

F. D. R. Asks Billion, Half for Relief

Trail's End in New Zealand

At the end of a 6900-mile trail blazing journey from San Francisco to New Zealand, the Pan American Hong Kong Clipper is pictured above as it swooped lightly down at Auckland, to be surrounded immediately by scores of welcoming pleasure craft.

WIDESPREAD RAIN OVER WEST TEXAS OPTIMISM CAUSE

Ranchers, Growers Of Wheat Gain Relief

.25 OF INCH HERE Spring Planting In County to Start Immediately

(By Associated Press) Widespread West Texas rains Monday night and Tuesday brought optimism to ranchers and wheat growers. The Dallas bureau forecast additional showers for late Tuesday. Lubbock reported rain in the south plains area ranging from showers to three inches. Spring planting in most of the Midland farming area was aided last night by a shower which averaged a quarter of an inch, added to one slightly heavier a week ago and keeping the top moisture. Weeds and young grass also were stimulated over much cattle country, the rain being reported as far west as Monahan, with scattered reports of light showers in all directions. The precipitation at the government gauge at Southern Ice & Utilities registered exactly .25 of an inch. Earlier showers Monday had recorded .04 of an inch. A total of .38 of an inch was registered at the airport 10 miles west of town.

Royal Guard Walks Again

Magnificent in furred shakos, the full royal guard was mounted in front of Windsor Castle for the first time since the death of King George V, as this picture was taken. Notice the statue of Queen Victoria and the flying Union Jack. Full guard mount was resumed when King George VI and Queen Elizabeth took up their residence at the castle, preparatory to the coronation.

UNIFORM PENSION PAYMENTS TO ONES IN NEED PROPOSED

Dishonest Voting By Solons Attacked. By Member

ARGUE SALES TAX Amendment For The Purpose Studied By Senate

AUSTIN, April 20 (P).—The senate today included a provision for uniform old age pension payments for needy over 65 in a constitutional amendment under consideration. The sales tax financing security program was unsettled; as the house voted to print on minority report a senate bill providing a legislative committee appoint the state auditor, now appointed by the governor. Rep. John Patterson of Austin attacked "dishonest voting," saying these had been in many instances members or employees pressing the buttons of absentee members.

Legion Speaker

Drury McNeill Phillips, department commander of the American Legion, will attend the convention of the sixteenth Legion district at Pecos April 24-25, it has been announced by local Legionaires. Phillips is to be one of the convention speakers. He is a mining engineer, and is superintendent of the Texas Company's Fuller's Earth plants at Huntsville and La-Grange. He is a charter member of Rudolph Lambert Post, at Fort Arthur, has served as a member of the executive committee from the second district, division commander of the second district, a member of the Texas American Legion Centennial committee and post commander of Huntsville Post.

POSSIBILITY OF NEW TAXES NEXT SESSION IS SEEN

Treasury Deficit To Near Two Billion By June 30 FIGHT FORESEEN Mayors, Governors Had Requested More Money

WASHINGTON, April 20 (P).—President Roosevelt today asked congress for \$1,500,000,000 for next year's relief, in a message forecasting the possibility of new taxes during the next session. The president estimated the treasury deficit June 30 would be \$2,557,000,000, or \$309,000,000 more than he estimated in January as the deficit at the end of the year. He said that he proposed to use "every means at my command" to eliminate the deficit during the coming year. He said that he expected to do this by withholding the appropriation for expenditures inside much of next year's funds and returning the balances to the treasury and increasing receipts through liquidation assets for some of the emergency agencies. An outlay of \$1,500,000,000 next year would compare, according to WPA officials, with expenditures of between \$1,800,000,000 and \$1,850,000,000 in the current fiscal year. The proposed appropriation would be about the same amount that the president suggested tentatively in his budget message last January. He said then that next year's budget could be balanced, exclusive of debt retirement, if relief expenditures did not exceed \$1,537,000,000. However, since that time the disappointing tax receipts have come in, complicating the picture. The sum to be requested will be far less than that sought by the United States conference of mayors, and many state officials. They have urged the president to recommend more than \$2,000,000,000.

BRITISH INCOME TAX INCREASE IS ANNOUNCED TODAY

Increase Amounts To 1 Dollar of Each Four Earned

LONDON, April 20 (P).—Chancellor of the Exchequer Neville Chamberlain told the house of commons today that British income taxes will be increased two and five-tenths to 25 per cent to pay for rearmament bills. The increase amounts to one dollar in every four earned by British taxpayers. Chamberlain's budget speech almost certainly will be his last important appearance before Parliament as holder of the country's purse. The chancellor of the exchequer is universally expected to move up into the Prime Minister's seat, succeeding Stanley Baldwin, who has predicted his own resignation soon after the coronation of King George VI on May 12. Chamberlain was expected to advise the house of commons of the need for \$150,000,000 in new revenue, necessary for rearmament. Britain's new 1937-38 budget has been built against the background of its two-billion-dollar-a-year rearmament program. Closely guarded as are budget plans, common sense tells the Briton he is going to pay higher income tax and will have to dig deeper for other direct and indirect taxes.

BIG CATTLE SALE MADE BY PROCTOR

Other Sales Recorded By Aycok Estate To Buyers

Foy Proctor this week sold to the Crown C Cattle Co., Tucson, Ariz., 400 head of cows. He contracted to buy the calves back next fall and will graze the cattle on his ranges south of Midland during that time. The cows, young and of good quality, were reported to have brought substantial prices. Cattle sales, closed this week, by the B. N. Aycok estate totaled 250 head, with lease deals made for twelve and a half sections of grass. A. E. Estes bought 128 head of cows, leasing the six section "Sheep Well" pastures. Frank Williamson and Chunky Cowden bought 125 head of cows and leased the "Carter Well" pasture of six and a half sections. Last week, W. B. Simpson and J. L. McCrew bought 100 head of cows from the estate and leased the four section "Pence Place." The Aycok registered hereford herd, one of the largest in the state, and twenty sections of pasture, have not figured in the recent deals.

NOT GUILTY PLEAS MADE IN SLAYING

Suhay and Power are Held Without Bail After Charges Made

KANSAS CITY, April 20 (P).—A necessity for secrecy was given by a federal bureau of investigation official today as the reason closer contact was not maintained with local police officers in the attempted Topeka arrest when Agent W. W. Baker was slain. "The Topeka chief of police and sheriff had said they believed Baker's death could have been prevented." KANSAS CITY, April 20 (P).—Two sullen New York gangsters muttered pleas of innocence to murder charges Monday as Attorney General Cummings moved to hasten their trial for killing Federal Agent Wimberly W. Baker, in a Topeka, Kas., gunfight. "I find you both probably guilty of the offense charged," U. S. Commissioner Patrick W. Croker told the two, Robert Suhay and Albert Power, in formal court language as he held them without bail. U. S. Attorney S. S. Alexander said he would demand the death penalty for both.

NORTHERN CRANE WELL PREPARING TO SWAB AFTER OIL RISES TO 2500 FEET

Sinclair-Prairie No. 1-24 University Is Newest Strike South of Penwell

BY FRANK GARDNER A new producer a mile and a half east of the Clark & Cooper and Smith No. 1 Jorcan discovery in northern Crane county loomed today as Sinclair-Prairie Oil Company No. 1 University, Lease No. 24, prepared to swab after halting drilling at 3,538 feet in gray lime. It had 2,500 feet of oil in the hole, encountered from 3,512-24, which rose to that level in three hours. Before drilling the main pay, the Sinclair-Prairie well had logged a slight showing of oil at 3,248. Location of the well is 2,310 feet from the south and west lines of section 13, block 35, University survey, two miles and a half west of production in the Waddell pool. The Clark & Cooper and Smith well pumped 90 barrels a day at 3,683, plugged back from 3,750, following shut and acid treatments. FREIGHTER GETS FOODSTUFFS INTO BILBAO CITIZENS

Insurgent Blockade Run by British Ship Today

LONDON, April 20 (P).—The British freighter "Sevel Seas Spray" left a French port an hour before the neutrality blockade was clamped on last night and ran the Spanish insurgent blockade today to carry food and supplies into the besieged Bilbao harbor. The ship's chief owner said he wanted to show that "it is possible" to get food ships to Bilbao.

