# What's Happening with the New Civic Center

By The 4-H Building Committee

The big question on the mind of everyone is what is happening with the new Civic Center? The answer most people are ready to give is- Nothing. While in physical appearance that answer may seem accurate it really is not accurate at all. The 4-H Building Committee is continuing to function and make decisions to insure the success of the overall project. We are even more upset than most that the progress of the project is not as rapid as we would have liked.

The building shipment date has been delayed twice. The first was because of a design problem upon realization of the tremendous weight of the retractable partitions included in the interior of the building which will allow it to be divided into three sections. The second was a problem with the manufacturing section and the shipping department of the metal building manufacturer. Excuses seem to be the one sure thing about a building project of this dimension which can be counted on. You may affix the blame wherever you like but may you rest assured that there are none more concerned or more dedicated to working toward a solution to this problem than the committee members and the people with whom we are working on the project.

We have been assured, by the representative of the manufacturer approximately \$450,000. After

The progress on the new Civic Center seems to be moving slow.

who was summoned to the last 4-H Building Committee meeting that the building will be delivered on sight and ready for erection on October 12, 1998. The construction superintendent has also notified us that the addition to the existing building will be delivered on October 8 and that erection of that portion of the project will follow

The concrete work has been almost completed with the exception of the waterway between the buildings, the retaining wall and some cosmetic work. It has been estimated that the building can be erected in less than two weeks and that interior work will then begin. From the initial timetable provided by the construction superintendent this interior and finish work should be completed in less than 60 days.

Rumors are rampant that the project is underfunded and that several design changes have had to be made in the project. Initial estimates for the cost of the building were some suggestions by the public and some planning by the committee, the plans were revised and several very costly additions made. It was felt that these additions would greatly enhance its use and none has been cut. There was never any part of the budget for new furnishings or appliances. The final bid on the total project totaled approximately \$625,000. Approximately \$500,000 has been pledged to the effort to date. To that extent the project is underfunded. The committee was aware of this fact and decided to go on with the project as planned and continue to plan fundraising efforts including grant requests and local efforts. Those local efforts are still very much in the overall plan. To date there have been no revisions in the plans which were presented to the community at several public meetings except that they were improved. The size of the building is the same. The building is

# **Local Soil & Water District Tour**

The Edwards Plateau Soil & Water Conservation District held their annual director's election on October 1, 1998. Edward Earwood was elected for Zone 1, and Norm Rousselot was elected for Zone 2. Following the election here in Sonora, interested participants drove to Eldorado for a joint tour with the Eldorado-Divide SWCD.

First stop on the tour was G&G Manufacturing where fiberglass products such as water troughs, storage tanks and deer blinds are made. The group watched as fiberglass was applied to large storage tank molds, and learned about each of the products provided at this

Next, the group traveled to the Eldorado Airport for the arrival of one of the Weather Modification Planes. Three men from the West

Bob Turner, State Representative, and Cindy Cawley, manager of Sutton Co. Underground Water District with the Weather Modification Plane

Texas Weather Modification Association then presented information and fielded questions about this program which most people still refer to as "cloud seeding." Dale Bates, chairman of the

Association, Aldis Strautins, Meteorologist, and Andy Spinks, pilot, all spoke on their specific responsibilities. The thirty people were in attendance showed a great deal of interest, and were shown the plane, the computer equipment and the flares that are used.

Representative Bob Turner was on hand as a participant in the tour, and was asked to give the group a brief legislative udate on issues that will be coming up in the next legislative session.

After lunch, Mr. Turner and the men from the West Texas Weather Modification Association met with Sonora seventh and eighth grade students at the Sonora Airport.

The directors and personnel of the Edwards Plateau SWCD would like to thank all those involved with the day's activities.

Meteorologist Aldis Strauntins (with poster) and pilot Andy Spinks(hands in pockets tell Sonora 7th & 8th graders about the project.

# Internet Workshop for Families Comes to Sonora

Submitted 10-1-98

Do you feel the information highway is passing you by? Are you concerned that your children are being exposed to inappropriate material as a result of using the internet? Unfortunately, you are not alone. Many of us feel overwhelmed by the age of technology.

Texas Agricultural The Extension Service family and Consumer Science Program Area Committee is sponsoring a basic information workshop for parents and grandparents on using the internet. The workshop will demonstrate to parents on how to protect your children from unsuitable materials which are easily accessed while on-line. The training is also designed to enlighten parents on how the internet can also be a useful tool for doing research or just hav-

The workshop is scheduled for October 19th from 7:00 P.M. -10:00 P.M. at the Sutton County

There are no costs associated with training, however it is very

important to call to make a reservation beause space is very limited. To make a reservation call 387-3604 or 387-2111.

Extension programs serve people of all ages regardless of socioeconomic level, race, color, sex, religion, disability, or national origin. Individuals with disabilities who require an auxiliary aide, service, or accomodations in order to participate in the meeting are encouraged to contact the Extension office at 387-3604 for assistance.

# Sonora ISD Awarded \$100,000

Sonora ISD has received a Technology Advancement Grant in the amount of \$100,000 from the Telecommunications Infrastructure

Fund Board. Technology Advancement grants were designed to allow schools with little or no direct Internet connectivity the opportunity to establish a local area network or expand a current network. Grants for up to \$100,000 have been awarded in this area for the purchase of computer equipment, networking materials, and other related

telecommunications costs. Telecommunications Infrastructure Fund (TIFB) was established in 1995 by the Texas Legislature and is expected to receive \$1.5 billion in revenues from telecommunications assessments over a ten-year period. The Telecommunications Infrastructure Fund Board, also created in 1995, is responsible for disbursing approximately \$1.44 billion in grants and loans to assist in developing telecommunications capabilities in public schools, not-for-profit healthcare providers, institutions of higher education, and public libraries.

The district fulfilled a series of TIFB requirements in order to receive funding. Some of the TIFB requirements included creating a technology task force consisting of teachers, administrators, students, community members, and committing to provide matching funds. Sonora ISD committed \$43,635 in matching funds to the project. The money will be used to purchase the necessary telecommunications

equipment to provide Internet accessibility to the classrooms in the high school.

We are very pleased to receive this award, said Technology Director Donnie Weaver. We will use TIFB funds, along with the matching funds we have committed to the project, to bring the Internet into the classroom as a teaching

These grant projects will officially begin January 4, 1999. To date, the TIFB has funded 1022 school districts, over 1,700 school campuses, 158 public libraries, 57 community colleges and purchased 34,000 Internet-ready computers. For more information regarding TIFB, please contact their website at http://www.tifb.state.tx.us

# Mighty Bronco Band Wins a Division II Rating

The Mighty Bronco Band is back on the road to rebuilding. Like most great things in life it takes hard work and the strong support of family and community to help turn things around. The Mighty Bronco Band are rebuilding that strong feeling of Pride for themselves and their school. They proved it this weekend at the Pre-U.I.L contest at Judson, TX. Tired from the evening game on Friday and only three or four hours of sleep., the band students, directors and sponsors loaded their gear and headed out. Some slept, some visited, but on the minds of most was can we do it. YES, WE CAN. Mr. Medina said the band is on schedule and should reach their peak at the right time. Mr. Medina said he truly appreciates the support he has received from School Board President, Mr. Jesse Bustamante, and all board members of the Sonora I.S.D. A special thank you to Dr. Harlan and the Principals of all three campuses for their outstanding cooperation with our Band Program.

