cut the Democratic percentage down to about 60 or so, we guessing. Democrats received 70 per cent of votes in first election to Tower's 30.

Of course, you can't afford to take our word for it. Our opinion is worth about as much as sprouting cotton in the kind of sandstorm that tore through here Sunday--we're the same fellow who figured Tower would never get in the run-off to start with.

There's a story and an ad in this issue concerning pictures which will be made by a professional photographer in Blade office Saturday. We're hoping to have a lot of people in to look at the birdie. Children's pictures will be published in The Blade soon

(Continued on page 3.)

## IN MILE RUN--

### Caldwell 2nd At State Meet

Don Caldwell, Bovina's lone entry in state track meet at Austin last weekend, came in a close second in his event, the mile run.

Running his best time of the year, Caldwell was only some six inches behind the winner, a boy from Salado, at the finish line.

Caldwell's time was 4:39.7. The maroon and white entry ran second most of the way in the race. Setting the pace during most of the race was a Texline athlete who outdistanced Caldwell at Lubbock in regional meet in April. He finished third, several steps behind the two frontrunners.

Caldwell qualified for the even among Class B participants with a slightly higher time Friday afternoon. Finals were run Saturday afternoon.

Lazbuddie, Bovina's Parmer County neighbor and District 3-B foe, won the state meet teamwise. Lazbuddie picked up more points than any other Class B school represented. Accompanying Caldwell to Austin were his parents, Mr.

and Mrs. E. B. Caldwell, and his coach, Hallie Gee.

CHURCH REMODELING--Workers are busy this week making improvements to St. Ann's Catholic Church on Third Street. A new entrance is being constructed to the building to provide additional room and protection from weather. S. A. Brito is in charge of the work.

## APPOINTS EQUALIZATION BOARD--

### Board Drops Band; Accepts Resignation

To band or not to band. That has long been a subject of controversy in Bovina Schools.

In a regular meeting Monday night, school board members voted against having a school

band next year. Instead, the board agreed to concentrate expense and effort on public school music program in grades instead of instrumental music in high school.

It was feeling of board,

Superintendent Warren Morton reports, there were not enough students interested in band as such to make the program worthwhile.

Resignation of Mrs. Vernon Estes, third grade teacher, was accepted by the board. It will be effective at end of this school year.

A tax equalization board was appointed. Members of it will be Wilbur Charles, Earl Ware, (Continued on page 8.)

## FOR CHILDREN AND ADULTS--

### Picture Taking Event Saturday

The Bovina Blade is asking area residents to cooperate in a picture taking project Saturday. The Blade is seeking to obtain as many pictures of local people as possible.

Picture taking will be divided into two groups. Children's pictures will be made from 10 a. m. to 3 p. m. Saturday. Adults pictures will be made from 3 to 7 p. m.

In children's division, a special incentive to encourage participation. The Blade is awarding \$20 worth of prizes to the three youngsters judged best in the contest.

All children's pictures will be published in this newspaper shortly after this contest is over.

Photographs will be made free of charge and there is no charge for their being published in this newspaper. Proofs of the sittings will be shown and if prints are desired, they may be ordered by the individual. However, no obligation to make any purchase is involved in the sittings.

A professional photographer, Winston Lucas of Irving, has been engaged to make the sittings.

All the pictures will be kept in Blade files for possible use in connection with news stories. The photographs will be made in office of The Blade.

An advertisement in this issue gives further details concerning the event.

### Morton Attends State Hearing

Warren Morton, superintendent of Bovina Schools, was an area representative of Texas State Teachers Association at Austin last week.

Purpose of the trip was to attend a hearing concerning Hale-Aikin bill, which will provide for teacher pay raises, among other things.

The hearing was Monday night of last week in House of Representatives.

On his return, Morton said he felt the bill will be passed. Also included in the bill is an increase in state allocation for school transportation.

Other Parmer County superintendents going with Morton were Alton Farr of Friona and W.M. Roberts of Farwell. They talked with various senators and representatives concerning the bill while at the capital.

# Housing Development In Go-Ahead Stage

## Great Merlin Show Coming

Tickets go on sale Friday for The Great Merlin Show, which will be presented Tuesday night, May 23, in school auditorium.

The show features hypnotism, magic, and mindreading. Sponsor of the show is Bovina Lions Club. Lions members will begin advance ticket sales Friday.

Proceeds from the promotion will aid in financing Lions Club projects, including Little League program this summer, Lions President Pat Kunselman says.

This will be a return of a show which was presented here in '59. It met with audience approval then, Lions Club members remember.

## Firm Accepts Offer By City

Bovina's proposed housing development is in the go-ahead stage.

Bill Christian and Ed Chestnut, with Bill Christian, Inc. of Roswell, the proposed developing firm, were in town latter part of last week. They informed city officials that they would accept city's offer to install one-third of the sewer and water systems to the area where houses will be built.

They said that construction on initial houses would begin as soon as FHA approval has been granted. Since they already

have tentative approval, final approval is expected to take only a matter of days.

Early last week, the city commission offered to pay one-third the cost of water and sewer system which is scheduled to cost approximately \$13,000. Rest of cost will be paid by developer.

However, after 10 houses have been completed, the city will pay back Christian's expenditure at rate of \$300 per house until his investment in water and sewer is returned.

When the development exceeds the area which can be served by the \$13,000 worth of water and sewer lines, the city will pay entire cost of additional.

The development is proposed for a several-block area west of South Ninth Street, near west city limits.

Announcement that the housing development would become a reality here was made in March. Scheduled to get underway some 40 days ago, it has been held back until differences between the city and Christian could be worked out.

The Blade was unable to contact a representative of the firm for further details prior to presstime.

## TO HONOR LETTERMEN--

### Athletic Banquet Slated Saturday

Merriel Green, assistant football coach at Texas Tech, will be featured speaker at annual Bovina High athletic banquet Saturday night.

The program will be in school cafeteria and will begin at 7:30. Tickets went on sale to public this week for \$1.50 each. Deadline for obtaining tickets is Thursday. They are being sold by student council members.

All students who have lettered during school year in any sport will be guests of honor at the banquet.

The meal will feature barbecue.

Students selling tickets include Bill Strawn, Jimmy Wright, Jerry Wright, Jackie Turner, Floye Smith, Judy Meachum, Jackie Dane, Vivian Steelman, Buddy Turner, Lowell Boozler, Dickie Clayton, Pat O'Brien and Phillip Lloyd.

### Baccalaureate Services Sunday

Rev. John Ferguson, pastor of First Baptist Church, will deliver the sermon at baccalaureate services for 1961 graduating class of Bovina High School.

The Services will be Sunday in school auditorium at 11 a. m. Churches in the community will be dismissed for the special service. Other ministers will also have parts of the program.

A fiery-tempered southern gentleman wrote the following letter:

"Sir: My stenographer, being a lady, cannot type what I think of you. I, being a gentleman, cannot think it. You, being neither, will understand what I mean."