ROSWELL DAMAGED BY BIG HAILSTORM

\$100,000 Estimated Loss In Worst Storm Ever in Pecos Valley

ROSWELL, N. M., Apr. 20 (P).—One of the worst hailstorms in the memory of Pecos Valley residents struck Roswell today and left damage estimated at nearly \$100,000. The big stones, some of them nearly an inch in diameter, punctured the roofs of buildings, rattled automobile tops, smashed windows, stripped trees of leaves and flattened gardens. Two Midland women, Mrs. A. H. Anderson and Mrs. J. B. Graybeal, were injured early Monday evening when the car in which they were riding crashed into a truck reported to have been parked in the middle of Texas avenue. The truck, said to have been owned by D. W. Brunson, was reported by the women to have been without lights at the time of the accident. Mrs. Graybeal was dismissed from the hospital after being given emergency treatment and her injuries diagnosed as slight, but Mrs. Anderson is still in a hospital. Her most severe injury consisted of a head wound. The car in which the women were riding was badly damaged by the impact, the hood being driven all the way back into the windshield.

2 INJURED WHEN CAR HITS TRUCK PARKED IN STREET

Mrs. A. H. Anderson In Hospital After Accident

Two Midland women, Mrs. A. H. Anderson and Mrs. J. B. Graybeal, were injured early Monday evening when the car in which they were riding crashed into a truck reported to have been parked in the middle of Texas avenue. The truck, said to have been owned by D. W. Brunson, was reported by the women to have been without lights at the time of the accident. Mrs. Graybeal was dismissed from the hospital after being given emergency treatment and her injuries diagnosed as slight, but Mrs. Anderson is still in a hospital. Her most severe injury consisted of a head wound. The car in which the women were riding was badly damaged by the impact, the hood being driven all the way back into the windshield.

Wallace Says FR Seeks to Control Crop Production

WASHINGTON, April 20 (P).—Secretary of Agriculture Wallace told the house agriculture subcommittee today that the administration again is considering a "definite and positive" crop production control program. The committee recommended an appropriation of \$927,398,548, with two-thirds of it tagged for the AAA.

FUNDS AVAILABLE FOR NEEDY FARM FAMILIES HERE

To Expend Million In RA District 12 This Year

Mr. Bernie E. Rushing, Resettlement Administration county supervisor for Midland county, announced today that word had been received from the regional office in Amarillo that more than a million dollars has just been made available for Resettlement loans to deserving farmers in Region Twelve. Many farmers, with the planting season approaching, are finding they need a little more money in order to plan the year's work, and the Resettlement Administration is anxious to help these farmers to rehabilitate themselves. Resettlement loans are available, Mr. Rushing said, to farmers whose farm units make it possible to create a sound farm plan, permitting the retirement of the loan and the rehabilitation of the farm family. Farmers in need of this financial aid, as well as the help and advice of the rural and home management supervisors, should visit the Resettlement Administration county office at once. The office is located in the court house. The Resettlement Administration this year is emphasizing livestock set-ups in its lending program, Mr. Rushing said. Loans of this type have proved quite successful in the way of financial rehabilitation of distressed farmers. They also lend themselves toward rehabilitation of the land in the area, which has been subject to severe erosion due to the several years of drought. Hundreds of farmers in the region have already received Resettlement crop loans this year. The program is weeks ahead of last year's lending program according to Resettlement officials in the regional office. Farmers in need of the type of assistance and technical supervision supplied by the Resettlement Administration are asked to visit their county officer immediately and confer with the county supervisor concerning their financial and farm problems.

KIDNAPER SOUGHT AFTER BOY FREED

Released Youth to Save Parents Suffering, Note Reveals

OAKLAND, Calif., April 20 (P).—Police and sheriff's deputies pushed a hunt today for a kidnaper who released five-year-old William Grinnell Blodgett, Jr., and penned a note to his clothes saying he would rather starve than cause the boy's parents suffering.

Exhibit Space at Exposition Sold Rapidly in Dallas

Porto Rico will send both official and commercial exhibits to the Pan American Exposition in Dallas this summer, stamping the island's name before vacationing Americans, international fair officials were assured this week. Charles H. Abbott, who has just completed a flying tour of Central and South American capitals bearing invitations to the exposition, was dispatched from Havana, Cuba, to San Juan, to work out details with industrial leaders anxious to publicize the products of the island, among which are sugar cane and rum. Space of 8,000 square feet already has been reserved by Southern Feeds, whose agents cabled reservation of exhibit space.

Chamber Commerce Directors to Meet

Directors of the Midland chamber of commerce have been called to meet tonight at 7:30 by president Flyn for the purpose of choosing the Midland entry in the "West Texas Follies of 1937" at the West Texas chamber of commerce convention in Brownwood. Several other business matters are scheduled and all directors are urged to be on time in order that the meeting may end early.

Cushion Seats Assured For Railroad Brakemen

ST. LOUIS (U.P.)—Brakemen on the Cotton Belt Railroad need no longer fear cold and snow, and if they get tired on the job they can rest while working. The Cotton Belt will install electric foot warmers and spring-cushioned seats with back rests on all locomotives, in accordance with an agreement with the Brotherhood of Railway Trainmen. The seats will be 15 inches wide, 16 inches long, 18 inches high, while the backs will be 15 inches wide and 16 high. There must be 14 inches of leg room and the cushions must have springs. Heaters are required where necessary.

Texas Relief Funds In 2 Years Are 199 Million

WASHINGTON, April 20 (P).—The National Emergency Council today told congress that Texas had been allocated \$199,928,874 in relief funds from April 1935 to March this year.

LABOR SECRETARY ASKS SETTLEMENT OF LABOR STRIKES

Urges Capitalists, Labor Heads To Get Together

WASHINGTON, April 20 (P).—Secretary of Labor Perkins today personally appealed to conference capitalists and labor heads to get together on a national policy of reducing strikes and lockouts. In Oshawa, the Canada General Motors agreed to resume negotiations with a committee of its striking employees this afternoon. The company last night rejected a proposal previously approved by the company and the United Automobile Workers of America.

Volcanoes of Hawaii Have Unique Features

HONOLULU, T. H. (U.P.)—Colossal is just another adjective to rangers in the U. S. National Park on Hawaii island, 220 miles southeast of here, since they have begun comparing data on the natural features under their guardianship. The most westerly park in America contains the rangers report, the following "superlative" features: Kilauea, the world's largest active volcano. Haleakala, the world's largest extinct volcano. Maun Kea, the highest mountain in the world rising directly from the sea (13,825 feet). Mauna Loa (13,675 feet), the largest single mountain mass in the world, and the world's most symmetrical mountain. Halemaumau, the only volcanic fire pit in the world where one may safely drive an automobile to the very brink of the crater.

Floating Stage Built For Lake Exposition

CLEVELAND (U.P.)—Workmen have begun construction of a 2,000-ton floating stage on which Billy Rose will stage his Aquacade during the 1937 season of the Great Lakes Exposition. Two barges will ride at anchor to support the 180-foot platform. Work soon will begin on a theater-cave on the shore of Lake Erie, where 5,000 persons can dine and dance while watching the water spectacle.

PROGRESS NOTED IN WEST

PORTERVILLE, Cal. (U.P.)—Things are picking up in the West. Residents along Frazier creek report that there is running water in it for the first time since 1909.