The format that was used for all

bands included the same judging captions that will be utilized at the U.I.L competition on October 17th made by the judges are as follows: Texas at Austin-Soloist presentation worked well, woodwinds had some nice moments. This band has Good fundamentals are obvious. Work dynamics, good verbal commands from the Drum Majors. Mr. Gary Doby, North East I.S.D at San Antonio- The band shows good discipline. Check spacing and make your turns sharper. Mr. LeLand Sharrock- The melodic lines are flowing well. Need to hear more tuba. Good phrasing "Kids Know the Music, Beautiful sound." Mr. G. G. Gonzales, S.W.T.S- The percussion section is balanced well with the band. Sticks and mallets must be at attention. Mr. Gary Bailey- Flags keep the equipment towards the audience. Nice effect from the flags. Do more head and hand movements with the free hand. Check placement of flags on the pole itself.

at Brady. Some of the comments Mr. Glenn Richter, University of enough quality issues to do well.

Needful Things Grand Opening Ribbon Cutting Ceremony was held October 1, 1998. Needful things is located at 1610 Tayloe. Present were: Tonya Brown, Ann Kay, Ladonna Snyder, Sandra Monroe owner), Justin McGeath, and JoAnn Hernandez.

Mr. Medina and Mr. Hernandez stress the importance of attending contests such as the Rocket Review as this exposes the students to comments from other directors and it helps to reinforce some of the teaching that has been going on for sometime now. It really helps the students when they hear some of the same comments they have been stressing all along.

The students also saw other bands march, and all in a all it was a very positive experience for all concerned. Mr. Medina and Mr. Hernandez would like to thank the Mighty Band Booster Organization for without them none of what we do would be possible. Thanks for having a big heart for all of our students and our directors.

We are wanting to take a Spirit Van to the Brady U.I.L contest. We would like to have as many supporters in the stands as the other schools. If you are interested in going please contact Sylvia Martinez at 387-3909, Sandi Ainsworth at 387-3737 or any Band Booster Officer as soon as possible. There will be a small free to cover

# **Denim Day for Cancer**

Join the Sutton County National Bank team on Friday, Oct. 9, 1998 in their involvement of Lee National Denim Day to fight against breast cancer. Our company, along with companies across America and Canada, will be joining forces in the fight against this widespread disease. All donations will go to the Susan G. Koman Breast Cancer Foundation the largest private funder of research and education dedicated solely to breast cancer. This years goal is to raise \$4 million in a single day nationwide. Help us do our best to contribute to this worthy cause by donating. Donations will be collected at the Sutton County National Bank on Friday, Oct. 9th. Wear denim to work on Friday, make a donation and you could make a difference in finding a cure!

# Broncos Disappointed

by Tryon Fields

For three and a half quarters, the Sonora Broncos controlled a very good Colorado City Wolf team. However, the last 6 minutes of the game on Friday proved to be very exciting for the Wolves fans and one of sheer heartbreak for the Bronco fans. The Broncos, holding a 12 to 3 advantage with 4 minutes and 42 seconds left in the game, saw their lead slowly slip away, as the Wolves were able to take advantage of field position to steal a 6 point victory. Colorado City 18 - Sonora Broncos

The Wolves won the toss and elected to receive the opening kickoff. The Mighty Bronco defense, out to prove a point, held the Wolves to only 23 positive yards on their first possession and were forced to punt from their own 43 yard line. At the 14 yard line of the Broncos, Crispen Lira muffed the punt, and Colorado City's Terry Green recovered the muff at the Bronco 14. Once again, the Bronco defense found itself with its back against the wall. As in previous weeks, the Bandits of the Devils River bent but would not break. Plays by Brad Legan, Tanner Fields,

Castilleja forced the Wolves to attempt a 29 yard field goal. Probably one of the best place kickers in West Texas, Randy Byington, split the uprights with 7 minutes and 41 seconds left on the first quarter

Colorado City 3 - Sonora 0. After a short kick-off by Byington, the Broncos took possession on their own 38 yard line. On the Broncos first offensive play Graham scrimmage, Bloodworth, replacing an injured Anthony Renfro, took the quick pitch to the outside and out-raced the Wolves for an apparent 57 yard touchdown gallop. A holding call, nullified the score, and the Broncos were put in a hole that they could not get out of. On the ensuing punt by Anthony Renfro, the gods of fair play smiled on the Broncos, as the C-City punt returner muffed the punt and a hustling Cole Cearley gathered the ball in at the Colorado City 28 yard line. From this point, the Broncos used three different running backs to move the ball to the C-City 10 yard line. On a 2nd and 2 from the 10, Graham Bloodworth got the call. On the pitch from Williams to Bloodworth, Bloodworth was able to get to the

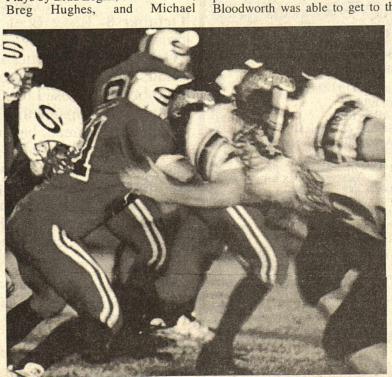

outside and give the Broncos a 3 point lead. Javier Gaytan came on to attempt the PAT; however, the kick was wide. Wolves 3 Broncos 6

On the ensuing kick-off by Andy Sanchez, the ball sailed into and out of the end-zone, giving the Wolves their 3rd possession at their own 20 yard line. The Bronco defense rested and smelling blood, began to dominate the explosive Wolves. Crispen Lira, Anthony Renfro, Legan and Fields along with rest of the fired up defense shut the powerful Wolf offense down. The Wolf punter, Byington, boomed a 56 yard punt that was downed at the Bronco 3 yard line. With 1 minute and 1 second left in the 1st quarter, the Broncos began their second possession. After Bloodworth gained 6 yards to the Wolf 9 yard line, Crispen Lira was given the ball on an inside hand off.

Lira surprised the Wolf defense as he rambled for 71 yards to the C-City 20. For the first three and half minutes of the second quarter, the Broncos hammered the Wolf defense with Tom Jacoby and Bloodworth. On a 4th and 3 at the 3 yard line, the Broncos elected to go for the touchdown. Once again, Bloodworth was given the quick pitch with the same successful results. Touchdown! Being up by 9 points, the Broncos elected to go for two. However, the Wolves would have none of it and the try for two failed.

Colorado City 3 - Sonora 12 On Colorado City's next possession, The Bronco defense maintained its intensity and after giving up only 29 yards of offense to the Wolves, C-City was forced to punt. Once again, Byington got off a good punt. This one, aided by the Referee posterior, was downed at the Bronco 5 yard line. With 6 minutes and 20 seconds left in the quarter, the Broncos looked as if they could grind the ball down the field. Tom Jacoby carried the ball 4 straight times gaining 16 of his 100 yard game total. On a 3rd and 9 at the Bronco 20 an offensive holding penalty moved the ball back to the 10. This set up a 3rd and 19. Bryce

# Obituary

#### **Encarnacion Gutierrez**

Encarnacion "Chon" Gutierrez, 78, died Monday, September 28, 1998, in a San Angelo hospital.

Services were held 9:30 a.m. on Wednesday, September 30 in Kerbow Funeral Home Chapel with burial in Sonora Cemetery.

He was born April 10, 1920, in Jimenez, Coahuila, Mexico, and had

lived in Sonora since 1954. He was a sheepshearer and a Jehovah's Witness. Survivors include his wife, Zoila Gutierrez of Sonora; four sons, Encarnacion Gutierrez Jr., Juan Gutierrez and Refugio Gutierrez, all of Sonora, and Jose Gutierrez of Odessa; six daughters, Virginia Gutierrez and Guadalupe Gutierrez, both of Jimenez, Valeria Gutierrez of Sonora, Maria Gutierrez of Piedras Negras, Isabel Gutierrez of San Patricio, Jalisco, Mexico, and Elida Escobar of Odessa; two brothers, Anacleto Gutierrez of Jimenez and Pedro Gutierrez of Eagle Pass; forty grandchildren; twenty-seven great-grandchildren; and numerous nieces and nephews.

