## Justice Van Devanter to Retire June 22

### Nightie-Nice

When Phyllis Probst wore her nightgown to a recent University of Rochester dance, she came the secret of a new fad among co-eds. As you can see, Miss Probst did a neat job of turning her nightie into a formal evening dress—with the aid of pins and mirrors. Other girls have adopted the idea because it's a money-saver.

### DRILLING RESUMED IN COCHRAN TEST

Bond & Harrison Wildcat Starts Up After Shut-Down

By FRANK GARDNER  
Drilling was resumed this morning in Bond & Harrison at No. 1 Cameron eastern Cochran wildcat, after a shut-down of two weeks while titles were cleared. The well had drilled plug from 7-inch casing cemented at 4,500 before shutting down and is now drilling lime and anhydrite below 4,516 feet. Location of the wildcat is in labour 1, league 85, Greer county school land. It attracted much interest when upper markers were topped higher than those in the Duggan pool open farther southwest in Cochran.

The "hottest" wildcat now drilling in West Texas, Amon G. Carter and Continental Oil Company No. 1 A. L. Wasson, in northwestern Gaines county, at last reports had drilled to 4,288 feet in lime and anhydrite. On top of brown lime, called by some at 3,860, datum of minus 311, it is said to be running 426 feet higher than the Wahlenmaier, York & Harper No. 1 Jones, an abandoned test five miles to the southwest. Location of No. 1 Wasson is 2,310 feet from the north and 330 feet from the east line of section 48, block AX, public school land, 16 miles west of Seagraves.

In the Means pool of Andrews, Humble No. 21 J. S. Means flowed 16 barrels hourly on gas lift after the last stage of a 6,000-gallon acid job and is now shut in to build pressure for potential test. Total depth is 4,532 feet in lime. Humble No. 22 Means flowed 37 barrels an hour after the first stage of 1,000 gallons. It kicked off and is being allowed to clean itself.

### REPEAL OF FEE SYSTEM VOTED BY THE HOUSE

Amendment Will Be Voted Upon If Senate Acts

### GOV. BACKS MOVE

'Costly Failure' Is His Description Of Experiment

AUSTIN, May 18. (P)—The house today voted unanimously for submission of a constitutional amendment authorizing the return of the fee system for remunerating county officials, responding to a special message of appeal from Governor Allred.

### AMERICAN TROOPS IN SPANISH WARS DEFEATED TODAY

Estimated 500 Are Slain In Fight Near Bilbao

(By Associated Press)  
American volunteer battalions used as government shock troops in the Spanish civil war were estimated to have lost more than 500 of the 1700 total there today as insurgent columns were reported pushing toward Bilbao.

A new "win the war" cabinet headed by Juan Negrin took command of the government armies, but at Madrid, Anarcho-Syndicalists refused to cooperate on the grounds they were not represented.

### Late News

LONOKE, Ark., May 18. (P)—Authorities here today promised a "speedy trial" for Lester Brockelhurst, wanted for murder in three states, and his companion, Bernice Felton, with whom officers left New York today.

