Comm. Grants Increased Allowables

Leaders on Farm Work Keeping Busy

Labor Against Time To Prepare Bill for Action of Congress

WASHINGTON, Oct. 30. (AP)—Administration congressional leaders are working against time to get the president's five-point program ready for debate at the special session beginning Nov. 15.

Many legislators believe, even if all major bills are ready, that the entire program cannot be enacted before the regular sessions begin in January.

The house agriculture committee is completing a bill to limit acreage planted in principal crops. Farmers will be allowed to raise and market as much as they can on the allotted land.

Chairman Jones, Texas, said the measure would continue the present soil conservation benefits and establish the ever-normal granary system.

Brokerage Firm Denies Claims of Bedford and Co.

A suit for recovery of loss amounting to \$2,030 has been filed against the defunct H. O. Bedford & Co. brokerage office here by three Midland residents, Clara Goss, Willie Mae Ferguson, and Dr. W. G. Whitehouse.

The complaint filed by the trio alleged they paid for stock that never was delivered to them.

Fenner & Beane, stock brokerage firm for which the recently closed H. O. Bedford & Co. offices here were correspondents, advised the San Angelo Morning Times late Friday that the Midland office was given notice before its account was liquidated.

"According to the Times, Fenner & Beane issued this statement: 'In order to avoid any false impression being created, we wish to state that the facts are: 'We called Bedford on Thursday, Oct. 14, for \$15,000 on Friday, Oct. 15, for \$18,000 on the morning of Monday, Oct. 18, for \$25,500 on the afternoon of the same day for \$25,000. After a deposit of \$5,000 was made by Bedford on the evening of Oct. 18, Bedford was advised that the deficiency was \$35,000. His reply indicated that funds were not available, whereupon it was notified that we would liquidate.

"We liquidated only part of their securities on Tuesday morning Oct. 19, in order to give them an opportunity to deposit and protect the balance of their account. It was not until Wednesday morning, Oct. 20, after getting no satisfaction whatever, that we finally liquidated the balance of the account."

A notice had appeared on the door of the Midland office, following the closing which stated: "The public is advised that our office is forced to close its doors pending an adjustment of losses sustained by action of our New York correspondent brokers, Fenner and Beane, in closing out our entire account with them without sufficient notice to us to protect the same."

Bedford & Co. headquarters are in El Paso. Edward P. Lamar was manager of the Midland office.

A grand jury investigation of the situation at Midland last week resulted in no action being taken against H. O. Bedford & Co., the matter being referred to federal courts. No statement of losses alleged to have been suffered by Midland investors has been issued but unofficial estimates ran as high as \$200,000.

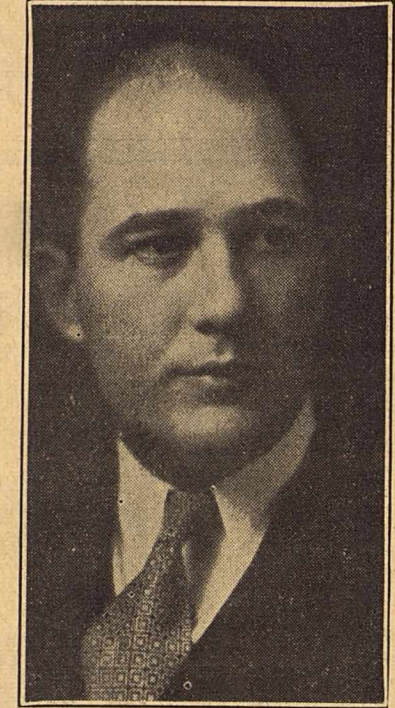

Anderson Lumber Company Destroyed By Flames Saturday

The Anderson Lumber company was razed here Saturday at noon when fire of an undetermined origin caused almost total loss to the plant.

Flames were first discovered in the shop in which some men had been working only a bare few minutes before. According to A. Harry Anderson, owner of the plant, there was no indication of the flames until they apparently burst out all over the shop. Several small buildings around the yard were destroyed and only prompt action by the fire department prevented much more serious losses. Anderson estimated the damage to the plant at \$2500 and to stock at \$8,000, most of it was covered by insurance.

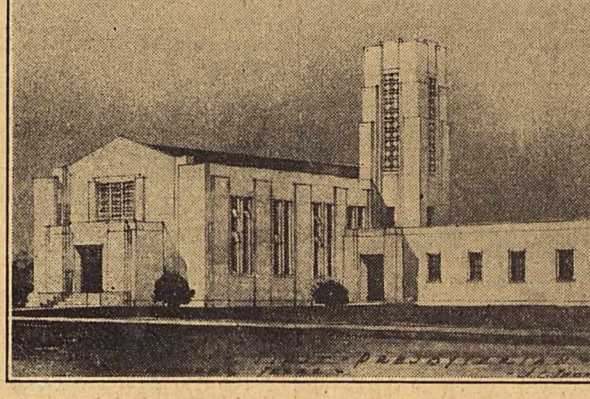

A nine-year-old boy, Billy Henshaw, was injured when he stepped in front of a car headed to the fire

Pastor

Rev. W. J. Coleman, pastor of the First Presbyterian church of Midland.

New Presbyterian Church

During the six years that Rev. W. J. Coleman, shown at left, has served as pastor of the First Presbyterian church of Midland, the church has experienced a period of continued growth and progress. Material improvements in the church plant have been climaxed by the building of a new church, costing approximately \$35,000, cornerstone for which will be laid in a ceremony this afternoon. Above is shown the architect's drawing of the new Presbyterian church now under construction at the corner of West Texas and A streets. Cornerstone for the building, constructed of light brick at a cost of about \$35,000, will be laid this afternoon in a ceremony at 5 o'clock. Right: This is the familiar old First Presbyterian church, a landmark on West Wall and Big Spring streets which has served Midland, and those of the Presbyterian faith in particular for approximately 38 years. No longer, however, it is adequate to meet the needs of a rapidly growing congregation. A complete, modern church is being rapidly constructed and very soon the old church will exist only as a

Home for 38 Years

beloved institution in the minds and hearts of those who have worshipped in it for so many years.

Cornerstone for New Presbyterian Church Will Be Laid in Ceremony This Afternoon

In a service to be characterized by simplicity and worshipfulness, the cornerstone for the new Presbyterian church at the corner of West Texas and "A" streets will be laid this afternoon.

Rev. W. J. Coleman, Presbyterian pastor, will be in charge of the ceremony, assisted by Rev. W. F. Borum, pastor of the Baptist church, Rev. Cliff M. Epps, pastor of the Methodist, Rev. J. E. Pickering of the First Christian church, and Rev. T. D. Murphy, pastor of the Presbyterian church at Odessa and former pastor here, and several members of the Midland Presbyterian church and choir.

In accordance with tradition, a number of articles will be sealed in the cornerstone.

W. J. Sparks, chairman of the board of deacons of the church and

head usher, will place in the crypt a number of selected worship bulletins such as have been used in special services in the past few years, bulletins carrying interesting information and procedure of the church, as well as a picture of the church and some special invitations and publicity matter that have been used effectively.

A brief historical sketch of the Presbyterian church in Midland will be deposited in the stone by Mrs. J. M. Caldwell, historian of the church.

Charlie McClintic, the oldest resident member of the church, will place a record of the official staff, including a list of the personnel of the session, board of deacons, trustees, church school officers, woman's auxiliary officers, ministry of music, ministry of finance, and

sexton.

J. P. H. McMullan, secretary of both the session and the church school, will place in the stone a list of present church, auxiliary, and church school members.

An unusual feature of the ceremony will be the inclusion among the articles of the written prayers of pastors of the Baptist, Methodist, First Christian and Odessa Presbyterian churches delivered on this occasion as well as Mr. Coleman's prayer. Mr. Murphy will handle these.

Other articles to be placed include: A copy of The Reporter-Telegram for today, handed by W. H. (Bill) Collins, church reporter; record of the afternoon's procedure, including the minister's talk; and a Bible furnished from the Sunday school library and placed

by J. L. Kendrick, superintendent of the church school.

