

Briefly

The Sutton County Hospital District will be having an election on May 2, 1998, anyone interested in running for Board Member for Pct. 2, Pct. 4, and one at large position, come by the Hospital and pick an application. The last day to apply for a place on the ballot is Mar. 18.

Early Voting for Democratic & Republican Primary begins Monday, Feb. 23rd and continues through Friday, Mar. 6th. Voting takes place at the Sutton County Annex in the County Clerk's Office Monday - Friday, 8:30 a.m. - 4:30 p.m.

St. Ann's Enchilada Dinner will be on Ash Wednesday, Feb. 25. Tickets for the plates are \$5.00 Take out plates are available. You must have a ticket! Serving hours are from 5:30 p.m. to 9 p.m. in the Parish Hall. For more information contact Tammy Favila 387-3661 or JoAnne Hernandez 387-5676.

A Hunter's Safety Course will be given Feb. 21-22 at the EMS building. Classes will be from 8:30-11:30 a.m. and 2-6 p.m. Saturday; and 2-6 p.m. on Sunday. All classes must be attended to be certified. Minimum age is 12. Cost is \$10 per person. If you have any questions, call 387-3068 or 387-5159.

EMS Blood Drive will be Thursday, Feb. 19th from noon until 6:00 p.m. at the EMS Building at 211 E. 3rd Street. Donors may call the EMS office at 387-5132 for appointments. Walk-ins are welcome, but those with appointments will be served first.

4-H Building Committee members are Diana Condra, Glen Fisher, Chairman, Claire Richards, Secretary/Treasurer, Sarah Wade, Kelly Thorp, Ex Officio, and George Wallace. Not pictured are: Oscar Galindo, Barry Limbocker, Bob Caruthers, Preston Love, Ramiro Perez, and Preston Faris, Ex Officio member.

4-H Center demolished

By Sarah Wade and Kelly Thorp

Now that demolition day has arrived for the Clint Langford Memorial 4-H Center, we look upon an "old friend" and cherish the many memories that have been made there.

From stock shows, to 4-H meetings, to weddings, to family reunions, the many memories your walls held will always bring a smile to our faces. As we sadly see the end of an era coming to past, we eagerly await the construction of our "new friend" and look forward to the many memories to come

Once again, thanks "old friend", you've served your purpose well. You will always play an important role in our "rich" Sutton Count history.

It is because of the many people who have generously pledged and/ or donated money to this worthwhile community dream that this, our goal of a new community center is within our reach. However, your funds are still needed for the completion of our vision. Donations and pledges may still be made at either of the local banks, by contacting a 4-H Community Center Building Committee member, or at the Sutton County Extension Office located at 301 S E Crockett.

Remember, inch by inch anything's a cinch! Every penny pulled together counts!

Friday 13th proves lucky

Mayor says, "time for change"

Margaret announced this week that she will not seek re-election for Mayor, a position she has held since 1994.

In a prepared statement, she said, "Fourteen years is a long time to hold public office in a small town."

I feel it's time for some new blood, new ideas and new enthusiasm. I almost didn't file two years ago, but at that time the City was still experiencing some financial

Cascadden challenges and the landfill situation to vote for a Yankee woman!" was still undecided and I felt I should stay put until these problems were resolved. They were, thanks to the combined efforts of everyone at City Hall."

> Cascadden first ran for office in 1983 and was defeated. She ran again in 84 and won her seat on the City Council. "I didn't know very many people in Sonora back then as we had only moved here in 1977, and it was not easy convincing folks

The filing dates for the May 2nd election are Feb. 16-Mar. 18 at City Hall. Also on the ballot is one seat from Ward 1 currently held by Butch Campbell and one seat from Ward 2 held by James Blackman.

Mayor Cascadden concluded her statement by saying. "I hope whoever replaces me truly has the desire to serve the people of Sonora as the foundation of their campaign.

Broncos continue winning season

By Tom Clifton

The Bronco boys basketball team made a 4 1/2 hour trip across West Texas to Kermit last Friday night.

They walked into a gym with a college atmosphere. It was a loud Kermit crowd considering their less than average season record. They were loyal Kermit fans, and they yelled at every Bronco mistake. Still, the disciplined Broncos routed the Yellowjackets, 74-51.