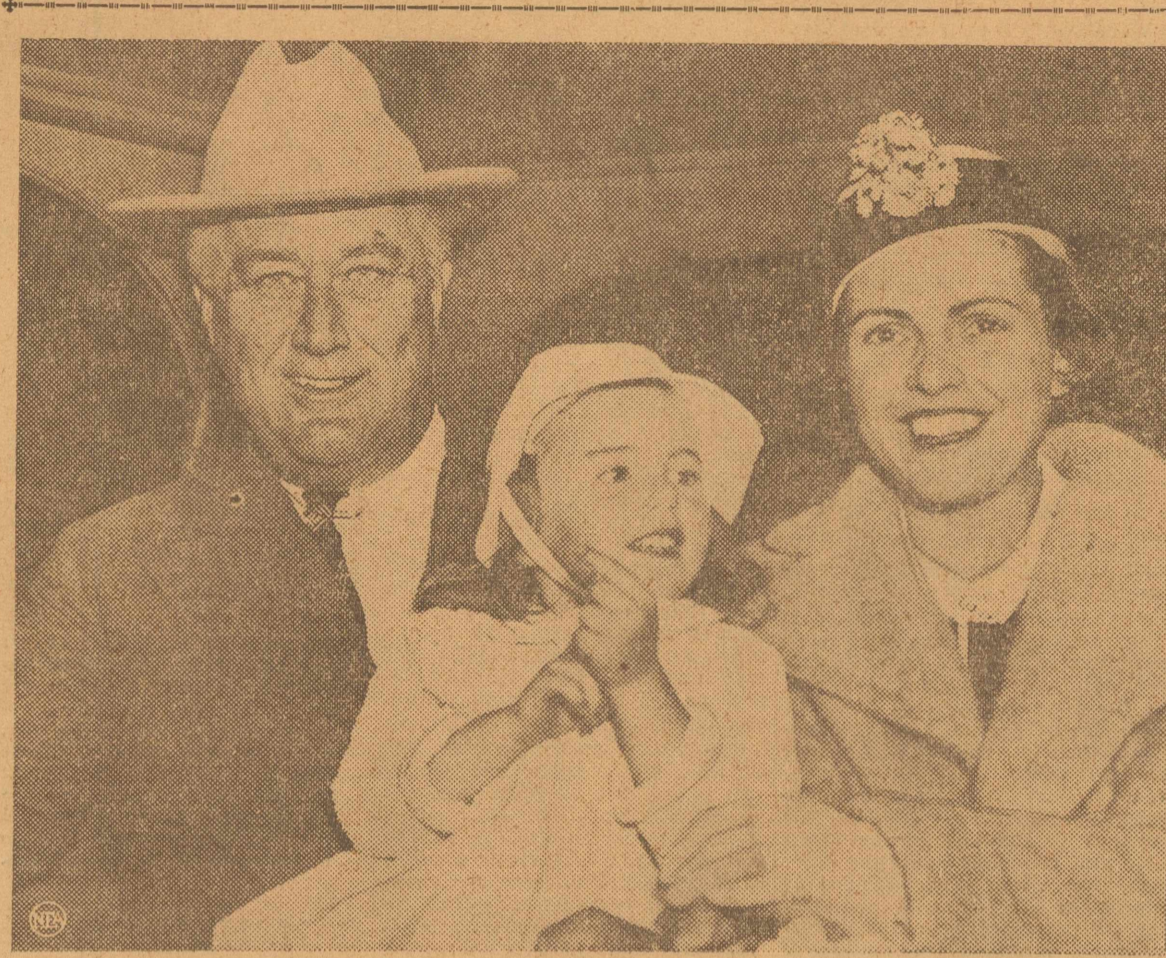

WASHINGTON, May 18. (P)—The house judiciary committee today recommended passage of a bill establishing an additional federal judge for the southern district of Texas.

NEW YORK, May 18. (P)—Twenty-five year old Mrs. Helen Tierman today accused her suitor George Christodoulos, of instigating and aiding her when she killed her daughter and badly wounded her son in an attempt to kill him.

DETROIT, May 18. (P)—United Automobile Workers leaders today called on Detroit's organized workers to aid in the Ford organization drive.

TYLER, May 18. (P)—Delegates to the state federation of labor convention here today endorsed resolutions condemning the sending of Rangers to Houston during the mechanic strike and asked withdrawal of the men by the governor.

### Back to the Job—With New Support

Washington saw these three big smiles when the president returned from his two-week fishing trip to Texas and brought back with him the Lone Star contingent of the Roosevelt family. Even broader than the president's wide, happy grin are the smiles of Mrs. Elliott Roosevelt and her daughter, Ruth Chandler Roosevelt, one of the president's favorite grandchildren.

### PICKETING WILL BE RESISTED BY OHIO STEEL CORP.

Declare They Will Shut Down Until Streets Clear

CLEVELAND, May 18. (P)—The Republican Steel Corp. today declared that if picketing made it impossible for its employees to reach their jobs that it would close its plants and keep them closed "until city authorities clear the streets."

### SECOND LEWIS RISES AS ALLY OF CIO

HEAD; MINER CALLED 'TWIN' OF JOHN

DES MOINES, Ia., May 18. (U.P.)—Another black-haired, barrel-chested Welshman is emerging from the Iowa coal mines to assume a place of importance in America's labor picture.

He is J. C. (Shady) Lewis, president of the Iowa Federation of Labor, whose striking similarity to John L. Lewis, C. I. O. leader, does not stop at the name.

The Iowan recently was appointed by President Roosevelt to the national bituminous coal commission and is expected to take the post in June.

Although they are not related, the careers of the two Lewises run parallel in many respects and their physical appearance is much the same.

### McEntire Purchases New Plane for Work

George McEntire, local pilot, has purchased recently a new plane to be used in charter work by him.

The new plane is a 1936 model Waco fully equipped with all instruments for blind flying, a 3-band radio receiver and a 50-meter transmitter.

The ship is equipped with a 285 horse power Wright Whirlwind engine and has a cruising speed of 150 miles per hour. The new plane boasts a 700 mile cruising range.

McEntire only recently purchased a Cessna plane but found it unsatisfactory for the work in which he was engaged. It was sold at the time of the purchase and he says that he is now able to handle assignments that he had previously been unable to.

### JUNIOR HIGH TO GIVE OPERETTA TONIGHT AT 7:30

Final Program For School Term By Students

Students of the John M. Cowden junior high school tonight at 7:30 will present a commencement program at the high school auditorium of folk dances and an operetta.

The folk dances will begin at 7:30 and the operetta will start at 8. The first part of the folk dances will be put on by third and fourth grade students, the ensemble being composed of Marie Barber, Betty Eiland, Betty Jo Green, Frances Hill, Eugenia Holmes, Doris Marie Mickey, Barbara Rains, Doris Nell Smith, Joan Stanley, Theresa Jane Stringer, Ann Ulmer, Jane Wintley, Betty Willis, Zelma Zimmerman.

Third, fourth and fifth grade students, including Mary Lou Binfold, Nellin Elkin Brunson, Betty Chaney, Camilla Jane Crawford, Olelia Flynn, Wanda Jean Girdle, Jimmie Kathryn Kendrick, Dorothy Prestidge, Elsie Nora Schlosser, Jean Schotlander, Patsy Travserie and Paula Dene Wilson will present the second group of dances.

The second part of the program will find Rev. Cliff M. Epps giving the invocation, Carolyn Oates, first honor student of the seventh grade, declaiming "The Service Flag," and the high school girls' quartet rendering "Rosita".

The quartet is composed of Janette Eaves, Mary Beth Scruggs, Jacqueline Crawley and Wanda Ticknor.

Part three of the evening's program will be the operetta "The Pioneer's Papoose," with most of the students of the school cast in some part. Character actors in the play will be supported by members of the school chorus, music being interspersed with the action during the two acts.

### June 3 Announced As Marriage Date For Duke, Wallis

MONTS, France, May 18. (P)—Wallis Warfield and the Duke of Windsor will be married in the Chateau de Candé June 3, with no member of the royal family present, they announced today.

