## Briefly

**First Baptist Church** is having a 4 man scramble on Saturday, Oct. 18 at 8 a.m. The cost is \$25. To sign up go by the FBC office by 5 p.m. Friday, Oct. 17. This is to benefit the youth.

**The Lions Club of Sonora** Recycle for Sight at City Hall. Donate your used eye glasses. Questions? call Ben Solis 387-3191.

**Bronco Booster Club** meets every Monday night at the Field House at 6:30. Game film will be viewed at 7:00.

**Early Voting for the November 4th General Election** will begin October 20 through Oct. 31st. You may vote Monday through Friday from 8:30 a.m. to 4:30 p.m. at the Annex. All precincts will vote at the Courthouse for the General Election on Tuesday, Nov. 4.

**An Oil Field Reclamation Field Tour** will be held October 21st in Big Lake. Departure time will be 7 a.m. leaving from the Extension Office. For more information, please contact Virgil Poloccek at the Sutton County Extension Office.

**There will be a Field Day** at the Texas A&M Experiment Station October 22 at 10:30 a.m. There will be a tour of pastures that were burned last winter. For more information call Charles Taylor at 387-3168.

**U.S. Rep. Henry Bonilla** will be in Sonora on Nov. 10 to help "kickoff" fundraising for the Sutton County 4-H Community Center. Free food will be available beginning at 5:30 p.m.

**The Girl Scouts of Sonora** are the sponsors for a "Make a Difference Day" project. They are collecting coats with drop-off locations at the Post Office, elementary school, Food Center and WTU. If you need a coat, call Regina Burris 387-2222, Darla McKissack 387-3253, Monica McGee 387-3969, Tammy Tidwell 387-2114, Mickey Schafer 387-2549.

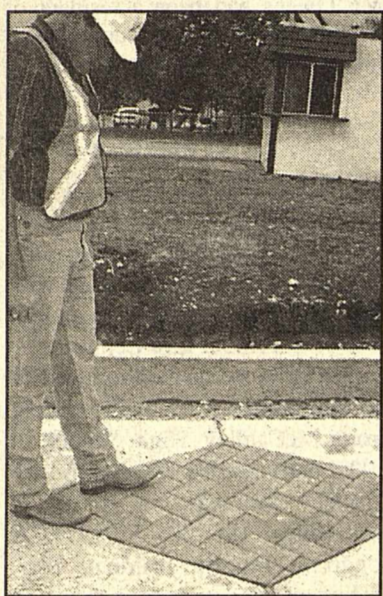

**The Texas Department of Health** will be holding a clinic for flu shots on October 22 from 9:30 a.m. to 12:00 and 1 p.m. to 4 p.m. Anyone over 65 can bring their Medicare card. The vaccine is also available for those with chronic illness. Fee of \$5 for those that can afford it. For more information call 387-2234.

**Roses are Red, Violets are Blue, The Westside Lions Club** has roses for you. Order now until October 31st. The prices are \$15 a dozen, \$10 for a half dozen. Delivery will be November 6th. If you have any questions, please contact Katherleen Freeman at 387-3736.

**Bronco Band Boosters** meet every 3rd Tuesday of the month at 7:00 p.m. at the High School Band Hall. All parents of Middle School and High School band students are encouraged to attend. New and fresh ideas are always welcomed. Due to the Fall Festival the next meeting will be Tuesday, October 28th.

**Mighty Sonora Bronco Band Spirit Bus** will be following behind the band buses on Saturday, Oct 18 at 12 Noon. The cost to ride the bus will be \$3.00 per individual or \$5.00 per family. Please call Betty Hernandez at work 387-3815 or at home 38-3469 by Friday Noon to reserve your seat. All band supporters, family and friends are encouraged to attend and help cheer our band on to victory at the Brady District Band Contest. The band bus will stop on the way back for supper and the spirit bus will join them.

## Highway 277 construction more than 50% complete

Paul Chevalier inspects brick pavers in the newly constructed sidewalks on Crockett Ave.

By Stephanie Campbell

The most common question asked of Paul Chevalier, TxDOT Area Engineer, regarding the Highway 277 construction is, "How are you going to get the trees in that

hole in the sidewalk?"

His answer is simple. The trees aren't going in the middle of the sidewalk, they will be planted between the pavement and sidewalk. Brick pavers, as pictured left, are being inserted.

Over 100, 16-20 ft. tall trees will line US 277 from I-10 and to the bridge near Oak Street on Crockett. This will not only change to appearance of Sonora aesthetically, but will provide a built in safety feature to deter large trucks from parking on the sides of the street.

Safety was the number one concern for the \$3.2 million project. The National Highway System funds 80% and the state the remaining 20.

Approximately 7000 vehicles travel through Sonora per day, 40% are tractor trailer trucks. Stretches of the highway were built as early as the 30's and were not constructed to withstand the weight or the traffic of the 90's.

Says Paul, "We couldn't get through another winter just patching the road."

Controlling access on 277 South was accomplished by building islands at Town & Country and

adding a curb at Vivian's Modern Way. "That keeps traffic out of the roadway."

The four lane, with a turn lane in the middle, on the south end of the project is expected to be complete by Christmas.

Another change in that area is a 90 degree turn at the intersection of Railroad and 277 S. This will allow motorist to see both ways when entering 277 from Railroad Street.

Near the middle of the project, the dip at Oak Street by the First National Bank drive-in will be flush with Crockett.

The bridge, on Crockett, built in 1931 and widened in the mid 50's, will be even wider. Irrigation lines are currently being installed north of the bridge.

At the onset of this year and a half project, employees were assigned to a business to communicate with them about the progress and address concerns the business may have. "I have people that really do their job well, they care about [what] they do."

Paul also states that he is appreciative of the cooperation from the businesses and residents. "It shows the character of people."

## 1997 Sutton County 4-H Awards Banquet

Submitted by Preston Faris, CEA-Ag.

The Sutton County 4-H Club held their annual awards banquet and dance on Saturday, October 11 at the 4-H Center with Brady Lock, club president serving as the master of ceremonies. Flag bearers for the evening were Brian Payton and Clayton Hicks. The Speaker for the banquet was Ashley Brockman who gave her award winning FFA presentation which stresses the value of family agriculture.

The highlight of the evening's activities was the presentation of the Gold Star awards by Club Manager Tom Payton. This award is the highest honor which can be given to a 4-H member at the county level and has a very strict set of criteria which must be met in order to qualify. The award winners were Ashley Brockman, daughter of Mr. & Mrs. Bob Brockman and Brady Lock, son of Mr. & Mrs. Tom Lock.

Each of these members are veteran 4-Hers with a broad variety of projects. In addition they have each served in numerous club and county offices and have been active in leadership activities at the county and district levels. According to county extension agent, Preston Faris "the most impressive thing about each of these youngsters as well as many of our other award winners is that they serve as excellent role models for our young members and are very deserving of these honors."