Hardware Business Will Open Here

D. C. Wilcox, head of the Wilcox Hardware Company at Rising Star, purchased this week the fixtures and remaining stock of the former Nobles-Tolbert Hardware business here and will open a modern hardware business in the Nobles building, 110 South Lorraine street, on May 1. The new owner and Mrs. Wilcox are here renovating the stock and are buying a complete line of new hardware for the opening. Their son, W. C. Wilcox, will move here with his wife and two children to operate the business, the senior members continuing to manage their Rising Star store and other interests. They have lived there for seventeen years and have operated hardware stores in several central West Texas towns. They expressed satisfaction at the activity and attractiveness of Midland.

M. E. CONFERENCE POSTPONED

Methodist Quarterly Conference will not be held Wednesday night as announced Sunday. Notice of a future date will be made. The pastor, Rev. Cliff M. Epps, has been called out of town because of serious illness of Mrs. Epps' mother.

BABY GIRL

Mr. and Mrs. J. B. Zant announce the arrival of a baby girl, born this morning at a local hospital. The baby has been named Helen.

ATTENDING CONVENTION

Miss Hester Williams is attending a photographers convention in Dallas this week.

WAGNER ACT CAN AVERT STRIKES, SAVE MILLIONS

As if to emphasize the dollars-and-cents value which the Supreme Court's Wagner act decisions can have for this country, a statistically-minded reporter for the United Press has just tabulated the net cost of the year's big automobile strikes in Michigan.

Altogether, this reporter figured, the four major auto strikes had a total cost of \$477,000,000.

Autos worth some \$267,000,000 were scheduled to be produced but were not produced because of the strike. Wages in the sum of \$45,000,000 were scheduled to be paid but were not paid. Industries supplying wheels, glass, instrument boards, and other equipment to the auto makers lost business worth slightly less than \$137,000,000.

But that does not tell the entire story. The strikes cost the state of Michigan \$1,629,000 in added relief costs, national guard maintenance, and lost sales taxes. The Federal government lost \$4,200,000 in excise taxes. Michigan merchants and storekeepers lost something like \$18,800,000 in sales during the strike period.

Altogether, this tabulation tells us what we already knew—that the strikes were fearfully expensive all the way down the line.

What makes it interesting is its relation to the Wagner act decisions.

The Wagner act does not compel any employer to sign a union contract. It does not force him to accept any terms that the union may place before him. All it does is legalize the workers' right to form unions without interference and to bargain with their employers once the unions are formed. In cases of doubt, it sets up machinery to determine whether a majority of men in a given plant want a union to bargain for them.

Measured against the demands of some confident labor leaders, that is not much. Measured against the background of the auto strikes, it is a great deal. More important, it is the sort of thing that can avert the terrific expense of a wave of strikes such as the ones the auto industry has just had.

For these auto strikes were primarily organizational. Demands were made in respect to wages, hours, seniority, and so on, and in some cases concessions were made along these lines; but what really stirred the strikers was a desire that their right to organize and to bargain collectively be formally recognized. The auto industry was the citadel of the no-union tradition; the workers set out to crack it. It is precisely that sort of thing from which the Wagner act should save us. Half-billion dollar strikes to legitimize union organizations ought never to appear again.

Much remains to be done, of course. A good deal of wisdom and statesmanship is going to be necessary—at union headquarters, among other places. But one very big reason for expensive labor fights has been removed.

POPULAR PLAN

Oregon's Senator Steiwer has proposed a constitutional amendment for which some very cogent arguments might easily be made. His amendment would provide for the nomination of presidential and vice presidential candidates by popular vote.

Under that system, the job of a national political party convention would consist merely of writing a platform and rubber stamping the nominations made by the voters. The amount of horse-trading, thimble-rigging, and plain and fancy conniving which such a system would abolish is something to think about. So, too, is the way in which it would compel each candidate to declare himself well in advance, on the issues of the day.

It would end the old game of playing it safe, keeping quiet, and refusing to make enemies, and it ought to make the nomination of presidential candidates much more responsive to the popular will. It looks, in short, like an exceedingly sensible amendment.