The day is King George VI's birthday, but the Duke's late father; 20 days later the Duke will be 43; June 19 Mrs. Warfield will be 41.

### ARKANSAS WINNER OF FIGHT TO TRY L. BROCKELHURST

Only State That Has Case Against His Girl Friend

ALBANY, N. Y., May 18. (P)—Arkansas won a three-state battle Monday for the privilege of trying Lester Brockelhurst, 23, Midwestern crime tourist, for murder.

Gov. Herbert H. Lehman announced, after a conference of authorities from Illinois, Texas and Arkansas, he had signed extradition papers sending the youth to the latter state.

There, Brockelhurst will face trial for the slaying of Victor Gates, wealthy Lonoke County plantation owner, Bernice Felton, 18, girl friend arrested with the youth will be tried for being an accessory to the murder, a crime fully as serious.

"After a review of all three cases presented by representatives of the three states concerned," Lehman said "I have decided to turn the defendant over to Arkansas. It seems to me that State has the strongest case against them."

"None of the other States has cases against the girl."

### IMPLICATE MAN. WOMAN IN DEATH

Mother Confesses Murder Of Child, Connects Lover in Case

NEW YORK, May 18. (P)—Detective Captain Edward Mullins, in charge of the Manhattan homicide squad, said last night that Mrs. Helen Tierman had implicated her lover, George Christie, in the killing of her daughter, Helen, and the wounding of her son, Jimmy, in a thicket on Long Island Saturday morning.

This announcement was made at police headquarters after Mrs. Tierman had been questioned for ten hours.

Christie, who had been held as a material witness, was questioned along with the woman who is charged with homicide, tonight made a full denial. He said he was not with Mrs. Tierman at all on Saturday and also denied assertions attributed to her that he had given her a ring and sought to marry her.

### AIRPORT LANDINGS

Airport News: Planes that landed at Sloan Field today were an 025 observation plane piloted by McDaniel en route to Dallas from El Paso, an 031 observation going to Dryden, Texas, from Dallas, piloted by Mr. Harvey. The plane left here at 2:30 with one passenger, an 043 with one passenger left here at 3:30, piloted by Kleinendor. It was from Brooks Field at San Antonio, and a commercial plane, Waco, owned by the Black Stock Oil Co., and piloted by Gibbs, passed through here en route to Oklahoma City.

### Ending Flight

A silver, dual-motored plane burst through the mist over Floyd Bennett Field, New York, coasted to a stop and Dick Merrill, waving, and his co-pilot, Jack Lambie, had completed a record round trip to Europe by air. They returned from Southampton, England, in 24 hours, 22 minutes.

### ROOSEVELT MAPS FLOOD AND POWER CONTROL PROGRAM

3 Cabinet Officers Assist Chief In Plans

WASHINGTON, May 18. (P)—President Roosevelt and advisers shaped a comprehensive power and flood control program at White House Monday.

With three cabinet officers and members of his power policy commission the president went over the subject, preparatory to sending a message to congress this week.

One subject discussed was the idea of setting up a series of "little TVA's" throughout the country.

Meantime the senate, with virtually no debate, voted to direct a two-edged inquiry into "propaganda" by utilities and by government agencies. The resolution ordered the federal trade commission to investigate "alleged efforts" of utilities concerns to control opinion on the public vs. private ownership issue. An amendment also approved required the commission to look into rival activities of various administration agencies.

The resolution which requires approval by the house, authorizes a \$150,000 relay. Senator Norris (Ind-Neb), public ownership champion who sponsored the original inquiry resolution, offered no objection to the amendment, which was offered by Senator King (D-Utah). King spoke of "propaganda" by the TVA, FWA, rural electrification commission and other agencies.

Secretary Ickes, Wallace and Woodring took part in the White House conference, Ickes as chairman of the power policy committee.

### Avocados to Be Cheaper

BERKELEY, Calif. (U.P.)—The avocado, salad delicacy, is steadily going down in price. University of California Agricultural College officials determined through a recent survey.

### Hungary Restricts Tipping

HUNGARY (U.P.)—A government edict has been issued against tipping in hotels and restaurants in Hungary. After a careful survey, authorities decided tipping should be forbidden.

### RESIGNATION IS TENDERED TO FDR IN LETTER TODAY

'Desires Chance To Avail Himself Of Pension

### NEW JUDGE SOON

Predictions Made 1 Other Will Join In Quitting

WASHINGTON, May 18. (P)—Associated Justice Willis Van Devanter informed President Roosevelt in a letter today that he would retire from active service in the supreme court June 2.

The justice said that after having served for 26 years and now being 78 years of age he desired to avail himself of the right to retire under the act passed by March 1 of this year permitting justices over 70 to retire at full pay of \$20,000 annually.

Known as a conservative, Van Devanter sent the letter to the president shortly before the senate judiciary met to vote on the court reorganization bill.

The vacancy gives President Roosevelt his first opportunity to make a supreme court appointment.

Some officials said there would probably be no more retirements at this time, but others predicted before the beginning of the October term, Justice Sutherland would join Van Devanter.

Chief Justice Hughes and Justices McReynolds, Brandeis and Butler are also eligible for retirement.

### SPECULATION RIFE OVER NEW JUSTICE

WASHINGTON, May 18. (P)—Speculation over the president's choice for the post to be vacated by Justice Van Devanter on the supreme court included a host of new and former government officials today.

President Roosevelt dispatched an answer to the justices' letter of retirement wishing him "the best of luck."

