

## WHITTLIN'

By DOLPH MOTEN

Economy of the area is getting a certain amount of boost during the present grain sorghum harvest season. Price of the primary crop in our great section of the country is up considerably from that of a year ago.

Early this week, the price of milo was \$2.10 per hundred-weight, an increase of some 35 cents over that of last year, which was generally considered to be \$1.75 during most of the 1968 harvest.

Cause for the price increase could be contributed to more than one thing, we'd guess, but they would all go back to the increased use of the grain in the expanded cattle feeding industry in the local area.

While the price increase is great for the farmers, and probably the overall economy, the individual cattle feeder is seeing the cost of his feed rise while the price of fat cattle is suffering a decline. There's nothing unusual here and veteran cattlemen, we'd guess, don't view the situation with alarm and it isn't anything they haven't previously experienced. We don't mean to extend sympathy to these people here in any shape, form or fashion. In the first place, they don't want our sympathy even if we extended it and in the second place, if we did give it to them, they could take it and a dime and buy a cup of coffee at some nice, commercial coffee-serving place in Bovina.

Most people were in agreement that the \$1.75 price of a year ago was too low for the all-important grain sorghum crop. Now that it has increased 20 per cent, it may still be too low, but we don't hear as many expressions of the fact as we did last year.

This year's price started the harvest season at the \$2 mark and went up a few cents at a time to the present \$2.10 mark. Most observers feel this will be the top and the bulk of the farmers are selling their crop as it is harvested instead of storing it and betting on still another price increase.

We realize that things sometimes happen fast in the grain price business and that the figures we're mentioning may sound like history by the time this appears in print a day or two from now.

Back in the summer, when the present crop was being grown, most farmers would have been happy to know the crop would bring that aforementioned \$2. So, the increased price has been something good for the individual farmers that they didn't necessarily expect.

Back in the days of our formal education, economics wasn't one of our strong subjects and the situation hasn't changed up to now. But, if the farmers would take the "extra" money they earn from this year's crop --- the difference between \$2.10 and \$1.75 --- and feed cattle with it, they would, indirectly, be buying their own milo back in the form of feed at the increased price and the entire economy would be strengthened, providing the cattle made a reasonable profit.

Or is there something wrong with our figuring?

Nonetheless, the price of milo is up and the cattle feeding industry is the reason why.

We understand that the price of grain is something like \$1.90 south of here where cattlemen aren't being fed to the extent they are here. And we'd guess that the price here has influenced that price or it wouldn't be that high. Grain sorghum farmers can enjoy the present price of their product . . . unless they think it may go to a higher figure yet.

This department had another "average" week in the football game outcome predicting business. We hit seven of the 10 and that was good enough to help our .615 average for the four weeks prior to that.

That brought our percentage to .633 (31 of 49) while the leaders in the Bovina Business Football Contest stand at .755, 37 of 49.

Mention of those leaders brings up the fact that of the three people tied for the top spot, two of them are from Farwell.

Will this be the year the contest has a non-Bovina resident as its winner?

Paul Jones is the Bovinian tied for the top with Mrs. W. M. Roberts and Larry Wardlow of Farwell.

Here's the way the games look from here this week:

Friana at LOCKNEY -- Our advisor told us this was the way it was going to be.

(Continued on Page 2)

ROYALTY --- Suzanne Wilson and Stuart McMeans were crowned Football Queen and Football Hero during halftime ceremonies Friday night at Mustang Field. The occasion was 1969 Homecoming at Bovina High School.

T. W. Carpenter --

## Clovis Man Winner In 26-Way Contest

In the five-week old Bovina Business Cotton Bowl Football Contest, upsets have been a stumbling block for contestants at least four times.

This week was no exception. Top entries, totaling 26, picked only eight winners again.

Winning the week's event, on his tie-breaker prediction, was T. W. Carpenter of Clovis. He receives the \$5 weekly first place prize.

Second place and \$3 went to Brenda Stanberry, while Don Stone won third place \$1 check.

Only once this year has the top winner picked 10 right. That was the first week.

Leading the contest at a total of 37 are Paul Jones of Bovina, Larry Wardlaw and Mrs. W. M. Roberts, both of Farwell. In second place at 36 are Frances Allen, Lowell Boozer, Allen Cumpston, all of Bovina, and Carpenter.

A total of 189 entries were received this week. Other than those naming eight winners, 63 picked seven; 64 picked six; 21, five; and 14, four.

The games most often missed were the Sundown-Farwell, Olton-Dimmitt clashes. Farwell and Dimmitt were heavy favor-

ites. Of the 189 entries, only 15 picked Sundown to win and only four chose Olton to defeat Dimmitt. Larry Hammonds was the only contestant to correctly name both those winners, but he lost out by choosing other upsets.

Naming eight winners this week, other than the top three entries, were Mrs. W. M. Roberts, Sandy Peterson, Bill Read, Wendell Garner, Paula Whitecotton, Tom Bonds, Terry Sherrill, Judy Ezell, Kelly Moore, Roger Ezell, Wendol Christian,

Mrs. J. Sam Gaines, Kelly Jamerson, Dean Stanberry, H. J. Charles, Tommy Scaff, Buddy Clements, Marilyn Dendy, Jerry Roach, Darrell Barlow of Friana, Rene Fisher, Bill Nicholas, and H. W. Roberts.

The half-way mark in the contest has not been reached, fans are reminded. It's still anybody's ball game.

For instance, in addition to the seven people whose standings are 37 and 36, another 13 contestants are tied in third place with 35. These include

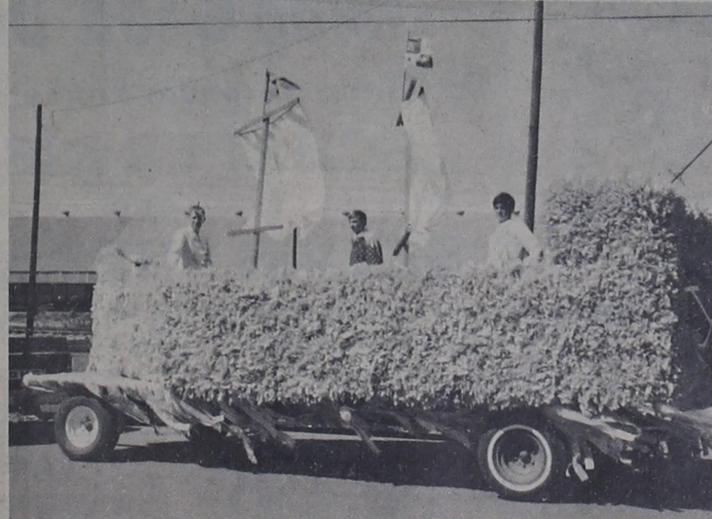

Edna Baca, Sandy Peterson, Janie Sudderth, Pat Sherrill, Tommy Scaff, Paula Whitecotton, Mary Jane Wilson, Carole Jean Wright, Mrs. Albert Johnson of Farwell, Al Kerby, Billy Kesler, Norma Lusk and Neal Mager.

