Half-Inch of Rain Falls In Midland

Praise, Criticism of President's Speech Made

FARLEY SAYS TALK 'ONE OF GREATEST EVER DELIVERED'

Nebraska Solon Not In Favor of The 'Methods'

GAINS SUPPORT

Communications To FDR Show 7 to 1 Favorable

WASHINGTON, Mar. 5 (AP)—Supporters praised and opponents gave notice of continuing their fight against the president's court reorganization plan today.

Postmaster Farley said the president's speech last night was "one of the greatest delivered in this country," Senator Burke of Nebraska said that he commended the president's objectives for America, but condemns the method of reaching the goal.

President Roosevelt told a press conference today that communications to the White House were running seven to one in approval of the victory dinner speech last night in which he said that supreme court decisions had made achievement of economic objectives uncertain without some new action "now."

WASHINGTON, Mar. 5 (AP)—President Roosevelt celebrated his election triumph last night with a new call to battle, a vigorous appeal for passage of his court reorganization bill to give the nation a clear "knowledge of what powers it has to serve its own citizens."

While a big hotel ballroom packed with top-ranking democrats applauded every thrust, he turned the rapier of his famed eloquence upon the supreme court and called for immediate action to end the deadlock between his administration and the judiciary.

The occasion was the fourth anniversary of the President's first inauguration, chosen as the celebration date for his victory of last November. Victory dinners were held throughout the country. All heard the address by radio.

From a \$100-plate charge for the dinner here, the fee was graduated downward to \$2.50 in some places. Profits will go to reduce the party's campaign deficit.

Postmaster General Farley introduced the President.

Cheers greeted his assertion that he would make a series of speeches "if necessary" to put the court bill through.

"If we keep faith with those who had faith in us, if we would make democracy succeed, I say we must act now," he said in conclusion.

With an obvious reference to the "dictator" charges hurled by his enemies, he disclaimed any intent to seek a third term in office. And he struck again at the tribunal's majority with the accusation that some justices were letting their own economic beliefs control their decisions.

He said it pleased the "personal economic predilections of a majority of the court that we live in a nation where there is no legal power anywhere to deal with its most difficult practical problems—a man's land of final utility."

The speech, his first utterance on the courts since his message on the judiciary went to congress a month ago, was delivered at a gigantic "victory dinner" here, featured event of dozens of democratic dinners throughout the country celebrating the 1936 landslide.

Mr. Roosevelt recited the New Deal's efforts to deal with the farm problem by the agricultural adjustment administration, and of the effort to improve labor conditions through the NRA. After each reference he asserted:

"You know who assumed the power to veto, and did veto that program."

Baseball Meeting Is Postponed to Mar. 14
The proposed baseball meeting to be held here Sunday, at which time final organization of the new West Texas-New Mexico League was to be completed, has been postponed until March 14, it was announced today.

Joe Pate, representative of the National Baseball Association who has arranged the organization plans was forced to leave here today, thereby causing the postponement.

At the present time, Monahans, Wink and Hobbs are "set" for the opening of the league but other prospective franchise holders are lagging behind.

Rotarians Hear Farley Here Thursday Evening

Air Chief

Reorganization of the Bureau of Air Commerce, much criticized since a sequence of air tragedies on the west coast shocked the aviation world, was started with the appointment of Fred D. Fagg, Jr., (above) to succeed Eugene Vidal as director. Mr. Fagg has been consultant to the bureau, is a World War air veteran and founder of the Northwestern University Air Law Institute.

CHOATE & HOGAN COMPLETING BIG UPTON PRODUCER

No. 1 Baker Pumping 35 Barrels Of Oil Hourly

By FRANK GARDNER
Another large producer was being completed today in the area west of the original wells in the McCamey pool of Upton county recently proven by R. H. Henderson No. 1-A Baker as L. H. Choate and Fred T. Hogan No. 1 Baker pumped 35 barrels of oil hourly following a 2,500-gallon acid treatment.

The well, located 1,108 feet from the northeast and 2,970 feet from the northwest line of section 7, M. S. Denton survey, is bottomed at 2,272 feet in lime.

Across the line, in Crane county, Choate, Hogan and Wilbanks No. 1 Cordova Union, a half mile southwest of the producer drilled last year by Henderson, Choate and Hogan on the Cordova Union land, had reached 2,300 feet in lime. Section from 2,000 feet on down has shown saturation. The test is now below the horizon at which other wells in the area have found water. It is located 2,310 feet from the northwest and southwest lines of section 7, block 35, H. & T. C. survey.

Extensive production in the Crane-Cowden pool a mile to the southwest, W. E. Production Company and Wilbanks No. 1 Hughes, southwest corner of section 86, block X, C. C. S. D. & R. G. N. G. survey, is waiting for cement to set around 7-inch casing at 2,214. The well topped pay at 2,424, logged a good increase from 2,454-51, the total depth, and was estimated good for two barrels an hour, natural. It will be acidized when plug has been drilled.

