## Japan Refuses to Enter Peace Talk

### Strife, Guns Mock Prayers For War End

#### Peace Talk Heard As War Rages in China and Spain

By The Associated Press.

Booming guns mocked prayers for peace in yesterday's commemoration of the World War's ending.

In quiet Arlington Cemetery at Washington, President Roosevelt stood with bared head before the tomb of the unknown soldier and heard an American Legion leader call for "the enthronement of an enduring peace."

But war raged on in China and Spain, officials revealed that an American seaman had been wounded in the fighting at Shanghai, and preparations for possible conflicts to come went forward in many lands.

The 19th anniversary of the signing of the Armistice was marked as well by sensational demonstrations in England and Ireland.

While King George VI honored Britain's World War dead, an escaped asylum inmate lunged toward him, shouting:

"All this is hypocrisy—you're deliberately preparing for war!"

In Ireland, the royal coat of arms was blasted from Dublin Castle once occupied by the "Black and Tan" constabulary which battled advocates of Irish independence during the troubled years.

In Paris, the Duke of Windsor remained away from an Armistice Day church service after the Anglican rector, the Rev. J. L. C. Dart, had said, "I would rather the duke did not attend." Later, however, Mr. Dart apologized. He is a vicar of the Church of England, which opposed Edward's marriage to an American-born divorcee.

Veterans of the World War marched with troops of today in Armistice ceremonies in London and Paris, but Germany did not celebrate an. Former Kaiser Wilhelm ignored the anniversary.

Delegates to the nine power conference in Brussels resumed efforts to end the undeclared war between China and Japan, but they reported no concrete developments.

In ceremonies throughout the United States, appeals for American guidance of the world toward peace mingled with warnings, the best way to prevent war is to maintain a strong national defense.

At the rites attended by President Roosevelt, Daniel J. Doherty, national commander of the American Legion, urged removal of the profit motive from war, an adequate national defense and "a proper policy of neutrality."

### Reorganization of NLRB Is Requested by Green

WASHINGTON, Nov. 12. (P) — William Green, president of the American Federation of Labor, carried to the White House Thursday the Federation's request for drastic reorganization of the Labor Relations board.

After accusing the board of favoring John L. Lewis' rebel C. I. O. in labor's civil war, the federation's recent convention at Denver instructed Green to ask President Roosevelt for "prompt relief."

Green said Mr. Roosevelt assured him he would consider a list of cases which Green intends to assemble. All of these, Green said, would show the board had favored the C. I. O.

Green called on the president a few hours after the labor board had ordered the Consolidated Edison company of New York and six affiliated utility companies to break contacts with the International Brotherhood of Electrical Workers, an A. F. of L. affiliate.

Although he said he had not discussed this case with the president, Green called the decision "outrageous." The United Radio and Electrical workers, a C. I. O. union, preferred the charges that

### First Matches of Golf Tournament Star Saturday

Initial matches in the City Golf Tournament to be held here Saturday and Sunday will start at 1 o'clock tomorrow afternoon on the Country Club course.

The winner of the championship flight will be awarded the Reporter-Telegram loving cup for the first time. This is the first year a city tournament has been held and sponsors are anxious to make it an annual affair.

The entry list is smaller than had been expected, only 24 golfers having turned in qualifying scores. A putter was awarded to Maurice Green, medalist in the championship flight, a golf bag will be awarded runner-up in the flight.

In the first flight, a sparklet siphon will be awarded the winner and a chipper will be given to the runner-up.

At one o'clock tomorrow afternoon, Maurice Green, E. B. Dozier, Pat Riley and F. A. Stacey will tee off; ten minutes later Elton Dozier, F. Johnson, Clyde Pate and Paul Oles will start; at 1:20, W. P. Thurmond, W. T. Doherty, R. L. Mobley, Jack Smith will start.

The first flight matches will start at 1:30 with Bill Simpson, Pearl Blair, M. A. Parks, R. W. Hamilton, leaving No. 1 tee at that time, Phil Larson, Don Sivalls, Addison Wadley and Sam Laughlin will make up the second foursome and H. E. Hoekendorf, R. J. Steel, Fred Bishop and Reece Cleveland will tee off at 1:50.

Entrants will play 18 holes in tomorrow's match and 36 holes in the matches Sunday. The final matches will start at 8 a. m. Sunday.

### Postal Force of 80,000 To Take Unemployment Report Cards Into 31 Million U. S. Homes Tuesday

WASHINGTON, Nov. 12. (U.P) — Eighty thousand of Uncle Sam's postal carriers on Nov. 16 will visit mailboxes, hovels, hobo jungles and trailer camps in a gigantic drive to count the nation's unemployed.

Twice before in recent years, postal carriers have literally "tracked down" millions of people. Once was in the social security registration, and before that in the bonus registration.

They are to call on 31,000,000 homes, leaving in each mail box an unemployment census questionnaire to be answered voluntarily.

Each questionnaire will bear a special message from President Roosevelt, exhorting co-operation of the unemployed and partly unemployed.

"If you give me the facts I shall try to use them for the benefit of all who need and want work and do not now have it," the President pledged.

To Cost \$5,000,000.

Congress ordered the census as a blueprint of the nation's employment condition, and provided \$5,000,000 to complete the work.

John D. Biggers, president of the Toledo-Libby-Owens-Ford Glass

### Co., whom the President named to direct the census, announced he would keep the cost within that figure, and have the results completely tabulated by the time Congress meets in regular session.

The American Federation of Labor unemployment statistics have set the unemployed in the neighborhood of 8,500,000 persons.

Biggers said the census would give the President and Congress the first factual, nationwide picture of unemployment and part time unemployment. What is to be done after the picture is obtained is for them to decide, he said.

No Previous Check.

It was pointed out that the nation's gigantic relief program has hitherto been carried out without such a comprehensive picture of unemployment.

Biggers said he hoped to "catch even hoboes, if they light anywhere during the census day."

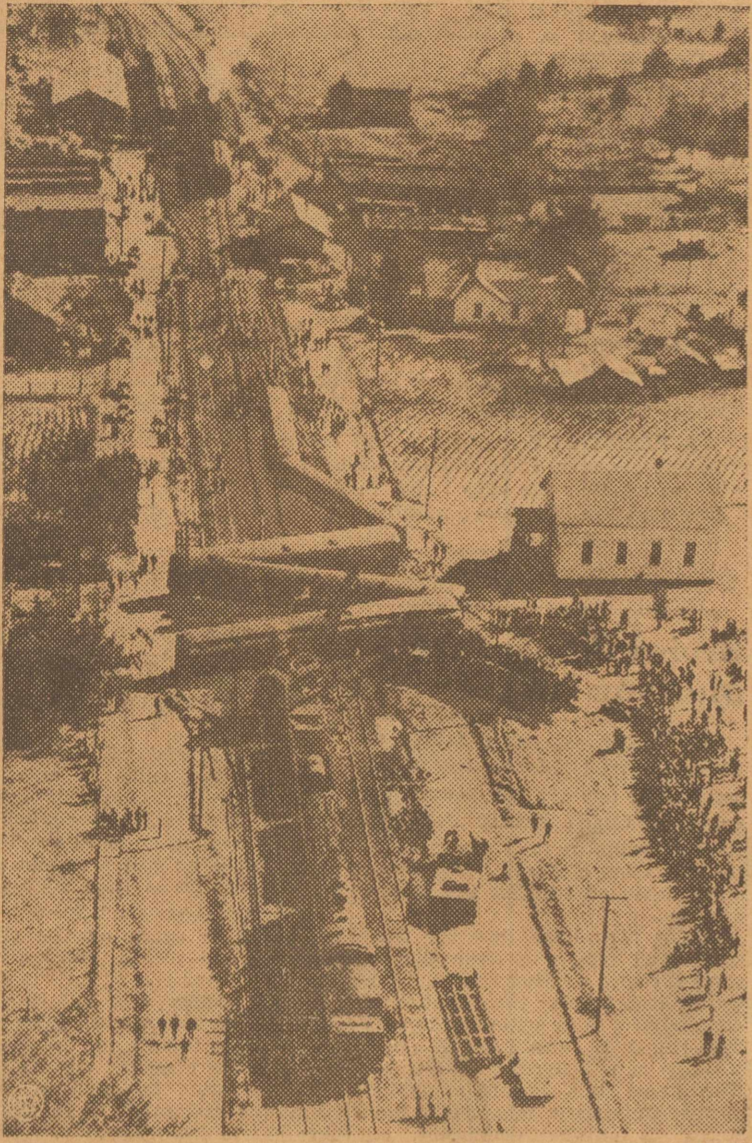

Co-operation of state governments, municipal officials, and more than 70,000 local units of national organizations have been enlisted to aid in the drive.