IN AUTO BUYERS' INTEREST

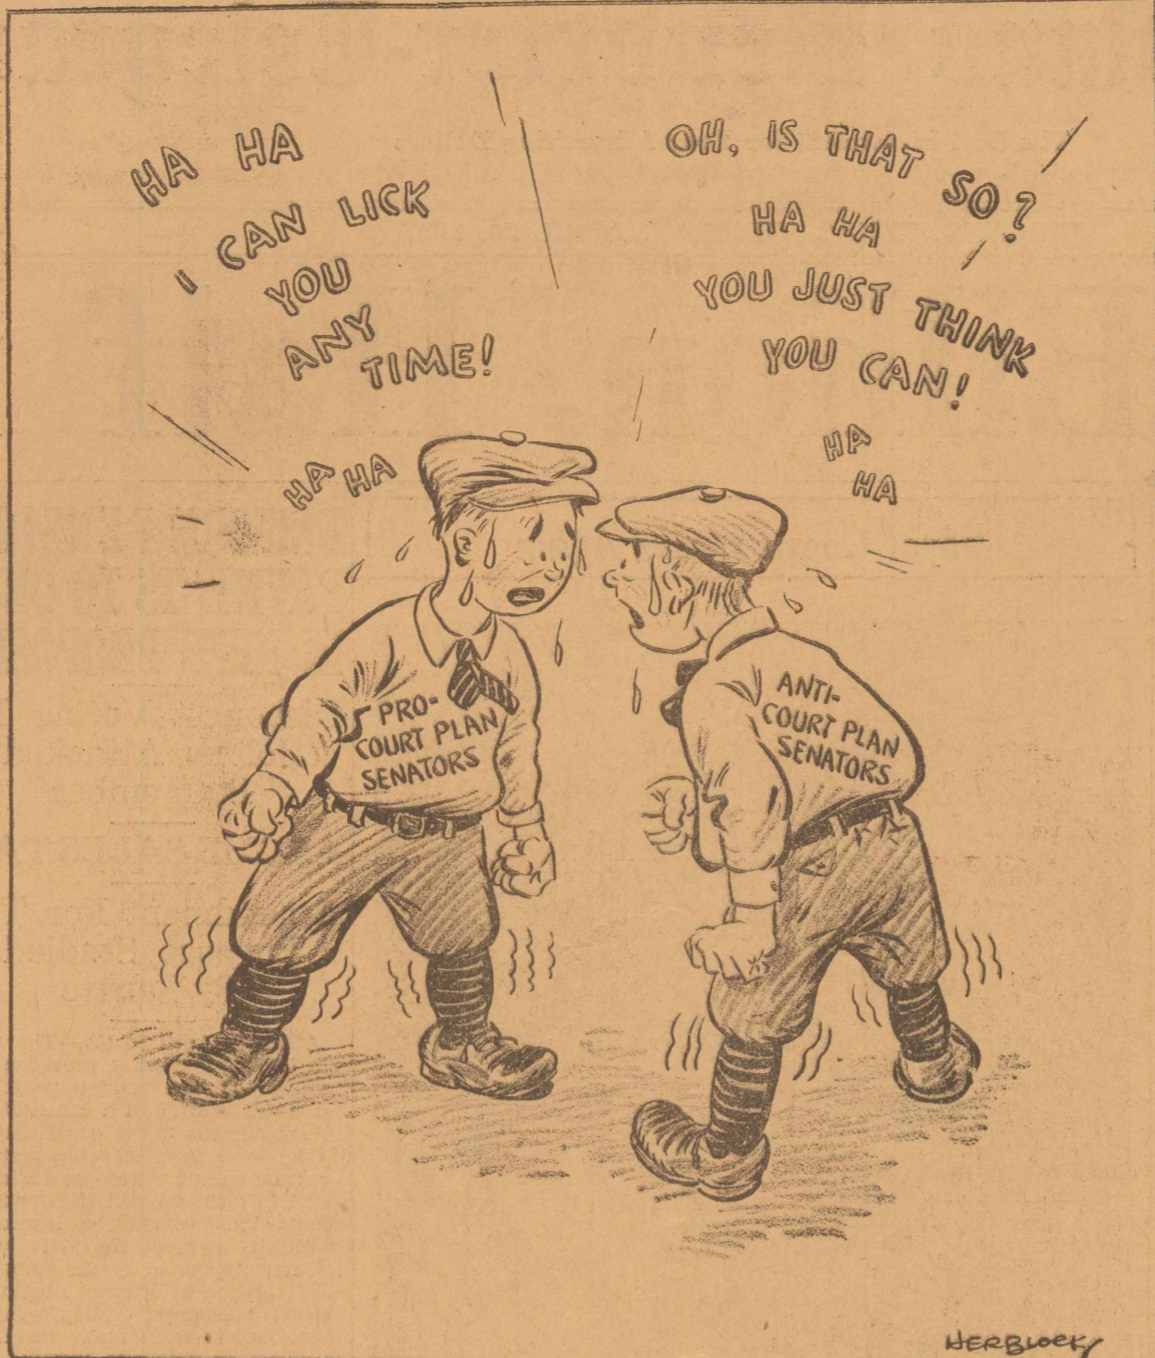

Prospective auto buyers are the gainers by reason of a stipulation entered into by the Federal Trade Commission and a group of auto manufacturing, sales, and financing companies.

This stipulation requires the companies not to advertise 6 per cent financing, on installment sales of autos, without making it clear that this by no means implies simple 6 per cent per annum interest.

The Trade Commission charges that the 6 per cent plan, by requiring the purchaser to pay 6 per cent interest on the full amount of his account until the final payment is made, actually means that the rate he pays on the average balance amounts to about 12 per cent.

If the stipulation stands, the prospective auto buyer has a much better chance of knowing just what his installment plan is costing him.

Who's Afraid?

BEHIND THE SCENES IN WASHINGTON

By RODNEY DUTCHER
Reporter-Telegram Washington Correspondent

WASHINGTON, Apr. 19—The supreme court's about face in the Wagner act decisions has given both sides new arguments in the historic battle over the Roosevelt judiciary scheme, without appreciably affecting the outlook as to the plan's fate.

The first cry of the opposition that the last excuse for the plan was gone, echoed by a few senators who looked hopefully toward avoiding the issue, has been counterbalanced by a prompt White House effort to turn on the heat. The administration urges now that the court has weakened the position of its supporters by proving its willingness to play politics.

Certain Democratic fence-sitters in the Senate are seeking to jump off in any direction, just so it will enable them to escape voting on the President's proposal. The administration forces say privately they won't let the fence-sitters jump. At the same time, attempts are being made to find a method which would make the medicine for this group easier to take.

Belief that the President's hand has been strengthened by the Wagner decisions is shared by some, although by no means all, of the opposition strategists. They fear it is widely felt that the swing of a court majority to more liberal opinions is a personal victory for Roosevelt, achieved by the President's war on the court.

Sanctity Theory Abandoned
The two fundamental factors in the court fight have been:

1. Roosevelt's great popularity following, whether understood the plan or not, largely favorable to the proposal because Roosevelt was for it.

2. Strongest opposition card—traditional popular reverence for the court and a theory as to its sanctity, based on the supposition that it always interpreted the Constitution as a sacred formula, with no other consideration in mind.

The opposition now tacitly abandons the latter theory in order to assert that the court is responsive to public opinion and hence needs no reorganization. To which New Dealers, emphasizing the 5 to 4 decisions and the reversal of Justice Roberts' position on the interstate commerce clause, retort in paraphrase of Chief Justice Hughes:

"We are under a Constitution, but the Constitution is what Justice Roberts says it is—until the next time he changes his mind."

If the decisions had been unanimous instead of demonstrating that four justices over 70 still stood grimly against liberal constitutional interpretation, the administration would have no excuse for arguing that the "future welfare of 130,000,000 persons mustn't be left in the hands of one vacillating man."

The actual extent to which the court may have rubbed off some of its own sanctity or diminished its prestige by Roberts' bow to outside agitation is blurred by partisan debate. It is demonstrable, however, that the court hasn't made any new friends by the Wagner act decision, except among Democratic senators reluctant to take a stand on the reorganization proposal.

Many Are Pained
Roosevelt has begun a new drive to jam his program through. John Lewis, outstanding leader of the labor legions benefiting from validation of the Wagner act, scoffs at the court as "variable . . . unstable." Bill Green of the A. F. of L., insists the Roosevelt plan must

Old Glory Winner Of Honors at Tripoli

Old Glory has been the symbol of the United States for nearly 160 years, but there are few episodes in its career as significant as its display over a Tripolitan stronghold on April 27, 1805. It represented a signal victory of the infant American Navy over a cruel and barbarous foe.

Our flag's triumph came as a climax to our war with Tripoli, when America decided it would no longer pay tribute to the Barbary pirates as the price of our freedom on the seas. The episode, one of the strangest in our entire national history, has been almost forgotten in the march of our country to its place among the leading powers of the world.

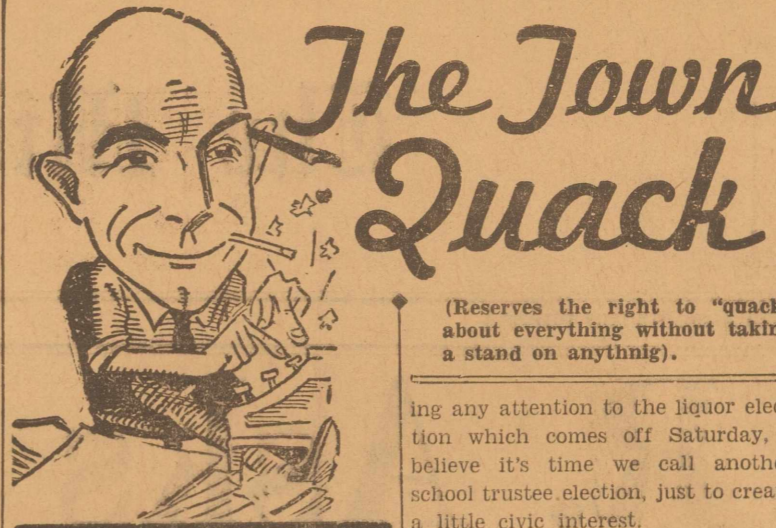

Never before nor since has such an oddly assorted group of men banded together to bring about the triumph of American arms. An expedition, hastily organized at Alexandria, Egypt, included a few U. S. Marines and a motley assemblage of Greeks, Turks, Arabians and the polyglot dwellers of northern Africa.

The conquest of Derne was conceived by William Eaton, naval agent to the Barbary States, and his military leader was Lieutenant Presley N. O'Bannon, of the Marine Corps. Eaton planned to depose the Governor of Derne and to place in power a ruler more friendly to the Americans.

During the march of nearly 600 miles across the desert, the Americans met with revolt, dissension and open mutiny among their followers, while the lack of both food and water added to their woes. It was only the firm attitude of Eaton, supported by O'Bannon and his marines, that brought the expedition to its successful climax.

Before the storming of Derne, the overland party was reinforced by the crews of three American gunboats. The surrender of Derne was demanded. It was refused. The Americans and their allies then swept forward and captured the fortress and turned its guns upon the "enemy," while Lieutenant O'Bannon tore down the Tripolitan standard and flung Old Glory to the breeze. It was the first time the Stars and Stripes had ever flown over a fortress of the Old World.

A new method of warming careless drivers is provided in a highway of iron paving blocks that screech a warning to the driver.

They say when John Dublin was standing at the paddock with a dope sheet in his hand, down at Arlington Downs last week, a jockey who had just mounted his horse leaned toward John and asked: "Say, Buddy, what's good in this race? My girl wants to place a bet."

