FIVE RECEIVE HONORABLE MENTION--

## Nine Mustangs Named To All-District 2-B Team

Nine members of Bovina Mustang District 2-B champion football team earned berths on all-district offensive and defensive units.

Five more received honorable mention to make a total of 14 Mustangs being honored by district coaches who selected the all-district squad.

Quarterback Don Cumpston and Halfback Buddy Turner were Mustangs to make the mythical team both offensively and defensively. Cumpston plays Linebacker on defense while Turner is a halfback both ways.

Cumpton was only player in district to be unanimously named to both the offensive and

defensive teams. He is a junior. Turner is a senior.

Other members of Coach Halie Gee's squad to earn positions on offensive team were End Mac Glasscock, junior; Tackle John Sikes, senior; and Center Gary Stevenson, junior.

Mustangs who made defensive first unit were End Pat O'Brien,

junior; Tackle Lowell Boozer, junior; Tackle Dickie Clayton, junior; and Halfback Rocky Hance, senior.

Bovina team members receiving honorable mention were End Tally Kelso, sophomore; Guard Jimmy Wright, junior; Guard Joe Jones, senior; Linebacker Delbert Morris, junior; and Fullback Jerry Frazier, sophomore.

In addition to the 11 positions Bovina players earned on the 30 man squad, Vega, which was district runner-up, placed six; Happy had five team members and Hart and Lazbuddie four each.

Bovina had players in six defensive positions and five offensive positions.

Six players, including Cumpston and Turner, earned first team positions both ways. Other four were Jim Seaton, Lazbuddie senior, halfback and linebacker; Larry Lee, Hart senior, fullback and end; Eufemio Rubalcaba, Hart senior, guard and linebacker; and Jim Blackburn, Happy junior, halfback and end.

Complete defensive team includes:

ENDS--Larry Lee, Hart senior; Pat O'Brien, Bovina junior; Ronnie Middleton, Happy junior; Jim Blackburn, Happy junior;

TACKLES--Lowell Boozer, Bovina junior; Dickie Clayton, Bovina junior; Royce Talley, Hart senior;

GUARDS--Doyle Bryan, Happy sophomore; Jim Graham, Vega senior;

LINEBACKERS--Don Cump-

ton, Bovina junior; Eufemio Rubalcaba, Hart senior; Nelson Leavitt, Vega senior; Wayne Taylor, Vega sophomore;

Leonard Harvey, Happy junior; Jim Seaton, Lazbuddie senior; HALFBACKS--Rocky Hance, Bovina senior; Buddy Turner, Bovina senior; and Don Jones, Vega senior.

Entire offensive unit has these members:

ENDS--Mac Glasscock, Bovina junior; Don Watson, Lazbuddie senior; Bryce Cook, Vega senior;

TACKLES--Royce Talley, Hart senior; John Sikes, Bovina senior;

GUARD--Hal Ward, Vega senior; Eufemio Rubalcaba, Hart senior;

GEAR--Gary Stevenson, Bovina junior; Calvin Mason, Lazbuddie junior;

HALFBACKS--Jim Seaton, Lazbuddie senior; Jimmy Blackburn, Happy junior; Buddy Turner, Bovina senior;

FULLBACK--Larry Lee, Hart senior;

QUARTERBACK--Don Cumpston, Bovina junior

All-district team was selected at a meeting of representatives from five district schools Wednesday night of last week in Dimmitt. Announcement of members of all-district was not made until this week.

In other action, Superintendent Warren Morton of Bovina was re-elected district chairman. Also, next season schedule was drawn up.

### WHITTLIN'

BY DOLPH MOTEN

Picture above is proof that Bovina outdoor sportsmen don't take unkind remarks in regard to their ability.

In this space a week ago, we commented that, as far as we knew, no Bovina hunter had bagged a sandhill crane during recently-opened season.

A few nights ago, this troop of hunters rang our doorbell with the pair of huge fowl shown above.

Members of the party are, left to right, Don Murphy, Grady Sorley, Keith Garner, and Jim Russell.

They bagged the two sandhill cranes south of Portales. They brought them by for the picture for proof that Bovina hunters can kill the big birds.

And this wasn't the first for them, either. Sorley got his day limit of two November 11, he told us.

Weight of the two birds shown was estimated by Garner at eight or nine pounds each. And while they're not as heavy, they looked as big as turkeys.

They're pretty birds, too. Their name, sandhill crane, leaves the impression that they might have a tendency to be on ugly side, but such is not the case. One of the birds had a red head. This, Garner explained, means that the bird is old. Other's head was same color as his body.

The hunters told us that the birds are good to eat. They have a larger-than-you'd-think breast which makes the story about them being good to eat easy to believe.

However, they also told us that the meat tastes like chicken fried steak, if it's cooked in the same manner. We were never able to decide if they were kidding us about that.

That part was a little hard to believe. But they didn't smile when they told about the taste so the story could be true. We'd want to experience it, though, before we made a definite statement.

Russell said that if the meat were mixed with chicken fried steak, it would be hard to distinguish. If that's true, we're thinking more of the sandhill crane all time.

With our brief experience of being around those you see in the picture we've decided they weren't ugly as we had thought and we're almost convinced they're good to eat. Prior to conversation with the hunters, we had our doubts about quality of the meat.

When asked the question, "How did you kill them?" they evaded by replying, "With a shotgun." When questioned further about how they got close enough to shoot them with a shotgun, they said that was the secret to hunting sandhill crane and offered not to release such information.

They did leave impression, though, that it was necessary to be a better than average hunter to bag one, much less two.

We were proud the challenge extended here a week ago was answered and appreciate the hunters bringing their game by our place to be shot a second time. . . . this time with a camera.

Bovina sportsmen have reputation of being as good as the best and better than most. How-

(Continued on page 3.)

PURCHASED FROM CLOVIS--

## New Christmas Lights For City

Bovina will have a new Christmas lighting set-up this year.

City's Christmas decorations have long been a subject of controversy. Bovina Chamber of Commerce and Agriculture directors decided at a special

### G.W. Crain Announces For Re-Election

G. W. Crain of Lazbuddie this week formally announced his candidacy as commissioner of that precinct. (His plan to announce was reported last week in Parmer County newspapers.) The commissioner authorized the following statement:

I am announcing my candidacy for re-election in the Democratic Primary for County Commissioner of Parmer County, Precinct No. 4.

I will appreciate your vote and influence.

G. W. CRAIN

## Revival Starts Sunday

A two-week revival begins Sunday at Pentecostal Holiness Church here.

Services will be conducted at 7:30 p.m. each day during the two-week period, Rev. Paul Miller, pastor, announces.

Speaker for the series of meetings will be Rev. Sam Isabell, an evangelist from Cordell, Okla.

Dates of the revival are Nov. 26-Dec. 10.