## Little League Meeting Friday

Organizational meeting of boys interested in participating in Bovina's Little League baseball program this summer will be Friday afternoon at 4 at football field.

The program will be sponsored by Lions Club, as it has in years past.

Lions Club committee members will be present at the Friday afternoon meeting to organize the boys, establish leagues, etc. Parents are invited to attend.

If enough boys are available two age group leagues will be formed--Little Leaguers and Pee Wees. Little Leaguers will be 10, 11, and 12 year olds. Pee Wees will be 7, 8, and 9 years old.

Lions Club committee mem-

bers are Dolph Moten, Leon Grissom, Jay Sherrill, Warren Morton, Dean McCallum, Don Sides, Pat Kunselman and Jim Russell.

Plans are to convert football field so that it may be used for night Little League action. A Southwestern Public Service crew is scheduled to add an additional light pole and lights in next few days. A back-

stop will be erected by the school.

Lions Club will not employ a coach for the boys this year as has been the custom. Team sponsors will furnish coaches for their individual teams.

At the Friday meeting, boys will be given a blank for their parent to sign saying that it will be permissible for them to participate in the program.

## SIGN-UP SLATED--

### Cable TV Service Remains Possible

Cable TV remains a possibility for Bovina.

O.M. Hammonds, who has a city franchise for such a system, says that research concerning Bovina's proposed set-up has been completed and sign-up is ready to begin.

Hammonds plans to see all residents of town in near future in regard to the system.

Charges for the services, which will give subscribers all national television networks, will be \$100 initial cost and \$6.50 monthly.

The initial cost will be placed in escrow at bank here, Hammonds says, for a maximum of 90 days. At end of that period of time, or before, if enough people have signed-up, construction on the system will begin.

If there is not sufficient interest in the project, the money will be refunded.

Hammonds has been looking into possibilities of such a service for past several months. "The cost of installation and maintenance of cable TV serv-

C. M. HENDERSON

### C.M. Henderson Dies Suddenly

Funeral services for C. M. (Heinie) Henderson, who moved to Farwell in 1941, are scheduled Thursday afternoon at the St. James Episcopal Church in Clovis, with The Reverend

## SCHOLASTICALLY--

### Name Top Eighth Graders

BILLY MINTER

LYNN LOONEY

DAVID ANDERSON

With an average of 95, Lynn Looney is valedictorian of Bovina's junior high graduating class. She is daughter of Mr. and Mrs. Howard Looney.

Salutatorian is Billy Minter, son of Mr. and Mrs. Henry Minter, with an average of 93.

David Anderson, who has an average of 91, was third high. He is son of Mr. and Mrs. Penny Anderson.

Announcement of the high scholastic students was made this week by Miss Grace Paul, grade school principal.

Eighth grade commencement exercises will be Thursday, May 18, at 8 p. m. in school auditorium.

James McLeRoy, high school principal, will give the address.

A Hollywood writer was trying to sell his new comedy to a movie producer. "It's wonderful," he announced. "Perfect box office potential."  
"Fine, fine," said the producer.

"And not only is it a great comedy, but it also has a message," the writer went on. "Message!" the producer shouted in disgust. "Just write me a comedy. . . messages are for Western Union."

TO DIFFERENT PEOPLE--

# Graduation Means Different Things

A flurry of rushed excitement is the aura surrounding most high school seniors this time of year.

There are invitations to be mailed, caps and gowns to be fitted and pressed, new clothes to buy for the senior trip and, of course, commencement exercises to be practiced and speeches for the program need to be written.

These are just a few of the many activities one finds a senior engaged in.

Graduation means many things to each senior. For many it is a hip hip hurrah thing and to others it is the saddest day of their lives. Some look forward to the excitement of college and independence while others are yet reluctant to leave the nest, even though they act brave and carefree. As those last few days draw near many wish, perhaps silently, that they have "just one more year to go." The nostalgia which surrounds the familiar school campus, the funny feeling one gets when walking to a class for the last time, are to be expected.

Mothers and fathers are in a strange state of mind at this stage of the game also. They sit at night waiting for their boy or girl to come home from the banquet, play rehearsal or many other activities and ponder with their mate that "it seems like only yesterday that little Johnnie or Suzie first started to school." Mother may perhaps comment that he was even then reluctant to leave another nest, that of home, and now she wonders if he isn't perhaps experiencing that same feeling about graduation.

Another aspect of graduation is that of gradually losing contact with close friends that you have vowed to keep in touch with. The fact that all of you will be in your chosen fields and miles apart seems to be a small factor at the time. The fact that new friends will replace the old seems impossible.

With graduation comes another decision that of what "I'm going to be." Ever since you were a child you have been saying "I'm going to be a fireman, policeman, cowboy, baseball player, etc. and now the time has finally arrived for you to make the choice. It seems as if all at once you are alone, really alone, because this decision is your and neither parents or teachers can make it for you.

Finally the big day arrives, you awake with a scared and happy feeling. In just a few hours you will walk down that long aisle with your classmates for the last time. You will hear your name being called and a large lump will come to your throat, your knees will knock and ankles wobble as you make the accent to the stage for that sheaf of white

paper. The class sponsor changes your tassel on the square hat and your superintendent and principal give you the long awaited diploma and shake your hand. The fact that it is already shaking is no longer significant. With a happy smile and a tear of sadness the great day is over. This is what you have waited for for twelve long years. It's pretty great to be a senior.

Jerry Wright, bottom, is looking into the box for his cap and gown while Patricia Patton, Bill Strawn and Ronnie Mnyen (left to right) proudly model theirs. All are 1961 Bovina High Seniors.

## WMU Has Royal Service Program

Royal Service program was presented to Nellavine Whitten Circle of WMU by Dorene Hawkins Circle Tuesday afternoon at First Baptist Church.

## Dorcas Circle Has Party

Dorcas Circle of Methodist Church hosted products party Wednesday afternoon at church parlor.

Proceeds from party were a Silver Tea Service and a lace table cloth for the church.

Following the demonstration by Mrs. Lloyd Battey of Hereford, refreshments of cookies, coffee and lemonade were served to guests by Mrs. H. J. Charles.

Those present were Mmes. L. C. Moore, T. L. Hopingardner, Mable Newberry, L. M. Crissom, Authur Kent, Billie Sudderth, George Turner, Pat Kunselman, Frank Wilson, Nicky Foster, Warren Morton, Leon Ware, Jimmy Charles, P. O. Dixon and Miss Lola Crissom.

## Study Club To Install Officers

Mrs. Ovid Lawlis will be re-installed president of Bovina Woman's Study Club Thursday at an installation luncheon at the club house.

Other officers to be installed are Mrs. Clarence Gauntt, vice president; Mrs. Connie O'Brien, secretary; Mrs. E.C. Berry, treasurer; Mrs. I. W. Quickel, reporter; and Mrs. Henry Ivy, parliamentarian.