An intensive "educational" campaign before returning to Midland.

Rev. W. R. Mann will leave Saturday for Alpine where he will attend a conference of the Presbyterian church, Sunday morning he will be in Monahans to install a minister and Sunday night he will go to Wink for an anniversary program before returning to Midland.

See (CENSUS) Page 6

### One Truck Did This to a Flyer

When a train meets a truck, it's not always the smaller vehicle that gets the worst of the deal, as is shown in this remarkable air-view. This crack Southland flyer hit a truck at a grade crossing in the village of Lovejoy, Ga. The engine ended upside-down in an adjoining field and the passenger cars folded together like an accordion. Four persons died in the wreckage.

### Slow Start On Special Session Sure

#### Congress Bills Not Yet Written, Many Grumble Over Wait

WASHINGTON, Nov. 12. (P) — Predictions of a slow beginning for the special session of congress came today from democratic leaders who nevertheless pledged themselves to expedite the Roosevelt program.

House Speaker Bankhead and Senator Barkley, floor leader said they would try to enact as many of the President's recommendations as possible.

Several congressmen, grumbling because major bills are still incomplete, said they might as well have stayed home a while longer.

### Billy Rose, Eleanor Holm Jarrett Declare They Will Wed Soon

DENVER, Nov. 12. (P) — Showman Billy Rose, declaring his wife should be "tired of living with a man who smelled of elephants," boarded a California bound train today with Eleanor Holm Jarrett, whom he said he intends to marry.

Both Rose and Mrs. Jarrett, former swimming champion, expressed assurance they would soon be divorced from their present mates, actress Fanny Brice and orchestra leader Arthur Jarrett.

### Vargas Assures Nations Fascism Not in Control

RIO DE JANEIRO (By Telephone to Buenos Aires), Nov. 12. (P) — The government of President Getulio Vargas assured foreign diplomats Thursday its assumption of dictatorial powers was not Fascism but Democracy "moulded to Brazilian necessities."

Diplomats of many countries made inquiries concerning the reported Fascist implications of Vargas' coup yesterday, in which he dissolved congress and promulgated a new constitution.

It was learned on good authority the Italian and German envoys had made overtures to gain Brazil's adherence to the Italian-German-Japanese anti-Communism pact but had been turned down.

The situation in the capital was calm with no outward sign of change. This tranquility apparently extended through the nation.

Censorship continued, however, under the "state emergency" set up under the new constitution, which replaced the often-suspended "liberal" 1934 constitution.

Under the legislative powers of the new constitution which permits the president to promulgate laws by decree when the chamber is not sitting, Vargas was understood to be working on two important measures.

The first, declaring a moratorium on foreign debt payments, was indicated in his radio broadcast last night explaining the reasons for the coup.

Although there has been no official announcement, it was understood the short term moratorium would be inaugurated by formal notices explaining Brazil's financial situation.

Vargas also was preparing a decree cutting the export tax on coffee and giving substance to the policy announced Nov. 3 of abandoning export price control over Brazil's principal product. At that time Vargas scrapped the seven-year-old system of controlling coffee surpluses by government purchase and destruction.

In his speech last night Vargas said his bloodless coup had made necessary by the threat of armed revolt from "regional mobsters masked as party leaders and armed to impose their decisions on the nation" in the scheduled January presidential election.

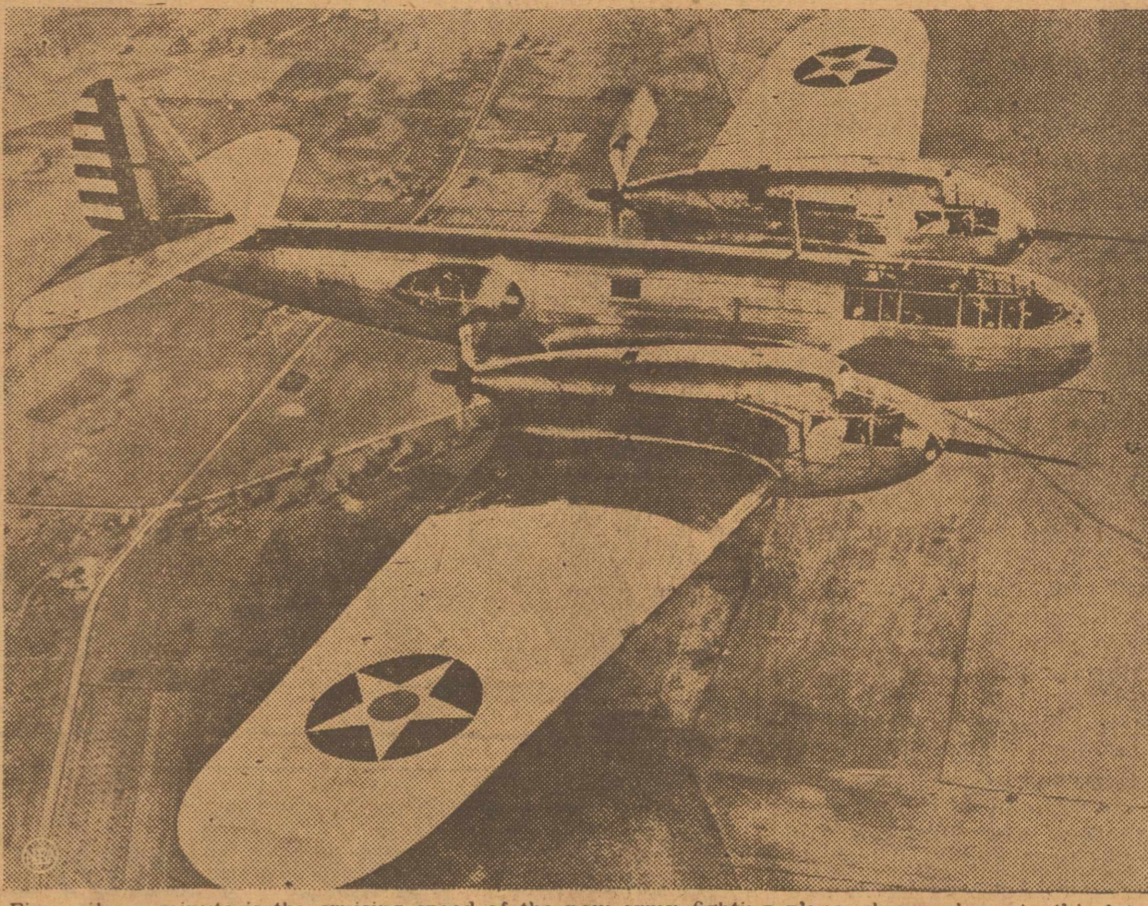

### Baptist Convention Is Ended in El Paso

EL PASO, Nov. 12. (P) — Texas Baptists closed their convention here today with denunciation of child marriage and repeal of the 18th amendment, which was called "the greatest moral calamity visited upon the nation in the last 100 years." Dallas was chosen as the next convention site.

WILL GO TO ALPINE.