#### Frances Allyne McMullan

Frances Allyne "Pete" McMullan passed away Thursday, October 1, 1998, in her home. She was born January 18, 1912, in Ozona to Mr. and Mrs. Harry J. Friend Jr., a Crockett County ranch couple. She was raised on a ranch in Crockett County and graduated from Ozona High School in 1929. She married D. K. McMullan, a Brewster County, Crockett County and Reagan County rancher on October 7, 1934.

D. K. and Pete lived at their home, "The Bjorkman Ranch," headquarters of an old stagecoach stop in Crockett County for 65 years. She was president and active member of the Twentieth Century Club in Big Lake and recently was honored as a sixty year member. Pete was a member of the First United Methodist Church in Big Lake. She played bridge with her dearest friends monthly for sixty years. They raised their two children, Leslie Austin McMullan, born August 26, 1934, and Gayle McMullan Dodson, born August 26, 1939, in Big Lake and Crockett County. Leslie died July 29, 1972.

After D. K.'s death in 1982, she moved to Manor Park in Midland. She made many wonderful friends at her weekly manicure and beauty shop appointments. Her dry sense of humor and priceless comments made her a favorite. "Nanie," as she was known to her family, was known for her excellent cooking. She was a devoted ranch wife, serving wonderful homecooked meals for many West Texas cowboys. She will be remembered standing at the ranchhouse door waiting for her family to arrive and enjoy her freshly baked chocolate chip cookies.

Nanie is survived by her daughter, Gayle McMullan Dodson and husband, Doc, of Midland; daughter-in-law, Peggy McMullan Jackson of San Angelo; four granddaughters, Paige McMullan Ragsdale and husband, Joe Bob, of Sonora; Kelly Dodson Hullender and husband, Todd, of Midland; Denisa McMullan Odiorne and husband, Lance, of Johnson City and Jamie Dodson of New Braunfels; four great-granddaughters, Lacy Nicole Ragsdale, Ashby Allyne Ragsdale, Meredith Blair Hullender and Millicent Brooke "Mills" Hullender; and one great-grandson, James Deak Odiorne; and two sisters-in-law, Artamyse Watts of Midland and Laura McMullan of Iraan.

Pallbearers were Todd Hullender, Bobby Henry, Les Oppermann, George Goebel and Don Furgeson, all of Midland, Joe Bob Ragsdale of Sonora, Lance Odiorne of Johnson City, David Kent of Bryan, Jim O'Bryan of Big Lake, Johnny McMullan and Kenny McMullan, both of Iraan, Jimmie McMullan of San Antonio, Joe McMullan of Bandera, Ronnie McMullan of Helotes and Joe Embrey and Bill Keeling, both of San Angelo.

Honorary pallbearers are O. B. Orr and John Glidewell, both of Midland, and Randy Sims and Johnny Polk, both of New Braunfels.

Funeral service was held at 3 p.m.. Saturday, October 3, in Glass Memorial Chapel of the First United Methodist Church in Midland and at 2 p.m. Monday, October 5, at Johnson's Funeral Home in San Angelo. Officiating was the Rev. Mark Alexander and the Rev. Lane Boyd.

The family requests memorials be sent to Hospice of Midland or to Community Bible Study Children's Ministry or Teen C.B.S. in care of Marilyn Yates, 5201 N. Midkiff, Midland, TX 79705.

To call Nanie just a grandmother is insufficient. She was a wonderful mother, a caring grandmother and loving great-grandmother, but mostly our friend. We will miss her sense of humor and incredible generosity, but we know our Nanie is in heaven at the feet of our Lord Jesus Christ.

# Ronnie Cox would like to be your pharmacist.

# Letter to the Editor

Dear Editor:

It has come to my attention that the working conditions in the school system have fallen below acceptable levels. Cutting expense after expense does not seem to be the answer in producing a quality education. I thought that a school system was in the business of education and not profit. If the community does not want to produce successful students then nothing should change. However, if the community wants to produce high quality students then something needs to change. For example, programs that might benefit the student should not be eliminated but added to the curriculum. Trying to save a penny here and there will only have a dramatic effect down the road. The future lies in the eyes, ears, and lips of school age children all over the world. So, if anyone wants to see what tomorrow will bring just ask how well the students are performing in school.

A concerned citizen

# Card of Thanks

I would like to send a special Thanks to Ed Carrasco, Rachel Lira, Mr. & Mrs. Manuel Duran, Officer Humphrey, and the Ambulance team. Thank You to the Hospital for the good care given to Mickey. Thank you to the people of Sonora for your calls and prayers.

The Mike Sanchez Family

Thank you for the plants, cards, calls and visits, while I was at the hospital and now, that I am home.

Special thanks to everyone that has prayed for the well-being of my family and me.

Sincerely, Armando H. Martinez

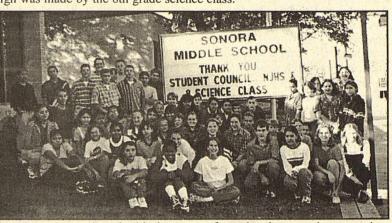

Thank you everyone for the concern and help you gave our daughters, Sonia, Selina, Senida and granddaughter Samantha Castro, at our time of need.

Sincerely, Armando and Lydia Martinez

The Sonora Middle School cheerleaders would like to give a special thanks to the following ladies: Patty Prather, Laura West, Nancy Brockman and Rhonda Gulley for their hard work making the 1998-99 Sonora Colts run through sign. These four ladies willingly took their time to make the sign and donated it to the football team and cheerleaders. Once again, we want to thank you for your time and support.

SMS Cheerleaders

The Sonora Middle School would like to thank the following student body organizations for the contribution of funds to purchase the new sign on our front lawn: The Sonora Middle School Student Council, The Sonora Middle School Photography Class of 1996-1997, The Sonora Middle School NJHS, and the General SMS Activity Fund. A donation toward the cover for the sigh was made by the 8th grade science class.

Our sign was purchased with the money from the above student organizations and we sincerely appreciate the hard work of these students and their sponsors, Melinda Valkonen, Shelly Shannon, Delia Samaniego, & Carol Love for making this possible.

#### Never too late for an Education!

After many years I finally had the courage to take my G.E.D Exam, I was very nervous because I had been out of school for 9 1/2 years. But I set a goal and I accomplished it with the help of Mrs. Jeryl Fields who never gave up on me and my husband and only daughter (Nicky) who encouraged me to do

Last but not least I felt I owed it to my parents for all their hard work! So for those of you who are reluctant to take the exam: first set a goal and set your mind to it, you'll be glad you did. I am!!.

you did. I am!!.

Rachel Escalante

proud daughter Nicky

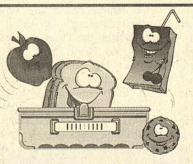

Anyone interested in scheduling a GED can contact Jeryl Fields at 387-3780

# Elementary News

Sonora Elementary will have a P.T.A. organizational meeting on October 12 at 6:30 in the auditorium. The P.T.A. District President will be there to help us organize. Our first parent involvement meeting was a great success and the parents in attendance decided to organize a P.T.A. for our school. The focus of the organization will be "Children First" and all parents, grandparents, guardians, and community members are highly encouraged to join this beneficial group. Together, we can make a difference for our children. We hope to see you on October 12! If you have questions, please contact the schoool office.