A Harry Anderson, general chairman of the building committee and J. C. Thomas, architect, will place and seal the stone.

Modified Modernistic.

Costing approximately \$35,000, the new edifice is of light brick in a modified modernistic style of architecture. From north to south the plant is approximately 108 feet and from east to west, 104 feet. The auditorium is 35 by 50 feet and will be equipped with solid oak pews to seat 200 adults. Floors throughout will be solid concrete. The auditorium will be covered with rubber tile, while the remainder of the floor space will be covered with the new, deep carpet now covering the floor of the old church.

The fourteen windows of the auditorium will be of straw, semi-opaque art-glass, each window having an individual Christian or Biblical symbol.

Lighting will come from suspended indirect-lighting fixtures.

Suitable chambers have been built and a new Wicks organ will be installed. The present organ plaque showing that the organ now in use was dedicated to the memory of Mr. and Mrs. Lige Davis, given by their son-in-law and daughter, Mr. and Mrs. Ralph T. Bucy, will be retained and augmented by another plaque in memory of Ralph T. Bucy.

The entire building will be semi-air conditioned, having a central plant which is to circulate either

(See CHURCH, page 8)

WEST TEXAS FIELDS BENEFIT BY RULING

AUSTIN, Oct. 30. (AP)—The Railroad Commission granted total increased allowables of 35,272 barrels of oil for 17 Texas fields here today.

An allowable of 1,351,677 barrels for the state was set October 20, effective November 1, and today's increase makes the starting allowable for November 1,386,949 barrels.

The starting allowable represented a decrease of 18,895 barrels below the basic October allowable and 26,351 barrels less than Texas' share of the national market demand estimated by the bureau of mines.

Various reasons for today's increases, including evidence needed to meet foreign contracts and insufficient refinery supply, and to supplant foreign asphalt imports and equalize allowables.

The Howard county Glasscock field's new allowable is 14,232 barrels. Production October 19 was 14,232 and basic allowable for October 14,136.

Wally and Edward Given Invitation To Visit Midland

Invitation to the Duke and Duchess of Windsor, to make an overnight and one day stop at Midland on their trip across the continent, was telegraphed to the British embassy at Washington Saturday by the Midland chamber of commerce.

"Midland, Texas, extends cordial invitation and offers luxurious facilities to your highness for overnight stop here," the message said, "should your route across the continent traverse this section of West Texas. Clarence Scharbauer, West Texas cattle baron, joins in extending invitation for you to make with him a tour of nearby cattle ranches and extensive oil fields. Please advise acceptance and tentative date so that proper arrangements can be made."

No definite announcement has been made of the route to be chosen by the Duke and Duchess but it was thought probable that they might elect to go through Dallas and Fort Worth to El Paso, in which event Midland would provide a convenient and comfortable respite on the overland journey.

Continental Starts Drilling Campaign In the Wason Area

BY FRANK GARDNER.

Inauguration by Continental Oil Company of a drilling campaign in the Wason pool of northwest Gaines was seen at the week's close as the company announced location for four wells, all offsetting producers.

Its No. 2 Wason has been staked 440 feet from the north and east lines of section 48, block AX, public school land, and offsets the pool opener, Carter-Continental No. 1 Wason to the south, and Carter No. 1 Sharpe to the west. The No. 3 Wason is 440 feet from the south and east lines of section 48, offsetting Carter No. 2 Sharpe to the west. Location for the No. 4 Wason was staked 440 feet out of the southwest corner of section 48, offsetting Amerada No. 1 Cox to the north. In section 53, block AX, offsetting Phillips and Carter No. 1 Wason to the south, Continental made location for its No. 1-B-35 Wason 2,200 feet from the south, 440 feet from the east line of the section.

Carter No. 2 Brand, west side Wason pool test 2,200 feet from the south and 440 feet from the east line of section 54, is drilling red rock at 2,114 feet. Shell No. 1 Cox, section 380, block G, C. C. S. D. & Hill Co., N. G. Childs, has drilled to 3,412 in red rock streaked with anhydrite. Amerada No. 1 Matthews, shut down for several weeks while rigging up pumping equipment, will go on production today.

Continental No. 2 Dr. E. H. Jones, eight miles southwest of the Wason pool, drilled to 4,900 feet in lime and anhydrite. It is in section 1, block A-8, public school land.

Ralph H. Gill No. 1 S. R. Simpson, central Gaines cluster four miles east of Seminole, measured up at 4,502, steel pipe, where was making one barrel of sulphur water

(See OIL NEWS, page 8)

King Ranch to Be Split By Highway

AUSTIN, Oct. 30. (AP)—The highway commission announced today that the long-disputed stretch of hug-the-coast highway through parts of Kenedy county and the King ranch would be completed.

Julian Montgomery, highway engineer, said the United States bureau of public roads had approved construction of highway 96 from Riviera through Kenedy county to Harlingen.

Longshoremen to Walk Out Tonight

HOUSTON, Oct. 30. (AP)—A walkout of 4,000 union longshoremen in Texas and Lake Charles, La., was predicted today by M. J. Dwyer, district president of the international longshoremen union, unless a wage increase demand is met by tomorrow midnight. Longshoremen involved are those engaged in coastwise work.

Violinist to Appear In Program in City

Returning to America after close to two years in Europe, Leona Flood brings with her the unanimous verdict of the European press that she is a violinist destined to take her place among the great women violinists of this generation.

A violinist of distinct individuality, Miss Flood possesses also a vivid and charming personality, which wins favor with audiences immediately on her appearance.

"Blonde and slender," writes the Berlingske Tidende (Copenhagen) "no composer could have wished for a more graceful muse to interpret his music. The audience was of the same opinion and applauded enthusiastically and continuously in order not only to hear her again, but also that they might again see her."

Leona Flood will be heard at the high school auditorium here Monday evening, November 8, the concert being presented under the aus-

Mooney's Plea for Freedom Refused By California Court

SAN FRANCISCO, Oct. 30. (AP)—The California supreme court today denied, 5-1, Thomas J. Mooney's plea for freedom on a writ of habeas corpus.

Chief Justice William W. Wastes, announcing the opinion, said the court "had concluded Monday failed to establish by substantial credible evidence his conviction resulted from perjury by prosecution witnesses."

Mooney, convicted with Warren K. Billings of murder in the 1916 Preparedness Day bombing here, is serving his twenty-first year of a life sentence.

Over 1,000 Drown In Syrian Floods

DAMASCUS, Syria, Oct. 30. (AP)—More than 1,000 persons have been drowned in floods northeast of Damascus, authorities announced today. Ten thousand are homeless and several villages were destroyed. Five hundred were listed missing at Dmeir on the Aleppo road. Relief workers recovered 100 bodies near Kalamoun.

Few Cattle Deals Reported, Owners Waiting on Market

Cattle buyers and sellers continued their cautious attitude late in the week, with few deals reported. The general opinion among Midland cattlemen was that the market would be more favorable soon. Meanwhile, corn belt and northern buyers were holding off from their trips to the range country, apparently in the hope that through their delay they were saving a few cents per pound.

Deliveries of big steer calves at the G-Ranch and has delivered the top end of his own steer calf crop, will begin November 7 on delivery of 500 heifer calves which he sold Clem Solt of Fort Morgan, Colo. Parks, late in the week, contracted to buy the Kenton Boone steer and heifer calves, about 150 head in the deal.

Japanese Group Charges Britain Is Helping China

TOKYO, Oct. 30. (AP)—An unofficial group of highly placed Japanese today charged Britain with helping China in the war against Japan and warned Anglo-Japanese relations might be broken if this continues.

The resolution adopted said "if the British fail to reconsider their attitude we may be forced to take an attitude of grave determination by severing years of friendly diplomatic relations."

Midland County Tax Payers Get Chance to Vote for Gymnasium Here Next Saturday

Property tax paying voters of Midland Independent School District No. 1 will go to the polls next Saturday to decide upon issuance of bonds of \$40,000, to be supplemented by probable PWA funds of \$35,000, for construction of a \$75,000 gymnasium here.