Of spring poems we've heard enough, but "April showers, and that sort of stuff."

Huey Long formerly took Louisiana over. And now Jimmy Alfred says if the senate doesn't act on his pet bill, he is going to hold special sessions all summer. And I thought all the time that the senate was supposed to do its own legislating. We, the people, have to pay for those costly special sessions.

The way our voters are not pay-

Bank Depositors at Arlington Will Get Cash Payments Soon

Within a short time the Federal Deposit Insurance Corporation is expected to begin payments to depositors of the First State Bank, Arlington, Texas, which closed April 12.

The bank held total deposits of approximately \$540,000 at the time of suspension and it is estimated that about \$500,000 of that amount was insured by the corporation. There were more than 3,000 depositors in the bank.

This was the seventh closing of an insured bank in the state of Texas since the beginning of deposit insurance on January 1, 1934. Up to December 31, 1936, payments had been made available to 88,912 depositors of 75 closed insured banks in all parts of the country.

Campaign to Rid The State of Diphtheria

AUSTIN, April 20—A health slogan applicable to May Day-Child Health Day, "Immunize Now—Stamp Out Diphtheria," is designed to intensify the campaign against one of the most deadly foes of children, diphtheria, according to Dr. George W. Cox, state health officer.

If parents would have their family physician administer toxoid to their child as soon after it reaches the age of six months as possible, much suffering and many deaths could be prevented.

The administering of toxoid is a very simple procedure and causes the child little or no discomfort. In approximately 90 per cent of the children receiving toxoid, there will be established a life long immunity to this disease.

To be sure, four to six months after the final dose of toxoid, the child should be Schick tested so that parents will know definitely whether their child is immune. The

Alaska Fixes 594,000 Total for Reindeer

SEWARD, Alaska (U.P.)—The number of Alaska reindeer has turned over nine times since 1910, according to an estimate this year, placing their number at 594,000. The estimate was made by J. Sidney Rood, acting general reindeer superintendent.

A statement issued by Rood showed Eskimos used more than 6,000,000 pounds of reindeer meat and by-products and also 32,000 skins last year.

A total of 80,380 fawns and mavericks were marked to ownership in 1936. The number equals the reindeer population in 1917, Rood said. There are 57 different herds.

Technique and equipment for corral handling of the animals has been improved so much in late years that where it formerly took several days to count and mark a herd of 1,000 animals, it now requires only two hours.

A survey taken in California shows that single drivers, as a rule, are more careless than married men. After they are married they become, in many cases, model drivers.

SOCIETY NEWS SECTION

Missionary Circles Met at Sindorf Home

The Belle Bennett circle entertained the W. M. S. of the First Methodist church Monday afternoon at the home of Mrs. Rea Sindorf, 801 North D street.

Mrs. Stacey Allen taught the last part of the 5th chapter of "Out of Africa," mission study book. Mrs. J. M. Haygood was appointed ticket chairman for the Bishop's Crusade Banquet to be held Friday night, in the annex of the Methodist church. Mrs. P. A. Nelson is in charge of the banquet.

A refreshment plate was served to thirty members present.

Lake Shipping Starts Early

TOLEDO (U.P.)—Toledo harbor lights were manned this year 26 days ahead of the earliest date in any previous year. Several vessels, carrying coal, plying between Toledo and points on the Detroit River, opened the shipping season.

Fredda Hunt, of the Decorators Studio of Lubbock, is at Hotel Scharbauer, Room 450, and will be pleased to see those interested in Interior Decoration. She will be here only Tuesday and Wednesday, April 20 and 21. Appointments may be made with Mrs. Hunt, or with the hotel telephone operator. (Adv.)

FINICKY APPETITES OFTEN ONE RESULT OF CONSTIPATION

When nothing tastes right, and you don't eat as you should, the trouble may be common constipation. Poor appetite is one of its symptoms. Others are headaches, listlessness and sallow complexions.

Constipation is usually due to "low-bulk" meals. Serve your family Kellogg's ALL-BRAN—a generous source of "bulk."

Within the body, this food absorbs twice its weight in water, and gently exercises and sponges out the system. How much better than taking pills and drugs!

ALL-BRAN also supplies vitamin B to tone up the intestines, and iron for the blood. Two tablespoons daily are usually sufficient. Three times daily, in severe cases. Serve as a cereal with milk or cream, or cook into appetizing muffins, breads, etc.

Sold by all grocers. Made by Kellogg in Battle Creek.

Mrs. FitzGerald Is Hostess to Club

Mrs. James FitzGerald was hostess Monday to the St. Thomas Study Club. Rev. Edward P. Harrison, O. M. L., opened the meeting with a prayer. Roll call was answered by giving a current event pertaining to the church.

Plans were made for a food sale to be Saturday, May 1. A refreshment plate was served to the following who were present: Mrs. J. J. Kelly, Mrs. Sarah Dorsey, Mrs. Minor, Mrs. D. B. Green, Mrs. Earl Moran, Mrs. W. T. Walsh, Mrs. Fred Wright, Mrs. Allen Tolbert, Mrs. Dansby, Father Harrison and the hostess.

Announcements

WEDNESDAY

The health program will be broadcast over KRLH from 10:00-10:15 a. m.

Play Readers Club will meet at 3:30 with Miss Stella Maye Latham, 423 W. Wall. Mrs. W. Bryant will read "Jane Eyre" by Helen Jerome.

Modern Study Club meets at 3 o'clock with Mrs. J. M. Haygood.

Junior Woman's Wednesday Club meets with Mrs. Ben Black.

THURSDAY

The Lois class of the First Baptist church will meet with Mrs. Cecil Rains, 721 Outberth street, at 2:30.

Girl Scouts meet at 3:45 at the annex, and will leave from there to go on a picnic.

Visit the County Museum anytime between 2:30 and 5 o'clock.

Thursday Sewing Club will meet with Mrs. R. L. Stewart, 706 W. Illinois.

Bien Amigos Club will meet at 2:30 with Mrs. Percy Bridgewater.

FRIDAY

The Ladies' Golf Association will meet at the Country Club at 8:30 a. m. Free instructions will be given beginners.

Mrs. R. C. Crabb will be hostess to the Escondida Club at her home, 1001 W. Mo.

Mrs. W. J. Stewart, 404 W. Ill., will be hostess to the Belmont Bible class.

SATURDAY

Go to the court house and visit the museum. It will be open from 2:30 until 5 o'clock.

Story Hour from 10:00-11:00 in the children's library at the court house.

Springs New Songs On Ford Broadcast

The advisability of introducing brand new songs has always been a moot question among singers and orchestra leaders. If the song clicks, of course, it works to the artist's advantage. If it's a flop, he probably won't suffer very much; but then again, he won't be considered as entertaining as he would be if he offered an established top flight favorite.

Nick Lucas, currently featured with Al Pearce's Gang on the Ford Dealers' Tuesday "Watch the Fun Go By" program over the Columbia network at 9 p. m. (EST), for one, likes to bring out a brand new number. And he bases his likes on something more tangible than courage. For over recent years he has launched many a hit on its maiden voyage, among them the record breaking "My Best Girl"; "Tip Toe Through the Tulips"; "A Cup of Coffee, a Sandwich, and You"; "Painting the Clouds With Sunshine"; "A Little Bug, a Little Kiss"; "Liza"; "Lady Luck"; and "Brown Eyes, Why Are You Blue?"

Comets are semi-solid bodies with long tails, which come into the solar system from vast distances in outer space. They are visible only during a short period.

Auxiliary Met With Mrs. Allen Hargrave

The Episcopal Auxiliary met at the home of Mrs. Allen Hargrave, 213 South L, Monday afternoon. Mrs. I. E. Daniel read the lesson for the day from the book, "Forward Day by Day."