At least 84 other contestants, and possibly more, have a chance at the grand prize, a trip for two to the Cotton Bowl game in Dallas.

That's how many have totals from 30 to 34 in the event so far.

Routine business was on the agenda for the board of trustees of Bovina Independent School District Monday night in a regular monthly meeting.

The board heard a report on the schools' average daily attendance, which dropped from 633 to 601 from the first reporting period last year, at the

SANTA MARIA --- The ship which brought Columbus to the shores of America was entered in the Homecoming parade by the junior class and won the \$15 second place award.

Friday --

## Parade, Coronation Highlight Homecoming

A "full to the brim and overflowing" crowd was on hand for homecoming festivities at Mustang Field Friday night after viewing an afternoon parade through downtown Bovina.

Miss Suzanne Wilson was crowned football queen and Stuart McMeans football hero during halftime activities. Both are seniors.

The queen is the daughter of Mr. and Mrs. A. M. Wilson. She was chosen for the honor by the Letterman's Club. The football hero, selected by the Pep Club, is the son of Mr. and Mrs. Bob McMeans.

The coronation ceremonies were arranged by the Student Council, which sponsored the entire Homecoming program. The freshman class was named the winner of the float contest in the Homecoming parade, the theme of which was "Great Events in World History." The winning float depicted the Apollo Moon Landing, and was awarded \$25 by the Student Council.

Second place went to the junior class for its float depicting Columbus discovering America in the form of the ship, Santa Maria. The class received the \$15 second prize.

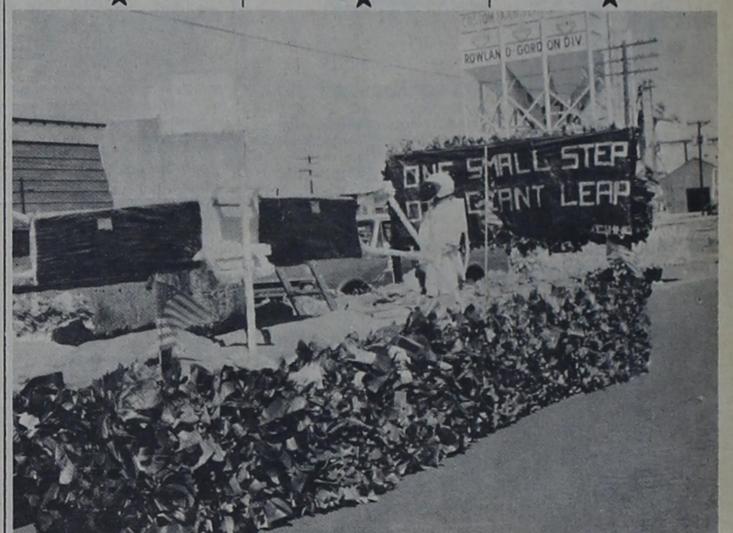

Senior class won third and \$10 for its float, "Birth of Christ." The entry was that of the Nativity scene.

Bovina Woman's Study Club won the plaque for the float "Birth of a Flag." The entry featured "Betsy Ross" sur-

rounded by children in an appropriate setting. Candidates for queen included

Nancy Mitchell, daughter of Mr. and Mrs. Dean McCallum; Candy Wilson, daughter of Mr.

and Mrs. Robert E. Wilson; and Pam Grissom, daughter of (Continued on Page 2)

FIRST PLACE --- The Apollo Moon Landing, complete with astronaut and the famous words "One Small Step, One Giant Leap" won the \$25 top award for the freshman class in the Homecoming parade Friday afternoon. The contest was sponsored by the Student Council.

## FB Meet Set Here Saturday

Parmer County Farm Bureau will hold its annual county convention Saturday, Oct. 18, at Bovina Schools cafeteria.

Floyd Golden will be the guest speaker following a barbecue supper.

Presentations to 4-H Clubs will be made, along with the farm program, resolutions, state by-law, state convention changes and business discussions of Parmer County.

Barbecue will be served at 8 p.m. Members are asked to bring their families. Music will be furnished by Ed Hardage of Farwell.

October 13 --

## Mrs. Mast Calls Freeze

Mrs. Rita Mast is the 1969 Bovina Champion First Freeze Predictor.

She hit the nail on the head when she predicted Oct. 13, the earliest prediction received this year among the 58 entries in the contest.

A \$5 check accompanies the title in the contest sponsored by The Bovina Blade and W. E. Williams, Bovina's weather man.

Mrs. Mast said she based her prediction on an old weather proverb---60 days following the first norther. The first norther hit Bovina on Aug. 13, according to both Mrs. Mast and Williams.

There was no doubt this year the first "killing" freeze was Monday morning. Temperatures dropped slightly below the 32 degree mark Sunday morning, but was not cold enough to be termed a "killer."

It was a different story when Bovina awoke Monday. Temperature fell to 20 degrees in the early hours of the morning, although it was below freezing before midnight. Some cattlemen had to break ice on water tanks early Monday.

No one made a prediction of a freeze before Oct. 13. The latest prediction was Nov. 15. However, the most popular date was Oct. 23, which nine contestants predicted for the first freeze. Six entries predicted Oct. 29 and six more Nov. 6.

Mrs. Mast joins other first freeze predictors who have won in past years, Johnnie Horn, 1968; Cathie Trimble, 1967; Mrs. E. L. Cochran, 1966; and Charles Smith, 1965.

This is the earliest freeze date recorded since the beginning of the contest. Latest was in 1965 on Nov. 27.

## Weather By Willie

Yes, it is cold. But warmer days a'coming. Very little, if any, rain. ---Willie

Monday Night --

## Board Hears ADA Report

Routine business was on the agenda for the board of trustees of Bovina Independent School District Monday night in a regular monthly meeting.

The board heard a report on the schools' average daily attendance, which dropped from 633 to 601 from the first reporting period last year, at the

end of the first six weeks. The decrease is primarily in elementary school, especially the first and second grades, according to L. F. Jacobs, superintendent.

The need of a high school English teacher was also discussed. Mrs. Wilson DiCuffa will be unable to teach the remainder of the school year because of health reasons.

A survey was made of football gate receipts of games played to date.

The largest crowd attended the Freshman game. Large crowds are also expected for the conference games with Farwell and Kress.

Net gate receipts for the Freshman game were \$647 after the game guarantee of \$50, gate keepers and officials were paid.

A report was made on the discing and planting of rye on school property in back of, and east of, Ridgelea School. Don Murphy and Leslie McCain are in charge of the project.

