BOVINA, TEXAS

VOL. VIII, NO. 36

WHITTLIN'

BY DOLPH MOTEN

According to one of our south-of-town friends, windy days, such as Monday was, for instance, aren't good for anything but a track meet!

That's not true, of course, and he wasn't serious, but it does seem that Plains' track meets are invariably held during sandstorms.

Some people even blame that same kind of weather on the lack of interest in high school baseball in this area. And they might have a point. But if they do, it's not a good one.

Be that as it may, we can, we say without fear of contradiction, expect to have some real good windmill weather for the next 60 days or so.

Some people say they even get lonesome for the wind when it doesn't blow. And we suppose that goes for the sand, too.

Jack Clayton says that one advantage to a good sandstorm is that FFA boys can practice soil judging without going outside. He says they can just look out their classroom window and watch the various kinds of soil go by!

Yes, it's truly an ill wind that blows no good at all.

Possibilities of a rest home being constructed and operated in Bovina are being investigated by directors of the chamber of commerce and others.

Such a development could be a wonderful thing for the community.

We'll have more to say about this as plans develop, if they do.

There's a growing need for facilities of this type all over the country, and Bovina is no exception.

Up until last Tuesday night, we'd never been much of a prize fight fan. And our interest wasn't increased a bit by the so-called world championship fight between Gaseous Cassius Clay and Big Ugly Bear Sonny Liston.

Contrary to the feelings of most people we know, we doubt that the fight was fixed. Clay's upset victory turned out to be "just one of those things."

We think, however, that Liston owed a better fight to the American people. He said his left arm was hurting. It probably was, but we don't think that gave him the right to throw in the towel.

If you're going to fight for the world championship, fight; don't give up sitting on a stool. Go and fight. Then if you get whipped, well . . . you can always say you tried.

Americans love a determined, do or die, fighter, whether he wins or loses. But there's not much you can say for a man who gives up because he's hurting a little.

We were under the impression that a man fighting in a ring is apt to be hurting all over before the fight is finished. But maybe we're old-fashioned.

Too, we don't yet have any respect for Clay's ability as a boxer.

We could be proven wrong on this point, though, as he may turn out to be an able champion.

All this is assuming, as we said before, that the fight was on the up and up . . .

Another thing that irked us was the fact that the "fight" was on the same night last week that the highly-important Texas A&M-Texas Tech basketball game was played.

Texas A&M won. Next day, Tech basketball fans were so "busy" talking about the fight that they didn't seem interested in basketball at all. Not to us, anyway.

Just to be courteous, we would ask the, "Who won?" They were well aware, of course, that we had reference to the Southwest Conference basketball game, but the answer was invariably, "Why Clay did, didn't you hear?"

In spite of their rudeness, though, revenge was wonderfully sweet!

So nice, in fact, that we may even fuss with them again some day.

School Board Names Superintendent

FOR CHAMBER--

Membership Drive Friday

Possibilities of constructing a rest home in Bovina highlighted a regular meeting of the board of directors of Bovina Chamber of Commerce and Agriculture Thursday.

The directors favored furnishing a location to a reputable firm interested in constructing such a facility here.

Deadline for chamber members to vote for five new directors was extended to Friday, March 6. The original deadline had been March 1.

Only 31 of 60 members have paid their 1964 dues, Jack McCracken, chamber manager, reported. Teams of chamber directors will contact potential members during a drive Friday. People paying their dues at that time will be allowed to vote for directors.

Three teams will conduct the membership drive. Team No. 1 consists of Mario Trevino, McCracken and Jim Russell.

On the second team are Bedford Caldwell, Gene Ezell and Don Stone. Team No. 3 is made up of Jay Sherrill, Bud Crump and Edward Isaac.

A committee of six was named to attend banquets of other chambers in the area. Serving on this are Dolph Moten, McCracken, Caldwell, Ezell, Sherrill and Russell.

Some of the members of that committee are slated to attend the banquet at Farwell tomorrow (Thursday) night.

Approximately 150 tickets (Continued on Page 2)

Weather by Willie

I have seen good crop shooters crap out. But a little more moisture this week.

---Willie

NAMED SUPERINTENDENT -- Otis Spears of Tahoka, who has been named by the school board as superintendent here effective July 1, was in town Monday for a visit.

Also Signed Coaches

Otis Spears of Tahoka has been named superintendent of Bovina Schools effective July 1. Spears will replace Warren Morton, whose contract expires at that time.

Morton, who has served as superintendent here since July of 1956, requested a year ago that his two-year contract not be renewed when it expired this year.

Announcement of the signing of Spears, who is completing his 13th year as head of the Tahoka school system, was made Saturday afternoon following a meeting of the school board.

The board also announced the signing of two coaches. They are Ray A. Stone, now head football coach and athletic director at Sam Houston Junior High at Borger, and Milt Fitts will be head basketball coach.

They will replace Hallie Gee and Malcolm Kennedy who are completing their fourth year here. They requested their contracts not be renewed several weeks ago.

Announcement of the signing

of the new superintendent and coaches highlighted a series of lengthy meetings of the school

board during past few weeks.

26 TEAMS ENTERED --

Volleyball Meet This Weekend

It's volleyball time in Bovina. Bovina High senior Class' fourth annual tournament gets underway tomorrow (Thursday) at 4:30.

A total of 26 teams are entered in the three-day meet-- 14 in the men's bracket and 12 in women's divisions.

Tournament action also begins Friday at 4:30 p.m. Play will start Saturday afternoon as early as is necessary to complete all the games, Richard Roberts, senior class sponsor, says.

Trophies will be presented to first, second and consolation winners in each division.

Teams have been entered from Amarillo, Lazbuddie and Farwell in addition to Bovina. Admission charges will be 25 cents per day per person. Proceeds from the tournament will be used for annual senior class trip.

The event has been highly successful during the past three years.

Local teams have been practicing for the meet in Williford Gym for the past week or so.

Each team is limited to eight players. Also a player may participate on only one team, according to tournament rules.

SPONSORED BY LIONS CLUB --

Bovina FFA Livestock Show Saturday

Ten classes of animals will be exhibited in Bovina FFA's Livestock Show Saturday.

The event will be in school-owned showbarn located on North Eighth Street. Sponsor of the show is Bovina Lions Club, which will provide prize money.

Animals to be exhibited are eight steers, which will be divided in two classes; seven barrows, which will be shown in three classes; 10 lambs in four classes; and one class of gilts, John Paul Jones, chapter advisor, says.

Exhibiting steers will be Jackie McCarty, Scotty Rundell, two; Dennis Johnston, Richard Carson, Gregg Wilson, James Calaway and Barry McCutchan.

Showing lambs will be James Denney, Hampshire and fine

wool; Dennis Johnston, Hampshire; Eddie Corn, Hampshire; Lane Gober, Hampshire; Eddie Reeves, crossbred; Jerry Roach, crossbred; Billy Marshall, two Southdowns and Gary Beauchamp, Hampshire.

Entering barrows in the show

are Larry Dendy, a Duroc and a Hampshire; Randy Jones, Duroc; Tommy Crump, Poland China and Hampshire; Larry Riley, Poland China; and James Burnett, Poland China.

Jones said this week that it is not yet known how many of

the animals will be brought to the barn Friday night and kept there until the judging the

next day. Judging is slated to get underway shortly after 9 a. m.