Brad Legan opened the scoring for the Broncos with a jumper from inside the free throw line. Anthony Renfro led the Bronco defense with two steals in the first quarter. Ty Harrelson and Kasey Wood contributed big baskets as Sonora took a 12-11 lead at the end of the first quarter.

Sonora showed just how good they can be at the start of the second quarter with a 14-0 run. Harrelson was driving the lane marking everything. Drew Dempsey and

Renfro stepped up and made big baskets. Legan, Wood, and Mayer Anderson controlled the boards. Anthony Luna continued his strong play with two break away lay ups. The score at the end of the second quarter was 36-24 in favor of the

Broncos. Kermit opened the second half with two quick buckets, but Harrelson sank a three pointer to stop the run. Later in the quarter Renfro sank a three pointer. Then, Wood made a short jump shot. The score at the end of the third quarter was 57-35 in favor of the Broncos.

Sonora opened the fourth quarter with a 6-0 run. David Mayer contributed a jumper during the run to make the score 63-35. Harrelson and Legan also made baskets in the final quarter as the Broncos defeated Kermit 74-51

The Broncos improved their season record to 20-7 and 9-0 in district play. They closed their regular season in Sonora Tuesday night against the Colorado City Wolves.

Coach Harrelson was pleased with the victory. He commented, "It was a great win. A lot of people got to play and played a lot of minutes. I thought that was great. I really admire our kids because they were getting beat up a lot. Our kids kept their cool and that's important. I was a little disappointed that Fernie didn't get to play because all the Permian officials let Jamie Phipps play, but they didn't let him (Fernie) play. I thought Permian

Basin was letting them do it. "I thought it was a great win. It was a lot of fun tonight. And its fun to drive 4 1/2 hours to come away with a win."

The playoffs will begin either Feb. 27th or 28th. The site and opponent have not yet been determined. With seven more victories, the state title will belong to the Broncos. This team thrives on fan support. Make plans to attend the playoffs and watch this team march to state. Let the ride to state continue! Go Broncos!

Ortiz makes 100 lb. bust

Trooper Norbert Ortiz headed up the arrest of five defendants pos-

Sutton County National Bank President Michael Healy with his family. From left bottom row: John, Claire, wife Catherine Ann, mother-in-law Martha Clay Manning; top row: Michael, Sarah Beth, Luke, Ryan

By Stephanie Campbell

New Sutton County National Bank president, Michael J. Healy, Jr., is settling into his new position in Sonora.

Healy was senior vice-president of Del Rio Bank & Trust for the past 12 years. He began a dealer paper program with Del Rio new car dealers in Sept. 95 which has been very successful.

Prior to joining Del Rio's staff, Healy was vice-president at InterFirst Bank N.W. San Antonio for two years.

From 1978 to 83, he was employed with Howard Chevrolet in Del Rio. And he attained the position of general manager before leaving to join InterFirst in San Antonio.

Michael received his Bachelor of Business Administration in Finance from the University of Texas at Austin in 1976.

In Del Rio, Healy was involved with the Chamber of Commerce and served as president, he was a San Felipe Country Club director, served on the Middle Rio Grande Workforce Board, Val Verde Livestock Show Committee, Val

Verde Community Foundation Director, Wintergarden Bankers Association Director. Michael was also a Little League and soccer coach for many years, was a member of the Lion's Club and member of Sacred Heart Parish.

Michael and his wife Catherine Ann, have five children, Sarah Beth, 18, graduates from Del Rio High School this May and plans to attend Baylor University. Ryan, 21, is a finance major at Texas Tech University in Lubbock and a member of Phi Delta Theta. Luke, 16, Claire, 12, and John, 9 will be moving to Sonora at the end of the spring semester and will attend Sonora schools next year.

Mr. Healy's hobbies include hunting, fishing, golf, racquetball, and photography.

"We are so excited about this opportunity. My family is looking forward to becoming a part of the community."

At Your Wit's End?

