Strike Settlement Is Up to Roosevelt

North Texas Freezes as South Texas Smothers

**FIRST STATEMENT
MADE ON QUESTION
BY LEADER TODAY**
Efforts Being Made

Quarrel

LEWIS ADAMANT
Administration Is
Expected to Aid,
He Declares

WASHINGTON, Jan. 22. (AP)—President Roosevelt said today that statements—not headlines—are “not in order” in efforts to settle the automobile strike.

John L. Lewis, head of the committee of industrial organization, told newspapermen last night “the same economic royalists the president assailed in accepting the democratic nomination had fangs in labor and that the people expect the administration to help repel the enemy.”

A new stalemate in government attempts to negotiate the General Motors walkout made intervention by President Roosevelt appear inevitable. Both Lewis and corporation officials expressed a belief that a White House conference was the next logical step.

General Motors and labor union officials directing the strike in the company's plants have virtually lit up to the president the next government move for peace.

Alfred P. Sloan, Jr., company president, told reporters that he was leaving the capital, where labor department officials had sought to induce both sides to negotiate for settlement of the strike.

Lewis, generalissimo of the strike, told reporters that there would be “no half baked compromise,” then when asked if it was time for President Roosevelt to intervene, said: “That's up to the president—but labor intervened for him.”

Lewis, president of the United Mine Workers and generalissimo of the General Motors strike, gave Mr. Roosevelt both moral and financial support in his campaign for re-election.

“We have advised the secretary of labor that the ‘economic royalists’—and the Du Ponts and Mr. Sloan (General Motors president) are among them—used their money to try to drive Mr. Roosevelt out of the White House,” Lewis said.

“Labor rallied to the president's support when they attacked him,” Lewis also told the conference that “After General Motors signs a contract, we expect to do a little collective bargaining with Mr. Ford.” Asked whether the union then would tackle Chrysler, Lewis said—“Mr. Chrysler also.”

20 LOWEST HERE
Mercury Climbs To
31 During The
Afternoon

By Associated Press
A cold wave gripped North Texas today while the Rio Grande citrus belt basked in almost summery weather.

Temperatures ranged from six degrees in the Panhandle to 72 at Brownsville. Despite sleet and freezing rain the weatherman saw hope of relief in clearing skies of the west.

Temperature readings of 20 degrees were recorded in Midland last night for the fourth time within two weeks.

Following a steady decline in the mercury during most of Thursday it finally levelled off at nine last night when it reached the minimum figure, remained at that point for three hours and then started a slow climb back upwards.

At seven this morning the temperature had moved back up to 21, at 10 to 23 degrees. After the sun started warming things up later in the morning the mercury started gaining impetus in its climb, registering 31 at 1 p. m.

Trees, lawns and other things covered with a thin coating of ice early this morning gradually took on a natural appearance as the ice melted and disappeared.

Killed Her Mate

Firing five bullets into the head of her husband as he sat with a woman friend in an automobile, holding their 11-month-old son, Wayne, Mrs. Joseph A. The estranged wife had come from Pennsylvania, seeking reconciliation.

GAS COMPANY IN VOLUNTARY MOVE TO LOWER RATES

Minimum Charge For
Each month Is
Lowered

42 TOWNS SAVE
All Cities Served By
West Texas Gas
Co. Affected

Users of gas as fuel in Midland and 41 other West Texas towns and cities will pay less for it this month as a result of the West Texas Gas Company announcing, through the Railroad Commission, an immediate reduction in the rates.

The reduction was the second such voluntary move made by the company within the past 14 months and will mean a large saving to those taking the service.

The new rate is \$1.25 per month for the first 2,000 cubic feet, the minimum bill, compared to the present rate of \$1.35.

Other new schedules were:

Next 48,000 cubic feet 50 cents per 1,000; next 50,000, 30 cents per 1,000; next 400,000, 25 cents per 1,000; and all over 500,000, 20 cents.

Other towns affected were: Canyon, Hereford, Bavina, Dimmitt, Tappan, Tulia, Silverton, Quitaque, Turkey, Kress, Plainview, Hale, Center, Lockney, Floydada, Abernathy, Lubbock, Shallowater, Slaton, Southland, Pritchard, Post, Levelland, Littlefield, Amherst, Sudan, Muldoon, Anton, Idalou, Lorenzo, Bells, Crosbyton, Wilson, Tahoka, O'Donnell, Lamesa, Brownfield, Seagraves, Stanton, Odessa and Seminole.

SOVIET PUBLICIST MUST FACE TRIAL

Soviet Paper Says Radek
And 16 Others Are To
Face Firing Squad

MOSCOW, Jan. 22. (AP)—The communist party organ Pravda intimated Thursday that Karl Radek, internationally known Soviet publicist, and sixteen Bolsheviks who go on trial with him Saturday, will be shot.