School will dismiss at 2:30 on October 13 for the Fall Festival. Plan now to join the fun!

Sonora Elementary is still taking donations for the E.L.K.S. program. Please send donation to the elementary shoool.

School Lunch Menu Oct. 12 - 16

### **Breakfast**

Letters To The Editor Policy

The Devil's River News encourages letters from its reaers. Letters should be to the point, typed if at all possible and signed. Address and telephone numbers also should be included for verification puposes. No letters will be published without the author's name. Letters will be printed on a space available basis. Letters should stick with issues, and not simply be personal attacks. Letters endorsing a particular position on issues of local interest will be accepted, however letters endorsing a candidate for political office will not be accepted. We reserve the right to edit for length, content, and potentially libelous statements.

Letters to the Editors published in this newspaper do not necessarily reflect the position of this publication on any subject. Correspondence should be mailed to: The Devil's River News-Letters to the Editor, 228 East Main, Sonora TX. 76950

# Ask the Historical Society

About 1910 - Standing: Lea Aldwell, Gustaf Meckel, Bart DeWitt, Murdock McDonald, Roy Aldwell. Sitting: L.E. Johnson, Luther Thorp, Benny Wyatt

er and having John pull pictures out

of sectioned off storage bins, in the

wall of the laundry room, that

showed the early teams. They showed the handsome young John suited up with the team, then called the Sonora Bobcats. Yup! That is right folks up until just after World War I we were the Sonora Bobcats.

We had to change the name when

we got a big enough team to compete in league as there was already

a team named Bobcats in San

Angelo so we became the Sonora

Bronchos. Now that was changed to Bronco because there was a problem with Ford when they got the copyright on the word Broncho. Now that takes care of the Bronco

Back in 1966, before we took

the championship, the coaching staff decided we needed something

to add to Sonora Broncos, something to help instill school spirit. They decided to add the word Mighty and so we became the "Mighty Broncos." The staff did

not just pick the name and have it

added to signs. They talked with

students, had a meeting with the

Bronco Boosters, the principal at that time and it was the unanimous decision of all these groups to have us become the Mighty Broncos. So

up went the signs and banners in

plenty of time to send the team off

to competition with their new handle and they returned victorious.

By Jo-Ann E. Palmer

Since Homecoming my phone hasn't stopped ringing. I stopped counting the calls after thirty-four former students and twenty-eight current students had called me. I also had about four people so upset they came knocking on the door. I did learn one valuable lesson from all these calls and visits: Don't mess

with the Mighty Broncos!

All the calls I received seemed to stem from the same complaint. It seems that someone had taken down the Mighty Broncos sign out at the football field and repainted it. Now repainting it was a good idea. The sign needed repainting. The problem arose when the sign went back up and everyone found that the "Mighty Broncos" had been changed to the "Fighting Broncos."
Now trying to change the Mighty to
Fighting seemed to upset an awful
lot of people. So they called me and asked me to report on the history of the term "Mighty Broncos." A lot of people are very proud of the term "Mighty Broncos" and a great many more were very upset over the use of the term fighting, which they con-sidered unsportsmanlike conduct and sending the wrong message to students in life.

As many of you know, the late John Eaton played on some of the earliest football teams in Sonora. I had the pleasure of sitting on the floor, leaning back against the washThe "Mighty Broncos" was here to stay and it did remain for thirty-two years. Right up until the signs were taken down and changed, per one persons orders just before home-

I made calls to past coaches, Coach Hopkins included, past boosters, Mrs. Annabelle Wuest and L.P. Bloodworth included, principals, Bronco Booster officers and past players on the teams. I would like to thank them all for their input to this column. I then called the Superintendent of Schools and discussed the problem with him. He "sincerely apologizes" for changing the sign. He "didn't realize the thirty-two year history of the term Mighty Broncos." He "did not realize what an objection there was to the use of the word fighting." He promised "the sign will come down today and will go back up hopefully in time for the game with Colorado

City."
So readers thus ends another little chapter in the history of Sonora. The Mighty Broncos are back now let us all get out to the game and show them the support they deserve. We have a group of wonderful students at the school! All kids in the sports programs, band, and other program work very hard every year and deserve our support to the fullest.

We got a wonderful package in the mail this week from Sam Gauny out in New Mexico. Sam sent us a copy of "The Descendants of Samuel Proffitt of Jefferson County, Tennessee" compiled by Jay S. Webb in October 1977 and a copy of "Sylvestor Proffitt 4 Generations" by Naomi Clark Chadwick. Any of you researching Mary Proffitt Luckie are welcome to come by and save yourself a lot of time by using these valuable research tools. Since these are the only copies we have they can't be let out but we will be happy to make copies of any information you want in our files for a fee. Sam also sent us a bullet from

the battlefield at Valverde, N.M. near Ft. Craig, near Soccorro, N.M. The battlefield is now part of Ted Turners three of four hundred section ranch. Sam B. Luckie was at this battle. We will make up a card and put the bullet in the display case at the museum. Sam Gauny has sent us hundreds and hundreds of pages on the Proffitt/Luckie family trees and many more on Will Carver, Black Lack Ketchum and the Wild Black Jack Ketchum and the Wild Bunch. We deeply appreciate all his contributions to the Sutton County Historical Society files.

Q. When were laws passed about keeping city lots cleaned up?
A. Devil's River News, August 6, 1948

Over 100 Citizens of Sonora have signed a petition to pass and enforce a city ordinance requiring:

1. That property owners are to keep all yards, vacant lots and alleys free of weeds, tin cans, standing water and any rubbish which might cause unsanitary conditions.

2. That in case property owners

fail to keep their property clean, the city be empowered and required to take any steps necessary to make the conditions sanitary with all expenses incurred to be charged to and collected from the property owner.

It appears laws have been on the books for about fifty years now. I suggest you contact City Hall if there is a problem in your neighborhood or send your neighbor a copy of this column with this area circled in red. It might save City Hall and you the taxpayer some time and

If you have any questions con-cerning Sutton County history send them to "Ask the Historical Society" P.O. Box 885, Sonora, TX 76950-0885 or e-mail me at schs@sonoratx.net. You may call me at 915-387-2855 any afternoon or evening. No morning calls, or knocks on the door please, my husband works nights and sleeps in the

# Mammogram Screenings

Thursday, October 15, 1998 Dr. Guido Calderon's Office 301 Hudspeth Avenue, Suite B

To schedule an appointment, please call

1-800-530-4143, extension 3235 or 3229

### It's important

Although women should get an initial mammogram by age 40, it's especially crucial for older women to have regular screenings because the risk of developing breast cancer increases with age. Women ages 40 or above should have annual screenings, because early detection is a

key factor in successful treatment. Medicare will pay for an eligible women.

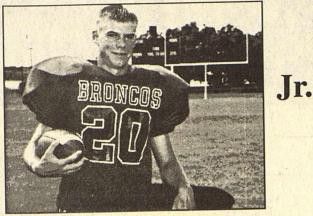

annual mammogram for 120 East Harris Avenue, San Angelo, Texas 76903 657-6222 • 800-640-6222 (outside of San

There is no cost for the training, however call and make your reservations today @ 387-3604 or 387-2111.

Members of the Johnson Space Center Astronomical

October 17, 1998. Members of JSCAS will have their telescopes setup for the public to view the night skies. Ft. McKavett offers a nearly perfect site for the star gazers because of its isolation and dark skies at night. Program will start at 3:00 p.m. with a series of lectures & at 5:00 p.m. visitors will tour the set up telescopes. Star gazing will begin at dark. We ask visitors to be at the park before dark and bring a flashlight.