Grant previously was made by the PWA of \$31,000, but was too late to be used in a combination construction project in connection with the new north elementary school building here. Delay in allotment of the money and necessity for completing the school building in time for this term caused the school district to lose out on that grant and the elementary school was built with bond money of \$75,000 voted by the district for that purpose.

Port Worth PWA officials have stated that they would recommend the \$35,000 grant in event of voting bonds of \$40,000 for the gymnasium, hence a petition recently was submitted to the board of trustees for a bond election.

The election date was set for Saturday, November 6, at the high school auditorium.

On this page is a picture of the architect's conception of the proposed \$75,000 gymnasium, tentative plans for which are in the hands of the school board. Volecker & Dixon, architects of Wichita Falls who planned and supervised construction of the new north elemen-

tary school, have drawn plans for the proposed gymnasium.

The new building, school officials have pointed out, would make possible the teaching of physical education on a par with other courses of the schools. An auditorium would be provided capable of seating much larger crowds than may now attend indoor meetings, functions or entertainments in the city. Basketball tournaments, interscholastic league events and other projects could be adequately cared for in such a building.

School officials expressed the opinion that with possibility of such a grant, property tax paying voters of the school district should have the voice in deciding whether or not bonds should be issued to make the PWA funds available.

An excerpt from the election order, outlining the proposition follows: "Shall the Board of Trustees of

from their date and bearing interest at a rate not to exceed five (5) per cent per annum, with interest payable semi-annually for the purpose of construction and equipping a public free school gymnasium of other than wooden material within said district, and if there shall be annually levied and collected on all taxable property in said school dis-

comes due; provided, that the maintenance tax and the bond tax together shall never exceed for any one year \$1.00 on the \$100.00 valuation of said property.

"The said election shall be held at the Midland High School in the town of Midland, Texas, in said Midland Independent School District and John P. Butler is hereby

appointed Judge and Joe Youngblood, Miss Cordelia Taylor, and Mrs. Burton Boone, clerks of said election and said election shall be held as nearly as possible in conformity with the general election

laws as the State of Texas.

"The ballot for said election shall have written or printed thereon the following:

FOR the issuance of the bonds and the levying of the tax in payment thereof.

AGAINST the issuance of the bonds and the levying of the tax in payment thereof.

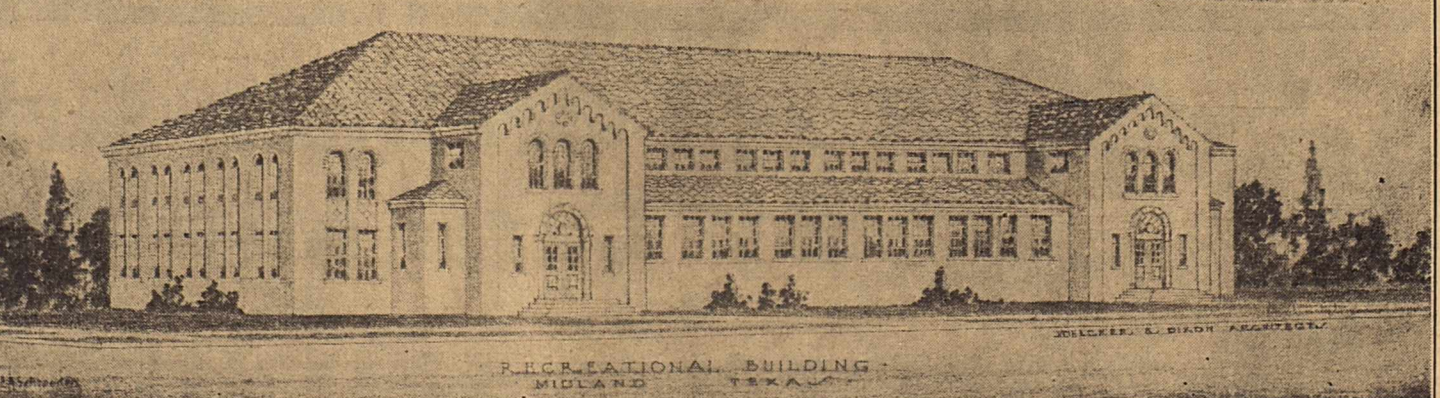

"As to the foregoing proposition, each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.

"None but resident qualified property taxpaying voters shall be allowed as indicating his vote at said election."

Details of the proposed building, including departments to be included, have been described by the architects as follows:

The building that is contemplated is to be entirely fireproof, class "A" construction, and is similar in architectural style to the newly completed Elementary school. It will have the same colorful brick exterior and to be roofed in the fire-flashed red Mission tile roof. The design of the building is such that both sides will be equally important as to architectural treatment, and there will be two main entrances, on each side. The building has a total over all length of 165 feet and a width of 88 feet. The center part

WHAT OIL HAS DONE FOR TEXAS

Matthew S. Sloan, chairman of the board and president of the Missouri-Kansas-Texas lines, addressed the annual convention of the Texas Mid-Continent Oil and Gas association Saturday and gave some interesting facts about what oil has done for Texas.

Not merely the owners, operators and workers benefit from this huge industry. More than a million persons in Texas depend directly on oil for their livelihood, according to Mr. Sloan. Oil has financed schools, helped build highways, erected beautiful homes, literally built some cities and enormously stimulated the growth of others. Oil and gas constitutes an asset whose magnitude can scarcely be calculated.

Government statistics show that 70 per cent of all the oil produced in Texas is manufactured into petroleum by Texas refineries. How important this contribution is to the economy of the state is emphasized when it is considered that 97 per cent of the raw cotton grown in Texas is shipped outside the state.

In the year 1889, crude oil production in Texas was only 48,000 barrels. Last year production reached a total of 500,000,000. In 1889 Texas produced only one tenth of one per cent of the nation's oil output. Today this state produces more than 40 per cent of the country's total output. Texas oil production has now passed the five billion mark since the discovery in 1889 and half of all the oil produced that year has been produced in the last five years.

LETTERS FROM HOME

A reversal of the time-honored exhortation to college boys to be sure and "write home to mother" is contained in an address recently made by a dramatic critic before the New York Historical Association. This gentleman turned the tables and urged mothers to take time out "between cigaret puffs and cocktail sips" and write to their collegiate sons.

That the average mother is so busy with cigarets and cocktails that she neglects her correspondence is probably something of an overstatement. But that the old-fashioned practice of writing long letters, and writing them often, is falling into disuse among adults as well as among youths is probably quite true. And there is a good deal of good sense in the speaker's concluding assertion:

"If modern mothers would establish a letter-writing hour and take it as seriously as they do their cocktail hour, present-day youth would reach manhood with higher ideals than they now possess."

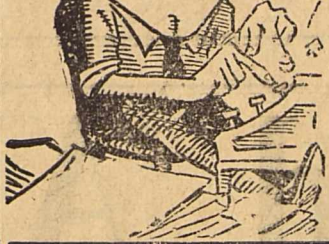

A REAL PHILANTHROPIST

It sounds nice to hear a man spoken of as a "great philanthropist." Usually, however, we don't realize the human values back of that work until someone reminds us of them.

Felix Warburg, famous New York banker who died the other day, was such a philanthropist. He gave of his time and money to many causes, but probably his most notable contribution was his service as chairman of the distribution committee through which American aid was extended to thousands upon thousands of Jewish people in eastern Europe in the terrible years just after the war.

That was a truly great work, which literally saved many thousands of lives. To have had even a small part in it would be cause for just pride; to have directed so much of it is a mark of great distinction. Few Americans have served their fellows as valiantly and effectively as did Mr. Warburg.

The Town Quack

rounded up 40 of our jacks and shipped them to Wichita. They put them in a pen where they had been keeping ordinary jackrabbits. This pen was seven feet high. The next morning they went out to find that 39 of the jacks from Texas had jumped the fence during the night. And the one that was left had a crippled leg.