Serving as judge of the show will be Allan Staley, Bovina High principal, who has many years experience as a livestock show judge. FFA advisor at Clovis High School for 17 years, Staley has judged several shows in New Mexico including Eastern New Mexico Fair at Roswell and the Curry County Fair at Clovis.

Hardware Burglar Strikes

A particular burglar broke into Gaines Hardware Co. Wednesday night of last week.

Evidently being careful not to disturb merchandise he didn't plan to take with him, the intruder carried off 13 wrist watches, nine pocket watches, five clocks, 12 pocket knives, three transistor radios and 125 boxes of .22 bullets.

Entrance to the building was gained by breaking open a rear door.

Also, a large window pane in the store's office was broken, Mrs. Lady Armstrong, operator of the firm, says.

There was a minimum of damage to merchandise which wasn't stolen, Mrs. Armstrong says.

Parmer County Sheriff's Department investigated the break-in.

Attend the FFA livestock show Saturday morning.

Lions Plan School Visit

In observance of Public School Week, March 1-7, members of Bovina Lions Club will visit school Thursday.

They will eat in the cafeteria at noon and visit classes before and after the meal, Warren Morton, president of the organization, announces.

"All people in our community are welcome to visit our school this week and every week," Morton says.

Petition Candidates For City

City political steam was turned on last week as four candidates were petitioned for three vacancies which open on city council next month.

One petition requested the names of three people, Mrs. Lady Armstrong, Lloyd Gober and Jerry Rogers, be listed as candidates. The other submitted Mario Trevino as a candidate. Bovina voters will elect a mayor and three council members in this year's election which is slated for Tuesday, April 7.

Mayor Boyd Gilreath was petitioned for re-election last week. He is now completing his first two-year term.

Councilmen whose terms expire are A. R. McCutchan, A. L. Glasscock, and J. E. Sherrill.

Deadline for candidates to file or for citizens to petition candidates is Saturday--30 days prior to the election, Mrs. Mary Ruth Martin, city secretary, announces.

Mrs. Armstrong operates Gaines Hardware Co., Gober is a farmer, Rogers is a barber, and Trevino is office manager of Gateway Produce Co.

Wilson's Birthday Said 'Best Ever'

The biggest birthday party ever in Bovina was held Saturday at Wilson's Super Market.

The firm celebrated its 17th business anniversary. "This was the biggest and best promotion we've ever had," A. M. Wilson, owner - manager, announced at the close of business Saturday.

Combined with annual spring Shurline sale, the anniversary was Thursday, Friday and Saturday with Saturday being the big day.

Seventeen baskets--one for each of the store's years--of groceries were given Saturday. The baskets were valued at \$25 each.

Grocery winners were Mrs. R. N. Williford, Nancy Pipes, T. P. Griffith, Kristina Ridings, I. W. Quikel, Mrs. N. A. Curry, Doris Wilson, Ola Lee Jones, Jewell Tabor, Mrs.

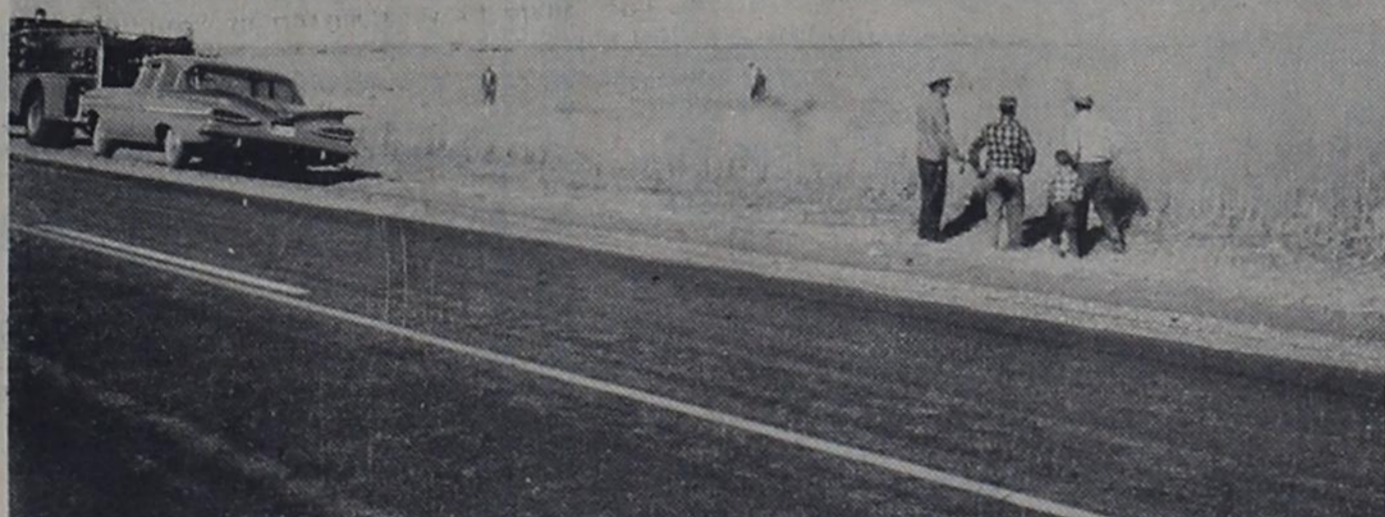

Carl Rea, Jessie Roach, Cash Richards, Mary Ruth Redden, Bernice Crump, Mrs. Max Kennedy, Tom Bonds and Ila Ruth Gilreath.

Winners of six Borden's milk Elsie dolls were Mrs. Jim Russell, Tammy Damron, Twyla Hutto, Roger Shook, Julia Blagg and Mrs. Marlin Ferguson.

Birthday cake and coffee were served to visitors and shoppers Saturday. Also, Gunn Bros. Stamps Wheel of Fortune was in the store so people could win free stamps. Borden's chocolate milk and ice cream were served. Hot dogs, with Pinkney Sun-Ray franks and Tender Crust buns, were served and Amarillo Packing Co. gave samples of Happy Pig Sausage.

"We greatly appreciate the response of our customers to the anniversary," Wilson said.

The event was advertised exclusively in The Bovina Blade.

GRASS FIRE! -- Bovina Volunteer Fire Department battled a pasture fire on Joe Wilson's place five miles north of town Sunday afternoon. Of unknown origin, the fire destroyed several acres of grass before it could be brought under control. Another grass fire a mile southwest of Bovina destroyed some 40 or 50 acres of grass belonging to George McKinney and Jack Clayton. Bulk of the damaged grass was owned by McKinney.

WILSON'S 17TH ANNIVERSARY SCENES -- At left, Mrs. Penny Anderson is having her purchases checked by Mrs. A. M. Wilson and boxed by Ed Skypala, Borden's milk distributor of Hereford. At right, A. M. Wilson is holding the ticket box as a lucky ticket is drawn for a \$25 basket of

groceries -- one of 17 given away during the day. J. A. Windom, Gunn Bros. Stamps representative of Amarillo, is at right handling public address system duties.

County Livestock Show Set For March 12-13-14

Work is progressing toward the eighth annual Parmer County Junior Livestock Show, scheduled for March 12-14 in Friona.

The show, under the sponsorship of the Friona Lions Club, in conjunction with other clubs in the county, will be held at the school bus barn in Friona. Judge for this year's show is to be Paul Gross, Seminole, assistant county agent for Gaines County General Superintendent for the show is M. C. Osborn; assistant is Gary Brown. Bill Ellis is in charge of publicity.

