Ruth Tipton Shurley came to Sonora after graduating from University in Southwestern Georgetown with a B.A. degree in music in 1932. She taught public school music in the first 7 grades until January, 1935, when she married Edgar D. Shurley. She had a private kindergarten class of eight students in 1940-41.

In January 1950, she resumed teaching when Rex Lowe, elementary principal, asked her to take one half of a fourth grade class that was too large. She ended up teaching kindergarten until 1961.

Ruth and Edgar had two children, Billy and Derry Kay. Billy has 3 children, Michael, Pat and Rachael and currently resides in Marta. Derry Kay lives in San well as several fight songs that were

#### **Sutton County** jury convicts Salas on possession charges

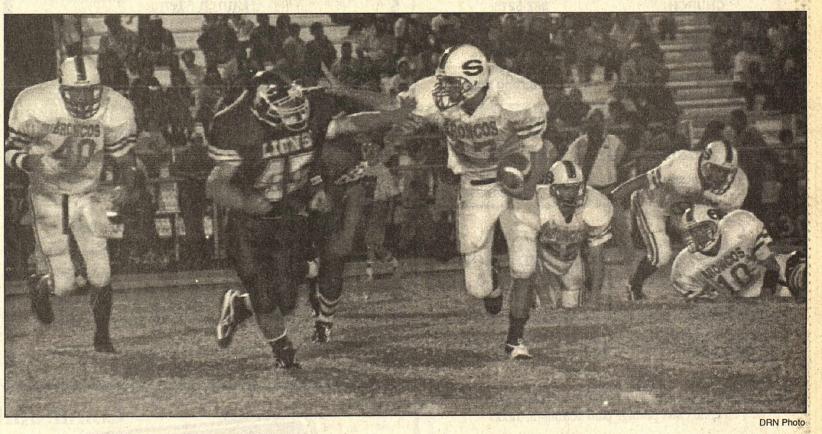

A Sutton County jury, after a 3 day trial, convicted Pascual Barrientos Salas of possession of marijuana over 5 pounds but less than 50 pounds.

The jury assessed the maximum punishment of 10 years and a \$10,000 fine against Salas. Ori White, District Attorney, praised multiple agency cooperation for the success saying, "U.S. Customs called the Sheriff's Office and the City Police to tell them drug smugglers were coming through town."

"Our fine local officers took appropriate action and stopped approximately 37 pounds of marijuana from getting on the streets."

"I believe that the punishment will send a message to pushers and drug dealers to stay out of our communities or face tough punishment."

# **Broncos trample Lions 17-0**

Terry Stone rolls through the Ozona line with assistance from Brad Legan.

#### Submitted

The Sonora Broncos traveled to Ozona Friday evening and came home with their second win of the season shutting out the Ozona Lions 17-0.

It was in the second half that the Bronco special teams and defense set up two touchdowns and the offensive line of David Arevalo, Blaine Wilkinson, Andy Sanchez, and Chris Braly finally wore down a stingy Lion defense to give Terry Stone room to run for 99 second half yards.

The Broncos began the game with an impressive 17-play drive starting at its own 21 yard line and ending at the Lion's 9 yard line with an Anthony Renfro 26 yard field

goal with 3:46 to go in the first quarter. It seemed the Ozona Lions

would be in for a long night when the Bronco defense pushed the Lions backwards on their first possession. That, however, changed in a hurry when the Bronco's broken fingered Tanner Fields fumbled Justin Browne's punt and the Lions recovered at Sonora's 47 yard line. The Lions then begam a 12 play drive that got as far as the Sonora 7. After a 5 yard penalty and aggressive defensive plays by Stone and Kasey Wood, the Lions attempted a 31 yard field goal which was wide left. For the rest of the first half neither feam could move the ball.

In the second half, the Broncos

turned things around. Not allowing the Lions a first down in the first drive of the second half, the Bronco's Justin Mathews returned Browne's punt 26 yards to Ozona's 34. Terry Stone took it from there and scored on the Bronco's first offensive play of the second half. Renfro's point after attempt gave the Broncos a 10-0 lead.

The Lions' next drive ended with a Bronco interception by Mathews who returned the ball 45 yards to the Lion 4 before fumbling the ball in to the end zone. The Broncos did recover the fumble, but the ball could not be advanced unless Mathews himself recovered it. That brought the ball out to the 4 yard line and Mathews ran the ball

in on 4th and goal from the one. Renfro's point after ended the scoring for the night at 17-0.