Special singing will be a feature of each meeting, Rev. Miller says.

"The public is cordially invited to attend any or all of the services," announces the pastor.

TO GROOM, 12-6--

# Ponies Lose Bi-District Heartbreaker

Bovina Mustangs wrapped up an otherwise successful season in drab blanket of defeat Saturday night.

Day night. Groom Tigers took measure of District 2-B champion Ponies, 12-6, in bi-district game unreeled in Buffalo Bowl at Canyon in sub-freezing temperature.

Mustangs battled on near even terms with the champions of District 1-B, but near wasn't good enough as the Tigers earned the 12-6 decision.

An estimated crowd of 1000 fans braved uncomfortably cold

session Saturday to improve Christmas decoration situation with financial help from city and possibly Bovina Lions Club.

Directors agreed at Saturday meeting to have a committee go to Clovis in an attempt to purchase Christmas decorations which that city is discarding this season.

A deal was made with Clovis Monday afternoon and the decorations are expected to be erected here during first week in December, Chamber Manager Jack McCracken says.

Purchase price of the decorations was \$750. Included in the deal were 13 strands of colored lights, seven strands of lights

with decorations and 35 individual lighted decorations. McCracken says there are sufficient bulbs with the deal to supply all strands.

Clovis has used the decorations for past three years. Original cost was \$4300.

Members of committee who worked out the deal with Clovis were McCracken, Bedford Caldwell, Jack Kesler, Bud Crump and Tom Bonds.

Decorations were slated to be moved to Bovina by truck this week.

"We have a lot of work to do before these decorations are in full use," McCracken says, "but we hope to have them up early in December."

TURKEY SHOOTERS--This trio of shotgun marksmen posed prior to Lions Club turkey shoot Friday. The men are standing behind a ladder which is resting on two barrels and used as distance marker. Clay pigeons were thrown from other side of stack of baled hay. Left to right are Don Sides, Glendon Sudderth and Jimmy Charles. Each of the men earned one or more turkeys during day's activities.

OVER 200 PARTICIPATE--

## Turkey Shoot Successful

Bovina Lions staged a highly successful turkey shoot Friday.

More than 40 turkeys were awarded to marksmen during the day, announces Lions President Tom Bonds.

The event was staged at Carl Rea's farm two miles north of town.

Bonds says Lions Club grossed approximately \$500 from the shoot. Expenses left a net of about \$200 for the club.

Sportsmen shot in groups of five. Entrance fee for each shooter was \$2. One \$5 turkey was awarded to winner of each five-man heat. There were more than 200 entrants in the

contest. Winners were awarded certificates for a dressed turkey which were picked up at Wilson's Super Market.

Bonds says another such shoot is being scheduled for December. Details on it are scheduled to be worked out soon.

CHAMPIONSHIP TROPHY--Bovina Mustang Head Coach Halie Gee, left, and Assistant Coach Malcolm Kennedy admire District 2-B championship trophy which was recently awarded to their team. Lettering on base of gold-covered, football-shaped trophy reads, "CHAMPIONS DISTRICT 2-B 1961." Mustangs had a 4-0 district record during the just-completed football campaign. A congratulatory page ad to squad and to coaches appears in this issue of The Blade.

DIXI HARTZOG

### Basketball Next Week

Basket ball season opens for Bovina Mustangs and Fillies Tuesday night.

First games of '61-'62 season are scheduled to be played against teams from Farwell.

Girls game will open the twin-bill at 6:30 in Williford Gym. Both teams are entered in Kress Invitational Tournament the following weekend, November 30-31 and December 1.

Halie Gee is Mustang coach and Malcolm Kennedy is tutor of Fillies. They are both beginning their second season as basketball coaches.

PAULA HOWARD PLOW GIRL--

## Dixi Hartzog Sweetheart

In recent balloting by members of Bovina FFA Chapter, Dixi Hartzog, Bovina High junior, was elected chapter sweetheart for '61-'62 school year.

Paula Howard, sophomore, was named Plow Girl.

Miss Hartzog, who is daughter of Mr. and Mrs. A. L. Hartzog, served as Plow Girl last year. Miss Howard is daughter of Mr. and Mrs. E. A. Howard.

Miss Hartzog will represent Bovina chapter in district sweetheart contest which will

be conducted at a Littlefield District banquet November 30 in Olton. Miss Howard will serve as her attendant.

Some 27 people from Bovina are expected to attend the banquet, Chapter Advisor Roy Crawford says. The group includes chapter members, the girls and their parents and school administrators and their wives.

WEATHER  
by  
WILLIE

Looks like the weather is out of control. I can't promise, but very little if any relief this week.

More snow soon. ---Willie

PAULA HOWARD

--SATURDAY NIGHT AT CANYON

weather to see the contest. It was first bi-district football action for Bovina since 1954. Groom was making its seventh consecutive appearance in a bi-district tilt.

Tigers drew first blood late in first quarter. They received opening kickoff and marched from their own 46 to Bovina's nine yard line before losing ball on downs.

Halfback Buddy Turner carried twice for a yard net loss, but a five yard penalty against Groom moved ball out to 13. A pass from Quarter-

back Don Cumpston went astray at that point. It was intercepted by Defensive Halfback Bill Ruthardt and returned to Bovina's one. Groom Quarterback Wesley Cornett scored from there on a keeper play.

Groom's attempted conversion after a 15-yard penalty was short to leave score 0-6.

Mustangs got their tally and tied score early in second period. On final play of initial quarter, a stout Mustang defense had Groom stopped deep in their own territory. An attempted punt from 22 was

blocked and Mustangs got possession of ball on Groom's 26.

Turner made three to the 23 then Fullback Jerry Frazier carried around end twice in succession, once for eight and then for 15 and the score.

Cumpton attempted to carry extra points across on a keeper play. He was stopped inches short of goal line and received a head injury as he was tackled. He never returned to the game following the play.

Hampered by loss of Cump-

ton, who was signal-caller, effort to carry across the extra points.

With 2:38 left in the first half, Mustangs launched their longest drive of the night only to see it stopped by the clock on Groom's 11 yard line.

Pat O'Brien returned the kickoff from Bovina's 25 to the 37. Frazier was stopped for no gain, but Halfback Rocky Hance made seven to the 45 and Turner picked up eight and a first down on 15. Turner made three to the 12, but a fumble resulted in no gain, and Frazier was stopped after a gain of one to

the 11 as the buzzer sounded.

Neither team was able to make a serious threat in second half as the battle was carried on between 30 yard lines.

With the Cumpston-less offense sputtering, Mustangs went into a spread formation in fourth period in an effort to shove across the tying touchdown, but the effort failed.