Presiding over the installation ceremonies will be Mrs. Bedford Caldwell

**DOWPON controls cattails and problem grasses along ditches**

A regular spraying program with DOWPON® puts an end to the continual expense and hard work of burning, chopping or cultivating Johnson or Bermuda grass out of crop lands and cattails out of ditches. In headlands and along fence lines, too, DOWPON eliminates grass—for it kills the deep roots as well as tops. Through cumulative action, this program becomes less costly each year. You'll find DOWPON cheaper than chlorates or borates, less messy than oiling. Simply mix DOWPON with water, and spray.

Please co-operate with The Blade to make it possible to obtain A LARGE FILE of pictures of Bovina area people. NO CHARGE (unless you want extra prints for your own personal use).

MONDAY--

# FHA Chapter Has Daddy Date Night

Fathers of Bovina Chapter of Future Homemakers of America were special guests at a Daddy Date Night Monday in homemaking cottage.

Program had an international theme and consisted of talks on other countries by several who were present.

Those on the program were Charlotte Hromas, who spoke on Japan; Vicki Strawn, Alaska; Ann Lynn Wilson, China; Kathy Jones, Mexico; Cynthia Patterson, South Pacific; Dean Hastings, Philippines; Robert Wilson, Paris; A. L. Hartzog, Mexico; and James McLeroy, Guam. Mrs. Charles Thompson, homemaking instructor, pre-

sented junior degrees, for work finished this year, to Kathy Jones, Kay Embree, Jeanie Ivy, Ann Lynn Wilson, Judy Crawford, Elaine Fuller, Mary Ann McKinney, Mary Joyce Webb, Joyce Marshall, Paula Kay Kerby, Paula Kay Howard, Patricia Crawford, and Linda Dean.

Preceding the meal, invocation was given by Roy M. Crawford.

## Eastern Stars Have Advance Officers Night

Mrs. Lucy Jones acted as presiding Worthy Matron at Advanced Officers Night program at Eastern Star Thursday evening at Masonic Lodge Hall. Plans for public installation ceremonies, June 10, were made and formal dresses were ordered.

Among those present were Mr. and Mrs. Ellis Barry, Mrs. A. D. Smith, Mrs. Mark Charles, Mr. and Mrs. Carl Rea, Mrs. A. M. Wilson, Mrs. Roy Crawford, Mrs. D. C. Looney, Mrs. Aubrey Brock, Mrs. J. E. Sherrill, Mrs. Lawrence Jamerson and Mrs. John Zahn.

## Class Has Social

Fellowship hall of Methodist Church was scene of a covered dish supper for members of Hammonds Class Thursday evening.

Hosting activities were Mr. and Mrs. Jimmy Charles and Mr. and Mrs. John Dixon. Following supper, the group played games and visited.

Among those present were Mr. and Mrs. Gene Ezell, Mr. and Mrs. Rouel Barron, Mr. and Mrs. Tom Beauchamp, Rev. Davis Edens, Mr. and Mrs. D. R. Bushnell, Dennis and David, Mr. and Mrs. Leon Grissom, Mike and Jeff, Mr. and Mrs. Billie Sudderth, Mr. and Mrs. J. T. Hammonds, Johnny, Lisa and Rene Charles and David, Gail and Mike Dixon.

Approximately 36 class members were present for the affair along with class sponsors, Miss Grace Paul, Mrs. Fleta Terry and James Laney. Special guests were Mr. and Mrs. Charles Thompson and Mrs. Wilson.

Preparing banquet menu were mothers of class members and Mrs. Gene Ezell.

Blade Sawdust by SUE MOTEN

Watched the man into space Friday morning, J. T. Hammonds has been interested in this and according to drug store gossip he said that he figured they had to whip him to make him go. Lady Armstrong said the waiting is what made her nervous and I agree. Lady also said if she was going to be the one she wouldn't want to wait until the clouds were just right she would want to go right then or not at all.

Sooner or later when writing a column we usually get around to the subject of children, especially if one happens to have one. Anyway read an interesting book about children today and children yesterday. Title of this evolution is "Where have you

BEING SWORN IN as a re-elected member of the board of directors of the High Plains Underground Water Conservation District is John Gammon of Lazbuddie, second from right. Administering the oath of office is Robert Bean, judge of the 140th District Court in Lubbock. Other directors being sworn in are T.L. Sparkman Jr., Hereford, second from left, and Elmer Blankenship, Wilson, far right. Gammon was re-elected to the position last fall, and he represents Bailey, Castro and Parmer counties on the board.

## WITH THE COUNTY AGENT

JOE JONES

Late May and early June plantings of grain sorghum usually end up with a little more grain at a cheaper cost per hundred weight. You should keep this in mind and not get too much of your grain sorghum in early. Some of the later maturing varieties should be seeded by May 20, but as a whole the first week in June gives plenty of time for maturity. The later plantings usually pay off most when we have dry hot summers. The later plantings head out later in the season after the days shorten and during the time of year we can normally expect some moisture. Some seeded early is fine, but it is good management to have the majority seeded, so it will normally have more favorable growing conditions when rooting and heading. Late May and early June plantings will give you more nearly the ideal conditions year in and year out.

Planning to seed your grain sorghum just a little later will also, let you use your wells on wheat just a little longer and what wheat I have been digging in lately must have one more watering or yield will be severely reduced. The lush growth of wheat coupled with high winds is taking the moisture out at an almost unbelievable rate. I'd suggest you take a close look at your wheat before taking your water off of it to pre-water grain sorghum land just now. Who knows we might get some rain in time to help out on the grain sorghum land, but wheat needs the moisture now.

These days we hear an awful lot of claims about one source of plant food being superior to another. To get some of the an-

swers I have helped set up demonstrations comparing different sources of phosphate on the Walter Kaltwasser, Wendol Christian, and Joe Blair farms. Wendol's and Joe's will be on grain sorghum and Walter's on his 1961 wheat crop which will be harvested soon.

Several people have indicated interest in the results, so Walter's will be published after wheat harvest and later on in the year the grain sorghum results will be published. To get this type information everything must be equal, except the different sources of phosphate. The same variety of sorghum will be used, equal amounts of nitrogen will be applied, and watering times will not be more than 24 hours different. These things are very important when trying to establish small differences such as we would expect. Keep in mind you don't buy fertilizer-you buy production. Production for Producers sake alone is not the answer it must be efficient production.

Just in case you are interested in the county landscaping program the Forest Service reports Parmer County ordered 7,100 seedling trees in 1961. Hope you are caring for these trees for this type program over the years will have a big influence on the beauty in our county. Winds like the one Sunday can certainly take its toll of small evergreens unless they are properly protected.

A fine is defined as a tax you have to pay for doing wrong, and a tax as a fine you are required to pay for doing okay.

## NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Several days ago, the governor signed the bill abolishing the notary requirement on filing for gas tax refunds in Texas. There is another bill, HB 129, reported out favorably from the senate state affairs committee, that, is passed will extend the time for filing to one year, instead of the present six months.

Farm Bureau has supported both of these bills. We believe both of them will help most farmers avoid expiration of invoices, with a resultant increase in pocket money for home town purchases. We are not sure when the change in the law becomes effective, but we presume the first of September of this year.

