

U. S. Destroyer Hit, Sailor Killed

Manila Hit By 2 Severe Earthquakes

American Refugees From Shanghai Are Among the Injured

MANILA, Aug. 20 (AP).—Two sharp earthquakes threw Manila into darkness and provided a terrifying welcome tonight to American refugees arriving from war-torn Shanghai.

Numerous injuries but no deaths were reported. Fires added to the panic created by the worst shocks in 40 years. The first occurred at 8 p. m., and the second 20 minutes later. Seismologists said additional but less severe quakes are expected.

The refugees had scarcely landed to the blaze of Manila lights and music by the United States army band when the quake struck, throwing the city into darkness.

Several large buildings, a number of churches and water mains were damaged.

Funeral Services Held for Pioneer Resident of City

Funeral services were held this afternoon at the Ellis Funeral Home for W. H. Cox, 88, a resident of Midland for 39 years, who succumbed at his home Wednesday night to a heart attack.

He was found dead in his bed by his wife shortly before midnight. He had been in ill health for several years, being forced to remain at home most of the time in recent months because of his failing health.

Rev. Cliff M. Epps, pastor of the First Methodist church, was in charge of funeral services and of interment services, held at Fairview cemetery.

The deceased is survived by his wife and a sister who lives in Liano.

Greatest Air Hunt In Arctic History Underway Today

FAIRBANKS, Aug. 20 (AP).—Missing for a week, five Soviet transpolar fliers today were the object of the greatest international aerial search in the Arctic-Alaska history, as Sir Hubert Wilkins, noted explorer, joined in the hunt with a party of five in a 17-ton flying boat.

Wilkins and his party took off at Port Arthur, Ont., early today on their flight here.

The weather forecast today showed the first break in three days of rain and low-hanging clouds.

WESTS HAVE BABY GIRL

Mr. and Mrs. W. W. West announced today the birth of a six and one half pound baby girl. They named the child Lois Nell.

Congress May Quit Tonight

Lower House Pushes Work on the Wagner Housing Act Today

WASHINGTON, Aug. 20 (AP).—Congressional chiefs today opened a sudden drive today to adjourn congress by late tonight if possible.

Senate Democratic Leader Barkley said adjournment depended upon progress made by conferees on the Wagner housing bill and on the possibility of getting a conference agreement on the third deficiency appropriation, the last major measure of the session.

By a strange campaign of "passive resistance," southerners in the house of representatives buried the administration's wage and hour bill deeper than ever last night in the files of congress.

Advocates of the labor standards bill called a caucus of democrats in an effort to pass the resolution, forcing the house rules committee to stop blocking the measure.

But when the roll was called to open the meeting many southerners—and some others—refused to answer to their names.

"Point of order, no quorum is present," shouted Rep. Rankin, (D-Miss.), according to several legislators who were present.

Crime Career of Luke Trammell Is Ended in Chair

HUNTSVILLE, Aug. 20 (AP).—Luke Trammell, Coleman farm lad who swapped his hoe for a gun and graduated from petty thievery to murder, was electrocuted here early today.

The 27-year-old criminal paid with his own life for murdering Guard Felix Smith in an escape at Retrieve prison farm June 16, 1936, lost hope Thursday afternoon when a plea from his aging mother failed before the board of pardons and paroles.

Luke was convicted at Angleton July 24, 1936. One-eyed Forest Gibson, Limestone county robber who escaped with Luke on a horse after he killed Smith with his own shotgun, was given 60 years. The third desperado in the escape and a kidnaping foray twice across Texas and into Oklahoma, T. B. Atkinson, ran over a newspaper boy and killed him in Colorado and was captured and held on a murder charge by officers there.

In his few years of crime Luke was three times a convict and was sentenced to 162 years on a dozen counties for murder and assorted crimes. Concurrent sentences cut serving time to 85 years. Several counties, including Erath, where Luke was accused of kidnaping and car theft, dropped charges against the young criminal because of other long terms.

Now The Whole Country Is Raising a 'Big Apple' Crop

Today's Picture Story

The doctor's prescription for a good time in Broadway to the Pacific is a "Big Apple," the new dance craze that's swept out of the South to captivate the nation.

On the floors of night clubs and cabarets they're holding contests among "Big Apple" enthusiasts, who add new twists at the slightest provocation. That's why you're likely to see scenes like this anywhere—groups doing the caller's bidding. At upper left, dancers get their heads together while their feet go on "vamping." At upper right, girls assist in calling the steps—

anything from the Suzy-Q or truckin' to the Virginia reel.

Lower left, a lad steps out of the circle to do a "single shine," at lower right, a couple contort in a "double shine"—the hotter and heavier they stomp it the better. The Big Apple takes a lot of room, a sturdy floor and enthusiasm. South Carolina college boys are credited with originating the dance through calling steps for colored performers at a local tavern.

The version shown here is that taught by Arthur Murray, New York dance master.

18 OTHERS HURT BY BOMB FRAGMENTS

SHANGHAI, Aug. 20 (AP).—An American sailor, Freddie John Falgout, Raceland, Louisiana, was killed and 18 others injured when the cruiser Augusta, flagship of the United States Asiatic fleet, was struck by an anti-aircraft shell in the midst of terrific Chinese-Japanese aerial warfare along the Whangpoo river today.

The ship, which was lying in the Whangpoo, just below the heart of Shanghai, was being used to cover the evacuation of some 2,000 American refugees. It was struck while most of the officers and crew were at 6:40 p. m. mess, otherwise the casualties would probably have been greater.

Earlier, Admiral Harry E. Yarnell, commander in chief of the Asiatic fleet, had told the Japanese that American vessels would navigate the Whangpoo whenever and however they wished without reference to the Japanese, who asked that they be given advance notice if United States craft were to move on the river after dark.