With Turner running at tailback in the spread, Mustangs were in possession on their own 37 as fourth period began. Tur-

Hat Parade Sets Mood For Luncheon

Everyone wore an "original"! Forty-five homemakers who attended the Parmer County Home Demonstration clubs luncheon Thursday noon in Fri-

ona Methodist Church fellowship room chose "do-it-yourself" hats designed by the wearers.

The program began when a ridiculous hat parade was staged with Mrs. Johnnie Hand of Hub winning first place for her original creation of horns and flowers. Mrs. Helen Fangman of Black used a kitchen theme for her design with egg cartons as the focal point. She won second. Third place winner was Mrs. Roy Miller of Lazbuddie who chose a stove pipe made of cardboard, Easter grass, flowers and birds.

A salad luncheon was served buffet style. Tables were decorated with chrysanthemums, fall leaves, nuts and fruit. Black club members arranged and decorated the tables.

Friona HD furnished crackers, coffee, tea and napkins and the Lazbuddie group made plate favors of United Nations flags standing in gum drops. Oklahoma Lane members were responsible for invitations and Northside HD was in charge of registration. Mrs. John Terry registered 43 members and seven guests.

Wayland Ethridge, Frank Claborn, Herbert Day, Forrest Osborn sang a medley of gospel songs, accompanied by Mrs. Anna Thomas.

Caldwells Host Bridge Party

Mr. and Mrs. Bedford Caldwell entertained several couples with a bridge party last Tuesday evening in their home. Following an evening of cards, the group was served apple pie topped with whipped cream, tea and coffee.

Reports were heard from Mrs. Ralph Price, Mrs. Vernon Symcox, and Mrs. Lewis Gore who had attended the Texas Home Demonstration Association meeting which was held in San Angelo in August. Mrs. Symcox sang "Onward Ever Onward", the THDA song. She was accompanied by Mrs. Thomas.

Those present were Mr. and Mrs. Vernon Estes, Mr. and Mrs. Gene Ezell, Mr. and Mrs. Johnnie Horn, Mr. and Mrs. Tom Caldwell, Phil Caldwell and the hosts.

Kits from each of the workshops that were brought back by delegates, will be filed in the office of the home demonstration agent, Miss Ettie Musil.

Everyone is always in favor of general economy and particular expenditure.

Two cowboys were talking. One said, "My name's Tex." Second one, "You from Texas?" Answered the first one: "Nope, from Louisiana, but who wants to be called Louise?"

WMU Circles Have Luncheon Meeting

"Hands Across the Sea" was title of study presented to members of both Dorene Hawkins and Nellie Dean Whitencircles of W.M.U. Tuesday at First Baptist Church.

Those presenting chapters of the study were Mrs. Johnnie Horn, Mrs. John Ferguson, Mrs. S. A. Barbee and Mrs. Don Murphy. Mrs. Allan Cumpton gave devotionals between chapters and Mrs. P. A. Adams, gave a part on Spain, Mrs. Ovid Lawlis, Switzerland, Mrs. Keith Garner, Yugoslavia, Mrs. J. B. Barrett, France and Mrs. Jerry Rogers, England. Highlighting the parts on different countries were slides of Germany shown by Mrs. Jim Heard.

Luncheon theme was foreign countries and travel with place cards presenting the travel theme and the menu consisting of foreign dishes. Those present for the all day meeting were Mrs. H. D. Bradshaw, Mrs. H. N. Turner, Mrs. C. W. Crisp, Mrs. R. N. Willford, Mrs. Charles Alston of Big Springs, Mrs. J. O. Combs and those on the program.

Congratulations

Congratulations to Mr. and Mrs. Gene Brito on the birth of a baby boy born Thursday at Parmer County Community Hospital in Friona. The new arrival is named Rory Leon and weighed 4 pounds 12 ounces at birth. Grandparents are Mr. and Mrs. S. A. Brito and Mr. and Mrs. Fidel Baca.

Eastern Star Has Annual Dinner

Mrs. Lois Smith, district deputy from Olton, visited Bovina Eastern Star last Thursday evening at their annual Thanksgiving dinner at Masonic Lodge Hall.

Cornucopias filled with fruit and a large paper turkey were the featured centerpieces on the banquet tables. Traditional Thanksgiving menu was carried out by hostesses, Mrs. Otho Hammonds, Mrs. O. W. Rhinehart, Mrs. Ellis Barry and Mrs. Carl Rea. Approximately forty were present for the meeting and dinner.

Visit Motens

Visiting recently in the home of Mr. and Mrs. Dolph Moten were his mother, Mrs. Homer Moten, and his aunt, Mrs. Althea Alexander of Lampassas.

39ers Honor Mrs. Walling

Mrs. J. W. Wright hosted a dinner party for members of 39ers Birthday Club and their honoree, Mrs. Jesse Walling, Thursday evening at City Drug. Thanksgiving menu consisted of chicken and dressing, sweet potatoes, salads, birthday cake and fruit compote. Those attending the affair were Mrs. Robert Read, Mrs. Odie White, Mrs. Joe Wilson, Mrs. Paul Jones, Mrs. Pete Davies, Mrs. A. E. Crump, Mrs. Emmett Tabor and the honoree.

**SUE MOTEN**

The realization that Christmas is upon us really dawned on us the other evening while eating dinner at the Bob McMeans. June served us some of her Christmas chocolates. Others have mentioned that they have already made their fruit cakes and started their holiday cooking. Envy these people who have the forethought to plan ahead and get things underway, instead of procrastinating until the last minute.

Have talked to several mothers lately whose children are at home with the mumps and the mothers are in about as bad shape as are the youngsters. Shirley Hemke said she had spent the last week at home sewing and then was virtually confined to the house this week due to mumps. So when an influx of women hit town again I guess we can assume the children have recuperated.

Think the combined efforts of Woman's Club and Student Council to make the school library into a public library are noteworthy. Have heard several people express the same opinion.

It is good to know that people haven't completely lost interest in reading. What with T.V. and radio making it so easy to forget about reading, interest is lagging and to have it revived is a real treat.

However, realize how easy it is to bury oneself in front of TV every night and watch some fast draw cowboy maul the Kings English, shoot the villain and turn out to be the hero even if he does say "ain't" at least three times in every sentence. The only cultured cowboy is Palladin and I really doubt if all the villains he kills understand his Shakespearean phrases. Anyway back to reading, think it is a good thing and hope a lot of people will be interested enough in the library to donate a good book or two to the cause.

**Whittlin'--**

ever, due to our lack of information, we were afraid that they were allowing their reputation to slip as far as sandhill crane were concerned.

It was good to learn that we were mistaken and that the aforementioned reputation hasn't slipped in the least.

Speaking of hunters, boocoo of them were on hand Friday for Bovina Lions Club's turkey shoot. There were scores of local men present and most of them had shotguns.