Rev. W. R. Mann will leave Saturday for Alpine where he will attend a conference of the Presbyterian church, Sunday morning he will be in Monahans to install a minister and Sunday night he will go to Wink for an anniversary program before returning to Midland.

### Testing U. S. Army's New "Cannon-Bearing Pusher"

Five miles a minute is the cruising speed of the new army fighting plane, shown above in this late, impressive picture, which carries a crew of five, a cargo of light bombs, and six automatic machine guns which are veritable cannon. Pilots and gunners have unlimited vision in all directions, as the plane is a "pusher," with propellers in the rear of this revolutionary new fighter, which army flyers have nicknamed the "Aircuda." In the picture above, Lieut. B. F. Kelsey can be seen clearly as he puts the plane through test flights for the Army Air Corps Materiel Division at Dayton, O.

### Jap 'Moppers-Up' Fighting Way Through Shanghai

Pursuing every advantage in the bitter Shanghai fighting, Japanese mop-up squads, wearing gas masks and steel helmets, follow in the wake of every artillery barrage to clear out Chinese snipers who remain behind to harass the advancing foe. The picture at the left shows a pair of heavily-armed Japanese soldiers working from house to house in the guerrilla warfare which features fighting in the Chapel area these days. At the right, Nipponese soldiers await the "charge" signal before moving into an area just raked by artillery fire.

### Public Invited To Hear Minister

Opportunity to hear a minister who has been rated by critics as "one of the six greatest pulpits thinkers in American religious history" will be given Midland citizens Sunday when Dr. W. C. Morro will fill the pulpit of the First Christian church at both the morning and evening services.

Dr. Morro, now head of the Brite College of the Bible at Texas Christian University, was for many years pastor of a great Union church of Christ in Sydney, Australia, and for several years held union revivals in the British Isles and on the continent of Europe.

Special music for both programs will be provided by the choir of the church under direction of Mrs. M. A. Park with Mrs. Lee Cornelius at the piano.

The public is invited to hear Dr. Morro.

### Father Says Son Seeks Jail to Avoid Work

MONTREAL (U.P) — Responding to an alarm, firemen were asked to find a place in jail for 18-year-old Marcelle Bland.

The father told the court later that his son pulled the alarm to get jailed and thus avoid working for his father.

### Government Rests In Conspiracy Case

MADISON, Wis. Nov. 12. (P) — The government rested its gasoline price fixing conspiracy case against 19 oil companies and 45 individuals at the end of the sixth week of the trial today after dismissal of charges against seven corporations and one individual.

The meetings of the forum will be public and registrations from all over the country are being received from appraisers, tax assessors, real estate brokers, architects, engineers, mortgage lending executives, economists, bankers, statisticians, insurance leaders, research experts and educators.

The forum is the first effort to bring about a national exchange of real estate appraisal and mortgage lending data. Leaders will discuss the social and economic importance of such data and its extent and scope. It will be determined what types of data are lacking and needed so that a program for supplying the need may be formulated. Outstanding realtors, statisticians, mortgage lenders and other experts will stress the practical application.

See (MEETING) Page 6

### Red Cross Officials Meet in the Morning

Final details pertaining to the staging of the annual Red Cross roll call here Tuesday and Wednesday of next week will be perfected when captains of the various membership soliciting groups meet at 7 o'clock in the morning, the breakfast having been called by Russell C. Conkling, roll call chairman.

Captains of the various groups are: Mrs. Barron Kidd, Mrs. Jimmy Maxwell, Mrs. Bill Collins, Mrs. Bill Epley, Mrs. Tom Sealy, Mrs. J. D. Dillard, Mrs. Holt Jowell, Mrs. I. E. Daniel, Mrs. J. P. Butler, Mrs. Alf Reese, Mrs. J. W. Rettig, Mrs. Foy Proctor, Mrs. Allen Tolbert, Mrs. Don Sivalls, and Mrs. Earl Ticknor. Mrs. J. A. Haley, chairman of the Midland Red Cross chapter, also will attend the breakfast.

It is planned to start the roll call solicitations early Tuesday morning, the city having been divided into sections with each group having been designated a special area in which to work. Membership booths will also be set up in various of the downtown lobbies, a booth having been opened at the chamber of commerce office Wednesday afternoon for the benefit of persons who will be out of the city next week. Such persons are requested to call by the chamber of commerce office, roll call headquarters, and join the Red Cross before leaving town.

Each of the team captains has been asked to name as many helpers to their respective groups as they deem necessary. The drive will be completed Wednesday afternoon, when it is hoped that the goal of 900 memberships will be exceeded.

### Invitation To Brussels Turned Down

#### Say United States Might Be Able to Mediate Strife

By Associated Press

Japan refused again today to participate in the Brussels conference but let it be known that the United States, acting alone, might indirectly initiate a Chinese-Japanese discussion.

A Japanese authority said that the ambassador to Tokyo, Joseph Grew, always had access to the Japanese foreign office to discuss the war from the standpoint of extensive American interests in the orient.

On the Chinese front, Japanese were pressing rapidly toward completion of military objectives after gaining complete control of Shanghai. Chinese are falling back miles to a new line.

Five members of the staff of the American church mission hospital near Nanking escaped death when Japanese bombed the hospital and church buildings. Two Chinese members of the staff were killed.

Despite partial destruction of the institution, Americans, including Rev. E. R. Dyer, Dallas, said they would remain to care for the Chinese wounded who crowded the hospital.

### Roosevelt to Talk With Utility Heads On Low Rate Cause

WASHINGTON, Nov. 12. (P) — President Roosevelt said today he would talk with utility executives next week, presumably about his efforts to get them to lower property valuations with a view of reducing electric rates.

He told reporters he did not know whether they would take up the need for utility construction.

In the housing study, the president said two factors were being given attention—to get capital to go into the field, and to gain a double objective of low interest and low building costs.

### New Wasson Well Flows 14 an Hour After Second Acid

BY FRANK GARDNER.

Humble Oil & Refining Company No. 1 T. S. Riley, latest producer brought in in northeastern Gaines' Wasson pool, flowed 14 barrels per hour, cut one percent with basic sediment and water, after second acid treatment, with 2,000 gallons. First acid job was with 1,000 gallons. Operators will give the well its third and final stage of acidization today, using 5,000 gallons. It is bottomed at 4,995 feet in lime and is located 440 feet from the north and east line of section 381, block G. C. S. D. & R. G. N. G. survey.

Shell No. 1 Cox, also in the Wasson pool, is drilling lime at 4,928 feet.

In southwestern Yoakum, J. L. Greene No. 1 L. B. Nevels, apparent failure in section 709, block D, Gibson survey, this morning was drilling unchanged in lime at 5,489 feet. Operator expected it to reach contract depth of 5,600 around noon and has notified representatives of contributing companies to be present for the measuring-up. Cores above 5,270 showed only heavy, dead oil, and porosity was lacking.

In the Denver area, Murchison & Fikes No. 1 Elliott is testing for packer leak; Shell No. 1 Lynn is rigging up rotary; Murchison & Fikes No. 1 Sawyer is also rigging up rotary; American Liberty No. 1 Thomas is drilling at 3,335; Wiggins et al No. 1 Bartlett, in western Yoakum, is drilling at 4,630 in lime.

Farther north in the Bohago area of Yoakum, Standard of Texas No. 1 Sawyer is cleaning out at 5,300, using the Beckman process, by which circulation is reversed. Skelly & Sun No. 1 Kiser is drilling lime unchanged at 4,899 feet.

Perner Recovers Cores.