Though not the highest local honor, two of the most coveted by our members is the Glasscock award which honors our outstanding Junior member and the Earwood award which honors our outstanding Senior member. The awards for 1997 went to Chance Armke, son of Mr. & Mrs. Dayton Armke. Chance is a very deserving Glasscock winner who has been a

strong 4-Her with excellent leadership skills. The Earwood award winner for 1997 was Brad Mogford, son of Mr. & Mrs. Bobby Mogford. Brad is another veteran 4-Her with several 4-H projects and a strong leadership background at both the county and district level. The 1996 winners were also recognized since they could not be recognized at last year's banquet. The 1996 Glasscock award winner was Graham Bloodworth, son of Mr. & Mrs. Lee Bloodworth and the 1996 Earwood award winner was Ashley Brockman.

The Home Economics award is presented to the member which is most active in family and consumers science type projects. County Extension Agent Kelly Thorp presented the 1997 award to Johnna Wade, daughter of Mr. & Mrs. John Wade. The club also presents two other very special honors to 4-H members: the Sweetheart and

## Broncos disappointed in district opener

Jason Jacoby finds a hole in the Crane Golden Crane's defense.

Submitted

The Broncos were unable to keep a hold of the ball in the fourth quarter last Friday as the district favorite Crane Golden Cranes beat the Broncos 33-13 in the district opener for both teams. The Broncos lost three possessions ended in turnovers to prevent any hope of a comeback in a game that was up for grabs until the final minutes.

The Golden Cranes, 5-1 on the season and 1-10 in district, had trouble keeping the ball themselves. Both Bronco touchdowns came after Crane turnovers, and 3 Crane drives were ended by turnovers inside Sonora's 20. The Bronco's fourth straight loss puts them at 2-4 on the season and 0-1 in

district.

Neither team could get out of their end of the field on their first possession. After swapping punts, Crane took it immediately into Sonora's territory in a 41 yard pass from quarterback Clay McGuire to receive Josh Marquez at the Bronco 26. The drive ended at Sonora's 5 when Greg Hughes received a Golden Crane fumble.

The Broncos then began a methodical, 16 play, 95 yard scoring drive which almost didn't get started. The Broncos punted on fourth and one at their own 14 but Crane was flagged for procedure, giving the Bronco a first down. The Broncos faced a third down only two more times in the drive, the final

one being with 12 yards to go from the Crane 22. Quarterback Justin Mathews pass was caught by Kasey Wood who was tackled at the five. Two plays later Anthony Renfro ran in for the touchdown from the 6. Renfro booted the point after and the Broncos led 7-0 with 11:55 remaining in the second quarter.

The Golden Cranes tried a little trickery on Andy Sanchez's kickoff with a reverse. Demetrio Castro was not foiled and pinned Crane back at its own 7. But the Golden Cranes traveled those 93 yards, with the help of a personal foul against Sonora, in 5 plays and 1:21. The score came on a 39 yard pass from McGuire to Eddie Murguia. The point after snap was fumbled and the Broncos led 7-6.

The teams swapped punts again and Renfro returned Crane's punt to the opponents 39. This drive ended when the Broncos faced a fourth and 13, Kasey Wood's pass was caught by Terry Stone who was tackled one yard shy of the first down.

But the Golden Cranes couldn't manage a first down, and when the Broncos got the ball back, Mathews pass was intercepted by Donny Bishop. The next play the Crane's Arthur (Tubby) Collins ran 48 yards to the Bronco 30. The Marquez fumbled and the Broncos received. The Broncos made it to mid-field before the half ended.

The second half started the

## Fall Festival Schedule

The annual Fall Festival is scheduled for Tuesday, October 21 in the downtown area. School will dismiss at 2:30 P.M. that day.

There will be a storybook parade for children through grade 5 and prizes will be awarded for best costumes in each age group. The parade will begin at 4 P.M. and contestants will march down Main Street and arrive at Westernman Drug for judging. A Fall Festival Queen and King will also be crowned.

There will be a variety of food and game booths which will be open from approximately 4:30 P.M. until 8 P.M. Everyone in the community is invited to attend.

Sonora Volunteer Firefighters work an accident on Highway 277 South early Sunday morning.

## Region XV offers computer labs

Submitted

Education Service Center Region XV will offer 1 Computer, 2 Computers, 3 Computers, Lab on Friday, October 17, 1997, 9:00 A.M. to 3:30 P.M. at the Holiday Inn Convention Center in San Angelo. All educators from school districts in Region XV are invited to attend at no charge. The fee for educators from districts outside of Region XV is \$18.00. The workshop presenter is Patsy Lanolos, a Houston educator who is internationally recognized in the field of education technology, facilitating the implementation of programs that support the vision and the goals, and evaluating the impact of the programs on student achievement for the secondary schools. Ms. Lanolos has been instrumental in leading Northbrook Middle School to be recognized as Spring Branch Independent School District's technology demonstration school and an National Exemplary School with additional special Technology Recognition.

As an adjunct professor of graduate level courses at the University of Houston Clear Lake, she teaches Educational Applications of Technology and Multimedia in the Classroom. She has also served as consultant to many school districts and as a reviewer/editor for major textbook companies.

Her numerous awards for excellence include: Apple Distinguished Educator award from Apple Computer Corporation-1996-1998. Technology Coordinator of the Year Award from the Texas Computer Education Association-1995. International Winner in the International Society for Technology in Education Telecomputing Contest for her Global Handshake project. Grand prize winner from Computer Learning Month. University of Texas Ex-Students Association Outstanding Teacher. Who's Who Among America's Teachers. Who's Who Among America's Educators.

Appointments: Chair of the Educational Technology Advisory Committee (ETAC) for the Texas Education Agency. Chair of the Texas Essential Knowledge and Skills Technology Applications Writing Committee for the Texas Education Agency. National Advisory Board for Scantron. National K-12 Advisory Board for Claris Corporation. National Advisory Board for The Learning Company. National Solution Team for Pierian Spring.

Educators are requested to pre-register in order to ensure that space is available. To register, call Kimberly Tanner, ESC Region XV, (915)658-6571.

## Broncos disappointed in district opener

same way it ended for the Broncos. On the second play from scrimmage, Mathews was intercepted by Ben Schenkman who returned it 28 yards to the Sonora 27. In 5 plays the Golden Cranes took the lead on a Collins 1 yard run. Collins also attempted the two point conversion, but was turned back. Sonora trailed 7-12 with 8:48 to go in the third.

Two possessions later the Broncos tried to up their lead to 3, but Stone wasn't able to reach the goal line.

Crane came right back and took the lead for good covering 70 yards in 8 plays. Sammy Tavarez scored on a 2 yard run and again the Broncos turned back the two point conversion with 11:38 remaining in the game.

The Broncos managed one first down before punting and the

Golden Cranes set up their longest drive of the game. 87 yards in 12 plays and Chris Rodriguez on a 3 yard touchdown run. This time the Crane's 2 point conversion was good as Jamin Phipps caught McGuire's pass. With 3:03 left in the game the Broncos trailed 13-26.

Each of the Broncos next 3 possessions ended in turnovers, including a fumble that was returned 32 yards for a touchdown. The Broncos rushing effort was led by Jason Jacoby who ran for 51 yards on 12 carries. Stone and Brad Legan each had 2 receptions for 22 and 45 yards, respectively.

The Sonora Broncos are by no means out of the district race. This Friday they head to Big Lake to face the Reagan County Owls and then say whatever you say to get folks to go to the game.

Ty Harrelson, Zac Kerbow, and David Mayer are fanatic about Bronco Football.