In the meantime, if you have not filed recently, perhaps you should come in and check on your invoices now.

We believe every farmer should write Senator Andy Rogers urging him to vote and use his influence against SB 353. This bill would provide a penalty of up to \$200 per animal per day for livestock running at large on either public or private property.

There may be rare instances where this type of law would be applauded, but the wording is entirely too strong for general use in Texas. If you own even one head of any kind of livestock, you should be interested in the defeat of this bill.

Every Farm Bureau district in Texas is holding meetings this month for the purpose of presenting the main points of the Cochran-Freeman farm plan and the Farm Bureau's Crop-land Adjustment Program.

District I is meeting in Amarillo on Wednesday, the tenth, and District II, (ours) is meeting in Lubbock the 11th, Thursday, in the Caprock Hotel at ten o'clock in the morning.

We think all county FB officers and directors and committee chairmen plan to attend, and every farmer interested in his future is urged to go too. It is believed that with the proper coordination and education of local farmers it will be possible to substitute the Farm Bureau bill for the Cochran-Freeman bill. At least, we hope so.

"There are a great many people who oppose Communists but really favor Communism, if it is given a respectable name, like the 'welfare state.'" (Quoted from American Mercury, credited to Dr. Alfred P. Haake.)

Consider this: "Yet a little sleep, a little slumber, a little folding of the hands to sleep..." Proverbs 24:33.

Diseases took an estimated \$156 million bite out of the 1960 Texas cotton crop, according to reports from 15 cotton specialists located throughout the State. An estimated 1,116,000 bales never got to market because of diseases, said Harlan Smith, extension plant pathologist, who compiled the report. Major losses were credited to bacterial blight, root rot, seedling disease, Pseudomonas wilt, root knot, Verticillium wilt and boll rots.

WHEAT IS IN GOOD SHAPE throughout the Parmer County region, but farmers are finding themselves hard pressed to keep enough moisture on the crop, as the dry spell enters its eighth week. Irrigation wells are going around the clock. Here, Jesse Sanchez changes a setting on the Ralph Shelton farm between Bovina and Friona.

# Wheat Looking Good But Thirsty

The 1961 wheat crop in Parmer County appears to be in about the best shape ever, thanks to ample moisture received during the winter months, but at this stage of the growing season it is beginning to

get a little "thirsty." There has been no rainfall since March, and as the small grain starts heading out, it begins to draw heavily on what moisture there is in the ground. For that reason, despite the

fact that the wheat is in good condition as a whole, farmers may soon find that the crop is hurting unless they are able to cover the ground fast enough by irrigating.

That was the word this week from Parmer County Agent Joe Jones, and he advised farmers to keep a close check on the moisture in the soil.

"It (the wheat) is using lot's of water," Jones says, and he points out that this lengthy dry spell, and the strong winds which were prevalent for a couple of days this past week, aren't helping the situation any.

The last moisture received was in the form of snow, when around March 15, back-to-back storms accounted for 1 1/4 inches of moisture.

That was winter's last fling and at that time everything was looking rosy as far as wheat prospects were concerned. Since that time, however, there has been no moisture at all.

Irrigation wells are going around the clock, and as long as farmers can keep moisture on the crop, wheat prospects will continue to be good.

Most farmers, however, would certainly welcome a little assistance from Mother Nature.

## More Beef Dollars Subject Of Meeting

A two-fold research program on how stock farmers can obtain more beef dollars per acre will be emphasized May 15 at Texas Tech's annual Cattle Feeders Day.

Research reports this year will detail use of different silage crops and efforts to determine which crop gives the most dollar-income per acre, said Dr. Ralph Durham, Tech animal husbandry department head.

A highlight of the day-long program will be the dedication of Texas Tech's new \$237,000 Meats Laboratory. The 8,486 square foot brick and tile facility is comparable to a small, but very modern, meat packing plant.

Chief speakers on the program will be John Pierce of Washington, D.C., deputy administrator for the Agricultural Marketing Service livestock division, and Bill Zmolek, Iowa State University cattle feeding specialist.

The dual grading system for beef carcasses will be Pierce's topic and Zmolek will discuss Corn Belt feeding practices. In other talks, Tech researchers will report on experiments involving silage and various feed additives.

"Our research this year has been two-fold," said Durham. "We wanted to determine (1) which silage gives the most economical gains and the best grading cattle, and (2) which silage produces the most dollars per acre when fed through beef cattle."

Also involved in the feeding tests of 96 Angus and Hereford steers is the results of implanting 12 milligrams of stilbestrol in half of the animals.

"This is to determine whether implanting would increase efficiency enough to overcome the decline in grade," Durham said. Previous Tech feeding-implanting research showed marbling was hurt by 36 mg.'s of stilbestrol. The lower dosage was used to see if a feeder can get some increase in gain without affecting carcass and grade.

Conducting these feeding tests are Dallas Powell, animal husbandry senior from Plains, and Wendell Kent, junior animal husbandry major from Sweetwater.

Two sheep feeding experiments using silage and mlo, but no implanting of stilbestrol, will be reported by Dr. Frank Hudson, assistant pro-

fessor of animal husbandry, and students Jimmy Neal of Merkle and Charles Cobb of Lubbock.

Another beef cattle experiment to be reported May 15 will be a study of silage and high cottonseed meal rations as compared to cottonseed meal and hull rations tested in 1959-60 feeding experiments at Tech.

Complete carcass data will be available on each of the 96 steers used in the Tech feeding trials. Half of each carcass will be displayed along with cut-out data on each other half. A photo of each living animal will be exhibited to give viewers an idea of the animals' characteristics.

Tech's Feeders Day schedule calls for each of the 96 steers to be scored May 3 as a live animal for grade, beginning at 9 a. m. The public is invited. The animals will be slaughtered May 4 at a Lubbock meat packing house, graded May 5 and prepared for exhibit.

More than 500 stock farmers and ranchers and meat packing representatives are expected for the annual event.

## FOOTSAVING EDUCATION

Why does my baby walk on her toes?

The almost universal tendency of babies to walk on their toes indicates that it is a normal thing. The fact that doctors and physical education instructors recommend a similar exercise for strengthening weak arches tells us that the babies are strengthening their arches "doin' what comes naturally." Toe dancers have wonderful arches. Very, very rarely a baby may have a shortened Tendon of Achilles or heel cord. These babies cannot get their heels down to the floor at all. It is a condition that should be seen by a doctor without wasting time trying suggestions of shoemen (like me) or omniscient neighbors.

## Livestock Imports Lower

During 1960, U. S. livestock and meat imports were equal to 6.5 per cent of the total domestic production compared with 8.6 per cent for both 1958 and 1959, reports Lloyd Bergsma, extension livestock marketing specialist. Beef and

veal imports declined 23 per cent during 1960. Imports of live animals during 1960 declined five per cent to a total of 664 thousand head. Due to lower cattle prices, the reduction in import value was considerably greater than the reduction in import numbers. The value of cattle imported during 1960 was 50 per cent below the peak year of 1958, says Bergsma.