Moore Brothers Corporation No. 1 Paul Perner, interesting Crockett county Ordovician test, recovered cores and is drilling ahead below 7,381 feet in black shale and hard sand.

rumors that Magnolia Petroleum Company No. 1-A McKee, Ordovician test in the Imperial area of northern Pecos, had topped Simpson, middle Ordovician, at 4,914, could not be confirmed today. It was learned definitely, however, that the well had been cored from 4,900-14, showing about 50 percent recovery of gray lime. It is now shut down at 4,914, waiting on 4-inch drillpipe. Operators will leave shouder where hole is reduced at 4,900, when it is hoped that casing there. Ele-

## WORKBENCH GLAMOR FOR CLASS MISFITS

Serious thinkers have been stroking their beards thoughtfully of late and crying that the great American middle class is being squeezed almost to death by the pressure of hard times. What they fail to add is that the great middle class has just been asking for it by taking unto its bosom a great many people who would be happier and more prosperous elsewhere.

This fact was neatly touched on recently by the pub-  
licist, William Feather, in an article in Nation's Business.

In spite of unemployment, says Mr. Feather, the na-  
tion today suffers from an acute shortage of skilled work-  
ers, and the shortage is going to be even more acute in  
the near future. And why? Because the average am-  
bitious high school lad of today has his heart set on a  
dignified white collar job, and scorns the prospect of  
being an expert turret lathe operator, a first-class pat-  
tern maker, a skilled machinist or anything else that re-  
quires manual labor.

It isn't the ambitious high school lad's fault. We  
have glorified the white collar man; as Mr. Feather re-  
marks, we have taught the young chap to look forward  
to a career rather than a job. He feels that it would  
somehow be disgraceful for him to wear overalls.

The result of all of this is that the swollen middle  
class is jammed with people who simply can't make a  
decent living in their chosen occupations.

We have penniless young lawyers who wait with  
desperate anxiety for the practice that never materializes;  
hopeful young dentists who can find no teeth to fill;  
salesmen by the score and the gross who skimp along on  
a hand to mouth basis, a scant jump ahead of the sheriff;  
clerks who get along on day laborers' pay; and a whole  
army of luckless mortals who try half a dozen jobs in  
the course of a decade, succeeding in none of them and  
eternally driven by the haunting fear of poverty.

Yet all the while the skilled trades lack men, and the  
skilled worker goes along happily and comfortably on an  
income that would look like very heaven to these harass-  
ed white collar misfits.

What's the answer? Mr. Feather suggests, simply,  
that we devise uniforms to take the place of overalls;  
and before you start laughing, just consider the prestige  
which a neat uniform gives to the job it goes with.

We have an abundance of good technical high schools  
to prepare boys for the skilled trades. It would be a fine  
thing if we could find some way—whether Mr. Feather's,  
or some other—to show young men that the white collar  
is not the only badge of distinction in this country.

Maybe the uniforms would do it. Maybe a universal  
return to common sense would. Whatever the solution,  
it is high time we found it.

## SIDETRACKING JUSTICE

Lawyers who object to public criticism of the way  
their profession does its job might profitably give a little  
thought to the need for stripping away the involved ver-  
biage of legal forms.

For example: in Louisiana recently two men were  
indicted for murder. They are escaping trial, not because  
the state failed to prove that they were guilty, but simply  
because the man who drew up the indictment made an  
unimportant little mistake in English.

The indictment, naming the two men for the murder,  
said that they "did feloniously, wilfully, unlawfully and  
of his malice aforethought murder" the deceased gentle-  
man. It should, of course, have said "of their malice afore-  
thought"; because it said "his" instead, the state supreme  
court quashed the indictment.

What under the shining sun a piffing mistake like  
that could have to do with the main question at issue—  
whether the two men did in fact murder a fellow citizen  
—is something no layman can hope to figure out.

## INVITING TROUBLE

An official report to the State Department from Amer-  
ican naval authorities in the far east shows that 4561  
Americans have been evacuated from China, as of Oct.  
29, and that 5802 Americans still remain there.

When the shooting began at Shanghai, there were  
loud demands from the American colony that the Ameri-  
can government extend protection to its citizens who were  
marooned in the battle zone and could not get away. The  
navy and the marines got on the job to do what was nec-  
essary, at considerable risk to themselves.

By now, however, a good percentage of the marooned  
Americans have been rescued. It is a fair assumption that  
most of those who remain are remaining from choice. And  
the logical deduction is that there is far less reason  
than before for running the risk of embroiling America  
in the war in order to protect Americans who are play-  
ing the role of innocent bystander.

## UNDERMINING CANCER

The pressing need for continued research into the mys-  
tery of cancer is amply stated by Dr. Henry D. Chadwick,  
director of the Massachusetts Department of Health, in  
his assertion that the death rate from this dreadful malady  
will continue to go higher unless research yields a cure.

The cancer death rate has been going up steadily  
for years. Eighty years ago, cancer was not one of the 10  
leading causes of death in the United States; today it ranks  
second only to heart disease.

Much of this, to be sure, is due to the increase in the  
average life span. More people die of cancer nowadays  
because more people live to the age at which cancer is  
likely to strike. Nevertheless, the rising cancer death rate  
is dismaying enough to indicate that research programs  
deserve all the support the public can give them.

The Red Cross now maintains 1,778 first aid stations  
along our highways for the prevention of permanent in-  
juries and deaths from accidents. Support such efforts  
by joining the Red Cross during the annual Roll-Call, Ar-  
mistice Day through Thanksgiving Day.

## Hitler as Mediator Bet wden Japan--China?

and never took a stand on anything. Here of late he's getting downright courageous, and I believe the people of Midland owe me a vote of thanks for bringing him out of his shell.

These little Edison boys are hard luck football players. Now that Bob is up, and even played a few minutes in yesterday's game, I'm hoping Brick's boy from Stanton will soon be over that head injury.

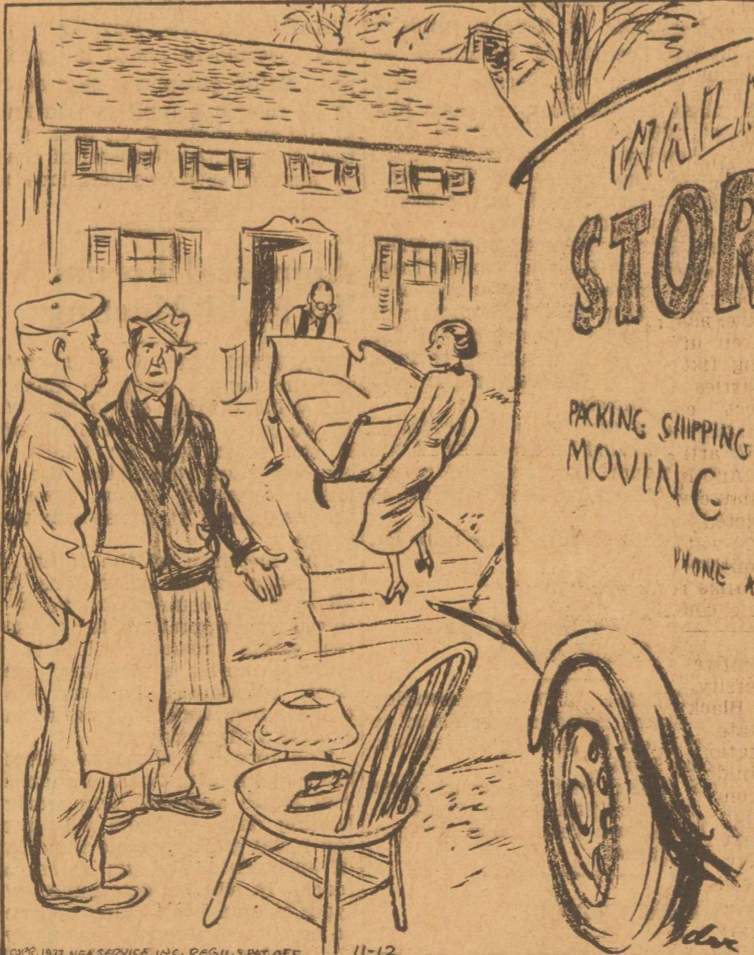

It's hard to keep from letting all newspaper columns try to turn into sports columns, with Armistice day just behind and Saturday's big games coming up. Columbus Daugherty cut loose the fire siren yesterday, just when the Armistice was signed nineteen years ago.