Fires raged over a fourth of the city and American buildings were believed destroyed. Chinese armies in the Peking reportedly launched a general offensive in an attempt to drive Japanese out of North China.

Japanese air bombs endangered the American embassy at Nanking.

The Japanese premier declared no foreign intervention would be permitted and said that settlement of the conflict would come only after Japan has chastised the Chinese army.

Rangers Converge On Dallas to Try To Break Strikes

AUSTIN, Aug. 20 (AP).—Rangers from all sections of Texas converged on Dallas last night in accordance with orders of Gov. James V. Allred to put a stop to violence in connection with labor troubles there.

Incited by reports of continued threats against George Baer, official of the United Hatters and Milliners Union who was abducted and flogged recently, the governor instructed the public safety department to send 25 men to Dallas and asserted that if more were needed they would be forthcoming.

Capt. Homer Garrison, assistant chief of the safety department, acting in the absence of Col. H. H. Carmichael, director, telephoned ranger captains throughout the state, ordering them to dispatch as many men as possible without delay. He himself planned to leave for the scene of action and assume command.

Asserting that freedom of speech and the right of public assemblage and discussions would be preserved, Governor Allred sharply denounced what he said were continued threats of violence in Dallas and declared anyone requesting a bodyguard could have one.

"This business of beating and kidnaping has got to stop," he said.

A few days ago the governor offered a reward of \$500 for information leading to the arrest and conviction of persons implicated in the kidnaping, tarring and feathering of a socialist organizer, Herbert Harris. This action and the institution of an investigation by undercover men of the safety department followed protests from the American Civil Liberties Union as to violence in Dallas.

In Dallas, Sheriff R. A. (Smoot) Schmid and Chief of Police R. L. Jones promised "cooperation with the state officers."

Roosevelt Not to Intervene in Case

WASHINGTON, Aug. 20 (AP).—President Roosevelt told a press conference today that whatever action was deemed advisable in connection with the shelling of the cruiser Augusta would be determined by officials on the ground at Shanghai.

Banks to Observe Election Holiday

Banks of Midland will observe the election holiday Monday, August 23, remaining closed throughout the day, it has been announced by officials of the First National and Midland National banks. Customers are requested to attend to their banking needs Saturday morning for the week-end and first of week business.

Alabama Governor Appoints Wife as Black's Successor

WASHINGTON, Aug. 20 (AP).—Mrs. Dixie Graves, wife of Alabama Gov. Bibb Graves, took the oath of office today as successor to Sen. Hugo L. Black, recently appointed to the Supreme Court.

Black's office disclosed he took oath as associate Supreme Court justice last night after his formal senate resignation.

WASHINGTON, Aug. 20 (AP).—Governor Bibb Graves of Alabama appointed his wife, Dixie Bibb Graves, Thursday to succeed Hugo L. Black as senator from Alabama.

The governor announced Mrs. Graves' appointment immediately after Black tendered his resignation from the senate.

Mrs. Graves will serve only temporarily. The governor called a special election for next April 26 to name a senator to fill Black's unexpired term, which ends in January, 1939.

He said Mrs. Graves would not be a candidate, and that the Alabama constitution barred him from the race.

Graves said that immediately after the primary he would appoint the democratic nominee to the senate to succeed Mrs. Graves.

Senator John H. Bankhead, who became Alabama's senior senator with Black's resignation, said he would present Mrs. Graves' credentials to the senate tomorrow and ask that she be sworn in immediately.

The governor explained in a formal statement he wished to guard against giving any candidate the advantage of being the incumbent in next year's primary.

"In my judgment," the statement concluded, "Dixie Bibb Graves is in all respects best fitted to serve in this interim appointment and to carry out the policies above mentioned."

Noted Missionary To Preach at First Methodist Church

Rev. Yosp Benjamin, native Persian and famous missionary, will preach at the First Methodist church Sunday night at 8 o'clock.

For 10 years the Rev. Benjamin was a missionary in Persia and Russia. He has spoken in many of the largest churches, both in the north and in the south. His lectures are interesting and colorful in addition to being deeply spiritual.

Rev. Cliff M. Epps, pastor of the First Methodist church, had Rev. Benjamin preach to his congregation while pastor at Kerrville and declares his message was received with delight and much interest.

Rev. Benjamin is internationally famous and is endorsed by leading pastors and churches of every denomination in the United States.

The entire public is cordially invited to attend the services Sunday night.

Youth Hurt When "Bike" Hits Truck

Jimmy Duncan, young route carrier for Ray Gwyn, Star Telegram distributor here, was slightly injured early this morning when he rode his bicycle into the rear of a parked truck in front of the Limit cafe.

The boy was reported to have told ambulance attendants who were called to the scene of the accident that he was looking back over his shoulder at something else when he ran into the truck. A doctor reported that a "crack" on the head was the boy's most serious injury.

Famous Indians to Be on Program at Midland Rodeo

Chief Baldwin Parker and a group of Indians from Cache, Okla., will be on the program of novelty events for the Midland Cowboy Contest September 4, 5 and 6, it was announced today by the rodeo committee.

A grandson of the late Cynthia Ann Parker, who was taken as a white captive and reared by the Indians, and son of the last chief of the Comanches, the famous Quarah Parker, the entertainer is known far and wide as one who can interpret the early day history of Texas and add color to any performance.

Although definite announcement had not been made of the number to appear in Chief Parker's troupe, they will be in elaborate costumes and will present songs, dances, games and demonstrations of true Indian lore. The colorful frontier atmosphere of the rodeo is expected to be animated by this group with its historical background.

In the group will be the present day Cynthia Ann Parker, who is the great-great-grand daughter of the famous white captive of 1836.

Six Bands to Play In Grandstand for September Rodeo

At least six bands, representing leading West Texas high schools, will be here for the Midland Cowboy Contest September 4, 5 and 6, it was announced today by W. W. Lackey who is contacting the school officials for members of the rodeo committee.