Swine division -- Dwain Menefee, chairman; Bill Lyles, Jimmy Smith, Paul Hall, Wes Barnett and Marion Fite, assistants.

Steer division -- Osborn, chairman, Newman Jarrell, Jr., assistant.

Sheep division -- Otho Whitefield, chairman; Gary Brown, assistant, Sale and billing -- Steve Messenger, chairman; Danny Balnum, Bill Beene, Flake Barber, Porter Roberts, assistants.

Finance and buyers -- W. H. Long, chairman; A. L. Black, Pete Buske, Deon Awtrey and Hollis Horton.

A clean-up committee is composed of all vocational agriculture instructors in the county, the county agent, and their exhibitors.

"Our show will be a little smaller this year, particularly in the swine division. We anticipate no more than 95 hogs, after the dropouts and pre-judging," Osborn said.

Some tourists look at the scenery, others see it.

Capt. Ronald Amundsen located the magnetic north pole in 1906.

Coral snake bites are fatal in about 20 per cent of the cases.

The largest chunk of quartz (70 tons) was found in Russia.

Membership--

(Continued from Page 1)

have been sold for Bovina's fourth annual chamber banquet. It is slated for Thursday, March 19.

Clint Formby, Hereford radioman, will be guest speaker. He is owner-manager of Radio Station KPAN in Hereford.

A graduate of Texas Tech, Formby was president of the student body during his undergraduate days there, is a past-president of Tech Ex-Students Association, past-president of Deaf Smith County Chamber of Commerce, chairman of Texas AM Broadcasters, and has been keynote speaker for the last two years at West Texas Chamber of Commerce Leadership Conference.

Reflections From The Blade

SIX YEARS AGO
 March 5, 1958

The Bovina Filles Tuesday night clinched the bi-district championship title in Sudan against their opponent of District 4-B, Spade.

A new business, the G-W Carpet Company, is among the firms of Bovina this week after the manager arrived to begin the business.

The company is a branch of The Great Western Company that opened its doors in Bovina last November.

Names of four men of Bovina will be listed on the ballots for April 1, as citizens of the town cast votes for mayor for a two-year term.

Candidates are incumbent, mayor, J. E. Sherrill Jr., who is finishing a two year term; H. J. Charles, Louis A. Marot and Hubert D. Ellison.

Former publisher of The Bovina-Blade, Dolph Moten, is now editor of the Olton Surprise.

Duane Rea, five-time winner in the Parmer County Cotton Growers Association contest, spoke at the regular meeting of Bovina Lions Club Thursday night.

THREE YEARS AGO
 March 8, 1961

Bovina's First Annual Chamber of Commerce and Agriculture banquet with a hoped-for crowd of 300 is slated for tomorrow, Thursday, night in school cafeteria. Jack Lacy, manager of Amarillo Chamber of Commerce, will be guest speaker.

An Angus steer owned by Olen Johnston and a Duroc barrow exhibited by Buddy Turner were named grand champions at Bovina FFA sixth annual Project Show Saturday.

Eight candidates are seeking two positions on Bovina City commission in April 4 election.

The candidates are seeking two year terms.

The positions are presently held by E. B. Caldwell and I. W. Quickel both of whom are seeking re-election.

Latest to join the race is Boyd Gilreath, owner of Bovina Dairy Freeze. Others in the race are Bud Crump, Al Kerby, Johnie Horn, Archie McCutchan and L. M. Grissom.

School --

(Continued from Page 1)

Spears is a native of Tahoka, having moved there with his parents when he was eight years old. He holds bachelors and masters degrees from Texas Tech.

He served as principal of Tahoka High two years before becoming superintendent. He was also superintendent at Cooper one year.

Mrs. Spears is a teacher in elementary school at Tahoka. The couple has a son who will receive a degree in chemical engineering from Tech in May and another son who is in the seventh grade. Mrs. Spears is also a Tech graduate.

Spears was given a two-year contract.

Stone received his bachelors and masters degrees from North Texas State College at Denton in 1956. He has four years of coaching experience, all at Borger.

Serving as head coach of the freshman teams, he has a 39-8 in football and a 25-0 mark in basketball.

Stone is married and has four children.

A native of Tahoka, Fitts was graduated from West Texas State University in '60. He was a basketball star for the Buffaloes during his college career and was an all-state performer for Tahoka High School in basketball.

Following his graduation from WT, Fitts returned to Tahoka as an assistant coach and was named head basketball coach two years ago. He also

Trained elephants recognize 20 to 25 different work commands.

serves as assistant football coach there.

He and his wife have two children.

Stone and Fitts were each given one-year contracts.

Grand Jury Indicts 19

A total of 19 indictments were returned by the Parmer County Grand Jury, Monday. Sixteen of the persons are in custody and names of the other three against whom indictments were returned are being withheld pending their arrest.

Two of the suspects, Serapio Uvalde and Bruce Jordan Voyles entered pleas of guilty on Tuesday. Uvalde was given a three year probation sentence on a forgery and passing charge and Voyles, facing a charge of theft was given a four year probation sentence.

Other pleas of guilty are expected to be entered on Thursday. Four divorces were also granted during the court sessions. The jury has been called to report on Friday morning. Scheduled for that time is the case State of Texas VS David

74 Have Blood Typed

A total of 74 participated in a blood-typing clinic for Bovina Sunday afternoon.

The clinic, sponsored by Bovina Lions Club, was in school cafeteria.

Mike Pavalus of Parmer County Community Hospital staff at Friona, was in charge of the blood-typing. He was assisted by Jack Patterson and Carl Rea of the Lions Club.

The types of blood will be on file at the hospital to aid in obtaining blood at times of emergency.

NEWSLETTER From U. S. Senator RALPH W. YARBOROUGH

Dear Fellow Texan:

The United States Senate voted this week 74 to 19 for final passage of the bill for a tax cut of \$11,545,000,000. I have been advocating a substantial tax cut for seven years, and I'm pleased to have been among the overwhelming majority that supported this badly needed tax cut.

Why was it needed?

First, to give some relief to American taxpayers overburdened by high taxes ever since World War II.

Second, because our economy has been plagued by a dangerously high unemployment rate, a rate that has never fallen below 5 1/2 per cent in the last six years, a rate certain to rise even higher had there been no tax cut. We have 70 million people employed, an all-time high. Yet, we had 5 1/2 per cent unemployment, between four and five million workers.

This tax cut was an effort to create new jobs to alleviate unemployment.

Individuals in Texas will benefit some \$407 million in wages from this tax cut. The deductible rate on the weekly or monthly salary checks have been cut from 18 per cent to 14 per cent.

Of equal importance is the fact that this tax cut, with the stimulation of \$35 to \$40 Billion a year more in the Gross National Product, will mean some two million more jobs nationwide -- when the tax cut is effected -- than if there had been no reduction. This estimate by the Labor Department and other government authorities takes into consideration the fact that there would have been a further rise in unemployment rate without the tax cut.

The 88th Congress is not relying on this tax cut alone to combat unemployment. We passed five major education bills, the best education record of any Congress since the Morrill Land Grant College Act was passed in 1862 and signed by Abraham Lincoln. The Senate has passed a Youth Employment Act, now pending in the House of Representatives to help create jobs for your young people by a Youth Conservation Corps, similar to the old Civilian Conservation Corps camps.

The President has called for a high level commission on automation, because automation is cutting out a million and a quarter jobs a year. The Area Redevelopment Administration, a cooperative program with local government and businesses, has created more than 1600 new jobs in Texas. Fifty-five counties in Texas are eligible to take part. In addition, we have created many thousands of jobs by the accelerated Public Works programs for local cities and towns in Texas and elsewhere.