Old Tack, in the Amarillo Globe-News, unearthed the following dope on West Texas jack-rabbits from a sports magazine:

How high can a jackrabbit jump? Those who make a study of such things say that the hardest, jumpiest jackrabbit in the whole world is here in West Texas. We have what is known as a species of the black-tailed jackrabbit, but it's a special breed or species of its own, related somewhat to others.

Up in Wichita in Kansas they have dog races and they turn loose jackrabbits for the dogs to chase. Not so long ago some old boy said that if they wanted jackrabbits that knew their way about when they were turned loose they should send down in the Panhandle of Texas and corral some of ours.

And so they sent down here and

They put the crippled packrabbit in a pen by itself and then later turned it loose and had some dogs chase it. And the crippled Texas jackrabbit got away, outrunning a whole pack of greyhounds. Those who witnessed the race declare that the Texas jack ran from 10 to 15 per cent faster than the fleetest of the able-bodied jackrabbits from western Kansas.

Not very long ago, trick photographers were using jackrabbits for deers, steers and other varmints in hunting or roping scenes. Now they are faking grass-hoppers. Some photographs show grass-hoppers big enough to fill flat cars on freight trains.

Some photographs of East Texas mosquitoes perched on the water towers probably will come out next.

High School News

VISITORS IN ASSEMBLY.

Mrs. R. A. Brown and Mrs. Park were visitors in assembly Tuesday morning, October 26, at which time the nomination speeches for annual queen were given.

MIDLAND SECOND STRING DEFEATS ODESSA 13-0.

Tuesday, October 26, the Midland second string met and defeated the Odessa second string at 7:45 p. m. on Lackey Field. The score was 13-0. The first Midland counter came in the first quarter when Truelove ran back a punt for a touchdown.

A running play for extra point failed and the score stood 6-0. Neither team made a serious threat in the second or third periods but early in the fourth Walker of Midland intercepted a pass and ran it back to Odessa's five yard line. Midland was offside however and the referee called the ball back and penalized Midland five yards.

Midland took the ball on downs and punted to the Odessa fullback on his own five yard line where he was dropped. Odessa attempted to kick but it blocked by Watford and Bryan recovered for a touchdown. White kicked extra point.

The game ended soon afterward with the ball in midfield, score 13-0. Midland starting line up: R. E. Norman. R. T. Cocke. R. C. Wilson. C. Hewitt. L. G. McMullan. L. E. Tarham. Q. B. White. L. H. Harris. R. H. Truelove. L. T. Watford. F. B. Walker.

Substitutes: Rettor, Bryan, Briffin, Pittman, and Johnson.

GRIDIRON GOSSIP

"Moose" English. One thing about the Wink game it brought in a lot of business for

our local chiropractor, "Dr. Ellis." Woody Adams and I have made a few trips to his office having a few bones put back into place.

Whitaker, that dumb looking end, had a bone broken in his hand, but a little tape and some sponge will fix that up so that he won't be handicapped very much for our next game.

Temple Harris is a little halfback who you would see more of if he were not held back by an injured knee that has been bothering him since the first of the season. His knee, however, is improving and we should see a little service from him in the future.

In Del Truelove, our fast improving little quarterback who is holding Jay Francis' position, we see a green player that will do his best to win for Midland. He is only a Fish this year and in his future years should prove very valuable to the Bulldogs.

Pat McMullan has easily proven himself one of, if not the power house, of the Midland backfield. If not for his good blocking, our ground gaining plays would not be any good.

Although the Midland team is now out of the district running our biggest aim now is to beat Odessa and we will try our best to carry out this threat and beat Odessa.

All this week a contest has been on. The three boys having the most hustle and chatter during practice get a trip to Waco Saturday and at the time this column was written no one knows who those three will be. But after the game Friday night the three boys will be chosen by Coach Taylor and then off to Waco to see the TCU-Baylor game. Mr. Shifflett, Mr. Friels and Mr. Weathers will also attend the game.

AN INTERVIEW WITH MISS WATTERS.

In an interview today with Miss

Mary Watters, she stated that, "The Midland High School renders the most impressive assembly program I have heard, and I enjoy living here very much." But, confidentially we believe Miss Watters still likes Waxahachie better than she likes Midland, or maybe she is just home sick.

Miss Watters is our new director of the commercial branches which had been under the leadership of Mrs. R. D. Scruggs. She received her B. A. degree from North Texas State Teachers College and has also been to the University of Texas. In behalf of Midland High School, we wish to welcome Miss Watters and hope she will find everything to her satisfaction.

RHYTHM NEWS.

The band performance in assembly Friday morning and at Wink Friday night went off very smoothly and everybody was happy.

Bobby Martin now leads the band with the prettiest horn. He has a gold saxophone.

The concert band practiced Tuesday night on several new pieces.

There are two new members in the band, both who play trombones. They are Cedric Ferguson and Clayton Upham.

The Midland Band received an invitation to participate in the contest at San Angelo sometime in May. Dr. Dallas F. Wales sent the invitation and said the price at the Cactus Hotel for 60 members would be 75 cents each.

"Growing with Midland"

MIDLAND GETS INTO VICTORY COLUMN WITH WIN OVER ROBY

GET 18-13 DECISION AFTER BEING ONE TOUCHDOWN BEHIND INVADERS TWICE

By BILL COLLYNS.

The Midland Bulldogs encountered considerable difficulty during the first half of their exhibition affair with the stubborn Roby Lions on Lackey Field here Friday evening, but they managed to shove over a third touchdown in the final period to come from behind to annex the set-to by an 18 to 13 tabulation, thus breaking a three game losing streak.

Despite a more or less listless first quarter, the game was an interesting one to watch, the fans getting a number of thrills, the outcome of the game being in doubt until the time keeper fired his little pop gun to end the fracas.

The Roby Lions started off playing heads-up football and they took the lead in the second period, maintaining it until the last chukker. Early in the second period the Lions put over a touchdown and a few minutes later the Bulldogs talked to tie the count. It was only a matter of a very few seconds, however, before Roby had chalked up another touchdown and an extra point to take a 13 to 6 lead. Shortly after the second half kickoff, Midland crossed the goal line again but failed to convert, the Lions leading 13 to 12. Then in the

en plays for the counter. Roby had punted, the ball being killed on the Midland 28. Francis picked up 3 yards off tackle; then added two more and Roby was penalized five for off-side. Francis got loose around right end for 22 yards and then on an off-tackle play added 12 more; the elusive halfback plowed thru the line for three yards and on the next play circled right end for 25 yards and the coveted touchdown. Adams failed to convert. Score 6-6.

But the count did not remain tied very long. Adams kicked off to Burris who took the ball on his ten yard line, advanced five yards and then attempted to lateral to Stuart who fumbled, Taylor recovering for Midland on the Roby 16. It looked as though it might be another counter for the Bulldogs, but it turned out to be just the opposite. Francis failed to gain and then Porterfield, lanky Roby end, charged in to intercept McMullans short pass and tear out down the field for 34 yards and a touchdown which was the second and final one for the visitors. Stuart kicked goal. Score 13 to 6, Roby.

The Bulldogs came back on the field at the start of the third frame with plenty of fight and determination, the local taking the kickoff and driving 59 yards for the only touchdown of the quarter. Stuart kicked off to Van Dyke who was downed on the Midland 41. Francis gained a yard; McMullans picked up 10 yards and a first down; Harris went off tackle for a four yard gain; McMullans lateraled to Francis who picked up 16 yards around right end; Francis gained a couple thru the line; Francis added a yard around right end; McMullans drew back and passed to Francis for a gain of 12 yards; Francis went thru the line for 9 yards; Francis lost a yard; Francis picked up two yards and a first down; McMullans, on three attempts, scored from the 4 yard line. Adams again failed to kick goal. Score 13 to 12, Roby.