Three Dusters
All three of the semi-wildcats drilled by John Hertz et al., between Crane-Cowden and McCamey production in southeastern Crane have been abandoned as failures, it was learned today. Earlier in the week, the No. 1-C Hughes, 1,650 feet from the northwest and 330 feet from the southwest line of section 2, H. & O. B. survey, struck sulphur water in the last foot of hole and was ordered plugged at 2,371.

A mile to the northwest, Hertz et al. No. 1-A Hughes, 2,970 feet from the southeast and 330 feet from the southwest line of section 101, B. L. Frost survey, was likewise found dry when it encountered three barrels of sulphur water in 12 hours from 2,405-06. Steel line corrected 2,411 to 2,406.

European Trip Told Of by Amarilloan In Address

Cal Farley, Amarillo tire dealer, who addressed the Midland Rotary club at its meeting Thursday evening, told of a recent European trip with all the vim and punch of the Will Rogers picture, "They Had To See Paris." Farley was here as guest of Fred Wemple, Rotary district governor, who had charge of the club's program in a series of past-president's appearances. Mrs. Farley also was here for the meeting.

Other out of town guests included the Hon. Harry Hines, chairman of the Texas highway commission, and Mrs. Hines; Tom Payne, secretary to the commission chairman; J. D. Hancock and W. E. Brown, Dallas oil men; M. M. Dinowski, of the Dallas News executive staff, and Mrs. Dinowski; R. F. Hinchey, general manager of the West Texas Gas Co., Lubbock; Elmo Wasson, president of the Big Spring Rotary club, and Mrs. Wasson; R. R. Rander-son of Abilene. A number of Midland guests, as well as several wives and family members of Rotarians, were present for the banquet which was held in the Crystal ball room of Hotel Scharbauer at 7 p. m.

Wemple introduced the speaker, telling of his athletic accomplishments, having been welter weight wrestling champion of the A. E. F., a professional baseball player and promoter of athletics; also of his philanthropy which is outstanding in the Panhandle area. He described Farley as a rugged and "ordinary" business man and philosopher.

Farley then made humorous introductory remarks and launched into an account of a trip to the Olympics at Berlin last year, the trip having been won through sales records in his tire business. He was accompanied on the trip by his wife and daughter, also by a friend of the family. He took his car across, making possible much leisurely travel through European countries, gaining close insight into present day conditions and forming many friendly contacts.

He told of visits to Paris, to scenes visited during the World War, to Germany, to Holland and to England. He recounted interesting incidents to show the reverence of German people for Adolf Hitler, describing the dictator as "a politician and showman." He said the poorer classes love Hitler and the business men admit that he has stabilized conditions in such a way that they "know what to expect."

Interesting slants on people, conditions, politics and general international affairs were related by the speaker.

Following the program, the banquet crowd went to the new service station being opened today by Fred Wemple, at the corner of Colorado and Wall streets, for a preview of the modernistic building with its ultra-modern equipment. John P. Howe, who was superintendent of construction on the project, acted as host, displaying the unique features of the station to the guests.

In the station, Cal Farley then exhibited a fifty minute movie of scenes which he filmed on his European trip.

Montgomery Ward Display Unit To Open Saturday

Opening of the new "display unit" of Montgomery Ward & Company, at the Sinclair building on South Main street, is scheduled for Saturday morning, with a complete line of household goods on the floor. The business is a branch of the large Fort Worth house of the company. Articles in the store, including furniture, stoves, radios, washers, bicycles, plumbing fixtures and kindred merchandise, will not be sold from the store, but orders may be placed there and sent to Fort Worth, to be filled in two day service.

Servicing of merchandise and all adjustments will be handled here. The merchandise comes on a C. O. D. basis, with privilege of inspection before acceptance.

Mrs. A. C. Woods is in charge of the store, with Mr. Woods, company salesman, continuing to cover the Midland territory. The Sinclair building has been renovated for the new establishment.

Quin's Guardian

Affairs of the five most important babies in the world, the Dionne quins, hereafter will be under the supervision of Ontario's official guardian, Percy D. Wilson, above, former Canadian football star, who has just been appointed special guardian for the quintuplets. Wilson succeeds the Hon. David Croll, who said the quins' business dealings had become too heavy for him to handle with his duties as a cabinet minister. Wilson will serve with Judge J. A. Valin, Oliva Dionne, the quins' father, and Dr. Allan R. Dafoe, who comprise the guardianship board.

U. S. APOLOGIZES TO GERMANY FOR LA GUARDIA TALK

New York Mayor Had Called Hitler A 'Fantic'

WASHINGTON, Mar. 5 (AP)—The United States apologized today to Germany for remarks made recently by Mayor Fiorello LaGuardia, New York, about Chancellor Hitler.

Germany complained to the United States Thursday that Mayor Fiorello H. LaGuardia of New York had insulted Adolf Hitler.

A representative of the German Embassy lodged a vigorous protest at the State Department. Secretary of State Cordell Hull voiced an informal expression of regret.