Until then, we hadn't realized there were that many shotguns in five counties, much less in this community. And some good shots, too.

Lions awarded over 40 (forty) turkeys to sharpshooters. There was one turkey given away for each five men who shot at flying clay pigeons.

Certainly we were impressed with the quantity and quality of shotgun men at the shoot.

On the other hand, we were highly disappointed in one of the sportsmen, George Douglas. Lacking enough confidence in our own shooting ability, we made a deal with him to bag a turkey for us.

We knew that George had reputation of being a good man with a shotgun. Also, we knew that he'd just won a turkey for himself. We figured he was a good man to put our money on.

Prior to start of this particular heat, Don Sides, who also had already won a turkey and was a member of same quintet Our Man George was, came by and asked if we'd like for him to win us a turkey. "Just pay the \$2 entrance fee; I'll get you a turkey," he semi-promised.

We thanked him for the offer and explained that we already had a better shot engaged to win a turkey.

You guessed it. Sides won the turkey and Douglas didn't break one, not one, of his (our) pigeons.

George told us he was sorry he didn't do a better job of shooting for our money. We noticed, however, that he didn't offer us the turkey he had already won for himself.

Maybe a turkey shoot is like bl-district football games---- you can't win'em all!

**CAN YOU MAKE THE PAIN GO AWAY?**

**YOUR DIMES WILL DO IT AGAIN!**

**Do... Say Yes to The NEW MARCH OF DIMES**

For two years Sondra has been asking that of doctors--now she's asking you. BECAUSE YOU CAN HELP. SAY "YES" TO THE NEW MARCH OF DIMES.

Like 30,000 other children in the United States, five-year-old Sondra has juvenile rheumatoid arthritis. Look at her hands. The swollen joints tell only part of the story. Not too long ago she couldn't walk or even crawl.

But Sondra was lucky. She found a National Foundation Arthritis Clinical Study Center near her home in Texas. There she received the best treatment modern medicine could give. So far permanent crippling has apparently been averted.

Who made the study center possible? YOU DID--if you gave to the New March of Dimes. Your support is needed now more than ever to provide for an expanding network of these study centers and more medical experts to attend them. The need is urgent for the thousands who, like Sondra, know the meaning of arthritic pain.

# THE HIGH PLAINS FARM AND HOME

NEWS FROM THE FARM BUREAU  
BY RAYMOND EULER

GRAIN GRABBERS . . . Elvis Powell tightens a final bolt on the Heston attachments on the combine. He, like most of the Farmer County farmers will be forced to use the Hestons to complete the harvesting of his remaining grain when the

fields dry out enough to start combining. Powell has about 30 acres two miles east of Clay's Corner yet to be cut. His yield was averaging about 6,000 pounds per acre before the snows stopped operations.

BROKEN STALKS . . . E. T. Ford checks his grain field after the heavy snows last week. His, like a good portion of the late maize in the county, has begun to fall. A spot check showed approximately 60 per cent down on the north side of the field, about one and one-half miles north of Clay's Corner Friday. About 40 per cent of the maize over the 58 acres has fallen. Ford expects to be able to recover almost all of it if the weather will clear off soon.

## Elevators Report Grain Yields Are Best Ever

Grain sorghum harvest in Farmer County has been seriously hampered by the continuing rain and snow during the past three weeks but yields are the "best ever," according to reports from county elevators. Estimates on how much of the grain still remains in the fields ranged from 35 per cent to 5 per cent. All the elevator spokesmen agreed that the recent snows would be credited with destroying from 10 to 25 per cent of the grain still in the fields.

As for comparing the current yield with the past year, most everyone agreed that any direct comparison would be almost impossible because of the damaging hail last year. But, production per acre was considered to be relatively higher than last year. A breakdown of the reports from sections of the county is as follows:

### FARWELL

Herb Potts at Worley Grain Co., estimates that yields are higher than last year with the average in his area near 5,500 pounds per acre. He reported that the harvesting is about 80 per cent complete in that area and that about 50 per cent of what is still in the field is down after the snows last week.

Joel Tankersley at Golden West in Texico also reported average yields of 5,500 pounds with some fields as high as 9,280. He estimated that the harvesting was about 75 per cent complete in the area.

"The majority of the yields are better than last year but there has been a lot more fertilizer, water and other chemicals added this year," Tankersley said.

### BOVINA

Jim Russell at Bovina Wheat-growers reports that the harvesting in that area is about 90 per cent complete. "The yield is slightly higher than last year, but the difference can probably be accounted for by what was knocked out by the hail last year," he added.

Norma Embry, bookkeeper at Macon Elevator, reported that the information she had indicated that yields were ranging from about 5,400 to 7,000 pounds per acre.

Joe Moore at Sherley Grain Co. also estimated that the

harvesting of grain was about 90 per cent complete in that area.

"We are having some exceptional yields this year. Some fields are running over 9,000 and there are some that are averaging 8,000 straight across," Moore said. Most is averaging about 7,000 pounds per acre.

Moore estimates that about a third of what is left in the field will be "hurt bad."

### FRIONA

Harold Taylor at Friona Wheatgrowers reported that the average yield was about 7,000 with a range of from about 4,000 to 9,000 pounds per acre.

Harvesting in the Friona area was estimated to be about 80 to 85 per cent complete, although many of the farmers north of Friona have yet to begin cutting.

"A lot of the farmers have just barely started cutting," Taylor said. Gordon Hough (6 mi. North of Friona) reported that about 75 per cent of the 40 acres which he has in the field is down after the snow.

Preach Cranfill at Continental Grain estimated the yield in his area at around 6,000 pounds per acre. This is about 1,000 pounds per acre above that reported last year.

### BLACK

Representatives of three Black elevators agreed that yields were considerably higher to date than those of last year.

Paul Fortenberry of Black Grain reported a high of about 9,000 with a low of around 6,000 pounds per acre.

J. R. Salz at Tri - County

estimated that the harvesting was only about 65 per cent complete in that area, but that yields were considerably higher than last year.

Lloyd Prewett at Prewett Grain said that "yields are higher than ever."

"Several farms are averaging near 7,000 and some are making 7,500 and 8,000. And it is a good grade of grain, too," he commented. Prewett reports about 30 per cent of the grain still in the field and is afraid that about 25 per cent of this will be lost because of the snow.

Tulon White of White's Elevator sets the average yield at 5,750 for his area. He reports that harvesting is about 75 per cent complete and anticipates losing about half of what is still in the field.

O. L. McMurtrey at Hub Grain figures that the average yields are running around 7,000 pounds with spots as high as 9,500. Kenneth White at Sherley-Anderson in Larlet estimates that harvesting there is between 92 and 93 per cent complete. The average yield is a little over 5,000, he reports.

"Most of the farmers seem to think their yields were a little better than last year," White said.