## Our Sympathy

### Oralia Gandar

Oralia M. Gandar, 72, died Monday, Oct. 6, 1997, in a local hospital.

Services were held at 10:30 a.m. Friday at St. Ann's Catholic Church with burial in Sonora Cemetery. Arrangements were by Kerbow Funeral Home.

She was born Sept. 16, 1925, in Del Rio. She was a homemaker and a Catholic.

Survivors include four sons,

### Linda Whiddon

Linda Elaine Whiddon passed away Sunday, October 12, 1997, after a lengthy illness.

Graveside services were held at 2 p.m. on Wednesday, October 15, in Sonora Cemetery. Arrangements were by Kerbow Funeral Home.

She was born April 19, 1949, in Sonora. She was a homemaker and a member of the Church of Christ.

She was preceded in death by her father, Gaston (G.J.) Jones and is survived by her husband J.L. Whiddon of Sonora; children, Kenneth Conger of Sonora, Russell and Kathlyn Conger of Odessa,

## Cards Of Thanks

THANK YOU!!!

The Homecoming Committee would like to thank each and everyone that participated in the Homecoming Parade.

We want to extend a special thank you to Chief of Police, Chris Croy, and the Police Department for the excellent job they did with escorting the parade and helping block off the area for the pep rally.

We thank all the townspeople for those that had entries in the parade and all those that came to watch the parade. We need both and appreciate all of you.

The committee would especially like to thank all the schools' participation. We thank Mr. Abundez for being so helpful with dismissing school early and being so enthusiastic about having homecoming. We were very pleased with the school's entries and hope that next year there will be more floats and more school participation.

We appreciate all the "Antique Car" owners and their being in the parade or letting us use their cars. This always spices up the parade a little and is a good way to "show off" our "honorees."

Thank you to everyone that helped make the parade possible. Most of all I thank Brenda Valliant, Joyce Chalk and Barbara Jennings.

Roy Jean Johnson, Parade Chairman

## Our Sympathy

### Ervin Owens

Ervin Owens, 76, of Bronte died at 7:45 a.m. Wednesday, Oct. 8, 1997, at his residence.

Visitation was from 6 to 8 p.m. Friday, Oct. 10, at Rains-Seale Funeral Home. Services were at 2 p.m. Saturday, Oct. 11, in the funeral home chapel with the Rev. Morris Johnson of Bronte officiating. Burial followed in Garden of Memories.

He was born July 28, 1921, to Benton Owens and Josephine Wattenbar Owens in Brady. An Army veteran of World War II, he was a self-employed livestock rancher.

He married Annie Hardin Jackson May 4, 1986, in Ballinger. Mr. Owens had been a resident of Bronte for two years and was a member of the Church of Christ.

Mr. Owens is survived by his

### Willie Maurine Galloway

Willie Maurine Galloway, 87, died Sunday at an Abilene hospital. Services were at 10:30 Wednesday at Foster-Adams Funeral Home with Bro. Dale Turner officiating. Burial will be in Hamlin East Cemetery.

Born in Joshua, she moved to McCaulley as a child. She graduated from McCaulley High School in 1927 and married Charlie Austin "Jack" Galloway in 1928 in McCaulley. He died in 1974. A longtime Hamlin resident, Mrs. Galloway was a homemaker and provided child care in her home for

## Cards Of Thanks

Words cannot express my love and sincere thanks to each of you who contributed so generously during my recent accident while I was home bound. Your visits made my long days much shorter. All the delicious food, the many cards and letters, telephone calls but most of all your prayers meant so much.

To all my dear friends, may God bless each of you as he has blessed me in so many ways.

Vivian Crites

## Ask The Historical Society

By Jo-Ann E. Palmer

Q. Wasn't Ma Ferguson the first woman to become a governor?

A. Miriam A. "Ma" Ferguson became governor of Texas on January 20, 1925. On January 4, 1925, sixteen days earlier than Ferguson, Nellie Tayloe Ross became the governor of Wyoming.

Nellie Tayloe Ross had a place in Sonora history. She was the sister of S.G. Tayloe, who for many years was an attorney in Sonora. S.G. Tayloe was married to Mae Callahan. Three of their children, Virgil, Samuel and Nellie (named for her aunt) are buried in the Sonora Cemetery. S.G. Tayloe's wife, Mae Callahan was the daughter of Robert Wiley Callahan and Martha Ruberth. R.W. Callahan was considered one of the founding fathers of Sonora.

Nellie Tayloe Ross was born in St. Louis, Missouri in 1876. In 1902 she moved to Wyoming and married William Bradford Ross. William Bradford Ross had been elected governor of Wyoming in 1922 and died in office on October 2, 1924. Nellie Tayloe Ross was elected to finish his term. She served from 1925 to 1927. Nellie Tayloe Ross also served as the first woman director of the U.S. Mint from 1933 to 1955. She died in 1977. Mrs. Ross was also elected to office before Ma Ferguson. She received 42,932 votes running on the Democratic ticket to E.J. Sullivan's 35,666 votes on the Republican ticket. Mrs. Ross also served as National Vice Chairman of the Democratic Party.

Q. You have mentioned Felton's Cave and the Caverns of Sonora in your column. Are there any other caves in Sonora?

A. There are many more caves scattered through the limestone formations in Sutton County. We have found reference to several in The Devil's River News through the years. The following was in the April 18, 1891 issue:

Sol Mayer, Will Fields, George Babbitt, Steve Murphy, F. Vander Stucken, C.J. Copeland of Ballinger, S.G. Tayloe, W.R. Rudicil, and Mike Murphy, made a visit to the famous painted cave in Field's pasture, Sunday, which was discovered by John C. Goodwin the barber, one evening while out hunting and afterwards explored by John C. Goodwin and Fayette Meyers. The entrance is made by going down a shaft of about 16 feet in depth; is lighted by four apertures and is about 25 by 50 paces large, the roof is painted with red paint and the drawings are very distinct and well executed and proves that it was a civilized though warlike tribe that first settled in the Stockman's Paradise.

tive. Lubrication is required only once during the season. Finished with automotive lacquer baked on. Over-size rubber tires made of standard tire tread stock. All gears and bearings carefully dust proofed. Attractive metal handle, which is both rigid and sturdy.

Doesn't this advertisement sound wonderful. A quiet lawn mower. There is only one problem, the reason it is so quiet is that there is no motor. This is an old time push mower. Power is supplied by brute strength. I remember pushing one of these when I was little. I don't know if it was this brand but I do remember that it was not easy and I never volunteered to do it again. This is just another example of why we should not be in a hurry to give up our riding mowers and return to the "good old days."

Q. When did Cornelius Vanderbilt live?

A. Cornelius Vanderbilt was born in 1794. He died at the age of 82 in 1877. The man who had started out life quite poor, died with a net worth of approximately one hundred and five million dollars.