An address was made Wednesday in New York by Mayor La Guardia who was quoted calling the Nazi chief a brown-shirted fanatic. Speaking to the women's division of the American-Jewish Congress, the mayor suggested a chamber of horrors at the 1939 New York world fair to contain "a figure of that brown-shirted fanatic who is now menacing the peace of the world."

La Guardia said of the protest: "They ought to protest. For I know of no artist or designer who can adequately paint or carve anything that will adequately depict either

Midland Men to Attend Dinner in Honor of Terrell

Claude Duffy, Clarence Scharbauer, W. R. Bowden and possibly several other Midland men will go to Fort Worth tonight or early Saturday to attend the "Appreciation Dinner" honoring the Hon. C. V. Terrell, chairman of the railroad commission of Texas. The dinner, to be held at 7 p. m. at the Texas Hotel, is given by Fort Worth friends of Judge Terrell.

Formal invitations, with tickets of admission were received this week by several people of this section. "Judge Terrell has been twice elected chairman of the railroad commission of Texas, which of itself is a distinction," said Mark Raley, chairman of the arrangements committee. "He has held other places of public trust and has, through the years, been a faithful and efficient public servant. In appreciation of this unselfish service, his Fort Worth friends are tendering this dinner in his honor."

More than 1,500 are expected to attend. The program will be broadcast over KTAT at 8 p. m.

'ULTIMATUM' TO CHRYSLER CORP. TO BE MADE TODAY

Immediate Answer To Demands To Be Asked

LEWIS SCORED

Committee Appeals To Green For His Assurances

DETROIT, Mar. 5 (AP)—Homer Martin, president of the United Automobile Workers of America, announced today that the union will present an "ultimatum" to the Chrysler corporation this afternoon, demanding an immediate answer to the request for recognition as the sole bargaining agency for the 67,000 company employes.

In Pittsburgh, a committee of employe representatives from the 18 mills of the Carnegie-Illinois steel corporation asked William Green, president of the American Federation of Labor, for assistance in their fight against John L. Lewis' industrial union.

The committee sent a telegram asking Green's advice on re-organization of the "company union" system, so it might continue to function.

PRO-RACING GROUP PLAN STRATEGY TO OVERCOME DEFEAT

Roosevelt Speech Placed at Top By House

AUSTIN, Mar. 5 (AP)—The house voted today 51-50 to bring President Roosevelt's address last night ahead of that of Senator Tom Connally here Monday against the court plan.

Representative Paris Smith of Bay City opposed the motion on grounds that it was unfair to the senator. Opponents of race wagering repeal reported they were planning new strategy to overcome a reverse suffered yesterday when the senate engrossed the repeal bill.

The senate began consideration of the enabling act for a constitutional amendment authorizing retirement of school teachers. Sponsors estimated it would cost the state about \$2,400,000 annually, with 46,000 now eligible. The measure will be effective July 1.

CAMOUFLAGE TRACED TO INDIANS

PORTLAND, Me. (U.P.)—Most people associate the art of camouflage with the World War. But Maine historical records show that the art was practiced by the St. Francis Indians prior to the American Revolution.

the personalities of the Nazi government, Hitler himself, or the type of government he is giving.

URGENT PLEA ADVANCED FOR ROOMS TO ACCOMMODATE CHURCH CONVENTION

Authorities to Recommend The Affair Be Transferred Unless Action Taken

An urgent plea to the citizenry of Midland for additional rooms in private homes to accommodate the approximate 1,000 visitors who will attend the annual convention of the Christian Church in the State of Texas, scheduled to be held in Midland the first week in May, was voiced today by the Midland chamber of commerce, which organization stated that unless some 300 or more rooms in private homes of Midland could be secured by Saturday noon it would be recommended to authorities of the local Christian Church that the statewide convention be transferred elsewhere.

This is Midland's first chance to entertain a statewide convention, and the opportunity will be lost unless the rooms are listed at the chamber of commerce office today or in the morning. The convention would be a great advertising medium for Midland and the citizens

Is Oil Visitor

HARRY HINES
The Hon. Harry Hines, chairman of the Texas highway commission, has become a frequent visitor to Midland—not particularly on highway matters but because of his oil interests. Arriving here Wednesday night he has been a guest of Hotel Scharbauer for two days and will leave tonight for Fort Worth to attend the testimonial dinner given in honor of Railroad Commissioner C. V. Terrell. He is accompanied here by Mrs. Hines, also his secretary, Tom Payne, and two Dallas oil men, W. E. Brown and J. D. Hancock.

Aycock's Condition Considered Serious

B. N. Aycock, Midland cattleman who has been ill for several days at a Midland hospital, had a better night Thursday, his physician reported, but his condition was not improving this afternoon. He was reported to be under an oxygen tent and resting fairly well. An attack of bronchial pneumonia, coupled with kidney complications, caused his condition.