Acceptance of invitations has been received from bands of Big Spring, Odessa, Crane, Wink, Monahans and Midland, with possibility that two others will participate.

An official band will be designated for each afternoon and each evening rodeo performance at the grandstand. Wink has been allotted the Saturday afternoon, September 4, engagement and Odessa will be the official band that night.

Western Ward Delaware Test Shut Down At 5,000 Feet

BY FRANK GARDNER

Murjo Oil Corporation (F. H. Murphy) No. 1 Day Monroe, Delaware test north of Barstow in western Ward county, shut down for orders last night after having reached contract depth of 5,000 feet, with no water and only a slight show of oil and gas having been encountered.

The well topped black lime at 4,875 and Delaware sand at 4,925. Only a puff of gas was noticeable at the lime-sand contact, the point at which most Delaware tests find a good show of oil, usually accompanied by water. Penetrating the sand, it encountered a slight show of oil and an estimated 50,000 cubic feet of gas from 4,960-65. Operators have shut the well down to ascertain whether any free oil will rise in the hole. The Murjo test is located in the center of the north quarter of section 210, block 34, H. & T. C. survey.

In the same general area, C. H. Mahres, Kenneth Slack et al No. 1 Pat Wilson, yesterday was swabbing four barrels of oil hourly while cleaning out preparatory to running tubing. McDowell & Weiner No. 1 Rector-Monroe, yesterday flowed 28 barrels of oil before quitting. The previous day it flowed 35 barrels. Flow is through 2 1/2-inch tubing, with eight flow valves installed at 500-foot intervals.

In northeastern Reeves, General Clyde Oil Company No. 1 TXL Delaware prospect, is shut down at total depth of 3,500 feet in sand. It will be shut down for 24 hours to determine the fill-up rate of fluid in the hole. Despended from 3,294, where it had failed to indicate commercial production after being shot, it encountered a gas pocket at 3,278, which blew tools up, snapped the line and caused a fishing job. Tools recovered, drilling was resumed and an increase in oil was found between 3,376 and 3,444, exact point at which it came in being unknown. Yesterday when fluid was swabbed down to 1,225 feet from bottom, it rose back up 100 feet in an hour. Operators estimate the well at one and one-half barrels of oil and two

and one-half barrels of water hourly at its present depth of 3,500. Location is in the center of the north-east quarter of section 15, block 56, township 2, T. & P. survey.

Yokum At Standstill.

Little of interest was reported today from southwest Yokum, center of most of the wildcatting interest of the North Basin area.

Bolhago Oil Corporation and Bond Oil Corporation No. 1 J. L. West, prospective producer in section 606, block D, Gibson survey, eight miles west of the Bennett pool, is shut down at 5,255 feet in lime, waiting for tubing. Yesterday, it bailed five ballers of free oil, an accumulation of two hours, and later bailed 16 barrels in four hours. The well will be acidized Saturday morning. Oil tests 30.7 gravity, connected.

Denver Producers & Refiners No. 1 J. A. Whitteburg estate, section 831, block D, wildcat also indicating production, is shut down pending arrival of swabbing truck. Two and one-half inch tubing has been set at 4,979 feet. Total depth is 5,015 in lime, with oil and gas zones reported at intervals over the last 200 feet.

Texas No. 1 Walker, wildcat in section 794, block D, is drilling lime at 4,887, no shows reported. Moore Brothers No. 1 Cleveland, section 706, is drilling lime at 5,115 feet unchanged.

Games Tests Active.

In northwest Gaines, Argo No. 1 Jones is drilling lime at 5,148. On four hour bailing test while bottomed at 5,104, it bailed a barrel and a half of fluid, half oil and half salt water. Slight show of dead oil had been reported from 5,090-96.

Conoco No. 1 Jones, four miles to the south, is fishing for swab. Before losing swab, the well swabbed seven and one-half barrels of fluid per hour, 85 percent sulphur water. Upon recovery of swab, operators will plug back to 4,815 and perforate casing. The well is now bottomed at 5,021, plugged back from 5,156 to shut off water.

Amerada No. 1 Matthews, mile and a quarter southwest extension

Angelo Buyer Gets Ector County Cattle

Jim Phillips of San Angelo bought from B. H. Blakeney 200 head of steer and heifer yearlings, and is receiving them today at Odessa. The cattle were to have been trucked from the Blakeney ranch in northwest Ector county yesterday but had to be driven through because of muddy roads.

Phillips also bought from the J. L. Johnson ranch in Ector county 250 head of steer yearlings, to be received September 1.

Federal Profits Realized On Reclamation Projects

WASHINGTON (U.P.)—The value of crops grown on federal reclamation projects in the 35 years of their operation has reached nearly 2,312,000,000, or more than 10 times the cost of the projects.

Reclamation Commissioner J. C. Page reported that in 1936 crops produced on 28 operating projects were worth \$136,502,000, an increase of \$30,000,000 from 1935. Only in 1919, 1928 and 1929 had that figure been exceeded.

An ample supply of stored water except in the Great Plains area indicates that 1937 will be another highly productive year.

Thief Kills Chickens On Spot and Flees

FORT WORTH, Tex. (U.P.)—A surgically-minded chicken thief took 24 of Fred Bayer's flock recently and left without a sound.

The thief entered Bayer's chicken barn, snipped the heads from 34 chickens with some instrument that must have been specially designed for the work. Next morning Bayer found 34 heads, and 34 fewer chickens.

Hen Is Just "Ducky"; Description Proves It

SOMERSWORTH, N. H. (U.P.)—George F. Berry's hen is just "ducky."

The hen has short legs, webbed feet and walks with a waddle. It has, however, the head and comb of a hen.