### BIG SPRING HOLDS FEEDER DAY MAY 28

Program Will Concluded 180 Days of Feeding Tests on Calves

The fifth annual feeder day program will be held at the U. S. Experiment station at Big Spring on Friday, May 28, according to Fred Keating, superintendent. The program will conclude the completion of a feeding test of 40 calves on feed for 180 days. The calves have been fed in four different groups, 10 of them being fed individually on full ration, 10 individually on 80 per cent full ration. The ration consists of ground milo heads, sun-dried cotton seed meal and one and one-half pounds of molasses. The program is being held for the purpose of discussing the results of the test and also to give those who are interested in feeding work an opportunity to observe the results obtained from feeding West Texas cattle. West Texas feeds.

All cattlemen, vocational teachers and classes, county agents and those interested in feeding are invited to attend the meeting, according to J. H. Greene, manager of the Big Spring chamber of commerce.

### FOOD PRICES OVER COUNTRY HIGHER

New Six-Year Peak Found As Result of Last Year's Drought

CHICAGO, May 18. (P)—A study of food prices for Chicago wholesale and retail markets today disclosed the cost of filling the housewife's basket is now the highest in six years, occasioned by a food shortage caused by last year's drought.

### Banquet Honoring Group Of El Pasoans Tonight

The banquet honoring El Paso Chamber of Commerce Good Will Trippers, who this week are on a three day tour of the Texas and Pacific and Big Bend areas of West Texas, will be staged in the Crystal Ballroom of Hotel Schreiber this evening at eight o'clock, the banquet, a stag affair, being sponsored by the Midland Chamber of Commerce.

A heavy increase in the sale of banquet tickets this morning indicated by noon today that a crowd of more than 100 persons will attend the affair which promises to be an exceptionally delightful occasion. The visitors from the Border city will be welcomed and entertained in typical West Texas style by the business and professional men of the city. The banquet is open to all citizens of Midland and surrounding territory.

### BODY OF DROWNED MAN IS RECOVERED

Pecos Garage Owner Is Victim Sunday At Levison Lake

PECOS, May 18. (P)—Searchers yesterday recovered the body of Walter Slover, 40, Pecos garage owner, who drowned Sunday at Levison Lake while going to the rescue of his 12 year old daughter.

Slover ran a quarter of a mile, shed his clothing, and jumped into the water after his daughter called for help when she was swimming from a sinking raft. As he reached the girl he yelled he had been seized with cramps.

Twenty-eight British warships were brought home for the coronation, probably to ta kecare of knothole peepers who didn't buy seats.

There is considerably more danger of a Fascist state in the United States than of anything resembling Communism.—W. P. Tolley, president, Allegheny College.

Medical men have discovered a cure for cold feet. Now if they could just do something about buck fever.

(Reserves the right to "quack" about everything without taking a stand on anything).

Lopez, deputy garbage collector, who for several summers has operated the Mexican ball club, says he is laying off this summer. He hopes to have more money when the season is over than he has been winding up with.

The El Pasoans are with us tonight. There was a time when all you had to do was say you were going to El Paso, and everybody thought you were fixing to go off and get tight.

Now you can get tight anywhere. But El Paso still is a place of ex-

ceptional interest. Its proximity to the Mexican border gives it a color which few cities have. And, along with that color, it is the business center of large portions of three states and two republics.

After trying both sides of the stock market, a local man said: "I'm neither a bull nor a bear. I'm a jackass."

A pacifist writes: "A battleship costs more than a dozen school houses."

Well, I still believe we ought to build a battleship every time we build a dozen school houses. I'm sort of a "preparedness" advocate this morning.

The Applan Way was built in 312 B. C. I believe it would be a good idea to send over a pack of our road builders to study its construction.

BEHIND THE SCENES IN  
**WASHINGTON**  
By RODNEY DUTCHER  
Reporter-Telegram Washington Correspondent

WASHINGTON, May 18. — Despite the furor over economy, odds favor passage of a relief appropriation of \$1,500,000,000 as asked by the administration, rather than a greatly reduced sum such as is demanded by many members of Congress.

A cut is possible but not probable. Unofficial poll-takers estimate that a hundred or more members of the House are willing to vote for a relief appropriation of \$2,000,000,000 or \$2,500,000,000. Leaders of the Maverick-Voorhis group, which seeks a program based on the latter sum, claim they have nearly 140 votes lined up.

Such a bloc isn't large enough to put over its own program. But its size indicates that sufficient strength will be available to block a reduction to \$1,200,000,000 or a billion dollars. The best guess is that the extremists on each side will cancel each other off.

In any event, relief will continue to be a major all-year-round issue.

In this connection, it can be said that the President's request for that sum was accompanied by the assurance that the federal work relief policy would not be changed. This created widespread suspicion here, shared by persons ordinarily well informed, that Roosevelt had in the back of his mind the possible necessity of a deficiency appropriation for relief by next March or April which would life the cost well above 2,050,000 persons on WPA rolls now, Hopkins says \$1,500,000,000 considering funds otherwise available and deducting sums for other activities, would keep a monthly average of 1,720,000 on the roll during the next fiscal year. It's an "irreducible minimum," according to Hopkins, and his hopes of getting by on it while adhering to present policy is based on continued pickup in private employment. A cut to \$1,000,000,000 he says, would provide for an

**Mayors Up in Arms**  
The U. S. Conference of Mayors, which has proved itself capable of effective pressure here, is up in arms against proposals which would fail to keep the bargain Roosevelt made with municipalities to take care of the employable relief clients through a federal work program. This group insists there are already 60,000 employables on direct local relief who are eligible for WPA, although Harry Hopkins says 350,000. The group doesn't believe that even the billion and a half dollars asked by the President will last after next February unless current policy and the present program are radically curtailed.

average of fewer than 1,000,000 WPA workers.