Steel Market Prices Swing Upward Today

NEW YORK, Mar. 5 (AP)—A sharp advance in steel prices announced yesterday stimulated stocks to a vigorous one to five dollar share recovery in today's market.

FIRE RELIC INSURED

PAYNE, O. (U.P.)—The bell that supposedly hung from the neck of Mrs. O'Leary's cow, reputedly the cow that kicked over the lantern causing the great Chicago fire, is now owned by a wholesale company here and insured against theft—and fire.

"Un-Named" Station Is Well Attended Despite Weather

Rain had reduced the attendance but had not dampened the ardor of those inspecting the "Un-named" service station at Colorado and Wall streets of which Fred Wemple is proprietor and Dick Whitson is manager. Souvenirs were given the guests. Built of modernistic architecture and finished in vivid white and black, the station affords to the Midland business section an entirely new type of construction and beauty.

Structural glass, jet black, adorns the curved front of the station, in striking contrast to the white stucco finish. Gasoline pumps and all other equipment are harmonizing in color and design, representing the newest inventions and perfections of auto service implements.

A contest to adopt a name and a slogan, with \$100 in cash prizes, was meeting with ready response from the public and it was expected that with clearing weather the number of visitors will increase materially.

The station, featuring Magnolia products and a complete line of standard automobile accessories, is located on the site of the former Midland public library. Wemple erected the new building after securing a ten year lease on the tract. John P. Howe was superintendent of construction and of installation of equipment.

PRECIPITATION TO CONTINUE, BUREAU FORECASTS TODAY

Low-Lying Clouds Are Still Hovering Over City

RANGES AIDED

Crop Planting Due To Start in County Soon

Rainfall totaling .54 of one inch had fallen in Midland up to noon today with further precipitation appearing likely as low-lying clouds continued to hover over the city. Showers had fallen intermittently during the morning, totaling .16 of an inch since 7:30. A total of .38 fell during yesterday and last night.

At the airport the rain gauge showed the same amount of rain as did gauges in town. However, .06 more fell there during the morning than in town.

Farmers and ranchmen were optimistic over prospects as the rain continued to come down. While conditions were not at a "critical" stage, the moisture is expected to do much toward early planting. Many farmers are expected to start planting feed crops in the near future. Cotton planting will not be started for another month but the rain will do much to get the ground into planting condition.

Ranchers were jubilant over prospects of grass crops as a result of the rains. Ranges were still in good condition but the rains admittedly helped them a lot.

The rains appeared to be general over West Texas, reports from all directions indicating the entire area had been benefitted. Rains today were extending all the way from Abilene to Wink east and west from Hobbs to San Antonio to the northwest and southeast. Showers were also reported at Monahans, Odessa, Crane and other points.

REBELS ACCUSE FRANCE OF AIMING AT SPAIN BORDER

Allege Trouble Is Being Incited In Morocco

By Associated Press
The Spanish insurgent regime accused France today of concentrating arms and men on the Spanish-Moroccan border, inciting unrest among the natives in order to force a pretext for invasion.

The insurgent diplomatic cabinet declared any aggression against Spanish Morocco would be met with an "adequate" reply.

The charge marked the second flare-up of danger of the Spanish civil war spreading over the rest of Europe. Informed French sources said the accusation was absurd, adding that General Franco, insurgent commander, was trying to create trouble for France with Germany and Italy.

1800 STUDENTS IN MIDLAND SCHOOLS

207 More Students Than At This Time During 1935-36 Term

Comparative enrollment figures of Midland schools this year with those of last year show a total of 207 new students in the schools. At the end of the sixth month last year the total enrollment in the six local schools was 1,593. At the end of the sixth month of the present term the total number enrolled is an even 1,800, an all-time record.

Each week since the opening of school last September the enrollment figures have increased until now there are approximately 200 more students registered than during any previous term.

Enrollment in each school follows:
1935 1936
1936 1937
High School 377 417
Junior high school 507 571
North elementary school 236 281
South elementary school 243 296
Mexican school 133 133
Colored school 97 96
Totals 1,593 1,800
Total increase 207

BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER
Reporter-Telegram Washington Correspondent

WASHINGTON, Mar. 5. — The neutrality law which Congress will pass may close several roadways along which this nation might stumble into the next European war. But there will be in it no guarantee of peace, such as might lead toward shaving off a little of the 1937-38 budget provision of a billion dollars for the army and navy. The adamant senators who em-

erged from service on the Senate Munitions committee determined to have peace at virtually any price, became reconciled to the neutrality bill brought out by Chairman Key Pittman of the Foreign Relations committee. Not, however, until the bill had been strengthened considerably more than the Roosevelt administration previously had been willing to accept.

The Pittman bill has more mandatory features than the bill introduced by Chairman McReynolds of the House Foreign Affairs committee, and it is believed probable these added mandatory items will appear in the act as finally approved by both houses. There is a tremendous difference between safe-

And We Think We Have Troubles!

guards now being erected and the weak needs which failed to keep us out of the World War.