57 Yard Drive Wins.
Late in the third quarter the Bulldogs started a drive on their own 43 yard line, the drive resulting in a touchdown early in the last period. It was a drive of 57 yards. Burris of Roby had punted, the ball being killed on the Midland 43. Francis picked up five yards in two tries; McMullans picked up three yards on a spin play and then added another on a similar play; Roby was penalized 5 yards for off-side; McMullans crept thru for a yard; Francis added four yards; Francis took McMullans pass for a 10 yard gain; Francis added 3; McMullans added 5 and Francis gained 3 and a first down as the quarter ended. The final chukker got underway with the visitors being penalized 5 yards

The PAYOFF

By JESS RODGERS.

You can have your marked cards, loaded dice, your own doped bang-tail or what have you—all I want is the Wink football team and someone fool enough to bet against them.

The Wildcats proved to all and sundry Friday night that they are just about the best football club ever put together in these here parts when they knocked a darn good Odessa club punch drunk and slap silly to the count of 33-6.

The Wildcats were behind during the first two minutes of the game. And that is probably the first and last time this year anybody will be ahead of them.

Following the initial kickoff, Webster, Odessa quarterback took the ball right through the center of the Wildcat line on a quick opening play and waltzed 45 yards untouched for six points. The Odessa fans really started whooping it up but it didn't take long for the Wildcats to cool them off.

A few minutes after the score Maurice got off a honey of a punt that went out on the Wink 10. All Don Ezell did was to back up nearly to his own goal line, apparently with the intention of punting, only to take the ball and go around his own right end for a touchdown jaunt of 90 some odd yards.

And speaking of Ezell: There are three of the Ezell boys on the Wink team, Don and Dee being twins, and coach Lacey Turner probably wouldn't trade them for the Dionne quintuplets. The third member of the family on the team is Beekman Ezell, and end—and what an end! Beekman and Don are the Gehrig and DiMaggio of this league.

Henry McLemore, (UP) sports writer, got the jump on picking someone for All-American when he named a cousin, and he can add another one to it now by naming Don Ezell. I have hinted, written and said for the past year that he was the best back on the Wink squad and Don showed 'em for me Friday night. When he takes the ball he wriggles through an opposing line with so many hip movements that a hula dancer looks like a patient in an iron lung in comparison. We have already told of his making almost a hundred yards on one run but he topped that with one later in the game when he traveled only about 108 yards. He stiff arms with a right like Joe Louis did before his color change from black to yellow. And the hell of it is—

Don and Dee have got two more years of eligibility.

We were fortunate enough to meet Mrs. Ezell, mother of the dynamite trio. She is justly proud of her "kids" and as rabid a fan as you will find any where. Once when Beekman dropped a sure touchdown pass her "damn" was as explosive as that of the coach.

Don readily admits Dee is the best guard in the district and that Beekman is the best end. Dee admits Don is the best back in the district and Beekman the best end. (Ever hear of Callon, boys?) Beekman concedes Dee is the best guard and Don the best back in the district.

And they will fight you or argue with you to prove it. And chances are, they will prove it. You evidently have to like football or get the hell out of Wink. Universities play often to crowds smaller than the estimated 6,000 persons that crammed every nook and corner of the field to see the game Friday night.

When I hit Lee Johnson up for three Annie Oakleys he declared his own father was there wanting a seat and that he couldn't accommodate him because he was giving me

the last three left. Good old Lee.

He's supt. now instead of coach but it isn't hard to find out where his mind is at this time of the year. He couldn't resist the temptation to call to the gang in the dinky little press box occasionally when Wink pulled something good.

It was a swell game, Bob Lewis showed up a swell time and everything was made perfect by Wink winning the game. And I am glad Midland doesn't have to play Wink again.

SOCIETY NEWS SECTION

Miss Ruby Hodges and H. L. Straughan, Jr. Married Here

Early Morning Ceremony at First Christian Church Is Attended By Families of Couple, Few Friends

Climaxing a romance which began in high school days, wedding vows were to be read this morning for Miss Ruby Hodges, daughter of Mrs. J. H. Dean, and H. L. Straughan Jr., son of Mr. and Mrs. H. L. Straughan Sr.

Rev. J. T. McKissick of Cisco officiated at the 7 o'clock ceremony in the First Christian church here, reading the single ring service in the presence of the immediate families of the bride and groom and a few friends.

Huge white chrysanthemums in vases flanked the altar before which the couple stood.

Miss Helen Hodges attended her sister as maid of honor and Allen Watts was best man.

Miss Jennie Elkin was at the piano during the service, playing Mendelssohn's "Wedding March" as a processional, "I Love You Truly" during the ceremony, and "Hail to the Happy Bride" from "Lucia di Lammermoor" as the recessional.

The bride wore a gray wool dress with Chinese caracul jacket and black accessories. Her flowers were a corsage of pink rosebuds.

Her attendant wore a three-piece suit of green wool with black accessories and a corsage of pompons

in bronzy tones.

Immediately after the wedding, Mr. and Mrs. Straughan left for a two-weeks motor trip to Mexico City. On their return they will make their home in Midland.

The bride and groom are popular members of the young social set here. Both are graduates of Midland high school and have lived here for a number of years.

Before her marriage Mrs. Straughan was employed with the law firm of Whitaker, Perkins, and Turpin. She was complimented at several social affairs prior to the wedding date.

Mr. Straughan is associated with the Gulf Oil Corporation here.

Three-Hostess Shower Is Given Friday Afternoon

Entertaining at the home of Mrs. L. F. Joplin, 902 W. Louisiana, Mrs. Jas. Adamson, Mrs. Felix Stonehocker, and Mrs. Joplin complimented Mrs. M. H. Crawford with a pink-and-blue shower Friday afternoon, the affair being a surprise to the honoree.

Various games were played during the afternoon, the prizes being presented to the honoree by the winners.

Refreshments symbolized the theme of the party, tiny pink and blue shoes being filled with mints and containing dolls, while the ice cream was moulded in the form of storks.

Invitations were issued to: Mmes. R. L. Stewart, Frank Prothro, C. E. Smith, Fred Giraley, Russell Conkling, Troy Eiland, Allen Heard, Lee Heard, T. A. Pollard, J. M. Prothro, M. V. Conan, Miss Lotta Williams, Mmes. D. E. Gabbert, Bill Baker, Harry S. Tate, Alfred Parr, C. W. Brunson, Carol Mason, Bert Rosbaum, Lorene Starks, Johnnie Parker, Cecil Parker, Preston Vest, Miss Ellen Potters, Mmes. Stacey Allen, John Allen Sewell, Miss Bill Adamson.

E. D. Richardson, Miss Alma Heard, Mmes. Lenton Brunson, Jack Holmsley, Dillon Young, Clinton Lackey, Lynn Butler, Harvey Powledge, H. C. Barnes, H. S. Collins, Clyde Gwyn, Lillian Tidwell, T. E. Neely, W. N. Cole, N. G. Oates, Frank Adams, Haskell Spivey, W. E. Stanley, J. C. Hudman, Mary S. Ray, J. Wray Campbell, Joe Haygood, J. C. Pogue, Miss Allene Carter, Mmes. Neil Small wood, J. W. Walker, Louise Pope, J. B. Hoskins.

T. E. L. Class Has Its Monthly Social Session Thursday

Mrs. S. Watson Miller and Mrs. V. Z. Wren were hostesses and Mrs. Agnes Mathew and Mrs. Inez Ulmer co-hostesses for the regular social meeting of the T. E. L. class of the Baptist church at the Miller home, 710 N. Main, Thursday afternoon.

Sewing and conversation were two diversions of the afternoon.

Three visitors were present, including Mmes. John B. Hamilton, Fred Middleton, L. A. Denton.

Class members present, besides the hostesses, were: Mmes. J. H. Williamson, W. W. Wimberly, T. O. Midkiff, Ella Youngblood, F. F. Lord, D. W. Brunson, Brooks Pemberton.

Halloween Party Celebrates Birthday Of Mildred Brinson

In celebration of her eighth birthday, Mildred Brinson entertained with a Halloween party Saturday afternoon at the home of her grandparents, Mr. and Mrs. T. O. Midkiff, 1002 S. Marienfeld.