Asserting that the wizened, humorous little journalist and his associates plotted with foreign powers to war on the Soviet Government, Pravda said: “The proletarian court will pay them in full measure for their low treason to the Motherland.”

Competent observers believed the phrase indicated the fate of Radek and his codefendants has been determined—and that it will be death.

Rev. Pickering to Relieve Epps for Services Sunday

Rev. Cliff M. Epps pastor of the First Methodist church, announced today that Rev. J. E. Pickering, pastor of the First Christian church, would preach in his place in the pulpit of the Methodist church Sunday at 11 o'clock.

Rev. Winifred B. Borum, Baptist minister, will conduct his church's services in the Christian church due to reconstruction work on the Baptist building.

Sunday night there will be no services at the Methodist church, however, the young people will meet at 6:15 p. m. for their services.

Perpetrator of "Blue Boot" Hoax Barred on Track

LOS ANGELES, Jan. 22. (AP)—Presiding Steward E. K. Thornton of Riverside Park, Kansas City, advised the Los Angeles turf club Thursday that Paul Harvey, admitted perpetrator of the “Blue Boot” race horse hoax, had been banned for life from the Kansas City race track.

Harvey, Odessa, Texas, horseman, signed an affidavit last week that he raced a filly named Exotide under the name of “Blue Boot” and that the mare was claimed by Earl Beezley of Kansas, after winning a race at Long Acres track at Seattle, Wash., last year. The switch in names allegedly occurred at the Kansas track.

Blue Boot, name of the horse adopted in the hoax, belongs to Sheriff A. C. Francis of Midland and is at present on his ranch south of Midland.

LOVING STRIKE RATES 350 BBLs. ON 24-HOUR TEST

Mason 2 Kyle May
Run Tubing With
Packer

BY FRANK GARDNER
First 24-hour gauge after shot gave the Mason Oil Company No. 2 discoverer well in Loving county, a rating in the neighborhood of 350 barrels a day. Actual figures on the test were not available. The well is being allowed to flow today, and is making hourly heads of around 15 barrels. O. M. Mason, the operator announced that he will clean the well out in a day or so and later run tubing with packer. The present flow is through 5 3/16-inch casing, which is set at 2,910.

The No. 2 Kyle is expected to open the second West Texas oil pool producing from the Delaware formation. The other is the Wheat pool at Mentone, nearly 20 miles southeast of the new strike. Mason Oil Company, a subsidiary of Michigan Gas and Oil Company, holds about 4,000 acres surrounding the discovery. Other lease and royalty by the company in the immediate vicinity are Argo Royalty Company and T. P. Land Trust.

The Mason well topped the Delaware black lime at 3,859, 806 feet below sea level, and the Delaware sand at 3,895. First oil show in the sand was at 3,901, and the well began flowing with oil when drilling from 3,906 to 3,911, the total depth. A kick-up sufficient to kink the drilling line was reported when the bit broke into the gas and oil sand. Before shooting, the well made an oil head of 54 barrels in 52 minutes, and when shot in run, it was found to have 3,600 feet of oil in the hole. Steel line measurement made before running shot showed total depth to be 3,906, but this was discounted in view of the possibility of cavities on bottom. Five foot anchor was set, and the well was jolted with 120 quarts. It cleaned itself immediately and flowed into pits for 15 minutes before oil was turned into tanks.

Mason No. 2 Kyle is located 2,310 feet from the north and east lines of section 20, block 55, township 1, T. & P. survey, two miles west and slightly north of the No. 1 Kyle, to which it is running more than 100 feet high. Total depth of the first well was 4,015, where water was struck. With elevation of 3,901, it topped the Delaware at 3,912, 911 feet below sea level.

Acid treatment was not made yesterday on Texas Pacific Coal & Oil Company No. 1 Bennett because of cold weather, but the 5,000-gallon shot was scheduled to be run this morning. (See OIL NEWS, Page 2)

RIGHTISTS THROW AID TO MILITARY GROUP IN JAPAN

Dissolution of The
Anti-Army Diet
Demanded

TOKYO, Jan. 20. (AP)—Civilian rightists threw their support tonight to militarists demanding dissolution Japan's anti-army diet.

The rightist hampered efforts of conciliators seeking a compromise between army and parliamentary leaders who charge the army is dictating to the government.

Anti-dissolutionists in the cabinet are apparently waging a losing battle.

It is indicated the issue of the army in the government would be placed before the electorate.

The Cabinet of Koki Hirota, badly shaken by its hostile reception, Thursday in the Diet, where it was pilloried as under the thumb of the army, Friday confronted a choice between its own resignation and dissolution of the House of Representatives.

Vigorously attacked in both houses boomed and jeered at, criticized as militarist-dominated and pro-Fascist, the government sought and obtained a forty-eight-hour truce in the bitter political warfare.