Couldn't Get Food
Under the Pittman measure, no arms, ammunition or implements of war may be exported to belligerent nations after a state of war begins to exist.

In the last war the Germans found their troops being killed by American shells when, at the same time, they couldn't get American food because of a blockade. Bitterness arising from a feeling the United States was not being neutral, helped create the German frame of mind which was a factor in bringing us into the war.

In case of a civil war, the President would be authorized to decide whether the situation was dangerous enough, with regard to our neutrality, to declare a munitions embargo.

No American citizens would be permitted to travel on the ships of belligerent nations. (Remember the Lusitania?)

Cash and Carry
The Pittman bill gives the President power to list materials, in addition to munitions which American ships would be prohibited from transporting to any belligerent.

It lays down a drastic "cash and carry" principle by forbidding export of any materials whatever to belligerents unless all ownership and interest therein has been transferred to the foreign purchaser before the materials leave the country.

Loans and credits to belligerents are prohibited.

American vessels are forbidden to transport any arms or ammunition to belligerents and the President is given power to prevent American ports from being used as supply stations for belligerent ships.

Arming of American merchant vessels would be prohibited.

None of this applies to any republic in this hemisphere engaged in war against a Non-American state.

Left Up to President
The somewhat milder McReynolds bill differs in that the "cash and carry" principle is left as a discretionary power with the President instead of being mandatory. It also differs in its omission of the prohibition against arming merchant vessels, in its provision making the ban on American travel by belligerent ships discretionary rather than mandatory, and its inclusion of a ban on solicitation of contributions in this country for belligerent nations.

Neither bill prohibits American ships carrying non-embargoed supplies into war zones. Neither provides anything which would prevent the building up of a huge war trade with whatever nation controlled the seas.

Detailed Report On Van Field Published In Bulletin Form Now

AUSTIN, Texas, Mar. 5. — A detailed report on the Van oil field, probably the most exhaustive treatment ever published on an oil field, has been published in bulletin form by the University of Texas Bureau of Economic Geology. It is entitled "The Van Oil Field, Van Zandt County," by Ralph Alexander Liddle.

The author traces the prospecting stages, geologic, geophysical-seismograph, torsion balance, and magnetometer-and core drilling, and gives the preliminary structural maps based on each method.

The stratigraphy of the formations at the surface, from Weches to Wilcox, and those beneath the surface penetrated by drilling, from Wilcox to and including a thousand feet of Trinity, is described.

The most exhaustive part of this work treats with the structure. Contour maps have been prepared for the tops of the Midway, Navarro, Pecan Gap, Austin, Eagle Ford, Woodbine, and Comanche. The progressive updoming and faulting of

this area are thus clearly pictured.

It is suggested that oil migration and accumulation in the East Texas basin took place sometime during the interval from the close of the Austin to the beginning of the Wilcox. Structures formed later than Wilcox in this area therefore apparently would be barren.

The last few pages outline the drilling, production, and proration methods adopted in the fields under the Van Joint Account Utilization agreement entered into by the Pure Oil Company, the Sun Oil Company, the Shell Petroleum Corporation, the Texas Company, and the Humble Oil and Refining Company. Pressure decline, water encroachment, salt water disposal, water supply, and future recoverable oil reserve in the Van field were discussed.

"This bulletin should be in the library of every geologist and petroleum engineer interested in the orderly and economical development of Texas' petroleum resources," Dr. E. H. Sellards, director of the university Bureau of Economic Geology, said.

During a 10 year period, 5000 patents were issued to women by the U. S. Patent Office.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything).

A visitor here, from Dallas, says the old timers are too conservative. When told that we had probably 8,500 inhabitants, he said we had at least 10,000. Some of us are going to have to rub our eyes and wake up or the town will run off from us.

However, I still say that the number of people here is of little consequence when compared to the quality of citizenship. In the history of the county, I'll bet there has never been a small town with the same man-power, woman-power and children-power.

What's to keep us from having 15,000 people before the end of 1938? I saw in a neighboring paper a

The senate slipped up on the racing repeal bill yesterday, voting 20 to 8 to repeal the betting. However, it was attached as a rider on an insignificant measure and, because it didn't pass by a four-fifths majority, will have to come up again next week. I want to see the senate do one thing or another so the Midland Fair can begin work for a race meet or a rodeo. They may reduce the number of days we use the fair ground, but we'll still show 'em a packed grandstand before the year's over.

FRENCH FINANCES BOLSTERED TODAY

Ban On Domestic Gold Trading Lifted And Expenses Cut

PARIS, Mar. 5 (AP)—The government today bolstered uncertain French finances by lifting the ban on domestic gold trading and promised drastic curtailment of public expenditures and urged Frenchmen to support the new national defense loan "the only one during the year."

story that looked at first like a patent medicine advertisement. But it turned out to be an article about J. L. Hall of Stanton who is starting his thirty first year making pills. "Doc" Fannin, who recently sold his drug store, was a few years ahead of him.