Ghosts were present for their yearly Halloween visit and fortunes were told for the young guests.

Refreshments were served and favors of whistles and stick candy presented to the following boys and girls: Joyce Currie, Barney High-tower, Martha Jo Dobson, Peggy Lou Gates, Alice Louise Midkiff, Johnnie Pearl Morelan, Bobby Drake, Billie Midkiff, Jo Ann McDonald, Stanley Hall, and the hostess.

Mrs. Iris Bounds, principal of South Ward school, was a special guest.

Boys' Classes Entertained With Halloween Party

Two classes of six and seven year old boys of the Baptist Sunday school were entertained with a Halloween party by their teachers, Mrs. Bob Preston and Mrs. J. H. Trickey at the home of the latter, 706 N. Pecos, Friday evening.

Halloween decorations were used in the rooms and Halloween games such as ducking for apples, were played.

Horns were presented as favors.

Among those present were: From Mrs. Preston's class, Maurice Cox, Dean Cox, Billie Velvin, John Cecil Francis, Jackie Pope; from Mrs. Trickey's class, Bethel Eiland, Kenneth Goode, Scarborough Hartley, John Allen Murray, Wayne Patton, David Sikes, C. C. Tull, and Joe H. Trickey Jr.

Lois Class Pieces On Quilt at Meeting

Blocks for a quilt were pieced by eight members of the Lois class, meeting in regular session at the Baptist church Thursday afternoon.

It was decided to delay election of new officers and reorganization of the class until the next meeting. All members are urged to be present at the meeting at the church Thursday afternoon at 3 o'clock in order to take part in the election.

Present at this week's meeting were: Mrs. J. V. Hobbs, teacher; Mmes. W. T. Chandler, Chas. Collier, W. A. Sherrod, McGolian, Jones, Pearce, C. V. Dale.

We will furnish the lot and build for you in Elmwood; both FHA and insurance loans available. See Grafa. (Adv.)

Mrs. Don Traynor Honoree At Shower Party Friday

Complimenting Mrs. Don Traynor who was Miss Dorothy Ann Perkins before her marriage in Dallas recently, Mrs. Ed M. Whitaker, Mrs. Porter Rankin, and Mrs. Robert Turpin entertained with a miscellaneous shower at the Whitaker home, 1000 W. Wall, Friday afternoon at 4 o'clock.

Yellow chrysanthemums centered the table in the dining room while red roses were used in the room where gifts were displayed.

At the presentation hour little Nancy Ann Stevens, dressed in black velvet with white lace, entered to the strains of the wedding march broadcast by radio.

She presented Mrs. Traynor with an old-fashioned bouquet of rosebuds and baby's breath tied with ribbon and with a "treasure book".

In this volume Mrs. Turpin had drawn a series of pictures and directions were given the honoree to follow her small guide to find the "treasure". In this way, she was led to the room where gifts had been heaped.

The refreshment course in white and pink followed the bridal motif, with ice cream served in the form of wedding symbols.

Approximately 40 persons were present.

Halloween Spirit Prevails at Modern Bridge Club Party

The Halloween spirit was invoked at the meeting of the Modern Bridge club with Mrs. W. B. Chapman, 411-A N. Marienfeld, Thursday afternoon, when the hostess presented each arriving guest with a Halloween hat.

Orange candies and other party accessories carried out the holiday theme as did the refreshment plate served following the games.

Two tables of bridge were played with guest prize going to Mrs. F. H. Schouten, high score prize going to Mrs. F. R. Schenck, and second high to Mrs. W. L. Miller.

Club guests were Mrs. T. D. Collins of Hobbs, New Mexico, and Mrs.

Two Will Present Talks at Senior League Program

Doris Tidwell will be leader for the program of the Senior League of the Methodist church this evening. Topic for discussion will be "Our Brother's Need."

Daphne Shafer will announce the topic and present the scripture reading, following singing of the two opening hymns.

Two talks will be used in developing study of the subject, Mary Jane Walker presenting one and Doris Tidwell the other.

Offertery will be played by Clea Dee Tate.

Announcements, hymns, and a benediction will close the evening's program.

regill, H. R. Brazzelle, A. B. Stickney, D. E. Holster.

The class will meet next Friday with Mrs. G. D. Taylor, 905 S. Baird street, for a study of the eighth chapter of Revelations.

Mrs. W. A. Sherwood was a class visitor.

Members present were: Mmes. Herbert King, Lester, W. P. Collins, G. D. Taylor, C. E. Nolan, Fickett, T. O. Midkiff, J. L. Greenfield, W. G. Attaway, J. M. King, C. O. Fred-

Schouten.

Members present were: Mmes. Dallas Dale, Tom Betzel, Myrl Mannschreck, Dick Anderson, Miller, Schenck, and the hostess.

Fairy Tales Mark Program for Story Hour Saturday

Two classic favorites of children, "Snow White and the Seven Dwarfs" from Grimm's fairy tales, and "Beauty and the Beast" from Andrew Lang headed the list of stories told by Mrs. W. Bryant at the weekly story hour in the children's library Saturday morning.

She also related the story of "The Little Red Hen," anonymous, and another installment of "Alice in Wonderland" by Lewis Carroll, which is being presented in serial form.

Other features of the hour were a story told by Charles Gile and a poem by Billy Pate.

Children present were: Richard Gile, Charles Gile, Joe Ramfield, Troy Jean Alcorn, Betty Jean Merriweather, Lois Black, Patsy Riley, Peggy Riley, Sallie Jean Secor, Billy Secor, J. V. Stokes, Steven Lee Pate, Billy Pate, Diane Debnam, Betty Jean Wilson.

Medical Auxiliary Has Luncheon Meeting Here

Mrs. Alma Thomas spoke on China and Japan as the feature of the program for the Medical Auxiliary of district two in its monthly meeting Friday. The meeting was in the form of a luncheon in the Blue Room of the Hotel Scharbauer.

Out-of-town members of the organization present were Mrs. Emmett V. Headley and Mrs. Hestand of Odessa.

Midland doctor's wives attending were: Mmes. W. E. Ryan, Tom Bobo, Jas. H. Chapple, W. G. Whitehouse.

Mrs. Whitehouse is president and Mrs. Headley recording secretary for the Auxiliary which includes Odessa, Big Spring, Stanton, Andrews and Midland. The organization meets on the last Friday of each month.

Fur Manufacturers—Dallas Texas Room 248 Scharbauer Hotel

Teachers From Fourteen Towns Attend Conference

Teachers of homemaking subjects in 14 West Texas towns were present for the district conference on homemaking held at the Hotel Scharbauer Friday, under leadership of Miss Esther Sorensen, district supervisor.

Midland Girls Are Active in Campus Life at CIA

BY MYRA JO RAY. DENTON. (Sp.)—Taking the spotlight for Midland students on the Texas State College for Women's campus this week is Miss Mary Beth Scruggs, daughter of Mr. and Mrs. R. D. Scruggs of Midland.

The Blue Room of the hotel through courtesy of the Midland school board. Present for the day were Miss Sorensen and the following teachers: Miss Lucille Lucas, Stanton; Mrs. Rena S. Randall, Crane; Miss Frances Lewis, Garden City; Miss Allene Stanton, Rankin; Miss Verna Holcomb, Grand Falls; Miss Florence McAllister, Big Spring; Miss Mildred Shafer, Pecos; Miss Thelma Abbey, Wink; Mrs. A. R. Dyer, Odessa; Miss Marion Mitchell, Odessa; Miss Laura Chambers, Roscoe; Miss Olga Trammell, Baird; Miss Pearl Gann, Lorraine; Miss Mabel Whitney, Coahoma; Miss Vada Crawley, foods department, and Miss Mary Kennington, clothing department, Midland.

Artist Visits Here

Pierre Tartoue, pictured above, famed as a portrait painter in the Americas and on the Continent, is a visitor in Midland. Now on display on the mezzanine of the Hotel Scharbauer is one of his valuable works, a large portrait of the actress, Anita Louise. The artist and his wife will be here over the week-end and perhaps longer.

