#### Loss of Eye, Broken Leg Is Suffered By Former Local Man

Edd S. Gee, Winters, formerly of Midland, is in a local hospital suffering from serious injuries, and three other persons were seriously injured last night in a car wreck that occurred about 10 miles west of town.

An attending physician today reported Gee would lose the sight of one eye, that he had one broken leg and other injuries. M. L. Jackson, Stanton, B. Jackson, Carlsbad, T. P. McCurrin, Texarkana were all treated following the accident.

Gee, Johnson and Jackson were reported to have been traveling westward at the time of the accident, colliding with a car driven by McCurrin. McCurrin, an oil field worker at Wink, was enroute to his home in Texarkana. He suffered deep lacerations on the face, Johnson suffered minor injuries and Jackson suffered bruises and lacerations, none considered serious.

Gee formerly operated the skating rink here. Jackson is operating a rink at Stanton and Johnson is in charge of a rink at Carlsbad. All are the property of Gee. The car in which the three were riding was the property of Gee but Jackson was reported to have been driving at the time of the accident.

### LaGuardia Faces Mahoney Tuesday In N. Y. Election

NEW YORK, Nov. 1. (AP)—The day of the great test for the once all-winning New York City Democratic machine drew near today, as its mayoral candidate, Jeremiah T. Mahoney, departed custom and set for himself a speaking schedule carrying him right up to midnight before the election on Tuesday.

Mahoney, facing the Fusionist Mayor F. H. LaGuardia, had seven speeches on his schedule for today alone.

LaGuardia's organization, made up of the American Labor, Republican and Communist parties, along with a wing of the Socialist party, formally predicted a landslide, contending the mayor would win by 750,000 in an expected total vote of less than 2,500,000.

The Democratic manager claimed a Mahoney maximum plurality of 400,000.

The big question was whether LaGuardia, who entered City Hall four years ago while the Democrats were openly and savagely split, could repeat—something never before done by a so-called "reform" candidate.

Democratic ranks were closed with every outward sign of solidarity for the campaign. Mahoney got the party nomination as an avowed supporter of the Roosevelt New Deal over Senator Royal S. Copeland, the choice of Tammany leaders hostile to the President's leadership.

Once defeated, Copeland made public peace with Mahoney, whose greatest advocates in the primary fight were the Democratic organization heads in boroughs outlying Manhattan who have gone along with James A. Farley against Tammany critics.

Farley himself was aiding in directing the campaign's windup. He had spoken strongly for Mahoney, but had not sought to commit the Roosevelt Administration itself to that course.

LaGuardia was a consistent advocate of most of the President's policies.

Thus, no clear-cut New Deal issue is involved. What was directly involved, however, was the preservation of the Democratic party's record of comparative invincibility.

LaCava, secretary-treasurer, expert technicians will appear on the program to discuss the vexing problems that confront those engaged in the cleaning and dyeing industry. Interesting and educational exhibits will be displayed in order that attending delegates may readily comprehend the solution whereby these handicaps may be overcome.

An elaborate entertainment program has already been planned and the Lubbock committee in charge of arrangements promises a full two day session, including the annual get-together the night of November 14.

Headquarters have been established at the Hilton Hotel where reservations are already being made.

### Japan Fights Their Battles

Untouched by the grim realities of their nation's war on China, these three charming Japanese misses nevertheless have a big interest in the war's outcome. ### Control of Crops Agreed On By Comm.

#### Group Striving to Get Bill Written Ere Session Opens

WASHINGTON, Nov. 1. (AP)—The house agriculture committee agreed today on the principle of voluntary control of wheat, cotton and rice crops in the new farm bill.

Chairman Jones, Texas, said the group also had virtually agreed on a proposal for compulsory control of tobacco.

The question of compulsory or voluntary regulation of crop production has been one of the most controversial before the committee which is drafting the bill for the special session of congress.

A skeleton bill outlined by Jones also provides for continuation of soil conservation payments, financing the new program by some form of tariff equalizing taxes, and setting up market quotas in emergencies.

Corn remains the major problem. Senator Ellender (Demo-La.) member of the senate agriculture committee, said the majority of the farmers wanted compulsory control.