The board was informed of the new heater, which has been installed in the field house by the Bovina Booster Club.

## Cold Spell Damages Late Crop

Late Parmer County cotton crops took the brunt of the early freeze here Monday morning, agricultural leaders say.

Approximately 15 to 20 per cent damage to the 1969 cotton is expected. The early cotton, however, is not expected to be damaged as much as that planted later in the spring.

The temperature fell to 20 degrees here Monday morning and to 25 degrees Tuesday morning, W. E. Williams reported.

Grain sorghum still in the fields is expected to also receive about 10 per cent damage. There is about 40 per cent of the crop not yet cut, elevator operators estimate. This would figure something less than five per cent damage to the overall grain sorghum crop from freeze alone.

Sugar beets are expected to be helped by the early freeze, according to spokesmen for Holly Sugar Corporation. The freeze will cause the sugar content to rise, but the process takes about a week.

Sugar content now averages about 10 and one-half, far below normal.

The Oct. 13 freeze is not the earliest in this decade, cotton men say. Freeze date was Oct. 7 in the early 1960's.

GETS PRIZE MONEY --- Mrs. Rita Mast received the \$5 prize Monday from W. E. Williams along with the title, 1969 Champion First Freeze Predictor, after the thermometer fell to 20 degrees between 5:30 and 6 a.m. Williams is co-sponsor of the contest with The Blade.

Reflections From The Blade

TEN YEARS AGO
Oct. 14, 1959

Football game with Hart on Mustang Field Friday has been designated as annual homecoming for Bovina High.
This year's candidates for football queen are Joy Redden, senior; Marilyn Brandon, sophomore; Sue Estes, senior; and Judy Roach, junior.
A new business building is being constructed on Highway 60 in Bovina. Tommy Williams is building the structure, which will be of tile with brick and glass front.
Construction began last week on a new parsonage for Bovina Church of Christ.
A Band Parent's committee, composed of Tony Ivy and Otho Hammonds, met with Bovina school board Monday night to discuss the future of band program here, including the possible purchase of new uniforms.
City Commissioners decided Thursday that First Baptist Church will have to meet a zoning hearing before constructing parking lots across the street from the church building.
Basketball season will be kicked off to an early beginning Monday night, Oct. 19, in Williford Gym, Bovina. Fillies will host both the A and B girls' teams from Amherst.
Like many other Farmer County farmers, Dean McCallum has turned to sheep feeding to gain profits with grain sorghum and other crops at low market prices.
The Music Club met in the home of Mrs. Margaret Caldwell Friday afternoon.
Mrs. Clarence Gauntt and Mrs. Billie Sudderth were in charge of the program at the regular meeting of Bovina Woman's Study Club Thursday afternoon.

SIX YEARS AGO
Oct. 16, 1969

Eleven floats entered in Friday's homecoming parade. Theme of the floats will be nursery rhymes.
Bovina probably has its share of minor traffic accidents, but a highly unusual one occurred late Wednesday of last week. The city's new \$10,000 five-ton street sweeper was turned over on its side.
A homecoming queen and football hero will be named in pre-game ceremonies Friday night.
Queen candidates are Mary Ann McKinney, senior; Tonya Ivy, junior; Connie Vaughn and Carolyn Wilkerson, sophomores. Football king candidates are Phillip Lloyd and Tally Keiso, seniors; David Anderson and Al Shamblin, juniors.
Several members of Bovina Woman's Study Club toured the Canadian River project Thursday.
"Accordion Magic" is title of a special assembly which will be presented Monday in school auditorium.
With their six-game non-district schedule behind them and a break-even 3-3 record to show for it, the Bovina Mustangs raise the ante this week. They meet the highly regarded Hart Longhorns here in the opening game of district competition.
Out of the glummiest prospects for a crop since the famous "freeze of fifty-five" has come the most amazing recovery in history for Farmer County cotton in their weird year of 1963.

Driver's Education --

New Auto Arrives For School Use

Bovina Schools received a new 1970 automobile last week, furnished by Brock Motor Company of Muleshoe.
The Buick Skylark has been rented to the school for use by driver's education class and the school administration. Rental fees are paid partly by the school district and partly by L. F. Jacobs, superintendent. The automobile will be rented

to the schools here for three or four months. The motor company, which also furnishes cars for Muleshoe schools, changes the ones used periodically through the year, Jacobs said.
Before the new models arrive in the fall, schools may use those on hand at Brock Motor Co., which are usually used vehicles.
The first students to ride in the new car climbed into the vehicle Thursday morning, along with Gilbert Hough, driver's education instructor.
This year's class has 37 students.
Boys and girls must be 15 years of age to enroll for the classroom phase of driver's

education, Gary Cox, principal, said. State requirements call for a minimum of 30 hours in classroom. When completed, the students may take a written state examination to receive a restricted driver's license.
This is required to drive with the instructor. In the driving phase, students must drive six hours and observe 18 hours. Students are then eligible to take the state driving test and be licensed at age 16. Without driver's education, a person must be 18 to receive a license, Cox said.
The state's aim in driver education regulations is to provide better drivers on Texas highways.

NEW SCHOOL CAR --- Driver's education students Susan Garza, Evonia Garza and Laverne Hambrick were the first this year to receive instructions from Gilbert Hough in the new automobile furnished the schools by Brock Motor Co. of Muleshoe.

12 Children Get Reading Certificacates

The High Plains Library Bookmobile has presented 156 children in the area with reading certificates this summer, according to Mrs. Lorene Sooter, librarian.
Twelve of those children reside in Bovina.
Most of the children read 12 or more books. Several read 50 or more, Mrs. Sooter said.
Receiving certificates in Bovina were Rose Gonzales, David Phelps, Tammy Ward, Karen Merrell, David Merrell, Jay Barrett, Steve Lance, Brad Lance, Connie Merrell, Jimmy Lance, Diane Lumberea, Steve Cockerham.
Mrs. Sooter says the three summer months were busy for the bookmobile. A total of 12,015 books were checked out this summer, 408 more than last summer.

Homecoming --

(Continued from Page 1)

Mr. and Mrs. Leon Grissom. Named nominees for football hero were Jackie Hall, son of Mr. and Mrs. Grady Hall; Randy Barrett, son of Mr. and Mrs. Monty Barrett; and Mike Beauchamp, son of Mr. and Mrs. Tom Beauchamp.
Other contest events included the bonfire on Thursday night preceding Homecoming day. The freshman and senior classes won the "spirit stick" for having the better bonfire for the pep rally, held at the caliche pit near Bovina.
Other floats in the parade were "Sinking of the Titanic," sophomore class; "Two Jims," eighth grade; "The Wild West," seventh grade; and "The First Thanksgiving," sixth grade.
The parade was led by the Bovina High School Band, which furnished music for the coronation ceremonies that night. Also in the parade were queen and football hero candidates, cheerleaders, the school's coaches, Bovina Roping Club, and a miniature automobile driven by Tamra Read whose sign read "Queen Candidates, 1980."
Winners of the float contest were announced during halftime of the Bovina-Frenship football game.
Also announced was the winner, Curtis Monk, of the football given away by the junior class.
Following the game, the Booster Club held a pie supper in the school auditorium.