Q. In one of your columns on WWII you used the word bazooka. What was a bazooka?

A. A bazooka was an antitank rocket launcher, named after a novelty musical instrument it somewhat resembled.

Q. What year was the Frisco Railway built?

A. The Frisco Railway was built in 1900 and ran from Sonora through Menard to Brady, approximately 100 miles, where it ended at a rail head. This was a fenced lane about 250 yards wide, designed for cattle drives. There were entrances and exits, rest stops and holding pens beside streams where the cattle could drink. This system worked quite well keeping the cattle passing through from mixing with those on the ranches they passed. The trail was used until about 1930. When the railroad came to Sonora there was no longer a need to make the long drive. There is a historical marker to the Frisco Trail at the side entrance to the Sutton County Courthouse.

If you have any questions concerning Sutton County history, send them to Ask the Historical Society, P.O. Box 885, Sonora, TX 76950-0885, call me at 915-387-2855 afternoons or evenings, or e-mail me at schs@sonora.digicom.net thank you!

## Scouting News

By Brenda Valliant

I had looked forward to the camping trip with about as much enthusiasm as I would a trip to the dentist. I'm not one of those people who enjoys "roughing it."

In fact Tom E. has commented, on more than one occasion, about my lack of pioneer spirit. It's usually something along the lines of "I thought I was marrying good German stock... hard working, thrifty and stout." My ancestors are German so I figure one out of four ain't bad! It's not that I don't enjoy nature's beauty, I just don't see why I can't have running water and bathrooms that flush, too.

Leaving my office early on Friday is not considered kosher. So, I worked until 5:30, went by the house and picked up our son and ALL his stuff, changed from my working clothes into camping gear and headed out I-10 toward Junction. As a veteran of more "Mom & Me" camp outs than I want to remember, and a particularly grueling experience in February, it was with much trepidation that I began this trip.

We pulled into the South Llano River State Park about an hour later. The Park Ranger gave me a map of the park and directions to where the rest of our troop was camped. She pointed out the areas of the park that are off limits at this time of year so that campers don't disturb the turkeys' nests. She also took that opportunity to point out the bathroom facilities. Clean, well lit, with showers and above all... they flushed. Needless to say, I was thrilled. The camp sites were located in the Walk-In Camping

## OPEN LETTER

I am writing this letter to APPLAUD the J.V. Football team.

These boys are practicing and playing so hard to have a winning football team and it seems they get little recognition for all their hard work. The J.V. Football team barely has enough players to make a full team and the boys switch from playing offense to defense without sitting out hardly at all during the game.

With the determination these kids have and the drive to win so badly, it's a wonder that the J.V. team is not also an undefeated team. But since that's not the way it is, I feel that they should still be recognized for their efforts. I would personally like to say I am very proud of the J.V. team and their coaches and to keep up the hard work.

## Lose inches in a 'wrap'

By Stephanie Campbell

Imagine yourself inches slimmer, firmer with a new contour. That's what Missy Gentry offers with SlenderQuest.

This is so unique for Sonora. When I decided to make a story of it, I knew I had to try it. The two hour session involves measuring several points on the body; upper arm, wrist, waist, hips, thigh, calf, and ankle. Women are wrapped in their underwear and men in a swim suit.

Missy uses a three part process. She sprays an amino-herbal mist over the body. Herbal extracts and amino nutrients work to open and clear clogged pores preparing the skin for the next step.

Missy explains that sea clay, the next step, is a complex mixture of natural clays from ancient sea beds. It is applied directly to the skin and draws out toxic accumulations from the soft tissue layers.

The specially treated bandages are wrapped tightly around the body. Then, rubber-band secured plastic bags are applied to the feet and hands

to collect the toxins.

After 45 minutes of mild exercise, I lost 1 quart of fluid with toxins and 9 total inches.

As of this interview, Missy has wrapped 40 clients. A restaurant owner from the Virgin Islands told Missy she had been wrapped in Europe paying upwards to \$200 and she felt Missy's wrap was more effective.

Other local clients said they enjoyed the relaxation aspect of the wrap, just one of the benefits.

Body wrapping has been used for many decades, for the most part at exclusive spas. Missy states that SlenderQuest is affordable at \$40 a session, wraps in San Angelo will cost about \$65.

Mrs. Gentry is located at Ronda's Styling Haus on Concho. She owns Tropical Sun Tanning Salon and offers exercise packages for \$20 a month.

Also at the Styling Haus is hair dresser/owner, Ronda Hall, and Joani Ellison, nail technician/hair dresser.

# Freshman Broncos shut out Crane

Submitted

Thursday night's game between the Freshman Broncos and the Crane Golden Cranes was not your typical ballgame. Broncos won 48 to 0, but 3 of the touchdowns were scored by the defensive unit. Chris Green and Joe Galindo did a fine job on the defensive line, while Crispin Lira

and Tom Jacoby each intercepted a pass and ran it back for a touchdown. Riley Crain picked up a fumble and returned it 64 yards for another touchdown. All but one of the offensive touchdowns were scored on passes or runs from over 15 yards out. Quarterback Bryce Williams was 6 of 8 for 92 yards

with 2 touchdown passes, while Jacoby's 136 yards rushing brought the total to 210 yards for the night. Kicker Javier Gaytan was 6 for 7 for his extra points.

The action started when the Broncos received the opening kick and begin their first offensive series at the 27 yard line. Lira and Jacoby

used 7 plays to move the ball 72 yards. Williams scored on a quarterback keeper from the 1. The extra point was good and the Broncos took the lead 7 to 0.

Early in the second quarter, Simon Murillo intercepted a Crane pass and ran it back for a touchdown. It was called back on a pass

interference call against the Broncos, so 3 plays later Tom Jacoby did it again from the 29 yard line to make the lead 14 to 0. The defense gave Crane 2 offensive plays before a tackle by Crispin. Lira knocked the ball loose. Sonora's Riley Crain picked it up and ran 64 yards to score. With 5:29 left in the half, Broncos led 21 to 0. The final score of the first half came when Sonora took possession on their own 9 and covered 91 yards in 1 minute 20 seconds. Williams passed to Crain who scored from the 25 to end the half 27 to 0.

Crane received the ball to open the second half, but Simon Murillo forced a fumble on the fourth play. Chris Green recovered his second fumble of the night, but it did no good as Sonora fumbled a few plays later to give the ball back to Crane. The "fumble flu" struck again when two plays later the Crane receiver

dropped the pass he had just caught which was covered by Chris Smith for the Broncos. On fourth down from the 18 Williams connected with Cole Cearley in the endzone for 6. The extra point was good and the lead grew to 34 to 0 late in the third quarter.

Gaytan kicked to the Crane 10. On second and 2 from the 24, Lira stepped up to intercept a pass and run it back for the final score of the game. Broncos win 48 to 0.

Cheers also go to the J.V. Cheerleaders. They did a great job in Crane and their hard work each week is appreciated by the teams and the fans. The Bronco excitement will continue Thursday, October 16, when the Freshman will take on the J.V. Grape Creek Eagles in Bronco Stadium at 5 P.M., followed by the J.V. against the Reagan County Owls J.V.

# 8th grade Colts tack up fourth win of season

Submitted

The 8th Grade Colts behind the running of Bill Renfro tacked up their 4th win of the season last Thursday, against a very aggressive Crane squad. The game was more of a defensive struggle than an offensive show case, though the score of 28 to 8 indicated otherwise. The high powered offense of the Colts was limited to only 147 total yards, however; limited the Cranes to less than 100 yards of total offense, while forcing 3 fumbles which ultimately turned into 14 of the Colts 28 points.