Adult education classes will begin Tuesday, October 6 Classes will include GED preparation, adult basic education and English as a Second Language. Classes will be held at Sonora Middle School each Tuesday and Thursday from 6:30-9:00 p.m. No tuition will be charged.

Clases de ingles para adultos empiezan el martes, 6 de octubre. Las clases incluyer preparacion para el GED, education basico para adultos, y ingles como segunda idiom. Las lases tomaran lugar en el Sonora Middle School los martes y jueves de 6:30 a 9 p.m. Las clases son gratis.

Fall Festival 1998 will be on Main Street, Tuesday, October 13th from 3:30 p.m. to 8:00 p.m.

Sonora High School Class of 1981 Benefit Raffle for Mason Surber Educational Fund. Win a 270 Bolt Action Winchester to be given away December 19, 1998. Please contact Fran Pennington at 387-5189 for more information. Donations will be accepted.

The Crockett County 4-H Club will be hosting the First Annual "West Texas Showdown" Team Roping on Saturday, October 10th at the Crockett County Arena in Ozona, Texas. The roping will be a #7 and a #10 USTRC numbers only. Books open at 12:00,

with the Roping to begin at 1:00. The entry fees are 3 for \$30.00, progressive after 1 Custom made Big Bend Saddlery breast collars will be presented to the #3 & Under High Money Winner and the #4 & Over High Money Winner. All proceeds go to benefit the Crockett County 4-H Club. A concession stand will be available. For more information. contact Miles Dabovich, CEA-AG at 392-2721.

Anyone with hunting pictures from last hunting season, or anyone interested in advertising in the 1998 Hunters Guide, please contact Lula at the Devil's River News. 387-2507.

The Sutton County Public Library is starting their annual Storytime for preschool children. The schedule for the pro gram is starting on Wednesday, October 7, 1998 at 10:00 a.m. to 10:45 a.m. The program is for children ages 3 to 5. Included in the program are crafts, songs, videos, dancing, etc., but espe-cially READING to the children. Join us every Wednsday for some fun with the little ones n our community. If you would like to volunteer to read or to help out in the activities call us at 387-2111, for more information. See you there.

The Halloween Dance will be Saturday, Oct. 10, 1998.

The Bronco Booster Club will meet Mondays at 6:30 p.m. at the High School Commons area. Come watch the film.

The Sonora Band Booster Club will meet every third Monday at 6:30 p.m. at the High School Band Hall.

The Sonora EMS will offer an EMT-B course to be held in January 1999. If interested contact Sutton County Emergency Service office at 387-5132.

Getting Rid of Fire Ants By Preston R. Faris, County **Extension Agent-Ag.** The First step to successfully

treating the Imported Fire Ant is proper identification of the pest. If you are unsure if you have fire ants please contact the county extension office at (915)387-3101 or come by the office at 301 Crockett. We will try to have someone come and check your pest problem to be sure you do indeed have imported fire ants and not some other ant specie.

As with many pest problems a blanket treatment without being sure you have the pest could cause more problems than you have now. The red harvester ant which is very common in our area is very helpful in keeping fire ant populations down. We would therefore not want to treat this pest unless they are located in areas where they are a public nuisance or their beds are becoming too **Treatment for Isolated Mounds** 

The recommended treatment for home lawns or areas where you find only one or two mounds is to use a product called Orthene according to label directions which is 1-2 teaspoons of chemical per mound depending on its size. This product is aimed at killing the worker ants but

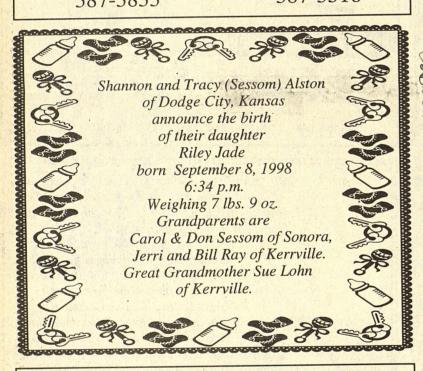

will not damage the queen. Two Step Approach for large areas of Infestation

Step 1: Specialists indicated best results using a 50:50 mixture of fresh "Logic" and "Amdro" in a broadcast application at the rate of one and one half pounds per acre (.75 pounds of each chemical). These two chemicals are aimed at getting the queen. Since the cost of the chemical may be prohibitive to areas marginal in size either of these chemicals used alone is also accept-

Step 2: Follow step one approximately three to five days with an individual mound treatment using Orthene at the rate of 1-2 teaspoons per mound.

Monitor results and repeat the treatment in six to eight weeks if necessary.

No endorsement of any particular chemical is intended and other chemicals approved for fire ant control may be used successfully. As with all chemicals read and follow label instructions for safe use of the intended pesticide.

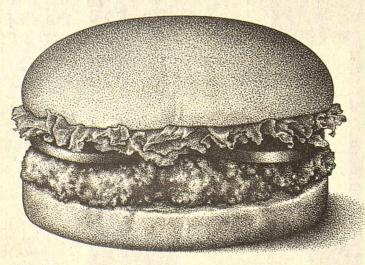

# Our Famous Chicken Fried Steak

still to be centrally heated and cooled and the finish work is still the same.

Some have expressed concern over why this project is costing so much more than a similar building constructed in Ozona a short time ago. While their building is the same size and similar in many other ways it does not include central heat or air, it does not have a suspended ceiling and is not equipped in any way similar in its interior.

It is hoped that this article will answer some of your questions and concerns. We share your concern and desire that the project be completed as soon as possible. We will continue to work toward that goal.

We welcome any constructive suggestions for the project. Many have not yet had an opportunity to contribute to the effort as we have relied basically on large contributions. Your chance will come soon to make a donation of any size to this important community project. We will make every effort to insure that your contributions are spent wisely and efficiently.

Anyone wishing to view the plans or ask questions about the project is invited to go by the county extension office or contract one of the committee members.

# **Mid-West Steel Buildings** Company extends apology

To All Concerned:

Mid-West Steel Buildings Company would like to apologize for not being able to meet the delivery schedules requested on your project. Our company, as well as the construction industry as a whole, has been in a tremendous growth pattern. As a result, lead times for delivery schedules and production times have lengthened. This was complicated by an unanticipated increase in sales bookings at or about the time your order was placed. In other words, while we were expecting increased levels of activity and some lengthening in delivery schedules, we were unable to predict the record levels that actually happened. This was also impacted by higher levels of project complexity, so we were hit, not only by more work, but also work that consumed more design, drafting and fabrication time.

Our people tried to improve production times as requested by R.

M. Ford Construction, San Angelo and had set some tentative delivery schedules which our engineering and production group could not accomplish. Please understand that this delay was not it anyway caused by any action or inaction on part of R. M. Ford Construction.

Again, we would like to apologize for our lengthy production schedules, in relation to your anticipated schedules.

Mid-West Steel Buildings has been involved in supporting the youth of America through many programs such as 4-H, Future Farmers of America, County Fair Association, Little League Baseball and various others. Mid-West would like to certainly applaud Sutton County, in assisting the continued support of building character in the youth of America.