RECEIVES AWARD --- Olivia Jiminez, right, of Bovina was one of three young women at McKinney Job Corps Center for Women who was honored with a special service award for work performed at the Center. She is the daughter of Mrs. Olivia Garza. At left is Sandy Portales of San Benito and in center is Mary Sheryl from Borger.

Honor Rolls Announced

Honor rolls for the first six weeks of school have been announced by Gary Cox and Jim Noyes, principals of high school and junior high respectively.
Students in high school must have all A's on their report cards. Junior High announces both all A and B honor rolls.
Mike Gee, senior, was the only high school student to make the honor roll the first six weeks.
In junior high, making all A's were Heidi Corn and Rhonda Rhodes, eighth grade students.
The B honor roll consists of the following:

- Seventh grade: Bryon Fillpot, James Lance, Rush Looney, Bruce Mast, Sue Ann Monk, David Phelps and Joe Steelman.
Sixth grade: June Kay Beardain, Ginger Gober, Fran Jaccobs, Fred O'Hair, Robert Pegch, Alan Rhodes, Cathie Trimble, Connie Ware, Dennis Willard.
Whittlin' -- (Continued from Page 1)
Amherst at LAZBUDDIE -- The Longhorns are good, some better than the Bulldogs.
Springlake -- Earth at FARWELL -- The Steers are crippled, the report is, but they're not in the habit of losing District 3-A games this early.
Vega at KRESS -- The Kangaroos could be the top team in 3-A.
Abernathy at DIMMITT -- The Bobcats should claw their way to a win after suffering a disappointing loss to Olton last week.
CLOVIS at Roswell Goddard -- The Wildcats are rated one of the top teams in New Mexico.
Mississippi State at TEXAS TECH -- Maybe the Red Raiders can luck out two weeks in a row.
TEXAS A&M at Texas Christian -- The Aggies are a better team than last week's game indicated.
SOUTHERN METHODIST at Rice -- The Southwest Conference is unpredictable, but the Mustangs should win over the rebuilding Owls.
WEST TEXAS at Colorado State -- The Buffs played a good game against an outstanding team last week and our guess is they'll win this one... easily?

Increase Manpower

Because of the rising traffic deaths and crime rate, the Texas Legislature has authorized an additional increase of manpower in the uniformed ranks of the Texas Department of Public Safety.

In carrying out this authorization a call has been issued by Major C. W. Bell, regional commander of the Texas Department of Public Safety in Lubbock, to young men to fill a 120-man training school beginning October 21, 1969.
Major Bell states that two inducements have been authorized by the Legislature to help fill the uniformed ranks of the Texas DPS. First, the salary during training has increased to \$525 per month; secondly, upon graduation the salary has increased to \$630 per month.
Applicants must be between the ages of 20 and 35, a height of not less than 68 inches, a weight of not less than two pounds per inch of height or more than three and one-half pounds per inch of height, and be in sound physical condition. They must have completed high school or the equivalent. They must be a citizen of the United States and be of good moral character.
Those selected will take their basic training at the Texas DPS Law Enforcement Academy in Austin. The training period is approximately four months in length. Upon graduation the patrolmen will be assigned to one of the four uniformed field services -- Highway Patrol, License and Weight, Motor Vehicle Inspection, and Drivers License.

Name Smith Superintendent

G. R. Smith was named line superintendent for Rural Electric Cooperative last week. He has been an employee of Deaf Smith Electric for over 16 years.

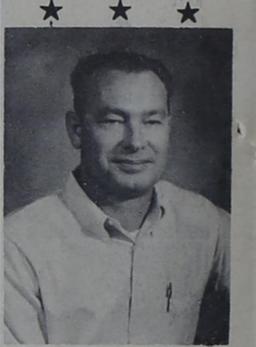

Smith worked as a lineman on the construction crew during the first seven years with the cooperative. Since 1960 "Smitty" has been a serviceman.

Prior to his employment with Deaf Smith County Electric Cooperative, Smith worked for Cisco Electric as an electrical contractor out of Conroe.

Smith is a native of Wilmot, Ark., and graduated from high school there. He served with the United States Army for two years during the Korean War.

ton Jr. High, and Denise, a third grader at Aikman Elementary School.

The Smiths make their home at 712 Blevins in Hereford.

Pays Bills --

### Medical Center Reduces Debt

Directors of Bovina Medical Center, Inc. met Monday night and voted to pay off a small note -- one of two -- at First State Bank of Bovina, in addition to \$50 on its larger note.

Total indebtedness of the medical center is now \$4,376.69, directors say.

A balance of \$197.36 was in First State Bank before bills were paid. This included \$15 received from memorials and \$150 rent for October from Dr. Cornelius K. Blesius. Bovina Medical Center paid off the small note of \$117.44, including interest; \$50 on the note of \$4426.69; \$7.04 for telephone calls and \$16.50 for additional state franchise tax, for a total of \$190.98.

Only indebtedness remaining is the one note at First State Bank for the total of the aforementioned figure, \$4,376.69.

Two Injured --

### 10 Accidents In September

The Texas Highway Patrol investigated 10 accidents on rural highways in Parmer County during the month of September, according to Sergeant W. E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed, two persons injured, and an estimated property damage of \$7,335.

The rural accident summary for this county during the first nine months of 1969 shows a total of 100 accidents resulting in three persons killed, 66 persons injured, and an estimated property damage of \$77,047.

The month of October will bring about a drastic change in driving habits. With the return to Central Standard Time on October 26, many motorists

will find themselves going to and from work in darkness. The increased hours of darkness will hide dangers otherwise visible during the daylight hours, the sergeant said.

The sergeant listed some factors why driving is more hazardous at night than during the day. (1) Reduced visibility prevents drivers from seeing hazards. (2) It has been longer since most drivers have slept and the resulting fatigue increases perception reaction time. (3) It is easier for drivers to become confused and panic. (4) More drinking drivers will be on the road.

These factors in varying degrees coupled with high speed cause accidents that would not occur in daytime.

For flavorful, nutritious appetizers try bacon fruit roll-ups. Wrap partially fried bacon around bite size pieces of fruit. Try cantaloupe, pineapple or banana. Brush the bananas with lemon juice so they won't turn brown. At serving time roll the appetizers about four inches from the heat for just about two minutes or until the bacon is crisp. Spear each roll-up with a pick and serve hot.

ASK A FEW QUESTIONS. That's how to get the best buy on your major household appliances.