### Question of Who Pays

The mayors are going to plug the argument that every successful attempt to shift more of the relief burden back to the states and municipalities means an increase in taxes on owners of homes and other property. They take the attitude that the question is largely one of who pays for relief—home owners or the "big boys" who pay income and corporation taxes.

Managing the affairs of large cities where the relief problem is chiefly concentrated, these men insist that it is hopeless to expect states to tax or appropriate adequately for relief. The reason they give is that legislatures of most industrial states are disproportionately weighted or controlled by representatives of the rural "cow counties," who refuse to spend money on urban problems, thus making cities depend on the general property tax. Much of the cost of the Social Security Act has been pushed onto counties and towns rather than the states.

Paul V. Betters, executive secretary of the major's organization, says the cities and states already are paying for 100 per cent of direct relief costs, all local and state shares in the social security program, about 20 percent of the WPA program, 55 percent of all PWA projects now operating, and supplemental relief to "thousands of WPA workers because of the inadequacy of WPA wages." The WPA recently presented statistics showing local and state funds used for relief work programs had increased from \$333,000,000 in 1933 to \$1,244,953,000 in 1936.

### Want Standards Lowered

But the federal budget needs balancing and everybody admits it. The relief fight in large part is actually over the question whether federal taxes shall be raised to maintain present relief standards, or whether the nation shall operate with a locally administered dole paid with federal assistance. Those who favor drastic relief cuts do so for various reasons, important among which are the desire to avoid higher taxes and a belief that relief standards should be lowered in certain areas.

Whether a return to the dole would actually prove less expensive to the federal government is a controversial question. The usual proposal is for the federal government to match funds with localities 50-50. But there are about 2,500,000 direct relief cases and 2,000,000 cases now handled by WPA. They add up to 4,500,000 cases for which the federal government would be one-half responsible. History of FEERA showed that relief standards everywhere rose appreciably when the federal government began con-

## Bette Davis as "Marked Woman" At Ritz Today

Bette Davis, who won last year's Academy award as the screen's greatest actress, makes her 1937 bid for renewed honors in a gripping story taken from headlines that have flashed across the front pages of America's newspapers for many months.

This picture, declared by Miss Davis to give her the most powerful role she has ever portrayed, is "Marked Woman," the First National production booked for the Ritz Theatre beginning today.

The film is said to take audiences behind the scenes of certain metropolitan night clubs, long suspected of being owned or affiliated with nationally notorious gangsters of the type now fleeing from racket investigations. It is the story of those beautiful girls who serve as hostesses

tributing. There's nothing in any angle of the situation which offers much promise that higher federal taxes within the next year can be avoided.

in these joints and whose lives themselves or forfeit if they disobey the orders of their ruthless exploiters.

The night-club girls are Bette Davis, Isabel Jewell, Jane Bryan, Rosalind Marquis, Lola Lane and Mayo Methot. Led by Bette, they take their lives in their hands when the prosecutor induces them to expose the boss's methods.

The strong and vivid story gives Miss Davis ample opportunity for the sort of diversified emotional acting that won her the award of the Academy of Motion Picture Arts and Sciences last year for the best performance by any actress.

"Marked Woman" was written es-

## Dr. Battle Is To Deliver Address

AUSTIN, May 18.—Dr. W. J. Battle, veteran professor of classical languages at the University of Texas has been invited by the commencement committee at the University of Texas, to deliver the commencement address to spring graduates of that institution June 7. This is

the first time in many years that the speaker on this occasion has been any other than the late President H. Y. Benedict.

Dr. Frank Chilton Brown, pastor of the First Presbyterian church, Dallas has accepted the invitation to deliver the baccalaureate sermon on the Sunday evening preceding commencement. Both exercises will be held at 7:30 o'clock in the evening, at the Memorial Stadium, according to E. C. H. Bantel, chairman of the commencement committee.

man of the commencement committee.

Dr. Battle has been associated with the university since 1893, and his office occupied the top floor of the historic old main building until the structure was demolished a few years ago to make way for the new administration library building. With regard to Dr. Battle's long occupancy of the highest office quarters on the campus, the architect's plan for the new building provided specially designed office space for him on the top floor of the 308-foot tower.

Long and devoted service to the university has been rendered by Dr. Battle, who, besides his professional duties, served as dean of the College of Arts and Sciences from 1908 to 1911, as dean of the faculty from 1911 to 1917, and as acting president from 1914 to 1916. Since 1920 he has continuously served as chairman of the university's building committee.

A native of Lewisburg, West Virginia, Dr. Brown, who will preach the commencement sermon for the university graduating class, holds the bachelor and the master of arts degrees from Hampden-Sydney College in Virginia, and the bachelor of divinity from Union Theological Seminary. His alma mater, Hampden-Sydney college, in 1925 conferred the degree of doctor of divinity upon him. He has studied at the United Free College, in Scotland, and at the University of Oxford. Before his ordination in the ministry of the Presbyterian church, U. S., in 1914, he served for two years as principal of Potomac Academy, Romney, West Virginia. His pastoral charges have included the Henry Drummond Memorial church, Glasgow, Scotland; First Presbyterian

Thursday Sewing Club will meet with Mrs. W. J. Stewart, 404 W. Ohio.