Bill Renfro got things going early, as he bobbled the opening kickoff, finally got control of the ball and angled to the home sidelines and out raced the Cranes for an

83 yard touchdown run. For the extra point try, the Colts lined up in a swinging gate formation and while the young Cranes were trying to figure out what to do, Justin Routh snapped the ball to Sean Fields, who casually strolled into the end zone for the 2 point conversion. Cranes 0- Colts 8. On the ensuing kick-off, the Cranes fumbled and a whole host of Colts claimed possession of the ball on the Crane 32 yard-line. It only took the Colts 5 plays to capitalize on the miscue, with Renfro getting the honors on reverse that put the ball in the end-zone after a 25 yard scamper. The try for 2 failed putting the Colts up by a score of 14 to 0. The Cranes not to be out done, took the next kick-off, drove it 65 yards for

their first and only score of the evening. The try for two was good and at the half the Colts led 14 to 8.

The second half began with the neither team being able to get anything going. After an exchange of punts, the Cranes begin to move the ball, however Colts defensive lineman Demetrio Cassiano stripped the ball from the Crane ball carrier and Chance Dillard recovered it at the Crane 37 yard-line. The Colts behind some very good blocking and hard running by Sean Fields tallied their 3rd score of the evening. The Colts attempted their first try at kicking an extra point, but the try was blocked. Cranes 8- Colts 20. Once again it became a defensive game, with neither team gaining an advantage. Midway through the 4th

quarter, Bill Renfro blitzed the Crane quarterback and caused the third turnover of the evening, with Ricky Lumbreras recovering this one on the Crane 30 yard-line. The Crane defense stiffened, and it took the Colts 10 plays to cover the yardage needed. Sean Fields handled the ball 7 of the 10 times, finally getting the ball into the end-zone on an 8 yard run. Fields added the 2 point conversion to finish out the scoring for the Colts. Final score Crane 8- Sonora 28.

The Colts will become road-warriors this week as they will travel to Reagan County to play the Owls on Thursday at 6:30 P.M. Hope to see you there.

GO COLTS!!!!!!

# Colts claim win against Crane

Submitted

The Seventh Grade Colts claimed their 6th win of the season this past Thursday, as they defeated the Crane Golden Cranes by a score of 42 to 8.

This game started out as miscues and one that had the Sonora players and coaches scratching their collective heads. On the first two possessions by both teams, the Cranes and the Colts both fumbled. After the Colt fumble, the Cranes marched the ball 40 yards for their one and only score. This was the first time this season that the Colts had not been the first team to put points on the board. This only seemed to awaken a sleeping giant, as the Colts not only answered with 42 points, but also limited the Cranes to only 35 more offensive yards.

The Colts first score came on a 57 yard run by Dustin Martin, on the Colts second offensive play of the afternoon. The try for two by

Thomas Bloodworth was good to knot the score at 8 points apiece. The Colt defense began to stiffen behind the play of Reyes Garcia, Heath Prather, and Israel Arevalo and the Cranes were forced to punt. On the next possession by the Colts, Landon Brockman rambled for 22 yards to the Crane 23 yard-line to set up an apparent go ahead touchdown by Dustin Martin. However; just as Martin crossed the end-zone, a Crane defender stripped the ball and the Cranes recovered in the end-zone for a touchback. The Colt defense once again did their job and forced the Cranes to punt. The Colts took possession at the midfield stripe. It was only to take two plays for the Colts to go ahead for good. Imanuel Lopez took the ball around left corner and behind some excellent blocking by Eloy and Ervay Torres, Landon Brockman, as well as Bloodworth and Martin was able to sprint 48 yards for the score. The try for two failed. Cranes 8- Colts 14. On the ensuing kick-off, the Cranes mis-handled a hand-off and newcomer, Juan Rodriguez recovered the ball for the Colts on the Crane 25 yard-line. Once again the Colts struck quickly, as it only took 4 plays to tally, with Dustin Martin

getting his second touchdown of the afternoon on a 12 yard run. Imanuel Lopez added the 2 point conversion to make the score Cranes 8-Colts22. The Cranes came out firing on their next possession, however they would have been better off trying to run the ball. On a 3rd and short, the Cranes hoped to find the Colts napping, but what they found was Colt linebacker Reyes Garcia, who intercepted the pass and out ran the Cranes for 48 yards to put the Colts up by a score of 28 to 8 at half time.

The second half was more of the Cranes, a very stingy Colt defense and a very smooth operating locomotive offense. The Colts took the kick-off and marched it down the field on a 10 play drive, behind the running of Bloodworth, Martin, Lopez, and Garcia. The young men up front, Reyes Garcia, Landon Brockman, Seth Prather, Eloy and Ervay Torres, Brandon West, Israel Arevalo, Jarred Parks, and Jed Leal are to be commended for the gaping holes that they offered to the running backs. This drive was cumulated on a flawless trap play that let Martin score his third touchdown of the afternoon untouched. Thomas Bloodworth added two point conversion to give the Colts a com-

manding 36 to 8 lead. The fourth quarter saw the starters give away to the Colt second unit. Not to be outdone, these young men proceeded to show everyone that they were not in awe of a much larger Crane squad. Defensively, they picked up right where the starters left off in limiting the Cranes to minimum yardage. On offense, they decided to get in on the act as they moved the ball down the field on a 58 yard drive to tally the last score of the day for the Colts. The running duties were handled by two possessed running backs; Douglas Yokuam and Cody Locklar. Both of these individuals ran as if their was no tomorrow. Cody Locklar scored an apparent touchdown, but a motion penalty denied him his first touchdown of his career. Douglas Yokuam was given his opportunity and he powered his way into the end-zone to give the Colts a 42 to 8 victory over the Cranes.

This week the Colts will travel to Big Lake to take on the Reagan County Owls. If you are in Big Lake on Thursday, come on out to Owl Stadium at 5:30 P.M. and help support this bunch of Sonora athletes.

GOOD LUCK COLTS!!!!!!

# Wuest headed to Vanderbilt University as offensive lineman

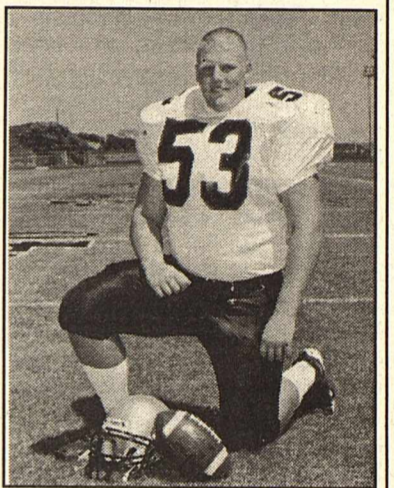

Dustin Wuest does indeed have a bright future the making. Now in his senior year in high school, he has signed a letter-of-intent to play football for Vanderbilt University, located in Nashville, TN.

He is the son of David and Diana Wuest and grandson of Oliver and Annabelle Wuest of Sonora.

Dustin, and sister, Devon, live with their parents in Austin. He currently attends Lake Travis High School with plans to graduate in December.