# Sorghum Producers Set County Meet

A county-wide meeting of grain sorghum producers is scheduled for 8 p.m., November 30th, 1961, in the school cafeteria in Bovina.

A. W. Anthony, Jr., Farmer County chairman of the Grain Sorghum Producers Association, said the meeting has three items of business of great importance to area farmers. They are (1) the review of the effectiveness of this year's feed grain program in raising farm income; (2) appraisal of proposed 1963 grain sorghum legislation; and (3) election of county officers to direct the Association during the coming year.

Bill Nelson, GSPA Executive Vice President, of Amarillo, will be principal speaker. He has been in Washington in recent weeks discussing possible future legislation with officials there and has conferred with individual members of Secretary Freeman's farm advisory groups. Nelson points out that these county meetings are the place where

farmers who have supported the Association's Research, Market Development and Service program through deductions at the local elevators, should assist in developing the program for the coming year. Arthur Drake of the Friona Wheat Growers will also be on the program. He will speak and show slides of his tour in Europe this summer.

## SOIL CONSERVATION DISTRICT NEWS

The Hale County Soil Conservation District has made application for a Watershed and Flood Detention Project on the Running Water Draw. Should investigation prove that the benefits of such a project would outweigh the cost, a series of flood water retaining structures will be installed so as to control the flooding that has occurred from time to time in the past years.

The soil conservation districts along the watershed have agreed to co-sponsor the application along with the Hale County Soil Conservation District. From the present information available, it looks like the structures, beginning in Farmer County and continuing to the Plainview vicinity, each somewhat larger than the one before with possibly five or six in all.

The local area in these projects is responsible for the easements and rights of way necessary for the construction of these dams and for the maintenance of the same. It was decided that each district would assume responsibility for the part of the project that falls within its boundaries. Of course, all this depends on whether the preliminary investigation shows it to be a feasible project.

In order to discharge the above responsibilities, the District has sent a form to the land owners that have land in Running Water Draw and Catfish Draw to report damages they have received as result of flood damage. If a landowner, that has land in one of these draws, did not receive a form through the mail we would appreciate it if he would make it known by calling the Soil Conservation Office in Friona and a form will be sent to him.

# HD Agent's Notes

BY MISS ETTIE MUSIL

We do wish you a most grateful Thanksgiving Day throughout the weekend. You know, there is so much to be thankful for here in America, in Texas, and in Farmer County.

For instance, we were proud of Reba Lesly and Gary Foster, Farmer County 4-H Gold Star Girl and Boy as they were honored last Saturday night. This was the Gold Star Banquet held in Amarillo at 6:00 p.m. in the YWCA banquet room. We are grateful for the area Electric Cooperatives in the Panhandle of Texas who sponsored the delicious steak dinner. Each Gold Star Boy and Girl was also presented a billfold as an extra gift from the sponsors.

We are also grateful to the Santa Fe Railroad Company for the \$400 college scholarship that will be presented to Richard Chitwood. Richard was awarded an all expense trip to National 4-H Congress in Chicago next week in addition to the scholarship.

Last Saturday night at the Gold Star Banquet we heard a very inspirational speech presented by the guest speaker, Jan Barton. Jan has been an outstanding 4-H girl from Matador in Motley County. I have known her since she was a beginner in 4-H club work. She is now a freshman in Texas Tech majoring in home economics.

Her main theme was directed to the youth but could be helpful to adults as well. She explained nine steps on the stairway to success.

Step one--take time to work, for it is the price of success. Step 2--take time to think for it is the source of power. Step 3--take time to play for it is the secret of perpetual youth. All work and no play is

no good for anyone.

Miss Barton explained step 4 as take time to read, for it is the fountain of wisdom. She mentioned to read a variety of current events, books, magazines, and feature stories, not just the funnies. Step 5--take time to be friendly, for it is the road to happiness.

Step 6--take time to laugh, for it is the music of the soul. She quoted the saying, "Laugh and the world laughs with you; weep and you weep alone."

Step 7--take time to dream, for this is the road to greater vision. She stated that dreams should be those that you can build on. Step 8--take time to give, for the day is too short to be selfish. She mentioned, "Learn to give and forgive." Many can get and get and become poorer, but others can give and give and become richer.

Her final step is take time to love, for it is the privilege of God, for without love there would be no life. These nine steps are truly steps to the stairway to success.

WHEN, WHERE AND HOW TO ATTACK CROPS

# Swine Brucellosis Program Intensified

A new phase of the brucellosis eradication program -- an intensified effort to eradicate swine brucellosis -- the U.S. Department of Agriculture announced.

"The nationwide swine brucellosis eradication program is being carried out jointly by the States and USDA," Deryl Coker, County Agent, said.

Three good reasons for the program were cited by Dr. C. K. Mingle, who heads brucellosis eradication work for USDA's Agricultural Research Service. "First of all," he pointed out, "swine brucellosis costs the swine industry about \$10 million a year. Second this disease presents a threat of cross-infection to cattle. Third -- and highly important -- it is a serious hazard to human health."

In the past, Dr. Mingle explained, most cases of human brucellosis, or undulant fever, were contracted from cattle infected with the bovine form of brucellosis. "But now," he said, "the main source of human infection is diseased hogs." Last year, for instance, 65 percent of all the reported cases of human brucellosis were thought to be of swine origin -- compared to 40 percent only three years ago. (In 1959 -- the last year for which complete figures were available -- there were 892 cases of human brucellosis.)

"This points up the progress being made in eradicating brucellosis in cattle," he continued, "but it also indicates the need for doing something more about brucellosis in swine."

The first stage of this intensified swine brucellosis program is based on the "validation" of individual swine herds as brucellosis-free. Validation is achieved by following procedures recommended by the U. S. Livestock Sanitary Association and approved by USDA and cooperating States. Herds are validated for one year after all adult animals pass two consecutive negative blood tests. When a herd qualifies, the owner is

supplied with an appropriate sign bearing the symbol of validation -- identifying his herd as a source of brucellosis-free hogs.

Dr. Mingle pointed out that such a herd will be known as a "Validated Brucellosis-Free Herd." This new term replaces the designation "Certified Brucellosis-Free Swine Herd," which has been used in various State swine brucellosis programs.

"Reason for the change," Dr. Mingle explained, "is that hog producers generally associate the term 'certified' with certification achieved in production testing programs of purebred swine associations -- 'Certified Litter' and 'Certified Meat Sire,' for instance. The word 'validated' is being used in the swine brucellosis program to avoid confusion."

Eventual eradication of the disease in all swine herds is the goal of the program. However, according to Dr. Mingle, major emphasis at first will be on the validation of purebred herds, source of most breeding boars. Swine brucellosis, unlike bovine brucellosis, is spread primarily by infected males, although contact with any infected hogs or with contaminated feedlots and pastures can also spread the disease.