The Broncos did have a chance to score again in the fourth quarter with a first and goal from the nine, but back-to-back 15 yard penalties turned that into a first and goal from the 42.

Led by Brad Legan, Zac Ramos, Kasey Wood and David Arevalo, the Bronco defense allowed just one Lion second half drive into Bronco territory and only 63 total yards in the game.

Stone was once again the Bronco's leading rusher with 123 yards on the night. Jason Jacoby and Steven Gandar each added 42.

brisket and sausage were: Fito and

Amelia Ramos, Vernon and Jean Humphreys, Jr. and Maria Elena Espinosa, Linda Fish, Bernice and Monte Cowsert and Nick Garza. Committee members and volunteers who helped prepare, serve and clean up after the bar-b-que were: Smith Neal, Bernice & Monte Cowsert, Vernon & Jean Humphreys, Steven Gandar, Manuel Campos, Sara Gutierrez, Bettye Hardegree, Olivia Longoria, Mary Lou Gilley, Kelly Thorp, Pauline Ringgold, Lura Sawyer, Marie Aldwell, Iris and Nick Garza, Maura Weingart, Vivian Crites, Vicenta Lopez, Carmen Sanchez, Carmina Trevino, Mandy Turk, Robert Duran, Juanita Mesa, and Charles Graves.

Once again, Milton Caveness, Lee Roy Valliant and the Old Thyme Country Band members were gracious enough to brave the heat and provide entertainment during the bar-b-que.

Last, but certainly not least, the Senior Center staff deserves recognition for their hard work. Fund raisers always increase the already heavy workload of these dedicated individuals.

Successful events, such as this, exemplify the community spirit that abounds in Sonora and Sutton County. The Committee on Aging is so thankful to everyone who participated in any capacity to help support our Senior Center. We always make a concerted effort to acknowledge everyone; however, if we failed to mention anyone who contributed, please accept our sincere apologies.

Readers we are looking for postcards that were made in 1937. These postcards were sold all over town and were pictures of the Church of Christ, Sutton Co. Courthouse, L. W. Elliott School, Baptist Church, First National Bank, Sonora Wool & Mohair Co., St. John's Episcopal Church, Methodist Church, High School and Elementary School and the Sonora Woman's Club (with City Building in background). If anyone has any of these 1937 postcards we would deeply appreciate it if you would allow us to make copies of them or if you could make copies for us when you are in San Angelo. We would really like to add this complete series of cards to our files. Thank you!

We didn't have any questions this week so we thought we'd take a walk through the September 24, 1937 issue of THE DEVIL'S RIVER NEWS: Classes at the Sonora High School were organized yesterday morning at the homeroom period. Officers, flowers, mottoes and colors were selected. They are: Senior: President, Jim Taylor; vice-president, Web Elliott; secretary-treasurer, Kathryn Brown; reporter, Mattie Mae Friess; assistant -reporter, Serena Trainer; social committee: Edward Glasscock, Willie Ray Willman, Wynona Hutcherson; colors: silver and rose; flower, red rose; motto: B-Square & B Y's.

I wonder how many of you remember the time that more than a ton of Folgers coffee was purchased by Earl Lomax and Louie Trainer for their Sonora Men's Store. The gentlemen stacked the coffee outside the entrance to the store with a large banner over the top. The piles came nearly to the ceiling of the store. Lomax and Trainer received a certificate from Folgers for their outstanding merchandising achievements and a picture was taken of the store front and ran in many outside publications.

## Letters to the Editor

I would like to take this opportunity to respond to two errors and/or misconceptions in the "Letters to the Editor" column in last week's edition of the Devil's River News.

First, Mr. Carl Lang stated that Sutton County gave its employees a 5% raise to be funded by a tax increase voted against by Commissioners Keel and Wade. This is incorrect in that there was no tax increase at the County level, and in fact the tax rate was decreased by a substantial amount, so Mr. Lang's tax bill for next year, so far as the County is concerned, will be lower than last year's. The tax rate for last year was .41095, while the tax rate for the upcoming year is .38236. The vote to approve this lowered rate was unanimous. Sutton County employees did receive a raise that Commissioners Keel and Wade voted against; however, these employees have received only a total of 7% in raises over the last ten years while the cost of living index has risen 30%.