It should be of no surprise that Dustin has excelled and succeeded to become an offensive lineman for a major university. Genetics dictates his 6'3", 300 pound frame. Dad, David, attended Sonora High School and graduated in 1970. He played football under Head Coach Jerry Hopkins. David played in three State Champion football games of the four years of high school. He went on to play four years for Southwest Texas State University.

Dustin gets a boost from his grandparents as well. They are extremely proud of him. With Nashville being such a long distance, Oliver and Annabelle are quoted, "We hope they have enough deer meat to feed Dustin in

Dustin Wuest

Nashville."

Dustin leaves Lake Travis with an impressive record. He is graduating in the top 10 percent of the Class of 1998. His GPA is 95 with Honors and Advanced Placement Courses. He was awarded the Rising Star Award in football in 1996 and 1997. He is All-District Offensive Lineman and has lettered 3 years in football and power lifting and 2 years in track. His area of a study for college will be pre-med.

Dustin's drive, determination, and desire to succeed can only be enhanced by the support of his family and friends.

SENIOR CITIZENS DISCOUNTS

MILITARY DISCOUNTS

My chiropractor has referred me to another chiropractor who he says is an orthopedic specialist to work on my knee. What qualifications are needed for a chiropractor to specialize?

A chiropractic orthopedic specialist is actually referred to as a Diplomate in Chiropractic Orthopedics and is conferred on a doctor only after an exhaustive 3-4 year course of postgraduate study followed by passing nationally administered oral and written exams by the American Board of Chiropractic Orthopedics. Other specialists are required to meet similar criteria.

I am a 42-year-old woman with lumbar problems and I'm wondering if I should add calcium to my diet to head off osteoporosis?

Osteoporosis is a condition that commonly affects women as they age. An evaluation of your diet and X-rays would allow your chiropractor to advise you on the value of supplementing your diet with calcium. Calcium

# Back Talk

**Chiropractic Care Questions & Answers**

supplements, however, should not be taken arbitrarily inasmuch as increasing calcium intake calls for increases in other supplements, too. Chiropractors are extensively educated in clinical nutrition and are excellent sources of advice on nutritional matters.

Is there a best time of day to have a chiropractic adjustment?

Some studies indicate the time of day you are treated can have an impact on clinical results but these studies are anecdotal and not the result of controlled clinical trials. Your occupation and complaint may lead your chiropractor to recommend treatment