Because symptoms of swine brucellosis vary greatly -- and in many cases are blamed on other conditions -- the disease exists in many herds without being suspected. Dr. Mingle warned hog producers not to wait for symptoms to appear. "Regular blood testing of all adult animals," he emphasized, "is the only positive way to detect infection."

If a herd blood test does reveal infection, a producer has three alternate methods of eradicating the disease. Information on these methods -- and on the Validated Brucellosis-Free Herd program -- is available from State or Federal disease control officials, county agents, and local veterinarians.

# Cooley Lauds Grain Program; Blasts Farm Bureau's Shuman

Harold D. Cooley, chairman, house committee on agriculture, released a venomous rebuttal to "assaults by Charles B. Shuman, president of the American Farm Bureau, upon current farm supply and price stabilization programs of the government," this week.

Cooley quotes Shuman as saying that "the feed grain program is a gigantic billion-dollar bust! It is the most costly failure in the long history of attempts to fix prices and control production of farm crops by legis-

lation." The first year of operation of this feed grains program will bring a \$1,000,000,000 boost in the nation's farm income, halt the staggering build-up of farm surpluses experienced under previous programs supported by Shuman, and assure consumers continued benefits of abundance at fair prices, according to Cooley.

Cooley claims that Shuman is not speaking for farmers throughout the country or even

for the Farm Bureau members with whom he has contact.

"He gives the nation the false impression by his statements, that the government has squandered a billion dollars on a feed grains supply and price stabilization program when actually this program is being financed primarily, not by dollars out of the treasury, but by corn and other feed grains piled up in government bins, already paid for by the government under unwise programs that had Shuman's blessing," Cooley said.

Cooley goes on to imply that Shuman is misusing the prestige of his office and the Farm Bureau in such "bitter attacks" on the grain programs and by not telling "the truth about agriculture" which would "seem to be the duty of the head of a great farm organization."

# Reports Due At Meeting

At the final Farmer County Home Demonstration Council, annual committee reports will be announced. This meeting will be held Monday afternoon, November 27, at 2:00 in the Community Room of the Friona State Bank.

Mrs. Vernon Symcox, council chairman, will preside at this final council meeting. All 1961 and 1962 club presidents and delegates are invited to attend the council meeting.

Following the council meeting the newly appointed 1962 committees will meet to plan committee recommendations.

Other club members are invited to attend this annual meeting.

# The HAPPY HOMEMAKER

BY JUNE FLOYD

Cold weather and hot stew go together like soap and water. For some homemakers variation of stew may be quite a problem. It is for these homemakers and any others who may be interested that we are printing the following recipes.

Marshall Forby of Plainview is a candidate for governor in next year's elections and he personally recommends them in a booklet entitled "Good Texas Eatin'".

**HOPKINS COUNTY STEW**  
I was born in Hopkins County and weaned on this stew, so know it to be a favorite of many. Forty years ago when folks used to gather in the grove in front of my Daddy's house in the Bethel community to visit and eat, this is the way the stew was prepared. Thanks to my mother, Mrs. M. C. Forby of McAdoo, for helping me with this recipe.

- 4 or 5 lbs. stewing chicken (cut up)
- 4 or 5 slices bacon, diced
- 2 tablespoons butter or margarine
- 1 green pepper, chopped
- chopped celery
- 6 or 7 medium onions, chopped
- 3 lbs. canned tomatoes
- 24 ozs. kernel corn
- 3 lbs. potatoes, peeled and sliced
- 1 1/2 cups water
- 1 tablespoon salt
- 1/4 teaspoon pepper
- If you desire, add:  
1/4 teaspoon paprika

1/2 teaspoon curry powder  
okra  
several hours patience!

Fry the bacon in a large kettle; add butter and chicken and saute until well browned. Add remaining ingredients, bring to a boil and simmer. When cooked indoors, cook for at least four hours covered, stir occasionally. After one hour of cooking, remove the chicken and bone it. Then dice the meat and return to kettle.

Enough for 8 to 10 Texans, depending on whether you are a thresher hand or a file clerk.

**TEXAS STEW**  
3 lbs. of cut-up stew meat  
2 teaspoons salt  
1/4 to 1/2 teaspoon pepper  
chili peppers or chili powder  
3 chopped onions  
2 cubed Irish potatoes  
1 can tomatoes  
Simmer the meat in an iron pot over a campfire. Of course, this can be cooked indoors, but always tastes better if cooked over a campfire. Simmer the meat until tender. Takes about 2 hours.

Then add salt, pepper and chili peppers (or chili powder) to taste. Next add onions, potatoes and tomatoes. Simmer another hour. Thirty minutes before serving you may add carrots and English peas.

The above makes good stew. If you want to be fancy, you may add a can of corn, a can of okra or even some hominy. If you want to thicken, take a small saucepan, melt 3 tablespoons butter and blend in 4 tablespoons flour. Then add to stew.

Thanks to my wife, Sharleen.

# Chitwood To Attend 4-H Congress

Richard Dee Chitwood will leave Thursday to join approximately one thousand 4-H club boys and girls from all United States in Chicago at the National 4-H Club Congress, November 26-30.

Richard was one of the four top boys and girls in the state who were awarded an all expense trip to 4-H Club Congress and a \$400 college scholarship. He won the Santa Fe Award sponsored by the Santa Fe Railroad Company when he entered his 4-H record book in county, district, and state judging.

He is the son of Mr. and Mrs. Dee Chitwood of the Midway community. Richard, 16 year old Lazbuddie senior has been a 4-H club member for 7 years. He has been active in most all phases of 4-H work. His projects include beef, hogs, sheep, cotton, grain marketing, grain sorghum production, tractor maintenance, recreation, and leadership.

He is vice president of the Farmer County Jr. Leadership Club for 1962, and was elected as District 4-H Council secretary - treasurer for 1962. Richard has held most all offices in his local 4-H clubs. Chaperoning the Texas delegation to Chicago are J. W. "Lefty" Thomas, Deaf Smith County Agricultural Agent, Mrs. Nettie Freudenberg, Fayette County Home Demonstration Agent, and Peggy Wilsford and Marshall Crouch, assistant state 4-H leaders.