### Some Hens Would Turn Green with Envy At This Emerald Egg

Winter wheat or rye must be good where the Silver Grill Cafe's eggs come from, at least that was what Angelo Smyrle, co-proprietor, thought when he broke one and found a solid green yolk.

It all happened when Dick Graves came in and ordered an omelet for breakfast. Smyrle broke an ordinary looking egg and was startled by finding the emerald colored "birds." He decided not to cook it for Graves, which was all right with Dick.

This morning the egg was on display and Smyrle was preparing affidavits to send to Ripley. The eggs in which this was found came from C. O. Dacis Poultry Farms, Rule, Texas, Smyrle said.

### Vanquished Tribesmen "Up In Arms"

Both arms upraised while they stand at attention, these Arabs in Palestine demonstrate the most popular thing in martial salutes. Battle custom calls for it when a superior force gets the draw on you. In this case the opposition happens to be British colonial troops, on duty in the Holy Land to halt terrorism arising from Arab opposition to Jewish colonization. The mass surrender above occurred as the British soldiers conducted a search for concealed arms.

#### British Refuse to Withdraw Troopers From Colony Edges

SHANGHAI, Nov. 1. (AP)—Japanese Admiral Kiyoshi Hasegawa apologized today to American marine commander John Beaumont, who protested against a Japanese foray on the American protected side of Soochow creek.

A Japanese party crossed to the American sector in a junk seized from a Chinese crew.

As the Japanese attempted to blast their way into Chinese positions and encircle Shanghai today, Major General Telfer-Smollett, commander of British troops, refused to withdraw soldiers from outposts in the western section of the city.

He served notice British would hold lines regardless of eventualities.

Tension between Japanese and British troops became more acute with the Japanese blowing Japanese of ten casualties, including five deaths, surreter by their forces.

The latest casualties were caused by two shells striking a hut near Jassfield Park occupied by British troops.

Major General A. P. D. Telfer-Smollett, commanding British troops here, made vigorous representations to the Japanese army and navy commanders, urging that the direction of the Japanese artillery fire, apparently aimed at the new Chinese lines in the Hungjao area west of Shanghai, be altered.

### Britain Protests Bombing of Ship By Rebel Plane

LONDON, Nov. 1. (AP)—Foreign Secretary Anthony Eden told the house of commons today that the government had lodged a strong protest with Spanish insurgents over sinking the British merchantman Jean Weems.

As the battle cruiser Hood sped to Barcelona to investigate the attack, Eden indicated Anglo-French reinforcements might be made as a result.

A seaman who survived the sinking of the British freighter said Sunday an Italian seaplane machinepunned the British vessel and then sank it with bombs.

The 2,349-ton freighter, bound from Marseilles to Barcelona with a cargo of wheat and condensed milk, was sunk in the Mediterranean Saturday sixteen miles off the North-east Spanish coast. The crew of twenty-six was saved.

William Bemeorough, a Scottish sailor, telephoned an account of the disaster from a Catalan coastal village where the crew was cared for. He said a plane appeared from the direction of Mallorca, insurgent-held Balearic Island, and after warning the crew to take to lifeboats dropped sixteen bombs.

Four projectiles fell in the ship's No. 4 hold, he said. The freighter sank in flames, stern first, fifteen minutes later.

Eden said he wanted to "make quite plain" that the United States took the initiative in convoking the nine-power conference on the Chinese-Japanese conflict, and that any action in the dispute "essentially depended on cooperation of the United States."

He said Britain will go as far as the United States in seeking to end the war.

### Trade Commission Wants Legislation

WASHINGTON, Nov. 1. (AP)—The Federal Trade Commission recommended Sunday rigid limits on big business mergers as one method of fulfilling President Roosevelt's recent recommendation for stronger anti-trust laws.

Dispatching its annual report to congress, the agency asked for laws prohibiting a business for acquiring the assets of a competitor if the combined assets exceeded a fixed percentage or amount. No figures were suggested, however. The commission urged the legislators to fix them.

"This would," the report said, "have the advantage of a positive legislative standard, defining the limit at which corporate accretions in size and power shall be halted in order to prevent monopoly."

Officials explained the commission put emphasis on "positive legislative standards" to prevent emancipation of generalized laws. They expressed the belief the courts have weakened previous anti-trust laws by interpretation.

The commission also repeated a request made in past years that congress prevent the acquisition of the physical assets of a competitor in cases where such a merger would lessen competition substantially. Present laws prevent only acquisition of the capital stock of a competitor.