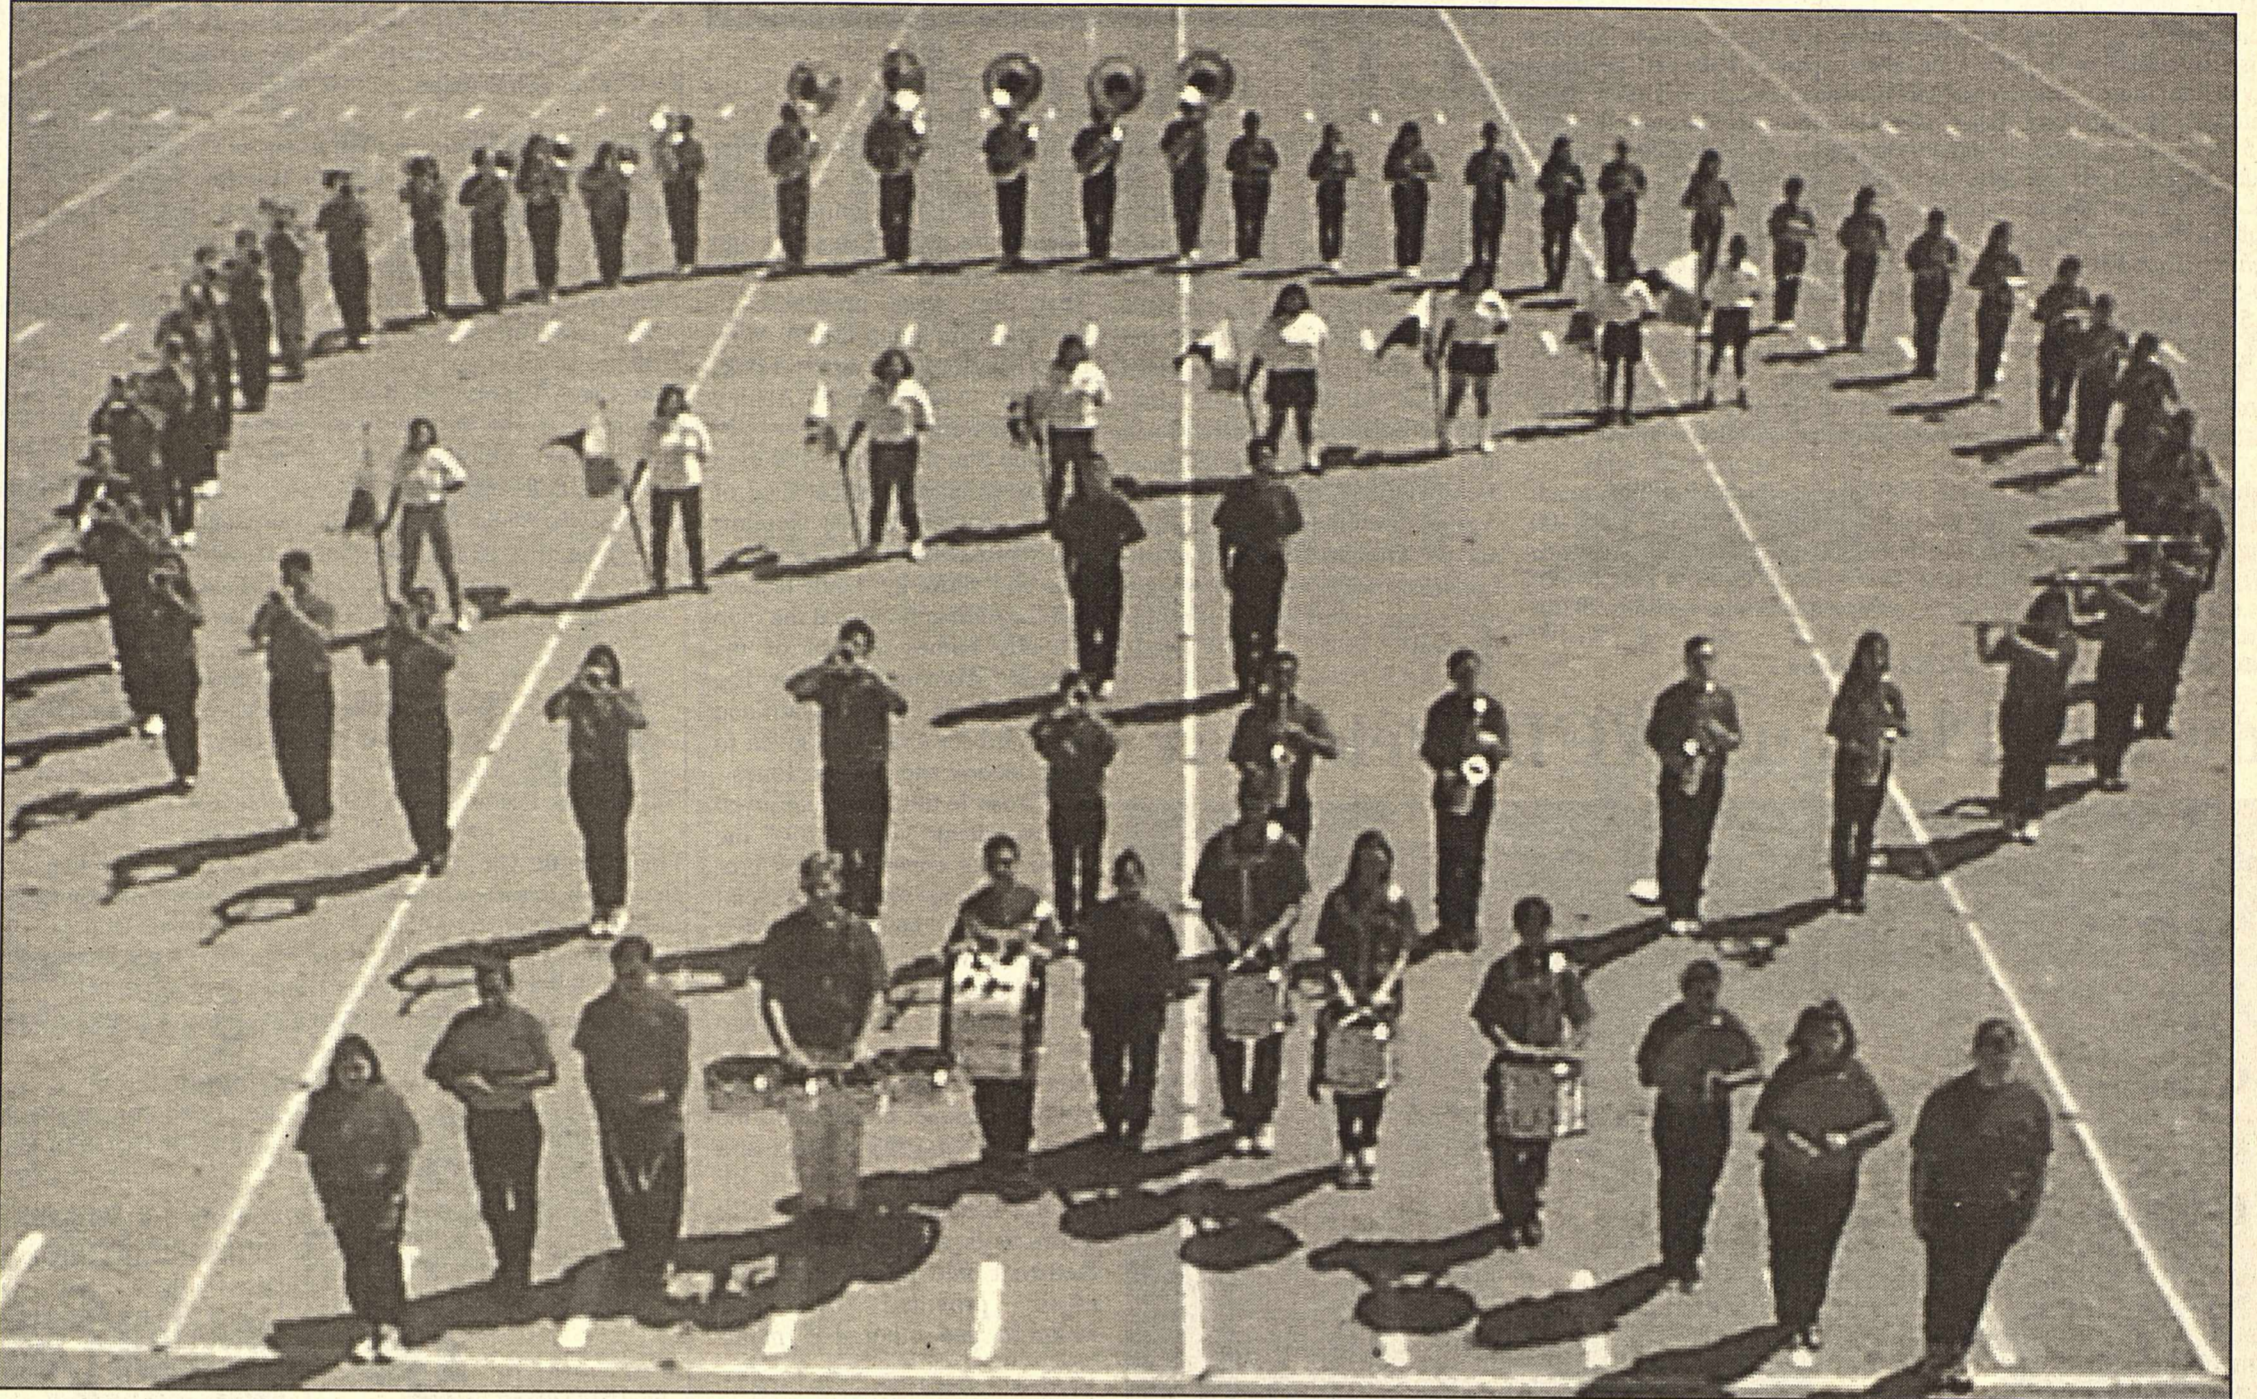

before going to work. Other elements can lead your doctor to schedule different times for treatments based on your schedule and the stresses associated with your schedule.

Back Talk is copyrighted by the Texas Chiropractic Association. A panel of chiropractic editors is chaired by Dr. Paul Jaskovick, DC, graduate dean, Parker College of Chiropractic, Dallas. Questions can be sent to Back Talk, TCA, 1601 Rio Grande Suite 420, Austin, Texas 78701

# AGRIBUSINESS

## 4-H Awards

continued from page 1

the Beau. Winners were Ashley Bible and Graham Bloodworth.

Project medals were presented by Sutton County 1st vice president, Thia McKissack and 2nd vice president Brad Mogford. Medal winners were: Achievement-Ashley Brockman and Brady Lock; Agricultural Achievement-Brad Mogford; Agriculture-Graham Bloodworth and Thomas Bloodworth, Leadership-Thomas Schenkel and Chance Armke; citizenship-Landon Brockman;

Foods/Nutrition-Johnna Wade; Sheep-Thia McKissack and Swine-Desirae Morris-Boldt. Year pins were presented to Landon Brockman-fourth year, Brad Mogford and Brady Lock-seventh year, and Ashley Brockman-eighth year.

The Sutton County 4-H club has been successful because of the volunteer leader support which it has received. To recognize and show the adult leaders that they are appreciated the club annually names a Man of the Year and Woman of the Year. The members vote on this award and the award for 1997 was given to Scott Jacoby and Janalyn Jones.

Those in attendance enjoyed a great meal with part of the menu being covered dishes provided by the parents. Special thanks was extended to Mrs. Bernice Cowsert for preparation of the brisket and other items for the meal and to Kelly Thorp and her decorations committee for their preparation for the banquet.

The banquet closed with the installation of 1998 officers in a very impressive ceremony by County Extension Agent, Kelly Thorp. Following the banquet the members enjoyed a dance with music provided by Brad Mogford and other 4-H members.

## Edwards Plateau SWCD Field Day

Edwards Plateau Soil & Water Conservation District directors are (seated): Judy McDonald and Susan Bloodworth, (standing): Edward Earwood, Norm Rousselot, Sandy McPherson - host, and Bob Brockman.