A free seminar entitled "At Your Wits End?: Help for Frustrated Parents" will be presented in Sonora by Dale Kennemer on Tuesday, February 24th. Mr. Kennemer will focus on how parents can handle the feelings of frustration that often occur as a part of parenthood. The seminar will be held from 7:00pm th 8:30pm at the Depot next to the Church of the Good Shepherd Presbyterian Church. The address is 405 N.E. Mulberry in Sonora. Mr Kennemer is a licensed therapist with the Samaritan Pastoral Counseling Center in San Angelo. He also staffs a satellite office in Sonora on Tuesdays for the Center.

day for **Brockman**

Sutton County 4-H member Landon Brockman will likely remember Friday, February 13, 1998 for a good while. His Angora doe kid was named as Reserve Champion of the San Antonio Livestock Show and with that honor he was awarded a scholarship in the amount of \$6000 to be used when he attends any Texas college or university. Other placings in the Junior Division of the Angora goat show were Buck Kids- 5th Landon Brockman; Aged Bucks-3rd & 5th Landon Brockman, Doe Kids- 1st & 5th Landon Brockman, 8th- Ashley Brockman; Yearling Does- 7th Thomas Bloodworth, 8th- Hilton Bloodworth; and Aged Does- 8th Ashley Brockman. Other junior exhibitors from Sutton County were Graham Bloodworth and Blaine Wilkinson.

In the Open Division of the show placings were as follows: Keller Angoras exhibited the Reserve Champion Angora Doe of the show with a Yearling Doe which was 2nd in her class. Other placings were Buck Kids- 4th Todd Keller, Doe Kids- 5th Chandler Caddell, 7th Cash Jennings and 10th Amy Keller. Others who exhibited in the doe kid class were Hunter Jennings, Brooklyn Caddell and McKenzie Caddell.

Sutton County 4-H members will be exhibiting market lambs, market swine and market steer in the show this week.

Sen. Hutchison to visit Sonora

Senator Kay Bailey Hutchison will hold a community meeting in Sonora

Senator Hutchison will provide a legislative update and discuss issues of local concern.

The meeting will be held at 4:00 p.m. Thursday, February 19 at the First National Bank Annex at 102 E. Main in Sonora.

sessing 100 pounds of marijuana valued at \$100,000.

The 93 Dodge van driven by Freddy Oquendo of Miami, FL was stopped at the road block during the closure of I-10 east. The violation was following too close to the vehicle in front. When Trooper Ortiz engaged in conservation about the violation, he developed suspecion due to the discrepancies in the driver's and passengers' stories for the purpose of the trip.

They gave consent to search. Ortiz smelled the odor of green marijuana in the van. "I took the molding out and found the dope," stated Ortiz.

Also confiscated was a 9mm Lorcin, \$241.00, van valued at \$12,000, a pager, and flip phone.

Others arrested were Oziel Hernandez, Antonio Marin-Domingrez, Heinys Cuesta-Estopinautes, and Yaime Riveron Martines.

Assisting in the arrest were Chief Chris Croy and Officer Bryn Humphrey.

I-10 wreck reroutes interstate traffic west of Sonora

At approximately 11:05 p.m. Friday, Feb 13th proved unlucky for one interstate trucker.

Daniel Edward Owsley, 22 and his sister, Marilyn Martinto, 28, both of Missoula, Montana, were travelling I-10. The accident occurred near mile marker 387, west of Sonora.

Carrying 45,000 pounds of recycled, flammable plastic pellets, Owsley fell asleep at the wheel of his 1998 Freightliner and slammed into a metal guard rail. They continued along the Dry Devil's River crossing over and slamming into a concrete pillar guard rail.

According to Norbert Ortiz,

Both driver and passenger were able to exit the vehicle safely. Although it was determined Ms. Martinto fractured her left ankle while jumping from the truck.

The material was allowed to burn from the time the accident occurred until approximately 4:30 a.m. The fire department was called back to the scene at 5:30 a.m. when the fire reignized

Trooper Ortiz anticipated the Interstate traffic would be rerouted until at least Monday evening.

Trooper Norbert Ortiz is pictured with 100 pounds of confiscated marijuana.

Auxiliary hosts open house for medical professionals

The Hospital & Nursing Home Auxiliary will host an open house for Guido Calderon, MD; Phillip Miller, DDS; and Hospital Administrator, Joe Hendrus Feb. 25th, from 5-7 at The Depot.

Dr. Calderon is married to Marylu. They have one daughter, Claudia. He trained in internal medicine at Southern Illinois University. His practice opened for business January 5th of this year.

Dr. Miller is married to Lise and they have one daughter Jordan. He acquired Dr. Rust's practice.

Mr. Hendrus is originally from New Braunsfels, but moved here from El Paso.