Second, a "concerned citizen" commented on the state of ranch roads and City streets. The DRN editor responded by saying that ranch roads were within the sole jurisdiction of the County Commissioners. Although the County does maintain all the ranch roads that it can legally maintain on a regular maintenance schedule, it by no means maintains all ranch roads. TxDOT is responsible for many miles of Ranch to Market Roads in Sutton County, including, but not limited to, Bond Road, Caverns Road, Juno Road, Ft McKavett Road and the Old Junction Highway.

Thank you for allowing me to clarify these points. Sincerely,

Carla Garner, Sutton County Judge

To The Editor,

In her column Ask The Historical Society, Mrs. JoAnn Palmer consistently does an outstanding job of recounting events from Sutton County's history and providing information about early families.

It was a bit puzzling, therefore, to read her statement in the September 11 DRN that she must journey to San Angelo to look up items on microfilm or microfiche.

The history room of the Sutton County Public Library is furnished with both of these pieces of equipment. The \$7300.00 Minolta microfilm reader/printer was purchased with grant funds from the Summerlee Foundation of Dallas, Texas. The \$2500.00 Canon microfiche reader/printer was the gift of a local family.

Perhaps this is a good time to mention two other little known facts about the library.

The Sutton County Public Library owns the microfilm of the Devil's River News from 1890 to 1970. The collection is not complete, of course, because many of the newspapers were already missing when the filming was done. One disadvantage of this series is that much of it is on negative film. The Minolta reader/printer automatically senses this problem and prints a positive image. The DRN film may be viewed by the public during library hours. The library is open until 6:30PM on Monday and Tuesday.

The Sutton County Public Library is a member of The American Genealogical Lending Library (AGLL) and provides the AGLL catalog of over 200,000 titles of genealogical data on microfilm or microfiche. For a small fee, library patrons may rent these microforms by mail for use in the library. The rented items may be kept for one month and then renewed for another 30 days, if necessary.

Sincerely,

Patricia Craig Johnson

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED **CONSTITUTIONAL AMENDMENTS** 

#### **NOVEMBER 4, 1997**

SPECIAL ELECTION

#### **PROPOSITION NO. 1 ON THE BALLOT**

Senate Joint Resolution 36 proposes a constitutional amendment to allow a person to hold the position of municipal judge in more than one municipality.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow a person who holds the office of municipal court judge to hold at the same time more than one civil office for which the person receives compensation.

#### **PROPOSITION NO. 2 ON THE BALLOT**

Senate Joint Resolution 43 proposes a constitutional amendment to allow the legislature to limit the maximum annual increase in homestead appraisals for each year since the most recent tax appraisal. The amendment would also permit the legislature to allow the governing body of a school district to elect to apply the law providing for the transfer of the age-65and-older school property tax freeze to the person's new homestead, if the move to the new residence homestead occurred before the law took effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the Legislature to limit increases in the appraised value of residence homesteads for ad valorem taxation and to permit a school district to calculate the school property tax freeze applicable to the residence homestead of an elderly person or the surviving spouse of an elderly person in accordance with the law authorizing the transfer of the school property tax freeze to a different homestead regardless of whether that law was in effect at the time the person established the person's homestead."

#### **PROPOSITION NO. 3 ON THE BALLOT**

Senate Joint Resolution 45 proposes a constitutional amendment to allow the legislature to authorize counties, cities, towns, and other local taxing entities to grant exemptions or other forms of ad valorem tax relief on property on which approved water conservation initiatives have been implemented.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to permit a taxing unit to grant an exemption or other relief from ad valorem taxes on property on which a water conservation initiative has been implemented."

**PROPOSITION NO. 4 ON THE BALLOT** House Joint Resolution 104 proposes an

amendment to update the Texas Constitution by deleting duplicate numbering in its provisions and removing certain of its obsolete portions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment eliminating duplicate numbering in and certain obsolete provisions of the Texas Constitution.

**PROPOSITION NO. 5 ON THE BALLOT** 

Senate Joint Resolution 19 proposes an amendment to allow the Supreme Court of Texas to hold sessions at any location in this state. Currently, the court is limited to holding sessions only at Austin, the seat of state government.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the supreme court to sit to transact business at any location in this state.'