Boy, when someone phones us and gives us a good eating out about something left out of the paper, and thirty minutes later someone calls us out for something that we did get in, we know we are interesting the readers. Thank goodness we haven't gone to seed.

All I have to say in rebuttal is that they play next Saturday, so he will soon find out. The Shell club was host to a Halloween masquerade dance at the Country Club Saturday evening.

Cornstalks, pumpkins, lanterns and autumn leaves created a properly spooky and festive atmosphere in the ballroom where approximately 80 people engaged in dancing.

First prize for women's costume went to "Harriet" Barton who portrayed the athletic girl. First prize for men's costumes went to Robert Jones who appeared as a blood-thirsty pirate.

Refreshments were served about midnight. Ed Beasley is president of the Shell club composed of employees of the Shell company and their friends, while Miss Nell Shaw is secretary-treasurer. Miss Thyra Dickenson is head of the entertainment department.

Firestone Starts Tenth Year on Air

This month the Voice of Firestone starts its tenth consecutive year on the air and thus becomes one of the few programs to achieve this distinction. In celebration of this event, Richard Crooks begins his seventh consecutive year on the Firestone program by inaugurating the Fall and Winter series on Monday evening, November 1, over the N. B. C. Network at 8:30 P. M., E. S. T. The appearance of Crooks again this year on the Voice of Firestone is another event worthy of note because few programs now on the air have consistently featured the same star for such a long period of time.

The program for this Monday evening includes songs that have proved most popular with Crooks radio audience during his years of broadcasting on the Voice of Firestone. He will open the concert by singing "Cecilia" by Strauss, following with Liszt's ever popular "Liebestraum." The Firestone Choral Singers will present two popular selections, "I Know That You Know" by Youmans, and one of the late George Gershwin's popular numbers, "Nice Work If You Can Get It," from "Damsels in Distress."

Following these two numbers Crooks will again take the spotlight to sing one of his concert favorites, "Old Mother Hubbard," and, assisted by the Firestone Choral Singers, conclude with a medley of selections from Rudolph Friml's ever popular operetta, "Rose Marie." The Firestone Symphonic Orchestra, under the direction of Alfred Wallenstein, will furnish the musical background and be featured in Percy Grainger's sprightly tune, "Shepherd's Hey."

Cornerstone-- CONTINUED FROM PAGE ONE

And so we pray that this arrangement of inanimate material may through years to come stand as a permanent crier, inviting the passer-by to "enter" and urging "the leaving behind of THINGS," speaking to all: "It is not too late to seek new life and a new world."

"To whom coming as a living stone, chosen of God and precious, ye also, as lively stones are built up a spiritual house, on holy priesthood, acceptable to God by Jesus Christ."

"Unto you therefore who believe, He is precious; the Stone which is symbolic of the foundation rock of the teaching of our Lord Jesus Christ, the same shall become as a portion of this new House of God—yea, even a portion of the very foundation of this House to be dedicated in the near future to the worship and teachings of God, the Creator and Father of all men."

"Brethren, this stone symbolizes the initial step in the building of a Temple of Beauty in the Name of our God, an emblem of spiritual uprightness and strength. Behold the work is well under way but we here place this stone in a wall about which the building clusters, a stone which by His grace is as the foundation of the hope enshrined in our hearts that we shall one day rest in peace with Him."

(Speaking to representative workmen, A. Harry Anderson, Jess Thompson and Mr. Rose) "You have been chosen by the grace of God and by your brethren to perform this eventful privilege of setting in place the stone upon which our hopes rest, symbolic of the greater work of the Church among men. In this corner we shall place the following: (place, set and seal stone.)"

"Brethren, the setting of the Corner Stone is completed, and the progress of the building may go forward from day to day, even as our pilgrimage toward a greater life goes forward with the rising of each day's sun and the setting thereof. May countless souls pass through the doorway of this temple of God, seeking to serve Him and to know Him. Whom we know through His original In the Name of the Father and of the Son and of the Holy Spirit. Amen."