At the instance of Premier Hirota the Emperor issued a rescript suspending the Diet for two days.

Registered Stock Is Listed for Auction At San Angelo Show

SAN ANGELO, Jan. 22.—Thirty-five head of registered Hereford bulls have been listed with the sales committee of the Sixth Annual San Angelo Fat Stock Show for the auction sale scheduled to be held Monday, March 8, the third day of the show. This year's program opens Saturday, March 6, and runs through Tuesday, March 9.

Culbertson Deal, manager of the show, says that more than 60 head will be sold this year. Many leading Hereford breeders of this area are still to enter animals for the sale.

Breeders who have already listed bulls for the sale include: William Pittman, Jr., Dublin; John Gist, Odessa; Largent & Stephens, Brownwood; J. A. Queen and C. C. Sanders, Big Lake; J. R. Barton, Sterling; John P. Lee, Tankersley; Norman Martin, Dublin; and I. A. Bird, Sandoz.

Col. Earl Gartin, Greensburg, Ind., livestock auctioneer, who has handled previous sales here, is returning this year to handle the gavel at this sale. It will open Monday morning at 9 o'clock and continue until all animals are sold.

W. B. Mitchell, Marfa, will serve as judge of the Hereford cattle breeding class this year.

In the F. F. A. and 4-H Club boys events this year it is expected that more than 500 youths from counties in the San Angelo ranching and feeding section will have entries of lambs and calves. During the first five years of the program an average of 375 boys showed stock at the local show. Mr. Deal says that contacts with vocational agriculture instructors and county agents indicate this number will be swelled this year.

For the first time this year the C. A. Broome Memorial Prize of a registered heifer will be given the boy showing the best calf in the show. Only youths eligible to compete for this prize are those showing baby heifers from Tom Green, Runnels, Cooke, Irion, Sterling, Concho (Registered Stock) Page 2

80,000 ARE LEFT HOMELESS BY THE MID-WEST RIVERS

11 Are Dead, Many
Others Suffer As
Waters Rise

CHICAGO, Jan. 22. (AP)—Ohio valley rivers swelled toward their highest crests in history today claiming 11 lives and making 80,000 homeless in 10 states.

A major catastrophe loomed in Portsmouth and Cincinnati areas where 25,000 are homeless. Thousands are ill and injured and many are unemployed because of damaged factories.

The flood stretched from Pittsburgh to Arkansas. A sleet storm added to the hardships in Illinois.

Portsmouth, city of 43,000 residents, shielded so far by a 60-foot, three mile, million dollar river wall, awaited its first serious flood since 1913.

City Manager Frank Sheehan ordered residences and business houses in all except hilltop districts evacuated.

Pumps now keep the water out of the city.

AAA OFFICIAL SAYS INCOME PARITY ON CROP UNATTAINED

'Supply and Demand'
Consideration
Is Urged

BATON ROUGE La., Jan. 22. (AP)—Twelve-cent cotton was described Thursday by I. W. Duggan assistant director of the AAA, as insufficient to provide income parity for southern farmers even with normal production.

Duggan indicated that 15-cent cotton would be necessary to establish such parity.

He told more than a hundred parish and home demonstration agents at Louisiana State university that farmers should consequently consider the “supply and demand situation” before planting this spring.

He said “cooperation by farmers in diverting acreage” had brought about a price of about 12 cents a pound for cotton for the past four years.

Duggan said the land in the cotton producing area was only 74% as productive as the nation's average soil, and that although 34% of the nation's farm population lived in the area they received only 21% of the national farm income.

Abe Rothberg was a victim of the Olsen duplicates in an Ohio town in a joust that ended in a riotous squabble when the preparators of the dastardly and fraudulent plot were uncovered, much to the delight of the paying guests.

Hermie Olsen pinned Rothberg with a series of kangaroo kicks and a scissors hold. Rothberg, according to the popular plan, wiped the canvas with Hermie in taking the second fall. A pair of dying gladiators wended their weary ways to the dressing rooms.

Then the dirty work. The story is that, during the rest period, Hymie Olsen insists that "they can't do that to us." Anyway, he dons Hermie's sweat-soaked togs, and apparently no one is the wiser as he clambers through the hemp to pick up where the other member of the family left off.

EYES TIRED AT 3

IT ALL DEPENDS ON THE Lighting!

Every woman who uses her eyes a great deal for reading, sewing or typing, has experienced the tired, drawn feeling that comes after doing tedious eye work. Now Science says that much of this strain is due to improper lighting which throws unnecessary work on the eyes and makes wrinkles in the forehead.

Perhaps this is the cause of much of the fatigue, headaches and other troubles that result from reading or typing. But whether these discomforts are to be endured and eyesight endangered by constant strain depends almost entirely on the lighting.