Girl Scouts will meet at the Baptist Annex and leave from there for a picnic given by the Woman's Wednesday Club.

church, Logan West Virginia; Breem Memorial church, Charleston, West Virginia; and the First Presbyterian church, Dallas, since April, 1936.

Dr. Brown has served as moderator of Kanawha Presbytery, Synod of West Virginia; as a member of the board of trustees of the General Assembly of the Presbyterian church, U. S.; as vice president of the Charleston Public Health Association; as trustee of the Greenbrier College for Women, of Hampden-Sydney college, of Davis Stuart School, Synodical orphanage, of Westminster Foundation at the University of West Virginia; as a member of the Hampden-Sydney Alumni Association executive board.

He belongs to Omicron Delta Kappa Alpha fraternities, is a democrat and a Mason and a member of Kiwanis Club. He is the author of "Lost! A Human Sol," published in 1932.

## Auxiliary Has Bible Lesson Monday

All circles of the First Presbyterian church met at the church Monday afternoon for Bible Study, a review of the book of Genesis. Mrs. R. L. Miller led the study and was assisted by Mrs. A. P. Shirley. Mrs. Miller presented "The God of Adam and the God of Noah," and Mrs. Shirley presented "The God of Abraham."

There were fifteen members present. Monday, May 24, the auxiliary will observe their 25th birthday with a special program at the church, beginning at 3:30. It is the regular monthly inspirational meeting.

## Baptist W. M. U. Has Business Session

Baptist W. M. U. had a business meeting Monday afternoon at the Annex. Mrs. R. O. Walker led the devotional. Those attending were Mrs. R. V. Hyatt, Mrs. S. L. Alexander, Mrs. W. F. Borum, Mrs. J. V. Hobbs, Mrs. Roy Tillman, Mrs. Ward and Mrs. Ray Parker.

## Methodist Society Has Social Meeting

Circles of the Methodist Missionary Society met Monday afternoon for a social hour at the home of Mrs. J. M. Speed, 301 N. F street.

The Belle Bennett circle had change of the program. Mrs. Stacey Allen gave "Re-experiences at Pentecost" from The World Outlook. Mrs. Luther Tidwell and Mrs. E. V. Guffey gave topics on foreign missionary.

The Mary Scharbauer circle served refreshments to thirty members present.

Next Monday the Mary Scharbauer circle will meet with Mrs. O. F. Hedrick, 711 N. Colorado, Laura Haygood circle with Mrs. J. M. Prothro, and the Belle Bennett circle with Mrs. C. P. Lancaster, 711 W. Tennessee.

## Mrs. Ratliff Leads Circle Bible Study

Rijnhart Circle of the First Christian church met yesterday at 3:30 at the church for the last Bible study of the year. The meeting was opened with a song and a prayer by Mrs. Charles Brown. Mrs. George Ratliff taught the lesson which was the last two books of the old testament.

The circle will meet Monday for the final business meeting of the year. The first Monday in June, the Missionary Society and Rijnhart Circle will have a joint social meeting.

Attending the meeting were Mrs. Ratliff, Mrs. Brown, Mrs. J. R. Crump, Mrs. J. E. Pickering, Mrs. J. R. Jones, Mrs. E. Erickson, Mrs. L. B. Pemberton, and Mrs. E. R. Washburn of Greenville.

## T. U. Girl Receives Traveling Fellowship

AUSTIN, May 18.—Announcement that Mary Tom Osborne of San Antonio has been made recipient of the 1937-38 \$1,200 traveling fellowship offered by Kappa Alpha Theta, social sorority, has come to Dr. R. H. Griffith, professor of English and one of Miss Osborne's former teachers at The University of Texas. Miss Osborne has informed Dr. Griffith that she will study at the British Museum, in the Bodleian Library at Oxford and in libraries of Rome. She has already had considerable correspondence with many world-famous historians on the subject of her research project, "Advice to a Painter: A Poetic Genre."

Miss Osborne has already devoted two years' research to this subject, and will publish a volume bringing together the results of her investigations. The study will at the same time serve the secondary function of fulfilling the requirements for her dissertation for the doctor of philosophy degree.

A native of Walnut Springs, Texas, Miss Osborne has spent most of her life in San Antonio. Her freshman and sophomore college years were spent at Randolph-Macon Woman's College, Lynchburg, Va. Her undergraduate work and work leading to the advanced degree were done at the University of Texas, and she received both the bachelor of arts and the master of arts degrees from that institution, the latter in 1935.

McClintic Brothers can sell what you have for sale. List with us, phone 175. (Adv.)

## DEMONSTRATION CLUB NEWS

The Warfield Home Demonstration Club met at the home of Mrs. Roy Clark last Tuesday, May 11, at 3:00 o'clock. Mrs. Lura Hollingsworth demonstrated tufting for decoration of bedspreads, pillow tops and curtains.

Mrs. W. T. Peacock was admitted as a new member of the club.

Those present were Mrs. Hollingsworth, Mrs. Carl Smith, Mrs. C. A. Messamore, Mrs. M. T. Walker, Mrs. S. A. Willmon, Mrs. W. T. Peacock and the hostess, Mrs. Clark.

## Mrs. Chapman Is To Give Health Paper

Wednesday morning Mrs. W. B. Chapman will read a paper "What You Don't Know About Health" for the weekly health program which is broadcast over KRLH from 11:00—11:15 a. m. The paper is from the American Medical Association.

The musical program will be transcribed and the following numbers have been selected: "Prelude in F Sharp Minor," "With All My Heart," and "In An Old Japanese Garden."

Mr. Bob Steffins will announce for the program, which is sponsored by the Midland County Health Board.

ter in August, 1936.