Does the business stand behind the merchandise it sells or will it suggest writing to the factory if problems occur?

Is this a well-established business in the community with a good reputation?

Will the store provide the services necessary for complete satisfaction: such as, prompt delivery, proper installation, and adequate service?

Does this dealer have his own service department, or will the buyer be referred to some

other organization when he has trouble?

Does the dealer maintain an adequate stock of repair parts or will the buyer have to wait to get repair parts from some distant point?

Is the merchandise an established and reputable brand name?

Can he give an adequate demonstration of the product? Does he have a wide variety of models and sizes to select from and compare?

An affirmative answer to these and other questions should give a competent dealer that will help you as a consumer buy the right piece of equipment to meet your needs.

Extremely hot soap or detergent suds will help to keep silver as shiny as a jewelry store window. Little if any polishing is necessary for silver that's used every day, and washed regularly in hot suds. A scalding hot rinse makes silver dry faster, and speeds up the final buffing with a soft dry cloth.

**On The Farm In Parmer County**  
By RONNY McNUTT  
County Agent

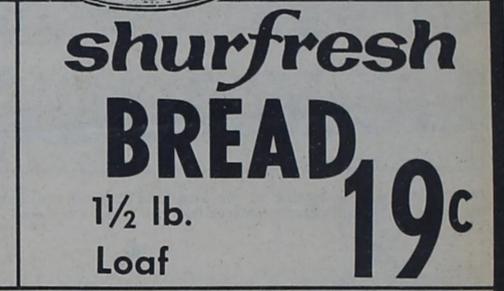

Urea, grain and/or oilseed meals are used many times as supplements for cattle.

Urea is a nitrogenous compound which through bacterial action in the rumen and in the presence of sufficient amounts of carbohydrate feed is converted into protein. The reason for using this nitrogenous material is to lower protein cost. It contains no energy. Either the feed grade or fertilizer grade (281 or 282) may be fed. Mixtures containing urea require thorough mechanical mixing with such feeds as molasses and ground grain. The grain to urea ratio should be no less than eight pounds of grain to

one pound of urea. Combinations of the grains and/or oil seed meals may be fed. These type mixes may also be mixed with silt or feed grade gypsum (calcium sulfate) to control intake. Mix with 25 per cent salt or limit consumption to about two pounds per head daily. Use one half as much gypsum as salt (12.5) per cent to limit to about the same intake. Stocker cattle may be fed a mixture of 90 per cent concentrates and 10 per cent salt to control the intake to one per cent of body weight which permits growth gain on fair pasturage. Dusty ground grains may be controlled with five per cent molasses.

IWO JIMA --- The raising of the Stars and Strips on Iwo Jima during World War II provided the theme of the eighth grade Homecoming float Friday afternoon.

WILD WEST --- Characters from out of the past adorned the Wild West float entered in the Homecoming parade Friday by members of the seventh grade.

SIXTH GRADE ENTRY --- The First Thanksgiving was the float of the sixth grade in the Homecoming parade, with class members dressed as Pilgrims and Indians.

### Girl Born To Koelzers

Mr. and Mrs. Dan Koelzer of Bovina are the parents of a daughter born at 2:25 a.m. Friday, Oct. 10, in Parmer County Community Hospital. The new arrival weighed eight pounds and has been named Anna Marie. The father is associated with Pioneer Natural Gas Company.

### Mrs. Riddle At Houston

Mrs. Harley Riddle, formerly of Bovina and now of Ford, near Vega, is undergoing treatment previous to surgery at M. D. Anderson Hospital in Houston. Treatments will continue for three more weeks, friends report, and then she will undergo surgery. Mr. and Mrs. Jon Lin Riddle spent two weeks with her in Houston.

### Marriage Licenses

A marriage license was issued from the office of Parmer County Clerk Bonnie Warren October 10 to Ira Thomas Page and Judith Carol Roach.

### Community Conversation

Mrs. S. A. Calhoun of Winslow, Arizona visited Mr. and Mrs. Buster Cochran, other friends and relatives last week. She is a former Bovina resident. Mrs. Willie Bonds of Clovis visited here last week with the Buster Cochrans. Mrs. Lee Owens of Tipton, Okla. was here last week visiting her sister, Mrs. J. I. Gober.

## Scoopin' ---

By Pat Jacobs

Probably everyone in Bovina should have heard the speech made by Judge H. C. Williams at the Study Club last week. The report sounds as if the man knows whereof he speaks.

One of teenagers' problems, Judge Williams said, is lack of respect for law and order. And on this topic, here goes a little expounding. Time was--in the olden days--when kids were taught to respect their parents--or else. Time was when they were also taught to respect the rules of the house--and the rules of school--and the rules of the church--and the rules of society.

Nowadays, it seems popular to get by with what you can. So what if there's a rule against it--the teenager thinks--since my parents don't agree with the rule, anyway. And don't forget it--when a teenager is condoned in breaking a rule--he's being taught to break the law.

Montreal, Canada proved a point last week when its law enforcement officers went on strike. With no law--the city exploded. There was certainly no order.

The crowning blow was the statement made by a young girl, "I would have expected this in America--but not in Montreal."

Let's face it. The American image has changed. We are no longer the stalwart of decency --- a model for the rest of the world. We can't even handle our own kids.

There is an answer. But, we'll have to return the law enforcement officer's authority to him--and punish the guilty instead of making excuses for him--and demand respect in the most important place--the home.

Today is the moratorium. It's supposed to be peaceful. So, we'll see. That's like yelling "wolf."

Judy Fillpot brought us an antique. There was some discussion in identifying the object, she says. One friend thought it was a soup tureen.

It wasn't, but we put the thunder mug in the living room, anyway. If you know the definition for that--you're older than you admit.

Wheeeeeee---Central Standard Time returns Oct. 26.

## Cook's Corner

MRS. MONTY CORBIN

Cooking is not a hobby for Mrs. Monty (Barbara) Corbin. It is a way of life. And she should know ---feeding a husband and two growing boys during the school year---and a harvest crew in the summertime.

Mrs. Corbin moved here with her family in January, 1965 from Grady, N.M. She grew up on a farm near Grady and attended high school there, where she met her husband. The family bought a home at 603 Eighth Street from Mrs. Jerry Ware. Corbin entered the custom combining and trucking business here.

They have two sons, Greg, who is an 11-year-old sixth grader, and Glenn, nine, who is in the fourth grade.

In the summer, the family makes its home in a trailer house, traveling from Seymour, Tex. to Pierce, Colo. during wheat harvest. This summer Mrs. Corbin cooked for three harvest hands in addition to her family.

Knitting is Mrs. Corbin's hobby. She has produced several sweaters and afghans with her needles. She also enjoys sewing for herself.

Among her favorite recipes are the following.