Our flag, which had been under a pile of paper since July 4, was flying its best yesterday, but it did look a little dopey.

Ralph Shuffler of the Odessa News-Times takes credit for my taking a stand on something. In order to get out his weekly paper a day or two ahead of time, he filled part of his Brainstorms space as follows:

"Town Quack in the Midland Reporter-Telegram, has managed to replace his wishbone with a backbone after all these years. I well remember that for any number of years he 'quacked' about everything

## SIDE GLANCES By George Clark

"Must be pretty valuable furniture. Outside that kitchen chair, they ain't let us touch a thing."

## Texas U. Library Has Rapid Growth

AUSTIN, Texas. — The library of the University of Texas with over 531,000 volumes is well on its way to becoming one of the great libraries of the country, according to Donald Coney, University Librarian. On August 31, 1937, the university library contained 531,454 volumes.

"With the beginning of the university year," Mr. Coney said, "the university library gives every promise of passing the 550,000 volume mark by September 1, 1938. Already the largest and most important library in the South, it will, with the continued support of the Legislature and the citizens of the state, be able to hold its place in this respect without difficulty. Continued growth of the library is necessary to support the expanding program of research at the university, and to provide study materials for the rapidly increasing undergraduate student body."

The library purchased 17,785 volumes in 1936-37, a 26 per cent increase as compared with the 14,054 volumes acquired by purchase in 1935-36.

"It is gratifying to observe that the number of gifts increased from 3,500 in 1935-36 to 5,111 in 1936-37, an increase of 43 per cent," Mr. Coney continued. "No library ever becomes great through purchases alone. It is only through the continued and generous support of its friends that it acquires many scarce or expensive books."

The total additions to the library for 1936-37 were 22,227 volumes as compared to 18,792 for the preceding year. No small proportion of this increase was due to the generous grant of the General Education Board of New York City to the University of \$86,000 for the five-year period beginning February 1, 1936.

Club Forms With 25 To Protect Bachelorhood

BREMERTON, Wash. (U.P.) — With the slogan, "protect our bachelorhood," 25 men formed the Benevolent Brotherhood of Bremerton Bachelors.

Officers of the club said its only purpose was to provide members with enjoyable evenings. Membership was limited to 25. New members will be initiated only when old ones become bachelors.

To discourage marriage, any member who weds must give a party for the club, the rules specify.

### THIS CURIOUS WORLD

By William Ferguson

IF ALL THE PROGENY OF A SINGLE PAIR OF HOUSE FLIES REACHED MATURITY, THEY WOULD, IF GATHERED TOGETHER AT THE END OF SUMMER, FILL A SPACE OF ABOUT A QUARTER OF A MILLION CUBIC FEET!

NORTH POLE 45 DEGREES NORTH EQUATOR 45 DEGREES SOUTH

MINNEAPOLIS, MINN., IS HALF WAY BETWEEN THE NORTH POLE AND THE EQUATOR.

EVERY PLANT AND ANIMAL ON EARTH, FROM MICROBE TO MAN, WOULD DIE OF SUFFOCATION WITHOUT OXYGEN.

A HOUSE FLY may lay a half dozen or more batches of eggs in one summer, each batch numbering from 120 to 150 eggs. In warm weather the eggs hatch in from eight to 24 hours, and in five days the insects are mature, ready to breed and carry on the work of propagation.

## Bruins Prepare for Mustang Invasion

WACO, Nov. 12.—Rain falling on historic Carroll field for the second consecutive day did not dampen the spirit of Coach Morley Jennings' Baylor Bruins as they prepared for their invasion of the Mustang corral on Southern Methodist hill Saturday.

Baylor fans hope that the Bear squad will return to their October form if cooler weather sets in. They were forced to play their first three conference games against Arkansas, Texas A. & M., and T. C. U., under a July sun beaming in October. The game last Saturday against Texas University was not played under as adverse conditions, but the players could have used a little weather.

Hervey Blue, huge 200-pound tackle, whose stellar work in the Baylor line was absent last Saturday, returned to the campus Monday night, donning his uniform Tuesday afternoon.

Emmett Kriel, whose outstanding work at guard thus far this season has stamped him as potential all-America material, was forced to be carried from the field last Saturday with an injured knee. Kriel's right knee was injured earlier in the season but had recovered enough to see service in all conference games. His left knee was injured in the Texas game and whether he will be able to play against S. M. U. with two weak knees is a fact seriously doubted in the Baylor camp.

Milton (Crazy Legs) Evans, carried from the field in the second quarter of the Texas game after spectacular broken field running, returned in the fourth quarter to

thrill 9,000 fans with several more of his sensational runs, and was again carried from the field by his mates. Evans may see action against the Mustangs.

Bubba Germand will be wearing a special mask when he takes the field Saturday. Germand, second leading scorer in the conference, received a broken nose in the Texas fracas when he had a run-in with Miltmeyer, Texas back.

Spirit of Capt. Carl Brazell and his mates is again on the climb. Physical and mental tension that had hung over the Bruin camp for six long weeks was knocked sky high by the Longhorns. If injuries do not hurt the Baylor line-up for the Mustang encounter, Dallas fans may see why the Golden Wave team was ranked No. 4 in the nation before last Saturday.

Baylor's Grizzlies know that Coach Marty Bell and his Mustangs have been laying for them all season, just like Dana X. Bible

and his Texas crew. They realize a defeat will throw them out of the conference, while a win will put them back in the thick of the running once more.

If a wet and soggy grid greets the Bears in Dallas Saturday, they will be playing their first game of the season on a slow turf. It will be the first opportunity for the Baylor mud clingers, such as Malcolm Linder, Captain Brazell, and Evans to show their stuff.

## Two Couples Are Hosts to Country Club Dance on Eve of Armistice Day

In celebration of Armistice Day, Mr. and Mrs. A. E. Horst and Mr. and Mrs. L. A. Tullos were hosts to a dance at the Country Club Wednesday night.

Autumn flowers decorated the club ballroom and punch was served throughout the evening from a table laden with yellow chrysanthemums and greenery.

Present were: Meses. and Messrs. E. D. Richardson, W. P. Knight, Bill Schneider, Dick Jones, R. R. Cowan, Tom Nance, Miss Pearl Metcalfe, Mrs. Iva M. Noyes, Messrs. Fairchild of Dallas, Marion Flynt, Ralph Bailey, Don Knight, Geo. Teague of Odessa, M. A. Park, Abell, and the hosts.

## New Afternoon Frock Gives Smart Corseted Look

BY CAROL DAY

WITH the softly molded silhouette the choice of the hour, wear a frock as lovely as Pattern 8085. At front, it accents the bust-line by lifting the waistline high and softly shirring the bodice. The sleeves are puffed to heighten the effect of a wasp waistline. The prim school-girl collar gives it a young look that is flattering to everyone. Buttons closely placed down front of bodice to the waistline, accent the corseted look. In anticipation of the season's holidays make this dress for your own wardrobe in taffeta, thin wool or satin.

The novice seamstress can easily make this dress as the pattern includes a complete step-by-step sew chart.

Pattern 8085 is designed for sizes 12, 14, 16, 18 and 20. Size 14 requires 4 1/2 yards of 39 inch material plus 3-8 yard to contrast for collar.

The new Fall and Winter Pattern Book is ready for you now. It has 32 pages of attractive designs for every size and every occasion. Photographs show dresses made from these patterns being worn; a feature you will enjoy. Let the charming designs in this new book help you in your sewing. One pattern and the new Fall and Winter Pattern Book—25 cents. Fall and Winter Book alone—15 cents.