# WITH THE COUNTY AGENT

DERYL COKER

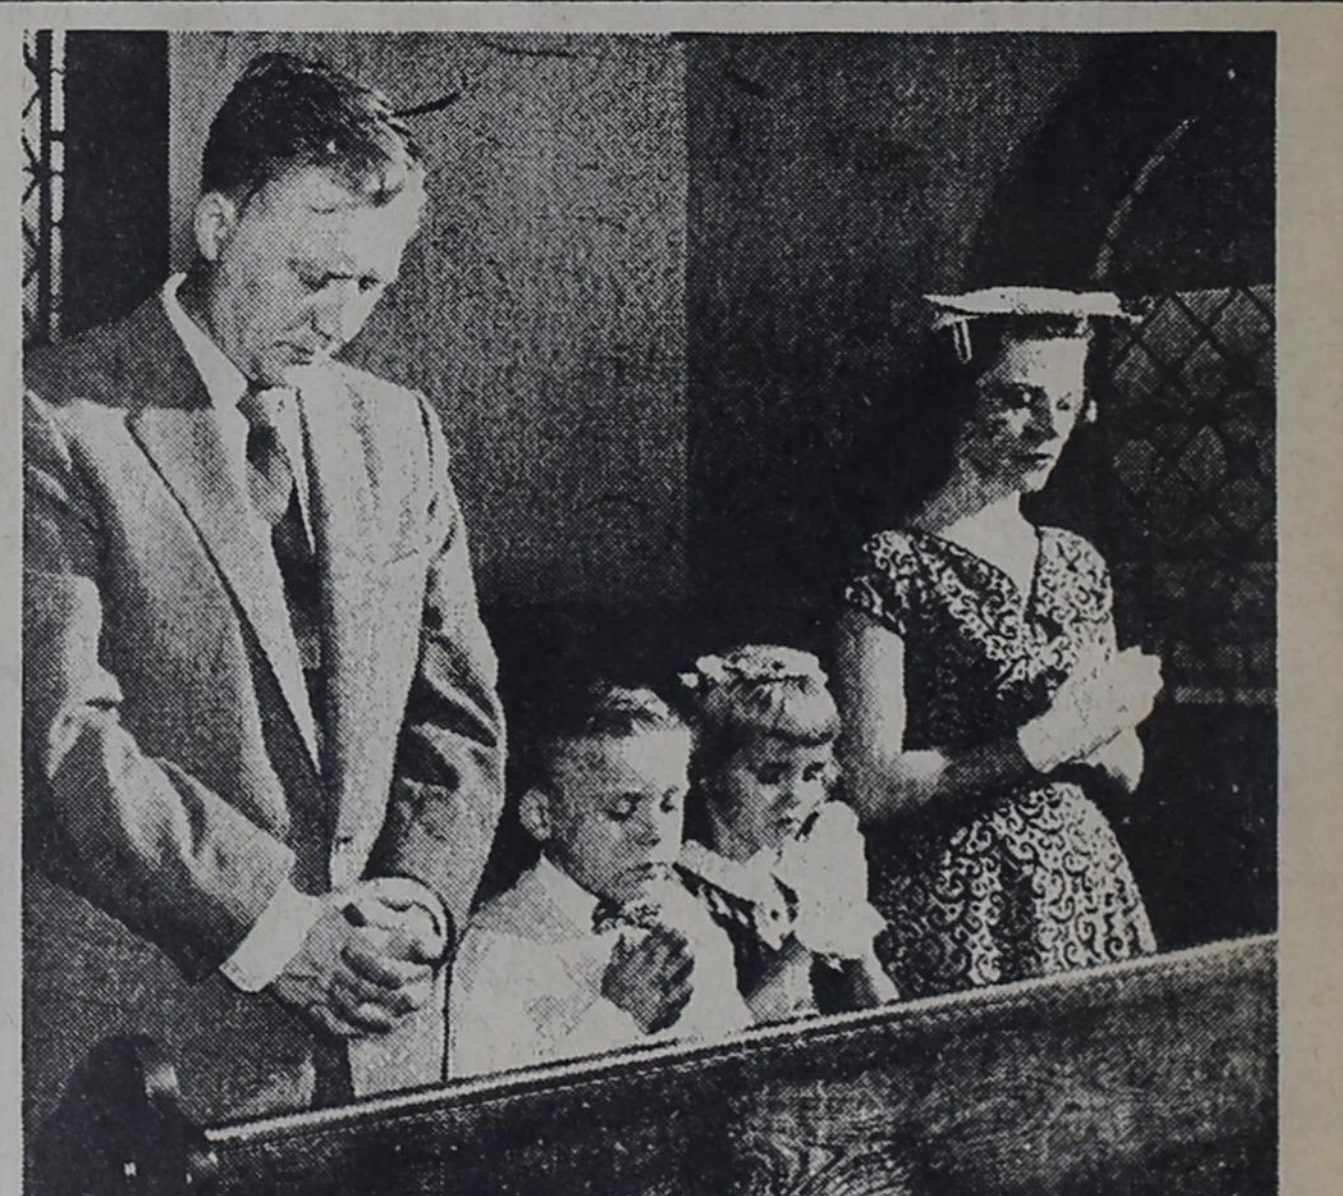

There are several firms and individuals contracting cotton at the present time, and if you are thinking of contracting some, it certainly might be profitable to do a little shopping around. A large number of cotton buyers are contracting entire crops of farmers at a set price. An unusual healthy situation developed in which light - spot cotton is bringing more in the open market than in the government loan, primarily because of the reduction in the cotton surplus carryover.

The West Texas Chamber of Commerce is sponsoring a tour of Arizona and California for anyone interested in Livestock Feeding or Grain Marketing Development. Participants will inspect commercial feed lots in Arizona and California. Everyone who goes will travel by train via Santa Fe. The train will leave Clovis on January 14. The conductor will be Dr.

W. L. Stangel, chairman of the Agriculture and Livestock Committee of the WTCC. Reservations must be made by December 15. If anyone is interested in the tour come by the county agent's office for additional material.

Head smut is becoming a bigger problem each year. If you have noticed this disease in your grain sorghum in any quantity this year, it might be feasible for you to change to a more resistant variety next spring. Resistant varieties at present is the only cure. Head smut is caused by a soil born organism, and thus could get worse each year. Infected plants will be shorter than normal plants and have little to no grain in the head. On infected plants you will, also, find a pocket of smut about half way up the stalk, but not on the head as in the case of kernel smut.

### Contest Rules

1. There are 10 high school and college football games listed in ad. on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and traveling expenses to Dallas and the January 2, 1962 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.

HAWKINS ONE POINT IN FRONT--

# Football Contest In Final Week

Erith Hawkins bounced back into first place last week in race for grand prize in Bovina Business Cotton Bowl Football Contest.

Hawkins had been tied by Glenn Hromas the week before. Last week, however, Hawkins named seven winners while Hromas named six to put Hawkins one game ahead going into final week of the contest.

Contest in this issue marks final week in 13-week series. A grand prize winner will be declared after this weekend's games are played. If contest ends in a tie, tiebreaker scores from throughout the season will be used to name the winner. If these are also tied, winner will be determined by flip of a coin.

Grand prize is an expense paid trip for two to Cotton Bowl in Dallas January 1. Expenses

include tickets, paid reservations at Statler-Hilton Hotel and \$55 in cash.