--Ralph W. Yarborough

By Vern Sanford

Texas' boom in man-made lakes has opened many new frontiers for the outdoorsman. But perhaps the least-known pastime of all is skin diving.

This is a fascinating sport and one that is learned easily. It opens many new and exciting hobbies, such as spearfishing, underwater photography or just exploring along the floor of a lake.

Although interest in skin diving has grown tremendously within the last few years, it is not a learn-it-yourself sport. No would-be diver should attempt it without first becoming thoroughly familiar with basic diving fundamentals, the equipment used and his physical capabilities.

Skin diving includes both snorkel and SCUBA diving. The first requires only a face mask, swim fins and a snorkel tube. It is the way most divers get started.

SCUBA diving, which gets its name from Self Contained Underwater Breathing Apparatus, requires quite a bit of equipment, including an air tank and the necessary attachments.

The tank or lung is strapped to the diver's back. Air is passed from the tank to the diver through a regulator, tubes and mouthpiece. The regulator on the tank reduces the air pressure to a comfortable breathing level. Exhaled air passes through a

flutter valve and produces the familiar bubbles seen on the surface.

Advantage of SCUBA diving is that it allows the diver to remain under surface for long periods of time and permits him to dive to greater depths.

Any attempt to learn SCUBA diving merely by reading a newspaper article, magazine story or for that matter an instruction book, would be foolhardy. Learn the sport under the guidance of an expert skin diver.

In areas where organized instruction courses are not available, it is often possible to contact an individual who is qualified and willing to act as an instructor. Several skin diving clubs have been formed in Texas and most of the major cities have one.

Before you even think about taking up skin diving, consider your physical condition. Age is seldom a factor but people with heart or chronic respiratory ailments should not become skin divers. It is a rather rigorous sport and should be attempted only by people in reasonably good health.

Skin diving is governed by several easily learned common sense rules. Perhaps the most important piece of advice a beginner should remember is never dive alone. Skin diving is safer and a lot more fun when the buddy system is used.

STARTS MARCH 24--

County Oks Bookmobile

The Texas State Library Bookmobile program was approved by Parmer County Commissioners, unanimously last week and Judge Loyde Brewer issued the following statement:

"Come on for consideration the matter of the proposed Multi-County plan for operation of a Bookmobile from the Texas State Library, whereby the Texas State Library pays the cost of a Mobile Library to operate in each community of Parmer County for a period of two years beginning January 1, 1965, with the participating counties to assume the cost beginning with the third year. The Parmer County Commissioner's Court cannot commit the Commissioner's Court of 1967, but realizes that the future of the plan will depend upon its acceptance by the people of Parmer County, and the availability of County Funds in 1967.

Therefore, it is moved by Commissioner Jefferson and seconded by Commissioner Cox that the Multi-County Library plan as sponsored by the Texas State Library be approved insofar as this Commissioner's Court has the authority so to do."

Commissioners met with

county residents last week and had the program explained to them by Charles Gholz, field consultant of the State Library; however after some discussion they decided to postpone their decision for a one week period in order to give residents of the county more time to express their views on the bookmobile.

Parmer County commissioners had approved the program in a meeting last week. Headquarters for the library will be established in Muleshoe with commissioners there agreeing to furnish a suitable place for shelving books, and to pay utilities and janitor service. This is a responsibility of the counties participating in the program.

The bookmobile carries books, and stops are set up in participating counties according to the number of people who use the library facilities. All books aren't shipped at once -- about 100 are added each month, giving the library new books all the time.

Target date set for the operation to begin is March 24, says Roy Davis, manager of Muleshoe Chamber of Commerce and co-ordinator of the program in the multi-county area.

Highlights and Sidelights From Your State Capital

By--Vern Sanford
Texas Press Association
AUSTIN--Courts are making the news these days.

Texas Supreme Court will hear arguments in an important test case which will determine whether holders of paid political offices can run for the Legislature during their present elective or appointive terms.

Truman P. Kirk, Abilene lawyer and legislative candidate, is trying to keep 104th Dist. Atty. Tom Todd off the Democratic ballot. Todd's term as D. A. runs through December 31, although he has resigned effective November 1. Present office holder is Rep.

Allen Glenn of Abilene. Court's decision will affect many local officeholders over the state similarly seeking legislative places this year.

In earlier action the State Supreme Court lost little time in polishing off an attempt to ban, from jury service, all who saw telecasts of the shooting of Lee Harvey Oswald.

High court refused a request, by Jack Ruby's attorneys, for permission to file a petition for mandamus to force Dallas Trial Judge Joe B. Brown to accept two televiewers as defense witnesses.

A day later the Court turned down another motion for leave to file a mandamus pleading. This was from Leroy Roach of Brownwood. Roach has tried unsuccessfully to get his name on the 64th District ballot as a legislative candidate. Area includes Brown, Coleman, Comanche and Runtell Counties.

Roach's application arrived after the filing deadline, and was not sent by registered or certified mail. So the Democratic county chairman rejected it.

James M. Bushnell, convicted of robbery in Orange County nearly 20 years ago, finally won a new trial. Court of Criminal Appeals said he was entitled to one under the recent U. S. Supreme Court ruling that every indigent person charged with a felony must have a court appointed attorney. Bushnell had no lawyer at the original trial.

PARTY LEADERS TO MEET --Both Democratic and Republican state executive committees will hold meetings here on March 9.

Required business is certifying candidates for statewide primary ballots, selection of party convention sites and the place of May 12 meetings to canvass the May 2 vote.

Scene-stealer at the Republican meeting, however, is the decision on whether (and how) to hold a presidential straw vote in connection with the first primary. The GOP will also get a look at its statewide candidates and hear an address by its only gubernatorial conten-

Of Interest To THE WOMEN

Mrs. Hromas Entertains Bridge Club

Mrs. Glenn Hromas entertained several women with a bridge party Wednesday afternoon at her home.

The recently organized club made plans to meet twice a month at members homes.

During the afternoon refreshments of finger sandwiches, chips, dips, coffee, tea and cake were served to those present.

Attending were Mrs. Scott Gober, Mrs. Nicky Foster, Mrs. Lanham Ford, Mrs. Bob McMeans, Mrs. Keith Garner, Mrs. Don Owens, Mrs. Erith Hawkins and Mrs. Hromas.

Hospital Notes

Mrs. J. D. Stevens was hospitalized recently at Parmer County Community Hospital in Friona. She is reported to be in fair condition.

Mrs. L. L. Boatman is hospitalized at Parmer County Community Hospital at Friona.

W. C. (Dub) Mayhew was hospitalized Friday evening at Parmer County Community Hospital in Friona. He is reported to be improving.

Mrs. H. J. Charles was admitted to Parmer County Community Hospital in Friona Monday.

Pastors Speak To Woman's Club

Rev. Harold Morris, pastor of Bovina Methodist Church, and Rev. John Ferguson, pastor of First Baptist Church, presented the program to Woman's Study Club Thursday afternoon at club house.

Rev. Morris spoke on "Women in Home and Community" and Rev. Ferguson talked about "Women in the Mission Field."

Following the program refreshments of oatmeal cake and coffee were served to guests by Mrs. Rouel Barron.