Card of Thanks

The family of Jeffrey Lee Brown would like to thank you for all your prayers, flowers and support in our time of sorrow. Betty, Rebecca, Mike and Travis

Dear Mr. & Mrs W.E. Whitehead,

I would like to thank you for purchasing my commercial doe kid at the 1998 Sutton County Junior Livestock Sale. Your contributions will help out tremendously with the expense of this project and upcoming animal pro-jects. The Sutton County 4-H and Sonora FFA also appreciate your contri-butions to make the 1998 Sutton County Junior Livestock show and sale. This was an enjoyable and successful event. So thanks again for purchasing my commercial doe kid at this year's stock show.

Sincerely, Ubaldo Vaquera

Thanks to all of the wonderful people of Sonora and the surrounding communities for your thoughtfulness during my recent illness and Joe Ray's accident and illness. Your prayers, calls, cards, flowers and concern mean so much. A special thanks is due Dr. Calderon and the hospital staff, and the EMS people who took such excellent care of me until they could get me to San Angelo. People in West Texas are the greatest!

Sincerely Charlotte Wilson Jim, John, Joe and families

We apologize for any inconvenience caused by the truck accident outside of Junction and Roosevelt on Interstate 10 during the week of February 9, 1998. We thank you for your patience and cooperation.

Sincerely,

The DuPont Company

Lady Broncos swarm the Yellow Jackets

By Tom Clifton

The Lady Broncos traveled to Kermit Friday night for their final game of the year. They romped over the Lady Jackets 65-42.

At the start of the game, one could tell who had driven 223 miles. The Lady Broncos struggled to get their feet under them. Turnovers and missed shots hurt the Lady Broncos in the first quarter. It seemed that the Lady Jackets were making every shot, and Sonora was on the short end of the score after the first quarter, 16-6.

In the second quarter our Lady Broncos took charge. Cindy Jones and Camille Marshall led that charge. Daisy Mireles, Stacey Fox, and Heather Felts controlled the boards. The Lady Broncos scored 29 points in the second quarter and took a 35-22 lead at halftime.

The Lady Broncos continued

their dominance in the 3rd quarter. Kara Eaton was impressive with her defense. Blair Crain and Marshall provided most of the offensive firepower in the quarter, and the Lady Broncos led 48-32 at the end of the third quarter.

At the start of the fourth quarter, Kara Eaton scored four quick points on two free throws and a short jumper. Marshall, Jones, Mireles, and Katy Cooke contributed points down the stretch. In the end, the Lady Broncos defeated the Jackets 65-42.

We can be very proud of our Lady Broncos. We will miss our Seniors, but we have several players returning next season. Also, our junior varsity had a very good year. Many of those girls will contribute at the varsity level next year.

Thank you Lady Broncos! You have made us very proud, and we look forward to next year.

Pictured is the wrecked trailer of the truck that transported hydrofluoric acid. The accident occurred on I-10 between Junction and Sonora last week. A 300 ton crane lifted the tank after hazmat teams from DuPont secured the leaking substance. Jim Felder, spokesperson for DuPont stated, "We received tremendous support by all the local people." He also stated the local crews did a fabulous job.

Hospital Board declines tax abatement for UPRC

The Sutton County Hospital District Board of Directors met in regular session February 9th. Directors present included President Alvis Johnson, Jr., Vice President Ray Smith, Ben Solis, Sherrill Dannheim, Lewis Allen and Claire **Richards**

Upon approval of last meeting's minutes, Dr. Johnson reported that the Hospital District has a credit on their first quarterly payment for the excess that was in the budget that was refunded on the first quarter. Rex Ann Friess reported that 93.7% of the 1997 taxes had been collected.

Ms. Friess also addressed the Board with information concerning the possible settlement with Louis Dreyfus. The Hospital District has \$35,120 base amount of 1996 taxes that were never paid. The Appraisal District's attorney would like to try and negotiate with Louis Dreyfus with a beginning figure of \$2.15 per MCF. Lewis Allen made the motion for the Appraisal District, on the

Texas A&M announces honor roll and grads

College Station-- Texas A&M University has named its honor students for the 1997 fall semester, recognizing several thousand students for outstanding academic performance

The Dean's Honor Roll recognizes students taking at least 15 semester hours who have maintained at least a 3.75 grade point ratio (GPR) out of a possible 4.0 during the most recent grading period.