For a PATTERN of this attractive model send 15c in Coin, your NAME, ADDRESS, STYLE NUMBER and SIZE to TODAY'S PATTERN SERVICE, 11 STERLING PLACE, BROOKLYN, N. Y.

## Slam Club Meets For Weekly Party Wednesday

Meeting at the home of Mrs. D. W. McCormick, the Slam club held its weekly bridge Wednesday afternoon.

High score and travel prize both went to Mrs. Joe Dobson while Mrs. Frank Nichols scored low.

Mrs. R. R. Richter was a guest.

At tea time the hostess served a salad course with flower flavors on the individual plates.

Club members present were: Meses. W. G. Attaway, O. J. Battell, Dobson, C. R. Martin, Frank Nichols, W. B. Morris, H. H. Nicholson, Frank Simpson, R. L. Bailey, and the hostess.

Mrs. Martin will be hostess to the club next week.

## American Beauties

The story of lovely Eleanor Stewart's career is one of the reasons 20nd mamas have such a difficult time keeping their daughters from entering beauty contests. The beautiful, clear-skinned girl, now a featured film player, won a motion picture company's beauty and talent contest while she was still a student at Northwestern University, went straight to Hollywood, and has been eminently successful since then.

## Bridge-Luncheon At Airport Favors The 1928 Club

Complimenting the 1928 club, Mrs. Harvey Sloan entertained with a bridge luncheon at her home at the airport Thursday afternoon.

In the bridge games which occupied the afternoon, high score went to Mrs. C. M. Goldsmith and second high to Mrs. Clarence Scharbauer, while Mrs. J. B. Leonard won high for guests.

Club members present were: Meses. Frank Cowden, C. C. Dufey, James Fitzgerald, Goldsmith, Roy Parks, Johnson Phillips, Scharbauer, W. B. Simpson, Don Sivalls, Ed M. Whitaker, John House, and the hostess.

## Thursday Sewing Club Meets at Home Of Mrs. Braezelle

Despite the Armistice holiday, members of the Thursday Sewing club met in regular session Thursday afternoon at the home of Mrs. H. R. Braezelle, 306 W. Florida.

Needlework occupied the afternoon hours.

The club will have a Thanksgiving dinner and party at the home of Mrs. B. L. Crites, 307 W. Florida, Thursday evening Nov. 19 with husbands as guests, it was announced.

Present were: Meses. C. O. Fredregill, Paul Jackson, Joe Roberson, Herbert King, W. L. Fickett, C. E. Strawn, W. G. Attaway, I. J. Killingsworth of Odessa, H. H. Nicholson, Pearl Parrott, C. A. Ponder, Paul Smith and the hostess.

## Church Services

**MEN'S CLASS**  
The Men's class meets every Sunday morning at 9:45 o'clock in the Crystal ballroom of the Hotel Scharbauer. It is a non-denominational class and every man who does not attend services elsewhere is cordially invited to attend.

The teachers are Marvin Ulmer and Judge Charles L. Klapproth. There is a singing service of fifteen minutes prior to the speaking.

**NAOMI CLASS**  
The Naomi (inter-denominational) class for women will meet at 9:45 o'clock in the private dining room of the Hotel Scharbauer.

Mrs. J. Howard Hodge is the teacher.

7:30 p. m.—Evening worship. Sermon by the pastor.  
7:45 p. m. Wednesday—Choir rehearsal.

**CHRISTIAN SCIENCE SERVICES**  
"Mortal and Immortal" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Nov. 14.

The Golden Text is: "Because ye are sons, God hath sent forth the Spirit of his Son into your hearts, crying, Abba, Father. Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ" (Galatians 4:6, 7).

Among the citations which com-

prise the Lesson-Sermon is the following from the Bible: "When Christ, who is our life, shall appear, then shall ye also appear with him in glory" (Colossians 3:4).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In his resurrection and ascension, Jesus showed that a mortal man is not the real essence of manhood, and that this unreal material mortality disappears in presence of the reality" (page 292).

**FIRST BAPTIST CHURCH**  
Rev. Winston F. Borum, Pastor  
9:45 a. m. Sunday school.  
11:00 a. m. Worship. Sermon by the pastor.  
6:15 p. m.—E. T. U.  
7:30 p. m. Evening worship. Sermon by the pastor.

**FIRST PRESBYTERIAN CHURCH**  
Rev. W. J. Coleman, Minister in Chg.  
J. L. Kendrick, Church School Supt.  
9:45 a. m. Church school.  
11:00 a. m. Divine worship. The worship sermon by the pastor.  
Subject: "The Unchanging Christ," Hebrews 15:8.  
7:00 p. m. Evening worship. Sermon by the minister on the

topic, "Tadpoles and Arch-angels" I Cor. 13:9.

**FIRST CHRISTIAN CHURCH**  
John E. Pickering, Pastor  
Mrs. M. A. Park, Director of Music  
9:45 a. m. Bible school.  
10:50 a. m. Preparation for Lord's Supper.  
11:00 a. m. Worship. Sermon by Dr. W. C. Morro, outstanding churchman and president of the State Convention of Christian churches.  
Subject: "But I Say Unto You."  
5:00 p. m. Junior Endeavor.  
6:00 p. m. Intermediate and senior Endeavors.  
7:00 p. m. Worship. Dr. Morro will again fill the pulpit, preaching on the subject: "No Longer Servants, But Friends."  
3:30 p. m. Monday, Rijnhart circle.  
7:30 p. m. Wednesday, Choir practice.

**Intelligent Children Victims of Hay Fever**  
ST. LOUIS (UP)—Children with hay fever and other allergies are more intelligent than children not so afflicted, according to Dr. J. Harvey Black, professor of pre-

## Mexican Luncheon And Bridge Courtesy To Midweek Club

Entertaining with a Mexican luncheon followed by bridge, Mrs. Allan Hargrave was hostess to the Midweek club at her home, 213 South L street, Wednesday.

Mexican colors of red, green, and white were followed in the red and white chrysanthemums and greenery used throughout the hour.

Tallies for the bridge games were in Mexican style and prizes were wrapped in the Mexican manner.

High score prize was awarded Mrs. Griffin and second high to Mrs. Tom Sloan, Griffin, J. E. Simmons.

Members present were: Meses. J. E. Daniel, Geo. Farley, J. L. Greene, J. B. Leonard, M. D. Seif, Culbertson, Sivalls, M. C. Ulmer, W. E. Wallace, Fred Wright, John House, and the hostess.

## Fine Arts Club Studies Life and Work of Opera Star

The Wagnerian opera star, Kirsten Flagstad, was the subject of study at the program of the Fine Arts club meeting with Mrs. Chas. Brown, 702 W. Louisiana, Wednesday afternoon.

Mrs. F. H. Fuhrman discussed the life of the singer after which Mrs. Roy Parks reviewed the opera "Tannhauser," in which the Scandinavian artist appeared. Particularly effective was the use of certain records of Kirsten Flagstad's numbers in the opera during Mrs. Parks' talk.

Later it was voted to donate to the high school one of the opera records.

During the business session, Mrs. A. P. Shirey explained the need of leaders for the Girl Scout work and asked that any women interested get in touch with the work.

Mrs. E. H. Ellison and Mrs. Shirey spoke on the Tuberculosis Christmas Seal sale which will open at Thanksgiving.

Three new members were present including: Mrs. W. H. Gilmore, Mrs. Geo. Klid, and Mrs. Ed Clayton.

Other club members present were: Meses. Elliott H. Barron, T. Paul Barron, Tom C. Bobo, Chas. Brown, W. Bryant, Harvey Conger, Alden Donnelly, E. H. Ellison, Fred H. Fuhrman, A. N. Hendrickson, J. Howard Hodge, Roy Parks, Lem Peters, A. P. Shirey, Harvey Sloan, R. C. Tucker, Fred H. Wilcox, Miss Lydie G. Watson.