Mrs. Don Sivalls, Mrs. Daniel, and Mrs. Hargrave were appointed to make arrangements for a Stag Dinner to be a part of the campaign to raise funds for a new church building. Plans were made for a candy sale this week.

Mrs. F. E. Lewis, Mrs. C. R. Inman, and Mrs. A. N. Hendrickson gave the United Thank Offering missionary program. Announcements were made that Bishop Seaman will conduct the service Sunday, April 25, at 8:00 a. m., and that Rev. Henkell will have a meeting Thursday night at 7:45 p. m. to give instructions for the confirmation class.

Mrs. S. B. Iverson was welcomed as a new auxiliary member. Mrs. D. J. Finley will be hostess next Monday to the group.

Those present were Mrs. I. E. Daniel, Mrs. D. J. Dillard, Mrs. D. J. Finley, Mrs. Robert S. Hamilton, Mrs. C. R. Inman, Mrs. F. E. Lewis, Mrs. Don Sivalls, Mrs. A. Yeager, Mrs. A. N. Hendrickson, Mrs. Hargrave, and two guests, Mrs. Iverson and Mrs. Dick Gile.

College Men Reach 30 Pct. On AA Clubs

COLUMBUS, O. (U.P.)—A survey of the American Association disclosed that 30 per cent of the 200 players listed on the rosters of the league's eight clubs had attended college and that one-half of the group had received degrees.

The fact Frankie Frisch, now manager of the St. Louis Cardinals, stepped off the Fordham campus and into a starring role in the majors, coupled with Branch Ricker's deep interest in collegiate sports, likely is responsible for their farm team, Columbus, leading in the number of college players.

Columbus' current roster includes 13 players who attended institutions of higher learning. Indianapolis is second with 10. Then

Mrs. Caldwell Leads Bible Study Monday

Mrs. J. M. Caldwell taught an interesting lesson from the book of Genesis, Monday afternoon at an auxiliary meeting of the First Presbyterian church.

Members attending were Messdames Harry Adams, Leo Hendricks, W. J. Coleman, L. B. Lancaster, Paul Young, Ruby Braden, Jeffers, Andrew Fasken, W. T. Schneider, J. M. Caldwell, R. L. Miller, W. G. Whitehouse, John Perkins, Hayden Miles, Jim Kendrick, Frank Stubbsman, L. C. Link, J. R. Norris, Lem Peters, Hannah, A. P. Shirey, Butler Hurley, M. C. Osborne, and a guest, Mrs. Frank L. Jack of Fort Worth.

Music Students Will Play for Program

Mrs. W. B. Chapman will read a paper entitled "Abscessed Ears and Mastoiditis," tomorrow over the weekly health program that is broadcast over KYRH from 10:00-10:15.

Rev. Edward P. Harrison, O. M. L., will announce for the program. The music will be furnished by several students of the Watson School of Music.

This program is sponsored by the Midland County Health Board.

follow Kansas City with nine, Minneapolis with eight, St. Paul with seven, Louisville and Milwaukee with five each, and Toledo with three.

The college educated athletes in the Association attended 52 schools. The University of Texas has proved the most fertile training ground and this year is represented in the league by four of its former stars. Holy Cross sent up three players, while there are two each from Lenoir-Rhyne (N. C.), St. Louis University, the Universities of Minnesota, Mississippi, Wisconsin, Iowa and Michigan.

Common soldiers built a "bean pole and cornstalk" bridge over Potomac creek during the Civil War. From 10 to 20 heavy trains crossed the fragile trestle daily.

Kansas once had active volcanoes. One cone is visible today, just west of Riley, Kansas.

Faithful "Brownie" Visits His Friends

Braces and crutches mean nothing to "Brownie," the dog shown here with two children who are starting life with the heavy handicap of crippled legs.

A pat on the head, a friendly word will keep "Brownie" contented and happy for a long time. He doesn't have to think about every move. He doesn't have to worry about tomorrow.

"Brownie" is a bright spot in the lives of these two crippled youngsters, smiling despite their misfortune. In the necessary close routine of their present lives, they look forward from day to day to seeing faithful "Brownie."

All pictures of crippled children are not as bright as this one. Despite the advance in treatment and care of these handicapped youngsters, many conveniences, many necessities must yet be provided.

Improvements in recent years have outmoded much equipment. A new vigilance has brought into hospitals and schools many children who formerly lived in despair of better days.

An important force in focusing public attention on the needs of

these deserving children is the International Society for Crippled Children in cooperating with state and local societies which annually conduct an Easter Seal campaign to raise funds.

Ninety per cent of the money thus raised remains in the State where it can be used with the greatest benefit to local conditions.

The campaign this year will be conducted here Monday, April 25. The Seals, selling for a penny each, show a little girl, supported by a crutch, raising an arm to the sun. The slogan of the campaign, inscribed on each Seal is "Joyous Life for Crippled Children."

British Surtax Take High

LONDON (U.P.)—A total of 85,449 men and women in Great Britain last year had a combined income of \$2,121,697,420 and between them paid more than \$245,000,000 in surtax to the treasury. The Inland Revenue Commissioners report reveals that 69 persons had incomes of more than \$500,000 a year.

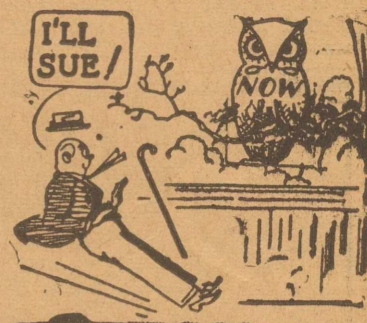

Bert Brooks and Miss Looney Announce Marriage of March 27

The marriage of Miss Martha Louise Looney of Brownwood and Mr. Bert Brooks of Midland, was announced in Brownwood Saturday by the bride's parents, Mr. and Mrs. Herbert Earl Looney.

The single ring ceremony was performed in Brownwood, March 27. The couple was attended by Miss Jaunita Yates and Morris Hutchens.

Mrs. Brooks is a graduate of Brownwood high school and attended Howard Payne College. Mr. Brooks, son of Mr. and Mrs. George J. Brooks of Brownwood, is a graduate of Howard Payne Academy and attended Howard Payne College. He is associated with Robert Lile, Frigidaire dealer, here.

The couple are at home at 701 North Main street.

Widow Brings Action Against Self

MERCER, Pa. (UP)—Citing an 18-year-old, apparently forgotten contract, Mrs. Minnie Slocum McMillen brought suit against herself in an action court officials said was without precedent for nearly 150 years.

Mrs. McMillen wanted \$18,000 from herself by virtue of the signed article which she declared was made by her late husband,

Addison C. McMillen, six days before they were married in 1918, stipulating that he would pay her \$1,000 annually if she married him.

They were married, Mrs. McMillen contended, and lived together for 18 years, but she never received a cent according to the contract.

In his will, the court discovered, McMillen named his wife administratrix, with herself, and their three children as heirs.

The court learned also that a preliminary estimate of his estate was placed at \$5,500.

The PAYOFF

The club house is ready for furniture, the furniture has been ordered and digging post holes for the park fence is started. All of which brings us just a little closer to the day when the boys that will make up the team arrive.

Unless something goes "hay-wire" the boys (and that's what I mean) will be here Monday. The "papa" of the team is 21, the average age 18. A glance at the roster shows that the Cards went in for youth and size.

Without having seen the team play we are pretty much in the dark, naturally, about their ability, but Wray Query has been assured by Cardinal officials that the team is ready to go even in Class-C, a notch higher than this league.

A glance over the roster shows a left hand hitting first baseman, third baseman and right fielder with the second baseman being a switch hitter. All the rest of them swing from the right side except one pitcher and a combination pitcher-outfielder. Only one man on the team throws left-handed and that is the pitcher-outfielder. The regular moundsmen, five in number, all chunk with the right fin.