A second designation, 'Distinguished Student," recognizes students who earned a 3.25 to 3.75 GPR while taking at least 15 hours. Among those recognized from Sonora were Shawna Faris, and Victoria Richardson.

Diploma's were awarded to more than 3,000 Texas A&M University graduates during December commencement ceremonies.

The degrees were presented at three separate ceremonies. Featured speakers at the ceremonies were Patrick H. Wood III, chairman of the Public Utility Commission of Austin; Ronald Kirk, mayor of Dallas; and U.S. Rep. Joe Barton of Ennis.

Among those receiving degrees from Sonora were Brian Faris and David Kemp.

Thursday, February 19, 1998 . The Devil's River News

Jump Rope for Heart is an educational event sponsored by and benefiting the American Heart Association and the Texas Association for Health, Physical Education, Recreation and Dance. Sonora students jumped in their physical education classes the week of Feb. 9-12. They will continue to collect donations during the following week. Last year, Sonora students raised over \$5,403.33 for the American Heart Association. Please support these kids and this worthwhile event.

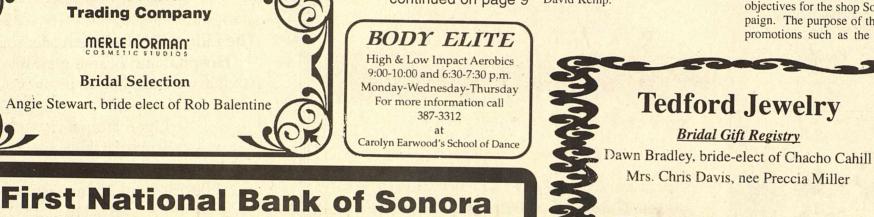

Sonora Merchants Association working hard for local consumers

Fall fashion shows, annual Christmas ticket drawings, Easter egg hunts on the courthouse lawn. Have you ever wondered how these things come about, or who is behind all that fun? These things don't just happen by themselves; they are products of the hard work of the Sonora Merchants Association. What is the Merchants Association The Merchants you ask? Association is a collection of retail businesses who work together to encourage shopping in Sonora.

The Merchants meet once a month to discuss their goals and objectives for the shop Sonora campaign. The purpose of the monthly promotions such as the Christmas

ticket drawings, Easter egg hunts, etc., is to make citizens of Sonora aware of the retail businesses in Sonora, and let them have a little (more fun while they do their shopping.

The Merchants Association is no different than any other organization. They do things like give to the needy during Christmas, and giving back to the community when they can. But it takes the efforts of everyone to see positive results. Any person or any business that is interested in the efforts of the Merchants Association is welcome to attend the monthly meetings that are held on the first Thursday of every month. The meetings are at 8:30 a.m. at the Sutton County Steakhouse. If you have any questions or suggestions for the Merchants Association, you may also call the Sonora Chamber of Commerce at 387-2880.

Water District Update.

sons:

track.

By Joe David Ross

Mike Smith resigned as managof the Sutton County Underground Water District effective December 1, 1997, to accept a position in Austin with the Texas Water Development Board (TWDB). Mike was recognized as one of the top two "mapping" managers in West Texas. He had also collected and tested in our local office water well samples from most all house wells in the county in addition to collecting the samples from 15-20 selected monitor wells (approximately 50 strategically located throughout the county) each year. Mike and the board were also instrumental in helping to develop the City of Sonora's drought contingency plan, the well-head protection zone around Sonora and the West Texas Weather Modification pro-gram. We are fortunate that the water experience Mike gained in our county will be helpful in his new position and that he will still be available to help us make the transition with a new manager and the new state water laws.

We have not hired a manager yet but have voted to pursue the pos-

sibility of sharing staff with the Plateau Underground Water District (Eldorado) for the following rea-

1. The new 1997 state water law has placed water issues on a fast Each district, by this September 1st, must have a water resource inventory, its potential usage and a management plan submitted to the TWDB. We will then be audited at later dates to see if we are in compliance.

Under the new law, the state will be divided into regions. Unless the boundaries are changed again, we will be the most eastern county with Crockett and Schleicher in the state's largest region that stretches all the way to the New Mexico border. It will include San Angelo, Midland and the Upper Colorado River Authority. Each county, city various industry groups, water districts', etc. management plans and needs (especially in a drought) will have to be considered by an eleven person (expandable) regional planning board.