"Sells Short" in Tobacco Market

The good old days were never like this for the tobacco buyers who crowd the South Boston, Va., festival to bid for the choice Virginia tobaccos at the annual auction of the nearby crop. Straw hatted, cigar chewing auctioneers knocked down the crop to the highest bidder. But not so this year. Elizabeth Meyers, above, 20 and lovely looking in shorts and hat, will take the block, said to be the only girl tobacco auctioneer in the world.

A HOPEFUL OUTLOOK FOR THE FALL TRADE

So many business predictions go wrong that everyone hates to make them any more. Yet the desire to plan for the future and to try to estimate that future is so strong that it always overcomes the reluctance of past disappointments.

The fact that almost every surveyor of the business scene today looks ahead to higher business levels in the fall tempts even the pessimistic to be hopeful. Here are some of the indications on which the observers agree pretty unanimously:

The income of farmers, despite the drop in cotton prices, is expected to approach 1929 levels, and in purchasing power it may even exceed 1929, because farmers will be able to get more for their money than they could in those days. Even a drop in cotton prices might not be an unmixed evil if U. S. prices came nearer the world level and thus enabled the United States to regain some of the world cotton trade which has been gradually slipping away from us.

Steel operations continue to hold up at high levels at a season when they usually decline. Despite lower purchases by the auto industry, other buying holds it up in good style. Automobile output itself holds up in a manner that has surprised many of the trade, the slight decline being less than is usual at this time of year. Operations in this industry, despite shut-downs, are close to a record for the end of a "model year."

Sales of six leading mail order houses will come close to a billion dollars this year, not only an increase of 21 per cent over last year, but far greater than those of 1929. This is another of the national enterprises which is actually breaking through 1929 highs, the objective that must be attained if anything approximating the 1929 kind of prosperity is to be reached.

The outlook for better farm purchasing power as a stimulus to increased fall business is aided by factors like this: Farm mortgage debt is far lower than during the 1929 era, and pays a far lower rate of interest. Farmers' taxes are still perhaps 30 per cent lower than they were eight years ago. This better status of the farmer has been revealing itself in a firmer status of farm values than has been seen since 1932.

Thus, in the fall season when business actually tends to slump off somewhat, there is every reason to expect this year that business will hold up splendidly or even gain somewhat. All of which augurs well for the future, and gives hope that super-1929 production levels lie ahead that will make some dent in the unemployment problem. For in making a big dent in that problem lies the solution for all the others.

DUES FOR REPUBLICANS?

The treasurer of the Republican National Committee, C. B. Goodspeed, has proposed turning the Republican party into a political club with dues-paying members, as a solution to the age-old party finance problem.

His plan is simplicity itself, merely the enlistment of sustaining members who will contribute regularly, much as they do to religious organizations or fraternal groups.

Mr. Goodspeed starts with an implied premise, obviously, that sufficient persons in the country will find that the benefits accruing from such an arrangement are worth the membership dues. Heretofore political parties have always relied on the contributions of a few big donors, with quite often scandalous consequences. The fact does remain, however, that without these big donations there wouldn't have been any money at all.

Anyway, it's a new idea, and new ideas are things no political party can scorn.

Behind the Scenes in Washington

WASHINGTON, Aug. 20. — If you've been a fairly constant reader of the papers for the past couple of months, you may not see anything very noteworthy in this headline:

ROOSEVELT TRIMS PROGRAM TO HASTEN END OF SESSION; SEES HIS POLICIES MENACED

Members Grow Restive; Borah Disputes Wagner

But there is something notable about the headline just the same. It is the fact that it is from the New York Times of June 8, 1933, just four years ago.

And it carries the suggestion that

some of the breathless speed at which the New Deal has been moving has been on a circular course. In some respects that headline is a landmark showing familiar territory which we passed through four years ago.

Major Bills Stymied

THE New Deal program is again being "trimmed" to hasten the end of the session, and trimmed savagely, at that. The mutilated wage bill designed to end sweatshops, spread work, and increase the purchasing power of millions, has just died for this session. Efforts to get crop control legislation, aimed at keeping farm prices up and eli-

"Farley May Take Job With Automobile Company"

minating huge surpluses, have also been "trimmed" for this session.

Four years ago, in the full tide of New Deal enthusiasm, the nation was starting out with N. R. A. and A. A. A., respectively designed to accomplish those aims. But both acts were killed by the Supreme Court. It is noteworthy that today, four years later, the effort to legislate on the same subjects is, for this session at least, stymied.

Government reorganization, also dead for this session, is another proposal advanced four years ago. Then senators were "indignant and in a nasty mood" over the proposals. Now they are the same, and in four years no reorganization of government business worth mentioning has been accomplished.

Four years ago the Senate voted income tax publicity in an effort to plug income tax leaks. Today Congress is still trying to plug the same leaks, and nothing seems sure to be done about it this session.

Victor in Defeat.

IT would not be fair, of course, to overlook relief, Social Security, soil conservation, HOLC, FCA, bank deposit insurance, the Wagner Act, SEC, TVA, the Maritime Commission and other definite accomplishments. But it is interesting to notice on how many of his proposals Roosevelt is still waiting to get them into concrete, permanent form through legislation. On very few of them has he been able to get what he wanted from Congress without major alterations and great delays.

The odd part of it is, that his greatest defeat may turn out to have been his greatest victory. That is, through the Supreme Court reorganization campaign, in which he got the worst licking a President has suffered since Wilson

and his League of Nations fight, toward New Deal legislation. Roosevelt seems to have achieved a change of view by the court majority

though it was, was like a pistol point-

ROTC Rifle Team Picked at Santone

SAN ANTONIO, Texas. — Picked from among the most expert rifle shots in R. O. T. C. units in colleges of the Southwest, twelve undergraduates today were named by Major General Herbert J. Brees, U. S. Army, Commanding General of the Eighth Corps Area, to represent their section of the United States against other R. O. T. C. rifle teams at the National Matches at Camp Perry, Ohio, August 22 to September 11.