**Chocolate Drop Cookies**  
(Handed down from her mother)  
1 c. brown sugar  
1 c. white sugar  
1 c. shortening  
2 eggs  
1 t. vanilla  
3/4 t. salt  
1 t. baking powder  
1 t. cream tarter  
1 t. soda in 3 T. hot water  
4 c. flour  
1 pkg. chocolate drops (chips)  
Bake in 350 degree oven.

**Ham and Cheese Omelet**  
Filling:  
2 t. butter or margarine  
1/2 c. cubed cooked ham  
1/2 T. instant minced onion  
1 can (3 oz.) chopped mushroom, drained (optional)  
2 t. chopped parsley  
1/3 c. cubed sharp Cheddar cheese.

**Omelet:**  
6 eggs  
1/4 t. seasoned salt  
Dash pepper  
1 1/2 T. butter or margarine  
Chopped parsley  
Make Filling: In hot butter in small skillet, saute ham, onion, mushrooms and parsley, stirring five minutes. Remove from heat. Add cheese cubes. Cover and keep warm.

**Make Omelet:** In medium bowl, with wire whisk or rotary beater, beat eggs, seasoned salt, pepper and one T. cold water until combined but not frothy. Meanwhile, slowly heat a 9-inch skillet or omelet pan. Add butter; heat until it sizzles briskly--it should not brown.

Turn omelet mixture all at once into skillet. Cook over medium heat. As omelet sets, run spatula around edge to loos-

## Of Interest To THE WOMEN

### Judge Discusses Juvenile Problems

"Parents are the delinquents," said Judge H. C. Williams of Hereford, Deaf Smith County juvenile officer, when he spoke to Bovina Woman's Study Club Thursday afternoon. His topic was juvenile problems. Teenagers who get in trouble are usually boys 14 and 15 years of age, Judge Williams said. He has less trouble with girls.

Parents today, Judge Williams continued, want to give their children everything they didn't have. "Mothers are the largest factor, because they are with the children more than the fathers," He said unless mothers of this nation get on the right side, the United States will fail.

When Judge Williams became juvenile officer in Deaf Smith County 10 years ago, 35 to 40 per cent of the teenagers were delinquents. He says that percentage has decreased to two per cent. He stated that when a boy is brought before him, the boy is not allowed to sit. He must stand. Judge Williams does not allow answers of "Yeah" and "Nope." Boys must say, "Yes, sir" and "No, sir."

If a boy has gotten in trouble, he is put on probation. If he has long hair, his head is shaved. The boy on probation must attend school and go to church on Sunday. He must report to Judge Williams each Wednesday.

Judge Williams does not believe in giving cars to teenagers. His own two daughters did not get cars until their second year in college. He likewise doesn't believe in teenage marriages. "Look at the divorce courts," he said.

Guests for the program were the senior homemaking students, Deputy Sheriff and Mrs. Henry Minter and City Marshal Ronald Mitchell. In a business session, the Study Club voted to hold a Harvest Carnival on Nov. 8 since a football game is scheduled for Halloween night here.

Hostesses were Mrs. Jimmie Clements and Mrs. Rouel Barron. Refreshments of tuna sandwiches, apricot bread, coffee and tea were served.

**Easy Fudge Cake**  
2 sticks softened butter  
2 c. sugar  
6 T. cocoa  
2 c. sifted flour  
4 egg yolks  
1 c. milk  
2 t. vanilla  
1 c. chopped nuts  
Cream butter, sugar and cocoa thoroughly. Beat yolks into creamed mixture blending well. Add flour and milk alternately. Add stiffly beaten egg whites, vanilla and nuts.

**Frosting**  
1/4 c. butter  
1 c. sugar  
1/4 c. cocoa  
1/2 c. milk  
2 T. Karo  
1/8 t. salt  
Bring to boil. Boil 3 minutes, cool, add 1 t. vanilla, 1 1/2 to 2 cups powdered sugar. Beat with mixer until smooth. This cake rarely flops.

### Young People Attend St. Teresa's Mass

Eleven youth and adults from Calvary Baptist Church in Friona attended Mass at St. Teresa's Church in Friona Wednesday of last week. Purpose of the visit was for the youth to inquire about some of the beliefs of the Catholic Church. Following the services, the youth looked at church items on display for them to examine. A question and answer period followed. Members say the youth were impressed by the music and singing at Mass led by the sisters of St. Anthony's Church in Hereford. Refreshments were served by St. Teresa's parishioners. Guests attending were Randy and Roger Dorrell, Cindy Campbell, Clenda Deaton, Mrs. Trell Dorrell, Risa Howell, Gayla Self, Debbie Carlton, Reba Holt, Mr. and Mrs. Phil Phipps and Quint.

### Hancocks Have Girl

Mr. and Mrs. Junior Lee Hancock of Bovina are parents of a daughter born Monday at Parmer County Community Hospital. She has been named Teri Renee and weighed seven pounds, 13 ounces. The father is employed at Parmer County Cattle Company.

"Hide everything! The preacher's here!"

### Be of Good Cheer

And Jesus saith unto them, Be of good cheer; it is I; be not afraid. Mark 6:50

These words follow the miracle of Jesus walking on the water.

It was evening. The disciples were rowing across the sea against the wind. Jesus had remained on land to pray. Then He appeared to them as He walked on the water. They were troubled. They thought He was a spirit.

Then Jesus spoke to them: "Be of good cheer; it is I; be not afraid." This was what the disciples needed—His presence and assurance.

In the midst of trouble and fear and doubt Jesus comes to us. He is our firm Rock and sure Foundation. He is our Anchor in every storm of life, in every accusation of sin.

We are never alone. We have the promise of His constant and continuing presence among us, daily blotting out all our sin. A child is cheered and assured with the presence of father or mother nearby. As the children of God we are assured that our heavenly Father watches over us and guards and protects us.

Jesus continues to say to us: "Be of good cheer; it is I; be not afraid." There is nothing that men or circumstances can do which can separate us from the care and concern of our ever-present Savior.

EXTRA DIVIDEND --- Queen Candidates of 1980 entered the annual Homecoming parade Friday, throwing candy to spectators along the parade route. Future candidates are Denise Read and Tamara Read.

Year-Around Basis --

# Inspection Program Changes For Vehicles

On Sept. 1, 1969 the Texas Motor Vehicle Inspection Program began a year-around inspection schedule, announced Captain Alan Johnson, Service Commander of the Texas Department of Public Safety for this area.

- Briefly, Captain Johnson listed the changes:
1. Inspections go on monthly, year-around schedule
  2. Sticker location changed to left side of windshield
  3. Number of the inspection month placed on sticker
  4. Inspection of exhaust system
  5. Inspection of emission system
  6. Inspection fee \$2.00

Instead of the usual April 15 deadline, inspections will come due one year after the current month of inspection. This will tend to take all the registered vehicles in Texas and prorate them equally among the 12 calendar months to be inspected. This will establish an anniversary month for each vehicle to be inspected and prevent the log-jam of over six million registered vehicles to be inspected at one time.