Famous Artist In Portraiture Is Now Visiting in Midland

BY KATHLEEN EILAND. "One has to be a chemist as well as student of human nature," so does Pierre Tartoue, master portrait painter of Europe and the Americas, now visiting in Midland, sum up the rigid requirements which an aspiring portrait painter must meet if he wishes to be worthy of that title.

the college tearoom of the Household Arts building. This club is to promote interest in current literature and in the achievement of scholastic standing.

There are nine students from Midland on the campus. Miss May Beth Judkins is a junior and is majoring in business administration.

The sophomores are Misses Imogene Hale, vocational home economics, Marcelline Wyatt and Marcella Scarborough, costume design, and Myra Jo Ray, journalism.

The freshmen are Misses Dorothy Lou Speed, Spanish, Anna Beth Bedford, speech, and Mary Beth Scruggs, piano.

Miss Walter Faye Cowden is taking graduate work. She received her degree in physical education last June.

Rural Schools

Valley View. Examinations were scheduled to open Thursday at Valley View school.

Thursday was also the date for a ball game with Stokes. Friday night a pie supper was held at the school house which the public is invited to attend. A cake was presented to the prettiest girl and a cake to the ugliest man as decided in a contest.

Four new pupils have enrolled in the primary room making an enrollment of 24 in the room.

At The Library

5000 Years of Glass, by Frances Rogers and Alice Beard: A survey of the history of glass from the earliest known and surmised history to the present development in blocks for building and incredible lenses.

The Last Empress, by Daniel Vane: Tzu-Hsi, Dowager Empress of China, last of the great Asiatic rulers died in 1908. This is her fascinating story. Tzu-Hsi was not of royal birth, but at the age of sixteen her striking beauty won her the coveted honor of a place in the Imperial harem. When the Emperor's wife died it was Tzu-Hsi who was chosen to succeed her; and her incredible career had begun. She seized control of a vast empire, murdered her rivals, defied the white man's world and went tumbling down the chute of history with the atrocities of the Boxer Rebellion and the collapse of the Manchou dynasty her legacy to fame.

Best Plays of 1936-37, by Burt's Mantle. Take Care of Yourself, by Jerome W. Efrain: A practical guide to health and beauty stressing the proper way to use and the prudent way to buy home remedies and cosmetics.

Panamexico, by Carveth Wells: An account of Mr. Wells' most recent expedition to the Panama Canal Zone and Mexico. His account of motoring out of Mexico to Laredo, Texas over the new Pan American Highway, is of special interest to motorists, especially those who have gone in for automobile trailers as he has.

Southern Poets, compiled by Edd Winfield Parks: Presents the best poems by Southerners that the editor could find, regardless of subject. Indexed.

New Fiction: Shining Headlands, by Sara Ware Bassett (Light romance); Rent Sheet, by Peggy von der Goltz; The story of a parrot, a brilliantly colored macaw who lived in a beautiful park in a German city. Mac hated his captivity, but life became more bearable when a lovely female macaw came to live on the next perch. The War brought years of privation until they eventually found a home with kind friends in America.

Personals

J. E. Feeler and Mr. and Mrs. Enos Feeler left Saturday for Chicago, Ill. They will go by way of West Plains, Mo. J. E. Feeler's old home which he left 59 years ago, where they will visit for a few days before going on to their destination. They plan to be away from Midland about 12 days.

Mrs. S. H. Gwyn leaves today for Cleburne where she will visit for several days.

Mrs. Uel Feeler left Friday for her home in Marfa after visiting relatives here. Mrs. L. T. Boynton has as her guests for the weekend, her mother, Mrs. E. R. Walker of Ballinger and her sister, Mrs. L. R. Mauldin and the latter's small daughter, Nancy, of San Angelo.

Mrs. Bill Collyns is visiting in McCamey.

Miss Maxine Smith of Van Horn is visiting Miss Hove Jenkins for the weekend.

M. Tixier, manager of the Midland district of the Schlumberger Well Surveying Corporation left Saturday for Dallas and Houston where he will remain on company business until Nov. 15. He will sail from New York Nov. 20 on the S. S. Champlain for Paris to visit relatives.

W. J. Dillingham of Bradford, Pa., came to Midland about four weeks ago and will take M. Tixier's place here until his return in March of next year.

ception in some of us, altho we may be unable to express it materially. In union with his temperament, his touch is never coarse, the details fall little short of perfection. Pierre Borel, French artist, says: "The portraits of Pierre Tartoue represent the talent of a man extremely well versed in feminine graces, who notices every detail; careful to grasp every play of light and flesh and material, the light flexibility of the nose of the neck or shoulders, this painter excels in portraying silhouettes that are altogether adorable. His lovely models appeal in all their beauty and distinction."

County Teachers Perfect League

The Midland County Teachers met Saturday, Oct. 30, for the purpose of organizing the interscholastic league. Miss Christine Moore, of Cotton Flat, was elected director

general, Miss Birdie Lee Robertson, Warfield, was elected secretary. The director general is to appoint teachers for the different events.

The teachers also elected a school fair committee, composed of Miss Helen Stewart, Pleasant Valley, Mrs. M. W. Alcorn, Stokes, and Miss Robertson.

It was decided that the director general shall call the meeting of the teachers, as she sees necessary until after Christmas. Then there shall be regular meetings once a month.

Advertisement for Mrs. Modern's Magic Chef Gas Range. Text: "Mrs. Modern BUYS A MODERN MAGIC CHEF GAS RANGE"

Advertisement for Magic Chef Gas Range. Text: "HER REASONS ARE YOUR REASONS I HAD always wanted a modern kitchen but thought I couldn't afford it. Particularly I did not see how I could justify the purchase of a new range, since the one I had was still fairly good. Then one evening in a Magic Chef advertisement I saw just the kind of a charming modern kitchen I had always dreamed of having some day. I couldn't resist. Next day I went down to see a Magic Chef demonstration. Then I realized how sadly old-fashioned and lacking in advanced features my old range was. I realized, too, that in putting up with its bother and inconvenience I was paying for a new Magic Chef gas range without having it. Paying for it in discomfort and dissatisfaction, in nervous strain and sacrifice of leisure, in loss of time and labor. Even paying for it in actual money that Magic Chef saves in gas bills and food. I bought it because I was convinced I couldn't afford to do without it. Like Mrs. Modern, you, too, can afford to replace your old range with a Magic Chef. Magic Chef will modernize your kitchen, simplify your cooking and baking tasks and shorten your kitchen hours. You'll have less work and worry, more leisure, better cooked and more appetizing food, a cooler and cleaner kitchen. You can see the modern Magic Chef ranges in our store. There is a model, style and price that will meet your individual requirements."

MECHANIC'S TAN. J. R. WILLIAMS 10-30

Gym---

Continued from page one
is to house a gymnasium floor space having an actual floor area 60' x 90' with galleries on each side seating a total of 700. This floor will be adapted to general physical edu-

cation and is suitable for competitive basketball games, having a maximum size court as required for high schools and a ceiling height in the clear under the trusses of 22 feet. For practice games and everyday use, the floor space can be divided into two cross courts, making it possible to conduct two basketball games simultaneously. The floor

is also suitable for volley ball, indoor baseball and a great number of other uses. The space will be well lighted and ventilated and will be one of the finest indoor courts in the West.

At one end of the large gymnasium floor is a smaller gymnasium with dividing doors between the two spaces so that this smaller gymnasium floor, which is elevated approximately 4 feet above the main floor, can be used as a stage. This would make possible the use of the main floor for seating 1500 in all, including the galleries, which also would be quite an asset to the community, as there is no auditorium or theater now available with this large a seating capacity.

The small gymnasium floor is also adapted for a girls' gymnasium, to be used at the same time the main floor is used by closing the solid sliding doors in the stage opening.