The value of meat and other livestock products imported during 1960 totaled \$464 million, which was a decline of 16 per cent from the 1959 total. During 1960, however, meat and other livestock products accounted for 87 per cent of all livestock and livestock product imports.

Mexico, Canada, New Zealand and Australia were the major exporters of cattle and meat to the United States during the 1959-60 fiscal year. These four countries accounted for 62 per cent of the total cattle and meat imports.

pared more than 1,800 timely news stories on cotton, appeared on 1,910 radio and 39 television programs.

To save on labor costs, the specialists said tremendous investments are made by cotton growers in machinery and other production items. Last year alone, producers invested over \$26 million in new picking and stripping machines. They used 32,042 stripper harvesters in 152 counties and 4,505 spindle pickers in 110 counties. They operated 46,360 rotary hoe equipped tractors in 172 counties; spot-olled 194,427 acres of Johnsongrass in 158 counties; spot sprayed Johnsongrass with water carried chemicals on 69,649 acres in 136 counties and in 75 counties lateral oiling was used on 71,184 acres to cut the hoe bill by as much as \$25 an acre.

The specialists give full credit to the county 7-Step Cotton Committees and the county agents of Texas for the outstanding records made in 1960 but emphasize that the cooperative efforts of all segments of the cotton industry will continue to be needed to keep the program moving forward.

A father was absorbed in his young son ventured to ask him about a homework problem. "Dad," he said, "where are the Alps?" "Ask your mother," came the reply. "She put everything away."

## USDA Ready In Case Of Attack

The United States Department of Agriculture is working hand in hand with Civil Defense to protect the lives of Farmer County citizens in case of a missile attack.

Chairman of the USDA

Emergency Planning Committee is Bill Boling, of the FHA. He is in charge of the county-wide planning before an attack. Then if and when an attack does come, he will be in charge of credit to rehabilitate farms and farm families to put crop land back into production. Bob Crozier of the Friona SCD office will be the "danger man" in the organization. His job will be to go out and monitor the Roetgens, (pronounced rain-kings). This is a measure of the radiation in the air, on food, livestock, and supplies. It will be up to Crozier to determine when it is safe to emerge from shelter. He must check and test all equipment weekly and once each month he must make a simulated field test and report to the Civil Defense Headquarters in Denton.

Denton is headquarters for a five-state area. Prentice Mills of the Farwell ASC office would keep tab on all food and feed stuff in the county. He has on file, on punched IBM cards, all the grain stored in the county elevators. If attacked, it will be his job to check all the food and feed supplies and report his findings to the local and state civil defense.

County Agent Joe Jones and HD Agent Ettie Musil's jobs in education. They have plans for building home shelters and are available to advise the public on how to prepare the shelters with food, water and other necessities. They have some slide films that they will be glad to show to any group interested in seeing them. Their after-attack program is also on education; how to survive on what is available locally, what is edible, how to test food and drink.

The group had a practice in Farwell last Friday during the Civil Defense drill that was held throughout the nation. During such drills and in case of an attack they have two meeting places. The regular meeting places is the ASC office in Farwell. If under attack the emergency meeting place is Bob Crozier's SCD office in Friona.

Plant disease detectives are using rust trapping nurseries to discover new races of small grain rust. Harlan Smith, extension plant pathologist, describes the nursery as a small area where many new varieties of oats and wheat are grown for detection purposes. There are now 10 such nurseries in Texas and 5 in Mexico.

## The HAPPY HOMEMAKER

BY JUNE FLOYD

Real soon now many home gardeners will be picking fresh English peas for the table. Most homemakers complain that in spite of the fact members of their families thoroughly enjoy eating fresh green peas from the garden, this enjoyment is short lived.

After you have served fresh peas the conventional ways a few times, try combining them with boiled eggs, pimiento cheese, green onions and mayonnaise for a delicious salad. Some cooks like to combine tuna with the mixture. By varying the ways peas are served, maximum enjoyment of their freshness can be obtained over a longer period of time.

The expression "as American as ham 'n eggs" probably wasn't coined with deviled eggs in mind, but Ham Deviled Eggs are sure to make a hit any time you serve them.

### HAM DEVILED EGGS

8 hard cooked eggs  
1 can (4 1/2 oz) deviled ham  
1/4 cup mayonnaise  
1/2 teaspoon dry mustard  
1/2 teaspoon Tabasco  
Chives, finely cut (optional)  
Shell eggs, cool. Halve eggs lengthwise. Carefully remove yolks; mash or press through a sieve. Add remaining ingredients and beat until fluffy. Refill whites. If desired, garnish with chives. Yield: 8 servings.

Are your houseplants looking somewhat dejected? If they are and water falls to revive them, try putting coffee grounds on the roots about three times a week. Then once a week give them a tablespoon of olive oil. Do not allow the earth to become hard and dry.

Any time you have cold biscuits, bread or rolls that you would like to serve warm, try the following trick. Prepare a clean paper bag by pouring cold water in and out of it quickly. Twist the top of the dampened bag, into which the bread has been placed, and put into a medium oven until thoroughly heated.

Bakery goods will taste as if they have just come from the baking ovens if they are reheated by these directions.

For a cake that is entirely different from any you have ever baked, try the following recipe.

### CHOCOLATE OATMEAL CAKE

1 cup rolled oats  
1 1/2 cups boiling water  
1/2 cup shortening  
1 1/2 cups sugar  
2 eggs  
1 cup sifted flour  
1/2 cup cocoa  
1 teaspoon salt  
1 teaspoon vanilla  
1 1/2 teaspoons baking powder  
Mix oats and boiling water and let cool. Cream shortening, sugar and eggs. Add oatmeal mixture along with flour, cocoa, baking powder, salt and soda. Beat until smooth. Bake in 8 x 12 inch greased pan 35 minutes at 350 degrees.

### FROSTING

Mix 1/2 cup milk, 2 cups coconut, one box powdered sugar and two tablespoons butter. Boil until thick--about six minutes.

Summertime is definitely salad time. In addition to being very delicious, the following recipe makes a beautiful salad.

### RAINBOW SALAD

1 package lime Jello  
1 package orange Jello  
1 large can crushed pineapple  
3 cups boiling water  
1 cup salad dressing  
1 8 oz. package Philadelphia Cream Cheese  
1 cup pecans, finely chopped  
1 cup celery, finely chopped  
4 tablespoons sugar

Make lime Jello with 1 1/2 cups boiling water and 2 tablespoons sugar. Let cool. Add half a can of pineapple and put in refrigerator to congeal.

In another bowl, make the orange Jello with the same amount of water, sugar and pineapple as was used in lime Jello. Allow to cool. Mix salad dressing and cream cheese with electric mixer. Add celery and pecans and mix well. Spread over lime Jello. Let set in refrigerator about 30 minutes. Add orange Jello on top and put back in refrigerator until all is well congealed.