Sincerely, Ed Kohutek Vice President Sales Williams rolled to his left looking for a Bronco receiver. With tremendous pressure in his face, he overthrew his receiver and Wolf defensive back, Terry Green, intercepted the ball returning it to the Bronco 20 yard line. For the third time of the evening, the Bronco defense was called upon to perform a miracle. Super defensive efforts by Michael Castilleja, Brad Legan, and Graham Bloodworth caused a miracle to be performed. On a 4th and 6 at the Bronco 16, Byington was called upon to kick a 32 yard field goal. After not missing any during warmup, Mr. Automatic folded to the pressure of the relentless Broncos, and missed! With 1:03 on the clock, the Broncos still lead by 9: C-City 3 - Sonora 12. The halftime clock expired with the Broncos in possession of the ball.

The second half began with both team's making mistakes. The Broncos, Anthony Renfro, received the kick-off and lost the handle at the 12 yard line. The Wolves, Phillip Castro, fell on the ball giving the Wolves possession at the Bronco 12 yard line. On the first play from scrimmage, the Wolves quarterback, Justin Hill, fumbled the snap and the Broncos defensive tackle, Anthony Sanchez recovered it at the Bronco 15 yard line. The Broncos began to move the ball down the field, alternating runs between Bloodworth and Jacoby moving the ball to the Bronco 46 yard line. A holding penalty, ultimately stalled the drive, and the Broncos were forced to punt. The Wolves next possession ended in an interception by Bronco defensive back, Ernie Perez. The Broncos set up shop at its own 36 yard line. Tom Jacoby, on some very hard running, mostly second and third efforts, moved the ball to the Bronco 46. On a 3rd and 16, Bryce William suffered his 2nd interception of the evening, as Terry Green got his second pick of the evening. This gave the Wolves the ball on the Bronco 35 yard line. The Bronco defense, led by Brad Legan, Michael Castilleja, Breg Hughes, Crispen Lira, and Lupe Ramon, refused to give in to the Wolves. After 4 plays and minimal yardage, the Wolves were forced to punt. Once again, the Broncos went to work from inside their 20, at their

own 18 yard line. The Bronco workhorse, Tom Jacoby, was called upon for two straight carries, the first a 4 yard gain, the second, after being pounded by several of the larger C-City players, the ball squirted straight up into the air. A C-City linebacker, Chris Valenzuela, alertly plucked the ball out of the air and stumbled to the Bronco 16 yard line. The determined Bronco defense assumed its position; once again its back against that proverbial wall! After two running plays by C-City, the third quarter ended with the Wolves having a 2nd and goal at the

DEFENSE - DEFENSE was the chant from the Bronco fans. And defense is what they got. The Wolves tried a power play over right tackle for a yard loss. 3rd and 3 from the 3 - the Wolves put a lineman in the back field to try and bull their way into the end-zone. Eleven red and white jerseys stopped the runningback for a 2 yard gain. 4th and I at the I - The Wolf quarterback gave the ball to Byington over left tackle, Anthony Renfro filled the gap and stuffed him for no gain. The Mighty Bronco Defense Holds! The Bronco offense could not get anything going on its next possession and was forced to punt. After a 31 yard punt with an 8 yard return, the Wolves are back in business on the Bronco 34 yard line. For the fifth time in the 2nd half, the Bronco defense, in the shadow of its own goal posts, is back on the field. Tanner Fields, Anthony Sanchez, and Michael Castilleja put the Wolves in a 3rd and long situation at the Bronco 25. Breg Hughes, blitzing from his linebacker position, sacked the Wolf quarterback for an 11 yard loss. This set up a 53 yard field goal try by the Wolves' Byington. He had hit on a 60 yard try in warm-up; however, this time a tremendous rush by the Broncos, tipped the ball and it fell short, dying at the 3 yard line. An enthused Wolf defense came on the field and forced the Broncos to punt. Renfro from deep in his end-zone got off a good punt to the Bronco 42 yard line. Mr. Versatile, Byington, returned the punt to the Bronco 28 yard line. It only took the Wolves 30 seconds and two plays to get on the scoreboard. The first a 26 yard

pass to Amondo Rocha across the middle to the Bronco 2 yard line. The next, a 2 yard flip to Terry Green for the touchdown. Randy Byington added the PAT to make the score with 4 minutes and 5 seconds left in the game:

Bronco 2 yard line.

Colorado City 10 - Sonora 12 The Broncos trying to use up as much of the game clock as it could, elected to keep the ball on the ground. The Wolves adjusting well to what had hurt them the most, shut the Bronco ground attack down. After only using a minute and 23 seconds of the game clock, the Broncos were forced to punt. After a short punt and a 15 yard face mask penalty, the Wolves were back on the offensive at the Bronco 28 yard line. A weary. Bronco defense trotted on the field for the seventh time in the second half. The Wolves smelling a kill, didn't take long to take advantage of the weary Broncos. Three runs, two by Green and one by Hill, and the Wolves were in the end-zone. Only being ahead by 4, the Wolves elected to go for two. The quarterback, Hill, on a keeper around right end, went into the end-zone

untouched. Colorado City 18 - Sonora 12. With 56 seconds left on the game clock, the Broncos had one more chance. Starting at their 27, Bryce Williams tried several different receivers but to no avail, as the game clock expired with the Broncos knowing that they should have won the game. Besting the Wolves in every department, except in the one that counts - the scoreboard. Colorado City 18 - Sonora

The Broncos begin District 2-2A play this Friday. They will host the Eagles from Junction, at 8:00 p.m.. Try to come out Friday and support the Mighty Broncos as they begin their quest for a District Championship.
GOOD LUCK BRONCOS!

Don't Forget the Fall Festival **Main Street** Tueday, Oct. 13, 1998 3:30 - 8:00 p.m.

# Ranch House Burglarized

The Ranch Home of Guy Wyatt Askew located on Ranch Road 1691, 14 miles south of sonora, Texas was burglarized during the week of September 20, 1998.

Taken in the burglary were irreplacable antiques of Victorian furnitur, sofa, chairs and loveseats all dating back to the 1800's. Marbletop tables, 2 rocking chairs, a silver service and multiple heirlooms and antique pieces. Also stolen were watercolo paintings by artist Barbara Earwood, and 2 oil paintings, one by artist Don Collins, and artist Mattie Ruth Garrett and Wayne Baize pictures.

Rural home owners should take note and take all precautions possible; to protect their belongings.

Should anyone have information concerning these items, or their whereabouts, please contact the Sutton County Sheriff's Office. There is a substantial reward offered for the return of these items, and the arrest and conviction of the person(s) responsible.

# LEPC holds regular meeting

The Local Emergency Planning Committee (LEPC) met at 1:00 p.m. in the Sutton County EMS Training Room, Thursday September 24, 1998.

New officers werw elected. The new officers are Chairman -Ronnie Cox, Vice Chairman -Partick Campbell, and Sec./Treas. is Storie Sharp.

Annexes C & D were replaced with updates. All members received Annexes E & F and they were discussed.

Members and visitors in attendance were JoAnn Hernandez, Carla Garner, Chris Croy, George Keese, Tom Payton, Danny Hardin Storie Sharp, Ronnie Cox, Treva McReynolds, Patrick Campbell and Donna Keese.

Congressman Henry Bonilla A Case In History Congress pours over the nformation eleased ndependent

Counsel Kenneth Starr's report, I wanted to share with you a true story of a court case that has some amazing parallels to the Clinton situation. In light of what's happening with President Clinton at this time, I thought you'd find the parallels interesting. This story is documented in the files of the Department of Justice under the direction of the President's Attorney

The federal employee was a psychiatrist employed at the Veterans Medical Center in Boise, Idaho. One of her patients was an army veteran suffering from problems resulting from his time in combat. The doctor initiated sexual relations with the veteran, believe it or not, as part of his treatment.

The veteran later sued the doctor, complaining that the treatment was improper. Under oath, the doctor claimed she never had sexual relations with that man. Later it was discovered there were tape recordings of conversations with the doctor in which she acknowledged it happened. Only then did she come clean and admit lying under oath.