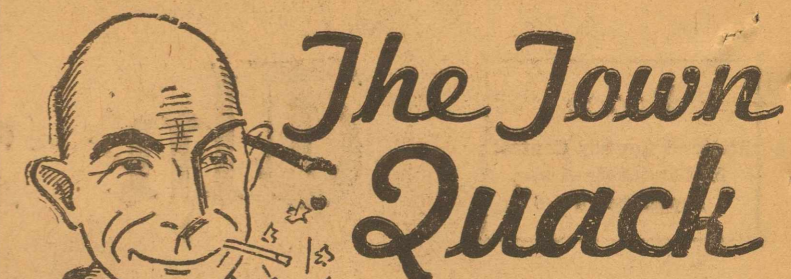

Included in the group were students of Agricultural and Mechanical College of Texas, University of Arizona, New Mexico College of Agricultural and Mechanical Arts, New Mexico Military Institute, Oklahoma Agricultural and Mechanical College, and Colorado School of Mines.

As named by General Brees the Eighth Corps Area R. O. T. C. Rifle Team will comprise:

C. Russell Bates, 21, of 503 Kreller Avenue, Bloomington, Ill., University of Arizona; Nathan R. Clark, 19, of Box 105, Burleson, Texas; Thomas A. McMillan, 20, of College Station, Texas; John W. Taylor, 22, of Box 22, Las Cruces, N. M.; James E. Thomas, 20, of Tom Bean, Texas; and Guy H. Kissinger, Jr., 21, of 710 W. Rosewood street, San Antonio, Texas, all of the Agricultural and Mechanical college of Texas; Lester C. Scott, 21, of Box 22, Las Cruces, N. M., of New Mexico College of Agricultural and Mechanical Arts; Joseph W. Scannell, 19, of 1608 N. W. 34th street, Oklahoma City, Okla.; Eldon Sewell, 21, of 324 S. E. 17th street, Oklahoma City, Okla.; and Samuel A. Mershon, 22, of Clayton, Okla., all of Oklahoma Agricultural and Mechanical College; Hubert E. Risser, 23, of 1100 Washington Avenue, Golden, Colo., Colorado School of Mines.

One pair of rabbits, if left unchecked, will increase to 500 in the course of a year.

ed at the court's head. And there is reason to believe that the justices, especially Hughes and Roberts, saw the pistol and paid attention. Whether this gun-wielding also wrecked Roosevelt's own prestige and prospects of future power is a matter of dispute. But the change in attitude of the Supreme Court, if permanent and consistent, may well turn out to be the major achievement of the New Deal to date.

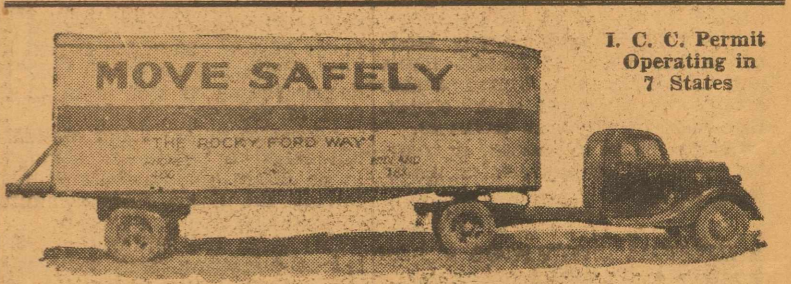

Sam Ashburn is dead. As editor of the "Top of the Windmill" column in the San Angelo Standard and Times, he was one of the foremost writers on livestock and agriculture in the country. He knew more people by name, and enjoyed their goodwill, than probably any man in this part of West Texas. He was a natural born journalist. Everything he saw or heard suggested a story, and it was no effort for him to take a few facts and put them into the form of an interesting newspaper article. Although his daily column was his first duty, he didn't stop at that but provided his paper with myriads of front page stories, sports stories or articles on any subject. He was tireless. He always had time to get even the most minute details. Continually traveling over West Texas, he contacted men, women and children of all walks of life and got their stories. He always knew them afterward, and they knew Sam Ashburn. There was never an instance known where he incurred anybody's ill will. In his

Students Doubt Miracles

BELOIT, Wis. (U.P.)—A majority of students at Beloit College go to church, but they do not believe that God works miracles, a survey revealed. Out of 412 students who turned in answers, 278 reported they believed the creation of the earth was a geological process while 56 were "content to let it remain a mystery."

Boysish Threat Realized

WILMINGTON, Del. (U.P.)—Edward H. Robinson, Colonial Heights, fulfilled a boyhood threat by tearing down his old school house. When Robinson was in the third grade he once told the teacher in a fit of boyish temper: "I'll tear this school down some day."

LIGHT UP YOUR YARD..

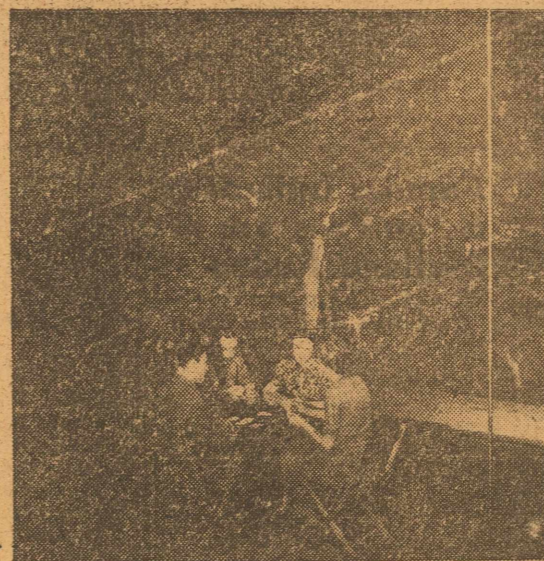

for Relaxation... Entertainment.. Work...