On Monday, October 6, the Edwards Plateau Soil & Water Conservation District hosted a field day at the McPherson 4M Ranch. The day began at Sonora Wool & Mohair Company where Judy McDonald was elected for another 4 year term as Director for Zone 5 of the Edwards Plateau SWCD.

Following the election, participants were taken to the McPherson Ranch for an informative program on guided hunts. Sandy McPherson, co-owner and operator of the ranch, spoke about how they have developed their hunting program to enhance the ranch income as well as to improve their wildlife resources. Mr. McPherson also told how they initiated the summer Youth Hunter Safety camps in cooperation with Rodney Knight and Texas Parks and Wildlife. The 20 persons in atten-

dance were encouraged to look around the hunting facilities and to ask questions. A catered meal was provided by the SWCD, and a nice rain put the finish on a successful day.

The directors of the Edwards Plateau SWCD wish to express their appreciation to Sandy McPherson for providing such an interesting program, and to Sonora Wool & Mohair Company for allowing us the use of their facilities.

### Texas Water Development Board to hold public meetings

The Texas Water Development Board (TWDB) will hold public meetings in October to receive public comments on the initial draft state and regional water planning guidance documents and the initial draft delineation of 14 regional water planning areas, which were released on October 1. Senate Bill 1 (SB1), the comprehensive water bill that was passed during the legislative session ending in June, requires the TWDB to designate regional water planning areas and approve regional water plans, which will be incorporated into the next state water plan. SB1 requires cities, counties, water districts and other local entities to map out how they will conserve water supplies and

respond to future droughts in their planning areas and requires regional water planning groups, comprised of representatives of the various interests in an area, to plan how the area will meet future water supply needs. Planning areas are required to submit regional water plans to the TWDB for approval every five years beginning September 2000. The TWDB will incorporate approved regional water plans into the next comprehensive state water plan, which is due September 1, 2001.

Public meetings to discuss the initial draft planning guidance documents and regional water planning areas will be held from 6:30 p.m. to 9:00 p.m. as follows:

Tuesday, October 21, in Alpine at Sul Ross University, Wednesday, October 22, in Del Rio at the Downtown Branch of Del Rio National Bank, Thursday, October 23, in San Angelo at San Angelo Convention Center, and Monday, November 3, in Austin at the Stephen F. Austin Building, Room 118, 1700 North Congress. Call Mike Smith for other locations in Texas.

**Scouts**

continued from page 1

Area. Just a stretch of the legs from the bathrooms. YES! Things were looking up already.

Upon arrival I was greeted by the other brave scouting parents who had volunteered their weekend to help these young boys develop skills that will stand them in good stead throughout their lives. They were Jim and Camille Ross, Joe Weingart, Scout Master Lewis Allen and David Wallace. David and his son Wilson were only going to camp Friday night due to Wilson's recently broken arm. Unfortunately for Wilson, the scheduled activity for Saturday was an eight mile canoe trip down the Llano River.

As we settled into our tents, a troop of Tiger Cubs from San Antonio began to arrive. Three hours later, I lay in my tent hoping that the little terrors would run out of steam or at least be struck by laryngitis.

I awoke about 6:15 the next morning to the smell of fresh brewed camp fire coffee. I crawled out of my bedroll, and went looking for sustenance to face the coming day. The coffee was wonderful and the conversation was friendly. The best part was the big lid that we banged at 7:00 A.M. to jump start our scouts, not to mention the little rug rats next door! One of their leaders commented later that when he heard the clanging he knew it was in retaliation for their rowdy behavior the previous night. What goes around comes around, even in scouting.

We had a quick breakfast, made sandwiches to take with us for lunch and drove out of the park back to Junction to Sonny's Canoes. Sonny cheerfully accepted all vehicle keys, as canoeing is a tricky business and having a canoe capsized is not uncommon. That was reassuring to know.

As we boarded the retired school bus pulling a trailer loaded with aluminum canoes, I once again marveled at the depth and breadth of parental love. Under most circumstances you couldn't pay me enough to rough it but because one of my children asked me to I was determined to make the effort to have a good time.

Mr. Ross began to demonstrate the different paddling techniques and

fitted with life jackets and assigned an adult canoe partner, I began to have my doubts about the wisdom of allowing my offspring to talk me into these outings.

The young man who shared my canoe was well mannered and delightful company as we made our way through various rapids, gravel bars and still waters. We also came into contact with the river bank on more than one occasion. We stopped several times to play in the water, eat lunch and play in the water some more. The general consensus was that Lewis Allen let the scouts come along so that he had someone to play with. He really enjoys the boys and is such a positive role model. We all got into the spirit of things and played in the water too. Six hours and eight miles (Mr. Weingart said closer to ten) later, we docked our canoes at the low water crossing. The trip down river had been really nice. The water was cool and clean, the weather was clear but not too hot and the comradery and competition among the various canoes was light hearted. I filed a formal protest because Mr. Weingart's partner was his son, a young, healthy, coordinated football player who obviously had been in a canoe previously. When we returned to camp, we gave the boys about an hour of free time and Camille and I headed off to the showers. Joe Weingart and several of the boys went down to the river bank to fish.

I soon discovered that Camille is much more than just a pretty face. This woman knows her way around a camp fire and a Dutch oven as well. For dinner we had fajitas and a cherry cobbler cooked in a Dutch oven. Jim and Camille were instructing the boys, who were wonderful!! Most of these young men, my son included, don't help put meals on the table at home. The Ross' were patient but firm that they participate in not only the preparation but the clean up as well. Next came the stories around the camp fire. The next time you see Jim, ask him about the "toe truck" or the monkey story. Afterward, everyone who hadn't had a shower since our arrival was sent, with soap, to those wonderful

back and then strolled down as well. Upon my return to camp I walked to the tent that my son was sharing with Zed Snodgrass to wish him a good-night. I called his name a couple of times outside the tent flap. Zed responded "Mrs. Valliant, Trapper's asleep." It wasn't even ten o'clock yet! It's amazing what a long canoe ride and several hours in the water will do to help you sleep at night. Even the Tiger Cubs next door were a little more sedate.

Breakfast Sunday morning was homemade biscuits in a Dutch oven, gravy, sausage, and scrambled eggs. Once again Jim and Camille and the cooking crew surpassed my expectations. We broke camp, Chris Weingart used my tent in a demonstration of how to properly dismantle and repack a tent. Thanks Chris. Upon our arrival at the scout hut, the scouts unpacked all of their equipment and put it up. One of the scouts loaded up with his parent as the rest of the boys began to unload the trailer. The ever vigilant and fair Mrs. Ross retrieved him and explained to his parent that each of the scouts are required to help so that no single or small group of scouts has to do it all. The scout in question is new to our troop so he is forgiven. Consistency, fairness and good clean fun. For this scout Mom those are the finest goals of all.

The brave young men who accompanied us were Wilson Wallace, Shawn and Justin Odum, Trapper Valliant, Zed Snodgrass, David Cook, James Ross, Kevin Eastman, Joseph Ainsworth, Stevie Hernandez, Norbert Ortiz, Chris Weingart, and Isreal Mendoza.