#### **PROPOSITION NO. 6 ON THE BALLOT**

Senate Joint Resolution 39 proposes a constitutional amendment to repeal the current provision which provides that the board of the Texas Growth Fund may not invest money in a business unless the business has disclosed to the board whether it has any direct financial investment in or with South Africa or Namibia.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the Texas growth fund to continue to invest in businesses without requiring those businesses to disclose investments in South Africa or Namibia."

#### **PROPOSITION NO. 7 ON THE BALLOT**

Senate Joint Resolution 17 proposes a constitutional amendment to create the Texas Water Development Fund II as a fund separate and distinct from the Texas Water Development Fund. The amendment would authorize the Texas Water Development Board to administer the fund and issue general obligation bonds for purposes of the fund under guidelines set forth in the amendment.

The amendment would also allow the Board to use loan repayments coming into the fund after the end of the fiscal year to make bond debt service payments, and would provide certain conditions for the flow of funds for repayment of Texas agricultural water conservation bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the authorization to the Texas Water Development Board to transfer existing bond authorizations for water

House Joint Resolution 31 proposes a constitutional amendment which would authorize home equity lending, in which a loan could be secured by a lien against the borrower's homestead. The amendment would also establish several provisions providing for consumer protection in the home equity lending process.

The proposed amendment will appear on the ballot as follows:

"The amendment to the Texas Constitution expanding the types of liens for home equity loans that a lender, with the homeowner's consent, may place against a homestead."

#### **PROPOSITION NO. 9 ON THE BALLOT**

House Joint Resolution 96 proposes a constitutional amendment that would authorize the legislature to authorize a property tax of five cents for each \$100 valuation in rural fire prevention districts which are located in Harris County. The constitution currently authorizes a property tax of three cents for each \$100 valuation in rural fire prevention districts regardless of what county they are in.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to authorize an ad valorem tax rate in rural fire prevention districts located in Harris County of five cents on each \$100 of taxable value of property."

#### **PROPOSITION NO. 10 ON THE BALLOT**

Senate Joint Resolution 33 proposes a constitutional amendment to permanently dedicate monies from the Texas Crime Victims' Compensation Fund (and its auxiliary fund) so that they are used only for assisting victims of crime and not for any other purpose. If an episode of mass violence occurred, however, money from the funds could be used to assist victims of the mass violence if all other sources of authorized emergency assistance were depleted first.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment designating the purposes for which money in the compensation to victims of crime fund and the compensation to victims of crime auxiliary fund may be used.

#### **PROPOSITION NO. 11 ON THE BALLOT**

House Joint Resolution 59 proposes a constitutional amendment to prohibit the Legislature from authorizing additional state debt payable from the general revenue fund if the resulting annual debt service (the amount needed each year to make payments) would exceed five percent of the annual general revenue avail-

#### **PROPOSITION NO. 12 ON THE BALLOT**

House Joint Resolution 55 proposes a constitutional amendment to provide that if the Texas Supreme Court does not act on a motion for a rehearing within 180 days of the motion's filing, the motion is denied.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to establish a deadline for supreme court action on a motion for rehearing."

#### **PROPOSITION NO. 13 ON THE BALLOT**

House Joint Resolution 8 proposes a constitutional amendment to establish the Texas Tomorrow trust fund dedicated exclusively to the prepayment of tuition and fees for higher education. The amendment would guarantee that if there is not enough money during any fiscal year to pay the appropriate tuition and required fees, the needed money will be appropriated out of the first available money coming into the state treasury each fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to encourage persons to plan and save for young Texans' college education, to extend the full faith and credit of the state to protect the Texas tomorrow fund of the prepaid higher education tuition program, and to establish the Texas tomorrow fund as a constitutionally protected trust fund.'

# **7th Grade Dominates Ozona**

#### Submitted

This past Thursday, the Middle School Colts traveled to Ozona to continue a long standing rivalry.

The Colts anticipating a much larger and faster Ozona squad, was never in awe, as they set about to methodically dominate the Cubs. The Colt defense stifled the Cubs, by limiting them to less than 100 yards of offense.

The defense to its credit not only stopped the offense attack of the Cubs, but it also helped in the point total by Ervay Torres stripping the ball from a Cub ball carrier and racing 98 yards for the final Colt score.