3. We are studying our local rules now for compliance with the new law. Some changes will be

made 4. Cindy Cawley, the Eldorado

manager, is possibly going to be one of those 11 members on our regional board. She is secretary and a decision maker for our cloud seeding groups. She is well respected in the Texas Water District Alliance and by the various legislators and agencies in Austin. Earlier, Cindy has been a soil conservation employer and she is active with her husband and children on the Cawley Ranch. Cindy is experienced with the computer and the collection of water samples.

5. If both water district boards do agree to share staff, Cindy would be the manager spending approximately half of her time in our Sonora office and lab. A modem could be used between the two offices' computers to reduce duplication of records and travel. When in Austin or other committee meetings, she would be representing both districts. Sutton County would hire a person who would be the assistant manager. The primary responsibilities would be working in the fieldcollecting and testing samples in both counties, measuring water levels, checking with railroad commis-

sion representatives and water well drillers, plotting water well locations on our maps with the use of Magellun satellite instrumentation, and locating abandoned wells. The assistant manager will also need to be computer oriented to learn about the various office and lab procedures and to enter well log and well registration information into the computers.

6. We are very pleased that Laura West has continued to assist at the office after hours. Thanks to Laura and Virgil for regularly checking by our office. Laura has given the office some needed conti-

nuity. 7. If we do share staff, it should save tax money, help both districts to be more efficient, and yet be more thorough in attending to the many facets of a water district's duties. The state agencies also prefer to see water districts grouped as much as possible. Should an agreement be reached with Eldorado, it would be on a one year trial basis. We are grateful to their board for their open mindedness and willingness to help each other.

AGFUND puts their trust in Governor George Bush

The Texas Farm Bureau of Agriculture Fund, Inc. has endorsed Governor George W. Bush for reelection. Bob Stallman, Texas Farm Bureau President and President of AgFund, announced the endorsement Wednesday at news conferences in Lubbock, Tyler and

"It was my honor, in 1994, to announce that AGFUND endorsed George W. Bush for Governor,' Stallman said. He was not the

incumbent then, but our members were impressed with the message of George W. Bush."

'Farm Bureau leaders put their trust in Governor Bush and he has never let us down. Now, as an incumbent, there is no question that he again deserves our support," Stallman said.

During two Texas Legislative sessions, Bush has been credited with working in a spirit of bipartisan cooperation with Lt. Governor Bob

Bullock, House Speaker Pete Laney and members of the Texas Legislative to improve education and reform property taxes.

With no reservations whatever, AGFUND believes that George W. Bush should be re-elected as Governor of Texas," Stallman said. "It is clear that Governor Bush loves this job, and it is not always an easy one

Governor Bush and his wife, Laura, a former teacher and librarian

who grew up in Midland, reside in the historic Governor's Mansion in Austin with their 16 year old twin daughters, Barbara and Jenna.

AGFUND is Texas Farm Bureau's political action fund. It is a legal entity separate from the Texas Farm Bureau and may endorse and contribute financially to political candidates. AGFUND is funded only by voluntary contributions from TFB members.

3. The purpose of the weather modification operation is to increase rainfall. The period of the permit is April 1, 1998 through March 31, 2002.

4. The purposed weather modification operation is to be conducted for and on behalf of the West Texas Weather Modification Association, 8696 Hangar Road, San Angelo, TX 76904.

5. The proposed weather modification operation is to be carried out in both an "operational area" and a "target area" to cause the intended effects to occur only in the target area. The operational area is that area including Coke, Crockett, Glasscock, Irion, Midland, Reagan, Schleicher, Sterling, Sutton, Tom Green, and Upton Counties, which is the target area; and those portions of the following counties within 30 miles of the outer boundary of the target area; Andrews, Concho, Crane, Ector, Edwards, Howard, Kimble, Martin, Menard, Mitchell, Nolan, Pecos, Runnels, Taylor, Terrell, and Val Verde.

6. The area to be affected by the proposed weather modification operation is the target area. The target area is that area described as Coke, Crockett, Glasscock, Irion, Midland, Reagan, Schleicher, Sterling, Sutton, Tom Green, and Upton Counties.