● Get the fullest benefit from your back yard with this new portable yard light. Stick it in the ground anywhere you want it and flood the lawn with a strong light, bright enough for reading, for lawn games or for working in the cool of the evening.

● Call our office and we'll bring out one of these lights to show you how it will illuminate your yard, and how you can use it for many purposes. This demonstration offer places you under no obligation to buy. You can purchase this light on convenient terms, if you wish.

Bring out an easy chair and read in cool comfort under this portable light. It is high enough from the ground that bugs are not bothersome.

Invite friends over for a cool evening of bridge, outdoors, under this flood of light. It also is ideal for al fresco dinners and lawn picnics.

Do your yard work in the cool of the evening under the bright rays of this portable light. You can move it easily and quickly to any part of the yard.

YOUR ELECTRIC SERVICE DOES MUCH — AND COSTS LITTLE!

White Reflector
Diffuses Light

The green and white porcelain reflector, containing a 300-watt globe, is mounted on a 10-foot metal rod, high enough to give a wide diffusion of light.

Sticks in Ground
Easily and Quickly

The lamp can be stuck in the ground easily and quickly by stepping on the top of the spear, which has a flange for this purpose. It is easily removed by pulling.

Spear Holds Light
Upright in Ground

The spear is ribbed and specially designed to hold the lamp firm in either hard or soft ground. The 50-foot weather-proof cord comes out at the bottom of the rod so that it will be flat on the ground and out of the way.

Bride-Elect Honored With Pink and Silver Shower

Miss Melba Nixon, bride-elect of Hunter Midkiff, was the honoree at a pink and silver shower last night. Misses Kathryn Beauchamp, Doris Tidwell, Lucille Guffey, Peggy Jo Houze, and Mrs. E. V. Guffey, all decorations carried out the pink and silver color scheme of the shower.

The bride-elect stood beneath a large umbrella, suspended from the chandelier, after entering to the strains of the wedding march by Miss Lydie Watson. Miss Nixon removed small umbrellas revealing by jingles the hiding places of many beautiful and useful gifts. After the gifts had been shown, two games were played, the winners being Mrs. Luther Tidwell and Miss Kathryn Beauchamp. The prizes

were given the honored guest. Refreshments were served consisting of small sandwiches, individual angel food cakes, decorated with a pink heart and the initials, M & H, ice cream molded the shape of an engagement ring, and limeade with pink ice cubes. All these carried out the color scheme of pink and silver.

The guests included the honoree, Miss Melba Nixon, her mother, Mrs. J. F. Nixon, an aunt, Miss Maude Scott of Paris, Tex., Miss Lydie Watson, Dorothy McKee, Clea Dee Tate, Daphne Shafer, Freddie Lou Barber, Farrell Pickie, Ann Loyd, Mrs. Donna Dunagan, Mrs. Luther Tidwell, Mrs. Joe Houze, Misses Loren Dunagan, Jane Dunagan, Helen Dunagan, Bessie Plourmoy, and Mary Jane Walker.

THEY'RE SOCIAL CLIMBERS NOW

Imagine a couple of mules leaping right up over a three-barred fence into the society that hunts the fox and goes to horseshows! Yet that's what these two long-eared critters are doing. Bred in Ireland, Blarney Castle and Rose of Iralee, brother and sister, owned by Billy Wright, have been hunting with fox hounds in Medfield, Mass., and will attend the North Shore (Long Island) Horse Show late this month.

Mrs. Nolen Holds Family Reunion This Week

Mrs. M. J. Nolen, 310 S. Dallas, had the pleasure of having all her children with her at a family reunion this week. Those attending the affair were Mr. E. L. Nolen of Pauls Valley, Okla., Mrs. J. E. Glenn of Fort Worth, Mrs. C. A. Taylor of McCombs, Mrs. W. G. Flournoy, Mrs. Frances Jackson, and Mr. W. A. Nolen, all of Midland. Fourteen grandchildren and two great grandchildren also attended. Mrs. Nolen has twenty grandchildren, ten girls and ten boys. She has four great grandchildren.

She'll Sponsor Newest Cruiser

When the big new \$16,000,000 cruiser Honolulu slips down the ways at Brooklyn Navy Yard on August 26, Helen Poindexter, youthful daughter of Joseph P. Poindexter, Governor of Hawaii, will perform the christening.

Mrs. Fulk Hostess To Twelve-ite Club

Mrs. Frank Fulk was hostess to the Twelve-ite Club at her home Thursday morning. The living room was beautifully decorated with roses.

Following the bridge game, a two course luncheon was served to one guest, Mrs. R. E. Estes, and the following club members: Mrs. J. D. Dillard, Mrs. Hall Edwards, Mrs. W. B. Harkrider, Mrs. Sidney Iversen, Mrs. L. G. Mackey, Mrs. Harry Prickett, Mrs. A. O. Thomas, and Mrs. Dudley Wood.

Prince Michael Has to Study.

BUCHAREST (U.P.)—King Carol of Rumania thinks that his son, Prince Michael, has had too many holidays this year. His father has decided that he must do some work. School examinations have been postponed so that Prince Michael may catch up with the rest of the class.

Pimento is a pungent, aromatic spice, prepared from the unripe berries of the pimento tree, and is used in cookery and in medicine.

The earth has a larger circumference at the equator and is flattened at the poles, due to its spinning motion. The flattening at the poles is believed to have taken place before the earth became solidified.

Lesson from the Bible: "For who hath known the mind of the Lord? or who hath been his counsellor? For of him, and through him, and to him, are all things: to whom be glory for ever." (Romans 11:34, 35.)

The Lesson-Sermon includes also the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotence, omnipresence, omniscience,—that is, all power, all presence, all Science. Hence all is on reality the manifestation of Mind" (page 275).