First place winner in last week's contest was Gene Ezell. He named nine of 10 winners and was closer to tiebreaker score than was Norvell Strawn, who also named nine right. They were only two contestants to pick nine winners. Ezell won \$5 and Strawn \$3.

A total of 13 selected eight right. Shirley Carter and Mary Jane Wilson tied for \$1 third place money and divided it. They were each 12 points off on the Groom - Bovina tiebreaker score.

Others who named eight right, but were out of the money, included Larry Webb, Tom Caldwell, Harold Hawkins, Virgil Tritsch, Penny Lloyd, Glenden Sudderth, Billy Richards, Jim

Charles, Jack McCracken, Flossie Rheinhart, and Mrs. Ed Hutto.

Still in race for grand prize are Johnie Horn and Ed Hutto, who each have 88. They are two points behind Hawkins leading pace of 90. Four steps back with 86 each are Mrs. Keith Garner, Mary Jane Wilson, Neil Smith and H. N. Turner.

In addition to the two winners who had nine right and the 13 who had eight winners named, 37 correctly picked seven, 23 had six right, five named five correctly, two had four right, three picked three winners and one picked one winner.

Going into final week of the contest, Hawkins has picked 90 of 120 for a percentage of .750. Hromas is one notch farther back with 89 of 120.

removed from their lawns last week will automatically be entitled to two tickets, O'Brien says.

This money may be paid to O'Brien, H. J. Charles, First National Bank, or to Club Treasurer H. N. Turner.

At presstime, it was not definite which coach from Eastern would be speaker. There's a possibility that it will be Head Coach Carl Richardson.

"We want to emphasize that the banquet is definitely open to the public and want to encourage all sports fans to attend," O'Brien says. "This is a way of expressing our appreciation to members of the squad and to the coaches for the outstanding season we've enjoyed this year."

## Farm Facts

The greatest single use of fresh water in the United States is for irrigation—75 billion to 100 billion gallons a day, or about half of the fresh water we use annually.

Next largest consumer is industry and steam power plants. According to Karl O. Kohler, Jr., writing in the 1955 Yearbook of Agriculture, they require about 70 billion gallons of fresh water daily. It takes 18 gallons of water, for example, to refine a barrel of oil and about 300 to make a barrel of beer.

Kohler notes that application of irrigation water is relatively inefficient. Annual delivery to a farm may range from less than an acre-foot (325,850 gallons) up to more than 7 acre-feet (2,280,950 gallons) to an acre.

A cutting of alfalfa requires about 325,800 gallons of water an acre, and a crop of cotton, 800,000 gallons.

In 1959 more than 33 million acres were irrigated as compared with about 20.5 million acres in 1944. Most of the irrigated land is located in the 17 Western states, Louisiana, and Hawaii.

Contrary to most shining examples it is possible for an individual to be healthy, wealthy and wise.

ner passed to Hance for seven, then ran for 10 and a firstdown on Groom's 46. A five-yard loss and a 15-yard penalty against Bovina weakened the drive and it was finally killed by a fumble which Groom recovered on Bovina's 44.

John Sikes and Mac Glasscock recovered Groom fumbles for Bovina in waning minutes but each time Bovina gave possession back to Groom on intercepted passes.

Though Bovina's offense was never able to get in high gear, the defense was as tough as it has been throughout the year. The Tigers were held to only 143 total yards and both their touchdowns came as results of offensive miscues.

Lowell Boozler was probably game's most outstanding lineman. Also coming in for their share of defensive praise were Jimmy Wright, Delbert Morris, Joe Jones, Dickie Clayton and Sikes.

The loss brought Mustangs' season record to 7-4, best in recent years.

Coaches Hallie Gee and Malcolm Kennedy had high praise for efforts extended by all their team members. "We just weren't able to get a touchdown after Cumpton was hurt," Gee said. Cumpton was replaced by Freshman David Anderson, who has been third string signal caller during the season. He was moved into the No. 2 spot when Ken Horn received a broken thumb in last regularly scheduled game, with Vega. Gee said Anderson did an out-

standing job considering his lack of experience. Anderson engineered the Mustangs drive which was stopped by the clock as the half ended.

Cumpton, Anderson, Turner and Frazer all tossed Mustang aerials. A total of eight were thrown and all of them were caught—but five of them fell into hands of Groom defenders.

**STATISTICS:**

BOVINA	GROOM
6	First downs 9
65	Yards gained rushing 124
8	Passes attempted 5
3	Passes completed 2
30	Yards gained passing 19
95	Total offense 143
0	Passes intercepted by 5
2	Number of punts 4
35.5	Punt average 14.8
3	Number of fumbles 3
3	Opponent's fumbles recovered 2
4	Number of penalties 4
40	Yards penalized 40

It cost the average motorist about 2-3 of a cent a mile, not counting taxes, to move a ton of auto in 1930. Now it costs him about 1/2 cent a mile. So without such quality improvement, you would have to buy about 475 additional gallons of gasoline each year to drive the distance you do now. That would cost you an extra \$140 a year.

"Say not ye, There are yet four months, and then cometh harvest; behold, I say unto you, Lift up your eyes, and look on the fields; for they are white already to harvest." John 4:35

PUBLIC INVITED MONDAY NIGHT--

## Quarterbacks Set Football Banquet

Bovina Mustang football squadmen and their dates will be honored with a banquet Monday night at 7:30 in school cafeteria.

Guest speaker will be a coach from staff of Eastern New Mex-

ico University. Banquet sponsor will be Bovina Mustang Quarterback Club. Public is invited to attend the banquet, Quarterback Club President Connie O'Brien announces. Tickets are \$2.50 each

and they must be purchased before 9 a.m. Monday. Tickets are being sold at school and by Quarterback Club members. Quarterback Club members who paid \$5 to have the goat

## Research Pays Off

Bovina Farmer Amos Steelman was pleased with yield of his P. A. G. sorghum this year. His P. A. G. 665 beat two other varieties, which were planted on each side of it by 600 and 1000 pounds per acre.

Yield of Steelman's P. A. G. was 7300 pounds per acre. All three varieties received same treatment and farming methods. Steelman fertilized with 175 pounds of anhydrous ammonia per acre and watered three times. His land was not pre-watered.

"This was first time I'd planted P. A. G. and I liked it," Mr. Steelman says. "I'll plant more acres next year than I did this year. His P. A. G. was planted about May 1 and was mature and harvested in September. Mr. Steelman is one of many farmers who have found it profitable to plant P. A. G. Hybrid Sorghums.

Plan ahead for profit. Order your P. A. G. Sorghum seed now. P. A. G. offers you a Seed Replacement Program. Ask about it when you place your order.

Man . . . That's Sorghum!