The new inspection sticker will be placed inside of the lower left-hand side of the windshield instead of the usual right side of the windshield. The number of the current month of inspection will appear on the sticker. For example, those issued in September will have number 9 on them, October the number 10, and so on. The color of the sticker will change each calendar year.

Two items have been added to the inspection list -- the exhaust system and the exhaust emission system. A car now must have a muffler and it must be free from leaks. All cars manufactured in 1968 or later.

Vehicle owners are now urged to begin having their vehicles inspected. The new inspection fee is \$2.

## Robert Tabor Rites Held

Robert Tabor, 66-year-old brother of Emmett Tabor, died Tuesday night, Oct. 7, following a heart attack. He was a resident of Dodson.

Funeral services were held at 3 p.m. Thursday in the Church of the Nazarene. Burial was in Dodson Cemetery.

Mr. Tabor had lived in Dodson most of his life. He was a farmer.

Mr. and Mrs. Emmett Tabor were called to Dodson when he suffered a heart attack Monday.

Survivors include his wife of

**Contest Rules**

1. There are 10 football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Sunday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl game plus hotel, food and traveling expenses to Dallas and the January 1, 1970 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p.m. or postmarked by 5 p.m. Friday.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Contestants must be 10 years old or older.
10. Everyone, except employees of this newspaper and their families, is eligible to enter.

Defending District Champions --

# Sudan Hornets Opposition In 3-A Opener

## Game There Friday Night

Football season 1969 has reached the halfway point for the Bovina Mustangs. The five preliminary games have been played and five District 3-A games remain.

First of the district clashes is set for Friday at 8 p.m. against the always-tough Sudan Hornets, champions of the league for the past two seasons.

The Hornets will be highly favored to win over the Mustangs in this 3-A opener as they seek to defend their championship crown and win the district for the third consecutive time.

The Hornets went all the way to the state semi-finals last season before being downed by Sonora, the eventual state Class A champion. Along the way they compiled an 11-2 record.

All three starting running backs return from the 1968 successful team. And all three feature exceptional speed. They are Jerry Bellar, 165-pound halfback; Bill Gore, 165-pound halfback; and Larry Hanna, 167-pound fullback. All three are considered college prospects and Bellar and Hanna were mentioned in pre-season dopes as being candidates for the all-state team.

Coming into the Bovina game, the Hornets have a non-impressive 3-2 record to compare with the Mustangs' 4-1. However, this is misleading in that the Hornets competition has been much stronger. Their losses have been to Seagraves, also a Class A power, and to Class AA Morton, in an upset. Their wins have been over Amherst, Sundown and Plains.

The only common opponent for Bovina and Sudan has been Amherst. The Bovina team won over the Bulldogs, 25-12, in the season opener. The Hornets ran up a larger score and blanked the Bulldogs in a later game.

The Mustangs' chances will be further hampered by the fact that Mike Beauchamp, starting wingback and one of the team's leading scorers, is on crutches this week and it is "doubtful" he will be able to see action this week. He injured an ankle in the second half of Friday night's game with Frenship.

If Beauchamp is out as expected, he will be replaced in the Mustang backfield by Jimmy Harris, regular split end, or Tommy McCormick. If Harris moved to wingback, Tony Foster will fill his regular end position.

On the bright side of the Mustang picture is the fact that Jackie Hall, big senior tackle who has been slowed by an injury, is expected to be at full strength this week.

## Davis Wins State Fair Ribbons

Shannon Davis, 15-year-old son of Mr. and Mrs. Brooks Davis, returned from the State Fair of Texas at Dallas last week with three ribbons for his Brahman cattle yearlings.

He showed two heifers and a bull at Dallas. The bull placed eighth in his class, while the heifers placed sixth and 10th.

Fifteen to 25 animals were shown in each class this year, an increase in the Brahman show from last year.

Shannon got his animals from the Bar-A Ranch at Petty and began raising them as FFA projects while attending school at Fannin, a consolidated school of Fannin and Delta counties in East Texas.

He is currently a member of the Bovina FFA Chapter.

## School Menus

Oct. 20-24  
 Monday: Chili over Fritos, cheese, lettuce and tomato salad, cornbread, butter, ambrosia, milk.  
 Tuesday: Turkey and dressing, giblet gravy, buttered peas, glazed carrots, hot rolls, butter, strawberry preserves, milk.  
 Wednesday: Barbecue beef on bun, buttered corn, cole slaw, butter cookies, milk.  
 Thursday: White beans with ham hock, candied sweet potatoes, turnip greens, cornbread, butter, chocolate cake, milk.  
 Friday: Roast beef, gravy, creamed potatoes, green beans, hot rolls, butter, plain jello with whipped topping, milk.

Season's First Loss, 42-13 --

# Unfriendly Frenship Spoils Homecoming For Mustangs

The undefeated Class AA Frenship Tigers spoiled homecoming for the previously unbeaten Bovina Mustangs Friday night as they raced to an easier-than-expected 42-13 win.

The loss was the first of the season for the Mustangs and the first here for Mustang Coach Gib Hough, who is in his first year here. Their record is now 4-1.

Featuring speed and a near perfect passing attack, which completed six out of eight aerials for 105 yards, the Tigers demonstrated why they're rated one of the co-favorites for the District 4-AA championship. They've won all five of the games they've played this season.

Frenship received the opening kickoff and scored without losing possession. The kickoff was returned to the Frenship 43 and the teepee came seven plays and three first downs later on a five-yard scamper by the Tigers fine halfback, John Carrizales.

Late in the second period, Carrizales was ejected from the game along with the Mustangs' Stuart McMeans for allegedly fighting. Both coaches disagreed with the officials' ruling.

Following Frenship's first touchdown, the extra point was kicked by Jake Rogans, who went on to kick five more points after as he had a perfect night at the kicking tee.

A stout Tiger defense kept the Mustangs almost completely bottled up during the first period. At the end of the first 12 minutes, the Mustangs had only 11 total yards and nine of those came on the series just before the end of the quarter.

The Tigers got their second set of seven with 1:44 remaining in the first frame. The tally came on a one-yard slam by Clyde Strong and capped a nine-play drive which included a 23-yard pass play from the quarterback, Phil Harrist, to Rogan, a tall, rangy end.

The South Plains team added its third touchdown in the second period on a brilliant 26-yard run by Carrizales, who was as fast and shifty as any runner the Mustangs have faced in their previous four games.

Bovina got on the scoreboard with 1:12 left in the first half as Quarterback Roy Ramirez threw a nine-yard pass into the endzone to Flanker Jimmy Harris, who made a diving catch of the ball which was shoe-top high by the time Harris latched onto it.