7. The method and materials to be used in conducting this operation are summarized herein: A licensed meteorologist will select cumuliform clouds or other appropriate clouds for cloud seeding using a weather radar display, standard meteorologist analyses, forecasting techniques, surface weather observations, and pilot reports to initiate the release of the seeding particles, such as silver iodide crystals, from airplanes equipped with flare racks and/or generators.

8. Persons interested in knowing more about the technical aspects of the proposed operation should contact the applicant or George Bomar, MC 158, TNRCC, P.O. Box 7. The methods and materials to be 13087, Austin, TX 78711-3087, used in conducting this operation are (512)239-0770

9. Requests for hearing on this application must be submitted in writing during the 30 day notice period to the chief clerk's office, MC 105, TNRCC, P.O. Box 13087, Austin, TX 78711-3087, (512)239-3300. The petition must contain (1) signature, full name, address and phone number of each person such as silver iodide crystals, from requesting the hearing; (2) a statement that each person is at least 18 ears of age and resides, or owns, property in the operational area; and, (3) a description of each person's interest and how that interest would be adversely affected. Requests for hearing must be received by the commission within 30 days of the date of the first publication of this notice. If at least 25 eligible persons make written requests, the commission will hold a public hearing on the application prior to issuance of the permit. For more information concerning citizen participation, The petition must contain: (1) the contact Blas J. Coy, Jr., Public signature, full name, address and Interest Counsel, MC 103, TNRCC, P.O. Box 13087, Austin, TX 78711-

Commission (TNRCC) for a State permit to conduct weather modification operations to change, or attempt to change, the natural development of clouds for the purpose, objective, period, and by the method summarized herein below. The Executive Director will issue this permit unless a written hearing request is filed within 30 days after the first newspaper publication of this notice.

Weather Modification,' Inc. applied for, and received on October 6, 1997, a Texas weather modification license, valid until September 1, 1998

3. The purpose of the weather modification operation is to increase rainfall. The period of the permit is January 1 through December 31 in each of the years of 1998, 1999, 2000, and 2001.

4. The proposed weather modification operation is to be conducted for and on behalf of the Edwards Aquifer Authority, a political subdivision of the State, 1615 N St. Mary's Street, P.O. Box 15830, San Antonio, Texas 78212-9030.

5. The proposed weather modification operation is to be carried out in both an "operational area" and a "target area" to cause the intended effects to occur only in the target area. The operational area is that area including Bandera, Bexar, Blanco, Caldwell, Comal, Edwards, Guadalupe, Hays, Kendall, Kerr, Kinney, Medina, Real and Uvalde Counties, which is the target area and those portions of the following counties within 30 miles of the outer boundary of the target area: Atascosa, Bastrop, Burnet, Fayette, Frio, Gillespie, Gonzales, Kimble, Llano, Maverick, Sutton, Travis, Wilson, Val Verde and Zavala Counties.

6. The area to be affected by the proposed weather modification operation is the target area. The target area is that area described as Bandera, Bexar, Blanco, Caldwell, Comal, Edwards, Guadalupe, Hays, Kendall, Kerr, Kinney, Medina, Real and Uvalde Counties.

summarized herein: A licensed meteorologist will select cumuliform clouds or other appropriate clouds for cloudseeding using a weather-radar display, standard meteorological analysis, forecasting techniques, surface weather observations, and pilot reports to initiate the release of the seeding particles, airplanes equipped with flare racks and/or generators.

Hospital District's behalf, to try and settle for \$2.15 per MCF with Dreyfus. Ben Solis seconded the motion. Motion carried.

Ms. Friess introduced John Valenta, Tax Agent for Union Pacific Resources Company (UPRC). Mr. Valenta advised that UPRC bought the Highlands Gas Plant and Gathering System southeast of Sonora. UPRC is looking at building an additional 50 MMCFD Cryogenic Gas processing plant to the existing gas plant. If approved, the project would entail an anticipated commitment of \$8,000,000 to \$10,000,000. In addition to the plant expansion, UPRC would also add additional gathering pipelines to bring gas to the facility. UPRC is seeking an abatement for the gas processing facility expansion only. This capital commitment would be in addition to the existing gas processing facility and pipelines they presently have in the county. The Hospital District would not be losing any tax revenue that they are receiving at this time. Mr. Valenta advised that UPRC was proposing a five year, 75% tax abatement and pay 25% when the plant comes in. This would be subject to negotiation. According to the Hospital Board minutes, the way the tax law is written, the County is the lead entity. The County will decide what they want to offer and all is in agreement, then the other entities have the option to grant the abatement following the same guidelines. After discussion regarding the tax abatement, Ray Smith made the

PUBLIC NOTICE

Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (PUC) to charge an additional 26 cents per month per line to recover costs for providing Expanded Local Calling service (ELC) to certain Texas Customers.