As her penalty, the doctor was fined, sentenced to six months house arrest and she lost her job. Yes, the Department of Justice under the direction of the President's Attorney General felt her felony of obstruction of justice under Title 18 of the United States Code, Section 1503, was serious enough for her to lose her job!

I don't know if President Clinton's attorneys are aware of this case. If not, they should study it fast. In the end, if it is established that the President did lie under oath, perhaps the Department of Justice and Attorney General Reno could be waiting around the next corner. I'm sure she would feel like most Americans do - there should not be one set of laws for ordinary Americans and another for the

## **UPR** Group Inc. to Sell South Texas **Properties**

FORT WORTH, Texas -- Union Pacific Resources Group Inc. (NYSE: UPR) today announced an agreement to sell its interests in certain South Texas oil and gas properties to Collins & Ware, Inc. for \$148 million. The sale is scheduled to close October 30, 1998, subject to the satisfaction of customary conditions, with an effective date of September 1, 1998.

When we announced our deleveraging program in April, after our acquisition of Norcen Energy Resources and its many high-quality exploration and production assets, we assembled several packages of UPR properties that would both attract strong bids and help us to focus activities on our newly defined, highpotential core business areas," UPR Chairman and Chief Executive Officer Jack Messman said. "The agreement to sell these South Texas properties is example of a successful deleveraging strategy that is unfolding on or ahead of schedule."

The agreement with Collins & Ware comes on the heels of the August 24 announcement of the \$158 million sale of UPR's interest in Matagorda Block 623 to Enron Oil and Gas, which closed August 31. The company's asset sales program is continuing for properties in Canada, The Gulf of Mexico, South Louisiana, East Texas and the Rockies identified as part of the deleveraging program.

#### **ICA Announces 1998 Officers and Directors**

Cattlemen's Independent Association of Texas (ICA) Executive Director Charles Carter today announced the ICA leadership team for 1998-99. The election for the board of directors and the executive committee was held August 11th in San Antonio at the ICA's 24th Annual Convention and Trade

ICA's 1998-99 officers include President John Brown, co-owner of the Luling Livestock Auction and a cattle producer; First Vice President Chuck Kiker, a cattle producer and rice farmer from Beaumont; Second Vice President W. T. "Tommy" Guerra, a cattle rancher from Roma; State Secretary Peanut Gilfillian, a cattle producer from Stowell; and State Treasurer Joe Conti of Victoria. Only Peanut Gilfillian is new to the executive committee this

New directors named to the board include Bob Boothe of Prairie Lee; immediate past secretary Harold Clubb of Hamshire; Gene Walker of Aguilares; and David Wolf of Georgetown.

ICA was created 24 years ago by a group of 17 ranchers who were concerned with the dumping of foreign beef on the U.S. market. Today, ICA is a strong grassroots organization that boasts a membership of over 6,000 individuals and regularly appears before the U.S. Congress and the Texas Legislature representing the interests of its members.

This is an exceptional group of people who have a proven track record of leadership," remarked Carter. "These folks know the cattle industry better than anyone in the state of Texas. Our membership couldn't have picked a better group of individuals to represent them during this difficult year for the cattle industry," he added.

### **4-H VOLUNTEERS** MAKE BLUE RIB-**BON KIDS**

Maxcey, Melanie mmaxcey@tamu.edu

According to Texas 4-H and Youth Development statistics, slightly more than 54,000 volunteers support a program that includes 624,000 young people.

As National 4-H Week approaches Oct. 4-10, specialists with the Texas Agricultural Extension Service hope to entice more volunteers to join the ranks.

"In Extension, our programs could not exist without volunteers," said Carroll Bonn, Extension 4-H and youth development specialist at Texas A&M University.

Today's 4-Her's are involved in a variety of projects. Steer and heifer projects, food shows, fashion shows, bicycle safety and county fairs are just a few. They also are learning about public speaking, photography, financial planning, community service and veterinary medicine, to name a few.

From a variety of projects that combine education with hands-on experience to capture the minds of young people, 4-H members learn to make decisions, solve problems, set goals, get along with other people and deal with failures and setbacks through positive and productive activities.

But none of these projects are possible without volunteer help, Bonn said. "What boys and girls receive from a 4-H volunteer is a role model that is willing to listen and help them be the best they can be," she said.

Bonn, who has also worked for Extension in Missouri and Illinois, said that Texas Extension is famous for the quality of its volunteers.

When working on a horticulture project, a horticulturist from Texas A&M may lend 4-H a hand, for example. And those volunteers who aren't masters in a particular field are experts in all kinds of other ways, she said. They are nurturers, givers of themselves and their time.

'When our volunteers work, they look at the development of the child -- not necessarily the raising of a steer or baking bread. The project is a mechanism we use while working with the kids," she said.

Volunteerism is also rewarding for the volunteers, Bonn said. She recalled some of her own volunteer experiences to illustrate her point.

"In my personal life, I've been able to be a resource to help people understand our environment and appreciate the natural gifts we've been given through nature. It's also a selfish thing. I got so much from 4-H and church as a young person that this is a way for me to give back."

If you're interested in finding out more about the 4-H program or volunteerism, please call your local county Extension service or call (888) 77-YOUTH.

# CUT YOUR TAXES!

As a county commissioner, Randy Leifeste cut taxes for the people of Llano.

With the state projected to have a multi-billion dollar surplus, it is more important than ever to send conservative leaders to Austin to return that surplus to Texas taxpayers, not spend it on more government programs and bigger bureaucracy.

Together, Randy Leifeste and Governor Bush will cut your taxes including:

- A \$2 billion property tax cut.
- A \$400 million sales tax cut.
- A \$35 million small business tax cut.

RANDY LEIFESTE FOR STATE REPRESENTATIVE P.O. Box 23 LLANO, TX 78643 PHONE (830) 598-4114 Pd. pol. adv. by Randy Leifeste for State Rep., District 73, Jody Leifeste, Treasurer.

# Broncos J.V. Dominates C-City

by Tryon Fields

The Bronco J.V. traveled to Colorado City to play their counterparts last Thursday. What many expected to be a major test for the young Broncos, turned into a major run-away. The Bronco J.V. manhandled the young Wolves and came away with a 36 to 12 win.

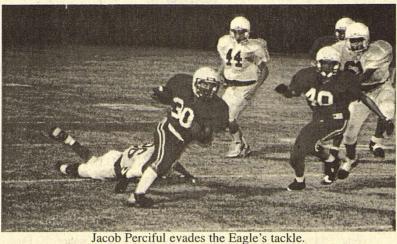

The excitement started early for the Broncos, as they were able to score their first touchdown in the first 36 seconds of the game. After Riley Crain fielded a short kick-off, and returned it to the Bronco 49 yard line, the Broncos were ready for business. On the first play from scrimmage, Nick Lozano threw a strike to Crain for a 24 yard gain. On the next play, Bill Renfro went around the left end and scampered for 27 yards for the first Bronco score. Stetson Hall came on for the PAT to make the score with 9 minutes and 24 seconds left in the first quarter: Sonora 7 - Colorado City

Colorado City's first possession met with some very stiff resistance in the form of Chris Weingart, Thomas Schenkel, Riley Crain, and Danny Solis.