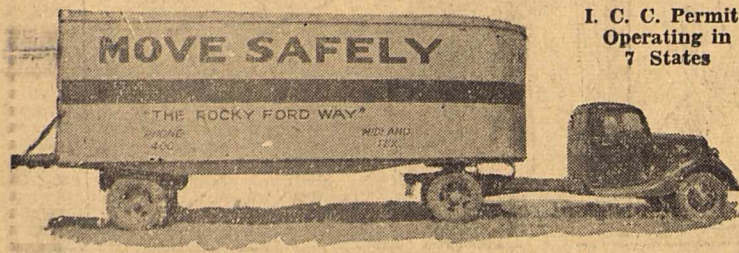

Locker provisions have been made for the girls in the space under their stage gymnasium floor, equipped complete with lockers for physical director, showers, dressing rooms, etc. On the other end of the building are accommodations for boys' showers and lockers and a separate department for the football squad with built-in showers and lockers and coach's room, all functioning separately from the balance of the boys' department.

Provisions are also made for a room for the visiting teams, to be used for shower and dressing room, and for a complete, well equipped, manual training department. On the second floor the plans provide for a large band practice room with elevated seating, and adjoining it are two private instruction rooms, an orchestra room, an office and general storage for instruments, uniforms, etc.

The finish of the building throughout is of the best. The exterior windows and doors are all to be of steel. The playing floors in both gymnasiums are to be of hard maple and the ceiling of all of the larger rooms will acoustically treated.

In the absence of any provisions for either a gymnasium or a large assembly room in the city, this building fills a long-felt want, not only for the schools but for the community in general, making possible the accommodation of large banquets, exhibits, conventions, and miscellaneous community affairs.

Elmwood assures you of reasonable restrictions. See Graf about it. (Adv.)

Oil News--

CONTINUED FROM PAGE ONE

hourly, topped at 5,462. Hole will be plugged back 50 feet, and geophone will be run to provide seismograph data on the area before the well is abandoned. It is 330 feet from the north, 1,533.6 feet from the east line of section 8, block C-44, public school land.

Low on Solid Lime.

Denver Producing and Refining Company No. 1-A Whittenburg, test a mile east of the No. 1 Whittenburg, southwest Yoakum strike completed for 394 barrels a day, topped solid lime at 4,430, datum of minus 811, it was reported yesterday. On the marker, it is running 52 feet low to the discovery, which topped the formation at 4,375, datum minus 759. Drilling in No. 1-A continued below 4,500 feet in lime. It is 660 feet out of the northwest corner of section 830, block D, John H. Gibson survey.

Murchison & Fikes No. 1 C. A. Elliott, west offset to the Denver discovery, is drilling below 4,769 feet in lime. Steel-line correction, hitherto unrevealed, had corrected 4,420 to equal 4,376, it was learned yesterday. This explains the apparent discrepancy by which, although it ran high on all upper markers, the No. 1 Elliott was reported running 48 feet low to the discovery on top of solid lime, logged at 4,420, old measurement. The correction, by bringing the top up to 4,376, datum minus 763, shows No. 1 Elliott to be only four feet lower than the No. 1 Whittenburg. The Murchison & Fikes well is 660 feet out of the northeast corner of section 832, block D.

Treatment with 1,000 gallons of acid had been made yesterday in American Liberty No. 1 L. N. Clawwater, test a mile and a half northeast of the Denver discovery, but results, if any, had not been learned. It is bottomed at 5,083 feet in lime and had shown intervals of porosity and saturation over the last 70 or 80 feet. The well was drilled in with rotary. It is located 660 cu. of the southwest corner of section 766.

After raising tubing from 5,084 to 5,053, Texas No. 1 Walker, Yoakum find three miles west of the Denver area, was swabbed for seven hours, recovering 68.20 barrels of oil, but failing to flow. It is bottomed at 5,182, plugged back from 5,180 and has been shot and acidized in both the upper and lower pays. Location is 660 feet from the south and east lines of section 794.

Farther northeast, in the Bohago area, Standard of Texas No. 1 M. B. Sawyer is testing casing believed damaged by 1,000-gallon nitro shot. Oil Crew could not build up more than 500 pounds pressure in the pipe indicating probable leaks. Bottomed at 5,403, the well was shot from 5,190 to 5,400 and is located in section 576.

J. L. Greene No. 1 Nevels, Yoakum test in section 709, is drilling at 4,946 feet in lime. **Martin Test In Salt.** Depth of 2,850 feet in salt had been reached yesterday by J. L. Greene, Russell C. Conkling and Tom R. Parker No. 1 O. B. Holt, closely watched wildcat in western Martin, labour 30, league 319, Garza county school land.

Ray Albaugh No. 1 Dewey Hogg, southeastern Dawson failure, will be abandoned today after running bailing test to satisfy contract of operator with companies contributing to drilling of the well. Total depth is 3,965, and sulphur water was entered at 3,810. Slight show of oil was reported in samples from 3,858 to total depth. The test is in the center of the southeast of the southeast of section 17, block

34, township 4 north, T. & P. survey.

Fill-up of 2,600 feet of oil in five hours was reported for Wiggins, Lawson and Hyde No. 1 Carrie Slaughter Dean, southeast Cochran producer four miles northwest of the Duggan pool. It is still cleaning out shot cavings 10 feet off bottom.

Five miles to the northeast, the same operators' No. 1-A Dean is drilling at 4,861 in lime. Cable tools were rigged up at 4,800.

1-L Gas Decreasing.

Gas estimated as high as four million cubic feet encountered from 4,234-37 by Texas No. 1-L State, important wildcat seeking to extend the Vacuum pool in Lea county, N. M., three miles farther south, had decreased to an estimated 250,000 cubic feet as drilling progressed to 4,247 yesterday. No oil shows have yet been encountered. The well is in the center of the southwest of the northeast of section 1-18-34e.

Oil had risen to 600 feet, as Repollo Oil Company No. 1 R. W. Cowden, Lea wildcat northeast of the Cooper pool drilled to 3,570 feet in lime. It had first show of oil from 3,542-44 and an increase at 3,550. Location is in the northeast corner of section 31-23s-37e.

Church---

CONTINUED FROM PAGE ONE

hot or cool air as the season demands. The circulatory system is sufficient to effect complete change of air in less than three minutes.

The building is expected to be ready for occupancy on or about Dec. 1. J. C. Thompson of Texarkana is architect, C. S. Oates and son of Abilene, general contractors, and Oscar Rose, resident superintendent of construction. **Dedicated in 1900.**

History of the Presbyterian church here begins in the late decades of the nineteenth century. The old building which will be supplanted by the new structure at West Texas and A streets has served the congregation for approximately 38 years, having been dedicated in May, 1900. However, the building was erected before the church was organized, this being an unusual procedure, and it is believed the building was constructed in 1899, since a group joined the church in Nov. 1899, effecting a new organization.

Previous to this, apparently in the 1880's a Presbyterian church organization had existed in Midland but it disbanded for a period of several years and all records were lost.

Among the charter members of the later organization, according to research of Mrs. J. M. Caldwell, church historian, were such old time residents as Mrs. W. M. Allison and family, the Burneys, the Little's, W. D. Watts, Mrs. W. K. Curtis, and Mrs. Kate Capps.

In 1926, an educational department was added to the frame church building on Wall and Big Spring streets.

Rev. W. J. Coleman came to the church as pastor in October, 1931. He is a native of East Tennessee and was educated at the University of Tennessee at Knoxville, at King college, Bristol, Tenn., and at the Presbyterian Theological Seminary, Louisville, Ky.

The Church Staff includes: Session: W. J. Coleman, Moderator, A. Harry Anderson, Harry L. McClintic, J. L. Kendrick, Frank Stubbs, J. H. Knowles, J. P. H. McMullan, clerk, J. G. Gossett (Infirmary for several years), I. F. White (seminary student for several years).

Board of Deacons: W. J. Sparks, chairman, Lem Peters, Tom Sealy, L. T. Boynton, J. M. Hawkins, Clinton Creech, Duke Kimbrough, B. C. Henderson,