Since her graduation from the University with the bachelor's degree, she has taught in the Mark Twain Junior School in San Antonio. In the summer of 1925 she taught English and mathematics in the Demonstration School at The University of Texas. She has traveled extensively, including a trip to the Pacific Coast, one through Eastern United States and Canada with two month's stay in Washington and New York; a summer in Mexico; a Caribbean cruise, and various shorter trips.

Miss Osborne organized in San Antonio an alumna club of former members of Kappa Alpha Theta and served as its first president. She also served as president of the San Antonio Pan-Hellenic Association, inter-sorority council, for one year, and is at present on its advisory board.

## Dedication

Continued From Page One

million persons, including 300,000 school children. The display resulted in the receipt of more than 50,000 inquiries concerning undeveloped natural resources of the state.

This year the number of specimens will be increased to approximately 150. The Dallas Park Board is expending \$30,000 in remodeling the old Domestic Arts building, which will exclusively house the resources exhibit. The name has been officially changed to the Institute of Natural Resources.

Judge Spellman announces that at the conclusion of the exposition the institute will embark upon its permanent program, it will remain open throughout the year, and has a 20-year lease on the building in which it now is housed.

Once each week during the exposition period there will be a free lecture at the building by some person well versed in Texas resources. These will be free to the public.

The announced goal of the institute for the next five years is the attraction of \$12,000,000 in new in-

dustrial capital. It also contemplates the installation of a research laboratory where can be analyzed and defined any material submitted, for the information both of the owner and the prospective investor.

We have a number of choice residences and business lots for sale. McClintic Brothers, phone 175. (Adv.)

## Varicose Veins

Reduced At Home This Safe Easy Way

No sensible person should continue to suffer from disfiguring and often painful swollen veins or bunches without trying the new powerful, yet harmless penetrative treatment, called Emerald Oil, which relieves so many.

Ask Palace Drug Company or any good druggist for an original bottle of Moone's Emerald Oil and refuse substitutes. Use as directed and in a short time note improvement. Then continue until the swollen veins are further reduced. Money returned if not satisfied. (Adv.)

## LaSalle V-8 BREAKS STOCK CAR RECORD

for Indianapolis Speedway

Ralph DePalma Averages 82.18 Miles Per Hour in 500-Mile Run

ON MONDAY, MAY 10TH, a stock model LaSalle V-8—running under A.A.A. supervision—broke the stock car record for the Indianapolis Speedway!

With Ralph DePalma at the wheel, the distance was covered in 366 minutes—an average of 82.18 miles per hour! This is almost 8 miles per hour faster than the original Speedway record established by racing cars!

In spite of the record time, it was not a trial for speed. The run was made to prove LaSalle's endurance, roadability, safety and handling ease.

At the finish of the run, DePalma wired the Cadillac factory as follows:

"I finished third in the original Indianapolis race, and I was physically and mentally exhausted. Today, I feel fine after completing the same 500 miles in a LaSalle at a much faster pace. I never drove a car that performed in so effortless a fashion or handled so easily. My hat is certainly off to LaSalle!"

Wouldn't you like to drive a car that can thrill a veteran driver like Ralph DePalma? If so, come in today. We will gladly place a LaSalle at your disposal.

EGAD, BAXTER, THE SPRING-TIME HOLDS NO JOYS FOR ME, WITH ITS PROSPECTS OF GROWING THINGS—I HAVE BEEN APPLYING MY FERTILE MIND TO A SCIENTIFIC PROBLEM INVOLVING GROWING GRASS—IT IS A KNOWN FACT OF HORTICULTURE THAT EVERY GROWING THING HAS ITS NATURAL ENEMY—'TIS BUT A MATTER OF TIME UNTIL I SHALL FERRET OUT A MEDIUM THAT WILL CONQUER GRASS!

LAST YEAR HE WAS GOING TO IMPORT A GRASS THAT WOULD BEND AND WEAVE ITSELF INTO A BLANKET, OR GROW A BUG THAT NIPPED TH' BLADES AN INCH ABOVE TH' GROUND—HE'S AS BALMY AS A DAY IN JUNE—IF YOU COULD WIND UP HIS BRAIN, A CUCKOO WOULD STICK HIS HEAD OUT OF EACH EAR!

AS ONE BUG TO ANOTHER =

### CARDS FACING LEAGUE LEADING CLUB WITH STICK AT 4:30 AT CITY PARK

The Midland Cardinals will be out to halt the hardest hitting club in the league, along with one of the league's leading hitters when they take on the Monahans Trojans here this afternoon at 4:30.

According to the first official averages released for the league, the Trojans have compiled a lousy .297 average to top the other five member clubs. Landthrop, first baseman, had an average of .440 on the first release, and is reputed to be a power hitter of the Nook type.

But the Red Birds also have some power up there at the plate and will be unleashing it all as the entire squad once more is in perfect shape. Unofficial averages show that Jack Nook, slugging outfielder, is hitting .426 in 14 games to lead the club. Included in his hits are seven doubles, one triple, seven home runs. Paul Schiffer, first baseman, is not far behind with a mark of .420 and second baseman Al Orr is pounding the ball at a .415 clip. The club has 27 homers to date.

The Trojans today will probably be faced with Smith, Card right-hander who has three victories and no defeats to his credit to date. Tomorrow they are likely to face Herman Sick, lefthander, who has one victory in two starts. He was blasted out of the box but Smith went in to replace him and gained credit for victory when the Cards came from behind in the eighth inning. Smith pitched three and one-third innings without giving up anything that resembled a hit and drove home the winning run.