## Much Interest Is Shown in Contest

Much interest is being shown in the Reddy Kilowatt Christmas gift contest for boys and girls not over 18 years old, according to R. L. Miller, district manager of the Texas Electric Service Company which is sponsoring the contest. Entry blanks were delivered to all homes several weeks ago and all children whose parents are users of electricity are eligible to win one of the 133 electrical appliances that are offered as prizes. The contest ends Saturday, November 20.

The contest is unusual in that the parents are invited to help their children to prepare their entries in the contest, which consists of placing lamps in their proper position in a cut-away view of a home. The contest is both original and instructive, as it provides training for children in the arrangement of lighting fixtures in the home, and also carries information on how to protect eyesight from unnecessary strain when reading or studying under artificial light.

Another feature of the contest is that everyone who turns in a completed entry blank will receive a 100-watt electric light globe. The contest is free and additional entry blanks may be obtained at the electric company office.

ventive medicine at Baylor University, Dallas, Tex.

Black, a speaker at the Interstate Postgraduate Medical association here, said that allergic children, despite frequent absences from school, usually rank very high in class work. He also said that those with hay fever and asthma usually avoid other childhood ailments.

## Town Disproves Adage About Death and Taxes

HORICON, Wis. (UP)—The adage that nothing is certain except death and taxes has been disproved in Horicon.

Residents still expect to die, but they no longer fear taxes.

For the second straight year the

## Mrs. Holmes Is Hostess to Ace High Club

Ace High club members met at the home of Mrs. W. M. Holmes, 411 North D. for luncheon and an afternoon of bridge Wednesday.

Chrysanthemums and roses decorated the entertaining rooms where guests were seated at tables for four during the luncheon hour.

Guests were Mrs. Barron Kidd and Mrs. D. C. Norwood.

Mrs. Walter Henderson scored high for the bridge games with second high score going to Mrs. Jimmie Maxwell.

Members present: Meses. Paul Davis, S. P. Hazlip, Henderson, C. P. Lancaster, Maxwell, P. A. Nelson and the hostess.

## Midland County Girls Attend 4-H Contest

Three Midland county 4-H club girls attended the district contest at Big Spring recently which drew a crowd of about 100 girls from approximately 10 West Texas counties.

The girls going from here were Mary Livingston, Lodell Vest, and

city of Horicon will make no assessment against the taxpayers to meet the 1938 \$40,000 municipal budget, it was announced.

Necessary funds will be raised by state income, liquor, utility, highway aid, and other state taxes.

YE GODS! I SAID FIFTEEN CENTS WORTH OF SODA CRACKERS, AND HE GOT FIFTY CENTS WORTH! WE'LL ALL BE SQUAWKIN' LIKE PARROTS, IN A MONTH!

WHAT'S TH' MATTER? YOU LOOK CUCKOO, ANCHORED THERE GAPING AT THAT REVOLVING DOOR! ARE YOUR DOGS CHAINED TO THAT SPOT, OR HAS TH' FROST SPRUNG TH' HOOPS ON YOUR THINK BARREL?

BORN THIRTY YEARS TOO SOON.

EGAD, SNUFFY! I HAVE BUT THIS MOMENT CONJURED, WITHIN MY BRAIN, A STUPENDOUS IDEA—THE WONDER IS THAT SOME OTHER GREAT MIND HAS NOT THOUGHT OF IT BEFORE MY WORD! THINK OF THE MILLIONS WHO PASS THROUGH REVOLVING DOORS—and IT REMAINED FOR THE INGENUITY OF A HOOPIE TO GRASP THE POSSIBILITIES IN THEM! UMF—HAW—SNUFFY, YOU SHALL BE THE FIRST TO HAVE THE OPPORTUNITY TO INVEST SOME CAPITAL!

WHAT A BREAK FOR SNUFFY!

# BULLDOGS ROMP TO EASY 36-7 VICTORY OVER STANTON CLUB

## PASSING ATTACK GIVES BUFFALOES LONE TOUCHDOWN

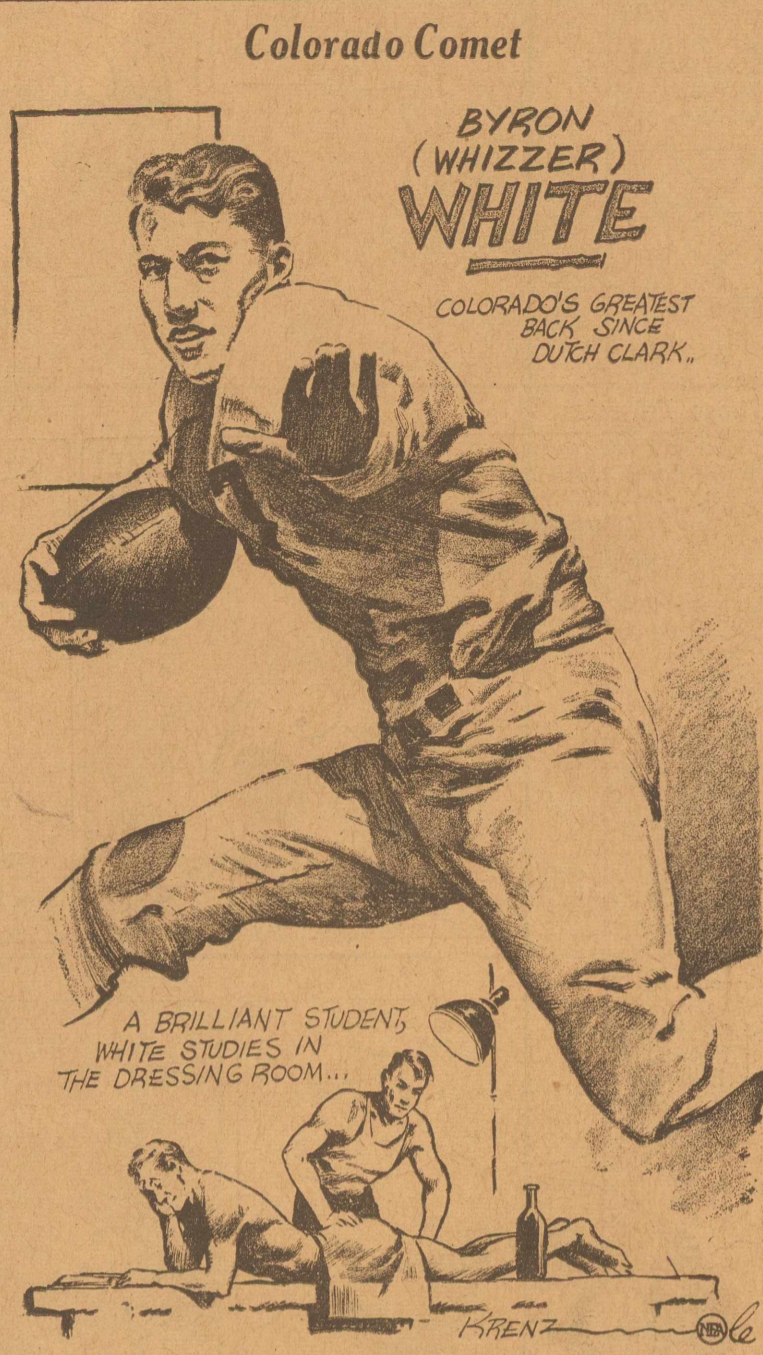

The Midland Bulldogs continued their fight along comeback trail yesterday by thoroughly trouncing the Stanton Buffaloes to a 36-7 count.

The locals counted early in the first period and increased their lead during every period. Early in the initial quarter, Francis made 28 yards off his left tackle to advance the ball to the Stanton 5 and scored on the next play on an end run. Adams kicked goal to make the count 7-0.

Only a few minutes later McMullan went across the goal from the Stanton 11 after Francis and Truelove had collaborated in advancing the ball for 75 yards. Adams again kicked goal to make the score 14-0.