Attending were Mrs. H. D. Bradshaw, Mrs. J. R. Caldwell, Mrs. H. L. Ivy, Mrs. Clarence

Jones, Mrs. Ovid Lawlis, Mrs. Warren Morton, Mrs. I. W. Quikkel, Mrs. Charles Ross, Mrs. A. E. Steelman, Mrs. Earl Stevenson, Mrs. Billie Sudderth, Mrs. Frank Turner and Mrs. Lloyd Battey.

Mrs. Williams Has Service Guild Program

Mrs. W. E. Williams was in charge of program titled, "Three Classics on Christian Perfection," at Wesleyan Service Guild Tuesday evening. The troupe met in parlor of Methodist Church.

Assisting Mrs. Williams with the program were Mrs. Bedford Caldwell and Mrs. Harold Morris.

Hosting the meeting were Mrs. Margaret Caldwell and Miss Rita Caldwell.

Others present were Mrs. D. R. Bushnell, Mrs. Edward Isaac, Mrs. Earl Stevenson, Mrs. Dean Hastings and Mrs. Vernon Estes.

Guadalupeans Meet Sunday

Parish Hall was scene of monthly meeting of Guadalupeans Society of St. Ann's Catholic Church Sunday afternoon.

Mrs. Jesus Cano and Mrs. Ben C. Rejino presented reports of hospital visitation.

The group voted to make the communion and confirmation gowns to be worn by the children.

Club Meets In Wilson Home

Mrs. Jim Hemke won high prize at Thursday Afternoon Bridge club at the home of Mrs. R. E. Wilson recently.

Others winning prizes were Mrs. Jimmy Ware, low, Mrs. Vernon Willard, traveling and Mrs. A. M. Wilson, bingo prize.

Refreshments of chips, dips, relishes, angel cake, coffee tea and soft drinks were served throughout the afternoon.

Attending were Mrs. Leon Grissom, Mrs. Dean McCallum, Mrs. Bedford Caldwell, Mrs. Don Sides, Mrs. Johnnie Horn, Mrs. J.E. Sherrill, Mrs. Durward Bell, Mrs. Hemke, Mrs. Ware, Mrs. Wilson, Mrs. Willard and the hostess.

Party To Fete Granny Gaines

Mrs. J. Sam (Granny) Gaines will celebrate her eighty-seventh birthday Saturday, March 7, at her home with a covered dish luncheon at 12:30. Also celebrating with her will be her granddaughter-in-law, Mrs. S. A. Barbee Jr., and Rev. John Ferguson, pastor of First Baptist Church.

Open house will be held between the hours three and five p.m.

Friends are cordially invited to attend the birthday celebration which is hosted by Mrs. Lady Armstrong.

Jim Taylors Have Boy

Mr. and Mrs. Jim Taylor of Lancaster, Calif., are the parents of a baby boy.

The new arrival weighed five pounds 14 ounces and was born February 13 at Analoque Valley Hospital. He is named Kenneth Lynn.

They are also the parents of a daughter, Joyce Ann who is three years old.

Grandparents are Mr. and Mrs. James Taylor of Bovina and Mr. and Mrs. George Presley of Lancaster.

Great-grandparents are Mr. and Mrs. J. L. Taylor of Friona.

Class Meets In Rogers Home

Mrs. Jerry Rogers hosted Friendly Circle Sunday School Class meeting Friday morning at her home.

The group made plans for the coming revival.

Refreshments of sweet rolls and coffee were served to guests by Mrs. Charles Vickers and Mrs. Rogers.

Attending were Mrs. Glenn Hromas, Mrs. Charlie Owen, Mrs. Jim Russell, Mrs. Wendol Garner and the hostesses.

QUIET ELEGANCE—Focal point for elegant bedroom decor is this handsome quilted spread of cotton chintz. The fabric was designed by Cyrus Clark for Everglaze and features a distinctive songbird print in blue, green, and aqua tones. The bed is finished in dark blue enamel for pleasing coordination.

You are invited to help celebrate the eighty-seventh birthday of Granny Gaines Saturday, March 7, 1964 in her home

Lunch will be served from 12:30 to 3 p.m.

Open house between the hours 3 and 5 p.m.

Blade Sawdust

We've had the stone age, the hydrogen age, nuclear age and at present we are in the "Stretch Age." It seems that every-thing these days stretches.

Used to, one was lucky if the socks had an elastic top to stretch, now the entire sock looks like it would fit an infant when it is purchased. However, it stretches to fit a rather good-size foot. Stretch pants seem to be the current rage. These garments are especially nice for those who have an elastic figure. This way one is assured that five pounds won't make a great deal of difference, just stretch those pants on and all is well.

The one exception to the stretch age is the dollar bill. So far we haven't noticed any elasticity in it.

We've heard some comment that curls are returning to hair-dos. Guess we have just gotten used to the "smooth do" but we certainly hate to see the return of curly hair. Looking through old magazines and seeing pictures of the high pompadour and curly long hair is almost revolting.

The retired sportsmen and women are all shaking out their tennis shoes and sweat shirts, getting ready for the up coming volley ball tournament. The thing that surprises us most is the people who make up these teams. The ones least sports-minded seem to be the ones who enjoy playing volleyball. The tournament always seems to be a success.

We have heard some favorable comment on the women school board members idea, but so far no volunteers to seek election. Guess when next election time comes around we women will have to get organized and petition some able candidates to run. Most women agreed that we need some women on the school board and many agreed that they were as well if not better qualified than men.

One of the new spring colors in shoes and bags is called "white lightning." Now we had always thought this was some kind of drink connected with prohibition. This same color last year was referred to as bone. Perhaps the color referred to now as cranberry will be changed to singapore sling or sloe gin fizz. At least they are more colorful sounding this way.

Dick Martins Have Daughter

Mr. and Mrs. Dick Martin of Odessa became the parents of a baby daughter Sunday morning at Medical Center Hospital in Odessa.

The infant weighed 7 and one half pounds and is named Becky Rene.

The Martins are also the parents of another daughter, Kenda, who is three years old.

Grandparents are Mr. and Mrs. Lester Rhinehart and Mrs. Mary Ruth Martin.

Great-grandfather is Bob Sisk.

Edwin Lides Parents Of Girl

Mr. and Mrs. Edwin Lide are the parents of a baby daughter born January 18.

The infant weighed six pounds eight ounces and is named Donna Beth.

Grandparents are Mr. and Mrs. Jim Roberts of Bovina and Mr. and Mrs. Wiley Lide of Amherst.

Attended Lectures At Abilene

Several couples from Bovina Church of Christ attended a lectureship series at Abilene Christian College last week.

Those attending were Minister and Mrs. Don Stone, Mr. and Mrs. Billy Marshall, Mr. and Mrs. Buck Ellison, Mr. and Mrs. Levi Johnson, Mr. and Mrs. E. O. Johnston, and Mr. and Mrs. Marlin Ferguson.

H.D. Club Meets In Foster Home

Mrs. Demp Foster entertained members of Lazbuddie Home Demonstration Club with a luncheon at her home recently.

Mrs. Joe Briggs and Mrs. Raymond McChee presented a program on broiled lunches.

The luncheon was hosted by Mrs. Dorothy Wier, Mrs. Joe Briggs, Mrs. Raymond McChee and Mrs. Foster.

The group will meet in the home of Mrs. Roy Miller for their next program which will be a talk from an exchange student of Argentina.