If Query finds that a handicap he'll likely have a left-hander or two on the staff right quick. There is at least a half-dozen boys hanging around town now just waiting for a chance to go out and show him that he should drop one of the others and sign them. And some of them may come through.

Agronomist Warns Cotton Staple Less

COLLEGE STATION, April 20.—The average staple length of Texas cotton was 14.77 sixteenths inch for 1934, and 14.87 sixteenths inch for 1935; whereas the average staple length for the entire United States crop was 15.58 sixteenths inch for 1934 and 15.47 sixteenths inch for 1935," said E. A. Miller, agronomist of the Texas extension service, in quoting from a recent publication of the Bureau of Agricultural Economics.

The publication, a 61-page study entitled "Quality of Texas Cotton, Crops of 1928-35," contains material assembled in cooperation with the

Odds and ends: Charlie Bryan will take his boys to Loraine for spring training... Try to imagine a Class-D club going in for spring training in some other town... But there was no place in Odessa to put the boys up... Wray Query stands to pick up a little extra money on the club house this summer because clubs that play in Odessa will be driving over here to spend the night... We are putting off until next Sunday the announcement of the person naming the club in order to let a few who waited too long last week send in a few names... And who sent in the list without signing their name? Charley Urso has offered \$50 to anyone hitting a home run over the Mohabans left field fence... It is only 560 feet... That Italiano evidently has a little Scotch blood in him... Funniest crack at the league meeting Sunday was made by Urso who said "we ain't got no tie-up with no other club 'cause we don't want no tie-up with no club"... Charley Bryan denies having a tie-up with San Angelo in the Concho Basin League... Some folks might consider Milton Price had a big weekend... He rode the train all night from Dallas here, went from here to Hobbs, as soon as he got back here he had to crawl back on the train for the return trip to Dallas in 36 hours... That's moving... Below is the Midland club roster at present:

Calendar of Events

A few of the events arranged: May 4—Reception by Lord and

Many Arrive Early
Many visitors already have arrived for the three months of pomp and pageantry, parades and fetes that will make up the "Coronation season." Most of those already here are from the remote parts of the empire, with a sprinkling of wealthy Americans.

A medley of events will be held during the summer. The joint advisory committee of the Royal Empire Society and the Overseas League, the English Speaking Union, various empire societies, societies of nationals, business concerns and many private individuals have planned social affairs for visitors.

Calendar of Events
A few of the events arranged: May 4—Reception by Lord and

Dominion and colonial visitors, many with thousands of miles to travel, will pay an average fare of \$500, which totals \$17,500,000. European visitors, with only short distances to travel, make up the balance of the \$32,500,000 estimated for travel costs.

Dominion and colonial visitors, many with thousands of miles to travel, will pay an average fare of \$500, which totals \$17,500,000. European visitors, with only short distances to travel, make up the balance of the \$32,500,000 estimated for travel costs.

The average cost of an ocean trip from the United States is about \$250, although many Coronation visitors will spend several times that amount. But using this figure as a basis, Americans will contribute \$12,500,000 to the shipping companies.

Dominion and colonial visitors, many with thousands of miles to travel, will pay an average fare of \$500, which totals \$17,500,000. European visitors, with only short distances to travel, make up the balance of the \$32,500,000 estimated for travel costs.

Right From the Feed Box

SAY, BUDDY... MY GIRL WANTS TO PLACE A LITTLE BET... WHAT LOOKS GOOD IN THIS RACE?

Expect 50,000 From U.S. at Coronation; 160,000 Overseas Visitors Said Likely

LONDON, April 20 (UP)—An early estimate places the number of overseas visitors to the Coronation of 160,000 visitors—50,000 of them Americans. They are expected to spend more than \$75,000,000 while here in addition to \$32,500,000 to travel to England.

One steamship line alone is bringing 25,000 Americans to Britain. This line has booked 21 sailings up to May 5, the date the Queen Mary sails with the last group of Coronation visitors.

From Canada, India, Australia, New Zealand and other dominions and colonies, 35,000 visitors are expected, swelling the number of English-speaking visitors to 85,000.

From the continent, France is expected to send 50,000 across the channel. Other European countries are expected to send another 25,000 of assorted nationalities—thus the total estimate of 160,000 from abroad.

Visits to Average 3 Weeks
Travel agency and hotel officials, on the basis of advance arrangements, estimate that the average visitor will spend three weeks in Britain and will spend at least \$500 during this period.

Most of this amount will be spent on accommodations, with entertainment next and gifts and souvenirs third. Travel, from taxis about London to plane hops to Paris or Berlin, will take several dollars.

The average cost of an ocean trip from the United States is about \$250, although many Coronation visitors will spend several times that amount. But using this figure as a basis, Americans will contribute \$12,500,000 to the shipping companies.

Dominion and colonial visitors, many with thousands of miles to travel, will pay an average fare of \$500, which totals \$17,500,000. European visitors, with only short distances to travel, make up the balance of the \$32,500,000 estimated for travel costs.

Vast Throng to See Tattoo

The Coronation tattoo, gigantic military spectacles and pageant, will be held at Aldershot, June 10-12 and 15-19, and will be witnessed by hundreds of thousands.

The welcome committee of the Overseas League has arranged visits to places of interest such as the Bank of England, Croydon airport, London dockyard, the Law Courts, the mint, the royal stud at Newmarket and the Denham film studios, etc.

There will be private parties of varying size too numerous to count. Parties will be taken to see the ceremony of the keys at the Tower of London, golf tournaments are being arranged, there will be a series of luncheons and teas at the

Don't Irritate Gas Bloating

If you want to really GET RID OF GAS and terrible bloating, don't expect to do it by just doctoring your stomach with harsh, irritating alkalies and "gas tablets." Most GAS is lodged in the stomach and upper intestine and is due to old poisonous matter in the congested bowels that are loaded with ill-causing bacteria.

If your constipation is of long standing, enormous quantities of dangerous bacteria accumulate. Then your digestion is upset. GAS often presses heart and lungs, making life miserable. You can't eat or sleep. Your head aches. Your back aches. Your complexion is sallow and pimply. Your breath is foul. You are a sick, grouchy, wretched, unhappy person. YOUR SYSTEM IS POISONED.

Thousands of sufferers have found in Adierka the quick, scientific way to rid their systems of harmful bacteria. Adierka rids you of gas and cleans foul poisons out of BOTH upper and lower bowels. Give your bowels a REAL cleaning with Adierka. Get rid of GAS. Adierka does not grip—it is not habit forming.

An AUTOMATIC Electric IRON...

... gives you positive heat control, whether you are ironing light and dainty fabrics, or heavy and wet clothes. This makes your ironing task easier, quicker and helps you to do neater work.

If you are worrying along with an old non-automatic iron and want to save time and energy, drop into our store or any other electric appliance dealer and select a modern automatic electric iron. Prices of modern irons are still low.

Cards Reveal How Golfers Beat Colo.

Cards were turned in today by members of the Midland Sand Belt golf club, winners over the Colorado eight last Sunday by the comfortable margin of 24-8 as they took every match.

Elton Dozier, playing no. 1 position, defeated Fritchett 4-3; F. A. Stacy beat Merritt 6-5; Don Sivalls beat McClary 1-up; Doherty beat J. Pritchett 7-6; Frank Johnson beat Bryant 5-2; E. B. Dozier beat Dodd 5-3; Bob Hamilton beat Pond 5-3; Laughlin beat Jones 2-1.

"SAY, DAD, MY EYES HURT!"

When your boy says that do not overlook the importance of his fretting statement. Do not carelessly dismiss it from your mind. The chances are that his eyes need attention. A thorough examination will tell.