### Training Rules Belittled

KENT O. (UP)—Donald "Rosy" Starn, head football coach at Kent State University, believes most training rules are ridiculous, because not one out of a hundred men observes them strictly.

## The PAYOFF

BY JESS RODGERS  
Wanted: Some REAL baseball players.

They're not wanted for the Midland baseball club but for the other five clubs of the league. We may be counting a flock of chickens before the eggs are even laid, but it must be admitted that the Cardinals have been as far ahead of the league to date as Jack Dempsey would be against the present flock of heavyweights if he were in his prime.

And there seems to be nothing that can be done about it until the other clubs strengthen themselves. Neither Davis or Query can afford to tell the boys to take it easy until some of the other clubs catch up. The club might take it easy for a couple of days and lose a few then find themselves completely unable to step back into their stride. Many a club has led their leagues by a large margin until late in the season, let up temporarily in the closing days and then found themselves unable to regain their stride in play-off series.

If the Cardinals are to have a real slump anytime soon it can logically be expected from May 31 through June 8. The club will be away from home for nine days, their longest of the season.

Before departing for their initial road trip manager Davis said that he would be satisfied with three victories in the six away from home games. To win five of the games was an unexpected event that further strengthened his determination to stand pat on his present line-up until other clubs show they are better.

Sweeping the series with Roswell gave the skipper more pleasure than probably anything else will all year. The club made the New Mexico trip fully aware of the fact that Roswell is likely to be their strongest opposition all year; and in getting the jump on the Sunshiners in the first two games the Red Birds are bound to have built up their own confidence greatly.

Splitting the series with Wink was far from being a let down. Wink is reported to have been getting the heaviest attendance of any club in the league and practically every person attending the games is pro-Wink to a marked degree. They really make it tough on opposing players; meanwhile doing everything possible to pep up their own club.

What we particularly like the club for is because they never give up. In nine of their victories they have had to come from behind the win. They have won five of their games in the eighth and ninth innings.

In the first game of the season they spotted Odessa four runs in the first frame but came through for a victory. In their third game they spotted Odessa two runs in the first three innings but battled their way to the front. In the fourth game they overcame a 5-run deficit in the eighth for victory, in their sixth game they overcame an early Hobbs lead, in their seventh they came from four runs behind in the eighth, and repeated the next day, in their tenth, twelfth and thirteenth games they also were behind but managed to pull the games out of the fire.

Nice residence for sale; well located and priced to sell. McClintic Brothers, phone 175. (Adv.)

### Don't Sleep When Gas Presses Heart

If you want to really GET RID OF GAS and terrible bloating, don't expect to do it by just doctoring your stomach with harsh, irritating alkalies and "gas tablets." Most GAS is lodged in the stomach and upper intestine and is due to old poisonous matter in the constipated bowels that are loaded with ill-causing bacteria.

If your constipation is of long standing, enormous quantities of dangerous bacteria accumulate. Then your digestion is upset. GAS often presses heart and lungs, making life miserable. You can't eat or sleep. Your head aches. Your back aches. Your complexion is sallow and pimply. Your breath is foul. You are a sick, groggy, wretched, unhappy person. YOUR SYSTEM IS POISONED.

Thousands of sufferers have found in Adierika the quick, scientific way to rid their systems of harmful bacteria. Adierika rids you of gas and cleanses foul poisons out of BOTH upper and lower bowels. Give your bowels a REAL cleansing with Adierika. Get rid of GAS. Adierika does not gripe—is not habit forming. City Drug Store. (Adv.)

# Summerize YOUR CAR

REMEMBER that the light motor and gear oils you used for quick winter starting are not made to stand the blistering heat of Southwestern summers. Anti-freeze should be drained and your radiator cleaned. A Magnolia Summerize job includes all these important points, plus a thorough inspection of your battery, tires, lights and other services you may need to prepare your car for safe, economical summer driving. Stop at the sign of the "Flying Red Horse."

MAKES ENGINES RUN BETTER  
Mobil Upperlube lubricates the top part of your motor not reached by crankcase oil. Silences valve noises! Retards hard carbon, promotes smoother performance. Put Mobil Upperlube in your gasoline when you stop for Summerize Service.

### Oil News--

CONTINUED FROM PAGE ONE

city, recent discovery in section 13, block 35, University survey, northern Crane county, flowed 342 barrels in 24 hours through tubing with packer at 3,128 and is officially completed. It was plugged back to 3,591 to shut off water developed at 3,615 after acidizing with 5,000 gallons.

North of the Tubb pool in western Crane, Gulf No. 2 McKnight is drilling lime unchanged at 5,010 feet. It found only slight shows in the Tubb horizon and may be deepened to the Ordovician.

Gulf No. 5 Waddell, south offset to the No. 4 Waddell, flush Ordovician discovery in the Sand Hills pool, spudded at noon Saturday and is drilling at 734 feet.

**Leases Ranch**

L. C. Link, Midland oil man, is reported to have obtained for the Humble Oil & Refining Company straight ten year commercial leases on practically the entire Yarbrough ranch in southwest Ector county, amounting to approximately 25,000 acres.

In the Goldsmith pool of Ector, Gulf No. 21 Goldsmith showed 217 feet of oil and a little mud on 13-minute drillstem test from 4,092 to 4,142. There was not enough gas to gauge. Seven-inch pipe is being set on shoulder at 4,092.

Phillips No. 2 J. Cowden, apparently limiting the southeast extension of the Goldsmith pool, is testing at 4,313 feet in lime. It is reported making 15 gallons of water and three gallons of oil per hour.