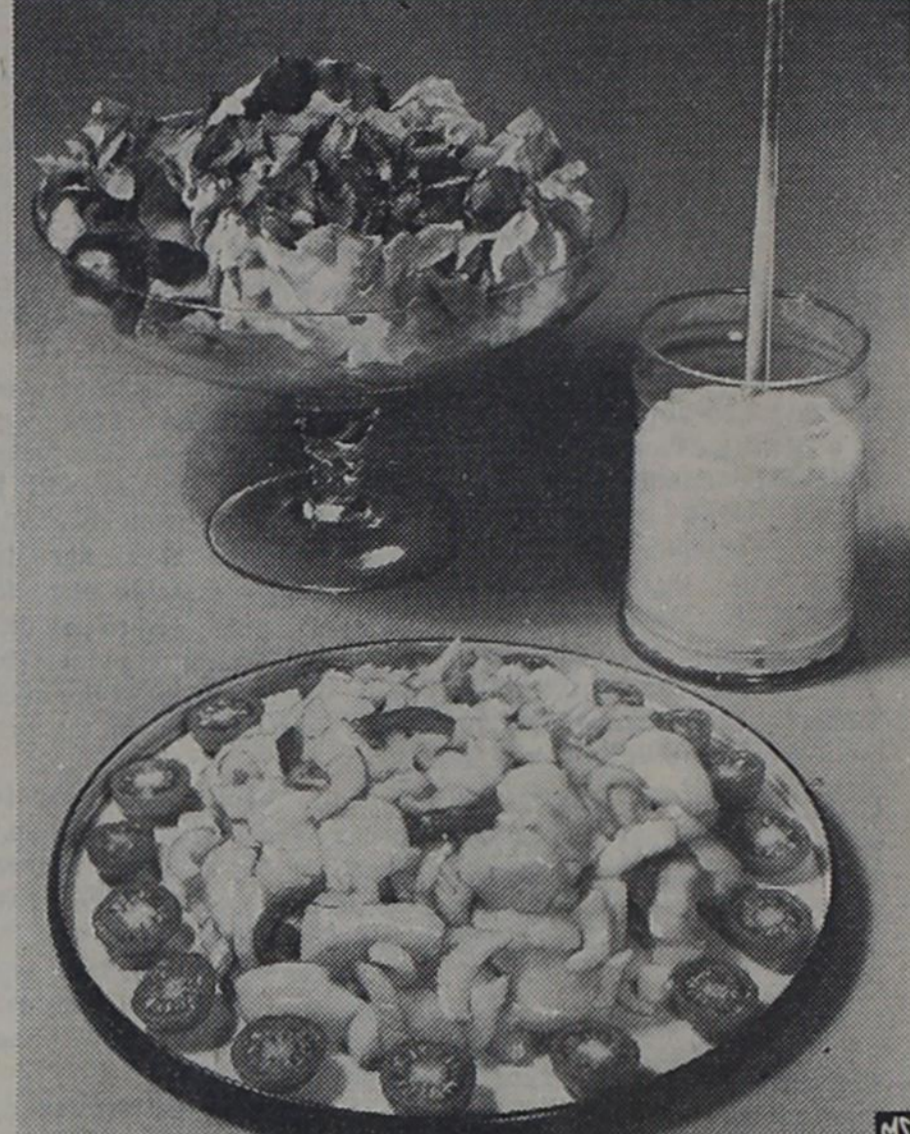

Boy Born To Wayne Karrs

Mr. and Mrs. Wayne Karr of Texico are the parents of a baby boy born Sunday at Parmer County Community Hospital in Friona.

The new arrival weighed six pounds and is named Gary Wayne.

Grandparents are Mr. and Mrs. Wayne Webb of Farwell and great-grandmother is Mrs. Bessie Webb of Bovina.

As Modern As The World's Fair

The beautiful modern Best Foods Kitchens in the Better Living building at the New York World's Fair will be a natural setting for this sea Scallop Salad made with real mayonnaise.

Scallop Salad

1/2 pint (1/2 pound) fresh sea scallops, washed and drained	1/2 teaspoon lemon juice
2 tablespoons water	1/8 teaspoon salt
1 tablespoon lemon juice	Dash pepper
2 tablespoons real mayonnaise	1/2 cup sliced celery
2 tablespoons tartar sauce	2 tablespoons sliced pimiento
1 teaspoon tarragon vinegar	Salad greens
	Green pepper strips or rings
	Celery strips

Combine scallops, water and 1 tablespoon lemon juice in saucepan. Bring to boil, then simmer, covered, 2 to 5 minutes. Drain; chill. Cut scallops into quarters. Blend mayonnaise, tartar sauce, vinegar, lemon juice, salt and pepper. Toss with scallops, sliced celery and pimiento. Chill until serving time. Mount on salad greens or serve prepared salad greens. Garnish with green pepper and celery strips and sliced tomatoes as desired. Serve real mayonnaise separately. Makes 3 servings.

YOU SAVE ENOUGH TO BUY

WHEN YOU DRY WITH GAS

TWO MONTHS SUPPLY OF MILK

SAVE ON INSTALLATION AND MAINTENANCE, TOO.

A GAS clothes dryer costs less to install and maintenance costs are the lowest of any dryer. A GAS burner, the heart of your dryer, carries a lifetime guarantee.

When you dry your clothes with GAS, you can save \$24.00 a year on your utility bill! That's enough to buy twenty-five gallons of milk... a two months supply for an average family of four. You get quality performance, too. GAS dries your clothes faster... yet gently... and leaves them as fresh as springtime.

Fuel for a growing empire Pioneer Natural Gas Company

More Grain, More Profit, Less Work

Plant grain sorghum drilled or two rows per bed, use 8 to 10 pounds seed per acre, and take advantage of chemicals to keep the weeds out. This is the production combination that can yield more grain, more profit, with less work.

Tests at the Southwestern Plains Field Station at Shiland, Texas, and at the South Plains Research and Extension Center, Lubbock, have shown narrow-row grain sorghum a yield-booster when properly managed. Billy Gunter, Area Extension Agronomist, emphasizes fertility level of the soil is a determining factor in getting high yields from narrow-row sorghum. Water must also be available when needed to maintain high grain yields, Gunter stresses. According to the agronomist, the fertility and irrigation levels should have a potential of at least 6500 pounds grain per acre or more before narrow-row planting could be expected to out yield regular 40" rows.

At the Bushland Station, experiments were conducted with different row spacings and planting rates over a three-year period. The 12 and 20-inch spacings consistently produced grain yields of 1000 pounds per acre higher and also produced more grain per inch of water used than the 30 or 40-inch row spacings. This is the report from Dr. Kenneth Porter, Texas Agricultural Experiment Station agronomist headquartered at Bushland.

Dr. Porter says rate of seed planted per acre had little influence on grain yields. Pounds of seed planted per acre were 4, 8, and 12 pounds at each row spacing. The higher planting rates produced the higher

forage yields—but not more grain. According to Dr. Porter, about 8 to 10 pounds seed per acre should give sufficient plants for maximum grain yield under most conditions, regardless of row spacing used. If the crop is being produced for grain, seed planting rates higher than 10 pounds per acre would then serve no useful purpose—in fact, these tests showed the fertilizer may not be as efficient for grain production as at lower seed planting rates. Comparable increases in yields are possible by planting two narrow rows on beds spaced about 40-inches apart. Many Plains farmers are going to this planting method—spacing rows on the bed 12-16 inches apart. But, as Gunter emphasizes, to obtain the most benefit from narrow-row spacing, adequate fertilizer and moisture levels must be maintained.