OF LOCAL INTEREST

Mrs. John W. Hix returned yesterday from Commerce where she visited relatives for a few days. Previously, she and Mr. Hix had been to New Orleans and to Biloxi and Jackson, Miss.

Miss Dora Evans returned last night from a visit with parents in Talpa, Texas.

Mr. and Mrs. B. G. Grafa and Mr. and Mrs. J. C. Velvin are spending the week-end in Fort Worth.

Mrs. Dub Watlington is visiting friends at Abilene this week. Mr. Watlington probably will spend Sunday there, returning with her.

Mr. and Mrs. I. N. Wilkinson and daughter of Winters are here today, returning from a vacation trip to Cloudfroft.

Roy Parks is leaving today for a business trip to Fort Worth. Mrs. Parks will spend a few days with friends in Amarillo.

Mr. and Mrs. Lacey Speedman of Baker, Mont., are the guests of Mr. and Mrs. W. W. West, 910 W. Missouri.

Mrs. L. R. Saunders and daughter are to spend the week-end in Wink, visiting with Mrs. Hollis.

Ben Lyle Crites, Reporter-Telegram linotype operator, his wife and children left last night for Matador upon receipt of news that a brother and niece of Mrs. Crites had been critically injured in a car wreck. Neither were expected to live.

Unofficial Strikes in Britain. LONDON (U.P.)—Last year in Great Britain industrial disputes not recognized officially by the trade unions concerned involved about 210,000 workers and lasted about 900,000 working days, Ernest Brown, minister of labor, announced.

About 10,000,000 persons in the United States suffer from impaired hearing, many cases being due originally to common colds.

Southern Select
...is back again!

Old-timers are giving it a royal welcome, for they well remember the beer that was the South's favorite in the old days. Younger folks are giving SOUTHERN SELECT an equally rousing welcome, for they, too, have discovered that it has justly earned its reputation as the "Favorite of Dixie."

Your dealer should have SOUTHERN SELECT by now—if not, ask him to get it, for we have stepped up our production, so that everyone in West Texas can enjoy this famous beer—brewed for Texans by Texans.

NOW you can get this famous beer at your favorite dealers

Life Expectancy Reaches New High for Insured

NEW YORK (U.P.)—The life expectancy of some 17,500,000 industrial policy holders reached an all-time high record of 60.31 years in 1936, the Metropolitan Life Insurance Company has revealed.

The company said that in the last 25 years there has been a gain of 13.68 years in the average

Parole Is Her Wedding Present

In what was probably the first such ceremony ever performed in an American reformatory, 17-year-old Evelyn Steel, right, above, became Evelyn Steel Cook, when she married Hercule Cook, 21-year-old grocery clerk, in the Tecumseh, Okla., reform school where she was an inmate. For a wedding present, the bride, shown cutting her wedding cake, received a parole. Sweethearts since childhood, the couple was separated when Evelyn went to the reformatory a year ago. Hercule proposed to her when she invited him to a "date night" party at the institution, to which 40 "honor girls" were permitted to invite gentlemen friends.

length of life among industrial policy holders. It was added that in the 1911-12 period the expectation of life at birth was only 46.63.

The increase in life expectancy was attributed principally to improvement in "personal hygiene

and the trend to higher standards of public health."

Guards Safety of Americans

A veteran of the U. S. diplomatic service in the Far East, Consul-General Clarence Gauss, above, made preparations for evacuation of American citizens as fighting spread throughout Shanghai, endangering residents of the International Settlement.

Prisoners Freed to Fight Fire.
CUSHING, Me. (U.P.)—Twenty-five inmates of Thomaston State prison made a dash through the prison gates to the open road—but only as fire fighters. Ernest Newbert's farm was fired and the prisoners formed a bucket brigade and put out the blaze. All returned.

Graham bread is named for Sylvester Graham, who championed the cause of unbolted wheat flour more than 100 years ago.

Bids for Black Post in Senate

Prospect of a Senate vacancy through appointment of Senator Hugo Black of Alabama to the Supreme Court brought announcement from Representative Lister Hill (Dem., Ala.), above, that he would be a candidate to succeed Black. The announcement was made from Paris, where Hill was on tour as a member of the Battle Monuments Commission. Hill's home is in Montgomery.

"PERK UP" WITH PURSANG

and forget that dull, "half sick" feeling!

How do you feel these days? Are you blue, discouraged and "run down"? That dragged-out feeling may be due to a deficiency of iron in your blood. Indoor living, worry and overwork often conspire to bring on this condition. And lack of iron in the blood can make a man or woman imagine almost everything is wrong, when really the trouble can be quickly remedied.

If you are "below par" try McKesson's Pursang. It contains organic iron and copper compounds which increase hemoglobin—the substance that makes red blood red. Pursang helps to restore the balance between white and red corpuscles. And at the same time it aids appetite and improves digestion.

See how much better you feel after taking the first bottle of Pursang. Wait a week or more and you will hardly believe you're the same person—you'll feel so fit and well!

Rail Man Retires at 86.
ROCHESTER, N. H. (U.P.)—Frank Hoyt, 86, retired recently after 36 years service with the Boston & Maine Railroad—to enjoy life with his two older brothers. Hoyt, still in good health, has a brother Charles, 83, and a brother Alonzo, 90.

Wassermann Test Abandoned.
SPRINGFIELD, Ill. (U.P.)—The state henceforth will discontinue the Wassermann test for syphilis, according to Dr. Frank J. Jirka, state health director. "Hereafter blood specimens will be tested for syphilis only by the Kahn method," Jirka said.

Both "pimiento" and "pimiento" are names derived from the Spanish word for pepper.

San Diego Building Rooms.
SAN DIEGO, Calif. (U.P.)—San Diego enjoyed the biggest building boom of recent years during the fiscal year ending June 30, it was revealed, and more than half of the \$10,281,226 in building permits issued were for construction of residences.