## NOTICE TRI-COUNTY AUCTION

Beginning

Saturday, May 6, 1961

At 1:30 p.m.

In Friona, Texas, A Public Auction Will Be Held For The Benefit of People Wishing To Sell:

## What Consumers Pay And The Farmer Gets

Farmers got lower prices for their 1960 produce than for that produced in 1947, but consumers paid substantially more for the foods, according to a research report issued recently by the USDA.

Where did this extra money consumers spent go? It was taken up by increases in marketing costs for wages, containers, fuel, freight rates, depreciation, rents, advertising, taxes and other costs. Marketer's profits as a percentage of the consumer's dollar showed no decided trend, but their total profits were up.

Although food prices were higher in 1960 than in 1947, the consumer could purchase more food with an hour's wages. This is possible because personal incomes have risen considerably faster than food prices.

For example, an hour's work in 1960 would buy 2.5 pounds of beef compared to 1.9 pounds in 1947.

Retail prices of food rose less than prices for all commodities and services, the study showed. Food prices since 1947 are up about one-sixth, but the Consumer Price Index has risen more than one-fourth. Relatively, therefore, food is a bargain for consumers when compared to the total of their other expenditures. Since marketing costs rose faster than the Consumer Price Index, the slower rise in food prices was due entirely to the lower prices paid to farmers.

In 1960, the farmer received only 39 cents of the dollar spent by the consumer for food, the study showed. The remaining 61 cents went to pay marketing charges. The farmer's 39 cents in 1960 compares with 51 cents he received in 1947 and with 32 cents in the depression years of 1932-33.

Field Drying Of Grain Sorghum

Pilot studies on field drying of grain sorghum to permit earlier harvesting were conducted in the fall of 1960. The object of this study was to determine if the field application of heat will speed up the drying process...

HD Agent's Notes

By Miss Ettie Musil

Are you having trouble with your steam iron becoming clogged up? Then I'm sure you have been bothered with small grayish white particles messing a hard to clean and iron white shirt or dark cotton dress. These white particles are mineral deposits that have collected in your steam iron from the water.

Expect Increasing Castorbean Yields

"Two separate variety tests at the High Plains Research Foundation give indications that higher castorbean yields may be possible in the future," Dr. Earl H. Collister said when he released the Foundation's 1960 castorbean research reports.

Courthouse

Factors Other than Ag Affect Land Prices

During the ten years since 1950, the average price of agricultural land has increased 67 percent in the United States and 71 percent in Texas. Total agricultural net income of the nation's farm operators during the same period, however, has shown a decline of 18 percent.

Planning Required In Farming As Industry

Modern farming is a competitive business and the individual operator should keep this in mind when planning his enterprises, says C.H. Bates, extension farm management specialist.

## Of Interest To THE WOMEN

### Quilting Club Meets With Mrs. Levi Johnson

Mrs. Levi Johnson hosted a covered dish luncheon for members of Quilting Club Thursday afternoon in her home. Following the luncheon the

ladies spent afternoon quilting for the hostess.

Among those present were Mrs. C.P. Warren, Mrs. F.O. Turner, Mrs. H.D. Bradshaw, Mrs. J.E. Owens, Mrs. Tom Griffith, Mrs. T. E. Rhodes, Mrs. J.R. Caldwell, Mrs. E.E. Woelfel, and Mrs. Billy Johnson of Seattle, Wash. was special guest for the afternoon. Next meeting will be at home of Mrs. Lloyd Killough.

### Don Sides Have Girl

Mr. and Mrs. Don Sides are the parents of an eight pound, twelve ounce baby girl born Sunday, May 7 at 4:15 a.m. at Parmer County Community Hospital in Friona.

### Guild Officers Installed Mon.

Mrs. Margaret Caldwell was installed president of Wesleyan Service Guild Monday evening at a salad supper at Bovina Methodist Church.

Mrs. H. J. Charles installed the officers. Installation table was graced with an arrangement of roses, and white tapers.

Other officers installed were vice president, Mrs. W. E. Williams; secretary, Mrs. Dean Hastings; treasurer, Miss Grace Paul; promotion secretary, Mrs. H. J. Charles.

Hosting the supper were Mrs. Davis Edens and Mrs. William Thornton. Serving table was decorated with floral arrangements.

Highlighting the meeting was presentation of service pins to Mrs. Fleta Terry and Mrs. Bedford Caldwell.

Others attending were Mrs. M. H. Laney, and Miss Rita Caldwell.

### Mrs. Richard's Father Dies

Funeral services for John H. Lasater of Portales, N.M. were held at 2:30 p.m. Thursday at the Wheeler Mortuary at Portales.

Mr. Lasater, who was 80, died Tuesday morning.

Survivors include his wife, Ollie, of Portales; one son, M. L. of Clovis; and six daughters, Mrs. Cash Richards of Bovina; Mrs. Harlan Nicholas of Elda, N.M.; Mrs. Ross Roberts of San Jon, N.M.; Mrs. Kenneth Leech of Nara Visa, N.M.; Mrs. Lou Hare of Rogers, Ark; and Mrs. Roy Millsap of Albuquerque, N.M.

### Mrs. Bell Hosts Bridge Club

Mrs. Durward Bell entertained Thursday Afternoon Bridge Club in her home this week.

Mrs. Dean McCallum won high and travelling prize, Mrs. Johnnie Horn slam prize and Mrs. Dolph Moten, low.

Mrs. Bell served refreshments of salad, canapes, tea, punch and coffee to guests.

Those present were Mrs. Jim Henke, Mrs. Mack Ragdale, Mrs. Bob Wilson, Mrs. A.M. Wilson, Mrs. Leon Grissom, Mrs. Jimmy Charles, Mrs. Leon Ware, Mrs. Vernon Willard, Mrs. Horn, Mrs. McCallum, Mrs. Moten and the hostess.

### Sewing Club Has Luncheon

Mrs. Bob McMeans entertained members of Sewing Club Friday in her home.

Following a covered dish luncheon the ladies spent the afternoon doing hand work.

Luncheon guests were Mr. and Mrs. Howard Looney, Mrs. Alfred Mills, Mrs. Earl Dean Boyd, Mrs. Henry Spicer, Mrs. T.J. Hopingardner and Mrs. Jesse Sisco.

MRS. WILLIAM DAVIS

### Graduates From Baptist School

Ten states are represented in the graduating class of Clear Creek Baptist School, a Kentucky Baptist Bible school for adults. Graduation exercises are scheduled for Friday, May 12.

Rev. and Mrs. Williams H. Davis are members of the graduating class. Mrs. Davis

is the former Mary Wassom, daughter of Mrs. Helen Wassom of Bovina. The Davises have three daughters, Billie, Sue and Lynn.

Everything must be bigger and better these days--the House Agriculture Committee now has 35 members, formerly 33.

### Mrs. Durward Bell entertained Thursday Afternoon Bridge Club in her home this week.

Mrs. Dean McCallum won high and travelling prize, Mrs. Johnnie Horn slam prize and Mrs. Dolph Moten, low.