Narrow-row spacings also have the advantage over wide rows in weed control. Plants in narrow rows will shade out many of the weeds. With the addition of a new herbicide, propazine, to the grain sorghum chemicals list, weed control in narrow row sorghum is made even more efficient.

The herbicide is ideal for irrigated fields and is especially useful in narrow row plantings where mechanical cultivation would be difficult. Gunter says application recommendations call for spraying the chemical on immediately after planting at a rate of 1 to 2 pounds herbicide in 20-40 gallons water, per treated acre. For careless or pigweed control, use the one-pound rate. But for annual grass control, use the two pound rate on silty

clay loam soils. On fine sandy loam or coarser soil, use the one pound rate as a maximum. Apply the chemical immediately after planting so the first rain can leach it into the root zone. If rainfall occurs before chemical application, weeds may germinate and grow through the propazine on the soil surface. The chemical will control both grasses and broadleaf weeds. It is not toxic to cotton if drift occurs. With propazine, weeds are

controlled for a month or more if the soil is not distributed. A point to consider is "mapping" of fields where propazine or chemicals for other crops are applied. Many chemicals have a long residual action which can seriously damage germination and plant growth of susceptible crops. Propazine, for example, should be used

only where grain sorghum or corn can be grown the second crop season. Other crops could be subject to damage if planted too soon on soil that was propazine treated. According to Gunter, keeping an accurate map of what crops were grown and what chemicals were applied to all crops is well worth while.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

4-H members and leaders are really busy these days according to reports being turned in to me. The boys and girls taking Food and Nutrition projects are getting ready for the big county wide event, the Favorite Food Show contest in April.

The weather conditions have not cooperated too well but groups are doubling up on meetings in Foods, so the 4-H girls and boys can be better equipped to enter the Food Show in April. In our newest 4-H club, Far-

well Busy Bee's, we have 25 girls who are getting started in their project work. With some very capable adult leaders, I predict some good results in youth development. Last meeting of the club Parliamentary Procedure was practiced and you never saw a better or more orderly meeting.

The four Food Leaders are: Mrs. Glenn Phillips, Mrs. Beulah Hobbs, Mrs. Irvin Martin and Mrs. B. J. Roberts. Mrs. John Bolling is the club's Organization Leader. Parents are

cooperating with the leaders and with this kind of interest the club work will surely show progress and increased interest in Project work.

Mrs. Johnnie Rundell and Mrs. Webb Gober, 4-H Leaders reported two meetings on Bedroom Improvement with 8 girls in the Oklahoma Lane Community Center to see demonstrations on various ideas for improving bedrooms for convenience, attractiveness, and usefulness. After this each girl will decide on Home Improvements they want to work on.

The fangs of the cobra are smaller than those of the rattlesnake but its venom is more toxic.

On The Farm In Parmer County

By DERYL COKER
County Agent

Recent studies at the Southwestern Great Plains Field Station indicate that a single tansy mustard plant per square foot in dryland wheat fields reduced yields by about 10 per cent.

Agronomist, A. F. Wiese and Assistant Economist, J. S. Wehrly of the Texas Agricultural Experiment Station staff conducted the studies and developed a guide farmers can use to determine whether control of tansy mustard will be profitable. Tansy mustard is the most common weed over much of the Texas wheat producing

area. It has been known for some time that the weed did not compete with wheat for moisture when controlled with 2,4-D ester. The recent studies thus pinpointed the damage caused by the weed in wheat.

The scientist suggest that farmers watch their wheat fields in February or March, count the weeds -- on a square foot basis -- and make an estimate of potential wheat yield. Then by taking the 10 per cent damage for a single weed per sq. foot and varying it up or

down depending on weeds counted and using an assumed value of \$1.75 per bushel for the potential yield and figuring the cost of applying a half-pound of chemical per acre at \$1.50 (custom rate), farmers can determine whether control of the weed would be profitable, Wiese and Wehrly explain. The half-pound of 2,4-D ester should be applied after the wheat is fully tilled but before vigorous spring growth begins usually between February 15 and April 1, the scientists emphasize.

With one weed per square foot and a potential yield of only 5 bushels of wheat an acre, control would not pay. But if the yield were 20 bushels, the profit would be \$2. an acre. On fields with a potential yield of 20 bushels an acre and a weed population of four per square ft., control would increase profit by \$12.50 an acre.

Outdoors --

Once you have mastered the
basic diving techniques, a
whole new world will be open-
ed to you.

Perhaps your cup of tea is
spearfishing. This is a fasci-
nating sport which requires
stealth and a good shooting
eye. In a way, it is hunting
underwater. Texas permits
only the taking of rough fish
like gar and carp by skin di-
ving.

The diver is equipped with
a spring-type gun which
drives a spear with tremen-
dous force. Flipping quietly
through the water, the diver
approaches as close as possible
to his quarry, aims and lets
fire.

After your elementary edu-
cation in nearby lakes, maybe
you would like to try some-
thing bigger and more de-
manding. Many inland divers
head to the coast occasionally
to try their skill at spearing
the salt-water species.

A favorite spot for hunting
is around one of the many oil
wells lying off the Texas
coast. Often the diver will
find a huge jewfish lurking
there.

A diver who tangles with
a 200-pound-plus jewfish will
have a real tussle. Several
divers often team up to try
and bring these huge fish to
the surface.

CARD OF THANKS
We wish to take this oppor-
tunity to thank all the volunteer
workers and those who con-
tributed to Texas Heart Asso-
ciation with both their time and
money.
The Texas Heart Association 36-1tp

Divers are called on occa-
sionally to aid in underwater
searches. They look for valu-
able articles which have been
accidentally dropped into the
water. Also for the bodies of
drowned persons.

Sometimes parties are or-
ganized to travel to far-away
places--like the coast of Mex-
ico, Florida or the Bahamas
--to explore colorful under-
water reefs.

Anyway you take it, skin
diving is a fascinating, excit-
ing pastime.

To American cowboys spurs
were a necessary implement
when mounted, a social require-
ment when dismounted, and used
for everything from a branding
iron to a tombstone.

Cattle raisers entering the
Stephen F. Austin colony under
the early Mexican Colonization
Laws for Texas received a
league of land consisting of
4,428 acres.

Spaniards revolutionized the
economy of the American Plains
Indians by introduction of the
horse. They could round up
buffalo herds and travel great
distances with the new steeds.
It changed them from an agri-
cultural life to that of the hunter.

Lt. Gov. Preston Smith Speaks At Farwell Banquet

One of Texas' Outstanding
public figures will be featured
speaker at the annual Farwell
Chamber of Commerce ban-
quet Thursday night, March 5,
8 p.m. The banquet will be
served at the school cafeteria
and persons planning to attend
should buy tickets in advance
from any of the chamber mem-
bers to ensure seating and as-
sist with meal planning for the
banquet.

Lt. Gov. Preston Smith, a
native Plainsman, has accepted
the invitation to speak to the
assembly, and his appearances
are in such demand that it was
necessary for the traditional
"Valentine's Day weekend"
dating for the banquet was
changed to ensure his appear-
ance.

"We thought it well worth
the change to ensure his serv-
ices as speaker," said Hurshel
Harding, Chamber president,
"and we are honored that he
has agreed to come." Smith will
be introduced by Sam Aldridge,
local attorney. Other important
parts on the program include
a review of the activities of the
chamber during the past year
and introduction of a new slate
of officers.