The third Midland score came early in the second period when McMullan burst through the center of the line and kept going for 25 yards. The score was 21-0 when Adams again booted the extra point.

The lone Stanton score came soon afterwards when the Buffaloes unleashed a passing attack that caught Midland flatfooted. Eidson, Stanton's passer deluxe, had been carried from the game with a head injury when halfback Priddy took up the throwing assignments with a bang. He connected with an end

Colorado Comet

Parker, for 20 yards, made four at center and then passed 33 to Parker who raced 10 across the goal. The same combination was good for the extra point. The half ended with the score 21-7.

The third quarter was scoreless, the Bulldogs losing the ball on the Stanton 1-inch line as the period ended. When Priddy attempted to kick out his punt was blocked by a swarm of Bulldog linemen, the ball bouncing into the end zones for a safety.

Truelove made the fourth Bulldog touchdown in the fourth quarter when he crashed over from the Stanton 1. A 15-yard penalty for clipping had been assessed Stanton to put the ball in scoring position. Once more Adams kicked goal.

The final Midland score came near the end of the game when McMullan got loose around his own right end for 26 yards and paydirt. For the first time during the day, Adams failed to kick goal.

The Bulldog forward wall yesterday played probably its best game of the season as it held Stanton without a first down on running plays. The Buffaloes made two first downs on passes and one on 15-yard penalty assessed Midland. English and Adams time after time broke through the Stanton line to throw backs for losses.

McMullan did most of the offensive work for the Bulldogs, the injured Jay Francis spending most of his time on the bench. However, he was given some very efficient help from Truelove, Harris and Taylor.

Stanton attempted 17 passes, connecting with six. Midland tried four and completed none.

## Pigskin Picks

the colorful but hard-luck pursued T. C. U. Horned Frogs at Austin with Cy Leland at the microphone handling the play-by-play. Jack Mitchell will handle the color. The Texas-T. C. U. contest will go on the air over KNOW, Austin; KTAT, Fort Worth; KTSA, San Antonio, and KTRH, Houston, at 2:20 p. m. The Baylor Bears will hit the come-back trail against the S. M. U. Mustangs at Dallas in a game which will decide whether the Bears stay in the chase for the pennant.

The game will be broadcast over KRID, Dallas; WACO, Waco, and KXYZ, Houston, beginning at 1:50 p. m. Gene Gagle will give the play-by-play. Bill Hightower will assist.

## Oil News--

(CONTINUED FROM PAGE ONE)

Francis No. 1-A Haddon estate, Pecos wildcat in section 1, block 166, R. Phares survey, is fishing, bottomed at 2,825 feet in lime. Show of gas at total depth blew tools up the hole and stuck them.

Humble No. 1 Belding, Pecos test southwest of Fort Stockton, is fishing for bit lost when depth of 2,586 in brown lime had been reached. Contractor will run acid in an attempt to free the bit. One hundred feet of water is standing on bottom.

Vacuum Extension. Texas No. 1-L State, three-mile south extension of the Vacuum area in Lea county, N. M., is drilling lime at 4,400 feet. It gauged 283 barrels of oil during a 12-hour period ending at 6:30 o'clock last night. Operators are running only daylight shifts. The well is in section 1-18-34e.

In the Ranger Lake area of northern Lea, Crandall, Osmond and Maxwell No. 1 Maxwell permit is drilling at 5,010 feet in lime, anhydrite and red rock.

## Census--

(CONTINUED FROM PAGE ONE)

campaign was carried out by radio, posters, newsreel and other media to make the nation "unemployed conscious" and obtain a maximum of registration.

The card-questionnaires must be mailed before midnight Nov. 20. When they are in the hands of the census officials, tabulation and classification of the information will be started.

Double Check to Be Made. In addition, the unemployment census, operating through the census bureau, will begin a "scientific sampling" of representative cities, communities and rural sections to double-check the questionnaires. This Biggers estimated, will take two weeks, and when compared with the card reports from these

## Meeting---

of compiled facts. The forum will exclude consideration of valuation principles and methods in order that the entire attention of the meetings can be directed toward the field of data.

Both rural and urban appraising will come in for thorough discussion. Such factors as city and farm mortgage trends, weather cycles, soils and soil depletion, farm hazards, population, land use, environment, family living costs, prices of farm products, real estate management, and taxes will be taken up as separate subjects.

Frederick M. Babcock, director of the Underwriting Division, Federal Housing Administration, will give the keynote address, and the Hon. Daniel C. Roper, secretary of commerce, will welcome the participants in the forum. Horace Russell, general counsel of the Federal Home Loan Bank Board, will speak on "Appraisal Data and the Control of Mortgage Lending Policy." Dr. Ernest M. Fisher, director of the Division of Economics and Statistics, Federal Housing Administration, will give an address on "Appraisal Data, Its Compilation and Use." These addresses will be given on Friday.

Saturday addresses include "Appraisal Data and the Control of Realty Development," by Walter S. Schmidt, past president of the National Association of Real Estate Boards, and "Research and Future Stabilization of Values" by Mordecai Ezekiel, Economic Advisor to the secretary of agriculture.

Urban group meetings will be in charge of Dr. N. H. Engle, assistant director of the bureau of foreign and domestic commerce, and Earl E. Schwulst, first vice-president of the Bowery Savings Bank of New York. Rural group meeting chairmen will be Roy M. Green, principal agricultural economist of the department of agriculture, and S. F. Westbrook, vice-president of the Actua Life Insurance company.

Leaders of discussion in the urban groups include Donald H. McNeal, technical director, Federal Home Loan Bank Board; Harry G. Atkinson, director of activities, American Institute of Real Estate Appraisers; Leonard Downie, chief appraiser, Home Owners' Loan Cor-

poration; Herman O. Walther, president of the Society of Residential Appraisers; Willford L. White, chief of the Marketing Research Division of the bureau of foreign and domestic commerce; and Phillip W. Kniskern, former president of the American Institute of Real Estate Appraisers.

In the rural group meetings, discussion leaders will be Joseph B. Kincer of the United States Weather Bureau; Dr. O. E. Kellogg, bureau of chemistry and soils; William H. Rowe, bureau of agricultural economics; E. R. Stauber, bureau of agricultural economics; Norman J. Wall, bureau of agricultural economics; and Dr. Day Monroe, bureau of home economics.

Other speakers will be Adelaide R. Hasse, research consultant, Works Progress Administration; Ayers J. du Bois, chief of the valuation section, underwriting division, Federal Housing Administration; and L. G. Porter, senior loan analyst, Farm Credit Administration, who have prepared catalogs and bibliographies for the forum.

There will be distributed and exhibited catalogs, bibliographies and other data, including information collected by the committee from private sources and governmental departments throughout the United States.

WPA Administrator Harry Hopkins has announced that his group would also conduct a census of unemployed concurrent with the census group's check. His announcement was a surprise to the group carrying out the census ordered by congress.

neighborhood. He got his coyote—the others didn't. Trying to ease his feelings because the others deemed him too young to accompany them, he climbed to a high bluff, intent on watching them.

He spied a fat coyote pup on a nearby ledge and peppered it with stones, then caught it with his bare hands.

A home-owner was arrested for hammering on his roof on Sunday. City officials and attorneys would not say whether the housewife who cooks the Sunday dinner makes the beds and sweeps the floor is violating the blue laws.

Hans Christian Anderson, writer of fairy tales, was a Dane.

Split boards were used instead of laths. A huge center chimney from which lead four fireplaces, is of bricks fashioned from clay and straw.

Colonial House of 1712 Moved to Rochester, N. Y.

Haverhill, Mass. (UP)—An eight-room Colonial house, built in 1712, has migrated to New York.

G. Holden Green of Boston bought the house, built by John Hutchins, a ship builder, and it will be restored to its original form at Rochester, N. Y.

The house, one of the best examples of 18th Century architecture, has ornate paneling throughout. Its timbers are hand hewn and pegged with wooden pegs.