The Cubs were able to put a left, but it was too little too late. Colts 48 Cubs 8.

On defense, the Colts were led by Israel Arevalo, who had 6 solo tackles and many assists. Some hard hitting caused several Cub fumbles, with Jed Leal and Eloy Torres both recovering one. Dustin Martin intercepted a Cub pass and returned it 43 yards to set up the third Colt touchdown. Landon Brockman caused a fumble and added 3 solo tackles. Reves Garcia added 5 tackles and several assists as well as a battled down pass.

The offensive unit was led by Dustin Martin, as he scored 3 times

Gabriel Martinez added the last offensive touchdown of the evening on a 20-yard dash to the end-zone. Imanuel Lopez rounded out the scoring, adding 6 points on 3 (2 point) conversions; Lopez also had 46 yards rushing and completed 2 of 3 passes for 32 yards.

# 8th Grade Colts Get Back On Winning Track

#### Submitted

Last Thursday, the 8th Grade Colts traveled to Ozona to take on the Cubs. This group of grid-ironers coming off their loss in football the week before, felt like they had something to prove.

The Colts took the opening kick-off and drove 73 yards for the first score of the evening. Bill Renfro did most of the work, as he broke a 42 yard run to get the score. Sean Fields added the 2 point conversion, to put the Colts up by 8. The Cubs, not to be out done, took the ensuing kick-off and ran it back to the 3 yard line before Jeremy Perez made a touchdown saving tackle. The Colts could not keep the Cubs out of the end-zone, and midway through the 2nd quarter, the score was 8 to 6.

On the Colts' next possession, they once again began to drive the ball with Renfro and Fields finding

gaping holes. However, an interception stalled the drive on the Ozona 38. The Cubs were not able to move the ball and intermission found the Colts up by two, 8 to 6.

The Cubs received the 2nd half kick-off, but could not get anything going and had to punt the ball away.

The Colts took possession on their own 33 yard line. It only took the Colts one play to get on the board as Sean Fields took the hand off, broke two tackles and outraced the Cub defenders for a 67 yard touchdown. Bill Renfro added the 2 point conversion to put the Colts up 16-6.

Once again the defense behind Bill Renfro, Ricky Lumbreras, and Jeremy Perez stymied the Cubs and they were forced to give the ball up again.

The Colts took possession on their own 48, but it would only take 5 plays to tally their 3rd score of the added the 2 point conversion to

evening. Chance Armke, as he did the week before, took the ball on a countertrap and 32 yards later was standing all alone in the Cub endzone. James Elliott kept the ball around the end and added the 2 point conversion to make the score Sonora 24 Ozona 6. The Cubs, not to be out done, took the next possession and added 6 more points on a one play 74 yard bomb. The try for 2 failed. This made the score Sonora 24 Ozona 12.

The Colts final score of the game came on a one run affair again with Fields doing the honors. Behind some excellent blocking by Beau Hughes, Ricky Lumbreras, Baldemar Hernandez, Stetson Hall, Demetrious Casiano, Chance Dillard, and Chance Armke, Fields was able to sprint for 63 yards untouched by any Cubs for his 2nd touchdown of the evening. Elliott make the score 32-12. The Cubs were able to put one more score on the board as time was running out to make it look closer than it actually was. Sonora Colts 32 Ozona Cubs 18

The Colts' offense showed what it was capable of, in amassing 351 yards of offense. All of this yardage came on the ground with Sean Fields having 173 yards, Bill Renfro with 145 yards, Chance Armke with 27, and James Elliott with 6. The offensive line is to be commended for a JOB WELL DONE!!

Ueckert said Pasture 1 was treated by two men on foot, while Pasture 2 was treated by one man on an all-terrain vehicle (ATV). The labor was counted at \$5/hr., the chemical at \$64.60/gal., dye added to the chemical for visibility ran \$0.29/oz., and the ATV was assigned a rate of \$2.50/hr.

Ueckert said that the small investment in preventive maintenance was well spent to "keep ahead of the curve" relative to cedar encroachment.

'We demonstrated how little it can cost to manage brush problems if the land owner or manager addresses it before size and density of the brush necessitate expensive, conventional control methods."