SOCIETY NEWS SECTION

Couple Married Wed. To Live in Midland

SAN ANGELO, Mar. 5.—Mr. and Mrs. John Hill Doran will be at home in Midland after a week's trip to Carlsbad Cavern and El Paso. Before their marriage here Wednesday morning, Mrs. Doran was Miss Beatrice Hendrick. She is a daughter of Mrs. H. E. Williams of this city and H. E. Hendrick of San Saba.

Nuptials were performed by the Rev. Dean Harrison at the Williams home on West Beauregard Avenue. The single ring service was used. The bride wore a light blue two-piece suit. The dress was designed with a lace yoke, a pleating was used in the neck and on the lapels of the coat. Her corsage was of sweet peas. For traveling she wore a navy blue fitted suit using British tan accessories.

Mr. Doran is a son of Mr. and Mrs. R. A. Doran of Midland, former San Angeleno, and is associated with his father in the produce business. He is a graduate of the Christoval school, his bride of S. A. H. S. and both are students of San Angelo College.

Out-of-town guests for the wedding were the bridegroom's parents and sister, Jane, Miss Develand Flowers of Menard, Lee Choate of McCamey, and the bride's brother, Thomas Hendrick of San Saba.

Fashion Show to be Given In Ballroom Tonight

The annual Spring Style Show, sponsored by the Episcopal Auxiliary will be tonight at 8:00 o'clock in the Crystal Ballroom of the Scharbauer Hotel.

Twenty children will model clothes from the Baby Specialty Shop, J. C. Smith's, Wilson Dry Goods, A. Wadley's and United Dry Goods Company, preceding the main fashion show. Miss Frances Gillett will play during the review. Doris June Bayless will do acrobatic dancing as an entertainment feature.

Models are as follows: Kaydell Shop: Miss Ruth Anderson, Miss Mary Betty Willis, Mrs. W. C. Cremin, Mrs. Charles Brown. Gwyn Shop: Mrs. W. B. Harkrider, Mrs. Charles A. McCann, Mrs. Jack Brown, Mrs. Atlas Thompson, and Miss Frances Rest. Wadley's: Mrs. Alf Reese, Mrs. Frank Miller, Mrs. Fred Wemple, and Miss Aleene Kadrelli. J. C. Smith: Miss Wanda Ticknor, Miss Dorothy Perkins, Miss

Helen Droyelman, and Mrs. Coleman of Odessa. Modern Shop: Mrs. Curtis Inman, Mrs. Barron Kidd, Miss Lucile Th. Mrs. Barron Kidd, Miss Lucile Thomas, Miss Bennie Sue Ratliff, and Mrs. Dick O'Neal. "If I can't claim exemption for these dependents, then I'm not going to help you with that tax return."

Mrs. Roy Parks Entertains 1928 Club

Mrs. Roy Parke was hostess to the 1928 Club at her home, 202 S. G street, Thursday.

Spring flowers were used in the entertaining rooms and the color scheme of yellow and green were used in the table appointments and party plate.

High score for members was won by Mrs. J. M. Caldwell, second high by Mrs. Clarence Scharbauer, and high guest by Mrs. Harvey Couger. Mrs. Ellis Cowden was also a guest. Members were Mesdames J. M. Caldwell, Elliott Cowden, Johnson Phillips, Clarence Scharbauer, William B. Simpson, Don Sivals, John B. Thomas, M. C. Ulmer, Ed M. Whitaker, John House, and the hostess, Mrs. Roy Parks.

NOBODY ENJOYS TAKING MEDICINE!

Yet most people at some time suffer from common constipation. Why not correct this condition the natural way—by including a ready-to-eat cereal with your daily meals instead of taking weakening pills and drugs?

Kellogg's ALL-BRAN adds the "bulk" the average system needs. In the body, ALL-BRAN absorbs twice its weight in water, forming a soft, spongelike mass—which gently cleanses the intestines.

Kellogg's ALL-BRAN also furnishes vitamin B to tone up the intestines and iron for the blood.

Just eat two tablespoons a day, as a cereal with milk or cream, or cooked into appetizing muffins, breads, etc. Three times daily in severe cases.

ALL-BRAN is sold at all grocers. Made and guaranteed by Kellogg in Battle Creek.

Church Services

MEN'S CLASS

The Mens Class meets every Sunday morning at 9:45 o'clock in the Crystal Ballroom of the Hotel Scharbauer. It is a non-denominational class and every man who does not attend services elsewhere is cordially invited to come in and hear the Word expounded by the teachers, Mr. Marvin Ulmer and Judge Charles L. Klapproth. A singing service of fifteen minutes prior to the speaking.

 7:30 p. m. Sermon.

Week Day Services
 3:00 p. m. Tuesday Ladies' Class.
 7:30 p. m. Wednesday. Midweek Service.

CHRISTIAN SCIENCE SERVICES
 "Man" is the subject of the Les-

son-Sermon which will be read in all Churches of Christ, Scientist on Sunday March 7.