Harris' kick for the extra point was true to leave the score 21-7 for the halftime homecoming show.

Showing no consideration for

the fact that it was Bovina's homecoming, the Tigers racked up 14 more points during a two minute period in the third quarter. Halfback Joe Rogans scored the first on a three-yard run and seconds later Frenship had possession again on the Bovina 27 as the result of a pass interception and return. The tally came in three plays with the clincher being a 24-yard pass on the halfback option from Strong to Mervin Williams.

Later in the third period, the Mustangs launched a drive which resulted in their second score, which came early in the last period.

Steve Wiseman, reserve tailback, went over the goal line from one yard away to boost the score to 13-35. A passing attempt for the dual extra points failed. Wiseman was running from the tailback position of the departed Stuart McMeans.

The Mustangs got a break during the drive. They were stopped and forced to punt at the Frenship 44. A roughing-the-kicker penalty gave new life to the drive, however, as the 15-yard official's march gave the home team a first down at the Tiger 29. It took 11 plays to crowd the ball into the endzone from there. Fullback Royce Sisk, who displayed good power

running for one of Bovina's bright spots in the losing effort, did most of the damage in the drive. He carried six of the 11 times and gained 23 of the needed 29 yards.

The final score of the game came with 6:05 left as Frenship's Strong ran like his name for 32 yards and six points.

Defensively, Mustangs receiving praise from their coach were Tackle Allen Dilger, a junior, and Bobby McMeans, sophomore defensive end.

Ramirez completed five of 12 passes for 33 yards. Sisk was the leading ballcarrier as he picked up 68 yards in 14 carries and didn't have a lost-yardage carry. Harris made 54 yards as he lugged the leather five times. McMeans made 16 yards in eight tries. Wingback Mike Beauchamp injured an ankle in the second half and saw little action the fourth quarter.

There was a large crowd on hand for the game, probably the largest of the year. Bovina's fans were increased because it was homecoming and the Tigers brought more people with them than previous opponents have.

L'Buddie, Farwell --

## 'B' Team Wins, Seventh Loses

The Colts from Bovina outscored the Lazbuddie "B" football squad here Thursday by 12-0.

However, the seventh grade was not so lucky, losing to Farwell 6-0 in the last three minutes of play. The eighth grade team did not play.

Bovina's seventh, eighth and "B" teams are scheduled to meet Sudan teams here Thursday afternoon with games beginning at 4:30 p.m.

The Colts scored early in the first quarter when Leroy Pearson crossed the goal line on a 40-yard quick opener. Extra point attempt failed.

Later in the first quarter Kim Rundell threw a 30-yard pass to Alfonso Delgado, who crossed the line for six points. The try for extra points was no good.

Halftime score was 12-0, the same as at the end of the game. Coach Roger Ezell said the defense played well. Standouts were Rundell, Ken Jamerson and Robert Garcia.

The offensive unit played a good first quarter, making its total scores in that period. However, offense did not move well in the remainder of the game. The "B" squad was playing without the services of Mike Hough, starting quarterback, who was out with an injury.

\*\*\*\*  
 It was a defensive game in

the seventh grade clash with Farwell until the pass play in the last three minutes that gave Farwell its winning six points.

Actually, the winners did not threaten at any other point in the ball game.

Bovina threatened to score twice, penetrating to the 10 and 15 yard lines. Failure to score was attributed to a "busted" play and a fumble, Coach Truck Lusk said.

Larry Haney crossed the goal line on a punt return, but the touchdown was nullified because he stepped out of bounds on the 10 yard line.

The seventh graders played a good defensive game, led by Joe Steelman, Guadalupe Espinoza, Manuel Chagoya, Gary Ward and Haney.

## New Rabin Novel Helps Youngsters Cope

For youngsters who find difficulty in relating to their parents, a new novel by Gil Rabin may help.

The book, "False Start," for ages 10 and up, tells how a boy confronts temptation and his father's serious problem, yet finds in trouble not only sadness but also enlightenment and a strengthened mental muscle.

## Kunselman Visits Here

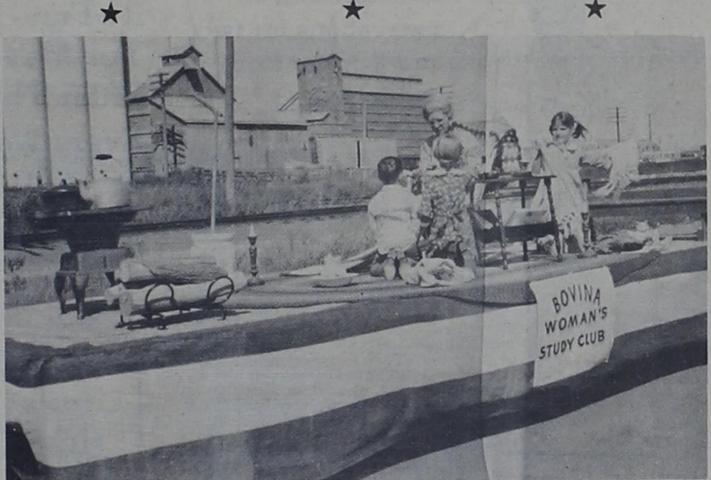

Pvt. Ricky Kunselman left Monday for Fort Ustis, Va. after spending several days here visiting his parents, Mr. and Mrs. Pat Kunselman, and other relatives.

He will attend helicopter school there until Feb. 13, when he expects to complete the course.

Kunselman underwent basic training at Fort Lewis, Wash., where he also completed work on his high school diploma. He was enroute from Fort Lewis to Virginia when he visited his family here.

"BIRTH OF CHRIST" --- Third place winner of \$10 in the Homecoming parade was the float entered by the senior class. Theme of the parade this year was "Great Events in World History."

OUTSIDE WINNER --- Bovina Woman's Study Club won the plaque for the best outside entry in the Homecoming parade. "Birth of a Flag" was the title of the float with Mrs. Clarence Jones depicting Betsy Ross.

## Pvt. Drager In Vietnam

Army Private Raymond C. Drager, 21, son of Mr. and Mrs. Christian C. Drager of Rhea, was assigned Sept. 5 to the 18th Engineer Brigade in Vietnam, as a driver.

He left Seattle, Washington Aug. 25 for Cam Ranh Bay, his parents said.

Drager entered the U.S. Army March 26 and underwent basic training at Ft. Bliss in El Paso.

His family says he is expected to be in Vietnam for a year.

PVT. RAYMOND DRAGER

## RUSHING RELIEF

An emergency program to relieve beleaguered Biafra is sponsored by Catholic Relief Services. Last year, 4,071,570 pounds of foods, medicines, equipment, clothing and bedding were flown there through Catholic Relief Services.