(CLOSING PRAYER.) Lord, God, Who art the Beginning and the End, by whom all things were created; grant us the fullness of Thy mercy, and establish Thou this stone which we have planted in Thy Name. Accept, we beseech Thee, the humble service of all who contribute of their substance unto this building; let Thy blessing rest upon them, and also upon those who labour in erecting it, to shield them from all accidents and dangers; and grant unto them, and all of us here present, Thy Heavenly grace, that our gifts and all our service may be sanctified, and we may become in soul and body living temples of the Holy Ghost. All which we ask through the abundant merits of our Lord and Savior, Who liveth and reigneth with Thee and the Holy Ghost, ever one God, world without end. The grace of the Lord Jesus Christ. And the love of God. And the communion of the Holy Ghost, Be with you all.—Amen.

it is doubtful if they can hold Wink any closer than most of the teams that have played the Wildcats this year. Odessa was primed to the peak for the game yet they were defeated by four touchdowns. Very few believe Monahans can come that close.

Midland should finally quit occupying the cellar position with Kermit this week. Each club has three conference losses without a win but the Bulldogs should have their biggest day of the year against the invaders. If the Midland coaches keep their strongest line-up in the game all the way through there is no reason why the Bulldogs should not win out by about 50 points.

Crane will be favored over Stanton because of their superior record this season, but the game may be close.

Odessa and Pecos will be resting preparatory to their game in Pecos Armistice Day.

Monahans didn't look very impressive in defeating Grand Falls by an 18-0 score, but the Lobos were probably thinking more of their game with Wink this week than the one in which they were engaged.

Stanton continued to show improvement in their touchdown "twins" Eldson and Graham blasted Class-C Coahoma for an easy 32-0 victory. The Buffaloes will get a real test this week, however, when they journey to Crane. Whether the large scores ran up by Stanton in their last two games is an indication of their gaining strength or that their foes were particularly weak should be pretty well answered.

Probably the best game in the district this week will be between Wink and Monahans at Monahans Friday night. The Lobos are sure to be at their best against the Wildcats but

Interment services were held here yesterday afternoon for William Clifford Lewis, Jr., six years old Monahans, who was killed Friday night when struck by a taxicab on the streets of Monahans.

The parents of the deceased child formerly lived in Midland. Several relatives still maintain residences in this county.

Miss Joyce Holiman returned today from a stay of several days in San Angelo. While there she underwent a tonsillectomy.

Mr. and Mrs. D. P. Weatherred are the parents of a girl born Saturday afternoon in a Midland hospital. The baby, weighing five pounds, 11 ounces, has been named Dolores Juanta.

Mrs. Vestal Collins and Mrs. Roy Green of Childress spent the week end in the home of Mr. and Mrs. Cecil Yadon. Mrs. Collins and Mrs. Yadon are sisters.

Frank Cowden and family have returned from a week end visit to El Paso where they saw the New Mexico Military Institute team win from the Special Troops in the Southwestern Open Polo tournament. Frank Cowden Jr. is on the Institute team.

Ex-Aggie Club Has Steak Fry Sunday

The Ex-Aggie club of the Permian Basin met for a barbecue steak fry at Cloverdale Sunday evening. About 50 members and a number of wives of members were present.

Meetings will rotate between the different towns where membership is located, the next meeting to be held on the second Thursday in December at the Gulf recreational hall at Crane.

S. A. Deban of Midland is president and Ed Martin is secretary of the organization.

Steaks for last night's meal were cooked by P. W. Nelson and Harry Sessions of Odessa.

ST. PAUL (U.P.)—Recent celebration of the 100th anniversary of the state of Minnesota recalls the bargain the white man drove with the Indians for a wedge of land between the St. Croix and Mississippi rivers.

The wedge was ceded to the United States by the Sioux in consideration for annuities for food, goods and miscellaneous provisions. In addition, the government took over outstanding debts of the Indians concerned.

This wedge was the first land in Minnesota to be opened to white settlement and is considered the "origin" of the state. It was rich in timber and lumbermen laid claim to areas of trees as soon as the treaty had been negotiated.

TO SYNOD. Rev. W. J. Coleman and J. P. H. McManis of the Presbyterian church will leave Tuesday as representatives from Midland to the Synod of the State of Texas which will convene at Kingsville. The two will be accompanied by Rev. T. D. Murphy of Odessa and a representative of the Odessa church. They will probably be gone until Friday.

The surface temperature of the sun has been estimated at 6000 degrees Centigrade.