The Golden Text is: "Ye are my witnesses, saith the Lord, and my servants whom I have chosen" (Isaiah 43:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "This is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent" (John 17:3).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind" (page 336).

FIRST CHRISTIAN CHURCH

DEMONSTRATION CLUB NEWS

The Cotton Flat Home Demonstration Club met Thursday at the home of Mrs. Henry Locklar. Mrs. Lara Hollingsworth, county home demonstration agent, was in charge of a demonstration on the making and baking of yeast bread.

"Home baking of yeast breads is easily done where the proper equipment and supplies are first assembled," said Mrs. Hollingsworth. A loaf of white bread and a loaf of whole wheat bread were baked, as well as two kinds of rolls. The bread was served to the members present and to Mrs. Long, Mrs. S. A. Bednam, and Miss Bessie Locklar who were visitors.

At the next meeting various types of rolls will be made using a sweet yeast dough as a foundation.

"As garden cooper in the Cotton Flat 4-H club I have my salad frame, which is 3 feet by 15 feet, planted in Early Scarlet Turnip radishes, and Black Seed Simpson Lettuce," said Pansy Lear.

"I have 50 feet of English peas and I plan to plant another salad frame 3 feet by 12 feet in Tendergreens at an early date. My tendergreens will mature in 21 days," continued Pansy.

"As wardrobe demonstrator I have kept my expenditures up to date, and plan to build a closet in my bedroom soon for my clothes which now hang against the wall."

MAYOR BELIEVES HIS NAME

AFTON, N. Y. (U.P.)—Mayor Elbert L. Doolittle, doesn't. Besides his duties as chief executive, Doolittle is water commissioner, a director and superintendent of the Afton fair association, chairman of the board of elections and a drummer in the village band.

COLLEGE OWNS "GAS" STA.

FREEMAN, S. D. (U.P.)—Freeman College is believed to be the only educational institution in the Northwest operating a gasoline filling station for profit. The station was constructed by 20 public spirited business men and turned over to the college.

Girl Scouts Review Laws at Meeting

Thursday afternoon the Girl Scouts met at the Baptist Annex for a review of the Scout Promise and Laws. Tenderfoot Scouts were assisted in their work by the second class scouts.

A birthday party will be held at the meeting next Thursday.

Those attending the meeting were Kathryn Francis, Emily Jane Lamar, Doris Lynn Pemberton, Betty Jo Greene, Bobbie Wood, Margaret Mims, Anna Lois Campbell, Margaret Ann West, Charlotte Kinsey, Lucy Willis, Hazel Dell Brian, Betty Kimbrough, Dolores Barron, Lucy A. Smith, Lou Nell Hudman, Lela Mae Craddock, Atrelle Smith, Liza Jane Lawrence, Mary Lee Snyder, and one visitor, Betty Jo Doherty.

Announcements

SATURDAY
 Story Hour in Children's Library from 10-11 a. m.

Midland County Museum will be open from 2:30-5:00.

STATES BUY ELK FOR ZOOS

HERMOSA, S. D. (U.P.)—Hermosa state park has elf for sale. A surplus of elk recently were shipped to seven states—Kansas, Oklahoma, California, Missouri, Wisconsin, Indiana and West Virginia. The animals will be distributed to zoos.

Your Choice

Sooner OR Later

Mrs. Brenneman Is Hostess to Club

Mrs. Guy Brenneman was hostess to the Home Art Club Thursday afternoon. During the short business session two new members, Mrs. John Dunagan and Mrs. J. W. Dummond, were voted into the club.

The following program was given: "Mediaeval German Embroidery," Mrs. Geo. L. Wright; "Indian Handicraft," Mrs. M. D. Cox. The remainder of the afternoon was spent in needlework.

The St. Patrick motif was carried out in the salad plate, which was served to Mesdames Dunagan, Dummond, Neil, Cox, Wright, Iris Boudins, Julia Filson, B. W. Recer, Carl Ratliff, and the hostess, Mrs. Brenneman.

Sewing Club Meets With Mrs. Harris

The Stitch and Chatter club met Thursday at the home of Mrs. L. T. Harris, 1705 W. Wall.

The afternoon was spent sewing. The two guests were Mrs. Paul Jackson and Mrs. F. C. Cummings. Members present were Mesdames Herbert King, Leonard Skeggs, Paul Smith, W. L. Sutton, Pearl Parrott, J. B. Gazaway, J. A. Mead, C. A. Ponder, John King, Frank Lord and the hostess, Mrs. Harris.

The first geodetic survey in the United States was made in 1841 by Simeon Borden.

Found! an extra DAY

"I expected to find you in the cellar bending over a washboard on Monday! Don't tell me you've finally learned that it's more economical to send your wash to the laundry. Thank goodness you've realized it—after my telling you for months!"

There is no reason for any woman to make a drudge of herself. Just think how much enjoyment you can get those 52 days a year—while we do the work for you!