State Representative Bob Turner has announced his intention to seek reelection to the Texas House of Representatives. Turner readily admits he serves special interests. "They are the interests of rural and West Texas such as agricultural, the petroleum industry, property rights, health care, teachers and public education and the elderly," he said. "The western two-thirds of Texas is represented by only 14% of the members of the legislature." Turner said, "We're outnumbered by urban representatives who don't always consider and can't be expected to know that legislation does not and should not apply to rural Texas. I intend to come back and make sure West and rural Texans continue to be well represented in the House."

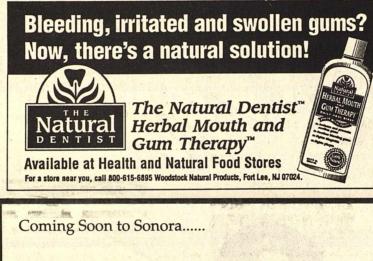

Rep. Turner lives with his wife Ann at Voss, in Coleman County. The couple have three grown sons,

board and later elected in the general election. She served until her 80th birthday in 1992.

#### SAVELL LEE SHARP

Savell Lee Sharp was born in Sonora and spent his childhood in Sanderson. He graduated from Sul Ross in 1939 and later earned a M.Ed. from Tarleton State University in 1975.

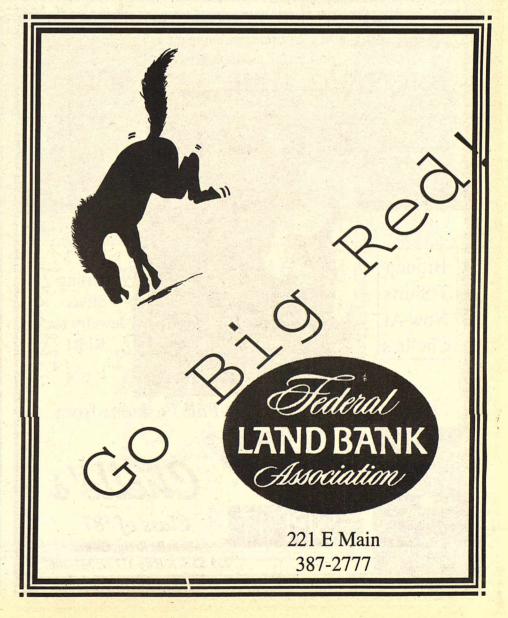

He was the High School Band Director and typing teacher from September, 1939, to December, 1940. He was in the United States Army Air Corp from that December until 1945, returning to Sonora as band director until 1947. He was the City Manager in Sonora in 47 and 48, going to San Angelo to be the Director of the College Band until 1951. He returned to the U.S. Army Air Corp/Air Force in 1951 and retired in 1967.

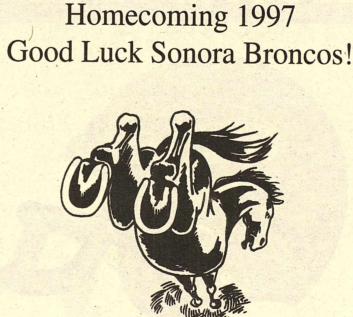

At that time he moved to his ranch in the Meridian/Iredell area in Bosque County. He returned to teaching, this time in Industrial Education in the Cleburne ISD from 1975 until retirement in 1985. He became a State Certified General Real Estate Appraiser and operated the Sharp Real Estate Appraisal Service from 1991 until the present time.

His wife of 34 years is Delores Ann, known to everyone as "Dee". The children include eldest son - stepson K.F. "Skip" Gombert and his wife Johanna. Skip is a retired Army Lt. Colonel and is employed by the Red River Local Redevelopment Authority as their Real Property Manager. Johanna, a teacher, is currently working in the office of the local Visiting Nurse Association. They live in the community of New Boston and both of their girls, Anna and Melissa, are students at Texas A&M.

Daughter, Debi Schulz lives in Lubbock with her two daughters, Dawnette and Stephanie, who are in middle school. Debi is employed by the Lubbock Methodist Hospital

Savell Lee was Sonora's second Band Director. When he arrived, the school did not have an Alma Mater or any of the traditional school songs. So during his first year, he wrote and arranged a school Alma Mater, as well as several fight songs that were used by the Pep Squad from time to time. That "School Song" has been used since 1939.