Smith, serving his first term
as lieutenant governor, is a
veteran legislator who, at the
age of 51, has had wide expe-
rience in the operation of
state government. He was first
elected to the House of repre-
sentatives in 1944 where he
served for six years. In 1950
he ran for lieutenant governor
placing third in a field of 13
and leading in 68 counties. He
was elected to the senate in
1956 and re-elected in 1960

without opposition.
Preston Smith is a family
man. He and his wife Ima, have
two children, a son, Mickey, 22,
and a daughter Jan, 18. Both
are students at Texas Tech. He
is a Methodist, serving as a
steward in St. John's Methodist
church, Lubbock. He is a mem-
ber of the Farm Bureau, a di-
rector in the Salvation Army
and a member of the Kiwanis
Club and other such organiza-
tions.

It Figures

The Russian school
teacher asked a pupil
"Who were the first human
beings?"
"Adam and Eve," the
young boy replied.
"What nationality were
they?"
"Russian, of course."
"Fine, fine," the teacher
commented. "And how did
you know they were Rus-
sians?"
"Easy," said the boy.
"They had no roof over
their heads, no clothes to
wear, and only one apple
for the two of them--and
they called it paradise."

Highlights --

(Continued from Page 3)
der, Dallas oilman Jack Crichton.
Both party committees may see a little action, too, on a proposed liquor-by-the-drink referendum, which reportedly is getting some backing from unexpected places.
FIRE INSURANCE--Texas cities with low insured fire losses are to be rewarded by lower rates. State Board of Insurance has set new fire in-

urance rates to take effect April 1.
Property owners in cities with high insurance losses, however, will have to pay more for insurance in the year ahead.
System allows discounts as high as 25 per cent from regular rates for property in cities which have been successful in holding down fire losses. Cities in which high losses have been suffered are charged as much as 15 per cent above regular rates.

Board also revised extended coverage rates in the Galveston and Pelican Island areas, and promulgated an optional \$250 windstorm, hurricane and hail deductible applicable to homeowners' policies and standard fire policies.
APPOINTMENTS ANNOUNCED--Appointments by the dozens have been announced by Gov. John Connally.

San Antonio lawyer John Peace, a native of Wharton County, was named to the Texas Public Safety Commission, succeeding C. T. McLaughlin of Snyder.
Connally selected three committees--one of 73 members, another of 21, and a third of five.

The five-member group will study development and use of Texas bays. Members are Dr. Carl J. Lind Jr. of Houston, Barry Richburg of Pasadena, Stone Wells of Houston, Charles Sowell of Houston, and John Clegg of Port Lavaca.

Judge Herman Jones of Austin was appointed chairman of the 21-member Citizens Advisory Council on Mental Retardation to help with a new state-federal planning program which will bring a \$30,000 grant to Texas.

State Sen. Walter Richter of Gonzales is chairman of the steering committee of the Governor's 73-member Committee on Aging.

DROP-OUT STUDY--Texas Education Agency will begin the first of a projected series of five pilot programs for school dropouts in the Corpus Christi School District.

District will work with Earl Martin of TEA in (1) direction and planning of special courses for dropouts; (2) assisting in developing part time employment possibilities for pupils who need work to stay in school; and (3) organizing a program of consultation to meet the dropouts' needs.

TOURING TEXANS--Two Texas tourists got home from Germany with high hopes they have been successful in interesting Germans in touring Texas.

Sen. Walter Richter of Gonzales and Walter Meyer of San Antonio made the trip as official goodwill envoys. They got to Dusseldorf in time for Meyer to ride in a carnival parade in full cowboy attire. Richter said many German children wear cowboy suits, and they hope to capitalize on their interest in cowboys to perk up Texas tourist business.

TAX PICTURE BRIGHTENS--If U. S. Treasury Department slide rule forecasters are right, the federal income tax cut will ease the revenue raising pressure on the next Legislature.

Treasury department officials say the income tax cut will put more money in circulation, which will mean more spending--and thus more sales taxes.

Furthermore, the federal tax cut is seen by state economists as encouraging industrial construction and having "an in-

igorating effect" on the Texas economy in general.

Overall effect could be to drastically alter the state and local tax picture in 1965.

NEW SCENIC ATTRACTION--State Highway Commission, which has authorized more than \$128,500,000 worth of road construction in the burgeoning Houston area, discovered a new tourist attraction when a Comal County delegation asked for a 13.9-mile farm-to-market road to connect Interstate Highway 35 with Natural Bridge Caverns and Canyon Dam.

There is no road to Natural Bridge Caverns now. But the delegation elicited excitement from highway commissioners Herb Petry Jr. of Carrizo Springs, Hal Woodward of Coleman and Jack Kultgen of Waco when they saw natural color photographs of the "live" formations in the caverns, including some "fried-egg" formations.

Commission approved a proposal to build a 9.6-mile farm-to-market road to serve the new Sanford Dam and Lake area in Hutchinson County.

SHORT SNORTS--U. S. Sen. Ralph Yarborough has opened Austin campaign headquarters with Emerson Stone Jr., of Jacksonville as his statewide campaign manager. . . Don Yarborough, Democratic candidate for governor, also opened a campaign base here, naming Bill McIntyre of Navasota as his state operations manager. . . Governor Connally answered State capitol reporters' protest on closed door sessions of his Committee on Education Beyond the High School by saying he doesn't believe in government secrecy, but he defended the right of the committee to hold private meetings. . . State Comptroller Robert S. Calvert reported the state spent \$2,300,000,000 in fiscal 1963, and wound up with a net balance of \$219,300,000. . . Atty. Gen. Waggoner Carr said judgments totalling \$493,400 now have been entered against operators of alleged slant-hole oil wells. . . Securities Commissioner William M. King reported securi-

FRIDAY, SUNDAY --

Banquet, Concert Planned By Band

A full week-end is scheduled for band students in Bovina Schools.

Friday night, band members will be honored with a banquet in school cafeteria. Bill Woods, band director at Leveland, will be guest speaker at the banquet which begins at 7:30. Dinner music will be provided by Eddie White's Band of Portales.

Other entertainment will consist of a melodrama which will be presented by members of the faculty and Band Parents Organization.

The banquet is being sponsored by Band Parents.

Sunday afternoon at 3, band members will present a concert in school auditorium.

Performing will be the Mustang Band, Junior High Band and the Stage Band, all directed by Joe Wayne Harper.

Admission charges will be \$1 for adults and 50 cents for students.

Proceeds from the concert will be used to pay for the banquet and for other band activities.

Thursday of last week, the band went to Farwell to put on an assembly program for the school there.

ties permits valued at \$28,179,411 were issued in January. . . Attorney General Carr ruled that a state law (Article 3930) prescribing fees of county clerks is constitutional: but article 3930-A--covering clerks in counties of 1,200,000 population--is not.

If your business is farming... take a close look!
The sample below is a new discovery in modern soil fertilization. We simply call it... Prilled Sulphur.
Why is it round? Shape is the most important thing about this new product. Its size and shape is carefully controlled for proper application without dust.
Farmers throughout the country are realizing the amazing effect that applied elemental sulphur has on their soil.
The modern farmer knows that highly alkaline soils keep needed plant nutrients from his crops. Prilled Sulphur, containing 99.5% elemental sulphur, neutralizes alkaline soils and increases availability of those nutrients.
The prilled form will allow exact mixing with even and controlled distribution. Last but not least... its gradual breakdown has continuous and long lasting effects on your soil.
See your local dealer for complete information.