The young Broncos forced the Wolves to punt and the Broncos took over on their own 8 yard line. After 3 short gains by the Bronco running backs, the Broncos were faced with a 4th and 1 at their own 17 yard line. A stiff breeze was blowing into the faces of the Broncos, and the coaching staff elected to go for the first down. The Wolves stepped up to the challenge and dropped Bill Renfro for a 2 yard loss. It only took the Wolves 4 plays to cover the needed yardage for the touchdown. The quarterback, Speers, handled the chores himself. C-City elected to go for two; however, Riley Crain and Stetson Hall had a different idea, as they combined for the stop of the Wolf running back. With just under 2 minutes left in the first quarter, the Broncos led by 1 - Sonora 7 - C-City 6. The next two possessions, one for each team, ended in the ball being turned over on interceptions. Mathew Torres had the honors for the Broncos, giving them the ball at the Bronco 28 yard line. For the next seven minutes, the Bronco offensive line gave the Wolves lessons in the finer art of blocking. Gaping holes were the rule for the day, as Sean Fields and Bill Renfro were able to move the ball down the field with ease. Bill Renfro gained his second score of the afternoon on a ten yard run. Hall split the uprights to give the Broncos a 14 to

The Wolves, not wanting to be outdone, took possession of the ball at their own 20 yard line and began to drive the ball down the field. Some tremendous defensive plays by Ricky Lumbreras, Byron Williams, Thomas Schenkel, Sean Fields, Bill Renfro, and Mathew Torres forced the Wolves to use what was left of the first half game clock without putting any points on the board. The first half ended with the

Broncos still in the lead 14 to 6. The Second half began with both teams exchanging punts on their first possessions. The C-City Wolves second possession began at their own 41 yard line. The Wolves controlled the ball and the clock for

a little over 6 minutes, ultimately scoring on a 5 yard run. Being behind by two points, the Wolves attempted to go for the two point conversion. The pass from Spear fell short, and the Broncos held on to a 2 point advantage. 14 to 12.

Lightening strikes quickly, and that is exactly what the Broncos did on their next possession. Nick Lozano took the snap from Jared Solis at the Bronco 34, he turned and pitched it to Bill Renfro who scooted to the outside and ran down the near sideline for 67 yards and his third touchdown of the afternoon. On the PAT, Stetson Hall got confused about hang time versus distance, as he kicked the ball almost straight up; however, it went so high that the prevailing breeze caught it and pushed it just over the crossbar. It still counts.

Broncos 28 - Wolves 12. For the next two and a half minutes, neither team seemed to want the football, as the Wolves turned the ball over twice and the Broncos once. The Wolves first turn over was a fumble, and it was recovered by Hall, their second turnover was in the form of an interception, with Tim Warden intercepting the Wolf pass. The interception by Warden set up the final Bronco score late in the fourth quarter. On the interception,

the Broncos set up shop at the Wolf 14 yard line. Some very hard running by Jacob Perciful and Brandon Adkins moved the ball to the Wolf 6 yard line. Adkins on a power play up the middle gained the end-zone stripe for the Broncos final touchdown of the afternoon. The snap on the PAT was mishandled, but a heady play by Lozano saved the effort. Riley Crain broke free in the end-zone and Lozano flipped him the ball for the two point conver-

Sonora 36 - Colorado City 12. After the ensuing kick-off, the Wolves tried to salvage some pride. They tried to run the ball and when that didn't work, they tried the pass. Jonathan Whitehead, Beau Hughes, Joey Muniz, and Chong Hernandez had a different ending to the story in mind. These 4 young men and their 7 team mates were able to keep the Wolves from getting across the mid-field stripe, and the game clock ran out, along with the hopes of the Wolves.

Sonora 36 - Colorado City 12 This Thursday, the Bronco J.V. will travel to Junction to play the young Eagles. Game time is at 6:30 p.m.. Hope to see you there.

# Sonora Firefighters and Ladies Auxiliary attend fall convention

Sonora Firefighters and Ladies Auxiliary attended fall convention in Brownwood. Forty-six people represented Sonora in a big way. A morning meeting was held with several towns attending. At 11:00 A.M. The meeting was adjourned for lunch. The Ladies Auxiliary held their meeting at St. Mary's Catholic Church. The previous meeting was discussed. Elections were held. Outgoing President was Diana Green and Sec/Tres was Darla Lipham. New officers representing Sonora for 1999, will be Tina Tyler, Vice-President and Christie Talley, Parliamentarian. Congratulations Ladies. At the

afternoon meeting the firefighters held their elections. Rick Cearley will step up as President, Kyle Donaldson will stay-as Sec/Tres, and Clint Cearley will be mascot for 1999. In October 1999, Sonora will host the fall convention. At around 2:00 P.M., the races began. Sonora seemed to be the town to beat. We received four first place trophies, one second place and one third. First place - Ladies Water Polo- Darla Lipham and Patti Prather. First place - Ladies in the three- lady- race with a time of 10.92- Maray Cearley, Darla Lipham, & Beth Snyder. First place - the six man pumper race with a

time of 21.06- Wayford and Wayne Tyler, Jody Luttrell, Brad Black, Russell Green, and Ruben Samaniego. First place - the three man race with a time of 10.37 Second fastest time in the Hill Country- Allan Prather, Rick Cearley, and Johnny Snyder. Second place - the one lady race with a time of 12.43- Maray Cearley. Third place - the six lady pumper race with the time of 18.96-Tina and Laura Tyler, Mary Beth Luttrell, Mary Black, Diana Green and Kim Yocham. Sonora also took home man miles traveled and the attendance trophies. Next meeting will be held in Ozona, Texas in

Back Talk

**Chiropractic Care** 

Questions &

**Answers** 

How can a chiropractor adjust-

ing my back help arthritis pain

There are several types of arthritis.

With most types the patient experi-

ences pain and stiffness in the joints. Chiropractic manipulation can

upper extremities, thereby improving

increase the circulation into the

mobility of the joints. It can also

increase the production of endor-

phins, the body's own natural pain

relieving hormone. In addition, chi-

ropractic adjustments can stimulate

nerve pathways that decrease pain.

Back Talk is copyrighted by the Texas Chiropractic Association and is edited

# Public Notice

Notice of Hearing

The Savings and Loan Commissioner of Texas has accepted an application from Del Rio Bank & Trust Company, Del Rio, and Sutton County National Bank, Sonora, to merge after converting to state savings banks, with Del Rio surviving as The Bank & Trust, s.s.b., Del Rio. The public may inspect and copy all portions of the application, other than those made condifential by law, at the Texas Savings and Loan Department, Suite 201, 2601 North Lamar, Austin, Texas 78705, during regular business hours, Monday through Friday, excluding holidays, 8:00 a.m. to 5:00 p.m.

A public hearing on the application is set for Monday, November 2, 1998, at 9:00 a.m. at the Finance Commission of Texas Building, 2601 North Lamar, Austin Texas 78705. Anyone wishing to comment, or protest the application for the record and consideration of the commissioner should file any comments, or notice of protest in writing with the Department on or before Friday, October 23, 1998. Anyone wishing to speak at the hearing to protest and oppose the applicationmust include a protest fee of \$2,500 when filing a written notice of protest. Copies of written comments, protest, and written notice of protest should be sent United States mail, postage prepaid, to the applicant's representative: Mr. Scott Gladden, Bracewell & Patterson, L.L.P., 500 North Akard, St. 4000, Dallas, Texas 75201

If no protests are received by the date stated above, the Department may cancel the hearing without further public notice and consider the application on the basis of the written record. The Department may also postpone or otherwise reschedule the hearing without further public notice. Therefore, anyone planning to attend should first verify scheduling information. Anyone planning to attend who may need special accommodations due to diabilities should notify the Department at least three days prior to the hearing so that appropriate arrangements may be made. The Department may be reached by telephone at 512/475-1350 or by mail at the address given