Oil News--

Continued From Page One
Hertz et al No. 1-B Hughes, only three-quarters of a mile northwest of McCamey production, at first appeared assured of production when it pumped 100 barrels of oil the first five hours following a 2,000 gallon treatment, but started making sulphur water at the end of that time. It was later learned that what oil had been pumped out was oil load used in conjunction with the acid job. Total depth is 2,121, plugged back from 2,129. A slight oil show had been logged from 2,112-14. Location of the failure is 900 feet from the southeast and 330 feet from the southwest line of section 2, H. & O. B. survey. In the Crane-Cowden pool, E. P. Cravens No. 3 Gibbs pumped 644 barrels on 24-hour potential gauge. It topped pay at 2,240, stopped drilling at 2,263, and was treated with 2,000 gallons.

Lewright Test
Depth of 4,835 feet in lime and chert had been reached this morning by W. L. Pickens et al No. 1 Lewright, southeast Terry county wildcat. No shows have yet been logged, but many expect them within the next few feet. In southwest Hockley county, Texas No. 1 Slaughter is drilling below 4,463 feet in lime. It is in labour 83, league 38, Zavalla county school land. The deepest drilling well in West Texas, Ohio No. 1 Goodie, Terrell county Ordovician test, had reached 9,083 feet in black sand and shale.

GYPSEY PICKPOCKETS ROUTED
WARSAW, Ind. (U.P.) — Gypsies stopped Will Bibler and attempted to pick his pocket. He struck out, knocking one gypsy woman unconscious. Unperturbed, the companions of the stunned woman placed her in an auto and drove on.

Late News

AUSTIN, Mar. 5. (U.P.) — The Railroad Commission today called a state-wide oil and gas production hearing for March 19 in Austin. Evidence of conditions of Texas fields will be received preliminary to settling April allowances.

WASHINGTON, Mar. 5. (U.P.) — The state department today decided to withdraw diplomatic representatives from Ethiopia. The department said that the question of recognizing the African nation as a part of Italy was not affected.

WASHINGTON, Mar. 5. (U.P.) — Senate investigators asked two J. P. Morgan company partners today to account for a \$39,500,000 "rescue loan" made to the late Van Sweringen brothers in 1930 when the depression set their huge rail and industrial enterprises tottering. The loan was never fully repaid.

Pete Knight Back to Defend Bronc Rider Title at Ft. Worth

FORT WORTH, Mar. 5.—Pete Knight of Denver has returned to Fort Worth to defend his title as champion bronc rider of the world in the World Championship Rodeo which will be held at the Southwestern Exposition and Fair Stock Show, March 12 to 21. He won the crown here a year ago and has since won firsts at a number of other rodeos.

Verne Goodrich of Hollywood, Cal., who has never competed here but whose trick roping has been a sensation recently at other rodeos will enter the trick roping event in an attempt to take the title from Chester Byers of Fort Worth.

Homer Holcomb of Blackfoot, Idaho, who will clown the rodeo, also has arrived in Fort Worth. He brought his educated mule, "Mac West."

United States Marshal J. R. Wright, chairman of the downtown parade which will be held Friday afternoon, March 12, has invited cities to send bands to the annual event. Already eight bands have been placed on the list. Cities planning to send bands for the parade should notify the show at once.

There will be several sections in the parade including one in which all rodeo contestants and officials will take part. Another will be devoted to old time buggies, carriages, chuck wagons and stage coaches. Girls from the show's night and supper club, Rainbeau Garden, will ride in open autos.

MINERAL SURVEY WILL BE STARTED

4 West Texas Counties To Have Studies Made By Geologists

BIG SPRING, Mar. 5. (Special)— Authorization was received Thursday by the district WPA office to launch mineral surveys in four counties of the district. R. H. McNew, director, said.

In line for the work will be Howard, Midland, Dawson and Lynn counties. Work will start first in Howard county with the project due to be opened Monday. Others will be added as rapidly as practicable, the director indicated.

Object of the survey will be to ascertain the quality and quantity of natural mineral resources of the counties. In this manner, dependable research is to be conducted upon several deposits and outcroppings in this and the other three counties.

The survey is being sponsored by the bureau of economic geology, University of Texas, with Dr. B. H. Sellards, director, in charge. A geologist will be placed over each of the survey crews.

Paul Muni, Luise Rainer Winners of Academy Awards

HOLLYWOOD, Mar. 5. (U.P.) — Luise Rainer last night received the award of the Academy of Motion Picture Arts and Sciences for the best performance by an actress in 1936, for her work in "The Great Ziegfeld." Paul Muni, winners of this year's academy awards for a best performance by an actor, was born Paul Weisengrund in Lemberg, Austria. He is 41 years old.

screen play, "The Story of Louis Pasteur." Miss Rainer won the principal women's award for the second motion picture she made in her life. The picture was "The Great Ziegfeld" and her role therein was that of Anna Held, Ziegfeld's French first wife. Paul Muni, winners of this year's academy awards for a best performance by an actor, was born Paul Weisengrund in Lemberg, Austria. He is 41 years old.