New Popeye Is Given Sound in Two Ways

Two distinct techniques are used in "dubbing in" the voices in an animated cartoon for the movies. Both of them were used in the course of the supershot, "Popeye the Sailor Meets Sinbad the Sailor," Max Fleischer's three-dimensional, full-color film coming to the Yucca preview, Saturday night, Sunday, Monday and Tuesday.

It is the first cartoon to run two reels in length.

The usual method is to complete the film from a script, run it thru several times for a rehearsal of the people who are going to contribute voices and then run it again, recording the voices with their proper timing. This was done throughout most of "Sinbad."

The second, used when special dialogue is called for, is to record the voice first, then animate from it. This was done for the sequences in which "Boola," two-headed giant in "Sinbad" mutters and talks to himself.

The second technique is more difficult, in that animators must have their drawings correspond exactly in the timing of lip movements and

Mrs. J. P. Thompson Miss Blanche Peters Named Tea Honorees

Mrs. Ben T. Rogers, Mrs. Francis H. McGuigan, and Mrs. John P. Thompson honored Mrs. Frank S. Thompson and Miss Blanche Peters with a tea Thursday afternoon from four to six at the home of Mrs. McGuigan, 1010 West Texas.

The reception room was beautifully decorated with snapdragons, corn flowers, cyclamen, and chrysanthemums whose brilliant colors harmonized with the subdued hues of the floral centerpiece on the tea table.

Pink rose buds in a low silver bowl interspersed with delicate yellow irises and white daisies, "flower candles," made up of several tiny blue candles held in flower cups, formed an unusually beautiful centerpiece. Mrs. J. D. Bodkin presided at the tea service and Mrs. Chapple Davis at the "tipsy" pudding service. The house party included Mmes. J. M. Armstrong, Herbert Hamphill, Harris G. The last Congress of the United States appropriated public funds at the rate of more than \$70,290,000 a day for each of the 282 days of both its sessions.

DON'T LET CONSTIPATION MAKE YOU SICK

Do something about it and do it today. You can take endless pills—but just remember that chronic medicine taking is an unhealthy habit and often loses its effect.

Correct common constipation naturally by including sufficient vitamin B and "bulk" in your diet.

Kellogg's ALL-BRAN supplies vitamin B and the "bulk" you need. In the body, it absorbs twice its weight in water, and exercises and sponges out the system.

Rid your body of poisons and see how much better you'll feel. Try Kellogg's ALL-BRAN for a week. If not satisfied, your money will be refunded by the Kellogg Company. Eat two tablespoonfuls a day, as a cereal with milk or fruits, or in cooked dishes. Stubborn cases with each meal.

Sold at all grocers and guaranteed by Kellogg in Battle Creek.

Ace High Club Is Entertained By Mrs. S. P. Hazlip

Mrs. S. P. Hazlip was hostess to the Ace High Club Thursday afternoon at her home.

A color motif of black and red was used in the tallies, table appointments, and the prize wrappings.

A salad plate was served during the afternoon to Mmes. P. A. Nelson, James Maxwell, J. H. Reagan, Laughan McAllister, W. B. Holmes, G. Henderson, the club guest, Mrs. Joe Haygood, and the hostess.

Two-Tread Air Cooled SEIBERLINGS

CARRY THE STRONGEST GUARANTEE ON THE AMERICAN MARKET FOR REAL SAFETY

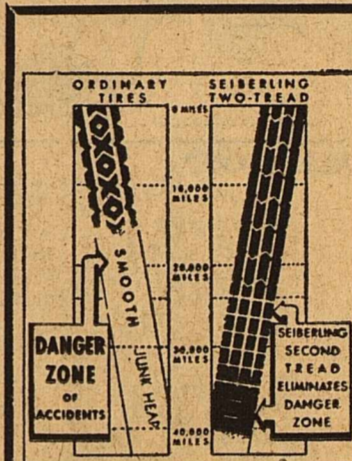

Driving on smooth, badly worn tires is as dangerous as handing a loaded revolver to a child. Smooth tires, like a thief in the night, slip up on you when you least expect them.

TWO-TREAD SEIBERLING tires Never Wear Smooth! When the first tread wears off, the second tread appears, thus, the danger point in ordinary tires becomes the new safety point in TWO-TREAD Seiberlings.

MERLE FULTON
Manager

SEIBERLINGS
ARE
Unconditionally Guaranteed
AGAINST ALL ROAD
HAZARDS

Above is a scale which represents the life of an ordinary one tread tire. Notice the tread has worn smooth at 20,000 miles. "Too good to throw away," the tire enters the danger zone of accidents. The patented TWO-TREAD Seiberling tire on the right has just run through to its second tread at 20,000 miles. It remains safe and tractive to the last mile!