Hawaii Shifts Librarians.
HONOLULU (U.P.)—The Hawaiian islands have decided on a system of exchange of librarians with those on the mainland. Exchange of teachers has been under way for a number of years, with the result that more than 20 island teachers are now instructing in American communities.

Pimiento is used in the manufacture of cheese, and as a stuffing for olives.

FORD STRENGTHENS LEAD WITH WIN OVER GULF

Commercially, corn is used for starch, sirup and sugar. From these basic products are derived soaps, ice cream, face powder, high explosives, brooms, dextrose, alcohol, rayon, etc.

The consumption of potatoes on American dining cars exceeds 9,000,000 pounds annually and production of this supply requires the use of 3000 acres of prime potato land.

WRIGHT TOSSES FIRST SHUTOUT OF SEASON, 17-0

The Ford club strengthened their hold on first place last night when Wright, leading league hurler, paced them to an easy 17-0 win over the Gulf club.

The shutout was the first of the year and ran Wright's streak of consecutive wins to nine. The Ford club had lost two games before he started hurling for them, since then they have captured every game. Twice he has won two games in two nights and once won three in as many consecutive nights.

In the nightcap last night the Scharbauer team had a lot of trouble but finally beat out the hard-hitting Sinclair team by a score of 12-10. The Sinclair apparently had the game sewed up with a five run rally in the seventh inning but the Hotel crew came through in their half for seven runs to put the affair on ice.

Boston at Brooklyn.
New York at Philadelphia.
St. Louis at Pittsburgh.
Chicago at Cincinnati.

6 Premier Comedy Stars at the Yucca

Somewhere in the cast of nearly every picture ever filmed there's a comedian. It's a film formula. Stars come and go, but good comedians maintain their popularity year after year. As long as they are willing and able to work, Hollywood has a place for them.

A genius for light comedy elevated Marion Davies to top-ranking stardom, a position which she maintains with ease. And then there's Robert Montgomery, whose flair for comedy has won him an enviable position as a film star whose services are always in demand.

All of these fun-makers—and more—are included in the cast of "Ever Since Eve," the Cosmopolitan production which comes to the Yucca theatre today. Instead of one comedian, this delightful farce has Marion Davies and Robert Montgomery in the starring roles, and Frank McHugh, Louise Fazenda, Patsy Kelly and Allen Jenkins supporting them.

Mariner at 82 Builds Sloop and Sews Sails
ESSEX, Conn. (U.P.)—Time has rested lightly upon the broad shoulders of Capt. Samuel Collins, 82-year-old mariner. He recently stepped the mast of a sloop that he started making two years ago.

Every part of the craft, except some iron work, is the product of his weather-beaten hands. In his old boat shop, he sewed the sails. The sloop has no provision for an auxiliary engine for its maker considers an engine an "encumbrance to a real boat."

Old motion pictures are sold for the silver which can be recovered from the emulsion on them.

Oil News--

CONTINUED FROM PAGE ONE

through the Wasson pool, is swabbing four miles west of the Wasson, is drilling lime at 5,050 feet, with slight show of gas logged at 5,032-35, and an increase in oil at 5,037. Crew bailed two bailers of oil and a half bailer of drilling water from the well.

Amerada No. 1 Cox is drilling lime at 4,715; Phillips and I. T. O. No. 1 Brand is pulling tubing preparatory to deepening from 4,927; Phillips No. 1 Wasson is drilling lime at 4,695; Amerada No. 1 First State Bank of Seagraves is drilling at 273; Amerada No. 1 Smith is drilling at 162.

Ohio No. 1 Averitt, west offset to the discovery oiler on the Seminole structure in Gaines, is drilling at 1,995 feet in red rock.

Dawson Wildcat.
E. L. Wilson No. 1 Scanlan, north-west Dawson wildcat, is drilling lime at 4,810 feet, unchanged.

In southeast Dawson, Ray Albaugh No. 1 Hogg is drilling anywhere at 2,435 feet.

Frank Bates No. 1 Lockett, southern Hookley wildcat ten miles east by southeast of the Texas No. 1 Slaughter discovery, is drilling salt at 2,560 feet. With elevation of 3,250, it topped anhydrite at 2,250 and salt at 2,330. Location is in section 5, block L public school land.

In western Crane, Sinclair-Prairie No. 2 Tubb Community is coring Simpson lime at 6,005 feet, while Loffland Bros. No. 3 Tubb is w. o. c. after cementing 7-inch at 5,704 with 300 sacks.

Pied Piper Routs Rats, Marksmen Are Irked

CHAPEL HILL, N. C. (U.P.)—Three marksmen who tested their skill by shooting rats at the city garbage dump bemoaned today the installation of an incinerator and the work of a professional rat-killer who poisoned the rodents.

E. A. Brown, Arline Carawan and Obie Davis, the marksmen, said sometimes they killed as high as 100 rats each at an afternoon's shoot.

Stranded Family Hikes 900 Miles to Haven
AMARILLO, Tex. (U.P.)—The Jim McLeans of Arkansas, who lost their belongings in the flood last winter, are walking 900 miles to a new refuge.

McLean, 64, and his wife, 24 years younger, said they were averaging nearly seven miles a day on their trek to Roswell, N. M., where he has a brother. Their convoy consisted of a rickety coaster wagon and a faithful shepherd dog named Lady.

The couple left Arkansas April 4 and have had a few free rides with passing trucks. They found Lady in Oklahoma and nursed her to health after she was run over by an automobile.

Jonathan Swift, in his "Gulliver's Travels," mentioned the two moons of the planet Mars, long before they were discovered.

OF FLOOR LAMPS

We were fortunate in securing a limited quantity of modernistic indirect lighting floor lamps at a figure far below the same quality found elsewhere. You've wanted one, so here they are at a price you will be willing to pay.

Three way lighting and approved by the Illuminating Engineering Society.

Large Size \$7.50
Students Size \$5.95