Mrs. Bell served refreshments of salad, canapes, tea, punch and coffee to guests.

Those present were Mrs. Jim Henke, Mrs. Mack Ragdale, Mrs. Bob Wilson, Mrs. A.M. Wilson, Mrs. Leon Grissom, Mrs. Jimmy Charles, Mrs. Leon Ware, Mrs. Vernon Willard, Mrs. Horn, Mrs. McCallum, Mrs. Moten and the hostess.

### Shower Is Courtesy For Mrs. Johnson

Mrs. Billy Johnson was feted with a post nuptial shower Friday afternoon at the home of Mrs. Alfred White.

The bride's table carried out her chosen colors of turquoise and yellow. An arrangement of yellow mums graced the serving table which was laid with a white lace cloth over turquoise. Refreshments of cake and punch were served to guests. Silver and crystal appointment complemented the table.

Those attending were Mrs. G. S. Hart of Clovis, mother of the bride, Mrs. Levi Johnson, mother-in-law of the bride, and Mrs. Howard Ellison, Mrs. Lee Capps, Mrs. Harley Riddle, Mrs. E. O. Johnston and Evanna, Mrs. J. R. Caldwell and Mrs. H. H. Kelso.

Hosting the occasion were Mmes. Thomas Rhodes, Robert Calaway, Travis Lloyd, James Boardman, B. L. Marshall, Sam Sudderth, Alfred White, Marlin Ferguson, Lynn Isham, E. E. Woelfel, Joe Pinner, Robert Read and Miss Myrna Downs.

**Board Drops--**  
L. M. Grissom, Johnie Horn, Connie O'Brien, A. L. Glasscock, and Buck Ellison.  
Equalization board members will meet with school board Tuesday night so that present school tax situation may be explained, Morton says.  
Official business of equalization board will probably be conducted in June.  
Board members also voted to change baccalaureate services to Sunday night after this year. This change was made at request of churches in community.  
All trustees were present at the meeting.

ORANGE GROVE, TEXAS, OBSERVER: "It is wholly misleading for those who seek to repeal the Connally Amendment to ignore the significance of the changing personnel of the United Nations. Certainly the political maneuvers of the new nations in the General Assembly will be reflected in a larger representation of the Afro-Asian and communist blocs in both the Security Council and the world court.  
"This is not the kind of court to which we should turn over the power to determine whether it has jurisdiction over the internal affairs of the United States."

**Sawdust--**  
been?" "Out" "What did you do?" "Nothing!" This book deals with what adults are doing to children, mainly invading their privacy. The author points out that grown ups were once the natural enemy of children and now they have to be pals. He also stated that children have to be entertained today and that grown ups are the cause. This inspiring little book is quite humorous and, of course, makes one well aware of the differences in children and at the same time that kids are kids no matter what. While taking my small one to the sitter we noticed a little boy, of perhaps five, fishing in a vacant lot, of course there was no water but I'll bet he caught a lot of fish anyway. Surely makes one feel good, especially after having read said book, to see that some children can still provide their own entertainment.

Another interesting incident about children happened at the grocery store this week according to Waneen Ragsdale. A girl of about 10 was shopping for groceries and was doing quite well until she came to the meat market. She ordered a "big round steak." The butcher told her to wait a minute he would have to cut her one. She was talking to people around her when she looked up and saw him coming from the locker with a whole leg of beef and her eyes according to the report got as big as saucers and she said, "That's too big." Of course by this time both the butcher and onlookers were in stitches.

LONGHORN VICTORY SPECIAL HIGH PLAINS FARM & HOME

# Relay Team Buns Wild At Austin

FOUR LAZBUDDIE SPEEDSTERS who made up the winning 440-yard relay team and the second place mile relay quartet are Odis Bradshaw, left, Billy Hardage, R. L. Porter and Freddie Savage. These four fellows accounted for all of the points at the state meet.

"IT WASN'T VERY FUNNY AT THE TIME" is what Jimmie Seaton appears to be telling two of his teammates as they discuss his hurdle accident which cost him a place in the event. These three fellows each qualified for the finals in individual events at the state meet. Seaton, left, qualified for the finals in the high hurdles, Odis Bradshaw, center, qualified in the 220, and Billy Hardage qualified in the 440-yard run.

## Untimely Hurdle Accident Was Almost Costly

Jimmie Seaton, junior hurdler who qualified for the state meet, was Lazbuddie's hard luck guy at Austin Saturday. Seaton qualified for the finals in the 120-yard high hurdles with a preliminary time of 15.4, and should have finished either first or second in the final go-around Saturday, but an untimely accident cost him a place in the event.

In what was an extremely close race among all the finalists in the event, Seaton a little ahead of the hurdlers and was pushing Ronnie Huntsman of Rochester for the lead when he stumbled over the last hurdle and failed to place.

The race was nip-and-tuck, and Seaton says he thought that by clearing the last hurdle lower than he had the others, he could pick up a little on the other competitors.

It might have been good strategy, but the Lazbuddie hurdler tried to clear the last obstacle just a little too low and he hooked his leg going over. This caused him to stumble and he was out of the race.

Had Seaton gone ahead and won at least second, it would have been good for eight points, and would have put the Longhorns ahead in the meet. However, after the event Lazbuddie was tied for second with 24 points and there was only the mile relay remaining.

Seaton admits that he was quite upset for a while, and he was afraid that his accident may cost the team the state title. But, maybe the hurdle accident worked out for the best after all, because the relay team knew it had to come through, and the boys ran like they had never run before.

The relay team turned in a 3:24.7 in the final event, which was good for second place and 16 points, giving the Longhorns the title with points to spare.

One consolation that Seaton has is that he's only a junior, and he's looking forward for a chance to make amends next year.

TOWERING HIGH over most relay teams in the state of Texas are the two squads who represented Lazbuddie this past year. The four athletes who made up both the 440 and mile relay teams, and their two alternates, are, from top to bottom, left to right, R. L. Porter, Cooper Young, Mike Bean, Odis Bradshaw, Billy Hardage, and Freddie Savage. Young was the alternate on the mile relay team and Bean was the 440 alternate.

## Greatest Year In History

The year 1960-61 was the greatest year ever recorded in the annals of Lazbuddie sports history, and it may be some time before Parmer County's smallest school district equals it again.

Besides the district, regional, and state championships the Longhorn track team won, Lazbuddie school also produced the district football champion and the district baseball titlist this year. That's a record that will be hard to equal.

The school's basketball team also had one of its most successful seasons, in compiling a 26-4 won-lost record, but had to settle for second place in the district to Bovina. Lazbuddie won the District Double round robin schedule in basketball with an 8-0 record, but lost to the Mustangs in the best two out of three game playoff series. Bovina was the only school the Longhorns lost to all season.

The Longhorn football team, coached by John Bond and Bobby Crooks, compiled a 4-0 conference record and a 7-1 overall record, before bowing to Groom in the bi-district playoff.