The 26 cents per month surcharge would not be billed to customers who receive ELC. However, customers who receive ELC and pay less than the maximum \$3.50 a month residential ELC charge or less than the maximum \$7 business ELC charge will have to pay the additional 26 cents per month charge.

Expanded Local Calling was created in 1993 by Texas legislation that requires telephone companies to provide toll-free calling between small towns that share a community of interest such as a school or hospital district. The legislation allows telephone companies to recover costs not paid through customer charges by applying a surcharge to all other customers in the state who do not receive the ELC service or who do not pay the maximum ELC rate. The maximum monthly ELC rate allowed under state law is \$3.50 per line for residential customers and \$7 per line for business customers.

Southwestern Bell estimates that the 26 cents per month per line charge will recover the \$27 million annual cost of providing ELC service that is not recovered from ELC rates.

If approved by the PUC, the monthly statewide surcharge of 26 cents per line per month will begin with the April, 1998 billing cycles, with an agreement to refund all or part of the charge if the PUC does not approve it.

For questions about the reasons for the charge, please call the Southwestern Bell Business Office listed in your directory.

The PUC assigned Docket Number 18513 to this proceeding. The deadline for intervention in this matter is March 31, 1998. Persons who wish to intervene or comment in these proceedings should notify the PUC by March 31, 1998. All requests to intervene should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, TX, 78711-3326. For information intervening, please call the PUC at 1-888-782-8477 or at 512-936-7120.

AVISO PUBLICO

Southwestern Bell Telephone Company (Southwestern Bell) presentó una solicitud ante la Comisión de Servicios Públicos de Texas (PUC) para cobrar 26 centavos más al mes por línea para recuperar los costos por el servicio de Llamadas Locales Ampliadas (ELC) a ciertos clientes en Texas.

El cargo de 26 centavos al mes no se cobrará a los clientes que reciben ELC. Sin embargo, los clientes que reciben ELC y pagan menos del máximo de \$3.50 al mes por el servicio ELC residencial o menos del máximo de \$7 por el servicio ELC comercial, tendrán que pagar 26 centavos adicionales a su pago mensual.

El servicio de Llamadas Locales Ampliadas (ELC) fue establecido en 1993 por la legislación del estado de Texas y requiere que las compañías prestadoras de servicios telefónicos ofrezcan llamadas de larga distancia gratuitas entre pequeñas poblaciones que comparten un interés común tales como distritos escolares y de hospitales. Esta ley permite que las compañías telefónicas recuperen los costos no pagados mediante cargos a clientes, a través de un cargo a todos los demás clientes en el estado que no reciben el servicio ELC o que no pagan la tarifa máxima del servicio ELC. La tarifa máxima mensual permitida por la ley estatal es \$3.50 por línea para clientes con servicio residencial y \$7 por línea para clientes con servicio comercial.

Southwestern Bell calcula que los 26 centavos al mes por línea cubrirán los \$27 millones del costo anual del servicio ELC que no está cubierto por las tarifas de ELC.

Si la PUC autoriza el cargo mensual estatal de 26 centavos al mes por línea éste comenzará a partir de los ciclos de facturación de abril 1998, con el acuerdo de reembolsar todo o parte del cargo si la PUC no lo autoriza.

Para preguntas relacionadas con este cargo, por favor llame a la Oficina Local de Southwestern Bell listada en su directorio telefónico.

La PUC asignó el número de registro de 18513 a este procedimiento. El plazo de intervención sobre este asunto terminará el 31 de marzo de 1998. Las personas que deseen intervenir o hacer comentarios sobre este procedimiento deberán notificar a la PUC antes del 31 de marzo de 1998. Todas las solicitudes de intervención deberán enviarse por correo a Public Utility Commission of Texas, P.O. Box 13326, Austin, TX 78711-3326. Para mayor información sobre la intervención, por favor comuniquese con la PUC al 1-888-782-8477 o al 512-936-7120.