Dr. W. L. Sutton OPHTHOMETRIST 203 Thomas Bldg. Office Ph. 146—Res. Ph. 810-J

"MADE TO ORDER FOR ROLL-YOUR-OWNERS"

says PETE KERSCHER, who allows he's never seen the equal of Prince Albert!

PETE KERSCHER says what most everyone agrees on in this section: "I've never seen the equal of Prince Albert for smooth, cool 'makin's' cigarettes. I smoke steady all day, but P.A. is always mild and tasty. Never bothers my throat or tongue."

Around here Prince Albert is the choice

for those TASTY "makin's" cigarettes. Rolls fast, burns SLOW and COOL because "crimp cut." The special "no-bite" process makes it EASY on the tongue. PRINCE ALBERT MEANS REAL PIPE JOY TOO!

PRINCE ALBERT THE NATIONAL JOY SMOKE!

Sonja Henie's Fondness For Bananas Revealed

SHELTON, Wash. (AP)—Sonja Henie, screen star and Olympic skating champion, used to slip bananas from her father's store in Oslo, Norway, according to John Fagerlie, who once was her next door neighbor.

"Sonja's father operated a little tobacco store and fruit stand in our neighborhood," Fagerlie said. "Many times in her father's

store I saw her get up on a box and when he wasn't looking slyly take a banana off the bunch that hung from the ceiling there. Sonja must have been about 5 years old then."

In many states, instead of fitting a chronic speeder, authorities install governors that will in no way impede pulling power and acceleration.

'Three Smart Girls' Coming to The Ritz

They smiled encouragingly when she stepped up to sing. Like the girl in the ad she held them spell-bound. "They" were the technical

Reduce Varicose Swollen Veins

This Safe Easy Way Prove It At Small Cost

Swollen veins may become dangerous and sometimes break. Sufferers are advised to get an original bottle of Emerald Oil at Palace Drugs or any pharmacist and start to reduce the veins and bunches at once with this healing oil. A small bottle will last a long time because it is very concentrated and a little goes a very long way. Apply night and morning with a soft brush or finger tips as directed until the swelling is reduced. Refund is guaranteed if not satisfied. So effective is Emerald Oil that it is highly useful in reducing troublesome simple swellings due to strain and hastens their disappearance. (Adv.)

crew on the Universal picture "Three Smart Girls," coming Sunday to the Ritz Theatre. The crew had seen more than one experienced prima donna falter in her first film recording.

The girl was 13 year old Deanna Durbin, noted radio soprano, making her screen debut. Instead of suffering from camera fright, which the technicians expected, Deanna sang easily, as if she were just practicing.

When Director Henry Koster called, "Cut!" and jubilantly added, "It's a lily!" the youthful congress was surprised at all the congratulations.

"I sang as I always do," she said. "What's so wonderful about that?" Musical Director Charles Previn answered her, "Some of the biggest singing stars in the business went completely to pieces on their first camera appearance. That's what is so wonderful."

Cool-Smoking Pipe Invented by Educator

SEATTLE (U.P.)—Prof. Frederick A. Kirsten of University of Washington, has invented the "world's sweetest, coolest smoking pipe, that won't gargle or bite." His invention is a light stem of duralumin that cools the smoke and filters out tar, he said.

Club Owners' Foe

Representative Raymond J. Cannon (Dem., Wis.), thinks that organized baseball is a monopoly in violation of the anti-trust law and has asked Attorney General Homer S. Cummings to investigate the present system of buying and selling players and their contracts.

Special Spotlight Is Built for Star

Simone Simon's facial reactions in emotional scenes of "Seventh Heaven," opening at the preview Saturday night at the Yucca Theatre, then Sunday, Monday and Tuesday, are so varied and subtle that Merritt Gerstad, ace Twentieth Century-Fox cameraman, developed four different light diffusers for a specially constructed spotlight, so

that every emotion of the talented French star could be recorded by the camera.

The four diffusers are constructed from four different grades of thin woven silk. Gerstad, who photographed Simone's first American film, "Girls Dormitory," explained that this spotlight enabled the camera to catch and highlight every shade of expression.

When was YOUR last Photograph made? Mother wants a new one of you for Mother's Day. Phone 363, Prothro Studio, for an appointment. (Adv.)

As Nan Resolved to Keep Her Man

Tearful determination to keep her husband was written on the face of Mrs. Nan Pierson Brooks Macy Brill, steel heiress, when this picture of her was made in San Francisco. She had just resolved to return to Los Angeles and fight the annulment suit of her new husband, William H. Brill, Jr., who left her after a 24-hour honeymoon in Yuma, Ariz.

Military Honor Grave For 'Mother' Hartman

SAN FRANCISCO (U.P.)—The Federal government has granted permission for final burial in the National Cemetery at the Presidio here of "Mother" Minerva Hartman, famed nurse of the Indian Civil and Spanish American Wars. She died at the age of 104. She also served in the Crimean War under Florence Nightingale. She was born in Columbus, Ohio, June 26, 1832.

Bibles Once Bootlegged By Boston Printing Firm

BOSTON (U.P.)—Bibles once were bootlegged in Boston. At that time it was illegal to print the Bible here. The laws of the English Parliament prohibited the printing of the Bible both in England and the colonies. So Daniel Henchman and the printers, Kneeland and Green, printed Bibles secretly and peddled them as they would contraband.

Young Gopher Snake Crawls Out of Hole

PASADENA, Cal. (U.P.)—Oscar the third, an 18-month-old gopher snake, was cast in the play "Tobias and the Angel" here. Despite misgivings that it might go slithering into the audience, it was deemed the reptile would be more realistic than a paper mache snake. But Oscar took one look at the audience and departed in the opposite direction and no longer is available for the cast.

Toledo Becomes Center Of Transport Traffic

TOLEDO (U.P.)—Toledo, busiest co-shipping port on the Great Lakes and third largest railroad center, also is the gateway for the heaviest highway transport traffic in Ohio. State planning authorities report that an average of 37,931 vehicles move in and out of the city on 12 state and federal highways every day. Of this number more than 5,700 are trucks and 290, buses.

TEACHER BALKS SIT-DOWN

SAN JOSE, Cal. (U.P.)—One proposed sit-down strike was thwarted here as the result of timely precautions. Ten year old James Jefferson circulated a sit-down strike note to all his classmates. The teacher found one. She advised the class she knew a very effective manner of making a sit-down strike exceedingly uncomfortable after its application. Jimmy voluntarily withdrew his strike appeal.

PHEASANT STUNS DRIVER

DEDHAM, Mass. (U.P.)—Edwin Breitenbach, 26, didn't have to leave his automobile to "down" a pheasant. The bird crashed through the windshield in full flight as Breitenbach was driving in the opposite direction. The crash killed the pheasant and stunned and cut Breitenbach.

New Jersey will be penalized by the federal government for diverting into other funds money received through collection of license fees and other motoring taxes.

AGAIN NORGE LEADS!

BALDNESS

CAN BE CORRECTED WITH OUR NEW CROSLY XERVAC VACUUM MACHINE.

In laboratory tests, a series of over 200 individuals were treated. Most patients received treatments twice a week, 30 minutes each. Definite, beneficial results were obtained in substantially all cases. Clinical work has indicated the following results:

1. Abnormal falling of hair was arrested in nearly every instance after 5 hours treatment.
2. After 7 to 10 hours of treatment, "previous fuzz" usually begins to grow and to develop color.
3. From this point persons treated progress towards a full growth of hair, dependent upon the follicles that are present, and living at the beginning of treatment. Growth usually occurs in the following manner: Up temporal regions, closure of bald pate, elimination of widow's peaks.
4. The time required for recovery of hair varies according to age, duration of baldness, amount of baldness, blood pressure, physical types (blondes respond slower than brunettes) and a multitude of other factors.
5. Hair already present apparently grows at a faster rate.
6. The hair present tends to become more naturally oily, as the sebaceous glands are also stimulated.