The baseball team won the district title last week and will meet Darrrouzett in the bi-district playoff this Thursday at Amarillo. So, the Lazbuddie sportsmen aren't through yet. They could just add another sports championship to their record this week.

# “Once In A Lifetime,” Says Coach

Bobby Crooks, coach of the victorious Lazhuddle Longhorn track team, describes the winning of the state track championship as a “once in a lifetime” occurrence.

“The boys deserve the credit,” the coach says modestly. “They worked hard all year, and they ran their hearts out at Austin.”

The youthful Longhorn mentor also gave credit to J. G. Ward, school superintendent, “who coached the boys back in the sixth and seventh grades.”

“That’s where they got their start,” Crooks says.

Even though the coach did give credit to everyone except himself for the success of the Longhorn track team, quite likely some of his track ability and coaching know-how was responsible for molding together the talented crew which made up this year’s state champions.

Crooks, who hails from Memphis, had his share of success as a track performer in both high school and college. He won the 440 in the state track meet as a junior, and was a standout member of the SMU track team during his college days.

Crooks has been track coach, assistant football coach, and grade school coach at Lazhuddle for the past three years. The three years prior to that time, he was a grade school coach at Shamrock.

He attended SMU for four years, and was graduated from college at West Texas State in the summer of 1955.

Commenting on the track championship, Crooks says, “I thought winning the 440 in the state as a junior would always be my biggest thrill, but after last Saturday, I’ll have to admit I was wrong.”

Winning of the state track title was the fulfillment of a long-time dream for the Longhorn coach. He wanted to be the first track coach in the Panhandle to bring back a state title.

“It’s a big thrill seeing that dream come true,” Crooks says.

Crooks also paid tribute to the Lazhuddle fans “who were up in the air about the team this year.” About 25 Lazhuddle enthusiasts followed their teams to Austin for the state meet.

The complete Lazhuddle track squad which won district, regional, and state track titles this year. In addition to several other meets, is shown at left. Front row, from left to right, are Coach Bobby Crooks, Tom Keichum, manager, Cooper Young, Freddie Savage, Billy Hardage, Mike Bean, R. L.

Porter, Jimmie Seaton, and Odis Bradshaw, Back row, Norman Branley, Don Watson, Jerry Don Glover, David Koelzer, Terry Darling, Joe Tarter, Harold Redwine, David Tarter, Glendale King, Carroll Redwine, Don Smith, Gary Brown, Jerry Smith, James Brown, and David Smith.

“BLASTED THING, ANY WAY” -- That seem’s to be Jimmie Seaton’s feeling toward high hurdles in general, following Saturday’s mishap which kept him from placing in the hurdle event in Austin. The Lazhuddle junior hurdler appeared to have second place in the bag when he tried to clear the last hurdle to low and hooked his leg going over.

# ‘HORNS WIN STATE!

STATE CLASS B CHAMPIONS of Texas are the Lazhuddle Longhorns, shown here with the plaque the 440-yard relay won and the championship trophy. Kneeling, left to right, are Freddie Savage, Coach Bobby Crooks, and R. L. Porter. Back row, Jimmy Seaton, Mike Bean, Cooper Young, Odis Bradshaw, and Billy Hardage.

## First State Track Title For Entire Panhandle Area

Lazhuddle’s Longhorns, in walking off with the state Class B track and field championship Saturday at Austin, made Panhandle sports history.

Never before in the interscholastic-league track and field meet’s 51-year history has a team of any classification from the Texas Panhandle region been able to snare a track championship.

At least that was what was reported by the Amarillo Daily News, and the area’s leading daily publication should have records on this if anybody does. One thing for certain is that it’s the first time a Class B team from this region has won the title.

While the Texas Panhandle has had its share of state titlists in basketball and football, for some odd reason the boys from downstate have always had an edge on this area when it came to track.

It’s hard to understand why the Panhandle has never had a state track champion, in view of the fact that they’ve fared so well in other sports, but one explanation for this

oddlity has been the weather.

With the spring track season coming at a time when this area normally has a great deal of wind and blowing sand, it has been pointed out by “authorities” on the matter that this has an affect on the athletes. There are many days when track teams can’t work out up here on the Plains, while downstate this situation doesn’t exist.

If this is one of the reasons for the failure of this region to produce a track champion, Lazhuddle is the first school to overcome the handicap.

In winning the meet, the Lazhuddle team could also lay claim to another sports first. It was the first time that a Partner County athletic team had won a state championship. The Friona girls basketball team came close in 1959 when they won second, and the Bovina boys basketball team won third a few years ago.

Other than those two occasions, no team from Partner County has come to a state championship.

## Relay Team Paces Win

With two fast-stepping relay teams leading the way, the Lazhuddle Longhorns Saturday rolled to the state Class B track and field championship at Austin by compiling 40 points to runner-up Leuders’ 30.

It was the first time in the 51 years history of the meet that a Panhandle-area team won a state track championship, and it took only four lads from Partner County’s eastside school to turn the trick.

Lazhuddle’s 440-yard relay team, made up of Odis Bradshaw, Billy Hardage, R. L. Porter and Freddie Savage, clicked off a blistering 43.5 time to give the Longhorns their only first place in the meet.

These four athletes accounted for all of Lazhuddle’s points. The 440 relay victory gave Lazhuddle 20 points, and then the same four boys turned right around and ran a 3:24.7 mile relay, which was good for second place and another 16 points.

Hardage turned in a 50.4 time in the 440-yard run to win fourth place and gave the Longhorns their other four points. The mile relay team was just barely nosed out by the Leuders foursome which turned in a time of 3:24.4. Both Lazhuddle and Leuders ran the race in far better time than the previous state record of 3:29.0.

Lazhuddle’s clockings in both the 440 and mile relays were the fastest the Longhorn sprinters had turned in all season. Their winning time of 43.5 in the 440 was shy of the state record, however, which was 42.9.

Besides the relay team and Bradshaw in the 440-yard run, two other Lazhuddle boys qualified for the finals in Friday’s preliminaries.

Bradshaw, who ran with both relay teams, also qualified for the finals of the 220, but chose not to run because the race came off shortly before the mile relay. He qualified Friday with a time of 22.4.

Jimmie Seaton qualified for the finals in the 120-yard high hurdles, and was well on his way to what looked like at least a second place finish when he fell over the last hurdle and failed to place.

The hurdle race was so close that the split second Seaton lost on the last hurdle cost him a place in the event. Despite the lost time, however, he was still clocked at 15.6.

Two other boys who made the trip to the state meet were Cooper Young, alternate on the mile relay team, and Mike Bean, alternate on the 440 relay team.

The Lazhuddle thriftdads, coached by Bobby Crooks, achieved the goal they set out to reach at the start of the season. The team won district in 1959, won both district and regional in 1960, and this year made it all the way.

In all, the Lazhuddle team this year won a total of 18 trophies. They won not only district, regional and state, but also won many other area meets throughout the Panhandle and South Plains.
